CONTINUING EDUCATION

## Welcome to North Orange Continuing Education

Earning a career certificate, helping your children succeed in school, or obtaining citizenship can transform your life. At North Orange Continuing Education (NOCE), we believe that every student deserves access to affordable and high-quality education in a format that is most convenient for busy adults. It's education your way!

It is my pleasure to present the 2018-19 NOCE catalog of course offerings. As the base of this learning community, our outstanding faculty members are here to help you achieve your academic, career, and personal goals. The content and delivery methods of NOCE's instructional offerings are consistently updated to meet the evolving demands of the modern community and workplace. Our dedicated staff is committed to supporting you in every step on your path to success.

Besides providing courses and programs to suit students of all ages and walks of life, NOCE offers a vibrant learning environment that includes a variety of support services. Counseling, orientation, tutoring, assessment, and career exploration are among the many services available to students who wish to engage in educational experiences.

NOCE is honored that you have chosen us to further advance your very bright and exciting future. Whether you wish to pursue high school diploma studies and transition to one of our sister colleges, explore a different career, or learn a new craft, NOCE is the right place to embark on your journey to success.

Sincerely,

Valentina Purtell  
Provost  
North Orange Continuing Education

## NOCE MISSION STATEMENT

To promote student success by providing quality lifelong learning opportunities and services that anticipates and serves the diverse needs of individuals, business and the community.

## NOCE VISION STATEMENT

North Orange Continuing Education is the first choice for lifelong learning. Our diverse population recognizes us for accessibility to quality programs and services. We are known for our focus on positive student outcomes in educational and career advancement; business development and training; and personal growth for all ages.

## NOCE CORE VALUES

### Integrity

- through a commitment to our mission and vision statement
- by encouraging a climate of honesty and trust
- through teamwork that depends on accountability and responsibility

### Learning

- as a way to meet life's challenges successfully
- as a path to personal and professional growth
- as a lifelong quest

### Excellence

- by delivering comprehensive quality programs and services
- by creatively responding to the educational needs of our community

### Diversity

- by recognizing and respecting the significance of each unique individual
- by offering all learners access to relevant learning opportunities

### Service

- to the individual
- to the institution
- to the community

## NOCE INSTITUTIONAL STUDENT LEARNING OUTCOMES

As a result of enrolling in and completing a North Orange Continuing Education course, group of courses or entire certificate program, students can be expected to demonstrate the following:

1. Empowerment to be lifelong learners. Students can demonstrate the confidence and courage to learn how to learn as well as appropriate research, study, inquiry and goal-setting skills.
2. The ability to function effectively within their community. Students demonstrate appropriate effective interpersonal communication, critical thinking, and problem solving skills as well as an understanding of the value of diversity.

## About North Orange Continuing Education

### Accreditation

North Orange Continuing Education (NOCE) is fully accredited by the Accrediting Commission for Schools, Western Association of Schools and Colleges. For more information regarding NOCE's accreditation, please contact accreditation chairs Dr. Adam Gottdank at [agottdank@noce.edu](mailto:agottdank@noce.edu) or Julie Schoepf at [jschoepf@noce.edu](mailto:jschoepf@noce.edu)

### Sexual Harassment, Drug-Free and Alcohol-Free District Policies

For a copy of these policies, please refer to the NOCCCD website at [noce.edu/policies](http://noce.edu/policies).

### Non-Discrimination Statement

The policy of the North Orange County Community College District is to provide an educational, employment, and business environment, including but not limited to, access to its services, classes, and programs in which no person shall be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex, gender, gender identification, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, or military and veteran status, or as otherwise prohibited by state and federal statutes, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual perceived characteristics in any program or activity of the District that is administered by, directly funded by, or that receives any financial assistance from the Chancellor or Board of Governors of the California Community College. Discrimination on the basis of sex or gender also includes sexual harassment.

The following person is designated by the NOCCCD as the Responsible Officer/Section 504/Title IX Coordinator for receiving and coordinating the investigation of all unlawful discrimination complaints filed pursuant to section 59328 of Title V of the California Code of Regulations, and for coordinating compliance with section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, Title IX of the Education Amendments of 1992, and response to discrimination complaints related thereto:

**Name:** Irma Ramos  
**Position:** Vice Chancellor, Human Resources  
**Address:** 1830 W. Romneya Drive  
Anaheim, California 92801-1819  
**Telephone:** 714.808.4822

Students and employees who believe they have been subjected to unlawful discrimination, including sexual harassment, or who seek information regarding the District's Unlawful Discrimination Policy should contact the Office of the Vice Chancellor, Human Resources.

## Academics Policies

### Academic Honesty

Students are expected to abide by ethical standards in preparing and presenting material which demonstrates their level of knowledge and which is used to determine grades. Such standards are founded on basic concepts of integrity and honesty. These include, but are not limited to, the following areas:

1. Students shall not plagiarize, which is defined as:
  - A. stealing or passing off as one's own ideas or words of another or,
  - B. using a creative production without crediting the source.  
The following cases constitute plagiarism:
    - paraphrasing published material without acknowledging the source;
    - making significant use of an idea or particular arrangement of ideas, e.g., outlines;
    - writing a paper after consultation with persons who provide suitable ideas and incorporating these ideas into the paper without acknowledgement; or
    - submitting under one's own name term papers or other reports which have been prepared by others.
2. Students shall not cheat, which is defined as:
  - A. using notes, aids, or the help of other students on tests or exams in ways other than those expressly permitted by the instructor, or
  - B. misreporting or altering the data in laboratory or research projects involving the collection of data.
3. Students shall not submit an original paper or project to more than one class without approval from the second instructor. Instructors who do not accept previously submitted papers should so inform the students in the course syllabus.
4. Students shall not furnish materials or information in order to enable another student to plagiarize or cheat.

Instructors may deal with academic dishonesty in one or more of the following ways:

- A. Assign an appropriate academic penalty such as an oral reprimand or point reduction.
- B. Assign zero points on all or part of a particular paper, project, or exam.
- C. Report to the appropriate administrators, with notification of same to the student(s), for disciplinary action by the school. Such a report will be accompanied by supporting evidence and documentation.

### Absences

By the direction of the Chancellor of Community Colleges of California, attendance shall be taken at all class sessions. Regular attendance is expected of every student. Attendance at the first class meeting is strongly recommended because of enrollment demands. Any student not attending the first class meeting may be dropped by the instructor.

### Student Responsibilities

While an instructor may drop a student for excessive absences, it is the student's responsibility to officially drop the class by visiting the Admissions and Registration Office located at each NOCE Center, or online by logging onto MyGateway at <http://mg.nocccd.edu>

**High School Diploma Credits**

Prior to April 2010, continuing and returning students were provided the option to earn a diploma under the previous 185 credit requirement or current 160 credit requirement. Effective the 2012 Fall Term, variable credits can be assigned to new, matriculated students enrolling for or after the 2012 Fall Term. Variable credits will not be an option for continuing and returning students enrolled prior to 2012 Fall Term.

**High School Diploma Program Transfer**

Policy Effective 2012 Spring Term, the High School Diploma Program administrative staff will no longer consider transfer requests from diploma students seeking to relocate to a different diploma lab/center/site. Diploma students enrolled in one of the High School Labs must commit to completing their diploma studies at their enrolled lab. The High School Diploma Program administrative staff may consider requests that are critical such as a legal reason for attending a different lab/center/site and/or attempting to earn a diploma at the center/site they enrolled in for other academic programs such as credit (college) and/or certificate courses. Diploma students having a critical reason for their request to transfer may contact the program directors directly after informing his/her High School Lab instructor and/or counselor. Because the majority of diploma students are employed and have a family, transferring for these two reasons will not be considered.

**Standards of Student Conduct**

The standards of student conduct and disciplinary action for violation of Board Policy 5500 were approved by the NOCCCD Board on January 28, 2003, and were drawn in compliance with Sections 66300, 76030, 76033, 76034, 76036 of the State Education Code.

Students are expected to respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the city, county, state, and national laws(s).

Student conduct must conform to Board Policy and college regulations and procedures. As cited in BP5500, "A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. Misconduct which constitutes "good cause" for disciplinary action includes, but is not limited to, the following:

1. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, the open and persistent defiance of the authority of, or persistent abuse of District personnel, or violating the rights of other students.
2. Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
3. Cheating, plagiarism in connection with an academic program (including plagiarism in a student publication), or engaging in other academic dishonesty.
4. Dishonesty, forgery, alteration, or misuse of District documents, records, or identification, or knowingly furnishing false information to the District.
5. Misrepresentation of oneself or of an organization to be an agent of the District.

6. Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to the person, property, or family of any member of the college community, whether on or off District property as defined above.
7. Willful misconduct which results in injury or death to a student or to District personnel, or which results in the cutting, defacing, or other damage to any real or personal property of the District.
8. Unauthorized entry into, unauthorized use of, or misuse of property of the District.
9. Stealing or attempting to steal District property or private property on District premises, or knowingly receiving stolen District property or stolen private property on District premises.
10. Causing or attempting to cause damage to District property, or to private property on District premises.
11. Unlawful use, sale, possession, offer to sell, furnishing, or being under the influence of any controlled substance listed in the California Health and Safety Code, section 11053 et seq., an alcoholic beverage or an intoxicant of any kind, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or other State law defining controlled substance while on District property, or at a District function; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in the California Health and Safety Code, section 11014.5.
12. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.
13. Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous object including but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, college president, North Orange Continuing Education Provost, or authorized designee.
14. Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.
15. Violation of municipal, state, or federal laws in connection with attendance in programs or services offered by the District, or while on District property or at District-sponsored activities.
16. Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.
17. Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.
18. Committing sexual harassment as defined by law or by District policies and procedures.
19. Engaging in harassing or discriminatory behavior based on disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation or any other status protected by law.

20. Engaging in physical or verbal intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student's academic performance, or District employee's work performance, or of creating an intimidating, hostile or offensive educational or work environment.
21. Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.
22. Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.
23. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.
24. Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District, or the substantial disruption of the orderly operation of the District.
25. Use of the District's computer systems or electronic communication systems and services for any purpose prohibited by Administrative Procedures 3720, Computer & Electronic Communication Systems, or for any act constituting cause for disciplinary action as provided in this policy.

Furthermore, no student shall be suspended from a college or North Orange Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, North Orange Continuing Education or District activity or attendance. Also any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension or expulsion of a student.

The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension or expulsion of a student.

The Chancellor shall establish procedures of which all students are informed of the rules and regulations governing student behavior.

## Catalog Rights

North Orange Continuing Education (NOCE) issues a new catalog each academic year beginning in the fall term and, if needed, subsequent addendums for the winter, spring, and summer terms. The information published in the catalog or catalog addendums is in effect for the academic year beginning with the fall term and concluding with the summer term.

The course requirements for a specific certificate program may change from one catalog to the next and, therefore, may change during the period of time that a student attends NOCE. Catalog rights established when a student first takes classes at NOCE protect the student from being held for additional program requirements that may be added to a later catalog.

Students maintain catalog rights by maintaining *continuous enrollment in one of the following courses at NOCE: Basic Skills, Career Technical Education, Disability Support Services, and English as a Second Language. Continuous enrollment is enrollment in any two of the previous four consecutive terms, including summer, resulting in an academic record of A, B, C, D, F, P (Pass), NP (No Pass), SP (Satisfactory Progress), or W (Withdrawal). Missing more than two consecutive terms will result in loss of catalog rights due to a break in continuous enrollment.*

Enrollment in the following term	No enrollment in the following terms:	Must enroll in the following term to maintain catalog rights
<b>Fall</b>	<b>Winter &amp; Spring</b>	<b>Summer</b>
<b>Winter</b>	<b>Spring &amp; Summer</b>	<b>Fall</b>
<b>Spring</b>	<b>Summer &amp; Fall</b>	<b>Winter</b>
<b>Summer</b>	<b>Fall &amp; Winter</b>	<b>Spring</b>

If continuous enrollment is broken, the student must adhere to the catalog requirements in effect at the time continuous enrollment is re-established and maintained.

The lab enrollment in CCTR 100, keyboarding exams, and required certifications (e.g. CPR card) cannot be used to maintain catalog rights. Course substitution and course challenges do not maintain catalog rights as well.

This policy supersedes all previous catalog rights provisions and applies only to the programs at NOCE.

### Medical Leave of Absence

Students may file a Petition for Exception for a medical leave of absence when there is appropriate evidence the student was unable to attend classes for an extended period of time to maintain Catalog Rights, as stated in the Catalog Rights Policy published in the school catalog. Students should contact the Registrar's Office at 714.992.9502 to file a petition within one year of leaving the last term they were in continuous enrollment. The petition will be reviewed and considered for approval based solely upon the following:

**Documentation on the student's inability to attend during the terms in which the student was not in attendance is required.** Appropriate evidence should include, but not limited to, physician recommendations or other supporting documentation that is dated and on official organization letterhead.

A student who withdraws due to an approved medical leave will receive a NG (Not Graded) notation on their academic transcript for any classes that they were unable to complete due to medical leave. Any outstanding fees or tuition associated with the course will remain due and payable.

Eligibility applies only to the enrolled student.

**Military Leave of Absence**

Students who are called to active duty may submit a Petition for Exception for a military leave of absence to maintain their catalog rights. Students should contact the Registrar's Office at 714.992.9502 to file a petition.

A student who withdraws due to military service will receive a MW (military withdrawal) notation on their academic transcript for any classes that they were unable to complete due to service. Any fees or tuition associated with the course will be refunded.

Students will retain their catalog rights and enrollment status if they return within one year of release from military service. For the purposes of maintaining catalog rights and enrollment status, any release from military service, other than a dishonorable release, will be accepted. The student must contact the Registrar's Office to provide appropriate documentation upon return from service.

*(Section 824 of the Military and Veterans Code)*

**Grading System**

Students enrolled in apportionment courses are awarded an evaluative symbol at the conclusion of each course. The grade issued will become part of the student's permanent academic history and will appear on their NOCE transcript.

**Grading for High School Diploma**

Student performance in High School Diploma Program courses is indicated below. Grades which carry point value, and which are used in determining the grade point average (GPA), are as follows:

High School Academic Grading Scale

A--Excellent	4 grade points
B--Good	3 grade points
C--Average	2 grade points
D--Below Average	1 grade point

The GPA is the total completed grade points divided by the total attempted credit amount.

Credits indicated by the below evaluative symbols are not counted toward GPA

F--Fail	0 grade point
P--Pass Satisfactory, C or better	0 grade point
NP--No Pass	0 grade point
CR--Credit	0 grade point
NC--No Credit	0 grade point
IP--In Progress	0 grade point
NG--Not Graded	0 grade point
U--Ungraded	0 grade point

**Grading for CTE, DSS, ESL, and LEAP Courses**

P--Pass	(no grade points)
NP--No Pass	(no grade points)
RD--Report Delayed	(no grade points)
SP--Satisfactory Progress	(no grade points)
W--Withdrawal	(no grade points)

Students enrolled in a Career Technical Education (CTE) Program course are advised that if they do not wish to be graded, they must drop the course prior to the eighth hour of instruction. While an instructor may drop a student for excessive absences, it is the student's responsibility to officially withdraw from a class. If a student withdraws after the eighth hour of instruction, but prior to the last quarter of instruction, the student will receive a "W" grade on their transcript, regardless of whether the drop was initiated by the student or instructor. Students may not drop a course after the start of the final quarter of the course. Please visit [www.noce.edu/gradingpolicy](http://www.noce.edu/gradingpolicy) for further information.

**Auditing Classes**

If a student has received a passing grade in a Pharmacy Technician Program or a Medical Assistant Program course and wishes to repeat the course, the student should submit an audit request form to the CTE Program Director. For more information about auditing a Pharmacy Technician or Medical Assistant course, please contact 714.808.4673. There is a \$15 fee charged for auditing a course. Fees charged for auditing a course are subject to change. Auditing other NOCE courses is not permitted.

**Grade Appeal Policy**

NOCE recognized the legal right of faculty to set standards of performance and to apply them to individual students. Therefore, the instructor is the final authority in determining grades that are assigned to students and that appear in their permanent academic records. Students have a right to inquire how their grade was determined and have a right to formally appeal the final grade earned. Appeals are limited to the situations in which students believe the grade is prejudicially, capriciously, or arbitrarily assigned. Grade appeal requests should be initiated by the student during the next term but no later than one year following the award of the original grade. All grade appeal requests should be directed to the NOCE Registrar at 714.992.9502. For additional information, you may refer to Board Policy 4231 at [noce.edu/policies](http://noce.edu/policies).

**Course Repetition**

No limits are imposed on the repetition of most noncredit courses. However, in the case of special noncredit courses, such as those for students with disabilities, restrictions on repeatability may be imposed when students are judged to have met the objectives of a course and/or are no longer making measurable progress. For additional information, you may refer to Board Policy 4225 at [noce.edu/policies](http://noce.edu/policies).

**Credit by Examination**

The purpose of credit by examination is to allow credit for prior or advanced knowledge of class material by the student. Currently enrolled students may be permitted to obtain Credit by Examination in subject areas in which they are especially qualified through previous training or experience for which credit has not previously been given. Examinations will be sufficiently comprehensive to determine that the student has essentially the same knowledge and skills as a student who successfully completes the course. Only those courses approved for Credit by Examination will be eligible. Students may discuss credit by exam with an NOCE counselor or for additional information, refer to Board Policy 4235 at [noce.edu/policies](http://noce.edu/policies).

**Course Substitution**

A request for a course substitution may be discussed with an NOCE counselor.

## Disciplinary Dismissal

The standards of student conduct and disciplinary action for violation of Board Policy 5500 are drawn in compliance with the State Education Code.

Students are expected to respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the city, county, state, and national law(s). A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. For additional information on disciplinary dismissal, you may refer to Board Policy 5500 at [noce.edu/policies](http://noce.edu/policies).

## Student Records and Transcripts

The California Administrative Code, Title V, and NOCCCD policy states that students can review their student records at any time. All NOCE student records are located at the Wilshire Continuing Education Center located at 315 E. Wilshire Avenue, Fullerton, CA 92832.

## Transcript of Record - Verification of Enrollment and Attendance

Students are entitled to two (2) free copies of their student record in the form of an Official Transcript or a Verification of Enrollment/Attendance. Subsequent copies are \$5 per copy. Requests are accepted in person or by mail and both request forms may be accessed at [noce.edu/records](http://noce.edu/records). Rush transcripts can be obtained for an additional fee of \$10.

We are unable to provide Verification of Enrollment/Attendance letters on a "rush order." Requests will not be processed until completion of the third (3rd) week of the current term.

With the exception of High School Diploma Program courses, transcripts include a notation of the number of hours attended for each course of record.

## Classification of Students

Students are classified as full-time when enrolled and attending 12 hours or more of instruction per week. Students enrolled in fewer than 12 hours per week of instruction are considered part-time students. Enrollment and attendance can be confirmed after the student has attended two consecutive weeks of instruction.

## The Family Educational Rights and Privacy Act (FERPA) and Release of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They have a right to:

- Inspect and review their education records
- Have some control over the disclosure of information
- Seek to amend incorrect education records

In accordance with FERPA, NOCE may release or publish, without the student's prior consent, items in the category of public (directory) information. The NOCCCD Board of Trustees has identified the following as public (directory) information:

- Degrees and awards received by students, including, honors, scholarships, athletic awards and Dean's List recognition
- Student participation in officially recognized activities and sports including weight, height and high school of graduation of athletic team members
- Dates of attendance

Students who wish to restrict this information must submit a written request to the NOCE Registrar's Office at the Wilshire

Continuing Education Center. Requests must be filed within 15 calendar days from the beginning of each term a student is in attendance. For more information, call 714.992.9502.

## Student Identification Policy

Students are required to show a valid form of identification to obtain any form of non-directory information. Valid forms of identification accepted by NOCE include: state-issued driver's license, state-issued identification card, or a government identification with photo issued by U.S. or other country. For additional information on what is considered non-directory information, you may refer to Board Policy 5040 at [noce.edu/policies](http://noce.edu/policies).

## Admissions/Registration Procedures

### Admission to Classes

Students are admitted on a first-come, first-served basis. By District policy, "every course, course section or class shall be open to enrollment and participation by any person who has been admitted to North Orange Continuing Education (NOCE)". Students are not permitted to attend classes in which they are not officially enrolled. Classes filled may have a waitlist already established for students wanting to attend. Non-tuition classes: Students must attend the first day of class or they will lose their seat to a petitioning student.

### New Students

New students are those who have never attended classes at NOCE.

### Continuing Students

Continuing students are those students who are currently enrolled and have not missed more than two consecutive terms.

### Returning Students

Returning students are those students who previously attended classes at NOCE yet did not re-enroll after missing two consecutive terms.

### Center Locations

Anaheim Campus  
1830 West Romney Drive  
Anaheim, California 92801  
714.808.4645

Cypress Continuing Education Center  
9200 Valley View Street, Bldg 18  
Cypress, California 90630  
714.484.7038

Wilshire Continuing Education Center  
315 E. Wilshire Avenue  
Fullerton, California 92832  
714.992.9500

Additional classes are offered at many off-site locations throughout North Orange County. For specific off-site locations, please refer to the current class schedule at [www.noce.edu/schedule](http://www.noce.edu/schedule)

### Minor Students

NOCE classes are open to those 18 years or older who have been admitted to NOCE and are not attending school. Students under 18 who have not graduated from high school may be permitted to attend under special circumstances. It is advisable to contact the center Dean at the site where the class is offered prior to obtaining the required permission letter from the school that the minor is attending. If permission to enroll is granted, the minor student may enroll only after the regular registration period so that priority is given to adult students. Children of any age may take Kids' College and Teen Program classes as indicated in the course schedule. Children are not permitted to attend adult classes.

### International F-1 Visa Students

Students with F-1 Visa status are unable to register for NOCE classes.

NOCE is considered a publicly-funded adult education program by the federal government. The law prohibits publicly-funded adult education programs from enrolling students with F-1 Visa status. This is according to the Code of Federal Regulations, Title 8 CFR Part 22 Section 214.2 (f).

### Open Enrollment

It is the policy of NOCCCD that, unless specifically exempted by statute, every course section or class, the full-time equivalent students (FTES) attendance of which is to be reported for state aid, whenever offered and maintained by NOCCCD, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) or NOCE and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, part VI, Title V of the California Administrative Code, Commencing with Section 51820.

### In-Class Registration

Students must attend the first meeting where in-class registration takes place or they may lose their seat to another student. A minimum number of students must attend the first class meeting to ensure the required enrollment is met. In-class registration is on a first-come, first-served basis, however, students enrolling in a year-round class may enter and register in the class at any time.

### Registration Locations

No matter where the class is held, students can register at any NOCE Center: Anaheim (Second Floor), Cypress (Parking Lot 4; Building 18), Wilshire (Building 300). Registration is also available through myGateway at <http://mg.nocccd.edu>

### Fees

Full payment is required at the time of registration. Cash, checks, money orders, and credit cards (MasterCard and Visa) are accepted. A \$25 fee will be charged to any students' account where a check is returned for non-sufficient funds.

### Fee-Based Courses

Classes NOT funded by the state are supported by student tuition. Students must cover the cost of the class through fees. Additional instructional material or supply fees may be required. These classes will not be cancelled if attendance falls during the term. While late registration is permissible in most classes, full payment of tuition fees is always required.

### Parking Information/Fees

A parking permit is required to park in marked spaces at all three NOCE Centers; however, a purchased parking permit does not guarantee a parking space. If you do not have a permit, you will be ticketed. An NOCE parking permit applies to any space that is marked for students or any unmarked space. Parking permits are refundable prior to the first class meeting only and must be returned to receive a refund. Please do not back into the parking space or you will be ticketed.

DMV disabled person placard holders are permitted to park in disabled parking, or any other student or staff space, but must also purchase an NOCE parking permit.

Vehicle permits: \$40; motorcycle permits: \$20; both are available at any NOCE Admission and Registration office. Daily passes are available for \$3 in the parking pass boxes located throughout the parking areas.

### Virtual Parking Permits

At Cypress in lieu of a physical parking permit/hanger, effective September 2016 parking in general parking lots requires a virtual parking permit enforced by license plate recognition. You may register your vehicle online at [www.noce.edu/parking-cypress](http://www.noce.edu/parking-cypress) and purchase a permit for the entire NOCE term or for one day. To purchase a permit online with a debit or credit card **ONLY** you will need your vehicle license plate number or the last eight digits of your VIN number. Day permits are also available for purchase by debit or credit card **ONLY** at any Cypress College parking kiosk. Virtual Permits are also valid at the Anaheim Campus and Wilshire Center.

Any vehicle found parked on Cypress College property that has three (3) or more unpaid Cypress College parking citations may be towed without notice. Registered owners of the vehicle will be responsible for paying all citations, towing fees, and impound fees prior to the vehicle being released by the impound company.

### Bus Passes

OCTA bus passes are available at any NOCE Center's Admission and Registration Office. 30-day regular passes are available to all students; 30-day reduced fare passes are available for seniors 60 years and older, and for disabled students with valid ID. Passes are sold year-round. The Orange County Transportation Authority (OCTA) provides bus service to each of our three NOCE Centers. For more information, call 714.636.7433.

### Book Information

All three bookstores offer textbooks and supplies available for purchase, in addition to supplemental education materials and supplies. Books and supplies can be purchased at the following center bookstores:

Anaheim Campus Bookstore  
1830 W. Romneya Drive, 2<sup>nd</sup> Floor  
Anaheim, California 92801  
714.808.4675

Cypress College Bookstore  
9200 Valley View Street, Bldg 20  
Cypress, California 90630  
714.484.7336

or online at [www.cypresscollegebookstore.com](http://www.cypresscollegebookstore.com)

Fullerton College Bookstore  
330 East Chapman Avenue  
2000 Bldg., 1st Floor  
Fullerton, California 92832

We recommend you call and confirm the hours of operation to ensure they are open during the time you plan to make your purchase.

### Refund Policy

To receive a refund, a Refund Petition Form must be submitted at least two (2) full business days before the first class meeting. A \$10 processing fee will be deducted from all refunds one time per term, per student, except for classes canceled by NOCE. Refunds will be processed two weeks after the term begins. No refunds will be given on books. Refund checks to KIDS' College students will be made to the name of the student of record as required by State Education Code regulations. The only other criteria considered for refunds are circumstances in which the course differs from the way it was described in the class schedule, such as incorrect start date, time or wrong location. You may request a credit valid for six months toward any fee-based course. Requests for credits must be submitted prior to the second class meeting of the course being dropped.

### Name Changes

Students are encouraged to visit one of the NOCE center Admissions and Registration Offices to change a name on a student record. Students must provide a valid photo identification card when requesting a name change.

### Holds

NOCE will withhold transcripts, registration privileges, or any combination hereof from any student or former student who has failed to pay all outstanding fees owed to NOCE, Fullerton College or Cypress College (from current or previous terms) or for other administrative reasons.

### Class Attendance/Cancelations

Students are expected to attend all classes. Non-tuition classes may be discontinued during the term if attendance drops. Tuition-based classes will continue according to schedule once they have started.

It is NOCE's practice that classes do not normally meet on a weekend following a Friday District holiday or preceding a Monday District holiday. If it is necessary for a class to be held on a holiday weekend, this would be an exception to the rule.

### Waitlist Procedure

You may petition a closed class by adding yourself to the waitlist during registration in myGateway. Waitlisted students are accepted into a class as space is available and in the order in which they have been placed on the waitlist. A waitlisted student is not officially registered into the course until they have returned the instructor approval form to an NOCE Admissions and Registration Office.

### Additional Seats for Special Programs

To promote completion for students in certain Career Technical Education Programs, additional seats may be reserved for students who have declared their intent to complete a program. At this time Pharmacy Technician Program students may declare their intent to complete the program by returning a declaration form to the Admissions and Registration Office. Pharmacy Technician Program students who return this form at least five (5) business days prior to the start of registration will be eligible for additional seats during registration in the following classes; MEOC 135 - Human Relations for Health Care Workers and MEOC 140 - Pharmaceutical Mathematics.

## Scholarship Information

NOCE is pleased to offer scholarships for new and existing students. NOCE offers students scholarships to allow them to continue to excel in their educational career. These scholarships vary in their fields, the requirements to apply for them, and the award amount. Each scholarship has been made available through the generosity of individual donors, faculty and staff, and retired administrators. Applications are available online under Student Services tab on the NOCE website or in the Learning Centers at all three NOCE Centers.

A current list of scholarship opportunities is available at: [www.noce.edu/scholarships](http://www.noce.edu/scholarships)

## Student Support Services

### Adult College and Career Transitions (ACCT) Program

ACCT is designed for students planning to continue their education after receiving their High School Diploma, English as a Second Language Program certificate or Career Technical Education Program certificate. The intent of ACCT is to give students special support through workshops, tours, one-on-one assistance, and encouragement while enrolled in High School Diploma Program, English as a Second Language Program or Career Technical Education Program. For more information call 714.808.4682.

### CalWORKs

The CalWORKs Program is designed for students who are receiving AFDC/Welfare. CalWORKs students are assigned a CalWORKs Counselor who provides the guidance and support needed to meet both their academic goals, and the requirements mandated by their County Social Worker. A team approach is used to advocate for student rights. For more information contact:

- Cypress College CalWORKs at 714.484.7237
- Fullerton College CalWORKs at 714.992.7101

### Career Center/Planning

Educational planning services are available to students currently enrolled in: English as a Second Language (ESL), Citizenship, Disability Support Services, Parenting, High School Diploma, Basic Skills, Short-term Vocational classes and programs.

### Disability Support Services (DSS)

DSS offers a variety of services and accommodations for students who are enrolled in NOCE classes, and who have verified disabilities including: learning, intellectual, Autism-spectrum, hearing, visual, mobility, psychological, acquired brain injury, and other medical conditions. Accommodations and services are tailored to the student's individual needs in compliance with state and federal legislation. Students who have a verifiable disability qualify for support services. The services are designed to support students in reaching their academic or vocational goals. Reasonable accommodations are determined on an individual basis through consultation with a DSS counselor. Services and accommodations are based on the educational abilities and functional limitations unique to each student.

DSS offers a large variety of special classes and programs for students with disabilities that provide students with a college experience, that focus on skills needed to live, work and the community independently. Other programs include Workability III (WAIII), College to Career (C2C), and bus mobility skills training. WAIII and C2C are collaborations with the Department of Rehabilitation (DOR), and the bus mobility program is in collaboration with the Orange County Transportation Authority (OCTA). WAIII is a program to help students with disabilities to acquire and maintain employment. C2C is a program that provides additional support to students with intellectual disabilities who are integrating into general education classes. The final stage of C2C provides job development assistance to students. These additional supports are not mandated services in the community college system.

Students and their families who are interested in DSS programs and services should apply to the North Orange Continuing Education (NOCE) online at [www.noce.edu/dss](http://www.noce.edu/dss), and then call 714.484.7057 to schedule an appointment with a DSS counselor. General hours of operation are Monday through Friday from 8 a.m. to 5 p.m.

#### **Student Success and Support Program (SSSP)/Counseling**

The Student Success and Support Program (SSSP) is a process that enhances student access to the California Community Colleges promoting and sustaining the efforts of students to be successful in their educational endeavors. The goals of SSSP are to ensure that students complete necessary coursework, persist to the next academic term, and achieve educational objectives through the assistance of the following student-direct core services:

- **Orientation**  
Prior to registration, the orientation is designed to introduce students to the NOCE, program requirements, student support services, and success tips.
- **Assessment**  
The purpose of the assessment process is to provide information regarding basic skill levels and activities necessary for a successful academic experience.
- **Counseling and Advisement**  
Counselors are available to discuss course offerings, career counseling, transfer counseling, and personal counseling (including discussing personal concerns and issues affecting students' academic progress).
- **Educational Planning**  
Students are encouraged to see a counselor for help planning their courses prior to registration, identifying electives and program requirements, and track academic progress towards program completion.

SSSP/Counseling provides support to students while completing their educational goals. In general, a student goal is defined as a diploma, certificate, employment or career advancement, English as a Second Language, or transfer to credit.

## Instructional Support Services Open-Labs

#### **Basic Skills/Learning Centers**

High School Diploma and Learning Center students receive assistance in gaining skills to attain personal and educational goals by working with faculty, staff, and tutors in small groups or one-on-one in a variety of subjects such as math, grammar, and reading. Computers are available for online instruction and assessment. Students may also enroll in the Learning Center to gain employability skills, receive additional instructional support in diploma subjects as referred by the diploma lab faculty or staff, obtain tutorial support in vocational/career technical education subject areas, and/or prepare for college-level assessments or coursework. Instructional materials, including textbooks, are provided at no cost to students. However, materials are to remain in the labs as they are shared by all students in the classroom.

#### **Business/Computer Skills Lab**

Students receive assistance while accessing a variety of self-paced courses: office keyboarding, data entry, 10-key, typing/keyboarding for speed and accuracy, windows operating system, MS Office (Word, Excel, Access, Outlook, PowerPoint), Introduction to the Internet and world wide web. Internet and e-mail access is also available during lab hours.

#### **English as a Second Language (ESL) Learning Center**

The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction.

#### **Commencement Ceremony**

NOCE conducts a commencement ceremony in celebration of student accomplishments in the following programs:

- High School Diploma
- Administrative Assistant
- Early Childhood Education
- Electrical Trainee
- Funeral Service Assistant
- Management
- Medical Assistant (Back Office Only)
- Pharmacy Technician
- Quality Assurance Management for Medical Devices

The ceremony is held annually near the end of each academic year, more information is available at [www.noce.edu/student-services/commencement-ceremony](http://www.noce.edu/student-services/commencement-ceremony).

## Standard Definitions

### Definition of Hours/Credits

NOCE coursework is measured in terms of instructional hours. A noncredit course awarding 10 high school credits is designed to require a minimum of 144 hours of lecture, study, or laboratory work.

### Definition of a Prerequisite

When a course has a prerequisite, it means that a student must have certain knowledge to be successful in the course. The prior knowledge may be a skill, ability (i.e. speaks and writes Spanish fluently), a test score, or a successful completion of a prior course (i.e. must have completed MEOC 104 Medical Terminology with a grade of "P"). Completion of the prerequisite or a current enrollment in the prerequisite is required prior to enrolling in the course. Successful completion of a prerequisite course means that a grade of Pass was earned; NP, W, or NG grades are not acceptable.

### Definition of an Advisory

When a course has an advisory, it means that a student is recommended to have certain preparation before entering the course. The preparation is advantageous to a student's success in the course but is not required.

### Definition of a Career Development and College Preparation (CDCP) Course

Courses identified as CDCP are 1) within a sequence of courses that may lead to improved employability or job placement, or 2) recognized in a career field and prepares students for transfer to a four-year institution.

### Definition of Apportionment

These classes appear as free but are actually funded by the California Community College State Chancellor Office. Funding is received for each hour of student attendance. The cost of offering the class is covered by these funds. The class may be cancelled if the attendance falls below the level needed to cover the costs of the class. There are 10 recognized areas in Title V that are eligible for noncredit education apportionment. NOCE offers noncredit classes in the following areas:

- English as a Second Language (ESL)
- Citizenship for Immigrants
- Elementary and Secondary Basic Skills
- Courses for Persons with Substantial Disabilities
- Parenting
- Courses for Older Adults
- Short-Term Vocational
- Workforce Preparation

### Definition of Year Round Classes (ESL, DSS, and LEAP Programs)

Most ESL, DSS, and LEAP classes are offered year-round and allow students to enroll in an open entry/open exit basis. Initial enrollment into the course remains active until the student stops attending for an extended period of time, at which time they are dropped from the course.

## North Orange Continuing Education Noncredit Education and Community Service Programs

North Orange Continuing Education (NOCE) offers quality programs and services for students seeking self-improvement, enhanced earning power, increased literacy skills, and access to higher education and employment. Courses are offered during all hours throughout the week and weekends. Some courses may not be listed in the class schedule for a term or two.

Most classes offered through noncredit programs are tuition free. Funding for these courses are provided by the California Community College System and based on NOCE also offers a wide variety of fee-based community service classes. These include career and professional development programs, seminars and workshops, and special programs for kids and teens.

---

### Basic Skills Labs/ Learning Center

Learning Centers are open-entry labs where adult students, 18 years of age and older, receive assistance in gaining skills to attain personal and educational goals by working with faculty, staff, and tutors in small groups or one-on-one in a variety of subjects such as math, grammar, and reading. Computers are available for online instruction and assessment. Students may also enroll in the Learning Centers to gain employability skills, receive additional instructional support in High School Diploma subjects as referred by the diploma faculty and staff, obtain tutorial support in vocational/career technical education subject areas, and prepare for college-level assessments and coursework. GED/HiSET Preparation is offered for adult students at the NOCE Wilshire Learning Center. For a list of courses, see course descriptions: Adult Basic Education (ABE) and Labs (LABS).

---

### Business Skills & Opportunities

See Career Technical Education for more details. For a list of courses, see course descriptions: Business Management (BMGR); Business (BUSN); and Finance (FINC).

---

### Career Technical Education (CTE)

The Career Technical Education (CTE) Program offers students a variety of short-term certificate programs and single course options designed to prepare for a high-demand career and advance current work skills. CTE programs combine academic knowledge with technical and occupational skills to provide students with pathways to long-term careers and success. Our CTE Program instructors are leaders in their fields with extensive practical experience to share with students. Much of the growth in current and future jobs will require training beyond high school. Enrolling in NOCE CTE Program classes means job readiness for a new career or a better position in a current work field in two years or less. For a list of courses, see course descriptions: Business Management (BMGR); Business (BUSN); Computers (COMP); Construction (CONS); Digital (DIG); Early Childhood Education (ECE); Electrical (ELET); Funeral Services (FSRV); Medical Occupations (MEDO); Medical Occupations Clerical (MEOC); and Microsoft (MS).

### Computer Applications

The Computer Applications Program offers courses in the foundational concepts needed to operate personal computer systems. Courses offered include application-specific skill development in Microsoft, Adobe, and Internet-based software. For a list of courses, see course descriptions: Computer (COMP); Computer Lab (CCTR) and Microsoft (MS).

---

### Center for Applied Competitive Technologies (CACT)

The Center for Applied Competitive Technologies (CACT) focuses on economic and workforce development in Orange County and surrounding counties. The CACT provides various training and non-training resources to manufacturers, community colleges and K-12 faculty, and local workforce development boards.

The CACT will assist manufacturers, in remaining competitive in a global economy, by developing and providing customized training to meet the immediate training needs of regional manufacturers. A sampling of customized curricula includes; Vocational English as a Second Language (VESL), Advanced Manufacturing Concepts, Basic Electronics, Motor Controls, and Programmable Logic Controls (PLC). For a list of courses, see course descriptions: Competitive Technologies (CACT) and/or [www.makingitincalifornia.com](http://www.makingitincalifornia.com)

---

### Disability Support Services (DSS)

The Disability Support Services (DSS) provide students with disabilities with a variety of accommodations and support services that minimize the impact of their disabilities on their academic performance. Services include academic, vocational, and personal advisement; test-taking assistance; advocacy and referral services; registration assistance; assessment and evaluation; interpreters for the deaf; and adaptive technology. Special classes designed to promote the development of independent living and employment skills of individuals with intellectual disabilities are also offered. For a list of courses, see course description: Disability Support Services (DSS).

---

### English & Communication

The English and Communication classes offer a variety of opportunities for the adult student to improve their writing, speaking, presentation skills, or gain skills to be a better communicator on the job. Courses such as Communication with the Deaf, Sign Language, and Educational Interpreting also offer pathways to possible future careers. For a list of courses see course description: English/Communications (ENCO) and Sign Language (SIGN).

---

### English as a Second Language (ESL & Citizenship)

These courses help second language learners improve their English listening, speaking, and pronunciation skills in order to reach their career, academic, and personal goals. Classes also incorporate civics education to community members and prospective United States citizens. Specialized strands such as Vocational ESL and ESL for Academic Success are available to the advanced-level students. For a list of courses, see course descriptions: English as a Second Language (ESLA) and ESL Education Planning (ESLW).

### Foreign Language

Foreign Language courses introduce students to basic grammar, pronunciation, and vocabulary with special emphasis on auditory comprehension and conversation. Students will broaden their language skills while at the same time experiencing a new culture through various class activities. Special emphasis will be placed on spoken communication while expanding listening, reading, and writing skills. For a list of courses, see course description: Language (LANG).

---

### GED/HiSET Preparation

Earning a high school equivalency credential is an alternative option for adults to demonstrate their high school competency skills. The Wilshire Learning Center in Fullerton can help students prepare to pass their High School Equivalency Test (HiSET or GED). Lab faculty and staff assist students with preparation in the subject areas of math, science, social studies, reading, and language arts. Test-taking skills such as keyboarding and calculator usage are included in the preparation. Practice tests are administered to assess readiness for the official exams. Assistance in finding and signing up for the official tests is part of the program. At the Wilshire Learning Center, adults are given the opportunity to prepare and demonstrate their high school level proficiency and their readiness for higher education or the workplace. For a list of courses, see course descriptions: Adult Basic Education (ABE).

---

### High School Diploma (HSDP)

High school diplomas are issued by North Orange Continuing Education to adult students, 18 years of age and older, who earn 160 credits by completing the required course of study and demonstrate proficiency in basic skills. The HSDP operates as an open-entry lab where students work individually and at their own pace on various required subjects. All labs have instructors and staff to assist students with completing their courses. Whole-class or small-group instruction is offered in the major content areas, specifically math and language arts, as well as other subjects as the need arises. Elective credits can be earned in continuing education classes offered through NOCE. New students enter the HSDP through orientation, assessment, and counseling services. Counselors meet with students individually to review assessment scores and transcripts and develop an educational plan of study. HSDP students are highly encouraged to attend their enrolled high school lab a minimum of ten (10) hours per week to make academic progress in their diploma studies. For a list of courses, see course descriptions: Adult Basic Education (ABE) and Individual High School Subjects (IHSS).

---

### Lifeskills Education Advancement Program (LEAP)

The LEAP Program provides dynamic and responsive lifelong learning opportunities to meet the needs of the residents of our diverse community. These are learning opportunities in the areas of vocational training, health and safety, socialization, parenting, enrichment and skill development leading toward personal fulfillment and greater involvement in the community. Both apportionment and fee-based courses are held at various sites throughout the district.

- **Family & Consumer Sciences**

These courses focus on the lifespan of individuals and families developing and functioning in family, work, and community settings. Individuals are prepared to balance personal, family, and work responsibilities throughout life. Course offerings address the full spectrum of skills necessary to achieve optimal and sustainable living. Courses are offered in the areas of home resource management; parenting and family education; fashion design, clothing production; and hospitality.

- **Finance and Personal Investments**

For a list of courses, see course descriptions: Accounting (ACCT) and Finance (FINC)

- **Fashion Design & Clothing Production**

For a list of courses, see course description: Clothing (CC)

- **Bartending**

For a list of courses see course description: Hospitality Management (HOSM)

- **Parenting**

For a list of courses, see course description: Parenting (PARN)

- **Fine/Applied Art**

These courses are dedicated to teaching skills by emphasizing the appreciation and production of works of art placing emphasis on the creative and esthetic principles, technical processes, and development of culture. Students are given an opportunity to be artistically expressive including performance in the areas of art and music. The Fine/Applied Arts courses include photography.

- **Drawing & Painting**

For a list of courses, see course descriptions: Arts and Crafts (ARTC) and Creative Arts (CRAE)

- **Music**

For a list of courses, see course description: Music (MUSC)

- **Photography**

For a list of courses, see course description: Photography (FOTO)

- **Kids' College and Teen Program**

The Kids' College and Teen Program is a fee-based program providing enrichment activities outside of the regular classroom experience for children and teens from ages 6 months to 17 years old. Classes are offered to provide academic enrichment, personal improvement, or instruction in sports, art, or music. Sessions of six to eight weeks are offered four times a year with classes held after school hours, on Saturdays, and daily during the summer. For a list of courses, see course description: Kids (KIDS).

- **Mature Driver**

The DMV-approved Mature Driver Improvement Course for individuals 55 or older provides instruction on defensive driving and California Motor Vehicle Laws. Information is provided on the effects that medication, fatigue, alcohol, visual and/or auditory limitations have on a person's driving ability. Upon completion, a DMV certificate will be provided to the student, which may qualify the student for reduced motor vehicle insurance premiums. For a list of courses, see course description: Safety (SAFE).

- **Older Adults/Emeritus**

These courses are designed to address the educational needs and interests of older adults (50 years and older), focusing on topics that promote independence, advocacy, community engagement, self-maintenance, personal growth, physical and cognitive health, career development, and economic self-sufficiency. For a list of courses, see course descriptions: Adult Basic Education (ABE); Arts & Crafts (ARTC); Consumer Ed (CNED); Creative Arts (CRAE); Education Enrichment (EDEN); Communication (ENCO); Financial (FINC); Fitness (FITN); Health (HLTH); and Music (MUSIC).

- **Physical Fitness**

Encompasses classes in physical exercise, dance, and martial arts. All of these are offered as fee-based classes. the variety of offerings provides students with options to start or maintain a fitness program. For a list of courses, see course descriptions: Fitness (FITN) and Dance (DAN).

---

**Medical**

See Career Technical Education for more details. For a list of courses, see course descriptions: Medical Occupations (MEDO) and Medical Occupations Clerical (MECO).

---

**North Orange Continuing Education  
Career Development and  
College Preparation (CDCP)  
Certificate Programs**

What are CDCP programs? Career Development and College Preparation (CDCP) Programs are sequenced courses resulting in noncredit certificates of completion or competency and leading to improved employability, job placement, and academic skills. CDCP Programs are offered in the areas of short term vocational or workforce preparation, basic skills, and English as a Second Language. Certificate programs are favorably recognized by business and industry and are frequently used as a requirement for professional advancement. Classes are noncredit and do not generate degree applicable college units.

**Career Development and  
College Preparation Certificate Programs**

**Basic Skills**

GED Test Preparation  
Literacy Program

**Braille Transcribing**

Braille Transcribing Program

**Business**

Administrative Assistant Certificate Program  
Management Program

**Computers**

Advanced Office Applications Program  
Fundamental Computer Concepts & Skills Program  
Fundamentals for Financial Office Applications Program  
Graphic, Design and Web Skills Program  
Office Application Essentials Program

**Construction**

Construction Technology - Electrical Program  
Construction Technology - General Contracting Program  
Electrical Trainee Program

**Disabled Students Program and Services**

Employability Certificate for Students with Disabilities  
Workplace Preparation for Students with Disabilities

**Basic Skills**

**GED Test Preparation  
Program #24258**

This program is designed to prepare the adult student to obtain a passing score on the official General Education Development (GED) test. Upon successful completion of this program, the student will be prepared in all five areas of the GED competency requirement. Acquisition of a GED certificate will lead to improved employability and the skills mastered will apply to entry-level college preparation.

<b>Core Courses</b>			<b>Hours</b>
ABE 405	GED: Mathematics		60
ABE 410	GED: Reading		60
ABE 415	GED: Science		60
ABE 420	GED: Social Studies		60
ABE 425	GED: Language Arts & Writing		60

<b>Elective Courses</b>			<b>Hours</b>
ABE 105	SCE Learning Center		36
<b>Total Program Hours</b>			<b>336</b>

ABE 105

**SCE Learning Center**

Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

ABE 405

**GED: Mathematics**

GED mathematics prepares students to pass the math section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction is basic computation, analytical and reasoning skills, word problems and word problems with graphics.

ABE 410

**GED: Reading**

GED reading prepares students to pass the reading section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction includes comprehension, fiction, nonfiction, poetry, and drama.

ABE 415

**GED: Science**

GED science prepares students to pass the science section of the GED test. Sciences covered are life, physical, earth and space. Students learn to analyze and apply science information.

ABE 420

**GED: Social Studies**

GED social studies prepares students to pass the social studies section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of course covers U.S. history, world history, civics and government, geography and economics.

ABE 425

**GED: Language Arts and Writing**

GED writing prepares students to pass the language arts and writing section of the GED test. The GED pre-test identifies needed areas of instruction for each student. This course covers the writing process, grammar usage and mechanics.

**Literacy Program  
Program #24305**

The Literacy program is divided into three levels. Each level contains a reading, writing, speaking and listening component which allows the student to develop a complete set of communication skills that will prepare him/her for the workplace, vocational training, or success in academic programs such as GED, high school or college.

Core Courses			Hours
ABE	430	Literacy - Beginning	99
ABE	432	Literacy - Intermediate	99
ABE	435	Literacy - Advanced	99
<b>Total Program Hours</b>			<b>297</b>

ABE 430

**Literacy - Beginning**

Designed for students with very limited reading skills. The focus of this course is on decoding skills, fluency and workplace literacy. Sight words and essential word reading are covered.

ABE 432

**Literacy - Intermediate**

Reading and writing preparation for the workplace or academic advancement. Emphasis on reading for information, vocabulary expansion and good communication skills.

ABE 435

**Literacy - Advanced**

Reading for information and academic vocabulary. Writing skills necessary for higher education and the workplace such as essays, note taking, job applications, resumes, and business writing.

**Braille Transcribing**

**Braille Transcribing Program  
Program #33138**

The Braille Transcribing Program is comprised of three classes that prepare students for the Library of Congress Braille Transcriber Certification which is required to be employed as a braille transcriber in public schools. The three sequenced courses are designed to provide the necessary skills to read and produce braille for all levels of educational institutions as well as other community needs.

Core Courses		Hours
ENCO 535	Braille Transcribing: Basic Rules	30
ENCO 537	Braille Transcribing: Reading and Writing Contractions	30
ENCO 539	Braille Transcribing: Advanced Symbols and Formatting	30
<b>Total Program Hours</b>		<b>90</b>

ENCO 535

**Braille Transcribing: Basic Rules**

This class is designed for sighted and visually-impaired persons to learn the basic skills of transcribing print into braille.

ENCO 537

**Braille Transcribing: Reading and Writing Contractions**

This class is geared for sighted and visually-impaired persons to learn the art of transcribing print into braille at the intermediate level.

ENCO 539

**Braille Transcribing: Advanced Symbols and Formatting Manuscripts**

This class is geared for sighted and visually-impaired persons to learn the art of transcribing print into braille at the advanced level.

## Business

### Administrative Assistant Certificate Program Program #24174

Training includes: Keyboarding and Speed Building, Introduction to Computers, Window XP, Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Internet, Email, Customer Service, Communication and Problem Solving, Telephone Techniques, Business Mathematics, Writing Memos, Proofreading and Spelling, Filing, Job Hunting Skills. (Two Trimesters or 24 weeks).

Core Courses		Hours
BUSN 340	Computer Applications for the Administrative Assistant I	48
BUSN 320	Office Skills I	24
BUSN 341	Computer Applications for the Administrative Assistant II	48
BUSN 321	Office Skills II	24
CCTR 100	Business/Computer Skills Lab	120
<b>Total Program Hours</b>		<b>264</b>

#### BUSN 320 Office Skills I

First in a series of two levels that prepare students for an entry-level position as an administrative assistant. Includes units on the office environment, career opportunities, attitude, human relationships, and work ethics. Textbook required.

#### BUSN 321 Office Skills II

*Prerequisite: BUSN 320 Office Skills I.* Second in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on telephone procedures, filing and managing records, processing business documents, sending and receiving mail, and managing office activities. Textbook required.

#### BUSN 340 Computer Applications for the Administrative Assistant I

First in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on Keyboarding and Word. Textbook Required.

#### BUSN 341 Computer Applications for the Administrative Assistant II

*Prerequisite: BUSN 340 Computer Applications for Administrative Assistant I.* Second in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on Windows and Internet. Textbook Required.

#### CCTR 100 Business/Computer Skills Lab

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email!

### Management Program Program #24114

This program will prepare students for first-line supervisory or management positions. Students learn management principles and develop basic skills in decision-making, problem-solving, planning, organizing, speaking and writing. The sequence builds their knowledge base to enhance their effectiveness on the job by covering topics such as leadership development, business law, finance, negotiations, marketing and more. (There are ten required courses, and student must choose one of nine computer electives.)

Core Courses		Hours
BMGR 417	Effective Business Presentations	18
BMGR 410	Elements of Supervision	18
BMGR 431	Finance Non-Financial Manager	18
BMGR 423	Introduction to Employment Law	18
BMGR 412	Management Skills I	18
BMGR 610	Management Skills II	18
BMGR 430	Marketing Principles	18
BMGR 421	Successful Negotiations	18
BMGR 415	Written Communication for Business	18
BMGR 452	Understanding Business Contracts	18
<b>Total Program Hours</b>		<b>180</b>

#### Elective Courses (Must Choose one of nine)

COMP 100	Introduction to Computers	36
MS 104	Introduction to Windows Operating System	36
MS 144	Introduction to Word	36
MS 105	Introduction to Excel	36
MS 106	Introduction to Access	36
MS 119	Introduction to PowerPoint	36
MS 134	Intermediate Word	36
MS 107	Intermediate Access	36
MS 160	MS Office - Overview	36
<b>Total Elective Hours</b>		<b>36</b>

#### Total Program Hours 216

#### BMGR 410 Elements of Supervision

Provides instruction in communication, problem solving, team building and leadership. Designed for managers in both public and nonprofit organizations.

#### BMGR 412 Management Skills I

This course provides an overview of the functions of the management process and its practical applications in a business environment. The course focuses on the planning process and organizing skills, including decision-making, strategic planning, delegating and staffing. Students will learn management principles that provide basic guidelines for supervisory decisions and actions.

#### BMGR 415 Written Communications for Business

Provides extensive hands-on experience with all types of written business communications including letters, resumes, cover letters, memos, and reports.

BMGR 417

**Effective Business Presentations**

This course provides instruction and practice in business presentation skills. Students will learn techniques to enhance their ability to speak before any size group with more confidence and communicate their message effectively. Students are encouraged to participate in a video tape exercise for their own assessment of strengths and weaknesses.

BMGR 421

**Successful Negotiations**

Participants will learn, practice, and perfect the skills required for achieving better outcomes in sale transactions, employment and promotion, purchasing, employee cooperation.

BMGR 423

**Introduction to Employment Law**

This course is an introduction to the federal and California state laws governing the relationships between employers and employees. It examines the nature, purpose, and operation of these laws from the perspectives of both the employer and employee.

BMGR 430

**Marketing Principles**

Introduces the student to the marketing principles of product, price, distribution and promotion in support of goods and services. The course will focus on real world application and case studies. The student will learn to apply marketing skills in the development of a marketing plan.

BMGR 431

**Finance for the Non-Financial Manager**

This course introduces students to the basics of business finance for the non-financial manager. Financial statements will be covered along with discussions on sales and expenses, assets and liabilities, budgeting and planning, and financial analysis.

BMGR 452

**Understanding Business Contracts**

This course will provide an overview of contract principles and will explore the meaning, purpose and effect of common contracts clauses, i.e., limitation of liability, warranty and indemnification. Students will learn how to achieve a better contract result by knowing why, when and how to request contract modifications.

BMGR 610

**Management Skills II**

This course focuses on developing management skills in working with individuals and teams to promote productivity, quality and innovation. Topics include employee performance appraisal, performance management, work groups, and the control process for keeping people, plans and programs on track.

COMP 100

**Introduction to Computers**

Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes.

MS 104

**Introduction to Windows Operating System**

Advisory: Knowledge of Windows. Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people.

MS 105

**Introduction to Excel**

Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting.

MS 106

**Introduction to Access**

Advisory: Introduction to Computers, Introduction to Windows or equivalent. Design databases using this popular software package. Includes creating tables, forms, reports and labels.

MS 107

**Intermediate Access**

Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent.

MS 119

**Introduction to PowerPoint**

Advisory: Knowledge of Windows. Learn how to create on-screen presentations using text, graphics, sound effects and movies.

MS 134

**Intermediate Word**

Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent. This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class.

MS 144

**Introduction to Word**

Advisory: Introduction to Computers, Introduction to Windows or equivalent. Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables.

MS 160

**MS Office - Overview**

Advisory: Knowledge of Windows and keyboarding. Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses.

## Computers

### Advanced Office Applications Program Program #24176

This certificate program will prepare students for a professional level office environment in administrative work. Students completing this program will be successful in a mid-level office environment requiring stronger knowledge of spreadsheet, database, and planning at an administrative support level.

Core Courses	Hours
CCTR 100 Business/Computer Skills Lab	36
MS 134 Intermediate Word	36
MS 165 MS Excel - Power-User Skills	36
COMP 645 Integrated Computer Projects	44
MS 107 Intermediate Access	36
<b>Total Program Hours</b>	<b>188</b>

CCTR 100

#### Business/Computer Skills Lab

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email!

COMP 645

#### Integrated Computer Projects

Designed for those who want to apply the knowledge they have gained from previous computer classes. See how those skills can be put to work in real world simulations! Capstone course for students who have already learned the basics of computer usage. Recommended proficiency in: Introduction to Computers, Discover the Internet, MS Office Overview or equivalent.

MS 107

#### Intermediate Access

Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent.

MS 134

#### Intermediate Word

Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent. This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class.

MS 165

#### MS Excel - Power-User Skills

Advisory: MS 105 Introduction of Excel or equivalent. This course is for people who are comfortable using MS Excel and who want to develop "power skills". Topics include computational techniques (defining names, nested IF functions, summarizing data), using Excel's database tools (tables, database operations, lookup functions), and expert skills (conditional formatting, macros). Also covered are advanced formatting techniques and shortcuts for accelerating productivity.

### Fundamental Computer Concepts & Skills Program Program #24414

This certificate program will prepare students to work in an entry-level office environment performing tasks such as basic data entry, word processing, research utilizing the Internet, and basic computer operation suitable for working in a business environment. Students completing this program would have the basic computer skills to be successful in an entry-level clerk or general office support position.

Core Courses	Hours
CCTR 100 Business/Computer Skills Lab	36
COMP 100 Introduction to Computers	36
MS 104 Introduction to Windows Operating System	36
COMP 105 Discover the Internet	36
MS 160 MS Office - Overview	36
MS 156 Computer Bytes	18
<b>Total Program Hours</b>	<b>198</b>

CCTR 100

#### Business/Computer Skills Lab

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email!

COMP 100

#### Introduction to Computers

Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes.

COMP 105

#### Discover the Internet

A hands-on overview of Internet concepts, Web browsing using Internet Explorer; email, newsgroups, FTP, netiquette, security issues, research, and more. Hands-on including on-line browsing. Recommended proficiency in: Introduction to Computers or equivalent.

MS 104

#### Introduction to Windows Operating System

Advisory: Knowledge of Windows. Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people.

MS 156

#### Computer Bytes

This course covers various topics for Microsoft Windows on how to buy or upgrade a computer, buy and use a digital camera, use a scanner, create a slide show, and set up a home wireless network safely.

MS 160

#### MS Office - Overview

Advisory: Knowledge of Windows and keyboarding. Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses.

**Fundamentals for Financial Office Applications Program Program #24032**

Students may take this additional training for obtaining employment in a financial office work environment and enhancing their marketability.

<b>Core Courses</b>		<b>Hours</b>
COMP 655	MS Word Fundamentals for the Financial Office Applications	18
COMP 660	MS Excel Fundamentals for the Financial Office Applications	18
COMP 665	MS PowerPoint Fundamentals for the Financial Office Applications	18
COMP 650	QuickBooks Fundamentals for the Financial Office Applications	36
COMP 670	Create PDFs with Adobe Acrobat	36
<b>Total Program Hours</b>		<b>126</b>

COMP 650

**QuickBooks Fundamentals for the Financial Office Applications**

Teaches students the basics of using the QuickBooks software to develop customized financial application for business. The course covers special techniques for reducing data entry time, eliminating errors and getting consistent results. Upon completion students will understand the basics of QuickBooks to simplify financial tasks.

COMP 655

**MS Word Fundamentals for the Financial Office Applications**

This brief course covers the essentials to creating simple documents with Microsoft Word in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include memos, lists, letters, resumes and signs.

COMP 660

**MS Excel Fundamentals for the Financial Office Applications**

This brief course covers the essentials to creating simple spreadsheets with Microsoft Excel in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include an address list, budget, and inventory tracking sheet.

COMP 665

**MS PowerPoint Fundamentals for the Financial Office Applications**

This brief course covers the essentials to creating simple presentations with Microsoft PowerPoint in a financial office environment. An excellent course for beginners or those who need to know the basics. Topics will include animations, transitions and slide shows. Learn how to create a professional-looking slide show without designing each slide from scratch!

COMP 670

**Create PDF's with Adobe Acrobat**

Learn the standard for sharing documents online! Create PDF files using Adobe Acrobat. Protect documents, create forms, and combine multiple files with Adobe Acrobat.

**Graphic, Design and Web Skills Program Program #32943**

This certificate program will prepare students to work in an entry-level graphic design/web development position performing such tasks as editing a simple website, creating and optimizing digital images, cataloging and retrieving digital files.

<b>Core Courses</b>		<b>Hours</b>
CCTR 100	Business/Computer Skills Lab	60
COMP 119	Adobe Photoshop Elements	24
COMP 121	Digital Photo Albums for Beginners	24
COMP 675	Digital Scrapbooking	36
COMP 705	Digital Photo Restoration and Portrait Makeover	24
<b>Total Program Hours</b>		<b>168</b>

CCTR 100

**Business/Computer Skills Lab**

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email!

COMP 119

**Adobe Photoshop Elements**

Advisory: Knowledge of Windows. Utilize photo editing software to enhance graphic design capabilities. This class introduces tools used by professional designers in an easy to use, powerful, digital- image editing program. Textbook may be required.

COMP 121

**Digital Photo Albums for Beginners**

Advisory: MS 104 Introduction to Windows Operating Systems and COMP 105 Discover the Internet. Learn how to import photos from various sources; organize and manage photos; perform basic editing functions of photos, email photos and share albums; create slide shows and video CDs; and create cards, calendars, albums, and a photo book. Textbook may be required.

COMP 675

**Digital Scrapbooking**

Advisory: Knowledge of Windows and Photoshop or Photoshop Elements. Scrapbooking is a 2.5 billion-dollar industry in the United States. Computerized graphic design is dramatically transforming the industry. Digital scrapbooking skills are important for anyone working in the graphic design field. Learn the design essentials of professional digital scrapbooks, hardware and software requirements, and the creation of graphic elements.

COMP 705

**Digital Photo Restoration and Portrait Makeovers**

Advisory: COMP 119 Adobe Photoshop Elements and knowledge of Windows for photographers and scrap bookers who want to advance their skills to repair old photos and touch up portraits. Topics include repairing scratches and tears on old photos; fixing hair, teeth, skin, red eyes, and blemishes; enhancing photos; combining images; creating backgrounds and frames; and selecting photo papers. Textbook required.

**Office Application Essentials Program  
Program #24346**

This certificate program will prepare students to work in an entry level office environment performing tasks such as basic word processing, spreadsheet, database and other essential business software applications. Students completing this program would have the basic computer administrative support position.

Core Courses			Hours
CCTR	100	Business/Computer Skills Lab	36

**Business/Computer Skills Lab**

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email!

MS 105

**Introduction to Excel**

Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting.

MS 106

**Introduction to Access**

Advisory: Introduction to Computers, Introduction to Windows or equivalent. Design databases using this popular software package. Includes creating tables, forms, reports and labels.

MS 119

**Introduction to PowerPoint**

Advisory: Knowledge of Windows. Learn how to create on-screen presentations using text, graphics, sound effects and movies.

MS 143

**Introduction to Publisher**

Advisory: Recommended proficiency in COMP 100 Introduction to Computers and MS 104 Introduction to Windows. Provides a basic working knowledge of this popular desktop publishing program. Covers topics such as flyers, newsletters, and business cards.

MS 144

**Introduction to Word**

Advisory: Introduction to Computers, Introduction to Windows or equivalent. Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables.

MS 160

**MS Office - Overview**

Advisory: Knowledge of Windows and keyboarding. Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses.

**Construction**

**Construction Technology - Electrical Program  
Program #24033**

This program will prepare students to work in an entry-level position in the construction field assisting with the electrical installation and repair of electrical wiring in buildings.

Core Courses			Hours
ELET	102	Basic Electricity	48
CONS	100	Electrical Wiring & Safety I	36
CONS	101	Electrical Wiring & Safety II	36
CONS	142	Electrical Wiring & Safety III	36
<b>Total Program Hours</b>			<b>156</b>

ABE 105

**SCE Learning Center**

Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

CONS 100

**Electrical Wiring and Safety I**

Covers basic electrical theory, terms, residential wiring techniques, grounding, basic switching circuits, residential load calculations and services. Based on current National Electrical Code (NEC).

CONS 101

**Electrical Wiring and Safety II**

Course covers commercial wiring, conduit systems, over-current protection, polyphase distribution, grounding, voltage-drop equations and lighting. Based on the current National Electrical Code (NEC).

CONS 142

**Electrical Wiring and Safety III**

Course covers industrial wiring, conduit systems, over-current protection, transformer circuits, electrical motors, motor repairs, motor control circuit, and electrical installations. Based on Current National Electrical Code (NEC) trips to various electrical installations.

ELET 102

**Basic Electricity**

Course starts with basic electricity and progresses into residential wiring in accordance with the National Electrical Code (NEC). Students learn how to obtain an electrical contractor's license. Supplies purchase required as specified by instructor.

**Construction Technology - General Contracting Program Program #24087**

This program will prepare students to enter the business of general contracting for residential buildings and/or sub-contracting (trade specific). Topics covered include State licensing and experience requirements; financial and legal aspects of the contracting business; residential construction fundamentals; and project management.

Core Courses		Hours
CONS 121	Contracting License	36
CONS 138	Room Addition Fundamentals	48
<b>Total Program Hours</b>		<b>84</b>

**CONS 121**

**Contracting License**

This course is designed for students interested in exploring career opportunities in general contracting and sub-contracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB).

**CONS 138**

**Room Addition Fundamentals**

This course covers the fundamentals of residential construction and the sequence of events that take place for a room addition. This includes preparing the required plans, obtaining city building permits and communicating with city building inspectors. The course will also cover project management and legal considerations.

**Electrical Trainee Program Program #31327**

This program will prepare students to work in an entry-level position in the construction industry assisting with the electrical installation and repair of electrical wiring in buildings. Students will receive an overview of the construction industry with a focus on the career path of an electrical trainee. Topics include safety; construction math; tools and materials handling; electrical theory; code requirements and application for residential, commercial and industrial wiring; prints and specifications.

Core Courses		Hours
CONS 230	Introduction to Blueprint Reading	36
ELET 140	Introduction to Electrical Trainee	60
ELET 145	Electricity Fundamentals	48
ELET 150	Wiring Fundament: Residential	36
ELET 160	Wiring Fundament: Commercial	36
ELET 170	Wiring Fundament: Industrial	36
<b>Total Core Hours</b>		<b>252</b>

**Elective Courses (Must choose one of two courses)**

ABE 105	SCE Learning Center	36
CONS 121	Contracting License	36
<b>Total Elective Hours</b>		<b>36</b>

**Total Program Hours 288**

**ABE 105**

**SCE Learning Center**

Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

**CONS 121**

**Contracting License**

This course is designed for students interested in exploring career opportunities in general contracting and sub-contracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB).

**CONS 230**

**Introduction to Blueprint Reading**

An introduction to blueprint reading using a fundamental approach, this course will familiarize trainees with basic blueprint terms, components and symbols. Trainees will learn the different types of blue print drawings (civil, architectural, structural, mechanical, plumbing/piping, and electrical) and how to interpret and use drawing dimensions.

**ELET 140**

**Introduction to Electrical Trainee**

Course provides an overview of the construction industry with focus on the career path of an electrical trainee. Students will learn about the skills needed to launch a successful career in the electrical trade. Topics include safety, construction math, tools and materials handling, job site management, and State Certification requirements for electricians.

**ELET 145**

**Electricity Fundamentals**

Prerequisite: ELET 140 Introduction to Electrical Trainee. Course covers basic electrical concepts, including electrical measurements, basic electrical theory, and an understanding of how common electrical components work. Course provides a basis for understanding electrical safety concepts.

**ELET 150**

**Wiring Fundamentals: Residential**

Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to residential wiring. Topics include electrical standards, residential wiring techniques, grounding, basic switching circuits, residential load calculations, and electrical services in accordance with the NEC.

**ELET 160**

**Wiring Fundamentals: Commercial**

Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, and voltage-drop equations and lighting sources in accordance with the NEC.

ELET 170

**Wiring Fundamentals: Industrial**

Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics to include industrial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, electrical motors, motor circuit conductors, motor control circuits, and electrical power installations in accordance to the NEC.

**Disability Support Services**

**Employability Certificate Program #24065**

This sequence provides skills necessary to enhance employability of students with disabilities. It offers a foundation of basic skills that increase the direct and indirect job skills necessary for obtaining and maintaining employment. Among the skills that students will develop are the ability to: communicate effectively on the job; locate job opportunities; problem solve; set goals; remain safe; utilize transportation resources to and from work; manage personal finances; use computer technology; develop and maintain appropriate interpersonal relationships; and advocate for personal rights. Counselors provide accommodations and services to assist students throughout their time in the program. A job transition specialist refers students to appropriate employment opportunities and agencies. In addition, the program maintains relationships with vocational agencies and employers that enhance students' opportunities for obtaining employment.

**Core Courses**

	<b>Hours</b>
DSPS 137 Job Skills	180
DSPS 138 Communication on the Job	180
DSPS 150 Critical Thinking	30
DSPS 121 Computer-Assisted Instructional Lab	180
DSPS 180 Beginning Banking	30
DSPS 130 Bill Paying and Banking	60
DSPS 175 Personal Safety	30
DSPS 155 Mobility Skills	72
DSPS 133 Self-Advocacy	180
DSPS 114 Relationships and Sexuality Training	180
DSPS 140 Social Skills	180
<b>Total Program Hours</b>	<b>1302</b>

DSPS 114

**Relationships and Sexuality Training**

A class geared for students with developmental or learning disabilities that is designed to provide a comprehensive and meaningful overview. The course strives to build healthy, safe sexual attitudes, behaviors, and relationships consistent with personal values.

DSPS 121

**Computer-Assisted Instructional Lab**

Designed for students with disabilities to provide instruction in computer operation, word processing and the use of adaptive computer equipment.

DSPS 130

**Bill Paying and Banking**

This class is designed for adults with developmental disabilities and learning disabilities who want to learn how to maintain a checking account. This is an introductory class that teaches banking vocabulary and step by step on how to open and manage a checking account. Students will be required to use the Quicken software program for balancing their checking account.

DSPS 133

**Self-Advocacy**

Instruction designed for students with developmental or learning disabilities to enhance advocating for self in everyday life situations.

DSPS 137

**Job Skills**

Designed for students with developmental or learning disabilities to help recognize and achieve potential as independent members of the community. Lecture, lab, and field experience are combined to provide the student with a comprehensive and meaningful educational experience.

DSPS 138

**Communication on the Job**

A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will include activities to enhance written and verbal skills.

DSPS 140

**Social Skills**

This course is designed to give students with developmental and learning disabilities an overview of appropriate social skills at school, work, and in the community. Through examples in their own lives as well as instructional materials various areas social skills challenges will be explored, any necessary coping strategies taught.

DSPS 150

**Critical Thinking**

Designed to assist adults with disabilities in acquiring or improving critical thinking skills necessary to function independently in a variety of activities, situations, and environments. Emphasis on problem solving and decision making through understanding and evaluating situations, utilizing knowledge of cause and effect relationships, exploring options, and planning and implementing strategies.

DSPS 155

**Mobility Skills**

A class designed for students with disabilities to enhance independence by introducing safe practices and knowledge for using public transportation.

DSPS 175

**Personal Safety**

This course is designed to introduce students with developmental disabilities to personal safety awareness. Students with disabilities will be presented with proactive steps to take to avoid dangerous situations in the community and at home. Students with disabilities will also be presented with basic techniques for self-defense and first aid.

DSPS 180

**Beginning Banking**

This class is for students with disabilities who want to learn how to spell money amounts, fill out a check, make a deposit, record checks and deposits in a check register, and record ATM transactions in a register. This class would be beneficial for students who want to learn the basics of banking, who need practice with the basics of banking, or who are new and would like to take the Banking for Apartment Living class.

**Workplace Preparation**

**Program #24250**

This sequence provides skills necessary to enhance employability of students with disabilities. It offers a foundation of basic skills that increase the direct and indirect job skills necessary for obtaining and maintaining employment. Among the skills that students will develop are the ability to: locate job opportunities; problem solve; set appropriate vocational goals; develop a budget and manage personal finances with the use of computer technology. Counselors provide accommodations and services to assist students throughout their time in the Program. A Job Transition Specialist refers students to appropriate employment opportunities and agencies. In addition, the Program maintains relationships with vocational agencies and employers that enhance students' opportunities for obtaining employment.

<b>Core Courses</b>	<b>Hours</b>
DSPS 260 Introduction to Checking Accounts	60
DSPS 265 Exploring Your Occupational Path	30
DSPS 270 Work Attitudes and Employer Expectations	30
DSPS 275 Paying Bills	60
DSPS 280 Landing a Job	30
DSPS 285 Budgeting for Apartment Living	60
<b>Total Program Hours</b>	<b>270</b>

DSPS 260

**Introduction to Checking Accounts**

A quick-paced course designed to provide students with disabilities with basic banking skills including writing checks and depositing paychecks.

DSPS 265

**Exploring Your Occupational Path**

This course is intended to assist adults with disabilities in establishing a clear and realistic occupational goal. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Students will also explore resources for seeking employment in their chosen occupational field.

DSPS 270

**Work Attitudes and Employer Expectations**

This course is intended to prepare students for successful employment by introducing them to appropriate on-the-job behavior, communication, attitude and work ethic. Students will also be introduced to the importance of workplace safety and customer service.

DSPS 275

**Paying Bills**

A quick-paced course designed to provide students with disabilities with basic money management skills including use of an ATM and bill paying.

DSPS 280

**Landing a Job**

This course is designed to introduce students with disabilities to filling out and submitting both written and online job applications. This course will also introduce students to effective job interview preparation, technique and attire.

DSPS 285

**Budgeting for Apartment Living**

A quick-paced course designed to provide students with disabilities with money management skills for employed students living in their own apartment.

**Early Childhood Education**

**Early Childhood Education Program**

**Program #24404**

This program is designed to train individuals for teacher and caregiver positions in licensed, proprietary infant/toddler/preschool/child daycare center. Curriculum is approved by the State Department of Community Care Licensing. *(There are five required courses, and student must choose two of seven electives.)*

<b>Core Courses</b>	<b>Hours</b>
ECE 170 Introduction to Curriculum for ECE	36
ECE 108 ECE Program Principles and Practice	60
ECE 140 Early Childhood Development	36
ECE 136 Family Community Relationships	36
ECE 100 Child Health and Safety	36
<b>Total Program Hours</b>	<b>204</b>

**Elective Courses (Must choose two of seven electives)**

ECE 112 Language Arts and Literacy in ECE	36
ECE 132 Program Creative Experience	36
ECE 130 Program Science & Math	36
ECE 116 Program Music & Movement	36
ECE 175 Infant-Toddler Care	60
ECE 165 Children with Special Needs	36
ABE 105 SCE Learning Center	36
<b>Total Program Hours</b>	<b>72</b>

<b>Total Program Hours</b>	<b>276</b>
----------------------------	------------

ABE 105

**SCE Learning Center**

Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

ECE 100

**Child Health and Safety**

For teachers and directors of pre-schools, this course will focus on the skills and knowledge needed for developing emergency plans and responding to health and safety issues in the classroom.

ECE 108

**ECE Program Principles and Practice**

Course examines the history, basic principles, and philosophies of various types of early childhood programs, emphasizing the role of the adult and characteristics of quality programs. This course is part of a program approved by the California Department of Social Services, Community Care Licensing, for employment in private facilities only.

ECE 112

**Language Arts and Literacy in Early Childhood**

This course examines the teacher's role in promoting and facilitating children's emerging literacy and language development through the use of storytelling, books, songs, flannel board stories and puppetry. This course is part of a program approved by the California Department of Social Services for employment in a private facility.

ECE 116

**Program Music & Movement**

Explores areas of music and movement appropriate to child's development through participating and experimenting.

ECE 130

**Program Science & Math**

Plan, organize and implement activities that help children develop skills, appreciation and enthusiasm for science and math.

ECE 132

**Program Creative Experience**

Student awareness and application of materials appropriate for preschool art activities.

ECE 136

**Family Community Relationships**

Examination of the sociological relationships between family and society; institutional, racial, social, and economic factors affecting the family and the child.

ECE 140

**Early Childhood Development**

Intro to age-related child growth, development, learning characteristics, self-concept, mechanics and techniques of positive learning.

ECE 165

**Children with Special Needs**

This course offers a broad study of children with special needs and early childhood education as it relates to inclusion. This course covers federal and state laws and regulations, terminology and definitions, appropriate practices and intervention. This course is part of a program approved by Department of Social Services, Community Care Licensing.

ECE 170

**Introduction to Curriculum for Early Childhood Education**

*Prerequisite: ECE 140 Early Childhood Development.* This course provides the foundation for curriculum planning, implementation, observation, assessment and evaluation. Emphasis includes modalities, learning styles, environments, activities, schedules, routines and adaptations to facilitate learning for all children. This course is part of a program approved by the California Department of Social Services for employment in private facilities.

ECE 175

**Infant-Toddler Care**

This course explores the theories, principles and practices of an infant/toddler program. Content includes respectful, responsive care giving, licensing and regulation issues, and enriching, safe, healthy developmentally appropriate environments. This course is part of a program approved by the California Department of Social Services for employment in private facilities.

**Electronics**

**Electronics - Consumer and Computer Program Program #24405**

This program will prepare students to work in an entry-level position in a small electronics business assisting in the repair and/or sales of electronic equipment including home entertainment equipment and computers.

Core Courses			Hours
ELET 100	Basic Electronics for Video, Audio and Computer		48
ELET 112	Electronic Service Technology		48
ELET 116	Personal Computer Repair, Beginning		48
<b>Total Program Hours</b>			<b>144</b>

ELET 100

**Basic Electronics for Video, Audio and Computer**

This course offers the fundamentals of basic electronics, including electronics theory with a focus on analog electronics. Students receive practical lab experience to understand and troubleshoot circuits. This course is a starting point for students preparing for a career as an electronic technician.

ELET 112

**Electronic Service Technology**

Prerequisite: Basic electronic knowledge. Course reviews AC/DC theory and basic electronic circuits. Learn to use electronic test equipment and hook up home entertainment equipment. Proceed with testing, troubleshooting and preventive maintenance for radio, TV, VCR, microwave and DVD/CD player. Purchase of small electronic kit as specified by instructor required. Basic knowledge of electronics recommended.

ELET 116

**Personal Computer Repair, Beginning**

Covers the fundamentals of computer repair and maintenance through the study of theory, terminology, troubleshooting of IBM compatible personal computers and hands-on training.

**English as a Second Language**

**ESL Academic Success Program #24293**

The ESL Academic Success Program is a fully-integrated program that bridges ESL classes with college, high school, the GED, and vocational training programs. The goal is to prepare students to function successfully in a variety of academic settings. The program will offer high-level ESL courses as well as student services including but not limited to counselor-led workshops, assistance with college application, and field trips.

The students will learn how to take notes, build vocabulary, write research papers, and participate in academic discussions. The basics of time and stress management, financial aid, and college orientation are embedded in the course outlines and presented in the workshops.

<b>Core Courses</b>	<b>Hours</b>
ESLA 1040 Listening/Speaking for Academic Success	144
ESLA 1045 Reading/Writing for Academic Success	144
<b>Total Program Hours</b>	<b>288</b>

ESLA 1040

**Listening/Speaking for Academic Success**

Learn how to listen to and take lecture notes; participate in classroom discussions; give presentations; and take exams in college, career technical education, high school, and GED programs. Acquire technological skills necessary for academic success. Experience campus life through field trips to local colleges. For Intermediate High thru Advanced level students.

ESLA 1045

**Reading/Writing for Academic Success**

Acquire reading, writing, note-taking, test-taking, critical thinking, and computer skills necessary for academic success in college, high school, GED, or career technical education programs. Learn American cultural norms in the classroom. Participate in campus life through field trips to local colleges. For Intermediate High through Advanced level students.

**ESL Beginning**

**Program #24211**

ESL Beginning is an articulated sequence of courses designed to equip students with the basic language and cultural proficiencies required for fulfillment of personal, vocational, and academic goals. The courses integrate language acquisition (linguistic competence) with relevant life experiences (sociolinguistic competence) stressing the importance of critical thinking, problem solving, and self-sufficiency including learning strategies, i.e. how to learn on your own outside of class (strategic competence). The sequence is articulated in terms of progressing levels of language skills and informational content. Vocational skills for the ESL Beginning sequence include handling basic routine work situations that combine oral directions and demonstration. Academic skills include getting limited meaning from printed materials and generating basic short sentences.

<b>Core Courses</b>	<b>Hours</b>
ESLA 120 Family Literacy	72
ESLA 001 ESL Learning Center	40
ESLA 100 ESL Beginning Literacy	120
ESLA 200 ESL Beginning Low	120
ESLA 300 ESL Beginning High	120
<b>Total Core Hours</b>	<b>472</b>

<b>Elective Courses</b>	<b>Hours</b>
ABE 105 SCE Learning Center	36
<b>Total Elective Hours</b>	<b>36</b>

**Total Program Hours 508**

ABE 105

**SCE Learning Center**

Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

ESLA 001

**ESL Learning Center**

The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction.

ESLA 100

**ESL Beginning Literacy**

This course is designed for language learners who possess limited or no proficiency in English. It develops students' ability to recognize basic language functions and forms. Students will also practice basic penmanship.

ESLA 120

**Family Literacy**

The course focuses on incorporating reading and literacy as a fundamental component of a healthy, well-functioning family. The family-oriented assignments integrate school and home.

ESLA 200

**ESL Beginning Low**

The course content integrates language functions and forms with informational sources, skills, and topics. Topics may be general or vocational, such as personal identification, weather, money, job titles, following simple instructions. Among informational sources the topics may include: lists, signs, schedules, calendars and advertisements.

ESLA 300

**ESL Beginning High**

The course integrates language functions and language forms with informational sources, skills and topics such as housing, transportation, emergencies, health, job skills, and job safety.

**ESL Intermediate / Advanced Program #24179**

ESL Intermediate/Advanced is an articulated sequence of courses designed to equip students with the high-level language and cultural proficiencies for fulfillment of personal, vocational, and academic goals. The courses integrate language acquisition (linguistic competence), relevant life experiences (sociolinguistic competence), critical thinking, and, learning strategies, i.e. time management and basics of research (strategic competence).

The sequence is articulated in terms of progressing levels of language skills and informational content. Upon exit, students will have the ability to use English to meet social, academic, and vocational demands of the society. They will function effectively in situations that require interaction with the public and following written instructions in technical work manuals, and will have sufficient language skills to enter higher educational institutions: community colleges and technical schools.

<b>Core Courses</b>		<b>Hours</b>

Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction.

ESLA 400

**ESL Intermediate Low**

The course integrates language functions and language forms with informational sources, skills and topics such as housing, transportation, emergencies, and health, job skills and job safety.

ESLA 500

**ESL Intermediate High**

The course integrates language functions and language forms with informational sources. Students will improve their proficiency by acquiring new vocabulary related to specific topics and by learning appropriate grammatical structures.

ESLA 600

**ESL Advanced**

This course integrates language functions and forms with informational sources and topics. Students will improve their proficiency by acquiring new vocabulary related to specific topics relevant to students' lives and experiences. Language skills such as listening and reading comprehension, speaking and writing are incorporated in the class activities.

**ESL Oral Communication Skills**

**Program #24062**

The goal of this sequence of courses is to develop students' receptive language skills of listening and productive skills of speaking to communicate effectively in a variety of contexts, including academic and vocational. The pronunciation instruction focuses on intelligibility so that students can meet communication demands of a particular job or academic program. Communication strategies include ability to adjust one's speech to be understood and ability to sustain formal and informal conversations on practical, academic, and social topics.

Students will use acquired skills in the context of theatrical performance and oral interpretation in pre-academic setting. This includes knowledge of specific terminology, comprehending short lectures, interpreting a play, and building social skills and confidence necessary for public speaking.

By completing the Drama for Communication or Reading Out Loud course, students may earn credits towards obtaining a High School Diploma.

<b>Core Courses</b>		<b>Hours</b>
ESLA 802	ESL Pronunciation/Conversation Skills	33
ESLA 809	American Idioms	36
ESLA 814	Intermediate Vocabulary Review	18
ESLA 805	Drama for Communication	90
<b>Total Program Hours</b>		<b>177</b>

ESLA 802

**ESL Pronunciation/Conversation Skills**

This course is designed for intermediate to advanced ESL learners to improve conversation and pronunciation skills in English. It is recommended that participants have English language skills at a Beginning High level.

ESLA 805

**Drama for Communication**

This ESL course builds students' reading, speaking, and pronunciation skills in the context of theatrical performances. Students will examine human experiences and cultural norms through imagined roles and expand creative thinking. Students will learn history and terminology of the performing arts and build social skills and confidence necessary for public speaking.

ESLA 809

**American Idioms**

Students will become familiar with common American English idioms, their meanings and uses and demonstrate the application of idioms to everyday situations. In addition, students will learn the skills of deducing the meaning of the new vocabulary from context and become more comfortable sharing their opinions and experiences while practicing the target idioms.

ESLA 814

**Intermediate Vocabulary Review**

Students will review, expand, and retain vocabulary words and phrases organized by commonly used topics. Students will work on using approximately twenty-five practical target words per class in oral and written exercises. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels.

**ESL Work Readiness**

**Program #24063**

ESL Work Readiness sequence of courses is offered before employment and focuses on developing SCANS - language and technology literacy skills needed to obtain employment. Computer skills for ESL courses focus on improving language skills through computer applications tasks using MS Office Suite, online resources, and presentation programs. The sequence of courses ends with the Intermediate/Advanced Work Skills course focusing on managing resources, developing interpersonal skills, as well as understanding and improving systems.

This sequence of courses develops foundation skills needed for successful employment, such as, basic language and math skills, thinking creatively, making responsibility, self-esteem, sociability, self-management, and integrity.

<b>Core Courses</b>		<b>Hours</b>
ESLA 801	Computer Skills for ESL, Beginning	36
ESLA 815	Computer Skills for ESL, Advanced	36
ESLA 808	ESL Intermediate/Advanced Work Skills	36
<b>Total Program Hours</b>		<b>108</b>

ESLA 801

**Computer Skills for ESL, Beginning**

The course introduces ESL students to hands-on exploration and use of current Microsoft Windows programs. Students will learn basic computer parts, keyboarding, and the basics of MS Word, PowerPoint, Print Shop, and Excel. Emphasis is on building confidence in computer use to improve English skills in grammar, vocabulary, writing, speaking, pronunciation, and reading.

ESLA 808

**ESL Intermediate/Advanced Work Skills**

This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

ESLA 815

**Computer Skills for ESL, Advanced**

Students will enhance their English language skills through challenging computer application tasks using MS Word, PowerPoint, Print Shop, Excel, the Internet, and MS Publisher. Emphasis is on building confidence in independent projects to improve English skills in grammar, vocabulary, writing, and reading. Students will be actively involved in computer projects linking the academic environment with their communities.

**ESL Written Communication Skills  
Program #24117**

The goal of this sequence is to develop students' receptive skills of reading and productive skills of writing to communicate effectively in a variety of contexts, including academic and vocational. Competency-based reading instruction includes survival literacy addressing students' day-to-day needs, document literacy needed to understand charts, tables, bills, etc., quantitative literacy containing numeric information, and prose literacy focusing on understanding extensive texts like vocational manuals, literature pieces, short academic passages, periodicals, etc.

The goal of the writing instruction is an independent writer equally successful in an academic or job-related setting. Students will use acquired skills in pre-academic setting of the ESL and the Arts course, which will include writing a research paper, an essay, and preparing a PowerPoint presentation. By completing the ESL and the Arts course, students may earn credits towards obtaining a High School Diploma.

Core Courses		Hours
ESLA 804	ESL & the Arts	36
ESLA 813	Intermediate Grammar Review	18
ESLA 810	Writing and Reading	60
<b>Total Program Hours</b>		<b>114</b>

ESLA 804

**ESL and the Arts**

This course builds students' reading comprehension, writing, and speaking skills in the context of thematic and aesthetic exploration of arts. Students will identify common artistic themes while comparing and contrasting a variety of aesthetic forms, styles, and periods. This interactive course includes visiting museums, watching performances, and listening to guest speakers.

ESLA 813

**Intermediate Grammar Review**

Students will learn to understand grammar structures in various contexts and practice using them in both oral and written communication. This class supplements core ESL courses or works as a stand-alone course. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels.

ESLA 810

**Writing and Reading**

This ESL course emphasizes reading comprehension skills while building vocabulary and critical thinking skills for students who are at an intermediate level or high. In addition, the writing component is designed to acquaint students with writing skills required to develop college-level writing techniques by focusing on prewriting, outlining, drafting, revising and editing.

**Workplace Vocational English as a Second Language:  
Administrative Assistant  
Program #24115**

This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the occupational training as well as the students pursuing a career of an Administrative Assistant. The goal is to prepare students to function successfully in academic or workplace setting by introducing them to the field terminology and job-related language skills. Special emphasis is on business writing skills, oral communication strategies, and conflict resolution techniques.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving system.

Core Courses		Hours
ESLA 1030	Vocational ESL: Administrative Assistant	36
ESLA 808	ESL Intermediate/Advanced Work Skills	36
<b>Total Program Hours</b>		<b>72</b>

ESLA 808

**ESL Intermediate/Advanced Work Skills**

This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

ESLA 1030

**Vocational English as a Second Language:  
Administrative Assistant**

This ESL course provides students with necessary language skills to succeed in the vocational administrative assistant programs, thereby bridging the gap between standard ESL and VESL coursework. The course also focuses on preparing students to interact in real-life office situations.

**Workplace Vocational English as a Second Language:  
Early Childhood Education  
Program #24292**

This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the ECE programs as well as the students who have completed the occupational training and pursuing a career of a preschool instructor. The goal is to prepare students to function successfully in the ECE academic or workplace setting by introducing students to the field terminology and building effective oral and written communication strategies in real-life situations.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving systems.

ESLA 808

**ESL Intermediate/Advanced Work Skills**

This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

ESLA 995

**Vocational English-as-a-Second Language: Electricity and Construction**

The course focuses on improving communicative competence within real-life situations related to working with electricity and general construction. Students will gain confidence as they improve their ability to communicate effectively while on the job.

**Workplace Vocational English as a Second Language:  
Pharmacy Technician  
Program #24163**

This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the occupational training as well as the students pursuing a career of a Pharmacy Technician. The goal is to prepare students to function successfully in academic or workplace setting by introducing students to the field terminology, job-related math skills, basic safety rules, and building effective oral and written communication strategies in real-life situations. Special emphasis is made on accent-reduction techniques.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving system.

Core Courses	Hours

ESLA 808

**ESL Intermediate/Advanced Work Skills**

This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

ESLA 1025

**Vocational English as a Second Language: Pharmacy Technician**

This ESL course covers basic English communication skills in a pharmacy setting for students who are at an intermediate ESL level or higher. Students will practice typical in-person and phone conversations with pharmacy customers and co-workers.

**Funeral Service**

**Funeral Service Assistant Certificate Program  
Program #33698**

This program serves as an introduction to the theoretical and practical knowledge required for professional licensure. It will help individuals determine their level of interest in the funeral service industry and in more formal vocational training in Mortuary Science. This program will prepare students for an entry-level position as a Funeral Service Assistant. The program consists of a sequence of courses that prepares students with the knowledge and skills needed to perform the tasks of a funeral service assistant such as placing casket in parlor or chapel prior to service; arranging floral offerings or lights around casket; directing or escorting mourners; closing casket; and issuing and storing funeral equipment. It is not intended as a substitute for the Associate in Science – Mortuary Science program, licensing or certification requirements, which include an apprenticeship, but would provide students a more realistic expectation of the rigors of funeral service practice that will lead to employment as a Funeral Service Assistant and/or a pathway to the Cypress College Mortuary Science Associate in Science degree program.

Core Courses	Hours
MEOC 210 Introduction to Computers for Health Care Workers	48
FSRV 100 Introduction to Funeral Service Practice	60
FSRV 110 Communication Skills for the Funeral Assistant	60
FSRV 125 Funeral Service Practices and Procedures I	60
FSRV 120 Funeral Service Operations	60
FSRV 126 Funeral Service Practices and Procedures II	60
<b>Total Program Hours</b>	<b>348</b>

FSRV 100

**Introduction to Funeral Service Practice**

This course is an introduction to the funeral service profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, funeral service settings, mortuary law, and communication skills.

FSRV 110

**Communication Skills for the Funeral Assistant**

This class will prepare the student to provide support to client families in grief, bereavement, and mourning, and communicate effectively with the public. Topics include an exploration of cultural differences in grief and funeralization practices, as well as the diversity of religious beliefs impacting disposition options.

FSRV 120

**Funeral Service Operations**

This course introduces students to funeral service practices and procedures in preparation for entry-level positions in the funeral home. These include funeral service assistant, receptionist, mortuary representative, transfer personnel, funeral director assistant, and pre-need salesperson. Students review historical funeral service practices, funeral service price lists, and service arrangements.

FSRV 125

**Funeral Service Practices and Procedures I**

This course introduces students to the sociology of funeral service practice. It is designed to develop the necessary skills for arranging religious funeral ceremonies, conducting funeral and memorial services, and assisting in the disposition of human remains including cremation and scattering. Funeral service merchandise options are also covered.

FSRV 126

**Funeral Service Practices and Procedures II**

This course provides students with experience related to administrative and managerial funeral directing. Students will explore the necessary skills required to operate within the funeral home, including advertising and public relations, marketing and merchandising, and compliance with applicable laws, rules, and regulations.

MEOC 210

**Introduction of Computers for Health Care Workers Image**

*Prerequisite: COMP 685 Beginning Keyboarding or Typing 30 words per minute.* This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care.

MEDO 115

**Medical Assisting: Front Office Procedures**

*Prerequisite: MEDO 260 Introduction of Medical Assisting and COMP 685 Beginning Keyboarding.* This course introduces students to medical office procedures in preparation for entry-level positions in the front office or reception area of a medical facility. These include medical data entry. Students review reception techniques, patient records and insurance forms. Keyboarding experience advised.

MEDO 235

**Medical Assisting: Back Office Procedures I**

*Prerequisite: MEOC 104 Medical Terminology and MEDO 260 Introduction to Medical Assisting.* This course introduces students to the back office, clinical duties of the medical assistant. It is designed to develop the necessary skills for performing exam room procedures, including medical asepsis and infection control; patient intake; vital signs; and assisting with physical examination. Specialty exams and electrocardiograph procedure are also covered.

MEDO 240

**Medical Assisting: Back Office Procedures II**

*Prerequisite: MEOC 104 Medical Terminology and MEDO 235 Medical Assisting Back Office I.* This course develops the necessary skills for the back office. Students review assisting physicians with minor surgical procedures, pharmacology, laboratory procedures, nutrition, patient education, diagnostic imaging, and urgent care and emergency procedures.

MEDO 260

**Introduction to Medical Assisting**

This course is an introduction to the medical assisting profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, health care settings, medical law, and therapeutic communication skills.

MEOC 104

**Medical Terminology**

Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics.

MEOC 112

**Medical Insurance Billing - A Practical Approach to Medical Billing**

*Prerequisite: COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.* An overview of outpatient medical insurance billing in preparing students for entry-level positions. Students review theory and practice data entry for private, Blue Cross/BlueShield, Medicare, Medicaid/Medi-Cal, TRICARE/CHAMPUS and workers' compensation billing. CPT and ICD-9 coding covered. Medical billing software utilized in computer lab. Keyboarding experience advised.

**Medical**

**Medical Assisting Program Program #30422**

This program will prepare students for an entry-level position as a medical assistant in a front office (administrative) and back office (clinical setting). The program consists of a sequence of courses that prepares students with the knowledge and skills needed to perform the tasks of a medical assistant in keeping the offices of physicians, podiatrist, chiropractors, and other health practitioners running smoothly.

Core Courses	Hours
MEDO 260 Introduction to Medical Assisting	48

*Prerequisite: COMP 685 Beginning Keyboarding or Typing 30 words per minute.* This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. (Apportionment)

**Pharmacy Technician Program Program #24219**

This program prepares students for an entry-level position as a pharmacy technician at a community and institutional pharmacy. The certificate program exceeds the State Board of Pharmacy's registration requirements and meets American Society of Health-System Pharmacists (ASHP) accreditation standard.

Core Courses	Hours
MEOC 130 Introduction to Pharmacy Technician	60
MEOC 104 Medical Terminology	48
MEOC 140 Pharmaceutical Mathematics	36
MEDO 230 Pharmacy Operations Lab	36
MEOC 121 Pharmacology I	36
MEOC 122 Pharmacology II	36
MEOC 135 Human Relations for Healthcare Workers	36
MEDO 220 Out-Patient Lab: Pharmacy Technician	48
MEDO 221 In-Patient Lab: Pharmacy Technician	48
MEDO 317 Out-Patient Externship of the Pharmacy Technician	24
MEDO 316 In-Patient Externship of the Pharmacy Technician	24
<b>Total Program Hours</b>	<b>432</b>

MEDO 220

**Out-Patient Lab for the Pharmacy Technician**

*Prerequisite: MEDO 230 Pharmacy Operations Lab; MEOC 104 Medical Terminology (or MEOC 110 Medical Terminology II); MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.* The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an out-patient pharmacy and begin working with minimal additional training.

MEDO 221

**In-Patient Lab for the Pharmacy Technician**

*Prerequisite: MEDO 230 Pharmacy Operations Lab; MEOC 104 Medical Terminology (or MEOC 110 Medical Terminology II); MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.* The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training.

MEDO 230

**Pharmacy Operations Lab**

*Prerequisite: MEOC 130 Introduction to Pharmacy Technician and Keyboarding score of 30 or above or passing grade in COMP 685 - Beginning Keyboarding.* This course introduces students to the operations of a pharmacy. It provides them with a working knowledge of the structural, functional, business and inter-relational aspect of pharmacy as part of the health care system. Through hands-on instruction, students develop the entry-level skills needed to assist in a pharmacy operation.

MEDO 316

**In-Patient Externship for the Pharmacy Technician**

*Prerequisite: MEDO/220 Out-Patient Lab: Pharmacy Technician; MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab Pharmacy Technician.* This course is designed to provide pharmacy technician students with field experience in an in-patient pharmacy setting. It requires weekly class meetings plus 200 hours of externship in an approved and contracted pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (*Apportionment*)

MEDO 317

**Out-Patient Externship for the Pharmacy Technician**

*Prerequisite: MEDO/220 Out-Patient Lab: Pharmacy Technician; MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab: Pharmacy Technician.* This course is designed to provide pharmacy technician students with field experience in an out-patient/retail pharmacy setting. It requires weekly class meetings plus 120 hours of externship in an approved pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (*Apportionment*)

MEOC 104

**Medical Terminology**

Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics.

EOC 121

**Pharmacology I**

*Prerequisite: MEOC 104 Medical Terminology.* Bring original certificate to first class. Equips students with the necessary beginning theoretical knowledge. Includes categorizing, differentiating between drug classifications and inventorying. Provides a basic knowledge and understanding of drug effects on the body.

MEOC 122

**Pharmacology II**

*Prerequisite: MEOC 104 Medical Terminology.* Bring original certificate to first class. Provides a continuation of theoretical knowledge acquired in Pharmacology I. Includes categorizing, inventorying and differentiating between drug classifications. Equips students with an advanced knowledge and understanding of drug effects on the body.

MEOC 130

**Introduction to Pharmacy Technician**

Course orients students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician.

MEOC 135

**Human Relations for Healthcare Workers**

Covers basic communications skills with emphasis on health care. Includes non-verbal communication, group communication, conflict resolution, ethics in health communication, and elements of intercultural communication, resume writing, job application and interviewing techniques.

MEOC 140

**Pharmaceutical Mathematics**

A review of basic mathematics focusing on its application to common pharmaceutical calculations, abbreviations and units; how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge.

**Pharmacy Technician Registration Program  
Program #32816**

This program prepares students for an entry-level position as a pharmacy technician at a community and institutional pharmacy. The certificate program exceeds the State Board of Pharmacy's registration requirements.

MEOC 140

**Pharmaceutical Mathematics**

A review of basic mathematics focusing on its application to common pharmaceutical calculations, abbreviations and units; how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge.

**Quality Assurance Management Certificate for Medical Devices**

**Program #24128**

Students who complete the Certificate will be prepared to obtain an entry-level position in quality assurance within the medical device industry. Topics covered include regulatory agencies and laws pertaining to the medical device industry; introduction to the medical device industry and trends in the field; document control and database management; quality assurance concepts for medical device manufacturing; technical writing; the quality audit process; and employability skills. Upon successful program completion, students will have the skills required of positions in the medical device industry such as quality assurance specialist, quality compliance specialist and quality systems auditor. This certificate will also benefit incumbent workers seeking promotional opportunities within the industry.

<b>Core Courses</b>	<b>Hours</b>
BMGR 645 Introduction to Medical Device Quality Assurance	36
BMGR 648 Regulatory Affairs for Medical Devices	36
BMGR 651 Document and Database Management for Medical Devices	36
BMGR 654 Quality Assurance for Medical Devices	36
BMGR 657 Technical Writing for Bio-Medical Industries	36
BMGR 660 Quality Auditing for Medical Devices	36
<b>Total Program Hours</b>	<b>216</b>

BMGR 645  
**Introduction to Medical Device Quality Assurance**  
 This course introduces students to the medical device industry in preparation for an entry-level position as a Quality Assurance Specialist. Learn about the industry's size and scope, current trends, and the wide range of products used in a variety of healthcare settings. Industry job resources are also covered.

BMGR 648  
**Regulatory Affairs for Medical Devices**  
 Course will provide students with an in-depth understanding the regulations and regulatory agencies that are specific to the medical devices industry. The course will cover U.S. and European Union (EU) regulations as well as other related agencies. Includes laws governing the development, manufacturing and approval of medical devices.

BMGR 651  
**Document and Database Management for Medical Devices**  
 An overview of regulatory requirements for document control and database management for the medical device field. Covers the fundamentals of writing documents that meet regulatory compliance. Equips students for handling document management systems efficiently.

BMGR 654  
**Quality Assurance for Medical Devices**  
 This course provides students with an in-depth definition of quality assurance and its role with medical devices. The course covers the responsibilities of assurance during the manufacturing and production of a product. Topics will include management responsibilities, process controls, and other subjects providing an overall understanding of quality assurance.

BMGR 657  
**Technical Writing for Bio-Medical Industries**  
 This course will provide students with an overview and understanding of technical writing for the bio-medical industry. The course will cover principle writing methodologies for quality assurance, engineering, manufacturing, and production of a medical device product. Topics will address documentation as related to FDA mandated requirements, ISO standards and for writing GMP procedures.

BMGR 660  
**Quality Auditing for Medical Devices**  
 This course presents the principles and techniques for assessing the adequacy of a quality system for a medical device manufacturer. Coverage includes evaluating the quality system as it conforms to FDA regulatory requirements, standards, review of standard audit terms and other audit concepts.

## North Orange Continuing Education High School Diploma Program

This program is designed for adults who return to complete the requirements for a high school diploma. Upon completion of these courses, the student will be able to demonstrate a level of competency for each academic subject studied. Acquisition of a high school diploma will lead to improved employability and preparation for entry into college.

Total All Required Core High School Credits:	110
Total All Electives High School Credits:	50
<b>Total All Core and Elective High School Credits:</b>	<b>160</b>

### Mathematics Credits

Core Courses (Minimum Core Required Credits - 20)		
IHSS 116	High School General Math	1 - 10
IHSS 118	High School Algebra 1	1 - 10
IHSS 119	High School Geometry	1 - 10
IHSS 846	High School Algebra 1A	5
IHSS 847	High School Algebra 1B	5
Elective - Mathematics		
IHSS 116	High School General Math	1 - 10
IHSS 118	High School Algebra 1	1 - 10
IHSS 119	High School Geometry	1 - 10
IHSS 846	High School Algebra 1A	5
IHSS 847	High School Algebra 1B	5

IHSS 100 Credits: 1 - 10

**High School English 1**

This course is an individualized, self-paced study in the basics of English language arts, including vocabulary development, grammar, reading comprehension, and writing strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 101 Credits: 1 - 10

**High School English 2**

This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 102 Credits: 1 - 10

**High School English 3**

This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 103 Credits: 1 - 10

**High School English 4**

This course is an individualized, self-paced study in English language arts, including vocabulary, grammar usage, advanced reading in literature and composition skills. This course is offered for SCE high school diploma credit. *(Apportionment)*

IHSS 105 Credits: 1 - 10

**High School Writing Skills**

Writing strategies are presented through individualized, self-paced modules in personal compositions and business letters. Techniques in structure, style and business correspondence are covered. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 106 Credits: 1 - 10

**High School US History**

This United States history course covers the lives of America's people and aspects of their cultures, from early exploration through the beginning of the twenty-first century. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 107 Credits: 1 - 5

**High School US Government**

This course is an individualized, self-paced study of U.S. government. It will cover the Constitution, the roles of the federal, state and local government, and modern economic and political systems. This course is used for SCE High School Diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same completion of this course. *(Apportionment)*

IHSS 109 Credits: 1 - 10

**High School World History**

This course presents the history of the world's people and major cultures from early times to the present. This course is offered for the SCE high school diploma and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 110 Credits: 1 - 10

**High School World Geography**

This geography course surveys all the major regions of the world, explores processes that shape the Earth and relationships between people and environments. This course is offered for SCE diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 111 Credits: 1 - 5

**High School Economics**

This course explores the changing economic climate in the United States and globally. Economic systems, development and problems that affect daily life are covered. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 113 Credits: 1 - 5

**High School Mass Media**

This mass media course covers various forms of communications including television, advertising, print materials, and electronic media. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 114 Credits: 1 - 10

**High School Film Appreciation**

This course is an individualized, self-paced study of film appreciation. Topics covered include film genres, directing and critique. This course is used for SCE High School Diploma credit. *(Apportionment)*

IHSS 116 Credits: 1 - 10

**High School General Math**

This course presents activities to help the student with basic arithmetic skills, real-life applications, and problem-solving techniques. The units of study include a review of whole number operations, and basic functions of fractions, decimals, percents, measurements, algebra and geometry. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 117 Credits: 1 - 10

**High School Vocational Math**

This course develops mathematical problem solving skills for occupational areas and everyday situations. Problems are given for payroll, retail business, manufacturing, mechanics, construction, inventory, health, and personal finance. Topics include formulas, basic algebra, proportions, percents, basic geometry, and measurements. This course is offered for SCE high school diploma credit. *(Apportionment)*

IHSS 118 Credits: 1 - 10

**High School Algebra 1**

This course covers basic algebra concepts including an introduction to variables, equations, factoring, an introduction to variables, equations, factoring, formulas and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 119 Credits: 1 - 10

**High School Geometry**

This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned towards the completion of this course. *(Apportionment)*

IHSS 120 Credits: 1 - 10

**High School Life Science**

This course is an individualized, self-paced study of Life Science. This course covers scientific methods, classification and body systems. This course is used for SCE High School Diploma credit. *(Apportionment)*

IHSS 121 Credits: 1 - 5

**High School Earth Science**

Earth Science deals with the earth and other heavenly bodies of the universe. Students learn the various characteristics that make Earth unique in the solar system. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 122 Credits: 1 - 5

**High School Physical Science**

Physical Science explores matter and its properties, motion, heat, energy, sound and light, as well as electricity and magnetism. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 123 Credits: 1 - 10

**High School Biology**

This biology course is an individualized, self-paced study of living things including classification, survival, reproduction, growth, and development. Other topics explore ecological cycles, behaviors and evolution. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 124 Credits: 1 - 10

**High School Health**

This class is designed to give students an understanding of various facets of physical, mental, and social well being. The student will gain knowledge to promote wellness, identify causes of health problems and ways to prevent them. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 127 Credits: 1 - 10

**High School Computer Literacy**

Students will learn the basics of Windows, Internet browsing, keyboarding, email, course management systems and the modern office environment. *(Apportionment)*

IHSS 153 Credits: 1 - 10  
**High School General Science**  
 General Science covers physical, Earth, and life science. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 163 Credits: 1 - 10  
**High School Composition**  
 This course provides writing strategies that include basic sentence structure, a review of grammar and mechanics, paragraph formation and essay composition skills. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 167 Credits: 1 - 5  
**High School English Basic Skills**  
 Basic English skills are presented in this self-paced course. This introductory course includes workbook activities to improve skills in spelling, capitalization, punctuation, and reading. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 170 Credits: 1 - 10  
**High School Grammar**  
 This course covers a variety of English language skills in a flexible format suitable for individualized, self-paced coursework. The topics covered include grammar, usage, writing mechanics and composition strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 173 Credits: 1 - 10  
**High School Novels**  
 This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 174 Credits: 1 - 10  
**High School Literature**  
 This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. Literary options include poetry, short stories, essays and complete novels. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 177 Credits: 1 - 10  
**High School Reading**  
 This developmental reading course represents many options to build skills in reading comprehension, vocabulary, and critical thinking. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. *(Apportionment)*

IHSS 181 Credits: 1 - 5  
**High School Short Stories**  
 This course introduces a variety of short stories through self-paced reading activities. Through guided reading activities, students explore character development, plot and author's purpose. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned for the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 183 Credits: 1 - 10  
**High School Vocabulary**  
 This course covers grade-level vocabulary development and is offered for the SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 190 Credits: 1 - 5  
**High School Literacy Skills I**  
 This course is designed to develop vocabulary, decoding, reading comprehension and critical thinking skills. This course will be used for High School Diploma Credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title 5, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 191 Credits: 1 - 5  
**High School Literacy Skills II**  
 This course is designed to advance vocabulary, decoding, reading comprehension and critical thinking skills. This course will be used for High School Diploma credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title 5, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 300 Credit: 1  
**Transitioning to College**  
 This course is designed to help SCE High School Diploma Program and ESL Academic Success students successfully transition to a college campus. Topics presented will include identifying academic goals, designing an educational plan, utilizing the college processes (registration, financial aid, learning resources), and graduation. This course will include campus tours of several student resource centers. *(Apportionment)*

IHSS 500 Credits: 1 - 10

**High School Language Arts I**

This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 501 Credits: 1 - 10

**High School Language Arts II**

This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format using lecture-style instruction. *(Apportionment)*

IHSS 660 Credits: 1 - 5

**High School Psychology**

This psychology course explores the connections of human thought, behavior and development. It emphasizes the importance of these relationships to learning, personality, health, and society. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 846 Credit: 5

**High School Algebra 1A**

This course covers basic algebra including variables, equations, positive and negative integers, formulas, polynomials, and factoring. This course is offered for SCE high school diploma credits to satisfy graduation requirements. *(Apportionment)*

IHSS 847 Credit: 5

**High School Algebra 1B**

This course covers basic algebra concepts including graphing, equations with two variables, fractions, decimals, percents, squares, square roots and quadratic equations. This course is offered for SCE high school diploma credits to satisfy graduation requirements. *(Apportionment)*

IHSS 990

**High School Assessment**

Orientation to the SCE High School Diploma Program and overview of educational options. Includes assessing skills for the program and review of students support services. *(Orientation)*

IHSS 991 Credits: 1 - 10

**High School Business Law**

This course is an individualized, self-paced study of Business Law. Topics include contracts, insurance, and laws related to consumer and employment regulations. This course is used for SCE High School Diploma credit. *(Apportionment)*

IHSS 992 Credits: 1 - 5

**High School Art History - Artists and their Work**

This course will explore art movements from the Italian Renaissance to American painters and sculptors of the twentieth century. Students will discover why some artists and their artwork retain prominence. They will be given the opportunity to expand their knowledge on a variety of art forms. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 993 Credits: 1 - 5

**High School Elements and Principles of Design**

This course is an individualized, self-paced study of art and how people from other cultures and times have used a common visual language to express their own unique perspective. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 994 Credits: 1 - 10

**High School Academic Success**

This study skills course provides reading and writing activities to help a student master the thinking, planning and basic skills necessary to achieve academic success in school and is available for credit for the SCE High School Diploma Program. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 995 Credits: 1 - 10

**High School American History 1**

This course covers the lives of America's people and aspects of their cultures from early exploration through the late 1800's. This course is offered for SCE high school diploma credits to satisfy graduation requirements. *(Apportionment)*

IHSS 996 Credits: 1 - 10

**High School American History 2**

This American history course covers the lives of America's people, their contributions and struggles from westward expansion in the mid 1800's, worldwide conflicts, America's social change, to the U.S. policies of the twenty-first century. This course is offered for SCE high school diploma credits to satisfy graduation requirements. *(Apportionment)*

IHSS 997

Credits: 1 - 5

**High School Reading Strategies 1**

This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include understanding the main idea, making judgments, understanding characters, drawing conclusions, and making inferences. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 998

Credits: 1 - 5

**High School Reading Strategies 2**

This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include recognizing tone, understanding literary forms, organization, significant details, and vocabulary. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 999

Credits: 1 - 5

**High School Business Writing**

This course provides individualized, self-paced modules in business correspondence, composition techniques and writing activities. Strategies include format, organization, and evaluation. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

---

## Course Descriptions

Note this publication must be prepared in advance of the time period it covers; therefore, changes in some programs and policies may occur. Courses as described are subject to change without notice, and some listed courses are not offered each year. In addition, some courses or programs that are offered may have to be canceled because of insufficient enrollment, elimination, or reduction in programs or for any other reason considered sufficient by the Provost or designee.

All courses meet the standards and criteria for noncredit courses and programs as set forth in the California Education Code Title V regulations, Section 55150 –55155

### Adult Basic Education (ABE)

ABE 105

#### **SCE Learning Center**

Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer- aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style. *(Apportionment)*

ABE 120

#### **Improving Individual Skills Lab**

For students interested in improving general and specific academic subjects at the secondary level (grades 9-12) experiencing difficulty in curriculum ranging from basic academics to college preparatory. *(Apportionment)*

ABE 240

#### **Creative Writing for Seniors**

This course for older adults teaches both beginning and experienced writers how to create shape autobiographies, fiction and non-fiction writing, and poetry into readable and publishable forms. *(Apportionment)*

ABE 405

Credits: 1 - 10

#### **GED: Mathematics**

GED mathematics prepares students to pass the math section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction is basic instruction for each student. Scope of instruction is basic computation, analytical and reasoning skills, word problems and word problems with graphics. *(Apportionment)*

ABE 410

Credits: 1 - 10

#### **GED: Reading**

GED reading prepares students to pass the reading section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction includes comprehension, fiction, nonfiction, poetry, and drama. *(Apportionment)*

ABE 415

Credits: 1 - 10

#### **GED: Science**

GED science prepares students to pass the science section of the GED test. Sciences covered are life, physical, earth and space. Students learn to analyze and apply science information. *(Apportionment)*

ABE 420

Credits: 1 - 10

#### **GED: Social Studies**

GED social studies prepares students to pass the math section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of course covers U.S. history, world history, civics and government, geography and economics. *(Apportionment)*

ABE 425

Credits: 1 - 10

#### **GED: Language Arts and Writing**

GED writing prepares students to pass the language arts and writing section of the GED test. The GED pre-test identifies needed areas of instruction for each student. This course covers the writing process, grammar usage and mechanics. *(Apportionment)*

ABE 430

#### **Literacy - Beginning**

Designed for students with very limited reading skills. The focus of this course is on decoding skills, fluency and workplace literacy. Sight words and essential word reading are covered. *(Apportionment)*

ABE 432

#### **Literacy - Intermediate**

Reading and writing preparation for the workplace or academic advancement. Emphasis on reading for information, vocabulary expansion and good communication skills. *(Apportionment)*

ABE 435

#### **Literacy - Advanced**

Reading for information and academic vocabulary. Writing skills necessary for higher education and the workplace such as essays, note taking, job applications, resumes, and business writing. *(Apportionment)*

ABE 440

#### **Writing Your Life Story for Older Adults**

This course teaches both beginning and experienced older adult writers how to write a life story in the form of memoirs-- short stories that tell of life events, people, and major turning points, expressed in vivid ways to delight readers, offer important insights, and to provide a written legacy for family and friends. *(Apportionment)*

ABE 445

#### **ASE Ed Planning**

Assessment & orientation to and for students referred to Learning Centers. Basic skills level will be reviewed with individual student per referral to support services and to assist student in successfully completing educational goal. *(Grant-Funded)*

## Arts and Crafts (ARTC)

ARTC 136

### **Cartooning & Caricaturing Made Easy**

Enter as a amateur - ....Leave as a Professional!..... Learn the easy step-by-step procedures of cartooning & caricaturing from a professional cartoonist with over 45 years experience in the field. Learn how to create people, small bodies for caricaturing, animals, backgrounds, and more including inking, lettering, use of pens, brushes, perspective, and creating professional comic strips. Let us show you how! Taught by Mel Schoenberger national & international cartoonist & caricaturist. Class is for all levels of experience. Please bring an 11x14 pad of tracing paper to the first class. A supply list will be provided. Class is for those 15 years and older. *(Fee-Based)*

ARTC 137

### **Caricaturing Made Easy**

This class will tickle you from head to toe! It's easy, it's fun and rewarding. If you can draw, you can caricature. It's amazing how fast you will learn. You will learn inking, lettering, drawing small action bodies, use of equipment, creative ideas, shadowing, etc. Join in the fun and learn professional caricaturing. Taught by an international caricature cartoonist with over 45 years experience. Bring 11 x 14 tracing paper pad, pencil and eraser to first class. Additional supply list will be provided. All levels of experience are welcomed. You must be 14 years or older. *(Fee-Based)*

ARTC 140

### **Fashion Illustration for Adults**

In this class, you will learn how to draw proportional figures, faces, gesture drawings, and flats of garments. Along with how to draw collars, blouses, skirts, pants, hats, and accessories. Students will learn to illustrate fashion figures using watercolors, colored pencils, markers, pen, etc. *(Fee-Based)*

ARTC 141

### **Fashion Illustration II for Adults**

Advanced level of Fashion Illustration. Learn to complete group figures with a theme. Illustrate different textures of fabric. Also create accessory and shoe illustrations and flats of garments. Recommend Fashion Illustration I prior to this class. *(Fee-Based)*

ARTC 145

### **Costume Illustration and History of Fashion for Adults I**

Learn the history of fashion then illustrate costumes and accessories using watercolors, markers, colored pencils and more. (same supplies as Fashion I and II) *(Fee-Based)*

ARTC 160

### **Painting**

Students will develop the skills of painting using their selected media. Students will apply and practice a creative approach to achieve an understanding of color, space, form, and composition. Beginning students will have assignments in acrylic paint. Intermediate/advanced students work independently with individual instructor guidance. Critique held each week. *(Fee-Based)*

ARTC 165

### **Drawing: Basics and Beyond**

Drawing is the foundation of all visual arts. Learn fundamentals of drawing in this exciting hands-on class. Acquire technical and perceptual skills while exploring properties of line, shape, value, perspective, and composition. All levels welcome. *(Fee-Based)*

ARTC 170

### **Essentials of Painting**

Get creative and discover the joys of expressing yourself with paint and brush. Course covers basic color theory and principles of good composition. Students will learn basic technique through structured assignments. Intermediate/advanced students may work independently with instructor guidance. Voluntary, supportive critiques given at end of each class. Materials list provided at first class meeting. *(Fee-Based)*

ARTC 173

### **Drawing Fundamentals**

Acquire the fundamental concepts and skills to visually express yourself through drawing. The course will cover drawing theory and basic skills development in contour drawing, shading and composition. Students will complete one to three drawings. Materials list given at first class meeting. All levels welcome. *(Fee-Based)*

ARTC 175

### **Drawing: Basics and Beyond**

This course will emphasize the perceptual and technical skill of manipulating drawing materials using observational and drawing methodologies. Fundamental concepts in visual problem solving strategies will be emphasized. Each term will wrap around a theme such as landscape, portraiture, light and texture, etc. *(Fee-Based)*

ARTC 180

### **Drawing for Beginners**

This drawing class covers the fundamental drawing techniques for beginning students. It also aims to inspire the more experienced students to experiment and develop their true potential of artistic talents with demonstrations and practical tips by the instructor. All levels welcome. *(Fee-Based)*

ARTC 185

### **Watercolor Painting**

This watercolor class covers the fundamental watercolor techniques for beginning students. The instructor will offer intensive and practical instruction and step-by step demonstration. In this supportive and friendly classroom environment will also inspire the more experienced students to experiment and develop their own unique form of expression. All levels welcome. *(Fee-Based)*

ARTC 190

### **Still-life Art Workshop for Teens and Adults (ages 15+)**

This course will teach students how to draw and paint still-life in three different styles. Students will explore the artwork of three prominent artists: Vincent Van Gogh, Paul Cezanne, and Wayne Thiebaud. This course is designed to teach various art techniques, art movements, painting styles, and to strengthen observation skills. Painting subjects include: flowers, fruit and desserts. *(Fee-Based)*

ARTC 200

**Nylon Fabric Flower Design I**

This course teaches students how to create chiffon/nylon stocking flowers. The students will learn how to plan and create beautiful, artistic, realistic-looking flowers for all kinds of arrangements. The materials are provided and the tools will be available to students during the course. *(Fee-Based)*

ARTC 220

**Origami 3-D Designs**

This course provides training in three-dimensional origami design. Origami is the traditional art of paper folding from Japan. The goal of the class is to transform flat sheets of paper into finished three-dimensional sculptures through traditional folding and sculpting techniques. Students will create beautiful birds, animals, baskets, and containers. *(Fee-Based)*

ARTC 225

**Pastels and More**

This class teaches students to paint with pastels and charcoal. Content includes instruction regarding color, value and pastel techniques. Compositions are student-selected, composed, and created with instruction. Beginning to advanced students are welcomed. *(Fee-Based)*

**Adult Education Block Grant (AEBG)**

AEBG 100

**Parenting with Love and Logic® - Pilot**

This course assists parents and caregivers in developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing The Love and Logic approach, this course will teach six subsets of skills that encourage home environments that stimulate responsibility, prevent misbehavior, and encourage setting healthy limits. *(Grant-Funded)*

AEBG 101

**9 Essential Skills for the Love & Logic Classroom® - Module 1**

This workshop is the first of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on neutralizing student arguing. *(Grant-Funded)*

AEBG 102

**9 Essential Skills for the Love & Logic Classroom® - Module 2**

This workshop is the second of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on delayed consequences. *(Grant-Funded)*

AEBG 103

**9 Essential Skills for the Love & Logic Classroom® - Module 3**

This workshop is the third of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on the proper use of empathy. *(Grant-Funded)*

AEBG 104

**9 Essential Skills for the Love & Logic Classroom® - Module 4**

This workshop is the fourth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on the recovery process. *(Grant-Funded)*

AEBG 105

**9 Essential Skills for the Love & Logic Classroom® - Module 5**

This workshop is the fifth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on developing positive teacher/student relationships. *(Grant-Funded)*

AEBG 106

**9 Essential Skills for the Love & Logic Classroom® - Module 6**

This workshop is the sixth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on setting limits with enforceable statements. *(Grant-Funded)*

AEBG 107

**9 Essential Skills for the Love & Logic Classroom® - Module 7**

This workshop is the seventh of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on using choices to prevent power struggles. *(Grant-Funded)*

AEBG 108

**9 Essential Skills for the Love & Logic Classroom® - Module 8**

This workshop is the eighth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on quick and easy preventative interventions. *(Grant-Funded)*

AEBG 109

**9 Essential Skills for the Love & Logic Classroom® - Module 9**

This workshop is the ninth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on guiding students to own and solve their problems. *(Grant-Funded)*

AEBG 110

**Love and Logic Parenting Children with Special Needs Needs**

This course is designed to support adults parenting or working with youth having disabilities by developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing the Love and Logic approach, this course will teach four subsets of skills that encourage home environments that stimulate positive relationship development, empathetic listening, realistic goal setting and encourage independence. The information included is intended for those already having a strong understanding of the Love and Logic approach. *(Grant-Funded)*

AEBG 121

**Medical Assistant Externship, Administrative**

This course is designed to provide Medical Assistant students with field experience in an administrative medical environment. It requires weekly class meetings of two (2) hours a week plus 96 hours of field experience in an approved medical facility. Class topics include portfolio development, job search, professionalism, workforce skills, current issues in the medical assisting field, and work performance. *(Grant-Funded)*

AEBG 122

**Medical Assistant Externship, Clinical**

This course is designed to provide Medical Assistant students with field experience in a clinical medical environment. It requires weekly class meetings of two (2) hours a week plus 96 hours of field experience in an approved medical facility. Class topics include portfolio development, job search, professionalism, workforce skills, current issues in the medical assisting field, and work performance. *(Grant-Funded)*

**Business Management (BMGR)**

BMGR 410

**Elements of Supervision**

Provides instruction in communication, problem solving, team building and leadership. Designed for managers in both public and nonprofit organizations. *(Apportionment)*

BMGR 412

**Management Skills I**

This course provides an overview of the functions of the management process and its practical applications in a business environment. The course focuses on the planning process and organizing skills, including decision-making, strategic planning, delegating and staffing. Students will learn management principles that provide basic guidelines for supervisory decisions and actions. *(Apportionment)*

BMGR 415

**Written Communications for Business**

Provides extensive hands-on experience with all types of written business communications including letters, resumes, cover letters, memos, and reports. *(Apportionment)*

BMGR 417

**Effective Business Presentations**

This course provides instruction and practice in business presentation skills. Students will learn techniques to enhance their ability to speak before any size group with more confidence and communicate their message effectively. Students are encouraged to participate in a video tape exercise for their own assessment of strengths and weaknesses. *(Apportionment)*

BMGR 421

**Successful Negotiations**

Participants will learn, practice, and perfect the skills required for achieving better outcomes in sale transactions, employment and promotion, purchasing, employee cooperation. *(Apportionment)*

BMGR 423

**Introduction to Employment Law**

This course is an introduction to the federal and California state laws governing the relationships between employers and employees. It examines the nature, purpose, and operation of these laws from the perspectives of both the employer and employee. *(Apportionment)*

BMGR 429

**Notary Public Seminar and Exam**

Learn what it takes to become a California Notary Public and fulfill the State of California mandated educational requirements at this one-day seminar. The actual Notary Public Exam will be administered by Cooperative Personnel Services (CPS) in the last hour. Please bring valid, government issued picture I.D. (i.e. driver's license or U.S. passport) and a check or money order payable to the Secretary of State for \$40 if you plan to take the exam. To request special testing accommodations, you may contact CPS at (916) 263-3624 PLEASE NOTE: you must attend a State of California approved seminar prior to being commissioned as a notary. This seminar is approved by the State of California and you will be issued a Certificate of Completion at the conclusion of the seminar. *(Fee-Based)*

BMGR 430

**Drama: Performing as an Art and a Career**

In this course students will develop and refine acting skills with the goal of securing work as a paid professional. Study includes fundamentals of performance, script analysis, characterization, acting styles, stage and camera terminology, the business of stage, film and television, union and non-union, and positive communication skills. *(Apportionment)*

BUSN 490

**Machine Shorthand Speed Building 1**

This course promotes further development of speed and accuracy in taking dictation on the steno machine. Students will develop sufficient skills to take new material dictation at 160 words per minute (wpm) through 230 wpm for one minute at 98% accuracy. This class meets the state of California licensing requirements. *(Fee-Based)*

BUSN 492

**Machine Shorthand Speed Building 2**

Advisory: Completion of Machine Shorthand Speed Building 1. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 160 words per minute (wpm) through 200 wpm for five minutes with 98% accuracy. This class meets the State of California licensing requirements. *(Fee-Based)*

BUSN 494

**Machine Shorthand Speed Building 3**

Advisory: Completion of Machine Shorthand Speed Building 2. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 180 wpm to 200 wpm for ten minutes with 98 percent accuracy. This course meets the requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on question and answer and trial testimony. *(Fee-Based)*

BUSN 496

**Machine Shorthand Speed Building 4**

Advisory: Completion of Machine Shorthand Speed Building 1, 2, or 3. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material from 160 words per minute (wpm) to 220 wpm sustained dictation with 98% accuracy. This course meets the requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on question and answer and trial testimony. *(Fee-Based)*

BUSN 500

**Auto Wholesale Home-based Business**

Supplement your income \$3,000 to \$5,000 with your DMV auto dealer license home-based business. Students will learn six to eight techniques to create profit and generate cash flow. Dealers obtain automobiles and parts at wholesale and are sales-tax exempt. They are not required to register inventory vehicles. List of 400+ dealer only auctions also included in course. DMV approved. *(Fee-Based)*

CRPL 365

**Work Experience**

This course provides career technical education students with work experience in their program of study. It covers job readiness skills that will prepare students to be effective job seekers and workers. Students are introduced to the basics of resume writing, interviewing, workplace communication and job searching. 120 Hours of fieldwork required. *(Grant-Funded)*

CRPL 370

**Job Readiness**

This course covers basic job readiness skills that will prepare students to be effective job seekers and effective workers. Students will be introduced to the basics of resume writing, interviewing, workplace communications and job searching. Students will develop a personal skills inventory, create a resume, and prepare an employment portfolio *(Grant-Funded)*

**Clothing (CC)**

CC 205

**Sewing Techniques for Beginners**

Students will learn new methods of sewing. Fundamental skills of understanding pattern directions, sewing machine use and making clothing alterations will be covered. *(Fee-Based)*

CC 206

**Basic Sewing Techniques for Beginners**

Students will learn new methods of sewing. Fundamental skills of understanding pattern directions, sewing machine use, hand stitching and making clothing alterations will be covered. *(Fee-Based)*

CC 215

**Sew What You Wish**

Using the newest sewing machine methods create garments or accessory items that fit your unique style. Projects include personal computer fashion analysis, alterations, sewing plaids and knits. *(Fee-Based)*

CC 220

**Sewing Special Occasion Outfits**

Through instructor demonstration and hands-on experience, students will be able to construct a variety of clothing items using couture techniques. The course includes wardrobe planning, a personal computer fashion analysis, alterations, fitting, and machine use. *(Fee-Based)*

CC 221

**Couture Dressmaking I : Blouses**

Through instructor demonstration and hands-on experience, students will be able to construct a classic fitted blouse using couture techniques. The course includes computer fashion analysis, alterations, fitting and sewing machine use. *(Fee-Based)*

CC 225

**Exploring Knitting and Crocheting**

Students will be introduced to hand-knit and crochet designs and techniques. Through hands-on experience they will improve their skills and learn to make attractive garments for family and friends. *(Fee-Based)*

CC 235

**Contemporary & Traditional Quilting**

This course will introduce basic steps of quilting and applique, including, fabric selection, design principles, assembly, borders and binding. Students will make projects using various quilting methods. *(Fee-Based)*

CC 236

**Contemporary & Traditional Quilting I**

Building on basic foundational skills of patchwork and applique, learning new techniques and working with tools of the trade, students will make a variety of projects. Instructions and demonstrations given in each session. *(Fee-Based)*

CC 240

**Technical and Creative Use of Serger Machines**

Learn how to thread and operate a serger while discovering creative applications for its use on various projects. Stitch formation and tension adjustments will be covered. Bring your machine or use ours. *(Fee-Based)*

CC 241

**Technical and Creative Use of Serger Machine I: Knits**

Learn how to thread and operate a serger while discovering techniques for serging with knit fabrics. Stitch formation and tension adjustments will be covered. Bring your machine or use ours. *(Fee-Based)*

CC 245

**Sew Tailored Projects that are Runway Worthy**

Enhance your image by creating garments that are sewn professionally and fit precisely. A personal computer fashion analysis, techniques for sewing faux fur, using specialty machines, proper interfacings, pressing and alterations will result in finished designer outfits at significant savings. May include men's tailoring. *(Fee-Based)*

CC 246

**Sew a Tailored Wardrobe I: Unlined Jacket**

Sew an unlined jacket that will enhance your image by creating garments that are sewn professionally and fit precisely. A personal computer fashion analysis, new techniques, proper interfacings, pressing and alterations will result in designer-like outfits and financial savings. *(Fee-Based)*

CC 250

**Fashion Design: Patternmaking**

Create and fit a personal basic pattern. Learn pattern manipulation processes to generate your own designs. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. *(Fee-Based)*

CC 260

**Needlework for Home and More I**

Needlework techniques, such as cross stitch, embroidery and applique' will be explored in depth. No previous needlework experience needed. *(Fee-Based)*

CC 263

**Needlework for Home and More II**

Needlework techniques, such as Brazilian and ribbon embroidery, and Swedish Weaving will be explored in depth. No previous needlework experience needed. *(Fee-Based)*

CC 265

**Fashion Design: Patternmaking - I**

Learn pattern manipulation processes to generate your own designs. Includes slash-spread, and pivot-transfer methods. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. *(Fee-Based)*

CC 268

**Fashion Design: Patternmaking - II**

Create and fit a personal basic pattern. Learn pattern alterations and grain line fitting. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. *(Fee-Based)*

CC 270

**Basic Sewing Techniques**

Students will learn new methods of sewing. Fundamental skills of understanding pattern directions. Sewing machine use and making clothing alterations will be covered. *(Fee-Based)*

CC 275

**Sewing Machine Techniques - Beginning**

Introduction or update basic sewing machine techniques including threading, stitch length/width adjustments. Basic seams and seam finishes demonstrated and practiced. Use of basic feet and machine maintenance included. Bring your own machine or use ours. *(Fee-Based)*

CC 280

**Sewing Machine Techniques - Intermediate**

Update intermediate sewing machine techniques. Twin needles and decorative stitches covered. Use of specialty feet and machine maintenance included. Bring your own machine or use ours. *(Fee-Based)*

CC 405

**Fashion Design: Copy Ready-to-Wear Garments I**

Create a pattern from your favorite Ready-to-Wear Garments without taking the garment apart. Bodices and dresses will be emphasized. *(Fee-Based)*

CC 406

**Fashion Design: Copy Ready-to-Wear Garments II**

Create a pattern from your favorite Ready-to-Wear Garments without taking the garment apart. Jacket, pants and skirts will be emphasized. (Tuition) *(Fee-Based)*

CC 410

**Fashion Design: Sewing Lab**

A sewing lab to allow completion of unfinished projects. Learn to use sewing notions and machine accessories to expedite completion of project. Garment fitting and alteration included. *(Fee-Based)*

CC 415

**Fashion Design: Sewing Techniques for Intermediates**

Sew a blouse or shirt. Learn to set-in sleeves, embellish fabric, sew collars, buttonholes and zippers. *(Fee-Based)*

CC 420

**Fashion Design: Fitting and Alteration-Blouse**

Custom fit and alter a basic blouse pattern. Alter a commercial pattern then fit the fabric blouse to your body curves. Learn to recognize wrinkles and folds and how to eliminate them to create a perfect fit. *(Fee-Based)*

CC 422

**Fashion Design: Sweatshirt Makeover**

This class will teach students to re-design the basic pullover sweatshirt, including re-sizing and custom-fitting. Students will also learn about restyling a cardigan, vest or jacket. Students will have the opportunity to add various design details such as new necklines, sleeve lengths, and ruffles or embroidery. *(Fee-Based)*

CC 425

**Fashion Design: Fitting and Alterations: Pants, Part 1**

This course will teach students to custom fit a commercial pants pattern. Student will complete alterations to the garments and practice pattern changes to create a variety of pant styles. *(Fee-Based)*

CC 426

**Fashion Design: Fitting and Alterations: Pants, Part 2**

This course will teach students to custom fit a commercial pants pattern. Students will also learn how to create a master pattern-sloper. They will complete alterations to the garments and practice pattern changes to create even more pant styles. *(Fee-Based)*

CC 430

**Fashion Design: T-Shirt Makeover**

This course teaches students to re-design a basic T-shirt. Resize and custom fit any purchased, commercial T-Shirt. Students will learn how to add various design details as a new neckline, adjust sleeve lengths, and adding ruffles and embroidery designs. *(Fee-Based)*

**Computer (COMP)**

COMP 100

**Introduction to Computers**

Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes. *(Apportionment)*

COMP 105

**Discover the Internet**

A hands-on overview of Internet concepts, Web browsing using Internet Explorer; email, newsgroups, FTP, netiquette, security issues, research, and more. Hands-on including on-line browsing. Recommended proficiency in: Introduction to Computers or equivalent. *(Apportionment)*

COMP 119

**Adobe Photoshop Elements**

Advisory: Knowledge of Windows. Utilize photo editing software to enhance graphic design capabilities. This class introduces tools used by professional designers in an easy to use, powerful, digital- image editing program. Textbook may be required. *(Apportionment)*

COMP 121

**Digital Photo Albums for Beginners**

Advisory: MS 104 Introduction to Windows Operating Systems and COMP 105 Discover the Internet. Learn how to import photos from various sources; organize and manage photos; perform basic editing functions of photos email photos and share albums; create slide shows and video CDs; and create cards, calendars, albums, and a photo book. Textbook may be required. *(Apportionment)*

COMP 350

**Introduction to Visual Basic for Applications (VBA) for Excel**

Advisory: MS 165 MS Excel - Power-User skills or Experience building Excel spreadsheet in response to data needs or externally delivered requirements. Learn how to create and edit Visual Basic for Applications (VBA) code without using the macro recorder. Learn how to write VBA projects using subroutines and functions. Understand how to utilize VBA's methods and properties to perform Excel work in a fast and flexible manner. *(Apportionment)*

COMP 510

**Keyboarding Mastery I**

Prerequisite: The student must be able to key 35 net words per minute (nwpm) timed writing or have completed COMP 685 Beginning Keyboarding with a pass grade. The first of two keyboarding courses designed to increase keying speed and accuracy to employment levels of 50+ nwpm. *(Apportionment)*

COMP 511

**Keyboarding Mastery II**

Prerequisite: The student must have completed COMP 510 Keyboarding Mastery I with a pass grade. The second of two keyboarding courses designed to increase and maintain keying speed and accuracy to employment levels of 50+ net words per minute (nwpm). *(Apportionment)*

COMP 620

**Securing Your PC For The Internet**

Prerequisite: Prior Windows Experience. Learn preventive techniques to secure your Windows PC from Internet threats such as viruses, spyware, and hackers. Explore different tools available to remove these threats and prevent future occurrences. *(Apportionment)*

COMP 645

**Integrated Computer Projects**

Designed for those who want to apply the knowledge they have gained from previous computer classes. See how those skills can be put to work in real world simulations! Capstone course for students who have already learned the basics of computer usage. Recommended proficiency in: Introduction to Computers, Discover the Internet, MS Office Overview or equivalent. *(Apportionment)*

COMP 650

**QuickBooks Fundamentals for the Financial Office Applications**

Teaches students the basics of using the QuickBooks software to develop customized financial application for business. The course covers special techniques for reducing data entry time, eliminating errors and getting consistent results. Upon completion students will understand the basics of QuickBooks to simplify financial tasks. *(Apportionment)*

COMP 655

**MS Word Fundamentals for the Financial Office Applications**

This brief course covers the essentials to creating simple documents with Microsoft Word in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include memos, lists, letters, resumes and signs. letters, resumes and signs. *(Apportionment)*

COMP 660

**MS Excel Fundamentals for the Financial Office Applications**

This brief course covers the essentials to creating simple spreadsheets with Microsoft Excel in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include an address list, budget, and inventory tracking sheet. *(Apportionment)*

COMP 665

**MS Powerpoint Fundamentals for the Financial Office Applications**

This brief course covers the essentials to creating simple presentations with Microsoft PowerPoint in a financial office environment. An excellent course for beginners or those who need to know the basics. Topics will include animations, transitions and slide shows. Learn how to create a professional-looking slide show without designing each slide from scratch! *(Apportionment)*

COMP 670

**Create PDF's with Adobe Acrobat**

Learn the standard for sharing documents online! Create PDF files using Adobe Acrobat. Protect documents, create forms, and combine multiple files with Adobe Acrobat. *(Apportionment)*

COMP 675

**Digital Scrapbooking**

Advisory: Knowledge of Windows and Photoshop or Photoshop Elements. Scrapbooking is a 2.5 billion dollar industry in the United States. Computerized graphic design is dramatically transforming the industry. Digital scrapbooking skills are important for anyone working in the graphic design field. Learn the design essentials of professional digital scrapbooks, hardware and software requirements, and the creation of graphic elements. *(Apportionment)*

COMP 685

**Beginning Keyboarding**

Stop hunting and pecking at the keyboard with this short course. Learn the keyboard layout to build speed and accuracy. Course covers proper technique at the computer keyboard as well as 10-key keyboarding. *(Apportionment)*

COMP 690

**Email Essentials**

Advisory: Introduction to Computers Students will create an email account, learn to send electronic messages, attachments, manage contacts, create distribution lists and organize messages in folders Learn this critical business skill set in this 18 hour course. *(Apportionment)*

COMP 700

**Adobe Photoshop Elements Tools for Intermediate Users**

Advisory: Knowledge of Windows and Adobe Photoshop Elements For intermediate- or advanced-level photographers or scrapbookers. Covers tools and techniques for creating text with character, custom shapes and layer styles to add pizzazz, using and creating brushes for embellishments, adding blend modes and filters to give dimension, and automating pages using templates. *(Apportionment)*

COMP 705

**Digital Photo Restoration and Portrait Makeovers**

Advisory: COMP 119 Adobe Photoshop Elements and knowledge of Windows For photographers and scrapbookers who want to advance their skills to repair old photos and touch up portraits. Topics include repairing scratches and tears on old photos; fixing hair, teeth, skin, red eyes, and blemishes; enhancing photos; combining images; creating backgrounds and frames; and selecting photo papers. Textbook Required. *(Apportionment)*

COMP 715

**Introduction to Computer Components**

This course is designed to provide the fundamentals in computer servicing. It introduces individuals to the names and general characteristics of a variety of a variety of components of a computer system. You will experience a hands-on approach to learning installation, configuring, and upgrading computer components. *(Fee-Based)*

COMP 720

**Fundamental Principles of Printers, Scanners and Networks**

This course is designed to provide the fundamentals of using printers, scanners and networks and providing support for them. The course will cover elements of installation, configuration, and networking that are necessary to provide support. *(Fee-Based)*

COMP 725

**Introduction to Windows Security, Safety and Environmental Issues**

This course is designed to assist individuals in understanding personal computers on a technical level. You will receive hands-on experience managing Windows desktop security and internet security. You will also learn about safety and environmental computer issues. Essential elements of security are covered. *(Fee-Based)*

COMP 730

**Microsoft Windows for Help Desk Careers**

This course will give individuals fundamental knowledge of various Windows Operating Systems. The course includes the installation, configuration, and supporting of Windows Operating Systems. Customizing and configuring to meet a company's needs will also be covered. *(Fee-Based)*

COMP 735

**Communication and Professionalism for Help Desk Professionals**

This course is designed to provide the fundamentals of good communication and professionalism skills for working in a help desk environment. Topics include using good listening and diplomacy skills when communicating with customers and colleagues. *(Fee-Based)*

COMP 740

**A+ Essentials**

This course will prepare you for the CompTIA A+ Essentials certification exam (2006 Objectives). Students will obtain the skills and knowledge necessary to install, build, upgrade, repair, configure, troubleshoot, and perform preventative maintenance on personal computer hardware and operating systems. Textbook Required. *(Fee-Based)*

COMP 745

**A+ Remote Support Technician (Practical Application)**

Learn the skills necessary to work as a field service technician or support technician through hands-on activities. With a focus on A+ exam preparation, you will gain knowledge to install, configure, upgrade, and maintain PC workstations, the Windows OS and SOHO networks. Troubleshooting and computer security also covered. Textbook Required. *(Fee-Based)*

COMP 750

**Network+ Certification**

This course will prepare you for the CompTIA Network+ Certification. This hands-on class covers describing the features and functions of networking components. It also includes managing, maintaining, troubleshooting, installing, operating, and configuring basic network infrastructure. Textbook Required. *(Fee-Based)*

COMP 755

**Blogging For Beginners**

Learn to create your own blog. Topics include: name your blog, choose a blogging program, write creative posts, use tags, and add audience-building links to your text. Students will practice creating blogging and creating posts. *(Fee-Based)*

COMP 760

**Using Facebook & LinkedIn for Business**

Social networking applications such as Facebook and LinkedIn allow you to communicate and share information with your contacts through message walls, groups, and instant messages. This course teaches how to use social networking applications to communicate and share information. Learn how to give your business maximum exposure with networking applications. *(Fee-Based)*

COMP 765

**Using Google Apps for Business**

Google apps such as Gmail, Google Docs, and Google Calendar are used by millions of users. Learn how to use these apps in your personal life and to save your company time and money. *(Fee-Based)*

COMP 770

**How To Use Microsoft Office Live**

Microsoft Office Live is used for personal use and small business. Learn how to use Office Live to create a website, and store and share documents online. *(Fee-Based)*

COMP 775

**Transitioning to Windows 7 for Beginners**

This course provides an overview of important new features in Windows 7 to help users work easily and efficiently with computers. Topics include the new features and tools to organize, find, protect, and share information. Hands-on lab instruction will be provided. *(Fee-Based)*

COMP 780

**Windows 7 Beta for IT Professionals**

Advisory: Experience installing, configuring, and windows desktop operating systems. This course is designed for individuals with experience installing, configuring, and supporting Windows desktop operating systems. Students will be introduced to the new features in Windows 7 Beta. Topics include user productivity, security and control, PC management, and desktop optimization. Participants will receive hands-on lab instruction. *(Fee-Based)*

COMP 800

**MS Overview for Help Desk**

Learn the essential principles of Word, Excel, Access and PowerPoint. Topics include document formatting, working with graphics, basic formulas, queries and reports. Participants will receive hands-on instruction on all concepts. *(Fee-Based)*

COMP 805

**What is GIS and How is it Used?**

This class provides an overview of Geographic Information Systems (GIS) and career opportunities with GIS. Topics include what GIS is, how it can be used, fundamental concepts of GIS, how and where GIS data is obtained, and how to create basic maps. Activities use ESRI ArcGIS 9.2 software. *(Fee-Based)*

COMP 807

**Introduction to Geographic Information Systems**

This course will discuss Geographic Information Systems (GIS) and its applications to spatial data management. The course will cover how and where GIS data is obtained, using Global Positioning Systems (GPS), geo-coding, map projection, georeferencing, and coordinate systems. Spatial analysis and hands-on projects will also be included. *(Fee-Based)*

COMP 810

**Introduction to Operating Systems**

This course provides an introduction to computer operating systems such as Unix/Linux, DOS, and Microsoft Windows Operating Systems. Learn about system requirements, file systems management, protection and security, emerging technologies, and storage management through lectures and hands-on lab. *(Fee-Based)*

COMP 812

**Microsoft Windows Client Administration**

This class covers installing, configuring, and administering Microsoft Windows client operating systems. Topics include using administrative tools to create user and group accounts and accessing shared resources on a network. Learn how to manage user profiles, how clients can join and operate within a domain network environment. *(Fee-Based)*

COMP 814

**Introduction to Microsoft Project Professional**

This course is designed to teach you how to create, modify, update and implement project plans using Microsoft Project. You will learn the essentials for managing time, people, and budgets for projects large and small with Microsoft Project. *(Fee-Based)*

COMP 815

### **Help Desk Support & Troubleshooting**

This course covers help desk support skills for the computer and information systems field. Topics include delivering effective technical support, common user problems, identifying the problem, help desk support tools, and resolving user problems. Students will be prepared to provide technical assistance to computer users. *(Fee-Based)*

## **Computer Lab (CCTR)**

CCTR 100

### **Business/Computer Skills Lab**

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email! *(Apportionment)*

## **Construction (CONS)**

CONS 100

### **Electrical Wiring and Safety I**

Covers basic electrical theory, terms, residential wiring techniques, grounding, basic switching circuits, residential load calculations and services. Based on current National Electrical Code (NEC). *(Apportionment)*

CONS 101

### **Electrical Wiring and Safety II**

Course covers commercial wiring, conduit systems, over-current protection, polyphase distribution, grounding, voltage-drop equations and lighting. Based on the current National Electrical Code (NEC). *(Apportionment)*

CONS 121

### **Contracting License**

This course is designed for students interested in exploring career opportunities in general contracting and sub-contracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB). *(Apportionment)*

CONS 138

### **Room Addition Fundamentals**

This course covers the fundamentals of residential construction and the sequence of events that take place for a room addition. This includes preparing the required plans, obtaining city building permits and communicating with city building inspectors. The course will also cover project management and legal considerations. *(Apportionment)*

CONS 142

### **Electrical Wiring and Safety III**

Course covers industrial wiring, conduit systems, over-current protection, transformer circuits, electrical motors, motor repairs, motor control circuit, and electrical installations. Based on Current "National Electrical Code"(NEC). trips to various electrical installations. *(Apportionment)*

CONS 201

### **Electrician Certification - State Test Preparation**

This course covers the 16 areas of the 1999 National Electrical Code that the State of California has designed the State Certification test after. Ohm's Law and electrical calculations will also be covered. Students must bring the 1999 National Electrical Code (NEC) book and a calculator to the first class. *(Fee-Based)*

CONS 225

### **Construction Math**

A review of basic mathematics focusing on its application to common calculations used in the construction trades. Course covers arithmetic operators, word problems, fractions, angles, metric measuring systems and algebraic formulas. *(Fee-Based)*

CONS 230

### **Introduction to Blueprint Reading**

An introduction to blueprint reading using a fundamental approach, this course will familiarize trainees with basic blueprint terms, components and symbols. Trainees will learn the different types of blue print drawings (civil, architectural, structural, mechanical, plumbing/piping, and electrical) and how to interpret and use drawing dimensions. *(Apportionment)*

## **Consumer Education (CNED)**

CNED 114

### **Personal Journal Writing for Older Adults**

FN 701

**Chocolate Show-Stopping Desserts!**

Wow your guests with unique, decadent, and beautiful chocolate creations! We will learn the art and science of tempering chocolate, molding and pouring chocolate, and using chocolate designs. We will create a new exciting dish in each class. Bring a friend! Please bring a container to take home your creations. All materials are included. *(Fee-Based)*

**Creative Arts (CRAE)**

CRAE 100

**Creative Arts for Older Adults**

This class for older adults encourages art appreciation, self-expression, and creativity through a variety of art media. Projects are designed to expose older adult students to artistic design, and to give experience with different artistic methods, techniques, tools, and materials. *(Apportionment)*

CRAE 101

**Ceramics for Older Adults**

This course in basic ceramics for older adults includes lecture, demonstration and application of ceramic artwork. Student will learn mold selection, glazing, decorating techniques, and proper firing procedures. Will learn mold selection, glazing, decorating techniques, and proper firing procedures. Individual artistic creativity is encouraged and completed art projects of the older adult student are often displayed publicly. *(Apportionment)*

CRAE 103

**China Painting for Older Adults**

Older adults will learn the fundamentals of china painting as presented to older adult students through demonstration and individual instruction. The older adult students will learn techniques such as brush strokes, blending, shading, grounding, and masking. Final class projects are heirloom quality artworks that may be displayed in a community art exhibit. *(Apportionment)*

CRAE 104

**Needlecrafts, Knitting, Crochet for Older Adults**

Older adult students will learn the practical application, knowledge, and skills required to create knitted, crocheted, needlepoint, and cross-stitched hand-made items. A wide variety of items are created, by older adult students, including decorations for the home and clothing for babies, children and adults. *(Apportionment)*

CRAE 105

**Painting for Older Adults**

This class offers older adults an individualized approach to learning painting and artistic expression at their own pace and within their interest and style. Older adult will learn techniques in drawing, brush strokes, and color mixing and application. *(Apportionment)*

CRAE 106

**Quilting for Older Adults**

This course offers the essentials of quilting, for older adults students, which includes fabric selection, cutting, and sewing methods along with the history and vocabulary of the craft. Special techniques for older adults are covered such as patchwork, applique, hand and machine methods, and finishing techniques. *(Apportionment)*

CRAE 215

**Scrapbooking Design and Techniques**

Students will make personalized scrapbook pages. This is an introductory course for beginners who want to learn about design and several techniques. Projects include metal embellishments, paper flowers, and transfers. Learn how to incorporate the principles and elements of art and design to create captivating layouts for your memories. *(Fee-Based)*

CRAE 310

**Intergenerational: Creative Arts Exchange for Older Adults**

Older adults along with participants of multiple generations create artistic legacy keepsakes that reflect the individual histories of older adults, lifetime memories, and personal creative expression. Class projects are designed to encourage mutual appreciation and connections among older adult students and participants of varying age groups. *(Apportionment)*

CRAE 315

**Beginning Drama for Older Adults**

This course is designed to introduce older adult students to the world of drama and to the theatrical creative process. Students are encouraged to experiment and develop personal performance skills as well as gain an understanding of drama through participation and practice critiques. *(Apportionment)*

CRAE 320

**Basic Drawing**

This course will begin with basic skill development in contour drawing, shading, creating texture, basic composition and perspective. The drawing medium will include graphite, charcoal and ink. A short lecture/demonstration is followed by a related drawing assignment. *(Fee-Based)*

CRAE 325

**Watercolor**

This course is designed for beginning to intermediate watercolor. Lecture/demonstration is followed by guided lab session. Among the subjects covered will be materials, washes, glazes, color theory, etc. There are voluntary, supportive critiques at the end of each class. *(Fee-Based)*

CRAE 332

**Tole Painting and Decorative Artwork Intermediate**

The course offers students the opportunity to build on the basic skills learned in basic Tole and Decorative classes. The course includes the use of acrylic paint, discussion of strokes and techniques, and projects utilizing a variety of surfaces including tin, wood, porcelain and furniture. Some painting experience is necessary for this class. *(Fee-Based)*

CRAE 340

**Silk Painting**

This is a course to learn silk painting with the Serti technique where designs are outlined with gutta or resist on stretched white silk. *(Fee-Based)*

CRAE 345

**Recycled Materials Become a Tote Bag**

This course is designed to teach students basic sewing techniques and to create a reuseable tote bag all while learning about recycling and reusing materials in our everyday lives. Students will make a functional reuseable bag that can be used as a beach tote, grocery/shopping bag, and a diaper or book bag. *(Fee-Based)*

**Ballet - Adult Beginning**

This class is designed with the adult beginning dancer in mind. Class will focus on barre, center and across the floor work found in a traditional ballet class. Proper use of ballet vocabulary and technique is emphasized. Ballet slippers are required. *(Fee-Based)*

**Digital Arts (DIG)**

DIG 100

**Adobe After Effects**

Students will get an overview of the features, techniques and effects used in Adobe After Effects. This is a most and effects used in Adobe After Effects. This is a most powerful editing and composition video production and effects tool, used by professionals every day, for television, video and film. *(Fee-Based)*

DIG 101

**Adobe Premiere Pro**

Prerequisite: Computer Literacy. Edit in real-time and enjoy an elegant interface. Create productions that stand-out using new professional tools such as color correction, multiple nestable timelines, keyframable effects and much more. Work with your tools of choice thanks to tight integration with leading video hardware and software. Bring DVD/Flash Drive. PC lab only. *(Fee-Based)*

DIG 102

**Adobe Photoshop, Beginning**

Adobe Photoshop is the world's leading image editing software, and the tool of choice for computer graphic artists and web designers. Learn the basics of digital imagining, and how to use Photoshop's common tools, palettes, and commands for manipulating images and compressing them for the fastest downloads. Exercises include color corrections, image retouching, photo montaging and other uses. Discover how to alter photographs, create digital collages, and scan images. Need to know basic computer and typing skills. *(Fee-Based)*

DIG 103

**Adobe Illustrator, Beginning**

Advisory: COMP 100 Introduction to Computers and MS 160 MS Office - Overview The Adobe Illustrator beginning course covers the basic concepts and techniques of computer graphics. The principles of art and design are taught in a studio setting emphasizing hands-on experience. Students create original illustrations using vector-based graphics software. *(Fee-Based)*

DIG 104

**Illustrator - Advanced**

Prerequisite: Beginning Illustrator or equivalent experience. Review the basics of Illustrator and then go on to create elaborate graphics for web pages, commercial design and desktop publishing. Learn the essentials of pre-press printing technique (color separation and trapping), professional page layout tips, fundamental digital color theory and design concepts. Illustrator is a graphic artist's essential tool along with Adobe Photoshop. Bring Flash Drive. *(Fee-Based)*

DIG 105

**Adobe Dreamweaver, Beginning**

Prerequisite: Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents. Learn the principles of web design and how to edit HTML documents. Integrate web graphics find resources on the Web and survey advanced techniques related to E-commerce websites. Create your own site and demo your work in last class. Bring Flash Drive. PC lab only. Textbook Required. *(Fee-Based)*

DIG 106

**Adobe Flash Pro, Beginning**

Prerequisite: Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents. Students will learn how to use Flash to do web animations, interactivity and will build complete websites using only Flash. Learn basic animation, key frames, tweening, movie clips, basic action script, preparing images for web/multimedia and more! Bring Flash Drive. PC lab only. Textbook required. *(Fee-Based)*

DIG 109

**Photoshop - Introduction**

Students will learn how to use Photoshop to do a variety of image correction, coloring, compositing, and special effects techniques for print, web and multimedia. Questions regarding visual aesthetics and design, importing digital files and output will be discussed. Students will have the opportunity to produce finished projects according to their needs and aspirations. *(Fee-based)* *(Fee-Based)*

DIG 111

**Adobe Photoshop - Intermediate**

Prerequisite: Beginning Photoshop or equivalent experience. Explore more professional features: working with complex masks, filters and advanced layers, professional photo editing and restoration, 3D-like rendering with gradients, and much more. Learn fundamental digital color schemes and design concepts. Bring Flash Drive. Textbook required. PC lab only. *(Fee-Based)*

DIG 112

**Website Design HTML 5**

Prerequisite: Knowledge of Internet, operating system navigation, basic computer skills, opening/saving documents. Learn the basic principles of web page construction; edit and format HTML documents. Make hyperlinks to other pages, make tables, build forms, embed and optimize images. Learn about JPG, GIF formats, create frames; learn to use Java and JavaScript, review professional web-authoring tools like Dreamweaver and Fireworks. Bring Flash Drive. PC lab only. Textbook Required. *(Fee-Based)*

DIG 113

**Adobe After Effects - Intro**

Advisory: Adobe Premiere or editing experience and Familiar with Photoshop. Express your creative ideas using After Effects CS5. Employ innovative 2D, 3D, text, and vector graphic compositing and animation tools; choose from an extensive selection of effects; and add high-quality audio. Explore a large library of creative building blocks to get you started, and take advantage of command line automation and scripting for advanced applications. Combine layers into new, visually rich alternate realities. Mask, key, motion track, color correct, paint, and perform a variety of visual effects magic with powerful, efficient, and precise tools. *(Fee-Based)*

DIG 114

**Adobe After Effects**

Prerequisite: Adobe Photoshop and Premiere Pro. Learn the Adobe After Effects work area; integrating video and graphic motion, creative mattes, animation, filtering, and multimedia animation. Bring DVD/Flash Drive. PC lab only. *(Fee-Based)*

DIG 115

**After Effects - Advanced**

Learn advanced graphics motion and modification. Advanced key frame techniques and special effects. Students will have a choice of either a PC or MAC computer system as available. Prerequisite: Intro to After Effects. *(Fee-Based)*

DIG 116

**Apple Final Cut Pro**

Prerequisite: Knowledge of MAC OS X.2; familiar with graphics and editing. Learn basic and advanced editing techniques. Work with clips in the viewer: trimming, adjusting and controlling numerous characteristics in video, audio, filters and motion settings. Use various methods of sequencing your videos in the Canvas/Timeline with "drag and drop" and automatic methods such as insert, overwrite, replace, fit to fill, and superimpose. Become familiar with key framing for effects, applying transitions for creative moments. Learn how to capture/create, edit and place still images and audio files. *(Fee-Based)*

DIG 135

**Adobe Flash Pro - Intermediate**

Prerequisite: Adobe Flash Pro (Beginning). Students must have a complete understanding of Flash basics: tweening, motion paths, the library, movie clips and basic action script. Learn to use Flash for complex web animations, special effects, and sophisticated interactivity. Learn intermediate action scripting which includes working with objects, classes, methods, properties, functions and event handlers. Controlling multiple timelines, sound effects and text will be taught as well as adding dynamic interactivity to the movie and clip. Bring Flash Drive. PC lab only. Textbook required. *(Fee-Based)*

DIG 151

**Adobe Indesign, Beginning**

Advisory: Computer Literacy. This course combines basic desktop publishing skills with the specifics of how to use Adobe InDesign to create visual communications. You will learn page layout tools as you are introduced to the software interface. This course teaches the fundamentals, basic commands and procedures used to create professional documents. *(Fee-Based)*

DIG 162

**Adobe Dreamweaver, Intermediate**

Prerequisite: Beginning Dreamweaver. Students will build upon their beginning Dreamweaver and/or HTML skills to learn how to develop more interactive and sophisticated websites. Special emphasis will be placed on developing and linking to databases using Dreamweaver. Bring Flash Drive. PC lab only. Textbook Required. *(Fee-Based)*

DIG 164

**SolidWorks for the Designer - Beginning**

Prerequisite: Computer Literacy. Class will consist of hands-on exercises to develop 3D CAD design skills with state-of-the-art intuitive, parametric 3D CAD system. This course is designed for students with no prior knowledge of 2D or 3D CAD. The beginning course will focus on an introduction to SolidWorks and learning the basic tools to perform product design exercises for manufacturing. Bring Flash Drive. PC lab only. *(Fee-Based)*

DIG 165

**Solid Works for the Designer**

Intermediate

Prerequisite: Beginning Solidworks. Class will consist of hands-on exercises to develop 3D CAD design skills with state-of-the-art intuitive, parametric 3D CAD system. This course is designed for students who have completed SolidWorks (Beginning). The intermediate course will focus on achieving a more in-depth understanding of SolidWorks by implementing more advanced operations. Bring Flash Drive. *(Fee-Based)*

DIG 166

**Adobe Encore and Adobe Audition**

Prerequisite: Computer literacy and knowledge of Photoshop and/or Premiere Pro. Learn to author DVDs and output your project to all recordable DVD formats with Adobe Encore file editing software and Adobe Audition software for mixing and editing audio. Use Adobe Photoshop to create and edit menus. Output your project to all recordable DVD formats. Bring DVD/Flash Drive. PC lab only. *(Fee-Based)*

DIG 167

**Digital Camera Workshop**

Learn how to use your digital camera. This is a one time only, four hour workshop to learn the basic operation of your digital camera and how to transfer your digital images to your computer. Bring camera, cable, memory card and instructions. *(Fee-Based)*

DIG 168

**Scanner Workshop**

Learn how to use a scanner. This is a one time only, 4 hour workshop to learn how to use a scanner to copy photos, slides, negatives or drawings and store them on your computer. Bring material to copy including old photos and small 3-dimensional objects. *(Fee-Based)*

DIG 169

**Photoshop for Web Workshop**

Advisory: Any Website Design course or Photoshop course. For the more advanced Photoshop/WEB student. Learn how to manipulate photos for minimum download time with maximum resolution. This workshop consists of two, 4 hour classes over two consecutive Saturdays. *(Fee-Based)*

DIG 170

**Computer Monitoring with Spector Pro for Home Or Office**

Learn how to easily monitor your children's or employees' computer activities with the highly ranked sleuth software program Spector Pro 5.0 by Spectorsoft. See what they are doing on MySpace, the internet or e-mail correspondence. The most impressive feature is the "Play" function. It allows you to perform a fast slide show of the previous activities on their computer. Keystrokes are also recorded so you can learn their passwords. This is a 3 hour workshop held in our state of the art computer lab at our Anaheim Campus. *(Fee-Based)*

DIG 175

**Silk - Illustrator**

Prior experience with Illustrator required. Intermediate to advanced techniques of Illustration using the pen tool, clipping masks, gradients, blends, and gradient meshes to create watercolor and silk painting effects. Printing to various medias, including silk will be explored. *(Fee-Based)*

DIG 180

**Mobile Device Game Development**

An introduction of game theory and game design as it pertains to websites and mobile devices. The class will focus on action script 3 programming language with emphasis on user interaction. Course includes hands-on exercises for art asset generation, game play mechanics and audio. Textbook required. *(Fee-Based)*

DIG 185

**Website Development Workflow - Methods and Techniques**

An introduction to modern workflow methods and techniques used in professional content creation pipelines. The class will focus on integrating multi format assets such as video, audio, vector, 3D and image sequences into a production pipeline. Overview of content management tools, and meta data tracking with an emphasis on reusable/flexible asset generation. *(Fee-Based)*

DIG 190

**Print on Fabric**

Printing on fabric with a basic color printer and scanner using Photoshop and Illustrator texture filters to create watercolor and silk painting effects will be explored and demonstrated. Students will print from their own drawings or photos on to various media such as silk and cotton to create a scarf or quilt block. *(Fee-Based)*

DIG 195

**Flash Intermediate Workshop**

If you already know how to animate in Flash but want to take it to the next level this workshop is for you. We will cover intermediate to advanced tools and techniques in CS4. What makes the difference between amateurish Flash sites and professional level Flash come and find out. *(Fee-Based)*

DIG 200

**Photoshop Workshop**

An in-depth journey into professional Photoshop techniques and workflows with an emphasis on creative techniques. *(Fee-Based)*

DIG 210

**Adobe Lightroom**

Advisory: Knowledge of windows operating systems and experience with digital cameras and Photoshop. Adobe Photoshop Lightroom helps bring out the best in your photographs, whether you're perfecting one image, searching for ten, processing hundreds, or organizing thousands. Create images, edit with state-of-the-art nondestructive editing tools. Manage all your images. Showcase your work in elegant print layouts, slide shows, and web galleries. *(Fee-Based)*

DIG 215

**Adobe Illustrator ,Intermediate**

Advisory: Current working knowledge of beginning Adobe Illustrator or have used Adobe Illustrator in the past. Use pen tool. This course explores more advanced vector artwork; font manipulation; isometrics; shadows and shading; and other 3-dimensional effects. *(Fee-Based)*

DIG 220

**Adobe Dreamweaver with PHP and MySQL, Beginning**

Advisory: Basic computer class and keyboarding class or equivalent. Adobe Dreamweaver CS6 is an application for web designers and developers used to create websites and applications for use across multiple targets including browsers, devices, and tablets. In this students will create a development environment for building PHP web applications with Adobe Dreamweaver and a MySQL database server. *(Fee-Based)*

DIG 225

**Introduction to Animation**

Adobe Edge

Advisory: Basic computer, Internet, and computer graphics skills or equivalent. This course introduces graphic animation tools that use web standards for incorporating smooth animations and interactivity into projects. The generated content can be displayed across multiple platforms such as mobile phones, tablets and desktops computers and browsers without the need for additional plugins. You will learn to create motion content in the application's timeline-based interface. This course also covers importing and keyframing web graphics and adding interactivity to projects. *(Fee-Based)*

DIG 230

**PHP and MySQL, Introduction**

Advisory: Basic computer and keyboarding skills and basic HTML and CSS knowledge. MySQL (TM) and PHP are two of the most popular open source technologies to emerge during the past decade. PHP is a powerful language for writing server-side Web applications. MySQL is the world's most popular open source database. Together, these two technologies provide you with a powerful platform for building database-driven Web applications. This hands-on MySQL and PHP course teaches everything you need to successfully build data-driven Web sites using MySQL and PHP. *(Fee-Based)*

DIG 232

**PHP and MySQL, Intermediate**

Advisory: HTML 5 and CSS and DIG 230 - PHP and MySQL, Introduction. This intermediate hands-on MySQL and PHP course teaches everything you need to successfully build data-driven Web sites using MySQL and PHP. Should know HTML and CSS. *(Fee-Based)*

DIG 240

**JavaScript Programming, Introduction**

Advisory: Basic computer skills and knowledge of HTML and CSS fundamentals. This course explores the fundamentals of JavaScript programming, one of the leading web development languages. Learn how to incorporate JavaScript code into HTML documents to produce stunning interactive Web pages. Students will be introduced to basic computer programming concepts including variables, operators, arrays, conditional statements, loops and functions. Hands-on exercises are performed each day to demonstrate key concepts and make web development with JavaScript fun and exciting. Bring USB Flash Drive. *(Fee-Based)*

DIG 242

**JavaScript Program, Intermediate**

Advisory: JavaScript Programming basics, HTML and CSS fundamentals. This course is designed for students who have a solid foundation in the basics of using and writing JavaScript (either through completion of the Intro to JavaScript course or with instructor approval). This course is an intermediate level JavaScript course, which focuses on JavaScript's object-based features, and creating practical JavaScript applications. *(Fee-Based)*

DIG 245

**Introduction to Programming**

Designed for non-computer science students interested in programming, or developing useful problem solving skills. This course explores the relationship between programming and problem solving using programming languages. Programming using scripting languages such as JavaScript and PHP, and a compiled, object-oriented language such as Java will be introduced. No prior programming experience is assumed. *(Fee-Based)*

DIG 255

**WordPress, Beginning**

This course is designed for anyone looking to learn how to use the WordPress platform for either personal or business website use. The course covers the basics on how to use the WordPress platform including installation, content management, and configuration. The course also covers WordPress themes, plugins, and settings. Prior web publishing experience not required. Familiarity with web browsers and email is highly recommended. *(Fee-Based)*

**Disability Support Services (DSPS)**

DSPS 106

**Braille Transcribing**

This course is designed to familiarize the student with the Braille system and its usage. Students will be expected to learn to read, write and proofread Braille and submit a manuscript to the Library of Congress for certification in Braille Transcription. *(Apportionment)*

DSPS 111

**Exploratory Arts for Visually Impaired**

A course designed for students with visual impairments, which provides experience using various art media. *(Apportionment)*

DSPS 114

**Relationships and Sexuality Training**

A class geared for students with developmental or learning disabilities that is designed to provide a comprehensive and meaningful overview. The course strives to build healthy, safe sexual attitudes, behaviors, and relationships consistent with personal values. *(Apportionment)*

DSPS 115

**Music for Communication for Students with Disabilities**

This course is designed for students with developmental or learning disabilities to teach verbal and nonverbal language skills and increase ones attention span and decision-making skills with the use of music. *(Apportionment)*

DSPS 116

**Nutrition & Exercise**

Geared for students with developmental or learning disabilities that is designed to teach the benefits of healthy eating and proper exercise. *(Apportionment)*

DSPS 119

**Kinesthetic PE For Visually Impaired**

A class designed for students with visual impairments to improve body awareness, stamina, cardiovascular fitness and muscle tone. Instruction will be characterized by specialized techniques relying on tactile input to the students. *(Apportionment)*

DSPS 120

**Career Preparation and Life Management**

A course designed for students with developmental or learning disabilities to prepare for employment and independent living. *(Apportionment)*

DSPS 121

**Computer-Assisted Instructional Lab**

Designed for students with disabilities to provide instruction in computer operation, word processing and the use of adaptive computer equipment. *(Apportionment)*

DSPS 122

**Adaptive PE Weight Training**

Increases physical endurance, stresses body condition/muscle development. Prerequisite: entry into this class based on physician's release. *(Fee-Based)*

DSPS 124

**Independent Living Skills**

A comprehensive program for adults with developmental disabilities to improve the social, academic, personal, prevocational and avocational capabilities. *(Apportionment)*

DSPS 125

**Daily Living Skills: for Students with Disabilities**

A class geared for students with disabilities that is designed to enhance their ability to live more independently. *(Apportionment)*

DSPS 126

**Basic Reading for the Disabled**

Designed to enhance reading skills by providing a strong foundation to increase vocabulary and reading comprehension. *(Apportionment)*

DSPS 128

**Improving Individual Skills for Student with Disabilities**

Geared for students with developmental, psychiatric or learning disabilities, designed to improve academic and personal skills through social interactions, healthy living, and academic success. *(Apportionment)*

DSPS 129

**Community Resources**

A class geared for students with developmental or learning disabilities designed to teach skills necessary to independently take part in typical community activities by traveling to various locations in the area. Lessons learned in the classroom will be practiced in the community. *(Apportionment)*

DSPS 130

**Bill Paying and Banking**

This class is designed for adults with developmental disabilities and learning disabilities who want to learn how to maintain a checking account. This is an introductory class that teaches banking vocabulary and step by step on how to open and manage a checking account. Students will be required to use the Quicken software program for balancing their checking account. *(Apportionment)*

DSPS 131

**Basic Cooking**

Designed for students with developmental or learning disabilities to have them acquire skill in safely preparing and storing foods for independent living. Also includes nutrition, appropriate manners and kitchen organization. *(Apportionment)*

DSPS 132

**Communication Skills**

A course geared for students with developmental or learning disabilities to provide instruction on the different forms of effective communication including body language, gestures, and non-verbal cues. Students actively participate in role playing real-life situations, discussing current events, and practicing listening exercise to improve their communication skills. *(Apportionment)*

DSPS 133

**Self-Advocacy**

Instruction designed for students with developmental or learning disabilities to enhance advocating for self in everyday life situations. *(Apportionment)*

DSPS 134

**Banking for Apartment Living**

A class designed for students with developmental or learning disabilities who want to learn how to budget their money, pay bills, make purchases, grocery shop, rent an apartment, and interview roommates. The class simulates living in an apartment and the responsibilities of being independent. Students must have prior banking experience in writing checks, making deposits, and ATM transactions. Students will be required to use the Quicken software program for balancing their checking account. *(Apportionment)*

DSPS 135

**Beginning Money for Students with Disabilities**

A course designed for students with developmental or learning disabilities to learn the skills necessary for performing accurate money exchanges. Students will learn money counting skills, and consumer skills in the market place. *(Apportionment)*

DSPS 136

**Living More Independently**

A class geared for students with developmental or learning disabilities that is designed to provide a comprehensive and meaningful overview of a variety of options for living more independently (i.e. group home, own apartment), how to achieve those options, and what is needed to be successful in your choice. *(Apportionment)*

DSPS 137

**Job Skills**

Designed for students with developmental or learning disabilities to help recognize and achieve potential as independent members of the community. Lecture, lab, and field experience are combined to provide the student with a comprehensive and meaningful educational experience. *(Apportionment)*

DSPS 138

**Communication on the Job**

A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will include activities to enhance written and verbal skills. *(Apportionment)*

DSPS 139

**Orientation to DSPS**

A course designed to inform adults with disabilities about the programs and services offered through SCE/DSS. *(Orientation)*

DSPS 140

**Social Skills**

This course is designed to give students with developmental and learning disabilities an overview of appropriate social skills at school, work, and in the community. Through examples in their own lives as well as instructional materials various areas social skills challenges will be explored, any necessary coping strategies taught. *(Apportionment)*

DSPS 150

**Critical Thinking**

Designed to assist adults with disabilities in acquiring or improving critical thinking skills necessary to function independently in a variety of activities, situations, and environments. Emphasis on problem solving and decision making through understanding and evaluating situations, utilizing knowledge of cause and effect relationships, exploring options, and planning and implementing strategies. *(Apportionment)*

DSPS 155

**Mobility Skills**

A class designed for students with disabilities to enhance independence by introducing safe practices and knowledge for using public transportation. *(Apportionment)*

:DSPS 160

**Adaptive PE Activity**

This course is designed for the disabled student. The class modified individual and team sport activities. *(Fee-Based)*

DSPS 165

**Wheelchair Basketball**

Weekly practice or a minimum of four hours per week is required. The most qualified student athletes will be selected to represent the college during the season. *(Fee-Based)*

DSPS 170

**Wheelchair Athletics**

This course includes instruction and participation in the fundamentals of the spectrum of wheelchair athletics. *(Fee-Based)*

DSPS 175

**Personal Safety**

This course is designed to introduce students with developmental disabilities to personal safety awareness. Students with disabilities will be presented with proactive steps to take to avoid dangerous situations in the community and at home. Students with disabilities will also be presented with basic techniques for self defense and first aid. *(Apportionment)*

DSPS 180

**Beginning Banking**

This class is for students with disabilities who want to learn how to spell money amounts, fill out an check, make a deposit, record checks and deposits in a check register, and record ATM transactions in a register. This class would be beneficial for students: who want to learn the basics of banking, who need practice with the basics of banking, or who are new and would like to take the Banking for Apartment Living class. *(Apportionment)*

DSPS 185

**Social Opportunities for Students with Disabilities**

Geared for students with disabilities to learn how to create a social life for themselves by discussing how to meet people and making friends, identifying low cost activities, learning age appropriate games to play with guest, practicing social manners, and planning a social event and carrying it out. *(Apportionment)*

DSPS 190

**Beginning Computers / Open Lab for Adults with Disabilities**

This course is designed to provide students who have developmental disabilities with the knowledge to develop or maintain skills in basic computer applications such as, but not limited to: Windows, word processing, data entry, Internet navigation, keyboarding, and remedial academic software. *(Apportionment)*

DSPS 195

**Have Internet; Will Travel**

This course is designed to provide students who have developmental disabilities with the knowledge to develop the skills needed for travel planning while building computer and researching skills by use of the Internet. Students will plan 3 trips: a day trip, a weekend get-away, and a week vacation. *(Apportionment)*

DSPS 200

**Rules of the Road**

This course is designed to provide students who have developmental disabilities with the knowledge to increase awareness as a pedestrian/bicyclist or future licensed driver about the laws and rules of the road. *(Apportionment)*

DSPS 205

**Money Skills for Students with Disabilities**

This course is designed for students with developmental learning disabilities to learn the skills necessary for performing accurate money exchanges. Students will learn to count money, and to solve real life shopping problems using money. *(Apportionment)*

DSPS 210

**Photoshop for Students with Disabilities**

Through class and individual instruction students with developmental or learning disabilities will acquire basic knowledge and skills in digital photography and manipulation of photographs utilizing the Adobe Photoshop Elements program. Students will also develop their creativity through personalized PhotoShop projects. *(Apportionment)*

DSPS 215

**Get in Shape: Healthy Eating and Exercise**

Students with disabilities will learn the benefits of healthy eating and proper exercise. Students will prepare Students should consult with a physician before four healthy snacks and participate in exercise activities. starting an exercise program. *(Apportionment)*

DSPS 220

**Summer Cooking**

This course is designed to provide students that have developmental disabilities with the knowledge and skills needed to cook simple, nutritious meals. We will plan our meal, walk to the grocery store, shop for food, prepare the meal together, and clean up. *(Apportionment)*

DSPS 225

**Actor's Workshop**

This course is designed to expose students with disabilities to basic acting techniques. Additionally, the acting, focused on everyday social dilemmas, will enhance the student's ability to interpret and then deal with these everyday life situations on a regular basis. *(Apportionment)*

DSPS 235

**Improving Daily Living Skills for Students with Disabilities**

A quick paced course designed to provide students with disabilities with basic banking skills including writing checks and depositing paychecks. *(Apportionment)*

DSPS 245

**Exercise for the Disabled Student**

Geared for students with developmental or learning disabilities that is designed to lead students in a variety of exercises to improve mobility, increase blood circulation, flexibility, and coordination and boost one's energy levels. *(Apportionment)*

DSPS 250

**Healthy Living with Exercise for Students with Disabilities**

Geared for students with developmental or learning disabilities that is designed to teach nutrition, healthy eating habits while reinforcing proper exercise. *(Apportionment)*

DSPS 255

**Movement Through Music for Students with Disabilities**

Geared for students with developmental or learning disabilities that is designed to get them moving according to their own individual abilities, while encouraging through music and stress management exercises. *(Apportionment)*

DSPS 260

**Introduction to Checking Accounts**

A quick paced course designed to provide students with disabilities with basic banking skills including writing checks and depositing paychecks. *(Apportionment)*

DSPS 265

**Exploring Your Occupational Path**

This course is intended to assist adults with disabilities in establishing a clear and realistic occupational goal. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Students will also explore resources for seeking employment in their chosen occupational field. *(Apportionment)*

DSPS 270

**Work Attitudes and Employer Expectations**

This course is intended to prepare students for successful employment by introducing them to appropriate on-the-job behavior, communication, attitude and work ethic. Students will also be introduced to the importance of workplace safety and customer service. *(Apportionment)*

DSPS 275

**Paying Bills**

A quick paced course designed to provide students with disabilities with basic money management skills including use of an ATM and bill paying. *(Apportionment)*

DSPS 280

**Landing a Job**

This course is designed to introduce students with disabilities to filling-out and submitting both written and online job applications. This course will also introduce students to effective job interview preparation, technique and attire. *(Apportionment)*

DSPS 285

**Budgeting for Apartment Living**

A quick paced course designed to provide money-management skills for employed students with developmental or learning disabilities living in their own apartment. *(Apportionment)*

DSPS 290

**Computer Assisted Instruction Lab: Beginning Level**

Designed for individuals with developmental or learning disabilities, this course teaches basic computer skills including use of a keyboard and word processing. *(Apportionment)*

DSPS 295

**Computer Assisted Instruction Lab: Intermediate Level**

Designed for individuals with developmental or learning disabilities, this course provides training in word processing, use of the Internet and operation of e-mail accounts. *(Apportionment)*

DSPS 305

**Fitness & Nutrition for Students with Disabilities**

Geared for students with developmental or learning disabilities that is designed to teach the benefits of healthy eating and proper exercise. *(Apportionment)*

DSPS 310

**Mobility Training for Students with Disabilities**

The mobility training class is designed for adult students with developmental disabilities. In a small group the student learns all the skills necessary to use the OCTA public transportation services. This class stresses self reliance and basic skill building. *(Grant-Funded)*

DSPS 315

**Relationships: for Students with Disabilities**

This is a class for students with developmental disabilities or learning disabilities that is designed to provide them with a meaningful overview of adult relationships, primarily friendships and romantic/intimate relationships. Students will learn basic information and skills in order to build healthy and safe relationships. *(Apportionment)*

DSPS 320

**Human Sexuality for Students with Disabilities**

This is a class for students with developmental disabilities or learning disabilities that is designed to provide them with a comprehensive and meaningful overview of human sexuality. Students will learn current appropriate information in order to build healthy, safe sexual attitudes, behaviors, and relationships consistent with personal values. *(Apportionment)*

DSPS 325

**Workplace Skills Training for Student with Disabilities**

Workplace Skills Training is a lecture and lab course designed to provide students with developmental disabilities with hands-on training in basic janitorial tasks that may be expected of them in an entry-level position. Lecture topics include work safety and on-the-job behavior and attitude. *(Apportionment)*

DSPS 327

**Workplace Safety and Janitorial Skills for Students with Disabilities**

This course will provide students who have disabilities with hands-on training in basic cleaning tasks that may be expected of them in an entry-level job. Topics include appropriate dress, hygiene, on-the-job safety and safety equipment related to janitorial tasks. *(Apportionment)*

DSPS 329

**Workplace Training: Exceptional Employee for Students with Disabilities**

This is a lecture and lab course designed to provide students who have disabilities with hands-on training in basic janitorial tasks that may be expected of them in entry-level employment. Lecture topics include on-the-job behavior and attitude for potential pay raise and/or promotion. *(Apportionment)*

DSPS 330

**Options for Independent Living for Students with Disabilities**

This course is an overview of living options for students with disabilities who are considering living independent of their family homes. The advantages and disadvantages of various living options will be presented. Students will also explore the process of choosing and renting an apartment. *(Apportionment)*

DSPS 332

**Living More Independently: Apartment Living**

Students with disabilities will explore moving into their first apartment and responsibilities of maintaining a home. Topics will include identifying needed furnishings and supplies, basic house cleaning, and safe use and storage of cleaning products. Students will also be required to practice house cleaning tasks. *(Apportionment)*

DSPS 334

**Living More Independently: Health, Safety and Living With Your Roommate**

Students with disabilities will learn about choosing and living with a roommate. Students will be presented with strategies for cooperative living and problem solving. Students will also learn about health and safety in the home. *(Apportionment)*

DSPS 335

**Balance and Mobility Skills for Students with Visual Impairments**

This course is designed to provide students who are legally blind with the techniques needed to improve balance, strategies needed to reduce falls and skills needed to safely get up after a fall. Students will use sensory cues to identify environmental risks, learn exercises that increase strength and balance, and create a personal fall-prevention plan. *(Apportionment)*

DSPS 340

**Music for Communication: Social Skills for Students with Disabilities**

This course uses music to enhance communication skills and cultural awareness for students with intellectual and developmental disabilities. *(Apportionment)*

DSPS 345

**Community Volunteering for Vocational Skills Enhancement**

Students with developmental disabilities participate in weekly field trips. Trips will include resources in the community that can provide opportunities for volunteer service. Curriculum includes instruction for use of public transportation to get to and return from field trip destinations. *(Apportionment)*

DSPS 350

**Job Skills Field Work for Students with Disabilities**

Students with developmental or learning disabilities participate in weekly field trips to destinations that provide them with first hand observation of workplaces and/or introduce them to agencies that can assist them in attaining and maintaining employment. Curriculum also includes instruction in the use of public transportation. *(Apportionment)*

DSPS 355

**Accessing the Community Through Mobility Skills for Students with Disabilities**

A class designed for students with disabilities to enhance independence by introducing knowledge and safe practices for using public transportation. The course will include route preparation, and will help students learn to travel in the community to access services, community resources, vocational agencies, work sites, and student homes or apartments. *(Grant-Funded)*

DSPS 360

**Making a Plan for Self-Advocacy**

Students will examine personal strengths and skills as well as areas that need improvement in order to be successful in advocating for their chosen life or vocational goal. Students will also research resources pertaining to their goal in order to prepare a plan for advocating for their life or vocational goal. *(Apportionment)*

DSPS 362

**Advocating for Life and Vocational Goals**

This course provides students with disabilities with knowledge, skills and resources to make decisions and communicate needs for determining their own life and vocational path. Students will learn about disabilities and adaptive skills to mitigate personal disabilities. Students will learn and practice effective communication techniques. *(Apportionment)*

DSPS 364

**Interacting with Authority and Emergency Personnel**

This course will prepare students with disabilities for interaction with police and emergency personnel. Topics include an overview of the criminal justice system, rights of individuals if taken into custody and reporting victimization. This course also prepares students for interaction with fire, medical, and emergency medical personnel. *(Apportionment)*

DSPS 370

**ILS: US Civics**

This class is designed for adults with developmental disabilities and learning disabilities who want to become better citizens by gaining knowledge about the civics of the United States of America. *(Apportionment)*

DSPS 372

**ILS: US Geography**

This class is designed for adults with developmental disabilities and learning disabilities who want to learn United States geography. Students will learn about states, state capitals, and major United States landmarks. *(Apportionment)*

DSPS 374

**ILS: US National Symbols and History**

This class is designed for adults with developmental disabilities and learning disabilities who want to become better American citizens by gaining knowledge of American national monuments, American heroes, and national patriotic symbols. *(Apportionment)*

DSPS 380

**Survival Vocabulary and Basic Reading and Writing**

This course is the first in a series of three courses designed for adults with disabilities to learn survival vocabulary and basic reading and writing skills. *(Apportionment)*

DSPS 382

**Basic Reading Comprehension & Writing for Students with Disabilities**

This course is the second in a series of three courses designed for adult students with disabilities to increase their reading comprehension and writing skills. *(Apportionment)*

DSPS 384

**Using Reading in Real Life Situations for Students with Disabilities**

This course is the third in a series of three courses designed for adult students with disabilities to increase their reading comprehension and writing skills found in real life situations. *(Apportionment)*

DSPS 390

**Daily Living Skills: Reading Skills in the Kitchen for Students with Disabilities**

This is an introductory cooking course for students with intellectual and developmental disabilities to practice reading and vocabulary in the kitchen so they can prepare a simple and nutritious meal. *(Apportionment)*

DSPS 392

**Daily Living Skills: Basic Math with Money for Students with Disabilities**

This is an introductory course for students with intellectual and developmental disabilities to practice money skills to learn money exchanging concepts. *(Apportionment)*

DSPS 394

**Daily Living Skills: Basic Math with Time for Students with Disabilities**

This is an introductory course for students with intellectual and developmental disabilities to practice math skills to learn time concepts. *(Apportionment)*

DSPS 396

**Daily Living Skills: Basic Math with Calendars for Students with Disabilities**

This is an introductory course for students with intellectual and developmental disabilities to practice math skills to learn calendar concepts. *(Apportionment)*

DSPS 400

**Applied Academics: Communication Skills**

This course is geared for students with developmental, psychiatric or learning disabilities, designed to improve reading, writing and speaking skills. *(Apportionment)*

DSPS 402

**Applied Academics: Math Skills for Everyday Living**

This course is designed to improve everyday math skills for students with developmental, psychiatric or learning disabilities. *(Apportionment)*

DSPS 404

**Applied Academics: Reading and Writing for Employment**

This course is designed to improve reading and writing skills as they relate to employment for students with developmental, psychiatric or learning disabilities. *(Apportionment)*

DSPS 410

**Introduction to Computers**

Designed for individuals with disabilities, this course provides a basic introduction to computers. *(Apportionment)*

DSPS 412

**Introduction to Basic Word Processing**

Designed for individuals with disabilities, this course teaches the basic introduction to word processing. *(Apportionment)*

DSPS 414

**Introduction to Basic Word Processing Editing for Students with Disabilities**

Designed for individuals with disabilities, this course teaches basic word processing editing. *(Apportionment)*

DSPS 420

**Intermediate Word Processing**

Designed for individuals with disabilities wanting to increase their basic knowledge of word processing *(Apportionment)*

DSPS 422

**Intermediate Electronic Mail**

Designed for individuals with disabilities, this course provides training in the use of the Internet and operation of e-mail accounts. *(Apportionment)*

DSPS 424

**Intermediate PowerPoint Slide Presentation & Basic Formatting**

Designed for individuals with disabilities, this course provides training in the use of PowerPoint slide presentation software and basic spreadsheet software. *(Apportionment)*

DSPS 430

**Beginning Money**

A course designed for students with developmental or learning disabilities to learn the skills necessary for accurate money exchanges. Students will learn how to count money, give appropriate amounts of money for purchases, make change, and how to calculate a tip. *(Apportionment)*

DSPS 432

**Smart Shopping and Saving Money in the Community**

A course designed for students with developmental or learning disabilities to learn how to save money by shopping smartly. Students will learn how to use comparison techniques, unit pricing, coupons, and online deals to find the best bargain. *(Apportionment)*

DSPS 434

**Safe Shopping and Safe Money Management**

A course designed for students with developmental or learning disabilities to learn how to safely shop and manage their money. Students will learn to identify and avoid scams within the community. *(Apportionment)*

DSPS 440

**Improving Individual Skills: Consumer Skills**

This course is geared for students with developmental, psychiatric or learning disabilities, and designed to improve consumer skills. *(Apportionment)*

DSPS 442

**Improving Individual Skills: Self-Determination Skills for Students with Disabilities**

This course is designed to improve self-determination skills for students with developmental, psychiatric or learning disabilities. *(Apportionment)*

DSPS 444

**Improving Skills: Functional Writing Skills**

This course is designed to improve everyday writing skills of students with developmental, psychiatric or learning disabilities. *(Apportionment)*

DSPS 446

**Improving Skills: Reading Comprehension Skills**

This course is designed to improve reading comprehension skills of students with developmental, psychiatric or learning disabilities. *(Apportionment)*

DSPS 450

**Basic Cooking: Beginning Skills**

This course is designed to give students with disabilities a foundation of basic cooking and food preparation concepts and activities, kitchen cleanliness and safety, and grocery shopping skills, using a variety of basic skills. *(Apportionment)*

DSPS 452

**Basic Cooking: Intermediate Skills for Students with Disabilities**

This course is designed to give students with disabilities intermediate skills of cooking and food preparation concepts and activities, kitchen cleanliness and safety, and grocery shopping skills, using a variety of basic skills *(Apportionment)*

DSPS 454

**Basic Cooking: More Advanced Skills for Students with Disabilities**

This course is designed to give students with disabilities more advanced skills of cooking and food preparation concepts and activities, kitchen cleanliness and safety, nutrition, and grocery shopping skills, using a variety of basic skills. *(Apportionment)*

DSPS 460

**Social Skills: Foundational Basics**

This course is designed to give students with disabilities an overview of foundational basic social skills at home, school, work, and in the community, using a variety of basic skills. *(Apportionment)*

DSPS 462

**Social Skills: Conflict Management and Resolution Basics**

This course is designed to give students with disabilities an overview of conflict management and resolution skills at home, school, work, and in the community, using a variety of basic skills. *(Apportionment)*

DSPS 464

**Social Skills: Additional Interpersonal Concepts**

This course is designed to give students with disabilities an overview of additional social skills concepts at home, school, work, in the community, and in their personal life, using a variety of basic skills. *(Apportionment)*

DSPS 470

**Relationships: Foundational Basics**

This course is designed to give students with disabilities an overview of appropriate interactions with foundational relationships concepts, using a variety of basic skills. *(Apportionment)*

DSPS 472

**Relationships: Building and Maintaining Healthy Relationships**

This course is designed to give students with disabilities an overview of appropriate interactions for building and maintaining healthy friendships and romantic relationships, using a variety of basic skills. *(Apportionment)*

DSPS 474

**Relationships: Relationships Review, Intimacy, and Sexuality Concepts**

This course is designed to give students with disabilities a review of general relationships, intimate relationships, and an overview of sexuality concepts, using a variety of basic skills. *(Apportionment)*

DSPS 480

**Human Sexuality: Human Development, Puberty, and Conception**

This course is designed to give students with disabilities an overview of basic human sexuality concepts of boundaries, human development, and puberty in order to build safe, healthy sexual behaviors and attitudes, consistent with personal values, using a variety of basic skills. *(Apportionment)*

DSPS 482

**Human Sexuality: Sexual Expression, Reproduction, and Birth Control**

This course is designed to give students with disabilities an overview of the basic human sexuality concepts of sexual expression, reproduction, birth control, and sexual health, in order to build safe, healthy sexual behaviors and attitudes, consistent with personal values, using a variety of basic skills. *(Apportionment)*

DSPS 484

**Human Sexuality: Children, Personal Safety, & Healthy Relationships**

This course is designed to give students with disabilities an overview of the basic human sexuality concepts of having children, sexual abuse safety, and healthy relationships, in order to build safe, healthy sexual behaviors and attitudes, consistent with personal values, using a variety of basic skills. *(Apportionment)*

DSPS 490

**Affectively Dealing With Work- Related Problems**

A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will include activities to enhance written and verbal skills. *(Apportionment)*

DSPS 492

**First Impressions On The Job**

A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will focus on making good first impressions and will include activities to enhance written and verbal skills. *(Apportionment)*

DSPS 494

**Interviewing & Professional Communication**

A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will focus on interviewing skills and will include activities to enhance written and verbal skills. *(Apportionment)*

DSPS 500

**Keyboarding & Basic Word Processing**

This course is the first in a series of three courses designed for adults with developmental disabilities. The course teaches keyboarding and basic word processing. The skills learned in the first course will carry over into the subsequent two courses. *(Apportionment)*

DSPS 502

**Exploring the Internet and Email**

This course is the second in a series of three courses designed for adults with developmental disabilities. The course teaches the student how to use email and how to do research on the Internet using common search engines. The skills learned in this course will carry over into the last course in this series. Students will use keyboarding and word processing skills learned in prior course. *(Apportionment)*

DSPS 504

**Creating PowerPoint Presentations**

This course is the third in a series of three courses designed for adults with developmental disabilities. The course teaches the student how to create PowerPoint presentations. Students will use keyboarding, word processing, and internet research skills learned in prior courses. *(Apportionment)*

DSPS 514

**Job Skills Fieldwork: Working in Food Service for Students with Disabilities**

Students with disabilities participate in weekly field trips to destinations that provide them with first hand observation of workplaces in the food service industry. Curriculum includes instruction in the use of bus schedules to determine departure and arrival time for destinations. *(Apportionment)*

DSPS 516

**Job Skills Field Work: Working in Childcare & Vocational Assistance for Students with Disabilities**

Students with disabilities participate in field trips to childcare facilities, educational programs and vocational agencies that can assist them in attaining and maintaining employment. Curriculum includes instruction in using public transportation, using Internet resources for planning bus trips to field trip destinations and creating a written day schedule. *(Apportionment)*

DSPS 520

**Relationships and Boundaries for Students with Disabilities**

This course is designed to provide students with developmental disabilities with the knowledge and skills they need to have safe and healthy interpersonal relationships. Topics covered include personal boundaries, dealing with strangers, and appropriate types of relationships. *(Apportionment)*

DSPS 522

**Interpersonal Relationships for Students with Disabilities**

.This course provides students with developmental disabilities with the knowledge and skills to have safe and healthy interpersonal relationships. Topics in the course include personal values, making choices, dating and sexual relationships. *(Apportionment)*

DSPS 524

**Personal Development and Safety In Relationships for Students with Disabilities**

This course is designed to provide students with developmental disabilities with the knowledge and skills they need to have safe and healthy interpersonal relationships. Topics covered include human development, sexual activity, birth control, and pregnancy. *(Apportionment)*

DSPS 530

**College to Career Open Lab for Adults with Disabilities**

This course is designed to provide students who have developmental or learning disabilities with the knowledge to develop vocational and educational skills. *(Grant-Funded)*

DSPS 531

**Educational Support and Employment Prep Lab**

This course is designed to provide students who have disabilities with the knowledge to develop vocational and educational skills. *(Apportionment)*

DSPS 533

**Community Resources: Employment Options**

Students will participate in weekly field trips to destinations that provide them with tours and first hand observation of appropriate workplaces for entry level employment. Curriculum includes instruction in the use of public transportation. *(Apportionment)*

DSPS 535

**Photoshop: Digital Camera Operation for Students with Disabilities**

Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of operating a digital camera. *(Apportionment)*

DSPS 537

**Photoshop Elements: Introduction for Students with Disabilities**

Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of Photoshop Elements. *(Apportionment)*

DSPS 539

**Photoshop Elements: Layering and Special Effects**

Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of Photoshop Elements. *(Apportionment)*

DSPS 540

**Exploring Career Options for Students with Disabilities**

This course is intended to assist adults with disabilities in establishing a clear and realistic occupational goal. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Students will also explore resources for seeking employment in their chosen occupational field. *(Apportionment)*

DSPS 542

**Workplace Attitudes and Standards for Students with Disabilities**

This course is intended to prepare students with disabilities for successful employment by introducing them to appropriate on-the-job behavior, communication, attitude and work ethics. Students will also be introduced to the importance of workplace safety and customer service. *(Apportionment)*

DSPS 544

**Getting a Job for Students with Disabilities**

This course is designed to introduce students with disabilities to filling out and submitting both written and online job applications. This course will also introduce students to effective job interview preparation, technique and attire. *(Apportionment)*

DSPS 550

**Independent Living Skills: Exploring Employment**

This is the first of three sequential courses designed for adults with disabilities to succeed at a workplace. This course covers job-seeking skills. *(Apportionment)*

DSPS 552

**Independent Living Skills: Pre-Vocational Skills Practice**

This course is designed for adults with developmental disabilities and intellectual disabilities who want to learn basic vocational skills. Students will practice different vocational work skills in various settings. *(Apportionment)*

DSPS 554

**Independent Living Skills: Social Skills on the Job**

This course is designed for students with developmental disabilities and intellectually disabilities who want to learn how to be a good employee. Students will learn about traits that employees need to succeed in a job. *(Apportionment)*

DSPS 560

**Independent Living Skills: Budgeting Skills**

This class is designed to teach students with developmental and intellectual disabilities how to budget and save their money. *(Apportionment)*

DSPS 562

**Independent Living Skills: Money Skills**

This class is designed to teach adults with developmental and intellectual disabilities how to count money and pay bills safely and correctly. *(Apportionment)*

DSPS 564

**Independent Living Skills: Consumer Skills**

The class is designed to teach adults with developmental and intellectual disabilities to increase their skills and knowledge to be better consumers. *(Apportionment)*

DSPS 570

**Independent Living Skills: Health Skills**

This class is designed to teach adults with developmental and intellectual disabilities to improve their health and physical well-being. *(Apportionment)*

DSPS 572

**Independent Living Skills: Safety Skills**

This class is designed to teach adults with developmental and intellectual disabilities to improve their personal safety at home. *(Apportionment)*

DSPS 574

**Independent Living Skills: Nutrition**

This class is designed to teach adults with developmental and intellectual disabilities the benefits of achieving good health through nutrition, exercise, and lifestyle choices. *(Apportionment)*

DSPS 580

**Independent Living Skills: Practical Living Skills**

This class is designed to teach adults with developmental and intellectual disabilities how to apply practical living skills in order to live more independently in the community. *(Apportionment)*

DSPS 582

**Independent Living Skills: Accessing Community Resources**

This course is designed to teach adults with developmental and intellectual disabilities how to access public transportation and integrate into their community more independently. *(Apportionment)*

DSPS 584

**Independent Living Skills: Kitchen Skills**

This course is designed to teach adults with developmental and intellectual disabilities how to plan and safely cook a simple meal. *(Apportionment)*

DSPS 600

**Community Inclusion and Transition Resources**

Students with disabilities participate in weekly field trips. Trips include resources in the community that can provide opportunities for community inclusion and organizations that provide community transition assistance. Curriculum includes instruction for use of public transportation to get to and return from field trip destinations. *(Apportionment)*

DSPS 605

**Social Media and Online Safety**

This course is designed to equip students with disabilities with the knowledge to increase personal online safety while creating and maintaining social media accounts. *(Apportionment)*

DSPS 610

**Public Speaking**

This course is designed to provide students with disabilities the knowledge and skills to create and deliver presentations in the classroom. Students will learn how to reduce anxiety and deliver presentations to their classmates through public speaking activities and speeches. *(Apportionment)*

**Early Childhood Education (ECE)**

ECE 100

**Child Health and Safety**

For teachers and directors of pre-schools, this course will focus on the skills and knowledge needed for developing emergency plans and responding to health and safety issues in the classroom. *(Apportionment)*

ECE 108

**ECE Program Principles and Practice**

Course examines the history, basic principles, and philosophies of various types of early childhood programs, emphasizing the role of the adult and characteristics of quality programs. This course is part of a program approved by the California Department of Social Services, Community Care Licensing, for employment in private facilities only. *(Apportionment)*

ECE 110

**Program Principles II**

*Prerequisite: ECE 108 Program Principles I.* Bring original certificate to first class! Students explore major contributors in early childhood education and the development of their personal growth in the field of teaching. *(Apportionment)*

ECE 112

**Language Arts and Literacy in Early Childhood**

This course examines the teacher's role in promoting and facilitating children's emerging literacy and language development through the use of storytelling, books, songs, flannel board stories and puppetry. This course is part of a program approved by the California Department of Social Services, for employment in a private facility. *(Apportionment)*

ECE 116

**Program Music & Movement**

Explores areas of music and movement appropriate to child's development through participating and experimenting. *(Apportionment)*

ECE 124

**Infant Care I**

Methods of sanitation, illness and Title 22 regulations will be discussed. *(Apportionment)*

ECE 126

**Infant Care II**

Theory and appropriate caregiver methods applied in daily curriculum activities for infants and toddlers. *(Apportionment)*

ECE 130

**Program Science & Math**

Plan, organize and implement activities that help children develop skills, appreciation and enthusiasm for science and math. *(Apportionment)*

ECE 132

**Program Creative Experience**

Student awareness and application of materials appropriate for preschool art activities. *(Apportionment)*

ECE 134

**Developmental Readiness: Preschool**

*Prerequisite: ECE 140 Early Childhood Development.* Bring original certificate to first class! Explore how children learn. Develop the ability to plan developmentally-appropriate activities to ensure children's success. Learn how to detect and prevent learning difficulties. *(Apportionment)*

ECE 136

**Family Community Relationships**

Examination of the sociological relationships between family and society; institutional, racial, social, and economic factors affecting the family and the child. *(Apportionment)*

ECE 140

**Early Childhood Development**

Intro to age-related child growth, development, learning characteristics, self-concept, mechanics and techniques of positive learning. *(Apportionment)*

ECE 141

**Early Childhood Educational Planning**

Orientation and Assessment to and for the SCE Early Childhood Education Certificate program, overview of occupational options. Evaluate reading comprehension, writing abilities, English language acquisition via student self-assessment. Provide advisory referrals to basic skills support as needed per individual student. Provide overview of general SCE programs and student support services. *(Orientation)*

ECE 142

**Supervision & Administration**

(Offered Spring Term Only) Prerequisites: ECE 170 Introduction to Curriculum for ECE, and ECE 108 ECE Program Principles and Practice, and ECE 140 Early Childhood Development, and ECE 136 FamilyCommunity Relationships, and ECE 100 Child Health and Safety. (or courses equivalent - see Program Manager). In depth study of the essentials of daily school supervision and operation as mandated by State regulations. (*Apportionment*)

ECE 165

**Children with Special Needs**

This course offers a broad study of children with special needs and early childhood education as it relates to inclusion. This course covers federal and state laws and regulations, terminology and definitions, appropriate practices and intervention. This course is part of a program approved by Department of Social Services, Community Care Licensing. (*Apportionment*)

ECE 170

**Introduction to Curriculum for Early Childhood Education**

*Prerequisite: ECE 140 Early Childhood Development.* This course provides the foundation for curriculum planning, implementation, observation, assessment and evaluation. Emphasis includes modalities, learning styles, environments, activities, schedules, routines and adaptations to facilitate learning for all children. This course is part of a program approved by the California Department of Social Services for employment in private facilities. (*Apportionment*)

ECE 175

**Infant-Toddler Care**

This course explores the theories, principles and practices of an infant/toddler program. Content includes respectful, responsive care giving, licensing and regulation issues, and enriching, safe, healthy developmentally appropriate environments. This course is part of a program approved by the California Department of Social Services for employment in private facilities. (*Apportionment*)

**Educational Enrichment (EDEN)**

EDEN 100

**Senior Topics for Older Adults**

This course presents older adults with various topics for discussion and class activities based on the students' individual interest, backgrounds, physical and mental abilities. Older adults are encouraged to share and compare life experiences, and learn about international, national and local events and issues from a current and historical viewpoint. (*Apportionment*)

EDEN 550

**Intergenerational: Life Review for Older Adults**

This course for older adults and participants of multiple generations will explore, celebrate, and share their life histories with other class participants through personal interviews, with the older adult students, completing a family tree chart, and participating a life-layers activity. Relationships across generations are encouraged through interactive class projects and activities. (*Apportionment*)

EDEN 600

**Intergenerational: Learning Connection for Older Adults**

This class provides older adults and participants of multiple generations the opportunity to gain understanding and appreciation for themselves and others through various interactive class activities and projects. Older adults students are encouraged to explore different perspectives by comparing and contrasting the past, present, and future from different generational viewpoints. (*Apportionment*)

EDEN 640

**Genealogy 101 - First Steps to Family Heritage**

This course is designed for participants to develop a plan to document their family history through genealogy. (*Fee-Based*)

**Electrical (ELET)**

ELET 100

**Basic Electronics for Video, Audio and Computer**

This course offers the fundamentals of basic electronics, including electronics theory with a focus on analog electronics. Students receive practical lab experience to understand and troubleshoot circuits. This course is a starting point for students preparing for a career as an electronic technician. (*Apportionment*)

ELET 102

**Basic Electricity**

Course starts with basic electricity and progresses into residential wiring in accordance with the National Electrical Code. Students learn how to obtain an electrical contractor's license. Supplies purchase required as specified by instructor. (*Apportionment*)

ELET 112

**Electronic Service Technology**

*Prerequisite: Basic electronic knowledge* Course reviews AC/DC theory and basic electronic circuits. Learn to use electronic test equipment and hook up home entertainment equipment. Proceed with testing, troubleshooting and preventive maintenance on radio, TV, VCR, microwave and DVD/CD player. Purchase of small electronic kit as specified by instructor required. Basic knowledge of electronics recommended. (*Apportionment*)

ELET 116

**Personal Computer Repair (Beginning)**

Covers the fundamentals of computer repair and maintenance through the study of theory, terminology, troubleshooting of IBM compatible Personal Computers and hands-on training. (*Apportionment*)

ELET 140

**Introduction to Electrical Trainee**

Course provides an overview of the construction industry with focus on the career path of an electrical trainee. Students will learn about the skills needed to launch a successful career in the electrical trade. Topics include safety, construction math, tools and materials handling, job site management, and State certification requirements for electricians. (*Apportionment*)

ELET 145

**Electricity Fundamentals**

*Prerequisite: ELET 140 Introduction to Electrical Trainee.* Course covers basic electrical concepts, including electrical measurements, basic electrical theory, and an understanding of how common electrical components work. Course provides a basis for understanding electrical safety concepts. (Apportionment)

ELET 150

**Wiring Fundamentals: Residential**

*Prerequisite: ELET 145 Electricity Fundamentals.* Course provides an overview of the National Electrical Code (NEC) and its application to residential wiring. Topics include electrical standards, residential wiring techniques, grounding, basic switching circuits, residential load calculations, and electrical services in accordance with the NEC. (Apportionment)

ELET 160

**Wiring Fundamentals: Commercial**

*Prerequisite: ELET 145 Electricity Fundamentals.* Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, and voltage-drop equations and lighting sources in accordance with the NEC. (Apportionment)

ELET 170

**Wiring Fundamentals: Industrial**

*Prerequisite: ELET 145 Electricity Fundamentals.* Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics to include industrial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, electrical motors, motor circuit conductors, motor control circuits, and electrical power installations in accordance to the NEC. (Apportionment)

ELET 175

**Electrical Trades Mathematics I**

A study of mathematics used in the electrical and construction trades including topics such as arithmetic, fractions, decimals, percent's, graphing, measurement, and an introduction to algebra. (Apportionment)

ELET 176

**Electrical Trades Mathematics II**

*Prerequisite: ELET 175 Electrical Trades Mathematics I.* This course will present basic algebra and trigonometry and their application to the solution of practical problems in the electrical construction field with an emphasis on trigonometric solutions to alternating current electrical theory. (Apportionment)

ELET 178

**OSHA Standards for Construction**

This course covers Occupational Safety and Health Administration (OSHA) policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards a guide. Upon successful course completion, the student will receive an OSHA 30 Hour Construction Outreach Training Completion Card. (Apportionment)

ELET 180

**Electrical Conduit Bending**

This course is a study of how to properly calculate, layout, and bend Electrical Metallic Tubing (EMT) and Rigid Metal Conduit (RMC) per industry and National Electrical Code standards. This course utilizes both hand bending tools and the use of mechanical and machine type bending equipment. (Apportionment)

ELET 205

**Electrical Fundamentals I – Residential**

*Prerequisite: ELET 175 Electrical Trades Mathematics I; Co-requisite: Must be taken concurrently with ELET 210 Electrical Laboratory Practices I.* This course introduces the student to the elements of basic direct current circuits and residential type construction with an emphasis on wiring principles and basic residential design. The student will perform a "hands on" design of a basic residential blueprint with all components in strict accordance with the requirements of the National Electrical Code. (Apportionment)

ELET 206

**Electrical Fundamentals II – Commercial**

*Prerequisite: ELET 205 Electrical Fundamentals I - Residential and ELET 176 Electrical Trades Mathematics II; Must be taken concurrently with ELET 211 Electrical Laboratory Practices II.* Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, single and three distribution systems and equipment, grounding, and lighting sources in accordance with the NEC. (Apportionment)

ELET 207

**Electrical Fundamentals III – Industrial**

*Prerequisite: ELET 205 Electrical Fundamentals I - Residential and ELET 206 Electrical Fundamentals II – Commercial; Must be taken concurrently with ELET 212 - Electrical Laboratory Practices III* Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics include industrial wiring, conduit systems, conductor types and applications, over-current protection, electrical motors, motor circuit conductors, motor control circuits, and industrial electrical power installations in accordance to the National Electrical Code. (Apportionment)

ELET 210

**Electrical Laboratory Practices I**

*Must be taken concurrently with ELET 205 - Electrical Fundamentals I – Residential.* This course covers laboratory work associated with the fundamentals of DC electricity, electromagnetism, series, parallel and combination circuits, wiring practices, and hand tools. (Apportionment)

ELET 211

**Electrical Laboratory Practices II**

*Prerequisite: ELET 210 Electrical Laboratory Practices I; Must be taken concurrently with ELET 206 - Electrical Fundamentals II – Commercial.* This course includes lab work associated with the fundamentals of alternating current electricity. Alternating current principles, practices, and safe wiring with hand tools and instrumentation are included. (Apportionment)

ELET 212

**Electrical Laboratory Practices III**

*Prerequisite: ELET 211 Electrical Laboratory Practices II; Must be taken concurrently with ELET 207 - Electrical Fundamentals III – Industrial.* This course covers the theoretical and practical principles involving the control of alternating current motors with electromechanical and programmable logic controller (PLC) type equipment. Industry standard wiring practices and troubleshooting methods are covered. *(Apportionment)*

**English / Communications (ENCO)**

ENCO 110

**Communication With The Deaf (Beginning)**

This course is suitable for beginners, beneficial for parents, teachers, instructional personnel and individuals interested in communicating with deaf or hard-of-hearing children and young adults. *(Apportionment)*

ENCO 125

**Senior Choir: Signs of the Holidays**

This class for older adults provides training in American Sign Language vocabulary and grammatical expression as it applies to seasonal music. Students will engage in community performances of tradition and ceremony for their community, both Deaf and Hearing. *(Apportionment)*

ENCO 180

**Books Come Alive for Older Adults**

"Books Come Alive" is an intellectually and socially rewarding activity designed for older adults in which outstanding works of fiction/non-fiction are read and discussed. Through the method of shared inquiry, along with thought-provoking questions, older adult students are offered exciting opportunities for self-discovery and personal growth. *(Apportionment)*

ENCO 181

**Oral Histories for Older Adults**

Older adult students will participate in group activities that encourage interactive discussion, sharing, and relating life stories as they relate to the older adult perspective. Older adults students will explore a life time of memories and experiences. Learn to recognize the importance of remembered experiences and personal uniqueness associated with aging. *(Apportionment)*

ENCO 183

**Great Literature for Seniors**

"Great Literature for Seniors" is an intellectually and socially rewarding class designed for older adults in which outstanding short stories are read and discussed. Through the method of shared inquiry, along with thought-provoking questions, students are offered exciting opportunities for self-discovery and personal growth. *(Apportionment)*

ENCO 452

**Public Speaking Workshop - Mastering Your Fear**

in front of a group in a non-threatening workshop Effective communications is essential for success, yet many are too fearful or lack the confidence to speak in front of a group of people. In this workshop, you will have the opportunity to master your fear by understanding the root causes of fear, realizing that fear is a positive emotion, and learning how to turn your fear into a world of excitement and enthusiasm. In fact, you may realize that public speaking can be enjoyable for both you and the audience. *(Fee-Based)*

ENCO 501

**Journey Back Into Time for Older Adults**

This class offers older adults students the opportunity to explore and share their personal histories, cultures, and values among older adult students through group discussion. Shared experiences, memories and linking the past with the present, encourage self-awareness, positive self-esteem, mental stimulation, and enjoyment. *(Apportionment)*

ENCO 515

**Be an Effective Presenter and Speaker**

Are you giving presentations but you're not getting the results you expect? Learn from the published author of "31 Tips to Becoming an Effective Presenter." The author will guide you through a series of exercises, assignments and demonstrations to improve your effectiveness in giving presentations. You will learn how to use your voice; how to use proper and appropriate gestures; and what to do before, during and after your presentations, and much more. *(Fee-Based)*

ENCO 520

**Public Speaking: Speaking with Confidence**

Many of us are required or asked to give presentations in class, at work, or at social events, yet we are too fearful or lack the knowledge to give a presentation effectively and confidently. By understanding the fear and by offering exercises in a safe and positive growth environment, the published author of "31 Tips to Becoming an Effective Presenter," will gently guide you in transcending your presentation fears and becoming confident in presenting to others. You may even learn to enjoy giving presentations. *(Fee-Based)*

ENCO 530

**Networking - Basics of Building Relationships**

Building relationships is a great way to add to your network. This class will teach you the skills to initiate a relationship. How to shake hands, introduce yourself, join a group, work the room and keep a conversation going. With confidence, you will be successful! *(Fee-Based)*

ENCO 535

**Braille Transcribing: Basic Rules**

This class is designed for sighted and visually impaired persons to learn the basic skills of transcribing print into braille. *(Apportionment)*

ENCO 537

**Braille Transcribing: Reading and Writing Contractions**

This class is geared for sighted and visually impaired persons to learn the art of transcribing print into braille at the intermediate level. *(Apportionment)*

ENCO 539

**Braille Transcribing: Advanced Symbols and Formatting Manuscripts**

This class is geared for sighted and visually impaired persons to learn the art of transcribing print into braille at the advanced level. *(Apportionment)*

ENCO 550

**Be a Productive PowerPoint Presenter**

This class emphasizes organizing and delivering effective presentations while using PowerPoint slides. PowerPoint must enrich a presentation to be effective, yet many presenters underuse, misuse or overuse PowerPoint. Learn how to optimize PowerPoint presentations to ensure each individual slide improves the presentation. Some knowledge of PowerPoint necessary for students enrolling in this class *(Fee-Based)*

**English as a Second Language (ESLA)**

ESLA 001

**ESL Learning Center**

The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction. *(Apportionment)*

ESLA 100

**ESL Beginning Literacy**

This course is designed to meet the student's needs as determined by assessment of the student's language proficiencies, goals, and interests. ESL instruction integrates language components, vocabulary, grammatical structures, language functions, and pronunciation in units and topics that are important to the students. *(Apportionment)*

ESLA 110

**ESL Multilevel**

The course focuses on preparing students to use English to achieve tasks within a variety of real-life situations such as a doctor's office or a department store. Students are instructed to be able to listen, speak, read, and write in English in context-specific environments. *(Apportionment)*

ESLA 120

**Family Literacy**

The course focuses on incorporating reading and literacy as a fundamental component of a healthy, well-functioning family. The family-oriented assignments integrate school and home. *(Apportionment)*

ESLA 130

**ESL and Computers**

This course provides English language instruction through the medium of English-as-a-Second-Language (ESL) computer programs. The primary focus is situated vocabulary development through the use of the Oxford Picture Dictionary program and supplementary software. *(Apportionment)*

ESLA 160

**ESL Fundamentals, Beginning Low**

This integrated-skills course focuses on developing beginning-level receptive and productive language skills; the course also emphasizes life skills. *(Apportionment)*

ESLA 161

**ESL Fundamentals, Beginning High**

The course focuses on developing receptive and productive language skills. Students will acquire grammar, vocabulary and language functions to improve proficiency. The course also emphasizes beginning level life skills. *(Apportionment)*

ESLA 162

**ESL Fundamentals, Intermediate Low**

The course focuses on developing intermediate level receptive and productive language skills. Students will acquire grammar, vocabulary and language functions to improve proficiency. The course also emphasizes life skills. *(Apportionment)*

ESLA 163

**ESL Fundamentals, Intermediate High**

This is a four-skill language course using topics and information sources related to student need. Students will increase their proficiency in reading, writing, listening and speaking by acquiring new vocabulary and applying appropriate grammatical structures. Building language fluency is the focus of the course. *(Apportionment)*

**High School Writing Skills**

Writing strategies are presented through individualized, self-paced modules in personal compositions and business letters. Techniques in structure, style and business correspondence are covered. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 106 Credits: 1 - 10

**High School US History**

This United States history course covers the lives of America's people and aspects of their cultures, from early exploration through the beginning of the twenty-first century. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 107 Credits: 1 - 5

**High School US Government**

This course is an individualized, self-paced study of U.S. government. It will cover the Constitution, the roles of the federal, state and local government, and modern economic and political systems. This course is used for SCE High School Diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same completion of this course. *(Apportionment)*

IHSS 109 Credits: 1 - 10

**High School World History**

This course presents the history of the world's people and major cultures from early times to the present. This course is offered for the SCE high school diploma and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 110 Credits: 1 - 10

**High School World Geography**

This geography course surveys all the major regions of the world, explores processes that shape the Earth and relationships between people and environments. This course is offered for SCE diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 111 Credits: 1 - 5

**High School Economics**

This course explores the changing economic climate in the United States and globally. Economic systems, development and problems that affect daily life are covered. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 113 Credits: 1 - 5

**High School Mass Media**

This mass media course covers various forms of communications including television, advertising, print materials, and electronic media. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 114 Credits: 1 - 10

**High School Film Appreciation**

This course is an individualized, self-paced study of film appreciation. Topics covered include film genres, directing and critique. This course is used for SCE High School Diploma credit. *(Apportionment)*

IHSS 116 Credits: 1 - 10

**High School General Math**

This course presents activities to help the student with basic arithmetic skills, real-life applications, and problem-solving techniques. The units of study include a review of whole number operations, and basic functions of fractions, decimals, percents, measurements, algebra and geometry. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 117 Credits: 1 - 10

**High School Vocational Math**

This course develops mathematical problem solving skills for occupational areas and everyday situations. Problems are given for payroll, retail business, manufacturing, mechanics, construction, inventory, health, and personal finance. Topics include formulas, basic algebra, proportions, percents, basic geometry, and measurements. This course is offered for SCE high school diploma credit. *(Apportionment)*

IHSS 118 Credits: 1 - 10

**High School Algebra 1**

This course covers basic algebra concepts including an introduction to variables, equations, factoring, an introduction to variables, equations, factoring, formulas and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 119 Credits: 1 - 10

**High School Geometry**

This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned towards the completion of this course. *(Apportionment)*

IHSS 120 Credits: 1 - 10

**High School Life Science**

This course is an individualized, self-paced study of Life Science. This course covers scientific methods, classification and body systems. This course is used for SCE High School Diploma credit. *(Apportionment)*

IHSS 121 Credits: 1 - 5

**High School Earth Science**

Earth Science deals with the earth and other heavenly bodies of the universe. Students learn the various characteristics that make Earth unique in the solar system. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 122 Credits: 1 - 5

**High School Physical Science**

Physical Science explores matter and its properties, motion, heat, energy, sound and light, as well as electricity and magnetism. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 123 Credits: 1 - 10

**High School Biology**

This biology course is an individualized, self-paced study of living things including classification, survival, reproduction, growth, and development. Other topics explore ecological cycles, behaviors and evolution. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 124 Credits: 1 - 10

**High School Health**

This class is designed to give students an understanding of various facets of physical, mental, and social well being. The student will gain knowledge to promote wellness, identify causes of health problems and ways to prevent them. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 127 Credits: 1 - 10

**High School Computer Literacy**

Students will learn the basics of Windows, Internet browsing, keyboarding, email, course management systems and the modern office environment. *(Apportionment)*

IHSS 153 Credits: 1 - 10

**High School General Science**

General Science covers physical, Earth, and life science. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 163 Credits: 1 - 10

**High School Composition**

This course provides writing strategies that include basic sentence structure, a review of grammar and mechanics, paragraph formation and essay composition skills. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 167 Credits: 1 - 5

**High School English Basic Skills**

Basic English skills are presented in this self-paced course. This introductory course includes workbook activities to improve skills in spelling, capitalization, punctuation, and reading. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 170 Credits: 1 - 10

**High School Grammar**

This course covers a variety of English language skills in a flexible format suitable for individualized, self-paced coursework. The topics covered include grammar, usage, writing mechanics and composition strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 173 Credits: 1 - 10

**High School Novels**

This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 174 Credits: 1 - 10

**High School Literature**

This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. Literary options include poetry, short stories, essays and complete novels. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 177 Credits: 1 - 10

**High School Reading**

This developmental reading course represents many options to build skills in reading comprehension, vocabulary, and critical thinking. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. *(Apportionment)*

IHSS 181 Credits: 1 - 5

**High School Short Stories**

This course introduces a variety of short stories through self-paced reading activities. Through guided reading activities, students explore character development, plot and author's purpose. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned for the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 183 Credits: 1 - 10

**High School Vocabulary**

This course covers grade-level vocabulary development and is offered for the SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 190 Credits: 1 - 5

**High School Literacy Skills I**

This course is designed to develop vocabulary, decoding, reading comprehension and critical thinking skills. This course will be used for High School Diploma Credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title 5, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 191 Credits: 1 - 5

**High School Literacy Skills II**

This course is designed to advance vocabulary, decoding, reading comprehension and critical thinking skills. This course will be used for High School Diploma credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title 5, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 300 Credit: 1

**Transitioning to College**

This course is designed to help SCE High School Diploma Program, ESL Academic Success, and all other SCE students successfully transition to college. Topics presented will include identifying academic goals, designing an educational plan, utilizing the college processes (registration, financial aid, learning resources), and graduation. This course will include campus tours of several student resource centers. *(Apportionment)*

IHSS 500 Credits: 1 - 10

**High School Language Arts I**

This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 501 Credits: 1 - 10

**High School Language Arts II**

This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format using lecture-style instruction. *(Apportionment)*

The toolbox includes: cue cards, four spinners, specialized learning sticks and more. Great emphasis will be placed on creativity, grammar, punctuation, and vocabulary skills, hosted in a fun and relaxed learning environment. *(Fee-Based)*

KIDS 139

**Creative Writing**

Grades 1-2

Students will use their imaginations to write short stories. Emphasis is on the creative expression of ideas. *(Fee-Based)*

KIDS 148.

**Tutorial: Reading and Writing Review**

Grade 1-2

Students will enrich reading and writing skills by practicing language arts through writing, capitalization, using proper punctuation, spelling, correcting sentences, reading, and more through the use of ability leveled study packets. Each term uses different work. Limited to 8 students. *(Fee-Based)*

KIDS 148A

**Tutorial: Reading and Writing Review**

Grades 3-4

Students will enrich reading and writing skills by practicing language arts through writing, capitalization, using proper punctuation, spelling, correcting sentences, reading and more through the use of ability leveled study packets. Limited to 8 students. *(Fee-Based)*

KIDS 150.

**Please Pass The Manners**

Ages 5-7

This class will cover the basics of introductions, as well as how to handle silverware, napkins and the ABC's of table manners. *(Fee-Based)*

KIDS 150A

**Please Pass The Manners**

Ages 9+

This class will cover the basics of introductions, as well as how to handle silverware, napkins and the ABC's of table manners. *(Fee-Based)*

KIDS 151

**Reading & Comprehension**

Grades 5-6

This course will focus on what students like to read for fun. Learn tricks and techniques for better comprehension and how to become a reading "whiz". *(Fee-Based)*

KIDS 152

**Please Pass The Manners**

Ages 9+

Good manners are a good first impression! Your children will learn American etiquette for all occasions. This is a fun class where we act out all sorts of situations and how to respond appropriately. We fine tune our special skills and then sit down to a pasta dinner to learn good table manners, and how to eat those foods that commonly end up on our chins and loops! One day workshop! *(Fee-Based)*

KIDS 166

**Reading, Writing, and Math Review Camp**

Grade 1

Students will sharpen their reading, writing and basic math skills in a fun and relaxed workshop! Games, worksheets and a "hands-on project" will be used to review 1st Grade skills before starting 2nd Grade. *(Fee-Based)*

KIDS 180

**Around the World**

Ages 6+

Children will learn geography and discover interesting facts about Mexico, Central and South America, the United States, Europe, the Orient, Egypt, Saudi Arabia, Israel and many others. Artifacts, dolls and pictures will be displayed. *(Fee-Based)*

KIDS 181

**Reading, Writing, and Math Review Camp**

Grades 2 and 3

Students will sharpen their reading, writing and basic math skills in a fun and relaxed workshop! Games, Worksheets and a "hands on project" will be used to review 2nd grade or 3rd grade skills before starting the next grade. *(Fee-Based)*

KIDS 191

**Improve Your Reading and Writing**

Grades 7-10

Students will become more effective readers by learning strategies to read different types of writing. By responding in writing to what they read, students will increase comprehension and improve written communication skills. Techniques such as analyzing, summarizing, comparing, critiquing, and interpreting will be applied to in-class reading and writing projects. *(Fee-Based)*

KIDS 194

**Basic Reading Skills**

Ages 4-5

Children will participate in a variety of meaningful, interactive, and stimulating games and activities to build phonemic awareness and phonics skills. Activities include developing skills in decoding, beginning to read word families, print practice and beginning sentence writing. This class is for students preparing to enter Kindergarten. This class develops a strong reading foundation for success in school. *(Fee-Based)*

KIDS 195

**Reading Camp for Kindergarten**

Children will participate in a variety of meaningful, interactive, and stimulating games and activities to build phonemic awareness and phonics. These activities are based on the new Common Core standards and include decoding, beginning to read word families, printing practice, and beginning sentence writing. This camp is for students entering kindergarten. The camp also develops a strong reading foundation for success in school. Enrollment is limited. *(Fee-Based)*

KIDS 202

**Pre-Algebra Concepts**

Grades 6

Increase your skills in pre-algebra and acquaint yourself with calculating activities. Also fractions, decimals, integers and solving equations. *(Fee-Based)*

KIDS 214

**Tutorial: Ready, Set, Read!**

Grades 1-2

This is a tutorial-based class that is developed to assist the emergent reader. There will be a strong focus on phonics and mastery of basic sight words. Limited to 8 students. *(Fee-Based)*

KIDS 217

**Algebra**

Grades 7+

Learn how to solve equations, multiplying polynomials, work word problems, graph functions, solve inequalities without stress. *(Fee-Based)*

KIDS 224

**Tutorial: Pre-Algebra**

Grades 6+

This class will prepare the student for Algebra. Topics include: Order of operation, integers, rational numbers, GCF, LCM, exponents, fractions, decimals, variables, simple one or two step equations, and functions. Educational materials provided. Class limited to 8 students. *(Fee-Based)*

KIDS 226

**Tutorial: Algebra 1**

Grades 7+

This course is designed to enhance equation solving skills. It will also cover integers, rational numbers, square roots, fractions, decimals, percent, and solving equations with variables on both sides. Educational materials provided. Class limited to 8 students. *(Fee-Based)*

KIDS 227

**Algebra II**

Grades 8+

Topics include Rational Algebraic Expressions, Quadratic Equations, Radicals, Function Notation, Composite, Inverse and Even Functions, Distance Formula, Midpoints, and Transformations. *(Fee-Based)*

KIDS 234

**Phonics and Printing**

Ages 5-6

This hands-on course introduces proper letter formation and develops student's ability to sound out words. Through fun games and printing activities students become better printers and spellers. Students will also learn beginning sentence writing. Each term has different activities. *(Fee-Based)*

KIDS 236

**Comprehensive Pre-Algebra**

Grades 6+

This course reinforces the school curriculum using strong algebra skills. Topics include: whole numbers, decimals, integers and their operations, algebraic and numerical expressions, order of operations, powers and exponents, rational numbers, GCF, LCM, solving equations and inequalities, ratio, proportions and percent, finding the area and volume, square roots and Pythagorean theorem. Materials provided. Homework assignments. *(Fee-Based)*

KIDS 244

**Tutorial: Algebra 2**

Grades 8+

This course is designed to further strengthen and develop a student's Algebra skills. It will quickly review basic Algebra knowledge, and subsequently delve into more complex Algebra materials, such as: 2nd and 3rd degree polynomials, radicals, exponents, logarithms, intermediate geometry, and analyzing and graphing various functions. *(Fee-Based)*

KIDS 315

**Musical Theatre**

Ages 7+

Enjoy this introduction to the exciting world of musical theatre! Participants will learn choreography and vocals to a musical theatre song. Family and friends are invited to a performance on the last day of class. *(Fee-Based)*

KIDS 319

**Creative Drama for Teens**

Ages 12+

Students will explore the nature of drama fiction, movies, plays and real life experiences. Students will do exercises and role playing to create their own drama. No prior experience is necessary! *(Fee-Based)*

KIDS 325

**Vocal for Kids**

Ages 7-10

This class is designed to help children develop good ear-training to sing in groups or solos. It will help build confidence as well as strengthen their individual style. *(Fee-Based)*

KIDS 326

**Vocal for Kids**

Ages 11+

This class is designed to help children develop good ear-training to sing in groups or solos. It will help build confidence as well as strengthen their individual style. *(Fee-Based)*

KIDS 351

**Violin I**

Ages 4+

Learn the violin using the successful Suzuki method. Develop your child's concentration, motor skills, memory powers and self-confidence. Students learn to play easily and musically. Class is limited to 6 students. Beginners: Pick up handout at registration. NOTE: Parents are required to learn and play along with their child! *(Fee-Based)*

KIDS 352

**Violin II**

Ages 4+

Prerequisite: Must have completed Violin I. Learn songs using beginner finger and melodic patterns. *(Fee-Based)*

KIDS 353

**Violin IV**

Ages 4+

Prerequisite: Must have completed Violin I - III or have instructor's approval. Develop for playing primary level songs on all 4 strings and begin reading music. *(Fee-Based)*

KIDS 355

**Violin III**

Ages 4+

Prerequisite: Must have completed Violin I and II or have instructor's approval. Develop technique for playing primary level songs. *(Fee-Based)*

KIDS 368

**Piano Keyboarding - Beginning I**

Ages 7+

Students will learn the basics of the keyboard and music theory. Students: bring your own keyboard (40-key minimum) every week. A recital will be held on the last day. Books will be suggested to buy at first class. *(Fee-Based)*

KIDS 368B

**Piano Keyboard: Beginning**

Ages 11+

Students will learn the basics of piano and keyboard theory. Bring your own keyboard (40-key minimum) to class each week. A recital will be held on the last day of class. Pick up book list at registration. *(Fee-Based)*

KIDS 369

**Piano Keyboarding - Intermediate**

Ages 7+

For students who have completed Beginning II; or have at least 6 months keyboard/piano experience. Pick up book list at registration. *(Fee-Based)*

KIDS 370.

**Guitar For Kids - Beginning**

Ages 6-8

Learn to play the guitar in a fun way! Play simple chords, read chord bar charts, and strumming patterns. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. Parents, please accompany children to class. *(Fee-Based)*

KIDS 370A

**Guitar For Kids - Beginning**

Ages 9+

Young beginners develop confidence and enjoyment for music. Learn parts of the guitar, strokes and strumming, chords and melodies in order to play FUN exercises and songs! Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

KIDS 371

**Guitar For Kids - Intermediate**

Ages 9+

Learn to play the guitar in a fun way! Play simple chords, read chord bar charts, and strumming patterns. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

KIDS 372

**Guitar For Kids - Advanced**

Ages 9+

Learn to play the guitar in a fun way! Play simple chords, read chord bar charts, and strumming patterns. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

KIDS 375

**Playing the Cello - Beginner I**

Ages 7+

Learn to play the cello! Develop good technique, musicality, and have fun at the same time. Develop self-confidence, good listening and motor skills, memory, and concentration. Prior playing experience is not required. Teacher will assist with instrument rental. Class is limited to 6 students. *(Fee-Based)*

KIDS 375A

**Playing the Cello - Beginner II**

Ages 7+

Prerequisite: Must have completed Beginner I or have instructor's approval. Learn to play and read simple one position songs. Chamber music for Cello ensemble. *(Fee-Based)*

KIDS 376

**Piano Keyboarding - Beginning II**

Ages 7+

For students who have completed Beginning I; pick up book list at registration. *(Fee-Based)*

KIDS 377

**Summer Band**

Grades 5-8

This course is open to those students who already play a band instrument and read music. This class is perfect for students wanting to have fun while practicing their instrument over the summer in preparation for the next school year. Bring instrument to class or receive information about rental in class. A concert will be presented on the last day of class. *(Fee-Based)*

KIDS 378

**Jazz Improvisation**

Grades 5-8

This class is for young musicians who want to explore the exciting world of jazz improvisation. You will learn music theory and skills needed to improvise on the blues and 32 bar song form. Students must read music and have one year experience on a band instrument. A concert will be presented on the last day of class. *(Fee-Based)*

KIDS 383

**Playing the Cello - Intermediate I**

Learn higher level of sound productions and 1st through 4th positions. Chamber music for Cello ensemble. *(Fee-Based)*

KIDS 384

**Playing the Cello - Intermediate II**

Learn higher level of sound and bow techniques including vibratos. Chamber music for cello ensemble. *(Fee-Based)*

KIDS 403

**Cartoon Drawing**

Ages 8+

Introduces drawing/thinking techniques. Offers in-class drills and drawings with demonstrations and reviews; receive supplemental handout to help support a long-term interest. Parents and adults may enroll. *(Fee-Based)*

KIDS 404

**Creative Art for the Preschool Child**

Ages 3-4

A wonderful opportunity for the parent and child to "work together." With your help, your child will create exciting, simple projects using a variety of materials. Improves fine motor skills and launches their imaginations! *(Fee-Based)*

KIDS 408

**Wonderful Watercolors**

Ages 8+

Come have fun learning basic watercolor painting techniques. No experience is necessary! Please bring a "set of 8" dry watercolor paints, a pad of inexpensive watercolor paper and two watercolor brushes: one 1/4" round and one 1/4" flat. *(Fee-Based)*

KIDS 410

**Young Artist Workshop**

Ages 7+

Learn to draw animals, natural objects, landscapes, and people. Covers basic theory of color, value, perspective and spatial relationships. Your child will learn to draw better! *(Fee-Based)*

KIDS 412

**The "Arts" Extravaganza**

Ages 7+

Children are encouraged to express themselves, emphasizing creativity and experimentation through age-appropriate art projects. Classes will include a variety of art techniques, which may include drawing, sketching, painting, clay and various other art media. *(Fee-Based)*

KIDS 414

**Art is for You**

(Ages 5-8)

Calling young artists bold and shy! Come use different art materials each day to learn how to "draw what you see" and what you imagine. *(Fee-Based)*

KIDS 415.

**Pencils & Paintbrushes**

Ages 4-10

An art class that will encourage your child's imagination to soar! Designed to build self-esteem through individual expression while interacting creatively with other students. Children will learn basic drawing skills and fun techniques of watercolor painting. Instruction at age- and ability-appropriate levels. Each session explores different themes. Repeat students will experience more advanced levels of previous sessions. Pick up a minimal materials list at the first class meeting. *(Fee-Based)*

KIDS 415A

**Pencils & Paintbrushes**

Ages 8+

An art class that will encourage your child's imagination to soar! Designed to build self-esteem through individual expression while interacting creatively with other students. Children will learn basic drawing skills and the application of colors using pencils and watercolors. Instruction at age and ability appropriate levels. Repeat students experience different projects. Pickup material list when you register. *(Fee-Based)*

KIDS 418

**Origami For Fun**

Ages 7+

Origami is Japanese and comes from the word ori (to fold) and kami or gami (paper). You'll become familiar with the basic technique or art of paper folding step by step from a single sheet of paper into an animal, bird, boat, butterfly, crane, and more. Parents are welcome to enroll too! *(Fee-Based)*

KIDS 428

**Photography For Kids**

Ages 7-10

Children will learn basics techniques of photographic process, conventional to digital. Material/equipment needs will be given first day of class. Bring a 35mm (digital, conventional, or disposable) to class. There will be additional fees for film developing/printing. Children will take a photo shoot tour of the campus. *(Fee-Based)*

KIDS 429

**Photography for Kids**

Age 10+

Children will learn basics techniques of photographic process, conventional to digital. Material/equipment needs will be given first day of class. Bring a 35mm (digital, conventional, or disposable) to class. There will be additional fees for film developing/printing. Children will take a photo shoot tour of the campus. *(Fee-Based)*

KIDS 435

**Basic Knitting for Kids**

Ages 9+

Learn basic knitting techniques including casting on, knit stitch, purl stitch, increase, decrease, and binding off. Knit some basic projects such as book marks, scarves, purses and more. Learn about different yarns and become aware of the fulfillment of making your own creations. *(Fee-Based)*

KIDS 438.

**Wonderful Arts and Crafts**

Ages 5-7

Come and create art and craft projects using different media and surfaces. *(Fee-Based)*

KIDS 438A

**Wonderful Arts & Crafts**

Ages 8+

Come and create art and craft projects using different media and surfaces. *(Fee-Based)*

KIDS 441

**Drawing and Acrylic Painting**

Ages 9+

Students will learn about abstract shapes and forms, faces, fruits, veggies, and landscapes and still life! *(Fee-Based)*

KIDS 442

**Creative Art for the Young Child**

Ages 3-5

This is an arts and crafts class for children 3-5 years and a parent to spend quality time together developing motor skills and artistic abilities through drawing and painting with watercolors and making arts and crafts items. *(Fee-Based)*

KIDS 443

**Drawing and Watercolors**

Ages 5+

Students will learn the basics of drawing and painting shapes, cartoons, landscapes, underwater scenes, animals, cars and use watercolors to enhance their projects. *(Fee-Based)*

KIDS 445

**Fashion Illustration I**

Ages 12+

Calling all aspiring fashion illustrators. In this class you will complete a fashion figure with collars, blouses, skirts, pants, hats and accessories by the end of the course. Students will learn how to draw proportional figures and faces, as well as gesture drawings. Fashion figures will be created using watercolors, colored pencils, markers, and pens. Special supplies required, pick up list in office. *(Fee-Based)*

KIDS 451

**Create Art from Around the World Camp!**

Ages 8+

Come join our adventure as we explore art from around the world! We will create fun and unique art with influences from Mexico, Africa, Europe, Asia, and the Mediterranean. Learn how to do paper mache, mosaics, painting and more! *(Fee-Based)*

KIDS 452

**Art Techniques for Kids Camp**

Ages 8+

Have fun while learning great art techniques! Learn to do pencil drawing, acrylic painting, pastels, still-life creation, mixing your own paints, and more! We will create our own works of art using the techniques we learn! *(Fee-Based)*

KIDS 453

**Fashion Illustration II**

Ages 12+

Advanced level of Fashion Illustration. Learn to complete group figures (3-5) with a theme. Illustrate different textures of fabrics. Also create accessory and shoe illustrations and flats of garments. *(Fee-Based)*

KIDS 475

**Piano Keyboarding - Advanced**

Ages 7+

Students will continue learning the basics of the keyboard and music theory. In addition, students will be introduced to major scales and arpeggios, and sight-reading. Students must bring their own keyboard (40 key minimum) every week and headphones. Books may be suggested to buy during the session. *(Fee-Based)*

KIDS 500

**Introduction To Dance**

Ages 3-4

Come and learn the fundamentals of movement and dance. This class incorporates many styles of dance using a fun approach to learning through repetition, games and props. Students will develop self-confidence in a creative environment. *(Fee-Based)*

KIDS 507

**Toe Tapping Feet**

Ages 6+

This is a beginning Tap class that will introduce beginning level tap steps, center work and simple progressions across the floor. Children will develop coordination and self-esteem and have fun learning one of America's original art form. Parents are not allowed in the dance studio during class. The children will learn and perform a short dance that will be performed on the last day of classes during the fall, winter and spring sessions only. Tap shoes are required. *(Fee-Based)*

KIDS 508

**Beginning Tap (Ages 10+)**

Ages 10+

This course will be an introduction into the simple beginning steps of tap dance. The class will consist of the basic steps of tap and gradually being able to put them together into simple routines. *(Fee-Based)*

KIDS 510

**Youth Ballet**

Age 3-4

This is a beginning class that incorporates basic ballet technique with fun motor skill exercises that focus on rhythm and strength building. Parents not allowed in the dance studio during class. The children will perform a dance learned throughout the session on the last day of class, during the fall, winter and spring sessions only. *(Fee-Based)*

KIDS 510A

**Youth Ballet**

Ages 5-7

Beginning class that teaches basic ballet technique and coordination skills in a fun environment. There will be a performance on the last day of class during the fall, winter, and spring sessions only. Parents are not allowed in the dance studio during class. *(Fee-Based)*

KIDS 510B

**Youth Ballet**

Ages 8-10

This is a beginning class that introduces the young dancer to the structure of a true classical ballet class. The students will do barre, center and across the floor work to help develop strength, coordination and balance. There will be a performance on the last day of class during the fall, winter, and spring sessions only. Parents are not allowed in the dance studio during class. *(Fee-Based)*

KIDS 516

**Jazz Hip-Hop Dance**

Ages 5-6

Jazz dance techniques with a hip hop flair, style and rhythm emphasized. Students will gain self-esteem and confidence in an upbeat atmosphere. *(Fee-Based)*

KIDS 516A

**Jazz Hip-Hop Dance**

Ages 7+

Jazz dance techniques with a hip-hop flair, style and rhythm emphasized. Students will gain self-esteem and confidence in an upbeat atmosphere. *(Fee-Based)*

KIDS 553

**Musical Theatre Summer Camp**

Ages 9+

This Musical Theatre Camp will be fun filled with singing, acting and dancing. The students will explore and develop their creativity while learning a musical theatre number to perform. *(Fee-Based)*

KIDS 555

**Beginning Gymnastics I Summer Camp**

Ages 5-8

This course teaches children the basic fundamental building blocks of gymnastics. They will learn many variations in jumps, rolls, tumbling, stretching and conditioning. Students will practice motor skills and exercising safely all while interacting and having fun! *(Fee-Based)*

KIDS 555A

**Beginning Gymnastics 1 Camp**

Ages 8+

This course teaches children the basic fundamental building blocks of gymnastics. They will learn many variations in jumps, rolls, tumbling, stretching and conditioning. Students will practice motor skills and exercising safely all while interacting and having fun! *(Fee-Based)*

KIDS 575

**Gymnastics - Beginning I**

Ages 5.5-7

Introduces basic gymnastic tumbling skills, safety and stretching. Bridges, tripods and, a variety of rolls and jumps will be taught. Boys and girls are welcome. Pick up instruction sheet at registration! *(Fee-Based)*

KIDS 576

**Gymnastics - Beginning I**

Ages 8+

Introduces basic gymnastic tumbling skills, including safety and stretching. Bridges, tripods and variety of rolls and jumps will be taught. Boys and girls are welcome. Pick up instruction sheet at registration. *(Fee-Based)*

KIDS 576A

**Gymnastics - Beginning**

Ages 8+

Introduces basic gymnastic tumbling skills, including safety and stretching. Bridges, tripods and a variety of rolls and jumps will be taught. (Boys and girls) *(Fee-Based)*

KIDS 577

**Gymnastics II**

Ages 8+

For continuing gymnasts; more advanced stretching and tumbling skills, including headstands, handstands, bridge kick-overs, cartwheels and tumbling combinations will be taught. Boys and girls are welcome. Must have instructor Permission. *(Fee-Based)*

KIDS 580

**Moms, Pops & Tots Tumbling**

Ages 3-5

Moms and Dads - bring your child to class! Through basic gymnastic skills, your child will improve coordination and developmental skills. You need to be there to assist your child at all times. Come dressed to stretch, jump and run. You'll both have a great time (boys and girls). *(Fee-Based)*

KIDS 587

**Cheerleading**

Ages 4-7

Cheerleading students will learn all the basic fundamental cheer movements as well as sideline cheers, fight song cheers and performance cheers. Students will learn proper warm-up and stretching techniques to improve flexibility. This class is designed to build self-confidence. Show performance on the last day of class. Wear tennis shoes. Wear comfortable clothing and bring water. Short performance on the last day for family and friends. *(Fee-Based)*

KIDS 587A

**Cheerleading**

Ages 8+

Cheerleading students will learn all the basic fundamental cheer movements as well as sideline cheers, fight song cheers and performance cheers. Students will learn proper warm-up and stretching techniques to improve flexibility. This class is designed to build self-confidence. Show performance on the last day of class. Wear tennis shoes. Wear comfortable clothing and bring water. *(Fee-Based)*

KIDS 601

**Basketball Clinic**

Ages 4-6

Learn the fundamentals of basketball through instruction and practice. Includes these basic skills: footwork, passing, dribbling, shooting and running. Kids can improve their knowledge of the game and coordination. *(Fee-Based)*

KIDS 601A

**Basketball Clinic**

Ages 7-9

Learn the fundamentals of basketball through instruction and practice. Includes these basic skills: footwork, pass, dribbling, shooting and running. Kids can improve their knowledge of the game! *(Fee-Based)*

KIDS 601B

**Basketball Clinic**

Ages 10+

Learn the fundamentals of basketball through instruction and practice. Includes these basic skills: footwork, passing, dribbling, shooting and running. Kids can improve their knowledge of the game! *(Fee-Based)*

KIDS 607

**Pee Wee Baseball**

Ages 6+

Students will learn the fundamentals of batting, throwing, catching and running bases in a noncompetitive environment. Bring baseball mitts to class. *(Fee-Based)*

KIDS 607A

**Pee Wee Baseball**

Ages 4-5

Students learn the fundamentals of batting, throwing, catching, and running bases in a non-competitive environment. Bring baseball mitts to class. *(Fee-Based)*

KIDS 609

**Jr Summer Sports Camp**

Ages 5-7

Learn to play team sports and games in a fun non-competitive environment! Play a different sport every day while teamwork and sportsmanship is stressed. Get ready for lots of fun. Bring a water bottle and wear your sunscreen. *(Fee-Based)*

KIDS 609A

**Jr Summer Sports Camp**

Ages 8-10

Learn to play team sports and games in a fun non-competitive environment! Play a different sport every day while teamwork and sportsmanship is stressed. Get ready for lots of fun. Bring a water bottle and wear your sunscreen. *(Fee-Based)*

KIDS 610A

**Pee Wee Soccer**

Grades 1-3

During our soccer classes, our goal is to stimulate a love for the game in young athletes by showing them how to accelerate their own progress and success. We combine training methods to form a schedule that applies challenging drills and new techniques into game situations. *(Fee-Based)*

KIDS 610

**Pee Wee Soccer**

Ages 4-6

This is an introductory, non-competitive, skills based soccer class. Our goal is to stimulate a love for the game in very young athletes by showing them how to accelerate their own progress and success. We combine training methods to form a schedule that applies challenging drills and new techniques into game situations. *(Fee-Based)*

KIDS 611

**Pee Wee Soccer**

Grades 4-6

This is an introductory, non-competitive, skills based soccer class. Our goal is to stimulate a love for the game in very young athletes by showing them how to accelerate their own progress and success. We combine training methods to form a schedule that applies challenging drills and new techniques into game situations. *(Fee-Based)*

KIDS 614

**Pee Wee Soccer Camp**

Ages 4-6

This camp will introduce your child to the very basic skills of soccer. Students will learn and develop skills such as dribbling, passing, trapping and goalkeeping by participating in fun drills, exciting games. By the end of the course, students will not only have learned to play a new sport, but they'll experience being a part of a team! *(Fee-Based)*

KIDS 614A

**Pee Wee Soccer Camp**

Ages 6-8

This camp will introduce your child to the very basic skills of soccer. Students will learn and develop skills such as dribbling, passing, trapping and goalkeeping by participating in fun drills, and exciting games. By the end of the camp, students will not only have learned to play a new sport, but they'll experience being a part of a team! *(Fee-Based)*

KIDS 615

**Soccer Summer Camp**

Ages 8-10

Come join us for an intensive week of soccer skill improvement. The camp will develop soccer drills such as kicking, passing, trapping, receiving, and ball control. Campers will be divided by age and skill level. Experience being part of a team. *(Fee-Based)*

KIDS 626A

**Tennis For Kids - Beginning**

Ages 10+

Instruction in basic skills. Students will learn forehand, backhand, serve, volley, approach shot and footwork. Bring racquet and one can of new tennis balls. Makeup classes in case of rain. *(Fee-Based)*

KIDS 626

**Tennis For Kids - Beginning**

Ages 6-9

Instruction in basic skills. Students will learn forehand, backhand, serve, volley, approach shot and footwork. Bring racquet and one can of new tennis balls. Makeup classes in case of rain. *(Fee-Based)*

KIDS 627

**Tennis for Kids - Advanced Beginning**

Permission needed from Instructor! *(Fee-Based)*

KIDS 654

**Judo/Jujitsu for Kids**

Ages 6-13

This program is designed for children, with a focus on improving coordination, quick reflexes, stamina, speed, strength and sportsmanship. The three main categories of Judo are taught, which include throwing techniques, striking techniques, and grappling techniques on the mat. Techniques for free practice are used, and children may participate in competition. *(Fee-Based)*

KIDS 655

**Kung Fu for Kids**

Ages 7-17

Children learn ancient Chinese self-defense techniques and forms through detailed step-by-step instruction. While working together, kids develop confidence, self-discipline and teamwork. The practice of Kung Fu forms improves balance, memory and self-control. Join us and learn one of the oldest traditional martial arts in existence today. *(Fee-Based)*

KIDS 669

**Water Polo For Kids - Beginning**

Ages 9-14

This class is designed to provide basic instruction in the Olympic sport of Water Polo to students ages 9-14. Boys and girls will learn passing, dribbling, shooting, alternating frog kick, rules of the sport and aspects of team play. Class sessions will be in the pool. Practice games will occur after skills are learned. Must wear a suit and have some basic swimming skills. Goggles are encouraged. For additional information please read chapters found at <http://fcwaterpolo.fullcoll.edu> *(Fee-Based)*

KIDS 705

**Chemistry for Young Scientists**

Grades 1-3

Children will interact with the world of science using hand-on techniques and observation. They will probe life science, physical science and chemistry. Students will formulate slime plus much more! Materials included. *(Fee-Based)*

KIDS 714

**Childcare & Babysitting Safety Camp**

Ages 12+

This class will provide basic skills and information that is necessary in caring for infants and children. Students will learn the importance of responsibility, recognizing an emergency, emergency action steps, personal safety, fire safety, water safety, infant care and basic first aid and choking management. KIDS 725

**Discover Dinosaurs**

Ages 3+

Children will learn about extinct reptiles, the geologic time, life on earth before, during, and after dinosaurs. Includes slide shows, handling of fossils, arts and crafts. *(Fee-Based)*

KIDS 741

**Hands-on Science Camp**

Grades 3-6

In this course, you will DESIGN and BUILD your own devices and contraptions. Given a challenge or task, you and your teammate(s) will work together, applying and exploring math and science. Come experience the fun of energy, motion, velocity, acceleration and more! Curriculum based on the Tech Museum of Innovation. *(Fee-Based)*

KIDS 748

**Wonders of Science Camp**

Grades 3-6

Children will explore the wonders of physical science. They will learn about electricity, magnetism, sound, light and chemistry. Students will create an electro-magnet, learn how telephones work, and how rainbows are formed. *(Fee-Based)*

KIDS 807

**Summertime Fun Foods**

Have fun making some delicious summertime foods! We'll make a mexican Spaghetti Pie, Special Pretzels, Vegetable Bouquets with Dreamy Dip, Homemade Soda Pop Punch and Sherlock Cale. PARENTS COME BACK FOR THE LAST HALF HOUR to share the foods that the children have prepared and to cheer them on for cleanup. Remember to bring a towel and take-home container - you won't want to miss a crumb! Clean up is part of the class. *(Fee-Based)*

KIDS 830A

**Kids Fun Cooking**

Ages 6-10

Are you read to be a junior chef? This class is for you. We'll make main dishes such as Lasagna Rolls, Chinese Chicken Salad, fresh steamed vegetables, breads and fun desserts, including chocolate of course. You'll learn preparation techniques, including chopping, slivering, mixing, blending and even making a sauce for one of the main dishes. You'll take home samples of foods prepared in class and will have a cookbook to try a recipe during each week. Bring a towel for clean up. *(Fee-Based)*

KIDS 830B

**Kids Fun Cooking**

Ages 11-16

Are you ready to be a chef for your family? This class is for you. We'll make main dishes such as stuffed chicken breast, stir fry with vegetables and sauce, your own pizza, fresh steamed vegetables, breads and fun desserts, including chocolate of course. You'll learn preparation techniques, including chopping, slivering, mixing, blending and even making a sauce for one of the main dishes. You can try out new recipes and some that have been tested over time in other classes. You'll take home samples of foods prepared in class and will have a cookbook to try a recipe during the week. Bring a towel for clean up. *(Fee-Based)*

KIDS 830

**Kids Fun Cooking**

Ages 3-5

Come join with your 3-5 year old and watch them discover new skills in the kitchen. They'll discover new and exciting foods and you will marvel at their cooking skills. We'll make a salad, appetizer, main dish and dessert. Bring a towel for clean up. New recipes each term. *(Fee-Based)*

KIDS 855

**Junior Chef Camp**

Ages 8-12

Future chefs will spend a week with our professional chefs as they explore the finer points of food preparation, sanitation, safety, recipes and measurements as they create nutritious foods while gaining a sense of culinary adventure. The day concludes at the chef's table as they discuss and enjoy their daily creations. Bring two dish towels, white apron and a container for leftover food to take home and share. Students must wear black cotton pants, white t-shirts, and closed-toe black sneakers to class. *(Fee-Based)*

KIDS 863

**Mommy and Me Cooking Class**

Ages 3-5

Come with a child (3-5yr) and enjoy being with your child and help them learn different preparation skills while cooking foods such as pizza, cheeseburger pie, cupcakes, special cookies, vegetable surprise and lots of other recipes. *(Fee-Based)*

KIDS 900

**Computer Keyboarding I**

Ages 8+

Multimedia software teaches your child the layout of the computer keyboard. Integrated music and puzzle activities make learning keyboard fun! Enrollment is limited! *(Fee-Based)*

KIDS 901

**Intro to Computers**

Ages 8+

Have fun while developing proficiency in software usage and hardware knowledge. *(Fee-Based)*

KIDS 903A

**Drawing & Sketching**

Ages 8+

Designed to heighten your child's self-esteem through individual expression while interacting creatively with others. Basic drawing skills using pencils, colored pencils, charcoal or watercolors. *(Fee-Based)*

KIDS 903

**Drawing & Sketching**

Ages 5-7

Designed to heighten your child's self-esteem through individual expression while interacting creatively with others. Basic drawing skills and the application of colors using colored pencils and watercolors will be used. *(Fee-Based)*

KIDS 913

**Microsoft Word for Kids**

Ages 8+

Learn how to create, save and print documents (letters, reports, tables, memos, flyers, etc.) Check spelling and grammar. Edit, change format, font and style. Create tables, print labels and envelopes, insert pictures and use mail merge. *(Fee-Based)*

KIDS 914

**Digital Photography Camp**

Ages 10+

This class will help to develop or improve your digital photography skills. Using the computer and Photoshop, students will learn photo editing skills to restore, resize, change colors and enhance your photos. Bring your own photos, a digital camera and USB flash drive to each class. *(Fee-Based)*

KIDS 920B

**Drawing & Sketching**

Ages 9+

Designed to heighten your child's self-esteem through individual expression while interacting creatively with others. Basic drawing skills and the application of colors using colored pencils and watercolors will be used. Pickup supply list at registration. *(Fee-Based)*

KIDS 947

**Writing Workshop**

Grades 7+

This writing workshop will expose students to a wide range of writing styles, familiarize students with the writing process, and enhance both the reading and writing skills of the student. Students will share their work and critique each other in a cooperative, nurturing environment. Whether the student is a struggling writer or a highly skilled writer this workshop will benefit them. *(Fee-Based)*

KIDS 960

**Art Techniques for Kids!**

Ages 4-6

Come make fun and beautiful art! Learn how to use pastels, mix paints, and how to paint on paper, and canvas. We will use our imaginations, photos, and real life to create our own lively works of art! *(Fee-Based)*

KIDS 961

**Art Techniques for Kids!**

Ages 7+

Come make fun and beautiful art! Learn how to use pastels, mix paints, and how to paint on paper, wood and canvas. We will use our imaginations, photos, and real life to create our own lively works of art! *(Fee-Based)*

KIDS 980

**Draw and Paint Animals**

Ages 5+

In this class, you will learn how to draw and paint different animals. You will be using watercolors, colored pencils, markers, crayons to capture textures of animals. *(Fee-Based)*

KIDS 1012

**Anime Drawing**

Ages 8+

Learn how to draw unique anime fantasy characters and settings. Also learn how to pose and costume the characters. Fantasy characters will be created using colored pencils, markers and watercolors. *(Fee-Based)*

KIDS 1015

**Anime Drawing Camp**

Ages 8+

Learn how to draw unique anime fantasy characters and settings. Also learn how to pose and costume the characters. Fantasy characters will be created using colored pencils, markers, and watercolors. *(Fee-Based)*

KIDS 1020

**Fun With Clay Camp**

Ages 7+

Let's make fun clay puppets, plates, dishes, bowls, tiles, animals, and faces! We will be using air-drying clay, polymer clay and paints. *(Fee-Based)*

KIDS 1055

**Writers Camp**

Grades 5-6

Students will sharpen their writing and critical thinking skills. They will edit short articles, review grammar and punctuation rules, and learn skills used to write paragraphs about a variety of topics. *(Fee-Based)*

KIDS 1065

**Grammar Rules!**

Grades 3-5

This class will review parts of speech, punctuation, and capitalization. A strong foundation in grammar enhances a student's ability to write and speak effectively. *(Fee-Based)*

KIDS 1080

**Science Camp - Earth Science Exploration**

Ages 6-9

Children will explore the wonders of earth science. Through hands-on activities, students will investigate mineral and fossil specimens to assemble their own beginning rock collection. Students will build a clay model to discover how volcanoes grow. Learning about geodes and rock formations students will write about their discoveries in their science journal and create their own fossil model. Class size is limited. *(Fee-Based)*

KIDS 1085

**Getting Ready for First Grade**

Students will participate in a variety of fun and effective Common Core-based activities to review and sharpen their reading (phonics and reading comprehension), writing and math skills. Games, worksheets, music and hands-on projects will be used to review kindergarten skills and introduce Common Core 1st grade standards. *(Fee-Based)*

KIDS 1090

**Teen Chef Camp**

Ages 13-16

Spend a week with our professional chefs. The Teen Chef Camp at SCE wants you to learn the basic skills of a chef; "mis en place", knife skills, nutrition, safety, sanitation and culinary terminology. Apprentice chefs will embark on a culinary tour that spans the globe as they prepare dishes from start to finish. The day concludes at the chef's table as they discuss and enjoy their daily creations. Bring two dish towels, white apron and a container for leftover food to take home and share. Students must wear black cotton pants, white t-shirts and closed-toe sneakers to class. *(Fee-Based)*

KIDS 1145

**Tutorial: Trigonometry**

Grades 9+

The course is to introduce and study the properties of trigonometric functions. Students will learn the fundamental laws that govern relationships between sides and angles of triangles, various techniques in taking measurements of triangles, graphing trigonometric functions, and using identities in preparation for Calculus. *(Fee-Based)*

KIDS 1150

**Pre-Calculus**

Grades 10+

This course is designed for preparation into Calculus. Topics range from relations and functions, linear and quadratic functions, polynomials, rational functions, radicals and roots, exponentials and logarithms, conic sections, systems of equations, and sequences/series. *(Fee-Based)*

KIDS 1155

**Calculus I**

Grades 10+

This course is the first of a three part series of Calculus that is designed as a quick review of the Pre-Calculus functions. Topics covered will include understanding of properties of limits, techniques of finding limits, asymptote, continuity and one-sided limits, and infinite limits. These skills are an excellent preparation for the AP Calculus exam given in May. *(Fee-Based)*

KIDS 1165

**English Rules ( (English-as-Second Language)**

Ages 8+

This course is a fun way to learn English. Students will practice English basic grammar, parts of speech, and frequent word vocabulary lists. Emphasis will be on reading and writing concepts through songs, poems, reading, story telling and student journal writing. *(Fee-Based)*

KIDS 1185

**Spelling and Writing Enrichment**

Ages 6-8

If your child has a foundation in basic phonics, then this is the class for him. This class will take students to the next level of spelling words and better writing habits. Students will learn to read and spell words through various spelling patterns. This class will develop skills in writing correct sentences and paragraphs. *(Fee-Based)*

KIDS 1190

**Dining and Party Etiquette**

Ages 8-12

This fun and informative class provides an overview of good manners and leadership skills. Students will learn social courtesies, introductions, dining and party etiquette. *(Fee-Based)*

KIDS 1200

**Teen Etiquette**

Ages 13-17

This class will provide a foundation of good manners and leadership skills. Topics include: introductions and handshaking, dining skills, thank you notes, getting up in front of a group and listening skills *(Fee-Based)*

KIDS 1225

**Singing, Dancing and Storytelling**

Ages 2-4

Parent and child will enjoy self-esteem building activities together; singing and dancing, storytelling and art. *(Fee-Based)*

KIDS 1230

**Storytelling, Singing and Dancing**

Ages 3-5

Your child will enjoy age appropriate self-esteem building activities; storytelling, singing, dancing, and art. *(Fee-Based)*

KIDS 1260

**Writing from A to Z**

Grades 4-6

Course will provide individual assessments at the beginning and focus on strengthening writing skills through the use of adjectives, adverbs, and introductory adverbial phrases. Paragraph writing skills are developed as well as expository and narrative writing skills. Class size limited. *(Fee-Based)*

KIDS 1265

**Tutorial: Geometry - Basics of Geometry**

Grades 7+

Geometry-Part I includes basic concepts such as points, lines, planes, and angles. A significant part of the course deals with logic and reasoning, which is an important foundation in constructing proofs. Students will also learn about congruent triangles, quadrilaterals, and inequalities. Class is limited to 8 students. *(Fee-Based)*

KIDS 1270

**Solving Word Problems**

Grades 3-4

Students will learn 6-10 strategies such as Guess and Check, Make an Organized List, Act it Out, and Work Backwards, to solve different types of math word problems. Enrollment limited to 10 students. *(Fee-Based)*

KIDS 1300

**SAT/ACT Prep - Math**

This course is designed for students taking the SAT (Scholastic Aptitude Test) for College Admission purposes. The focus in this course includes review with Numbers/Operations and Algebra/Functions, Geometry, Data Analysis, Statistics, and Probability. *(Fee-Based)*

KIDS 1330

**Tiny Tots Tumbling**

Ages 18m - 3yrs

This class will introduce your child to stretching, locomotor and basic gymnastic skills in a fun and safe environment. Parent/guardian participation required to assist the child through age appropriate progressive gymnastic instruction each week. *(Fee-Based)*

KIDS 1335

**Basic Reading Skills**

Ages 4-5

This class focuses on developing your child's ability to rhyme and blend sounds in words to become better readers and spellers. We will use "phonemic awareness" techniques that allow children to practice manipulating sounds in words thru fun songs and activities. A student assessment and parent packet will be given. Each term has different activities. *(Fee-Based)*

KIDS 1390

**Computer Keyboarding I**

Ages 12+

Multimedia software teaches your child the layout of the computer keyboard. Integrated music and puzzle activities make learning the keyboard fun! Enrollment is limited! *(Fee-Based)*

KIDS 1392

**Intermediate Water Polo for Kids**

Ages 12-14

This course is open to boys and girls age 12-14 who are at an intermediate playing level. This course will feature instruction in ball handling, shooting, passing and conditioning, and team play. *(Fee-Based)*

KIDS 1393

**Advanced Water Polo for Kids**

Ages 14-17

This course open to boys and girls, will focus on water polo techniques, skills, and conditioning with an emphasis on competition. Optional opportunity to participate in competitions for an additional fee for US Water Polo registration. *(Fee-Based)*

KIDS 1394

**Computer Keyboarding II**

Ages 8+

This class is for students who can already type but wish to improve their speed and accuracy. Be ready for school projects and research papers. Learn keyboarding through writing exercises including poetry and stories. On the last day of class students will share a creation from class. *(Fee-Based)*

KIDS 1398

**Computer Keyboarding II**

Ages 12+

This class is for students who can already type but wish to improve their speed and accuracy. Be ready for school projects and research papers. Learn keyboarding through writing exercises including poetry and stories. On the last day of class student will share a creation from class. *(Fee-Based)*

KIDS 1400

**Creating Memories**

Ages 10+

Using the computer and your own photographs from a special event learn how to create a variety of personalized items from storybooks to cards, calendars and more! Bring scannable photos and a USB flash drive or photos uploaded to a USB flash drive to class. Parents have the option of purchasing a variety of personalized items. Information sheet will be provided in class. *(Fee-Based)*

KIDS 1403

**Fun with Digital Education for Kids**

Ages 5-7

This class uses online education that combines instruction with fun learning games for children creating interactive learning and fun. Learning games can help students concentrate on language arts, math, science, and social studies skills through an entertaining online curriculum. Fun with Digital Education motivates the student and offers a balance between educational activities and online learning games for kids. The students have freedom to explore in a safe and motivating environment. *(Fee-Based)*

KIDS 1427

**Tutorial: Probability and Statistics**

Grades 7-8

This course is designed for middle school students to learn the basics of probability and statistics. Topics include probability of dependent or independent events, the counting principles, permutations, combinations, and graphing data. Class is limited to 8 students. *(Fee-Based)*

KIDS 1435

**Can U Dig It? Volleyball Camp for Beginners**

Ages 8-16

This class is geared toward the beginner level youth who is interested in learning the basic fundamentals of volleyball. Conditioning, as well as drills that focus on the necessary skills to play the game, will also be introduced. Students should wear tennis shoes and bring a small towel and water to class. Knee pads are optional. *(Fee-Based)*

KIDS 1438

**Can U Dig It? Volleyball Camp for Beginners**

Ages 14-16

This class geared toward the beginner level youth who is interested in learning the basic fundamentals of volleyball. Conditioning, as well as drills that focus on the necessary skills to play the game, will also be introduced. Students should wear tennis shoes and bring a small towel and water to class. Knee pads are optional. *(Fee-Based)*

KIDS 1475

**Getting Ready for Third Grade**

Summer is very long! Keep your child at the top of the class and ready for fall. This camp will review Common Core 2nd grade skills including reading, math, and writing through learning centers and fun activities. Students will also be introduced to beginning 3rd grade skills using the Common Core standards. *(Fee-Based)*

KIDS 1510

**Baking Basics!**

Ages 8-11

Have fun learning the basics of baking. Register for a single class or the entire series. Students will learn about and use basic kitchen tools. Safety, cleanliness and working with others will be emphasized. Bring an apron to class and a towel for clean-up and a container for leftovers. Check if there are additional supplies required each week. *(Fee-Based)*

KIDS 1512

**Baking Basics!**

Ages 12+

Have fun learning the basics of baking. Register for a single class or the entire series. Students will learn about and use basic kitchen tools. Safety, cleanliness and working with others will be emphasized. Bring an apron to class and a towel for clean-up and a container for leftovers. Check if there are additional supplies required. *(Fee-Based)*

KIDS 1515

**Public Speaking for Children**

Ages 8-12

Learn the skills to confidently present a book report or a speech in front of class. Gain the skills to plan, write and give a book report or a planned speech. Learn tips to combat stage fright, project your voice, and be comfortable in front of a group. *(Fee-Based)*

KIDS 1540

**Parent and Me Swimming**

6 mo to Age 4

This course is intended to introduce pool water to our young students. Each student must be supervised by a parent or guardian who will be instructed in the water by our swim staff instructor. The same parent or guardian must attend each week. Skills introduced at this level are: backyard pool safety, bubble blowing, submerged face, front supported kicking, supported back floating, underwater exploration and arm reaching to the side of the pool. *(Fee-Based)*

KIDS 1545

**Summer Swim**

Ages 5-17

The Summer Swim Program is designed for students ages 5 - 17. Primary emphasis will be on the safety of students and staff while creating a fun learning atmosphere. Students will be evaluated on the first day of class and placed in a class for their age and appropriate skill level. Pool safety, student and parent/guardian responsibility is introduced on the first day of instruction. Levels of swim included in these classes will be: Beginner, Advanced Beginner, Intermediate Swimmer and Swimmer. *(Fee-Based)*

KIDS 1550

**Beginning Water Polo**

Ages 7+

Water polo is a fun game for both girls and boys. Students will learn the basic skills and rules of the game and team work. Water polo is a team game that includes swimming, passing and shooting, team offensive and defensive strategy. *(Fee-Based)*

KIDS 1555

**Junior Life Guards**

Ages 11-14

The Junior Guard Program is a Red Cross approved program. Give your youth a jump start into a Lifeguarding job. Completion of this course sets a foundation for life guarding and life skills. Students will focus on improving swim strength, endurance, and prevention of aquatic accidents, response in an emergency, leadership skills and professionalism of a life guard. *(Fee-Based)*

KIDS 1560

**Pre-Competitive Swim**

This class is designed to train and fine tune all competitive swim strokes, turns and competitive racing starts off the starting blocks, increase endurance and strength. With the completion of this course the student will master the skills needed to compete on a swim team. Students must have completed the intermediate swim level to register for this class. *(Fee-Based)*

KIDS 1565

**Beginning Spring Board Diving**

Skills presented in this class: land drills on frontal three step approach, three step approaches on spring board, front dive, back dive and pool and diving safety. Students must have completed the advanced beginning swim level to register for this class. *(Fee-Based)*

KIDS 1572

**Draw and Paint Animals**

Ages 8+

Students will learn how to draw and paint different animals using various art materials such as oil pastels, watercolors, colored pencils, markers and crayons to capture textures of animals. *(Fee-Based)*

KIDS 1600

**Basic Hand Sewing for Kids**

Grades 4-6

Come learn the basic tools and techniques in hand sewing! Great skills needed for everyone! Boys are welcome. We will complete three projects utilizing skills from threading a needle to completing a project with embellishments. Supply sheet available the first day of class. *(Fee-Based)*

KIDS 1615

**Beginning Band Instruments**

Grades 5-8

Beginning Instruments class is open to anyone wanting to learn to play a wind or percussion instrument. No experience necessary. Learn proper care, sound production and music reading. A concert will be presented on the last day of class. *(Fee-Based)*

KIDS 1627

**Computer Game Design**

Grades 5-8

This course will allow students to design their own computer game. Students will learn, in depth, how to use variables, conditional statements and other controls to create a game that accepts user input and presents a challenge. This class is for those who have completed the "Introduction to Computer Animation & Games" or "Introduction to Computer Animation." *(Fee-Based)*

KIDS 1657

**Exploring My World Through Science: Parent and Me**

Ages 3-4

Naturally, children love to explore, observe and play with the world around them. In this class, parents and their children will engage in songs, dance, storytelling, hands-on play and crafts that emphasize science concepts such as: the five senses, mixing colors, caring for nature, recycling, gravity, solids and liquids. Each class, children will leave with crafts to take home and further enhance the learning. *(Fee-Based)*

KIDS 1670

**Art Experiences for Children**

Ages 4-10

This class encourages small muscle development, independence, creativity and fun! The "process not product" is emphasized. All artistic endeavors have merit. All artists are unique. Each session has different materials. Please have children wear old clothes. No supplies needed. *(Fee-Based)*

KIDS 1680

**Digital Art for Kids**

Grades 4-8

Learn easy techniques for creating digital art using the computer. The course will cover digital painting, drawing cartoons with basic shapes, and turning photographs into art. This class is a fun way for students to improve their concentration and technology skills for Smarter Balance testing. USBC flash drive required. *(Fee-Based)*

KIDS 1725

**Tutorial: Algebra 2 - Conic Sections**

Grades 8+

This section of Algebra II covers the conic sections (parabolas, circles, ellipses, and hyperbolas). Students will learn how to use the quadratic formula and complete the square. Class is limited to 8 students. *(Fee-Based)*

KIDS 1727

**Tutorial: Algebra 2 - Matrices and Determinants**

Grades 8+

This course focuses on solving systems of equations with various methods. Topics include elimination/substitution method, matrix operations/properties, and finding determinants. *(Fee-Based)*

KIDS 1735

**Guitar for Kids - Intermediate**

Ages 6-8

Continue building on the fun progress of the beginning class with more chords, strumming, melodies and singing. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. Parents, please accompany children to class. *(Fee-Based)*

KIDS 1755

**Guitar for Kids- Advanced**

Ages 9+

Welcome to advanced guitar. Have fun and learn the blues, barre chords, scales, and new patterns of strumming and picking familiar chords. All the while, learn modern songs from your favorite bands. *(Fee-Based)*

KIDS 1769

**Beginner Swimming**

Ages 5-10

This class is for students learning to swim. Skills that must be mastered at this level to advance include: holding breath for 10 seconds, prone float, back float, prone glide, prone glide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide, back glide with a kick, turn over, deep water jump, front dive level off and safety skills. Water safety emphasized. *(Fee-Based)*

KIDS 1770

**Beginner Swimming**

Ages 11-17

This class is for students learning to swim. Skills that must be mastered at this level to move to advanced beginner include: holding breath for 10 seconds, prone float, back float, prone glide, prone glide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide, back glide with a kick, turn over, deep water jump, front dive level off and safety skills. Water safety emphasized. *(Fee-Based)*

KIDS 1772

**Advanced Beginner Swim**

Ages 5-17

The class is for students who successfully completed the Beginner requirements. This includes holding breath for 10 seconds, prone and back floats, prone glide, prone glide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide with kick, turn over, deep water jump, front dive level off and safety skills. Students taught survival float, treading water, backstroke, front dive and underwater swimming. Water safety emphasized. *(Fee-Based)*

KIDS 1774

**Intermediate Swimmer**

Ages 5-17

This class is for students who have completed class requirements for the beginner swimming level. Students will learn the scissor kick, front crawl for 20 yards with rhythmic breathing, 5 minute survival float, 1 minute treading water, 10 yards of skulling, 20 yards of backstroke, elementary backstroke, breaststroke and sidestroke, and 100 yards of any taught stroke. Water safety rules emphasized. *(Fee-Based)*

KIDS 1776

**Swimmer**

Ages 5-17

This class is for students who have completed class requirements for the beginner, and intermediate swimmer level. To pass this level students must be able to swim 100 yards of the front crawl, elementary backstroke, side stroke, and back stroke, 50 yards of the butterfly stroke, 25 yards of the butterfly pull, 25 yards of dolphin kick, front surface dive, front and back turns, survival float with clothes and water disrobing. Water safety will be emphasized. *(Fee-Based)*

KIDS 1778

**Open Swim Lab/Lap Swim**

Ages 8+

This class provides an opportunity for students to improve their swimming skills. Water safety will be emphasized. Lanes will be available for lap swimming. *(Fee-Based)*

KIDS 1799

**Animation Flix Camp**

Ages 7 - 13

This course allows students to brainstorm movie ideas, create their own characters made from clay, glass stones, and other media, and film a stop-action movie using a green screen backdrop. Students will develop a brief movie plot, create their sets, film their movie and add voice-overs. All Flix are available for download a month after the course ends. *(Fee-Based)*

KIDS 1835

**Tots Tumbling II**

Ages 3-5

This course is for the continuing gymnasts who are ready to learn without mom or dad. Gymnasts will learn more advanced gymnastic skills including cartwheels, headstands, handstands, backbends and purllovers on the bar. Students must have a pass certificate from Moms, Pops, and Tots Tumbling. *(Fee-Based)*

KIDS 1850

**Adventures in Web Page Creations**

Grades 4-6

Hey kids! Have you ever wanted to create your very own cool website to share with friends and family? Here is your chance to build incredible drag-and-drop web pages using free hosting sites on the internet. You will learn how to add pictures, video, text, game widgets and lots more! *(Fee-Based)*

KIDS 1877

**Gymnastics Summer Camp**

Ages 8+

Come join us for lots of fun learning gymnastics skills on the bars, beam and floor, as well as crafts, games and the parachute!! All parents and friends are invited to a special end of camp performance starring your little gymnast! Each gymnast will receive a special award! *(Fee-Based)*

KIDS 1934

**Introduction to Origami**

Ages 13+

Learn the basics of the art of Origami, the Japanese craft of folding paper. Students will select one item to make in class from a variety of choices. Origami can be used for gift packages and holiday decorations. Instruction sheet and special origami paper will be provided. *(Fee-Based)*

KIDS 1940

**On My Own Survival**

Grades 10-12

Various independent living skills will be covered such as budgets, job hunting, cooking, laundry, record keeping and housekeeping. Coed class. Have fun learning everything you wanted to know about how to "make it on your own"! *(Fee-Based)*

KIDS 1945

**Clutter Buster**

Grades 3-6

Having trouble finding your stuff???? Learn how to simplify your life and have more time by organizing your room, locker, or work areas. Learn to keep things in order and design "zones" for various activities. Learn skills that you can use for a lifetime! *(Fee-Based)*

KIDS 1947

**Clutter Buster**

Grades 7-12

Having trouble finding your stuff???? Learn how to simplify your life and have more time by organizing your room, locker, or work areas. Learn to keep things in order and design "zones" for various activities. Learn skills that you can use for a lifetime! *(Fee-Based)*

KIDS 1955

**Learn To Sew for Fun**

Grades 8-12

Learn to make your own clothes! Topics to be covered are pattern and fabric selection, basic sewing machine skills and clothing construction techniques. No sewing skills are required. Call the office for a list of needed supplies. *(Fee-Based)*

KIDS 1970

**You and Me Cooking Class**

Ages 5-7

Bring mom, dad, grandparent or special friend to join you as you create special things in the kitchen. Various goodies will be made in each session including cookies, candy, cupcakes, and fruit. Have fun learning and sharing this special time with your child. Bring an apron and a container for left over treats. *(Fee-Based)*

KIDS 1975

**Fun with Baking**

Ages 8-11

Learn the creativity and basics of baking! Each session will cover one of the following: pies, cookies, quick breads, and cup cakes. Bring an apron, a towel for clean-up and a container for left over goodies! *(Fee-Based)*

KIDS 1977

**Fun with Baking**

Ages 12+

Learn the creativity and basics of baking! Each session will cover one of the following: pies, cookies, quick breads, and cup cakes. Bring an apron, a towel for clean-up and a container for left over goodies! *(Fee-Based)*

KIDS 2000

**My First Cooking Class**

Ages 6-8

Students will make and serve yummy snacks, and learn how to use different ingredients while being safe in the kitchen. Students will learn about kitchen tools and safety. Students will learn how to use simple ingredients found in the kitchen. Students will learn how to make simple snacks that don't need to be cooked. Students will learn how to serve and clean up after snacks have been made. *(Fee-Based)*

KIDS 2015

**Introduction to the Martial Arts/Parent & Me**

Ages 4-7

Children will be introduced to basic martial arts skills and exercises with an emphasis on class discussion and participation. This practice improves basic coordination, balance and confidence. Martial Arts is a process that develops self-discipline, respect for others and builds character. Watch your child grow while learning skills that last a lifetime. Parents are encouraged to participate in certain elements during class. *(Fee-Based)*

KIDS 2027

**Tutorial: Algebra II - Functions, Exponents and Logarithms**

Grades 8+

This course is designed to study the behavior of functions. Topics will include polynomial functions, finding domain and range, and study relationship/properties between exponents/logarithms. Knowledge of Algebra I. Class is limited to 8 students. *(Fee-Based)*

KIDS 2063

**Digital Camera Magic**

Grades 4-9

In this hands-on digital camera class have fun learning to create amazing optical camera illusions. Discover techniques for operating camera exposure modes, composing shots, and enhancing images. Bring to every class meeting: a camera, the user's guide, the camera's USB connector cable, extra batteries, and a USB flash drive. *(Fee-Based)*

KIDS 2075

**Discovering Science Through Art Experiences**

Ages 4-10

This class can awaken the imagination, challenge the mind and amaze the artist and scientist within each child. Build upon natural curiosity as children discover science concepts through art experiments. Themes investigated include: water and air, light and sight, motion and energy, and reaction and matter. Each term explores different elements of the above themes. No supplies needed. *(Fee-Based)*

KIDS 2078

**Introduction to Montessori**

Ages 3-6

Students will be introduced to the Montessori method and work in four areas through hands-on activities to learn numbers and sounds. The areas include: practical life, sensorial, Math and Language. Students will develop order, coordination, concentration, and independence. This class will provide the academic readiness to succeed in kindergarten. Parents will attend class with their child. *(Fee-Based)*

KIDS 2085

**Discovering Science Through Art Camp**

Ages 4-10

This class can awaken the imagination, challenge the mind and amaze the artist and scientist within each child. Build upon natural curiosity as children discover science concepts through art experiments. Themes investigated include: water and air, light and sight, motion and energy, and reaction and matter. Each session explores different elements of the above themes. *(Fee-Based)*

KIDS 2095

**Essay Writing**

Grades 7-12

CSUF English Instructor will teach students how to improve their essay writing skills. Students will learn and practice numerous methods that will make their writing stronger and more polished! *(Fee-Based)*

KIDS 2103

**Tutorial: Algebra 1A - Basics**

Grade 6+

Algebra basics will include topics such as expressions, signed numbers, reciprocals, equations, removing group symbols, adding like terms, inequalities, and absolute values. Class is limited to 8 students. *(Fee-Based)*

KIDS 2130

**Be Bigger Than a Bully**

Ages 8-12

Students will learn and recognize what is a bully, what is a true friend and ways to be advocates against bullying. This course enables students to know how and where to get help if being bullied. Games and exercises on self-esteem, self-confidence and on honoring differences in ourselves and others and accepting these differences will be used in class. An overview of Social Media and its impact on bullying will be covered. *(Fee-Based)*

KIDS 2175

**QuickStart Junior Tennis for Beginners**

Ages 5-8

QuickStart is a new tennis training program designed just for kids! Smaller equipment is used so that children experience success more quickly. Simplified scoring is taught along with teamwork. Children are fully engaged while learning to play a lifetime sport. QuickStart tennis equals fun! Equipment needs explained at the first class session. *(Fee-Based)*

KIDS 2176

**QuickStart Junior Tennis for Beginners**

Ages 9-12

QuickStart is a new tennis training program designed just for kids! Smaller equipment is used so that children experience success more quickly. Simplified scoring is taught along with teamwork. Children are fully engaged while learning to play a lifetime sport. QuickStart tennis equal fun! Equipment needs explained at first class session *(Fee-Based)*

KIDS 2195

**Reading Comprehension Based on the Common Core Standards**

Completion of Grades 1 or 2

Come experience reading in a fun way using new reading comprehension skills. This class is for struggling readers and also those who already love to read. These lessons are based on the new Common Core Standards for students who have finished grades 1 and 2. *(Fee-Based)*

KIDS 2210

**Tutorial: Discrete Mathematics I-Logic and Sets**

Grade 8+

This course covers how logic is written mathematically. Also, truth tables and Boolean Algebra are introduced. Sets and set notations are covered. This is a sample of Engineering/Computer Science courses at the collegiate level. Students should complete Algebra before enrolling in this class. *(Fee-Based)*

KIDS 2227

**ZUMBA® Kids**

ZUMBA® for Kids is a fitness program designed especially for kids ages 7 - 11 years old. It combines high energy with the ZUMBA® program rhythms of salsa, cumbia, reggaeton, merengue and others. It provides a safe and effective workout. This class is designed specifically for kids, so the moves and music are kid friendly. *(Fee-Based)*

KIDS 2230

**Common Core Reading Comprehension Skills**

Grades 1 & 2

Students will read a story and learn how to create thinking maps as well as taking notes in order to comprehend the story effectively. They will learn how to use the text to answer text related questions based on the new Common Core curriculum. *(Fee-Based)*

KIDS 2255

**Sand Volleyball for Teens**

Ages 13 to 17

This course is designed to teach the basics of sand volleyball play. Sand volleyball has different aspects of play from traditional indoor volleyball. *(Fee-Based)*

KIDS 2275

**Sign Language with Kids**

Ages 7 - 11

This class will introduce the student to the basics of sign language. Content will include alphabet and counting numbers, greetings, family and friends, foods, weather, feelings, colors and shapes and animals. *(Fee-Based)*

KIDS 2290

**Painting with Acrylics for Kids**

Ages 5+

This course teaches students how to paint a variety of different projects with the use of acrylic paint. Students will have one project per class to include: landscape, seascape, animals, cartoon, floral and still life. Students will learn how to plan, sketch, and layout their project. They will also learn how to use different paint brush techniques and the color wheel for composition. *(Fee-Based)*

KIDS 2295

**Drawing and Painting Cartoons with Watercolors**

Ages 5+

Students will learn how to draw and paint a variety of different cartoon characters. This includes: dogs, cats, birds, sea creatures, people, animals and well-known cartoon characters. They will receive instruction on how to analyze cartoon characters using shapes. Other topics include: the color wheel, composition, horizon line, design, and placement. *(Fee-Based)*

KIDS 2320

**Creating Creative Cupcakes - The 5 Essentials**

Ages 12-17

Did you ever want to create a cupcake that is worthy of a Pinterest Pin?! Learn the 5 essentials to creative cupcakes. Topics include frosting, bakery style techniques, gourmet techniques, fondant, and those eye catching, out of the ordinary cupcakes! *(Fee-Based)*

KIDS 2330

**Summer Dance Performing Arts Camp**

This is a 2 week intensive dance camp for ages 14+ who are interested in learning choreography in a variety of dance styles and to gain the experience of rehearsing the dances to perform. Students will learn choreography in the styles of Ballet, Modern, Jazz, Contemporary, Lyrical, Afro Caribbean, and Ballroom that will be performed in an informal dance concert at the end of the session. *(Fee-Based)*

KIDS 2400

**Common Core: Preparation for Computer Keyboarding**

Grades 2 & 3

This course prepares students for the requirements of the Common Core standards. Beginning in 2015, students must be able to type multiple paragraph practical paragraphs as part of the Common Core implementation. *(Fee-Based)*

KIDS 2401

**Common Core: Preparation for Computer Keyboarding**

Grades 4 - 6

This course prepares students for the requirements of the Common Core standards. Beginning in 2015, students must be able to type multiple paragraph practical paragraphs as part of the Common Core implementation. *(Fee-Based)*

KIDS 2403

**Common Core: Online Reading and Writing Prep**

Grades 3-4

This course prepares students for the Common Core English Language Assessment. Reading comprehension and writing can be challenging, especially with the tasks being transitioned to an online format. Students learn to read and write more effectively using computer skills needed to be ready for the 2015 implementation of Common Core Testing in California. *(Fee-Based)*

KIDS 2404

**Common Core: Online Reading and Writing Prep**

Grades 5-6

This course prepares students for the Common Core English Language Assessment. Reading comprehension and writing can be challenging, especially with the tasks being transitioned to an online format. Students learn to read and write more effectively using computer skills needed to be ready for the 2015 implementation of Common Core Testing in California. *(Fee-Based)*

KIDS 2450

**Violin II & III**

This course continues to build violin skills for Violin I students. Students will continue to build finger strength, fingering agility, placement and coordination of note delivery and playing songs that are appropriate for these levels of skill. *(Fee-Based)*

KIDS 2487

**Magnetic Levitation Transportation - Camp**

Build a "futuristic Maglev" car to race and take home. Learn about the relationship between magnetism and electricity. Build maglev cars and electromagnets. Learn how motors work, take home the world's simplest motor and experiment with magnificent magnetic activities! Have fun learning while creating! *(Fee-Based)*

KIDS 2500

**Electronics Workshop I**

Ages 7 - 12

This course is an electronics workshop designed to give students ages 7 - 12 hands-on experience building electronic devices such as radios, digital circuits, radio controllers, and sound generators. Each project is supported by a simple electronics theory lecture to advance the understanding of the projects. *(Fee-Based)*

KIDS 2501

**Electronics Workshop II**

Ages 13 - 17

This course is an Electronics Workshop designed to give students ages 13 - 17 hands-on experience building electronic devices like radios, digital circuits, radio controllers, and sound generators. Each project is supported by a simple electronics theory lecture to advance the understanding of the projects. *(Fee-Based)*

KIDS 2600

**Career Academy: Computer Networking**

Grades 7 - 12

Students will gain introductory knowledge of computer networking as a career. The class will include the basic concepts of computer networking, troubleshooting connectivity, building a computer networking cable, and using networking software. *(Fee-Based)*

KIDS 2605

**Career Academy: Dental Assisting**

Grades 7-12

Students will gain introductory knowledge of dental assisting as a career. The class will include basic oral anatomy, infection control (handwashing, personal protective equipment), impression on manikins and basic instruments for dental procedure. *(Fee-Based)*

KIDS 2610

**Career Academy: Computer Forensics**

Grades 7-12

This course gives an overview of computer forensics, its real-world technique, information gathering potential, and analysis of evidence. The course also provides students with opportunities to learn about a wide variety of contemporary computer forensics techniques. *(Fee-Based)*

KIDS 2612

**Career Academy: Cyber Security/Cyber Patriot - Cisco**

Grades 7 - 12

Learn and work in teams competing to secure a windows machine from hackers and get a hands-on, sneak preview into CyberPatriot, a national cyber security competition created by the US Air Force. Students will become familiar with best practices for ensuring a computer is secure for use. Students will also learn computer network fundamentals including building cables and troubleshooting connectivity. Beginning to advanced students welcome. Students can sign up for all 3 weeks or single workshop. Please bring paper and pencil. *(Fee-Based)*

KIDS 2615

**Career Academy: Video Production I**

Grades 9 - 12

This course introduces students to digital video production techniques including single camera operation, recording, and video editing. Course topics include the operation of camcorders, lighting, and sound & editing. Students will develop stories, film them, and edit them for screening. Cameras and computers will be provided for shooting and editing. *(Fee-Based)*

KIDS 2616

**Career Academy: Video Production II**

Grades 9-12

This course builds on topics covered in Video Production I course. Students learn more in depth about digital video production techniques including single camera operation, recording, and video editing. Course topics include the operation of camcorders, lighting, and sound & editing. Students will develop stories, film them, and edit them for screening. Cameras and computers will be provided for shooting and editing. *(Fee-Based)*

KIDS 2617

**Career Academy: Video Game Programming**

Age 13-17

This course will allow students to learn the components of simple video game programming. Students will learn the coding system required for the programming and create several games that will run on Windows operating systems. *(Fee-Based)*

KIDS 2618

**Career Academy: 2D Digital Animation**

Grades 7-12

This course introduces students to basic animation techniques including storyboarding, character design and hand drawn 2D animation utilizing traditional and digital tools. Students will develop a scenario, design a character and produce a simple animated cycle while learning how to use Photoshop, the Wacom tablet and Adobe Animate CC. Software and tools will be provided to the students. *(Fee-Based)*

KIDS 2620

**Career Academy: Cyber Security/Cyber Patriot - Windows**

Learn the basics of Information Security. Students will learn how to secure Windows operating systems and work together to secure various Windows virtual machines. Students will be familiar with best practices for ensuring a computer is secure for use. Beginning to advanced students welcome. *(Fee-Based)*

KIDS 2621

**Career Academy: Cyber Security/Cyber Patriot - Linux Linux**

This is an entry level class on the Linux operating system with a concentration on security. Students will gain the skills needed to protect a Linux based system from various types of threats. Special consideration is given to the practice format and competition strategies useful in the CyberPatriot competition. *(Fee-Based)*

KIDS 2625

**Career Academy: Healthcare Careers & Psychiatric Technology**

Through interactive learning, students learn to provide care for someone diagnosed with mental or developmental disabilities. Activities include how and why one takes vital signs, behavioral techniques, how to assess mental illness, dealing with depression, suicide, and substance abuse. Career pathways are identified and explored through the Psychiatric Technology field. *(Fee-Based)*

KIDS 2628

**Career Academy: Future Teachers - Explore a Career in Teaching**

Have you thought about becoming a teacher someday? What goes into becoming a teacher? Learn the different styles of teaching, types of student learning, different ways to teach, creating lesson plans, and classroom management. This class will include hands-on teaching experiences as well as group presentations. Anyone is welcome who thinks they may want to become a teacher someday. *(Fee-Based)*

KIDS 2650

**PSAT/NMSQT Math Test Preparation**

This course prepares students for the math portion of the PSAT/NMSQT test given during their 10th grade year. PSAT/NMSQT is used as practice for the SAT college acceptance test, and is also the qualifying test for National Merit Scholarships. *(Fee-Based)*

KIDS 2700

**Math: Common Core - Kindergarten**

Kindergarten students will be introduced to two critical math skill areas: (1) representing, relating, and operating on whole numbers, initially with sets of objects; and (2) describing shapes and space. This class is fun and informative with hands-on learning activities. *(Fee-Based)*

KIDS 2701

**Math: Common Core - 1st Grade**

Through games, hands-on activities and group work, 1st Grade students will be introduced to four critical learning areas: (1) developing understanding of addition & subtraction; (2) develop understanding of whole number relationships and place value; (3) developing understanding of linear measurement; and (4) reasoning about attributes of, and composing and decomposing geometric shapes. *(Fee-Based)*

KIDS 2702

**Math: Common Core - 2nd Grade**

In this fun, hands-on class, students will extend their understanding of the base-ten system. This includes ideas of counting in fives, tens, and multiples of hundreds, tens, and ones. Students use their understanding of addition to develop fluency with addition and subtraction within 100. Students will describe and analyze shapes by examining their sides and angles. *(Fee-Based)*

KIDS 2703

**Math: Common Core - 3rd Grade**

In this course students will focus on four critical areas: (1) developing understanding of multiplication and division strategies for multiplication and division within 100; (2) developing understanding of fractions, especially unit fractions (fractions with numerator 1); (3) developing understanding of the structure of rectangular arrays and of area; and (4) describing and analyzing two-dimensional shapes. *(Fee-Based)*

KIDS 2704

**Math: Common Core - 4th Grade**

In grade 4, instructional time will be focused on three critical areas: (1) developing understanding and fluency with multi-digit multiplication, and developing understanding of dividing to find quotients involving multi-digit dividends; (2) developing an understanding of fraction equivalence, addition and subtraction of fractions with like denominators, and multiplication of fractions by whole numbers; (3) understanding that geometric figures can be analyzed and classified based on their properties, such as having parallel sides, perpendicular sides, particular angle measures, and symmetry. *(Fee-Based)*

KIDS 2705

**Math: Common Core - 5th Grade**

In grade 5, instructional time should focus on three critical areas: (1) developing fluency with addition and subtraction of fractions, and developing understanding of the multiplication of fractions and of division of fractions in limited cases (unit fractions divided by whole numbers and whole numbers divided by unit fractions); (2) extending division to two-digit divisors, integrating decimal fractions into the place value system and developing understanding of operations with decimals to hundredths, and developing fluency with whole number and decimal operations; and (3) developing understanding of volume. *(Fee-Based)*

KIDS 2706

**Math: Common Core - 6th Grade**

In grade 6, instructional time should focus on four critical areas: (1) connecting ratio and rate to whole number multiplication and division, and using concepts of ratio and rate to solve problems; (2) completing understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; (3) writing, interpreting, and using expressions and equations; and (4) developing understanding of statistical thinking. *(Fee-Based)*

KIDS 2800

**App Attack! Make Your First Game App**

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based (HTML5) mobile apps. You will also see firsthand how the world of App publishing functions. Apps will be accessible on a private site and can be played on any mobile device or computer. No prior experience is necessary or personal technology devices needed. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 2805

**Make Your First 3D Video Game!**

This class allows you to develop a game concept that goes well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Students will learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling. Student created games will be available to share with friends and family. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 2807

**Make Your First Video Game!**

Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that we'll explore. No prior experience necessary. Student created games will be available on a password protected Black Rocket website. Games are only compatible on PC computers. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 2810

**Minecraft Designers**

If you love the game Minecraft, and want to design your own world, this class is for you! Create a custom map, basic 3D models using new software to design your own objects. Build with Redstone and Command blocks, create custom textures for you to import. To access projects at home, students need PC/MAC version of Minecraft. Tablet, phone, game console versions of Minecraft are not compatible. Email address is required to use 3D modeling software. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 2812

**Minecraft Modders**

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password protected Black Rocket website to share. To access their project at home students must own a PC/MAC version of Minecraft. Tablet, phone, game console versions of Minecraft are not compatible. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 3000

**Theatre Camp**

Ages 7-17

Students will explore scripts, analyze characters and create a performance. A production will be performed by students at end of session. Students explore and create characters using masks, costumes, make-up and props using different perspectives in literature. We will have fun letting the imagination soar. Students will enjoy oral reading using expressive voices and gestures. *(Fee-Based)*

KIDS 3003

**Theatre Camp**

Ages 12-17

Students will explore scripts, analyze characters and create a performance. A production will be performed by students at the end of session. Students explore and create characters using masks, costumes, make-up and props using different perspectives in literature. We will have fun letting the imagination soar. Students will enjoy oral reading using expressive voices and gestures. *(Fee-Based)*

KIDS 3055

**Robotics 101**

Grades 1 - 3

In this class students will learn about the engineering design process in a "hands-on" setting as they create a basic robot and then improve on the basic design. The robots the students build will be able to accomplish specific basic tasks. Those robots will then be modified to execute more complex tasks. *(Fee-Based)*

KIDS 3056

**Robotics 101**

Grades 4 - 6

In this class students will learn about the engineering design process in a "hands-on" setting. They will create a basic robot with basic movements, modify the design, and then program more complex commands for movement and tasks. *(Fee-Based)*

KIDS 3060

**Civil Engineering**

Grades 1 - 3

Students will be introduced to the concepts of structural engineering, tension, and force as it relates to building and construction of bridges and towers. The engineering design process will be utilized and modified as students create and build their own bridges and towers. *(Fee-Based)*

KIDS 3061

**Civil Engineering**

Grades 4 - 6

Students will be introduced to the concepts of structural engineering, tension, and force as it relates to building and construction of bridges and towers. The engineering design process will be utilized and modified multiple times over the course as students plan, create, and modify their own bridges and towers. *(Fee-Based)*

KIDS 3065

**Aerospace Engineering**

Grades 1 - 3

Students will be introduced to the concepts of aerodynamics, propulsion, structural design, and flight through a series of activities that explore different types of aircraft. Students will also learn the basic mechanics of flying machines through hands-on testing and revising of their initial designs using the elements of the engineering design process. *(Fee-Based)*

KIDS 3066

**Aerospace Engineering**

Grades 4 - 6

Students will be introduced to the concepts of aerodynamics, propulsion, structural design, and flight through a series of activities that explore different types of aircraft. Students will learn the basic and complex mechanics of flying machines through hands-on testing and revising of their initial designs for better performance. *(Fee-Based)*

KIDS 3070

**LEGO Flix Camp**

Ages 13 - 17

This course allows students to brainstorm and bring LEGOs to life in stop-motion animated flix. Students will create a set with LEGO characters for a movie. They will storyboard, write, shoot, and add voice-overs to the Flix they create. Flix are downloadable a month after the camp ends. *(Fee-Based)*

KIDS 3075

**Live-Action Flix Camp**

Ages 13 - 17

This course allows students to brainstorm, plan, create, film and shoot a real-life action movie. The class focuses on each step in creating a complete movie - from "Action!!" to "That's a wrap!!". Students will scout out characters, assemble costumes and props, and act and direct in a collaborative movie. Flix downloadable a month after the camp ends. *(Fee-Based)*

KIDS 3100

**STEAM Camp: Crazy Concoctions Chemical Engineering**

Making a mess is generally frowned upon, but if you are learning important scientific principles and creating cool science experiments, then the mess will have to be excused. Join us on a wacky adventure through all kinds of cool and crazy chemical reactions. Use chemicals to make slippery slime and watch colors separate before your eyes! Find out how to make volcanoes erupt, what ooblek is, how to make gak and more. Add messy games and activities and you've got a slimy, grimy, goopy and magical experience! *(Fee-Based)*

KIDS 3101

**STEAM Camp: Enchanted Engineer**

Come explore the world of fairy tales and adventure while solving real world problems...we will use science, technology, engineering, art, and math to solve a problem for our hero in the story! Our engineers participate in experiments and record observations in their very own engineering journal. This camp focuses on the engineering design process, the scientific method, and solve engineering challenges! *(Fee-Based)*

KIDS 3102

**STEAM Camp: Inventor Workshop - Design Engineering**

Explore science and engineering in the world around us! Our engineers participate in experiments and record observations in their very own engineering journal. This camp focuses on the engineering design process through inventing fun games and toys. We will explore forces and motion, the scientific method, and solve engineering challenges! *(Fee-Based)*

KIDS 3103

**STEAM Camp: Outdoor Adventure Environmental Engineering**

Explore science and engineering to help save our planet! Environmental engineers use the principles of engineering, soil science, biology, and chemistry to develop solutions to environmental problems. They are involved in efforts to improve recycling, waste disposal, public health, and water/air pollution control. Document experiments in your own journal. *(Fee-Based)*

KIDS 3104

**STEAM Camp: Space is the Place! Aerospace Engineering**

To infinity and beyond as we search for the kid from Mars, try not to drop the Android, discover Martian rocks, create a space craft, go Alien Hunting, and practice Jedi training thru obstacles. Our engineers participate in experiments and record observations in their very own engineering journal. *(Fee-Based)*

KIDS 3105

**STEAM Camp: The Engineers Kitchen - Molecular Gastronomy**

In this class we play with our food! Molecular gastronomy, or the science behind the cooking, is understanding the chemistry and physics of how food is cooked and using that knowledge to manipulate food preparation to create new tastes and textures. Join us as we experiment with food and create amazing treats! *(Fee-Based)*

KIDS 3106

**STEAM Camp: Under the Sea Marine Engineering**

Wet fun for all as we explore the great mysteries of the ocean! We will enjoy ocean treats, ocean themed games, treasure hunts, sand art, and water gun wars. Campers must bring their own water guns. Our engineers participate in ocean experiments and record observations in their own engineering journal. *(Fee-Based)*

KIDS 3107

**STEAM Camp: Zootopia Design Micro Engineering**

Students will learn about zoology and the design process through animal exploration and working in engineering design teams to create cage free habitats/zoo (using area and perimeter for squares and rectangles) that will protect the chosen animal from predators and people. Our engineers will test hypothesis and conduct experiments. *(Fee-Based)*

KIDS 3108

**STEAM Camp: Art by Modern Masters**

Let's create modern art in the style of Andy Warhol, Jackson Pollock, Robert Rauschenberg, and more. We will use various art mediums such as acrylics, tempera, and watercolors. Some of the art techniques we will learn are printmaking, action painting, and collage. Please wear old clothes or bring an apron. *(Fee-Based)*

## Labs (LABS)

LABS 100

### Supervised Tutoring

Students will use tutorial assistance to enhance problem solving skills, and increase comprehension of specific subject areas. Tutors and instructors are there to help you prepare for tests and to complete homework. Enrollment is by Instructor and Counselor referral only. *(Apportionment)*

## Language (LANG)

LANG 100

### Arabic - Conversational

Beginning level class introduces students to the basic knowledge of Arabic. *(Fee-Based)*

LANG 110

### French - Conversational

Beginning level class introduces students to the culture and customs of France and covers basic speaking skills. *(Fee-Based)*

LANG 160

### Japanese - Conversational

Beginning level class introduces students to the culture and customs of Japan and to speak beginning level Japanese. *(Fee-Based)*

LANG 170

### Russian - Conversational

Beginning level class introduces students to the culture and customs of the Russian speaking countries and addresses immediate needs of a traveler. The course will also give the language skills helpful to welcome adopted children to their new families. *(Fee-Based)*

LANG 190

### Spanish - Conversation I

Beginning level class introduces students to the culture and customs of Latin America and covers beginning level speaking skills. *(Fee-Based)*

LANG 200

### Spanish - Conversation II

Low intermediate level class expands students' basic knowledge of spoken Spanish. *(Fee-Based)*

LANG 240

### Conversational Chinese

Beginning level class introduces students to the culture and customs of Chinese and covers beginning level speaking skills. *(Fee-Based)*

## Medical Occupations (MEDO)

MEDO 105

### Medical Terminology

Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics. *(Apportionment)*

MEDO 115

### Medical Assisting: Front Office

Prerequisite: MEDO 260 Introduction of Medical Assisting and COMP 685 Beginning Keyboarding This course introduces students to medical office procedures in preparation for entry-level positions in the front office or reception area of a medical facility. These include medical data entry. Students review reception techniques, patient records and insurance forms. Keyboarding experience advised. *(Apportionment)*

MEDO 118

### California Child Care: CPR and First Aid

This 8-hour course teaches individuals to respond to breathing and cardiac emergencies, pediatric first aid and injury prevention. Upon successful completion, students will receive an Adult, Infant, Child CPR certificate valid for 1 year and a CA Child Care First Aid certificate valid for 2 years. This class meets CA EMSA requirements of daycare providers. \$75 fee includes class textbooks and 2 laminated skills cards. *(Fee-Based)*

MEDO 125

### Pharmacy Tech Educational Planning

Orientation and assessment to and for the SCE Pharmacy Technician certificate program, overview of occupational options. Assess math skill level for referral to basic skills support to assist with successful completion of pharmacy tech courses, overview in general of SCE student services. *(Orientation)*

MEDO 166

### Physical Therapy Aide

Equips the motivated student to function safely and efficiently as a Physical Therapy Aide or Restorative Aide in a hospital, convalescent hospital or home setting. Certificate of Completion to those meeting requirements. *(Apportionment)*

MEDO 202

### Activity Leader Healthcare

Provides basic training in planning and directing activity programs (fieldwork arranged). *(Apportionment)*

MEDO 220

**Out-Patient Lab for the Pharmacy Technician**

*Prerequisite:* MEDO 230 Pharmacy Operations Lab; MEOC 104 Medical Terminology (or MEOC 110 Medical Terminology II); MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding. The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an out-patient pharmacy and begin working with minimal additional training. (Apportionment)

MEDO 221

**In-Patient Lab for the Pharmacy Technician**

*Prerequisite:* MEDO 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding. The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training. (Apportionment)

MEDO 230

**Pharmacy Operations Lab**

*Prerequisite:* MEOC 130 Introduction to Pharmacy Technician and Keyboarding score of 30 or above or passing grade in COMP 685 - Beginning Keyboarding. This course introduces students to the operations of a pharmacy. It provides them with a working knowledge of the structural, functional, business and inter-relational aspect of pharmacy as part of the health care system. Through hands-on instruction, students develop the entry-level skills needed to assist in a pharmacy operation. (Apportionment)

MEDO 235

**Medical Assisting: Back Office Procedures I**

*Prerequisite:* MEOC 104 Medical Terminology and MEDO 260 Introduction to Medical Assisting. This course introduces students to the back office, clinical duties of the medical assistant. It is designed to develop the necessary skills for performing exam room procedures, including medical asepsis and infection control; patient intake; vital signs; and assisting with physical examination. Specialty exams and electrocardiograph procedure are also covered. (Apportionment)

MEDO 240

**Medical Assisting: Back Office Procedures II**

*Prerequisite:* MEDO 235 Medical Assisting Back Office I. This course develops the necessary skills for the back office. Students review assisting physicians with minor surgical procedures, pharmacology, laboratory procedures, nutrition, patient education, diagnostic imaging, and urgent care and emergency procedures. (Apportionment)

MEDO 250

**Spanish for Healthcare Professionals**

This program is designed for a wide variety of health care professionals including medical assistants, nurses, and doctors. This course will help participants connect and communicate with Spanish speaking patients to treat illness and injury and process medical transactions efficiently. (Fee-Based)

MEDO 255

**Introduction to Phlebotomy Procedures**

*Advisory:* MEOC 104 Medical Terminology This course provides an introduction to the basic skills of phlebotomy through in-class instruction and hands-on practice. Students will learn venipuncture and capillary collection punctures, OSHA Bloodborne Pathogen regulations, equipment selection, and blood processing. This class does not meet requirements for state certification for phlebotomists. (Grant-Funded)

MEDO 260

**Introduction to Medical Assisting**

This course is an introduction to the medical assisting profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, health care settings, medical law, and therapeutic communication skills. (Apportionment)

MEDO 265

**BLS for Healthcare Professionals**

The American Heart Association designed this course to prepare healthcare professionals to recognize life-threatening emergencies and to provide CPR and First Aid effectively. Upon successful completion students receive a 2 year CPR certification and a 2 year First Aid certification. (Grant-Funded)

MEDO 270

**Medical Assisting Ed Planning**

Orientation and assessment to and for the SCE medical assisting certificate program, overview of occupational options. Review skill level for referral to basic skills support to assist with successful completion of medical assisting courses, overview in general of SCE student services. (Orientation)

MEDO 275

**Medical Assistant Work Experience Part 1**

*Prerequisites:* MEDO 115 Medical Assisting: Front Office Procedures; and MEDO 235 Medical Assisting: Back Office Procedures I; and MEDO 240 Medical Assisting: Back Office Procedures II; and Achievement of 30 wpm Keyboard Competency; and COMP 100 Introduction to Computers; or MS 104 Introduction to Windows. This course provides students with work experience related to administrative and/or clinical medical assisting. Students will meet with the instructor for two hours per week in addition to completing 140 hours of externship in an approved facility. Class topics include portfolio development and externship performance. (Grant-Funded)

MEDO 280

**Medical Assistant Work Experience Part 2**

*Prerequisite:* MEDO 275 *Medical Assisting Work Experience I*. This course provides students who successfully completed Medical Assisting Work Experience I with an additional 140 hours of externship to complete training in both administrative and clinical competencies. Students will meet with the instructor for two hours per week. Class topics include portfolio development, workplace professionalism, and externship performance. *(Grant-Funded)*

MEDO 285

**Introduction to Electronic Health Records(EHR)**

*Prerequisite:* COMP 685 *Beginning Keyboarding or Keyboarding Proficiency score of 30 or above; MEDO 315 Intro to Computer Health Care*. This course introduces students to the fundamental concepts of working with Electronic Health Records (EHRs). Students will learn and exercise the practical use of EHR in administrative roles within the allied health field. Topics covered include: the history of EHR, EHR standards, patient charts, and EHR regulations. *(Grant-Funded)*

MEDO 290

**Math For Medical Assistants**

This course is designed to provide the medical assistant with the mathematical skills necessary to calculate, prepare, and administer drugs safely and confidently in an ambulatory medical setting. *(Fee-Based)*

MEDO 295

**National Certified Medical Assistant Exam Prep**

This course is designed to assist in preparing for the NCCT National Certified Medical Assistant Exam (NCMA). A comprehensive review of topics related to administrative and clinical medical assisting procedures will be provided. The course also includes valuable practice tests and test-taking strategies. *(Grant-Funded)*

MEDO 300

**Medical Coding Basics I**

*Prerequisites:* MEOC 104 *Medical Terminology*. Students will learn techniques of accurate coding of physician services, gain experience in correct application of CPT, level II coding, and ICD-9-CM / ICD-10-CM diagnosis codes used for billing professional medical services through lecture and lab. *(Grant-Funded)*

MEDO 302

**Medical Coding Basics II**

*Prerequisite:* MEDO 300 *Medical Coding Basics*. This course covers the practical application of CPT coding and coding appropriately for correct reimbursement in physician office settings. Topics covered include assigning the correct diagnosis, procedure, and supply code for a variety of clinical cases and services. *(Grant-Funded)*

MEDO 305

**Heartsaver Pediatric First Aid**

This 8-hour course teaches individuals to respond to breathing and cardiac emergencies, pediatric first aid and injury prevention. Upon successful completion, students will receive an Adult, Infant, Child CPR and Pediatric First Aid certificate valid for two years. This class meets California requirements for daycare providers. *(Fee-Based)*

MEDO 307

**Personal Care Aide**

This class will prepare the student to provide or support activities of daily living, personal care, and homemaker services to elderly and disabled individuals needing assistance to remain safely and independently in their own home or in an assisted living facility. Upon successful completion students receive a certificate of completion. *(Grant-Funded)*

MEDO 310

**Medical Assistant Skills Open Lab**

*Co-requisite:* MEDO 235 *Back Office Procedures I*. This open-entry, open-exit course is designed for medical assistant students to practice clinical skills and procedures. *(Grant-Funded)*

MEDO 315

**Introduction to Computers for Health Care Workers**

This course is an introduction to computers for individuals entering the health care field. Introduction to Computers for Health Care Workers provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. *(Grant-Funded)*

MEDO 316

**In-Patient Externship for the Pharmacy Technician**

*Prerequisite:* MEDO/220 *Out-Patient Lab: Pharmacy Technician; MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab Pharmacy Technician*. This course is designed to provide pharmacy technician students with field experience in an in-patient pharmacy setting. It requires weekly class meetings plus 200 hours of externship in an approved and contracted pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. *(Apportionment)*

MEDO 317

**Out-Patient Externship for the Pharmacy Technician**

*Prerequisite:* MEDO/220 *Out-Patient Lab: Pharmacy Technician; MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab: Pharmacy Technician*. This course is designed to provide pharmacy technician students with field experience in an out-patient/retail pharmacy setting. It requires weekly class meetings plus 120 hours of externship in an approved pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. *(Apportionment)*

**Medical Occupations Clerical (MEOC)**

MEOC 104

**Medical Terminology**

Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics. *(Apportionment)*

MEOC 112

**Medical Insurance Billing - A Practical Approach to Medical Billing**

*Prerequisite: COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.* An overview of outpatient medical insurance billing in preparing students for entry-level positions. Students review theory and practice data entry for private, Blue Cross/BlueShield, Medicare, Medicaid/Medi-Cal, TRICARE/CHAMPUS and workers' compensation billing. CPT and ICD-9 coding covered. Medical billing software utilized in computer lab. Keyboarding experience advised. *(Apportionment)*

MEOC 121

**Pharmacology I**

*Prerequisite: MEOC 104 Medical Terminology.* Bring original certificate to first class. Equips students with the necessary beginning theoretical knowledge. Includes categorizing, differentiating between drug classifications and inventorying. Provides a basic knowledge and understanding of drug effects on the body. *(Apportionment)*

MEOC 122

**Pharmacology II**

*Prerequisite: MEOC 104 Medical Terminology.* Bring original certificate to first class. Provides a continuation of theoretical knowledge acquired in Pharmacology I. Includes categorizing, inventorying and differentiating between drug classifications. Equips students with an advanced knowledge and understanding of drug effects on the body. *(Apportionment)*

MEOC 130

**Introduction to Pharmacy Technician**

Course orients students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician. *(Apportionment)*

MEOC 135

**Human Relations For Healthcare Workers**

Covers basic communications skills with emphasis on health care. Includes non-verbal communication, group communication, conflict resolution, ethics in health communication, elements of intercultural communication, resume writing, job application and interviewing techniques. *(Apportionment)*

MEOC 140

**Pharmaceutical Mathematics**

A review of basic mathematics focusing on its application to common pharmaceutical calculations, abbreviations and units; how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge. *(Apportionment)*

MEOC 144

**Out - Patient Externship**

This course is designed to give pharmacy technician students field work experience in an out-patient pharmacy. Students must complete the didactic portion of the program and the corresponding lab course prior to their field work experience. The program requires 120 hours of out-patient externship. *(Externship)*

MEOC 146

**In - Patient Externship**

This course is designed to give pharmacy technician students field work experience in an in-patient pharmacy. Students must complete the didactic portion of the program and the corresponding lab course prior to their field work experience. The program requires 200 hours of in-patient externship. *(Externship)*

MEOC 205

**Introduction to Electronic Health Records(EHR)**

*Prerequisite: MEOC 210 Introduction of Computers for Health Care Workers and COMP 685 Beginning Keyboarding or Keyboard competency of 30 wpm.* This course introduces students to the fundamental concepts of working with Electronic Health Records (EHRs). Students will learn and exercise the practical use of EHR in administrative roles within the allied health field. Topics covered include: the history of EHR, EHR standards, patient charts, and EHR regulations. *(Apportionment)*

MEOC 210

**Introduction of Computers for Health Care Workers Image**

*Prerequisite: COMP 685 Beginning Keyboarding or Typing 30 words per minute.* This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. *(Apportionment)*

MEOC 225

**Medical Coding, Introduction**

This course covers the practical application of CPT-4 coding as well as both ICD-9-CM and ICD-10-CM coding for correct reimbursement in the physician's office setting. Course instruction will also cover applying the student's knowledge of anatomical body systems and disease processes. The following anatomical and physiology concepts will be covered in this course: (a) integumentary system, (b) musculoskeletal system (c) respiratory system (d) cardiovascular system (e) hemic and lymphatic systems. *(Apportionment)*

MEOC 227

**Medical Coding, Intermediate**

*Prerequisite: MEOC 225 Medical Coding - Introduction.* This course covers the practical application of CPT-4 coding as well as both ICD-9-CM and ICD-10-CM coding for correct reimbursement in the physician office setting. Course instruction will also cover applying the student's knowledge of anatomical body systems and disease processes. The following anatomical body systems and disease processes concepts will be covered in this course: (a) urinary and male genital systems, (b) female genital and system, (c) general surgical, (d) medicine (e) radiology, and (f) pathology. *(Apportionment)*

## Microsoft (MS)

MS 104

### Introduction to Windows Operating Systems

*Advisory: Knowledge of Windows.* Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people. (Apportionment)

MS 105

### Introduction to Excel

Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting. (Apportionment)

MS 106

### Introduction to Access

*Advisory: Introduction to Computers, Introduction to Windows or equivalent.* Design databases using this popular software package. Includes creating tables, forms, reports and labels. (Apportionment)

MS 107

### Intermediate Access

Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent. (Apportionment)

MS 119

### Introduction to PowerPoint

*Advisory: Knowledge of Windows.* Learn how to create on-screen presentations using text, graphics, sound effects and movies. (Apportionment)

MS 134

### Intermediate Word

*Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent.* This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class. (Apportionment)

MS 143

### Introduction to Publisher

*Advisory: Recommended proficiency in COMP 100 Introduction to Computers and MS 104 Introduction to Windows.* Provides a basic working knowledge of this popular desktop publishing program. Covers topics such as flyers, newsletters, and business cards. (Apportionment)

MS 144

### Introduction to Word

*Advisory: Introduction to Computers, Introduction to Windows or equivalent.* Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables. (Apportionment)

MS 156

### Computer Bytes

This course covers various topics for Microsoft Windows on how to buy or upgrade a computer, buy and use a digital camera, use a scanner, create a slide show, and set up a home wireless network safely. (Apportionment)

MS 160

### MS Office - Overview

*Advisory: Knowledge of Windows and keyboarding.* Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses. (Apportionment)

MS 165

### MS Excel: Power-User Skills

*Advisory: MS 105 Introduction of Excel or equivalent.* This course is for people who are comfortable using MS Excel and who want to develop "power skills". Topics include computational techniques (defining names, nested IF functions, summarizing data), using Excel's database tools (tables, database operations, lookup functions), and expert skills (conditional formatting, macros). Also covered are advanced formatting techniques and shortcuts for accelerating productivity. (Apportionment)

MS 610

### Windows Operating Systems - Intermediate

*Advisory: MS104 Introduction to MS Windows or equivalent.* A second course in Windows operating environments covering more topics and techniques. This course will help you learn to communicate more effectively over the Internet, share information between programs, understand basic Windows network principles, share files, use Windows Media projects, manage hardware, backup files, and use Windows administration tools. (Apportionment)

## Music (MUSC)

MUSC 108

### Guitar for Adults

Learn to play the guitar! Students will learn chords, strum pattern styles, new songs, simple ear training and rhythm training. Students will also learn a I, IV, V blues progression and how to read the tablature for guitar. Bring a nylon-string or acoustic steel-string guitar and a medium pick. (Fee-Based)

MUSC 109

### Adult Guitar, Intermediate/Advanced

Students will learn music theory and concepts including notes on the guitar, major and minor keys, how to use a capo, how to play 2 bar chord forms and more: Play two songs by the end of class. (Fee-Based)

MUSC 200

**Music Arts for Older Adults**

This course provides stimulating interaction for older adults through musical reminiscence, discussions, and listening to music from different time periods and genres. Older Adult students will participate in sing-alongs and rhythmic activities. Older adult students will learn to appreciate and understand different varieties of music. *(Apportionment)*

MUSC 302

**Cypress Masterworks**

This is a large ensemble (70-100) singers who perform major masterworks for choir and orchestra in addition to a variety concert repertoire. The Chorale presents four major concerts in the campus theater, participates in regional music festivals, and tours Internationally. *(Fee-Based)*

MUSC 303

**Senior Chorus**

This course introduces older adult students to a broad spectrum of choral music including its cultural and historical aspects. Older adult students will gain knowledge of correct posture, breath control, enunciation, harmony, rhythm and basic music concepts appropriate for the older adult. *(Apportionment)*

MUSC 304

**Tone Chime Choir for Older Adults**

This course provides instruction to older adults on handbell performance skills using chime instruments made by Suzuki. The music will be beginning level handbell music, level 1 and 2, as defined by the American Guild of English Hand Bell Ringers. The class will share their music by performing to the community in different public venues. *(Apportionment)*

MUSC 305

**Introduction to Opera**

This course is an introduction to the standard operatic repertoire in terms of development of musical style, dramatic structure, and performance tradition. Open to all students. *(Fee-Based)*

MUSC 310

**Star Carolers**

This course is designed for both music majors and non-music majors who wish to sing in a holiday caroling ensemble. Plus three quarters of an hour laboratory TBA per week. *(Fee-Based)*

MUSC 315

**Beginning Voice**

Students will study basic vocal techniques including tone production, breath control, and diction. Songs will be drawn from popular and traditional songs. *(Fee-Based)*

MUSC 320

**Beginning Piano**

Beginning with the abc's at middle C, the student learns to read music using familiar songs and pieces in folk and classical styles. Basic chords also help with rock and jazz. The student learns rhythm as the heartbeat of music. *(Fee-Based)*

MUSC 321

**Beginning Adult Piano/Keyboard**

This course will introduce adults to reading notes, rhythm, music symbols, sight-reading and keyboard activities to develop technique and listening. Book required. Bring your own keyboard (40 key minimum) every week! *(Fee-Based)*

MUSC 335

**Adult Keyboarding, Beginning II**

Comprehensive music course in reading, playing and listening to music. Lessons include learning chords, sight-reading and understanding basic harmony. *(Fee-Based)*

MUSC 345

**Guitar for Adults Level 1**

Learn basic chords, strumming, picking and the classical rest stroke. Slowly but surely develop the confidence and coordination to play along to a handful of oldies and classic rock songs. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

MUSC 350

**Guitar for Adults - Level 2**

If you have a little guitar experience already, this is the class for you! Designed for graduates of the level 1 class, and for anyone else who "knows a few chords. We will learn new chords, songs with strumming and picking, scales for soloing, and blues/rock songs with riffs. *(Fee-Based)*

MUSC 355

**Adult Guitar & Bass Workshop**

Students will learn music theory and concepts including notes on the guitar: major and minor keys, how to count and construct rhythm patterns that go together with each other and drums. Students will be able to play simple songs together by the end of classes. *(Fee-Based)*

MUSC 360

**Adult Guitar - Intermediate**

If you have a little guitar experience already, this is the class for you! Designed for graduates of the beginning class, and for anyone else who 'knows a few chords.' We will learn new chords, songs with strumming and picking, scales for soloing, and blues/rock songs with riffs. *(Fee-Based)*

MUSC 365

**Beginning Vocal for Adults**

Learn to develop your singing with an introduction to vocal technique. You will learn the tools necessary for every singer to help with diction, breath control and correct posture as well as shaping tone quality. Group singing as well as individual solos will be used. *(Fee-Based)*

MUSC 370

**Guitar Workshop for Adults**

Learn guitar in a friendly group environment. If you are a beginner, or already know how to play some things, this is the class for you! Learn to play the chords, strumming and picking techniques of your favorite classic songs. Bring your guitar and a medium or heavy pick to class. *(Fee-Based)*

MUSC 375

**Masterworks Chorale**

The Masterworks Chorale (80-110 singers) presents four major concerts each year with emphasis on masterworks for choir and orchestra. The Chorale participates in regional music festivals, performs at numerous locations throughout the Los Angeles basin, and tours internationally. Open to students and members of the community with prior singing experience. *(Fee-Based)*

MUSC 378

**Community Symphony**

The Community Symphony is dedicated to the rehearsal and performance of standard and contemporary symphonic literature. There will be concert performances. *(Fee-Based)*

**Office Technology (OTEC)**

OTEC 100

**Office Essentials**

course that prepares students for an entry-level position in an office. Includes units on the office environment, becoming a professional, work ethics, and several elements of customer service. *(Apportionment)*

OTEC 105

**Microsoft Outlook Fundamentals**

This course introduces students to Microsoft Outlook. Students will learn how to organize and manage emails, schedule appointments, create and manage task and contact records, and customize Outlook. *(Apportionment)*

OTEC 210

**Computer Concepts and Applications I**

This is the first course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part I introduces students to fundamental workforce skills in computers and information processing; hardware; system software; networks, security, and privacy; troubleshooting and maintenance; and application software. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. *(Apportionment)*

OTEC 211

**Computer Concepts and Applications II**

*Prerequisite: OTEC 210 Computer Concepts and Applications I and COMP 685 Beginning Keyboarding or Pass the Keyboarding Challenge Exam at a rate of 35 net words a minute with five or fewer errors per minute on a 5-minute timed writing.* This is the second course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part II introduces students to fundamental workforce skills in the internet, digital ethics and awareness, cloud computing, Windows, Microsoft Word, and Microsoft Excel. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. *(Apportionment)*

OTEC 225

**MS Office Integrated Projects**

*Prerequisite: OTEC 211 Computer Concepts and Applications II, and OTEC 212 Computer Concepts and Applications III.* This course is designed to apply knowledge and skills gained from Computer Concepts and Applications II. and III to the business environment by giving students the opportunity to work in real world simulations. This is the capstone course for those students completing the Administrative Professional certificate program. *(Apportionment)*

**Parenting (PARN)**

PARN 101

**Joyful Parenting - Creative Art/Music**

Ages 1.5-2.5

Parent and child will enjoy self-esteem building activities together; songs and music; easel and finger painting; band and blocks; school readiness; crafts and Playdoh. Includes activity ideas to do at home. *(Please bring a snack).* *(Apportionment)*

PARN 102

**Effective Parenting**

Designed to lend support and provide some realistic parenting techniques that can be used in the parent's day-to-day life. *(Apportionment)*

PARN 104A

**Kindergym - Toddler Fitness**

Ages 1-4.5

Parents and children enjoy exercise, movement and music together. Emphasis on developing large motor skills, coordination and self-esteem. Class provides an opportunity for parents to observe and interact with child. All activities introduced can be done by parents with child at home. *(Apportionment)*

PARN 108

**You, Your Child and Music**

Learn how to use simple musical games and activities to aid your infant/toddler in motor, cognitive and social development. *(Apportionment)*

PARN 147

**Babies Love Music**

Ages 4-14 months

Music listening and music activities provide an excellent foundation for your baby's cognitive and social development. Mix together: One part thunder on a large gathering drum. Add small hand drums. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm... good! Enrollment limited to 14. *(Fee-Based)*

PARN 148

**Kids Love Music**

Ages 1-2

Music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm...good... Enrollment limited to 14. *(Fee-Based)*

PARN 149

**Kids Love Music**

Ages 2-4

Music listening and music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm...good... Enrollment limited to 14 *(Fee-Based)*

PARN 150

**Kids Love Music**

Ages 1-4

Music listening and music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm...good Instructor: Gary Greeno Registered Music Therapist. Enrollment limited to 14. *(Fee-Based)*

PARN 151

**Kids Love Music**

Ages 5-7

Ever Play an African Slit Drum? A xylophone? Boomwhackers? Ever Sing "Chicken Lips and Lizard Hips" or Grandma's Feather Bed"? This and more musical fun awaits those who join Music Therapist Gary Greeno in this fun filled musical journey. Enrollment limited to 14. *(Fee-Based)*

PARN 170

**Parenting Adult/Children with Disabilities**

A class designed to provide support and resources to parents who have an adult child with a disability. Guest speakers will be invited to present information to help parents be knowledgeable of what their community offers in regards to independence. For additional information, please contact 714.484.7057. *(Apportionment)*

PARN 200

**Joyful Parenting: Art, Music & Movement**

Ages 2.5-5

Parents are introduced to the latest information about child development and parenting skills, through lecture, discussion, observation and hands-on learning with other students. Age appropriate activities are offered to the children so that parents can learn the importance of developmental stages that prepare children for preschool and/or kindergarten. For all classes, please bring a lunch. *(Apportionment)*

PARN 220

**Helping Your Struggling Child**

So many children today are struggling in school, acting out at home, having social problems, and/or experiencing mood changes. Parents are often frustrated, confused, and unsure of what to do. This course will assist parents in understanding children's issues, and recognizing symptoms of common disorders such as ADHD, learning disabilities, anxiety, depression, and autism. In addition, the course will focus on how to determine whether a significant problem exists, and how to obtain an accurate diagnosis. *(Fee-Based)*

PARN 225

**Homework Tips Workshop (How to Really Help Your Child)**

Help improve your child's chances of success in school by learning the key issues and strategies you need to know about helping your child with homework. Parents will complete a Checklist for Helping Your Child with Homework to help you develop a plan for guiding and monitoring your child's homework as well as communicating with your child's teacher. *(Fee-Based)*

PARN 230

**Parenting Tips & Tricks Interactive Workshop**

Do you want to encourage cooperation and respectful behavior in your children? This course covers specific techniques that will help your family to listen and cooperate with you on: chores, homework, problem solving & using reward systems. Cooperative communication is the key to making your home a more peaceful place! *(Fee-Based)*

PARN 232

**The Parent Project**

The Parent Project is a 35 year-old evidence based program for parents of at-risk children to help them regain control of their families. It is one of a few parenting programs in the United States that is endorsed by juvenile court judges, the American Bar Association, probation officers, mental health practitioners, religious personnel and social service professionals. The project provides counsel to parents who want to bring their out-of-control children back into behavioral compliance. *(Fee-Based)*

PARN 235

**Raising Caring Kids**

This workshop will review and present practical tips and implementation strategies for parenting today's children. The focus will be on developing caring behaviors through everyday scenarios. Topics will include caring about family, friends, difficult situations and showing appreciation. Parents will be guided on steps to teach their children how to become kids that care. *(Fee-Based)*

PARN 240

**Navigating Resources for Adults with Disabilities**

A class designed to provide support and resources to parents who have an adult child with a disability. Topics include: Overview of the service delivery system, eligibility for regional center and service agencies, adult transition, role of service coordinators, obtaining services, college, employment, independent and adult living options. *(Fee-Based)*

PARN 245

**Runaway Teens in Orange County**

The purpose of this seminar is to provide information and resources for parents of at-risk and/or delinquent children, and for parents of highly defiant and strong-willed children, *(Fee-Based)*

PARN 250

**Pre-schoolers and Parents: Fine Motor Skills**

This course exposes children to various hands-on activities in which fine motor skills will be developed and strengthened. Fine motor skills activities help prevent small muscles from fatiguing easily. This course will help prepare children for activities in pre-school and kindergarten. *(Fee-Based)*

PARN 260

**Developmental Movement**

*(Ages 1 - 2)*

Parents and children are introduced to developmental movement and music for one and two year-olds. Emphasis is on identifying milestone-appropriate large motor skills, coordinated body movements and introductory behaviors associated with demonstrations of self-esteem for this age range. *(Apportionment)*

PARN 261

**Developmental Movement**

*(Ages 2 - 3)*

Parents and children are introduced to developmental movement and music for two and three year-olds. Emphasis is on tracking developing milestone-appropriate large motor skills, coordinated body movements and milestone psychological behaviors associated with demonstrations of self-esteem for this age range. *(Apportionment)*

PARN 262

**Developmental Movement**

*(Ages 3 - 4.5)*

Parents and children are introduced to developmental movement, and music for three to four and a half year-olds. Emphasis is on continued tracking of milestone-appropriate large motor skills, coordinated body movements and psychological behaviors associated with demonstrations of self-esteem for this age range. *(Apportionment)*

PARN 265

**Parenting with Love and Logic**

This course assists parents and caregivers in developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing The Love and Logic approach, this course will teach six subsets of skills that encourage home environments that stimulate responsibility, prevent misbehavior, and encourage setting healthy limits. *(Apportionment)*

PARN 267

**Love & Logic Early Childhood; Parenting Made Fun!®**

This course assists parents and caregivers in developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing The Love and Logic Early Childhood approach, this course will teach five subsets of skills that encourage home environments that stimulate responsibility, prevent misbehavior, and encourage setting healthy limits. *(Apportionment)*

**Photography (FOTO)**

FOTO 101

**Basic Photography: The Mechanics of Digital Photography**

Strengthen your photographic skills. Become familiar with current equipment for digital cameras. Instruction includes composition, digital formats, lenses, f-stops and shutter speeds, electronic flash, and night photography. Discussion will include how Photoshop software impacts photography. Dave Rosenberger has taught photography for over 30 years. He has worked for Canon USA in both technical and sales capacities. He teaches photography with the North Orange County College District. *(Fee-Based)*

FOTO 101

**Basic Photography: The Mechanics of Digital Photography**

Strengthen your photographic skills. Become familiar with current equipment for digital cameras. Instruction includes composition, digital formats, lenses, f-stops and shutter speeds, electronic flash, and night photography. Discussion will include how Photoshop software impacts photography. Dave Rosenberger has taught photography for over 30 years. He has worked for Canon USA in both technical and sales capacities. He teaches photography with the North Orange County College District. *(Fee-Based)*

FOTO 102

**Photography, Intermediate**

Sharpen your photographic skills. Become familiar with current day equipment and express your creative talents. Covers portrait photography, special effects, night-time digital photography. Field trip with instruction included. *(Fee-Based)*

FOTO 105

**Photography Fundamentals**

Improve your knowledge of how the camera thinks and put those tools to work. Learn the difference between F/stops and shutter speeds. Review file sizes and learn the different formats of the digital cameras. Settings, lenses, electronic flash, and computer software as tools also covered. Designed for students who just purchased or own a digital SLR camera. May bring camera to class. *(Fee-Based)*

FOTO 110

**Photography: Beyond the Basics**

Do you know the basics of photography, but want to take your skill a step forward? Learn about studio lighting and Green Screen photography. Build digital scrapbooks to display your work. Create your own business and greeting cards. Sharpen your skills with Photoshop and HDR programs. Photodex workshop and field trip included. *(Fee-Based)*

**Pharmacy Technician (PTEC)**

PTEC 100

**Pharmacy Technician, Introduction**

Course orients students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician. *(Apportionment)*

PTEC 105

**Pharmacy Operations Lab**

*Prerequisite:* PTEC 100 Pharmacy Technician, Introduction and COMP 685 Beginning Keyboarding or Keyboarding Challenge Exam with a pass rate of 30 net words a minute. This course is an introduction to the operations of a pharmacy and provides students with a working knowledge of its structural, functional, business and inter-relational aspects within the health care system. The course also covers the basics of compounding, medication distribution and inventory control. (Apportionment)

PTEC 110

**Pharmaceutical Mathematics**

*Prerequisite:* PTEC 100 Pharmacy Technician, Introduction. Includes a review of basic mathematics focusing on its application to common pharmaceutical calculations; terminology, abbreviations and units needed to perform pharmaceutical calculations; and how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge. (Apportionment)

PTEC 115

**Pharmacology I**

*Prerequisite:* MEDO 105 Medical Terminology. Students will learn the principles of pharmacology. Students will review classifications of medicines, trade and generic names, side effects and drug interactions related to the neurological, visual, auditory, integumentary, and musculoskeletal body systems. Over-the-counter drugs including antihistamines, anti-inflammatory, analgesics, vitamins and natural substances will be covered. (Apportionment)

PTEC 120

**Pharmacology II**

*Prerequisite:* MEDO 105 Medical Terminology. Students will learn the principles of pharmacology. Students will review classifications of medicines, trade and generic names, side effects and drug interactions related to the cardiovascular, blood, respiratory, urinary, digestive, endocrine and reproductive body systems. Anti-infectives, vaccines, oncology agents, as well as fluid and electrolytes are covered. (Apportionment)

PTEC 200

**Pharmacy Technician, Lab for the In-Patient**

*Prerequisite:* PTEC 105 Pharmacy Operations Lab and PTEC 110 Pharmaceutical Mathematics and PTEC 115 Pharmacology I, and PTEC 120 Pharmacology II, and Pharmacy Technician, Lab for the In-Patient. Course covers the preparation of medications given by intravenous, epidural and subcutaneous routes of administration. The student will learn aseptic techniques, pharmacy IV calculations, drug compatibilities and stabilities, IV therapy management, and specialized equipment. The laboratory incorporates use of laminar and vertical flow hoods and computerized software for IV preparation. (Apportionment)

PTEC 205

**Pharmacy Technician, Lab for the Out-Patient**

*Prerequisite:* MEDO 105 Medical Terminology and PTEC 105 Pharmacy Operations Lab and PTEC 115 Pharmacology I and PTEC 120 Pharmacology II. This course is designed to provide pharmacy technician students with practical experience in a simulated out-patient pharmacy setting. It includes hands-on experience working with a computerized pharmacy management system in the retail setting, third party billing and telephone etiquette. (Apportionment)

**Safety (SAFE)**

SAFE 205

**Mature Driver Improvement**

Improvement classes for licensed drivers age 55 and older who wish to qualify for a reduced insurance premium; and brush up on traffic laws and safety techniques for a driver's license exam. A Certificate of Completion will be awarded as evidence of attendance to obtain up to three years of reduced insurance rates from participating insurance companies. (Apportionment)

**Sign Language (SIGN)**

SIGN 001

**Sign Language - SEE Level 1**

This course gives an overview of the Signing Exact English (SEE) model of sign language. Students will explore the philosophy and rationale of the sign system while developing both expressive and receptive delivery skills. It is designed to introduce students to a 700 word working vocabulary and to prepare them to continue on to Sign Language - SEE Level 2/3. (Fee-Based)

SIGN 002

**Sign Language - SEE Level 2/3**

Students will acquire approximately 1,000 additional signs and will improve expressive and receptive fluency with both signs and fingerspelling. Students will continue to address the rationale and philosophy of using the English sign model: Signing Exact English. (Fee-Based)

SIGN 010

**Educational Interpreting Practicum**

This course allows students to build educational interpreting skills for service to the elementary, middle, and high school settings. (Fee-Based)

SIGN 020

**Sign Language for Parents**

This is a beginning level Signed English sign language course for parents of elementary school-aged Deaf and Hard of Hearing children. (Fee-Based)

# Organizational Structure

The North Orange County Community College District (NOCCCD) is governed by elected trustees who establish all policies that guide the general operation of the District. Student trustees, representing each of the colleges, also sit on the Board.

The NOCCCD Chancellor has the responsibility for carrying out the decisions and directions of the Board. The college presidents and provost of continuing education oversee the operations of their respective areas and work closely with the chancellor in the management of the District.

### Board of Trustees

- Ryan Bent
- Stephen T. Blount
- Jeffrey P. Brown
- Ed Lopez, JD
- Molly McClanahan
- Barbara Dunsheath, Ed.D.
- Jacqueline Rodarte

### Student Trustees

- Vacant, Cypress College
- Andrew Washington, Fullerton College

### Chancellor

- Cheryl Marshall, Ed.D.

### Provost, North Orange Continuing Education

- Valentina Purtell

## North Orange Continuing Education Administration

### Valentina Purtell

- Provost
- M.A. Applied Linguistics, Riven State Humanitarian University

### Karen Bautista

- Dean, Instruction and Student Services
- Cypress Center
- B.A. Foreign Languages, Pomona College
- M.A. T.E.S.O.L. (Teaching English to Speakers of Other Languages), Azusa Pacific University
- Ed.D. Leadership and Instructional Technology, University of Phoenix

### Martha Gutierrez

- Dean, Instruction and Student Services
- Anaheim Campus
- B.A. Public Relations and Spanish, University of Southern California
- M.S. Counseling, CSU Los Angeles

### Tina King

- Interim Dean, Instruction and Student Services
- Wilshire Center

- B.A. Liberal Arts and Sciences; Emphasis Pan African Studies, California State University, Northridge
- M.A. Elementary Education and Teaching, University of Southern California
- Ed.D. Doctor of Education, Educational Leadership, Specialization in Community College Teaching Credential, Multiple Subject Program, Elementary Education and Teaching

~~~~~

### Margie Abab

- Director, Basic Skills, High School Diploma (HSDP) and GED/HiSet Programs
- B.S. Political Science, UC Irvine
- M.S. Political Science, CSU Long Beach

### Dennis Davino

- Director, Lifeskills Education Advancement Program (LEAP)
- B.A. Psychology, CSU Fullerton
- M.A. Counseling Psychology, Pacifica Graduate Institute
- Licensed Marriage and Family Therapist

### Katalin Gyurindak

- Interim Director, English as a Second Language (ESL)
- B.A. Linguistics, CSU Fullerton
- M.A. Linguistics, CSU Fullerton
- M.S. Instructional Technology, CSU Fullerton

### Raine Hambly

- Director, Career Technical Education Program (CTE)
- B.S. Public Administration, University of La Verne
- MBA Master Business Administration, University of La Verne

### Adam Gottdank

- Director, Disability Support Services (DSS)
- B.A. Psychology/Minor in Business Administration, CSU Fullerton
- M.A. Psychology with emphasis in Counseling, Pepperdine University
- Ph.D. Education (Special Education, Disability and Risk) with a minor in Sociology, CSU Santa Barbara

## Faculty

The full-time faculty members teaching for NOCE are as follows:

### Julie Brown

- Professor, Disability Support Services
- B.A. Psychology, CSU Dominguez Hills
- M.A. Psychology, San Diego State University
- MLIS (Masters in Library and Information Service), San Jose State University

### Janet Cagley

- Professor, High School Diploma Program
- B.S. Communications, University of Tennessee Martin
- M.Ed. Cross-Cultural Teaching, National University

### Jennifer Carey

- Assistant Professor, High School Diploma Program
- B.A. English, University of San Diego
- M.A. English, San Diego State University

### Kristina De La Cerda

- Counselor, Disability Support Services
- B.A. Psychology, Chapman University
- M.A. Psychology, Chapman University

**Carlos Diaz**

Associate Professor, English as a Second Language  
B.A. Spanish, CSU San Bernardino  
M.A. TESOL, CSU San Bernardino  
Ed.D. Higher Education, Argosy University

**Cathy Dunne**

Professor, Pharmacy Technician Program  
B.A. Communications with minor in Business Administration,  
CSU Fullerton  
MBA Business Administration/Accounting, CSU Fullerton

**Gary Jimenez**

Counselor, Student Success and Support Program  
B.A. Social Work, California Polytechnic State University  
M.S. Counseling, CSU Los Angeles

**Yvette Krebs**

Counselor, Student Success and Support Program  
B.S. Rehabilitation Services, CSU Los Angeles  
Minor in Sociology, CSU Los Angeles  
M.A. Education, UC Los Angeles  
PPS Credential in School Counseling, National University

**Zaida (Patti) Lujan**

Counselor, Student Success and Support Program  
B.S. Human Services, CSU Fullerton  
M.A. Education (Counseling), CSU Dominguez Hills

**Thanh (Megan) Ly**

Counselor, Student Success and Support Program  
B.S. Industrial Psychology, CSU Hayward  
M.S. Counseling, CSU Long Beach

**Candace Lynch**

Professor, English as a Second Language  
B.A. English, CSU Fullerton  
M.S. Education (TESOL), CSU Fullerton

**Cathleen Mang**

Professor, English as a Second Language  
B.A. Political Science, Tulane University  
M.A. South East Asian Studies, Ohio University  
M.F.A. Drama/Theatre, University of Hawaii Manoa

**Tina McClurkin**

Professor, Business Education  
B.A. Liberal Studies, CSU Stanislaus  
M.A. Human Resources Management, National University

**Maricela Moran**

Counselor, Student Success and Support Program  
B.S. Child Development, CSU Fullerton  
M.S. Social Work, University of Southern California  
M.S. Educational Counseling, National University

**Rosie Navarro**

Counselor, Disability Support Services  
B.S. Human Services, CSU Fullerton  
M.S. Clinical Psychology, Vanguard University

**Khanh Ninh**

Counselor, Student Success and Support Program  
B.A. Political Science, UC Irvine  
M.S. Social Welfare, UC Berkeley  
M.P.H. Public Health, UC Berkeley

**Alice Niyondagara**

Professor, English as a Second Language  
B.A. English, University of Burundi

M.A. ESL (TESOL) State University of New York  
at Stony Brook

D.L.T Language TESOL, State University of New York  
at Stony Brook

**Jennifer Oo**

Associate Professor, Career Technical Education Program  
LVN Vocational Nursing, Stanbridge University  
B.S. Biological Sciences, CSU Fullerton

**Eileen Phillips**

Professor, Basic Skills/Learning Center  
B.S. Horticulture, California Polytechnic State University,  
Pomona  
M.S. Education (Reading), CSU Fullerton

**Megan Reeves**

Assistant Professor, Disability Support Services  
B.A. Liberal Studies, CSU Fullerton  
M.S. Special Education, Ball State University

**Giana Jade Rivera-Tweedie**

Counselor, Student Success and Support Program  
B.A. Sociology, University of Puerto Rico  
M.S. School Counseling, University of La Verne

**Erin Sherard**

Assistant Professor, Adult Education Program/Supporting Adults  
for Student Success  
B.S. Child and Adolescent Studies, CSU Fullerton  
M.S. Academic Counseling, National University  
PPS Pupil Personnel Services Credential, National University

**Casey Sousa**

Counselor, Disability Support Services  
B.A. Communication Studies, Azusa Pacific University  
M.S. Counseling, CSU Fullerton

**Daniel Stackhouse**

Professor, High School Diploma Program  
B.A. History, CSU Fullerton  
M.A. History, CSU Fullerton  
Ph.D. History, Claremont Graduate University

**Alli Stanojkovic**

Assistant Professor, Disability Support Services  
B.A. Psychology, UC Santa Cruz  
M.S. Clinical Psychology, Pepperdine

**Kimberley Stiemke**

Assistant Professor, Basic Skills/Math Co-Lab  
B.S. Middle Grades Education, with a concentration in  
Mathematics and Language Arts, Clark Atlanta University  
M.S. Teaching, Clark Atlanta University  
Ed.D. Education Leadership, UC San Diego

**Matthew Stivers**

Professor, High School Diploma Program  
B.A. Social Science, Biola University  
M.A. Education, Biola University

**Matt Van Gelder**

Assistant Professor, Disability Support Services  
B.A. Radio/TV/Film, with an emphasis in Film, CSU Northridge  
M.S. Assistive Technology in Human Service, CSU Northridge

**Shelby White**

Assistant Professor, Emeritus  
B.S. Kinesiology, California State University, Los Angeles  
M.S.G. Gerontology, University of La Verne

## Notice to Students

North Orange Continuing Education has made every reasonable effort to determine that everything stated in this catalog is accurate. This publication is prepared in advance of the time period it covers; therefore, changes in courses and programs offered, together with other matters contained herein, are subject to change without notice by the administration of the North Orange Continuing Education. For the most up-to-date information, please see the class schedule at [www.noce.edu/schedule](http://www.noce.edu/schedule)

In addition, some courses or programs that are offered may have to be cancelled because of insufficient enrollment, elimination or reduction in programs, or for any other reason considered sufficient by the Provost. The information contained in this catalog is advisory only and does not constitute a contractual agreement by the school or guarantee that course content will be strictly followed or fulfilled.

## Acknowledgments

The North Orange Continuing Education would like to thank Miranda Bates, Vinh Dang, Rebecca Guillen, Carolina Hernandez, Luis Madrid, Shelia Moore-Farmer, Jennifer Perez, Monica Revelo-Torres for their hard work and dedication the development of this catalog.
