

COMPUTER INFORMATION SYSTEMS ASSOCIATE IN SCIENCE DEGREE

Division: Business and Computer Information Systems

Requirements

PROGRAM CODE: 1S03767

The **Computer Information Systems Associate in Science Degree** prepares the student for a career in the area of computer information systems. The program is designed to develop a working knowledge of what is required to be successful in business computer information systems.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the social justice, equity and sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires 25 units in the major.
