WEB DESIGN CERTIFICATE

Division: Business and Computer Information Systems

PROGRAM CODE: 2C37106A

The **Web Design Certificate** is designed to prepare students for employment in web development and web programming. Students will learn the skills to plan, create, and implement websites for a wide variety of businesses and organizations. Emphasis will be placed on modern technologies, responsive design, and usability. Students are prepared for entry-level jobs such as a Web designer, web content specialist or a WordPress developer. A minimum grade of C is required in each course taken. This certificate requires 18 units.
