

STANDARD DEFINITIONS

Definition of Hours/Credits

NOCE coursework is measured in terms of instructional hours. Non-credit offerings are stand-alone courses or instructional programs that may not require extensive assessment or examinations and do not offer academic credit.

NOCE Adult High School Diploma Program Hours/Credits

A noncredit course awarding 10 high school credits is designed to require a minimum of 144 hours of lecture, study, or laboratory work.

Definition of a Prerequisite

When a course has a **prerequisite**, it means that a student must have certain knowledge to be successful in the course. The prior knowledge may be a skill, ability (i.e. speaks and writes Spanish fluently), a test score, or successful completion of a prior course (i.e. must complete MEDO 105 Medical Terminology with a grade of "P"). Completion of the prerequisite or a current enrollment in the prerequisite is required prior to enrolling in the course. Successful completion of a prerequisite course means that a grade of Pass was earned; NP, W, or NG grades are not acceptable.

Definition of a Corequisite

When a course includes a **corequisite**, it signifies that a student must take *at the same time* as another course concurrently with the required course. In some situations, the corequisite course can be taken before the necessary course. In order to register for a course with a corequisite, make sure you register for both at the same time.

Definition of Advisory

When a course has an **advisory**, it means that a student is recommended to have certain preparation before entering the course. The preparation is advantageous to a student's success in the course but is not required. Since the preparation is recommended, the student is advised, but not required, to meet the condition before or in conjunction with enrollment in the course or educational program.

What is the difference of a prerequisite and a corequisite?

- **Prerequisite:** a course or a test that must be successfully completed prior to registering for the listed course.
- **Co-requisite** is a course that must be taken at the same time as another course.

Definition of a Career Development and College Preparation (CDCP) Course
