Course Prefixes .......... 168

Cypress College Administration and Organizational Structure .. 168

Degrees and Certificates .......... 170

ACCOUNTING .......... 171

Accounting Associate in Science Degree ......................... 172
Accounting Certificate ........................................ 173

ADMINISTRATION OF JUSTICE ........ 173

Administration of Justice Associate in Science Degree for Transfer (AS-T) ......................... 174
Administration of Justice Certificate .............................. 175
Law, Public Policy and Society Associate in Arts Degree for Transfer (AA-T) ......................... 175

AIR CONDITIONING AND REFRIGERATION .......... 176

Air Conditioning and Refrigeration Associate in Science Degree ......................... 179
Air Conditioning and Refrigeration Certificate ........................ 179
Air Conditioning and Refrigeration Project Management Certificate ........................................ 180
Air Conditioning Codes and Estimating Certificate ........................... 180
Air Conditioning Customer Service Certificate ......................... 180
Commercial Air Conditioning Certificate ............................. 181
Commercial Refrigeration Certificate .............................. 181
Heat Pump Certificate ........................................ 181
CHEMISTRY .......................................................... 227
  Chemistry Associate in Science Degree for Transfer (AS-T) .......................... 229
CHINESE .......................................................... 229
COMMUNICATION STUDIES .................................. 230
  Communication Certificate ...................................... 232
  Communication Studies Associate in Arts Degree for Transfer (AA-T) ............ 232
COMPUTER INFORMATION SYSTEMS ......................... 233
  Associate in Science Degree Computer Programming .... 239
  Associate in Science Degree Law Office Administration ......................... 239
  Business Information Worker Certificate ............................................. 240
  Cisco Networking Certificate ............................................. 240
  Computer and Office Applications Certificate ................................. 240
  Computer Forensics Certificate ........................................... 241
  Computer Information Systems Associate in Science Degree ............... 241
  Computer Programming Certificate ........................................ 241
  Cyber Defense Associate in Science Degree .................................... 241
  Cyber Defense Certificate ................................................................ 242
  Cybersecurity Certificate ...................................................... 243
  Data Analytics Certificate ...................................................... 243
  Data Management Certificate ................................................. 243
  DevSecOps (Development, Security, and Operations) Certificate ............... 243
  Mobile Application Development Certificate ..................................... 244
  System Administration and Technical Support Certificate .................... 244
  Virtualization and Cloud Computing Certificate ................................ 244
COMPUTER SCIENCE ................................................ 245

President's Message

Welcome to Cypress College!

Whether you are a new or returning student, or even coming back to college after an extended absence, we are delighted you have chosen to take your educational journey with us; we encourage your full participation in all the college has to offer. Although the pandemic has changed the way we offer services on our campus – which will continue this year in person as well as virtually for your convenience --, all the things you need, including policies, and resources are always available to you whether on campus or in a virtual format. This student catalog was developed with you, and your needs, in mind.

Cypress College is proud to be a Guided Pathways college. This means it is our goal and responsibility to provide you with the tools you need to identify and acquire the knowledge and skills to move ahead in your education, to advance to a better job, or to support your journey of lifelong learning. We want to make navigating college and the classes you will need to accomplish your goals, a clear and simple process. Please access our Program Mapper, located on each academic webpage, to guide you in the possible majors and areas of interest, and to provide an outline of the courses you should be taking each semester in order to achieve your degree or certificate.

Cypress College has a vibrant community of faculty, counselors, and staff members committed to your success, and we all believe that the most important part of the college is supporting you in your academic journey. We hope you will take the opportunity to participate in student government, in our performing arts productions, in student clubs, on our athletic fields and in our club and academic communities. We also encourage you to rediscover our fabulous campus and facilities. We have two new buildings
since the campus closed in March 2020 – the new Veterans Resources Center and Science Engineering and Math Buildings which are both open and ready to serve your needs – as well as the newly remodeled Student Activity Center and the new Puente and Legacy Program spaces in the Humanities Building. Students, come discover Cypress College and find out why we were named the #1 Community College in California in 2018 and again in 2020.

As I write this, we are all re-discovering a new way of life after a global and life-altering pandemic, which has changed all of us in new and challenging ways. But although this crisis may have changed the way we deliver our services to you, it has not diminished the vast array of support services that we can offer you such as counseling, tutoring, library, mental health and wellness services, and special program support. I encourage you to reach out with questions, concerns, and let us help. Whether you come on campus or reach out in a virtual environment, we are here to ensure you have the guidance and assistance you need to be successful.

We hope you take the opportunity as a Cypress College student to participate in the many activities that will support your education. If you have questions that are not addressed by the information contained in this catalog, please use our college staff as a resource. Our motto is "No Wrong Door", which means that every door you knock upon – whether virtual or in person – will be opened by a person committed to providing you with the guidance and support you need. We are interested in you and your success so please do not hesitate to contact any college representative, program, or department listed in the directory if the need arises.

Buen Cypress, Chargers! We Take This Journey Together!

About Cypress College
Mission Statement
Cypress College transforms lives through lifelong learning with educational opportunities including transfer to four-year institutions, associate degrees, certificates, and a baccalaureate degree. We are dedicated to forging academic and career pathways to support the achievement of our students, enhancing their economic mobility, fostering equity, and enriching society.

Vision Statement
We strive to be a premier, innovative, and equitable learning community recognized for supporting students and enriching society.

Excellence in Education
Cypress College emphasizes education for the individual student. Excellence of instruction and individualized learning laboratories enhance the possibility for students to achieve their highest potential. In addition, a staff of tutors and full-time counselors provides instructional support and extensive guidance information to aid students in their choice of programs and classes. For the student who plans to complete a Baccalaureate degree, the college provides a smooth transition from high school to colleges and universities.

Numerous occupational programs are available for the student who desires preparation for immediate employment. Each occupational program is planned with the aid of a local advisory committee to insure relevance to changing career opportunities in each area of employment.

The College is composed of twelve major instructional buildings located on a 110-acre site. The campus buildings contain conventional classrooms as well as laboratory facilities for science, art, computer technology, photography, automotive services, dental clinic, mortuary science, physical education and other specialized programs. The college's Educational Services provide opportunities for students with disabilities to be fully integrated into various college programs.

In addition to these instructional facilities, the campus is provided support services by a bookstore, and food service centers. There are nine parking lots with an aggregate of 4,000 parking spaces designed to service students and staff, with an appropriate number of spaces reserved for individuals with disabilities.

Cypress College serves the educational needs of its entire community by providing a variety of occupational programs, transfer programs, and special interest classes. The College offers something for everyone, regardless of the student's individual background or educational goals. Since opening in 1966, Cypress' population has grown from an original enrollment of 1,200 to a student population of almost 15,000.

Core Values
Equity - Eliminating barriers to educational success and career goals by ensuring fairness and access to resources and support.

Excellence - Pursuing the highest quality in learning and teaching, supporting students, enhancing the college environment, and implementing sustainable practices.

Integrity - Upholding an ethical standard of honesty, accountability and trust.

Collegiality - Promoting teamwork, collaboration, communication, courtesy and respect both on campus and with the surrounding community.

Inclusiveness - Fostering a community that embraces diversity, individuality, accessibility, a supportive climate, and encourages a variety of perspectives and opinions.
Strategic Plan Directions

**Direction 1:** The District will annually improve the rates of completion for degrees, certificates, diplomas, transfers, transfer-readiness requirements, and courses.

**Direction 2:** The District will annually make progress toward eliminating the documented achievement gap among race/ethnicity groups.

**Direction 3:** The District will annually improve the success rate for students moving into:

- The highest level possible credit basic skills courses in mathematics, English, and English as a Second Language from noncredit basic skills instruction in the same discipline
- College-level courses in mathematics, English, and English as a Second Language from credit or noncredit basic skills instruction in these disciplines and
- The next higher course in the sequence of credit or noncredit basic skills courses in mathematics, English, and English as a Second Language

**Direction 4:** The District will implement best practices related to planning, including transparent decision-making processes, support of strategic and comprehensive planning activities at campus and district levels, and the allocation of resources to fund planning priorities.

**Direction 5:** The District will develop and sustain collaborative projects and partnerships with the community’s educational institutions, civic organizations, and businesses.

Cypress College Institutional Learning Outcomes

Approved by Academic Senate on April 8, 2021 and by the President’s Advisory Council on April 22, 2021.

Cypress College takes great pride in supporting our students’ success through Institutional Student Learning Outcomes (ISLOs) and area-specific Program Student Learning Outcomes (PSLOs). Whether a student, faculty, or staff member in an instructional or support services area, our collective purpose is to help students achieve the following four learning outcomes:

**A. Breadth of Knowledge, Competencies, and Skills:** The ability to demonstrate breadth of knowledge, competencies, and skills in their program of study. Specifically,

- **A.1. Areas of Study:** Humanities and the Arts; Science, Technology, Engineering, and Mathematics; Social Sciences; Kinesiology and Athletics; Business and Computer Information Systems; Career Technical Education; Health Sciences; Arts, Sciences, and Kinesiology Career Technical Education

**B. Communication Skills:** The ability to demonstrate communication skills through reading, writing, communicating, and presenting ideas. Specifically,

- **B.1. Reading:** Comprehend, interpret, and evaluate written information
- **B.2. Writing:** Communicate thoughts, ideas, information, and messages in appropriate writing

**C. Critical Thinking, Problem Solving, and Information Competency Skills:** The ability to demonstrate critical thinking, problem solving, and information competency skills to analyze information, compute numerical concepts, research effectively, problem-solve, and use technology. Specifically,

- **C.1. Analysis:** Apply rules and principles to new situations; use logic to draw conclusions, differentiation of facts, inferences, assumptions, and conclusions
- **C.2. Computation:** Use basic numerical concepts, tables, graphs, charts, and geometric shapes
- **C.3. Research:** Effectively and ethically acquire information and data through print and electronic technology, and then organize, analyze, evaluate, synthesize, and communicate research findings
- **C.4. Problem Solving:** Define a problem, create a plan of action, execute a resolution, and evaluate the effectiveness of the resolution
- **C.5. Technology:** Utilize current and emerging technology effectively, and ethically

**D. Personal, Academic, and Professional Development:** The ability to demonstrate personal, academic, and professional development with self-awareness, goals, and values that reflect personal responsibility, global citizenship, and equity. Specifically,

- **D.1. Personal Responsibility:** Develop self-awareness skills, and identify values and goals for personal, academic, career, professional growth, health and fitness, and lifelong learning
- **D.2. Global Citizenship:** Understand the interconnection between current events and civic responsibility, and the influence of ethical, environmental, political, and personal choices within our world
- **D.3. Equity:** Recognize and address issues of diversity, equity, and inclusion in societal policies and personal relations, and advocate for anti-racism practices to promote social justice

Academic Freedom

(This represents Board Policy AP4030, adopted 2/12/08)

The Association of American Colleges and the American Association of University Professors have long recognized that membership in the academic profession carries with it special responsibilities. The protections provided under this section are correlative with certain duties. Academic freedom must be balanced with the obligation of the District to protect the right of students to learn in an environment characterized by civility, open inquiry, and rigorous attention to the search for the truth, free of unlawful discrimination.)
It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause some students discomfort. The District affirms the use of a variety of teaching methodologies to fulfill its obligation to raise difficult and meaningful questions in the educational development of students in curricular and co-curricular settings. Faculty members are entitled to freely discuss issues germane to their subject matter as measured by professional standards set by the community of scholars. This freedom involves the right to introduce controversial topics, as long as the manner of presentation involves objective reasoning and rational discussion.

There shall be no curtailment of faculty presentation of factual or theoretical material relating to all points of view.

Faculty are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline. However, when doing so, they should apply the best standards of their professions and make every effort to indicate they are not speaking for the institution.

The District will consult with discipline faculty chosen by the Academic/ Faculty Senate with respect to contemporary practices and professional standards for course content and delivery when evaluating issues of academic freedom.

**Academic Honesty**

Students are expected to abide by ethical standards in preparing and presenting material which demonstrates their level of knowledge and which is used to determine grades. Such standards are founded on basic concepts of integrity and honesty. These include, but are not limited to the following areas:

1. **Students shall not plagiarize**, which is defined as stealing or passing off as one’s own ideas or words of another and as using a creative production without crediting the source. The following cases are examples of what constitutes plagiarism:
   - paraphrasing published material without acknowledging the source.
   - making significant use of an idea or a particular arrangement of ideas, e.g., outlines.
   - writing a paper after consulting with persons who provide suitable ideas and incorporating these ideas into the paper without acknowledging the debt.
   - submitting under one’s own name, term papers or other reports which have been prepared by others.

2. Students shall not cheat, which is defined as using notes, aids, or the help of other students on tests or exams in ways other than those expressly permitted by the instructor; and as misreporting or altering the data in laboratory or research projects involving the collection of data.

3. Students shall not submit an original paper or project to more than one class without approval from the second instructor. Instructors who do not accept previously submitted papers should so inform the students in the course syllabus.

4. Students shall not furnish materials or information in order to enable another student to plagiarize or cheat.

**Plagiarism Prevention and Detection:** In its commitment to academic honesty, Cypress College uses Turnitin.com (http://www.turnitin.com/) software to prevent and detect plagiarism. The instructor reserves the right to submit student assignments to Turnitin.com (http://www.turnitin.com/) to check for textural similarities between those assignments, Internet sources and the Turnitin.com (http://www.turnitin.com/) assignment database. Students will be required to electronically submit their written work for plagiarism checking. Assignments submitted to Turnitin.com (http://www.turnitin.com/) will become part of their database and will be used only for plagiarism prevention and detection. Students agree that by enrolling in a course, assignments may be subject to the above plagiarism prevention and detection processes.

An instructor who has evidence that an act of academic dishonesty has occurred, after speaking with the student, is obligated to take the following steps:

1. Assign an appropriate academic penalty such as an oral reprimand (as in cases where there is reasonable doubt that the student knew that the action violated the standards of honesty); or assign an "F" on all or part of a particular paper, project, or exam (for example, where there was proof that it was a one-time occurrence). In cases where an "F" was assigned, report the incident to all appropriate personnel. (See Step 3.)
2. In cases where the dishonesty was serious, premeditated, or part of an ongoing scheme, request an ad hoc review board made up of at least three faculty from the department or division of the instructor involved. This review board is to be appointed by the Academic Senate President or his/her delegate in consultation with the department coordinator, or if none is in place, with the members of the department. Supply to the review board the documents which are suspect and any other documents completed by the student which might help determine if academic dishonesty occurred. It would then be the responsibility of the review board to determine academic penalties as appropriate.
3. Report to the student involved, to the department coordinator, to the Division Dean, and to the Dean of Counseling and Student Development, the alleged incident of academic dishonesty, including relevant documentation, and recommendations for action that he or she deems appropriate.
4. The appropriate Division Dean shall maintain an academic dishonesty file of all cases of academic dishonesty with the appropriate documentation.
5. Students shall be informed when their names are inserted into the file and provided with copies of any appeals or disciplinary procedures in which they may become involved. The appropriate Division Dean may initiate disciplinary proceedings under Education Code, Article 3, Section 76030–76037; when two or more incidents involving the same student occur, he/she shall do so.
6. Students charged with violations resulting in disciplinary action have the right to appeal the findings to the Petitions Committee under the Rules and Procedures of Due Process.

**Academic Honors**

**Honors At Entrance**

High school graduates entering Cypress College as first time college students may qualify for Honors at Entrance by having earned a 3.5 GPA in high school with physical education grades excluded. The official high school transcript must be on file in the Admissions and Records Office. This achievement will be indicated on the college transcript. Application for Honors at Entrance should be made in the Admissions and Records Office during the student’s first semester of attendance.
Semester Honors

Dean's List
Those students who officially complete (as shown on their transcript) twelve or more units in letter grade courses in a semester and earn a grade point average between 3.0 and 3.74 are placed on the Dean's List for the semester.

President's List
Those students who officially complete (as shown on their transcript) twelve or more units in letter grade courses in a semester and earn a grade point average of 3.75 or above are placed on the President's List for the semester.

Honors At Graduation
In recognition of academic excellence for completion of the associate degree, students are awarded graduation honors as follows:

<table>
<thead>
<tr>
<th>Honors</th>
<th>3.30-3.74</th>
</tr>
</thead>
<tbody>
<tr>
<td>High Honors</td>
<td>3.75-4.00</td>
</tr>
</tbody>
</table>

Graduation honors are calculated using all degree applicable work completed. This includes course work completed at Fullerton College and all other accredited institutions for which an official transcript has been received.

Graduation honors will be indicated in the commencement program and on the student's diploma and transcript. However, for candidates (those students with final grades pending), the commencement program will note "candidate" as their degrees and honors have not yet been confirmed. When final grades are posted, a recalculation of grades will be completed and, if the student qualifies, the graduation honor will be noted on the diploma and transcript.

Academic Renewal Policy
Under certain circumstances students may elect to have previously completed courses that resulted in substandard grades disregarded in the computation of their grade point average (GPA). To reduce the negative impact of past academic failure, Cypress College supports Academic Renewal defined in accordance with Section 55046, Title 5, California Code of Regulations. Courses used in awarding an associate degree, certificate renewal defined in accordance with Section 55046, Title 5, California Code of Regulations. Courses used in awarding an associate degree, certificate, or any other accredited college or university with a grade point average of 2.5 in all units since the last substandard grade to be disregarded.

- A student may be granted Academic Renewal only once and it is irreversible once posted to the transcript. The substandard grade(s) alleviated will be subtracted from the grade point average; however, they will remain legible on the transcript and annotated to indicate Academic Renewal.
- Academic Renewal by Cypress College does not guarantee that other institutions outside the District will approve such action. This determination will be made by the respective transfer institution.

ACADEMIC RENEWAL PETITION
Students must file an Academic Renewal petition with the Admissions and Records Office. The form is available on the college website and in the Admissions and Records Office. If other college coursework will be used to qualify for Academic Renewal, current and official transcripts from all of the accredited colleges must accompany the petition or be on file in the Admissions and Records Office at the time the petition is submitted.

Advanced Placement Credit
Please refer to External Exam Credit (p. 20) Area of this catalog. For information on general education credit earned for various exams see a counselor for clarification and additional information.

Attendance
Regular attendance is expected of every student. Attendance at the first class meeting is especially important since a full period of instruction begins the first day of the class. Any student not attending the first class meeting may be dropped by the instructor. Waitlisted students should also attend the first class meeting in the event the student is offered an available seat.

In the case where a class is taught entirely online, instructors may drop students who have not been in contact with the instructor by the end of the first day of classes for that semester or short-term session.

Absences
Absences are handled as follows:

- After a student accumulates in any class more than a week's absences (more than the number of times the class meets per week), a student who is consistently absent from class may be dropped by the instructor according to the drop deadline dates.
- Absences in a Distance Education course are accounted for by monitoring academic attendance or attendance at an academically-related activity. A student will be considered to be “present” in a course if there is evidence of weekly participation in an academically-related activity including, but not limited to, physically attending in-person sessions of a hybrid course, submitting an academic assignment, taking an exam, substantively participating in a course online discussion, study group, or other synchronous or asynchronous activity, or by initiating contact with the instructor in matters related to the course. It is the responsibility of the instructor to define grounds for dismissal in the Distance Education course syllabus.
- A student will be considered “absent” if there is no evidence of participation in an academically-related activity for the course for more than one week or if the student accumulates a consecutive or non-consecutive lack of academically-related activities of more than a week that is more than the number of times the class meets per week. For example, in a three-unit online class that would typically meet on campus three hours a week, one week’s worth of missed academically-related assignment(s) or activity(ies) could be grounds for dismissal. A student who has not submitted assignments or
participated in an academically-related activity for one week may be dropped from the course.

- A student who must miss one or more classes because of a field trip or other authorized activity, such as athletics or music groups, will be issued an Authorized Absence Excuse (available in each division office) by the instructor under whose supervision the activity will occur. The student shall have this excuse signed by the instructors of the classes that will be missed before the absence occurs. It is recommended that these transactions be carried out at least two days before the activity. The signed excuse must be presented to the instructor in charge of the activity, who shall in turn file it with the Admissions and Records Office upon the conclusion of the activity.
- No absence excuses a student from making up class work missed. Students should realize that undue absences may adversely affect their grades.
- In the event a student is absent for a prolonged period of time it is expected that contact will be made with the respective instructors immediately to advise the instructor of this absence and the reasons for it. The instructor may then decide whether or not the student may continue in the class or if it’s in the student’s best interest to withdraw. It should be noted that failure to make this contact and follow through with the decisions made at this time could result in the student receiving a grade of “F” or “NP” in the class.

**Student Responsibility**

While an instructor may drop a student who has poor attendance, it is the student’s responsibility to officially drop the class through myGateway. Failure to officially withdraw within the published deadlines may result in the assignment of a substandard grade. Refer to the Class Schedule for further instructions on “How to Add/Drop a Class.”

**Auditing**

Auditing is available for currently enrolled students who have successfully completed a class for credit the maximum times allowed at Cypress College. Enrolled students who wish to audit a class must file an audit petition which is available at the Admissions and Records Office.

The petition must be submitted during the second week of the class. Upon consultation with the instructor and the dean of the division involved, the Admissions and Records Office will review the petition for approval or denial. Once the request has been approved, students will not be permitted to change from an audit to a credit status. Auditing a class does not result in a grade posted to the student’s transcript. For required fees and additional information, contact the Admissions and Records Office.

**Catalog Rights**

Cypress College issues a new catalog each year. The information published in the catalog is in effect for the academic year beginning with the Fall semester and concluding with the Summer session.

The courses required for a specific degree or certificate, or general education may change from one catalog to the next and, therefore, may change during the period of time that a student attends the college. Catalog rights, established when a student first takes classes at the college, protect the student from being held for additional requirements that may be added to a later catalog.

For the purposes of meeting graduation or certificate requirements, students may elect to meet the requirement of either

1. The catalog that was in effect at the time they began taking courses at Cypress College, or
2. Any catalog that is or has been in effect during the time that they have maintained continuous enrollment before graduation, or
3. The catalog that is in effect at the time they file an application for a degree or certificate.

Students maintain catalog rights by maintaining continuous enrollment at Cypress College — that is, by receiving a grade of “A,” “B,” “C,” “D,” “F,” “CR,” “P,” “NC,” “NP,” “RD,” “W,” or “I” on their transcripts for at least one course per academic year. Documented military or medical leave or attendance at another regionally accredited institution of higher learning will not be considered an interruption of enrollment. This policy supersedes all previous catalog rights provisions and applies only to programs at Cypress College.

The academic year is considered Fall and Spring and does not include the Summer term for continuous enrollment purposes.

**Challenging Prerequisites, Corequisites, or Other Limitations on Enrollment**

**Grounds for Challenge**

Where a student is denied enrollment in a program or course on the grounds that the student does not meet a prerequisite or corequisite, or on the basis of other limitations on enrollment, the student may challenge such prerequisite, corequisite or limitation on one or more of the following grounds:

1. The prerequisite, corequisite or other limitation on enrollment has not been established in accordance with the district’s process for establishing prerequisites, corequisites, and other limitations on enrollment.
2. The prerequisite, corequisite or other limitation on enrollment is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
3. The basis upon which the district has established an enrollment limitation does not in fact exist.
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.
5. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available by the college.

**Burden of Proof**

The student shall bear the burden of proof in demonstrating that grounds exist for the challenge.

1. In the case of a challenge under Grounds for Challenge number 4, the student shall provide evidence of knowledge and/or skills, by virtue of placement/assessment testing, academic course work, independent learning, experience, or a combination of these which are at least equivalent to the knowledge and/or skills the student would have possessed had he or she successfully completed the prerequisite or corequisite.
2. In the case of a challenge under Grounds for Challenge number 5, the student shall provide evidence that the student has declared a broad educational intent or specific educational goal and has developed a Student Educational Plan in conformity with the provisions of Section 55530(d) of Subchapter 6 of Chapter 6 of Division 6 of Title 5 of the - California Code of Regulations.

**Challenge Procedure**

**Filing of Challenge:**

1. A challenge with respect to any prerequisite, corequisite or limitation on enrollment initiated pursuant to this policy shall be made upon the appropriate challenge form, which may be obtained from the Student Success and Support Program Office or the Office of Instruction.

2. The completed challenge form must be filed with the Office of Instruction in accordance with the following deadlines:
   a. for the Fall term, not earlier than Friday of the fifteenth week of the Spring semester and not later than the first day of instruction for the Fall semester;
   b. for the Spring term, not earlier than Friday of the twelfth week of the Fall semester and not later than the first day of instruction for the Spring semester;
   c. for the Summer intersession, not earlier than the first Monday in May and not later than the first day of final examinations for the Spring semester.

3. In the case of a challenge under Grounds for Challenge number 4, the completed challenge form must be accompanied by appropriate evidence of skill or accomplishment such as placement/assessment results, transcripts from an accredited institution or appropriate foreign institution, work-related experience, or other evidence of relevant experience. To warrant consideration, any such evidence shall be of a clear and reliable nature.

**Class Cancellations**

Cypress College reserves the right to cancel any class for which enrollment is not sufficient to warrant continuation, and to change the class hours and/or days as necessity demands.

**Class Transfers**

A student may change from one section to another of an identical course with the same or different instructors providing the instructors approve. The change may take place at the same or different level in the same subject area at any time during and up through the twelfth week for semester length classes, and by the last day to drop with a "W" for classes that meet less than the full length of the semester, provided both instructors approve. The class must be of like duration and within the same date range.

Students should consult the Admissions and Records Office for information on the required class transfer process and deadlines for classes that meet less than the full length of the semester.

**Classification of Students**

Students are classified as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Units Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>
<td>Enrolled in twelve or more units</td>
</tr>
<tr>
<td>Part-time</td>
<td>Enrolled in fewer than twelve units</td>
</tr>
</tbody>
</table>

**Financial Aid**

- **Full-Time**
  - 3/4 time: Nine units per semester
  - 1/2 time: Six units per semester
- **Work Study**
  - Twelve units per semester required.

The faculty recognizes it is necessary for many students to work while attending college. However, it is expected that students demonstrate good judgment when enrolling under these conditions. Students must make allowance for their employment and other outside obligations in planning their college programs.

In order to maintain a proper academic balance, students should consider the following:

- Students should normally expect to spend at least three hours (one in class and two outside of class) per week for each unit taken.
- Employment and college time together should not exceed sixty hours weekly.
- Students should distribute study time appropriately for each class. Often preparation for a lecture class differs from preparation for a laboratory class.
- Students should take advantage of instructor office hours to consult with faculty as often as necessary.

**CLEP Examination Credit**

Please refer to External Exam Credit (p. 20) Area of this catalog. For information on general education credit earned for various exams see a counselor for clarification and additional information.

**Computing Resources Acceptable Use Policy**

**PURPOSE:** The purpose of this document is to explain the terms of use for instructional computing resources available to students of Cypress College. All computing resources are intended to support the research and educational mission of Cypress College; their use is a privilege and a responsibility. The use of computing resources is subject to all applicable local, state and federal laws, the general guidelines outlined in this document, and any specific guidelines in effect at individual campus computing centers.
DEFINITION: As used in this document, computing resources include (but are not limited to): personal computers, laptops, mobile devices (tablets), Local Area Network (LAN), Wide Area Network (WAN), wireless system, printers and related peripheral devices, software applications such as Microsoft Office Suite, Library Systems Catalogs/Databases, all Internet resources and services and all other computer related technology and resources made available on campus.

CAMPUS COMPUTING CENTERS: Individual computing centers maintain their own specific policies regarding the use of their resources. Users of individual computing centers are to follow these policies. Computing centers are authorized to enforce both the campus Acceptable Use Policy and their own individual policies. Users who establish individual computer accounts for use of Internet email or other applications will be required to sign an agreement to abide by the policies of the computing center issuing those accounts.

ENFORCEMENT: The Acceptable Use Policy is intended to establish and declare the personal responsibility of every individual who uses any computing resource at Cypress College. By making this policy public and available to all users of computing resources on the campus, Cypress College and its designated representatives reserve the right to deny any or all computing privileges from any individual who refuses to follow the guidelines for responsible computing use. Cypress College also reserves the right to limit, restrict, or deny access to any and all computing resources as the individual situation may require.

GENERAL GUIDELINES: The following guidelines are to be followed by every individual who makes use of computing resources at Cypress College:

The use of computing resources and any resources accessed by them is for the instructional purposes of Cypress College. Individual computing centers reserve the right to restrict activities such as personal email or games when instructional needs require the computing resources.

No tampering with the computing resources. This includes but is not limited to: connecting or disconnecting computer equipment, unauthorized loading of software on a computer, or otherwise altering the set-up of any computer or network of computers in any way.

No illegal use of computing resources. This includes but is not limited to: loading virus programs onto or from any computer system, using the Internet or other telecommunications-based resources to transfer illegal materials or unauthorized versions of copyrighted material, using the Internet to harass, terrorize, blackmail, defraud, or otherwise abuse another person, or using any computing resource in such a manner that it constitutes the breaking of a District or campus policy, or a local, state or federal law.

No use of computing resources for financial or political gain. This includes but is not limited to: sending “chain letters” or other unauthorized and illegal correspondence, advertising, marketing or selling of products, and campaigning for any political cause or individual.

No violation of other individuals’ privacy or rights. This includes but is not limited to: accessing another person’s account or any data stored and used by that person, sharing another person’s private correspondence with others, destroying or modifying data that belongs to someone else, or sending offensive messages of any kind.

Observe all regulations and rules of the individual computing centers. This includes but is not limited to: observing hours of operation, maintaining a reasonable level of quiet in order for others to work, and following all that center’s policies regarding food and beverage use, time limits, printing and downloading, and any other terms of use.

Failure to follow these guidelines may result in disciplinary action on the part of Cypress College and any of its designated representatives (including individual computing centers). Such action may include: restriction or suspension of computing privileges at any or all individual campus computing centers, suspension of other campus privileges, including registration and enrollment, and notification of law enforcement officials.

Corrections to Student Information

Documentation to provide residency, correct date of birth, or social security number must be submitted to the Admissions and Records Office. Students must obtain a Personal Information Change form from the Admissions and Records Office to change their name on official college records.

Proof of a legal name change, such as a marriage license, court order, or naturalization papers, is required to complete the request. It is recommended that a new student ID card be obtained from Photo ID on the first floor of the Student Center. Mailing/email addresses and phone numbers can be updated on the Personal Information channel on the student tab of myGateway.

Preferred or Chosen Name

Beginning with the Spring 2021 semester, students may request to have their preferred or chosen name displayed on class rosters, student ID cards, and in Canvas. Students who wish to have their preferred or chosen name included in their student records may submit a Personal Information Change form to the Admissions and Records Office.

Course Double Counting

Students are permitted to double count courses to meet major and general education requirements for graduation. Students cannot double count units of credit. Further information can be obtained from the offices of Counseling and Admissions and Records.

Course Numbering

• Courses completed at Cypress College will transfer to other community colleges.
• Courses numbered 001 C–099 C are remedial, occupational and/or technical and designed in content and organization for students who do not intend to transfer for the Bachelor’s degree.
• Courses numbered from 100 C–299 C (including Honors courses) have been certified by Cypress College as being of baccalaureate level for the current school year and as such are transferable to any campus of the California State University system.

The transfer institution, however, will determine the extent to which a course satisfies the requirements of a particular degree program. Credit not otherwise applied shall be acceptable as general electives to the extent that the particular degree objective permits. Students who plan to transfer to any campus of the University of California or other university or college should check with a counselor for transferable courses since some universities do not accept all courses numbered 100 C–299 C.
Course Progression

Students are expected to take courses on an acceptable progressive basis. Generally students will not receive credit for classes which are considered lower in degree of advancement than those already taken.

Course Repeat Adjustment

In the case of a legally repeated course in which a student initially received a "D" or "F" grade at Cypress College, the original grade will be excluded from the grade point average upon request by the student. Exclusion of a substandard grade is not automatic if the course is repeated and a better grade is received. If the student opts to repeat the course a second time and requests its exclusion, the last grade received will be the only grade included in the student's grade point average. A remaining substandard grade for the same course will not be excluded from the student's grade point average except by an approved Academic Renewal. The exception to Academic Renewal is if the student has used the remaining substandard grade for the completion of an associate degree, certificate, transfer certification or Academic Renewal has already been granted and posted on the student's permanent record.

Course Repeat Adjustment (http://news.cypresscollege.edu/Documents/admissions-records/Course-Repeat-Adjustment-Request.pdf) cards are available online from the Admissions and Records Office and must be submitted by the student. If the request is approved, the student's Cypress College permanent record shall be annotated in such a manner that all work remains legible. However, Cypress College does not annotate or otherwise alter the permanent records of any other institution.

Course Repeat Adjustments

Effective 2013, most active participatory courses in Art, Dance, Theater, Music, and Kinesiology are no longer repeatable.

NOTE: Exceptions for active participatory courses still designated as repeatable are indicated in course descriptions of the college catalog and class schedules with the statement, "May be taken for credit ___ times."

In addition, active participatory courses that are related in content have been placed in distinct "families" and are limited to 4 course enrollments (withdrawals and substandard grades will be counted towards the 4 enrollment maximum). Courses that fall into the "family" limitation can be viewed under the academic department course section in this catalog of the community college the challenged course is offered. Credit by Examination may be taken only for a course listed in the catalog of the community college the challenged course is offered.

Credit by Examination

The basic purpose of Credit by Examination is to allow unit credit, for prior or advanced knowledge of class material. Credit by Examination is also considered "challenging a course." Students may request a challenge of subject matter in which they are especially qualified through previous training or experience. Examinations will be sufficiently comprehensive to determine if the student has essentially the same knowledge and skills as a student who successfully completes the course.

Credit by Examination is available under the regulations listed below:

1. Students must be currently enrolled at Cypress College in a course other than the course being challenged.
2. Students must contact the division office to obtain the courses that can be challenged.
3. Credit by Examination may be taken only for a course listed in the catalog of the community college the challenged course is offered.
4. Students should read the course description in the catalog to gain understanding of the class content.
5. Students can receive credit for a maximum of 15 semester units.
6. A previous enrollment or audit for a course, a grade (including a W) prevents a challenge.
7. Prior credit or advanced placement cannot have been previously received.
8. Credit by Examination is not intended to replace make-up examinations for college courses not completed or courses taken in high school.
9. Less advanced courses cannot be challenged if they are considered lower in degree than those already taken.
10. Students may challenge a course only once.
11. Students must pay appropriate enrollment and health fees prior to taking the examination. Fee waivers do not cover Credit by Examination fees.
12. Credit by Examination will not be posted to the transcript until all fees or holds have been resolved.
13. Credit by Examination is graded on a Pass/No Pass basis. If students choose to have passing results recorded on their permanent record, the Pass (P) grade and the unit value will appear with a notation indicating the credit was obtained by Credit by Examination.
Note: A Pass/No Pass option should be discussed with a counselor if a student is planning to transfer to a four-year institution. Many transfer institutions do not accept Credit (CR) or Pass (P) grades for major, minor and general education requirements.

14. Some of the courses challenged may be taken for a letter grade and will be posted to the student’s permanent record with a notation that the credit was obtained by Credit by Examination; however, it will not count towards the twelve residency units required by Cypress College to earn an associate degree.

To initiate a petition for Credit by Examination, students must confer with the instructor and Division Dean no later than the eighth week of the semester. Criteria for petition approval will be determined by the division. General guidelines will include evidence of previous learning experience and evidence to indicate probable success in the examination.

If it is determined that a student’s prospects for examination success are satisfactory, the student must obtain the signatures of the instructor and dean on the Credit by Examination petition. The student must submit the completed petition to the division dean no later than the end of the eighth week of the semester. The time and place of the examination, its content and the arrangement for its administration are determined by the division. The appropriate fees must be paid prior to the examination. The examination must be given before the end of the semester and students must contact the division for the examination results.

The following courses may be challenged by examination:

<table>

Credit for Prior Learning or Non-Collegiate Instruction

Cypress College grants up to 30 units of undergraduate degree credit for successful completion of non-collegiate instruction, either military or civilian, appropriate to the baccalaureate for learning, knowledge or skills-based experience, or that has been recommended by the Commission on Educational Credit and Credentials of the American Council on Education.

Students who have at least one year of active military service may be granted 4–12 units of undergraduate credit. Every effort should be made to assure that “military” credit is used to advance individuals toward degree completion.

Requests for Credit for Prior Learning will be evaluated individually. Students should see a counselor for further information regarding military credit.

Examinations

Class instruction includes frequent examinations throughout the semester so that students can judge their progress. The final examination is a requirement for each course and will be given on the last day of the class. All students must take these examinations at the scheduled time and place. Any exceptions to the above policy will be made only after consultation with the Division Dean.

External Exam Credit

Advanced Placement (AP), College Level Exam Program (CLEP), International Baccalaureate (IB)

A passing score on an AP exam, CLEP exam, or IB exam may allow a student to receive subject credit for various requirements. The college utilizes external exam scores for placing students in appropriate course work in some cases as well as waiving students from specified occupational degree and/or certificate major course work or college graduation requirements. Please see a counselor for more information. Information regarding which subjects can receive local external exam (AP, CLEP, IB) credit can be obtained from A&R and Counseling Offices.

NOTE: Students should not take classes for which they have earned external exam credit unless a specific university requires a higher score and/or their university major requires it. Duplicative credit will not be awarded by the college or transfer university. Students should talk to their counselor if they are uncertain whether or not their university major requires a course that they have already received AP, CLEP, or IB credit to determine if they have earned the appropriate score, or need to take the course. Students must file a petition in the Office of Admissions and Records (A&R) to have external exam credit reflected on the college transcript. It is strongly recommended that students discuss the applicability of external exam credit with a Cypress College counselor before submitting the Petition form to A&R.

The petition form may be obtained from the A&R Office or via link to downloadable forms on the college website:
https://www.cypresscollege.edu/admissions-records/admissions-records-forms/

In order for the external exam credit to be applied via petition, the official AP, CLEP, or IB scores must be on file in the A&R Office or submitted at the time of petition. Students must have the College Board send exam results to A&R (or hand carried copies are also accepted as long as they are in a sealed envelope).

External exam credit (AP, CLEP, IB) awarded for transfer admission and major requirements is determined by the receiving institution.

The UC policy for external exam credit as it applies toward a student’s major is located in the Quick Reference for Counselors guide, available for reference in Counseling Offices and the Transfer Center and is also online at http://admission.universityofcalifornia.edu/counselors/exam-credit/.

Individual CSU campuses’ admissions websites list the external exam credit for major-specific requirements. Click on the link for each campus at www.calstate.edu/search_find/campus.shtml?source=homepage (https://www.calstate.edu/search_find/campus.shtml/?source=homepage).

Students may earn credit for AP, CLEP or IB exams to satisfy IGETC (for CSU or UC transfer), CSU GE, and native A.A. general education (GE) Information on scores that are accepted for the different exams toward specific categories of these general education patterns and the number of units awarded for each category is listed in the following policy section. NOTE: Course credit and units granted by Cypress College for
general education may differ from course credit and units granted by a transfer institution toward a student's admission or transfer major program requirements. Students should visit each transfer institution's catalog for their external exam policy for admission or major.

**AP (Advanced Placement) Scores Applied to General Education**

A student earning a score of 3 or higher on an AP exam meets the following general education (GE) areas. The Cypress College transcript will show the AP exam credit applicable to the Native AA/AS GE as detailed below. Admissions and Records evaluators will adjust AP exam credit as applicable when a student applies for CSU GE Breadth (p. 489) or IGETC certification (p. 496).

*Note: *Students should not repeat classes for which they have earned AP credit unless a specific university requires it for their major. AP transfer credit awarded for admission and transfer major requirements is determined by the receiving university.

### College Level Examination Program (CLEP) Scores Applied to General Education

A student earning a score of 50 or above on a CLEP exam meets the following general education (GE) areas. The Cypress College transcript will show the CLEP exam credit applicable to the Native AA/AS GE as detailed below. Admissions and Records evaluators will adjust CLEP exam credit as applicable when a student applies for CSU GE Breadth or IGETC certification.

This CLEP policy information for CSU GE Breadth is available at: http://www.calstate.edu/AcadAff/codedMemos/AA-2015-19.pdf. **CLEP scores may not currently be used for IGETC.**

**Note:** *Students should not repeat classes for which they have earned CLEP credit unless a specific university requires it for their major. CLEP transfer credit awarded for admission and transfer major requirements is determined by the CSU.*

---

1. There is no equivalent AP exam for the Area 1B, Critical Thinking/Composition, requirement.
2. AP exams may be used in either area regardless of where the certifying CCC’s discipline is located.
3. AP exams in Biology, Chemistry, or Physics B earn 4 semester or 5 quarter units toward IGETC certification. For Environmental Science, Physics C: Mechanics and Physics C: Electricity/Magnetism, 3 semester or 4 quarter units are applied for IGETC certification.
4. If a student passes more than one AP exam in calculus or computer science, only one examination may be applied toward the baccalaureate degree.
5. If a student passes more than one AP exam in Physics, only 6 units of credit may be applied to the baccalaureate, and only 4 units of credit may be applied to a certification in GE Breadth.

</tbody>
</table>
Students must have the College Board send AP exam results to the Admissions Office (hand carried copies will not be accepted). Students may earn credit for Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU GE and A.A. general education (GE) and/or Cypress College major requirements as indicated in the chart above.

Course credit and units granted at Cypress College may differ from course credit and units granted by a transfer institution towards a student’s major/graduation requirements. Information about how External Exam Credit (AP, IB, and CLEP) can be used at individual transfer institutions can be found at individual university websites found here: https://ccctransfer.org/

The following resources were used in updating the chart above:
https://www2.calstate.edu/apply/transfer/pages/advanced-placement-ap.aspx

Cypress College (CC) Majors
Students should be aware that AP test credit is evaluated by corresponding it to an equivalent CC course. Example: ECON 100 C for Macro AP Exam. A student who receives AP credit and then takes the equivalent CC course will have the unit credit for such duplication deducted prior to being awarded the AA degree.

AA GE
The AP exams will be applied in the respective GE area as noted. GE AP credit may be different than AP credit applied toward a Cypress College associate degree or certificate program major.

CSU GE
The AP exams may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth requirements.

IGETC
AP exams must be used in the area indicated regardless of where the certifying institution’s discipline is located. Credit by AP exam is noted and listed first on a student’s transcript, with units and credit (CR) assigned. Example: AP History: World History 3.00 CR.

1. There is no equivalent AP exam for the Area 1B, Critical Thinking/Composition requirement.

2. AP exams may be used in either area regardless of where the certifying CCC’s discipline is located.

3. AP exams in Biology, Chemistry, or Physics B earn 4 semester or 5 quarter units towards IGETC certification. For Environmental Science, Physics C: Mechanics and Physics C: Electricity/Magnetism, 3 semester or 4 quarter units area applied for IGETC certification.

4. If a student passes more than one AP exam in calculus or computer science, only one examination may be applied toward the CSU baccalaureate degree.

5. If a student passes more than one AP exam in Physics, only 6 units of credit may be applied to the baccalaureate, and only 4 units of credit may be applied to a certification in GE Breadth.

6. *Refer to the CSU AP List if exam was taken before the removal date.

Course credit and units granted at Cypress College may differ from course credit and units granted by a transfer institution towards a student’s major/graduation requirements. Information about how External Exam Credit (AP, IB, CLEP) can be used at individual transfer institutions can be found at individual university websites found here: https://ccctransfer.org/

The following resource was used in updating the chart above:
https://www2.calstate.edu/apply/transfer/Pages/college-level-examination-program.aspx
A student earning a score of 5 or higher on an IB exam meets the following general education (GE) areas. The Cypress College transcript will show the IB exam credit applicable to the Native AA/AS GE as detailed below. Admissions and Records evaluators will adjust IB exam credit as applicable when a student applies for CSU GE Breadth or IGETC certification.

This IB policy information for IGETC is also available at: http://admission.universityofcalifornia.edu/counselors/files/ap-satisfy-admission-and-igetc-req.pdf.

This IB policy information for CSU GE Breadth is also available at: http://www.calstate.edu/AcadAff/codedmemos/AA-2015-02.pdf.

Note: *Students should not repeat classes for which they have earned IB credit unless a specific university requires it for their major. IB transfer credit awarded for admission and transfer major requirements is determined by the CSU and UC.

International Baccalaureate (IB) Scores Applied to General Education

A student earning a score of 5 or higher on an IB exam meets the following general education (GE) areas. The Cypress College transcript will show the IB exam credit applicable to the Native AA/AS GE as detailed below. Admissions and Records evaluators will adjust IB exam credit as applicable when a student applies for CSU GE Breadth or IGETC certification.

This IB policy information for IGETC is also available at: http://admission.universityofcalifornia.edu/counselors/files/ap-satisfy-admission-and-igetc-req.pdf.

This IB policy information for CSU GE Breadth is also available at: http://www.calstate.edu/AcadAff/codedmemos/AA-2015-02.pdf.

* A score of 4 earns credit for these CSU GE areas.
** The IB Curriculum offers language at various levels for the native and non-native speakers. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively and therefore, satisfy Humanities GE areas, not English Composition. Language B courses are offered at the intermediate level for non-natives. Policies may differ for CSU and UC systems as noted.

UC - Units Earned Toward Transfer (last column from above chart)
The University of California awards 8 qtr/5.3 sem units of credit for each of the International Baccalaureate Individual Certificate subject HL with a score of 5, 6, or 7. Additional HL IB exams may earn UC unit credit beyond those included in this list for IGETC credit. Please reference the UC counselors website for a complete list of IB exam unit credit for admission purposes:
http://admission.universityofcalifornia.edu/counselors/exam-credit/ib-credits/index.html

Course credit and units granted at Cypress College may differ from course credit and units granted by a transfer institution towards a student’s major/ graduation requirements. Information about how External Exam Credit (AP, IB, CLEP) can be used at individual transfer institutions can be found at individual university websites found here: https://ccctransfer.org/

The following resources were used in updating the chart above:
https://www2.calstate.edu/apply/transfer/pages/international-baccalaureate-ib.aspx

Guidance for Assigning Academic Credit for the Defense Language Proficiency Test (DLPT) Pass Scores
Utilizing the American Council on Education (ACE) recommendations as described below, three lower division semester hours for language shall equate to three semester units (or their quarter equivalent) in CSU GE Breadth Subarea C2. When assigning academic credit using the DLPT, campus articulation officers and credit transfer evaluators should refer to the ACE National Guide to College Credit for Workforce Training. This ACE online guide organizes foreign language test scores and credit recommendations by language, version of test and modality of language. The Guide then provides lower and upper division credit recommendations based on the DLPT test score in the following modalities: listening, reading, and oral. Campuses may continue to award additional GE and/or major course credit as they have done in the past.

The following documents may be accepted to award DLPT GE or course credit:

- Official Defense Language Institute Foreign Language (DLIFLC) Transcripts
- Official Joint Services Transcripts (JST)
- Defense Manpower Data Center (DMDC) DLPT Examinee Results
- DA Form 330 Language Proficiency Questionnaire

For more information, please see CSU ASA 2018-06 for more information:
http://www.calstate.edu/AcadAff/codedmemos/ASA-2018-06.pdf
History (any region) HL  3B or 4F  C2 or D6  D  
Language A Literature HL  3B and 6A  C2*  C2  
Language A Language and Literature HL  3B and 6A  C2*  C2  
Language A1 (any language) HL  3B  C2* (prior to F’13 only)  C2  
Language A2 (any language) HL  3B  C2* (prior to F’13 only)  C2  
Language B (any language) HL  6A  n/a  C2  
Mathematics HL  2A  B4*  B2  
Physics HL  5A (without lab)  B1  B1  
Psychology HL  4I  D9  D  
Theatre HL  3A  C1*  C1  

*  A score of 4 earns credit for these CSUGE areas. All other scores must be a 5.

The IB Curriculum offers language at various levels for the native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.

Grade Change

Any change in a grade given by an instructor shall be subject to California Education Code Section 76224 (a): When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.

Students requesting an appeal related to a grade received from an instructor should follow procedures detailed under Petitions and Appeals in this Catalog. Students have a two-year limit to request a grade change. To ensure that a request for a grade change is timely, students are encouraged to initiate their request for a grade change as soon as possible, and when possible, no later than the next regular semester following the award of the original grade. This policy supersedes all previous grade change provisions at Cypress College. Students should be aware that no grade change will be made after two years from the date of the assignment of the grade. When a grade given in error has been corrected, the incorrect grade is expunged from the student’s permanent record.

Grade Reports

Students can access grades using myGateway. Grades are generally available on myGateway approximately three weeks after the end of the term. It is recommended that a student ensure that all grades for the most recent term have posted to their permanent record before ordering a transcript.

Grading System

Grades and Grade Point Average

Grades are based upon the quality of work completed. The grade point average (GPA) is computed by dividing all GPA hours/units into quality points received. The meaning of each symbol and its value in quality points is as follows:

**GRADES**

- **A — Superior or Excellent** (4 grade points): Honor grade indicating excellence earned as a result of consistently superior examination scores, consistently accurate and prompt completion of assignments, ability to deal resourcefully with abstract ideas, superior mastery of pertinent skills, and promise of success in field relating to the subject.
- **B — Better than Average — Good** (3 grade points): Honor grade indicating competence earned as a result of high examination scores, accurate and prompt completion of assignments, ability to deal well with abstract ideas, commendable mastery of pertinent skills, and promise of continued success in sequential courses.
- **C — Average — Satisfactory** (2 grade points): Standard college grade indicating successful performance earned as a result of satisfactory examination scores, generally accurate and prompt completion of assignments, ability to deal with abstract ideas, average mastery of pertinent skills, and sufficient evidence of ability to warrant entering sequential courses.
- **D — Passing, Less than Satisfactory** — (1 grade point): Substandard grade indicating the meeting of minimum requirements only earned as a result of low examination scores, generally inaccurate, incomplete or late assignments, inadequate grasp of abstract ideas, barely acceptable mastery of pertinent skills, or insufficient evidence of ability to make enrollment in sequential courses advisable.
- **F — Failing** — (no grade points): Non-passing grade indicating failure to meet minimum requirements earned as a result of non-passing examination scores, inadequate grasp of abstract ideas, failure to cope with abstract ideas, inadequate mastery of pertinent skills or repeated absence from class.
- **I — Incomplete** — (no grade points, no units attempted, non-shy, evaluative): Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the term may result in an “I” symbol being entered in the student’s record. The condition for removal of the “I” shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the “I” and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Registrar until the “I” is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The “I” may be made up no later than one year following the end of the term in which it was assigned. Under unusual circumstances a student may petition for a time extension. An incomplete grade must be changed to a letter grade before it can be repeated.

**PASS/IN PROGRESS/NO PASS**

- **P — Pass** — (no grade points, no units attempted, but counts for units completed): Pass means that credit has been earned for the course although there are no grade points and the grade is not used in computing the grade point average, and will reflect performance equivalent to a C or better under the letter grade system.
IB (International Baccalaureate) Examination Credit

Please refer to External Exam Credit (p. 20) Area of this catalog. For information on general education credit earned for various exams see a counselor for clarification and additional information.

International Transcript Evaluations

Students who have attended colleges and universities outside of the United States and believe they have successfully completed courses applicable to the Associate Degree or Certificate requirements must have their transcripts evaluated by an approved international evaluation agency before credit can be determined. A list of approved agencies is available in the Counseling, Admissions and Records and International Student Offices. Students who desire credit for ENGL 100 C will need to have their transcripts evaluated, achieve a satisfactory score on the English Assessment test and meet with a counselor.

Lapse of Time

Students may repeat a course where the student has received a satisfactory grade and there has been a “significant lapse of time” since completion of the class. Cypress College has defined a “significant lapse of time” as five (5) years.

Students must submit a Petition for Exception to the Admissions and Records Office to request such a course repeat. Petition forms are available at the Admissions and Records Office.

Non-Degree Credit Courses (Basic Skills)

These courses are intended to help students gain the skills they need to perform in “college level” courses. Therefore, Non-Degree Credit courses are not applicable toward the Associate Degree. However they do apply toward the following categories:

- Athletic Eligibility
- Social Security Benefits
- Work Study and Financial Aid
- Associated Student Body Office
- Full-Time Status

The following are Non-Degree Credit courses:

All other Cypress College courses are degree applicable.

Pass/No Pass Grading

The Pass/No Pass (P/NP) grading option was designed to encourage students to explore courses in areas where they feel they have an interest.
but no special competence. Some of these courses may be taken for a letter grade.

P/NP is not the same as auditing and students who plan to transfer to a four-year institution should not choose the Pass/No Pass grading option. Many transfer institutions will not accept Pass/No Pass graded courses to be applied toward major, minor and general education requirements. Check the catalog of the transfer institution and/or see a counselor for further information. The following policies govern Pass/No Pass grading at Cypress College:

P — Pass will reflect performance equivalent to a “C” or better under the letter grade system. Pass (P) grades will award units completed but will not be computed into the grade point average.

NP — No Pass will reflect performance not equivalent to a “C” or better under the letter grade system. No Pass (NP) grades will not be counted into the grade point average but will enter into calculations for progress probation and progress dismissal.

• Students that choose the grade option of Pass/No Pass may enroll in up to six units each semester, however, a maximum of twelve units of Pass/No Pass courses (excluding COUN 140 C and work experience) will be allowed at Cypress College.
• All units earned as Pass/No Pass shall be disregarded in determining a student’s grade point average at Cypress College.
• The units earned on a Pass/No Pass basis shall be counted toward the AA or AS 60-unit requirement.
• If a course is transferable with a letter grade, it may be also transferable with a credit grade subject to the limitations imposed by the transfer institution. See the catalog of the transfer institution and/or a counselor for further information.
• The option for Pass/No Pass is irreversible once the Pass/No Pass form is processed by the Admissions and Records Office.

A Request for Pass/No Pass form must be completed by the student and instructor. The student must submit the white copy of the form to the Admissions and Records Office by the fifth week of a semester length class and 30% of short term, open entry and Summer classes. If the form is not filed by the deadline, the instructor will be required to assign the student a term grade other than Pass/No Pass.

Petitions and Appeals

Petitions for Exception (http://news.cypresscollege.edu/Documents/admissions-records/Request-for-exception.pdf) and general appeals that relate to policies on admissions, readmission after academic dismissal, graduation, degree and certificate requirements, grades and credit, repetition of courses, academic renewal, withdrawals, etc., should be directed to the Admissions and Records Office. Guidelines and procedures will be made available.

1. ACADEMIC APPEALS: Inevitably, with as many interpersonal transactions as occur on a college campus, disagreements with instructors may occur. Should that be the case, a student may take the following procedures:

PROCEDURES

a. Discuss the matter with the appropriate staff member, preferably in private, and try to resolve the issue.

b. Consultation with your counselor may also be helpful. If the problem cannot be resolved at that level, the following due process procedures are available to the student.

c. Consultation with the Student Advocate at Associated Students may also be helpful. The Student Advocate is an elected member of the Student Government who can help the students to follow the procedures in presenting grievances.

d. Students in vocational programs may need to see the department coordinator/director. Programs that deal with patient/client safety and accrediting agencies have additional policies located in their program handbooks and regulations.

e. Students who have not been able to resolve classroom problems through an interview with their instructors and the department coordinator/director may consult with the division dean.

f. If the problem is not resolved to the student’s satisfaction the student may file an appeal with the Campus Petitions Committee. Petition forms are available from the division deans or from the Office of Instruction.

g. A student dissatisfied with the result of his/her appeal to the Campus Petitions Committee may appeal to the College President.

h. Student appeals from the College President may go to the District Chancellor.

i. Students dissatisfied with their appeal to the District Chancellor may make a final appeal to the District Board of Trustees.

2. ADMISSIONS AND RECORDS APPEALS: Appeals regarding College decisions or policies may be made through the Admissions and Records Office. Appeals include matters relating to admissions, a student’s records, application or registration deadlines, grades and credit, repetition of courses, academic renewal, tuition and withdrawals, and readmission after dismissal from the college.

PROCEDURES

b. Fill out the form giving all background information regarding the appeal and listing all specific extenuating circumstances. It is often helpful to obtain a supporting comment from a counselor or instructor and include that with the petition. If available, attach supporting documents.

c. Submit the petition to the Admissions and Records Office. Note that the petition has certain responsibilities in this process. If an appointment for a personal interview is necessary, the student will be notified.

da. A decision on the petition will be rendered by the Admissions and Records Office.

e. Students can contact the Admissions and Records Office to determine the petition results.

f. A copy of the petition and the written decision will be mailed to the student. The student shall execute the appropriate action as directed.

g. Appeals of Admissions and Records Office decisions may be made through the Vice President of Student Services.

Privacy Release

Pursuant to the Federal Family Educational Rights and Privacy Act (FERPA) of 1974, the North Orange County Community College District has established Board Policy 5040 (BP 5040) — Student Records Privacy, which covers the release of student records. The college may make public, without prior student consent, only certain directory information.
This information will consist of the student’s name, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous public or private school attended by the student, and any other information authorized in writing by the student.

Students who wish to have this directory information further restricted may do so on the online College Application for Admission or by making the request in the Admissions and Records Office.

No other student information will be disclosed without prior student consent except to college officials and employees of the District with legitimate educational interests unless pursuant to a court order or lawfully issued subpoena, or as otherwise authorized by applicable federal and state laws.

A copy of the District policy is available on the District website, www.nocccd.edu (http://www.nocccd.edu/).

Probation and Dismissal Policies

In accordance with state regulations, the following probation and dismissal policies have been established. The primary purpose is to ensure that a student is making satisfactory progress toward an educational objective and to alert the student and the student’s counselor to the possible need for additional counseling and/or special services.

Placement on Scholastic Probation

Academic Probation — A student who has attempted at least 12 semester units at the college shall be placed on academic probation if the student has earned a cumulative grade point average below 2.0 in all units taken at the college.

Progress Probation — A student who has enrolled in a total of at least 12 semester units at the college shall be placed on progress probation when the student receives grades of “W,” “I,” “NC,” or “NP” in 50% or more of all units for which the student has enrolled at the college.

The college will make a reasonable effort to notify students who are placed on scholastic probation at the end of each term. Students who are on probation shall be automatically considered conditional registrants, and their programs are subject to adjustment and/or restrictions.

Removal From Scholastic Probation

Academic Probation — A student shall be removed from academic probation when the student’s cumulative grade point average in all units completed at the college is 2.0 or higher.

Progress Probation — A student shall be removed from progress probation when the percentage of “W,” “I,” “NC” or “NP” units drops below 50% of all units for which the student has enrolled at the college.

Standards for Scholastic Dismissal

Academic Dismissal — A student who has been placed on academic probation shall be subject to dismissal if the student has earned a cumulative grade point average of less than 2.0 in all units attempted in each of two consecutive semesters, excluding summer session.

Progress Dismissal — A student who has been placed on progress probation shall be subject to dismissal if the cumulative percentage of units for which entries of “W,” “I,” “NC” or “NP” reaches or exceeds 50% for two consecutive semesters.

Summer sessions shall be excluded from the consecutive semester criteria.

The college will make a reasonable effort to notify a student who has been scholastically dismissed not later than the beginning of the Fall semester each year. Scholastic dismissal will be noted on the student’s academic transcript.

Readmission After Scholastic Dismissal

A dismissed student may be considered for readmission after filing a Dismissal Petition (http://news.cypresscollege.edu/Documents/admissions-records/Dismissal-Petition-for-Exception.pdf) in the Admissions and Records Office. After the petition is reviewed, the student will be notified by email of an approved or denied decision.

If readmitted:

• Students are considered conditional registrants and their programs are subject to adjustment and/or restrictions.

• Students readmitted after academic dismissal will remain on academic probation until they achieve a cumulative grade point average of 2.0 or higher.

• Students readmitted after progress dismissal will remain on progress probation until the cumulative percentage of “W,” “NC,” “I” and “NP” grades is less than 50% of all units attempted.

• Failure to maintain the required academic and/or probation criteria to remain enrolled may result in a subsequent dismissal.

Proficiency Examination

Reading

Graduation Reading Requirement

Proficiency in reading may be satisfied by one of the following:

1. Completion of a degree (AA/AS or higher) from a US regionally accredited college or university.

2. A Cypress College placement test score indicating proficiency has been met or passing the Cypress College reading proficiency test (CTEP 60 or Nelson-Deny 225) prior to Fall 2019.

3. A passing grade of C or better in ENGL 096 C or ENGL 102 C or a comparable course from a regionally accredited college or university.

4. A passing grade of C or better in any course in the Cypress College IGETC (1B); or Cypress College CSU GE (A3) Critical Thinking category or a comparable course from a regionally accredited college or university.

5. A passing grade of C or better in the Cypress College AA/AS degree General Education pattern Area A2 (Analytical Thinking) or a comparable course from a regionally accredited college or university.

See a counselor for details.

The Reading Proficiency Examination is administered by the Assessment Center. No units are given for passing this examination, nor is the 60-unit requirement to complete the Associate Degree lowered. The Reading Proficiency exam may be taken only once after completion of ENGL 100 C or equivalent.
Students should contact the Assessment Center for dates and times at (714) 484-7223.

Mathematics
A satisfactory score on the Mathematics Proficiency Examination waives the three-unit Mathematics General Education Requirement for the Associate Degree (Category B2). No units are given for passing the Mathematics Proficiency Examination, no units are posted to the student’s permanent record, nor is the total number of units required to complete the Associate Degree reduced.

Refer to the Mathematics section in the Class Schedule. The Mathematics Proficiency Examination is given only once a semester (usually the sixth week) and can only be taken once (pass or fail). Both a MATH 020 C and a MATH 040 C Proficiency Exam will be administered.

Students are advised to check with a counselor to see which test they need in order to meet the graduation requirement based on the year of their catalog rights.

Remedial Limitation
The State of California has implemented a regulation limiting the number of units students can earn for remedial/pre-collegiate basic skills courses to 30 semester units. In accordance with those guidelines, the North Orange County Community College District has established the following policy (AB 1725 Chapter 973, Statutes of 1988).

Pre-Collegiate Basic Skills Courses
Pre-Collegiate/basic skills courses are defined as those two or more levels below college-level English and one or more levels below intermediate algebra. The North Orange County Community College District has designated certain courses as remedial/pre-collegiate basic skills courses. These courses include reading, writing, computation, learning skills, and study skills designed to ensure acquisition of those skills necessary for successful completion of associate degree, transfer and occupational courses.

Informing Students
Students shall be informed of the Policy for Remedial Limitation. Courses included will carry an appropriate designation in the Class Schedule and the Policy will appear in the College Catalog. Students enrolling in these courses will be informed of the limit during the matriculation/orientation process and instructors will be required to include this information in the course syllabus. These courses do count toward financial aid, work-study and athletic eligibility.

Procedures During Registration
A non-exempt student who has completed 20 units in designated remedial/ pre-collegiate basic skills courses shall be notified of the regulation limiting the number of remedial units. Information on the waiver and referral process will also be included.

Exemptions
All remedial courses taken by students enrolled in ESL (English as a Second Language) courses are exempted. Students identified by the District for learning disabled programs are also exempted. When, because of closed enrollment, students are unable to enroll in the next higher level ESL course, they do not lose their exemption status. Students with documented disabilities may petition the Admissions and Records Office for exemption status on a case by case basis.

Students transferring to the North Orange County Community College District from other colleges/universities will begin with a clean slate with regard to the remedial limitation. However, since remediation is totaled within a district, students transferring between Cypress and Fullerton College will carry their remedial units with them. Only those courses taken at a regionally accredited college/university, that are determined to be associate degree level courses or higher, will be applied toward an AA/AS degree within the district.

Notification
Upon completion of 30 units in designated basic skills courses, non-exempt students shall be notified that they will be unable to enroll in any additional remedial courses. Information on the waiver and referral process will also be included.

Waiver
Students who show significant, measurable progress toward the development of skills appropriate to enrollment in college-level courses may petition the Admissions and Records Office for a waiver of the limitation on remedial course work. Students will receive a response, in writing, indicating the granting/denial of the petition. If the petition is granted, students will be informed of the specific period of time or the specific courses approved beyond the 30-unit limit. Students will not be allowed to enroll in courses beyond the 30-unit limitation without a waiver, which will only be granted in extenuating circumstances for students who show significant, measurable progress. The 30-unit maximum enrollment limitation is based on end-of-term units earned with any grade.

Enrollment Limitation
Students who do not attain full eligibility status for college-level work within the 30-unit limit will not be permitted to enroll in remedial/pre-collegiate basic skills courses unless a waiver is granted. Students will be referred to adult education non-credit courses per State regulations. The Admissions and Records Office will explain to students their enrollment limitation status at the end of the semester.

Reinstatement
A student may, upon successful completion of appropriate remedial course work or upon demonstration of skills levels, which will reasonably assure success in college-level courses, petition to be reinstated to proceed with college-level course work. The petition is to be filed with the Admissions and Records Office.

Review and Release of Student Information
In accordance with Title V (California Code of Regulations) and the provisions of the Federal Family Educational Rights and Privacy Act (FERPA) of 1974, the North Orange County Community College District has established an official policy for student review of and release of student records and students are guaranteed the right to the privacy of their records. This policy allows for the student to review his or her records after contacting the Admissions and Records Office. The policy also describes when student records will be released to a third party and allows the release of student directory information unless the student
Student Final Grade Challenge Procedures

CIRCUMSTANCE FOR CHALLENGING A GRADE
A student has a right to challenge a final grade in a course only to the extent allowable under Education Code Section 76224(a). To do so, a student must demonstrate that the instructor issued the grade under one of the following conditions:

- **Mistake**: an unintentional act, omission or error by the instructor or the college.
- **Fraud**: a deception deliberately practiced in order to secure unfair or unlawful gain.
- **Bad Faith**: an intent to deceive or to act in a manner contrary to law and/or a grade assigned because of a student's protected characteristics contrary to Education Code and Title 5, California Code of Regulations. If, pursuant to the discrimination and harassment complaint procedure it is determined that a grade was the result of discrimination or harassment, the grade may be changed as a remedy for the discrimination or harassment.
- **Incompetence**: a lack of ability, legal qualification, or fitness to discharge a required duty on the part of the instructor.

Section I - Informal Resolution
The first step in challenging a grade occurs between the student and the faculty member. Any student who believes that they have been wrongfully assigned a grade shall make a reasonable effort to resolve the matter directly with the faculty member who assigned the grade. The student shall initiate communication with the faculty member to attempt to resolve the matter no later than 10 instructional days into the semester following the semester for which the grade was assigned, not including summer session or intersessions. This process shall begin and proceed when the faculty member is on contract.

Section II - Formal Resolution
If the student is unable to resolve the matter to their satisfaction with the faculty member, the student has the right to proceed with a formal grade challenge.

MEETING WITH INSTRUCTIONAL DEAN
1. The first step of the formal grade challenge is a meeting with the instructional dean that oversees the department from which the grade was issued. If the student has communicated with the faculty in a timely manner as noted in the informal resolution procedures, the dean will meet with the student regarding the grade challenge. The initial student meeting with the dean shall occur within 15 instructional days following the student's initial attempt to informally resolve the matter with the faculty member. The dean will listen to the student complaint and explain the formal grade challenge process to the student, including expectations for adequate documentation. At the conclusion of the meeting between the student and the dean, the dean will instruct the student to complete the Student Petition for Final Grade Challenge available on the Admission & Records webpage or as provided by the dean. The dean will also inform the student this process shall only proceed when the faculty member is on contract and does not include the summer session or intersessions.

2. The student and the dean will schedule a follow-up meeting for no less than 5 instructional days and no more than 15 instructional days. During the intervening time, the student will have the opportunity to assemble any documentation and evidence. The dean will contact the faculty member to assemble the syllabus and any other related documentation.

3. At the second meeting, the dean will review all provided documentation submitted by the student. Within 15 instructional days of the second meeting, the dean will issue a finding. The finding and decision of the dean will be in writing and cite the assembled documentation as needed.

4. If the student chooses to appeal the dean's grade challenge decision, the dean will then complete the section of the form that includes their finding before assembling a review panel.

Section III - Grade Review Panel – Final Appeal
1. The Vice President of Instruction or their designee will assemble a grade review panel with the following composition: the appropriate dean or designee, a representative appointed by the Associated Student Government and a faculty member, not a party to the challenge process, appointed by the Academic Senate.

2. When faculty are on-contract, the panel will meet within 15 work days following the receipt of the request for a grade challenge submission to select a chair and determine if, based on the documentation assembled from Section II(b) there is sufficient grounds for a hearing. When faculty is off-contract, this meeting will occur within 15 work days after the faculty are back on-contract.

3. Determination of whether or not a grade challenge submission presents sufficient evidence to warrant a hearing shall be based on whether:
   a. The student submission contains claims which, if true, would constitute a grievance of the grade under these procedures and;
   b. The submission was submitted by an individual who is a student or was a student at Cypress College for the term in which the grade was assigned;
   c. The submission is not, based on the allegations in the formal submission, frivolous, without foundation, or filed for the purposes of harassment.

4. If the review panel determines that the submission does not warrant a review panel hearing, the chair will notify the student in writing within 5 work days of the panel meeting and will include the reason for the rejection of a hearing.
5. If the panel determines that a hearing is warranted, the chair will schedule a hearing within 30 work days of the panel decision or as soon as is reasonable if faculty are off-contract. The review panel will hear from the student if they choose and from the faculty member if they choose and will consider the submitted documentation.
6. It is the student’s responsibility to produce a preponderance of evidence that supports their claim.
7. The review panel will issue their ruling on the appeal within 10 work days of the meeting.
8. The decision of the review panel will be in writing and will include the reason for the decision. The review panel's decision will be final and not subject to further appeal.

Study Load

Most full-time students take 12–14 units. Students must take a minimum of 12 units to be classified as full-time. The maximum load for any student is 19 units, exclusive of work experience and guidance classes. Exception to the 19-unit maximum may be available with counselor approval. It may be pertinent for students to consider the semester unit requirements under the Classification of Students for particular privileges and activities.

Transcripts

High School Transcripts

All matriculated students should have official transcripts sent to the Admissions and Records Office from their high school.

Other College Transcripts

Students with previous college units should have transcripts from all colleges attended sent to the Cypress College Admissions and Records Office. These transcripts can verify completion of prerequisite courses, eliminate the necessity of taking all or part of the placement tests, and can assist the academic counselors when working with the students. Official transcripts from other colleges are required for evaluation of an associate degree, certificate, and meeting general education requirements for transfer.

Cypress College Transcripts

The Admissions and Records Office prepares and permanently retains a record of each student’s academic work. The transcript reflects all academic work attempted at Cypress College and lists courses, units, grades, grade points, cumulative grade point average, total units, and other relevant academic data chronologically.

The average processing time for transcripts is within 3-5 business days. For faster service, students are encouraged to request transcripts online at https://bit.ly/3fevZJg. Acceptable forms of payment for online requests are Mastercard and Visa. Requests with incomplete information will not be processed. Additional processing time may be needed when the campus is closed. Students are entitled to the first two (2) copies of their transcripts without cost if ordered in person. Subsequent copies are $5 per copy. On-demand transcripts are only available in person and can be obtained for an additional $10. (NOTE: Fee is subject to change at any time.)

On-Demand transcript requests made in person must include full payment to be processed. Only checks or money orders are accepted and should be made payable to Cypress College. Transcript requests for students who have non-financial holds on their accounts may be delayed until the hold is resolved.

Cypress College provides students the ability to send transcripts electronically and by mail to other colleges and universities via Credentials, Inc. Students should visit https://bit.ly/3fevZJg to access the online transcript order form.

In accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974 and the provisions established in Board Policy 5040 of the North Orange County Community College District, student records may not be released to a third party without prior written authorization by the student.

Students must submit an Authorization to Release (https://bit.ly/33Avi7V) Education Records form and a copy of their photo ID to the Admissions and Records Office before the release of a transcript to a third party.

Withdrawal

It is recognized that, on occasion, students’ circumstances might force them to withdraw from a class prior to its completion. It is the student's responsibility to initiate withdrawal procedures. Failure to officially withdraw from a class can result in a grade of "F" or "NP" being assigned.

Effective May 2009, many of the processes for course withdrawal related to course repetition have changed for California Community Colleges. In order to comply with the recent revisions of Title 5, students are advised to see an academic counselor prior to withdrawing from a course.

For the purpose of this policy, a "W" indicates that the student has withdrawn from a course without affecting the student's grade point average. A "W" is given, therefore, under the following conditions and in the manner prescribed below:

Semester Courses

First Two Weeks of the Semester

A student or instructor may initiate a withdrawal. No notation shall be made on the student's academic record.

Third Week through Twelfth Week

The student or instructor may initiate a withdrawal. A "W" shall be recorded on the student's academic record.

Remainder of Course

The student may no longer withdraw from college after the twelfth week. The academic record of the student shall reflect a symbol or grade other than "W." Under extenuating circumstances, a "W" may be granted after the twelfth week if the student files a Petition for Exception that is approved by the Admissions and Records Office.

Short Term Courses

Until the Day Prior to the First Census

The student or instructor may initiate a drop. No notation shall be made on the student's academic record. Contact the Admissions and Records Office or see the deadlines printed under the CRN in the class schedule.

From the First Census Through the Withdrawal Date

The student or instructor may initiate a withdrawal up to the time three-fourths of the course has elapsed. A "W" shall be recorded on the student's
Remainder of the Course
A student may no longer withdraw from classes after the withdrawal date. The academic record of the student shall reflect a symbol grade other than “W.” Under extenuating circumstances, a “W” may be granted after the withdrawal date if the student files a Petition for Exception that is approved by the Admissions and Records Office.

Weekend Seminars
Until the Day Prior to the First Day of the Seminar
The student or instructor may initiate a withdrawal. No notation shall be made on the student’s academic record.

After the Seminar Begins
The instructor may drop, with a “W,” those students who do not attend the seminar. Those who do attend must receive a symbol or grade other than a “W.” Under extenuating circumstances, a “W” may be granted after the withdrawal date if the student files a Petition for Exception that is approved by the Admissions and Records Office.

Summer Intersession Courses
First Week
Students are to check with the Admissions and Records Office for appropriate withdrawal dates or see the deadlines printed under the CRN in the class schedule.

Open-Entry Courses
As often as possible, open-entry courses shall be treated according to the regulations for semester courses. Contact the Admissions and Records Office for further information.

Excused Withdrawal (EW)
Students may petition for an Excused Withdrawal (EW) in the event extenuating circumstances that happen after the last date to withdraw from a course as published in the Academic Calendar. To petition for an EW, students must complete and sign a Petition for Exception form and submit it to the Admissions and Records Office. Students who request an EW must attach documentation of the extenuating circumstance for verification to his or her petition. Acceptable reasons for an EW include:

- Job transfer outside the geographical region
- Illness in the family where the student is the primary caregiver
- An incarcerated student in a California State Prison or County Jail is released from custody or is involuntarily transferred before the end of the term. (In the case of an incarcerated student, an EW cannot be applied if the failure to complete the course(s) was the result of a student’s behavioral violation or if the student is requested and was graded a mid-semester transfer)
- The student is the subject of an immigration action
- Death of an immediate family member
- Chronic or acute illness
- Verifiable accidents
- Natural disasters directly affecting the student

Verifiable documentation can include, but is not limited to, a note from a doctor stating the student is not currently able to complete the work due to illness, employment verification of a new job, a booking report, police report of an accident, or any other documentation that proves the student’s completion of a course is impractical. Impractical is defined as “impossible due to reasons beyond the student’s control”. The determination will be made by the local college’s Admissions and Records Office.

A student may request to use an EW for any course(s) in a term depending on the reason for the request. It is possible that a student, based on illness, for example, is not able to participate in an in-person course but can continue with online courses. Colleges should use individual case facts to determine the continuity of some courses and not others.

In accordance with Title 5, section 55024 (e), students may request an EW at any time during the semester and no later than the date when the District/College policy allows a grade change, which is two years for Cypress College. EWs are counted in progress probation or dismissal calculations, nor are they counted toward the permitted number of withdrawals or counted as an enrollment attempt. The financial aid of a student may be affected depending on individual circumstance. Students should consult with the Financial Aid Office regarding any impact.

Administrative Procedures

- Administrative Procedures 5500 - Standards of Student Conduct and Discipline (p. 36)
- Administrative Procedures 5500 - Student Discipline Procedures (p. 37)
- Campus Instruction Acceptable Use Policy (p. 41)
- Student Rights and Responsibilities (p. 41)
- Student Rights Under FERPA for Postsecondary Institutions (p. 42)
- Title IX and Civil Rights Grievances (p. 43)

The most current Administrative Procedures and Board Policies for the North Orange County Community College District can be found at http://www.nocccd.edu/Policies/PoliciesAndProcedures.htm#BoardPolicies.

Administrative Procedures 5500 - Standards of Student Conduct and Discipline

Reference: Education Code Section 66300, 76030, 76033, 76034, 07636

Cypress College students are expected to maintain satisfactory standards of citizenship at all times on the campus and in the community. The following are guidelines for minimum student conduct. Students enrolling in the college assume an obligation to conduct themselves in a manner compatible with the College’s function as an educational institution.

A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. Misconduct which constitutes “good cause” for disciplinary action includes, but is not limited to, the following:

1.1 Disruptive behavior, willful disobedience, habitual profanity or vulgarity; the open and persistent defiance of the authority of, or persistent abuse of, District personnel, or violating the rights of other students.

1.2 Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
1.3 Cheating, plagiarism in connection with an academic program (including plagiarism in a student publication), or engaging in other academic dishonesty.

1.4 Dishonesty, forgery, alteration, or misuse of District documents, records, or identification, or knowingly furnishing false information to the District.

1.5 Misrepresentation of oneself or of an organization to be an agent of the District.

1.6 Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to the person, property, or family of any member of the college community, whether on or off District property as defined above.

1.7 Willful misconduct which results in injury or death to a student or to District personnel, or which results in the cutting, defacing, or other damage to any real or personal property of the District.

1.8 Unauthorized entry into, unauthorized use of, or misuse of property of the District.

1.9 Stealing or attempting to steal District property or private property on District premises, or knowingly receiving stolen District property or stolen private property on District premises.

1.10 Causing or attempting to cause damage to District property, or to private property on District premises.

1.11 Unlawful use, sale, possession, offer to sell, furnishing, or being under the influence of any controlled substance listed in the California Health and Safety Code, section 11053 et seq., an alcoholic beverage, or an intoxicant of any kind, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or other State law defining controlled substance while on District property, or at a District function; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in the California Health and Safety Code, section 11014.5.

1.12 Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.

1.13 Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous object including, but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, college president, School of Continuing Education Provost, or authorized designee.

1.14 Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.

1.15 Violation of municipal, state, or federal laws in connection with attendance in programs or services offered by the District, or while on District property or at District-sponsored activities.

1.16 Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.

1.17 Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.

1.18 Committing sexual harassment as defined by law or by District policies and procedures.

1.19 Engaging in harassing or discriminatory behavior based on race, sex (i.e., gender), religion, age, national origin, disability, sexual orientation, or any other status protected by law.

1.20 Engaging in physical or verbal intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student's academic performance, or District employee's work performance, or of creating an intimidating, hostile or offensive educational or work environment.

1.21 Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.

1.22 Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.

1.23 Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.

1.24 Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District, or the substantial disruption of the orderly operation of the District.

2.0 No student shall be suspended from a college or School of Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, School of Continuing Education or District activity or attendance.

3.0 Any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension, or expulsion of a student.

4.0 The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension or expulsion of a student.

5.0 The Chancellor shall establish procedures by which all students are informed of the rules and regulations governing student behavior.

Administration Procedures 5500 - Student Discipline Procedures

Reference: Education Code Section 66017; 76030 et seq. Penal Code Section 626.4

1.0 The purpose of these administrative procedures is to provide a prompt and equitable means to address violations of the standards of student conduct in a manner consistent with requirements of due process of law. Nothing in these procedures is intended to infringe upon the rights of
students to engage in the lawful exercise of free expression as protected by the state and federal constitutions and by the provisions of Education Code section 76120.

2.0 Definitions

2.1 Administrator: A management employee of the District having significant responsibilities for formulating District policies or administering District programs.

2.2 District: The North Orange County Community College District.

2.3 College: Cypress College, Fullerton College, and the School of Continuing Education and their respective programs.

2.4 Student: Any person currently enrolled as a student at a College or in any program offered by the District.

2.5 Instructor: Any instructional employee of the District in whose class a Student subject to discipline is enrolled.

2.6 Student Discipline Officer: The official at a College who is responsible for reviewing and processing student discipline matters.

2.7 President: The President of Cypress College, the President of Fullerton College, and the Provost of the School of Continuing Education.

2.8 Day: A day during which the District administrative offices are open for business. The time limits set forth in these procedures for action by the Student Discipline Officer, President, hearing officer or panel, and Board of Trustees are guidelines; failure to strictly adhere to these time limits shall not invalidate any action otherwise appropriately taken hereunder.

2.9 Expulsion: The involuntary removal of a student from the District and all District programs for one or more terms, or permanently, by action of the Board of Trustees.

2.10 Formal Hearing: A hearing conducted before a hearing officer or hearing panel in accordance with section 4.0 of these procedures during which the student and the District may call and examine witnesses and present documentary evidence.

2.11 Informal Hearing: A meeting between the student and the Student Discipline Officer or designee in accordance with section 3.2.3 of these procedures to discuss the charges and provide the student with the opportunity to respond to the charges orally, or in writing.

2.12 Suspension: The involuntary removal of a student for good cause from one or more classes or from the college by the President or designee for a limited period of time, as follows:

2.12.1 Short-Term Suspension: Removal from one or more classes for a period of up to 10 consecutive days of instruction;

2.12.2 Long-Term Suspension: Long-term suspension may consist of:

2.12.2.1 Removal from one or more classes for the remainder of the academic term;

2.12.2.2 Removal from one or more classes for one or more academic terms; or

2.12.2.3 Removal from all classes and activities of the College for one or more academic terms.

A student placed on suspension from one or more classes may not, for the period of the suspension, be enrolled in any class or program at any College

in the District that is substantially similar to the class(es) or program(s) from which the student is suspended.

A student placed on suspension from all classes and activities of a College may not be enrolled in any College or program in the District for the period of suspension.

2.13 Removal from Class: The involuntary removal of a student from class by an Instructor for a maximum period of two consecutive class sessions.

2.14 Removal from Facility: The involuntary removal of a student by an administrator from a District or College facility, or facility under the control of the District or College for a maximum period of two consecutive days.

2.15 Disciplinary Probation: A status between good standing and suspension or expulsion. It covers a stated trial period and disciplinary conditions required of the student. At the end of the trial period, it shall be determined, based on whether the probationary conditions have been met, whether the student is to be returned to good standing, suspended, recommended for expulsion, or subject to other disciplinary action.

2.16 Loss of Privileges: Disciplinary action involving the loss of certain student privileges, such as eligibility to participate in extracurricular activities, for a stated period of time.

2.17 Formal Reprimand: Written admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. A formal reprimand becomes part of a student’s permanent record and is considered in the event of future violations of the standards of student conduct.

2.18 Informal Reprimand: An oral admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. A record of the fact that an informal reprimand has been given may be retained as part of a student’s record for a period of up to one year and is considered in the event of future violations of the standards of student conduct during the period of retention. It is the student’s responsibility to request that the record be removed upon expiration of the period of retention.

2.19 Withdrawal of Consent to Remain on Campus: Withdrawal of consent by the President or the President’s designee for a student or other person to remain on a College campus in accordance with California Penal Code section 626.4 where the College President has reasonable cause to believe that the student has willfully disrupted the orderly operation of the campus.

3.0 Procedures for Implementing Disciplinary Action

3.1 Removal of Student From Class or From a Facility

3.1.1 Removal From Class by an Instructor: An Instructor may order a student removed from class for good cause. Removal shall be for a maximum period of two class sessions, which shall be the day of the removal and the next class meeting.

Removal From a Facility by an Administrator: For good cause, an administrator may order a student removed from a facility for the day of the offense and the next day.

3.1.2 The student shall be advised of the removal and the reasons therefore. The Instructor or Administrator shall immediately report the removal, through established College administrative channels, to the Office of the President and to the Student Discipline Officer for appropriate action.
and shall submit, through those channels, a written report describing the conduct warranting the removal to the Student Discipline Officer within ten (10) days of the removal.

3.1.3 The appropriate program administrator or the Student Discipline Officer shall conduct a meeting with the student. If the student is a minor, the Student Discipline Officer shall ask the parent or guardian of the student to attend a parent conference with the Instructor; if the removal was from class, or if the removal was from a facility, with the administrator who ordered the removal, as soon as possible. If the Instructor, administrator, or the parent or guardian so requests, the Student Discipline Officer shall attend the conference.

3.1.4 During the period of removal, the student shall not be returned to the class without the concurrence of the instructor or, if the removal is from a facility, without the concurrence of the administrator who ordered the removal.

3.1.5 Nothing herein shall prevent the President or Student Discipline Officer from recommending further disciplinary action in accordance with these administrative procedures based on the conduct which prompted the removal.

3.2 Suspension or Expulsion

3.2.1 Except in the case of immediate interim suspension as provided in section 3.3 of these procedures, before implementing disciplinary action to suspend or expel a student, the student shall be provided with a written notice of the conduct warranting the discipline, which shall include:

3.2.1.1 The section(s) of the Standards of Student Conduct the student is charged with violating;

3.2.1.2 A brief statement of the facts supporting the charges;

3.2.1.3 The right of the student to an informal hearing with the Student Discipline Officer or designee to discuss the charges, or to respond in writing; and

3.2.1.4 The nature of the proposed disciplinary action.

3.2.2 The notice shall be provided to the student within thirty (30) days of the date on which the conduct occurred or the date on which an Instructor or other official of the District learned of the conduct; or, in the case of continuous, repeated, or ongoing conduct, the notice shall be provided within thirty (30) days of the date of the most recent occurrence. Within five (5) days of receiving the notice, the student may submit to the Student Discipline Officer a written request for an informal hearing, as provided in section 3.2.1.3. In addition to, or in lieu of requesting an informal hearing with the Student Discipline Officer, the student may submit a written response to the charges. Notice is deemed received as of the date it was personally delivered or three (3) days after it was placed in the United States mail.

3.2.3 If the student requests an informal hearing as provided in section 3.2.1.3, the Student Discipline Officer shall hold an informal hearing during which the student shall be given an opportunity to respond orally or in writing to the charges.

3.2.4 Within five (5) days after the informal hearing, or within ten (10) days after the student has received the written notice pursuant to section 3.2.1 and has declined or failed to request a meeting, the Student Discipline Officer shall provide the President with a written recommendation regarding the specific disciplinary action to be imposed, if any, which shall include the factual findings regarding the charges and conclusions as to the standards of student conduct that were violated, if those findings and conclusions differ in any material respect from the initial notice.

3.2.5 Within five (5) days after receipt of the recommendation of the Student Discipline Officer, the President shall render a decision regarding the disciplinary action to be implemented, if any, and shall provide written notice of the decision to the student. The President may accept, modify or reject the recommendation of the Student Discipline Officer.

3.2.5.1 Short-Term Suspension or Lesser Disciplinary Action

Where the decision of the President is to impose short-term suspension or some lesser disciplinary action, the decision of the President shall be final. The written notice to the student of the President's decision shall specify the length of time of the suspension or the nature and duration of the lesser disciplinary action.

3.2.5.2 Long-Term Suspension

3.2.5.2.1 Where the decision of the President is to impose long-term suspension, the student shall have the right to request a formal hearing before the suspension is imposed.

3.2.5.2.2 The written notice to the student of the President's decision shall specify the right of the student to request a formal hearing and shall include a copy of the formal hearing procedures.

3.2.5.2.3 Within five (5) days of receiving the written notice of the President's decision, the student may submit to the President a written request for a formal hearing. Notice is deemed received as of the day it was personally delivered or three (3) days after it was placed in the United States mail. The hearing, if requested, shall be conducted in accordance with the provisions of section 4.0 of these procedures. If the student does not request a hearing within five (5) days of receiving notice, the President's decision shall become final.

3.2.5.2.4 Within five (5) days after receipt of the recommended decision of the hearing officer or panel, the President shall render a final decision regarding the disciplinary action to be implemented, if any, and shall provide written notice of the decision to the student. The President may accept, modify or reject the findings, conclusions and recommendations of the hearing officer or panel. If the President modifies or rejects the decision of the hearing officer or panel, the President shall review the record of the hearing and shall prepare a new written decision which contains specific factual findings and conclusions. The decision of the President shall be final.

3.2.5.3 Expulsion

3.2.5.3.1 A student may be expelled for good cause where other means of correction have failed to bring about proper conduct or when the presence of the student causes a continuing danger to the physical safety of students or others. Only the Board of Trustees may expel a student.

3.2.5.3.2 Where the decision of the President is to recommend expulsion to the Board of Trustees, the student shall have the right to request a formal hearing before expulsion is imposed.

3.2.5.3.3 The written notice to the student of the President's decision shall specify the right of the student to request a formal hearing and shall include a copy of the formal hearing procedures.

3.2.5.3.4 Within five (5) days of receiving the written notice of the President's decision, the student may submit to the President a written
request for a formal hearing. Notice is deemed received as of the date it was personally delivered or three (3) days after it was placed in the United States mail. The hearing, if requested, shall be conducted in accordance with the provisions of section 4.0 of these procedures. If the student does not request a hearing within five (5) days of receiving the notice, the President's decision shall become final.

3.2.5.3.5 Within five (5) days after receipt of the recommended decision of the hearing officer or panel, the President shall render a decision regarding the disciplinary action to be implemented, if any. The President may accept, modify or reject the findings, conclusions and recommendations of the hearing officer or panel. If the President modifies or rejects the decision of the hearing officer or panel, the President shall review the record of the hearing and shall prepare a new written decision which contains specific factual findings and conclusions.

3.2.5.3.5.1 Where the decision of the President is to impose suspension or some lesser disciplinary action, the decision of the President shall be final. The student shall be provided with a written notice of the President's decision which shall specify the length of time of the suspension or the nature of the lesser disciplinary action.

3.2.5.3.5.2 Where the decision of the President is to recommend expulsion, the written recommendation of the President shall be submitted to the Board of Trustees for consideration in accordance with section 5.0 of these procedures. The Board of Trustees shall consider the recommendation for expulsion at the next regularly scheduled meeting of the Board following the meeting at which the recommendation was received.

3.2.6 The College President shall report all suspensions of students to the Chancellor.

3.2.7 Whenever a minor student is suspended, the parent or guardian shall be notified in writing by the President or designee.

3.2.8 In cases of assault, the Chancellor or President shall, upon the expulsion or suspension of any student, notify the appropriate law enforcement authorities of any acts of the student which may be in violation of section 245 of the Penal Code.

3.3 Immediate Interim Suspension

The President or designee may order the immediate suspension of a student where there is reasonable cause to believe that immediate suspension is required to protect lives or property and to ensure the maintenance of order. Where a student is placed on interim suspension, the procedural time limits specified in these procedures shall not apply. The student shall be given prompt notice of the charges and all hearing rights, including the right to a formal hearing where a long-term suspension or expulsion is recommended, shall be afforded the student within ten (10) days of the imposition of interim suspension. The student shall not, without prior written permission from the President or designee, enter the campus of any College other than to attend the hearing. Violation of the interim suspension conditions shall be grounds for expulsion.

3.4 Withdrawal of Consent to Remain on Campus

3.4.1 The President or designee may withdraw consent for a student to remain on the College campus, in accordance with California Penal Code section 626.4, where there is reasonable cause to believe that the student has willfully disrupted the orderly operation of the campus. A student who is on campus at the time consent is withdrawn shall promptly leave or be escorted off campus. Whenever consent is withdrawn by an authorized designee of the President, a written report shall be promptly submitted to the President.

3.4.2 Consent shall not be withdrawn for longer than fourteen (14) days from the date upon which consent was initially withdrawn. The student from whom consent has been withdrawn may submit a written request for a hearing to the Student Discipline Officer. The request must be submitted within the period of the withdrawal. A hearing, if requested, shall be held within seven (7) days of the date of receipt of the request. The hearing shall be conducted in accordance with the provisions of this procedure relating to interim suspensions.

3.4.3 A student from whom consent to remain on campus has been withdrawn and who willfully and knowingly enters or remains upon the campus or facility during the period for which consent has been withdrawn, except for the purpose of attending a meeting or hearing on the withdrawal, is subject to arrest.

4.0 Formal Hearing Procedures

4.1 Hearing Officer or Panel

4.1.1 At the discretion of the President, a formal disciplinary hearing may be conducted using the services of a hearing officer, or the President may select an impartial hearing panel comprised of two educational administrators at the level of dean or vice president, one of whom shall be selected from another college within the District.

4.1.2 The President shall appoint one member of the panel to serve as the chair of the hearing panel. The decision of the chair shall be final on all matters relating to the conduct of the hearing.

4.1.3 No administrator who has any direct involvement in the matter to be decided, who is a necessary witness, or who could not otherwise act in a neutral manner shall serve on a hearing panel.

4.2 Notification of Hearing

The student, and the student’s parent or guardian, if the student is a minor, shall be notified by registered or certified mail or by personal service of the date, time, and location of the hearing.

4.3 Conduct of Hearing

4.3.1 Prior to the hearing, the members of the hearing panel shall be provided with a copy of the charges against the student and any written response provided by the student.

4.3.2 The hearing shall be closed and confidential.

4.3.3 The student shall have the right to represent himself/herself at the hearing or to be represented by a person of the student’s choice, except that neither the student nor the District shall be represented by legal counsel unless authorized by the hearing officer or panel, in which case both parties shall be entitled to be represented by legal counsel.

4.3.4 A record of the hearing shall be made by the District, either by means of tape recording or stenographic recording, and shall be the only recording made. In the event the record is by means of tape recording, the hearing panel chair shall, at the beginning of the hearing, ask each person present to identify himself/herself by name, and thereafter shall ask each witness to identify himself/herself by name. Tape recordings shall remain in the custody of the District at all times, unless released to a professional transcribing service. The student may receive a copy of the tape recording upon request.
4.3.5 Formal rules of evidence shall not apply. Any relevant evidence shall be admitted.

4.3.6 The hearing officer or panel shall not have the authority to issue subpoenas on behalf of either the District or the student.

4.3.7 Charges against the student, along with supporting evidence from witnesses or other sources, will be presented by the District.

4.3.8 The student shall be given the opportunity to confront and cross-examine witnesses.

4.3.9 The student shall be given an opportunity to present a defense, including witnesses and documentary evidence.

4.3.10 The District shall have the opportunity to cross-examine the student and witnesses called by the student.

4.3.11 Unless the hearing officer or panel determines to proceed otherwise, the District and the student shall each be permitted to make an opening statement. Thereafter, the District representative shall make the first presentation, followed by the student. The District representative may present rebuttal evidence after completion of the student’s presentation.

4.3.12 All testimony shall be taken under oath; the oath shall be administered by the hearing officer or hearing panel chair. Witnesses shall not be present at the hearing when not testifying. No witness who refuses to be recorded may be permitted to give testimony. Written statements of witnesses under penalty of perjury shall not be admissible unless the witness is unavailable to testify. A witness who refuses to be tape recorded is not unavailable.

4.3.13 The hearing officer or hearing panel chair may determine that requiring live testimony of a proposed witness would subject the witness to an unreasonable risk of psychological or physical harm. After such a determination, the witness may be permitted to provide a written statement under penalty of perjury in lieu of testifying at the hearing.

4.3.14 The burden shall be on the District to introduce substantial evidence to support the charges against the student.

4.3.15 Within fifteen (15) days following the close of the hearing, the hearing officer or panel shall prepare and submit a written decision to the President. The decision shall include specific factual findings regarding the charges, conclusions as to the standards of student conduct that were violated, and a recommendation regarding the specific disciplinary action to be imposed, if any. Failure of the hearing officer or panel to submit its written decision within fifteen (15) days shall not invalidate the decision.

5.0 Procedures for Consideration of Expulsion by Board of Trustees

5.1 The Board shall hold closed sessions when it considers disciplinary action regarding expulsion of a student. The Board shall notify the student, and the parent if the student is a minor, by registered or certified mail or by personal service of the intent of the Board to call a closed session to consider the expulsion. The notification shall specify the date, time and place of the meeting at which the Board will consider the disciplinary action and shall be provided at least three (3) days prior to the meeting. Final action by the Governing Board may be taken in closed session, provided that the action of the Board shall be reported in public session. The student shall not be identified by name or other designation that would disclose the identity of the student.

5.2 In considering a recommendation for expulsion, the Board may accept, modify or reject the findings, decisions and recommendations of the President and/or the hearing officer or panel. If the Board modifies or rejects the decision of the President and/or the hearing officer or panel, the Board shall review the record of the formal hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The decision of the Board shall be final. The student, and the student’s parent or guardian, if the student is a minor, shall be notified in writing of the Board’s decision.

**Campus Instruction Acceptable Use Policy**

Any copyrighted materials used in class are used for distance education purposes only and in compliance with United States copyright law. Use of these materials is limited to students enrolled in the course for the duration of the course. Students must refrain from saving, changing, and distributing any such copyrighted materials.

In addition, recordings of online/remote instruction and counseling sessions in platforms such as CypressZoom, Microsoft Teams, Google Classroom, and Cranium Cafe cannot be shared or posted without written consent of all individuals in the recording, including the professor. Cypress College and the State of California have strict privacy laws for class recordings and student confidentiality. Any student who records class or counseling sessions without consent, photos or screenshots of class, and/or posts class or counseling recordings, will be subject to disciplinary action under the Student Code of Conduct (BP 5500 and AP 5500).

**NOTE:** For students with disabilities in need of specific classroom and counseling accommodations, please consult with a DSS counselor.

**Student Rights and Responsibilities**

The California Education Code provides that, “The board shall have the power to adopt such rules and regulations, not inconsistent with law, as are necessary for its own government and to enable the board to carry out all powers and responsibilities vested in it by law” (Section 71020). The Board of Trustees has prescribed the following rules relating to students. These rules shall apply to each of the colleges of the District. Each College President shall be responsible for the development of procedures required on that campus to assure that these rules are in effect on that campus.

1. **ACADEMIC FREEDOM POLICY.**

   A college community, consisting of faculty, students, and administrators, under authority of the Board of Trustees, has as its primary purpose the realization of the students’ growth and development through the dissemination and application of knowledge. Because it is only in the open exchange of ideas that this purpose can be achieved, students are encouraged to study any and all issues and problems. Freedom to think, read, question, and speak are necessary to the college community, but such freedoms must be exercised within the rules established under the general policies of the Board of Trustees.

2. **STUDENT CLASSROOM RIGHTS AND RESPONSIBILITIES:**

   a. Students enrolled in a course accept the instructor’s authority in all matters pertaining to the classroom instruction and individual academic performance. Students have the right to:
      i. Know the instructor’s standards for academic evaluation and classroom conduct.
      ii. Challenge, with normal courtesy, faculty statements of opinion.
Student Rights Under FERPA for Postsecondary Institutions

FERPA at a Glance: The Family Educational Rights and Privacy Act

What is FERPA?
The Family Educational Rights and Privacy Act of 1974, as amended, sets forth requirements regarding the privacy of student records. FERPA governs:

1. Release of these records (known as education records) maintained by an educational institution and
2. Access to these records.

This law applies to K–12 as well as postsecondary education.

Who must comply with FERPA?
Any educational institution (school or other entity that provides educational services and is attended by students) and educational agency (entity that administers schools directly linked to it) that receives funds under any program administered by the U.S. Secretary of Education.

What does FERPA require for educational institutions to be in compliance?

- Notify students annually. Schools must notify students of their rights on an annual basis. There is no specific method that schools must use to notify students; it is up to the institution. Notice must take a form that is “reasonably likely” to notify students. Recommended and most frequently used ways include:
  - Student bulletin, handbook, or catalog
  - School or local newspaper
  - Student registration packet

- Protect students’ rights to inspect and review their education records.
- Protect students’ rights to request to amend their education records.
- Protect students’ rights to limit disclosure of personally identifiable information contained in education records.
- Ensure that third parties do not disclose personally identifiable information (except under a few circumstances).
- Keep records of requests for and disclosures of student education records in limited situations.

Who has FERPA rights at the postsecondary level?
A student “in attendance” (regardless of age) and former students.

- Student applies to all students attending — including continuing education students, students auditing a class, distance education students, and high school students enrolled in college.
- In attendance applies to and is determined by the institution. If the institution has not defined when a student is “in attendance” that date becomes the day the student first attends a class at the institution.

What rights does FERPA provide for students?

- Right to inspect and review their education records.
- Right to request to amend their education records.
- Right to limit disclosure of some “personally identifiable information” (information that would directly identify the student or make the student’s identity easily traceable) known as directory information.

What is considered Directory Information?

- Student’s name
- Major field of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Dates of attendance
- Degrees and awards received
- The most recent previous public or private school attended by the student
- Any other information authorized in writing by the student.

(NOCCCD BP 5040 effective April 2009).

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- iii. Receive professional evaluation of their academic performance.
- iv. Expect professional treatment of their views, beliefs, or political associations.
- v. Have reasonable access to members of the faculty on campus.

b. Students enrolled in a course accept the responsibility to:
   i. Seek diligently to achieve the instructional objectives of the course.
   ii. Practice honesty and respect the rights of others.
   iii. Meet instructional and conduct standards as specified in 2.a.

c. Students who violate the rights of other members of any class shall be subject to removal or suspension from that class.

3. CAMPUS RIGHTS AND RESPONSIBILITIES:

a. Students have the right to:
   i. Participate in the formulation and application of college policy which affects them in accordance with procedures established on each campus under the general policies of the Board.
   ii. Petition to organize interest groups pursuant to college and Board policies.
   iii. Join student associations approved pursuant to college and Board policies.
   iv. Invite and hear speakers as defined in the campus speakers policy.

b. Students who violate the rights of chartered organizations shall be subject to the rules and regulations as published and distributed on each campus.

c. Campus publications boards, or their equivalent, shall have the authority and responsibility for all college publications. Their authority and responsibility shall include, but not be limited to, providing written clarification of the role of student publications and the standards to be used in their evaluation. These standards shall be within the canons of responsible journalism and the limitations on control of their operations as established by the faculty advisor.

Student Rights Under FERPA for Postsecondary Institutions

What is considered Directory Information?
1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education record that the student believes is inaccurate. Students may ask the College to amend a record that they believe is inaccurate. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll or is already enrolled so long as the disclosure is for the purposes related to the student’s enrollment.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202-4605

**Title IX and Civil Rights Grievances**

**North Orange County Community College District Non-Discrimination Statement**

It is the policy of the North Orange County Community College District to provide an educational, employment, and business environment in which no person shall be unlawfully subjected to discrimination or sexual harassment, nor unlawfully denied full and equal access to the benefits of District programs or activities on the basis of ethnic group identification, national origin, religion, age, gender, race, color, ancestry, sexual orientation, marital status, or physical or mental disability as defined and prohibited by state and federal statutes. Any student who engages in unlawful discrimination or sexual harassment in violation of this policy will be subject to disciplinary action, which may include suspension or expulsion.

Students who believe they have been subjected to unlawful discrimination, including sexual harassment, or who seek information regarding the District's Unlawful Discrimination Policy, should contact the Office of the District Director of Human Resources at (714) 808-4818.

The following person is designated by the North Orange County Community College District as the Responsible Officer/Section 504 and Title IX Coordinator for receiving and coordinating the investigation of all unlawful discrimination complaints filed pursuant to section 59328 of Title 5 of the California Code of Regulations, and for coordinating compliance with section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, Title IX of the Education Amendments of 1992, and response to discrimination complaints related thereto:

| Position: | Vice Chancellor, Human Resources |
| Address: | 1830 W. Romneya Drive |
| Anaheim, CA 92801-1819 |
| Telephone: | (714) 808-4822 |

**Victims of Sexual Assault**

Students who are victims of sexual assault occurring on District property or on an off-campus site or facility maintained by the District, or who seek information or assistance regarding a sexual assault, should contact the campus Director of Health Services at (714) 484-7045 or the Director of Campus Public Safety at (714) 484-7455. Except as may otherwise be required by law, all inquiries will be maintained in confidence.

**Afirmación Sobre No Discriminación**

Las normas generales del North Orange County Community College District proveen un entorno educacional, laboral y comercial en el que ninguna persona es expuesta a la discriminación ni al acoso u hostigamiento sexual, como tampoco a ninguna vejación castigada por la ley. Si alguien se encuentra en este caso, cualquier denuncia será investigada con el debido rigor y se tomarán medidas disciplinarias contra esa persona, lo cual puede incluir suspensión o expulsión de este centro educacional.

Todo estudiante que cree que ha sido objeto de discriminación ilegítima, incluyendo acoso u hostigamiento, o que desee obtener información con respecto a las Normas Generales del Distrito sobre Discriminación Ilícita (District’s Unlawful Discrimination Policy), debe comunicarse con la oficina del Director Distrital de Recursos Humanos (714) 808-4818. La persona que mencionamos más adelante, ha sido designada por el North Orange County Community College District, como el Funcionario Responsable/Coordinador de la Sección 504/Derecho IX, ante quien se debe presentar la información para coordinar la investigación de todas las quejas de discriminación ilegal interpuestas, conforme a lo estipulado en la sección 59328 del Derecho 5 de las Reglamentaciones del Código de California, y para coordinar el acatamiento de la Sección 504 del Decreto de Rehabilitación de 1973 y del Derecho II del Decreto 1990 que ampara a los Americanos con Discapacidades, Derecho IX de las enmiendas
The following people are eligible to enroll in Cypress College:

- Any high school graduate OR
- Any person possessing a California high school proficiency certificate OR
- Any person eighteen years of age or older who may benefit from instruction OR

Admissions Requirements

Admission to Cypress College is governed by the laws of the State of California and such supplementary regulations as have been prescribed by the Board of Trustees.

The following people are eligible to enroll in Cypress College:

1. Any high school graduate OR
2. Any person possessing a California high school proficiency certificate OR
3. Any person eighteen years of age or older who may benefit from instruction OR

Residency Determination for Tuition Purposes

Assembly Bill 2364

Community college districts are mandated to exempt non-resident special part-time students from the requirement to pay non-resident tuition for community college credit courses. The term “special part-time student” refers to students who have been recommended by the principal of the pupil’s school and have parental permission to attend a community college during any session or term and who enroll in 11 or fewer units per semester, or the quarter equivalent, in accordance with Education Code section 76001. The exemption does not apply to special full-time students.

This exemption is not intended to apply to categories of students who would be precluded from qualifying for the AB540 nonresident tuition exemption:

1. Students who reside outside of California and enroll via Distance Education, and
2. Students with non-immigrant visas (except students who hold a T or U visa).

Students who receive a non-resident tuition exemption under the Assembly Bill 2364 provision do not receive resident status for fees or financial aid.

Senate Bill 141

Community College districts are required to exempt non-resident tuition from a non-resident student who is a U.S. citizen and who resides in a foreign country if that student meets all of the following requirements.

1. Demonstrates a financial need for the exemption.
2. Has a parent or guardian who has been deported or was permitted to depart voluntarily under the federal Immigration and Nationality Act.
3. Moved abroad because of the deportation or voluntary departure.
4. Lived in California immediately before moving abroad.
5. Attended a public or private secondary school in California for three or more years.
6. Upon enrollment, will be in his or her first academic year as a matriculated student in California public higher education.
7. Will be living in California and will file an affidavit with the community college stating that he or she intends to establish residency in California as soon as possible.
8. Documentation shall be provided by the student as required by statute as specified in Education Code section 76140(a)(5).

Students who receive a non-resident tuition exemption under Senate Bill 141 do not receive resident status for fees or financial aid. Rather they are exempt from non-resident tuition fees under this law. These students do not qualify for the California College Promise Grant (CCPG) or any other state financial aid until they establish California residency. As citizens, Senate Bill 141 students may apply and qualify for federal financial assistance such as Pell, FSEOG, and federal student loans.

Open Enrollment Policy

In conformity with the provisions of Title 5 of the California Administrative Code, it is the policy of the Board of Trustees of the North Orange County Community College District that, unless specifically exempted by statute, every course, course section or class, wherever offered and conducted throughout the District, shall be fully open to enrollment and participation.
by any person who is eligible for admission to the college and meets the stated prerequisites.

Students who are enrolling in the North Orange County Community College District for the first time and those who are returning after an absence of a Fall or Spring semester must submit the online admission application, known as Open CCCApply. Students who withdraw from the college during the first three weeks of a term must also submit a new admission application. The online application can be accessed at the college website, www.CypressCollege.edu (http://www.cypresscollege.edu/).

Applications for admission will be accepted beginning March 1 for Summer and the Fall semester and beginning October 1 for the Spring semester.

New Enrollment Priorities Effective Fall 2014

As part of the Student Success Act 2012, Cypress College priority registration is changing. To guarantee eligibility for Priority Enrollment for Fall 2016, all New and Returning Students must meet the following three requirements:

• Complete the assessment process — complete the Guided Placement, ESL placement exam, or meet with a counselor
• Attend an orientation session, and
• Complete a one semester education plan.

Returning and Continuing Students must meet the following three requirements:

• Be in good academic and/or progress standing — not have been placed on academic dismissal and not on probationary status for two consecutive terms,
• Have completed 75% or more units with A, B, C, CR, and P and
• Have not earned more than 100 degree-applicable units (at Cypress and Fullerton), excluding basic skills courses.

Campus Life

• Campus Clubs (p. 45)
• Inter-Club Council (ICC) (p. 46)
• Intercollegiate Athletic Program (p. 46)
• Publications (p. 46)
• Student Activities (p. 46)
• Student Government (p. 46)

Campus Clubs

Students are encouraged to broaden their horizons by participating in club activities at Cypress College. Clubs are organized to involve the student in specialized fields of interest or service to the college and community. The clubs and organizations at the college can be listed in four categories:

• Academic achievement
• Cultural
• Special interest
• Religious

Meeting Times

The meeting times for all clubs can be obtained from the Office of Student Activities in the Student Center. The following is a complete list of Cypress’ campus clubs and organizations:

• Anime Club
• ASHRAE (American Society of Heating, Refrigerating and Air Conditioning Engineers) Club
• Aviation & Travel Careers Club
• Business Club
• Campus Christians
• CARP (Collegiate Association for the Research of Principles) Club
• Cheer Club
• Chemistry Club
• Circle K International Club
• Court Reporting Club
• Creative Guild
• Cyber Security Computer Engineering Club
• Cypress College Veterans Organization
• Dance Club
• Feminists United
• Film Club
• F.I.T.E. Club (From Incarcerated to Empowered)
• Honors Club
• Human Services Club
• Interculture Club
• International Club
• Japanese Culture Club
• La Raza Club
• Lively Arts Club
• Math Club
• MSA Club (Muslim Students Association)
• Psychiatric Technology Club
• Psychology Club
• QSA Club (Queer/Straight Alliance)
• Random Acts of Kindness Club
• STEM Club (Science, Technology, Engineering, Math)

Academic Achievement Club

The Honors Club is the college’s academic club. Their main goal is to increase and promote academic excellence among students. The clubs provide service to the school and hold fund-raising activities to earn money for scholarships. Sigma Psi is the campus chapter of Alpha Gamma Sigma and the Honors Club is the support club for the Honors Program.

Cultural Clubs

Cultural clubs provide students with an opportunity to experience other cultures as well as to meet students with similar backgrounds. In addition, they provide a link to the political and social events shaping the world of today.

Interest Clubs

Interest clubs provide a place or event for students to share a common interest or a chance to experience something new.
Religious Clubs
Religious clubs promote a particular religion as well as provide a place for students to come together in their faith.

Dress Code
Students are expected to dress in good taste. Attending class or entering any campus building while barefooted or bare-chested is specifically prohibited.

Inter-Club Council (ICC)
The Inter-Club Council (ICC) is financed by the Associated Students of Cypress College and its chair is an elected, voting member of the Associated Student Council. The Inter-Club Council is composed of a representative from each of the recognized clubs on campus. Its function is to coordinate the activities of the various clubs and to provide an organized channel for club support of, or participation in, major campus events. For information regarding current clubs on campus, and/or the forming of new clubs, please stop by the Student Activities Center.

Intercollegiate Athletic Program
The Cypress College Chargers are members of the Orange Empire Conference composed of Cypress, Fullerton, Golden West, Irvine Valley, Orange Coast, Norco, Riverside, Saddleback, Santa Ana, and Santiago Canyon Community Colleges.

The Chargers compete in conference competition in the following men's sports:
- baseball
- basketball
- golf
- soccer
- swim and dive
- water polo

Women's intercollegiate sports include:
- basketball
- beach volleyball
- soccer
- softball
- swim and dive
- tennis
- volleyball
- water polo

Cypress students may participate in football, cross-country and track at Fullerton College.

Athletic eligibility rules and regulations adopted by the conference and the California Community College Athletic Association are rigidly enforced at Cypress College. In general, eligibility rules require an athlete be enrolled in 12 units or more at the time of competition. To compete a second season in a sport, an athlete must complete and pass 24 units with a 2.0 GPA between seasons of competition. These must be completed prior to the beginning of the second season of the sport. Transfers who have participated in athletics at another California community college must complete 12 units at Cypress College before becoming eligible. Since this is only a general guideline and athletic eligibility rules are rather complex, questions regarding eligibility should be referred to the athletic director for clarification.

Publications

Official Student Publications
Student publications are approved by the college through authorization of the President of the college and the assignment of a faculty advisor. Such publications are eligible for distribution on campus. All student publications are expected to reflect good taste, be written and edited by students of the college, and conform to editorial policies established by the college. These editorial policies shall include authority of the faculty advisor to exercise the right to disapprove materials with provision for the right of the student appeal to persons designated by the college President. Students who violate this policy shall be subject to suspension and/or expulsion.

Unofficial Publications
Commercial publications may not be distributed or sold on the college campus without specific permission from the President. Non-commercial publications, student or non-student, not sponsored or approved by the college may be distributed on campus under regulations as established by the college. Such regulations may pertain to hours and places of distribution, littering, the orderly operation of the college, the outrageousness of public decency, and an identification of the persons and/or organizations sponsoring the material. Unofficial publications which do not meet the criteria listed are considered unauthorized and may not be distributed on campus.

Student Activities
The Student Activities Program at Cypress College is intended to achieve the following objectives:
- to provide opportunities for students in shared governance activities;
- to provide students with the opportunity to create and administer their own organizations;
- to provide a leadership development program for credit that will help students learn the practical application of leadership and organizational theory.

Student Activities is an integral part of college life, and all students are encouraged to take an active role in some phase of the student activities program.

Activities include campus clubs, concerts, special interest programming, community awareness and involvement, club rush, Senior Day, World Fest, and Welcome Back Week. The Associated Students Council participates on Campus and District Shared Governance committees to represent student interests.

Student Government
Cypress College is committed to student government with the following objectives:
• promoting cultural, educational and social events
• enhancing and supporting class instruction
• recognizing student government as an integral part in the shared governance structure of the college
• facilitating participation in the college community

The governing body of the Associated Students of Cypress College is the A.S. Council, which consists of the Executive Board, the Student Senate, and the Programming Board. Elections for officers on these boards are held during the Spring and Fall semesters. The Student Activities Center houses the A.S. Council. Meetings of the Council are held on Mondays at 11:30 am and are open to anyone who would like to attend.

The A.S. Council plans, organizes, promotes and finances many activities for the campus. A.S. Council officers serve on campus committees and participate in the California State Student Senate to represent student interests concerning campus, district, and statewide decisions affecting community college students. Campus clubs are part of Inter-Club Council (ICC) which is administered by the A.S. Council. For further information, contact the Associated Students at (714) 484-7198.

Course Descriptions

Description of Courses

Below are the descriptions of every course which may be studied at Cypress College. The advisory(ies), corequisite(s) or prerequisite(s) for the class are stated, if applicable. The program of instruction related to the numbering of courses is divided into major categories:

• General Education courses, in addition to occupational, vocational and technical courses will bear the title of numbers ranging from 001-99 and are not transferable to institutions of higher education except as they apply to major programs in the California State University system. Students are advised to confer with their counselors regarding the transferability of these courses to particular colleges or universities. Students entering Cypress College should consult with college counselors in planning their programs of study. The faculty and counseling staff of Cypress College will assist students in every way possible to make wise vocational and educational plans. Students, however, must assume the responsibility of their own choices and plans.

• College and university parallel courses (transfer courses) have title numbers ranging from 100-299. If appropriate to the student’s major, they usually will be accepted as transfer units to institutions of higher education for their full credit value.

NON-DEGREE CREDIT (p. 30) courses do earn credit, but the credit is not counted towards the Associate Degree. These courses are intended to help students gain the skills they need to perform in college-level degree-applicable courses. NON-DEGREE CREDIT courses count towards the following categories:

• Athletic Eligibility
• Social Security Benefits

• Work Study and Financial Aid
• Veterans Benefits
• Associated Student Body Office
• Full-Time Status

All other Cypress College courses are degree applicable.

CSU/UC
These designated courses are transferable to the campus of the University of California and the California State University system. Those courses that are not marked UC are not transferable to the University of California campuses. Students should confer with a counselor for information regarding transferability of courses marked UC Limitation. Students can view a complete list of Cypress College courses that are transferable to the UC at www.assist.org. (https://catalog.nocccd.edu/cypress-college/course-descriptions/www.assist.org)

CSU GE
These courses satisfy general education breadth requirements for California State Universities (CSU campuses)

AA GE (Native)
These courses satisfy general education requirements for the Associate Degree.

IGETC
Intersegmental General Education Transfer Curriculum is a series of courses that Cypress College students may use to satisfy lower division general education requirements at any CSU or UC campus.

SOC JUST
These courses with the Social Justice designation are ones which meet the Cypress College Cultural Diversity graduation requirement.

RDG
These courses are ones which meet the Cypress College Reading Proficiency Graduation requirement.

A
• Accounting (ACCT) (p. 48)
• Administration of Justice (AJ) (p. 49)
• Air Conditioning/Refrigeration (AC/R) (p. 50)
• Anthropology (ANTH) (p. 52)
• Art (ART) (p. 54)
• Astronomy (ASTR) (p. 58)
• Automotive Collision Repair (ACR) (p. 58)
• Automotive Technology (AT) (p. 59)
• Aviation and Travel Careers (ATC) (p. 63)

B
• Biology (BIOL) (p. 68)

C
• Chemistry (CHEM) (p. 70)
• Chinese (CHIN) (p. 71)
• Communication Studies (COMM) (p. 71)
• Computer Information Systems (CIS) (p. 73)
• Computer Science (CSCI) (p. 78)
Accounting (ACCT)

ACCT 011 C Payroll Accounting 2 Units

*Prerequisite(s):* ACCT 101 C with a grade of C or better.

Term hours: 36 lecture. This course is a thorough study of payroll computation techniques and payroll taxes. The course is of a non-technical nature and is intended to give students a practical working knowledge of current payroll tax laws. Pass/No Pass/Letter Grade Option.

ACCT 101 C Financial Accounting 5 Units

*Prerequisite(s):* MATH 040 C or MATH 041 C with a grade of C or better.

Term hours: 90 lecture. This beginning accounting course meets transfer requirements to four-year colleges and universities and provides a foundation for vocational accounting or other areas of business administration. This course describes and illustrates financial accounting theory and principles, including classification of accounts, recording of financial transactions, presentation and analysis of financial statements, and fundamentals of the accounting cycle as applied to service and merchandising enterprises. Credit by Examination. (CSU/UC, C-ID: ACCT 110)
ACCT 102 C Managerial Accounting
Prerequisite(s): ACCT 101 C with a grade of C or better
Advisory: CIS 111 C and CIS 103 C
Term hours: 90 lecture. This course is the study of how managers use accounting information in decision-making, planning, directing operations and controlling. Focuses on cost terms and concepts, cost behavior, cost structure and cost-volume-profit analysis. Includes issues relating to cost systems, cost control, profit planning, and performance analysis in manufacturing and service environments. (UC/CSU, C-ID: ACCT 120)

ACCT 107 C Computerized Accounting with QuickBooks 3 Units
Advisory: ACCT 101 C
Term Hours: 54 lecture. This course will introduce students to basic financial record keeping software using the double-entry system for recording transactions. Emphasis will be placed on how to use accounting application software in a small business environment. (CSU)

ACCT 190 C Accounting Systems Design and Applications 3 Units
Prerequisite(s): ACCT 101 C with a grade of C or better.
Advisory: Knowledge of spreadsheet software recommended
Term hours: 54 lecture and 18 laboratory. The course offers the student a hands-on approach to computerized accounting. Students will explore different manual and computerized accounting systems such as General Ledger, Accounts Receivable, Accounts Payable, Payroll and Inventory. $3.00 Material Fee-Payable at Registration. (CSU)

ACCT 201 C Intermediate Accounting 3 Units
Prerequisite(s): ACCT 101 C with a grade of C or better.
Term hours: 54 lecture. This course provides an in-depth analysis of accounting theory and practice. Emphasis is placed on the changing nature of principles and practices, the application of present-value concepts, the complexity of transactions that arise in a multifaceted economic environment, and the use of accounting information in decision making. (CSU)

ACCT 202 C Cost Accounting 3 Units
Prerequisite(s): ACCT 102 C with a grade of "C" or better.
Term hours: 54 lecture. This course covers the nature, objectives, and procedures of cost accounting and managerial control of operations. It includes job, process, and standard costing; accounting for manufacturing overhead, direct materials and direct labor; budgeting; and cost records and reports. (CSU)

ACCT 204 C Accounting - Government and Nonprofit Entities 3 Units
Prerequisite(s): ACCT 101 C with a grade of C or better.
Term hours: 54 lecture. This course introduces financial accounting concepts as they apply to governmental and not-for-profit entities, such as federal, state and local governments, school districts, universities, hospitals, religious, and social service organizations. The focus is on the principles and procedures of accounting, financial reporting, budgeting, and auditing requirements. (CSU)

ACCT 205 C Ethics in Accounting 3 Units
Prerequisite(s): ACCT 101 C with a grade of C or better
Term hours: 54 lecture. This course analyzes the concepts of ethical reasoning related to the decision making process for ethical theory, code of conduct, financial accounting reporting, and ethics in auditing, management accounting, and tax accounting. This course is for students pursuing an accounting certificate or degree, and for students looking to satisfy the accounting ethics requirement for the CPA exam. (CSU)

ACCT 295 C Accounting Internship 1-3 Units
Advisory: ACCT 101 C.
Term hours: 18-54 lecture. This is a variable unit course designed to give students credit who are already interns at the introductory accounting internship level while concurrently enrolled in related course(s). This course is designed to provide quality students with various forms of practical job experience as part of their formal education. For each unit of credit, a minimum of 30 worksite internship hours is required. The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option. (CSU)

Administration of Justice (AJ)

AJ 110 C Introduction to Criminal Justice 3 Units
Term hours: 54 lecture. This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces which have shaped those principles and approaches. Although justice structure and process is examined in a cross cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies. (UC/CSU, AS GE, CSU GE, IGETC, C-ID:AJ 110)

AJ 120 C Concepts of Criminal Law 3 Units
Prerequisite(s): Completion of or concurrent enrollment in AJ 110 C with a grade of C or better.
Term hours: 54 lecture. This course offers an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. This course utilizes case law and case studies to introduce students to criminal law. The completion of this course offers a foundation upon which upper-division criminal justice course will build. The course will also include some limited discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes. (UC/CSU, AS GE, CSU GE, IGETC, C-ID:AJ 110)

AJ 140 C Criminal Investigation 3 Units
Term hours: 54 lecture. This course addresses the techniques, procedures, and ethical issues in the investigation of crime, including organization of the investigatory process, crime scene searches, interviewing and interrogating, surveillance, source of information, utility of evidence, scientific analysis of evidence and the role of the investigator in the trial process. (UC/CSU, C-ID:AJ 140)

AJ 160 C Community and the Justice System 3 Units
Term hours: 54 lecture. This course examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. Topics may include the consensus and conflicting values in culture, religion, and law. (UC/CSU, CSU GE, IGETC, SOC JUST, C-ID: AJ 160)
Air Conditioning/Refrigeration (AC/R)

AC/R 036 C Refrigeration Certification Training (formerly titled Refrigerants, Charging and Recovery)

Prerequisite(s): AC/R 100 C with a grade of C or better.
Term hours: 18 lecture. This course is the study and preparation for the Section 608 EPA Certification Exam, Refrigerant 410A Handling and Certification Exam and RSES Hydrocarbon Refrigerants Handling and Certification.

AC/R 050 C HVAC-R Special Projects

Prerequisite(s): AC/R 100 C or AC/R 105 C with a grade of C or better.
Term hours: 27-54 laboratory depending on units desired. This course is designed for students who have demonstrated interest and competencies for increased knowledge and experience in air conditioning and refrigeration technologies and applications not ordinarily covered in the curriculum. Students will participate in independent study and/or research on selected or assigned projects. May be taken for credit 3 times.

AC/R 055 C Technician Customer Relations

Term hours: 18 lecture. This course provides guidelines and best practices for providing excellent customer service relations that will enable front-line technicians and service staff in back-up and support roles to build, maintain, and increase a loyal customer base.

AC/R 100 C Principles of Thermodynamics and Heat Transfer

Advisory: AC/R 120 C.
Term hours: 27 lecture and 81 laboratory. This course is a basic study of the theory of thermodynamics and heat transfer as applied to mechanical vapor compression refrigeration cycle and system components. Classes include lectures with practical demonstrations and hands-on experience including laboratory projects demonstrate heat transfer theories and vapor compression mechanical system cycle components and accessories. (CSU)

AC/R 105 C Electricity for Air Conditioning and Refrigeration I

Term hours: 27 lecture and 81 laboratory. This course includes the basic electrical theory, concepts and principles as applied to air conditioning and refrigeration. Schematic reading and drawing, with laboratory project applications involving circuit wiring, the measurement of electrical quantities with electrical meters and electrical safety, will be presented. (CSU)

AC/R 106 C Electricity for Air Conditioning and Refrigeration II

Prerequisite(s): AC/R 105 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course is a continuation of Electricity for Air Conditioning and Refrigeration which builds upon the principles learned and applied. Course includes single phase, three phase electric motors and ECM pressure controls, time clocks and autotransformers with a lecture and laboratory practice exercises. (CSU)

AC/R 110 C Air Conditioning I

Term hours: 27 lecture and 24 laboratory. This course is an introduction into comfort cooling and air conditioning applications with a study of the behavior of air vapor mixtures as applied to the psychometric chart and related to the design of duct systems, emphasizing duct sizing, air distribution, fans and sheet metal techniques, as it relates to indoor air quality. (CSU)

AC/R 115 C Gas Heat Transfer Systems

Term hours: 27 lecture and 81 laboratory. This course is a basic study of gas heating systems for force air and boiler systems which include the principles of fuel combustion, combustion analysis, forced warmer air heat, boiler and hydronic systems. (CSU)

AC/R 120 C Piping Practice, Tools and Safety

Advisory: AC/R 100 C
This course includes laboratory projects and demonstrations involving design and construction of system piping, including techniques of shaping, forming, soldering, welding and the tools and safe practices required to design and construct refrigerant piping systems. $36.00 Material Fee - Payable at Registration. (CSU)

AC/R 135 C Sustainability Design and Application (formerly Solar Energy for Heat and Cool)

Term hours: 27 lecture and 27 laboratory. This course includes laboratory projects and demonstrations involving sustainable design, equipment selection and building operation. Course contents includes theory and application of passive and active solar energy systems, renewable heating energies, photo-voltaic arrays, and thermal solar heating arrays. (CSU)

AC/R 137 C Blueprints and Dimension Analysis (formerly AC/R 037 C)

Advisory: AC/R 145 C.
Term hours: 27 lecture and 27 laboratory. This course covers the application of engineering calculations and the reading of blueprint plan sets as encountered by the air conditioning and refrigeration field technician, project manager and design engineer. Course includes practical application of numbers to the topics of problem solving, dimension conversion and mathematical verification, proportions and ratios, length measurements with field application and exercises, area calculations, duct and sheet metal calculations, and equivalent units of measurement. This course includes elements of computer-aided design. (CSU)

AC/R 140 C Plumbing Principles/Practices

Term hours: 54 lecture and 54 laboratory. This course is designed to instruct the student in the application of plumbing technology as is used in commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards. (CSU)

AC/R 205 C Commercial Air Conditioning

Prerequisite(s): AC/R 100 C and AC/R 137 C
Term hours: 27 lecture and 81 laboratory. This is an advanced course with emphasis on the air conditioning cycle. Pipe sizing, absorption systems, centrifugal & screw chillers, cooling towers, air handlers, and chilled water pumping. (CSU)

AC/R 210 C Commercial Refrigeration

Prerequisite(s): AC/R 100 C and AC/R 105 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This is an advanced course with emphasis on the refrigeration cycle. Pipe sizing, compressor sizing, H.P. requirements, single and two stage refrigeration systems and other advanced refrigeration systems will be included. (CSU)

AC/R 215 C Codes and Commissioning (formerly Estimating for HVAC)

Advisory: AC/R 100 C and AC/R 137 C
Term hours: 27 lecture and 81 laboratory. This course is an application practice course designed to demonstrate verification methods and practices of new construction, installation of subsystems for HVAC, plumbing, electrical, building envelopes, interior systems, co-generation, utility plants, sustainable systems, lighting, controls for energy efficiency and sustainability of life cost energy usage. This course includes application of the uniform building, mechanical and electrical codes used for inspection and certification. (CSU)
AC/R 220 C Introduction to Air Conditioning Controls (formerly A/C Controls and Energy Management) 2 Units
Advisory: AC/R 105 C
Term hours: 27 lecture and 27 laboratory. This course is designed to instruct the students in the application of air conditioning pneumatic and Direct Digital controls as is used in commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards. (CSU)

AC/R 225 C Green Air Conditioning and Auditing 2 Units
Advisory: AC/R 100 C and AC/R 105 C
Term hours: 27 lecture and 27 laboratory. This course is designed to instruct the student in the design, application and maintenance of highly energy efficient (GREEN) air conditioning systems. Including topics on refrigerants, carbon footprint and efficient systems for commercial applications. (CSU)

AC/R 230 C Heat Pumps 2 Units
Prerequisite(s): AC/R 100 C and AC/R 105 C with a grade of C or better.
Term hours: 27 lecture and 27 laboratory. This course is designed to instruct the student in the application of heat pumps for sustainability and net zero energy in commercial and non-commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory equipment. (CSU)

AC/R 235 C Air Conditioning Capstone 2 Units
Advisory: Completion of or concurrent enrollment in AC/R 137 C, AC/R 125 C, AC/R 205 C, AC/R 215 C.
Term hours: 27 lecture and 27 laboratory. This course brings together all of the elements for the design, build estimating and bid aspects of an air conditioning project application. (CSU)

AC/R 245 C Load Calculations for Heating and Cooling (formerly AC/R 145 C) 2 Units
Prerequisite(s): AC/R 110 C with a grade of C or better.
Term hours: 27 lecture and 27 laboratory. This is an advanced air conditioning course in which the student will learn how to calculate the heating and cooling load of a building. The student will also create a computer spreadsheet to calculate the heat and cooling load. This course will also introduce the student to industry standards computer design systems for sustainability and maximum energy efficiency, according to ASHRAE Standard 90.1. (CSU)

AC/R 260 C Crew Leadership-Field Supervisor 2 Units
Term hours: 36 hours lecture and 18 hours laboratory. In this course, work crew leaders and field supervisors play major roles in every HVAC/R installation and construction project. This course is an overview of team building and the role of supervisor in a field environment. (CSU)

AC/R 265 C Project Management 3 Units
Term hours: 54 lecture and 18 laboratory. This course focuses on minor decisions that can have a major impact to the success of a HVAC/R project. It examines technical management skills, field safety, effective communications, management /leadership roles, concepts problem solving, decision-making, influence, conflict management resolution. (CSU)

AC/R 272 C Fundamentals of Direct Current Electricity 3 Units
Term hours: 27 Lecture and 81 Laboratory. This course builds upon electrical concepts covered in AC/R 105 C and AC/R 106 C. Topics include voltage dividers, DC voltage and current sources, simplification theorems, AC current and voltage, oscilloscope fundamentals, reactive components and reactive circuits, basic filters, ladder logic, and shop drawings. (CSU)

AC/R 273 C Introduction to Personal Computer Hardware and Software 2 Units
Term hours: 27 Lecture and 27 Laboratory. This course covers topics such as concepts and operation of direct digital controls such as input and output devices, programming strategies and translating sequence of operation documents for an HVAC system into an operations program for a DDC system. (CSU)

AC/R 274 C Instrumentation for Hydronic and Air Distribution 2 Units
Term hours: 27 Lecture and 27 Laboratory. This course covers hydronic and air distribution system fundamentals. In addition, this course covers the installation and implementation of control instrumentation. (CSU)

AC/R 275 C System Networking 3 Units
Term hours: 27 Lecture and 81 Laboratory. This course covers system networking for building automation. Topics include the fundamentals concepts of data transmission in various media types. The course is closely aligned with CompTia's Network+ Certification and assists students in their preparation for that credential. Topics include network fundamentals, standards, OSI model, IP protocol, network signal transmission, media, protocols, physical topologies, logical topologies, hardware, typical BAS networks, and typical BAS subnetworks. (CSU)

AC/R 276 C Automation Hardware 2 Units
Term hours: 27 Lecture and 27 Laboratory. This course covers the safety, application, and installation of building automation hardware and telemetry. Topics include the major types of peripheral components found in BAS systems and how to properly select and apply them in the field; standard I/O wiring, temperature devices, humidity devices, pressure devices, flow devices, life and equipment safety devices, actuators and dampers, control valves, power supply devices, transducers, relays and contactors, motor controls, enclosures, and power monitoring devices. (CSU)

AC/R 277 C Control Logic Programming 3 Units
Term hours: 27 Lecture and 81 Laboratory. This course covers logic, truth tables, logical equivalences, conditionals, Boolean expressions, logic gates, digital logic circuits, number systems, object-oriented programming, data types, decision making, and programming style. (CSU)

AC/R 278 C Building Performance and Energy Auditing 3 Units
Term hours: 27 lecture and 81 laboratory. This course covers data analysis for energy efficiency and building performance and includes topics such as energy use basics, effects of building design on energy use, identifying effective strategies to optimize buildings systems efficiencies, correct appliance applications and benefits; terminology, understanding and identifying different types of HVAC equipment, construction basics, window design, lighting fundamentals, and photo-voltaic. (CSU)

AC/R 279 C Building Automation Control Systems 2 Units
Term hours: 27 lecture and 27 laboratory. This course covers common open protocols such as BACNET, Modbus and Lonworks, use of wireless protocol integration platforms such as Tridium Niagara and FieldBus, and review of whole building systems integration strategies. (CSU)

AC/R 280 C Automation Capstone Project 2 Units
Term hours: 27 lecture and 27 laboratory. This course includes building automation hardware application and installation, control programming, incorporating knowledge of commercial air conditioning principles. Students will design, bid, and program automation controls and devices to accomplish a predetermined control outcome. (CSU)
Anthropology (ANTH)

ANTH 101 C Biological Anthropology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This course introduces the concepts, methods of inquiry, and scientific explanations for biological evolution and their application to the human species. Issues and topics will include, but are not limited to, genetics, evolutionary theory, human variation and biocultural adaptations, comparative primate anatomy and behavior, and the fossil evidence for human evolution. The scientific method serves as foundation of the course. Duplicate credit not granted for ANTH 101HC or ANTH 201 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 110)

ANTH 101HC Honors Biological Anthropology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This Honors-enhanced course is an introduction to the concepts, methods of inquiry, and scientific explanations for biological evolution and their application to the human species. Issues and topics will include, but are not limited to, genetics, evolutionary theory, human variation and biocultural adaptations, comparative primate anatomy and behavior, and the fossil evidence for human evolution. The scientific method serves as foundation of the course. Duplicate credit not granted for ANTH 101 C or ANTH 201 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 110)

ANTH 101 LC Biological Anthropology Lab 1 Unit
**Prerequisite(s):** Completion of, or concurrent enrollment in ANTH 101 C or ANTH 101HC with a grade of C or better.
Term hours: 54 lecture. This laboratory course is offered as a supplement to Biological Anthropology (ANTH 101C/101HC) either taken concurrently or in a subsequent term. It provides an introduction to experimental and experimental laboratory research methods used in biological anthropology. Laboratory exercises are designed to introduce students to the scientific method and explore genetics, the forces of evolution, human variation, human osteology, human and non-human primate anatomy and behavior, the primate and hominin fossil record and other resources to investigate processes that affect human evolution. One field trip to a regional zoo will be required for non-human primate observations. Zoo admissions range $10.00 - $60.00. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ANTH 115 L)

ANTH 102 C Cultural Anthropology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This course explores how anthropologists study and compare human culture. Cultural anthropologists seek to understand the diversity of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically and economically; how they communicate; how they relate to each other through marriage, family and kinship ties; what they believe about the world (religion and belief systems); how they express themselves creatively (the arts and expressive culture); how they make distinctions among themselves; how they have shaped and been shaped by the past; and how they navigate culture change and processes of globalization. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics and apply their perspectives and skills to understand humans around the globe. Duplicate credit not granted for ANTH 102 HC. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ANTH 120)

ANTH 102 HC Honors Cultural Anthropology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This course is an enhanced exploration of how anthropologists study and compare human culture. Cultural anthropologists seek to understand the diversity of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically and economically; how they communicate; how they relate to each other through marriage, family and kinship ties; what they believe about the world (religion and belief systems); how they express themselves creatively (the arts and expressive culture); how they make distinctions among themselves; how they have shaped and been shaped by the past; and how they navigate culture change and processes of globalization. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics and apply their perspectives and skills to understand humans around the globe. Duplicate credit not granted for ANTH 102 HC. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ANTH 120)

ANTH 103 C Introduction to Archaeology (formerly ANTH 203 C) 3 Units
**Advisory:** Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the study of concepts, theories, data and models of anthropological archaeology that contribute to our knowledge of the human past. The course includes a discussion of the nature of scientific inquiry; the history and interdisciplinary nature of archaeological research; dating techniques; methods of survey, excavation, analysis, and interpretation; cultural resource management; professional ethics; and selected cultural sequences. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 150)

ANTH 104 C Comparative Cultures 3 Units
**Advisory:** Completion of ENGL 100 C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This course uses a focused cross-cultural and comparative approach to introduce anthropological concepts such as modes of production, family and kinship, economics, political organization, art and religion. Globalization and culture change will also be explored. A representative selection of culture areas will be featured through ethnography, providing perspective on the variety of human adaptation and how cultural systems are integrated. (UC/CSU, AA GE, CSU GE, IGETC)
ANTH 105 C Introduction to Linguistic Anthropology 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This introductory course serves as a foundation for understanding language from an anthropological perspective, addressing such core questions as how, what, when, where, why and with whom we communicate. This course surveys three core areas in linguistic anthropology—structural linguistics: phonetics, phonology, morphology, and syntax, as well as the biocultural basis of language; historical linguistics: origins and evolution/change, dialects, and language families; and sociocultural linguistics: language acquisition in cultural context, emphasizing the relationship between language and culture, and issues of language conservation and loss. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 130)

ANTH 106 C Human Prehistory and Ancient Civilizations 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the prehistoric development of civilizations both in the Old World and the New World beginning with early modern humans. Because the prehistoric is the time prior to cultures' writing about themselves, students will examine archaeological methods and theories used to describe the past. Topics will include the spread of modern humans, Mesolithic societies, the origins of food production and the evolution and collapse of various world civilizations. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 107 C Magic, Witchcraft and Religion 3 Units
Advisory: Eligibility for ENGL 100C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the anthropology of religion. It will explore the beliefs and practices of numerous world cultures, particularly, but not exclusively, focusing on non-Western traditional societies, using a cross-cultural approach. Anthropological perspectives on the study of religion, mythology and symbolism will be discussed. Ritual, magic, divination, shamanism, sorcery, altered states of consciousness, healing, witchcraft, syncretism and new religious movements, among other related topics, will be analyzed with respect to the functions they have and how religion as a cultural institution is integrated into society in general and in the life of the individual. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 121 C Native North America 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an anthropological survey of the cultures of Native American societies of North America. Topics include the peopling of the New World, traditional culture, the impacts of culture contact both from Western cultures and native peoples' cultures on one another, and contemporary issues. (UC/CSU, CSU GE, AA GE, IGETC, SOC JUST)

ANTH 208 C Anthropology of Death 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Completion of ANTH 102 C or 104 C or 107 C.
Term hours: 54 lecture. This course is a cross-cultural exploration of the beliefs and practices surrounding death, dying, mourning, and mortuary customs, as well as conceptions of the afterlife, in both Western and non-Western cultures around the world, and how the individual is impacted sociologically, physiologically and psychologically throughout the life course by issues related to death and dying. It will emphasize how human social, political and economic institutions are inextricably interwoven using an integrated anthropological approach, including data from archaeology, biological anthropology, linguistic anthropology and cultural anthropology, as well as broader social science perspectives, methods, values and ethics. This course is specifically designed as a general education social science course and to illustrate how understanding beliefs and practices related to death and dying provide lifelong appreciation of the individual as an integrated physiological, social, and psychological being. Duplicate credit not granted for ANTH 308 C. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 210 C Introduction to Forensic Anthropology 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C and prior learning of the skeletal system or human osteology.
Term hours: 54 lecture. This course covers the application of standard, scientific, anthropological methods and techniques to identify human remains and to assist in the detection of a crime or after a mass disaster. This course provides a basic overview of the field of forensic anthropology, human osteology, the techniques used to make estimations of age, sex, ancestry and stature, recovery techniques and the analytic techniques and procedures used in the medico-legal framework. This class includes extensive analysis of anthropological methods, ethics, socio-cultural considerations and civic responsibilities inherent to forensic anthropology. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 212 C Applied and Practicing Anthropology (formerly ANTH 211 C) 3 Units
Advisory: Eligibility of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This applied anthropology course covers the principles, methodologies, value systems, and ethics of social scientific inquiry and anthropology in particular to solve real-world contemporary and historical human problems, in both Western and non-Western societies. This course will focus on the interwoven nature of human social, political, and economic institutions. Students will explore the perspectives of applied and practicing anthropology across all subfields of anthropology in a manner which develops the student's analytical capacity and understanding of social science in ways that will be useful to any educated citizen and across any academic discipline. The role of anthropologists as practitioners of behavioral science and relationships between course concepts to a broader understanding of social science will be emphasized. An applied research project and/or field trips may be required. (CSU/UC, AA GE, CSU GE, IGETC)
ANTH 225 C Ancient Cultures of Mexico and Central America 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course explores the diverse cultures of ancient Mesoamerica from the origins of civilization through the initial period of Spanish contact. Mesoamerica is defined as the culture area extending from the Rio Grande to the north to the Isthmus of Panama to the south. While the contributions of all four fields of anthropology will be explored, this course will primarily approach the cultures of Mesoamerica from archaeological and ethnohistoric perspectives. The subsistence practices, social organization and ideologies of past cultures will be presented and links between these ancient lifeways and aspects of the modern cultures of northern Latin America will be discussed. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 231 C Field Course in Archaeology I 3 Units
Advisory: Completion of ANTH 103 C
Term hours: 18 lecture and 108 laboratory. This course provides practical experience in field archaeology through a combination of lectures and laboratory hours in a fieldwork setting. It is designed to provide an introductory understanding of site survey, archaeological methods, laboratory analysis, local prehistory and museum preparation. (CSU)

ANTH 232 C Field Course in Archaeology II 3 Units
Prerequisite(s): ANTH 231 C with a grade of C or better.
Advisory: ANTH 103 C.
Term hours: 18 lecture and 108 laboratory. This course provides intermediate level practical experience in field archaeology. Students will be expected to build on the skills introduced in ANTH 231 C through a combination of lectures and laboratory hours in a fieldwork setting. This course provides a more advanced understanding of site survey, archaeological methods, laboratory analysis, local prehistory and museum preparation, with an emphasis on the curation and analysis of specific artifact types. Students are also expected to mentor students in the co-occurring ANTH 231 C in the field by modeling introductory skills in a field setting. Completion of ANTH 232 C is intended to prepare students for entry-level positions in Cultural Resource Management. (CSU)

ANTH 298 C Anthropology Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-12 lecture and 0-36 laboratory. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge on a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 to 12 units. Consult the class schedule for the offerings in a particular semester. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

ANTH 299 C Anthropology Independent Study 1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Varying hours of scheduled conferences per week. This course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic. Course may be taken three times for credit. (UC Credit Limitation/CSU)

ANTH 308 C Anthropology of Death for Mortuary Science 3 Units
Prerequisite(s): Completion of ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Advisory: Completion of ANTH 102 C or ANTH 104 C or ANTH 107 C.
Term hours: 54 lecture. This is an upper division intensive writing course intended only for Cypress College's Bachelor of Science in Funeral Service students. (All other students interested in this course should take ANTH 208 C - Anthropology of Death). This course is a cross-cultural exploration of the beliefs and practices surrounding death, dying, mourning, and mortuary customs, as well as conceptions of the afterlife, in cultures around the world. An integrated anthropological approach will be taken, including data from archaeology, biological anthropology and cultural anthropology. Enrollment is limited to those accepted into the Funeral Service Bachelor of Science degree program. Duplicate credit not granted for ANTH 208 C.

Art (ART)

ART 100 C Fundamentals of Art 3 Units
Term hours: 54 lecture. This introductory course investigates the visual elements and principles of art through lectures, reading, films and hands-on experience. It also examines, in the same manner, historical styles and themes in art as well as materials and techniques. Cost of museum visit and materials will not exceed $25. Pass/No Pass/Letter Grade option. (CSU/UC AA GE, CSU GE, IGETC)

ART 110 C Introduction to Art 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is designed to expose the student to art from prehistoric times to the present: its purposes, materials, themes, history, and significance. It also acquaints the student with art and artists' roles in present and past societies, and helps the student understand the uses of materials and visual elements (i.e., line, color, etc.) to communicate ideas in architecture, sculpture, painting, ceramics, crafts, filmmaking, printmaking, etc. Major writing assignments are required. Pass/No Pass/Letter Grade Option. Cost of museum visit will not exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ARTH 100)

ART 111 C Survey of Art History I 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course studies the development of ancient and medieval architecture, sculpture and painting in the Western and Eastern cultures. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials and subjects are used and transferred from one culture to another. Major writing assignments are required. Pass/No Pass/Letter Grade Option. Cost of museum visit will not exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ARTH 110)

ART 112 C Survey of Art History II 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course studies the development of architecture, sculpture and painting in the Western world from the Renaissance through the twenty-first century. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials and subjects are used and transferred from one culture to another. Major writing assignments are required. Cost of museum visit will not exceed $15.00. Duplicate credit not granted for ART 112HC. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: ARTH 120)
ART 112HC Honors Survey of Art History II 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
. Term hours: 54 lecture. This Honors-enhanced course studies the development of architecture, sculpture, and painting of the Western world from the Renaissance through the twenty-first century. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials, and subjects are used and transferred from one culture to another. Cost of museum visit will not exceed $25. Materials fee payable at registration. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: ARTS 120)

ART 114 C Modern Art History 3 Units
Advisory: ART 112 C and completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
. Term hours: 54 lecture. This course covers the development of modern art and architecture from its 19th century beginnings to the early 21st century. Emphasis is placed on exploring how art and architecture communicate meaning and interact with history, and on examining the ways in which the definition and practice of art has expanded over the past 200 years. Cost of museum visit will not exceed $25. Pass/No Pass/Letter Grade option. (CSU/UC AA GE, CSU GE, IGETC)

ART 116 C Arts of Africa, Oceania and Indigenous North America 3 Units
Advisory: ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C.
. Term hours: 54 lecture. This course is a survey of visual culture within selected regions in Africa, Oceania, and indigenous North America. This course requires out-of-class assignments with a maximum fee of $25. Pass/No Pass/Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ARTH 140)

ART 120 C Two-Dimensional Design 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to the concepts, applications, and art historical and multi-cultural references related to two-dimensional art and composition, including the study of the basic principles and elements of line, shape, value, color and spatial illusion. Development of a visual vocabulary for creative expression through lecture presentations, studio projects, problem solving, and written assignments. $25 Materials Fee - Payable at Registration. (UC/CSU, AA GE, CSU GE/C-ID: ARTS 100)

ART 121 C Three-Dimensional Design 3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces the concepts, applications, cultural and art historical references related to three-dimensional design and spatial composition, including the study of the elements and organizing principles of design as they apply to three-dimensional space and form. Development of a visual vocabulary for creative expression through lecture presentations and use of appropriate materials for non-representational three-dimensional studio projects. The materials fee is for materials provided to the student by the Art Department. $20 materials fee payable at registration. (CSU/UC/C-ID: ARTS 101)

ART 122 C Introduction to Digital Art (formerly ART 122 C Gallery and Portfolio Design) 3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces the student to the computer as a creative tool for making art, illustration, sculpture and design from the perspective of the fine artist in the studio. Topics include integration of traditional art, design, color, and compositional elements and principles; exploration of contemporary art trends utilizing digital tools, including traditional and non-traditional software and hardware applications and processes for development of critical personal expression; evaluation of cultural and technological history, theory, and artwork of artists employing the computer in their final art practice; and development and creation of a variety of non-commercial artworks that express personal vision. $25 Materials Fee - Payable at Registration (UC/CSU/C-ID: ARTS 250)

ART 123 C Color Theory 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on the scientific, artistic, and varied cultural understandings of color pertaining to painting, drawing, photography, media arts and design. This course utilizes the historical theories of color by previous artists to study distinct color properties and functions. This course investigates color symbolism and composition through isolation and reintegration of the elements of color theory that combines lecture, demonstration and critique with hands-on exploration in problem solving. $25 Materials Fee - Payable at Registration. Materials fees are provided to the student by the Art Department. (UC/CSU, C-ID: ARTS 270)

ART 130 C Introduction to Printmaking 3 Units
Term hours: 36 lecture and 72 laboratory. This introductory course presents the artist with concepts and techniques of drawing, design, and color through the use of fine art printing medias such as etching, lithography, and woodcut. $20 materials fee payable at registration. (CSU/UC)

ART 131 C Intermediate Printmaking 3 Units
Term hours: 36 lecture and 72 laboratory. This intermediate course will continue with exploration and technical problem solving in fine art printing medias such as etching, lithography, screen printing and woodcut. $20 materials fee payable at registration. (CSU)

ART 146 C Beginning Sculpture (formerly ART 149 C) 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to three-dimensional sculptural principles, techniques and concepts utilizing a wide range of materials and practices. Various sculpture methods are practiced with attention to creative self-expression and historical context. This course combines lecture, demonstrations, and critique with hands-on exploration in problem solving. $25 materials fee payable at registration. (CSU/UC)

ART 147 C Intermediate Sculpture 3 Units
Prerequisite(s): ART 146 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This intermediate course further explores three-dimensional sculptural principles, techniques, and concepts utilizing a wide range of materials and practices. Various sculpture methods are practiced with attention to creative self-expression and historical context. This course combines lecture, demonstrations and critique with hands-on exploration in problem solving. $25 materials fee payable at registration. (UC/CSU)

ART 148 C Introduction to Crafts 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to traditional and contemporary concepts and processes in a variety of craft media, with emphasis on the development of aesthetic forms based on function and design principles. This course combines lecture, demonstration and critique with hands-on exploration and problem solving. $25 materials fee payable at registration.
ART 150 C Ceramics Handbuilding 3 Units
This course will cover basic information about ceramics. Learning to construct ceramic forms with hand-building techniques will be applied to convey ideas, images, and feelings. Visual vocabulary as it pertains to all of the arts will be stressed. Basic technology of clay, glazes, and firing procedures is included. $20.00 materials fee payable at registration. (UC/CSU, AA GE, CSU GE)

ART 151 C Ceramics Throwing 3 Units
Term hours: 36 lecture and 72 laboratory. This course covers basic information about ceramics with an emphasis on learning to use the potter’s wheel as a tool. Students will use it to convey ideas, images, and feelings. Visual vocabulary as it pertains to all of the arts is emphasized. Basic technology of clay, glazes, and firing procedures are included. $20.00 Material Fee-Payable at Registration. (UC/CSU, AA GE, CSU GE)

ART 152 C Technical and Conceptual Ceramics 3 Units
**Prerequisite(s):** ART 150 C or ART 151 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course deals with advanced technical skills in ceramic construction and visual concepts. Identification and application of one’s personal aesthetic will be emphasized. Clay, glazes, and firing techniques are integral to this course. $20 materials fee payable at registration. (CSU/UC)

ART 153 C Ceramic Studio Exploration 3 Units
**Prerequisite(s):** ART 152 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course covers advanced technical and conceptual skills. Synthesizing the individual development of a personal aesthetic will be used. Application of this aesthetic will be used to create ceramic objects. Further technology of clay, glazes, and firing possibilities is expected. $20 materials fee payable at registration. (UC/CSU)

ART 154 C Ceramic Aesthetics and Finishes 3 Units
**Prerequisite(s):** ART 153 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This class which explores various firing processes, glaze exploration and philosophy is designed for the advanced ceramic student. Developing a personal aesthetic towards raku will be emphasized. Experimentation of glazes will be stressed. $20 materials fee payable at registration. (UC/CSU)

ART 155 C Art Open Laboratory 0.5-2 Units
**Corequisite(s):** ART 130 C or ART 148 C or ART 149 C or ART 150 C or ART 151 C or ART 152 C or ART 153 C or ART 154 C with a grade of C or better.
Term hours: 27-108 laboratory depending on units attempted. Students may utilize the lab while it is open. This open lab course with flexible hours and variable units is designed to provide students with space and equipment needed to complete art assignments. A total of 27 hours is required for each .5 unit up to 108 hours for two (2) units. This course may be taken for credit four times. Pass/No Pass only. (CSU)

ART 161 C Introduction to Gallery Studies - Exhibition Preparation and Installation Techniques (formerly ART 122 C) 3 Units
Term hours: 32-36 lecture and 64-72 laboratory. This introductory course, students will be introduced to installation practices required to work in gallery and museum environments. This course will introduce art handling, conservation, visitor relations, installation, construction and maintenance. (CSU)

ART 162 C Intermediate Gallery Studies - Exhibition Organization and Management Techniques (formerly titled Gallery Studies 2) 3 Units
Term hours: 36 lecture and 72 laboratory. In this intermediate course, students will learn to organize and market exhibitions in gallery and museum environments. Course topics include: Curatorial methods and ethics, exhibition design and management, promotion, community relations, and development of related exhibition programming. (CSU)

ART 163 C Portfolio Development and Professional Practices (formerly titled Gallery Studies 3) 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, students will learn to prepare their portfolio, develop their career as a working arts and present their work for exhibition. Course topics include portfolio development, marketing, networking, grants, and continued education, internships, and residencies. (CSU)

ART 166 C Contemporary Art Studio 3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces students to the practices of contemporary art, including current approaches to drawing and painting, sculpture, installation art, performance art, video, sound, and digital technologies. Students use a variety of traditional and digital processes to create works of art. This course is designed for Art majors. (CSU/UC)

ART 167 C Contemporary Art Studio 2 3 Units
**Prerequisite(s):** ART 166 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This advanced course further explores the practices of contemporary art, including current approaches to drawing and painting, sculpture, installation art, performance art, video, sound, and digital technologies. Students use a variety of traditional and digital processes to create works of art. This course is designed for Art majors. (CSU/UC)

ART 174 C Jewelry Design 3 Units
Term hours: 36 lecture and 72 laboratory. This is a course covering the design and construction of jewelry and small fabricated metal pieces. Emphasis will be placed on fabrication and direct casting techniques and their potential. $35 materials fee payable at registration. (CSU)

ART 175 C Metalsmithing 3 Units
**Prerequisite(s):** ART 174 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. The emphasis of this course will be placed on the development of advanced design skills, lost wax casting and stone setting techniques. $35 materials fee payable at registration. (CSU)

ART 182 C Beginning Drawing 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introductory class in the fundamentals of drawing. The student will be exploring traditional and experimental methods in drawing. There is strong emphasis on foundation skills such as form, value, composition and perspective. Perceptual skills and self-expression will also be stressed. The student will work from nature, man made objects and his or her own imagination. Non objective and abstract considerations will be examined in representational and experimental drawing. A variety of media will be introduced, such as graphite, charcoal, conte, pen and ink. Advanced students will be exposed to more color and mixed media. (CSU/AA GE, CSU GE/C-ID: ARTS 110)

ART 183 C Intermediate Drawing 3 Units
**Prerequisite(s):** ART 182 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course is a continued study of drawing techniques and media. As a creative process, emphasis is placed upon individual experimentation as well as continued skills development and conceptual application pertaining to drawing. (CSU/UC/C-ID: ARTS 205)
ART 182 C. (CSU/UC/AA GE, CSU GE, IGETC)

ART 184 C Advanced Drawing
3 Units
Prerequisite(s): ART 183 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course constitutes a study of advanced drawing issues stressing experimentation, traditional and contemporary drawing composition and methods. Emphasis is upon a body of work demonstrating individual conceptualism and material exploration. (CSU/UC)

ART 185 C Intermediate Life Drawing
3 Units
Prerequisite(s): ART 185 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course is an introduction to the representational and expressive drawing of the human figure. It is a foundation for figure painting. The course provides an opportunity for exploration of various methods, approaches, and media in figure drawing. (CSU/UC/AA GE/C-ID: ARTS 200)

ART 186 C Advanced Life Drawing
3 Units
Prerequisite(s): ART 186 C with a grade of C or better.
Term hours: 36 lecture and 72 lecture. This is an advanced course in drawing the human figure. The emphasis of this course is focused review of previous drawing exercises and the refinement of techniques. Advanced studio problems will be addressed, with historical and contemporary examples. Two hours lecture and four hours of studio per week. This course is recommended for art majors. (CSU/UC)

ART 187 C Advanced Life Drawing
3 Units
Prerequisite(s): ART 187 C with a grade of C or better.
Term hours: 36 lecture and 72 lecture. This course is an advanced course in drawing the human figure. The emphasis of this course is a focused review of previous drawing exercises and the refinement of techniques. Advanced studio problems will be addressed, with historical and contemporary examples. Two hours lecture and four hours of studio per week. This course is recommended for art majors. (CSU/UC)

ART 188 C Technical Illustration
3 Units
Prerequisite(s): ART 182 C or ART 194 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course is an introduction to technical and scientific illustration. Students will study the design and execution of illustrations for various uses in a variety of media. Course content includes designing to communicate a message, composition, style, development of preliminary drawings, preparation of drawings for printed reproduction, and experiments in the use of various media. The business of illustration is also introduced in this class. $20 materials fee payable at registration. (CSU/UC)

ART 189 C Beginning Watercolor Painting
3 Units
Prerequisite(s): ART 189 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course constitutes an introduction to watercolor painting. Emphasis is placed upon the use of watercolor as a means to explore color, light, and composition. (CSU/UC)

ART 190 C Beginning Painting (formerly ART 189 C)
3 Units
Term hours: 36 lecture and 72 laboratory. The purpose of this course is to approach painting as a creative and problem solving process. Emphasis will be placed on the acquisition of technical/formal skills and the development of a personal artistic vision. This course will include a variety of media and the fundamentals of composition, color theory, and craftsmanship as applied to painting and the fine arts. (CSU/UC/AA GE, CSU GE/C-ID: ARTS 210)

ART 191 C Life Painting
3 Units
Prerequisite(s): ART 185 C or ART 189 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course is an introduction to painting the human figure as a means to a more penetrating perception of visual phenomena and as a means of creative expression. Paintings will progress from a limited palette to full color with emphasis on light, color, composition and form. The course provides an opportunity for examination of historical and contemporary examples of figure painting and for exploration of various methods, approaches and media. This course satisfies the requirements for units in lower division Life Painting for transfer. (UC/CSU)

ART 192 C Portrait Painting
3 Units
Prerequisite(s): ART 191 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course will develop the portrait through observation and study of models. Emphasis is on the use of traditional and non-traditional materials and techniques. The production of a series of works with emphasis on the development of individual conceptualism and material exploration. (CSU/UC)

ART 193 C Advanced Life Drawing
3 Units
Prerequisite(s): ART 193 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course is an advanced course in drawing the human figure. The emphasis of this course is on the development of creative solutions will be the goal of the class. (CSU/UC)

ART 194 C Advanced Painting
3 Units
Prerequisite(s): ART 194 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course constitutes a study of advanced painting problems stressing experimentation, traditional and contemporary painting composition and methods. Emphasis is upon a body of work demonstrating individual conceptualism and material exploration. (CSU/UC)

ART 195 C Intermediate Painting
3 Units
Prerequisite(s): ART 195 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course is a continued study of painting techniques and media. As a creative process, emphasis is placed upon individual experimentation as well as continued skills development and conceptual application pertaining to painting. (CSU/UC)

ART 196 C Advanced Painting
3 Units
Prerequisite(s): ART 196 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course constitutes a study of advanced painting problems stressing experimentation, traditional and contemporary painting composition and methods. Emphasis is upon a body of work demonstrating individual conceptualism and material exploration. (CSU/UC)

ART 197 C Beginning Watercolor Painting
3 Units
Term hours: 36 lecture and 72 laboratory. The beginning semester of this course will be an introduction to image making on paper using transparent watercolor media. Techniques covered include traditional transparent watercolor, acrylic polymer media used transparently and as a gouache, collage, transfers, and mixed media techniques appropriate to paper supports. The production of a series of works with emphasis on the development of creative solutions will be the goal of the class. (CSU/UC)

ART 216 C Latin American Art
3 Units
Advisory: ENGL 100 C or ENGL 101 C or ESL 110 C.
. Term hours: 54 lecture. This course is a survey of arts and architecture of Mexico, Central America, and South America from 1200 BC to the late 20th century. Cost of museum visit will not exceed $15. Pass/No Pass/Letter Grade option. (CSU/UC/AA GE, CSU GE, IGETC)

ART 244 C Illustration
3 Units
Advisory: ART 182 C.
Term hours: 36 lecture and 72 laboratory. This is an introductory course in the art of illustration. Primary emphasis is on the design and execution of illustrations for various uses in a variety of media. Course content includes designing to communicate a message, composition, style, development of preliminary drawings, preparation of drawings for printed reproduction, and experiments in the use of various media. The business of illustration is also introduced in this class. $20 materials fee payable at registration. (CSU/UC)

ART 246 C Advanced Illustration
3 Units
Prerequisite(s): ART 244 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This advanced level course in illustration presents the student with the opportunity to create an elevated and accelerated level of problem solving within the creation of finished illustrations, from thumbnail sketches to final art. Emphasis in this course is critical thinking skills, conceptual skills, addressing aesthetic intent for the illustration for printed media, such as books, newspapers, magazines as well as illustration for the web and electronic entertainment, theme park and motion picture industries. Projects are designed to prepare the student for the professional skills necessary in creating an industry appropriate portfolio of work and for transfer to a 4 year institution. $20 materials fee is payable at registration. (CSU/UC)

ART 298 C Art Seminar
0.5-12 Units
Prerequisite(s): May be required
Advisory: May be required
Corequisite: May be required. Term hours: 0-216 lecture and/or 0-864 laboratory depending on units attempted. This course covers various classes which are designed to meet the interests and needs of the student and faculty. Pass/No Pass or Letter Grade option. Fees may be required - payable at registration or bookstore. (CSU)
Astronomy (ASTR)

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, and C-Critical Thinking, Problem Solving, and Information Competency Skills; specifically, the following ISLO/PSLO subcategories: A1-Science, Technology, Engineering, and Mathematics, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C4-Problem Solving, and C5-Technology.

Courses

ASTR 116 C Introduction to Astronomy 3 Units
Term hours: 54 lecture. This course is an introduction to the ideas, concepts, and theories of astronomy. Topics include the night sky, history of astronomy, the solar system, extra solar planets, stars, the interstellar medium, galaxies, cosmology, and extraterrestrial life in the universe. On-campus observation sessions may be held. Duplicate credit not granted for ASTR 116HC. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

ASTR 116HC Honors Introduction to Astronomy 3 Units
Term hours: 54 lecture. This Honors-enhanced course introduces the concepts and theories of astronomy. Topics include the night sky, history of astronomy, the solar system, the sun, moon, planets, extra solar planets, stars, the interstellar medium, black holes, galaxies, cosmology, and life in the universe. Telescope observation sessions will be held on campus. Duplicate credit not granted for ASTR 116C. (UC/CSU, AA GE, CSU GE, IGETC)

ASTR 117 C Astronomy Lab 1 Unit
Prerequisite(s): Completion of or concurrent enrollment in ASTR 116 C or ASTR 116HC, with a grade of C or better.
Term hours: 54 laboratory. This course comprises an introduction to techniques of Astronomical measurement and analysis of Astronomical data. Emphasis will be on understanding how scientific knowledge is constructed, i.e. answering the question: how do we know what we know about the universe? Students will perform hands-on measurements, observations, and exercises in data analysis relating to the solar system, stars, galaxies, large-scale structure of the universe, and cosmology. On-campus telescopic observing may be done by students in the Astronomy Laboratory. Duplicate credit not granted for ASTR 117HC. (UC/CSU, AA GE, CSU GE, IGETC)

ASTR 117HC Honors Astronomy Lab 1 Unit
Prerequisite(s): Completion of or concurrent enrollment in ASTR 116 C or ASTR 116HC, with a grade of C or better.
Term hours: 54 laboratory. This Honors-enhanced course comprises an introduction to Astronomical measurement and analysis of Astronomical data. Emphasis will be on how scientific knowledge is constructed, i.e. answering the question: how do we know what we know about the universe? Students will perform hands-on measurements, observations, and exercises in data analysis relating to the solar system, stars, galaxies, large-scale structure of the universe, and cosmology. Students will learn how to use a telescope, which may be computer controlled and take digital images. Duplicate credit not granted for ASTR 117 C. (CSU/UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

Automotive Collision Repair (ACR)

ACR 020 C Auto Detail/Car Care - Beginning 3 Units
Term hours: 36 lecture and 54 laboratory. This is an introductory automotive detailing and car care course. Detailing chemicals, processes, tools, and equipment are covered in the class. Topics include the theory, diagnosis of paint conditions, and communication with the customer. Laboratory activities will emphasize skill competency in paint condition identification, washing, waxing, polishing, and interior care.

ACR 021 C Advanced Auto Detailing 3 Units
Prerequisite(s): ACR 020 C or ACR/R 120 C with a grade of C or better.
Term Hours: 36 Lecture and 54 Laboratory. This is an advanced course in automotive detailing and car care. Topics include: starting a detailing business, location determination, customer service, and advanced detailing techniques. Laboratory activities include receipt and delivery of customer vehicles, use of chemicals, and advanced detailing.

ACR 050 C ACR and Special Projects 2-3 Units
Term hours: 18 lecture and 48-108 laboratory depending on units attempted. This course is designed to offer students a supervised independent program to continue and broaden their studies in automotive collision repairs. May be taken for credit 4 times.

ACR 101 C Auto Collision Repair Technician I (formerly ACR 001 C) 6 Units
Term hours: 54 lecture and 162 laboratory. This course covers the fundamentals of automotive collision repair with an emphasis on safety, proper use of tools, and industry standards and regulations. An overview of technical principles and in-depth cover of sheet metal straightening and welding practices will also be discussed. $20 materials fee payable at registration. (CSU)
ACR 102 C Auto Collision Repair Technician II (formerly ACR 002 C) 6 Units
Prerequisite(s): ACR 101 C with a grade of C or better
Term hours: 54 lecture and 162 laboratory. This course continues to cover the fundamentals of automotive collision repair with an emphasis on safety, proper use of tools, industry standards and progressive skills development. An overview of technical principles and in-depth coverage of sheet metal straightening and welding practices will also be discussed. $20 materials fee payable at registration. (CSU)

ACR 103 C Auto Collision Repair Technician III (formerly ACR 003 C) 6 Units
Prerequisite(s): ACR 102 C with a grade of C or better
Term hours: 54 lecture and 162 laboratory. This course is the third course in progressive skills development and covers major body repairs with welded panel replacement, panel alignment, upholstery removal and replacement. Glass removal and replacement, advanced metal work, including straightening of frames will also be discussed. $20 materials fee payable at registration. (CSU)

ACR 104 C Auto Collision Repair Technician IV (formerly ACR 004 C) 6 Units
Prerequisite(s): ACR 103 C with a grade of C or better
This course is the fourth course in progressive skills development in collision repair. Students will learn advanced techniques in all areas to include body electrical systems, M.I.G. welding, power windows, tail gates, employer-employee relations, shop-related business procedures and rust proofing. $20 materials fee payable at registration. (CSU)

ACR 107 C Refinishing Technician I (formerly ACR 007 C) 6 Units
Term hours: 90 lecture and 54 laboratory. This is the first introductory course to the auto motive refinishing industry. Topics include refinishing techniques with water based materials and urethane topcoat, equipment, procedures and techniques necessary to properly prepare and refinish a wide range of automotive vehicles. $20 materials fee payable at registration. (CSU)

ACR 108 C Refinishing Technician II (formerly ACR 008 C) 6 Units
Prerequisite(s): ACR 107 C with a grade of C or better
Term hours: 90 lecture and 54 laboratory. This is the second course in the series to the automotive paint and refinishing industry. Progressive skill development in a variety of products and techniques for proper preparation and application will also be discussed. This course aligns with industry standards for safety and quality. $20 materials fee payable at registration. (CSU)

ACR 109 C Refinishing Technician III (formerly ACR 009 C) 6 Units
Prerequisite(s): ACR 108 C with a grade of C or better.
In this course, students will learn advanced level skills in the progressive series of ACR 107 C, ACR 108 C and this course in custom painting materials and techniques. Skills in a variety of paints and techniques will be acquired. $20 materials fee payable at registration. (CSU)

ACR 112 C Collision Damage Appraisal (formerly ACR 012 C) 3 Units
This course is designed to prepare students to enter the field of collision damage appraisal. Students will learn how to write repair estimates on damaged vehicles. This course will cover frame straightening, glass, paint, and the use of various manuals. (CSU)

ACR 113 C Computerized Automotive Damage Appraisal (formerly ACR 013 C) 3 Units
Term hours: 54 lecture. This course is designed for students who have had previous estimating training or some experience in automotive damage appraisal. Students will learn computer-based estimating software used in the collision repair industry. This course will give the student an opportunity to develop skills in computer-assisted estimate writing. (CSU)

ACR 130 C Electrical Systems and Component Repair (formerly ACR 030 C) 4 Units
Prerequisite(s): Completion of, or concurrent enrollment in ACR 102 C, ACR 103 C or ACR 104 C, or employment in the industry.
Term hours: 54 lecture and 54 laboratory. This course will include advanced techniques in auto collision repair. Topics included are collision-related electrical repairs, supplemental restraint system (SRS) sheet mold compound (SMC), interior and exterior plastic repairs, plastic welding, bumper energy absorbing systems, air conditioning, sun roofs, aluminum repair and welding. Students are given practical application for diagnosis, repair and servicing on both laboratory and live projects. $20 materials fee payable at registration. (CSU)

ACR 140 C Structural Alignment Repair (formerly ACR 040 C) 4 Units
Prerequisite(s): Completion of or concurrent enrollment in ACR 102 C or ACR 103 C or ACR 104 C, or employment in the industry.
Term hours: 54 lecture and 54 laboratory. This course will emphasize the diagnosis and restructuring of the unitized automobile, light truck frame and body, use of manuals, structural restoration, centerline gauge use, dedicated measurement systems, sectioning techniques, corrosion protection, relationship of suspension and structural components. (CSU)

ACR 160 C Collision Repair Management (formerly ACR 060 C) 3 Units
This advanced skills course is designed for ACR students pursuing a management and sales career in the collision repair industry. Areas covered include: vehicle check-in, movement/tracing, financial statement analysis, production management, insurance practices with collision repair facilities, Bureau of Automotive Repair rules, quality control methods, equipment purchase/lease decisions, inventory, shop layout and design, managing multiple stores and new car dealership collision repair centers and human resources. NATEF, ICAR, insurance industry standards and compliance are also covered. (CSU)

ACR 170 C Automotive Color Matching (formerly ACR 070 C) 3 Units
Term hours: 54 lecture. This course is an introduction to the concepts and techniques of matching colors applied to automobiles. This course covers color, light and vision theory, spray gun application techniques, and extensive use of solid, metallic, and pearl color match exercises. This course will be using automotive paint mixing systems. Students will be required to provide certain safety and respiratory protection equipment. (CSU)

ACR 298 C Automotive Collision Repair Seminar 0.5-12 Units
Prerequisite(s): May be required
Advisory: May be required
Corequisite: May be required.
Term hours: 0-216 lecture and/or 0-1080 laboratory depending on units attempted. This is a course for students who wish to increase their knowledge of automotive collision repair. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade option. Fees may be required - Payable at Registration. (CSU)

Automotive Technology (AT)

AT 050 C Automotive Technology Special Projects. 0.5-3 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 120 C or AT 130 C or AT 140 C or AT 150 C or AT 200 C with a grade of C or better.
Term hours: 27 lecture and 162 laboratory TBA. This course will include supervised independent lab work on lab units and "live" vehicles. It is designed to allow the student to gain more practical experience repairing components and servicing automotive systems. Only approved project work will be allowed. May be taken for credit 4 times. $30.00 Material Fee - Payable at Registration.
AT 100 C Technician Safety 1 Unit
Term hours: 18 lecture and 54 laboratory. This course covers the concepts and practices of a safe industrial work environment, including the use of tools and equipment, handling materials, rigging, fire prevention, power tools, accident investigation, personal protective equipment, hearing safety and the correct use of body mechanics will be covered. Pass/No Pass/ Letter Grade Option. (CSU)

AT 101 C Survey of the Automobile 3 Units
Term hours: 54 lecture. This course provides basic knowledge of the automobile, including engines, power trains, suspension and brakes, electrical and fuel systems. Other areas of instruction will be in the discussion of services typically required to maintain modern automobiles and the use of tools and equipment normally used in the care of the automobile. (CSU)

AT 102 C Automotive History 3 Units
Term hours: 54 lecture. This course details the growth of the automotive industry in the U.S. from the late 1890's through the global business climate of today. Topics include biographical sketches of industry pioneers, geographical why's and where's of the industry, the roots of automotive design, and an in depth review of major engineering achievements. The course includes visits to historical automotive collections at a cost not to exceed $40.00. (CSU)

AT 104 C Automotive Tech Repair Lab 2 Units
Prerequisite(s): AT 120 C or AT 130 C or AT 140 C or AT 150 C with minimum grades of "B" or AT 200 C.
Term hours: 108 laboratory. This course provides the opportunity for students to gain experience working on customer vehicles in a simulated repair environment. (CSU)

AT 105 C Automotive Electrical I 4 Units
Term hours: 54 lecture and 54 laboratory. This course introduces the concepts of electrical systems and electronic control of the automobile. Areas covered will include basic electrical concepts, batteries, starting systems, charging systems, and body electrical diagnosis. Course instruction will consist of lecture, demonstration, web based learning with student application in the use of test equipment on simulator boards and "on-car" diagnosis with electrical wiring diagrams, charts, and schematics. $25.00 Material Fee-Payable at Registration. (CSU)

AT 106 C Automotive Electrical II 4 Units
Prerequisite(s): AT 105 C with a grade of B or better.
Term hours: 54 lecture and 54 laboratory. This course covers the concepts of body electrical systems and electronic control of the automobile. Areas covered will include vehicle body electrical system diagnosis, batteries, starting systems, charging systems, extensive use of service information and wiring diagrams, and computer control of electronic systems. Course instruction will consist of lecture, demonstration, web based learning with student application in the use of test equipment on simulator boards and "on-car" diagnosis with electrical wiring diagrams, charts, and schematics. $25.00 Material Fee - Payable at Registration. (CSU)

AT 107 C Automotive Electrical III 4 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 106 C.
Term hours: 54 lecture and 54 laboratory. This course covers the concepts of advanced diagnostic principles of power train and body electrical systems as they relate to modern vehicle network systems including CAN, Powernet, and other manufacturer’s network systems. Course instruction will consist of lecture, demonstration, web based learning with student application in the use of test equipment on simulator boards and "on-car" diagnosis with electrical wiring diagrams, charts, and schematics. $25.00 Materials Fee - Payable at Registration. (CSU)

AT 109 C Introduction to Toyota Automotive Technology 4 Units
Term hours: 54 lecture and 54 laboratory. This course provides essential knowledge for Toyota/Lexus automobiles. Also included will be instruction in the use of tools, equipment and processes normally used in Toyota/Lexus dealer service departments. Emphasis will be on the operating principles, nomenclature of car care, vehicle inspection, preventive maintenance and minor repair procedures. $25 materials fee payable at registration. (CSU)

AT 110 C Introduction to Automotive Technology 4 Units
Term hours: 54 lecture and 54 laboratory. This course provides essential knowledge of the automobile. Also included will be instruction in the use of tools, equipment and processes normally used in automotive service and repair. Emphasis will be on the operating principles, nomenclature of car care, inspection, preventive maintenance, and minor repair procedures. (CSU)

AT 111 C Automotive Quick Service 6 Units
Prerequisite(s): AT 110 C with a grade of C or better.
Term hours: 81 lecture and 81 laboratory. This course covers the essential content and skill practice for a technician to perform quick service skills including, shop safety, correct use of required tools, service information use, repair order write up/documentation, vehicle inspection, oil change, fluid flush and other quick service maintenance work. $25 Material Fee - Payable at Registration. (CSU)

AT 115 C Automotive Air Conditioning 4 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 105 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course emphasizes the acquisition of the practical skills needed to both understand principles of refrigeration and perform system diagnosis and repair. Demonstrated lecture, shop lab simulators and "live" vehicles will be used to learn service diagnosis, repair and installation of air conditioning systems including automatic temperature control. Safety and environmental concerns along with CFC recovery, recycling, retrofitting R12 systems to R-134A and new refrigerant types will be covered. $25 materials fee payable at registration. (CSU)

AT 120 C Auto Engine Repair and Machining 12 Units
Prerequisite(s): AT 105 C and AT 109 C or AT 110 C with a grade of C or better.
Term hours: 162 lecture and 162 laboratory. This course covers the acquisition of practical skills needed for accurate internal combustion engine diagnosis and repair and all phases of engine rebuilding machine work. Demonstrated lecture, simulated problem diagnosis, and practical application on "live" vehicles will be used. Individualized instruction on Automotive rebuilding tools and machinery is an integral part of this course. Engine theory, design, repair, practical and theoretical high performance modifications are part of the course. Preparation for ASE certification test A1 will be covered. $30 Material Fee-Payable at Registration. (CSU)

AT 130 C Auto Chassis and Brake Systems 12 Units
Prerequisite(s): AT 110 C and AT 109 C or AT 110 C with a grade of C or better.
Term hours: 264 lecture and 264 laboratory. This course emphasizes the design, operating principles, service, repair and diagnosis of chassis and brake systems used on current production vehicles. Major topics of study will be wheel alignment procedures, tire and wheel balance, suspension and steering system repair, hydraulics, and brake system service and repair. Application will be applied under simulated repair shop procedures using "live" vehicles. Preparation for ASE (A4 and A5) certification is covered. $30.00 Materials Fee - Payable at Registration. (CSU)
AT 140 C Auto Drivetrains and Transmissions 12 Units

Prerequisite(s): AT 110 C or AT 109 C and AT 105 C or AT 260 C with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course will include operation principles, design, repair, rebuild and service procedures for manual transmissions, automatic transmissions, clutch assemblies, drive lines, final drive axles and trans-axles units. Demonstrated lectures and shop laboratory work on drive train components will be covered with emphasis on procedures to industry standards. Practical application will be under simulated shop conditions on "live" and "lab" vehicles. Preparation for ASE certification will be covered. $30.00 Materials Fee - Payable at Registration (CSU)

AT 141 C T-TEN Drivetrain and Transmissions 6 Units

Prerequisite(s): AT 109 C and AT 112 C with a grade of C or better.

Term hours: 81 lecture and 81 laboratory. This course will include operation principles, design, repair and service procedures for manual transmissions, automatic transmissions, clutch assemblies, drive lines, final drive axles and trans-axles units. Demonstrated lectures and shop laboratory work on drive train components will be covered with emphasis on procedures to industry standards. Practical application will be under simulated shop conditions on "live" and "lab" vehicles. Preparation for ASE certification will be covered. (CSU)

AT 150 C Auto Performance and Drivability 12 Units

Prerequisite(s): AT 110 C or AT 109 C and AT 105 C or AT 260 C with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course will include operating principles, design, and repair procedures of the computerized engine management system and the application of related diagnostic tools and equipment. In addition, alternators, starters, batteries, ignition systems, emission control systems, 5 gas analysis, and scan tool use will be covered. Skill competency development will be under simulated shop conditions on "live" vehicles. Preparation for ASE certification test A8 will be covered. $30 materials fee payable at registration. (CSU)

AT 170 C Clean Air Car Level 1 and 2 4 Units

Advisory: AT 105 C

Term hours: 54 lecture and 54 laboratory. This course prepares students for the State of California Smog Check license for level 1 and 2 applicants. Course includes safety, BAR rules and regulations, engine performance, and emission control devices. Modern diagnostic equipment including a BAR 5 gas analyzer, low pressure EVAP tester, and scan tools will be covered as applicable to California’s emissions inspection program $15.00 Material Fee - Payable at Registration. (CSU)

AT 171 C Advanced Clean Air Car Course 2 Units

Term hours: 36 lecture. This course covers operating procedures, diagnostic strategies, and repair procedures for loaded mode emissions testing. Course emphasizes baseline techniques, fuel gas analysis and lab scope use. Course meets California BAR Smog Check licensing requirements. (CSU)

AT 195 C Automotive Service Advisor 4 Units

Advisory: AT 110 C

Term hours: 54 lecture and 54 laboratory. This is a course in the concepts and application of the Service Advisor's job duties primarily as they apply to job skills required in the service department of new vehicle dealerships. Course instruction will include lecture, role playing, repair order writing, interactive computer based assignments, use of dealer management software, site visits and demonstration of knowledge in a simulated work environment. (CSU)

AT 200 C Electronic and Electrical Diagnostics 12 Units

Prerequisite(s): Completion of or concurrent enrollment in AT 109 C and Advisory: AT 110 C with minimum grades of "C".

Term hours: 162 lecture and 162 laboratory. This course emphasizes operating principles, design and repair procedures of automotive electrical/electronic systems. In addition, lighting systems, power windows, power door locks, under dash components, charging systems, starters, batteries, and computerized vehicle networks systems will be covered. Modern test equipment such as scan tools and oscilloscopes will be used. Skill competency development will be simulated under shop conditions on OBD II and newer vehicles. $30.00 Materials Fee - Payable at Registration. (CSU)

AT 209 C Toyota Portfolio TPORT 1 Unit

Prerequisite(s): AT 109 C with a grade of C or better or consent of Toyota T-TEN Coordinator.

Term hours: 18 lecture. This course monitors the progress of T-TEN students through the program. This course will also prepare the student for placement in the dealership internship. Course may be taken four times for credit and must be taken every semester the student is in the T-TEN program. (CSU)

AT 210 C T-TEN Internal Combustion Engines and Alternative Fuels (formerly AT 121 C) 6 Units

Prerequisite(s): AT 109 C and AT 260 C with a grade of C or better.

Term hours: 81 lecture and 81 laboratory. This course introduces engine designs and concepts used in current automotive applications by Toyota Motor Sales. Extensive lab experience will be provided. Preparation for ASE A1 will be covered. $40 Materials Fee payable at registration. (CSU)

AT 213 C Toyota Portfolio II TPORT (II) 1 Unit

Term hours: 18 lecture. This course monitors the progress of T-TEN students through the program. This course focuses on their second year in the program with an emphasis on successful internship completion. This course must be taken in both the Fall and Spring semester the student is in year two of the T-TEN program. Course may be taken three times for credit. (CSU)

AT 215 C ASE Test Prep - Heating and Air Conditioning 0.5 Units

Term hours: 8-9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) heating and air conditioning certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE heating and air conditioning certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive climate control systems. (CSU)

AT 223 C T-TEN Transmissions, Driveline and Electric Drivetrain (formerly AT 141 C) 12 Units

Prerequisite(s): AT 110 C or AT 109 C and AT 260 C with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course will include operation principles, design, repair, rebuild and service procedures for manual transmissions, automatic transmissions, clutch assemblies, drive lines, final drive axles and trans-axles units. Demonstrated lectures and shop laboratory work on drivetrain components will be covered with emphasis on procedures to industry standards. Practical application will be under simulated shop conditions on "live" and "lab" vehicles. Preparation for ASE certification will be covered. $30 Materials Fee - Payable at Registration (CSU)
AT 225 C ASE Test Prep - Engine Repair 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) engine repair certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE engine repair certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive engine. (CSU)

AT 230 C Advanced Alignment and Chassis 4 Units
Term hours: 54 lecture and 54 laboratory. This course covers advanced alignment concepts. Custom suspension theory and service is explored with practical laboratory experience included. $30 Materials Fee - Payable at Registration. (CSU)

AT 235 C ASE Test Prep - Brakes 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) brake certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE brake certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive brake systems. (CSU)

AT 236 C ASE Test Prep - Steering/Suspension 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) steering and suspensions certification tests. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE steering and suspension certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive steering and suspension systems. (CSU)

AT 245 C ASE Test Prep - Manual Transmission 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) manual transmission and drive-train certification tests. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE manual transmission certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of manual transmission and drive-train systems. (CSU)

AT 246 C ASE Test Prep - Automatic Transmission 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) automatic transmission certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE automatic transmission certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automatic transmission. (CSU)

AT 250 C Advanced Performance and Driveability 4 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 105 C with a minimum grade of "C" and AT 110 C with a minimum grade of "C". Term hours: 72 lecture and 36 laboratory. The course includes advanced principles, design and repair procedures of automotive electrical, ignition and computerized engine management systems, including emission controls. Demonstrated lectures and laboratory work using modern testing equipment, oscilloscopes, dynamometer and other diagnostic equipment are included. Practical application under simulated repair shop conditions on "live" vehicles is an integral part of the course. (CSU)

AT 254 C T-TEN Brakes, Steering, Suspension and Chassis Electronics 12 Units
Prerequisite(s): AT 109 C or AT 110 C and AT 260 C, with a grade of C or better
Term hours 162 lecture and 162 laboratory. This course emphasizes the design, operating principles, service, repair and diagnosis of chassis and brake systems used on current production vehicles. Major topics of study will be wheel alignment procedures, tire and wheel balance, suspension and steering system repair, hydraulics, brake system, and related electronics service and repair. Preparation for ASE (A4 and A5) certification is covered. $30 materials fee payable at registration. (CSU)

AT 255 C ASE Test Prep - Engine Performance 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) engine performance certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE engine performance certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive engine. (CSU)

AT 256 C ASE Test Prep - Advanced Engine Performance 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) advanced engine performance certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE advanced engine performance certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive engine control systems. (CSU)

AT 260 C T-TEN Toyota Electrical Systems (formerly AT 112 C) 12 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 109 C or AT 110 C, with a grade of C or better.
Term hours: 162 lecture and 162 laboratory. This course emphasizes operating principles, design and repair procedures of automotive electrical/electronic systems. In addition, lighting systems, power windows, power door locks, under-dash components, charging systems, starters, batteries, and computerized vehicle networks systems will be covered. Modern test equipment such as scan tools and oscilloscopes will be used. Skill competency development will be simulated under shop conditions on OBD II and newer vehicles. $10 materials fee payable at registration. (CSU)

AT 265 C ASE Test Prep - Electrical 0.5 Units
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) electrical certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE electrical certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive electrical systems. (CSU)

AT 270 C T-TEN Climate Control Systems 4 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 260 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course emphasizes the acquisition of the practical skills needed to both understand principles of vehicle climate control systems and perform diagnosis and repair. Demonstrated lecture, shop lab simulators and specially prepared Toyota and Lexus vehicles will be used to learn service diagnosis, repair of air conditioning systems including automatic temperature control. Safety and environmental concerns along with CFC recovery, recycling, retrofitting R12 systems to R-134A, Ry1234 refrigerant and new refrigerant types will be covered. $25 Material Fees - Payable at Registration. (CSU)
AT 275 C Automotive Service Advisor Internship 1 Unit
Prerequisite(s): AT 195 C with a grade of C or better.
Term hours: 54 laboratory. This course is designed to give the student credit for work experience at a related occupational worksite while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 total hours of worksite hours for paid internships (minimum 60 hours for unpaid internships). This internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments are required. Course may be taken three times for credit. (CSU)

AT 280 C Introduction to Alternative Fuels 4 Units
Term hours: 54 lecture and 54 laboratory. This is an introductory course in alternative fuels as used in the transportation industry. Various gaseous fuels and vehicle propulsion systems will be discussed. Topics include the theory, design, operation, conversion, light diagnosis, and light repair will be discussed as applicable by the automotive industry. Laboratory activities will emphasize skill competency in vehicle preparation, system maintenance and the diagnosis and repair of alternative fuel vehicles. (CSU)

AT 281 C Introduction to Electric-Hybrid Vehicles 4 Units
Prerequisite(s): Minimum grad of "B" in AT 105 C, AT 110 C.
Term hours: 54 lecture and 54 laboratory. This is an introductory course in electric (EV) and electric/hybrid vehicles as used in the transportation industry. Topics include the theory, design, operation, maintenance, and repair of batteries, motors, controllers, chargers, and regenerative braking systems. Technician safety is also covered. (CSU)

AT 282 C Hybrid Vehicle Maintenance 4 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 281 C.
Term hours: 54 lecture and 54 laboratory. This course covers hybrid and plug-in hybrid vehicle theory of operation, charging, batteries, maintenance process and procedures as specified by vehicle manufacturers. The course will be taught using lecture, collaborative work groups and lab. (CSU)

AT 283 C T-TEN ICE-HV-EV Performance and Diagnosis 12 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 109 C and AT 260 C, with a grade of C or better.
Term hours: 162 lecture and 162 laboratory. This course will include operating principles, design, and repair procedures of the computerized ICE/Hybrid/EV management system and the application of related diagnostic tools and equipment. In addition, alternators, starters, batteries, ignition systems, emission control systems, 5 gas analysis, hybrid electric motor operation and PCM control, EV motor and motor control and scan tool use will be covered. Skill competency development will be under simulated shop conditions on "live" vehicles. Preparation for ASE certification test A8 will be covered. $30 Materials Fee - Payable at Registration (CSU)

AT 295 C Automotive Internship 1-4 Units
Term hours: 18 lecture and 240 laboratory depending on units attempted. This course is designed to give the student credit for work experience at a related occupational worksite, while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 total hours of worksite hours for paid internships (minimum 60 hours for unpaid internships). The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments are required. May be taken for credit 1-4 times. Open Entry/Open Exit. Pass/No Pass or Pass/No Pass/Letter Grade Option. (CSU)

AT 296 C T-TEN Automotive Internship I 1 Unit
Prerequisite(s): Completion of or concurrent enrollment in the T-TEN coursework for Year One of the program (T-TEN Electrical in the Fall and T-TEN Brake/Chassis in the Spring)
Term hours: 54 laboratory. This course offers practical work experience in an approved aviation and travel-related industry for students in the Aviation and Travel Careers program. This course is designed to provide vocational learning opportunities throughout employment. Pass/No Pass/Letter Grade option. Course may be taken four times for credit. (CSU)

AT 297 C T-TEN Automotive Internship II 1 Unit
Prerequisite(s): Completion of or concurrent enrollment in the T-TEN coursework for Year One of the program (T-TEN Driveline in the Fall and T-TEN ICE-EV-Hybrid in the Spring)
Term hours: 54 laboratory. This course supports practical work experience for students employed at a Toyota or Lexus dealer as an entry level. Pass/No Pass or Letter Grade option. (CSU)

AT 298 C Automotive Service Seminar 0.5-12 Units
Prerequisite(s): May be required
Advisory: May be required
Corequisite: May be required. Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This is a course for students who wish to increase their knowledge of automotive repair. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade option. Fee may be required-Payable at Registration. (CSU)

Aviation and Travel Careers (ATC)

ATC 050 C Special Projects 2 Units
Advisory: Students must be concurrently enrolled in another ATC course.
Term hours: 18 lecture and 54 laboratory TBA. This course provides students with opportunities to practice aviation and travel related principles and procedures in practical situations and simulations to develop industry related skills.

ATC 100 C Introduction to Aviation 3 Units
Term hours: 54 lecture. This course introduces students to the development of aviation and its importance in the economy. Special emphasis is placed on the history of aviation, the airlines, and general aviation. (CSU)

ATC 101 C Introduction to Travel Careers 3 Units
Term hours: 54 lecture. This course introduces students to career opportunities in the aviation and travel industries. Students will learn how to research and apply for jobs. The fundamentals of traveling will also be reviewed such as passport, visa, security, travel health and insurance. Students will prepare a personalized career project. (CSU)

ATC 102 C Career Communication and Portfolio 3 Units
Term hours: 54 lecture. In this course, students will develop their business communication skills in the development of a career portfolio, including a resume, cover letter, letters of recommendations, and work samples consistent with professional business conventions. Students will learn online application strategies, employment test-taking tips, and behavioral-based interviewing skills. (CSU)
ATC 104 C Air Transportation  3 Units
Term hours: 54 lecture. This course presents the development and current status of the air transportation industry, including aircraft types, airport facilities, State and Federal regulations, security issues, economic challenges, career opportunities, and the organization and function of the FAA, NTSB, IATA and ICAO. (CSU)

ATC 112 C Homeland Security  3 Units
Term hours: 54 lecture. This course is an introductory study of domestic and international threats of terrorism. It examines the concepts, definitions, and contemporary issues of modern terrorism. The course includes law enforcement issues for first-responders relating to terrorism, particularly with regard to Homeland Protection and counter terrorists' measures. (CSU)

ATC 116 C Aviation and Transportation Security  3 Units
Term hours: 54 lecture. This course is an introductory study of domestic and international airport and transportation security issues. It includes the Patriot Act and changing laws relating to airport and transportation security. The course will present and analyze the current status of aviation law pertaining to terrorism, air rage, search and seizure protections and impending changes to the nation's transportation industry. (CSU)

ATC 118 C Disaster Preparedness/Response  3 Units
Term hours: 54 lecture. This course provides students with an awareness of natural and man-made incidents which result in catastrophic loss. Disaster scenarios will be examined from the perspective of preparedness, response and clean-up. Federal, state and local response preparedness programs will be a focus, including FEMA. Students will take part in simulated incidents, including safety and security for large-scale events. State and national incident command systems, S.E.M.S. and N.I.M.S., will be taught so as to familiarize the student to police and fire responses. (CSU) (UC)

ATC 123 C Travel Sales and Tour Operations  3 Units
Term hours: 54 lecture. In this course, students will learn the essentials of travel sales and tour operations, including the latest trends, itinerary planning, and the technologies available to travel/tourism consultants in the leisure, recreational, and corporate travel markets. (CSU)

ATC 126 C Travel Management  3 Units
Term hours: 54 lecture. This course is a study of management practices in the airline and travel/tourism industries, including ARC requirements, location and staffing, sales reports and agency accounting. Travel markets, product lines, marketing techniques, advertising, and promotions are explored. Techniques for personal and telephone selling and guidelines for handling job stress, sales, and client crises are included. Students will learn supervisory and leadership strategies. (CSU)

ATC 132 C Private Pilot  4 Units
Term hours: 54 lecture and 54 laboratory. This course provides students with an introduction to basic principles of aviation, meteorology, navigation, radio communication and Federal Aviation Regulations to qualify the student for the FAA Knowledge Examination for the Private Pilot Certificate and meets the FAA requirements for ground training. Pass/No Pass/Letter Grade Option.(CSU)

ATC 136 C Air Navigation  3 Units
Advisory: Concurrent enrollment in, or completion of, ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course is a study of pilotage, dead reckoning, and radio navigation techniques; solution and application of navigation problems. This course meets partial fulfillment of the requirements of the FAA for ground training. (CSU)

ATC 140 C Meteorology  3 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This is a course of study of weather recognition, icing, fog, fronts, clouds, weather maps and symbols, forecasting pressure patterns, wind systems, temperature-humidity-dew point relationships, precipitation, with emphasis on the practical application of this knowledge to safe flying practices. The services and assistance available from the U.S. Weather Bureau will be highlighted. The course meets the Meteorology requirements of the FAA for ground training. (CSU)

ATC 144 C Aircraft and Engines  3 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course is a study of the theory of flight, aircraft design, construction, operation limitations, repair and maintenance, maintenance records and aircraft accessories. Engine study includes principles of internal combustion engines, engine design and construction, fuel, lubrication and cooling systems, propellers, trouble shooting and preventive maintenance. This course meets partial fulfillment of the requirements of the FAA for ground training. (CSU)

ATC 160 C UAS Drone Basic  3 Units
Completion of or concurrent enrollment in ATC 132 C.
Term hours: 54 lecture. In this course, students prepare to meet the Federal Aviation Administration requirements for certification to operate Unmanned Aircraft Vehicles (UAVs) under 55 pounds in commercial operations. Emphasizes the safety, legal, and ethical requirements of operation in the public, civil, commercial and military settings. Includes core technologies including optics, sensors, power plants, control systems and communication technologies. (CSU)

ATC 161 C UAS Drone Basic Simulator (formerly UAV-UAS Basic Simulator)  2 Units
Advisory: Concurrent enrollment or completion of ATC 160 C.
Term hours: 27 lecture and 27 laboratory. This course covers hands-on flight simulation activities to develop, practice, and optimize essential Unmanned Aircraft Systems pilot flight skills. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 162 C UAS Drone Basic Flight (formerly UAV-UAS Basic Flight)  2 Units
Advisory: Completion of or concurrent enrollment in ATC 160 C and ATC 161 C.
Term hours: 27 lecture and 27 laboratory. This course covers flight time in the approved UAS drone aircraft may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)
ATC 174 C Destinations - Americas and Europe 3 Units
Term hours: 54 lecture. This course introduces students to world geography from a travel and tourism perspective. Students will learn about domestic and international travel considerations including itineraries, currencies, travel documents, customs, language, health requirements, and time considerations for locations throughout the Americas and Europe. (CSU)

ATC 175 C Destinations - Africa and Pacific 3 Units
Term hours: 54 lecture. This course continues the study of world geography from a travel and tourism perspective. Students will examine international travel considerations including itineraries, currencies, travel documents, customs, language, health requirements, and time considerations for the following locations: Africa, the Middle East, Asia, and the Pacific Islands. (CSU)

ATC 180 C Tourism and Conference Management 3 Units
Term hours: 54 lecture. This course is an introductory study of meeting, convention, and event planning. Students will learn industry terminology, types of events and venues, needs assessments, program and budget development, and project coordination. (CSU)

ATC 182 C Cultural Tourism 3 Units
Advisory: Eligibility for ENGL 060 C or the equivalent writing skills.
Term hours: 54 lecture. This course examines the implications of cultural tourism in the United States. The course will consider the struggle of people to preserve their cultural identity relative to the role of the U.S. tourism industry in protecting cultural heritage, resources, and sites. The course promotes multicultural awareness, hospitality, and sensitivity as a means of recognizing others and minimizing the exploitation of their culture. The course explores the complexities and challenges of U.S. policy making and preservation in cultural tourism development. (CSU, SOC JUST)

ATC 183 C Customer Care - Airline and Travel 3 Units
Term hours: 54 lecture. This course examines the priority of customer service and satisfaction in the competitive airline industry. Topics include the safety regulations and service standards of the Federal Aviation Administration, the Department of Transportation, and airlines themselves. Students will study these standards in relation to current performance, public opinion, and service ideology. Students will also investigate how airlines differentiate their service to be competitive in a particular market niche. (CSU)

ATC 189 C Flight Training Device - Introduction 0.5 Units
Term Hours: 27 laboratory. Students will receive a hands-on introduction to a PC-based Flight Training Device and become familiar with the fundamentals of flight, flight terminology, flight controls, and instrument interpretations. Pass/No Pass/Letter Grade Option. (CSU)

ATC 190 C Flight Training-Private Pilot (formerly AVIA 190 C) 2 Units
Prerequisite(s): Students must provide substantiation of an FAA Private Pilot Certificate or concurrent enrollment in an approved flight training program toward an FAA Private Pilot Certificate, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: Hours as required by the FAA. In this course, students who have earned or are enrolled in an approved flight school will earn the FAA Private Pilot Certificate and may be granted college credit consistent with the Credit by Examination requirements published in the catalog. Pass/No Pass/Letter Grade Option (CSU)

ATC 192 C Airliner Reservations - SABRE 3 Units
Term hours: 36 lecture and 54 laboratory. This course is an introduction to SABRE, the computer reservations system used by major airlines and some travel consultants. Students will learn how to build PNR's (passenger name records), quote fares, and calculate prices through hands-on applications on computers. $4.00 Material Fee-Payable at Registration. (CSU)

ATC 193 C Flight Training-Flight Instructor (formerly AVIA 193 C) 1-5 Units
Prerequisite(s): Students must provide substantiation of an FAA Flight Instructor Rating, or concurrent enrollment in an approved flight training program working toward an FAA Flight Instructor Rating, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: hours as required by FAA. In this course, students who have earned, or are enrolled in an approved flight school will earn an FAA Instructor Rating and may be granted college credit as follows: One unit of credit may be granted for each of the following Flight Instructor Certificates or Ratings: Airplane Single Engine, Airplane Multi-engine, Rotorcraft, Glider and Instrument. Credit may be granted by meeting the above prerequisites and the Credit by Examination procedures as published in this catalog. Credit may be given up to 4 times for a maximum of 5 units. Pass/No Pass/Letter Grade Option. (CSU)

ATC 194 C Flight Training Instrument Rating (formerly AVIA 194 C) 2 Units
Prerequisite(s): Completion of or concurrent enrollment: students must provide substantiation of an FAA Instrument Rating, or concurrent enrollment in an approved flight training program working toward an FAA Instrument Rating, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: Hours as required by FAA. In this course, students who have earned, or are enrolled in an approved flight school will earn an FAA Instrument Rating on their Pilot Certificate and may be granted college credit by meeting the above prerequisites and the Credit by Examination requirements as published in the current Cypress Catalog. Pass/No Pass/Letter Grade Option. (CSU)

ATC 195 C Flight Training Commercial Pilot (formerly AVIA 195 C) 2 Units
Prerequisite(s): FAA Students must provide substantiation of an FAA Commercial Pilot Certificate, or concurrent enrollment in an approved flight training program working toward an FAA Commercial Pilot Certificate, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: hours as required by FAA. In this course, students who have earned, or are enrolled in an approved flight school will earn an FAA Commercial Pilot Certificate and may be granted college credit by meeting the above prerequisites and the Credit by Examination requirements as published in the current Cypress Catalog. Pass/No Pass/Letter Grade Option. (CSU)

ATC 196 C Flight Simulator Private Pilot 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term Hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential private pilot flight skills. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)
ATC 197 C Flight Simulator Instrument 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term Hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential instrument flight skills. Flight time in the approved Flight Training Devices may be applied toward requirements for both attaining and maintaining flight ratings. Pass/No Pass or Letter Grade Option. (CSU)

ATC 198 C Flight Simulator Commercial 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C or completion of FAA Private Pilot Certificate and ATC 196 C and ATC 197 C, or the equivalent.
Term hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential commercial flight skills. Flight time in the approved Flight Training Devices (FTDs) may be applied toward requirements for both attaining and maintaining flight ratings. Pass/No Pass or Letter Grade Option. (CSU)

ATC 199 C Flight Simulator Instructor 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C or completion of FAA Private Pilot Certificate and ATC 196 C, ATC 197 C, and ATC 198 C.
Term hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential instructor flight skills. Flight time in the approved Flight Training Devices (FTDs) may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 210 C Cabin Safety Simulation 0.5 Units
Advisory: Completion of, or concurrent enrollment in, ATC 270 C or ATC 274 C
Term hours: 9 lecture. In this course, students will participate in an aircraft emergency evacuation in a cabin simulator at the Long Beach Airport. A required 6-hour preparatory class will be held on campus and the remaining 3 hours will be delivered at the airport. Students will be provided a certificate upon successful completion. Facility Use Fee of $100 required. Payable at registration. Fee subject to change by facility.(CSU)

ATC 212 C Airline and Aviation Management 3 Units
Term Hours: 54 lecture. In this course, students will study the application of management principles to the airlines and general aviation. Major areas of study include planning, organization, regulations, manpower management, facilities, marketing, budget, safety, security, and supervision strategies. (CSU)

ATC 220 C Advanced Air Navigation 2 Units
Prerequisite(s): Completion of or concurrent enrollment in ATC 136 C.
Term Hours: 36 lecture. This is a course stressing advanced navigation procedures and principles including radio and electronic navigation aids, glass cockpit, flight management systems, international flight procedures, (ICAO, worldwide operations), Oceanic (Class II Navigation) and State (country) specific differences from United States FAA standards. Recency and other measures of readiness (CSU)

ATC 223 C Cruise Line Sales and Operations 3 Units
Term hours: 54 lecture. This course provides students with a practical, working knowledge of the cruise industry, including its operation, terminology, associations, and resources. Students will learn how to differentiate, price, market, and sell cruises. (CSU)

ATC 232 C Instrument Rating 3 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course is designed to prepare or requalify the student in instrument flight procedures and techniques, including air traffic control, publications and regulations. This course reviews aeronautical ground training required to pass the FAA Instrument Pilot, Instrument Flight Instructor and Instrument Ground Instructor Knowledge Examinations. Flight time in a Flight Training Device is available by concurrent enrollment in ATC 196. Credit by Examination procedures as published in this catalog. (CSU)

ATC 236 C Aerodynamics 3 Units
Advisory: Concurrent enrollment in, or completion of, ATC 132 C or completion of FAA Private Pilot Certificate.
Term Hours: 54 lecture. In this course, students will learn the basic principles of aerodynamics, including airfoil shapes and characteristics, viscous effects, propellers, and aircraft performance viewed in terms of the basic laws of physics, aircraft limitations and Federal Aviation Regulations. Emphasis will be on physical aspects of flight time. (CSU)

ATC 240 C Commercial Pilot (formerly Commercial Pilot Seminar) 3 Units
Advisory: Concurrent enrollment in, or completion of, ATC 132 C or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course prepares a pilot for the FAA Commercial Pilot license. The course covers current Federal Aviation Regulations, Government Publications, transport aircraft systems & performance, multi-engine procedures, loading, weight and balance & commercial operations. This course will prepare the pilot with the aeronautical knowledge required to pass the FAA Commercial Pilot knowledge examination. This course meets the FAA requirements for ground training. Flight Training Device flight time is available by concurrent enrollment in ATC 196 C or ATC 198 C. Pass/No Pass/Letter Grade Option. (CSU)

ATC 244 C Aviation Instructor 3 Units
Prerequisite(s): ATC 240 C.
Term Hours: 18 lecture and 98 laboratory. This course is a study of principles of learning and teaching, elements of practical educational psychology, and a review of current trends and techniques in aviation instruction. Class participation in lesson preparation is included. This course meets fulfillment of the requirements of the FAA for ground instructor in preparation for the FAA Fundamentals of Instruction, Ground Instructor and Flight Instructor knowledge exams, recency and other measures of readiness. (CSU)

ATC 250 C Turbine Simulator Observation 0.5 Units
Corequisite(s): Must be enrolled in any other ATC course.
Term hours: 0.5 Students will be introduced to a full-motion turbine aircraft flight deck, including familiarization with the fundamentals of flight, flight deck controls, instrument interpretation, and aircraft systems. A required 3-hour preparatory class will be held on campus, and the remaining 6 hours will be delivered at FlightSafety International with a tour of the professional aviation pilot training facility. Students will need to supply a picture ID and an approved background check before entrance to FlightSafety International. Fee may be required, subject to change by facility. Course required to be taken concurrently. Assures student will have the skills/knowledge presupposed in the course needed to receive a satisfactory grade of C or better. (CSU)
ATC 255 C Turbine Simulator Orientation 0.5 Units
Advisory: Completion of, or concurrent enrollment in, ATC 250 C.
Term Hours: 9 lecture. In this course, students will practice the fundamentals of flight, utilizing the flight deck’s controls, instruments, and basic systems in a full-motion turbine flight simulator. A required 3-hour preparatory class will be held on campus, and the remaining 6 hours will be delivered at FlightSafety International with a tour of the professional aviation pilot training facility. Students will need to supply a picture ID and an approved background check before entrance to FlightSafety International. Fee may be required, subject to change by facility. (CSU)

ATC 256 C Crew Resource Management 3 Units
Term hours: 54 lecture. This course will examine the concepts of Crew Resource Management (CRM) and Human Factors and Aeronautical Decision Making currently practiced in commercial and corporate aviation. The role of crew supervision and training, leadership styles and management oversight will be studied. Single and multi-crew aircraft situations will be studied. Human factors research and aircraft accident investigations will be examined. (CSU)

ATC 260 C UAS Drone Advanced (formerly UAV-UAS Advanced) 3 Units
Advisory: Recommend completion of or concurrent enrollment in ATC 160 C, ATC 161 C and ATC 162 C or the equivalent.
Term hours: 54 lecture. This course examines the core technologies of unmanned aircraft systems (UAS), including the design concepts, power plants, control systems, and communication technologies. Explores cross-country navigation, flight planning, payload, sensors, and autonomous operations. Emphasizes the ethical, legal, and safety related requirements of operation in the public, civil, commercial and military settings. (CSU)

ATC 261 C UAS Drone Advanced Simulator 2 Units
Advisory: Concurrent enrollment in or completion of ATC 260 C.
Term hours: 27 lecture and 27 laboratory. This advanced UAS simulator course provides hands-on flight simulation activities to improve, practice, and optimize essential Unmanned Aircraft Systems pilot flight skills. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 262 C UAS Drone Advanced Flight (formerly UAV-UAS Advanced Flight) 2 Units
Advisory: Concurrent enrollment or completion of ATC 260 C and ATC 261 C.
Term hours: 27 lecture and 27 laboratory. This course offers advanced UAS drone flight activities to practice and optimize essential Unmanned Aircraft Systems skills. Flight time in the approved UAS drone aircraft may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 270 C Airline Operations 3 Units
Term hours: 54 lecture. This course is designed for students interested in working in the airline industry. Students will learn airline terminology, city codes, the 24-hour clock, airline operations, and industry hiring standards. (CSU)

ATC 271 C Airport Operations 3 Units
Term hours: 54 lecture. This course provides students with a background in general aviation and commercial airports. Students will learn about airport operations, including terminology, ground and baggage handling, terminal and airfield operations, hazardous material, aircraft emergencies, ground access, and FAR Part 139. (CSU)

ATC 274 C Passenger Services and Safety 3 Units
Term hours: 54 lecture. In this course, students will learn about passenger related service and safety procedures for the airline industry, including first aid, CPR, fire-fighting, and conflict resolution. (CSU)

ATC 278 C Public Relations 3 Units
Term hours: 54 lecture. This course introduces students to the public relations concepts and practices in the airline and travel industries. Students will examine promotional campaigns and develop their own public relations proposal with emphasis on practical applications. (CSU)

ATC 295 C Aviation and Travel Internship 3 Units
Prerequisite(s): Completion of the Basic Airline Customer Services Certificate; or Basic Flight Attendant Certificate; or Basic Travel/Tourism Certificate
Term hours: 18 lecture and 270 laboratory. This course offers practical work experience in an approved aviation and travel related industry for the student(s) in the Aviation and Travel Careers program. This course is designed to provide vocational learning opportunities through employment. (CSU)

ATC 296 C Flight Simulator Private Pilot - Advanced 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential private pilot flight skills. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 297 C Flight Simulator Instrument Pilot - Advanced 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential instrument related flight skills. Flight time in the approved Flight Training Devices may be applied toward requirements for both attaining and maintaining flight ratings. Pass/No Pass or Letter Grade option. (CSU)

ATC 298 C Aviation and Travel Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 9-216 lecture and/or 9-1620 laboratory depending on units attempted. This course is for students who wish to increase their knowledge of the aviation and travel industry. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (CSU)

ATC 299 C Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 8-36 lecture. This course is designed for those students who wish to increase their knowledge of the airline and/or travel industry through professionally directed independent study or research. (CSU)

#### BIOL 101 C General Biology
**Advisory:** High School Chemistry or CHEM 101 C or CHEM 107 C recommended

Term Hours: 63 lecture and 36 laboratory. This course is a survey of modern biological concepts from the areas of molecular, cellular, organismic, and population biology, stressing evolution as the central theme of modern biology. The study of metabolism and biodiversity is also emphasized. This is a general education lecture/laboratory course in the biological sciences. This course will satisfy the Biological Sciences portion of the state college and university general education requirement. Duplicate credit not granted for BIOL 101HC. No credit if taken after BIOL 174 C, BIOL 175 C, or BIOL 177 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

#### BIOL 101HC Honors General Biology
**Advisory:** High school chemistry or CHEM 101 C or CHEM 107 C are recommended

Term Hours: 54 lecture and 54 laboratory. This course is an enhanced survey of modern biological concepts for honors students. The course will include concepts from the areas of molecular, cellular, organismic, and population biology, stressing evolution as the central theme of modern biology. The study of metabolism and biodiversity is also emphasized. Written essays pertaining to current issues in biology will be paramount. The class will be conducted as a seminar and will require a significant research project that uses correct documentation skills. This course will satisfy the Biological Sciences portion of the state college and university general education requirement. Duplicate credit not granted for BIOL 101 C. No credit if taken after BIOL 174 C, BIOL 175 C, or BIOL 177 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

#### BIOL 107 C Nutrition and World Food Issues
Term hours: 54 lecture. This course is a study of the biological basis of human nutrition, including a survey of anatomical and physiological principles. A study of the human diet in the context of disease prevention, world food supply, and ecological factors will also be included. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

#### BIOL 122 C Marine Biology
Term hours: 54 lecture and 54 laboratory. This is a survey of the natural history and biology of marine organisms, and includes an introduction to physical and chemical oceanography, marine ecology, and energy flow within the marine environment, as well as some basic biological concepts using live ecosystems as examples. Pollution and conservation of the marine environment will also be considered. The course satisfies the biological science with a laboratory transfer requirement of universities and state colleges. A single optional boat field trip may be scheduled with a charter cost not to exceed $30.00. Other optional no-cost field trips will be scheduled. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

#### BIOL 125 C Island Biology
**Advisory:** BIOL 122 C.

Term hours: 27 lecture and 36 laboratory. This course is designed as an introduction to the nature and diversity of island life. It offers the student an opportunity to study marine communities with an emphasis on community interactions. The course will also include a consideration of marine wilderness and conservation problems as well as biological processes as they occur on islands. One or more weekend field trips for snorkeling, free diving and field study will be an integral part of the course. A boat charter fee not to exceed $50 may be required for field trips to the islands. Pass/No Pass/Letter Grade Option. (CSU)

#### BIOL 160 C Integrated Medical Science
Term hours: 54 lecture. This is a one-semester course that includes a systematic coverage of fundamental physical/chemical principles, basic biological concepts, and fundamentals of anatomy and physiology. The course is designed for various allied health programs (psychiatric technician, court reporting, etc.) or others who desire a background in human biology. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE)

#### BIOL 174 C Biology of Cells and Tissues
**Prerequisite(s):** Completion of or concurrent enrollment in CHEM 111AC with a grade of C or better.

**Advisory:** ENGL 060 C.

This is the first course within the biology majors AS degree. This course presents the biochemistry and molecular biology of cells and tissues. Representative topics to be included are: biomolecules, cell structure and metabolism, cell growth and reproduction, cell integration into tissues, and basic Mendelian and molecular genetics. This course will meet the preparation needs of students transferring to upper division biology study. Duplicate credit not granted for BIOL 111 C and BIOL 112 C. Cost of field trips not to exceed $30.00. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: BIOL 190)

#### BIOL 175 C Evolution and Biodiversity
**Prerequisite(s):** BIOL 174 C or BIOL 111 C or equivalent course with a grade of C or better.

Term Hours: 54 lecture and 54 laboratory. This is the second course within the biology majors AS degree. This course is designed to introduce students to the concept of evolution as the mechanism responsible for diversity at all levels of biological organization. A focus of the course will be the scientific method of investigation. This course is designed for science majors in transfer programs to upper-division study of biology. Duplicate credit not granted for BIOL 113 C and BIOL 114 C. Cost of field trips not to exceed $30. (CSU, UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: BIOL 140 and BIOL 130S = BIOL 175 C + BIOL 276 C)
BIOL 210 C Anatomy and Physiology  5 Units
Advisory: BIOL 160 C or one semester of each college biology/chemistry completed within the last five years with a grade of C or better or one year of high school with a grade of C or better.
Term hours: 54 lecture and 108 laboratory. The course includes a study of the normal structure and function of the human body using mammalian specimens as examples. Selected physiological exercises are included which often utilize the student’s own body function. This course is designed for students pursuing the health professions (diagnostic medical sonography, radiologic technology, health information technology, mortuary science, respiratory therapy, etc.). Not open to students with credit in BIOL 240 C. Pass/No Pass or Letter Grade Option. (CSU/UC, AA GE, CSU GE, IGETC)

BIOL 220 C Medical Microbiology  4 Units
Prerequisite(s): BIOL 210 C or BIOL 231 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is a study of etiology, transmission, pathogenesis, diagnosis, treatment, and prevention of infectious disease. Special attention is given to the topics of immunology and chemotherapy. Laboratory activities place emphasis on gaining practicum experience and clinical perspective through application of aseptic techniques, microscopy and physiological testing of microorganisms. This course is recommended for students of Nursing (RN), Dental Hygiene, Medical Records, and Baccalaureate degree medical or Public Health programs. Recommended background is one year each, high school chemistry/biology, or one semester each, college chemistry and biology. Pass/No Pass or Letter Grade Option (CSU/UC, AA GE, CSU GE, IGETC)

BIOL 231 C General Human Anatomy  4 Units
Prerequisite(s): MATH 040 C or MATH 041 C and ENGL 060 C, with a grade of C or better.
Advisory: BIOL 160 C or BIOL 101 C or high school biology and chemistry with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course presents a logical analysis of body tissues, organs, and systems. It stresses the microscopic, developmental, and gross anatomy of mammals, with special emphasis on human anatomy. Special attention is given to pathological as well as normal conditions. The three hour laboratory includes the dissection and study of fresh and preserved specimens and models. This course is designed primarily for physical education and allied health majors. High school biology and chemistry, or equivalent is recommended background. Students are encouraged to take BIOL 101 C and BIOL 160 C if they have no previous science background. Pass/No Pass/Letter Grade Option (CSU/UC, AA GE, CSU GE, IGETC, C-ID BIOL 110B).

BIOL 241 C General Human Physiology  4 Units
Prerequisite(s): BIOL 210 C or BIOL 231 C with a grade of C or better.
Advisory: CHEM 101 C
Term hours: 54 lecture and 54 laboratory. This course is an in-depth study of human function. Special attention is given to the abnormal as well as the normal functional state. The laboratory experience includes selected exercises that emphasize the interrelationships between structure and function. It is designed primarily for physical education and allied health programs that require 3 hours of laboratory per week. Pass/No Pass/Letter Grade Option. (UC/CSU, CSU GE, AA GE, IGETC/C-ID: BIOL 120B)

BIOL 276 C Ecology and Physiology  4 Units
Prerequisite(s): BIOL 175 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This is the third course within the Biology majors AS degree. This course examines the basic principles governing interactions between organisms and the environment and the physiological responses of organisms to external and internal stimuli. Intended for biology majors, this lecture/lab course emphasizes ecological principles and relationships among organisms and between organisms and their environments. The course also emphasizes the physiology of plant and animal systems. Cost of field trips not to exceed $30. (CSU/UC, C-ID: BIOL 130S = BIOL 175 C + BIOL 276 C)

BIOL 277 C Genetics  3 Units
Prerequisite(s): BIOL 174 C with a grade of C or better.
Term hours: 54 lecture. This course presents an introduction to genetics, inheritance and genetic changes that occur over time in individuals and populations. Basic features of the replication and expression of DNA, cell division and gene transmission are considered. Recombination and mutation in diploid organisms are discussed. Concepts of genetic variability and the role of natural selection in the evolution of populations are presented. Cost of field trips not to exceed $30. (UC/CSU, AA GE, CSU GE, IGETC)

BIOL 278 C Molecular Biology  4 Units
Prerequisite(s): BIOL 277 C, CHEM 211AC
Term hours: 72 lecture. This course is a study of the structure and function of biological molecules; mechanisms of gene expression and regulation, genomics, biotechnology and molecular methods of experimentation and DNA repair. In addition, this course presents the molecular mechanisms of cell signaling pathways as well as errors in these pathways leading to cancer and other disorders. The importance of viral life cycles in understanding basic molecular and cellular processes will be included. Finally, the major biochemical pathways in cells, with an emphasis on the thermodynamic constraints on living systems, will also be studied. (UC/CSU, AA GE, CSU GE, IGETC)

BIOL 298 C Biology Seminar  0.5-12 Units
Term hours: 0-12 lecture and 0-36 laboratory depending on units attempted. This seminar is designed to intensify knowledge in a variety of biological topics. They may include lectures, discussions, field excursions, and other activities at the discretion of the instructor. Actual seminar topics will be listed in the class schedule for a particular semester. Pass/No Pass or Letter Grade option. Fees may be required - Payable at Registration. (UC Credit Limitation/CSU)

BIOL 299 C Independent Study for Biology  0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 0-36 lecture and 0-108 laboratory depending on units attempted. This course is for biology majors who have demonstrated interest in and capability for increased knowledge of biological and medical sciences through individual study, small group discussion/conference, special laboratory projects, or field research projects. May be taken for Credit 4 times. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU)
Chemistry (CHEM)

CHEM 060 C Review of Chemistry Foundation (formerly titled Chemistry Review) 2 Units
Advisory: MATH 040 C or MATH 041 C and CHEM 107 C or CHEM 101 C. Term hours: 36 lecture. This course reviews many of the most important requisite chemistry skills for General Chemistry courses (CHEM 111A C and CHEM 111B C). This course is designed to support students who require additional practice in mastering these skills after completing prerequisite mathematics and chemistry courses, but prior to enrolling in the first semester of the General Chemistry sequence (CHEM 111AC). This course is also recommended for students who have completed prerequisites more than two semesters prior to refresh their skills. (Non-Degree Credit) Pass/No Pass only.

CHEM 100 C Chemistry for Daily Life 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C, with a grade of C or better. Term hours: 54 lecture and 54 laboratory. This course is designed for the non-science major seeking a laboratory science. The course will introduce the fundamental concepts of chemistry and their application in daily life. The laboratory section will provide hands-on experience with many of the lecture topics. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

CHEM 101 C Chemistry for Health Science Majors I 4.5 Units
Prerequisite(s): MATH 020 C or MATH 041 C, with a grade of C or better. Term hours: 72 lecture and 36 laboratory. This course is the first semester of a two-semester sequence (CHEM 101 C and CHEM 201 C). This course covers the basic principles of atomic structure, chemical bonding, the mole concept, states of matter, solutions, energy, and organic compounds. This course is designed for students majoring in health science. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: CHEM 101)

CHEM 103 C Chemistry and Society 3 Units
Term hours: 54 lecture. This course introduces students to basic concepts of chemistry and requires analyses of the socio-cultural contexts within which chemistry plays a central role. This is a general education course in chemistry and is not recommended for science majors. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

CHEM 104 C Physical Science for Teachers (same as PHSC 104 C) 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C with a grade of C or better. Term hours: 54 lecture and 54 laboratory. This activity-based course introduces students to basic principles of physics and chemistry with emphasis on their practical importance and application in the real world. Some of the topics include: matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. This course is intended for students who want to become elementary school teachers. Duplicate credit not granted for PHSC 104 C. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: CHEM 140 and PHYS 140)

CHEM 107 C Preparation for General Chemistry 5 Units
Prerequisite(s): MATH 040 C or MATH 041 C with a grade of C or better. Term hours: 72 lecture and 54 laboratory. This course provides a general introduction to the basic concepts, principles and laws of modern chemistry. Topics include a study of atomic theory, molecular structure, chemical reactivity, and the properties of the various phases of matter. Laboratory experiments include both qualitative and quantitative analysis, with an emphasis on proper laboratory techniques. This course applies to the physical science requirement for general education and is not acceptable for credit for students majoring in physical science. CHEM 107 C is a recommended preparatory course for students planning to take CHEM 111AC and CHEM 111BC. No credit if taken after CHEM 111AC.

CHEM 111AC General Chemistry I 5 Units
Prerequisite(s): MATH 040 C or MATH 041 C and CHEM 107 C, with a grade of C or better or a passing score on the Chemistry Proficiency Test. Term hours: 54 lecture and 108 laboratory. In this course, topics covered include the general principles of chemistry with associated laboratory analysis. This includes atomic structure, bonding, the mole concept, properties of solutions, gas laws, and thermochemistry. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: CHEM 110 and CHEM 120 S = CHEM 111AC + CHEM 111BC)

CHEM 111BC General Chemistry II 5 Units
Prerequisite(s): CHEM 111AC with a grade of C or better. Term hours: 54 lecture and 108 laboratory. In this course, topics covered include the general principles of chemistry with associated laboratory analysis. This includes kinetics, equilibrium, thermodynamics, electrochemistry and nuclear chemistry. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, C-ID: CHEM 120 S = CHEM 111AC + CHEM 111BC)

CHEM 112 C General Chemistry II for Engineers 4 Units
Prerequisite(s): CHEM 111AC with a grade of C or better. Term hours: 72 lecture. In this course, topics covered include the general principles of chemistry. This includes kinetics, equilibrium, thermodynamics, electrochemistry and nuclear chemistry. (UC Credit Limitation/CSU)

CHEM 201 C Chemistry for Health Science Majors II 4.5 Units
Prerequisite(s): CHEM 101 C with a grade of C or better. Term hours: 54 lecture and 54 laboratory. This course is the second semester of a two-semester sequence (CHEM 101 C and CHEM 201 C). Topics covered include the structures, nomenclature, reactions, and applications of organic and biochemical compounds, as well as cell structure, metabolism, biotechnology, vitamins and enzymes. This course is designed for students majoring in health science. (CSU/UC/AA GE, CSU GE, IGETC)

CHEM 211AC Organic Chemistry I 5 Units
Prerequisite(s): CHEM 111BC with a grade of C or better. Term hours: 54 lecture and 108 laboratory. This course is the first part of a two semester organic chemistry lecture and laboratory sequence. This course covers the study of functionalized compounds, stereochemistry, substitution and elimination reactions, alkenes, alkyenes, and spectroscopic methods. Laboratory work includes the synthesis, isolation, and characterization of organic compounds by using modern techniques and instrumentation. This course is designed for students who plan to major in chemistry, biochemistry, biology, and pre-medical/pre-pharmacy/pre-dental programs. (CSU/UC, C-ID: CHEM 160S=CHEM211BC + CHEM 211AC)
Chem 211bc Organic Chemistry II 5 Units
Prerequisite(s): Chem 211ac with a grade of C or better.
Term hours: 54 lecture and 108 laboratory. This course is the second part of a two semester organic chemistry lecture and laboratory sequence. The course includes the study of radicals, aromatic compounds, carbonyl-containing compounds, amines, biologically important compounds, and strategy in organic synthesis. Laboratory work includes modern techniques required to synthesize organic compounds, and the isolation and analysis of these compounds. This course is designed primarily for students who plan to major in chemistry, biochemistry, biology, and pre-medical/pre-pharmacy/pre-dental programs. (uc/csu, cid: chem 160S=chem211bc + chem 211ac)

Chem 298 C Chemistry Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and 0-864 laboratory depending on units attempted. This course seminar is designed to help students conceptualize and intensify knowledge in a variety of chemical topics. They may include lecture, discussions, and other activities at the discretion of the instructor. Actual seminar topics will be listed in the class schedule for a particular semester. Consult the class schedule to verify unit credit and prerequisites for a particular semester. Pass/No Pass or Pass/No Pass/Letter Grade Option or Standard Letter Grade. Fees may be required - Payable at Registration. (uc credit limitation/csu)

Chinese (Chin)

Chin 098 C Chinese Seminar 0.5-12 Units
This seminar is for able students who wish to extend their knowledge of literature, language, and culture through small groups discussion. Fee may be required - Payable at Registration. May be taken for credit 0-4 times. Pass/No Pass or Letter Grade option.

Chin 100 C Beginning Spoken Chinese 3 Units
Term hours: 54 lecture. This course is for students at beginning levels who would like to have exposure to Chinese without having to learn Chinese characters. It is an introduction to spoken Chinese with emphasis on pronunciation, oral practice, vocabulary development, and use of common expressions for daily conversations in a culturally appropriate way. Pass/No Pass/Letter Grade Option. (csu, aa ge)

Chin 101 C Elementary Chinese-Mandarin I 5 Units
Term hours: 90 lecture. This course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing, and the grammar and vocabulary necessary to acquire these skills. Students will be introduced to customs, culture, and geography of China through lectures, films, and reading assignments. Pass/No Pass/Letter Grade Option. (uc/csu, aa ge, csu ge)

Chin 102 C Elementary Chinese-Mandarin II 5 Units
Prerequisite(s): Chin 101 C or one year of high school Chinese with a grade of C or better.
Term hours: 90 lecture. This course continues to emphasize the acquisition of basic skills in pronunciation, listening and speaking, reading, and writing, and the grammar and vocabulary necessary to acquire these skills. Students will increase their knowledge of the customs, culture, and geography of China and other Chinese speaking countries/areas through lectures, reading, writing assignments, and film. Pass/No Pass/Letter Grade Option. (uc/csu, aa ge, csu ge, igetc)

Chin 203 C Intermediate Chinese-Mandarin III 5 Units
Prerequisite(s): Chin 102 C with a grade of C or better or two years of high school Chinese with a grade of C or better.
Term hours: 90 lecture. This course develops listening, speaking, reading, and writing skills at the intermediate level, emphasizes both oral and written communication, and provides an expanded review of key grammatical concepts. Pass/No Pass/Letter Grade Option. (uc/csu, aa ge, csu ge, igetc)

Chin 204 C Intermediate Chinese-Mandarin IV 4 Units
Prerequisite(s): Chin 203 C with a grade of C or better.
Term hours: 72 lecture. This course develops listening, speaking, reading and writing skills at the intermediate level, and it provides an expanded review of key grammatical concepts. Pass/No Pass or Letter Grade Option. (csu/uc, aa ge, csu ge, igetc)

Chin 298 C Chinese Seminar 0.5-12 Units
Term hours: 0-216 lecture and 0-432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of literature, language, and culture through small groups discussion. Pass/No Pass or Letter Grade option. (csu/uc credit limitation)

Communication Studies (Comm)

Comm 050 C Effective Communication 3 Units
Term hours: 54 lecture. The course is designed to teach students effective communication techniques in everyday situations. Emphasis is placed on developing communication skills in a variety of settings including interviewing, resume building, public speaking and working in small groups. Pass/No Pass/Letter Grade Option. (aa ge)

Comm 098 C Communication Seminar 5-12 Units
Term hours: 0-216 lecture and 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language, and culture through small groups discussion. Fee may be required - Payable at Registration. Pass/No Pass or Letter Grade option.

Comm 100 C Human Communication 3 Units
Term hours: 54 lecture. This course is an introduction to the fundamentals and principles which underlie effective speech communication. Practical experience, emphasizing content, organization and delivery, will be required in at least three speaking situations, specifically including persuasive and informative speaking. Duplicate credit not granted for Comm 100hc. (csu/uc credit limitation, aa ge, csu ge, igetc, cid: Comm 110)

Comm 100HC Honors Human Communication 3 Units
Term hours: 54 lecture. This Honors-enhanced course will introduce students to fundamentals and advanced principles which underlie effective speech communication and will offer an overview of the disciplinary field of speech communication. Enhanced practical applications, emphasizing content, organization, and delivery will be required in at least four speaking situations, specifically including persuasive and informative speaking. Principles of rhetorical criticism will also be studied. Duplicate credit not granted for Comm 100 C. (csu/uc credit limitation, aa ge, csu ge, igetc, cid: Comm 110)
COMM 105 C Interpersonal Communication 3 Units
Term hours: 54 lecture. The purpose of this course is to improve the students’ understanding and the ability to deal effectively with people. Major theories in the field of interpersonal communication will be studied so the student can develop a basic understanding of relationship theories and also acquire skills for self-improvement within their own relationships. Methods of instruction include lecture, discussion, simulation experiments, and small group activities. No formal speeches required. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: COMM 130)

COMM 110 C Mediated Oral Communication 3 Units
Term hours: 54 lecture. This course examines theories of communication in terms of computer-mediated communication (CMC), and how new technologies impact oral performances, interpersonal relationships, group communication, language, identities and social structures. Students will learn about the digital networked era which is based on consuming ever-increasing content. We will examine how different types of CMC technologies such as email, instant messaging, video conferencing, twitter and social network sites affect communication processes. Students will develop a better sense of how knowledge, information, and power changes on the web and become aware of their own personal change. Students will engage the web as critical writers and readers in order to move past being simply consumers and empower them in this digital networked era. Practical experience, emphasizing content, organization and delivery, will be required in at least three speaking situations, specifically including persuasive and informative speaking. Public speaking assignments will be completed in a computer mediated platform such as Zoom. Speaking assignments may be performed asynchronously and submitted via recording or other mediated format. (CSU/UC, AA GE, CSU GE)

COMM 120 C Intercultural Communication 3 Units
Term hours: 54 lecture. This course focuses on the cultural and social variables, communication theories and practices, and communicative styles that affect the communication process between members of different cultures. It includes an assessment of both the communication that occurs between members of different cultures and on methods and techniques of adapting communication. (CSU/UC, CSU GE, AA GE, IGETC, SOC JUST, C-ID: COMM 150)

COMM 124 C Small Group Communication 3 Units
Term hours: 54 lecture. This course is an introduction to theoretical and applied concepts in small group communication through participation and observation, analysis, and evaluation of group processes. Elements of small group behavior to be studied include leadership, roles, norms, networks, conflict and cohesion needs and problem-solving decision making. (CSU/UC, C-ID: COMM 140)

COMM 135 C Argument and Critical Thinking 3 Units
Term hours: 54 lecture. This course is a study of argumentation - logic, reasoning, analysis of issues, audience analysis, evidence, refutation, case construction - and its relationship to advocacy. Emphasis is placed on the development of critical thinking skills. (CSU/UC, AA GE, CSU GE, C-ID: COMM 120)

COMM 138 C Forensics 1-2 Units
Term hours: 18 lecture and 18-54 laboratory. This course is designed to prepare students to participate in intercollegiate speech competition. Practical experience, emphasizing content, organization and delivery will be offered in debate, persuasive speaking, informative speaking, extemporaneous speaking, impromptu speaking and oral interpretation. This course must be taken for two semesters to fulfill the CSU A3 Critical Thinking requirement. Course may be taken two times for credit. Open Entry/Open Exit (CSU/UC, CSU GE, C-ID: COMM 160 B)

COMM 170 C Oral Interpretation of Literature 3 Units
Term hours: 54 lecture. This course is an introduction to performance studies; analysis, appreciation, and application of theories of interpretive performance of various genres of literature including poetry, prose, drama, and readers theater. Students will learn to evaluate, analyze, edit, and creatively perform selections of literature for an audience. Field trips may be required. (CSU/UC)

COMM 220 C The Rhetoric of the City 3 Units
Advisory: Eligibility for ENGL 100 C.
Term hours: 54 lecture. This course will examine the communicative meanings found in the culture, environment, history and social structure for a specific city. Students will be exposed to an interdisciplinary focus on a specific city and will examine the communicative interrelationship between the city and its populace. Duplicate credit not granted for COMM 220HC. (CSU/UC, AA GE, CSU GE)

COMM 220HC Honors Rhetoric of the City 3 Units
Term hours: 54 lecture. This Honors-enhanced course will be conducted as a seminar. This course will examine the communicative meanings found in the culture, environment, history and social structure of a specific city. Students will be exposed to an interdisciplinary focus on a specific city and will examine the communicative interrelationships between the city and its populace. Duplicate credit will not be granted for COMM 220 C. (CSU, AA GE, CSU GE)

COMM 238 C Forensics 1-2 Units
Term hours: 18 lecture and 18-54 laboratory. This course is designed to prepare students to participate in intercollegiate speech competition. Practical experience, emphasizing content, organization and delivery will be offered in debate, persuasive speaking, informative speaking, extemporaneous speaking, impromptu speaking and oral interpretation. This course must be taken for two semesters to fulfill the CSU A3 Critical Thinking requirement. Open Entry/Open Exit. (CSU, CSU GE, C-ID: COMM 160 B)

COMM 298 C Communication Studies Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language, and culture through small group discussion. Fee may be required - Payable at Registration. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/CSU)

COMM 299 C Communication Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: 9-36 conference depending on units attempted. This course is for able students who wish to increase their knowledge of speech/communication language through individual study or research. May be taken for credit 3 times. (UC Credit Limitation/CSU)

COMM 340 C Communication for Health Services (formerly Communication for Mortuary Science) 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Advisory: COMM 100 C or COMM 100HC. Term hours: 54 lecture. This course provides an integrative overview of communication for students in Mortuary Science. This course is designed to introduce students to advanced theories and principles of communication and to provide practical applications of those concepts. The course focuses on an in-depth utilization of those concepts in various communication settings.
Computer Information Systems (CIS)

CIS 075 C Business Skills Development 2 Units
Term hours: 18 lecture and 54 laboratory. This course is designed for the student who needs to gain job skills in a short period of time. Occupational training will be provided in the areas of office occupations, and communication skills. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option

CIS 100 C Introduction to Computer and Windows Concepts (formerly CIS 050 C) 3 Units
Term hours: 54 lecture and 18 laboratory. This course is designed to teach the computer hardware, Windows Operating System, E-mail, Web Apps, and Internet concepts. Students will receive hands-on experience. $3.00 Materials Fee-PAYABLE AT REGISTRATION. Pass/No Pass or Letter Grade Option. (CSU)

CIS 102 C MS Word Business Applications (formerly Advanced MS Word Business Applications) 4 Units
Term hours: 54 lecture and 54 laboratory. This course teaches students how to use Word to create and edit documents; format documents; add tables and lists; add design elements and layout options; and proof documents. Students will learn how to create and format business, legal, medical, and other professional looking documents using Microsoft Word as well as Adobe PDF. Focus will be on using Word features such as mail merge, form letters, styles, themes, macros, and desktop publishing. This course will prepare students for Microsoft Office Specialist (MOS) exam. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 103 C Presentation - PowerPoint for Windows (formerly Microsoft Excel and PowerPoint) 3 Units
Term hours: 54 lecture and 18 laboratory. This course teaches the students how to use PowerPoint for business and professional use. Students create, edit, format, and enhance presentations and apply transitions and animations. This course will help prepare students to take the Microsoft Office Specialist (MOS) exam. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 109 C E-Business Applications 3 Units
Term hours: 54 lecture and 18 laboratory. This course introduces the technological infrastructure needed for implementing e-Business solutions. It also discusses the software components necessary to implement such applications. A major component of the course will be hands-on projects of evaluating e-business tools and application software. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 110 C Linux Operating System 3 Units
Term hours: 54 lecture and 18 laboratory. This course is an introduction to the Linux operating system. Topics include installing, configuring, maintaining, administering, and troubleshooting of the Linux Operating System. It provides preparation for the Saira Linux Certification. $3.00 Materials Fee-Payable at Registration. (CSU)

CIS 111 C Computer Information Systems 3 Units
Advisory: ENGL 058 C
Term hours: 54 lecture and 18 laboratory. This course is an introduction to computer concepts, computer organization, operation, hardware, systems and application software; business-problem solving; and applications to business. $3 Material Fee - Payable at Registration. (CSU/UC, AA GE, CSU GE, C-ID: BUS 140 and ITIS 120)

CIS 116 C MS Outlook/Office Procedures 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares management or office personnel for work in a computerized office environment. MS Outlook is taught in this class and integrated with Word and other MS Office applications. Pass/No Pass/Letter Grade Option. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 132 C Spreadsheet-Excel for Windows 4 Units
Term hours: 72 lecture. This course is designed to introduce students to the use of spreadsheet programs in the solution of problems. Students will use spreadsheet software to create, edit, graph, save, and print out spreadsheets. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 142 C Database-Access for Windows 3 Units
Term hours: 54 lecture and 18 laboratory. This course is designed to introduce the student to the use of database programs in the solution of record keeping problems. Students will use database software to create, update, and report data files. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 150 C Microsoft Office Applications 3 Units
Term hours: 54 lecture and 18 laboratory. This course studies the terms, concepts, and features of Microsoft Office software in today's business office. Students will create hands-on application office projects using Microsoft Office. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 160 C Information Systems Management 3 Units
Term hours: 54 lecture and 18 laboratory. This course is for students interested in managing a Computer Information Systems Center. The subject areas to be studied are planning, equipping, staffing, and managing a computerized business office. The student will use a computer spreadsheet and database in hands-on exercises in planning and managing an information systems office. $3 materials fee payable at registration. Pass/No Pass/Letter Grade Option (CSU)

CIS 161 C PC Operating System 3 Units
Term hours: 36 lecture and 54 laboratory. This course uses the latest version of Windows to introduce students to the technical aspects of an operating system program. This course takes students from the fundamental concepts of modern computer operating systems, and leads them into more advanced topics and network implementation. Topics include installing, configuring, upgrading, diagnosing, and troubleshooting desktop operating systems. Pass/No Pass/Letter Grade Option. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 162 C PC and Network Hardware Support 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares students with both theoretical and practical lessons relating to computer hardware and peripherals in a networked environment. Emphasis is placed on hands-on experience in how hardware components function together to make a computer work properly. In addition, students will gain real-world knowledge and skills in current network concepts and operating systems. CompTIA's IT Fundamentals and A+ topics will be included. (CSU)
CIS 164 C IT Support Services (formerly Computer Desktop Support) 3 Units
Term hours: 36 lecture and 54 laboratory. This course is designed to teach students the crucial skills needed to work as an IT support in an Active Directory network or Windows workgroup environment. Students will learn the kinds of knowledge, skills, abilities, and strategies they need to be employable in the support industry. Emphasis will be placed on deploying Windows, managing devices and data, configuring connectivity, maintaining Windows, managing policies and profiles, managing and protecting devices, and managing apps and data. This course prepares students for the Microsoft 365 Certified: Modern Desktop Administrator Associate. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 170 C Introduction to Data Analytics 3 Units
This course is an introduction to the fundamental concepts of Data Analytics and Business Intelligence (BI). Data Analytics and BI are utilized to turn big data into useful information to enable educators, researchers, industry, and businesses to make better decisions. Students will examine the tools, applications, and processes including analytics, understanding data, data warehousing, big data, cloud computing, and data visualization. $3 materials fee payable at registration (CSU)

CIS 172 C Data Visualization 3 Units
Term hours: 54 lecture and 36 laboratory. This course will teach students how to develop data dashboards that reveal meaningful information to relevant target audiences. Students will learn how to organize raw data to analyze and interpret data and to draw and present conclusions using Tableau software. $3 materials fee payable at registration. (CSU)

CIS 179 C Introduction to Web Page Design 3 Units
Term hours: 54 lecture and 18 laboratory. This course introduces students to Web publishing with HTML (Markup Language) for business and personal applications. Students will learn techniques to design a professional-looking Web site. Emphasis is placed on learning the HTML from the basic tags to the advanced topics such as tables, graphics, cascading style sheets, and creation of the business-related Web pages. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 182 C Microsoft Networking Fundamentals 3 Units
Term hours: 54 lecture and 18 laboratory. This course provides a comprehensive introduction of the fundamental concepts and theory of Microsoft networking. Students will understand network infrastructures, network hardware, and protocols and services. Topics include communication concepts, communication components and hardware, communication media, topologies, protocols, local and wide area networks, wireless communications, and Windows related network administration commands. Pass/No Pass/Letter Grade Option. $3.00 Materials Fee–PAYABLE AT REGISTRATION. (CSU)

CIS 185 C Administering Windows Server 3 Units
Term hours: 36 lecture and 54 laboratory. This course introduces students to both Microsoft client and server sides for the administration and management of Windows networking on domain directory services. Students will learn the features and architectures of the various types of client/server implementations such as program installation, working with files and folders, security permissions to the network resources, network auditing, printing system, configuring users and groups, managing domains and OUs, configuring authentication policies, managing DFS, and group policies, identity solutions and domain name systems. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option.

CIS 189 C Administering Windows Active Directory Services (formerly Administering and Configuring Windows Server Directory Services) 3 Units
Term hours: 36 lecture and 54 laboratory. This course covers implementing, managing, maintaining and configuring directory services and infrastructure in a Windows server environment. Emphasis would be on active directory domain services (AD DS), group policies at both introductory and advanced, domain name system, file services, AD certificate services, setting up user accounts and user access, managing resources, AD federation services, AD rights management, AD trusts, and advanced networking services and infrastructure. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 190 C IT and Cybersecurity Fundamentals (formerly Cybersecurity Competition) 4 Units
Term hours: 72 lecture and 36 laboratory. This course provides students with the fundamental knowledge in Information technology and Cybersecurity and prepares students for CompTIA's ITF+ and Cloud Essentials exams. Topics will include Cybersecurity essentials, OS installation and hardening, Windows and Linux administration, networking fundamentals and basics of cloud computing. Pass/No Pass or Letter Grade Option. (CSU)

CIS 191 C Network Infrastructure Services (formerly Administrating and Configuring Windows Server Network Infrastructure) 3 Units
Term hours: 36 lecture and 54 laboratory. This course primarily covers the administration and configuration tasks required to deploy, manage and maintain infrastructure and necessary network services. Emphasis is placed on advanced network and file services, dynamic access control, distributed active directory domain, active directory certificate, rights management, network load balancing, virtual machine manager, VPN solution, sites topology, failover clustering, and IP address management. Pass/No Pass or Letter Grade option. $3 materials fee payable at registration. (CSU)

CIS 195 C Network Security 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares students to identify network security threats and implement procedures for securing networks. Important network security topics covered in CompTIA's Security+ certificate such as malware and social engineering attacks, basic cryptography, wireless network security, access control, authentication, risk management and vulnerability assessment are covered. Pass/No Pass/Letter Grade Option. $3.00 Materials Fee–PAYABLE AT REGISTRATION. (CSU)

CIS 196 C Ethical Hacking 3 Units
Term hours: 54 lecture and 18 laboratory. This course provides students with basic anti-hacking network security concepts and hands-on skills. Important network security topics covered in CEH (Certified Ethical Hacker) certificate such as network and computer attacks, footprinting, port scanning, enumeration, cryptography and OS vulnerabilities are covered. $3.00 Material Fee - Payable at Registration. Pass/No Pass/Letter Grade Option. (CSU)

CIS 201 C Microsoft Virtualization and Cloud Deployment 3 Units
Term hours: 54 lecture and 18 laboratory. This course will prepare students with the knowledge and skills in virtualization technology such as Hyper-V, System Center services, desktop virtualization, and cloud computing using Azure networking platform. Students will be proficient in developing applications and services by using cloud and virtualization tools including storage, security, computing, and communications. $3 materials fee is payable at registration. Pass/No Pass or Letter Grade Option. (CSU)
CIS 202 C VMware Cloud and Virtualization Networking (formerly VMware vSphere Virtualization Networking) 3 Units
Term hours: 54 lecture and 18 laboratory. This hands-on training course students will install, configure, manage, and troubleshoot VMware vSphere, which includes VMware ESXi and VMware VCenter Server. Students are taught how to administer a vSphere infrastructure for an organization of any size. In doing so, students explore fundamentals of virtual network design and implementation, fundamentals of storage area networks, virtual switching, virtual system management, and engineering for high availability. In addition, students will learn the skills necessary to install and configure VMware vRealize for cloud solutions. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU/UC, C-ID: COMP 122)

CIS 211 C Introduction to Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This beginning course in programming introduces students to the Visual C# .NET and Visual Basic .NET programming languages. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Program Design, Control Structures, Functions, Sub Procedures, Form Design, and Object-Oriented coding. $3.00 Material Fee - Payable at Registration. (UC/CSU)

CIS 216 C Microsoft Project 3 Units
Term hours: 54 lecture and 18 laboratory. This course uses Microsoft Project to create a task list, set up and assign resources, format and print plan, track progress, share project information, and manage project team. Students will learn how to solve typical project and business problems using the planning, control and reporting features of Microsoft Project. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 218 C Visual C# Programming 3 Units
Prerequisite(s): CIS 211 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces students to the Visual C# programming language. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Classes and Objects, Methods, Arrays, and Form Development. $3.00 Material Fee-Payable at Registration. (UC/CSU)

CIS 220 C Web Page Programming 3 Units
Advisory: CIS 179 or consent of instructor.
Term hours: 54 lecture and 18 laboratory. In this course, students will learn how to create Web pages that include Cascading Style Sheets (CSS), how to create JavaScript programs inside HTML (Hyper Text Markup Language) documents, how to use JavaScript programs to enhance Web pages, and how to use elements of Dynamic HTML. Emphasis is placed on multiple page layers, scripting, and managing large-scale Web sites. Using these tools and techniques, students will learn to create dynamic effects based on users interaction, simple animation, drop-down menu, and other sophisticated and useful design effects. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 223 C Visual C++ Programming 3 Units
Prerequisite(s): CIS 211 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces students to the Visual C++ programming language. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Control Structures, Functions, Classes and Objects, Arrays, and File Processing. $3.00 Material Fee - Payable at Registration. (UC/CSU)

CIS 225 C Web Programming with ASP 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares students to use ASP (Active Server Pages) as a web programming language to create dynamic, interactive, and data-driven web applications. Students will learn how to develop web applications that interact with viewers as well as with other computer applications. Emphasis is placed on reading and writing data to a file on the web server, developing interactive web pages, creating web applications that integrate data bases, server-side programming, optimizing the performance of web applications, developing user controls, working with ASP web services, debugging web applications, creating mobile web applications. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 226 C Java Programming 3 Units
Advisory: CIS 211 C or equivalent programming experience.
Term hours: 54 lecture and 18 laboratory. This course introduces students to the Java programming language. Students will learn the language syntax, how to design and debug programs as well as object oriented programming concepts. $3.00 Material Fee-Payable at Registration. (CSU/UC, C-ID: COMP 122)

CIS 230 C Cisco Networking 1 4 Units
Advisory: CIS 190 C.
Term hours: 63 lecture and 36 laboratory. This is the first course in the CCNA (Cisco Certified Networking Associate) curriculum introduces the architectures, models, protocols, and networking elements that connect users, devices, applications and data through the internet and across modern computer networks - including IP addressing and Ethernet fundamentals. By the end of the course, students can build simple local area networks (LAN) that integrate IP addressing schemes, foundational network security, and perform basic configurations for routers and switches. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. $3 materials fee payable at registration.  Pass/No Pass or Letter Grade option. (CSU)

CIS 231 C Cisco Networking 2 3 Units
Prerequisite(s): CIS 230 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This is the second course in the CCNA (Cisco Certified Networking Associate) curriculum that focuses on switching technologies and router operations that support small-to-medium business networks and includes wireless local area networks (WLAN) and security concepts. Students learn key switching and routing concepts. They can perform basic network configuration and troubleshooting, identify and mitigate LAN security threats, and configure and secure a basic WLAN. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 232 C Cisco Networking 3 3 Units
Prerequisite(s): CIS 231 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This is the third course in the CCNA (Cisco Certified Networking Associate) curriculum that focuses on switching technologies and router operations that support small-to-medium business networks and includes wireless local area networks (WLAN) and security concepts. Students learn key switching and routing concepts. They can perform basic network configuration and troubleshooting, identify and mitigate LAN security threats, and configure and secure a basic WLAN. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)
CIS 233 C Cisco CyberOps (formerly Cisco Networking 4) 3 Units
Advisory: CIS 190 C or CIS 230 C
Term hours: 36 lecture and 54 laboratory. This course provides an introduction to the knowledge and skills needed as an associate-level Security Analyst working with a security Operations Center team. Students gain understanding and hands-on experience on how to detect and respond to security incidents, understand how organizations deal with cybercrime, cyber espionage, insider threats, advanced persistent threats, regulatory requirements, and related issues. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. Students will also be prepared for CCNA Cyber Ops exams. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU/UC)

CIS 234 C Advanced Java Programming 3 Units
Prerequisite(s): CIS 226 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course covers advanced Java programming through the design and use of data structures and algorithms. The following data structures will be covered: arrays, linked structures, stacks, queues, hash tables, and various types of trees. Students will learn to implement and use each. $3 materials fee payable at registration. (CSU/UC, C-ID: COMP 132)

CIS 236 C Introduction to Oracle - SQL and PL and SQL 3 Units
Term hours: 36 lecture and 54 laboratory. This course offers students an extensive introduction to data server technology. The class covers the concepts of both relational and object relational databases and the powerful SQL (Structured Query Language). Students are taught to create and maintain database objects and to store, retrieve, and manipulate data. In addition, students learn to create PL/SQL blocks of application code that can be shared by multiple forms, reports, and data management applications. Demonstrations and hands-on practice reinforce the fundamental concepts. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 239 C CCNA Bootcamp 3 Units
Advisory: CIS 230 C and CIS 231 C and CIS 232 C.
Term hours: 54 lecture and 18 laboratory. In this course, students will be prepared for the CompTIA Network+ and Cisco Certified Networking Associate (CCNA) Routing and Switching exams. Major concepts such as IP addressing and subnetting, router and switch configurations, LAN and WAN protocols, and routing will be reviewed. Students will be provided with the test bank questions and sample simulation scenarios to prepare for the exams. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 243 C Linux Server Administration (formerly titled Oracle Forms and Reports) 3 Units
Advisory: CIS 100 C.
Term hours: 54 lecture and 18 laboratory. This is a hands-on course for students to acquire basic skills and knowledge needed to administer Linux servers in a network environment. Topics include installing, configuring, and maintaining Apache, FTP, SSH, Samba, NFS, DHCP, NTP, mail, printing, and LAMP servers as well as system log files and basic network security measures. (UC/CSU)

CIS 244 C Java Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course covers game programming for Java developers. It leads students to create desktop and Internet computer games using the latest Java programming language techniques. $3.00 Material Fee-Payable at Registration. (CSU/UC)

CIS 245 C Perl Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This hands-on course introduces students to the Perl and CGI programming language. Topics include syntax, basic scripting skills, arrays and hashes, I/O, regular expressions, and subroutines. The course also introduces object-oriented programming in Perl, as well as CGI.pm module and Perl web programming. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (UC/CSU)

CIS 246 C PHP Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This hands-on course introduces students to the PHP programming language. Topics include basic PHP programming skills, and integration with HTML. It also explores advanced modules including accessing the MySQL database. Students will learn to develop dynamic web content and data-driven web sites using PHP. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (UC/CSU)

CIS 247 C Python Programming 3 Units
Term hours: 54 lecture and 18 laboratory. In this course, students will obtain a hands-on introduction to the Python language, Python tools, Python applications, and problem-solving with Python. Through lectures and laboratory work, students learn the skills of Python programming. Pass/No Pass/Letter Grade Option. $3 materials fee payable at registration. (CSU/UC, C-ID: COMP 122)

CIS 252 C Java Web and Mobile Applications 3 Units
Prerequisite(s): CIS 226 C with a grade of C or better.
Term hours: 54 laboratory and 18 laboratory. This course covers topics in Java Web and Mobile Applications. Topics include multithreading, networking, JDBC, Servlet, JSP, web services and mobile applications. $3.00 Material Fee-Payable at Registration. (CSU/UC)

CIS 254 C Mobile Application Development 3 Units
Term hours: 54 lecture and 18 laboratory. In this course, students will learn how to develop applications for use on small and mobile devices. The Android platform will be used for the basis of this course. Additional platforms may be introduced for comparison purposes. Students will create applications for the Android platform using the various specialized development environments available. $3.00 Materials Fee - Payable at Registration. (CSU)

CIS 257 C Cloud Implementation and Security (formerly Storage Management and Cloud Computing) 4 Units
Advisory: CIS 230 C.
This course prepares students to understand cloud computing, analyze cloud technologies, secure cloud infrastructures, learn different cloud types and services, and manage virtual servers and cloud storage. The course also will cover the topics of virtualization, software defined networks, storage, and various vendor cloud products, and programming models. Course is supplemented with 24/7 access to NetLab. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 258 C Cisco Security (formerly CCNA Security) 3 Units
Advisory: CIS 231 C and CIS 230 C.
This course focuses on securing network devices, implementing firewall and intrusion prevention technologies, cryptography, implementing Virtual Private Networks (VPNs), implementing the Cisco Adaptive security Appliance (ASA), and managing a secure network. This course is offered through Cisco Local Academy and upon successful course completion, students will receive a certificate from Cisco. Students will be also prepared for Cisco CCSP IINS exam by completing Bootcamp sessions. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)
CIS 261 C Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course introduces students to basic game programming concepts and program design process. Topics include game terminology, genre analysis, platform comparisons, and content creation. Students will also explore major game programming languages. Pass/No Pass/Letter Grade Option. $3.00 Materials Fee - Payable at Registration. (UC/CSU)

CIS 263 C Mobile Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course offers an overview of the gaming products for platforms involving anything handheld, including cell phones, PDAs and Pocket PCs. Students will learn to develop mobile games for the portable platforms of their choices. Pass/No Pass/Letter Grade Option. $3.00 Materials Fee-Payable at Registration. (UC/CSU)

CIS 264 C Windows Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course leads students to develop skills and techniques relevant to the programming of computer games for Windows. The course will focus primarily on programming aspects. Pass/No Pass/Letter Grade Option. $3.00 Material Fee - Payable at Registration. (CSU/UC)

CIS 265 C 3D Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course uses open source tools to introduce programming skills and techniques for creating interactive 3D games. The course will focus primarily on programming aspects. Pass/No Pass/Letter Grade Option. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 271 C Computer Forensics in Practice 1 Unit
Term hours: 18 lecture. This course provides a comparative study of information technology, evidence analysis, chain of custody, and data retrieval from computer hardware and software applications. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 272 C Computer Forensics New Challenge 1 Unit
Term hours: 18 lecture. This course introduces new technologies of computer forensics and emerging investigation techniques related to the identification, collection and preservation of digital evidence. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 273 C Computer Forensic Tools 1 Unit
Term hours: 18 lecture. This hands-on course teaches students to build toolkits for finding, identifying, and preserving digital evidence for computer forensic process. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 274 C IT Project Management (formerly Project Management Fundamentals) 3 Units
Term hours: 36 lecture and 54 laboratory. This course provides the concepts and solutions that supports the planning, scheduling, controlling, resource allocation, and performance measurement activities required for successful completion of an information technology project and helps prepare for the CompTIA Project+ certification exam. Topics include integration, scope, time, cost, quality, human resource management, communications, procurement, risk, and technology management. $3 materials fee payable at registration. (CSU)

CIS 275 C Advanced Python Programming 3 Units
Prerequisite(s): CIS 247 C with a grade of C or better. Term hours: 54 lecture and 18 laboratory. This is an intermediate-level course for students to develop programming skills to build larger, more complex, higher-quality software. Topics include functional programming, data structures, modules, class protocols, inheritance, generators, operator overloading, reflection, and optimization. (CSU/UC, C-ID: COMP 132)

CIS 276 C Computer Forensics I 3 Units
Term hours: 54 lecture and 18 laboratory. This course introduces basic techniques and methods used for collecting and preserving digital evidences for computer forensic process. This course emphasizes on gathering digital evidences from a computer system. Pass/No Pass/Letter Grade Option. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 277 C Digital Forensics (formerly Computer Forensics II) 3 Units
Term hours: 36 lecture and 54 laboratory. This hands-on course provides theoretical and practical knowledge, as well as current research on digital forensics and delivers technical and management knowledge of computer forensics to students. This course equips students with professional knowledge and techniques to investigate, preserve, process, report, and present digital evidence. $3 materials fee payable at registration. (CSU)

CIS 278 C Cyber Crime 3 Units
Term hours: 54 lecture and 18 laboratory. This course will introduce the student to concepts and actions involved with cybercrime. The emphasis of the course will be placed on the student gaining an understanding of the types, the elements, and the corresponding forensic evidence that exists from cybercrime. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 279 C Computer Forensics Legal Aspects 3 Units
Term hours: 54 lecture and 18 laboratory. This course will examine the civil and criminal aspects of computer forensics. Students will be introduced to case law and will learn appropriate steps, procedures, and techniques to comply with law when conducting forensic examinations. Also, testimony concepts by the forensic examiner will be discussed. Pass/No Pass/Letter Grade Option. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 280 C Analysis of Digital Media 3 Units
Term hours: 54 lecture and 18 laboratory. This course will provide the student with the concepts and skills to complete examinations on alternative digital media. This includes an understanding of the various file systems, acquisition procedures, recovery methods, and reporting on findings. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 281 C Computer Forensics Capstone 3 Units
Prerequisite(s): CIS 280 C with a minimum grade of "C". Term hours: 54 lecture and 18 laboratory. This course will complete the computer forensics certificate program with a thorough testing process of the student’s knowledge of computer forensics. Through a series of examinations, students will demonstrate their knowledge of appropriate computer forensic procedures/protocol, acquisition techniques, file systems, analysis of files, alternative media, Internet history/email analysis, log analysis, reporting, incorporating all knowledge gained through the courses. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 295 C CIS Internship 1-4 Units
Term hours: 18 lecture and 54-240 laboratory depending on units attempted. This course is designed to give the student credit for work experience at a related occupational worksite, while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 paid or 60 unpaid worksite internship hours is required. The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. Variable Unit Class. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.(CSU)
CIS 298 C Computer Information Systems Seminar 0.5-12 Units

Prerequisite(s): May be required.

Corequisite(s): May be required.

Advisory: May be required.

Term hours: 0-216 lecture and 0-648 laboratory. This course will utilize a lecture and/or lab approach for students enrolled in the Computer Information Systems Program to increase their knowledge in applied areas. Topics will be offered to increase the student’s knowledge of the computer information systems profession by updating content on recent changes and requirements and by preparing for new trends in Computer Information Systems. May be taken for credit 1-4 times. Pass/No Pass or Pass/No Pass/Letter Grade Option or Standard Letter Grade. Fee may be required-Payable at Registration. (CSU)

CIS 298AC Storage Management and Cloud Computing 3 Units

Advisory: CIS 230 C

This course covers concepts, principles, and deployment considerations across all technologies that are used for storing, managing, and protecting digital information in classic, virtualized, and cloud environments. Students will also be introduced to Cloud Computing. Course is supplemented with the EMC Academic Alliance Curriculum and 24/7 access to NetLab. Pass/No Pass Pass/No Pass/Letter Grade Option $3.00 Materials Fee--PAYABLE AT REGISTRATION.

CIS 299 C CIS Independent Study 0.5-2 Units

Prerequisite(s): Approved Independent Study Learning Contract

Term hours: 9-36 hours lecture depending on units attempted. This course is designed for students who wish to gain further experience, knowledge, or expertise outside of their current offerings in their area of study. The number of class hours or activities per week will be determined by the scope of the topic. The instructor will devise learning strategies to be followed by the student. Students must obtain permission from the program coordinator to be enrolled in this class. Pass/No Pass/Letter Grade Option. May be taken for credit 4 times. (CSU)

Computer Science (CSCI)

CSCI 123 C Introduction to Programming Concepts in C++ 3 Units

Prerequisite(s): MATH 141 C or MATH 142 C, with a grade of C or better.

Term hours: 54 lecture and 18 laboratory. This course introduces the discipline of computer science using a high level language utilizing programming and practical hands-on problem solving. Topics include the structure and design of algorithms, input/output, branching structures, functions, recursion, built-in data types, arrays, structures, files, pointers and elementary operations on linked structures. The object-oriented programming paradigm will be introduced. Topics include encapsulation, polymorphism, libraries, streams, inheritance and abstract data types. Students will design algorithms, write external and internal documentation and design and write source code in C++. (CSU/UC, C-ID: COMP 122)

CSCI 133 C Data Structures in C++ 3 Units

Prerequisite(s): CSCI 123 C with a grade of C or better.

Term hours: 54 lecture and 18 laboratory. This course discusses how to apply software engineering techniques to the design and development of large programs, data abstraction and structures and associated algorithms. Data structures examined are arrays, linked lists, stacks, queues, trees, tables, and graphs. Algorithm topics include hashing, sorting heaps, searches and algorithm efficiency using Big-O notation. Students will create and modify class libraries to implement these structures. (UC/CSU, C-ID: COMP 132)

CSCI 242 C Computer Architecture and Organization 3 Units

Advisory: CSCI 123 C or CIS 226 C or CIS 247 C.

Term hours: 54 lecture and 18 laboratory. This course covers the organization and behavior of real computer systems at the assembly-language level. The mapping of statements and constructs in a high-level language onto sequences of machine instructions is studied, as well as the internal representation of simple data types and structures. Numerical computation is examined, noting the various data representation errors and potential procedural errors. (CSU/UC, C-ID: COMP 142)

CSCI 252 C Discrete Structures 3 Units

Prerequisite(s): CSCI 123 C or CIS 226 C or CIS 247 C, with a grade of C or better.

Advisory: CSCI 242 C.

Term hours: 54 lecture and 18 laboratory. This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: functions, relations and sets, basic logic, proof techniques, basics of counting, graphs and trees, and discrete probability. (CSU/UC, C-ID: COMP 152)

Counseling and Guidance (COUN)

COUN 073 C Computer Access I 1 Unit

Advisory: This course is designed for students who are eligible for services from Disability Support Services (DSS).

Term hours: 18 lecture. This course is designed for students with verified disabilities. This course provides training in the use of assistive technology which enhances the ability of students with disabilities to access and use personal computers. The course will cover word processing and an introduction to the Internet. May be taken for credit 2 times. Pass/No Pass only. (Non-Degree Credit)

COUN 076 C Accessible Note-Taking Techniques 1 Unit

Advisory: For students eligible for services from Disability Support Services (DSS).

Term hours: 18 lecture. This course is designed for students with verified disabilities. This course will assist students with limited note-taking skills. Instruction will cover various techniques to improve note-taking skills that can be used in all academic coursework and other settings. Practice and guidance in listening and note-taking strategies is provided. This course may be taken two times for credit. Pass/No Pass only. (Non-Degree Credit)

COUN 077 C Overcoming Academic Challenges and Completing Goals 1 Unit

Advisory: This course is designed for students who are eligible for services from Disability Support Services (DSS).

The purpose of this course is to assist students with executive function difficulties and is designed for students with verified disabilities. Pass/No Pass only. (Non-Degree Credit)

COUN 100 C College Orientation 1 Unit

Advisory: This course is designed for students who are eligible for services from Disability Support Services (DSS).

Term hours: 18 lecture. This course will introduce students to campus support services, establish realistic goals, develop study skills, and discuss time management strategies. Students will learn about accessing accommodations on campus and in the community. Pass/No Pass only. (CSU/UC)
COUN 105 C Stress and Anxiety Management 1 Unit
Term hours: 18 lecture. This course is designed to increase the student's awareness of the effects of stress and anxiety on academic performance and daily life. Emphasis will be placed on understanding effective and ineffective responses to stress and anxiety and planning a personal stress and anxiety management program. Students will explore and practice a variety of practical coping skills and management techniques. Pass/No Pass only. (UC/CSU, CSU GE)

COUN 110 C Teaching as a Career 3 Units
Advisory: ENGL 060 C.
Term hours: 36 lecture and 54 laboratory TBA. This course is designed as an introduction to the teaching profession where students will examine concepts and issues related to education in a democratic society within historical, social, philosophical, legal and political contexts. Students will develop personal knowledge and understanding of (1) the purposes and values of schools in society, (2) the nature of teaching and the teaching profession, (3) the impact of local, state, and federal government policies on schools, and (4) contemporary educational issues. Course content and assignments will be related to a 45 hour fieldwork experience in a K-12 licensed public educational setting. (UC/CSU)

COUN 120 C The History of Disability in the United States (formerly titled Explorations in Education) 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course places the experiences of people with disabilities at the center of the American story. This course portrays a new perspective on familiar stories, as well as discussing new experiences (e.g., ableism and oralism). This course covers topics including models of disability, technology, rehabilitation and employment, and laws and movements that shaped the disability experience. (CSU/UC, AA GE, CSU GE, SOC JUST)

COUN 135 C Leadership 3 Units
Term hours: 54 lecture. This course includes the study and practical application of group and individual leadership techniques. It is designed to improve awareness of group dynamics, listening skills, personal values, decision-making, problem solving and organizational development. Duplicate credit not granted for COUN 135HC. (UC Credit Limitation/CSU)

COUN 135HC Honors Leadership 3 Units
Term hours: 54 lecture. This is an enhanced leadership development course that requires leadership participation in a campus or community organization. It includes the study and practical application of group and individual leadership techniques. It is designed to improve awareness of group dynamics, listening skills, personal values, decision-making, problem solving and organizational development. It emphasizes critical analysis of leaders in the news, history or literature. Duplicate credit not granted for COUN 135 C. (UC Credit Limitation/CSU)

COUN 139 C Career Exploration (formerly COUN 141 C) 1 Unit
Term hours: 18 lecture. This course is designed for students who are undecided about their educational or career goals. Using a career planning process, students assess interests, skills, strengths, personality, values, life and work style choices. Students explore cultural differences and gain an awareness which is applied to the work setting. Students research potential educational and career goals; apply decision making tools, and relate their self-assessment information to occupational possibilities and college majors. Pass/No Pass. $6.00 Material Fee - Payable at Registration. Additional cost for career assessments may be required. (CSU, CSU GE)

COUN 140 C Educational Planning 1 Unit
Term hours: 18 lecture. This course is designed for new students as part of the Student Success and Support Program. This course includes: an orientation to college life, responsibilities, requirements, and regulations; an overview of the guided self-placement/assessment process; psychological, sociological, and physiological factors of student success; certificates, occupational degrees, and transfer degrees; the transfer process; career guidance and pathways for selection of a major plan of study; and development of a student educational plan. Students utilize multiple computer applications and websites to conduct research in developing a comprehensive educational plan. Students also data-enter their plan into DegreeWorks. Pass/No Pass only. (CSU/UC).

COUN 144 C Women, Careers and Specialty Issues (formerly Women and Careers) 2 Units
Term hours: 36 lecture. This course covers creative career search, planning and development for specialty needs and interests. Topics focus on women but also on disabilities, discrimination and inequities, health science, fine arts and portfolio careers, building confidence, strong social media presence and strategies for success. Multiple career resources are utilized to optimize college and beyond. Pass/No Pass only. (CSU, CSU GE)

COUN 145 C Job Readiness - Career Management 2 Units
Term hours: 36 lecture. In this course, students will learn to successfully bridge from college to the workplace (or make a job transition). In a future of constant change, students will learn how to maximize their strengths, skills, and college learning for gainful and satisfying employment. Students will create a personal brand and professional in-person and online presence to optimize their career opportunities. Resumes, interviewing, business etiquette, job search, networking, and long term career management issues are discussed, developed and/or practiced. (CSU, CSU GE)

COUN 150 C Academic and Life Success 3 Units
Term hours: 36 lecture. This course will provide students with knowledge, information, and practical skills to better understand themselves as students, people and members of society. It will assist them in achieving academic, and life goals and to develop plans and strategies to successfully meet those goals. Optional assessments require a fee. (UC/CSU, CSU GE)

COUN 151 C Career and Life Planning 3 Units
Term hours: 54 lecture. A complete class in career/life planning, including introduction to the tools for dealing with change; an analysis of desired lifestyles; self-assessment; overcoming obstacles, and analysis of work, its organizations, and where you want to work; decision-making, people, environments, career-researching and job-finding, resumes, interviewing, and goal setting. $3.00 Material Fee-Payable at Registration. (UC/CSU, CSU GE)

COUN 160 C College and University Transition 1 Unit
Term hours: 18 lecture. This course is designed for the student and the parents of the student who plans to transfer to a college or university. Topics include the value of pursuing higher education, selection of a transfer institution, admissions, academic requirements, financial aid options, special programs, priority filing deadline, and developing an autobiographical essay. Duplicate Credit Not Granted For COUN 160HC. (UC Credit Limitation/CSU)
COUN 298 C Counseling and Guidance Seminar 0.5-12 Units
Pre requisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. These various courses may be offered which are designed to meet the interests and needs of the students and faculty. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (CSU)

COUN 299 C Counseling - Independent Study 0.5-2 Units
Pre requisite(s): Approved Independent Study Learning Contract.
Term hours: Hours vary according to units assigned. This course is designed for students who wish to explore in-depth various guidance-related topics. Students develop an Independent Study Learning Contract with the instructor that details the objectives and course content and scope to be completed by the student. Consult class schedule to verify credit for a particular term. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass only. (CSU)

Court Reporting (CTRP)

CTRP 030 C CR Beginning Practice Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry lab to fulfill the Court Reporter's Board lab requirements for court reporting students receiving instruction in theory to 100 words per minute. Fifty-four hours is required for one unit of credit. Variable Unit Class. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass only. $3.00 Material Fee-Payable at Registration.

CTRP 031 C CR Intermediate Practice Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the Court Reporter's Board lab requirements for students receiving instruction from 110 to 140 words per minute. Fifty-four hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee-Payable at Registration.

CTRP 032 C CR Qualifier Lab 1-6 Units
Prerequisite(s): Concurrent enrollment in or completion of CTRP 040 C with a grade of C or better.
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the Court Reporter's Board lab requirements for students in the qualifier program. Fifty-four hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee-Payable at Registration.

CTRP 033 C CR Advanced Practice Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students receiving instruction from 140 to 180 words per minute. A total of 54 hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass only.$3.00 Material Fee-Payable at Registration.

CTRP 034 C CR High Speed Proficiency Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students receiving instruction from 180 to 220 words per minute. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No pass. $3.00 Material Fee-Payable at Registration.

CTRP 035 C CR Qualifier Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students in the qualifier program. Fifty-four hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee-Payable at Registration.

CTRP 036 C Computer Aided Transcription Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry lab to fulfill the California Court Reporter's Board lab requirements for students in the CAT (Computer Assisted Transcription) classes. 54 hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee-Payable at Registration.

CTRP 037 C CR Internship-Legal Transcription 1-6 Units
Term hours: 36 lecture and 54 laboratory TBA. This course offers practical work experience in legal transcription for future employment in law offices, police departments, court reporting agencies, and other venues, Internship may be paid or unpaid. There will be 50 hours of internship, plus 10 hours of observation. Pass/No Pass/Letter Grade Option.

CTRP 038 C Machine Shorthand Theory 3 Units
Term hours: 36 lecture and 54 laboratory. This first semester course covers the basic theory of machine shorthand and mastery of the keyboard. This course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association. Recommend concurrent enrollment in CTRP 041 C. Three hours of court observation required. Pass/No Pass/Letter Grade Option.

CTRP 039 C CR Internship-Agency Services 2 Units
Term hours: 36 lecture and forty hours of internship plus ten hours of observation. This course provides practical work experience in an office setting in order to prepare the student to work in a court reporting agency. There will be 40 hours of internship required, plus 10 hours of observation.

CTRP 040 C CR Internship - Court Services 2 Units
Term hours: 36 lecture and forty hours of internship plus ten hours of observation. This course provides practical work experience in order to prepare the student to work in an administrative or clerical capacity in the California court system. There will be 40 hours of internship required, along with 10 hours of observation.

CTRP 041 C CR Internship - Legal Transcription 3 Units
Term hours: 36 lecture and 54 laboratory. This first semester course covers the basic theory of machine shorthand and mastery of the keyboard. This course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association. Recommend concurrent enrollment in CTRP 041 C. Three hours of court observation required. Pass/No Pass/Letter Grade Option.

CTRP 042 C CR Internship - Agency Services 2 Units
Term hours: 36 lecture and forty hours of internship plus ten hours of observation. This course provides practical work experience in an office setting in order to prepare the student to work in a court reporting agency. There will be 40 hours of internship required, plus 10 hours of observation.

CTRP 043 C CR Intermediate Practice Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the Court Reporter's Board lab requirements for students receiving instruction in theory to 100 words per minute. Fifty-four hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee-Payable at Registration.

CTRP 044 C CR High Speed Proficiency Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students receiving instruction from 180 to 220 words per minute. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No pass. $3.00 Material Fee-Payable at Registration.

CTRP 045 C CR Qualifier Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students in the qualifier program. Fifty-four hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee-Payable at Registration.

CTRP 046 C CR Internship-Legal Transcription 1-6 Units
Term hours: 36 lecture and 54 laboratory. This first semester course covers the basic theory of machine shorthand and mastery of the keyboard. This course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association. Recommend concurrent enrollment in CTRP 041 C. Three hours of court observation required. Pass/No Pass/Letter Grade Option.

CTRP 047 C CR Internship-Agency Services 2 Units
Term hours: 36 lecture and forty hours of internship plus ten hours of observation. This course provides practical work experience in an office setting in order to prepare the student to work in a court reporting agency. There will be 40 hours of internship required, plus 10 hours of observation.

CTRP 048 C CR Advanced Practice Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students receiving instruction from 140 to 180 words per minute. A total of 54 hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass only.$3.00 Material Fee-Payable at Registration.
CTRP 043 C Machine Shorthand Speed Building 2 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will review techniques of writing and develop sufficient skills to take new material dictation at 100 wpm for a minimum of five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 044 C Machine Shorthand Speed Building 3 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will review techniques of writing and develop sufficient skills to take new material dictation at 120 wpm for five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. The course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on jury charge material. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 045 C Machine Shorthand Speed Building 4 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will review techniques of writing and develop sufficient skills to take new material dictation at 140 wpm for five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on jury charge material. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 046 C Machine Shorthand Speed Building 5 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 160 wpm for five minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer material. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 047 C Machine Shorthand Speed Building 6 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 180 wpm for ten minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 048 C Machine Shorthand Speed Building 7 0.5-2 Units
Prerequisite(s): CTRP 047 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at 200 wpm for 10 minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 049 C Machine Shorthand Speed Building 8 0.5-2 Units
Prerequisite(s): Completion of CTRP 048 C
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at 200 and 220 wpm sustained dictation with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 050 C CSR and RPR Directed Practice 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes a further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at speeds ranging from 180 to 260 wpm. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. May be taken for credit 3 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 051 C Court and Conference Reporting - Legal 1-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course consists of an application of court reporting theory to the keyboard to develop dictation rates of 60-100 wpm for a minimum of three minutes with 95 percent accuracy. Emphasis is on jury charge, literary, and question and answer material. Legal vocabulary, California formatting, and court reporting punctuation rules are introduced. Three hours of court observation required. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 052 C Court and Conference Reporting - Medical 1-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course applies court reporting theory to the steno keyboard to develop dictation rates of 120-140 words per minute for a minimum of three minutes with 95 percent accuracy with emphasis on medical terminology. Three hours of court observation required. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 053 C Court and Conference Reporting - Congressional 1-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course offers further development of speed and accuracy on the steno machine in taking dictation to increase machine shorthand speed and strengthen transcription skills with emphasis on congressional record material, at speeds ranging from 160-180 wpm for a minimum of three minutes with 95 percent accuracy. May be taken for credit 4 times. Open Entry/Open Exit.
Court Reporting (CTRP)

CTRP 054 C Two and Four Voice Testimony 0.5-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course develops familiarity with a simulated courtroom scene consisting of the judge, the clerk, attorneys for the plaintiff and the defendant, and a witness participating in two and four voice dictation. Students will identify each speaker with appropriate machine designations in multi-voice testimony at 120-140 words per minute for a minimum of three minutes, transcribed in proper format with 98 percent accuracy. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 055 C Court and Conference Reporting - Jury Charge 0.5-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course presents an intensive application of court reporting theory to develop further reading and transcribing skills in jury charge, opening and closing arguments, legal opinion and other courtroom material at speeds ranging from 160 to 180 wpm. This course prepares the student for the machine portion of the RPR examination. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 056 C Court and Conference Reporting - Jury Charge 2 0.5-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course presents an intensive application of court reporting theory to develop further reading and transcribing skills in jury charge, opening and closing arguments, legal opinion and other courtroom material at speeds ranging from 180 to 200 wpm. This course prepares the student for the machine portion of the RPR examination. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 057 C Machine Shorthand Challenge-160 0.5-2 Units
Prerequisite(s): CTRP 045 C and CTRP 054 C
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 160 wpm. Live reading will be introduced. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 058 C Machine Shorthand Challenge-180 0.5-2 Units
Prerequisite(s): CTRP 057 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 180 wpm. Live reading will be introduced. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 059 C Machine Shorthand Challenge-200 0.5-2 Units
Prerequisite(s): CTRP 058 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 200 wpm. Videotaped testimony and live reading will be introduced. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 060 C Machine Shorthand Challenge-220 0.5-2 Units
Prerequisite(s): CTRP 059 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed for the advanced court reporting student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 220 wpm. Videotaped testimony and live reading will be introduced. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 062 C Notary Public Exam Preparation 0.5-1 Units
Term hours: 9-18 lecture depending on units attempted. This course is designed to prepare students to take and pass the California State Notary Public examination. Course may be taken two times for credit. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 063 C Internship - Legal Videography 1.5 Units
Term hours: 18 lecture and 27 laboratory. This course offers practical work experience in legal videography in order to prepare video recordings of courtroom, deposition, and other legal proceedings. Internship will be scheduled with members of the videography community. Internships may be paid or unpaid. There will be 30 hours of internship required.

CTRP 065 C Advanced CAT Systems 2 Units
Advisory: The student must have completed a CAT (Computer-Aided Transcription) dictionary.
Term hours: 18 lecture and 54 laboratory. This course is designed as an advanced CAT (Computer Aided Transcription) class to provide further instruction in CAT based court reporting software programs. A heavy emphasis will be placed on document production.

CTRP 066 C Machine Transcription-Medical 2 Units
Prerequisite(s): CIS 101 C or CIS 125 C, with a grade of C or better or a minimum of 20 wpm.
Advisory: HS 145 C or a knowledge of medical terminology is recommended
Term hours: 18 lecture and 54 laboratory. This course is designed to teach medical transcription skills. Physician's correspondence, case histories, and reports will be transcribed using transcribing machines and a personal computer. $3.00 Material Fee-Payable at Registration. Pass/No Pass/Letter Grade Option.

CTRP 067 C Basic Vocabulary Development 2 Units
Term hours: 36 lecture. This basic course is designed to enrich vocabulary and improve spelling. The emphasis is on increasing general business and professional terminology.

CTRP 068 C Advanced Vocabulary Development 1.5 Units
Term hours: 27 lecture. This course is an advanced course designed to enrich vocabulary and improve spelling. The emphasis is on increasing general business and professional terminology.

CTRP 071 C Legal Terminology and Rhetoric 3 Units
Term hours: 54 lecture. The course includes instruction in the terminology used in legal proceedings and legal documents. The topics covered include terminology in civil and criminal litigation and cases in equity.

CTRP 072 C Legal Procedures 4 Units
Term hours: 72 lecture and 18 laboratory. This course is designed to train the legal secretarial, paralegal, or court reporting student in legal procedures and practical law office skills and knowledge in the areas of general office duties, non-court documents, the courts, court documents, litigation, appeals, and other court actions. This course may be taught using a computer. Three hours of court observation required.

CTRP 073AC Spelling for Modern Business 1 Unit
Term hours: 18 lecture. This course is designed as an 18-hour intensive review of frequently misspelled words, homonyms, synonyms, and antonyms. The emphasis will be on business, legal, medical, and technical terminology. This course meets partial requirements of the Court Reporter's Board for the English requirements for the CSR Certification Program.
CTRP 073BC Punctuation - Court Reporting  1 Unit
Term hours: 18 lecture. This course is designed as an 18-hour intensive review of punctuation styles and rules used in court documents, letters, legal office documents, contracts, memorandums, and reports. The emphasis will be on basic punctuation rules as they apply to written business, legal, medical, and technical documents. This course meets partial requirements of the Court Reporter's Board for English and the CSR Certification Program.

CTRP 073CC Formatting, Style and Usage  1 Unit
Term hours: 18 lecture. This course is designed to provide the court reporting student and the computer editor (scopist) major with instruction in preparing and formatting California court transcripts and depositions. Instruction will include format styles, usage, and fundamentals of document production using the computer.

CTRP 073DC Proofreading  1 Unit
Term hours: 18 lecture. This course is designed to provide the court reporting student with instruction in editing and proofreading in order to prepare a final California court transcript, deposition, hearing transcript or other related legal document.

CTRP 074 C CSR-RPR-CBC-CCP Exam Preparation  0.5-3 Units
Term hours: 9-54 lecture depending on units attempted. This course is designed to prepare the student to successfully pass the written portion of any or all of the following examinations: CSR, RPR, CBC or CCP. May be taken for a cumulative total of 3 units. Pass/No Pass only. Open Entry/Open Exit.

CTRP 075 C Simulated Courtroom  0.5-6 Units
Prerequisite(s): CTRP 046 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed to offer a simulated courtroom and deposition environment with special emphasis on live reading with 2,3,4, and 5-voice dictation practice at speeds ranging from 180 to 200 wpm. May be taken for a cumulative total of 6 units. Open Entry/Open Exit.

CTRP 076 C Court and Deposition Procedures  1.5-3 Units
Term hours: 27-54 lecture depending on units attempted. This course provides intensive training in court and deposition procedures with heavy emphasis on court structure, pre-trial and trial procedures, law office procedures, ethics, and document production. May be taken for a cumulative total of 3 units. Open Entry/Open Exit.

CTRP 077 C Dictation and Transcription  0.5-6 Units
Term hours: 9-108 lecture and 18-216 laboratory depending on units attempted. This course provides further development of speed and accuracy in taking dictation on the machine at a variety of speeds. Emphasis is on reinforcement and improvement. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass only.

CTRP 079 C Internship- CART  3 Units
Term hours: 36 lecture and 54 laboratory. This course is designed to provide the CART (Communication Access Realtime Translation) student with practical work experience recording and reporting seminars, hearings, and lectures. Internships may be paid or unpaid. There will be 50 hours of internship plus 10 hours of observation.

CTRP 080 C Internship - Law Office  2 Units
Term hours: 36 lecture and forty hours in a law office or legal environment plus ten hours of observation. This course offers practical work experience in an approved law office in the County of Orange or Los Angeles. Internship will be scheduled during the semester, depending on available law office openings. This course fulfills partial requirements of the Law Office Administration degree and the Legal Administrative Assistant Certificate. 40 hours of internship in the field, along with 10 hours of observation.

CTRP 081 C Internship - Court Reporting  3 Units
Prerequisite(s): CTRP 047 C with a grade of C or better.
Term hours: 36 lecture depending on units attempted and forty hours in the courtroom or in deposition proceedings plus ten hours of observation. This course offers practical work experience in approved court and deposition proceedings. Internship will be scheduled during the semester, depending on available court and deposition openings. This course fulfills partial requirements of the Court Reporter's Board. Court Reporting Internships are unpaid. There will be 50 hours in the courtroom or in deposition proceedings, plus 10 hours of observation.

CTRP 082 C Computer Aided Transcription - ProCAT  1 Unit
Prerequisite(s): Students must have completed a CAT (Computer Aided Transcription) dictionary
Term hours: 18 lecture and 54 laboratory TBA. This course uses computer-based instructions as well as hands-on applications to introduce the court reporting student to ProCAT Computer Aided Transcription software.

CTRP 083 C Computer Aided Transcription - Stenograph  2 Units
Term hours: 18 lecture and 54 laboratory. This course uses computer-based instruction as well as hands-on applications to introduce the court reporting student to Stenograph Computer-Aided Transcription software.

CTRP 084 C Computer Aided Transcription - Eclipse  2 Units
Term hours: 18 lecture and 54 laboratory. This course uses computer-based instruction as well as hands-on applications to introduce the court reporting student to ECLIPSE Computer-Aided Transcription software.

CTRP 085 C Computer Aided Transcription - Dictionary Building  2 Units
Term hours: 18 lecture and 54 laboratory. This course will enable court reporting students to start building their personal dictionary using one of several CAT (Computer Aided Transcription) software systems.

CTRP 086 C Internship - Proofreading  1.5 Units
Term hours: 18 lecture and 27 laboratory. This course offers practical work experience in proofreading in order to prepare court, deposition, and other legal documents. Internship will be scheduled within the court reporting community. Internships may be paid or unpaid. There will be 30 hours of internship required.

CTRP 087 C Internship - Hearing Reporter  3 Units
Term hours: 36 lecture and 54 laboratory. This course offers practical work experience in the field of hearing reporting. Students will work in the field taking hearings, meetings, conferences, seminars, and workman's compensation proceedings. Internships may be paid or unpaid. There will be 50 hours internship, plus 10 hours of observation.

CTRP 088 C Internship - Captioning  3 Units
Term hours: 36 lecture and 54 laboratory. This course offers practical work experience in the field of captioning, both on-line and off-line. Internship will be scheduled during the semester at various sites, including on-campus opportunities for development and perfection of captioning skills. A 15,000 word CAT dictionary is necessary to complete captioning projects. Internships may be paid or unpaid. There will be 50 hours of internship, plus 10 hours of observation.

CTRP 089 C Court and Conference Reporting - Literary II  0.5-3 Units
Term hours: 9-36 lecture and 27-54 laboratory. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 140 to 180 wpm. Students will be introduced to a broad spectrum of vocabulary with special emphasis on topics that will lead to a career in Communication Access Realtime Translation (CART) reporting. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.
CTRPO90 C Court/Conference Reporting: Literary 1-3 Units
Term hours: 18-36 lecture and 18-54 laboratory depending on units attempted. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 110 to 150 wpm. Students will be introduced to a broad spectrum of vocabulary designed to prepare them for convention reporting, hearing reporting, steno interpreting, and other alternative careers. Course may be taken four times for credit. Open Entry/Open Exit.

CTRPO91 C Advanced Dictionary Build 2 Units
Term hours: 18 lecture and 54 laboratory. This course is designed for court reporting students, working reporters and captionists in order to further develop, modify, and refine their personal dictionary using one of several Computer Aided Transcription software systems.

CTRPO92 C Realtime Writing Concepts 2 Units
Term hours: 18 lecture and 54 laboratory. This course offers a programmed approach is used with guided instructions to introduce court reporting students to realtime writing. Students will use their completed electronic dictionary and the appropriate software with which their electronic dictionary is compatible. Students will use hands-on application to write various exercises covering a variety of concepts in realtime. $3.00 Materials Fee - Payable at Registration.

CTRPO93 C Information Technology-CTRP 2 Units
Term hours: 36 lecture. This course is designed to introduce students to court reporting information technology, hardware technology, software applications, research links, auxiliary equipment, and CAT industry requirements. Pass/No Pass/Letter Grade Option.

CTRPO94 C Expert Testimony-Professional Reporter 2 Units
Term hours: 36 lecture. This course is designed for students and reporters to further develop dictionary refinement and writing skills in realtime. Students must furnish a steno machine, a lap top computer, and other related court reporting supplies.

CTRPO95 C Realtime Writing-Professional Reporter 2 Units
Term hours: 36 lecture. This course is an advanced realtime writing class designed for students and reporters who studied a non-compatible computer theory. The class focuses on realtime writing concepts and their application to dictionary development, conflict resolution, and non-translates. Students are required to furnish their own steno machine, lap top computer, and other related court reporting supplies.

CTRPO96 C Court and Conference Reporting - Literary III 3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 180 to 220 wpm. Students will be introduced to a broad spectrum of vocabulary designed to prepare them for convention reporting, hearing reporting, steno interpreting, and closed captioning. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass or Letter Grade Option.

CTRPO97 C Internship - Scoping and Editing 1.5 Units
Term hours: 18 lecture and 27 laboratory. This course offers practical work experience in scoping/editing in order to prepare court, deposition, and other legal documents. Internship will be scheduled with members of the court reporting community. Internships may be paid or unpaid. There will be 30 hours of internship required.

CTRPO98 C Court Reporting Seminar 0.5-12 Units
Prerequisite(s): May be required. Corequisite(s): May be required. Advisory: May be required. Term hours: 0-216 lecture and 0-1296 laboratory depending on units attempted. This course will utilize a lecture and/or laboratory approach for students enrolled in the Court Reporting Program to increase their knowledge in applied areas. A variety of classes will be offered to increase the student’s knowledge of the court reporting profession by updating content on recent changes and requirements and by preparing for new trends in court reporting. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration.

CTRPO99 C Court Reporting - Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract Term hours: The number of class hours or activities per week will be determined by the scope of the topic. The instructor will devise learning strategies to be followed by the student. This course is designed for students who wish to gain further experience, knowledge, or expertise in applied areas of court reporting. Students must obtain permission from the program coordinator to be enrolled in this class. This course may be used to fulfill hour requirements as mandated by the Court Reporter’s Board. Prerequisite: Approved Independent Study Learning Contract. Pass/No Pass only.

Dance (DANC)

DANC 100 C Introduction to Dance Appreciation 3 Units
Term hours: 36 lecture and 54 laboratory. The course is an overview of dance history, beginning with classical era, folk and ethnic dance. This course will survey the development of ballet, modern, jazz and other dance forms, focusing largely on the 20th century. Students will read, write and watch videos to form an overview of the history of dance and the historical events that influenced the major choreographers of the 20th century. Dance concert admission may not exceed $30. (UC/CSU, AA GE, CSU GE)

DANC 101 C Multicultural Dance in the US 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course covers the social and theatrical influences of the U.S. today will be viewed and examined in terms of cultural influences, historical and social origins, and the functions they fulfill for individual artists, their cultures, and society in general. African American, Asian, Hispanic, European and Native American dances, choreographers and dancers will be studied. The class work will include readings, discussions, group projects, and analysis of dance performances on video and live theater. Attendance at a selected group of performances is required. Cost of dance concert admission will not exceed $40. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

DANC 102 C Pilates Mat Work 1 Unit
Term hours: 54 laboratory. This class is designed to prepare a student mentally and physically for dance. Students will learn Pilates floor mat exercises and a floor barre to increase flexibility, strength, body alignment with emphasis on strengthening the core muscle groups. Dance Concert admission may not exceed $30. Pass/No Pass/Letter Grade Option. (CSU, UC Credit Limitation, CSU GE)
DANC 105 C Ballet I 2 Units
Term hours: 18 lecture and 54 laboratory. This course introduces the rudiments of classical ballet to the beginning dance student. The students will develop the strength and coordination to perform the technical skills of basic ballet through barre and center work and by learning simple movement combinations. Ballet terminology will be covered. Dance concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. Dance concert admission will not exceed $30. (CSU/UC, AA GE, CSU GE)

DANC 106 C Ballet II 2 Units
Prerequisite(s): Audition - Demonstrated mastery of beginning level dance technique as provided by Title V.
Term hours: 18 lecture and 54 laboratory. This course covers the rudiments of classical dance for the intermediate ballet student. The student will develop technical skills to perform intermediate level steps and combinations of movement. Classical dance terminology will be covered. Dance Concert admission will not exceed $30. (UC/CSU, AA GE, CSU GE)

DANC 107 C Modern Dance I 2 Units
Term hours: lecture 18 and 54 laboratory. This course uses a variety of music styles where students will learn and create dances that dynamically convey thoughts, feelings and ideas. Participation develops an expressive movement vocabulary while building strength and coordination. Dance concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 108 C Modern Dance II 2 Units
Prerequisite(s): Audition - Demonstrated mastery of beginning level dance technique.
Term hours: 18 lecture and 54 laboratory. This course uses a variety of music styles where students will learn and create intermediate level dances that convey thoughts, feelings and ideas. Students will broaden their movement range and become more coordinated and dynamic as movers. Dance concert admission will not exceed $30. (UC/CSU, AA GE, CSU GE)

DANC 109 C Dance Improvisation 2 Units
Term hours: lecture 18 and 54 laboratory. This course is designed to train the mind and body to respond and explore creative movement problems through improvisation. Choreographic concepts will be studied through improvisation. Pass/No Pass/Letter Grade Option. Dance Concert admission will not exceed $30. (UC/CSU, CSU GE)

DANC 110 C Adaptive Dance 1 Unit
Advisory: This course is designed, but not limited to, students with disabilities, registered with Disability Support Services (DSS).
Term hours: 54 lab. This course accommodates varied levels of abilities to elements of several types of dance, including modern and contact improvisation. Students will expand their movement vocabulary using breath, gravity, connectivity, musicality and space. The course will enhance self-confidence, dexterity, decision making and self-awareness through the usage of several factors involved in the pedagogical process. This course may be taken four times for credit. (CSU/UC)

DANC 111 C Jazz Dance I 2 Units
Term hours: 18 lecture and 54 laboratory. In this course, students will learn basic skills of jazz dance with emphasis on body alignment, strength and coordination. Dance Concert admission not to exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 112 C Jazz Dance II 2 Units
Prerequisite(s): Audition - demonstrated mastery of beginning level dance technique as provided by Title V.
Term hours: 18 lecture and 54 laboratory. In this course, students will further develop their technical skills for jazz dance and learn faster, more complicated movement combinations appropriate for the intermediate dancer. Dance concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 113 C Tap Dance I 1 Unit
Term hours: 54 laboratory. In this course, students will study basic tap dance technique and elementary tap dances. The class provides students with the opportunity to develop coordination, rhythm and performance skills for tap dance. Some history of tap will be included. Cost of dance concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 114 C Tap Dance II 1 Unit
Prerequisite(s): Audition - demonstrated mastery of beginning level dance technique.
Term hours: 54 laboratory. In this course, students will develop skills in rhythm dancing by studying intermediate level movements and combinations with some provision for student composition of dance. Performance skills will be included. Dance Concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, CSU GE, AA GE)

DANC 115 C Hip Hop Dance 1 Unit
Term hours: 54 laboratory. In this course, students will learn various forms of beginning hip-hop dance, including pop and lock, hip-hop funk, syncopations and rhythms. A basic history of hip-hop culture will be discussed. Pass/No Pass/Letter Grade Option. Dance concert admission will not exceed $30. (CSU/UC, CSU GE, AA GE)

DANC 116 C Ballet III 2 Units
Prerequisite(s): Audition - demonstrated mastery of beginning level dance technique as provided by Title V. Pass/No Pass/Letter Grade Option. Term hours: 18 lecture and 54 laboratory. In this course, students will learn the advanced ballet technique. The class may cover the advanced ballet technique on flat and pointe and may include partner work. Dance concert admission will not exceed $30. (CSU/UC/CSU GE)

DANC 117 C Modern Dance III 2 Units
Prerequisite(s): Audition - demonstrate mastery of beginning/intermediate level dance technique.
Pass/No Pass/Letter Grade Option. Term hours: 18 lecture and 54 laboratory. This course is designed for students with knowledge of intermediate level modern dance technique. Students will learn advanced modern dance technique that may include partnering. Dance Concert admission fees will not exceed $30. (CSU/UC/CSU GE)

DANC 130 C Afro-Caribbean Dance 1 Unit
Term hours: 54 laboratory. In this course, students will learn the dance styles and rhythms of African and Caribbean cultures including dances from West Africa, Brazil, Trinidad, Haiti, Bahia, Cuba, and the Dominican Republic. Dance as an inseparable part of the culture will be discussed. Pass/No Pass/Letter Grade Option. Dance concert admission not to exceed $30.00. (UC/CSU, CSU GE)

DANC 136 C Middle Eastern Dance 1 Unit
Term hours: 54 laboratory. In this course, students will learn the social and stage dances from the Near and Middle East. Course work includes styling, veil work, cymbal playing, improvisation, Dabke, fusion forms, vocabulary and cultural background of the dances. Dance concert admission not to exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, CSU GE, AA GE)
DANC 137 C Latin and Swing Dance 1 Unit
Term hours: 54 laboratory. In this course, students will learn various Latin and swing dance forms such as east and west coast swing, salsa, cha-cha, and merengue. The course will focus on learning the choreography in each style while developing coordination, partnering and performances skills. Individual choreography will enhance the students’ knowledge of each dance forms as well as encourage creativity. Pass/No Pass/Letter Grade Option. Dance Concert admission not to exceed $30. (CSU/UC, CSU GE, AA GE)

DANC 140 C Summer Dance Festival I 1.5-2 Units
Prerequisite(s): Audition
Pass/No Pass/Letter Grade Option Term hours: 81-108 laboratory TBA depending on units attempted. This course is designed to give both high school and college students the opportunity for intensive study of a variety of dance styles by taking technique classes while rehearsing choreography of faculty for the Summer Dance Festival. All phases of the dance performance techniques from audition to rehearsal to performance will be covered. (CSU/UC)

DANC 141 C Performance Class I (formerly DANC 204 C) 2-3 Units
Prerequisite(s): Audition
Advisory: Concurrent enrollment in one of the following: DANC 203 C or THEA 149 C, or one from THEA 140 C through 147 C.
Term hours: 108 - 162 laboratory. This course provides the experience of learning and performing choreographic works of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (CSU/UC)

DANC 142 C Performance Class II 2-3 Units
Prerequisite(s): Audition
Advisory: THEA 149 C, THEA 150 C, THEA 151 C, THEA 152 C, DANC 203 C or one from THEA 140 C - THEA 147 C.
Term hours: 108-162 laboratory depending on units attempted. This course concentrates on training students in the intermediate skills required for performing choreographic works of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (CSU/UC)

DANC 143 C Performance Class III 2-3 Units
Prerequisite(s): Audition
Advisory: THEA 149 C, THEA 150 C, THEA 151 C, THEA 152 C, DANC 203 C or one from THEA 140 C - THEA 147 C.
Term hours: 108-162 laboratory depending on units attempted. This course concentrates on training students in the advanced skills required for performing choreographic works of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (UC/CSU)

DANC 144 C Performance Class IV 2-3 Units
Prerequisite(s): Audition
Advisory: THEA 149 C, THEA 150 C, THEA 151 C, THEA 152 C, DANC 203 C or one from THEA 140 C - THEA 147 C.
Term hours: 108-162 laboratory depending on units attempted. This course concentrates on training students in the advanced skills required for performing and taking leadership roles in different aspects of the choreographic process of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (UC/CSU)

DANC 145 C Summer Dance Festival II 1.5-2 Units
Prerequisite(s): Audition
Term hours: 81-108 laboratory. This course is designed to give both high school and college students the opportunity for intensive study of a variety of dance styles by taking intermediate technique classes while rehearsing choreography of Guest Artists and/or student choreographers. All phases of dance performance techniques from audition to rehearsal to performance will be covered. Pass/No Pass/Letter Grade Option. (CSU) AA GE

DANC 147 C Costume Design for Dance 3 Units
Pass/No Pass/Letter Grade option. Term hours: 18 lecture and 108 laboratory. This course will cover the history of costume design for dance. Students will also learn the preliminary techniques for designing and executing costumes for dance. (UC/CSU)

DANC 149 C Light Design for Dance 3 Units
Pass/No Pass/Letter Grade option. Term hours: 18 lecture and 54 laboratory. This course is designed for students with different or no technological experience. Class work will include the use of many technological devices including computers and tablets. Students will use technology to create choreography and other dance-related projects. This course will include a historical survey of the relationship between dance and multimedia, as well as contemporary applications. (UC/CSU)

DANC 202 C Elements of Choreography 2 Units
Term hours: 36 lecture and 18 laboratory. In this course, students will study the theories and practices involved in basic dance composition. Methodologies will include elements of shape, space time, music, topics and other theories and dance styles that involve the creation of a dance. Cost of dance concert admission will not exceed $30. (CSU/UC)

DANC 203 C Dance Production I 0.5-2 Units
Pass/No Pass/Letter Grade Option. Term hours: 27-108 laboratory TBA depending on units attempted. This course offers practical experience in the technical aspects of dance production including costume design, set design, makeup, lighting, sound production, and publicity. (UC/CSU)

DANC 205 C Dance Ensemble 1-2 Units
Term hours: 54-108 laboratory depending on units attempted. In this course, theater and dance students with intermediate to advanced skill levels will develop their performing and choreographic skills, perform at K-12 schools, community events, American Dance Festival and other dance festivals. This course may be taken four times for credit. (CSU, UC, UC GE)

DANC 206 C Dance Production II 0.5-2 Units
Prerequisite(s): Audition.
Pass/No Pass/Letter Grade option. Term hours: 27-108 laboratory. This course offers practical experience in the technical aspects of running crew for dance production including costume design, set design, makeup, lighting, and sound production. (CSU/UC)

DANC 230 C Dance Teaching Methodologies 3 Units
Term hours: 36 lecture and 54 laboratory. In this course, students will learn the appropriate teaching methodologies that can be applied in different instructional venues: schools, colleges and private studios, to name a few. Subject matter will include theoretical and practical applications of dance pedagogy. Cost of Dance Concert Admission not to exceed $30. (CSU)
DANC 296 C Dance Open Laboratory 0.5-3 Units
**Prerequisite(s):** Demonstrate mastery of beginning level dance technique.
Term hours: 27-162 laboratory depending on units attempted. This is an open entry/open exit class for students to obtain production experience related with dance concert through performing, choreographing, technical work, management, and publicity. Concert admission cost may not exceed $30. Pass/No Pass/Letter Grade option. Open Entry/Open Exit. (UC/SU)

DANC 298 C Dance Seminar 0.5-12 Units
**Prerequisite(s):** May be required
**Advisory:** May be required
Corequisite: May be required. Term hours: 0-216 lecture and/or 0-864 laboratory depending on units attempted. This seminar course provides the opportunity to study new dance styles or a variety of other subject matters related to dance that are not included in present curriculum. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (CSU)

DANC 299 C Dance Independent Study 0.5-2 Units
**Prerequisite(s):** Approved Independent Study Learning Contract
Term hours: 18-72 for maximum credit. This course is for advanced students who wish to increase their knowledge of dance and/or performance level through individual study or research. Unit credit may range from one-half to two units in any given semester. May be taken for credit 4 times. (CSU)

**Dental Assistant (DA)**

DA 016 C Dental Radiography 3 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course is a study of the structure, chemical and physical properties and manipulation of materials used in dentistry. Laboratory application of dental materials and the relationship of dental materials to the oral environment is included. Emphasis in this course is on specific materials and functions delegated to the registered dental assistant by the State of California. $85 materials fee payable at registration.

DA 058 C Clinical Externship I 1.5 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program and successful completion of all first semester courses.
Term hours: 9 lecture and 72 clinical setting. This course is the first in a series of clinical externships. The emphasis is on the beginning level skills and training for the dental assistant. Dental Assisting students will complete clinical rotations in dental offices and/or schools of dentistry. A minimum of eight hours per week will be spent in the clinical setting.

DA 059 C Clinical Externship II 3.5 Units
**Prerequisite(s):** Successful completion of first semester Dental Assisting Program and enrollment in all of the second semester courses.
Term hours: 18 lecture and 144 clinical setting. This course is the second in a series of clinical externships. The emphasis is on advanced skills and training for the dental assistant. Dental Assisting students will complete clinical rotations in dental offices. A minimum of sixteen (16) hours per week will be spent in the clinical setting.

DA 061 C Oral Anatomy and Dental Assisting 3 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program.
Term hours: 54 lecture. This course is a study in dental anatomy and physiology, oral embryology, head and neck, tooth morphology and histology, occlusion and malocclusion, innervations of the oral cavity essential to the proper care of patients during clinical treatment. Emphasis is placed on the proper identification of dental structures within the oral cavity, and the recognition of normal occlusion in contrast to malocclusion.

DA 062 C Preventive Dental Health - Basics 3 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course deals with the concepts of preventive dental health and basics of dental assisting which includes applied nutrition, and patient education, dental and medical emergencies, taking and evaluating medical and dental histories, systemic diseases with dental care implications, principles and fundamentals of infection control, sterilization and disinfection in the dental environment, dental photography, and oral evacuation.

DA 063 C Chairside Assisting I 3 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course provides instruction in chairside assisting, which includes the history of dentistry, the dental team, pre-clinical knowledge and entry-level skills for the dental assistant in instrumentation, advancing to the application and principles of restorative dentistry and applying asepsis and infection control protocols during restorative dentistry. $90 materials fee payable at registration.

DA 065 C Radiology and Dental Assisting 3 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course covers the didactic, pre-clinical work on mannequins and clinical instruction on patients as required by the California State Dental Practice Act in regard to radiation safety. Upon successful completion of the course, the student will be certified to take x-rays on patients in the dental office. Certification for Radiation Safety is within the required course term hours. The Radiation Safety hours are Lecture 8 hours, Laboratory 12 hours and Clinical 12 hours with patients. $74 materials fee payable at registration.

DA 066 C Radiology II and Dental Assisting (formerly Clinical and Dental Radiology) 1 Unit
**Prerequisite(s):** Enrollment in the Dental Assisting Program.
Term hours: 54 clinical laboratory. This course provides advanced instruction on the exposure of intraoral and extraoral radiographs. The bisecting technique, paralleling technique, panoramic technique and the use of dental radiology aids will be utilized. Emphasis in this course is placed upon the student's performance demonstrating the ability to consistently produce diagnostic radiographs. $69 materials fee payable at registration.

DA 067 C Dental Specialties 3 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program and successful completion of all first semester courses.
Corequisite: DA 068 C with a grade of C or better. Term hours: 36 lecture and 54 laboratory. This course covers theory and clinical practice in those functions specifically associated with the dental specialties. Emphasis is placed on the principles and practices of those functions consistently utilized in dentistry. Certified to take x-rays on patients in the dental office. Certification for Radiation Safety is within the required course term hours. The Radiation Safety hours are Lecture 8 hours, Laboratory 12 hours and Clinical 12 hours with patients. $74 materials fee payable at registration.

DA 068 C Clinical and Dental Surgery 3 Units
**Prerequisite(s):** Acceptance into the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course covers clinical and surgical procedures to function in the specialty area of dentistry: orthodontics, periodontics, endodontics, pediatric dentistry, prosthodontics, and oral surgery. It also provides information and clinical practice in those functions legally delegated to the Dental Assistant and Registered Dental Assistant in the California Dental Practice Act. It includes rules and regulations implemented by the Board of Dental Board of California pertaining to licensure. Certification for Pit and Fissure Sealants is within the required course term hours. The Pit and Fissure Sealant hours are Lecture 4 hours, Laboratory 4 hours and Clinical 8 hours with patients. $107 materials fee payable at registration.
DA 068 C Chairside Assisting II 3 Units

**Prerequisite(s):** Enrollment in the Dental Assisting Program and successful completion of all first semester courses.

Term hours: 36 lecture and 54 laboratory. Certification for Coronal Polish is within the required course term hours. The coronal polish hours are 4 hours lecture, 4 hours laboratory and 4 hours clinical with patients. This course provides instruction in the principles, instrumentation, and procedures to function as a Registered Dental Assistant according to the legal stipulation in the California Dental Practice Act and implemented by the Dental Board of California.

DA 069 C Clinical Externship III 2.5 Units

**Prerequisite(s):** Enrollment in the Dental Assisting Program and successful completion of all first semester courses.

Term hours: 144 clinical setting. This course is the third in a series of clinical externships. The emphasis is on advanced skills and training for the dental assistant and registered dental assistant. Dental assisting students will complete clinical rotations in dental offices. A minimum of sixteen (16) hours per week will be spent in the clinical setting.

DA 070 C Dental Office Procedures 2 Units

**Prerequisite(s):** Enrollment in the Dental Assisting Program and successful completion of all first semester courses.

Term hours: 36 lecture. This course is designed to provide instruction, both didactic and practical application, in the skills and responsibilities of a dental administrative assistant. In addition, the students will be trained to use the Dentrix Dental Software program to become knowledgeable in all areas of practice management utilizing the computer. These areas include patient files, charting and treatment planning, appointment scheduling, reports and insurance claim processing. $5 materials fee payable at registration.

DA 099 C Dental Assisting Independent Study 3 Units

**Prerequisite(s):** Approved Independent Study Learning Contract Pass/No Pass/Letter Grade Option. Term hours: 54 hours of scheduled conferences or clinics per term according to instructor. This course is designed for students with background/experience in Dental Assisting who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision. Course may be taken four times for credit.

**Dental Hygiene (DH)**

DH 100 C Introduction to Dental Hygiene 1.5 Units

**Prerequisite(s):** Provisional acceptance into the Cypress College Dental Hygiene Program (or as an alternate) is required for registration in this course.

Term hours: 27 lecture and 18 laboratory. In this course, emphasis is on dental terminology, communication skills, legal and ethical aspects of dental hygiene practice and licensing requirements. An overview of dental hygiene clinical and lab technique including infection control, basic dental hygiene instrumentation and examination of the head and neck. This is a prerequisite course for the Dental Hygiene Program. $20 materials fee payable at registration. Pass/No Pass only. (CSU)

DH 101 C Dental Anatomy and Morphology 2 Units

**Prerequisite(s):** Admission to and enrollment in the Dental Hygiene Program and all Dental Hygiene Program first semester courses.

Term hours: 36 lecture. This course presents a study in dental anatomy, morphology, and occlusion essential to the proper care of patients during the clinical dental hygiene process of care. An emphasis will be placed on the proper identification of oral and dental structures, the utilization of proper terminology, the recognition of normal occlusion in contrast to malocclusion and the clinical significance of temporomandibular joint dysfunction. (CSU)

DH 104 C Oral Health Assessment 3 Units

**Prerequisite(s):** Admission to and enrollment in the Dental Hygiene Program and all first semester courses.

Term hours: 54 lecture. This course is a multifaceted course that presents foundation information skills for the beginning student clinician to utilize daily in the direct patient dental hygiene process of care. Primarily, it is an introduction to the recognition, gathering and interpretation of assessment data as an aid to formulating electronic dental hygiene treatment plans. In addition, it provides the basics to dental disease prevention through the dissemination and application of existing dental health knowledge through instruction. (CSU)

DH 105 C Oral Embryology and Histology (formerly DH 205 C) 2 Units

**Prerequisite(s):** Admission to and enrollment in the Dental Hygiene Program.

Term hours: 36 lecture. This course is an introduction to the microscopic characteristics of the tissues, histology, and embryology of the head and neck with an emphasis of the structure of the oral cavity. (CSU)

DH 106 C Radiology Technician - Hygienists 3 Units

**Prerequisite(s):** Admission to and enrollment in the Dental Hygiene Program and all Dental Hygiene Program first semester courses.

Term hours: 36 lecture and 54 laboratory. This course for dental hygiene students includes didactic and preclinical instruction in the essentials of dental radiography. Lecture emphasizes the technical aspects of radiation production, protection against the hazards of radiation, and utilization of radiographs during patient care. The laboratory provides demonstrations and practical application in the fundamentals of intraoral and extraoral radiographic techniques, processing, mounting and identification of normal anatomical landmarks. $123 materials fee payable at registration. (CSU)

DH 109 C Pre-Clinical Dental Hygiene 5 Units

**Prerequisite(s):** Admission to and enrollment in the Dental Hygiene Program and all first semester courses.

Term hours: 54 lecture and 108 laboratory. This is the first in a series of four courses designed to prepare the student for the clinical dental hygiene process of care. Content emphasis includes bloodborne and infectious disease exposure, care and operation of dental equipment, identification, purpose and function of basic instrumentation skills, instrument sharpening, polishing agents and methods, topical fluoride application, entry level clinic electronic forms and procedures, clinic duties, and clinical practice utilizing examination procedures and basic instrumentation techniques on student patient partners and periodontal typodonts/manikins. $68 materials fee payable at registration. (CSU)
DH 110 C Clinical Dental Hygiene 6 Units
Prerequisite(s): Enrollment in Dental Hygiene Program and successful completion of all first semester courses.
Term hours: 18 lecture and 54 laboratory and 216 clinical hours. This is the second in a series of four courses designed to prepare the student for the clinical dental hygiene process of care. Emphasis is placed on perfecting oral inspection and medical/dental health history documentation, and developing dental hygiene process of care treatment plans, and electronic charting. Additional course content includes: introduction to universal curette instrumentation, sharpening techniques, root debridement techniques, oral and subgingival irrigation, gingival curettage, introduction to ultrasonic instrumentation and air polishing. Clinical skills will be demonstrated and evaluated on clinical patients appointed in the Cypress College Dental Hygiene Clinic. (CSU)

DH 112 C Head and Neck Anatomy (formerly DH 212 C) 2 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all first semester courses.
Term hours: 36 lecture. This course is a study of the gross and anatomical structures of the head and neck. The relationship and function of the organs of the head and neck in the human body are studied, with an emphasis on structures and innervations of the oral cavity. (CSU)

DH 113 C General and Oral Pathology 2 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all first semester courses.
Term hours: 36 lecture. This course introduces students to concepts of oral pathology and specific pathologic processes, including inflammatory and immunologic defenses, as well as neoplastic, metabolic, inherited and developmental disturbances. A summary of each condition is presented and includes information to aid the Dental Hygienist in developing a clinically useful differential assessment. (CSU)

DH 116 C Dental Materials - Hygienists 2.5 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all first semester courses.
Term hours: 27 lecture and 72 laboratory. This course is designed to provide the student with a study of structure, chemical and physical properties, and manipulation of materials used in dentistry will be covered. Laboratory application of dental materials and the relationship of dental materials to the oral environment is included. Emphasis will be placed on specific materials and functions delegated to the dental hygienist by the Dental Board of California and Dental Hygiene Board of California. $102 materials fee payable at registration. (CSU)

DH 125 C Perio Pathology and Therapy 2 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all first semester dental hygiene courses.
Term hours: 36 lecture. This course is designed to provide the dental hygiene student with current theory in periodontics. The healthy periodontium as well as the diseased states will be explored. New surgical concepts and techniques in periodontics will be discussed. The management of periodontics in clinical treatment and dental hygiene process of care will be emphasized. (CSU)

DH 148 C Infection and Hazard Control and Medical and Dental Emergencies Management (formerly DH 248 C) 2 Units
Prerequisite(s): Admission to and enrollment in the Dental Hygiene Program.
Term hours: 36 lecture. This course will provide the student with the basic principles in management of infection and hazard control and medical and dental emergencies in the dental care setting. Infection control content includes bloodborne and infectious disease exposure, application of universal precautions, OSHA, and CDC guidelines as it pertains in oral health care services to patients. In addition, basic knowledge and skills related to preparedness for the prevention of medical emergencies, clinical signs and symptoms, and emergency treatment of the condition will be included in this course. (CSU)

DH 220 C Clinical Dental Hygiene 6.5 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all its Semester 2 courses.
Term hours: 27 lecture and 288 laboratory. This is the third in a series of four courses designed to prepare the student for clinical dental hygiene process of care. Lecture and clinical instruction will be applied by experience on clinical patients in the Cypress College Dental Hygiene Clinic facility. An emphasis will be placed on the assimilation and utilization of previous instruction and demonstration of progressive learning. This course also emphasizes the performance of those expanded duties in dental hygiene as allowed by the California State Dental Practice Act, Dental Hygiene Board of California, and the progressive development of professional and managerial skills. $149 materials fee payable at registration. (CSU)

DH 221 C Clinical Dental Hygiene 6.5 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.
Term hours: 27 lecture and 288 laboratory. This is the final course in clinical dental hygiene process of care and to provide students advanced instruction in patient care. Lecture and clinical instruction will be applied by clinical experience on clinical patients in the Cypress College Dental facility. An emphasis will be placed on: (1) periodontal therapy, (2) supportive periodontal treatment, (3) expanded and supportive periodontal treatment, (4) expanded and supportive procedures, (5) treatment assessment and planning, (6) organization and implementation of a Student Research presentation/Table Clinic, and (7) the completion and presentation of a Periodontal Case Presentation of extensive and comprehensive dental hygiene process of care of a patient. $50 materials fee payable at registration. (CSU)

DH 230 C Dental Specialties 2 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.
Term hours: 36 lecture. This course is a study of the dental hygienist's role within the various Dental Specialties. Each dental specialty practice is studied to establish a proper perspective of dental hygiene in relationship to dentistry and to have a greater comprehension of total patient care. (CSU)

DH 240 C Community Oral Health I 2 Units
Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.
Term hours: 36 lecture. This is the first of two courses designed to provide the student with the knowledge and experience necessary to work within the community in the area of public health. Emphasis will be placed on the understanding of developing a community health project, use of statistics, and the development of teaching strategies for use in the classroom. Students are expected to work with target groups within the community. (CSU)
### DH 241 C Community Oral Health II
**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.
Term hours: 36 lecture. This course is the second of two courses in Community Oral Health to develop principles and practices of dental public health. Emphasis of instruction will be placed on community-wide problems such as water fluoridation and the delivery of care. Students will participate in target groups within the community. (CSU)

### DH 245 C Dental Ethics and Legal Principles (formerly Dental Jurisprudence)
**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.
Term hours: 36 lecture. This course offers a study of the fundamental factors necessary to conduct a well-regulated practice based on sound dental practice management principles within the legal and ethical framework of the California Dental Practice Act. Emphasis is placed on the historical aspects of dental hygiene, the ethical and legal responsibilities of the dental hygienist, allowable duties, interpersonal relations among members of the dental team, and patient-office relationships. (CSU)

### DH 250 C Pharmacology
**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.
Term hours: 36 lecture. This course includes the principles of drug interaction with living tissue (pharmacodynamics) and the time course of drugs within living organisms (pharmacokinetics); drug effects on the cardiovascular, autonomic, and central nervous systems; drug management of anxiety, pain and infection as related to dental practice and the harmful aspects of drugs (toxicology). (CSU)

### DH 255 C Dental Anesthesiology
**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.
Term hours: 36 lecture and 72 laboratory. This course includes the theory and techniques of administration of local anesthesia and sedation in dentistry as related to the California State Dental Practice Act and Dental Hygiene Board of California. The student will administer local anesthesia and nitrous oxide-oxygen sedation in the clinical setting as a component of comprehensive patient care. $20 materials fee payable at registration. (CSU)

### DH 260 C Dental Care for Special Patients (formerly Dental Care for Special Needs)
**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.
Term hours: 36 lecture. This course is designed to provide students with an understanding of the needs of the medically compromised, older adult patient, and the mentally and physically challenged patient. Emphasis will be placed on therapeutic techniques in assessing and treating special patients and the barriers and access to oral health care in the dental setting. (CSU)

### DH 275 C Clinical Dental Hygiene 1A
**Prerequisite(s):** DH 110 C with a grade of C or better.
Term hours: 27 laboratory. This is a clinical course in dental hygiene designed to provide students advanced instruction in dental hygiene process of care. An emphasis will be placed on treatment planning, assessment, and clinical instrumentation. This course provides the student with 27 hours of clinical instruction. Pass/No Pass option only. (CSU)

### DH 276 C Clinical Dental Hygiene 2A
**Prerequisite(s):** DH 221 C with a grade of C or better.
Term hours: 27 laboratory. This is a clinical course in dental hygiene designed to provide students advanced instruction in patient care. An emphasis will be placed on treatment planning, and advanced instrumentation for the dental hygiene clinical board. Pass/No Pass option only. (CSU)

### DH 299 C Dental Hygiene Independent Study
**Prerequisite(s):** Approved Independent Study Learning Contract
Term hours: 9-36 lecture and/or 0-108 laboratory depending on units attempted. This course is designed for students enrolled in the Dental Hygiene Program who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision. May be taken for credit 3 times. Pass/No Pass/Letter Grade Option. (CSU)

Term hours: 63 lecture and 27 hours laboratory. This course will provide a study of the clinical applications of abdomen sonography. It will include abdominal vasculature; liver; gallbladder and biliary system; pancreas; spleen; and kidneys. Interpretation of clinical laboratory tests, related clinical signs and symptoms, and normal and abnormal sonographic patterns will be discussed. This course includes a lab section on basic scanning techniques and protocol. (CSU)
DMS 176 C Pathology and Small Parts 3 Units
**Prerequisite(s):** DMS 170 C, DMS 172 C, DMS 175 C and RADT 262 C, with a grade of C or better.
Corequisites: DMS 186 C and DMS 207 C. Term hours: 54 lecture. This course will discuss the manifestations of abdominal pathology and disease conditions and their relevance to sonographic procedures including hemodynamic changes. The student will describe abdominal scanning techniques and procedures appropriate for the disease process. Normal anatomy, scanning technique, and pathology of small parts is included as well as neonatal imaging. The course will support the student in the clinical phase of sonographic training. Sonographic technique and actual pathologic cases will be discussed. (CSU)

DMS 186 C Obstetric and Gynecology Sonography 4 Units
**Prerequisite(s):** DMS 170 C, DMS 172 C and DMS 175 C with a grade of C or better.
Corequisite: Completion of or concurrent enrollment in DMS 176 C and DMS 207 C with a grade of C or better. Term hours: 72 lecture. This obstetric/gynecology sonography course is a study of the pregnant and non-pregnant female reproductive system. This includes an assessment of fetal gestational age, fetal anatomy and pathology, as well as, associated maternal conditions. Gynecological sonography includes normal female anatomy along with pathological processes. Topics of discussion include related clinical symptoms, sonographic appearances, scanning techniques and protocols, and laboratory tests. This course includes a demonstration section on basic scanning techniques and protocol. (CSU)

DMS 188 C Doppler Techniques 1.5 Units
**Prerequisite(s):** DMS 176 C, DMS 186 C and DMS 207 C with a grade of C or better.
Corequisite: DMS 217 C with a grade of C or better. Term hours: 27 lecture. This course includes vascular scanning techniques related to carotid, venous, and arterial sonographic exams. (CSU)

DMS 195 C Carotid and Arterial Sonography 4 Units
**Prerequisite(s):** DMS 188 C and DMS 217 C, with a grade of C or better.
Corequisite: DMS 227 C with a grade of C or better. Term hours: 54 lecture and 27 laboratory. This course includes Doppler criteria related to carotid and arterial sonographic exams. (CSU)

DMS 207 C Clinical Education I 8 Units
**Prerequisite(s):** Satisfactory completion of the first (Fall) semester of the Diagnostic Medical Sonography Program and DMS 172 C with a grade of C or better.
Term hours: 480 laboratory TBA. This course offers a minimum of 480 hours of clinical experience at an affiliated hospital. This course will provide basic instruction and scanning experiences in abdomen sonography. The student will be able to demonstrate the ability to perform sonographic examinations of the abdomen according to the protocols established by the program and clinical education center utilizing sonography equipment. (CSU)

DMS 210 C Review Seminar 2.5 Units
**Prerequisite(s):** DMS 195 C and DMS 227 C with a grade of C or better.
Corequisite: DMS 237 C with a grade of C or better. Term hours: 45 lecture. This course will prepare the student to enter the workforce by combining all skills acquired during didactic and clinical training. This course correlates and analyzes information pertaining to sonography case studies. The student will achieve an in-depth comprehension and an increased level of understanding of clinical symptoms, sonographic patterns, alternative imaging procedures, and technical pitfalls associated with a diagnostic sonography exam. Review of abdomen, small parts, physics, vascular, obstetric and gynecology will be included to help prepare the student for the American Registry of Diagnostic Medical Sonography test. (CSU)

DMS 217 C Clinical Education II 7 Units
**Prerequisite(s):** Successful completion of the second semester (Spring) of the Diagnostic Medical Sonography Program and DMS 207 C with a grade of C or better.
Term hours: 320 laboratory. This course requires a minimum of 384 hours of clinical experience at an affiliated hospital/medical center. This course will provide basic instruction and scanning experiences in breast, thyroid, scrotum, and doppler sonography. The student will be able to demonstrate the ability to perform sonographic examinations of small parts according to the protocols established by the program and clinical education center utilizing sonography equipment. (CSU)

DMS 227 C Clinical Training III 11 Units
**Prerequisite(s):** Successful completion of the Summer session of the Diagnostic Medical Sonography Program and DMS 217 C with a grade of C or better.
Term hours: 612 laboratory. This course requires a minimum of 544 hours of clinical training at an affiliated hospital/medical center. This course will provide the basic instruction and scanning experiences in obstetrics and gynecology sonography. The student will be able to demonstrate the ability to perform sonographic examinations of the gravid and non gravid pelvis according to the protocols established by the program and clinical education center utilizing sonography equipment with both transabdominal and endocavity transducers. (CSU)

DMS 237 C Clinical Education IV 8 Units
**Prerequisite(s):** DMS 227 C and DMS 195 C, with a grade of C or better.
Corequisite: DMS 210 C with a grade of C or better. Term hours: 612 laboratory. This course requires a minimum of 612 hours of clinical training at an affiliated hospital/medical center. This course will provide basic instruction and scanning experiences in vascular sonography. (CSU)

Disability Studies (DSST)

Division: Counseling

DSST 200 C Introduction to Disability Studies 3 Units
**Advisory:** ENGL 100 C or ENGL 101 C.
Term hours: 54 lecture. This course provides students with an overview of the Disability Studies field. Students gain introductory knowledge about disability as a social, cultural, historical and political phenomenon. Students learn varying disability definitions, cultural meanings and representations, social justice and human rights issues, and current bioethical debates related to disability. (CSU/UC, AA GE)

Economics (ECON)

ECON 100 C Principles of Economics-Macro 3 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C, with a grade of C or better.
Term hours: 54 lecture. The course concentrates on macroeconomics analysis. Topics emphasized are aggregate supply/demand concepts, economic aggregates and the overall functioning of the American economy, with special emphasis on the role of the government. The course includes national income accounting, employment theory, business cycles, fiscal and monetary policy and economic growth. Duplicate credit not granted for ECON 100HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 202)
ECON 100HC Honors Principles of Economics - Macro 3 Units

**Prerequisite(s):** MATH 040 C or MATH 041 C with a grade of C or better.

Term hours: 54 lecture. This Honors-enhanced course is a study of macroeconomics, focusing on the structure and operation of the American economy. Special topics include simulated practice of fiscal and monetary policy, and web-site updates of statistical economics. Duplicate credit not granted for ECON 100 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 202)

ECON 105 C Principles of Economics-Micro 3 Units

**Prerequisite(s):** MATH 040 C or MATH 041 C, with a grade of C or better.

Term hours: 54 lecture. This course concentrates on microeconomic analysis. Topics emphasized are basic structure of the United States economic system, and interrelationships within this structure. The course includes a study of supply and demand, price determination, the market models, resource pricing and allocation, comparative economic systems, and foreign trade/exchange analysis. Duplicate credit not granted for ECON 105HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 201)

ECON 105HC Honors Principles of Economics - Micro 3 Units

**Prerequisite(s):** MATH 040 C with a grade of C or better.

Term hours: 54 lecture. This Honors-enhanced course is a study of microeconomics analysis with special attention given to web-based interactive material on topics such as: price determination, the market models; comparative economic analysis; and international trade and finance. Duplicate credit not granted for ECON 105 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 201)

ECON 110 C Survey of Economics 3 Units

Term hours: 54 lecture. This course is a survey of the American Economic System using basic economic concepts to explain a wide variety of economic applications. It includes production and cost, competition and market structure, market failure and externalities, and the labor market as the microeconomic topics. As macroeconomic topics, it includes national income, unemployment and inflation. It also discusses the economic growth and economic fluctuations issues, Monetary and fiscal policy, and international trade and finance. Economics 110 C does not meet the course requirement for majors in economics and business administration. (No UC credit if taken after ECON 100 C or ECON 100HC or ECON 105 C or ECON 105HC. UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

ECON 120 C International Economics 3 Units

**Prerequisite(s):** ECON 100 C with a grade of C or better.

Term hours: 54 lecture. This course will discuss institutions in the global economy, international trade and labor and environmental standards, trade and balance of payments, exchange rate and exchange rate systems, international financial crisis, economic integration in North America, The European Union, Trade and policy reforms in Latin America, Export-Oriented growth in East Asia. (UC/CSU, AA GE, CSU GE, IGETC)

ECON 130 C Consumer Economics 3 Units

Term Hours: 54 lecture. This course explains the role of consumer behavior, consumer theories and models, consumer protection and law, government protection, decision making and advertising, issues on health and wellness, sustainability and safety, issues of internet, technology, and identity theft, legal rights and responsibilities, marketing and advertising. Consumer issues, ethics and globalization will also be emphasized. ECON 130 C does not meet the course requirement for majors in economics and business administration. (CSU)
Energy and Sustainable Tech (EST)

EST 100 C Renewable and Sustainable Energy  
Term hours: 27 lecture and 81 laboratory. This course investigates the potential of renewable energy technologies to help solve environmental and economic problems within society. Areas of investigation include solar energy, wind power, hydropower, geothermal, fuel cells, biomass, ocean wave power, and alternative transportation options. Also addressed are conventional energy sources including oil, coal, natural gas, and nuclear energy. Consideration will be given to related issues such as costs, externalities, system efficiencies, emissions and other environmental impacts, financing incentives, and the regulatory and market forces impacting the alternative energy industry. Students will learn how to assess the viability of incorporating renewable technology, such as solar or wind power, for residential and commercial applications. (UC/CSU)

EST 110 C Tools and Safety  
Term hours: 27 lecture and 27 laboratory. This course covers the concepts and practices of a safe working environment in the renewable energy field. Topics that are covered include PPE, rigging, body harness, ladder safety, sound/hearing safety, etc. (CSU)

EST 120 C Digital Controls and Inverters  
Term hours: 27 lecture and 27 laboratory. This course covers basic concepts of electronic controls, fiber optics, soldering techniques, PLC controls, substations, generators and transformers as they apply to Energy Sustainability Technology. (CSU)

EST 130 C Solar Photovoltaics - Install  
Prerequisite(s): AC/R 105 C and EST 100 C and EST 110 C, and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course will explore the use of sunlight to produce electricity. This course covers the practical and economical design of photovoltaic power systems, site analysis, system sizing, equip. specs and component selection, code requirements, economics of PV systems, and energy efficiency and conservation impacts on system design will be covered. (CSU)

EST 135 C Solar Concentrators - Hot Water  
Prerequisite(s): AC/R 105 C and EST 100 C and EST 110 C and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. In this course, students will learn theory, setting, design, procurement and techniques required to install and maintain a solar hot water system. Examine passive/active, unglazed/glazed, evacuated tube, and concentrated solar technologies, optimal designs, alternative space heating, building codes, utility conservation programs, and site and federal incentives. (CSU)

EST 140 C Wind Turbine Drive Trains  
Prerequisite(s): AC/R 105 C, EST 100 C, EST 110 C and EST 120 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course covers basic wind turbine drive train assembly, maintenance, fasteners, torquing procedures, repair, and control systems. (CSU)

EST 145 C Wind Turbine Power Generation  
Prerequisite(s): AC/R 105 C and EST 100 C and EST 110 C and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course covers advanced wind turbine power generation, Power generation assembly, maintenance, repair, electrical transmission, substations, and transformers. (CSU)

EST 150 C Advanced Geo-thermal Concepts  
Prerequisite(s): AC/R 105 C and EST 100 C and EST 110 C and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course is designed to instruct the student in the application of advanced Geo-thermal technologies. Included will be heat pump technology, and ground-source heat exchangers. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards. (CSU)

Engineering (ENGR)

ENGR 102 C Engineering Design Graphics  
Term hours: 36 lecture and 72 laboratory. This is an introductory course which utilizes drafting and the CAD system for engineering applications, graphics concepts and visualization. Graphic expressions using CAD software, with emphasis on 2D drawings that includes architectural and industrial practice involving orthogonal projection of parts, assembly drawings, standards, tolerances, and surface finishes. Also, focus other attributes of drawings, production drawings, and projects involving complete design of systems and subsystems. (CSU/UC, C-ID: ENGR 150=ENGR 102 C + ENGR 205 C)

ENGR 110 C Introduction to Engineering  
Prerequisite(s): MATH 040 C or MATH 041 C, with a grade of C or better.
Term Hours: 54 lecture. This course is an introduction to engineering as a profession and its associated career responsibilities and opportunities. It also presents an overview of functions of an engineer and different related industries, different engineering disciplines; illustrates opportunities and challenges in the engineering profession and provides tools for becoming a successful student. Students learn about current trends and issues in engineering career and academic options. This course also explains the engineering education pathways and explores effective strategies for students to reach their full academic potential. Presents an introduction to the methods and tools of engineering problem solving and design including the interface of the engineer with society and engineering ethics. Develops communication skills pertinent to the engineering profession. Representatives from industry and academic institutions present overviews of the engineering field and describe potential job opportunities. Field trips to various companies and engineering facilities provide an insight into different aspects of engineering. This course includes the application of engineering and scientific problem solving methods to introductory mechanics and electricity. It also meets requirements for credit in Engineering. Duplicate credit not granted for ENGT 110 C. Pass/No Pass/Letter Grade Option. (UC/CSU/C-ID: ENGR 110)

ENGR 201 C Statics  
Prerequisite(s): ENGR 110 C, PHYS 221 C and MATH 150 AC, with a grade of C or better.
Term hours: 54 lecture. This course includes the study of properties of forces, moments, couples and resultants; two- and three-dimensional force systems acting on engineering structures in equilibrium; analysis of trusses, and beams; distributed forces, shear and bending moment diagrams, center of gravity centroids, friction, and area and mass moments of inertia. Optional additional topics include fluid statics, cables, Mohr’s circle and virtual work. (UC/CSU/C-ID: ENGR 130)
ENGR 205 C Advanced 3D Solid Modeling and Simulation 3 Units
Prerequisite(s): ENGR 102 C and MATH 142 C, with a grade of C or better.
Term Hours: 36 lecture and 72 laboratory. This advanced course starts with sketches and proceeds to solid modeling, simulation, animation and motion analysis, creation of bill of material, conversion to stereolithography files and G-codes for rapid prototyping purposes, with emphasis on industrial practice involving component and assembly modeling for actual products. Standards, Tolerances, surface finishes and other attributes of drawings to be addressed with projects involving systems and subsystems. (CSU/UC, C-ID: ENGR 150 = ENGR 102 C + ENGR 205 C)

ENGR 210 C Electric Circuits Analysis 5 Units
Prerequisite(s): PHYS 222 C and ENGR 110 C, with a grade of C or better.
Corequisite: MATH 250BC. Term hours: 72 lecture and 54 laboratory. This course consists of an introduction to analysis of circuits under steady state and transient conditions. Analysis techniques include nodal analysis, loop analysis, superposition method, Thevenin’s Theorem, Norton’s Theorem and source transformation. RLC circuits are analyzed under DC, AC steady state and transient conditions using multiple methods including bode diagrams, Fourier and Laplace transforms. Also consists of an analysis of circuits under steady state and transient conditions; network theorems, RLC circuits analyzed under DC, AC-steady state and transient conditions using multiple methods. (CSU/UC, C-ID: ENGR 260, ENGR 260 L)

ENGR 220 C Programming and Problem-Solving in MATLAB 3 Units
Prerequisite(s): MATH 150AC with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics. (CSU/UC/C-ID: ENGR 220)

ENGR 299 C Engineering Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Contract
Term hours: 0-36 lecture and/or 0-108 laboratory depending on units attempted. This course is for students who wish to increase their knowledge of engineering design and testing process through individual study, research or internships may enroll in this class. Permission of the instructor is required along with a contract outlining a student’s independent work and the supervision of the instructor. Pass/No Pass/Letter Grade Option. (UC/CSU Credit Limitation)

Engineering Technology (ENGT)

ENGT 103 C Introduction to Embedded Systems 3 Units
Term hours: 54 lecture and 18 laboratory. This course provides an introduction to the foundational aspects of industrial automation, robotics, mechatronics, and computer integrated manufacturing. This course covers terminology, components, standards and methodologies in the process of design and implementation of advanced automated manufacturing. It is intended for technicians, operators, designers, sales personnel, and other technical/automation professionals who are responsible for the operation, design, installation, and maintenance of such systems. (CSU)

ENGT 105 C Instrumentation and Process Control 3 Units
Term Hours: 54 lecture and 18 laboratory. This course covers the basic principles of process instrumentation, measurement, and control. Topics include properties of and methods to perform direct or inferred measurement to manage pressure, temperature, level, and flow to manage the operation of common final control elements. The course helps to identify and to configure basic open and closed-loop control algorithms with their associated communication methods. (CSU)

ENGT 107 C Electricity and Electronics 3 Units
Term hours: 54 lecture and 36 laboratory. This course is an introduction to electricity and electronics. It covers basic Electrical concepts such as direct current (DC), alternating current (AC) theories, (DC) and (AC) circuit types and circuit analysis, power generation and transmission. Components and applicable laws are also introduced in this course. Other topics to be covered are electronic components, as well as the conventional analog circuits used in electronic devices, including power supplies, amplifiers, power-handling circuits, filters, sensing and measurement circuits, and oscillators. An introduction to digital electronics, devices, and digital signal processing is also covered. (CSU)

ENGT 109 C Industrial Design and Graphics 4 Units
Term hours: 54 lecture and 54 laboratory. This is a course in Computer Aided Design. It starts with the introduction of the engineering design process and explains conceptualization and prototyping with the aid of CAD systems. The students learn about blueprint reading, creating sketches and proceeding to solid modeling. Other topics to be covered are making assemblies, create simulations and animations and run motion analysis. The creation of a bill of material, conversion to stereolithography files and G-codes for rapid prototyping purposes and Tolerances, surface finishes and other attributes of drawings to be addressed with projects involving systems and subsystems. (CSU)

ENGT 110 C Introduction to Engineering 3 Units
Prerequisite(s): ENGT 103 C and ENGT 105 C with a grade of C or better.
Term hours: 54 lecture. This course is an introduction to engineering as a profession and its associated career responsibilities and opportunities. It also presents an overview of each engineering discipline; illustrates opportunities and challenges in the engineering profession and provides tools for becoming a successful student. Students learn about current trends and issues in engineering career and academic options. Representatives from industry and academic institutions present overviews of the engineering field and describe potential job opportunities. Field trips to various companies and engineering facilities provide an insight into different aspects of engineering. This course includes the application of engineering and scientific problem solving methods to introductory mechanics and electricity. It also meets requirements for credit in Engineering. Pass/No Pass/Letter Grade Option. Duplicate credit not granted for ENGR 110 C. (UC/CSU)

ENGT 115 C Electric Motors and Controls 3 Units
Prerequisite(s): ENGT 103 C and ENGT 107 C, with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course is an introduction to the motors, different control mechanism and their classifications. It covers the basic principles, applications, and configuration of direct current and alternating current motors, motor starters, programmable modules, solid state, and electro-mechanical motor controllers/drives, input devices, relays, pilot devices, and other industrial electronic components and circuitry. (CSU)

ENGT 120 C Mechanical Systems 3 Units
Prerequisite(s): ENGT 103 C and ENGT 105 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course provides students with the fundamental knowledge about mechanical components in a mechatronics system and skills necessary to install and maintain those components. It begins with an overview of Statics and Kinetics, which includes force system analysis, study of equilibrium, frames and machines, friction and effects of forces on the motion of objects and then moves to maintenance scheduling, hand and power tool use, power transmission systems, bearings, lubrication, couplings, pumps, alignment, and vibration analyzers within an automated or mechatronics system. (CSU)
ENGT 125 C Hydraulic and Pneumatic Systems 3 Units
**Prerequisite(s):** ENGT 103 C and ENGT 105 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course covers the basics of hydraulic, pneumatic, and electro-pneumatic control circuits in a complex mechatronic system. Students will learn the functions and properties of control elements based on physical principles, and the roles they play within the system. Technical documentation such as data sheets, circuit diagrams, displacement step diagrams, and function charts will also be covered. (CSU)

ENGT 150 C Digital Fundamentals and PLC Programming 4 Units
**Prerequisite(s):** ENGT 103 C and ENGT 107 C with a grade of C or better.
Term hours: 72 lecture and 36 laboratory. This course is an introduction to the function and application of programmable logic controllers. Students will become familiar with the development of ladder logic diagrams for PLC applications, test input, and output configurations, create a communications configuration, design and save a motor control program, and adequately document the programming and the program file. Students also learn about programming and wiring of programmable logic controllers and software. Topics include bit-level input and output instructions, timers, counters, latches, documentation, and troubleshooting. (CSU)

ENGT 160 C Industrial Data Network and HMI 3 Units
**Prerequisite(s):** ENGT 103 C and ENGT 150 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces the principles of industrial communication, components, products, and systems to ensure an efficient integration of all sections of the industrial plant into one coherent system. System-wide, high-performance data networks will be implemented to meet the requirements of the industry by means of appropriate components based on proven standards. Elements of commercial and industrial electronic communications, transmission line characteristics, sensors, fiber-optic cabling, and systems, and other non-radio-based communication topics will be covered in this course. (CSU)

ENGT 210 C Principles of Robotics Systems 3 Units
**Prerequisite(s):** ENGT 103 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course offers a glance at the history of robotics and their evolution through time and evaluates how robots are used in industry. Through the course, different classes of robots are introduced, and students will become familiar with the basics of modeling, design, planning, and control of robot systems. The material provided in this course is a brief survey of relevant results from geometry, kinematics, statics, dynamics, and control. (CSU)

ENGT 225 C Robot and Automation Programming 4 Units
**Prerequisite(s):** ENGT 150 C and ENGT 160 C and ENGT 210 C, with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course provides the students with the fundamental education in writing programs for embedded systems controlled by microcontrollers, PLC(s) and computers such as robots and other computer integrated systems. Students will acquire knowledge of work object frames, jogging the robots in multiple coordinate systems with the aid of program structure using modules and routines. Different programs such as C, Python, Matlab, AutoML, etc. will be introduced and reviewed. (CSU)

ENGT 250 C Industrial Maintenance and Safety 3 Units
**Prerequisite(s):** ENGT 115 C and ENGT 120 C and ENGT 125 C, with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course is designed to meet the training needs of plant maintenance personnel engaged in the day-to-day troubleshooting and fault correction of industrial electrical and mechanical equipment. It is appropriate for mechatronics maintenance personnel in need of a review of electro-mechanical basics and an introduction to more complicated industrial controls and test equipment. It also aims to promote the highest degree of the physical, mental and social well-being of workers in an industrial plant through discussion of OSHA requirements for safety. (CSU)

ENGT 255 C Integrated Automation Systems 3 Units
**Prerequisite(s):** ENGT 160 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces the concept of Totally Integrated Automation within a manufacturing plant by looking at the automation pyramid emphasizing on Manufacturing Technologies, including CNC, CAM, and CIM. Micro-controllers, microprocessor architecture and ways of interaction between these and all other components will be discussed, and students can practice the theories through hands-on projects and digital simulation.

ENGT 265 C Manufacturing Operation Management 3 Units
**Prerequisite(s):** ENGT 109 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course is designed to assist students gain an in-depth understanding of the technologies, processes, financial factors, and critical strategies that help with sustainability, productivity, and competitiveness in manufacturing by introducing a methodology for viewing the end-to-end of a manufacturing process through the application of theories and simulation. The students become familiar with Product Life-cycle Management to coordinate the information, processes, and people associated with the life-cycle of a product to achieve fewer production errors, fewer cycle iterations with the goal of ultimately increasing speed from design to market. (CSU)

ENGT 290 C Industry 4.0, IIoT, Digitization 3 Units
**Prerequisite(s):** ENGT 255 C and ENGT 265 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This class discusses the latest topics in technology and their effect on manufacturing. The main focus of this course would be Industry 4.0 or The Fourth Industrial Revolution that takes the automation of manufacturing processes to a new level by introducing customized and flexible mass production technologies, where the machines will operate independently, or cooperate with humans in creating a customer-oriented production field that continually works on maintaining itself. Among topics covered in this class are plant digitization, Industrial Internet of things, Augmented Reality, Machine Learning, and other advanced topics. (CSU)

**English (ENGL)**

ENGL N01 C Supervised Tutoring - English 0 Units
NON-CREDIT COURSE. Term hours: 18-48. This course provides individual units of study which may focus on improvement in reading, writing, grammar, research, critical thinking, or study skills, based on individual students’ needs. Students wishing to use the English Success Center must enroll in this course.
ENGL 010LC Advanced English Skills Lab 0.5 Units

Prerequisite(s): Appropriate placement using current assessment process.
Corequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.

Term Hours: 27 laboratory. This course offers intensive instruction in advanced reading and writing skills for students who are currently taking ENGL 100 C. This course is designed to help ENGL 100 C students hone their craft as writers and readers. Success in this lab will be based on attendance and satisfactory completion of in-class reading and writing assignments. Pass/No Pass only.

ENGL 057 C Reading and Writing I 4 Units

Prerequisite(s): Student must have appropriate score on CTEP Assessment.

Term hours: 72 lecture hours. This course is designed for first semester college students and emphasizes basic instruction in reading and writing, including such topics as comprehension, vocabulary development, reading efficiency, study techniques, and basic composition. Individualized instruction is provided. Non Degree Credit. Pass/No Pass/Letter Grade Option.

ENGL 060 C College Writing Preparation 4 Units

Advisory: Non-native speakers of English should consider taking credit ESL courses at Cypress College which are designed to enhance English proficiency based on the specific needs of English language learners.

Term hours: 72 lecture. This course is designed to prepare students for ENGL 100 C. The focus of this course is on reading, critical analysis, and writing expository essays. The course reviews the fundamentals of grammar, sentence structure, and paragraph development. Non-Degree Credit. Pass/No Pass/Letter Grade Option.

ENGL 096 C College Reading Strategies 3 Units

Term hours: 54 lecture. This course prepares students for the demands of college reading in academic subjects. Emphasis is placed on critical reading, critical thinking and study-learning strategies, which facilitate optimum learning in content area classes. Textbook selections and scholarly essays will be analyzed with an emphasis on comprehension, academic vocabulary enhancement, study skills techniques, and critical thinking. This course fulfills the reading requirement for graduation. Pass/No Pass/Letter Grade Option. (AA GE, RDG)

ENGL 100 C College Writing 4 Units

Prerequisite(s): Placement via current assessment process or successful completion of ENGL 060 C or ESL 109 C with a grade of C or better.

Advisory: ENGL 010LF

Term Hours: 72 lecture. This is a college-level course in written communication. It is designed to develop reading, critical thinking, and writing strategies necessary for academic success. The emphasis is on writing expository essays. The course requires the use of research and documentation skills. Concurrent enrollment in ENGL 010LC is recommended for students requiring individualized tutoring and support. Duplicate credit not granted for ENGL 100HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC/C-ID: ENGL 100)

ENGL 100HC Honors College Writing 4 Units

Prerequisite(s): Placement via current assessment process or successful completion of ENGL 060 C or ESL 186 C with a grade of C or better.

Advisory: ENGL 010LC

Term Hours: 72 lecture. This Honors-enhanced college-level course emphasizes reading and writing expository essays. This course will develop increased critical thinking, reading and writing skills. The class will be conducted as a seminar and will require a significant research project that uses correct documentation skills. Duplicate credit not granted for ENGL 100 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: ENGL 100)

ENGL 101 C Enhanced College Writing 5 Units

Prerequisite(s): Placement via current assessment process or successful completion of ENGL 060 C or ESL 109 C with a grade of C or better.

Term hours: 90 lecture. This course in college-level composition is designed to develop the reading, critical thinking, and writing strategies necessary for academic success. The emphasis is on reading and writing expository essays. This course includes research and documentation skills. This course includes a fifth hour of instruction per week to help students develop the reading, writing, and study skills necessary for academic success. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: ENGL 100)

ENGL 102 C Introduction to Literature 3 Units

Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.

Term hours: 54 lecture. This course is a continuation of ENGL 100 C. It builds from the inferential reading and expository writing of the first semester course to demonstrate reading comprehension as well as composition of the analytical and critical essay. The content introduces students to techniques and major authors of narrative fiction, drama, and poetry, providing them with an opportunity to enrich their lives, enhance their understanding of the human condition, and develop an appreciation of good literature. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 120 [ENGL-LIT 100])

ENGL 102HC Honors Introduction to Literature 3 Units

Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.

Term hours: 54 lecture. This Honors-enhanced course is a continuation of ENGL 100 C or ENGL 100HC. It builds from the inferential reading and expository writing of the first semester course to demonstrate reading comprehension as well as composition of the analytical and critical essay. The content introduces students to techniques and major authors of narrative fiction, drama, and poetry, providing them with an opportunity to enrich their lives, enhance their understanding of the human condition, and develop an appreciation of literature. The class is conducted as a seminar and will require additional writing and documented research assignments. Duplicate credit not granted for ENGL 102 C. (CSU/UC, C-ID: ENGL 120, ENGL-LIT 120)

ENGL 103 C Critical Reasoning and Writing 4 Units

Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.

Term hours: 72 lecture. This course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in ENGL 100 C. The course will focus on the development of logical reasoning and analytical and argumentative writing skills. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 105 [ENGL 115])
ENGL 103HC Honors Critical Reasoning and Writing 4 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 72 lecture. This Honors-enhanced course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in ENGL 100 C. The course will focus on the enhanced development of logical reasoning and analytical and argumentative writing skills. Writing expanded argumentative research essays, and utilizing enhanced research strategies and documentation skills will be required. Duplicate credit not granted for ENGL 103 C. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 105 [ENGL 115])

ENGL 104 C Critical Analysis and Literature 4 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 72 lecture. This course will develop critical thinking, reading, and writing skills as they apply to the analysis of literature and literary criticisms from diverse cultural sources and perspectives. There will be an emphasis on the techniques and principles of effective written argument as they apply to literature. Students will demonstrate this understanding by writing and critiquing essays and utilizing research strategies. Duplicate credit not granted for ENGL 104HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: ENGL 110 [ENGL-LIT 105])

ENGL 104HC Honors Critical Analysis and Literature 4 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 72 lecture. This Honors-enhanced course emphasizes the development of increased critical thinking, reading, and writing skills as they apply to the analysis of literature and literary criticism. Writing expanded argumentative research essays and utilizing enhanced research strategies and documentation skills will be required. The class will be conducted as a seminar. Duplicate credit not granted for ENGL 104 C. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC, C-ID: ENGL 110 [ENGL-LIT 105])

ENGL 105 C Introduction to Creative Writing 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This course provides an opportunity for students to write short fiction, poetry, and, optionally, a short play. Students will gain an understanding of each literary type, create material in each area, and have their work critiqued in a workshop setting. (CSU/C, C-ID: ENGL 200 [ENGL-CW 100])

ENGL 108 C Writing the Personal Statement 0.5 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 9 lecture. This course will teach students how to write an effective personal statement on their transfer applications to four-year institutions. Content strategies and essay format will be discussed, and opportunities for multiple drafts will be engaged. Pass/No Pass only. (CSU)

ENGL 110 C Humanities - Ancient and Medieval 3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a survey of the development of Western culture with a focus on its Greco-Roman roots, and a study of other important influences, including African and Middle Eastern. This course covers prehistory to the Renaissance, with an emphasis on the arts. Cost for museum visits not to exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 111 C Humanities - Renaissance - Present (same as INDS 101 C) 3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a survey of the development of Western culture from the Renaissance to the present, including a study of other important influences from Africa, the Middle East, and North and South America, with emphasis on the arts. Duplicate credit not granted for INDS 101 C. Cost for museum visits not to exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 117 C Academic Reading and Study Strategies 1 Unit
Term hours: 18 lecture. This course helps students improve comprehension of reading materials related to a designated college-level content-area course through the development of discipline-specific vocabulary, academic reading strategies, critical analysis of reading materials, and academic success skills specific to that course. Content-area courses vary by semester.

ENGL 125 C The Film 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This course is a critical study of film that will develop critical thinking and writing skills. Students will study the elements of film making and the historical development of film. Film as a story telling art form will be emphasized. Ten to twelve films will be shown in class for analysis and discussion. Students will be expected to watch and study several additional films outside of class. Duplicate credit not granted for ENGL 125HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

ENGL 125HC Honors Film 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course is a critical study of film as a story telling art form. Students study the elements of cinematic storytelling, film's dependence on literature, and the historical development of film. Ten to twelve short and feature films are shown in the course for discussion and analysis. Students will be expected to watch and study several additional films outside of class. The course is taught in a seminar format. Duplicate credit not granted for ENGL 125HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

ENGL 126 C Introduction to Screenwriting 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This course provides the opportunity to study the art of the screenplay and create their own. Students will critically analyze professional models, view excellent examples of film writing, and work on their own screenplay. Students will have the opportunity to have their work critiqued in a workshop setting. (CSU/UC, AA GE)

ENGL 127 C Introduction to Poetry Writing 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. In this course, students will write original poetry, study forms, techniques, and literary elements of poetry, including classical poetic forms and free-verse tradition. Student work will be critiqued in a workshop setting. (UC/CSU, AA GE)
ENGL 128 C Introduction to Short Story Writing 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C or ENGL 102HC and ENGL 105 C.
Term hours: 54 lecture. In this course, students will write original short stories while studying the evolution of the form and its narratological techniques and literary elements, including the form’s place in a variety of literary genres. Students will critique each other’s work in a workshop setting. (UC/CSU, CSU GE)

ENGL 130 C Introduction to Creative Nonfiction Writing 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C or ENGL 102HC and ENGL 105 C.
In this course, students will write original works of creative nonfiction while studying the evolution of the form and its narratological techniques and literary elements, including the form’s place in a variety of literary genres. Students will critique each other’s work in a workshop setting. (UC/CSU, CSU GE)

ENGL 135 C Grammar and Usage 3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This is a course in English grammar and usage. Students will learn about the origins and development of the English language. Parts of speech, parts of sentences, verb tenses, sentence types, syntax, and standard usage will be emphasized. Students will demonstrate their understanding of English grammar and usage by analyzing standard written English. This course is useful for English, journalism, foreign language, and court reporting students and especially for those planning to enter elementary or secondary teaching. (CSU, AA GE)

ENGL 137 C College Study Strategies 3 Units
Term hours: 54 lecture. The purpose of this course is to assist students in mastering effective learning and critical thinking strategies crucial for academic success and personal and professional growth. Academic and professional reading, time management, goal setting and motivation, learning styles, stress management, note-taking, concentration, memory, test preparation, and test-taking strategies are primary topics. Pass/No Pass/Letter Grade Option. (CSU/UC)

ENGL 208 C Asian American Literature 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a study of Asian American literature. Students will explore and analyze a variety of social and political issues, such as gender relationships, family relationships, cultural traditions, cultural conflicts, culinary traditions, and stereotypes from an Asian American perspective. This course is designed to enhance cultural awareness and understanding, while also facilitating personal enrichment through the exploration of a variety of literary sources, including fiction, drama, poetry, journals, biography, and film. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ENGL 211 C English Literature to 1760 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is an introduction to the major periods and movements, major authors, and major forms from the beginning of English literature to 1760. It covers works such as Beowulf and Sir Gawain and the Green Knight, as well as works from authors such as Marie de France, Chaucer, Marlowe, Shakespeare, Donne, Milton, Pope, and Swift. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ENGL 160 [ENGL-LIT 160])

ENGL 212 C English Literature Since 1760 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is an introduction to the major periods and movements, major authors, and major forms from 1760 to the present. It considers literary trends and historical backgrounds from the Romantic, Victorian, Modern, and Postmodern eras. It covers fiction, poetry, drama, and prose from such authors as Wollstonecraft, Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, Browning, Dickens, Wilde, Joyce, Hopkins, Yeats, Eliot, Woolf, and Beckett. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ENGL 165)

ENGL 221 C American Literature to 1865 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is a survey of the literature of American writers from the Colonial Period to 1865. It is designed to increase understanding and appreciation of the development of American culture and literary achievements. A diversity of writings will be included to reflect the various subjects and styles that comprise the development of American Literature. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 130)

ENGL 222 C American Literature Since 1865 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is a comparative study of selected works, in translation and in English, of literature from around the world, including Europe, the Middle East, Asia, and other areas, from antiquity to the mid-17th century. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 223 C World Literature to 1650 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a comparative study of selected works, in translation and in English, of literature from around the world, including Europe, the Middle East, Asia, and other areas, from antiquity to 1650. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 224 C World Literature Since 1650 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a comparative study of selected works, in translation and in English, of literature from around the world, including Europe, the Middle East, Asia, and other areas, from 1650 to the present. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 234 C Shakespeare 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an introduction to the major works of William Shakespeare. The emphasis is upon the plays and includes a study of selected comedies, histories, and the major tragedies. Ten to twelve plays will be studied along with a selection of the sonnets. Duplicate credit not granted for ENGL 234HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)
ENGL 234HC Honors Shakespeare 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course emphasizes the development of increased critical thinking, reading, and writing skills as they apply to an analysis of William Shakespeare's sonnets and his major plays, both as texts and in performance. The class will be conducted as a seminar. Duplicate credit not granted for ENGL 234 C. (UC/UC Credit Limitation, AA GE, CSU GE, IGETC)

ENGL 239 C Survey - Children's Literature 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course surveys the historical and cultural development of children's literature throughout the world, while emphasizing the important role that literature must assume in the social, emotional, and intellectual development of children. Tracing the multicultural origins of the oral tradition to the current standards of written excellence and pictorial artistry, this course concentrates on nursery rhymes, poetry, folk tales, myth, sacred literature, picture books, juvenile literature, and non-fiction. Comparative and critical approaches are used to analyze children's literature from a multicultural perspective. (UC/CSU, AA GE, CSU GE, SOC JUST/C-ID: ENGL 180 [ENGL-LIT 145])

ENGL 243 C Mythology 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an introductory study of the mythology and folklore of the world including such cultures as Egyptian, Babylonian, Greek, Norse, Hindu, Chinese, Scandinavian, Native American, Central and South American, and African. This course will include a comparative study of mythic elements and patterns with their modern parallels. (UC/CSU)

ENGL 248 C Science Fiction 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C or ENGL 102HC.
Term hours: 54 lecture. This course is a survey of science fiction and speculative fiction. This course emphasizes the literary, social, economic, cultural and environmental contexts of representative works and traces the development of the genre from early scientific romances and speculative works through current trends. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 249 C Fantasy Fiction 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C or ENGL 102HC.
Term hours: 54 lecture. This course emphasizes the social evolution and artistic development of the genre from its mythic origins to its contemporary origins to its contemporary varieties. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 250 C Latino-a-x Literature 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course surveys Latino/a/x literature from the Indigenous Mesoamericans, to the Spanish colonization period, through the present day. Students will explore and analyze a variety of social and colonization period, through the present day. Students will explore and analyze a variety of social and political issues, such as gender relationships, family relationships, cultural traditions, cultural conflicts, culinary traditions and stereotypes from a Latino/a/x-American perspective. Students will read major literary classics as well as the works of previously less recognized writers of Latino/a/x fiction, poetry, drama, and prose. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ENGL 255 C African-American Literature I 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an in-depth analysis of the African and African-American literary diaspora, which explores autobiography, letters, poems, narratives, prose and other folk traditions from the colonial period through the Reconstruction era in the United States. This course is designed to expose students to the literature and social issues of Africans in America. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ENGL 256 C African-American Literature II 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an in-depth analysis of the African-American literary diaspora, which explores autobiography, letters, poems, plays, prose and other folk traditions from the Reconstruction era to the present in the United States. This course is designed to expose students to the literature and social issues of Africans in America. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ENGL 260 C Survey of Arabic Literature (in translation) 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a survey of Arabic literature in translation. Students will explore and analyze many of the social, political, and cultural issues through a focus on continuity and change, influence, and major trends. This course is designed to provide students with a foundational knowledge of Arabic literature in translation and enhance cultural awareness and understanding, while also facilitating personal enrichment through the exploration of a variety of literary sources, including fiction, drama, and poetry. Duplicate credit not granted for ENGL 260HC. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 260HC Honors Survey of Arabic Literature 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course is a survey of Arabic literature in translation. Students will explore and analyze many of the social, political, and cultural issues through a focus on continuity and change, influence, and major trends. This course is designed to provide students with a foundational knowledge of Arabic literature in translation and enhance cultural awareness and understanding, while also facilitating personal enrichment through the exploration of a variety of literary sources, including fiction, drama, and poetry. Duplicate credit not granted for ENGL 260 C. (CSU, AA GE, CSU GE, IGETC)
ENGL 298 C Language Arts Seminar 0.5-12 Units
Term hours: 9-216 lecture depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Subject matter may concern the work of one author or the literary or cultural characteristics of a particular movement or period. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/CSU)

ENGL 299 C Language Arts Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 9-36 conference depending on units attempted. This course is for students who wish to increase their knowledge of literature and/or language through individual study or research. Unit credit may range from 1/2 to 2 units in any given semester. May be taken for credit 3 times. (UC Credit Limitation/CSU)

ENGL 310 C Advanced Writing in the Health Sciences 4 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Prerequisite: ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better. Term hours: 72 lecture. This course provides an overview of writing for students in health sciences. It will include effective workplace/professional writing and critical evaluation of discipline specific texts. The class will also include research writing, grant writing and appropriate documentation skills. This course is designed for science majors. Enrollment limited to those accepted into the baccalaureate degree pilot program.

English as a Second Language (ESL)

ESL 051 C Intermediate Pronunciation 2 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term hours: 36 lecture. This course is designed to refine pronunciation, reduce foreign accent, and to build confidence in oral expression. Recommended for all non-native students. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 052 C Intermediate ESL Grammar 1 3 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term hours: 54 lecture. This course is designed for intermediate academic ESL students to increase their knowledge and usage of English grammar with particular emphasis on verb tense, verb form, verbs and verb phrase structure in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 053 C Intermediate ESL Grammar 2 3 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term hours: 54 lecture. This course is designed for intermediate academic ESL students to increase their knowledge and use of English with particular emphasis on sentence parts, sentence types, punctuation and editing skills in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 054 C Intermediate Academic Oral Skills (NNS) 2 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term hours: 36 lecture. This course is designed for intermediate level non-native English speakers (NNS) to improve oral communication skills related to academic and social contexts. The emphasis is on small group and class discussion, formal and informal presentations, and listening comprehension. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 062 C Advanced ESL Grammar 1 3 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term hours: 54 lecture. This course is designed for advanced academic ESL students to increase their knowledge and use of English with particular emphasis on advanced verb tense, verb form, verbs, verb phrase structure and editing skills in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 063 C Advanced ESL Grammar 2 3 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term hours: 54 lecture. This course is designed for advanced ESL students to increase knowledge and use of English with emphasis on sentence parts, advanced sentence structure, punctuation and editing skills in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 064 C Advanced Academic Oral Skills NNS 2 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term hours: 36 lecture. This course is designed for advanced level non-native speakers of English (NNS) to improve listening and speaking skills related to academic contexts. The emphasis is lecture note-taking, informal and formal speeches, and small group and class discussion. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 066 C Advanced ESL Reading 3 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term hours: 54 lecture. This reading skills course is designed for non-native speaking students eligible for advanced ESL courses who need to improve their college academic and non-academic reading skills. This course does not meet the reading proficiency requirement for the AA degree. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 098 C ESL Seminar for Non-Native Speakers 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar course is for qualified students who wish to extend their knowledge of literature, language, and culture through small groups discussion. Fees may be required-Payable at Registration. Pass/No Pass/Letter Grade Option.

ESL 099 C Independent Study for Non-Native Speakers 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: Two hours conference per week and appropriate number of laboratory hours for maximum credit. This is a course designed for advanced ESL students who have completed all regular courses and wish to pursue additional coursework in one or more of the language skills: listening, speaking, reading, writing and/or culture. Pass/No Pass only.

ESL 105 C Low Intermediate Academic Reading and Writing (formerly ESL 081 C) 5 Units
Prerequisite(s): Appropriate skills demonstrated through the current assessment process.
Term hours: 90 lecture. This is a low intermediate level integrated skills course designed to improve the academic reading, writing, grammar, and interpersonal communication skills of non-native speakers. Pass/No Pass or Letter Grade option. (CSU)
ESL 106 C Intermediate Academic Reading and Writing (formerly ESL 182 C)  5 Units  
**Prerequisite(s):** ESL 105 C with a grade of C or better or Pass or appropriate skills demonstrated through the current assessment process.  
Term hours: 90 lecture. This is an intermediate integrated skills course designed to improve the academic reading, writing, grammar, and interpersonal communication skills of non-native speakers. Pass/No Pass/ Letter Grade option. (CSU)

ESL 107 C High-Intermediate Academic Reading and Writing (formerly ESL 183 C)  5 Units  
**Prerequisite(s):** ESL 106 C with a grade of C or better, Pass, or appropriate skills demonstrated through the current assessment process.  
Term hours: 90 lecture. This course is a high intermediate integrated skills course designed to improve the academic reading, writing, grammar, and interpersonal communication skills of non-native speakers. Pass/No Pass/ Letter Grade option. (CSU)

ESL 108 C Advanced Academic Reading and Writing I (formerly ESL 184 C)  5 Units  
**Prerequisite(s):** ESL 107 C with a grade of C or better, Pass, or appropriate skills demonstrated through the current assessment process.  
Term hours: 90 lecture. This course focuses on critical analysis and appreciation of culturally-diverse readings, an introduction to integrating readings into writing assignments, and refining the academic language fluency of multilingual students. This is the first advanced integrated ESL course in the sequence. (CSU/UC Credit Limitation, AA GE, CSU GE)

ESL 109 C Advanced Academic Reading and Writing II (formerly ESL 185 C)  5 Units  
**Prerequisite(s):** ESL 108 C with a grade of C or better or appropriate skills demonstrated through the current assessment process.  
Term hours: 90 lecture. This course focuses on critical analysis and appreciation of culturally-diverse readings, integration of readings into essays, an introduction to citation, and refining the academic language fluency of multilingual students. This is the second advanced integrated ESL course in the sequence. (CSU/UC Credit Limitation, AA GE, CSU GE)

ESL 110 C College Composition for Non-Native Speakers (formerly ESL 186 C)  5 Units  
**Prerequisite(s):** ESL 109 C with a grade of C or better or appropriate skills demonstrated through the current assessment process.  
Term hours: 90 lecture. This college-level composition course is designed to give non-native speakers of English the skills necessary for academic success. Instruction focuses on expository and argumentative writing, appropriate, effective, and accurate use of language, close reading, critical thinking, research strategies, information literacy, and documentation. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 100)

ESL 298 C English as a Second Language Seminar  0.5-12 Units  
**Prerequisite(s):** May be required.  
**Corequisite(s):** May be required.  
**Advisory:** May be required.  
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required-Payable at Registration. Pass/No Pass/ Letter Grade Option. (UC Credit Limitation/CSU)

**Ethnic Studies (ETHS)**

ETHS 101 C American Ethnic Studies (formerly ETHS 100 C)  3 Units  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term Hours: 54 lecture. This course is a comparative and interdisciplinary examination of the historical experiences of Native Americans, African Americans, Chicanos, and Asian Pacific Americans in the United States from the colonial era to the present. Historical themes will be analyzed through an intersectional lens that interrogates categories of identity and power such as race, ethnicity, class, gender, and sexuality. The course explores theoretical concepts and socio-historical processes including colonization and migration; racialization, the development of race as a social category, and the construction of citizenship; the relationship between race and U.S. imperialism; the persistence of social inequalities; and the long historical struggle for racial justice. Duplicate credit not granted for ETHS 101HC. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: SOCI 150 and SJS 110)

ETHS 101HC Honors American Ethnic Studies  3 Units  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This honors survey course is an enhanced comparative and interdisciplinary examination of the historical experiences of Native Americans, African Americans, Chicanos, and Asian Pacific Americans in the United States from the colonial era to the present. Historical themes will be analyzed through an intersectional lens that interrogates categories of identity and power such as race, ethnicity, class, gender, and sexuality. The course explores theoretical concepts and socio-historical processes including colonization and migration; racialization, the development of race as a social category, and the construction of citizenship; the relationship between race and U.S. imperialism; the persistence of social inequalities; and the long historical struggle for racial justice. Duplicate credit not granted for ETHS 101 C. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: SJS 110 and SOCI 150)

ETHS 129 C Introduction to African-American Studies  3 Units  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is an introduction to the field of African-American Studies. An interdisciplinary approach is employed to study the various experiences of African Americans and their contributions to American society and culture. The course covers historical and contemporary issues, including African origins, the development of African-American culture, African-American creative production, the struggles of the African-American family, African-American political life, and the socio-economic empowerment of African-Americans in the United States. (UC/ CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 130 C African-American History I  3 Units  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of the African-American experience in the United States from its African roots through the American Civil War, emphasizing the roles of African Americans in the political, social, and economic development of American society. Topics covered include: the trans-Atlantic slave trade; the process of enslavement in the Americas; slave life and resistance; the socio-economic conditions of free blacks; the politico-economic dispute regarding slavery and its consequences in the outbreak of the American Civil War; and the emancipation of the enslaved black population. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

<tr>
<td>ETHS 150 C</td>
<td>Introduction to Chicana/o Studies (formerly ETHS 140 C)</td>
<td>3</td>
<td>Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an introduction to the field of Chicana/o Studies. It is designed to acquaint students with the most significant social, political, economic, and historical aspects of the Chicana/o experience in the United States. As such, the course is interdisciplinary in nature and critically analyzes the societal content in which Chicanas/os have sought to maintain their culture. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)</td>
</tr>
<tr>
<td>ETHS 151 C</td>
<td>Chicana/o History I (formerly ETHS 141 C)</td>
<td>3</td>
<td>Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is a survey of the Chicana/o experience from the pre-European conquest era of North America through the Mexican-American War. Topics covered include: Indigenous Mesoamerican civilizations; Spanish conquest and settler colonialism in the Americas; the African presence in New Spain; &quot;mestizaje&quot;, racial categorization, and racial identity; life in the Spanish and Mexican borderlands prior to the American conquest; and the War between the United States and Mexico. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)</td>

ETHS 202 C Race, Ethnicity, and Popular Culture

Advisory: Completion of ETHS 101 C and ENGL 100 C or ENGL 101 C or ESL 110 C.

This course examines the contributions and representations of people of color in film and popular culture and surveys the cultural, economic, social, and political forces that shape their representations in media and their experiences in the U.S. Historical and contemporary representations of race, ethnicity, class, gender, and sexuality in U.S. film, television, advertising, news media, and other forms of popular culture are analyzed utilizing ethnic studies theoretical frameworks and methods. Popular culture and creative productions are studied to understand how media representations reproduce and contest contemporary articulations of racialized, gendered, and sexualized experiences and social norms within contemporary society. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 235 C American Social Justice Movements

Advisory: Completion of ETHS 101 C and ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course is an examination of the Post-World War II movements for social justice among people of color in the United States. It analyzes the socio-historical factors that led to the struggles for racial, gender, economic, educational, and environmental justice while comparing their strategies and outcomes. Topics covered include the African-American Civil Rights and Black Power Movements; the Chicano Movement and other Latina/o activist struggles; the Asian-American Movement; Native American political activism; the roles of women and LGBTQ+ activists in social justice movements; and contemporary issues and movements to eradicate racism, classism, sexism and homophobia in American society. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 298 C Ethnic Studies Seminar

Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.

Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. May be taken for credit 1-4 times. Pass/No Pass/Letter Grade Option. Fees may be required-Payable at Registration.

FREN 203 C Intermediate French IV

Prerequisite(s): FREN 202 C with a grade of C or better.

Term hours: 72 lecture. This course emphasizes the acquisition of contextualized vocabulary and grammatical rules in spoken, written, reading, and writing skills. New cultural, historic and literary material is introduced through lectures, films, Internet sites, and reading assignments. This course is conducted in French. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)
FREN 298 C French Seminar 0.5-12 Units
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of literature, language, and culture through small groups discussion. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation)

FREN 299 C French Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
This course is for able students who wish to increase their knowledge of language through individual study or research. Unit credit may range from 1/2 to 2 units in any given semester. Consult the class schedule to verify credit for a particular term. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation)

Geography (GEOG)

GEOG 100 C World Geography 3 Units
Term hours: 54 lecture. This course is an introduction to today's physical and political regions emphasizing location, population, political status, land use problems and potentialities and providing opportunities for worldwide research. Duplicate credit not granted for GEOG 100HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOG 125)

GEOG 100HC Honors World Geography 3 Units
Term hours: 54 lecture. This course is an enhanced introduction to today’s physical and political regions emphasizing location, population, political and economic status, differences and similarities, problems and potentialities and providing opportunities for worldwide research. Duplicate credit not granted for GEOG 100 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOG 125)

GEOG 102 C Physical Geography 3 Units
Term hours: 54 lecture. This course is an investigation and interpretation of the sun-earth relationship, science maps, weather and climate, the hydrosphere, cycles and patterns in the biosphere, flora and fauna, soils, rocks, and minerals, weathering, mass wasting, erosion, and origin and types of landforms that provide insight into the nature of the physical environment. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: GEOG 110 and GEOG 115=GEOG 102 C + GEOG 102LC)

GEOG 102LC Physical Geography - Lab 1 Unit
Prerequisite(s): Completion of or concurrent enrollment in GEOG 102 C with a grade of C or better.
Term hours: 36 laboratory and 18 laboratory/quiz/problem solving. This course investigates and interprets in a laboratory environment the specific conditions encountered at each season. Field trip cost not to exceed $40. (UC/CSU/C-ID: GEOG 102)

GEOG 120 C Introduction to Spatial Reasoning 3 Units
Term hours: 54 lecture. This course is an introduction to the fundamental concepts of Geographic Information Science and Technology (GIS&T) including Geographic Information Systems (GIS), Global Positioning Systems (GPS), cartography, remote sensing, and spatial analysis. Exploration of how geospatial technologies are used in addressing human and environmental issues. (UC/CSU, C-ID: GEOG 150)

GEOG 125 C Introduction to GIS 3 Units
Term hours: 54 lecture. This course investigates and interprets the physical, cultural and economic bases and regions of the state of California. Particular emphasis is placed upon the natural foundations of the land and the exploration of the unique nature and special characteristics of the people utilizing that landscape. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOG 120)

GEOG 130 C California Geography 3 Units
Term hours: 54 lecture. This course investigates and interprets the physical, cultural and economic bases and regions of the state of California. Particular emphasis is placed upon the natural foundations of the landscape with the exploration of the unique nature and special characteristics of the people utilizing that landscape. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOG 140)

GEOG 140 C Weather and Climate 3 Units
Term hours: 54 lecture. This course is an investigation and interpretation of the earth’s atmosphere and the science behind local and global surface weather phenomena. Particular emphasis is placed upon the interrelationships between weather and climate and upon meteorological forecasting techniques. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOG 130)

GEOG 160 C Cultural Geography 3 Units
Term hours: 54 lecture. This course investigates and interprets the interrelationship of human activities with cultural background, physical environment and the diffusion of ideas. Emphasis is placed on where and why people locate, the distribution of different cultural characteristics on the earth’s surface, how people earn a living in various parts of the world, how people organize their lives and how their problems may result from the use of the earth’s resources. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOG 120)

GEOG 202 C Field Geography - Physical 1 Unit
Prerequisite(s): Completion of, or concurrent enrollment in Physical GEOG 102 C with a grade of C or better.
Term hours: 18 lecture in the field (location TBA). Each separate offering of this course will occur in a unique location, studying unique circumstances and conditions in the field. Each course will employ its own combination of technical equipment, scientific instruments, and geotechniques. All courses will study the basic conceptual materials, with modifications associated with the location and the specific conditions encountered at each season. Field trip cost not to exceed $40. (UC/CSU/C-ID: GEOG 160)

GEOG 203 C Geospatial Field Techniques 1 Unit
Term Hours: 18 lecture. Each separate offering of this course will occur in a unique location, studying unique circumstances and conditions in the field. Each course will employ its own combination of technical equipment, scientific instruments, and geotechniques. All courses will study the basic conceptual materials, with modifications associated with the location and the specific conditions encountered at each season. Field trip cost not to exceed $40.

GEOG 230 C Introduction to GIS 3 Units
Term hours: 90 lecture. This course will introduce the student to Geographic Information Systems technology and software. Students will be taught how to retrieve and apply data in their chosen business and/or academic area of interest. $4 Materials Fee-Payable at Registration. (UC/CSU/C-ID: GEOG 155)

GEOG 231 C GIS - Spatial Analysis 3 Units
Prerequisite(s): GEOG 230 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course is utilized as a tool to analyze and solve problems, and to discover opportunities for business and academic applications. Students will apply this software in student selected projects. A semester project will be required of each student. $4 Materials Fee-Payable at Registration. (CSU)
GEOG 232 C GIS - Analysis and Modeling 3 Units
**Prerequisite(s):** GEOG 230 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course introduces students to advanced topics, techniques, and analysis in Geographic Information Systems (GIS). Students will retrieve and apply data in their chosen business or academic area of interest. $4 Materials Fee-Payable at Registration. (UC/CSU)

GEOG 233 C GIS - Advanced Internship 3 Units
**Prerequisite(s):** GEOG 232 C with a grade of C or better.
Term hours: 9 lecture and 125 hours fieldwork. This course of internships and fieldwork comprises a significant portion of the students' work in this Geographic Information Systems (GIS) course. Students are required to participate in 125 hours of supervised field study per semester (7 hours per week) and one hour lecture per week to discuss problem areas related to fieldwork. $4 materials fee payable at registration. (CSU/UC)

GEOG 234 C Current Topics in GIS 3 Units
Term hours: 36 lecture and 54 laboratory. This is an advanced lecture/discussion project type course designed to cover current issues and advances in Geographic Information Systems. It is designed for students who have experience in GIS applications and wish to update their knowledge and working skills. A final semester project, utilizing GIS for a project chosen by the student will be required. $4 Material Fee-Payable at Registration. (UC/CSU)

GEOG 260 C Economic Geography 3 Units
Term hours: 54 lecture. This course is designed to acquaint the student with the physical and historical geology of the natural provinces of the world's economic organization, its natural resources, raw materials, crops and crop production, manufacturing and service industries, new trends in producing and the changing centers of production and consumption. (UC/CSU, CSU GE, AA GE, IGETC)

GEOG 298 C Geography Seminar 0.5-12 Units
**Corequisite(s):** May be required.
**Advisory:** May be required.
Term hours: 0-216 lecture and/or 0-756 laboratory. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings in a particular semester. Fees may be required-Payable at Registration. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/CSU)

GEOG 299 C Geography Independent Study 1 Unit
**Prerequisite(s):** Approved Independent Study Learning Contract
Term hours: 18 lecture. This independent study course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought the topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their specific topic. May be taken for credit 3 times. (UC Credit Limitation/CSU)

---

Geology (GEOL) 3 Units

GEOL 100 C Physical Geology 3 Units
Term hours: 54 lecture. This introductory course is a survey of the composition, structure, processes and forces that operate underneath and upon Earth's surface. Topics include plate tectonics, rocks/minerals, earthquakes, volcanoes, landslides, resources, and environmental concerns. Cost of field trip not to exceed $25. Duplicate credit not granted for GEOL 100HC. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: GEOL 100)

GEOL 100HC Honors Physical Geology 3 Units
Term hours: 54 lecture. This course is an advanced introduction to the concepts and theories of geology. It includes a survey of the composition, structure, processes and forces that operate underneath and upon Earth's surface. Topics include plate tectonics, rocks/minerals, earthquakes, volcanoes, landslides, resources, and environmental concerns. Field trips may be required not to exceed $25. Duplicate credit not granted for GEOL 100. (UC/CSU, AA GE, IGETC/C-ID: GEOL 100)

GEOL 101 C Physical Geology Laboratory 1 Unit
**Prerequisite(s):** Completion of, or concurrent enrollment in, GEOL 100 C with a grade of C or better.
Term hours: 54 laboratory. This course includes the identification of minerals and rocks; understanding of topographic maps, aerial photographs and other imagery from remote sensing; interpretation of rocks, structures, and geologic processes as revealed on maps, air photos, and satellite imagery and their relationship to plate tectonics. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOL 100 L)

GEOL 103 C Historical Geology 4 Units
Term hours: 54 lecture and 54 laboratory. This course is an introduction to the scientific method of exploring Earth's history and the life it supports. Subjects include geologic dating, plate tectonics, stratigraphy, fossils, biological evolution and Earth's origin and processes. Cost of field trips will not exceed $20.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOL 111)

GEOL 105 C Earth Science for Teachers 4 Units
Term hours: 54 lecture and 54 laboratory. This course is designed for the prospective school teacher. This multidisciplinary course will explore the fields of geology, oceanography, meteorology, and astronomy. Topics include solar system, mineral/rock formation, star/galaxy, atmosphere, volcanoes, and earthquakes. Field trip may be required; cost not to exceed $25.00. (CSU, AA GE, CSU GE)

GEOL 115 C Physical Geology Field Lab 1 Unit
**Prerequisite(s):** Earth Science class as approved by instructor.
Corequisite: GEOL 100 C or GEOL 100HC with a grade of C or better. Term hours: 54 laboratory. This course includes field and laboratory study of mineral, rock, and fossil identification; structural and geomorphic features; geologic history; and geologic hazards of selected regions in California, Arizona and Utah. Field trip fees range from $25-$155 depending on trip location. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

GEOL 120 C Geology of California 3 Units
Term hours: 54 lecture. This course is designed to acquaint the student with the physical and historical geology of the natural provinces of California. This includes mineral deposits, rock types, tectonic structures, fossils and surface features within each province. Natural hazards such as earthquakes, volcanoes, and mass wasting within California will be explored. Field trip fees not to exceed $40. Pass/No Pass/Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: GEOL 200)
GEOL 125 C Natural Disasters 3 Units
Term hours: 54 lecture. This course is an introduction to the science of natural disasters. Topics include earthquakes, volcanoes, landslides, hurricanes, tornadoes, floods, climate change and mass extinctions. Case studies, monitoring methods and disaster planning will be addressed. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

GEOL 130 C Introduction to Oceanography 3 Units
Term hours: 54 lecture. This course is a survey of the composition and structure of the earth's ocean showing the interrelationship between atmosphere, hydrosphere, lithosphere, and biosphere. The effects of modern technology, ocean resources, and marine pollution will be explored. Field trips may be required with a fee not to exceed $25. (UC/CSU, AA GE, CSU GE, IGETC)

GEOL 131 C Introduction to Oceanography Lab 1 Unit
Prerequisite(s): Completion of, or concurrent enrollment in, GEOL 130 C with a grade of C or better.
Term hours: 54 laboratory. This course includes the identification of earth materials; understanding of bathymetric charts; basic navigation; and methods of oceanographic research. Field trips may be required at no additional cost. (UC/CSU, AA GE, CSU GE, IGETC)

GEOL 190 C Environmental Geology 3 Units
Term hours: 54 lecture. This course is designed for the non-science major and will focus on the interaction between humans and the geologic processes that shape Earth's environment, with special emphasis on hazardous earth processes, Earth resources, and the health of our environment. Natural hazards such as earthquakes, volcanoes, landslides and floods will be examined. The course will focus on ways in which solid earth, hydrospheric and atmospheric processes generate the varieties of soil, water and mineral resources, and fossil fuel and alternative energy resources useful to Earth's growing human population. Pollution and waste disposal and climate change and effects will also be addressed. (The course is not open to students who have completed GEOL 100 C or GEOL 102 C.) (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

GEOL 192 C Coastal Oceanography Field Studies 1 Unit
Term hours: 54 laboratory. This course involves investigation and field study of selected oceanographic processes of southern and central California and other areas. Study areas include coastal regions in the counties of San Diego, Orange, Los Angeles, Ventura, Santa Barbara and San Luis Obispo. Fees will be required. Pass/No Pass/Letter Grade option. (CSU)

GEOL 298 C Geology Seminar 0.5-4 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term Hours: 9-72 lecture and/or 27-216 laboratory depending on units attempted. This seminar course is designed to enhance and intensify knowledge in a variety of geologic topics. They may include lectures, discussions, and field excursions at the discretion of the instructor. Specific topics for seminars will be listed in the class schedule for a particular semester. Pass/No Pass/Letter Grade Option or Standard Letter Grade. Fees may be required at Registration (UC Credit Limitation/CSU)

Health Information Technology (HI)

HI 080 C Selected Topics 0.5-8 Units
Term hours: Variable hours lecture and variable hours laboratory per week. This course is designed to meet the health information technology student's need for current topics and issues, updated information in health care review of specialized subject matter and/or preparation for health information related certification exams. Content will emphasize clinical application of theoretical principles in the discipline. Computer software, videotapes, resource materials, instructor assessment of individual student knowledge and skills will be utilized. Variable Unit Class. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option.

HI 100 C Trends in Health Care Delivery 3 Units
Prerequisite(s): Admission to Health Information Technology Program.
Term hours: 54 lecture. This course investigates how and where health care is delivered in the United States and examines different health care practitioners and professional healthcare associations, the role of federal, state and local governments in health care, and the impact of managed care organizations. How consumers pay for health care as well as how health care providers receive reimbursement for services are discussed. The principles of customer focused health care are discussed. Current issues affecting the delivery of health care are emphasized. The course is recommended for students interested in health care or preparing for careers in health care. (CSU)

HI 101 C Health Information Management 3 Units
Prerequisite(s): CIS 111 C with a grade of C or better and acceptance in the Health Information Technology Program.
Term hours: 36 lecture and 54 laboratory. This course investigates the content, use and structure of health care data and data sets and how these components relate to primary and secondary health information systems across the healthcare delivery system. Emphasis is on medical record documentation requirements pursuant to federal/state regulations and voluntary accrediting body standards. Discussions will focus on regulatory issues, documentation requirements, quality and utilization management, risk management and the role of the HIM professional in healthcare delivery. Laboratory activities will include use of electronic health records; assembly and analysis of medical records; and reading and interpreting medical records and researching healthcare documentation requirements. $4 materials fee payable at registration. (CSU)

HI 102 C Legal Aspects of Health Care 3 Units
Prerequisite(s): Acceptance in the Health Information Technology Program
Term hours: 54 lecture. The focus of this course is on the legal and ethical issues affecting health care industry, health care providers, and health information managers. State laws, federal regulations, and case precedents form the basis for class discussion. Topics include tort law, confidentiality, release of protected health information (PHI), informed consent, corporate compliance, patient rights, negligence and medical malpractice, contract and labor law, ethics and Medical Staff Organization. Special emphasis is placed on HIPAA Privacy and Security Rules and Measures to safeguard against disclosure of PHI. (CSU)
HI 103 C Healthcare Data Analysis 3 Units
Prerequisite(s): HI 101 C and MATH 120 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course focuses on the effective collection, presentation, and verification of healthcare data necessary for the preparation of administrative and clinical reports. The role of data in clinical research, vital statistics, and epidemiology will be discussed. Laboratory activities will focus on manual and automated data presentation techniques and on the interpretation and analysis of healthcare data. The role of the health data information professional in transforming data into meaningful information for use in clinical and financial decision-making will be stressed. Data reliability and validity is emphasized. (CSU)

HI 114 C Beginning ICD-10-CM and ICD-10-PCS Coding 3 Units
Prerequisite(s): BIOL 210 C, HI 101 C, and HS 145 C, with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course covers the principles of nomenclature and classification systems and includes ICD 10-CM and ICD 10-PCS. The focus is on coding and abstracting diagnostic and procedural data needed for clinical and administrative decision-making, financial reimbursement and research. (CSU)

HI 116 C Health Information Technology Pharmacology 2 Units
Prerequisite(s): Acceptance in Health Information Technology Program
This course is an introduction to Health Information Technology on the pharmacology concepts used in the Health Information Technology profession. This course will concentrate on medical conditions and the relation of drugs to major body systems including the fundamentals of current drug therapy, adverse effects and interactions that medications can produce. (CSU)

HI 203 C Medical Quality Management 3 Units
Prerequisite(s): HI 101 C, HI 103 C, and HS 145 C, with a grade of C or better.
Term hours: 36 lecture. This course is an introduction to the principles of the quality management and performance improvement process in health care and provides a framework for gaining skills in collecting, analyzing and presenting data. Course content includes an introduction to quality management techniques and tools, patient safety, hospital and ambulatory accreditation requirements, utilization and risk management. Activities focus on the use of quality improvement tools to collect and present quality management data. (CSU)

HI 214 C CPT-Ambulatory Care Coding 3 Units
Prerequisite(s): HI 114 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course focuses on the principles and mechanics of coding procedures according to Current Procedural Terminology and its relationship to the Health Care Common Procedure Coding System (HCPCS). This course will address the requirements for diagnostic and procedure coding in ambulatory care including hospital outpatient, outpatient surgery and physician office. In the laboratory, students will solve coding problems using operative reports and encoding software. (CSU)

HI 224 C Advanced ICD-10-CM and ICD-10-PCS Coding 3 Units
Prerequisite(s): HI 114 C and HS 147 C, with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course covers advanced concepts in ICD-10-CM & ICD-10-PCS and its application to the hospital inpatient prospective payment system are discussed. Lecture will focus on the structure of the Medicare-Severity diagnostic related groups; interpretation of laboratory and radiologic findings; pharmacology; and Official Coding Clinic guidelines. Laboratory activities will include coding medical records of the most common diagnostic related groups using automated encoders. $4 materials fee payable at registration. (CSU)

HI 225 C Information Technology 3 Units
Prerequisite(s): CIS 111 C and HI 101 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course explores information and communication technologies used to deliver and document health care that facilitate interoperable health information exchange between and among health care providers. Emphasis is on the implementation of certified electronic health records by hospitals and physicians and how organizations meet the Centers for Medicare and Medicaid Services meaningful use criteria. Discussions focus on personal health records, patient portals, telemedicine, e-prescribing, clinical decision support systems and networking technologies that store, protect, retrieve, and transfer clinical, administrative, and financial information within health care settings. Lab activities center on using electronic health records software; creating and analyzing data in Excel spreadsheets; creating and querying Microsoft Access databases; using Visio and Microsoft Project scheduling tools and evaluating personal health record applications. (CSU)

HI 226 C Revenue Cycle Management 3 Units
Prerequisite(s): HI 114 C and HI 214 C with a grade of C or better.
Corequisite: HI 224 with a grade of C or better. Term hours: 36 lecture and 54 laboratory. This course will examine the Revenue Cycle Management process, and the advanced concepts of healthcare reimbursement methodologies. This course will differentiate between the Medicare-Medicaid Perspective Payment for Inpatients (IPPS), Ambulatory (OPPS), Post-acute care, and other reimbursement systems. This course will explore the financing of health care, claims management and value-based purchasing. (CSU)

HI 230 C Directed Practice I 3 Units
Prerequisite(s): HI 101 C and HI 102 C, with a grade of C or better.
Term hours: 18 lecture and 108 laboratory. This course is an investigation of the components of the content, use, and structure of health care data and data sets in the following alternative health care settings: long term care, home health, hospice, ambulatory care, and behavioral health and rehab services. Emphasis is on analyzing the content of the health record and documentation requirements pursuant to federal and state regulations and voluntary accrediting body standards. Discussions will focus on the opportunities for health information management professional in these different settings. (CSU)

HI 240 C Directed Practice II 4 Units
Prerequisite(s): HI 103 C and HI 114 C, with a grade of C or better.
Term hours: 36 lecture and 108 laboratory. This course will focus on the basic principles of organization of health information management department; supervision of human resources in order to develop effective skills in leadership, motivation and team-building techniques; project management and marketing health information management services. Discussions focus on directed practice activities which emphasize the collection, analysis and presentation of health care data; quality improvement functions, and review for the RHIT credentialing exam. During the semester, students are assigned to an affiliated health-related agency for supervised directed practice. Students shall have the status of learner and shall not be considered agency employees, nor shall they replace agency staff. Directed practice is conducted as an unpaid, laboratory experience. (CSU)
HI 245 C Coding Skills Lab 1-2 Units

**Prerequisite(s):** Completion of or concurrent enrollment in HI 114 C with a grade of C or better.

**Advisory:** Employed as a health information coder in a health care agency.

Term hours: 54-108 laboratory depending on units attempting. The focus of this course is one of assisting the students in the development of coding skills and the application of those skills to different types of medical records. Students will code inpatient, emergency department, outpatient surgery, and referred outpatient medical records using ICD-10-CM, ICD 10-PCS, CPT and the Healthcare Common Procedure Coding System (HCPCS). The process of interpreting medical record information, choosing the required coding classification and assigning and sequencing codes correctly will be addressed. This course will provide an opportunity for students in the Health Information Technology and Health Information Coding Specialist Programs to demonstrate competencies required for completion of each program. Computer assisted instruction and automated encoders will be used within the course. This course may also be taken to update coding skills. Course may be taken four times for credit. $4 material fees payable at registration. Open Entry/Open Exit. Pass/No Pass option only. (CSU)

HI 299 C HI Tech Independent Study 0.5-2 Units

**Prerequisite(s):** Approved Independent Study Learning Contract

Term hours: 9-36 lecture depending on units attempted. This course is designed for students enrolled in the Health Information Technology program or its options who wish to increase their knowledge and experience in applied areas. Students will participate in independent study in assigned areas under staff supervision. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option. (CSU)

**Health Science (HS)**

HS 030 C Calculations for Medications 1 Unit

**Advisory:** Students should consider this course if they are eligible for admission to the nursing program or psychiatric technician program and/or have had challenges on the math section of the entrance exam, or are in need of updating of math/medication computation skills or MATH 010 C.

Term hours: 18 lecture. This course covers basic math skills, measurement systems and calculation methods involved in safe medication administration to patients. Calculations with decimals, fractions, metric, apothecary, and household systems of measurement will be covered. Ratio and proportion will be used to calculate non-parenteral, parenteral and intravenous infusion dosages/rates. The course will include individual and group experiences with use of a workbook, computer software tutorials, and on-line resources. Non-Degree Credit. Pass/No Pass/Letter Grade Option. (CSU)

HS 050 C Preparation for Health Science 3 Units

Term hours: 54 lecture. This course is designed for students interested in a health science career. The communication, reading and mathematical skills of students will be developed in relation to the various career needs. Remedial and introductory material necessary to enter and complete a Health Science Program are emphasized. Pass/No Pass/Letter Grade Option.

HS 066 C Selected Topics for NURS 297 C 0.5-2 Units

**Prerequisite(s):** Acceptance in the Nursing Program

Term hours: 9-36 lecture. This course correlates with NURS 297 C. Students will recall and build upon the curricular concepts learning in preceding nursing courses of patient centered care, safety, oxygenation, regulation and movement using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics, to apply the nursing process and provide effective care to promote synthesis and competence necessary for entry into practice. Pass/No Pass/Letter Grade Option.

HS 070 C Health Care Communication 0.5-1 Units

**Advisory:** ESL 184 C

Term hours: 27-54 laboratory. This course is designed for the non-native speaker to help foster open written and oral communication within the inter-professional team and enhance safe quality patient centered care. Individualized instruction that correlates with the co-enrolled healthcare course of study will be taught. This course is open to students enrolled in any Health Science course or waiting to be re-admitted to a Health Science program. Non-Degree Credit. May be taken for credit 4 times. Open Entry/ Open Exit. Pass/No Pass

HS 076 C CPR for Health Care Providers 1 Unit

Term hours: 18 lecture. Basic life support "C" certification is required for health care providers. This course prepares the student with knowledge and skills required to perform adult one-rescuer CPR, adult two-rescuer CPR, pediatric one-rescuer CPR, child two-rescuer CPR, adult foreign body airway management and pediatric foreign body airway management. (The American Heart Association charges a fee for the "C" certification card). Pass/No Pass/Letter Grade Option.

HS 077 C CPR Recertification 0.5 Units

**Prerequisite(s):** Course in Basic Life Support with "C" Certification

Term hours: 9 lecture. Current BLS "C" certification is required for health care workers when providing direct patient care. This course prepares the student with current knowledge and skills required to obtain a recertification card from the American Heart Association. (The American Heart Association charges a fee for the recertification card). May be taken for credit 4 times. Pass/No Pass/Letter Grade Option.

HS 080 C Selected Topics in Nursing and Allied Health 0.5-8 Units

Term hours: 9-144 lecture depending on units attempted. This course is designed to meet the nursing and allied health science student need for current topics and issues, updated information in health care review of specialized subject matter, and/or preparation for health related licensure and certification exams. Content will emphasize clinical application of theoretical principles in the discipline. Computer software, videotapes, resource materials, instructor assessment of individual student knowledge and skills will be utilized. May be taken for credit 10 times. Pass/No Pass/Letter Grade Option.

HS 098 C Health Science Seminar 0.5-12 Units

**Prerequisite(s):** May be required.

**Corequisite(s):** May be required.

**Advisory:** May be required.

Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This course will utilize a lecture discussion approach to various topics within the Health Science programs. A variety of classes will be offered to introduce students to new experiences, update content on current issues, and explore new trends in health care. Fees may be required. Payable at Registration. Pass/No Pass or Letter Grade option.
The rights and responsibilities of patients and health care professionals examine a variety of ethical issues and dilemmas found in clinical practice. Documentation and informed consent is emphasized. The student will participate in independent study on assigned areas under staff supervision. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option.

HS 145 C Survey of Medical Terminology 3 Units
Prerequisite(s): BIOL 210 C and HS 145 C or BIOL 231 C or BIOL 241 C, with a grade of C or better.
Term hours: 54 lecture. This course includes fundamentals of word analysis, roots, prefixes and suffixes in an orientation to the body as a whole. A survey of medical terminology of the following body systems includes: skin and breast, musculoskeletal, neurological/psychiatric, cardiovascular, respiratory, digestive, genitourinary, prenatal, maternal, endocrine, and special senses. Anatomical and physiologic terminology, combining forms, diagnostic terms, clinical and surgical procedures, laboratory tests and abbreviations are included. A basic requirement for most career opportunities in the allied health occupations and in the court systems is the comprehension of medical terminology. (CSU)

HS 147 C Survey of Disease 3 Units
Prerequisite(s): BIOL 210 C and HS 145 C or BIOL 231 C or BIOL 241 C, with a grade of C or better.
Term hours: 54 lecture. This course is a comprehensive survey of pathophysiology focusing on how diseases affect human body function along with diagnostic and therapeutic interventions. It includes chronic and degenerative diseases; cardiac, respiratory, hematologic, musculoskeletal, gastrointestinal, genitourinary and reproductive system disorders; genetic disorders; infectious diseases; neoplasia; and fluid, electrolyte and acid-base imbalance disorders. (CSU)

HS 161 C Dying and Death - Grief and Mourning (same as HSCE 161 C) 3 Units
Term hours: 54 lecture. This course is designed to assist individuals in such areas as personal death anxiety and working/living with the terminally ill person. Discussion includes special concerns such as how to handle typical grief reactions, special types of death or loss, hospice, and other related topics. (CSU)

HS 165 C Ethical and Legal Issues 1.5 Units
Term hours: 27 lecture. This course will focus on making ethical choices in health care. An introduction to legal terminology, concepts, and principles will be presented. Topics include misconduct, malpractice, legal and professional standards and the scope of practice. The importance of proper documentation and informed consent is emphasized. The student will examine a variety of ethical issues and dilemmas found in clinical practice. The rights and responsibilities of patients and health care professionals will be examined. (CSU)

HS 168 C Patient Care Skills - Open Lab 0.5-3 Units
Prerequisite(s): Current first year Health Science program student or re-entry students needing remedial assistance, or health care professional seeking an environment to practice basic health science skills.
Advisory: BIOL 241 C, BIOL 220 C, BIOL 231 C and ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 27-162 laboratory depending on units attempted. This open-entry, open-exit course with flexible hours and variable units allows self-paced individualized instruction and/or practice in basic patient centered care skills with Health Science faculty supervision. The course provides students with space, equipment and resources needed to learn skills and apply theory surrounding patient safety, oxygenation, regulation and movement with teamwork, collaboration, professionalism, evidence based practice and informatics to prepare for quality clinical experiences towards positive patient outcomes. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass only. $15 Material Fee-Payable at Registration. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass only. (CSU)

HS 268 C Patient Care Skills - Open Lab 0.5-3 Units
Prerequisite(s): Current second year Health Science Program student or approved re-entry students needing remedial assistance or current professional license related to a health science program.
Advisory: BIOL 241 C, BIOL 220 C, BIOL 231 C and ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 27-162 laboratory depending on units attempted. This open-entry, open-exit course with flexible hours and variable units allows self-paced individualized instruction and/or practice in advanced patient centered care skills with Health Science faculty supervision. The course provides students with space, equipment and resources needed to learn skills and apply theory surrounding patient safety, oxygenation, regulation and movement with teamwork, collaboration, professionalism, evidence based practice and informatics to prepare for quality clinical experiences towards positive patient outcomes. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass only. $15 materials fee payable at registration. (CSU)

HS 277 C Cultural Awareness and the Health Care System 3 Units
Term hours: 54 lecture. This course is designed to examine how cultural differences impact health care and health care delivery. The influence of multi-ethnic cultures on health care concepts, intervention, and the delivery of health care will be discussed. The course will emphasize communication, beliefs and customs, cultural rituals, ethical and legal implications and staff relations in our multi-ethnic health care system. The content focuses on expanding sensitivity to cultural diversity in health care and includes medical, social, and legal issues. (UC/CSU, AA GE, CSU GE, SOC JUST)

HS 361 C Dying and Death and Grief and Mourning 3 Units
Prerequisite(s): PSY 101 C or SOC 101 C, with a grade of C or better.
Term hours: 54 lecture. This course is designed for upper division baccalaureate degree students interested in developing their conceptual frameworks and cognitive theories about death, dying, and grief, and increasing affective development and sensitivity to issues concerning death, dying, and grief. Students will become aware and sensitized to their personal assumptions, biases, attitudes, and reactions to death, dying, and grief, while increasing death competency and lowering death anxiety in order to demonstrate increased sensitivity, awareness, and skills in coping with loss and bereavement, supporting others in their struggle to deal with death issues, and by finding meaning and personal growth through encounters with death, loss, and grief. Enrollment limited to those accepted into the baccalaureate degree pilot program.
Health Science - Continuing Ed (HSCE)

HSCE 161 C Dying and Death and Grief and Mourning (same as HS 161 C) 3 Units
Term hours: 54 lecture/discussion. This course is designed to assist individuals in such areas as personal death anxiety and working/living with the terminally ill person. Discussion includes special concerns such as how to handle typical grief reactions, special types of death or loss, hospice, and other related topics. Discussion includes special concerns such as how to handle grief, suicide, hospice, and other related topics. (CSU)

History (HIST)

HIST 110 C Western Civilizations I 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a comprehensive study of the contributions of previous civilizations from prehistoric times to the beginning of the modern era. The development of the present day Western mind and institutions is traced by analyzing the beliefs, myths, accomplishments and problems of the civilizations of Mesopotamia, Egypt, Greece, Rome, the Medieval Period, Renaissance and Reformation. Duplicate credit not granted for HIST 110HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 170)

HIST 110HC Honors Western Civilizations I 3 Units
Advisory: Eligibility for English 100 C or ENGL 101 C or ESL 110
Term hours: 54 lecture. This course is an enhanced comprehensive study of the contributions of previous civilizations from prehistoric times to the beginning of the modern era. The development of the present day Western mind and institutions is traced by analyzing the beliefs, myths, accomplishments and problems of the civilizations of Mesopotamia, Egypt, Greece, Rome, the Medieval Period, Renaissance and Reformation. Duplicate credit not granted for HIST 110 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 170)

HIST 111 C Western Civilizations II 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers the development of Western civilization from the beginning of the modern era to the present day. A major part of this course deals with the twentieth century. It covers monarchies, imperialism, scientific and industrial contributions, modern political ideologies and the World Wars with related political-social, and cultural issues. Duplicate credit not granted for HIST 111HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 180)

HIST 111HC Honors Western Civilizations II 3 Units
Advisory: Eligibility for English 100 C or ENGL 101 C or ESL 110
Term hours: 54 lecture. This course covers the development of Western civilization from the beginning of the modern era to the present day. A major part of this course deals with the twentieth century. It covers monarchies, imperialism, scientific and industrial contributions, modern political ideologies and the World Wars with related political, social, and cultural issues. Duplicate credit not granted for HIST 111 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 180)

HIST 112 C World Civilizations I 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the roots and development of civilizations in Africa, the Americas, Asia, and Europe from the earliest times to 1550 CE. Duplicate credit not granted for HIST 112HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 150)

HIST 112HC Honors World Civilizations I 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an enhanced survey of the roots and development of the various civilizations in Africa, the Americas, Asia, and Europe from the earliest times to 1550 CE. Duplicate credit not granted for HIST 112 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 150)

HIST 113 C World Civilizations II 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the roots and development of civilizations in Africa, the Americas, Asia, and Europe from 1550 CE to the present. Duplicate credit not granted for HIST 113HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 160)

HIST 113HC Honors World Civilizations II 3 Units
Advisory: Eligibility for English 100 C or ENGL 101 C or ESL 110
Term hours: 54 lecture. This course is an enhanced survey of the roots and development of civilizations in Africa, the Americas, Asia, and Europe from 1550 CE to the present. Duplicate credit not granted for HIST 113 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 160)

HIST 113C History of Africa 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the history of Africa from the continent's earliest beginnings to contemporary times. A special emphasis is placed on the various cultures of Africa, demography and general chronology of the rise and fall of nation states, and the impact of Western culture through the colonial, neo-colonial, and contemporary periods. (UC/CSU, AA GE, CSU GE, IGETC)

HIST 114 C History of Latin America I 3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a survey of the history of Latin America from the late pre-Columbian era to the independence period. Emphasis is placed upon European conquest, the interaction of Europeans with Native American and African cultures, and the planting of colonial societies in the regions of Mexico, Central America, the Caribbean, and South America. Spanish, French, Portuguese, British, and Dutch America are compared as to their socio-cultural, economic, and political development during the colonial and independence periods. (UC/CSU, AA GE, CSU GE, IGETC)

HIST 114C History of Latin America II 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the history of Latin America from the independence period to the present. Emphasis is placed upon: the nation-building process, integration into the world capitalist system, the inequality between the elite classes and the masses, the development of new groups, such as the urban middle and working classes, the conflict between liberalism and the Catholic Church, race relations, challenges of political regimes, relationships during the Cold War, and the new global economic models. (UC/CSU, AA GE, CSU GE, IGETC)

HIST 151 C Survey of British History I 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of English history and civilizations from prehistoric times to the end of the Stuart period. The course concentrates on the development of governmental institutions, and the cultural and intellectual foundations of England and its people. (UC/CSU, AA GE, CSU GE, IGETC)

**Corequisite(s):** May be required.

Term hours: 18 lecture and 54 laboratory. This course introduces the student to the special techniques of tape recorded interviews to document 20th century history. Areas of study will include interviewing techniques, historical editing, and transcripts of interviews. This course does not satisfy General Education requirements in Social Science. (CSU)
Hotel, Restaurant, Culinary Arts (HRC)

HRC 100 C Nutrition 3 Units
Term hours: 54 lecture. This course is a study of the interactions between food and living organisms. This course includes the role of carbohydrates, fats, protein, vitamins, water and minerals in regards to nutritional status. (CSU/UC) AA GE, CSU GE/C-ID: NUTR 110

HRC 101 C Introduction to Hospitality Management 3 Units
Term hours: 54 lecture. This course is an overview of structure, financial performances and career opportunities in the hospitality industry including food and beverage management, culinary arts, baking and pastry, lodging, restaurants, special events, managed services, attractions, tourism and related operations. Focus on orientation to customer service, cultural and economic trends and career opportunities. (CSU/C-ID: HOSP 100)

HRC 105 C Careers Dietetics and Food Science 2 Units
Term hours: 36 lecture. This course explores the fields of dietetics and food science, including trends, future projections and employment opportunities (CSU)

HRC 120 C Sanitation and Safety 2 Units
Term hours: 36 lecture. This course is an overview of sanitation and safety principles, HACCP and prepare students for the national Servsafe Manager Certification. This course content includes strategies to identify and prevent foodborne illness, the flow of food through foodservice operations and sanitation management. (CSU/C-ID: HOSP 110)

HRC 125 C Restaurant Management 3 Units
Prerequisite(s): HRC 101 C and HRC 120 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. In this course, students will manage all aspects of restaurant operations through theoretical studies and hands-on practice. Topics include functions of management, marketing, role of service, effective cost control, labor strategies and the leadership skills required to effectively manage restaurant operations. $50 materials fee payable at registration. (CSU/C-ID: HOSP 130)

HRC 135 C Culinary Fundamentals I 3 Units
Prerequisite(s): Completion of or concurrent enrollment in HRC 120 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. Great cuisine rests on the mastery of seemingly simple preparations and techniques that determine the quality of the final product. This course will focus on the basic principles, skills, and techniques associated with culinary arts, involving various cooking methods including classic and modern techniques. Students will identify various kitchen to include; food products and equipment used within the commercial food operation. $95 materials fee payable at registration. (CSU/C-ID: HOSP 160)

HRC 136 C Baking Fundamentals I 3 Units
Prerequisite(s): Completion of or concurrent enrollment in HRC 120 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. Well-executed desserts rely on a mastery of fundamental techniques. This course will focus on the history of baking, terminology, ingredients, equipment, storage and sanitation in the bakeshop. Students will gain hands-on experience in using various mixing, holding and baking methods to create an assortment of cookies, quick breads, cakes, pies, savory products, specialty diet products and yeast breads. $95 materials fee payable at registration (CSU)

HRC 145 C The Art of Garde Manger 3 Units
Prerequisite(s): HRC 120 C and HRC 135 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course will focus on the discussion of application and production methods used in today's Garde Manger kitchen, as well as the importance of accurate knife cuts and presentation methods to make food aesthetically appealing. This course covers topics such as knife cuts, cold sauces, emulsifications, hot and cold hors d'oeuvres, cured and smoked meat and fish and sausage making. $120 materials fee payable at registration. (CSU)

HRC 152 C Menu Planning and Purchasing (formerly Hospitality Purchasing) 3 Units
Prerequisite(s): Completion of or concurrent enrollment in HRC 101 C with a grade of C or better.
Term hours: 54 lecture. This course examines the principles of menu planning, hospitality procurement, purchasing, receiving and inventory techniques. Strategies for menu analysis, standardized recipes, menu layout and design relating to profitable hospitality operations will be explored. (CSU)

HRC 155 C Food Science 3 Units
Prerequisite(s): HRC 120 C and HRC 135 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course blends culinary arts and the science of food. This course studies raw materials and their behavior during formulation, processing, packing and storage and includes evaluation as consumer products. $95 materials fee payable at registration. (CSU/UC)

HRC 160 C Hotel Operations 3 Units
Prerequisite(s): Completion of or concurrent enrollment in HRC 101 C with a grade of C or better.
Term hours: 54 lecture and 72 laboratory. This course is an overview of hotel operating systems, business practices and careers, to include front office, housekeeping, property maintenance, food and beverage, human resources management, information systems and sales and marketing. (CSU/C-ID: HOSP 140)

HRC 164 C Hospitality Law 3 Units
Prerequisite(s): Completion of or concurrent enrollment in HRC 101 C with a grade of C or better.
Term hours: 54 lecture. This course covers the exploration of legal relationship and considerations when managing hospitality operations with emphasis on compliance best practices and prevention of liabilities. Topics include serving food safely, responsible alcohol service, selecting and managing employees, regulatory concerns, property management, hospitality operating structures, liability, contracts, safety and security, and crisis management. (CSU/C-ID: HOSP 150)

HRC 170 C Beverage Management 3 Units
Term hours: 45 lecture and 27 laboratory. This course is designed for students who intend to pursue a career in food and beverage management. Topics include wine, beer, spirits, coffee and tea beverage trends, risk-liability management, purchasing, storage, loss prevention, responsible alcohol service, beverage pricing, food pairing and mixology. $35 materials fee payable at registration. (CSU)

HRC 230 C Hospitality Leadership 3 Units
Prerequisite(s): HRC 101 C with a grade of C or better.
Advisory: HRC 160 C.
Term hours: 54 lecture. This course explores hospitality management and leadership strategies. Case study analysis will focus on management and leadership principles, role of diversity, reputation management and ethical considerations in the hospitality industry. (CSU)
HRC 231 C Cost Control in Hospitality 3 Units
Prerequisite(s): Completion of or concurrent enrollment in HRC 101 C with a grade of C or better.
Advisory: HRC 152 C
Term hours: 54 lecture. This course examines the principles of cost control and revenue management best practices. Students will identify, analyze, and solve problems in order to keep costs low and profit margins high in the hospitality industry. Areas covered in course include: management of revenue and expenses, cost of goods, profit relationships, forecasting, use of technology to enhance controls, financial analysis, labor control, and theft avoidance. (CSU)

HRC 232 C Special Event Management 3 Units
Prerequisite(s): HRC 101 C with a grade of C or better.
Term hours: 54 lecture. This course is a comprehensive study of the field of special events with emphasis on creating and executing catered events. Topics include: special event venues, event organization and management, skills and abilities for event managers. (CSU)

HRC 235 C Culinary Fundamentals II 3 Units
Prerequisite(s): HRC 120 C and HRC 135 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course will focus on the principles, skills, and techniques associated with advanced culinary arts, involving fabrication and identification of common proteins utilized in commercial operations. Great chefs rest on mastering the advance techniques utilized in today's commercial kitchens. The most crucial is flavor development, which students begin to learn at the start of their studies. $120 materials fee payable at registration. (CSU)

HRC 236 C Baking Fundamentals II 3 Units
Prerequisite(s): HRC 136 C with a grade of B or better and completion of or concurrent enrollment in HRC 120 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. Creating classic cakes and tortes, artisan breads and frozen desserts calls for creativity and technical understanding. This course focuses on advanced pastries and bread production. Products include classical cakes and tortes, frozen desserts, artisan breads and Viennoiserie. Emphasis will be placed on commercial production of high quality products and professional presentation. $95 materials fee payable at registration. (CSU)

HRC 246 C Pastry Arts 3 Units
Prerequisite(s): HRC 120 C and HRC 236 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course focuses on pastry arts to include macarons, petit fours, specialty cakes, chocolates, confections, frozen desserts, and restaurant style desserts. Emphasis will be placed on commercial production of high quality products and professional presentation. Candy making, cake decorating, and dessert plating represent the ultimate fusion of art and craft. $120 materials fee payable at registration. (CSU)

HRC 255 C American Regional Cuisine 3 Units
Prerequisite(s): HRC 120 C and HRC 235 C or HRC 236 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This culinary tour of America includes product identification, correct utilization and cooking methods. This course focuses on a regional perspective of American cuisine. Students will have the opportunity to produce regional specialties while researching the influence of culture on the development of American cuisine. $95 materials fee payable at registration. (CSU)

HRC 265 C World Culture and Cuisine (formerly International Cuisine) 3 Units
Prerequisite(s): HRC 120 C and HRC 235 C or HRC 236 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course focuses on a global perspective of various diverse groups found in the United States. Students will have the opportunity to produce ethnic foods while researching the influence of cultural traditions, religious beliefs and food customs of immigrants in the United States. $95 materials fee payable at registration. (CSU)

HRC 290 C Hospitality Career Capstone 3 Units
Prerequisite(s): HRC 101 C with a grade of C or better.
Term hours: 54 lecture. This course prepares students for careers and upward mobility in the hospitality industry. Students will develop industry expected employability skills to include professionalism, business communication, and technological aptitude. Successful employment in the hospitality industry through targeted resumes, effective interviewing and use of social media will be covered. Students will synthesize related industry experience through the creation of personalized career portfolio and hospitality service learning project. (CSU)

HRC 295 C Internship 3 Units
Prerequisite(s): Completion of or concurrent enrollment in HRC 101 C with a grade of C or better.
Term hours: 18 lecture. This course offers practical work experience in an approved hospitality and culinary related industry for students in the Hotel, Restaurant, Culinary Arts (HRC) program. This course is designed to provide related employment learning opportunities, career readiness and upward mobility. (CSU)

HRC 298 C Hospitality Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-1620 laboratory depending on units attempted. This course is for students who wish to increase their knowledge of the hotel, restaurant, and/or culinary arts industries. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade Option. Fees may be required-Payable at Registration. (CSU)

Human Services (HUSR)

HUSR 084 C Introduction to Behavior Modification 0.5 Units
Term hours: 9 lecture. This course is for individuals working in programs for developmentally disabled persons, as well as those interested in the field. It will cover basic information about behaviorally oriented work with such clients, including content on behavior modification, teaching methods and ways to encourage clients.

HUSR 200 C Introduction to Human Services 3 Units
Term hours: 54 lecture. This course covers the history and philosophy of the human services; function and orientation of human services agencies and institutions; human services as careers; opportunities and qualifications at various entry levels of human services employment. (CSU, AA GE, CSU GE)
HUSR 210 C Introductory Fieldwork 3 Units
Prerequisite(s): HUSR 200 C with a grade of C or better.
Term hours: 18 lecture and 126 laboratory. This course offers observation and participation in the operations of human services agencies. The student will document 126 hours of supervised field study per semester and will attend one hour lecture per week. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 211 C Advanced Fieldwork 3 Units
Prerequisite(s): HUSR 210 C with a grade of C or better.
Term hours: 18 lecture and 126 laboratory. This course is the second of a two-semester sequence of volunteer or paid fieldwork experience. The student will apply values, concepts and skills of core human services courses to the actual process of helping people. Emphasis of this semester is on sharpening skills and knowledge gained in the introductory field experience. There is one hour of classroom experience per week. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 214 C Case Management and Documentation 3 Units
Term hours: 54 lecture. This introductory course familiarizes students to the basic concepts and skills of case management and documentation in the field of Human Services. This course focuses on the skills of case management in the context of needs assessment, documentation, referral, service planning, and service provision. (CSU)

HUSR 215 C Introduction to Family Studies 3 Units
Term hours: 54 lecture. This course involves intergenerational family studies and related career exploration to introduce Human Services students to family issues and to skills, theories, and competencies needed to empower families for reaching their goals. Various family issues, family/worker relationships, strength-based assessments, resource referral/utilization, community service coordination, and family and worker stress management are covered. (CSU)

HUSR 221 C Crisis Intervention and Referral 3 Units
Term hours: 54 lecture. This course introduces techniques for beginning crisis counseling, including recognition of crisis, assessment of crisis, and referral to the appropriate crisis agency. Special attention will be given to the process of intervention and to the recording of information regarding problems with alcohol and other drugs. Participants will implement a variety of crisis skills through an experiential format. (CSU)

HUSR 222 C Group Leadership-Group Process 3 Units
Term hours: 54 lecture. This course examines membership and leadership in a variety of groups, with emphasis on the total group process. An overview of the various types of groups will be given as well as the values and limitations of groups, cautions and risks of groups and common misconceptions about groups. The student will be offered experience as a group member and a group leader. (CSU)

HUSR 223 C Helping Skills-Human Services 3 Units
Term hours: 54 lecture. This course involves identification and application of specific helping skills in intrapersonal and interpersonal relations. It is designed for persons in helping roles, professional and paraprofessional, or volunteers in Human Services. (CSU)

HUSR 224 C Self-Esteem Strategies 3 Units
Term hours: 54 lecture. This course is designed for those considering a career in management and staff development in Human Services Agencies, with special application to client after-care programs. Theory and technique are combined in this skills class to assist case managers and program directors with assessment and evaluation, individual recovery program development, educational process and materials, and utilization of resources and referral procedures. This course focuses on issues of self-esteem, concept formation, problem solving, time management, emotional intelligence, and decision making for client and/or staff development. (CSU)

HUSR 225 C Families and Substance Abuse 3 Units
Term hours: 54 lecture. This course presents the dynamics of the family system as they are affected by addiction. Theories of healthy and unhealthy family interaction are explored and the experiential format provides the opportunity for skill development and practical experience. (CSU)

HUSR 226 C Behavior Modification 3 Units
Term hours: 54 lecture. This course includes both theory and practice in behavior modification principles. It teaches skills such as observing and recording behavior, uses of reinforcement, extinction, punishment, etc. Self-management techniques to assist in control of one’s own behavior will also be discussed. Topics have wide application in any course of study and will require dealing effectively with others, or with more effective management of oneself. (CSU)

HUSR 240 C Drugs and Alcohol in Our Society 3 Units
Term hours: 54 lecture. This course provides an overview of the epidemiology and toxicology of substance abuse and its relevance to personal and public health. Students will be introduced to the concept of substance abuse and dependence, the definition of licit and illicit drugs, and the pharmacologic, neurologic and physiologic effects of selected substances on the human brain. Political, social and economic factors involved in the supply and demand for drugs will be discussed. Epidemiologic data on the prevalence, incidence, and trends of smoking, alcohol, prescription and other drug dependencies in the U.S. will be covered, as well as risk factors associated with the use and abuse of these substances. Current options for recovery and a survey of local resources will be reviewed. (CSU/UC, C-ID: PHS 103)

HUSR 241 C Intervention Strategies 3 Units
Term hours: 54 lecture. This course will serve as an assessment and treatment approach to individuals having problems with alcohol and other drugs. Alcoholism will be studied in its social and clinical context. Attention will be given to basic theoretical approaches to the disease. Major emphasis will be on the philosophical and clinical approaches to treating the alcoholic and to promoting recovery. (CSU)

HUSR 242 C Drugs and Physiology 3 Units
Term hours: 54 lecture. This course explores the effects of alcohol and other drugs on the body. It examines the physiology of alcohol in two areas: (1) physical effects of alcohol on the body, and (2) the physiological effects of the disease processes associated with heavy drinking. (CSU/C-ID: ADS 140 X)

HUSR 243 C Co-Occurring Disorders 3 Units
Term hours: 54 lecture. This course will introduce the student to the treatment needs of those who have a psychiatric disorder in combination with a chemical dependency disorder. Students learn to identify and assess those with a dual diagnostic/co-occurring disorder. Pass/No Pass/Letter Grade Option. (CSU)
HUSR 270 C Introduction to Victimology  3 Units
Term hours: 54 lecture. This course responds to the emerging social concern regarding the cost of victimization to our society today. It provides education, information on existing resources, and direct participation in the creation and expansion of existing resources of treatment and recovery of victims and perpetrators. (CSU)

HUSR 271 C Society and Victimization  3 Units
Term hours: 54 lecture. This course will provide an understanding of the social problems of victimization with in-depth focus on both perpetrator and victim. Specific issues will be explored including their genesis and specific methods of identifying issues regarding self-help and support activities from a clinical approach. (CSU)

HUSR 275 C Ethical Issues in Human Services  3 Units
Term hours: 54 lecture. This course presents the rules and standards governing the professional conduct of those working in Human Services Agencies. Issues of client/patient rights, confidentiality, physical and emotional abuse, and counselor/client relationships will be explored in great depth. (CSU, C-ID: ADS 160 X)

HUSR 281 C Prevention Strategies  3 Units
Term hours: 54 lecture. This course will present the history, theories and current strategies for prevention of alcohol and drug problems and for reduction of harm caused by those with problems (harm reduction). Conceptual frameworks, major research, epidemiology, environmental risk factors and the effectiveness of various prevention strategies will be examined. (CSU)

HUSR 290 C Human Services in Criminal Justice  3 Units
Term hours: 54 lecture. This experiential course will survey the historical, and philosophical aspects of criminal behavior and the functions and objectives of parole and probation. Students will examine the skill requirements, the major tasks and responsibilities, the role and function and the overall mission of the service provider in the criminal justice system. The judicial system and its relationship to the criminal offender will be examined as well as modern approaches in the control of crime. Resources for re-socializing the offender will be explored. (CSU)

HUSR 291 C Counseling in Criminal Justice  3 Units
Term hours: 54 lecture. This course explores current theory and practice in the counseling of those in state prison treatment programs. Topics include an overview of the California Department of Corrections, the inmate classification system, specialized inmate management topics, violence and violence management strategies, victim awareness issues, the processes of addiction and recovery, an overview of assessment instruments, an exploration of sociopathy, and group counseling dynamics. (CSU)

HUSR 293 C Conflict Resolution-Mediation  3 Units
Course hours 54 lecture. This course examines the background, development and methodology of non-violent, non-litigious conflict resolution with emphasis on theory and the practice of mediation. This is a state certified course designed to train individuals to be effective in resolving conflict in the family, the community, the classroom and the workplace. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 294 C Careers in Criminal Justice  3 Units
Term hours: 54 lecture. This course will provide the student with the opportunity to explore, in-depth, the breadth and scope of career opportunities in the field of criminal justice. Specific careers will be explored through guest speakers, field trips, on-site observations and mentoring opportunities. Students will gather knowledge and gain an appreciation for the criminal justice field as a result of this course. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 295 C Cross-Cultural Criminology  3 Units
Term hours: 54 lecture. This course will explore cross-cultural customs and traditions from a criminal justice perspective. Specific cultures that are represented in significant numbers within the United States will be explored. Students will gather knowledge and gain an appreciation for the cross-cultural aspects within the field of criminal justice. Pass/No Pass/Letter Grade Option. (CSU, SOC JUST)

HUSR 298 C Human Services Seminar  0.5-12 Units
Term hours: 0-12 lecture and 0-42 laboratory. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for students who wish to increase their knowledge of a particular topic that is offered in no other regular class. A paper or group activity may be assigned. Consult class schedule for the offerings in a particular semester. (CSU)

Interdisciplinary Studies (INDS)

INDS 092 C Work Experience-General  3 Units
Prerequisite(s): Must be enrolled in seven units, including work experience.
Term hours: 18 lecture and a minimum of five hours of employment per week for each unit of credit. This course provides students with actual work experience through mutual agreement with selected employers. Work may include the acquisition of desirable work habits and attitudes toward jobs. The job held by the student need not be related to the occupational goal of the student. The student may earn no more than three credit units per semester with a maximum total of six during the student’s enrollment in any community college. Student’s employment need not be limited to the five-hour increment for which the student gains credit. May be taken for credit 3 times.

INDS 100 C Humanities - Ancient and Medieval (same as ENGL 110 C)  3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Lecture hours: 54 lecture. This course is a survey of the development of Western culture with a focus upon its Greco-Roman roots, and a study of other important influences, including African and Middle Eastern. The course covers prehistory to the Renaissance, with an emphasis on the arts. Duplicate credit not granted for ENGL 110 C. Cost for museum visits not to exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC)

INDS 101 C Humanities - Renaissance-Present (same as ENGL 111 C)  3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
. Lecture hours: 54 lecture. This course is a survey of the development of Western Culture from the Renaissance to the present, including a study of other important influences from Africa, the Middle East, North and South America, with an emphasis on the arts. Duplicate credit not granted for ENGL 111 C. Cost for museum visits not to exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC)

INDS 115 C Learning Communities Seminar  1 Unit
Term hours: 18 lecture. This is a course specifically designed for students participating in Learning Communities. Students will use both traditional and electronic tools to research, analyze, discuss, and evaluate materials associated with Learning Community themes. May be taken for credit 2 times. Pass/No Pass/Letter Grade Option. (CSU)
Japanese (JAPN)

JAPN 098 C Japanese Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar course is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Pass or Letter Grade option. Fees may be required.

JAPN 100 C Spoken Japanese for Beginners 3 Units
Term hours: 54 lecture. This course is for students who would like to take conversational Japanese without having to learn the complicated writing system. This will be an introduction to spoken Japanese, with emphasis on vocabulary development, use of the common phrases and culturally appropriate language at beginning levels. Conducted mainly in Japanese. Pass/No Pass or Letter Grade Option. (CSU/AA GE, CSU GE, IGEC)

JAPN 101 C Elementary Japanese I 5 Units
Term hours: 90 lecture. The course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading and writing. Students will be introduced to the culture, history and geography of Japan through lectures, slides, videos, photographs, films, and reading assignments. Not intended for native Japanese speakers. Pass/No Pass/Letter Grade Option. (CSU/AA GE, CSU GE)

JAPN 102 C Elementary Japanese II 5 Units
Prerequisite(s): JAPN 101 C with a grade of C or better or one year of high school Japanese with an average grade of C or better is recommended.
Term hours: 90 lecture. This course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of Japan and Japanese through lectures, films, and reading and writing assignments. Pass/No Pass/Letter Grade Option. (CSU/UC/AA GE, CSU GE, IGEC)

JAPN 200 C Conversational Japanese 2 Units
Prerequisite(s): JAPN 102 C with a grade of C or better.
Term hours: 36 lecture. This course will focus on practical conversation with emphasis on the idiomatic usage of the language. Topics concern Japanese life, culture, and current events. Students will prepare for this class through the study of the required textbook, magazines, newspapers and other current materials. This course is conducted in Japanese. Pass/No Pass/Letter Grade Option. (CSU/CSU GE)

JAPN 201 C Study of Kanji 3 Units
Prerequisite(s): JAPN 101 C or JAPN 102 C, with a grade of C or better.
Term hours: 54 lecture. This is a low intermediate skill course designed to improve the reading, writing, listening, and understanding of Kanji. Students will practice and learn 420 basic Kanji, as components of more complex Kanji. This will prepare students to take the Japanese government’s proficiency examination at the 10th and 9th level. Pass/No Pass or Letter Grade Option (CSU)

JAPN 203 C Intermediate Japanese III 4 Units
Prerequisite(s): JAPN 102 C with a grade of C or better or two years of high school Japanese with a grade of C or better.
Term hours: 72 lecture. The course emphasizes the acquisition of advanced skills in listening, speaking, reading, and writing. Students will be introduced to further elements of the culture, history, and geography of Japan through lectures, slides, films, dialogues and reading assignments conducted in Japanese. Pass/No Pass or Letter Grade Option. (CSU/UC/AA GE, CSU GE, IGEC)

JAPN 204 C Intermediate Japanese IV 4 Units
Prerequisite(s): JAPN 203 C with a grade of C or better.
Term hours: 72 lecture. The course emphasizes the acquisition of advanced skills in listening, speaking, reading, and writing. Students will be introduced to further elements of the culture, history, and geography of Japan through lectures, slides, films, dialogues and reading assignments conducted in Japanese. Pass/No Pass or Letter Grade Option. (CSU/UC/AA GE, CSU GE, IGEC)

JAPN 298 C Japanese Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Pass or Letter Grade option. Fees may be required.

JAPN 299 C Japanese Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 9-36 lecture/conference depending on units attempted. This course is designed for able students who wish to increase their knowledge of the Japanese language through individual study or research. Students should consult the class schedule to verify credit for a particular term. Unit credit may range from 1/2 - 2 units in any given semester. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation)
**Journalism (JOUR)**

**JOUR 101 C Reporting and Writing**  
3 Units  
*Prerequisite(s):* Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.  
*Advisory:* Ability to type 20 words per minute  
Term hours: 54 lecture. This course is an introduction to gathering, synthesizing/organizing and writing news in journalistic style across multiple platforms. Includes role of the journalist and related legal and ethical issues. Students will report and write based on their original interviews and research to produce news content. Experiences may include covering speeches, meetings and other events, writing under deadline and the use of Associated Press Style. (CSU/UC, C-ID: JOUR 110)

**JOUR 110 C Global Media**  
3 Units  
Term hours: 54 lecture. This course is a survey of global mass communication and the interrelationships of media with society including history, structure and trends in a digital age. Discussion of theories and effects, economics, technology, law and ethics, global media, media literacy, and social issues, including gender and cultural diversity. (CSU/UC, AA GE, CSU GE, C-ID: JOUR 100)

**JOUR 118 C Messages for Electronic Media**  
3 Units  
Term hours: 54 lecture. This speech and mass communications course investigates the history, theory, contemporary issues, and current law in broadcasting, cable and the Web. Students create and broadcast video and audio presentations in addition to learning through lecture and reading. (CSU, CSU GE)

**JOUR 130 C Visual Communication (formerly MM 110 C)**  
3 Units  
Term hours: 54 lecture. This course is a survey of the significant techniques and examples of visual communication as employed by the mass media, including the World Wide Web, newspapers, magazines, television, and advertising. Discussion and demonstration of the tools used in analyzing visual communication. Creation and analysis of images for print, Web and video. (UC/CSU/C-ID: JOUR 170)

**JOUR 140 C Public Relations**  
3 Units  
*Advisory:* Ability to type 20 words per minute and understand basic computer operation  
Term hours: 54 lecture. This course covers the principles, history and development, and professional practice of modern public relations. Includes concepts of planning and executing effective communications strategies, including message design and distribution, for any organization. (CSU/C-ID: JOUR 150)

**JOUR 225 C Student Media Practicum I**  
3 Units  
*Advisory:* Should be able to type 20 words per minute.  
Term hours: 36 lecture and 54 laboratory. In this course, students will produce daily, under the direction of student editors and producers, news and feature content for student media. Student media includes World Wide Web publications, print publications, video production for file streaming and podcasting, live Webcast streaming of audio and video productions, the use of social networking tools and possibly public access cable television. Student media serves students, staff and faculty on campus plus a community audience. Students will learn the basics of design/layout; visual, online and multimedia journalism, and explore emerging technologies. Students will report to advanced student editors in a newsroom in which students control all content. (CSU/C-ID: JOUR 130)

**JOUR 226 C Student Media Practicum II**  
3 Units  
*Prerequisite(s):* JOUR 225 C with a grade of C or better.  
*Advisory:* 20 wpm keyboarding is helpful  
Term hours: 36 lecture and 54 laboratory. This course emphasizes creating and maintaining The Cypress Chronicle student news website, CyChron.com. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include writing for the internet, using digital photography, editing digital video and audio, using on-line publishing software, plus managing media and advertising. (CSU/C-ID: JOUR 131)

**JOUR 227 C Student Media Practicum III**  
3 Units  
*Prerequisite(s):* JOUR 226 C with a grade of C or better.  
*Advisory:* Ability to type 20 wpm.  
This course requires higher skill level and/or leadership/management involvement than JOUR 226 C. The students will demonstrate how to produce family content under the direction of student editors and producers, news and feature content for student media. Student media includes World Wide Web publications, print publications, video production for file streaming and podcasting, live Webcast streaming of audio and video productions, the use of social networking tools and possibly public access cable television. Student media serves students, staff and faculty on campus plus a community audience. Students will demonstrate learned skill sets to produce design/layout, visual, online and multimedia journalism, and explore emerging technologies. Advanced students learn to be editors in a newsroom in which students control all content.

**JOUR 228 C Visual Journalism**  
3 Units  
*Advisory:* Should be able to type 20 words per minute.  
Term hours: 54 lecture. This course trains visual journalists who use video and still imaging for electronic news gathering. It focuses on theory and practice in press and publications photography, with emphasis on using the DSLR camera as a reporting and communications tool. Covered are news and feature photography and photographic essays, including composition, impact, and creativity, for print, world wide web, broadcast, and webcasting. (CSU, C-ID: JOUR 160)

**JOUR 229 C Broadcast Production**  
3 Units  
*Advisory:* Should be able to type 20 words per minute.  
Term hours: 54 lecture. This course will place emphasis on creating broadcast television and radio-style programming for posting as files and for streaming on the internet as well as for distributing conventionally. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include broadcast writing, videography, audio and video production, and internet distribution, plus managing media and advertising. (CSU)

**JOUR 230 C Video for Photographers**  
3 Units  
*Prerequisite(s):* Completion of or concurrent enrollment in PHOT 101 C with a grade of C or better.  
Term hours: 54 lecture. This course introduces the photographer to the use of a single device—a digital camcorder with frame capture or a digital camera with high-definition video, or a hybrid device—for simultaneous video and still imaging. The student learns single-camera and three-camera production techniques on location and in the studio. The course includes using the still camera motor drive as a digital video tool. The student’s project will include: Treatments, scripts, shooting scripts, shooting video, shooting sequential photographs, basic audio, logging, edit decision lists, frame capture, video editing software, slideshow production, and presentation in a multimedia presentation platform. This course gives basic video skills to the photographer who must work in video, also, for multimedia. (CSU)

|              |       | Term hours: 108 hours activity depending on units attempted. This course is designed for the pep squad to develop skills in tumbling, stunts, dance technique, choreography, leadership skills, crowd motivation, and competition. Performance is mandatory at school athletic events and campus functions. Pass/No Pass or Letter Grade option. (CSU, UC Credit Limitation, AA GE, CSU GE)

| KIN 110 C Surfing (formerly PE 122 C) | 0.5-1 Units | Demonstrate ability to swim. Term hours: 27-54 hours activity depending on units attempted. This course offers students the opportunity to learn and improve the skills of wave riding. Examination and analysis of paddling, wave selection, water safety, equipment, tides, current, and etiquette are emphasized for long boarding and short boarding. Transportation will not be furnished. (UC Credit Limitation/CSU, AA GE, CSU GE)

| KIN 111 C Swimming (formerly PE 134 C) | 0.5-1 Units | Demonstrate ability to swim. Term hours: 27-54 hours activity depending on units attempted. This course provides basic instruction and practice in the fundamental elements of swimming including beginning diving and water safety instruction. The class is designed to develop proficiency in the basic strokes needed to meet the prerequisites for the senior lifesaving and water safety instruction courses. Pass/No Pass/Letter Grade Option (UC Credit Limitation/CSU, AA GE, CSU GE)

| KIN 112 C Swimming - Intermediate-Advanced (formerly PE 135 C) | 0.5-1 Units | Demonstrate ability to swim. Term hours: 27-54 hours activity depending on units attempted. This course is designed to teach the fundamentals of springboard diving. The beginning diver will learn diving progression for the front, back, reverse, inward and twisting dives. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

| KIN 114 C Springboard Diving (formerly PE 136 C) | 0.5-1 Units | Demonstrate ability to swim. Term hours: 27-54 hours activity depending on units attempted. This course is designed to teach the intermediate and advanced skills of springboard diving. The experienced diver will learn advanced diving progression for the front, back, reverse, inward and twisting dives. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE)

| KIN 115 C Springboard Diving - Intermediate - Advanced | 0.5-1 Units | Demonstrate ability to swim. Term hours: 27-54 hours activity depending on units attempted. This course is designed to teach the intermediate and advanced skills of springboard diving. The experienced diver will learn advanced diving progression for the front, back, reverse, inward and twisting dives. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE)

| KIN 116 C Swim for Fitness (formerly PE 149 C) | 0.5-1 Units | Demonstrate ability to swim. Term hours: 27-54 hours activity depending on units attempted. This course will emphasize swimming for health and physical fitness. The class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through the use of aerobic and anaerobic conditioning. Participating adults and others seeking a fitness program may expect to improve their overall fitness level through aquatic training. Pass/No Pass/Letter Grade Option (UC Credit Limitation/CSU, AA GE, CSU GE)
KIN 117 C Water Aerobics (formerly PE 151 C) 0.5-1 Units
Term hours: 27-54. This course is designed to provide calisthenic type exercises and routines using the resistance of the water as a means for developing cardiovascular endurance, strength, flexibility, and coordination. Students will be able to improve posture and appearance through performance and understanding of using the water as a resistance. Non-swimmers welcome. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 120 C Kick-Boxing (formerly PE 163 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course covers instruction in kicks and blows that stress cardiovascular endurance, strength development, and improved flexibility. The aerobic workout will include influences from several martial arts. The sparring and self-defense aspects of kick-boxing will be included. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 128 C Yoga-Intermediate 0.5-1 Units
Advisory: Students should have taken KIN 130 C or demonstrate intermediate yoga practitioners skills.
Term hours: 27-54 hours activity depending on units attempted. This is an intermediate course in yoga. It involves a deeper understanding and practice of yoga poses (asana), breathing (pranayama), and meditation, through the eight-limb system of Patanjali. This course will introduce students to a more thorough exploration of Yoga through its primary practicing methodology of asana, pranayama, and meditation. This process of practice will offer a deeper signification of the integration of body, mind, and spirit, as integral to the practice of yoga. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 129 C Vinyasa Yoga 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. In this course, students will learn the foundation of yoga asana in relation to breath, pranayama. Vinyasa translates as, nyaasa, to place, and vi, in a special way. In this respect, vinyasa, as it relates to yoga asana (posture), means, to place the body in a special way. Vinyasa, as a style of yoga practice is derived from the hatha yoga lineage, and generally means, to move the body in relation to breath. Pass/No Pass/Letter Grade Option (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 130 C Yoga (formerly PE 102 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course, as defined by Patanjali, means, ācītā vṛtti nirodha, the stilling of all states of citta, or roughly, the stilling of mind. Students will develop an understanding of the goal of yoga, primarily through the signification of yoga asana. Not because asana (posture) is the most significant aspect of Patanjali's system of yoga, but because it allows students a way into the practice. In this respect, yoga is a practice, and in this course, students will focus on developing a yoga practice, represented through asana, that reflects the goals of yoga, and the stilling of mind. Pass/No Pass/Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 131 C Restorative and Gentle Yoga 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course explores the relationship between yoga, restorative and gentle yoga. Students will approach the practice of restorative and gentle yoga from the perspective that, yoga, by definition, is therapeutic. As such, with focus on restorative and gentle asana (posture), as well as, pranayama (breathing), and meditation, students will learn tools for which a more restorative and gentle practice can assist with stress and anxiety management, for deeper relaxation, and potential healing. Pass/No Pass/Letter Grade option (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 132 C Hatha Yoga 0.5-1 Units
Term Hours: 27-54 lab hours depending on units attempted. This course is the larger lineage of yoga that derives from Patanjali's Yoga Sutras. In this course, students will learn, and investigate this lineage, and the common themes of practice that derive from this lineage. The Yoga Sutras of Patanjali is a philosophical system, which is based on the goal of ācītā vṛtti nirodha, the stilling of all states of citta, or roughly, the stilling of mind. We will focus primarily on the significance of yoga asana (posture), as well as, pranayama (breathing), to facilitate a practice, and experiential analysis of the yoga and Hatha yoga lineage. Pass/No Pass/Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 133 C Cardiovascular Conditioning (formerly PE 114 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course is designed to provide an individualized exercise program for the student interested in achieving physical fitness through a program of cardiovascular conditioning. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 134 C Walking for Fitness (formerly PE 121 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize walking for health and fitness for men and women who are interested in instruction and practice of cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 134AC Walking for Fitness - Beginning (formerly KIN 134 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize walking for health and fitness for those who are interested in instruction and practice of cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 134BC Walking for Fitness - Intermediate 0.5-1 Units
Advisory: KIN 134AC.
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize intermediate walking for health and fitness for those who are interested in instruction and practice of cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE)
**KIN 134CC Walking for Fitness - Advanced**

0.5-1 Units

*Advisory:* KIN 134BC.

Term hours: 27-54 hours activity depending on units attempted. This course will emphasize advanced walking for health and fitness for those who are interested in instruction and practice of cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 135 C Cardio Step (formerly PE 129 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course provides aerobic development through coordinated stepping movements performed to music. This course will emphasize cardiovascular improvement, muscle development, and improved body composition. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 136 C Cardio Step - Intermediate (formerly Step Aerobics - Intermediate)**

0.5-1 Units

*Advisory:* KIN 135 C

Term hours: 27-54 hours activity depending on units attempted. This course provides aerobic development through coordinated intermediate stepping movements performed to music. The class will emphasize cardiovascular improvement, muscle development, and improved body composition. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 137 C Mountaineering and Rock Climbing (formerly PE 142 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course is designed for those students wishing to develop beginning through advanced skills in mountaineering/rock climbing. Teaching emphasis is on preparation, knowledge of equipment, physical techniques and the mental approach to climbing. Facility use fee required, to be paid throughout the semester at the facility. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 138 C Body Sculpt (formerly PE 148 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course provides a whole body workout without jogging, running, jumping or other high impact type movements which might result in overstretch to feet, ankles, knees, hips or the spinal column. This course is designed to prevent injury and is ideal for beginning exercisers, individual with higher body mass, injured or recuperating students, older students as well as the general student population. This class is designed for both men and women. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 139 C Cardio Blast (formerly PE 150 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course provides an aerobic development through rhythmic, high impact movements. The class activities will emphasize stretching, walking, jogging, running, and rope jumping in a dance setting to music. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 140 C Fitness Training (formerly PE 152 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This circuit training course has proven especially beneficial for people not interested in competitive weight training but desiring good muscle tone and cardiovascular fitness. This type of training gives maximum return in a controlled workout. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 142 C Power Training (formerly PE 156 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course is designed to provide instruction and supervision of students with individualized power training programs using free weights. It is for men and women of all ages who are interested in improving power moves using squats, dead lifts, and the bench press. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 143 C Strength Training (formerly PE 159 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course is designed to individualized instruction and supervision of students with individualized strength training programs using Life Fitness, Universal and Olympic weights. It is for men and women of all ages who are interested in muscle toning, muscle rehabilitation, and/or weight redistribution. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 144 C Boot Camp Workout - Intermediate (formerly HIIT - High Intensity Interval Training)**

0.5-1 Units

*Advisory:* KIN 145 C

Term hours: 27-54 hours activity depending on units attempted. This course is designed for students to participate in a comprehensive fitness program which includes stretching, cardiovascular, and strengthening exercises with an emphasis on higher intensity, short-term intervals. The exercises help develop agility, improve coordination, and increase endurance while normalizing body weight and improving muscle tone. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

**KIN 145 C Boot Camp Workout (formerly PE 168 C)**

0.5-1 Units

Term hours: 27-54 laboratory. This course will focus on individual exercises including obstacle course, calisthenics, conditioning, weight training, aerobics, yoga, and overall fitness. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 146 C Cardio Core (formerly PE 178 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course is designed for students to participate in a comprehensive fitness program which includes stretching and core strengthening exercises using stability balls, hand weights and tubing. The exercises help develop agility, improve coordination, and increase core body strength. Pass/No Pass/ Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 147 C Body Building and Development (formerly PE 182 C)**

0.5-1 Units

Term hours: 27-54 lab hours depending on units attempted. This course includes building and developing the body through the use of progressive resistance exercises, as well as instruction in the proper techniques of power lifting. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 148 C Total Body Fitness (formerly PE 187 C)**

0.5-1 Units

Term hours: 24-54 hours activity depending on units attempted. This course emphasizes physical fitness which will be achieved through the use of resistance exercises and body building routines. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

**KIN 149 C Weight Training and Lifting (formerly PE 193 C)**

0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This weight training class stresses techniques of lifting that will produce muscle tone and strength. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)
KIN 150 C Trail Hiking  
**Advisory:** Students should be able to complete a 1.0 mile walk within 20 minutes.  
0 mile walk within 20 minutes. Term hours: 27-54 hours of activity depending on units attempted. This course explores scenic trails including the coast, canyons, parks, hills, and open space areas. Trails are off-campus and student’s must provide their own transportation. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 151 C Spinning-Beginning  
**Advisory:** KIN 151 C  
Term Hours: 27-54 lab hours depending on units attempted. This course explores spinning, a unique, indoor, group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine. Spinning accommodates everyone’s individual needs and abilities. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 152 C Spinning - Intermediate  
**Advisory:** KIN 152 C  
Term Hours: 27-54 hours lab. This course is a unique, indoor group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine and is designed for those who have prior experience. Spinning accommodates everyone’s individual needs and abilities. Pass/No Pass/ Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 153 C Spinning - Advanced  
**Advisory:** KIN 153 C  
Term Hours: 27-54 hours lab. This course is a unique, indoor group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine and is designed for those who have at least intermediate experience. Spinning accommodates everyone’s individual needs and abilities. Pass/No Pass/ Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 154 C Triathlon - Beginning  
**Advisory:** KIN 154 C  
Term hours: 27-54 laboratory depending on units attempted. This course provides a dynamic physical fitness program which focuses on swimming, cycling and running. The process will allow the student to gain thorough body conditioning as well as knowledge and experience in the sport of triathlon. Topics will include cardio-respiratory training, strength training, and flexibility activities which are consistent to triathlon training. This course will contribute to students who are obtaining a kinesiology degree or who wish to develop more intensive physical training techniques. Participants entering this course can be at a beginning level of fitness and be comfortable in the water. Spin bikes will be provided. Pass/No Pass/ Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)  
**Term Hours:** 27-54 laboratory depending on units attempted.

KIN 155 C Triathlon - Intermediate  
**Advisory:** KIN 155 C  
Term hours: 27-54 hours lab depending on units attempted. This course provides a dynamic physical fitness program which focuses on swimming, cycling and running. The process will allow the student to gain thorough body conditioning as well as knowledge and experience in the sport of triathlon. Topics will include cardio-respiratory training, strength training, and flexibility activities which are consistent to triathlon training. This course will contribute to students who are obtaining a kinesiology degree or who wish to develop more intensive physical training techniques. Participants entering this course should be at an intermediate level of fitness and know how to swim freestyle. Spin bikes will be provided but for students wishing to progress to the road, helmets as well as safe bicycles will be beneficial. Pass/No Pass/ Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 159 C Fitness Testing and Exercise Prescription (formerly PE 154 C)  
**Prerequisite(s):** Physician’s clearance required for persons age 45 or over.  
Term hours: 18 lecture and 54 hours activity. This course will evaluate the fitness level of individuals by modern scientific equipment. Based on the results of a battery of tests, an exercise prescription will be developed to meet individual goals. Student progress will be evaluated with post testing. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)  
**Term Hours:** 18 lecture and 54 hours activity.

KIN 160 C Badminton - Beginning (formerly PE 105 C Badminton)  
**Advisory:** KIN 160 C  
Term hours: 27-54 hours activity depending on units attempted. This is a course in the fundamental skills of badminton with emphasis on position play and strategy for singles, doubles and mixed doubles. The class will include rules, etiquette, drills, and class competition. Equipment is furnished. (UC Credit Limitation/CSU, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 161 C Badminton - Intermediate  
**Advisory:** KIN 161 C  
Term hours: 27-54 hours activity depending on units attempted. This is a course in intermediate skills of badminton with emphasis on position play and strategy for singles, doubles and mixed doubles. This course will include rules, etiquette, drills, and class competition. Equipment is furnished. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 162 C Badminton - Advanced  
**Advisory:** KIN 162 C  
This is a course in advanced skills of badminton with emphasis on position play and strategy for singles, doubles and mixed doubles. This course will include rules, etiquette, drills, and class competition. Equipment is furnished. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 163 C Table Tennis (formerly PE 107 C)  
**Term Hours:** 27-54 hours activity depending on units attempted. This course will consist of essential strokes with emphasis on the game strategies for singles and doubles play of table tennis. Rules, etiquette and tournament format will be introduced to the class. Pass/No Pass/ Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 164 C Bowling - Beginning (former PE 108 C)  
**Term Hours:** 27-54 hours activity depending on units attempted. This course teaches the fundamental skills of bowling with emphasis on form, terminology and scoring. The student will have the opportunity for class competition. The class will be conducted at an off campus bowling establishment. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/ Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.

KIN 165 C Bowling - Intermediate  
**Advisory:** Student should have beginner experience in bowling or have taken KIN 164 C.  
Term hours: 27-54 hours activity depending on units attempted. This course teaches intermediate skills of bowling with emphasis on etiquette, terminology and equipment. The student will have the opportunity for class competition. The class will be conducted at an off campus bowling establishment. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/ Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)  
**Term Hours:** 27-54 hours activity depending on units attempted.
KIN 166 C Bowling - Advanced 0.5-1 Units
Advisory: Student should have intermediate experience in bowling or have taken KIN 165 C.
Term hours: 27-54 hours activity depending on units attempted. This course teaches advanced skills of bowling with emphasis on form, rules, and etiquette. The student will have the opportunity for class competition. The class will be conducted at an off campus bowling establishment. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 167 C Gymnastics-Tumbling (formerly PE 119 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course is designed to give the student concentrated instruction and practice in the skills of tumbling, floor exercises, and vaulting skills. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 168 C Tennis - Beginning (formerly PE 139 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will place emphasis on tennis fundamentals including forehand, backhand, and the serve. The course also includes rules, court strategy, and etiquette of singles and doubles play. Tournaments will be conducted during class sessions. Students must provide their own equipment. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 169 C Tennis - Intermediate (formerly PE 141 C) 0.5-1 Units
Advisory: Student should have beginner experience in tennis or have taken KIN 168 C.
Term hours: 27-54 hours activity depending on units attempted. This course is designed for students desiring instruction from intermediate to advanced tennis and provides the opportunity to put techniques into practice through placement in the various levels of tennis ability. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 170 C Tennis - Advanced 0.5-1 Units
Advisory: Student should have intermediate experience in tennis or have taken KIN 169 C.
Term hours: 27-54 hours activity depending on units attempted. This course is designed to help the advanced tennis student improve specific skills and strategies in competitive game situations. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 171 C Golf - Beginning (formerly PE 115 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course emphasizes the basic fundamentals of golf, including rules, etiquette and terminology. Golfing activity will be held at an on-campus location for the first half of the class. The second half of the class will be held at an off-campus golf facility. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 172 C Golf - Intermediate (formerly PE 157 C) 0.5-1 Units
Advisory: Student should have beginner experience in golf or have taken KIN 171 C.
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize advanced golf techniques and playing strategies. The class will provide advanced and low handicap golfers the opportunity to enhance their skills and techniques in execution of golf scoring strategies. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 173 C Golf - Advanced 0.5-1 Units
Advisory: Student should have intermediate experience in golf or have taken KIN 172 C.
Term hours: 27-54 hours. This course provides training for those seeking improvement in their golf technique and knowledge. Emphasis is on developing ball-striking skills, and on scorecard evaluation, strategy, course management, and proper application of the rules of golf. Students are responsible for balls, golf clubs, and range fees. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 174 C Pickleball - Beginning 0.5-1 Units
Term Hours: 27-54 hours of lab activity depending on units attempted. This course covers the development of basic playing skills, sportsmanship and etiquette. Pickleball features simple rules and is easy to learn. This sport is suitable for individuals of all ages, fitness levels and athletic abilities. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 176 C Pickleball - Advanced 0.5-1 Units
Advisory: KIN 175 C
This course covers the development of advanced-level playing and competitive skills in the paddle sport of pickleball. Instruction in the advanced skills, techniques, strategies, along with rules and etiquette. Pickleball features simple rules and is easy to learn and fast paced. This sport is suitable for individuals of all ages, fitness levels and athletic abilities. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 180 C Futsal - Beginning (formerly PE 109 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will provide instruction and practice in the techniques of futsal (indoor soccer). This course will develop skills, provide knowledge of the rules and teach students to analyze techniques, solve tactical problems and improve physical fitness. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 181 C Futsal - Intermediate 0.5-1 Units
Advisory: KIN 180 C
This course is designed to strengthen fundamental soccer skills. Emphasis is on scrimmages and applying offensive and defensive group strategies in competitive play. The course also introduces tactical strategies for each player: forwards, midfielders, fullbacks, and goalkeepers. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 182 C Futsal - Advanced 0.5-1 Units
Advisory: KIN 181 C
Term Hours: 27-54 lab hours depending on units attempted. This course is designed for players who have mastered the fundamental skills, strategies, and rules of soccer and seek to develop advanced-level physical and mental skills for competitive play. In addition to refining offensive and defensive skills, students analyze game tactics and evaluate strategies for strengthening personal and team performance. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)
KIN 183 C Volleyball - Beginning (formerly PE 144 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will include teaching of the basic skills of volleyball with emphasis on strategy and rules. The students will be offered the opportunity for class and interclass competition. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 184 C Volleyball - Intermediate (formerly PE 145 C) 0.5-1 Units
Advisory: KIN 183 C
This course is designed to provide intermediate skill development and strategies of volleyball. This class will provide intermediate players an opportunity to practice competitive techniques in games situations. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 185 C Volleyball - Advanced 0.5-1 Units
Advisory: KIN 184 C
Term hours: 27-54 hours lab depending on units attempted. This course presents advanced volleyball techniques and tactics for team and tournament play. The course offers advanced skills, court positioning, defensive techniques, and team strategy, both offensive and defensive. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 186 C Beach Volleyball - Beginning (formerly PE 126 C) 0.5-1 Units
Term hours: 27-54 laboratory. This course provides basic instruction and strategies in beach volleyball. Designed to develop basic skills, knowledge of rules, team strategies and desire for future participation during leisure times. Course may be taken one time for credit. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 187 C Beach Volleyball - Intermediate (formerly PE 128 C) 0.5-1 Units
Advisory: Student should have beginning beach volleyball skill or have taken KIN 186 C
Term hours: 27-54 laboratory. This course provides instruction, strategies and practice of skills in beach volleyball. The course is designed to develop intermediate skills, knowledge of rules, team strategies and desire for future participation during leisure times. The course emphasizes advanced offensive and defensive theories in competitive match situations. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 188 C Beach Volleyball - Advanced 0.5-1 Units
Advisory: Student should have intermediate beach volleyball skill or have taken KIN 187 C
Term hours: 27-54 laboratory depending on units attempted. This course provides instruction, strategies and practice of skills in beach volleyball. The course is designed to develop advanced skills, knowledge of rules, team strategies and desire for future participation during leisure times. The course emphasizes advanced offensive and defensive theories in competitive match situations. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 189 C Basketball - Beginning (formerly PE 181 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will include instruction in the fundamental skills of basketball with an emphasis on strategy and team play. The class will include rules, drills, and team competition. Equipment is furnished. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 190 C Basketball - Intermediate (formerly PE 160 C) 0.5-1 Units
Advisory: Students should have beginning basketball skill or have taken KIN 189 C.
Term hours: 27-54 hours activity depending on units attempted. This activity course stresses development of the fundamental skills of basketball. Game strategies including various offenses and defenses will be analyzed and applied through team competition. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 191 C Basketball - Advanced 0.5-1 Units
Advisory: Student should have intermediate basketball skill or have taken KIN 190 C.
Term hours: 27-54 hours dependent on units attempted. This course is designed for players who have mastered the fundamental skills, strategies, and rules of basketball and seek to develop advanced-level physical and mental skills for competitive play. In addition to refining offensive and defensive skills, students analyze game tactics and evaluate strategies for strengthening personal and team performance. Pass/No Pass/Letter Grade option (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 192 C Water Polo (formerly PE 146 C) 0.5-1 Units
Prerequisite(s): Demonstrate ability to swim.
Term hours: 27-54 hours activity depending on units attempted. This course offers basic instruction in the fundamental skills of water polo. Instruction will emphasize passing, shooting, dribbling, conditioning, game strategy, and terminology. The course will include aquatic drills, scrimmages, and appropriate learning activities for the intermediate and advanced water polo player. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 193AC Soccer - Beginning (formerly KIN 193 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This class will provide instruction and practice in the techniques of soccer. Students will develop skills, knowledge of rules, analysis of techniques and game strategies. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 193BC Soccer - Intermediate 0.5-1 Units
Advisory: KIN 193AC.
Term hours: 27-54 hours activity depending on units attempted. This course will provide intermediate instruction and practice in the techniques of soccer. Students will develop skills, knowledge of rules, analysis of techniques and game strategies. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 193CC Soccer - Advanced 0.5-1 Units
Advisory: KIN 193BC.
Term hours: 27-54 hours activity depending on units attempted. This course will provide advanced instruction and practice in the techniques of soccer. Students will develop skills, knowledge of rules, analysis of techniques and game strategies. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 194 C Softball (formerly PE 172 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize basic skills of women's softball including techniques, strategies of offense and defense, rules, and terminology. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 195AC Baseball - Beginning (formerly KIN 195 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This class includes instruction in the fundamental skills of baseball with emphasis on techniques, game strategy, and the correct methods to play the game. The course will include drills and class competition. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE)
KIN 195BC Baseball - Intermediate 0.5-1 Units
Advisory: KIN 195AC.
Advisory KIN 195AC. Term hours: 27-54 hours activity depending on units attempted. This course includes instruction in the intermediate skills of baseball with emphasis on appropriately skilled techniques, game strategy, and the correct methods to play the game. The course will include drills and class competition for individually skilled players. (CSU/UC Credit Limitation, AA GE)

KIN 195CC Baseball - Advanced 0.5-1 Units
Advisory: KIN 195BC
Advisory KIN 195BC. Term hours: 27-54 hours activity depending on units attempted. This course includes instruction in the skills of baseball with emphasis on advanced techniques, game strategy, and the correct methods to play the game. The course will include drills and class competition for players with advanced skills. (CSU/UC Credit Limitation, AA GE)

KIN 197 C Flag Football (formerly PE 197 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will include the basic fundamentals of flag and touch football. The class will emphasize rules, safety procedures and team play. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 198 C Athletic Weight Training (formerly PE 104 C) 0.5-3 Units
Prerequisite(s): KIN 202 C or KIN 203 C or KIN 204 C or KIN 205 C or KIN 206 C or KIN 207 C or 210 C or KIN 211 C or KIN 212 C or KIN 213 C or KIN 214 C or KIN 215 C or KIN 217 C or KIN 218 C or KIN 219 C or KIN 222 C, with a grade of C or better or demonstrate advanced athletic skills.
Term hours: 27-162 laboratory. This course is designed with athletes in mind, but not limited to them, to enable them to work out with a prescribed individual weight program at least three days a week. It will involve specific resistance exercises to develop parts of the body used in various types of sports activities. It will also add to the safety of the athletes by helping to prevent injuries. Course may be taken four times for credit. Pass/No Pass or Letter Grade option.

KIN 202 C Intercollegiate Baseball (formerly PE 202 C) 3 Units
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to Intercollegiate competition.
Term hours: 175 activity. This course is designed for the advanced baseball player wanting to participate on the intercollegiate baseball team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 203 C Intercollegiate Basketball - Men (formerly PE 203 C) 1.5-3 Units
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 80-175 activity. This course is designed for the advanced basketball player wanting to participate on the intercollegiate basketball team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 204 C Intercollegiate Basketball - Women (formerly PE 204 C) 1.5-3 Units
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 80-175 activity. In order to participate in this course and intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)
KIN 205 C Intercollegiate Beach Volleyball - Women (formerly PE 217 C)  3 Units

**Prerequisite(s):** Pass team tryouts and must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the intercollegiate classes. The most qualified student athletes will be selected to represent the college during the season. This class satisfies the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 206 C Intercollegiate Golf - Men (formerly PE 208 C)  3 Units

**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. This course is designed for the advanced golfer wanting to participate on the intercollegiate golf team. In order to participate in intercollegiate athletics, students must be able to meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. May be taken for credit 4 times. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 207 C Intercollegiate Golf - Women  3 Units

**Prerequisite(s):** Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. This course is designed for the advanced golfer wanting to participate on the intercollegiate golf team. In order to participate in intercollegiate athletics, students must be able to meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 210 C Intercollegiate Soccer - Men (formerly PE 209 C)  3 Units

**Prerequisite(s):** Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. This course is designed for the advanced soccer player wanting to participate on the intercollegiate soccer team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 211 C Intercollegiate Soccer - Women  3 Units

**Prerequisite(s):** Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. This course is designed for the advanced soccer player wanting to participate on the intercollegiate soccer team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 212 C Intercollegiate Softball - Women (formerly PE 210 C)  3 Units

**Prerequisite(s):** Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 213 C Intercollegiate Swimming - Men (formerly PE 211 C)  3 Units

**Prerequisite(s):** Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 214 C Intercollegiate Swimming - Women (formerly PE 212 C)  3 Units

**Prerequisite(s):** Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 215 C Intercollegiate Tennis (formerly PE 214 C)  3 Units

**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. This course is designed for the advanced tennis player wanting to participate on the intercollegiate tennis team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 217 C Intercollegiate Volleyball - Women (formerly PE 218 C)  3 Units

**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.

Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)
KIN 218 C Intercollegiate Water Polo - Women (formerly PE 219 C)  
3 Units  
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.  
Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 219 C Intercollegiate Water Polo - Men  
3 Units  
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.  
Term hours: 175 laboratory. In this course, for students to participate in intercollegiate athletics, all students must enroll in one of the above courses. The most qualified student athletes will be selected to represent the college during the season. These courses satisfy the Physical Education requirement. This course will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 222 C Intercollegiate Badminton - Women (formerly PE 222 C)  
3 Units  
Prerequisite(s): Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.  
Term hours: 175 activity. This course is designed for the advanced badminton player wanting to participate on the intercollegiate badminton team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 230 C Introduction to Kinesiology (formerly PE 252 C)  
3 Units  
Term hours: 54 lecture. This course covers the introduction and orientation to the field of Kinesiology as a profession and as an academic discipline. Explores sub-disciplines, opportunities in the field, philosophy, and scientific foundation. (UC/CSU, C-ID: KIN 100)

KIN 231 C Elementary School Movement - Kinesiology (formerly PE 231 C)  
3 Units  
Term hours: 36 lecture and 54 laboratory. This course is designed to acquaint the prospective elementary school teachers with physical education programs in grades K-6. The course includes observation, visitation, and actual teaching field work at an elementary school. The campus laboratory hours include methods, skills, and activities used in teaching elementary physical education. The course is recommended for elementary education majors and recommended for recreation and physical education majors. (CSU/CSU GE)

KIN 235 C First Aid, CPR and Emergencies (formerly PE 235 C)  
3 Units  
Term hours: 54 lecture. This course includes the theory and implementation of the skills necessary in response to an emergency. Successful completion of the course will qualify the student for the American Red Cross "Responding to Emergencies" First Aid Certificate, Adult, Child and Infant CPR Certificates, and Automated External Defibrillation Certificate. Costs may include materials for the construction of a First Aid Kit. $27 Red Cross service fee payable at registration. (UC/CSU, CSU GE, C-ID: KIN 101)

KIN 236 C Athletic Injuries-Prevention and Care (formerly PE 236 C)  
3 Units  
Term hours: 54 lecture. This course concentrates on the prevention, evaluation, treatment and rehabilitation of athletic injuries. Methods of taping and the use of training room equipment will also be covered. (UC/CSU)

KIN 240 C Sports Officiating (formerly PE 240 C)  
3 Units  
Term hours: 36 lecture and 54 hours activity. This course provides practical experience with an emphasis on knowledge and interpretation of rules of sporting events. The rules and mechanics of officiating basketball, baseball, softball, volleyball and other sports will be covered. This course can be used for recreation majors, physical education majors, and people involved in community athletic organizations. The course will also explore avenues of employment related to sports officiating. (CSU/UC)

KIN 241 C Theory of Coaching Basketball (formerly PE 266 C)  
3 Units  
Term hours: 36 hours lecture and 54 laboratory. This course is designed to study the various aspects of coaching basketball. The emphasis of the class will be on the theory of how to organize a basketball program activity from start to finish of a season. The development of individual/team skills both offensive and defensive and scouting and/or coaching will be examined. (UC Credit Limitation/CSU)

KIN 242 C Theory of Coaching Baseball (formerly PE 267 C)  
3 Units  
Term hours: 36 lecture and 54 hours activity. This course includes the study of various aspects of coaching baseball. The emphasis of the class will be on the theory of how to organize a baseball program, develop individual skills, and coach offensive and defensive team work. The lab consists of scouting and coaching baseball. (UC Credit Limitation/CSU)

KIN 244 C Lifetime Fitness and Wellness (formerly Human Performance)  
3 Units  
Term hours: 54 lecture. This course provides guidelines for lifetime fitness using a combined approach of exercise physiology, nutrition, and biomechanics. Students will develop a working knowledge of physiological adaptations to aerobic and anaerobic exercise, of nutritional programs to achieve and maintain ideal body weight, and of desirable lifestyle management behaviors to improve wellness and health. (CSU/UC, AA GE, CSU GE)

KIN 247 C Sports Management (formerly PE 247 C)  
3 Units  
Term hours: 54 lecture. This course consists of how to organize, manage, plan, staff, direct, and control a sports program. The course also includes such areas as budget, facilities, scheduling, officials, transportation, public relations, parent and booster clubs, purchase and care of athletic equipment, fund raising, and marketing. (CSU)

KIN 248 C Psychology of Sport (formerly PE 248)  
3 Units  
Term hours: 54 lecture. This course consists of the psychological study of athletes on all levels of competition. The course includes such areas as competition, understanding coaches, goal setting, motivation, youth sports, anxiety and stress, relaxation and sport imagery, relationships, and drug abuse in sports. (UC/CSU, AA GE, CSU GE, IGETC)

KIN 249 C Sport and United States Society (formerly PE 250 C)  
3 Units  
Term hours: 54 lecture. This course examines sport in the United States society and how various ethnic and under-represented groups have influenced sport participation at the local, state, and national levels. Influences of other cultures outside of the United States will be reviewed and analyzed. Media influences on the perception of sport in society will be examined. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)
KIN 255 C Lifeguarding (formerly PE 237 C) 1 Unit
Prerequisite(s): A minimum of 15 years of age, the ability to swim continuously 500 yards and complete a 7 to 10 feet surface dive.
Term hours: 18 lecture and 18 laboratory. This course is designed to develop and perfect the basic swimming strokes needed to successfully execute the various lifesaving skills. Upon completion of the class a student who successfully passes the written and practical exams will be qualified to be certified for an American Red Cross Lifeguard Training, First Aid, and CPR for the Professional Rescuer. $35 materials fee payable at registration (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 256 C Water Safety Instruction (formerly PE 238 C) 2 Units
Prerequisite(s): 16 years of age minimum, American Red Cross precourse written and skills tests.
Advisory: Competency in swimming, diving, and water safety skills.
Term hours: 18 lecture and 54 laboratory. This American Red Cross course will prepare instructor candidates to teach a variety of American Red Cross swimming and water safety courses to people of all ages. Upon satisfactory completion, the students will receive an American Red Cross Water Safety Instructor certificate. This class does not meet the requirements for P.E. activity classes. $52 materials fee payable at registration. (CSU/UC Credit Limitation)

KIN 271 C Movement Anatomy 3 Units
Term hours: 54 lecture. This course discusses movement as it relates to exercise and sports. The course examines the composition, structure, function and movements of bones and joints; the structure and actions of skeletal muscle; and the practical application of kinesiological principles in developing structurally sound exercise program. (CSU/UC Credit Limitation)

KIN 272 C Strength and Conditioning 3 Units
Term hours: 54 lecture. This course provides a thorough review of the structure, action and performance of skeletal muscle for those intending to teach strength training. The course studies anatomy and physiology; muscular strength and endurance; flexibility; training sequences; available equipment; and safety factors, including contraindications. This course is part of Fitness Specialist Certification. (CSU/UC Credit Limitation)

KIN 273 C Exercise Physiology 3 Units
Term hours: 54 lecture. This course examines how the body functions under conditions of exercise stress. Students will study the practical implications of muscle function, cardiorespiratory and hormonal function; metabolism; body composition; training techniques; and the influence of the environment on exercise. (CSU/UC Credit Limitation)

KIN 274 C Exercise Testing and Prescription 3 Units
Term hours: 36 lecture and 54 laboratory. This course, a part of the Fitness Specialist Certificate Program, is a survey of health-related assessment tests and exercise prescription. Study of the application of exercise guidelines for apparently healthy adults based upon the standards of the American Heart Association and the American College of Sports Medicine. (CSU)

KIN 283 C Women's Health 3 Units
Term Hours: 54 lecture. This course investigates a variety of topics that concern women's health. These include the effect of lifestyle on health; the role of exercise and nutrition in promoting wellness; risk factors for cardiovascular disease, chronic diseases, and cancer; social influences and work trends that affect women; abusive behaviors, sexual harassment, and substance abuse; sexual and reproductive health; and the aging process. Students analyze theoretical and practical information to make healthy lifestyle choices. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 284 C Contemporary Personal Health (formerly PE 234 C) 3 Units
Term hours: 54 lecture. This course focuses on the exploration of major health issues and behaviors in the various dimensions of health. Emphasis is placed on individual responsibility for personal health and the promotion of informed, positive health behaviors. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety. (CSU/UC Credit Limitation, AA GE, CSU GE, I-GE: PHS 100)

KIN 285 C Global and Community Health 3 Units
Term Hours: 54 lecture. This course explores the primary determinants of global health, inequalities in health status among nations, and current challenges, controversies and public policy priorities. (UC/CSU, AA GE, CSU GE, IGETC)

KIN 289 C Civic Engagement in Public Health 3 Units
Term hours: 36 lecture and 60 laboratory. This course focuses on community as a unit of identity, community, well being, and social justice perspectives and initiatives to promote community health. This course addresses community change and improvements in community well being, with a focus on health equity research for action using principles and practice in the planning, facilitation and evaluation of public health education and trainings. This course covers basic theories and participatory training methods with a focus on meeting the needs of diverse communities and adult learners. Students complete 60 hours of internship in the area of public health engagement. (CSU, AA GE)

KIN 290 C Philosophy and Consciousness of Yoga 3 Units
Term hours: 54 lecture. This course is an introduction to the philosophy of yoga. With a critical and historical overview and analysis of the Upanishads and the Bhagavad Gita, further, students will critically analyze the Yoga Sutras of Patanjali. This lineage of yoga will be approached through the methodology of practice set out by Patanjali that integrates an eight-limbed system of practice. (CSU)

KIN 291 C Yoga and the Physical Body 3 Units
Term hours: 36 lecture and 54 laboratory. This course is an introduction to anatomy and physiology of yoga, critically observed through the practical application of asana (postures). Students will look at asana through the principles of effort and ease: what are the key musculoskeletal areas in use during asana, and what is implied by effort and ease as a synthesis for exploring and returning to homeostasis in the body. (CSU)

KIN 292 C Yoga and the Subtle Body 3 Units
Term hours: 36 lecture and 54 laboratory. In this course, students will learn that the subtle body refers to the energy systems of the body. Students will look at what energy (prana) is, and how it is stored and is moved throughout the body as a form of information. Students will consider principles such as prana, nadis, chakras, as well as the koshas; further, students will approach the energy system as foundational for health, and as such, will look at foundational Ayurvedic principles. (CSU)

KIN 293 C Yoga Teaching Methodology and Ethics 3 Units
Prerequisite(s): KIN 291 with a grade of C or better.
Advisory: KIN 290.
Term hours: 36 lecture and 72 laboratory. This course is focused on yoga teaching methodology, and the ethics of teaching. Emphasis on asana variations, adjustments, and modifications of asana will be considered. Furthermore, development of instruction will be considered, how to teach to different bodies and ages, with consideration to verbal curing, language, physical presence, and sequencing. (CSU)
KIN 295 C Kinesiology - Internship Seminar  3 Units
Term hours: 36 lecture and 60 laboratory. This course is a seminar for analysis of field experiences, including appropriate theory, skills and techniques, in addition to supervised experience in an approved fieldwork location agency. Internship must be specific to the discipline of kinesiology. A minimum of 60 hours per semester is required. (CSU, AA GE)

KIN 298 C Kinesiology Seminar (formerly PE 298 C)  0.5-12 Units
Prerequisite(s): May be required.
Advisory: May be required.
Corequisite: May be required. Term hours: 9-216 lecture and/or 45-1080 laboratory depending on units attempted. This course will utilize a lecture/lab activity approach to various topics in Kinesiology. A variety of classes will be offered in order to introduce students to new experiences in the field. Pass/No Pass or Pass/No Pass/Letter Grade Option or Standard Letter Grade. Fee may be required - Payable at Registration. (CSU)

KIN 299 C Kinesiology - Independent Study (formerly PE 299C)  0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: A maximum of 108 hours depending on units attempted. This course is designed for students who wish to gain experience in teaching physical education classes or to increase knowledge and experience in applied areas of Kinesiology. Students must obtain permission from instructor of subject area they will be working with and will be under direct supervision of that instructor. This course does not meet requirements of physical education activity classes. (CSU)

Library Technology (LIB)

LIB 100 C Introduction to Research  1 Unit
Term Hours: 18 lecture. This course is designed to introduce students to research and the role of the library in the research process. Students learn to locate, retrieve, analyze, evaluate, and cite appropriate sources on a given subject. The topics covered include developing research strategies, using research tools, and critical evaluation of sources. Pass/No Pass/Letter Grade Option. (CSU/UC).

Linguistics (LING)

LING 101 C Introduction to Language  3 Units
Term hours: 54 lecture. This course introduces students to the scientific study of language by providing insight into the structure of language, introducing methods of linguistic analysis, and overviewing the sub-fields of linguistics studies. This includes surveys of the sounds, structure, function, and development of language, the differences among languages as well as linguistic universals, and the study of language in connection with its cognitive, social, and cultural function. Recommended for students interested in majoring in foreign language, English, Linguistics, or future bi-lingual teachers, but open to all students. Pass/No Pass/Letter Grade option. (CSU/UC, AA GE)

Management (MGT)

MGT 055 C Business English  3 Units
Term hours: 54 lecture. This course includes instruction in techniques of basic grammar, punctuation, vocabulary, spelling, and capitalization. The emphasis is on grammar as used in business communications.

MGT 101 C Personal Finance  3 Units
Term hours: 54 lecture. This course focuses on the management of personal income and expenses through effective financial planning, budgeting, and investing, showing students how to improve their standard of living and build wealth. Pass/No Pass/Letter Grade Option. (CSU)

MGT 102 C Financial Literacy  3 Units
Term hours: 54 lecture. This course is designed to provide students with the general financial knowledge and skills needed to take responsibility for their economic security, enabling students to make informed decisions to manage their money, build wealth, and protect assets. Pass/No Pass/Letter Grade Option. (CSU)

MGT 111 C Business Communications  3 Units
Prerequisite(s): MGT 055 C with a grade of C or better.
Term hours: 54 lecture. This course includes instruction in the techniques of specific types of business communication media and in the general principles of effective communication. The elements and principles of written and spoken communications are covered with emphasis on the kind of writing and speaking that is conducted throughout a business career. The importance of communication is stressed. Applying skill and ingenuity in the use of the language is encouraged. Pass/No Pass/Letter Grade Option. (CSU)

MGT 143 C Introduction to Legal Research  1 Unit
Term hours: 18 lecture. This course provides an introduction to the nature and use of legal reference material with consideration given to a uniform system of citation. An exposure to legal reference material will include constitutions, statutes and codes, executive orders, administrative agency regulations and rulings, treaties, judicial reports, indexes, digests, citators, treatises, looseleaf services, periodicals, encyclopedias, procedure manuals, and form books. Pass/No Pass/Letter Grade Option. (CSU)

MGT 151 C Introduction to Business  3 Units
Term hours: 54 lecture. This course provides a survey of the principles and practices of American businesses in a global environment. Subject areas include business organization structure, management, human relations, marketing, accounting, finance, small business operations, and international business. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE/C-ID: BUS 110)

MGT 199 C Management Independent Study  0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: The number of hours of scheduled conferences or activity per week will be determined by the instructor. This course is designed for students who wish to gain experience in management activities or to increase knowledge and experience in applied areas of leadership. Students must obtain permission from instructor of subject area they will be working with and will be under direct supervision of that instructor. This course does not meet requirements of management classes. May be taken for credit 4 times. (CSU)
MGT 211 C Writing for Business  3 Units
Prerequisite(s): ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an introduction to the communication skills and knowledge needed in today's organizations. It focuses on the writing process and communication fundamentals; ethical, legal, and multicultural issues; correspondence; employment communication; report writing; presentations; research methods; oral and nonverbal communication and ways to run effective meetings and conferences. Includes computer applications throughout the course. (CSU/C-ID: BUS 115)

MGT 240 C Legal Environment of Business  3 Units
Term hours: 54 lecture. This course is an introduction to the legal environment in which a business firm operates. Topics include an introduction to the American legal system, contracts, torts, product liability, forms of business organization, trade regulation, labor law and diversity issues, environmental law, and international business law. Pass/No Pass/Letter Grade Option. (CSU/C-ID: BUS 120)

MGT 261 C Small Business Management  3 Units
Term hours: 54 lecture. This course applies principles of management to small business enterprises, focusing on planning and start-up, financing, legal form, staffing, location and site evaluation, marketing, and franchising. Pass/No Pass/Letter Grade Option. (CSU)

MGT 262 C Principles of Management  3 Units
Term hours: 54 lecture. This course focuses on the responsibilities and roles of managers, the types of decisions they make, and the steps involved in the management process. The major areas of study include the basic management functions of planning, organizing, directing, and controlling work activities. Pass/No Pass/Letter Grade Option. (CSU)

MKT 201 C Small Business Promotion  3 Units
Term hours: 54 lecture. This course includes instruction in the principles and applications of promoting a small business and developing its marketing strategy. Its emphasis is on the development of marketing plans and devising affordable and effective ways to communicate with customers through media, and the Internet, sales promotion, public relations and publicity, brochures, direct mail and other methods. (CSU)

MKT 205 C Multicultural Markets in U.S.  3 Units
Term hours: 54 lecture. This course provides comprehensive coverage of the multicultural marketing environment in the United States, taking into consideration the changing needs and growing influence of ethnic and racial minorities, women, and other groups. It explores the differences and commonalities that exist among groups and the role of businesses in providing goods and services to meet each group's needs. (CSU, SOC JUST)

MKT 208 C Principles of Selling  3 Units
Term hours: 54 lecture. This course focuses on the techniques used to promote a small business and develop its marketing strategy. Its emphasis is on creating a marketing plan and devising affordable and effective ways to communicate with customers through media, and the Internet, sales promotion, public relations and publicity, brochures, direct mail and other methods. (CSU)

MKT 222 C Principles of Marketing  3 Units
Term hours: 54 lecture. This course studies the marketing activities required to plan, price, promote, and distribute goods or services to potential customers. The areas of study include market research, consumer behavior, product development, advertising, sales, Internet marketing, wholesaling and retailing, and international trade. (CSU)

Marketing (MKT)

MKT 203 C Principles of Advertising  3 Units
Term hours: 54 lecture. This course focuses on advertising and promotion, print media, copy and layout, radio and television commercials, the Internet, and social media, and public relations with an emphasis on what advertising agencies do. (CSU)

MKT 209 C Principles of Multicultural Advertising  3 Units
Term hours: 54 lecture. This course provides an introduction to the principles of human behavior and relationships in modern organizations. It emphasizes leadership theory, communication, motivation, team-building and the development of a productive work environment. Pass/No Pass/Letter Grade Option. (CSU)

MKT 210 C Consumer Behavior  3 Units
Term hours: 54 lecture. This course provides a study of consumers and how and why they buy. It covers consumerism, needs and wants, culture, personality, family and lifestyle, and the psychology of advertising. (CSU)

MKT 295 C Management Internship  1-4 Units
Term hours: 18-72 lecture depending on units attempted. This course is designed to give the student credit for work experience at a related occupational worksite, while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 paid or 60 unpaid worksite internship hours is required. The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. May be taken for credit 4 times. Open Entry/Select Exit. Pass/No Pass/Letter Grade Option. (CSU)
MKT 224 C International Marketing 3 Units
Term hours: 54 lecture. This course focuses on the opportunities and challenges of conducting business on an international scale. It provides comprehensive coverage of the marketing environment; importing/exporting; foreign economic, political and legal systems; cultural differences; international finance; marketing research; and business plans. (CSU)

MKT 299 C Merchandising and Marketing - Independent Study 1-3 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: Lecture/discussion hours vary with credit given. This course is designed for students who wish to expand their knowledge in an area of merchandising/marketing through individual research and study. (CSU)

Mathematics (MATH)

MATH N01 C Supervised Tutoring - Math 0 Units
NON-CREDIT COURSE Term hours: 4-48 laboratory. This course provides individual tutoring based on each student's needs in mathematics. Students wishing to use the Math Learning Center must enroll in this course.

MATH 009 C Skills for Math for Prospective Elementary School Teachers 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 110PC with a grade of C or better. Term hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 110PC. Topics include operations with integers, multiplying polynomials, factoring polynomials, solving linear equations, graphing linear equations, functions, probability, data analysis, and geometric concepts. Students enrolling in a section of MATH 009 C must also enroll in the specific MATH 110PC course it is paired with during the same semester. Pass/No Pass only.

MATH 010 C Basic Mathematics 4 Units
Term hours: 72 lecture. This is a course for students wishing to review basic arithmetic skills. It includes the concepts of adding, subtracting, multiplying, and dividing whole numbers, fractions, mixed numbers, and decimals. Also covered are percents, ratios, rates, solving proportions, perimeter and area of geometric figures, English and Metric measurements and an introduction to negative numbers. There is an emphasis on applying the mathematics to real-world situations. All work will be done without a calculator. (Non-Degree Credit)

MATH 011 C Skills for Finite Math 2 Units
Prerequisite(s): Appropriate placement. Corequisite: MATH 115PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 115PC. Topics include multiplying polynomials, factoring polynomials, solving linear equations, graphing linear equations, functions, and graphing inequalities. Students enrolling in a section of MATH 011 C must also enroll in the specific MATH 115PC course it is paired with during the same semester. Pass/No Pass only.

MATH 012 C Skills for Probability and Statistics 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 120PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 120PC which includes solving and graphing linear equations, order of operations of real numbers, basic probability, probability distributions, measures of central tendency and dispersion, sampling techniques, parametric and non-parametric tests of hypotheses, point and interval estimation, linear regression and correlation. Students will use computer software and/or graphing calculators for statistical analysis of various topics. This course requires the use of a graphing calculator comparable to the TI-83/84. Students enrolling in a section of MATH 012 C must also enroll in the specific MATH 120PC course it is paired with during the same semester. Pass/No Pass only.

MATH 013 C Skills for Survey of Calculus 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 130PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts necessary for success in MATH 130PC. Concurrent enrollment in MATH 130PC is required. Topics include factoring polynomials, solving linear, quadratic, polynomial, and exponential equations, graphing lines and parabolas, laws of exponents and logarithms, functions, solving systems of linear equations, and common geometric formulas. Students enrolling in a section of MATH 013 C must also enroll in the specific MATH 130PC course it is paired with during the same semester. Pass/No Pass only.

MATH 014 C Skills for College Algebra 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 141PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 141PC. Topics include factoring polynomials, solving linear, quadratic, polynomial, exponential, and logarithmic equations, graphing lines, parabolas, and other nonlinear functions, the laws of exponents, functions, solving systems of linear and nonlinear equations, common geometric formulas, and other fundamentals of Algebra. Students enrolling in a section of MATH 014 C must also enroll in the specific MATH 141PC course it is paired with during the same semester. Pass/No Pass only.

MATH 015 C Pre-Algebra 4 Units
Advisory: MATH 010 C.
Term hours: 72 lecture. This course is designed for students who are planning to study algebra and need a review of the basic skills of arithmetic and an introduction to the basic principles of algebra. Topics covered include integers, fractions, decimals, percent, proportions, exponents, properties of real numbers, evaluation of algebraic expressions, elementary equation solving, formulas, informal geometry, and applications. This course requires a non-graphing scientific calculator. (Non-Degree Credit)

MATH 020 C Elementary Algebra 4 Units
Prerequisite(s): MATH 015 C or Pre-Algebra with a grade of C or better and the assessment process. Proof of prerequisites is required. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to the methods of algebra. It includes the basic operations of real numbers, polynomials, rational expressions, and radical expressions; factoring polynomials; solutions of linear equations, linear inequalities, systems of linear equations, and quadratic equations; and graphing of linear equations, systems, and inequalities. This course requires the use of a non-graphing scientific calculator. Students who have completed MATH 020 C are allowed to take MATH 040 C or MATH 041 C. (Non-Degree Credit)
MATH 021 C Preparatory for Statistics
Term Hours: 36 lecture. This course is for students planning to enroll in MATH 120 C. The topics covered include organizing and summarizing qualitative and quantitative data, linear regression, laws of probability, discrete and continuous probability distributions, application problems, and use of the TI-83/84 graphing calculator. This course does not count toward the Associate Degree. Non-Degree Credit. Pass/No Pass only.

MATH 024 C Pre-Statistics
Advisory: MATH 010 C or Basic Mathematics with a grade of C or better and the assessment process.
Term hours: 108 lecture. This course is for students planning to enroll in MATH 120 C or PSY 161 C or SOC 161 C. It covers the requisite algebra topics including graphing linear equations, as well as organizing and summarizing quantitative and qualitative data, laws of probability, discrete and continuous probability distributions, application problems, and use of the TI-83/84 graphing calculator. (Non-Degree Credit)

MATH 030 C Plane Geometry
Prerequisite(s): MATH 020 C or MATH 041 C or Algebra I with a grade of C or better and the assessment process. Proof of prerequisites is required. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to Euclidean geometry. It includes the study of elementary logic, deductive reasoning, parallel and perpendicular relationships, theorems and proofs, geometric constructions, theorems and proofs, congruent and similar polygons, special right triangles, circles, geometric loci, areas, perimeters and volumes. Precise definitions and accuracy of statements are stressed as background for analytical reasoning. The course is equivalent to one year of high school geometry. (AA GE)

MATH 040 C Intermediate Algebra
Prerequisite(s): MATH 020 C or Algebra I with a grade of C or better and the assessment process or AB 705 Multiple Measures Placement.
Term hours: 72 lecture. This is a second course in algebra that includes the topics of sets, axioms for the real number system, polynomials, solutions of linear and quadratic equations and inequalities, exponents and radicals, linear, quadratic, exponential, and logarithmic applications, and their graphs, and systems of equations. This course requires the use of a non-graphing scientific calculator. Students may not receive credit for both MATH 040 C and MATH 041 C. Students must see a counselor for placement. (AA GE)

MATH 041 C Combined Algebra I and II
Prerequisite(s): MATH 015 C or Pre-Algebra with a grade of C or better and the assessment process or AB 705 Multiple Measures Placement.
Term hours: 108. This course is designed for students who would like to complete Elementary and Intermediate Algebra in one semester. It covers linear, quadratic, and absolute value equations and inequalities, rational and radical equations, operations with polynomials, radicals, and rational expressions, systems of linear equations, and linear, quadratic, exponential, and logarithmic functions and their graphs. Students may not receive credit for both MATH 040 C and MATH 041 C. Students who have completed MATH 020 C are allowed to take MATH 040 C or MATH 041 C. (AA GE)

MATH 044 C Basic Accelerated Math
Advisory: Students must see a counselor for placement.
Term Hours: 108 laboratory. This is a self-paced math course in which students can progress from Basic Math through Intermediate Algebra in one semester. Students will take an assessment at the beginning of the course to determine their starting point and study plan. Students will then show mastery of topics using ALEKS, a Web-based assessment and learning system. Pass/No Pass only.

MATH 045 C Intermediate Algebra Review
Prerequisite(s): MATH 040 C or Algebra II with a grade of C or better and the assessment process.
Term hours: 36 lecture. This course is a review of Intermediate Algebra and is designed for students who have already completed Intermediate Algebra and are planning to enroll in College Algebra, Trigonometry, Survey of Calculus, Finite Mathematics, Mathematics for Liberal Arts students, Introduction to Probability and Statistics or General Chemistry. The topics covered include sets, axioms for the real number system, polynomials, solutions of linear and quadratic equations and inequalities, exponents and radicals, linear and quadratic functions and their graphs, exponential and logarithmic functions and systems of equations. This course requires the use of a non-graphing scientific calculator. This course does not count toward the Associate Degree. Non-Degree Credit. Pass/No Pass only.

MATH 098 C Mathematics Seminar
Prerequisite(s): MATH 010 C or Basic Mathematics with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 9-72 lecture depending on units attempted. This course is a survey course with selected topics from the history and development of mathematics, elementary logic and set theory, probability, statistics, geometry, and exponential and logarithmic applications. This course is designed for prospective teachers and liberal arts students. (UC/CSU, AA GE, CSU GE, IGETC)

MATH 100 C Liberal Arts Mathematics
Prerequisite(s): MATH 030 C and MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process.
Proof of prerequisites is required. Term hours: 54 lecture. This is a survey course with selected topics from the history and development of mathematics, elementary logic and set theory, probability, statistics, geometry, and exponential and logarithmic applications. This course is designed for prospective teachers and liberal arts students. (UC/CSU, AA GE, CSU GE, IGETC)

MATH 110 C Math for Prospective Teachers
Prerequisite(s): MATH 030 C and 040 C or MATH 030 C and MATH 041 C or their high school equivalents of Algebra II, and the assessment process. Proof of prerequisites is required.
Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to problem solving processes and strategies. Students will explore the development and analysis of the structure and operations of the real number system. Students focus on concept and process development using appropriate models, manipulatives, and activities. This course is designed for prospective elementary and middle school teachers. This course requires the use of a non-graphing scientific calculator. (UC/CSU, AA GE, CSU GE/C-ID: MATH 120)

MATH 110PC Math for Prospective Teachers (same as MATH 110 C)
Prerequisite(s): MATH 040 C or MATH 041 C and MATH 030 C and the assessment process. Proof of prerequisites is required.

MATH 112 C Pre-Calculus
Prerequisite(s): MATH 040 C or MATH 041 C and MATH 030 C and the assessment process. Proof of prerequisites is required.
Term hours: 72 lecture. This course is an introduction to problem solving processes and strategies. Students will explore the development and analysis of the structure and operations of the real number system. Students focus on concept and process development using appropriate models, manipulatives, and activities. This course is designed for prospective elementary and middle school teachers. This course requires the use of a non-graphing scientific calculator. This course contains the same topics as MATH 110 C, but it must be taken concurrently with a paired section of the corequisite MATH 009 C. Duplicate credit not granted for MATH 110 C. (CSU/UC)
MATH 115 C Finite Mathematics 4 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This is a general education course in practical mathematics for liberal arts students or any student not majoring in mathematics or science. This course covers linear equations, functions, finance, matrices, linear systems, linear programming, sets, counting techniques, probability, and applications to various fields such as business, economics, life sciences, and social sciences. This course requires the use of a TI-83/84 or equivalent graphing calculator. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC/C-ID: MATH 130)

MATH 115PC Finite Mathematics (same as MATH 115 C) 4 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This is a general education course in practical mathematics for liberal arts students or any student not majoring in mathematics or science. This course covers linear equations, functions, finance, matrices, linear systems, linear programming, sets, counting techniques, probability, and applications to various fields such as business, economics, life sciences, and social sciences. This course requires the use of a TI-83/84 or equivalent graphing calculator. This course contains the same topics as MATH 115 C, but it must be taken concurrently with a paired section of the corequisite MATH 011 C. Duplicate credit not granted for MATH 115 C. (CSU/UC)

MATH 120 C Introduction to Probability and Statistics 4 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C or MATH 024 C or Algebra II with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to the elements of statistical analysis which includes an intuitive approach to the study of probability and probability distributions, measures of central tendency and dispersion, sampling techniques, parametric and non-parametric tests of hypotheses, point and interval estimation, linear regression and correlation. Applications to business, biological sciences, and social sciences are emphasized. Students will use computer software and/or graphing calculators for statistical analysis of various topics. This course requires the use of a TI-83/84 or equivalent graphing calculator. This course contains the same topics as MATH 120 C, but it must be taken concurrently with a paired section of the corequisite MATH 011 C. Duplicate credit not granted for MATH 120 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC/C-ID: MATH 120 C)

MATH 120PC Introduction to Probability and Statistics (same as MATH 120 C) 4 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C or MATH 024 C and the assessment process. Proof of prerequisites is required. Corequisite: MATH 012 C with a grade of C or better. Term hours: 72 lecture. This course is an introduction to the elements of statistical analysis which includes an intuitive approach to the study of probability and probability distributions, measures of central tendency and dispersion, sampling techniques, parametric and non-parametric tests of hypotheses, point and interval estimation, linear regression and correlation. Applications to business, biological sciences, and social sciences are emphasized. Students will use computer software and/or graphing calculators for statistical analysis of various topics. This course requires the use of a TI-83/84 graphing calculator. This course contains the same topics as MATH 120 C, but it must be taken concurrently with a paired section of the corequisite MATH 012 C. Note: Students majoring in Business, Engineering, Science or Math should be taking Math 040 C or Math 041 C rather than Math 024 C. (CSU/UC)

MATH 130 C Survey of Calculus 4 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to calculus with an emphasis on solution techniques and applications rather than abstract theory. It includes elements of analytic geometry, limits, derivatives, integration as a summation process, exponential and logarithmic functions, integration of basic forms, techniques of integration, an introduction to multi-variable calculus, and curve sketching, with applications from the life sciences, engineering technology, economics, and the social sciences. This course requires the use of a graphing calculator comparable to the TI-83/TI-84. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC/C-ID: MATH 130 C)

MATH 130PC Survey of Calculus (same as MATH 130 C) 4 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to calculus with an emphasis on solution techniques and applications rather than abstract theory. It includes elements of analytic geometry, limits, derivatives, integration as a summation process, exponential and logarithmic functions, integration of basic forms, techniques of integration, an introduction to multi-variable calculus, and curve sketching, with applications from the life sciences, engineering technology, economics, and the social sciences. This course requires the use of a graphing calculator comparable to the TI-83/TI-84. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC/C-ID: MATH 130 C)

MATH 141 C College Algebra 4 Units
**Prerequisite(s):** MATH 030 C or Plane Geometry and MATH 040 C or MATH 041 C or Algebra II and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This is one of two courses to prepare students for the calculus sequence. The topics covered include a review of the fundamentals of algebra; rational, exponential and logarithmic functions; theory of equations and zeros of polynomial functions; systems of equations including linear and quadratic systems; sequences and series; permutations; combinations; binomial theorem; analytic geometry; conic sections; and miscellaneous topics. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: MATH 151)
MATH 141PC College Algebra (same as MATH 141 C) 4 Units
Prerequisite(s): MATH 030 C and MATH 040 C or MATH 041 C and the assessment process. Proof of prerequisites is required.
Proof of prerequisites is required. Corequisite: MATH 014 C with a grade of C or better. Term hours: 72 lecture. This is one of two courses to prepare students for the calculus sequence. The topics covered include a review of the fundamentals of algebra; rational, exponential and logarithmic functions; theory of equations and zeros of polynomial functions; systems of equations including linear and quadratic systems; sequences and series; mathematical induction; permutations; combinations; binomial theorem; analytic geometry; conic sections; and miscellaneous topics. This course contains the same topics as MATH 141 C, but it must be taken concurrently with a paired section of the corequisite MATH 014 C. Duplicate credit not granted for MATH 141 C. (CSU/UC)

MATH 142 C Trigonometry 4 Units
Prerequisite(s): MATH 141 C or MATH 141PC with a grade of C or better and the assessment process.
Term hours: 72 lecture. This is a one-semester course in trigonometry designed to prepare students for the study of calculus. The topics to be covered include the following: measurements of angles, trigonometric and inverses trigonometric functions and their graphs, solving trigonometric equations, verifying trigonometric identities, solutions of triangles, complex numbers, polar coordinates, vectors, DeMoivre’s Theorem, and parametric equations. (CSU, AA GE, CSU GE)

MATH 150AC Calculus I 4 Units
Prerequisite(s): MATH 141 C and MATH 142 C or MATH 141PC and MATH 142 C with a grade of C or better and the assessment process.
Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to mathematical analysis. It includes the study of analytic geometry, functions and limits, continuity, differentiation and integration. Problem work includes applications involving derivatives, definite integrals and indefinite integrals. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 900S=MATH 150AC + MATH 150BC)

MATH 150BC Calculus II 4 Units
Prerequisite(s): MATH 150AC with a grade of C or better or comparable Calculus I and Analytic Geometry and the assessment process. Proof of prerequisites is required.
Proof of prerequisites is required. Term hours: 72 lecture. This course is a continuation of MATH 150AC. It includes the study of applications of integration, techniques of integration, improper integrals, sequences, infinite series, power series, Taylor and Maclaurin series, conic sections, parametric equations, polar curves, and a brief introduction to differential equations. (UC/CSU, AA GE, IGETC, CSU GE, C-ID: MATH 221 and MATH 900S = MATH 150AC + MATH 150BC)

MATH 250AC Multivariable Calculus 4 Units
Prerequisite(s): MATH 150BC or Calculus II and Analytic Geometry with a grade of C or better and the assessment process. Proof of prerequisites is required.
Proof of prerequisites is required. Term hours: 72 lecture. This is an intermediate course in mathematical analysis. It includes the study of three-dimensional analytic geometry, calculus of functions of several variables, vector calculus, multiple integration, vector fields and theorems, with associated problem applications. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 230)

MATH 250BC Linear Algebra and Differential Equations 5 Units
Prerequisite(s): MATH 250AC or Calculus III and Analytic Geometry with a grade of C or better and the assessment process.
Proof of prerequisites is required. Term hours: 90 lecture. This course is an introduction to linear algebra and ordinary differential equations. Linear algebra includes matrices, determinants, vector spaces, linear transformations, and characteristic values. Differential equations includes separable, exact, Cauchy-Euler, and nonhomogeneous equations; undetermined coefficients, variation of parameters, systems of differential equations, power series solutions, and LaPlace Transforms. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 240)

MATH 298 C Mathematics Seminar 0.5-4 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 9-72 lecture depending on units attempted. This is a lecture/discussion approach to special topics involving mathematics. It may be a problem session related to a particular course in the curriculum, or a study of topics not ordinarily covered in the curriculum. Consult the class schedule to verify unit credit for a particular semester. Pass/No Pass/Letter Grade option. Fees may be required - Payable at Registration. (UC Credit Limitation/CSU)

MATH 299 C Mathematics Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 9-36 lecture depending on units attempted. This course is for students who have demonstrated interest in and capability for increased knowledge of mathematical topics not ordinarily covered in curriculum courses. Students will participate in independent study or research on assigned projects under staff supervision. (UC Credit Limitation/CSU)

Media Arts Design (MAD)

MAD 100 C Introduction to Media Arts Design 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on the use of digital design, video, animation and page layout programs. This course is designed for artists to design, create, manipulate and export graphic imagery including print, video and motion design elements. This course is intended as a gateway into the varied offerings of the Media Arts Design program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $20 materials fee payable at registration. (CSU, C-ID: ARTS 250)

MAD 102 C Introduction to WEB Design (formerly Introduction to WEB Graphics-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an overview of the many uses of media arts design, with an emphasis on web publishing for the Internet. In the course of the semester, students create a personal web page enriched with such audiovisual elements as animation, sound, video and different types of still images. This course is intended as a gateway into the varied offerings of the Media Arts Design program, where the student can pursue more in-depth study on the topics that most attracted them during this introductory class. $20 materials fee payable at registration. (UC/CSU)
MAD 103 C Exploring WEB Design (formerly Introduction to WEB Graphics-Windows) 3 Units
Term hours: 54 lecture. This course is an overview of the many uses of media arts design, with an emphasis on web publishing for the internet. During the course of the semester, the students create a personal webpage enriched with such audiovisual elements as animation, sound, video and different types of still images. This course is intended as a gateway into the varied offerings of the Media Arts Design program where the student can pursue more in-depth study on the topics that most attracted them during this introductory course. (UC/CSU)

MAD 104 C Introduction to 3D (formerly Introduction to 3D Graphics-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introductory overview of 3D design. Students will create original 3D still and animation imagery for their portfolio. This course is intended as a gateway into other 3D courses where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $20 materials fee payable at registration. (CSU)

MAD 106 C Social Media Vlog Production 3 Units
Term hours: 36 lecture and 72 laboratory. This course examines the evolving role social media and video play in the cultural and business segments of 21st Century life. Students will learn to create a Vlog or Video Blog, shoot and edit video and audio content. Students will develop a plan to distribute and market their Vlog brand identity. $20 materials fee payable at registration. (CSU)

MAD 107 C Motion Design I (formerly Motion Graphics I) 3 Units
Advisory: MAD 100 C
Term hours: 36 lecture and 72 laboratory. This course introduces students to the art of motion design. Projects like product ad, title design, infographics, logo animation will be assigned during the course to teach students how to preplan, design, animate a project, but also, how to use current industry software to achieve these goals. They will understand the design and technical challenges posed by motion design and will create projects that are used in the fields of advertising, commercial animation, music performance, theater entertainment and film. $20 materials fee payable at registration. (CSU/UC)

MAD 108 C Digital Video Production (formerly Digital Video Production I.Windows) 3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces Windows digital video production techniques including single camera operation and procedures, basic principles and techniques of sound and scripting, and digital video editing. Course topics include the operation of digital camcorders; lighting and sound equipment and post production digital editing suites; concepts and techniques of nonlinear digital editing, including organization of the editing process; working the time line and audio editing, with emphasis on the principles and aesthetics of video editing. $20 materials fee payable at registration. (CSU)

MAD 110 C Animation History and Technology 3 Units
Term hours 54 lecture. This course is an introduction to the history and technological development of the field of animation. Animation will be explored from various perspectives: chronology, form, culture, and by personality. Emphasis is placed on examining how animation records, reflects and comments on world events and culture. (CSU/UC, AA GE, CSU GE)

MAD 111 C Introduction to Media Writing 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This is a basic introductory course in writing for the film and electronic media. Emphasis on preparing scripts in proper formats, including fundamental technical, conceptual and stylistic issues related to writing fiction and non-fiction scripts for informational and entertainment purposes in film and electronic media. Includes a writing evaluation component as a significant part of the course requirement. (CSU)

MAD 112 C Digital Illustration (formerly Electronic Illustration-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on creating vector images for illustration, integration into publishing, and as stand-alone design allowing high resolution output. This course offers the professional artist basic computer skills needed for employment and/or advancement. $20 materials fee payable at registration. (CSU)

MAD 114 C Digital Illustration II 3 Units
Term hours: 36 lecture and 72 laboratory. This course is intended for the graphic designer, illustrator and fine artist, focusing on the advanced usage of several 2D vector based drawing software packages. The course focuses on the advanced usage of vector images for integration into publishing/page layout software and as stand-alone images allowing high-resolution output. This course focuses on creating vector images for illustration, integration into publishing, and as stand-alone design allowing high resolution output. This course offers the professional artist advanced computer skills needed for employment and/or advancement. $20 materials fee payable at registration. (CSU)

MAD 116 C Graphic Design I (formerly ART 140 C) 3 Units
Term hours: 36 lecture and 72 laboratory. This is a basic course in advertising/graphic design, with emphasis on problem solving in lettering, typography, and trademark design. It includes development of concept development, layout, and presentation skills. Projects include lettering design, layout, trademark design, and typography. Students are introduced to non-electronic and electronic design techniques. Materials fees are for materials provided by the department. $20 materials fee payable at registration. (CSU/UC)

MAD 117 C Graphic Design II (formerly MAD 144 C) 3 Units
Prerequisite(s): MAD 116 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an intermediate course in advertising/graphic design with emphasis upon development of a highly comprehensive finished portfolio. Course includes refinement of concept development, layout, and presentation skills. Students refine their non-electronic and electronic design techniques. Material fees for materials are provided by the department. $20 materials fee payable at registration. (CSU/UC)

MAD 118 C Graphic Design III (formerly ART 142 C) 3 Units
Prerequisite(s): MAD 117 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an advanced course in advertising/graphic design with an emphasis upon development of comprehensive finished portfolio pieces. This course includes group and individual design projects planned to provide experience in all steps of graphic design from concepts and development of a campaign continuity to production specifications. Special attention and emphasis is placed on planning and preparation of an advertising/graphic portfolio. Materials fees for materials are provided by the department. $20 materials fee payable at registration. (CSU)
MAD 120 C Beginning 3D 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on computer generated 3D design techniques through the use of three-dimensional design programs. The course emphasis is on the introduction of three-dimensional concepts, the use of modeling tools, menu structures and modeling building applications of 3D design systems. Skills taught in this course will give students the ability to create original three-dimensional computer generated models of organic or mechanical design and animate them. $20 materials fee payable at registration. (CSU)

MAD 122 C History of Graphic Design 3 Units
Advisory: ENGL 060 C.
Term hours: 54 lecture. This course surveys the history of visual communication, design's sociopolitical and cultural contexts and the artistic and technological characteristics of various movements. Students gain a broad understanding of design and its dynamic past to discover inspiration for the present. Students conduct research, propose, and create a project inspired by the designers and movements studied. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 124 C Stop-Motion Animation Film I 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, students will learn the art and techniques of stop-motion animation filmmaking through lectures and hands-on demonstrations. Students will create stop-motion films using traditional clay puppets and brickfilms techniques to tell stories. (CSU)

MAD 125 C Stop-Motion Animation Film II 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, students will learn advanced skills, techniques and aesthetics for stop-motion animation filmmaking through lectures and hands-on demonstrations. Students will create stop-motion films using traditional clay puppets and brickfilms techniques to tell stories. (CSU)

MAD 126 C Crime Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course covers how crime film genre revolves around criminal activity. This course examines the motivations of criminals and the effects of criminal activity on individuals and society. Crime films chronicle the patterns of business, individual, and political crimes perpetrated in private and public and how the comment or reflect society in a given era. (CSU)

MAD 127 C Fantasy Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course will cover how fantasy films belong to the fantasy genre with fantastic themes, usually magic, supernatural events, mythology, folklore, or exotic fantasy worlds. A primary focus of this course is the analysis of technical advancements in film production and cinematic techniques and styles present in the genre. Students study films screened as part of the course activities. (CSU)

MAD 128 C Comedy Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course covers comedy films that leverage physical and verbal humor to support the narrative present in a film. A primary focus of this course is the analysis of technical advancements in film production and cinematic techniques and styles present in the comedy film genre. Students study films screened as part of the course activities. (CSU)

MAD 129 C Musical Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course covers musical films that punctuate the narrative with musical numbers that often include original songs and scores performed by the lead characters and supporting cast. A primary focus of this course is the analysis of technical advancements in film production and cinematic techniques and styles present in the comedy film genre. Students study films screened as part of the course activities. (CSU)

MAD 130 C Introduction to Electronic Media (formerly MM 100 C) 3 Units
Term hours: 54 lecture. This course introduces the history, structure, function, economics, content and evolution of radio, television, film, the internet, and new media, including traditional and mature formats. The social, political, regulatory, ethical and occupational impact of the electronic media are also studied. (CSU/UC, AA GE)

MAD 131 C Introduction to Media (formerly MM 105 C) 3 Units
Advisory: Eligibility for ENGL 100 C
Term hours: 54 lecture. This course introduces the close analysis of film and television texts. Examines the broad questions of form and content, aesthetics and meaning, and history and culture. Explores the diverse possibilities presented by the cinematic art form through an examination of a wide variety of productions, national cinemas, and film movements. Topics include modes of production, narrative and non-narrative forms, visual design, editing, sound, genre, ideology and critical analysis. (CSU)

MAD 132 C Digital Painting 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on digitally painting images. Course topics include creation of original drawings; paintings and illustrations, using an assortment of digitally based chalks, pens, paints, inks, papers and textures. The course offers the professional artist raster based digital drawing /painting and illustration skills, on a computer, needed for employment and/or advancement. $20 materials fee payable at registration. (CSU)

MAD 134 C Digital Imaging (formerly Digital Imaging-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory TBA. This course focuses on the usage of software for the manipulation of bit-mapped (raster) images using illustrative, photographic, scanned and video images as the basis for image manipulation. Course topics include image enhancement, editing, composite, retouching, photo montages, prepress, color separations and web based images. $20 materials fee payable at registration. (CSU)

MAD 136 C Digital Imaging II (formerly Digital Imaging II-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on the advanced usage of software for the manipulation of bit-mapped (raster) images using illustrative, photographic, scanned and video images as the basis for image manipulation. Course topics include image enhancement, editing, composite, retouching, photo montages, prepress, color separations and web based images. $20 materials fee payable at registration. (CSU)

MAD 145 C Graphic Design 3 (formerly ART 142 C) 3 Units
Prerequisite(s): MAD 144 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an advanced course in advertising/graphic design with an emphasis upon development of comprehensive finished portfolio pieces. This course includes group and individual design projects planned to provide experience in all steps of graphic design from concepts and development of a campaign continuity to production specifications. Special attention and emphasis is placed on planning and preparation of an advertising/graphic portfolio. Materials fees for materials are provided by the department. $25 materials fee payable at registration. (CSU)
MAD 150 C Intermediate 3D (formerly Intermediate Animation-Mac)  
3 Units  
Term hours: 36 lecture and 72 laboratory. This course focuses on intermediate skills in 3D computer modeling and animation using standard 3D software. This course focuses on intermediate techniques in modeling, texturing, lighting, motion control, and rendering animations for various purposes. Skills taught in this course will give students the ability to create original 3D computer-generated models of intermediate organic or inorganic design with a high degree of realism and resolution. Animation techniques explored will provide cinematic realism and presentation. $20 materials fee payable at registration. (CSU)

MAD 156 C Advanced 3D (formerly Advanced Animation-Mac)  
3 Units  
Term hours: 36 lecture and 72 laboratory. This course focuses on advanced skills in 3D computer modeling and animation with 3D industry standard software. This course focuses on advanced techniques in modeling, texturing, lighting, motion capture, and rendering animations for various purposes. Skills taught in this course will give students the ability to create digital 3D models of advanced design with a high degree of realism and presentation. Animation techniques explored will provide cinematic realism and presentation. The course will combine 3D modeling and animation with 2D graphics imagery through mapping, editing techniques and visual effects. $20 materials fee payable at registration. (CSU)

MAD 176 C Digital Design Studio I (formerly MAD 199 C)  
1 Unit  
Term hours: 54 laboratory. This course is designed as an open laboratory for students currently enrolled in Media Arts Design courses that require completion of digital assignments and/or personal digital portfolio development. Extended laboratory hours to supplement those available in a student’s regular class. This lab provides students the opportunity to attain fundamental skills to complete their assignments and personal projects. $20 materials fee payable at registration. Pass/No Pass only. Open Entry/Open Exit. (CSU)

MAD 177 C Digital Design Studio II  
1 Unit  
Prerequisite(s): MAD 176 C with a grade of C or better.  
Term hours: 54 laboratory. This course is designed as an open laboratory for students currently enrolled in Media Arts Design courses that require completion of digital assignments and/or personal digital portfolio development. Extended laboratory hours to supplement those available in a student’s regular class. This lab provides students the opportunity to attain fundamental skills to complete their assignments and personal projects. $20 materials fee payable at registration. Pass/No Pass or Letter Grade option. Open Entry/Open Exit. (CSU)

MAD 178 C Digital Design Studio III  
1 Unit  
Prerequisite(s): MAD 176 C and MAD 177 C, with a grade of C or better.  
Term hours: 54 laboratory. This course is designed as an open laboratory for students currently enrolled in Media Arts Design courses that require completion of digital assignments and/or personal digital portfolio development. Extended laboratory hours to supplement those available in a student’s regular class. This lab provides students the opportunity to attain fundamental skills to complete their assignments and personal projects. $20 materials fee payable at registration. Open Entry/Open Exit. Pass/No Pass or Letter Grade option. (CSU)

MAD 179 C The Film Business - Conception to Exhibition  
3 Units  
Term hours: 54 lecture. This comprehensive and unique course will provide the Film/Media student with the actual tools to parallel their creative vision with the proper marketing strategies to succeed in the Film/Media business. This course will focus on the parallel businesses of film production and Film Distribution/Exhibition as the film making progress moves along. (CSU)

MAD 180 C Video Editing (formerly Video Editing-Mac)  
3 Units  
Term hours: 36 lecture and 72 laboratory. This course includes the study and hands-on use computers, assorted hardware, software, media recorders, and other tools and techniques used for editing and composition of video and audio sources. The course is to provide a thorough introduction to the world of digital video editing used in the fields of multimedia, digital cinema, web based streaming video and mobile video distribution. $20 materials fee payable at registration. (CSU)

MAD 182 C Cinematography  
3 Units  
Term hours: 36 lecture and 72 laboratory. This is a course in digital cinema planning and production taught through hands-on experience, research and video production. Course topics include digital cinema as a distinct form of artistic expression; an investigation of the aesthetic, technological, economic, and social factors that contributed to the evolution of digital cinema; logistics, script development, sound recording, video and sound editing; and methods by which the visual and aural elements may be organized. The roles and responsibilities of the digital cinema artist will be examined, including skills and knowledge required in developing, budgeting, managing, producing, and distributing programs. $20.00 Material Fee - Payable at Registration. (CSU)

MAD 183 C Preproduction for TV, Video and Film  
3 Units  
Term hours: 54 lecture. This course prepares students to make a film by teaching the necessary steps leading up to shooting the film in production. Topics covered include script, proposal, treatment, casting, crew, locations, financing, personnel, permits, unions, and talent. (CSU)

MAD 184 C Digital Video Explorations  
3 Units  
Term hours: 36 lecture and 72 laboratory. This course focuses on the experimental use of digital video and audio programs. This course is designed for students to input, create, manipulate and output experimental digital video. This class is intended as a gateway into the varied offerings of the Digital Cinema program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $20 materials fee payable at registration. (CSU)

MAD 185 C Documentary Film Production (formerly Documentary Digital Cinema)  
3 Units  
Term hours: 36 lecture and 72 laboratory. This course provides an introduction to contemporary documentary filmmaking techniques used by digital cinema technicians and artists. Hands-on demonstration and lecture and group activities present technical and artistic approaches to documentary productions. Students participate in individual and group projects to produce documentary films. $20 materials fee payable at registration. (CSU)

MAD 186 C Film and Video Field Productions (formerly Live Event Video and Audio Production)  
3 Units  
Term hours: 36 lecture and 72 laboratory. This course is designed to introduce the student to the aesthetic concepts, basic skills, and techniques used by videographers to create story films. Students will acquire hands on knowledge of Digital Cinema applications and hardware used in live event videography. $20 materials fee payable at registration. (CSU)

MAD 187 C Motion Design II (formerly Motion Graphics II)  
3 Units  
Term hours: 36 lecture and 72 laboratory. This advanced course studies in-motion graphics design and software. Topics include both technical and aesthetic issues for motion graphic composition and implementation. Students concentrate on one area to explore in depth and further develop their skills. Production workflow is emphasized. Current trends and styles are discussed. $20 materials fee payable at registration. (CSU)
MAD 188 C Beginning Single Camera Production 3 Units
Term hours: 36 lecture and 72 laboratory TBA. This course provides an introduction to the theory, terminology, and operation of single camera video production, including composition and editing techniques, camera operation, portable lighting, video recorder operation, audio control and basic editing. This course focuses on the aesthetics and fundamentals of scripting, producing, directing on location, postproduction, and exhibition/distribution. $20 materials fee payable at registration. (CSU, C-ID: FTVE 150)

MAD 189 C Cinematography II 3 Units
Term hours: 36 lecture and 72 laboratory. This is an advanced course in digital cinema design and production planning taught through hands-on experience, research and video production. Course topics include digital cinema as a new media tool, synthetic lighting, technological advances in cinematography and emerging tools and techniques. $20 materials fee payable at registration. (CSU)

MAD 190 C Contemporary Art Studio 3 Units
Term hours: 36 lecture and 72 laboratory. This is a course in contemporary art making with a special emphasis on new genres and technology-based media, including projects in digital media, installation, performance, video, interdisciplinary media, and other nontraditional media and processes. The course will include lectures, discussions, field trips, and projects that address contemporary art and technology topics. (UC/CSU)

MAD 191 C Film Noir Genre 3 Units
Advisory: ENGL 100 C or ENGL 101 C or ESL 110 C.
Advisory: ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an in depth exploration of Film Noir. The film genre identified by its crime melodramas where private investigators, innocents and deceptive characters live in a world of corruption, betrayal, obsession, intense romantic trysts and sudden violence. Films will be screened from this period in cinema which began in the early 1940’s and continued to the late 1950’s with echoes of the genre emerging up to the present. (UC/CSU, AA GE, CSU GE, IGETC)

MAD 192 C Great Directors of Cinema 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This course is a study of historically and aesthetically important film directors focusing on how their work has advanced and defined the art of cinema. The course will explore various directors in terms of themes, stylistic tendencies including use of cinematography tools and social/historical context. (UC/CSU, AA GE, CSU GE, IGETC)

MAD 193 C Introduction to 2D Animation 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to 2D animation production including classical character animation and non-traditional techniques. The class will explore traditionally drawn and emerging digital animation techniques and technology. $20 materials fee payable at registration. (CSU)

MAD 194 C Beginning Motion Picture Production 3 Units
Term hours: 36 lecture and 72 laboratory. This course provides an introduction to the theory, terminology, and process of motion picture production for film and television. Topics include basic cinematography including the operation, function and creative uses of production and post-production equipment, scriptwriting, camera operation, shot composition, lighting, sound recording and mixing, and editing. $20.00 Materials Fee - Payable at Registration. (CSU, C-ID: FTVE 150)

MAD 195 C Science Fiction Film Genre 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 Lecture. This course is an in depth exploration of the Science Fiction Film Genre. The genre is identified by speculative science based narratives which may include time travel, aliens, robots and other futuristic elements. Science fiction films have been used to explore political and social issues as well as human condition. A primary focus of this class is the analysis of technical advancements in film production and cinematic techniques and styles present in the genre. Students will be required to obtain and view films from a provided list. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 196 C Silent Film Genre 3 Units
Advisory: ENGL 100 C, ENGL 100HC, ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an in depth exploration of Silent Film Genre. The film genre identified as the first attempt at narrative storytelling using the film medium was popularized during the first three decades of the 20th Century. The course covers the history, technology and productions from the original silent era and continues into the contemporary era where silent film has experienced a rebirth. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 197 C Western Film Genre 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an in depth exploration of the Western Film Genre which originated in the United States. The film genre is identified by its heroes and villains struggling for control of the American frontier and conquest over the wilderness. Films will be screened from this period in cinema which began in the silent era and continue to the present. A focus will be placed on the technological advances in film production and cinematic styles that have influenced contemporary films. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 198 C Horror Film Genre 3 Units
Advisory: ENGL 106 C
Term hours: 54 lecture. This course is an in depth exploration of the Horror Film Genre. Horror films reflect social anxieties, and impact contemporary culture. The course covers the history, technology and productions of the horror film genre along with its influence on culture and other entertainment mediums. The course investigates cinematic techniques employed to create fear in audiences and examines the business of international horror cinema. Students analyze how horror films express character, philosophy, gender, desire, sexuality, and violence in the narrative mise-en-scene. The course investigates the audience’s attraction to fear, the history of horror as entertainment and its part in spawning urban myths. (CSU/UC, CSU GE, AA GE, IGETC)

MAD 200 C Storyboarding, Comics, Previz (formerly Storyboard, Comics, Pre Visual) 3 Units
Advisory: ART 120 C
Term hours: 36 lecture and 72 laboratory. This course focuses on sequential arts such as storyboards, comics, and visual development. Emphasis will be on story structure, the language of film, camera shots, drawing and painting for comics, film and animation. This course also covers concept development and design. $20 materials fee payable at registration. (CSU)

MAD 201 C 3D Typography for Media Design 3 Units
Advisory: MAD 100 C.
Term hours: 36 lecture and 72 laboratory. This is an intermediate course on typography with emphasis on its use in digital communication. It includes development of concept, layout, and presentation skills. Projects include lettering design, layout, and 3D typography. Students are introduced to digital design techniques both in 2 dimensional and 3 dimensional forms. Materials fees are for materials provided by the department. $20 materials fee payable at registration. (UC) (CSU)
MAD 203 C Intermediate 2D Animation 3 Units
*Prerequisite(s):* MAD 193 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an intermediate level course to 2D animation production including classical character animation and non-traditional techniques. This course will explore traditionally drawn and emerging digital animation techniques and technology. $20 materials fee payable at registration. (CSU)

MAD 204 C Visual Development and Layout 3 Units
*Advisory:* ART 120 C
Term hours: 36 lecture and 72 laboratory. This course is focusing on visual development of characters, environments, backgrounds, architecture, and props design using research, sketching, painting and color to create dramatic, stylized designs for animation, live action, theater and gaming productions. The primary goal is to provide a clear methodology to generate original, believable and inventive work with drawing and the use of relevant computer software. $20 materials fee payable at registration. (CSU)

MAD 207 C Projection Design (formerly Projection Mapping for Live Entertainment) 3 Units
*Advisory:* MAD 100 C and MAD 107 C.
Term hours: 36 lecture and 72 laboratory. This is an intermediate level course focusing on projection design using industry standard software. These designs are projected on buildings or other surfaces during live entertainment, stage production and concert events. The primary goal is to provide a clear direction to generate original, believable and inventive work with the use of relevant technology. The $20 materials fee payable at registration, are provided by the department. (CSU/UC)

MAD 210 C 3D Storyboarding and Layout 3 Units
*Advisory:* MAD 104 C or MAD 200 C.
Term hours: 36 lecture and 72 laboratory. This course is focusing on 3D-layout, a specific form of digital storyboarding, with emphasis on composing shots in 3D, positioning and animating the camera, loading any needed set pieces and characters into the shot and putting them into their positions. The primary goal of the class is to generate a clear 3D environment as well as limited character movement for each shot, based on a script or a storyboard. Students will work with relevant computer software. $20 materials fee payable at registration. (CSU/UC)

MAD 295 C Media Arts Design Internship 3 Units
*Advisory:* MAD 203 C or MAD 204 C.
Term hours: 36 lecture and 72 laboratory. This course is an exploration of internship opportunities in the field of media arts including, graphic design, 2D and 3D modeling and animation, motion picture production, video production, computer graphics, visual effects and web design and Internet distribution of content. Pass/No Pass or Letter Grade Option (CSU)

MAD 298 C MAD Seminar 0.5-12 Units
*Prerequisite(s):* May be required.
*Corequisite(s):* May be required.
*Advisory:* May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. These courses may be offered from semester to semester which are designed to meet the interests and needs of the students. Fee: May be required-Payable at Registration. Pass/No Pass or Letter Grade option. (CSU)

**Mortuary Science (MORT)**

**MORT 085 C Work Experience** 1-4 Units
*Prerequisite(s):* Admission to the Mortuary Science Program
Must be enrolled in seven units or more in the Mortuary Science Program, including work experience. Term hours: 18 lecture and 80-360 related employment in an approved funeral establishment. This course focuses on exploring work related issues in a funeral establishment of the student’s own selection. Discussion of funeral service business and related technical issues are explored. The course includes job analysis, writing a resume, self-management, self-development and employer-employee relations. May be taken for credit 4 times.

**MORT 153 C Funeral Service Pathology I** 3 Units
*Prerequisite(s):* Admission to the Mortuary Science Program.
Term hours: 54 lecture. This introductory course is designed for the mortuary science student, surveys general anatomical, physiological and pathological concepts processes and terminology important to the funeral service practitioner in understanding the embalming process, articulating with allied health/forensic professionals, interpreting death certificates and protecting oneself and the public against communicable disease. Also considered are those medical and forensic pathologies presenting particular embalming and restorative problems. Field trips may be required not to exceed $50. (CSU)

**MORT 163 C Embalming Anatomy and Pathology I** 4 Units
*Prerequisite(s):* Admission to Mortuary Science Program.
Term hours: 72 lecture. This introductory course is designed for the mortuary science student, surveys general anatomical, physiological and pathological concepts processes and terminology important to the funeral service practitioner in understanding the embalming process, articulating with allied health/forensic professionals, interpreting death certificates and protecting oneself and the public against communicable disease. Also considered are those medical and forensic pathologies presenting particular embalming and restorative problems. (CSU)

**MORT 182 C Embalming Theory and Practice** 1 Unit
*Prerequisite(s):* MORT 100 C and MORT 153 C with a grade of C or better.
Term hours: 18 lecture. This introductory course is designed for the mortuary science student, will survey the theory of embalming application through modern techniques, legal and ethical evaluation of the human remains and examine the art of embalming as seen by historical cultures. Field trips may be required not to exceed $50. (CSU)

**MORT 201 C Funeral Directing** 5 Units
*Prerequisite(s):* Admission to the Mortuary Science Program.
Term hours: 54 lecture and 108 laboratory. This course is designed to acquaint the mortuary science student with general information on the practice of the funeral profession and focuses on the basic duties, responsibilities, and expectations of those practicing funeral service. This includes notification of death, transfer of remains, conduct of the arrangement conference, prefunded/preplanned funerals, religious practices, fraternal funerals and military honors, shipment of remains, cremation, aftercare and regulatory and legislative compliance. Field trip may be required not to exceed $50. (CSU)

| MORT 202 C  | Funeral Service Administration I                  | 4     | Completion of or concurrent enrollment in MORT 201 C and MORT 202 C with a grade of C or better.
|             | Term hours: 54 lecture and 54 laboratory. This course is designed to introduce the mortuary science student to the basic principles of funeral service management and merchandising as they apply to the funeral profession, considering both service and merchandise as products provided by funeral service practitioners. Content includes construction and features of caskets, outer burial containers, and other funeral related products, as well as methods of purchasing, pricing, display, and sale of funeral merchandise and funeral services. Federal Trade Commission requirements for funeral providers in addition to the financial aspects of funeral merchandising, and the use of financial information in decision-making relative to cost analysis and control, pricing, inventory and in assessing the firm's performance; and credit policies and practices are included. (CSU) |
| MORT 203 C  | Methods of Disposition                            | 4     | Completion of or concurrent enrollment in MORT 201 C and MORT 202 C with a grade of C or better.
|             | Term hours: 72 lecture. This course is designed to provide an overview of the history of funeral service practice with emphasis on the individuals, events, and forces that have influenced contemporary funeral principles and practices as well as the progression of associations and education within funeral service. It is intended to give the student an overview of the important points with regard to interment and cremation when working with those that choose to use a funeral service practitioner when arranging for the disposition of human or pet remains. This includes proper identification, legal authorization, use of cemeteries and crematories, required forms, containers, containers for cremated remains, cemetery and cremation merchandise, services in conjunction with disposition, arranging for disposition of the deceased, shipping remains, FTC Compliance, and the history of cremation. (CSU) |
| MORT 204 C  | Funeral Service Administration II                 | 4     | Completion of or concurrent enrollment in MORT 201 C and MORT 202 C.
|             | Term hours: 54 lecture and 54 laboratory. This is the second in a two-course sequence in Funeral Service Administration, and provides a vocationally oriented survey of funeral service management as it applies to funeral home operations, mortuary management, and financial decision-making, and covers general management technique and theory, and specific guidelines for practitioners operating a funeral service enterprise. It is designed to introduce the mortuary science student to the basic principles of management, merchandising, and effective managerial skills as they apply to the practice of the funeral profession; to the financial aspects of funeral business operation, concepts of financial management and the use of financial information in decision-making relative to cost analysis and control, pricing, inventory and in assessing the firm's performance; and credit policies and practices. Information presented covers financial statements and their analysis, worksheets, journalizing, receivables, payables, deferrals, and accruals. Inventory costing models, depreciation models, and funeral service payroll accounts are also included. (CSU) |
| MORT 214 C  | Funeral Service Sciences                          | 5     | Admission to the Mortuary Science Program.
|             | Term hours: 90 lecture. This introductory course, designed for the Mortuary Science student, surveys general anatomical, chemical, physiological, and pathological concepts as they relate to the preparation, presentation, and sanitation of the human remains. Field trips may be required not to exceed $50. (CSU) |
| MORT 215 C  | Embalming                                         | 5     | MORT 214 C with a grade of C or better.
|             | Term hours: 63 hours lecture and 81 hours laboratory. This course is designed to include basic orientation, history of embalming to present times, moral and sanitary considerations of embalming, methods of handling human remains, including those of a contagious or infectious nature, demonstration of the various methods of preparation and disinfection treatment of bodies contaminated by radiation. The emphasis is on the development of embalming techniques, exposure to dead human remains having various diseases, treatment of localized areas by supplemental methods of preservation and the application of embalming theories ranging from pre-embalming analysis to funeral home visitation room appearance, in a laboratory environment. Mortuary Science students will become familiar with the nature of chemicals utilized in the mortuary setting, as they develop a qualitative understanding of the chemical aspects of tissue decomposition and preservation. Embalming of protein and the effects relative to the blood, body pigments and tissue staining are a primary emphasis of the course. The laboratory component provides a culmination of theory, practical knowledge and applied skills necessary to enhance the dead human remains through the embalming and restoration process. Field Trips may be required not to exceed $50. (CSU) |
| MORT 216 C  | Restorative Art                                   | 5     | MORT 214 C and MORT 215 C with a grade of C or better.
|             | Term hours: 54 lecture and 108 laboratory. A detailed study is made of each of the facial features and its relationship to a complete restoration, with emphasis upon major restorations and explains how all previous restorative art work can be used to complete each type of case. Color theory and cosmetology are also discussed. In the lab, the student has an opportunity to follow through with the modeling in clay and other modeling media of the features studied, both as a single feature and using plaster of Paris heads for reproduction; the student will perform feature modeling in wax on both plaster of Paris and latex heads. In addition, there is practical work in cosmetics, hair dressing, color pigments and preparation of death masks. $170 Material Fee-Payable at Registration (CSU) |
| MORT 234 C  | Funeral Services Ethics and Laws I                | 4     | Completion of or concurrent enrollment in MORT 204 C with a grade of C or better.
|             | Term hours: 72 lecture. Course, designed for the Mortuary Science student, surveys the American legal system, its development, and the major bodies of law as they relate to the legal environment in which the funeral business operates. The legal aspects of funeral service contracts, funeral service sales, and the use of commercial paper are also considered. This course will also look at the professional ethics used by funeral service providers as it relates to the legal aspects of the funeral home establishment. (CSU) |
| MORT 236 C  | Funeral Service Ethics and Laws II                | 4     | Completion of or concurrent enrollment in MORT 234 C with a grade of C or better.
|             | Term hours: 72 lecture. This course is a continuation of MORT 234 C designed to expose the mortuary science student to sources of law, legal status of the dead human body, duty of burial, right to control funeral arrangements, final disposition, and liability for funeral expenses; torts involving the dead human body and the funeral director; wills, estate, and probate proceedings; cemeteries and related issues; state and federal laws and regulations pertaining to funeral service; as well as the legal aspects of being a licensed funeral director/mortician. (CSU) |
MORT 242 C Embalming Application 4 Units
Prerequisite(s): MORT 182 C and MORT 253 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is designed for the mortuary science student to collaborate and integrate the theory of embalming with the practical aspects of the science of embalming. Field trips may be required not to exceed $50. (CSU)

MORT 248 C Funeral Service Thanatology 6 Units
Prerequisite(s): MORT 201 C with a grade of C or better.
Term hours: 72 lecture and 108 laboratory. This course is an introduction to thanatology and basic psychological terminology and theories, with an emphasis on the study of grief, bereavement, and mourning as well as the grief process, normal and abnormal, and the resolution of grief. The content provides the knowledge required of the funeral director to work effectively with families as a facilitating agent. The needs of the families served are studied in relation to the design and implementation of the funeral rite. Follow-up programs initiated by the funeral director are examined in detail as well as community support groups with whom the funeral director participates. Major emphasis is placed on the student identifying problem areas in the field, making a plan for intervention, and making appropriate referrals to community professionals, in addition to the study of concepts, techniques and procedures used by the funeral director in his/her role as a counselor. Field trips may be required not to exceed $50. (CSU)

MORT 253 C Funeral Service Pathology II 3 Units
Prerequisite(s): MORT 153 C with a grade of C or better.
Term hours: 54 lecture. This course is designed for the Mortuary Science student, and a continuation of MORT 153 C, the course surveys general anatomical, physiological, and pathological concepts as they relate to the various systems of the human body. The body systems are studied in detail as they relate to preservation and disinfection for safeguard measures in handling and embalming of human remains to protect public health and the embalmer. Throughout the course, terminology is emphasized to facilitate interpretation of death certificates. Field trips may be required not to exceed $50. (CSU)

MORT 281 C Funeral Service Practicum 4-12 Units
Prerequisite(s): MORT 201 C with a grade of C or better.
Term hours: 18 lecture and 162-594 laboratory. This course provides practical experience in embalming, funeral directing, cemetery operations, and crematory operations in a mortuary/funeral home, cemetery or crematory environment under the supervision of a licensed funeral service practitioner. It includes active participation in planning and directing of ten or more funerals. It is to be taken only after all other MORT courses have been passed, except co-requisite(s), and is to be taken in the semester prior to graduation. (CSU)

MORT 282 C Embalming Externship 1 Unit
Prerequisite(s): MORT 242 C with a grade of C or better.
Term hours: 54 laboratory. This course is designed as a culmination of theory, practical knowledge and applied skills necessary to enhance the dead human remains through the embalming and restoration process. Field Trips may be required not to exceed $50. (CSU)

MORT 288 C Funeral Service Capstone (formerly MORT 297 C) 4 Units
Prerequisite(s): Completion of all required general education courses and graduation requirements for the Associate in Science Degree Mortuary Science.
Term hours: 36 lecture and 108 laboratory. This course is designed to provide the mortuary science student with an overview of considerations relevant to the operation of the funeral home as a small business through the use of hands-on experience with appropriate mortuary science computer software, as well as the Federal Trade Commission Funeral Rule. $110.00 materials fee - payable at registration (CSU)

MORT 402 C Funeral Service Standards of Practice 3 Units
Prerequisite(s): Admission into the baccalaureate degree pilot program, and completion of MORT 297 C with a grade of C or better.
Term hours: 54 lecture. This course is designed to provide an integrative approach for ongoing development of critical thinking skills, best practices evaluation, and application of skills based competencies. Students will be challenged to integrate their learning from any previous funeral service, mortuary science or related training and education, past and present work settings as well as life experiences. This process will be facilitated through the development of a professional portfolio, collaborative group learning, class discussions and the use of blended learning approaches. Recommended: This course should be taken as soon as possible upon acceptance into the Baccalaureate Degree Completion Program. Field trips will be required.

MORT 430 C Cemetery and Crematory Operations 3 Units
Prerequisite(s): Admission to Baccalaureate degree pilot program and completion of or concurrent enrollment in MORT 402 C, and completion of MORT 297 C with a grade of C or better.
Term hours: 54 lecture. This is an advanced course designed for the funeral service practitioner that surveys cemetery and crematory processes necessary with working with a funeral entity as well as examining the legal ramifications and notifications necessary when working with the bereaved families. Field trips will be required. Enrollment limited to those accepted into baccalaureate degree pilot program.

MORT 450 C Issues and Trends in Funeral Service 3 Units
Prerequisite(s): Admission to Baccalaureate degree pilot program and completion of or concurrent enrollment in MORT 402 C with a grade of C or better.
Term hours: 54 lecture. This course covers selected current issues of importance to the funeral service industry. Emphasis on issues impacting California funeral service practices. Field trips will be required. Enrollment limited to those accepted into baccalaureate degree pilot program.

MORT 482 C Clinical Embalming 4 Units
Prerequisite(s): Embalmer license and Funeral Director license, or funeral service practitioner certification and completion of or concurrent enrollment in MORT 402 C with a grade of C or better.
Term hours: 18 lecture and 162 laboratory. This course is designed as a culmination of theory, practical knowledge and applied skills necessary to enhance the dead human remains through the embalming and restoration process. Field Trips may be required not to exceed $50. Enrollment limited to those accepted into baccalaureate degree pilot program.

MORT 492 C Funeral Service Externship 4 Units
Prerequisite(s): Embalmer license and Funeral Director license, or funeral service practitioner certification and completion of or concurrent enrollment in MORT 402 C with a grade of C or better.
Term hours: 18 lecture and 162 laboratory. This course is designed as a culmination of theory, practical knowledge and applied skills necessary to enhance memorialization of the dead human remains through the funeralization and disposition process. Field Trips may be required not to exceed $50. Enrollment limited to those accepted into the Baccalaureate Degree Pilot Program.
MORT 495 C Mortuary Jurisprudence 3 Units
Prerequisite(s): Acceptance into baccalaureate degree pilot program and completion of or concurrent enrollment in MORT 402 C with a grade of C or better.
Term hours: 54 lecture. This course is a continuation of MORT 285 C and provides the funeral service practitioner with a review of sources of law, state and federal laws and regulations pertaining to funeral service; as well as the legal and ethical aspects of being a licensed cemetery manager and crematory manager. Field trips will be required. Enrollment limited to those accepted into the baccalaureate degree pilot program.

MORT 497 C Funeral Service Practicum I 2-12 Units
Prerequisite(s): Acceptance into baccalaureate degree pilot program upon completion of all required lower division courses and completion of MORT 297 C with a grade of C or better and completion of or concurrent enrollment in MORT 402 C, MORT 430 C, MORT 450 C and MORT 495 C with a grade of C or better.
Term hours: 18 lecture and 54-594 laboratory. This course provides practical experience in embalming, funeral directing, cemetery operations, and crematory operations in a mortuary/funeral home, cemetery or crematory environment under the supervision of a licensed funeral service practitioner. It includes active participation in planning and directing of ten or more funerals. This course is one of two capstone courses of the major. It is to be taken only after all other MORT courses have been passed, except co-requisite(s), and is to be taken in the semester prior to graduation. Enrollment limited to those accepted into the baccalaureate degree pilot program.

MORT 498 C Funeral Service Practicum II 2-12 Units
Prerequisite(s): Completion of or concurrent enrollment in MORT 497 C with a grade of C or better.
Term hours: 18 lecture and 54-594 laboratory. This course provides practical experience in embalming, funeral directing, cemetery operations, and crematory operations in a mortuary/funeral home, cemetery or crematory environment under the supervision of a licensed funeral service practitioner. It includes active participation in planning and directing of ten or more funerals. This course is one of two capstone courses of the major. It is to be taken only after all other MORT courses have been passed, except co-requisite(s), and is to be taken in the semester prior to graduation. Enrollment limited to those accepted into the baccalaureate degree pilot program.

Multimedia (MM)

MM 101 C Introduction to Online Learning 1 Unit
Term hours: 18 lecture. This course prepares the student for the online education experience through direct application of online courseware tools such as chat, discussion, file exchange, homepage, course calendar, online gradebook, and external links. It also explores word processing basics, time management, troubleshooting, electronic mail, e-mail attachments, Internet navigation and research, file transfer protocol and other Internet services. Pass/No Pass/Letter Grade Option. (CSU)

Music (MUS)

MUS 101 C Music Fundamentals 3 Units
Term hours: 54 lecture. This course introduces the fundamentals of music including notation, rhythm, pitch, melody, harmony, and form. Students will study the historical and cultural development and significance of musical styles and fundamentals. NOTE: No UC credit if taken after MUS 103AC. (CSU/UC Credit Limitation, AA GE/CSU GE, C-ID: MUS 110)

MUS 102 C Music Reading 3 Units
Term hours: 54 lecture. This course is designed to teach students how to read music from the printed page. Participants will learn basic skills, such as identifying note names and rhythm values, and will progress to the primary levels of sightsinging and developing the inner ear, a skill vital to every musician. (UC/CSU)

MUS 103 C Theory I 3 Units
Advisory: MUS 101 C and MUSA 131 C. Students should have a practical understanding of music fundamentals, and basic keyboard skills.
Corequisite: MUS 104 C with a grade of C or better. Students should have a practical understanding of music fundamentals, and basic keyboard skills. Term hours: 54 lecture. This is the first course in music theory for music majors. This course, through guided composition and analysis, incorporates the following concepts: rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; diatonic chords, basic cadential formulas and phrase structure; dominant seventh; figured bass symbols; and non-harmonic tones. Development of skills in handwritten notation is expected. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: MUS 120)

MUS 104 C Musicianship I 1 Unit
Advisory: MUS 101 C and MUSA 131 C or student should have a practical understanding of music fundamentals, and basic keyboard skills.
Corequisite: MUS 103 C with a grade of C or better. Term hours: 18 lecture and 18 laboratory. This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory I through ear training, sight singing, analysis, and dictation. (UC/CSU/C-ID: MUS 125)

MUS 105 C Theory II (formerly MUS 103BC) 3 Units
Prerequisite(s): MUS 103 C with a grade of C or better.
Advisory: MUSA 132 C
Corequisite: MUS 106 C with a grade of C or better. This course incorporates the concepts from Music Theory I. In addition, through guided composition and analysis, the course will include: an introduction to two-part counterpoint; voice leading involving four-part chorale writing; diatonic harmony; and an introduction to secondary/applied chords and modulation. (UC/CSU/C-ID: MUS 130)

MUS 106 C Musicianship II 1 Unit
Prerequisite(s): MUS 104 C with a grade of C or better.
Advisory: MUSA 132 C or proficiency audition.
Corequisite: MUS 105 C with a grade of C or better. This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory II through ear training, sight singing, analysis, and dictation. (UC/CSU/C-ID: MUS 135)

MUS 108 C Introduction to Music Technology 3 Units
Term hours: 36 lecture and 72 laboratory. This course covers the following basic aspects of music technology: computer skills, software-based sequencing, synthesis, MIDI, sampling, notation, principles of sound, microphones, introduction to digital audio, signal processing, mixers and mixing, recording principles, cables and interconnects, and audio in live performance. (CSU)

MUS 111 C The Music Business 3 Units
Term hours: 54 lecture. From copyrights to contracts, this course covers the essential elements of the music industry for performers, songwriters, producers, and managers. Topics include intellectual property law (copyrights), management contracts, publishing companies, performance rights societies, licensing procedures, record manufacturing and distribution, and an overall look at the dynamics of the music and entertainment industries. Guest speakers will appear according to availability. (CSU)
MUS 113 C Jazz History 3 Units
Term hours: 54 lecture. This is a survey course which traces the history and development of jazz music from its inception to the present day. The music, both live and from recordings, is studied from a cultural, musical, historical, and sociological standpoint. Concert attendance is required. Open to all students. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

MUS 114 C History of Hip Hop - Rap 3 Units
Term hours: 54 lecture. This survey course traces hip hop rap music from its inception to the present day. The music, both live and from recording, is studied from a cultural, musical, historical and sociological standpoint. Concert attendance is required. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

MUS 116 C Music Appreciation 3 Units
Term hours: 54 lecture. This course is a survey of music literature from the Middle Ages to the present. Students will gain an understanding of music as an art form through listening and discussion of choral, orchestral, solo, opera, chamber and jazz works. Concert attendance is required. Open to all students, but designed for the non-music major. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: MUS 100)

MUS 117 C American Popular Music 3 Units
Term hours: 54 lecture. This course is a historical and musical study of American popular music from its origin to the present. The primary focus will be on musical styles with secondary emphasis on sociological, political and economic conditions which influenced the music of America. Concert attendance required. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

MUS 118 C Introduction to Opera 3 Units
Term hours: 54 lecture. This course is an introduction to the standard operatic repertoire in terms of development of musical style, dramatic structure, and performance tradition. Emphasis is on elements of the art of operatic singing, voice classification, vocal range and technique, and dramatic values. Opportunities for attendance at operatic performances will be provided. Cost of music concert will not exceed $30.00. Duplicate credit not granted for MUS 118HC. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

MUS 118HC Honors Introduction to Opera 3 Units
Term hours: 54 lecture. This course offers an Introduction to Opera course enhanced for honors students in a seminar type setting. Students will survey the standard operatic repertoire in terms of development of musical style, dramatic structure and performance tradition with emphasis on the appreciation of the art of operatic singing, voice classification, vocal technique and dramatic values. Opportunities for field trips and seminars with performers and directors are included. Cost of music concert will not exceed $30.00. Duplicate credit not granted for MUS 118 C. (UC/CSU, AA GE, CSU GE, IGETC)

MUS 119 C History of Rock Music 3 Units
Term hours: 54 lecture. From its earliest beginnings to the present day, this course surveys the invention, evolution, and development of Rock music in America and abroad. In addition to in-depth studies of Rock music and the artists who created it, students will examine the sociological, political, and economic conditions which influence its development. (UC/CSU, AA GE, CSU GE, IGETC)

MUS 120 C Survey of Music History 3 Units
Term hours: 54 lecture. This course is designed for music majors or non-majors with some musical background. Students will study Western stylistical trends, major forms and theory from antiquity to the present. Recordings, video tapes, and live musical performances are used to emphasize material covered in class discussions. (UC/CSU, AA GE, CSU GE, IGETC)

MUS 124 C Recording Studio I 3 Units
Advisory: MUS 108 C
Term hours: 36 lecture and 54 laboratory. This course covers the fundamental concepts in audio recording technology. Topics include studio business practices, microphones, mixers, signal processors, the sound field, monitors, recording and editing devices, and synchronization. (CSU)

MUS 127 C Music in Film 3 Units
Term hours: 54 lecture. This course traces the history and development of film music through reading, lecture and film viewing. The class studies the process of film scoring and how music and its relationship to film have changed over the last century. Class includes discussion and evaluation of different compositional styles and learning to listen critically to film scores while viewing movies. (UC/CSU, CSU GE)

MUS 131 C Electric Bass 1 Unit
Term hours: 18 lecture and 18 laboratory. This course uses group instruction to teach general techniques for the electric bass guitar. Blues, R&B, rock, pop and jazz styles are emphasized. (UC/CSU)

MUS 143 C Beginning Strings 1 Unit
Term hours: 18 lecture and 18 laboratory. This course teaches the fundamental of string playing for anyone interested in learning to play the violin, viola, violoncello, or string bass. Students must supply their own instruments. Open to all students, no previous experience necessary. (UC/CSU)

MUS 146 C Woodwind Class 1 Unit
Term hours: 18 lecture and 18 laboratory. This is a course for students who wish to play flute, oboe, clarinet, bassoon, or saxophone. Students must supply their own instruments. Open to all students, no previous experience necessary. (UC/CSU)

MUS 152 C Percussion Class 1 Unit
Term hours: 18 lecture and 18 laboratory. This is a course for students who wish to play drums, timpani, mallet instruments, and other percussion instruments. The class will emphasize basic music reading and rhythmmatical accuracy. Open to all students, no previous experience necessary. (UC/CSU)

MUS 156 C Jazz Improvisation - Instrumental 1 Unit
Prerequisite(s): Audition to evaluate and assess the student's qualifications (proficiency) is required for enrollment
Term hours: 18 lecture and 36 laboratory. This course provides intermediate level instrumental students with the tools and techniques for jazz improvisation. Analysis of harmonic and melodic materials, extensive listening, and performance exercises will assist the student in his/her development as an improver. (UC/CSU)

MUS 157 C Jazz Improvisation - Vocal 1 Unit
Term hours: 18 lecture and 36 laboratory. This course offers vocal students training in jazz song-styling techniques focusing on swing, ballad, Latin, blues, and contemporary styles. Topics include rhythmmatical and melodic improvisation, microphone technique, and scat singing. (UC/CSU)

MUS 175 C Swing Band 1 Unit
Prerequisite(s): Audition
Term hours: 72 laboratory. This course will involve rehearsal and concert performance of swing music in the style of the "Big Band Era" from the 1930's to 1950's. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)
MUS 176 C Popular Songwriting 3 Units
Advisory: MUS 101 C or MUS 103 C
Term hours: 54 lecture. This is an introductory to intermediate course in popular songwriting. Students will learn keyboard skills and notation. They will analyze melody, harmony, song form, rhythm, and lyrics as they apply to popular music. Emphasis will be placed on original compositions and composition by well-known songwriters and recording artists. (CSU)

MUS 177 C Songwriting Workshop 3 Units
Term hours: 54 lecture. This course is an intermediate to advanced workshop in popular songwriting. Students will analyze melody, harmony, song form, rhythm, and lyrics as they apply to popular songs. Emphasis will be placed on original compositions, while studying compositions by well-known songwriters and recording artists. (CSU)

MUS 178 C Digital Music Technology 3 Units
Term hours: 54 lecture and 36 laboratory. This course is a comprehensive study of how digital technology is used in the music industry today. Designed for students with interest in songwriting, recording, audio production, and/or multimedia. Students will get hands-on experience with MIDI, keyboard synthesizers, sound modules, sequencers, sound editors, notation software, audio file formats (.wav, .mp3, .mid, etc.), and mastering to compact disc. (CSU)

MUS 203 C Theory III 3 Units
Prerequisite(s): MUS 105 C with a grade of C or better.
Advisory: MUS 231 C
Corequisite: MUS 204 C with a grade of C or better. This course incorporates the concepts from Music Theory II. In addition, through writing and analysis, the course will include: introduction to chromatic harmony; secondary/applied chords, modulation, borrowed chords; introduction to Neapolitan and augmented-sixth chords. (UC/CSU/C-ID: MUS 140)

MUS 204 C Musicianship III 1 Unit
Prerequisite(s): Completion of or concurrent enrollment in MUS 106 C with a grade of C or better.
Corequisite: MUS 203 C with a grade of C or better. Advisory: MUS 231 C
Term hours: 18 lecture and 18 laboratory. This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory III through ear training, sight singing, analysis, and dictation. (UC/CSU/C-ID: MUS 145)

MUS 205 C Theory IV (formerly MUS 203BC) 3 Units
Prerequisite(s): MUS 203 C with a grade of C or better.
Advisory: MUS 232 C
Corequisite: MUS 206 C with a grade of C or better. Term hours: 54 lecture. This course incorporates the concepts from Music Theory III. In addition, through writing and analysis, the course will include: post-Romantic techniques such as borrowed chords and modal mixture, chromatic mediants, Neapolitan and augmented-sixth chords, 9th, 11th, and 13th chords, altered chords and dominants; and 20th century techniques such as: Impressionism, tone rows, set theory, pandiatonicism and polytonalism, meter and rhythm. (UC/CSU/C-ID: MUS 150)

MUS 206 C Musicianship IV 1 Unit
Prerequisite(s): MUS 204 C with a grade of C or better.
Advisory: MUS 232 C
Corequisite: MUS 205 C with a grade of C or better. Term hours: 18 lecture and 18 laboratory. This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory IV through ear training, sight singing, analysis, and dictation. (UC/CSU/C-ID: MUS 155)

MUS 212 C Music Promotion and Distribution 3 Units
Term hours: 54 lecture. In this course, music entrepreneurs will learn business procedures to form their own company, emphasizing strategies for the sale and promotion of music. This course covers topics such as the music marketing environment, hands-on marketing techniques, online sales and promotion, and the effects of technology in music publishing. (CSU)

MUS 222 C Audio Production for Film I 3 Units
Prerequisite(s): Mastery
This course explores audio recording, editing and mixing using digital audio workstations. Topics include an introduction to the process of film production, field recording, sound effects and sound design, and synchronizing audio to video. (CSU)

MUS 223 C Audio Production for Film II 3 Units
Prerequisite(s): Mastery, MUS 108 C and MUS 222 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course explores audio recording, editing and mixing using digital audio workstations. Topics include ADR, Foley, music editing, and final delivery. (CSU)

MUS 225 C Applied Music 1 Unit
Prerequisite(s): Audition and concurrent enrollment in a performing ensemble
Term hours: 27 (Private instruction included). This course is for the student seeking individual instruction on piano, voice, guitar, or any standard band or orchestra instrument. A performance at Faculty Juries is required each semester. Vocal and instrumental students should concurrently enroll in a choir or band class, pianists and guitarists should consult with faculty for an appropriate concurrent course. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 160)

MUS 229 C Vocal Repertoire 1 Unit
Term hours: 18 lecture and 18 laboratory. This course provides a workshop environment for the study of vocal repertoire at the intermediate-to-advanced level. Repertoire will be drawn from traditional styles such as art songs, lieder, arias, and oratorios, as well as jazz, musical theater, and contemporary music. Students will focus on the development of their lyric diction and performance skills while being exposed to a wide variety of vocal literature. (CSU)

MUS 235 C Commercial Guitar and Bass 1 Unit
Prerequisite(s): Audition
Term hours: 18 lecture and 18 laboratory. This course emphasizes blues, jazz, and rock techniques for intermediate-to-advanced guitarists and bassists. Topics include scales in all positions, chords, arpeggios, accompaniment styles, reading chord charts and sheet music, and practical theory. Students will obtain vocational "real world" experience to prepare them for careers as a professional guitarist and/or bassist. (UC/CSU)

MUS 238 C Popular Piano 1 Unit
Prerequisite(s): MUS 131 C with a grade of C or better or audition.
Term hours: 18 lecture and 18 laboratory. This course deals with the study of basic chords to allow keyboard freedom in improvising and song arranging with the use of melody and accompaniment to develop a creative style of playing, essential in popular music. It is designed for non-music majors as well as music majors. (UC/CSU)
MUS 260 C Classical Guitar Ensemble 1 Unit

Prerequisite(s): Audition

Term hours: 18 lecture and 18 laboratory. This course is dedicated to the rehearsal and performance of standard and contemporary duets, trios, quartets, and large ensemble pieces for the classical guitar. The ensemble participates in a department recital each semester. May be taken for credit 4 times. (UC/CSU)

MUS 261 C String Ensemble 1 Unit

Prerequisite(s): Audition

Term hours: 18 lecture and 18 laboratory. This course is dedicated to the rehearsal and performance of standard and contemporary duets, trios, quartets, and large ensemble pieces for the violin, viola, cello and contrabass. The ensemble participates in a department recital each semester. May be taken for credit 4 times. (UC/CSU)

MUS 273 C Concert Band 1 Unit

Prerequisite(s): Audition

Term hours: 54 hours rehearsal in sectional rehearsals, recording, program production and/or concerts. In this course the student will be involved in the rehearsal and performance of standard wind and band literature. Performances required in the course of the semester may include concerts and tours. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)

MUS 276 C Jazz Band 1 Unit

Prerequisite(s): Audition

Term hours: 72 laboratory. The lab hours for this course include sectional rehearsals, recording, program production and/or concerts. This course studies the rehearsal and performance of jazz band literature. Sight reading is emphasized as a musical concept. The band performs in concert each semester, and student compositions and arrangements are encouraged. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)

MUS 280 C Jazz and Musical Theater Choir 1 Unit

Prerequisite(s): Audition

Term hours: 54 hours in sectional rehearsals, recording, program production and/or concerts. This course is a vocal ensemble for beginning to advanced singers that focuses on repertoire from jazz, musical theater and popular styles. The ensemble will perform in concerts and may also participate in music festivals appropriate to this type of vocal group. Open to both music majors and non-majors. May be taken for credit 4 times. (UC/CSU, AA GE/C-ID: MUS 180)

MUS 281 C Concert Choir 1 Unit

Prerequisite(s): Audition

Term hours: 54 hours in sectional rehearsals, recording, program production and/or concerts. The students in this course perform an extensive repertoire ranging from Renaissance, Classical, and Baroque selections to contemporary Spirituals, Jazz, and Musical Theater. The choir presents four major concerts each season and participates in regional choral festivals. Open to all singers from the college and neighboring communities. Prospective singers should call for an audition appointment. May be taken for credit 4 times. (UC/CSU)

MUS 282 C Cypress Masterworks Chorale 1 Unit

Prerequisite(s): Audition

Term hours: 54 hours in sectional rehearsals, recording, program production and/or concerts. The students in this course (80-110 singers), presents four major concerts each year with emphasis on masterworks for choir and orchestra. The Chorale participates in regional music festivals, performs at numerous locations throughout the Los Angeles basin, and tours internationally. Open to students and members of the community with prior singing experience. May be taken for credit 4 times. (UC/CSU, AA GE/C-ID: MUS 180)

MUS 283 C Cypress Singers 1 Unit

Prerequisite(s): Audition

Term hours: 54 hours in sectional rehearsals, recording, program production and/or concerts. The students in this course are a select group of 24 mixed voices performing a variety of classical repertoire ranging from Renaissance madrigals to contemporary literature. The ensemble performs four major concerts per year, participates in regional music festivals, and performs at numerous locations throughout the Los Angeles basin. Open to both students and members of the community with extensive singing experience. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)

MUS 285 C Chamber Singers 1 Unit

Prerequisite(s): Audition

Term hours: 54 hours in sectional rehearsals, recording, program production and/or concerts. The students in this course are a select group of 24 mixed voices performing a variety of classical repertoire ranging from Renaissance madrigals to contemporary literature. The ensemble performs four major concerts per year, participates in regional music festivals, and performs at numerous locations throughout the Los Angeles basin. Open to both students and members of the community with extensive singing experience. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)

MUS 287 C Vocal Jazz Ensemble 1 Unit

Prerequisite(s): Audition

Term hours: 54 hours in sectional rehearsals, recording, program production and/or concerts. This course focuses on the rehearsal and performance of traditional and contemporary vocal jazz repertoire accompanied by a small instrumental ensemble. Some emphasis will be placed upon vocal improvisation in the jazz style. The ensemble will perform in concerts and may also participate in jazz and choral music festivals. Student compositions and arrangements are encouraged. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)

MUS 295 C Music Internship 1-4 Units

Term hours: 18 lecture and 61.20-241.20 laboratory. This course is designed to give the student credit for work experience at a related occupational worksite, while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 paid or 60 unpaid worksite internship hours is required. The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. May be taken for credit 4 times. Pass/No Pass/Letter Grade option. (CSU)

MUS 298 C Music Seminar 0.5-12 Units

Term hours: 0-216 lecture and/or 0-936 laboratory depending on units attempted. Various classes may be offered which are designed to meet the interests and needs of students. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation)

MUS 299 C Music - Independent Study 1-2 Units

Prerequisite(s): Approved Independent Study Learning Contract

Term hours: 16-36 lecture. This course is designed for students who wish to increase their knowledge and experience in performance or applied areas. Unit credit may range from 1 to 2 units in any given semester. Consult the class schedule to verify credit for a particular term. May be taken for credit 4 times. (UC Credit Limitation/CSU)
Music-Applied (MUSA)

MUSA 104 C MUSA 104 C Introduction to Concert Hour (formerly MUS 122 C) 1 Unit
Term hours: 18 lecture. This course is designed for the first semester music major. Providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres. Students will learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Cypress College Music Department concerts and the preparation of concert reports. This course is required of all music majors but open to all students. (CSU, AA GE)

MUSA 105 C Beginning Concert Hour 1 Unit
Prerequisite(s): MUSA 104 C with a grade of C or better.
Term hours: 18 lecture. This course is required of all Music majors for four semesters and expands the student’s knowledge of composers, genres and styles of music. This course is designed for the second semester music major. Providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres, and learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Music Department concerts and the preparation of concert reports. (CSU)

MUSA 106 C Intermediate Concert Hour 1 Unit
Prerequisite(s): MUSA 105 C with a grade of C or better.
Term hours: 18 lecture. This course is designed for the third semester music major. Providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres, and learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Cypress College concerts and the preparation of concert reports. (CSU)

MUSA 107 C Advanced Concert Hour 1 Unit
Prerequisite(s): MUSA 106 C with a grade of C or better.
Term hours: 18 lecture. This course is designed for the fourth semester music major, providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres, and learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Cypress College concerts and the preparation of concert reports. (CSU)

MUSA 111 C Beginning Voice 1 Unit
Term hours: 18 lecture and 18 laboratory. This course is an entry level class for inexperienced singers who wish to explore the Voice Major. Providing a study of basic vocal techniques, the course explores tone production, breath control, pronunciation, and choice of song literature. Required out of class activities include one hour practice in Practice Room per week and participation in recitals. (CSU/UC)

MUSA 112 C Intermediate Voice I 1 Unit
Prerequisite(s): MUSA 111 C with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This course provides a study of vocal literature and techniques in a class situation, emphasizes individual progress in tone production, breath control and diction. Repertoire is primarily 18th and 19th century Italian songs and arias. The course is designed for the voice major not yet qualified for the Advanced Voice classes and for promising non-majors. Out of class activities include one hour of practice per week in Practice Room Suite and preparation for recitals. (UC/CSU)

MUSA 113 C Pop-Commercial Music Theory I 3 Units
Prerequisite(s): MUS 101 C with a grade of C or better.
Term hours: 54 lecture. This commercial music theory class provides a beginning study of harmonic material as used in pop-commercial music. It includes the study of chord progressions, melodies, and various pop-commercial musical forms. (CSU/UC)

MUSA 114 C Pop-Commercial Musicianship I 1 Unit
Prerequisite(s): MUS 101 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to develop beginning-level aural skills and playing abilities in the style of pop-commercial music. The course includes performance, transcription, notation and analysis of pop-commercial music. (CSU/UC)

MUSA 116 C Pop-Commercial Piano Style and Technique I 1 Unit
Advisory: MUSA 131 C.
Term hours: 18 lecture and 18 laboratory. This course is designed to give piano students beginning training in pop-commercial styling techniques, piano improvisation, notation, and piano studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 120 C Beginning Guitar 1 Unit
Term hours: 18 lecture and 18 laboratory. This course focuses on the fundamentals of playing the guitar: technique, note reading, scales, chords, simple picking and strumming patterns. The repertoire includes a wide variety of musical styles, from classical to rock. (CSU/UC)

MUSA 121 C Intermediate Guitar 1 Unit
Prerequisite(s): MUSA 120 C with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This course is designed for more advanced non-guitar major or the guitar major who is not yet qualified for Classical or Jazz Guitar, this course continues the study of guitar study from MUSA 120 C with emphasis on more advanced literature and techniques. Emphasis is placed on individual progress in execution and interpretation. (UC/CSU)

MUSA 125 C Pop-Commercial Drumset Style and Technique I 1 Unit
Advisory: MUS 152 C.
Term hours: 18 lecture and 18 laboratory. This course is designed to give students beginning-level drum set training in pop-commercial styling techniques, improvisation, notation, and drum studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 130 C Introduction to Piano for Non-Majors 1 Unit
Term hours: 18 lecture and 18 laboratory. This course is designed for non-music majors whose piano skills are non-existent or very limited. This course provides an introduction to the fundamentals of piano playing: posture, keyboard topography, note reading, 5-finger-pattern exercises, sight-reading, and piano repertoires. This course is open to all students. Pass/No Pass/Letter Grade Option. (UC/CSU)

MUSA 131 C Keyboard Skills I 1 Unit
Prerequisite(s): Audition.
Advisory: Student should be able to demonstrate appropriate piano proficiency for this course.
Term hours: 18 lecture and 18 laboratory. This course is designed for music majors preparing for a university keyboard proficiency exam, this course is the entry-level keyboard musicianship class with emphasis on basic keyboard harmonization, hand independence, transposition, sight-reading, rhythm accuracy and elementary piano repertoires. (UC/CSU)
MUSA 132 C Keyboard Skills II  
**Prerequisite(s):** MUSA 131 C with a grade of C or better or Audition.  
Term hours: 18 lecture and 18 laboratory. This course is a continuation of MUSA 131 C for music majors. It includes emphasis on basic keyboard harmonization using primary chord inversions, technique, transposition, accompaniment patterns, rhythm accuracy and late elementary/early intermediate piano repertoires. Pass/No Pass/Letter Grade Option. (UC/CSU)  

MUSA 140 C Music Notation Software I  
**Advisory:** MUS 104 C.  
Term hours: 36 lecture and 54 laboratory. This is the first level course that teaches students how to produce professional-quality vocal and instrumental scores as well as lead sheets using music notation software. This course is open to all music majors, music teachers, or performers. (CSU)  

MUSA 141 C Electronic Music Production I  
**Prerequisite(s):** MUS 108 C with a grade of C or better.  
Term hours: 36 lecture and 54 laboratory. This course covers beginning music theory, technique, and composition. (CSU)  

MUSA 143 C Recording Studio Tech I  
**Prerequisite(s):** MUS 108 C with a grade of C or better.  
Term hours: 36 lecture and 54 laboratory. This basic level course focuses on studio recording and digital audio workstation techniques. (CSU)  

MUSA 145 C Audio Production for Gaming I  
**Prerequisite(s):** MUS 108 C with a grade of C or better.  
Term hours: 36 lecture and 54 laboratory. This beginning course focuses on the competition, arranging, and editing of audio for video games. (CSU)  

MUSA 147 C Pop-Commercial Vocal Style and Technique I  
**Advisory:** MUSA 112 C  
Term hours: 18 lecture and 18 laboratory. This course is designed to give vocal students beginning level training in pop-commercial styling techniques, vocal improvisation, notation, and vocal recording studio techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)  

MUSA 152 C Pop-Commercial Brass Style and Technique I  
**Advisory:** MUS 101 C  
Term hours: 18 lecture and 18 laboratory. This course is designed to give brass students beginning-level training in pop-commercial styling techniques, brass improvisation, basic lead sheet writing, and brass studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)  

MUSA 155 C Pop-Commercial Music Ensemble  
**Prerequisite(s):** Audition.  
Term hours: 9 lecture and 49.5 laboratory. Students will rehearse, produce, record and perform commercial music ensemble repertoire; performances are required of all students. Course may be taken four times for credit. (CSU)  

MUSA 210 C Advanced Voice  
**Prerequisite(s):** Completion of or concurrent enrollment in MUSA 112 C with a grade of C or better or by audition.  
Term hours: 18 lecture and 18 laboratory. This course offers individual instruction in vocal techniques and interpretation of solo voice literature in a class situation. Emphasis is placed on repertoire and public performance. Participation in recitals plus one hour practice in Practice Room per week is required. Designed for music majors but open to all students. Pass/No Pass/Letter Grade Option. (UC/CSU)  

MUSA 213 C Pop-Commercial Music Theory II  
**Prerequisite(s):** MUSA 113 C with a grade of C or better.  
Term hours: 54 lecture. This commercial music theory course provides an intermediate study of harmonic material as used in pop-commercial music. It includes the study of chord progressions, melodies, and various pop-commercial musical forms. (CSU/UC)  

MUSA 214 C Pop-Commercial Musicianship II  
**Prerequisite(s):** MUSA 114 C with a grade of C or better.  
Term hours: 18 lecture and 18 laboratory. This course is designed to give piano students intermediate-level training in pop-commercial styling techniques, piano improvisation, notation, and piano studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)  

MUSA 216 C Pop-Commercial Piano Style and Technique II  
**Prerequisite(s):** MUSA 116 C with a grade of C or better.  
Term hours: 18 lecture and 18 laboratory. This advanced course designed for music majors provides intensive individual instruction in piano techniques and interpretation of solo piano literature. The course places emphasis on building repertoire and performing music from the Classical Music to Contemporary periods. (UC/CSU)  

MUSA 222 C Pop-Commercial Guitar Style and Technique I  
**Advisory:** MUSA 121 C  
Term hours: 18 lecture and 18 laboratory. This course is designed to give guitar students beginning training in pop-commercial styling techniques, improvisation, notation, and studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)  

MUSA 223 C Pop-Commercial Guitar Style and Technique II  
**Prerequisite(s):** MUSA 222 C with a grade of C or better.  
Term hours: 18 lecture and 18 laboratory. This course is designed to give guitar students intermediate-level training in pop-commercial styling techniques, improvisation, notation, and studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)  

MUSA 225 C Pop-Commercial Drumset Style and Technique II  
**Prerequisite(s):** MUSA 125 C with a grade of C or better.  
Term hours: 18 lecture and 18 laboratory. This course is designed to give drum students intermediate-level training in pop-commercial styling techniques, improvisation, notation, and drum studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)  

MUSA 231 C Keyboard Skills III (formerly MUS 236 C)  
**Prerequisite(s):** MUSA 132 C with a grade of C or better or Audition.  
Term hours: 18 lecture and 18 laboratory. This course follows MUSA 132 C in keyboard musicianship sequence. Individualized instruction will focus on keyboard harmony using primary and secondary chords, introduction to basic score reading, transposing to concert pitch, rhythm, and early intermediate/intermediate piano repertoires including classical, blues, national and folk tunes. (UC/CSU)
MUSA 232 C Keyboard Skills IV 1 Unit
**Prerequisite(s):** MUSA 231 with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This course is an advanced level in keyboard musicianship sequence. Rigorous individualized instruction will focus on keyboard harmony using secondary dominant chords, 3-voice choral score reading, specialized rhythm, intermediate to late intermediate standard repertoires, memorization, and self-critiquing skills. Pass/No Pass/Letter Grade Option. (UC/CSU)

MUSA 241 C Electronic Music Production II 3 Units
**Prerequisite(s):** MUSA 141 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course covers intermediate electronic music theory, technique, and composition. (CSU)

MUSA 243 C Recording Studio Techniques II 3 Units
**Prerequisite(s):** MUSA 143 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This intermediate level course focuses on studio recording and digital audio workstation techniques. (CSU)

MUSA 245 C Audio Production for Gaming II 3 Units
**Prerequisite(s):** MUSA 145 C with a grade of C or better.
Term hours: 35 lecture and 54 laboratory. This intermediate course focuses on the composition, arranging, and editing of audio for video games. (CSU)

MUSA 247 C Pop-Commercial Vocal Style and Technique II 1 Unit
**Prerequisite(s):** MUSA 147 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to give vocal students intermediate training in pop-commercial styling techniques, vocal improvisation, basic lead sheet writing, and recording studio techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 252 C Pop-Commercial Brass Style and Technique II 1 Unit
**Prerequisite(s):** MUSA 152 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to give brass students intermediate-level training in pop-commercial brass styling techniques, improvisation, basic lead sheet writing, and studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

**Nursing (NURS)**

NURS 081 C Selected Topics in Nursing I 3 Units
**Prerequisite(s):** NURS 192 C with a grade of C or better
Term hours: 27 lecture and 81 laboratory. This course is designed to meet the first semester nursing students’ need for review and remediation of fundamental nursing care and an introduction to medical surgical and gerontological nursing. Pass/No Pass only.

NURS 082 C Selected Topics in Nursing II 3.5 Units
**Prerequisite(s):** NURS 196 C with a grade of C or better.
Term hours: 31.5 lecture and 94.5 laboratory. This course is designed to meet the nursing students’ need for review and remediation of medical surgical nursing and an introduction to maternal newborn nursing. Pass/No Pass only.

NURS 083 C Selected Topics in Nursing III 3.5 Units
**Prerequisite(s):** NURS 292 C with a grade of C or better.
Term hours: 31.5 lecture and 94.5 laboratory. This course is designed to meet the nursing students’ need to review and remediation of intermediate medical surgical nursing, mental health nursing, and geriatric nursing. Pass/No Pass only.

NURS 090 C Nursing Transitions 3.5 Units
**Prerequisite(s):** Licensed Vocational Nurse (LVN) or Licensed Psychiatric Technician (LPT), with no less than six months documented work experience in their licensed capacity, and successful completion of career mobility proficiency exams and skills validation test.
This course is designated for the experienced (no less than six months documented work experience in their licensed capacity) LVN/LPT who is preparing to enter the Registered Nursing career ladder program. The course will enhance theoretical and technical nursing skills in areas such as communication, ethics, fluid and electrolytes, and pharmacology. Students will develop in-depth skill in utilization of the nursing process. Major emphasis is placed on assessment of patient’s biopsychosocial needs and related interventions. This course promotes Quality & Safety Education for Nurses (QSEN) competencies that incorporate patient-centered care, safety teamwork, collaboration, evidence based practice, quality improvement and informatics. The course emphasizes specific knowledge and skills not included in LVN/PT curricula. $19.00 Laboratory Fee-Payable at Registration.

NURS 091 C Strategies-Success in Nursing 0.5 Units
Term hours: 9 lecture. This course is designed to assist the pre-nursing and the nursing student to understand the nursing process and apply quality and safety standards within a spirit of inquiry firmly based in the science and art of nursing. This course will prepare a student to provide safe, patient centered care within an environment of interdisciplinary teamwork and collaboration. This course will assist the student to assimilate knowledge and apply it in the clinical practice setting. This course will provide student with behavioral and problem solving tools to develop strategies for success in nursing. Pass/No Pass or Letter Grade option.

NURS 099 C Nursing Independent Study 0.5-2 Units
**Prerequisite(s):** Approved Independent Study Learning Contract
Term hours: 9-36 depending on units attempted. This course is designed for capable students enrolled in the Registered Nursing program or options of the program who wish to increase their knowledge and experience in applied areas of patient centered care. Students will participate in independent study on assigned areas under staff supervision. Variable Unit Class. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option.

NURS 103 C Basic Health Assessment 0.5 Units
**Prerequisite(s):** NURS 192 C with a grade of C or better; Licensed Psychiatric Technician; Licensed Vocational Nurse; Registered Nurse.
Term hours: 9 lecture. This elective course provides specialized nursing knowledge in assessing basic health status in the non-pregnant adult. Students will recall and build upon the curricular concepts learned in preceding nursing courses of patient centered care, safety, oxygenation, regulation and movement using teamwork and collaboration. Professionalism, evidence based practice, quality improvement and informatics, to apply the nursing process and utilize techniques for performing both history and physical assessments. Pass/No Pass/Letter Grade Option. (CSU)
NURS 104 C Introduction to ECG Interpretation  
**0.5 Units**  
**Prerequisite(s):** NURS 191 C and NURS 193 C with a grade of C or better; Licensed Vocational Nurse; Registered Nurse or permission of instructor  
Term hours: 9 lecture. This elective course provides specialized nursing knowledge in providing patient centered care to patients experiencing oxygenation disorders; cardiac dysrhythmias, using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics. Introductory course for nurses working with cardiac monitored patients. Cardiac dysrhythmias include sinus, atrial, AV heart blocks, junctional, and ventricular dysrhythmias. Initial patient monitoring, lead placement, techniques and equipment utilized to measure and identify cardiac arrhythmias are addressed in introductory terms. Basic therapies based on current ACLS standards and nursing implications for these dysrhythmias are discussed. Pass/No Pass/ Letter Grade Option. (CSU)

NURS 107 C Pain Management for Nurses  
**1 Unit**  
**Prerequisite(s):** NURS 192 C with a grade of C or better.  
Term hours: 18 lecture. This course introduces the student to safe patient centered care for pain assessment and management strategies for use in daily clinical practice, based on the California Board of Registered Nursing’s Pain Management Policy. Physiologic, psychologic, sociologic, and cultural aspects of pain are examined within the context of the nursing process. The student will learn to effectively prevent and control patient pain and improve patient outcomes by pharmacologic and non-pharmacologic means. Ethical issues and barriers to effective pain management are considered. Pass/No Pass/ Letter Grade Option. (CSU)

NURS 108 C Orthopaedic Patient Care  
**0.5 Units**  
**Advisory:** NURS 192 C  
Term hours: 9 lecture. This course is an overview of the general concepts of orthopaedic nursing including assessment of patients with movement disorders and orthopaedic injuries requiring safe patient centered nursing care. Designed to give the participant an introduction to the specialty of orthopaedic nursing, this course includes review of evidence based care of patients experiencing immobilization treatment, total joint arthroplasty, spinal surgery, amputation, as well as orthopaedic complications. The content of the course is based on orthopaedic nursing practice standards and patient teaching implications as developed by the National Association of Orthopaedic Nurses. Pass/No Pass/ Letter Grade Option. (CSU)

NURS 190 C Introduction to Nursing Concepts  
**2 Units**  
Term hours: 36 lecture. This course introduces the health science student to the theoretical basis of nursing and patient centered care. Emphasis is placed on psychosocial concepts inherent to the development of professionalism, teamwork and collaboration, evidence based practice, quality improvement and informatics. Professional nursing roles and interaction skills are applied to the health care setting. The effects of regulation of stress and developmental patterns on individual health care needs are introduced. Major social and cultural issues in relation to health care are discussed. Teaching/learning strategies unique to health care, nursing, and clinical instruction are explored. (CSU)

NURS 191 C Pharmacology in Nursing I  
**1 Unit**  
**Prerequisite(s):** Acceptance in the Nursing Program, LVN, PT or completion of NURS 191 C and NURS 193 C with a grade of C or better.  
Term hours: 18 lecture. This pharmacology course correlates with the content in NURS 192 C and NURS 193 C. It introduces the concepts of patient centered care, teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to safely administer both enteral and topical medications to patients in basic medical-surgical areas with oxygenation, regulation and movement disorders. (CSU)

NURS 192 C Fundamentals of Nursing  
**4.5 Units**  
**Prerequisite(s):** Acceptance in the Nursing Program  
Term hours: 45 lecture and 148.5 laboratory. This course is an introduction to the nursing process and applying quality and safety standards within a spirit of inquiry firmly based in the science and art of nursing. This course will prepare the student to provide safe, patient-centered care within an environment of interdisciplinary teamwork and collaboration. The course is designed to provide the student with fundamental provider of care roles and critical thinking skills in order to develop and deliver a basic plan of care. Fundamental exemplars will be introduced with an emphasis on basic oxygenation, patient and nurse movement, and regulation of patient physiology and behavior. The course is designed to socialize the beginning nursing student to the professional role of nursing. Models of health care delivery systems and funding will be explored. Nursing issues regarding patient rights, ethical and legal standards, and the use of professional and therapeutic communication will be applied to nursing theory and practice. $30 Materials Fee - Payable at Registration. (CSU)

NURS 193 C Introduction to Medical-Surgical and Geriatric Nursing  
**3.5 Units**  
**Prerequisite(s):** NURS 192 C with a grade of C or better.  
Term hours: 27 lecture and 108 laboratory. This course prepares the student to apply the nursing process and develop basic critical thinking within a spirit of inquiry firmly based in the science and art of nursing for safe patient centered care of the older adult in the medical-surgical setting. Students will recall and build upon course concepts (previous learning in NURS 192 C) of patient centered care, safety, oxygenation, regulation and movement with healthy aging concepts, basic age-associated changes and preventive health considerations for the older adult. Using interdisciplinary teamwork and collaboration, this course socializes the beginning nursing student to the professional role of nursing as it relates to the care of the older adult and explores resources for evidence based practice. Models of health care delivery systems and quality improvement strategies will be introduced and explored. Professional nursing issues, ethical and legal standards, and professional communication related to older adult rights will be explored. $60 Materials Fee - Payable at Registration. (CSU)

NURS 195 C Pharmacology in Nursing II  
**1 Unit**  
**Prerequisite(s):** Acceptance in the Nursing Program, LVN, PT or completion of NURS 191 C and NURS 193 C with a grade of C or better.  
Term hours: 18 lecture. This pharmacology course correlates with the content in NURS 196 C and NURS 197 C. Students will recall and build upon the curricular concepts previously learned in NURS 191 C and NURS 193 C of patient centered care, teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to safely administer both enteral and parenteral medications to patients in multiple settings with oxygenation, regulation and movement disorders. (CSU)

NURS 196 C Medical-Surgical Nursing I  
**5 Units**  
**Prerequisite(s):** NURS 191 C and NURS 192 C and NURS 193 C with a grade of C or better.  
Term hours: 40.5 lecture and 148.5 laboratory. This course prepares the student to apply the nursing process and develop nursing judgment within a spirit of inquiry firmly based in the science and art of nursing for safe patient centered care of the older adult in the medical-surgical setting. Students will recall and build upon the curricular concepts previously learned in NURS 191 C and NURS 193 C of patient centered care, teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to safely administer both enteral and parenteral medications to patients in multiple settings with oxygenation, regulation and movement disorders. (CSU)
NURS 197 C Maternal and Newborn Nursing 3.5 Units
Prerequisite(s): NURS 196 C with a grade of C or better.
Term hours: 31.5 lecture and 94.5 lab. This course prepares the student to apply the nursing process and develop nursing judgment to prioritize care for the perinatal, newborn and women's health patient in multiple clinical settings. Students will recall and build upon the curricular concepts (previously learned in NURS 192 C and NURS 193 C and NURS 196 C) of patient centered care, safety, oxygenation, regulation and movement using teamwork and collaboration, professionalism, evidence-based practice, quality improvement and informatics to provide effective care to achieve positive patient outcomes. $75 Materials Fee - Payable at Registration. (CSU)

NURS 209 C Advanced RN Practicum and Career Development 1-4 Units
Prerequisite(s): NURS 292 C with a grade of C or better.
Corequisite: Concurrent enrollment in the Registered Nursing Program or permission of the Director of Nursing. Term hours: 9 lecture and 27 laboratory. This course focuses upon exploring work related issues in an acute hospital setting. The course will provide opportunities enabling students to apply previously learned theory and clinical skills in patient centered care in which the student has demonstrated competence. The course may provide exposure to acute areas of complex care with the agreement of the facility and instructor and previous enrollment in nursing practicum. Requires a minimum eight hours employment per week in an approved acute care agency. As required by the Board of Registered Nursing regulations, no new skills will be taught. Variable Unit Class. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option. (CSU)

NURS 291 C Pharmacology in Nursing III 1 Unit
Prerequisite(s): Acceptance in the Nursing Program, LVN or PT or NURS 195 C with a grade of C or better.
Term hours: 18 lecture. This course correlates with the content in NURS 292 C, NURS 293 C, NURS 294 C. Students will recall and build upon the curricular concepts previously learned in NURS 195 of patient centered care, teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to safely administer medications to patients in multiple settings with oxygenation, regulation and movement disorders. (CSU)

NURS 292 C Medical-Surgical Nursing II 5 Units
Prerequisite(s): NURS 195 C and NURS 196 C and NURS 197 C with a grade of C or better and acceptance into the Nursing Program.
Term hours: 40.5 lecture and 148.5 laboratory. This course prepares the student to apply the nursing process, to develop nursing judgment and to prioritize patient centered care for multiple acute medical surgical patients in a variety of settings. Students will apply quality and safety standards within a spirit of inquiry firmly based in the science and art of nursing. Students will recall and build upon the curricular concepts (previously learned in NURS 192 C, NURS 193 C, NURS 196 C, and NURS 197 C) of patient-centered care, safety, oxygenation, regulation and movement using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to provide effective care to achieve positive patient outcomes. $75 Materials Fee - Payable at Registration (CSU)

NURS 293 C Mental Health Nursing 3.5 Units
Prerequisite(s): NURS 292 C with a grade of C or better.
Term hours: 31.5 lecture and 94.5 laboratory. This course presents historical, cultural and contemporary evidence based concepts related to the mental health-illness continuum. Will explore patient - centered interventions that are designed to promote safe return to mental stability and meet the emotional needs of the patient. Emphasis is placed on interpersonal communication through self-awareness, the safe use of self as a therapeutic agent and collaboration with the mental health team and community resources. The role of the nurse in providing quality care in the areas of ethics, legal, advocacy issues while providing patient centered care is explored in the Psychiatric unit. (CSU)

NURS 294 C Geriatric Nursing 3 Units
Prerequisite(s): NURS 292 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course prepares the student to apply quality and safety standards and the National League for Nursing's ACES framework to plan patient centered care for the community dwelling older adult. There will be an emphasis on the use of standardized assessment tools and application of evidenced based practice in various community settings. Students will learn to collaborate with other members of the interdisciplinary team and use nursing judgement to foster individualized aging in the senior population. (CSU)

NURS 295 C Pharmacology in Nursing IV 0.5 Units
Prerequisite(s): NURS 291 C, NURS 292 C, NURS 293 C, or NURS 294 C, with a grade of C or better or acceptance in the Nursing Program, LVN, PT.
Term hours: 9 lecture. This course correlates with the content in NURS 296 C and NURS 297 C. Students will recall and build upon the curricular concepts learned in preceding nursing courses of patient centered care, safety, oxygenation and regulation and movement using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics, to safely administer medications to pediatric and adult patients in multiple clinical settings with oxygenation, regulation and movement disorders. Pass/No Pass/Letter Grade Option (CSU)

NURS 296 C Child and Family Nursing 3.5 Units
Prerequisite(s): NURS 291 C, NURS 292 C, NURS 293 C, and NURS 294 C, with a grade of C or better.
Term hours: 31.5 lecture and 94.5 laboratory. This course prepares the student to apply quality and safety standards utilizing the nursing process based in the science and art of nursing. Students will develop nursing care strategies for complex family centered care of the pediatric population within multiple interdisciplinary settings. Evidence-based nursing interventions encompassing a holistic and approach will be developed. The student will apply growth and development concepts to the care of multiple patients, utilizing informatics and effective therapeutic and professional communication. Nursing judgment and prioritization will be applied to achieve positive care outcomes within family centered care situations. (CSU)
Philosophy and Religious Studies (PHIL)

PHIL 100 C Introduction to Philosophy 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course introduces the student to a variety of philosophical issues in metaphysics, theory of knowledge, and ethics, as well as the methodology used by philosophers to address those issues. The origins of Western philosophy as well as its impact on Western civilization will be emphasized. The course systematically explores and evaluates the concepts of reality, value, knowledge, reason, truth, language, definition, beauty, justice, human nature, personal identity, religion, meaning, and freedom. Analysis and synthesis will be stressed for these and other topics of interest to students and/or the instructor. Duplicate credit not granted for PHIL 100 HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 100)

PHIL 100HC Honors Introduction to Philosophy 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This Honors-enhanced course introduces the student to a variety of philosophical issues in metaphysics, theory of knowledge, and ethics, as well as the methodology used by philosophers to address those issues. The origins of Western philosophy as well as its impact on Western civilization will be emphasized. The course systematically explores and evaluates the concepts of reality, value, knowledge, reason, religion, meaning, and freedom. Analysis and synthesis will be stressed for these and other topics of interest to students and/or the instructor. Duplicate credit not granted for PHIL 100 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 100)

PHIL 101 C Introduction to Religious Studies 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introductory study of religion with emphasis on the origins and functions of religion, religious experience, and religious and theological modes of expression. Course content will be drawn from Eastern and Western traditions, ancient, medieval and modern times. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 105 C World Religions 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course provides an overview of the world’s religions, with major emphasis upon Judaism, Christianity, Islam, Hinduism, and Buddhism. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 110 C Religions of the East 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course systematically introduces and analyzes the intellectual and religious histories of India, China, and Japan. Primary focus will be on the ways in which Eastern traditions such as Hinduism, Buddhism, Confucianism, Taoism, and Zen conceive of the cosmos, meaningful human existence and life’s ultimate goals. Jainism, Sikhism, and Shinto may also be covered. While the main emphasis will be on basic teachings, this course will also investigate religious practices, cultural settings, social impact, and the historical contexts in which these religions arose. Rituals and religious literature may be used to compare and contrast Asian and Occidental belief systems. A field trip may be required by the instructor. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 120 C Religions of the West 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to Zoroastrianism, Judaism, Christianity, and Islam, as well as the religions of ancient Mesopotamia, Canaan, and Egypt. The history, beliefs, rituals, literature, and art of each religion will be examined with a goal to discovering its conception of God, man, the cosmos, meaningful human existence, and life’s ultimate goals. Skills in objective, scholarly analysis of the scripture of each religion will be developed. Religious trends in the Nineteenth and Twentieth Centuries and contemporary secular and religious humanism will be discussed. A field trip may be required by the instructor. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 135 C Social and Political Philosophy 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to social and political thought, especially the central concepts (e.g. democracy, justice, rights, liberty, political authority, political morality, etc.) and issues that arise in classic and contemporary readings. The course involves an examination of the relationship between morality, politics and social justice, from a multi-cultural perspective. Topics include: the sources of legitimate political authority, the meaning of democracy, obligations of citizenship, the nature of the state, the justifications for universal human rights, the foundations of a just society, and how political culture is related to social and political institutions. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 160 C Introduction to Ethics 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to metaethics, normative ethics, and applied ethics. Fundamental ethical concepts, theories, and arguments in classical, medieval, modern, and contemporary ethical thought are presented, analyzed, and critically evaluated. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 120)

PHIL 162 C Contemporary Moral Issues 3 Units
Advisory: Eligibility for ENGL 100 C.
Term hours: 54 lecture. This course is a philosophic examination of major ethical debates in contemporary American society. Topics may include capital punishment, abortion, poverty including hunger and humanitarian aid, euthanasia and assisted suicide, war including terrorism and torture, civil disobedience, racial and sexual equality, affirmative action, sexual morality, reproductive technologies including genetic engineering and cloning, pornography and free speech, victimless crimes, biomedical research, drug laws, vegetarianism and non-human animal rights, economic justice and global obligations, and environmental duties. Preparatory to those investigations, time is devoted to studying some of the most important moral theories and various types of moral reasoning. (CSU/UC, AA GE)
PHIL 170 C Logic and Critical Thinking 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course focuses on elements of clear, straight, orderly and valid thought, including deductive and inductive reasoning and the accurate use of language. This course explores practical applications of logic. Duplicate credit not granted for PHIL 170HC. (UC/CSU, AA GE, CSU GE)

PHIL 170HC Honors Logic and Critical Thinking 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This Honors-enhanced course focuses on elements of clear, straight, orderly and valid thought, including deductive and inductive reasoning and the accurate use of language. This course explores practical applications of logic. Duplicate credit not granted for PHIL 170 C. (CSU, AA GE, CSU GE)

PHIL 172 C Critical Thinking and Writing 3 Units
Prerequisite(s): ENGL 100 C with a grade of C or better.
Term hours: 54 lecture. This course is an introduction to the techniques of argument analysis, evaluation, and construction as applied to essay writing. The course includes such topics as standard form and argument patterns; deduction, validity, and soundness; truth-functional arguments, truth-tables, and natural deduction; quantificational arguments; categorical syllogisms and Venn Diagrams; truth; induction, strength, and cogency; sampling arguments, causal arguments, statistical syllogisms, analogical arguments, and explanatory arguments; the probability calculus; formal and informal fallacies; and definition, language, and meaning; thesis statements, the writing of coherent, well-developed essays, and grammar, punctuation, and orthography. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 175 C Symbolic Logic 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This is a course in elementary, truth-functional, propositional logic and first-order quantificational predicate logic, up through identity and definite descriptions. The course covers the techniques for the translation of English statements and arguments into formal logical languages and the methods for determining whether these arguments are valid. (UC/CSU, AA GE, CSU GE/C-ID: PHIL 210)

PHIL 201 C History of Ancient Philosophy 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This historical introduction course to philosophy traces the development of Western philosophy with a focus on the early Greeks, emphasizing those ideas which have most influenced the development of Western culture. This course will explore the birth of European thought with the Pre-Socratics, such as the Milesian philosophers and Greek atomists, then move to Athens with Socrates, Plato, and Aristotle, and continue with some philosophers from the Hellenistic and Medieval periods. This course surveys the development, transformation, and influence of Greek metaphysics, epistemology, and ethics within the context of their historical and cultural setting. Particular focus will be placed on the philosophical issues still facing us now, including the perennial search for values. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 130)

PHIL 202 C History of Modern Philosophy 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This is a survey of Western philosophical thought since the Renaissance with emphasis on the Modern period. The course introduces students to some of the most important and influential philosophical themes as they found expression in its most central figures. It emphasizes metaphysics and epistemology, but may also include the development of views in ethics, political philosophy, God's existence, skepticism, causality, logic, semantics, and philosophical foundations of modern science. The course also examines the influence of past philosophical movements on modern life, including the growth of science and social and cultural changes. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 140)

PHIL 225 C The American Religious Experience 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to religious diversity in the United States from the colonial encounter to the present. It emphasizes cultural and religious interaction and exchange. This course will examine how the American experience shaped, and was shaped by, the religions of Africa, Europe, and Asia, as well as Indigenous American religions and new American religious movements. (CSU/UC, AA GE, SOC JUST)

PHIL 230 C Philosophy of Religion 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course critically examines the central arguments for and against the existence of God, the historicity of miracles, and the possibility of life after death. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 240 C Jesus and His Interpreters 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course focuses upon the ways in which Jesus is depicted in the Gospels and critically reconstructed in New Testament scholarship, with a view to determining what can be known historically regarding Jesus’ teaching and life. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 298 C Philosophy Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings a particular semester. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

PHIL 299 C Philosophy Independent Study 1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Varying hours of scheduled conferences per week according to instructor. This independent study course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic. May be taken for credit 3 times. (UC Credit Limitation/CSU)

PHOT 202 C Contemporary Photography 3 Units
Advisory: PHOT 101 C or ART 100 C
This is a lecture and lab course on the genre of contemporary photography from the 1970's to present day. The historical significance of contemporary photographers including the impact from the conceptual art movement on photography will be explored in this course. The need for strong idea-based photographs in all aspects of photographic industries is emphasized. Assignments will focus on the importance of why photographs are created and the success of what they communicate. $35 materials fee payable at registration. (UC Credit Limitation/CSU)

PHOT 203 C Studio Lighting Techniques 3 Units
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory. This course acquaints the student with lighting and studio techniques as commonly used in professional photographic applications. The emphasis will be on light and the use of lighting equipment in a photography studio. $20 materials fee payable at registration. (UC/CSU)

PHOT 204 C History of Photography 3 Units
Advisory: PHOT 103 C
Term hours: 36 lecture and 54 laboratory. This is a lecture/lab course on the history of photography that is designed to give students a practical knowledge of the development of the medium through a combination of lecture and hands-on technical and aesthetic experiences utilizing early photographic techniques and processes. The course will emphasize the invention and development of photography from its inception in the early 1800's through 1970. $35 materials fee payable at registration. (UC/CSU, CSU GE)

PHOT 206 C Studio Practices 3 Units
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory. This is a course designed to familiarize the student with image conceptualization and the differing technical alternatives used in commercial studio photography. Students will learn specialized imaging techniques utilized by professional studio photographers. $35 materials fee payable at registration. (CSU)

PHOT 215 C Digital Photography 3 Units
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory TBA. This course is designed to integrate digital imaging into the student’s visual repertoire. Combining creative camera practices with computer techniques, the course concentrates on the production and processing of images with current digital media to all areas of photography (commercial, illustration, portraiture, journalism, industrial, scientific, etc.). Included are basic digital camera controls such as techniques for background control, selection and manipulation, digitization, image capture and processing. $35 materials fee payable at registration. (CSU)

PHOT 216 C Advanced Digital Photography 3 Units
Prerequisite(s): PHOT 215 C or consent of instructor.
Advisory: PHOT 103 C.
Term hours: 36 lecture and 72 laboratory. This course is designed to provide the student with advanced knowledge of techniques and skills in the application of digital technologies to all areas of the photographic medium. The integration of technical skills and aesthetic expression will be emphasized along with color management and advanced skills in preparing images for output on large format printers. Students develop the skills necessary to create their own unique body of work using digital photographic technologies. $35 materials fee payable at registration. (CSU)

PHOT 219 C Editorial Photography 3 Units
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory TBA. This course is designed to acquaint the student with a current view of the field of photojournalism and photographic publishing for magazines, the Internet, and all editorial uses. Heavy emphasis is placed on communication through photography. $35 materials fee payable at registration. (CSU)

PHOT 220 C Alternative Photo Processes I 3 Units
Prerequisite(s): PHOT 101 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course investigates alternative methods to image production. Class content will include aspects of graphic arts photography, films and developers. A variety of analog and digital technologies will be explored. $45 Materials Fee - Payable at Registration. (CSU)

PHOT 221 C Alternative Photo Processes II 3 Units
Prerequisite(s): PHOT 220 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course will continue to investigate the artistic aspects and technical procedures used in 19th Century photographic printing of hand coated papers. During the semester students will work with van dyke, salted paper, albumen and collodian. $45 materials fee payable at registration. (CSU)

PHOT 227 C Retouching and Digital Workflow 3 Units
Advisory: PHOT 103 C and PHOT 215 C
This workflow based course will provide a foundation for capturing and processing RAW digital photo files with the latest prevailing high end digital imaging hardware and software. The course will be centered around using software such as Adobe Lightroom to create optimal digital files. Students will have the opportunity to gain hands on experience with various high end professional camera platforms. They will develop the skills necessary to work effectively with their own digital files as a professional photographer or in a support capacity such as a digital photo technician. $45 materials fee payable at registration. (CSU)

PHOT 235 C Drone Photography and Video 3 Units
Term hours: 36 lecture and 72 laboratory. This course is designed to give the student the ability to photograph both stills and videos from UAV’s (drones). Special emphasis is placed on equipment selection, aerial photography skills, business opportunities, image editing and safety considerations. $35 materials fee payable at registration. (CSU)

PHOT 236 C UAV Flight Lab-Photography 2 Units
Prerequisite(s): PHOT 235 C with a grade of C or better.
Term hours: 18 lecture and 54 laboratory. In this course, students will receive instruction and participate in hands-on flight activities to develop, practice and optimize unmanned Aircraft System flight and photography skills. High end photo equipment and drones will be used. $35 materials fee payable at registration. (CSU)

PHOT 277 C Food Photography 3 Units
Advisory: PHOT 101 C and PHOT 103 C and PHOT 201 C.
Term hours: 36 lecture and 72 laboratory. This advanced course is designed to prepare students for a career in professional food photography. It focuses on building the technical and creative photographic skills necessary to successfully photograph food for advertising purposes. The course is composed of lectures, demos, lab time and outside assignments which will prepare the students for advanced application in this field of photography. $45 materials fee payable at registration. (CSU) (UC)
PHOT 298 C Photography Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and 0-1080 laboratory depending on units attempted. This is a course for students who wish to increase their knowledge of photography. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required and are payable at registration. Pass/No Pass/Letter Grade option. (CSU)

PHOT 299 C Independent Study 0.5-2 Units
Prerequisite(s): PHOT 103 C with a grade of C or better and an Independent Study Learning Contract.
Term hours: 9-36 lecture. This course is designed for the student to increase their knowledge of a particular art discipline. Unit credit may range from 1/2 to 2 units in any given semester. (UC Credit Limitation/CSU)

Physical Sciences (PHSC)

PHSC 104 C Physical Science for Teachers (same as CHEM 104 C) 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This activity-based course introduces students to basic principles of physics and chemistry with emphasis on their practical importance and application in the real world. Some of the topics include: matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. This course is intended for students who want to become elementary school teachers. Duplicate credit not granted for CHEM 104 C. (CSU, AA GE, CSU GE, IGETC/C-ID: CHEM 140 and PHYS 140)

PHSC 196 C Field Studies in Physical Science 2 Units
Term hours: 18 lecture and 54 laboratory. This course involves lecture and field study in the physical sciences. During a given semester, multiple sections may be offered to different study areas or for different selected topics. Study areas include, but are not limited to, star gazing in the Santa Ana mountains or Anza area; viewing museums, planetaria, observatories; or listening to lectures. Field trips are required. (CSU)

PHSC 298 C Physical Science Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This course is for students who wish to increase their knowledge in various fields in the physical sciences. Various topics may be offered, such as the metric system of measurement, observational astronomy, etc., according to the interests of the instructor and students as stated in the class schedule. Consult the class schedule to verify unit credit and topics for a particular semester. Fees may be required-Payable at Registration. Pass/No Pass or Pass/No Pass/Letter Grade Option or Standard Letter Grade. (UC Credit Limitation/CSU)

PHSC 299 C Physical Sciences Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: 48-54 laboratory or project research for maximum credit. This course is for able students who have demonstrated interest and capability for increased knowledge of physical science through individual study, small group discussion conferences, or special laboratory project work. Independent laboratory or field study projects with staff supervision may be approved with written reports required. May be taken for credit 4 times. (UC Credit Limitation/CSU)

Physics (PHYS)

PHYS 130 C Elementary Physics 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This is an entry level physics course for all science majors. The course provides an introduction to the basic concepts and laws of physics with emphasis upon their practical importance in everyday life. Laboratory work includes experiments in mechanics, heat, sound, electricity, and optics. This is a general education course in the physical science area. The course is not open for credit to students with previous college physics credit. No UC credit if taken after PHYS 201 C or PHYS 221 C. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

PHYS 201 C College Physics I 4 Units
Prerequisite(s): MATH 141 C and MATH 142 C and PHYS 130 C, with a grade of C or better, or High School Physics with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is the first half of an algebra and trigonometry- based two-semester physics sequence (PHYS 201 C and PHYS 202 C) designed primarily for students planning to major in life sciences, medical/dental fields, architecture, psychology, and similar professional fields. The course covers Newtonian mechanics, conservation laws, rotational dynamics, and properties of matter, heat, and waves. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the CSU system, but not the UC system. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC/C-ID: PHYS 100S=PHYS 201 C + PHYS 202 C, PHYS 110)

PHYS 202 C College Physics II 4 Units
Prerequisite(s): PHYS 201 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is the second half of an algebra- and trigonometry-based two-semester sequence (PHYS 201 C and 202 C) designed primarily for students planning to major in life sciences, medical/dental fields, architecture, psychology, and similar professional fields. This course covers electricity and magnetism, optics, atomic physics, nuclear physics, and special theory of relativity. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the CSU system but not the UC system. (UC Credit Limitation/CSU, CSU GE, IGETC/C-ID: PHYS 100S=PHYS 201 C + PHYS 202 C, PHYS 110)

PHYS 210 C Physics for Life Sciences I 4 Units
Prerequisite(s): Completion of or concurrent enrollment in MATH 150AC and PHYS 130 C or High School Physics with minimum grades of C or better.
Term hours: 54 lecture and 54 laboratory. This is the first half of a calculus-based two-semester sequence (PHYS 210 C and 211 C) designed for students majoring in life sciences, medical/dental fields, architecture, psychology, and similar professional fields. This course covers Newtonian mechanics, conservation laws, rotational dynamics, properties of matter, heat and waves. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the UC system; the CSU system will accept either this sequence or PHYS 201 C and 202 C sequence. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC)
PHYS 211 C Physics for Life Sciences II  4 Units
**Prerequisite(s):** PHYS 210 C with a grade of "C" or better and completion of or concurrent enrollment in MATH 150BC.
Term hours: 54 lecture and 54 laboratory. This is the second half of a calculus-based two-semester sequence (PHYS 210 C and 211 C) designed for students majoring in the life sciences. This course covers electricity, magnetism, optics, special relativity, and modern physics. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the UC system; the CSU system will accept either this sequence or PHYS 201 C and 202 C sequence. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC)

PHYS 221 C General Physics I  4 Units
**Prerequisite(s):** PHYS 130 C with a grade of C or better or high school physics with a grade of A or B and MATH 150AC with a grade of C or better and completion of or concurrent enrollment in MATH 150BC.
Term hours: 54 lecture and 54 laboratory. This is the first course of a three-semester introductory physics program for students majoring in physics, chemistry, geology, engineering (all areas), computer science, mathematics and other related fields. Topics studied include mechanics, properties of matter, and fluids. Problems and derivations require knowledge of differential and integral calculus. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC/C-ID: PHYS 205)

PHYS 222 C General Physics II  4 Units
**Prerequisite(s):** MATH 150BC and PHYS 221 C with a grade of C or better.
**Advisory:** MATH 250AC.
Term hours: 54 lecture and 54 laboratory. This course is part of a three-semester program of introductory calculus based physics for students majoring in physics, chemistry, geology, engineering (all specializations), computer science, mathematics and other related fields. Topics covered are basic laws of electricity and magnetism including electrostatics, current, magnetic fields, electromagnetic induction, DC circuits, AC circuits, and electromagnetic waves. Requires knowledge of differential and integral calculus. (CSU/UC Credit Limitation/CSU GE, IGETC/C-ID: PHYS 210)

PHYS 223 C General Physics III  4 Units
**Prerequisite(s):** PHYS 221 C and MATH 150BC, with grades of C or better.
**Advisory:** MATH 250AC.
Term hours: 54 lecture and 54 laboratory. This course is part of a three-semester program of introductory calculus based physics for students majoring in physics, chemistry, geology, engineering (all areas), mathematics, and other related fields. It may be taken before or after PHYS 222 C. Topics covered include oscillations and waves, thermodynamics and kinetic theory, geometrical and physical optics, special theory of relativity, introduction to quantum mechanics, atomic physics, and nuclear physics. Requires knowledge of differential and integral calculus. (CSU/UC Credit Limitation/CSU GE, IGETC/C-ID: PHYS 215)

Political Science (POSC)

POSC 100 C United States Government  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers the political theories and practices of United States Government at national, state and local levels. Duplicate credit not granted for POSC 100HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 110)

POSC 100HC Honors United States Government  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an enhanced college level course enhanced for honors students. It covers the political theories and practices of the United States Government at national, state and local level. Duplicate credit not granted for POSC 100 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 110)

POSC 101 C Gender and American Politics  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the study of American politics at the national, state, and local levels with an emphasis on the role of gender. It examines women’s participation in American politics from the perspective of race, class, and ethnicity. Contemporary political analysis will focus on women’s political agenda from the 1960’s to the 21st century, centering around issues such as equal pay, sex discrimination in education and the work place, affirmative action, reproductive rights, sexual choice, domestic violence, and increasing the representation of women in local and national political arenas. (UC/CSU, AA GE, CSU GE, IGETC)

POSC 120 C Political Theory  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of Western political theory from ancient Greece to the Modern Age. It shows how political theory shapes current institutions and ideologies in the United States, Europe, and other countries around the world. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 120)

POSC 135 C Campaigns, Parties and Elections  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an analysis of the challenges faced by the Democratic and Republican parties as they are being replaced by campaign management firms (CMF’s), Political Action Committees (PAC’s) and electronic media advertising. Special emphasis is given to critical analysis of the presidential election campaign process, and of the resulting implications of the democratic process in the United States. (CSU)

POSC 200 C Introduction to Political Science  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the study of political science. It explores the many aspects of politics, examining its relationship to morality, culture, economics, justice and international affairs both theoretically and practically. As an introductory course, it includes elements from the major sub-disciplines of political science, including American politics, comparative politics, and international relations. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 150)

POSC 209 C Urban Politics  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a concentrated study of urban America with particular emphasis on the challenging problems facing the country’s metropolitan areas. The approach will be interdisciplinary in order to facilitate conceptual learning and a balanced understanding of the urban dilemma. Major areas of study will include the history and development of urban United States intergovernmental relations, poverty, racial and ethnic relations, pollution, crime, public services, education, planning and renewal. (UC/CSU, CSU GE, AA GE, IGETC, SOC JUST)

POSC 210 C Contemporary Political Issues  3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an intensive study of contemporary issues associated with the concepts of democracy, federalism, separation of powers, judicial review, preservation of individual rights and related topics. (UC/CSU, AA GE, CSU GE, IGETC)
POSC 215 C Comparative Politics  3 Units

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a comparative study of the
political theories and practices of selected European and non-Western
political systems. Also included in the course is a careful analysis of
the dynamics of political change and its relationship to economic and social
development. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 130)

POSC 216 C Politics of the Middle East  3 Units

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the political, social,
economic and ideological foundations of Middle East in general and major
states in the region in particular. Emphasis is placed on the political and
economic developments in Egypt, Iraq, Iran, Israel, and Saudi Arabia. Topics
covered include: introduction to the land, peoples, cultures, and religions;
colonialism and the emergence of modern states following World War I;
Western influence and Islamic revivalism; regional conflicts (Arab-Israeli;
Iran-Iraq, Gulf Wars); and politics and economics of it; U.S. based ethnic
interest groups and their influence on U.S. foreign policy; patrimonialism
and militarism; liberalization and democratization. (UC/CSU, AA GE, CSU
GE, IGETC)

POSC 230 C International Relations  3 Units

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a study of relations of nations
including the function of power, diplomacy, international law and
organizations, and economic factors. Special emphasis will be placed on
such concepts as war, nationalism, imperialism, ideological conflict and
collective security, and how these concepts affect American foreign policy.
(UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 140)

POSC 298 C Political Science Seminar  0.5-12 Units

Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units
attempted. This is a lecture/discussion type course developed on a
particular limited problem or topic of interest to students. It is designed for
able students who wish to increase their knowledge of a particular topic
concerning which no other regular class is offered. A paper or group activity
may be requested. Credit may range from 1/2 unit to 12 units. Consult
class schedule for the offerings a particular semester. May be taken for
credit 1-4 times. Pass/No Pass or Pass/No Pass/Letter Grade Option.
(UC Credit Limitation/CSU)

POSC 299 C Political Science Independent Study  1 Unit

Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Varying hours of scheduled conferences per week according to
instructor. This independent study course is for able students who wish to
extend their knowledge of a particular area through individual research and
study. It is thought that topics might develop out of a curiosity stimulated in
a regular class. The student would then contact the supervising instructor
to develop a contract for his/her particular interest so that they could learn
more regarding their special topic. May be taken for credit 4 times. (UC
Credit Limitation/CSU)

Psychiatric Technology (PT)

PT 080 C Selected Topics in Psychiatric Technology  1 Unit

Term hours: 18 lecture. This course is designed to meet the health science
student’s need for current topics and issues, updated information in health
care, review of specialized subject matter, and/or preparation for health
related licensure and certification exams. Content will emphasize clinical
application of theoretical principles in the discipline. Resource materials,
instructor assessment of individual student knowledge and skills will be
utilized. May be taken for credit 4 times. Pass/No Pass/Letter Grade
Option.

PT 085 C Psychiatric Technician - Work Experience  1-4 Units

Prerequisite(s): Concurrent enrollment in Psychiatric Technician program
Term hours: 18 lecture and 80 hours (minimum) related employment. This
course provides practical work experience for students caring for
individuals with developmental disabilities in community settings. May be
taken for credit 4 times. Pass/No Pass/Letter Grade Option.

PT 090 C Leadership Supervision and Ethics  0.5 Units

Prerequisite(s): PT 130 C with a grade of C or better.
Corequisite: Completion of or concurrent enrollment in PT 135 C. Term
hours: 9 lecture. This course defines the leadership and supervisory roles
of the mental health professional with focus on the ethical considerations
surrounding work with persons diagnosed with intellectual disabilities and
mental illness.

PT 110 C Nursing Science I  7 Units

Prerequisite(s): Acceptance into the Psychiatric Technology Program
Term hours: 90 lecture and 144 laboratory. This course presents the
fundamental concepts and scientific principles of nursing care. It begins to
prepare students for the safe administration of medications by introducing
them to the modern systems of measurement. Principles discussed in
lecture will be applied in the clinical setting. (CSU)

PT 115 C Nursing Science II  7 Units

Prerequisite(s): Completion of or concurrent enrollment in PT110 C with a
grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course explores the disease
process of medical/surgical conditions relative to etiology, pathology, and
treatment modalities. The therapeutic use of medication, the principles of
nutrition, and the application of the nursing processes are presented in
classroom instruction and implemented in clinical practice. (CSU)

PT 120 C Developmental Disabilities I  7 Units

Prerequisite(s): PT 115 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course explores the theory
and principles directly related to the delivery of care and services to
persons with intellectual/developmental disabilities in the school setting
and vocation education classroom setting in California. Students learn how
to teach self-help and independent living skills to persons with intellectual/
developmental disabilities. (CSU)

PT 125 C Developmental Disabilities II  7 Units

Prerequisite(s): PT 120 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course focuses on the
cause and treatment of behavioral disorders in persons diagnosed with
developmental disabilities. The theory and application of behavior
assessment and intervention techniques is stressed. Behavioral
assessment, teaching strategies, pharmacological interventions and
special dietary needs are also covered. (CSU)
PT 130 C Mental Disabilities I 7 Units
**Prerequisite(s):** PT 125 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course introduces the theory, psychological and mental health concepts of psychiatric nursing while exploring the causes and treatments of mental illness in chronically hospitalized and forensic individuals. Students are tasked with caring for a client diagnosed with a mental illness or developmental disability at the tertiary level of intervention with emphasis placed on assessment, intervention and valid rationale for treatment of long term mental illness. Fee for fingerprinting not to exceed $100. (CSU)

PT 135 C Mental Disabilities II 7 Units
**Prerequisite(s):** PT 130 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course prepares the student to intervene at the primary and secondary levels of treatment in the care of individuals with mental disabilities. Primary interventions include prevention of mental disabilities through the education of individuals at risk, while secondary interventions are aimed at identified clients during periods of increased stress. (CSU)

**Psychology (PSY)**

PSY 101 C Introduction to Psychology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is a scientific consideration of the psychological foundations of behavior. It will investigate psychological development, motivation, sensation, perception, learning, thinking, language, psychological measurement, and principles of mental illness and mental health. Duplicate credit not granted for PSY 101HC. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 110)

PSY 101HC Honors Introduction to Psychology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This Honors-enhanced course is a scientific introduction to the major areas of psychology. These areas include research methodology, consciousness, cognition, memory, perception, sensation, motivation, emotion, learning, development, personality, abnormal psychology, and physiological psychology. Students will examine, demonstrate and critique principles, theories, and research on human cognition, emotion, behavior, and conscious experience. The course uses lecture, multimedia presentation, class discussion, online communication, simulations, online resources, and research projects to enhance the learning experience of students. Duplicate credit not granted for PSY 101 C. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 110)

PSY 110 C Applied Psychology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course examines the principles of psychology and its research as it applies to everyday living. These principles are explored in the context of college life, interpersonal relationships, work and career. Focus areas include adjustment, health, stress, sexuality and psychological disorders. Applied Psychology is not the same as PSY 101 C Introduction to Psychology and cannot be taken in place of PSY 101 C. (UC/CSU, CSU GE, C-ID: PSY 115)

PSY 120 C Human Sexuality 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an overview of the psychological and psychobiological aspects of human sexuality. The course takes an interdisciplinary approach dealing with the entire area of human sexual behavior viewed in the context of the total integrated personality. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 130)

PSY 131 C Cross-Cultural Psychology (formerly PSY 237 C) 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an introduction to culture's influence on human behavior and mental processes. Beginning with an examination of theoretical definitions of culture, the course covers a broad range of theories and research findings regarding cultural influences on human behavior and cognitive processes (life-span development, abnormal behavior and mental health, self-concept, emotion, motivation, learning, intelligence, perception, memory, communication, social cognition, and social behavior). The diversity of human expression is examined in contexts ranging from everyday modes of functioning to family and work relationships. By providing students with a non-judgmental understanding of how culture influences human behavior, this course will make them more equipped to interact in a world where there is increasing contact among different cultures. In addition, students will gain knowledge in cross-cultural research methodology. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

PSY 139 C Developmental Psychology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is a study of emotional, intellectual, social and physical growth patterns from conception to death. It emphasizes an integrated approach to each life phase. It also examines the influence of heredity and environment in the life span. The study also includes applicable theories of development. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 180)

PSY 145 C Child Psychology 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course explores physical, cognitive, communicative/linguistic, and socio-emotional development of the child from conception through adolescence across diverse cultures with emphasis on the learning process. Education and teaching issues related to children are highlighted. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: CDEV 100)

PSY 161 C Probability and Statistics: Social Sciences (same as SOC 161 C) 4 Units
**Prerequisite(s):** MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process.
Term hours: 72 lecture. This course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161HC, SOC 161 C, or SOC 161HC. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 110 and SOCI 125)
PSY 161HC Honors Probability and Statistics-Social Sciences (Same as SOC 161HC)  4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or MATH 024 C or Algebra II with a grade of C or better and the assessment process.
Term hours: 72 lecture. This Honors-enhanced course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161 C, SOC 161 C, or SOC 161HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: MATH 110 and SOCI 125)

PSY 202 C Research Methods in Psychology  4 Units
Prerequisite(s): PSY 101 C and PSY 161 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course encompasses the conceptual, ethical and technical aspects of designing and implementing research in the cognitive, behavioral and social sciences. Concepts are presented for proper application of the scientific method to psychological and social research using quantitative and qualitative techniques. The use of current technology to acquire, process, and analyze data is integrated throughout the course. Emphasis is placed on proper communication and presentation of completed research. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 205B)

PSY 221 C The Brain and Behavior  3 Units
Prerequisite(s): PSY 101 C with a grade of C or better.
Term hours: 54 lecture. This course examines the neurophysiological processes associated with mental processes and behavior. Emphasis is placed on the structure and function of the brain and other central nervous system structures. Related processes such as the autonomic nervous system, the endocrine system and the immune system are also studied. Specific topics studied in the context of the brain include learning, sensation, perception, emotion, motivation, cognition, memory, stress, psychological disorders, and brain dysfunctions. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 150)

PSY 222 C Abnormal Psychology  3 Units
Prerequisite(s): PSY 101 C with a grade of C or better.
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a systematic study of psychopathology. This course presents a scientific survey of the subfield of psychology interested in researching the nature and causes of deviant or unusual human behavior both within and across cultures. This course surveys types of abnormal behavior, the process of assessing and diagnosing abnormal behavior, the therapeutic modalities used to treat abnormal behavior, and the scientific methods used to conduct research on abnormal behavior. This course draws upon DSM diagnostic criteria to classify abnormal behavior, and humanistic, cognitive, behavioral, cross-cultural, psycho-dynamic, and biologically-based models and theories to frame an understanding of abnormal behavior. Issues relating to research, treatment and forensic psychology are considered. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: PSY 120)

PSY 251 C Social Psychology  3 Units
Advisory: Completion of PSY 101 C.
Term hours: 54 lecture. This course examines the basic theories, concepts, and empirical findings in such areas as social perception, social cognition, prejudice, discrimination, interpersonal attraction, conformity and obedience, bystander effects, social aggression, group dynamics, attribution theory, and development of self in the social setting. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 170)

PSY 255 C Psychology of Aging  3 Units
Term hours: 54 lecture. This course examines the biological, physiological, cognitive, personality, developmental, intimacy and sexual aspects of the ongoing aging process. Critical life issues for elders and for those who live and work with them are explored. These issues include physical health, mental health, health care policy, caregiving, dependency and positive aging strategies. (UC/CSU, AA GE, CSU GE, IGETC)

PSY 298 C Psychology Seminar  0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings in a particular semester. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

PSY 299 C Psychology Independent Study  1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Varying hours of scheduled conferences per week according to instructor. This independent study course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic. May be taken for credit 3 times. (UC Credit Limitation/CSU)

Public Health Science (PHS)
Division: Kinesiology
PHS 270 C Nutrition Science and Application 3 Units
Term hours: 54 lecture. This course focuses on nutrition science using biological basis. It includes study of the human diet in the context of disease prevention and enhancement of health. Students will critically evaluate current controversies and global nutrition-related issues. Duplicate credit not granted for PHS 270HC. (CSU/UC, AA GE, CSU GE, C-ID: NUTR 110)

PHS 270HC Honors Nutrition Science and Application 3 Units
Term hours: 54 lecture. This Honors-enhanced course focuses on nutrition science using biological basis. It includes study of the human diet in the context of disease prevention and enhancement of health. Students will critically evaluate current controversies and global nutrition-related issues. Duplicate credit not granted for PHS 270 C. (CSU/UC, AA GE, CSU GE, C-ID: NUTR 110)

PHS 280 C Introduction to Public Health (formerly KIN 280 C) 3 Units
Term hours: 54 lecture. This course provides an introduction to the discipline of public health. Students will gain an understanding of the basic concepts and terminologies of public health, and the history and accomplishments of public health officials and agencies. An overview of the functions of various public health professions and institutions, and an in-depth examination of the core public health disciplines is covered. Topics of the discipline include the epidemiology of infectious and chronic disease; prevention and control of diseases in the community including the analysis of the social determinants of health and strategies for eliminating disease, illness and health disparities among various populations; community organizing and health promotion programming; environmental health and safety; global health; and healthcare policy and management. (CSU/UC, AA GE, CSU GE, C-ID: PHS 101)

PHS 280HC Honors Introduction to Public Health (formerly KIN 280HC) 3 Units
Term hours: 54 lecture. This Honors-enhanced course provides an enhanced comprehensive introduction to the discipline of public health. Students will gain an understanding of the concepts and terminologies of public health, and the history and accomplishments of public health officials and agencies. An overview of the functions of various public health professions and institutions, and an in-depth examination of the core public health disciplines is covered. Topics of the discipline include the epidemiology of infectious and chronic disease; prevention and control of diseases in the community including the analysis of the social determinants of health and strategies for eliminating disease, illness and health disparities among various populations; community organizing and health promotion programming; environmental health and safety; global health; and healthcare policy and management. Duplicate credit not granted for KIN 280 C. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: PHS 101)

PHS 281 C Health and Social Justice (formerly KIN 281 C) 3 Units
Term Hours: 54 hours lecture. This course provides an introduction to the health inequities in the United States that stem from unequal living conditions. Students will explore how education, socioeconomic status, racism and gender shape health epidemics and policy development. Theoretical frameworks will be used to assess and analyze public health issues. Duplicate credit not granted for KIN 281 C. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: PHS 102)

PHS 281HC Honors Health and Social Justice (formerly KIN 281HC) 3 Units
Term Hours: 54 hours lecture. This Honors-enhanced course provides comprehensive and enhanced study of health inequities in the United States that stem from unequal living conditions. Students will explore how education, socioeconomic status, racism and gender shape health epidemics and policy development. Theoretical frameworks will be used to assess and analyze public health issues. Duplicate credit not granted for KIN 281 C. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: PHS 102)

PHS 283 C Women's Health (formerly KIN 283 C) 3 Units
Term Hours: 54 lecture. This course investigates a variety of topics that concern women's health. These include the effect of lifestyle on health; the role of exercise and nutrition in promoting wellness; risk factors for cardiovascular disease, chronic diseases, and cancer; social influences and work trends that affect women; abusive behaviors, sexual harassment, and substance abuse; sexual and reproductive health; and the aging process. Students analyze theoretical and practical information to make healthy lifestyle choices. (CSU/UC Credit Limitation, AA GE, CSU GE)

PHS 284 C Contemporary Personal Health (formerly KIN 284 C) 3 Units
Term Hours: 54 lecture. This course focuses on the exploration of major health issues and behaviors in the various dimensions of health. Emphasis is placed on individual responsibility for personal health and the promotion of informed, positive health behaviors. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety. (CSU/UC Credit Limitation, AA GE, CSU GE, C-ID: PHS 100)

PHS 285 C Global and Community Health (formerly KIN 285 C) 3 Units
Term Hours: 54 lecture. This course explores the primary determinants of global health, inequalities in health status among nations, and current challenges, controversies and public policy priorities. (UC/CSU, AA GE, CSU GE, IGETC)

PHS 286 C Nutrition for Public Health 3 Units
Term hours: 54 lecture. This course is an introduction to nutrition concepts related to public health. It covered key nutrition issues for specific population and the most important nutrition related conditions throughout the lifecycle and their prevention. (CSU/UC, CSU GE, AA GE)

PHS 287 C Case Studies in Public Health 3 Units
Term hours: 54 lecture. This course presents case studies in various themes of public health practice to demonstrate how the principles of public health were established and continue to evolve. (CSU/UC, AA GE)

PHS 294 C Integrative Mental Health and Mindfulness 3 Units
Term hours: 54 lecture. In this course, students will examine mindfulness based meditation practices and how mental health is affected by mindfulness practice. As such, students will look at how lifestyle practices can contribute to mental health and at ways of optimizing mental health. Stress, the stress response, the relaxation response, and implications of neuroplasticity through the lens of interpersonal neurobiology will be examined. (CSU)

PHS 295 C Civic Engagement in Public Health (formerly KIN 289 C) 3 Units
Term hours: 54 lecture. This course focuses on community as a unit of identity, community, well-being, and social justice perspectives and initiatives to promote community health. Addresses community change and improvements in community well-being, with a focus on health equity research for action using principles and practice in the planning, facilitation and evaluation of public health education and trainings. This course covers basic theories and participatory methods, with a focus on meeting the needs of diverse communities and adult learners. (CSU, AA GE)

PHS 296 C Whole Systems Integrative Health 3 Units
Term hours: 54 lecture. In this course, students will study different components of lifestyle that contribute to health: exercise, nutrition, sleep, relationships, resiliency, and spirituality as contributing factors of wellbeing. Health will be considered from a whole person perspective as associated with a state of physical, psychological, and social wellbeing, referred to as a state of wholeness. Thus, we will look at health as a form of auto-poiesis and a system of embodiment. (CSU)
Radiologic Technology (RADT)

RADT 142 C Radiologic Electronics 4 Units
Term hours: 72 lecture. This is a course for students preparing for radiologic technology and medical sonography programs. Basic knowledge of scientific units, the structure of matter, electromagnetic radiation and sound energy, electromagnetism, the imaging system and tube, x-ray production and interaction with matter will be discussed. (CSU)

RADT 146 C Introduction to Radiography 4 Units
Term hours: 72 lecture. This course prepares the student for the radiography program. Material covered in this course include x-ray tube construction and production, radiographic quality and techniques, digital imaging, grid utilization, beam limitation, radiation protection, and quality assurance. (CSU)

RADT 148 C Radiology Imaging Techniques (formerly Radiologic Technology) 4 Units
Prerequisite(s): Admission to Radiologic Technology program.
Term hours: 54 lecture and 54 laboratory. This course offers a study of the principles of radiographic technique, factors influencing radiographic quality, beam restricting devices and grid utilization. Also included are the physics and principles of digital imaging along with artifacts and quality control. Lab includes experiments with technical factors for improved image quality and written image analysis. $50 materials fee payable at registration. (CSU)

RADT 150 C Radiographic Positioning I (formerly Radiologic Positioning) 5 Units
Prerequisite(s): Admission to the Radiologic Technology program.
Term hours: 72 lecture and 54 laboratory. This course offers positioning methods for the upper and lower extremities, pelvis, respiratory system, bony thorax, and abdomen along with practical applications of image evaluation and radiation protection. $50 materials fee payable at registration. (CSU)

RADT 153 C Radiography Patient Care 3 Units
Term hours: 54 lecture. This course is a lecture/demonstration class to teach vital signs, medical emergencies, imaging procedures, aseptic techniques, drug administration, ethics, communication, body mechanics and infection control used by radiology personnel in working with patients. Students will be required to obtain cardiopulmonary resuscitation (CPR) certification from the American Heart Association. (CSU)

RADT 162 C Radiology Special Procedures 3 Units
Prerequisite(s): Satisfactory completion of first semester in the Radiologic Technology Program Completion of or concurrent enrollment in HS 147 C and RADT 148 C and RADT 150 C and RADT 153 C, with a grade of C or better.
Completion of or concurrent enrollment in HS 147 C and RADT 148 C and RADT 150 C and RADT 153 C, with a grade of C or better. Corequisite: RADT 251 C and RADT 247 C, with a grade of C or better. Term hours: 45 lecture and 27 laboratory. This course provides the student with the theory and practice of basic techniques of venipuncture and the administration of contrast media. Emphasis will be placed on the types of contrast agents used for the various radiographic procedures. The student will perform both simulated and live venipuncture for contrast media injection. Basic Pharmacology will be discussed. Special imaging modalities such as: Digital Angiography; Computerized Tomography; Magnetic Resonance Imaging; Medical Sonography; Nuclear Medicine; and Radiation Therapy will be surveyed. $22 materials fee payable at registration. (CSU)

RADT 196 C Selected Topics I 1 Unit
Prerequisite(s): RADT 148 C, and RADT 153 C with a grade of C or better.
Corequisite: RADT 254 C with a grade of C or better. Term hours: 18 lecture. This course is a comprehensive categorical review of radiologic technology to support the student in the clinical internship phase. Topics include patient care, image quality, and radiographic techniques. Case studies will be discussed. (CSU)

RADT 197 C Selected Topics II 1 Unit
Prerequisite(s): RADT 196 C and RADT 254 C with a grade of C or better.
Corequisite: RADT 255 C and RADT 264 C with a grade of C or better. Term hours: 18 lecture. This course is a comprehensive categorical review of radiologic technology to support the student in the clinical internship phase. Topics include of routine and fluoroscopic positioning, special imaging procedures, radiation protection, and radiobiology. Case studies will be discussed. (CSU)

RADT 198 C Selected Topics III 1 Unit
Prerequisite(s): RADT 255 C and RADT 197 C wand RADT 260 C with a grade of C or better.
Corequisite: RADT 256 C with a grade of C or better. Term hours: 18 lecture. This course is a comprehensive review of radiologic technology to support the student in the clinical internship phase. Topics include of quality control and assurance, radiation physics, and medical law and ethics. Case studies will be discussed. (CSU)

RADT 247 C Radiographic Positioning II 5 Units
Prerequisite(s): Satisfactory completion of first semester Radiologic Technology Program. Completion of or concurrent enrollment in RADT 148 C, RADT 150 C, RADT 153 C and HS 147 C, with a grade of C or better.
Completion of or concurrent enrollment in RADT 148 C, RADT 150 C, RADT 153 C and HS 147 C, with a grade of C or better. Corequisite: RADT 162 C and RADT 251 C, with a grade of C or better. Term hours: 72 lecture and 54 laboratory. This course offers positioning methods for the skull, urinary system, vertebral column, and digestive system. Trauma positioning and surgical/mobile techniques are discussed along with image evaluation and radiation protection for all procedures. $33 materials fee payable at registration. (CSU)

RADT 251 C Radiology Externship 7 Units
Prerequisite(s): RADT 148 C and RADT 150 C, with a grade of C or better and satisfactory completion of the first (Fall) semester in the Radiologic Technology Program.
Corequisite: RADT 247 C with a grade of C or better. Term hours: 36 lecture and 288 hours in supervised training in an approved clinical affiliate. This course provides an introduction to specialized imaging exams to include fluoroscopy, hysterosalpingography, pediatrics, orthoroentgenography, mammography, arthrography, and myelography. The clinical externship will provide training in an approved clinical affiliate. (CSU)

RADT 252 C Radiobiology 1.5 Units
Prerequisite(s): RADT 146 C and BIOL 231 C or BIOL 210 C and HS 145 C, with a grade of C or better.
Term hours: 27 lecture. This course is designed to provide the principles of radiation interaction with cells, tissues, and the body as a whole. Factors affecting biological responses are presented, including early and late effects of radiation exposure. The principles of radiation protection along with the responsibilities of the radiographer for patients, personnel, and the public are included. (CSU)
RADT 253 C Radiation Laws and Ethics 1.5 Units
Prerequisite(s): RADT 153 C with a grade of C or better.
Term hours: 27 lecture. This course is an introduction to legal terminology, concepts, and principles for radiographers will be presented. Topics include misconduct, malpractice, legal and professional standards and the scope of practice. The importance of proper documentation and informed consent is emphasized. The student will examine a variety of ethical issues and dilemmas found in clinical practice. (CSU)

RADT 254 C Clinical Internship I 6.5 Units
Prerequisite(s): RADT 162 C, RADT 247 C, RADT 251 C, RADT 252 C and RADT 253 C with a grade of C or better.
Corequisite: RADT 196 C with a grade of C or better. Term hours: 400 laboratory. This course begins the internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training in the Department of Radiology in affiliated hospitals. Internship of approximately 40 hours per week are subject to rearrangement by hospital/facility. Clinical experiences are designed to provide assessment of competent performance of radiologic imaging exams of the chest, abdomen and extremities. (CSU)

RADT 255 C Clinical Internship II 12 Units
Prerequisite(s): RADT 196 C and RADT 254 C with a grade of C or better.
Corequisite: RADT 260 C with a grade of C or better. Term hours: 720 laboratory. This course begins the twelve month continuous internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training in the Department of Radiology. Internship of 40 hours per week extends through intersessions and are subject to rearrangement by hospital/facility. Clinical practice experiences are designed to provide assessment of competent performance of radiologic imaging exams of the spine, extremities and digestive system. (CSU)

RADT 256 C Clinical Internship III 12 Units
Prerequisite(s): RADT 197 C and RADT 255 C and RADT 260 C with a grade of C or better.
Corequisite: RADT 198 C with a grade of C or better. Term hours: 720 laboratory. This course is a continuation of the internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training with the Department of Radiology. Internship of 40 hours per week extends through intersessions and are subject to rearrangement by hospital/facility. Clinical practice experiences are designed to provide assessment of competent performance of radiologic imaging exams of the spine, extremities and digestive system. (CSU)

RADT 260 C Fluoroscopy Permit Course 3 Units
Prerequisite(s): Satisfactory completion of the Summer intersession of the Radiologic Technology Program and RADT 254 C with a grade of C or better.
Term hours: 54 lecture. This course will provide the knowledge to operate fluoroscopy equipment efficiently and safely. Upon successful completion of the course, students will receive a certificate of completion and be eligible to qualify for the California State Technologists Fluoroscopy Permit. (CSU)

RADT 262 C Cross-Sectional Imaging 1 Unit
Term hours: 18 lecture. This course correlates knowledge and practice of diagnostic imaging with cross-sectional anatomy of the brain, skull, chest, thorax, spine, abdomen, and pelvis. Diagnostic imaging includes the ability to work with sonography, computerized tomography, and magnetic resonance imaging. A knowledge of medical terminology and anatomy is recommended. (CSU)

RADT 299 C Imaging Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Lecture/lab hours will vary according to credit given. This course is designed for capable students enrolled in the Radiologic Technology Program or options of the program who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision. (CSU)

Recreation (REC)

REC 100 C Foundations of Recreation and Leisure Services 3 Units
Term hours: 54 lecture. This course is the foundation for an introduction to the broad field of recreation and leisure services. The class will include the relationship of recreation to the individual and society. This class is part of Recreation Assistant Certification. (CSU)

REC 101 C Principles of Community Recreation 3 Units
Term hours: 54 lecture. This course is an introduction to a variety of recreational activities suitable for a community recreation program. The class will study the various agencies and institutions that provide opportunities for community recreation. This course will emphasize interrelationships of these agencies. (CSU)

REC 102 C Recreation Leadership and Diverse Groups 3 Units
Term hours: 54 lecture. This course covers the application and development of leadership skills in the recreation setting. Emphasis on applicable leadership techniques including working with groups consisting of representatives from diverse populations such as those with disabilities or special needs, cultural and social differences, and diversity of all ages. This course is part of Recreation Assistant Certification. (CSU, SOC JUST)

REC 106 C Outdoor Recreation and Camp Counseling 3 Units
Term hours: 54 lecture. This course will emphasize the history, development and trends of organized camping and other outdoor recreation skills. The class will include leadership training in camp counseling with special emphasis on practical skills in camping, fire building, outdoor cooking, tenting, and camp crafts. This class is recommended for recreation majors and students interested in outdoor recreation. (CSU)

REC 298 C Recreation Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This class will utilize a lecture/lab-activity approach to various topics in recreation. A variety of classes will be offered in order to introduce students to new experiences in recreation. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration. (CSU)

Social Sciences (SOSC)

SOSC 298 C Social Sciences Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 and/or 432 laboratory depending on units attempted. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings a particular semester. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)
SOC 299 C Social Science - Independent Study 1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 18 lecture. This independent study course is for students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so he/she could learn more regarding their special topic. May be taken for credit 4 times. (UC Credit Limitation/CSU)

Sociology (SOC)

SOC 101 C Introduction to Sociology 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an analysis of human relationships through a study of cultural origins, personality development, social interaction, community organization, collective behavior, institutional growth, social change, and social movements. Duplicate credit not granted for SOC 101HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 110)

SOC 101HC Honors Introduction to Sociology 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an enhanced version of Introduction to Sociology for honors students. This course is an analysis of human relationships through a study of cultural origins, personality development, social interaction, community organization, collective behavior, institutional growth, social change, and social movements. Duplicate credit not granted for SOC 101 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 110)

SOC 102 C Social Problems 3 Units
Advisory: Completion of SOC 101 C and eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an identification and analysis of selected contemporary social problems in American society and around the world. It includes problems of overpopulation, environmental destruction, war, race, poverty, sex inequality, aging, drug abuse, health, crime and violence. Alternative approaches to the resolution of these problems and identification of institutions and organizations involved in their resolution are emphasized. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 115)

SOC 125 C Sociology Research Methods 3 Units
Prerequisite(s): SOC 101 C with a grade of C or better.
Advisory: Completion of MATH 120 C or PSY 161 C or SOC 161 C.
Term hours: 54 lecture. This course examines fundamental elements of quantitative and qualitative empirical research and the social science use of critical thinking. The scientific methods include attention to the role of theory in research, hypotheses, variables, sampling, data collection, analysis, research ethics, and written results. Application of analytic tools include logic and research design, such as survey, observation, experiments, case study, and comparative historical research. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: SOC120)

SOC 161 C Probability and Statistics-Social Sciences (same as PSY 161 C) 4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or MATH 024 C or Algebra II with a grade of C or better and the assessment process.
Term hours: 72 lecture. This course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161 C, PSY 161HC, or SOC 161HC. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: MATH 110 and SOCI 125)

SOC 161HC Honors Probability and Statistics-Social Sciences (Same as PSY 161HC) 4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or MATH 024 C or Algebra II with a grade of C or better.
Term hours: 72 lecture. This Honors-enhanced course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161 C, PSY 161HC, or SOC 161HC. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: MATH 110 and SOCI 125)

SOC 225 C Sociology of Women 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers an identification and analysis of the status of women in American society. Sociological issues pertinent to the conditions of women are examined, such as the social construction of gender, feminism, women's health, sexuality, relationships, employment, and familial roles. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 140)
SOC 250 C Sociology of Aging  3 Units
Term hours: 54 lecture. This course explores the concept of aging and sociological/cultural theories of aging. The gender, cross-cultural, economic, political and social policy aspects of aging in society and the world are examined. Critical life issues for elders and for those who live and work with them are explored. These issues include empowerment, care giving, social support, living arrangements, elder abuse, work, retirement, quality of life and death and dying. (UC/CSU, AA GE, CSU GE, IGETC)

SOC 275 C Marriage and Family  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a study of the sociological factors involved in family relationships, courtship, marital adjustments and parenthood. This course examines various patterns of marriage and families within the United States. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 130)

SOC 277 C Sociology of Religion  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an analysis of religion as a social institution. Emphasis will be placed on the influence that religion has on American society by examining the role religion plays in people's lives, and legitimate existing social and economic arrangements. (UC/CSU, AA GE, CSU GE, IGETC)

SOC 280 C Media, Culture, and Society  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a critical analysis of media and culture from a sociological perspective, including the ways in which media is shaped and influenced by society, culture and individuals. Topics include the role of media in ideology, identity and interaction; race, class and gender; economics and politics; social change, technology and globalization. (UC/CSU, AA GE, CSU GE, IGETC)

SOC 290 C Sociology of Contemporary Race and Ethnic Relations  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a sociological analysis of race, ethnicity and racism. Coursework includes an examination of cultural, political, and economic practices and institutions that support or challenge racism, racial and ethnic inequalities, as well as patterns of interaction between various racial and ethnic groups. (UC/CSU, AA GE, CSU GE, IGETC, SOCI JUST)

SOC 292 C Introduction to Criminology  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course presents a scientific analysis of the nature, extent, and causes of violations of societal rules of behavior that are formally defined as crime and delinquency. The course includes an analysis of the theoretical perspectives that led to the development of criminal law and the administration of criminal justice, the patterns of criminality and delinquency, the impact of crime on social change, and the labeling, identification, characteristics, and the treatment of criminals and delinquents. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 160)

SOC 298 C Sociology Seminar  0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 432 laboratory depending on units attempted. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings in a particular semester. Pass/No Pass/Letter Grade Option or Standard Letter Grade. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

SOC 299 C Sociology Independent Study  1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 18 lecture. This independent study course is for students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. Students would then contact the supervising instructor to develop a learning contract for their particular interest so that they could learn more regarding their chosen specific topic. (UC Credit Limitation/CSU)

Spanish (SPAN)

SPAN 098 C Spanish Seminar  0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Letter Grade Option. Fees may be required and payable at registration.

SPAN 101 C Elementary Spanish I  5 Units
Term hours: 90 lecture. This course focuses on the acquisition of the four basic skills in language learning: listening comprehension, speaking, reading, and writing. Students will be introduced to the culture and geography of Spain and Latin America. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE, C-ID: SPAN 100)

SPAN 102 C Elementary Spanish II  5 Units
Prerequisite(s): SPAN 101 C with a grade of C or better or one year of high school Spanish with a grade of C or better is recommended.
Term hours: 90 lecture. This course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of Spain and Latin America through lectures, slides, films, and reading and writing assignments. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE, IGEC, C-ID: SPAN 110)

SPAN 200 C Conversational Spanish  2 Units
Prerequisite(s): SPAN 102 C with a grade of C or better.
Term hours: 36 lecture. This course emphasizes extensive practice in oral expression and listening comprehension at intermediate and advanced levels of competency. The materials used facilitate discussions on cultural appreciation, history, and geography of Spain and Latin America. Students will watch films and read articles from magazines, newspapers, and other current material. This course is conducted in Spanish. Pass/No Pass or Letter Grade Option. (CSU, AA GE, CSU GE)
SPAN 201 C Spanish for Spanish Speakers I  5 Units
Prerequisite(s): A native or near-native speaking knowledge of Spanish for those who have had little or no formal education in the language.
Term hours: 90 lecture. This course is designed to address the language needs of students with Spanish-speaking background who have little or no formal training in Spanish. Emphasis will be placed on composition, advanced reading comprehension, standard vs. vernacular usages, and cross-language interference. The course's aim is to reinforce oral expression and comprehension, develop writing skills, build a wider base vocabulary by reading Spanish language literature. Duplicate credit not granted for SPAN 101 C/102 C. Pass/No Pass or Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: SPAN 220)

SPAN 202 C Spanish for Spanish Speakers II  5 Units
Prerequisite(s): SPAN 201 C
Term hours: 90 lecture. This course is designed for students who are fluent in spoken, informal Spanish and who need to improve their writing, reading, and grammar skills. It furthers the mastery of formal, written communication in Spanish at the intermediate/advanced level while integrating in Hispanic, Latin American, and Chicano culture through increased practice in intermediate/advanced level readings. The course focuses on language challenges that Spanish speakers still encounter at the intermediate/advanced level, such as orthography, the inappropriate mix of English and Spanish in specific contexts, and standard Spanish as contrasted to regional variations. This course is conducted entirely in Spanish. Duplicate credit not given for SPAN 203 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: SPAN 230)

SPAN 203 C Intermediate Spanish III  4 Units
Prerequisite(s): SPAN 102 C with a grade of C or better or two years of high school Spanish with a grade of C or better required.
Term hours: 72 lecture. This course introduces the student to the more formal aspects of cultural appreciation through a selection of readings by modern Spanish and Spanish American authors. It also provides extensive practice in oral and written expression and a thorough review of grammatical concepts. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: SPAN 200)

SPAN 204 C Intermediate Spanish IV  4 Units
Prerequisite(s): SPAN 203 C or three years of high school Spanish with a grade of C or better.
Term hours: 72 lecture. This course continues to emphasize acquisition of the more formal aspects of cultural appreciation through a selection of advanced readings by modern Spanish and Spanish American authors. It also provides extensive practice in oral and written expression and a thorough review of grammatical concepts. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: SPAN 210)

SPAN 298 C Spanish Seminar  0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Letter Grade option. Fees may be required and payable at registration. (CSU/UC Credit Limitation)

SPAN 299 C Spanish Independent Study  0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
This course is designed for able students who wish to increase their knowledge of the Spanish Language through individual study or research. Unit credit may range from ½ to 2 units in any given semester. Consult the class schedule to verify credit for a particular term. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation)

Theatre Arts (THEA)

THEA 100 C Introduction to the Theater  3 Units
Term hours: 54 lecture. This course is designed for those who wish to explore the arts with special attention given to a survey of all the contributing elements. The course prepares the student for other course offerings in the theater curriculum. Pass/No Pass/Letter Grade Option. Admission to theater performance not to exceed $50.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: THTR 111)

THEA 101 C Play Analysis  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. A basic approach to the analysis of a play script, intended to provide theatre students with the tools necessary to understand the literary text of a play, its structure and its application to work in performance, design and critical/historical studies. Admission to theater performances not to exceed $50.00. (UC/CSU, AA GE, IGETC/C-ID: THTR 114)

THEA 102 C World Theater History I  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. In this course, students will investigate the influence of differing cultures, traditions, and technologies on the development of the theater as a social institution through comparative study of plays, historical events, and the theatrical environment. Theater practice from its origins through the mid 18th century will be studied. Plays are read for analysis of structure, plot, character and historical relevance. Admission to theater performances not to exceed $50. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: THTR 113)

THEA 107 C Diversity in American Theater  3 Units
Advisory: ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers America's ethnic, racial and cultural heritages and the struggles for social equality that have shaped American theater, literature and performance will be explored. Duplicate credit not given for THEA 107HC. Admission to theater performance not to exceed $50. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

THEA 107HC Honors Diversity in American Theater  3 Units
Advisory: ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. ThisHonors-enhanced course is an enhanced study of America's ethnic, racial and cultural heritages and the struggles for social equality that have shaped American theater, literature and performance. Duplicate credit not given for THEA 107 C. Admission to theater performance not to exceed $50. (UC/CSU, AA AS, CSU GE, IGETC, SOC JUST)

THEA 108 C Playwriting (formerly Stage and Screenwriting)  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. In this course, beginning playwrights discover the basic craft of writing plays. This course will concentrate on student's current work and illustrations will be drawn from contemporary plays. Admission to theatre performances not to exceed $50. (CSU, AA GE)

| THEA 124 C        | Acting II                                         | 3     | **Prerequisite(s):** THEA 120 C with a grade of C or better or Audition  
**Advisory:** Concurrent enrollment or completion of THEA 121 C or THEA 129 C  
Term hours: 36 lecture and 72 laboratory. In this course, actors will proceed to a more advanced exploration and mastery of the basic craft of acting. Students will learn specific skills for preparing a role and for creating and experiencing the imaginative realities that fulfill a script. Admission to theater performances not to exceed $50.00. (UC/CSU, CSU GE) |
| THEA 125 C        | Acting III                                        | 3     | **Prerequisite(s):** THEA 124 C with a grade of C or better,  
Term hours: 36 lecture and 72 laboratory. In this course, students will proceed to an advanced exploration and mastery of the basic craft of acting with an emphasis on fulfilling the demands of characterization. Admission to theater performances not to exceed $50.00. (UC/CSU) |
| THEA 126 C        | Musical Theater Techniques I                      | 3     | Term hours: 36 lecture and 72 laboratory. In this course, students will investigate performance techniques of musical theater as they relate to the onstage performer. Established musical theater repertoire will be covered and performance in a workshop setting of musical theater literature is required. Admission to theater performances not to exceed $50.00. (UC/CSU, AA GE, CSU GE) |
| THEA 127 C        | Musical Theater Techniques II                     | 3     | **Prerequisite(s):** Audition  
**Advisory:** THEA 126 C  
Term hours: 36 lecture and 72 laboratory. In this course, students will explore the synthesis of singing and movement as it applies to musical theater performance and auditions. This course is designed for the performance oriented student. Admission to theater performances not to exceed $50.00. (UC/CSU) |
| THEA 128 C        | Acting for the Camera                             | 2     | Term hours: 18 lecture and 54 laboratory. In this course, students will master the fundamental craft of acting for television and feature film. Guidelines for solving the specific demands the camera makes on the actor will be stressed. Admission to theater performances not to exceed $50.00. (UC/CSU) |
| THEA 129 C        | Voice and Diction                                | 3     | Term hours: 54 lecture. This is a course in the study of and exercise in voice production and articulation with the goal of producing Standard American speech. Special attention is given to diction for actors, classroom teachers and students with minor speech defects. Admission to theater performances not to exceed $50.00. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE) |
| THEA 130 C        | Acting Workshop                                  | 2-3   | **Prerequisite(s):** Audition  
Term hours: 108-162 laboratory TBA depending on units attempted. This performance workshop course will emphasize the application of the principles and the craft of creative acting. Faculty and theater students will initiate and prepare performance projects for an invited audience and for theater festival competition. This course may be taken three times for credit. (UC/CSU/CSU GE) |
| THEA 132 C        | Musical Theater Performance I                     | 2-3   | **Prerequisite(s):** Audition  
Corequisite: THEA 149 C or THEA 150 C or THEA 151 C or THEA 152 C with a grade of C or better. Term hours: 126-162 laboratory TBA depending on units attempted. In this course, students will participate in the preparation of a musical production through acting, singing, dancing and/or instrumental accompaniment. Performers will make use of production elements and performance techniques. (UC/CSU, AA GE, CSU GE, C-ID: THTR 191) |
| THEA 133 C        | Rehearsal Performance I                           | 2-3   | **Prerequisite(s):** Audition  
Term hours: 108-162 laboratory TBA. This course teaches the practical application of acting and production techniques, i.e., acting, stage managing, backstage operations. Students participate in the rehearsal and performance of a public production occurring in the Theater Arts Department. (UC/CSU, AA GE, CSU GE/C-ID: THTR 191) |
| THEA 134 C        | Auditions for Theater and Film                    | 1     | **Prerequisite(s):** Audition  
Term hours: 18 laboratory. In this course, theater students will create and then perform audition presentations that demonstrate their proficiency in the fundamental skills of acting and auditioning. (CSU) |
| THEA 135 C        | Musical Theater Performance II                    | 2-3   | **Prerequisite(s):** Audition  
Term hours: 126-162 laboratory TBA depending on units attempted. In this course, students will participate in the development of a musical theater production from rehearsal to public performance. They will synthesize singing, dancing and acting techniques into a cohesive performance. (UC/CSU) |
| THEA 136 C        | Rehearsal Performance II                          | 2-3   | **Prerequisite(s):** Audition  
Term hours: 108-162 laboratory TBA. This performance course concentrates on training students in the intermediate skills required of performing and preparing a public performance for the Theater Department. Production support in the areas of stage management, backstage operations, sound, makeup, costumes and house management are also taught. (UC/CSU) |

<td></td>
<td>Term hours: 36 lecture and 54 laboratory. This course is an introduction to two-dimensional and three-dimensional computer-aided design/ drafting, and visualization for stage designers. Emphasis is placed on scenic drawings, light plots, creating and organizing industry-standard paperwork and documentation, for live productions. Admission to theatre performances not to exceed $50. (CSU/UC)</td>
</tr>
</tbody>
</table>
THEA 220 C Acting IV  3 Units
**Prerequisite(s):** THEA 125 C with a grade of C or better.
**Advisory:** THEA 121 C or THEA 129 C.
Term hours: 36 lecture and 72 laboratory. In this course, students will develop and practice the fundamental skills required to perform dramatic literature that varies from classical texts to contemporary plays. Admission to theater performances not to exceed $50. (CSU/UC)

THEA 225 C Directing for the Theater  3 Units
**Advisory:** ENGL 060 C
Term hours: 36 lecture and 72 laboratory. In this course, the director's purpose in the theater will be examined through current craft approaches and through a historical context. Practical experience in directing through class projects will be stressed. Admission to theater performances not to exceed $50.00. (UC/CSU)

THEA 226 C Musical Theater Techniques III  3 Units
**Prerequisite(s):** THEA 127 C
In this course, the musical theater actor will examine various styles of musical theater as they apply to both solo and scene work. The research and performance of musical theater literature that varies from legitimate standard to pop contemporary styles will be required. Admission to theater performances not to exceed $50.00. (UC/CSU)

THEA 227 C Musical Theater Techniques IV  3 Units
**Prerequisite(s):** THEA 226 C with a grade of C or better or audition.
Term hours: 36 lecture and 72 laboratory. In this course, the musical theater actor will analyze the script and score of a piece of musical theater repertoire and develop a performance using advanced musical theater techniques. Admission to theater performances not to exceed $50. (UC/CSU)

THEA 228 C Advanced Acting for the Camera  2 Units
**Prerequisite(s):** THEA 128 C with a grade of C or better or Audition.
Term hours: 18 lecture and 54 laboratory. In this course, students will continue their exploration and mastery of craft approaches for television and film acting, including, but not limited to advanced character development and special problems in performance preparation. Admission to Theater Performances not to exceed $50.00. Pass/No Pass/Letter Grade Option. (CSU)

THEA 230 C Directing Actors for Film and TV  2 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 18 lecture and 54 laboratory. In this course, student directors will analyze screenplays and characters for the purpose of directing actors. Emphasis on staging scenes for the camera to elicit the best possible performances from the actors. (CSU)

THEA 232 C Musical Theater Performance III  2-3 Units
**Prerequisite(s):** Audition.
**Advisory:** THEA 149C or THEA 150C or THEA 151C or THEA 152C.
Corequisite: THEA 149C or THEA 150C or THEA 151C or THEA 152C, with a grade of C or better. Term hours: 126-162 laboratory TBA depending on units attempted. In this course, students will prepare a work of musical theater for public performance through play analysis, character analysis, style analysis and rehearsal, using vocal skills, choreographic movement and acting techniques. (CSU)

THEA 233 C Musical Theater Performance IV  2-3 Units
**Prerequisite(s):** Audition.
Corequisite: THEA 149C or THEA 150C or THEA 151C or THEA 152C, with a grade of C or better. Term hours: 108-162 laboratory TBA. In this course, students will prepare and perform a work of musical theater for public performance focusing on script obligations, character relationship, external and internal focus techniques, performance style choices and physical expression character driven action. (UC/CSU)

THEA 234 C Rehearsal Performance III  2-3 Units
**Prerequisite(s):** Audition.
Term hours: 108-162 laboratory TBA. This is a performance oriented course that concentrates on training students in the methodology and advanced skills of ensemble acting during a rehearsal period. Production support in the areas of stage management, backstage operations, sound, makeup, costumes, and house management are also introduced by practical involvement in the unique demands of producing an ensemble performance. (UC/CSU)

THEA 235 C Experimental Theater  2 Units
Term hours: 108 laboratory. This course consists of short-term projects in theater production (selection to be made by the department). Projects may include student-directed, one act plays, touring shows and improvisational theater shows. (UC/CSU)

THEA 236 C Summer Theater Workshop I  1-2 Units
**Prerequisite(s):** Audition.
Pass/No Pass/Letter Grade option. Term hours: 54-108 laboratory. This performance laboratory course will introduce students to the basic skills of new play development and innovative performance works. Faculty and theater students will evaluate, create and prepare performance projects for an invited audience. (CSU/UC)

THEA 237 C Summer Theater Workshop II  1-2 Units
**Prerequisite(s):** Audition.
Pass/No Pass/Letter Grade option. Term hours: 54-108 laboratory. This performance laboratory course will introduce students with the intermediate skills of new play development and innovative performance works. Faculty and theater students will evaluate, create and prepare performance projects for an invited audience. Pass No/Pass Letter Grade Option. (CSU/UC)

THEA 238 C Rehearsal Performance IV  2-3 Units
**Prerequisite(s):** Audition.
Corequisite: THEA 149C or THEA 150C or THEA 151C or THEA 152C, with a grade of C or better. Term hours: 108-162 laboratory TBA. In this course, students will explore and develop further the advanced skills required for performance goals. Production skills in the areas of stage management, backstage operations, sound, makeup, costumes, and house management are acquired by practical involvement through performances. (UC/CSU)

THEA 247 C Prosthetic Makeup  3 Units
**Prerequisite(s):** THEA 147 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. In this course, students will explore the techniques of special effects makeup. The basic construction of foam latex appliances, wounds and burns, bald cap application, and ventilated hair construction will be utilized. $150 Materials Fee - Payable at Registration. (CSU)
THEA 298 C Theater Arts Seminar 0.5-12 Units
*Prerequisite(s):* May be required.
*Corequisite(s):* May be required.
*Advisory:* May be required.
Term hours: 0-216 lecture and/or 864 laboratory depending on units attempted. Various courses may be offered from semester to semester which are designed to meet the interests and needs of the students. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration or for admission to theater performances. (UC Credit Limitation/CSU)

THEA 299 C Theater Arts-Independent Study 0.5-2 Units
*Prerequisite(s):* Approved Independent Study Learning Contract
Term hours: 8-36 lecture depending on units attempted. This course is designed for students who wish to increase their knowledge of theater and/or theatrical practices through individual study or research. May be taken for credit 4 times. (UC Credit Limitation/CSU)

Degrees and Certificates

Listed below are programs of study offered by Cypress College and requirements for specific certificates and degrees.

Students are encouraged to meet with an academic counselor for individual education planning.

- Certificates with less than a total of 18 units will not appear on college transcripts.
- Certificates with a total of 18 or more units will be noted on transcript as Certificate of Achievement.

Any request for a course substitution or waiver may be discussed with a counselor and must be submitted for approval to the Admissions and Records Office.

NOTE: For students wanting to transfer to a university, schedule an appointment with a counselor. Students may also reference www.assist.org (https://catalog.nocccd.edu/cypress-college/degrees-certificates/www.assist.org). Degrees and certificate programs are listed below by Instructional Divisions.

### A
- ACCOUNTING (p. 171)
- ADMINISTRATION OF JUSTICE (p. 173)
- AIR CONDITIONING AND REFRIGERATION (p. 176)
- ANTHROPOLOGY (p. 182)
- ART (p. 187)
- ASIAN STUDIES (p. 194)
- AUTOMOTIVE COLLISION REPAIR (p. 194)
- AUTOMOTIVE TECHNOLOGY (p. 196)
- AVIATION AND TRAVEL CAREERS (p. 207)

### B
- BIOLOGY (p. 223)
- BUSINESS ADMINISTRATION (p. 226)

### C
- CHEMISTRY (p. 227)
- CHINESE (p. 229)
- COMMUNICATION STUDIES (p. 230)
- COMPUTER INFORMATION SYSTEMS (p. 233)
- COMPUTER SCIENCE (p. 245)
- CONTINUING EDUCATION PROGRAM (p. 246)
- COUNSELING AND STUDENT DEVELOPMENT (p. 246)
- COURT REPORTING (p. 254)

### D
- DANCE (p. 264)
- DENTAL ASSISTING (p. 268)
- DENTAL HYGIENE (p. 271)
- DIAGNOSTIC MEDICAL SONOGRAPHY (p. 277)

### E
- ECONOMICS (p. 280)
- EDUCATION (p. 282)
- ENERGY SUSTAINABLE TECHNOLOGY (p. 283)
- ENGINEERING (p. 285)
- ENGINEERING TECHNOLOGY (p. 287)
- ENGLISH (p. 289)
- ENGLISH AS A SECOND LANGUAGE (ESL) (p. 295)
- ETHNIC STUDIES (p. 301)

### F
- FOREIGN LANGUAGE (p. 309)
- FRENCH (p. 309)

### G
- GEOGRAPHY (p. 310)
- GEOLOGY (p. 313)

### H
- HEALTH INFORMATION TECHNOLOGY (p. 316)
- HEALTH SCIENCE (p. 320)
- HEALTH SCIENCE - CONTINUING EDUCATION (p. 323)
- HISTORY (p. 323)
- HOTEL - RESTAURANT - CULINARY ARTS (p. 326)
- HUMAN SERVICES (p. 335)

### I
- INDUSTRIAL EDUCATION TEACHING (p. 341)
- INTERDISCIPLINARY STUDIES (p. 341)

### J
- JAPANESE (p. 343)
- JOURNALISM and MEDIA STUDIES (p. 344)

### K
- KINESIOLOGY (p. 347)

### L
- LATIN AMERICAN STUDIES (p. 362)
- LIBERAL STUDIES (p. 362)
- LIBRARY (p. 362)

### M
- MANAGEMENT (p. 363)
- MARKETING (p. 366)
- MATHEMATICS (p. 368)

Counselor
Robert Grantham

Accounting Transfer Program (AS-T Business Administration)

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Accounting Associate in Science Degree (p. 172)
- Accounting Certificate (p. 173)

Courses

ACCT 011 C Payroll Accounting 2 Units
Prerequisite(s): ACCT 101 C with a grade of C or better.
Term hours: 36 lecture. This course is a thorough study of payroll computation techniques and payroll taxes. The course is of a non-technical nature and is intended to give students a practical working knowledge of current payroll tax laws. Pass/No Pass/Letter Grade Option.

ACCT 101 C Financial Accounting 5 Units
Prerequisite(s): MATH 040 C or MATH 041 C with a grade of C or better.
Term hours: 90 lecture. This beginning accounting course meets transfer requirements to four-year colleges and universities and provides a foundation for vocational accounting or other areas of business administration. This course describes and illustrates financial accounting theory and principles, including classification of accounts, recording of financial transactions, presentation and analysis of financial statements, and fundamentals of the accounting cycle as applied to service and merchandising enterprises. Credit by Examination. (CSU/UC, C-ID: ACCT 110)

ACCT 102 C Managerial Accounting 5 Units
Prerequisite(s): MATH 040 C or MATH 041 C with a grade of C or better.
Term hours: 90 lecture. This course is the study of how managers use accounting information in decision-making, planning, directing operations and controlling. Focuses on cost terms and concepts, cost behavior, cost structure and cost-volume-profit analysis. Includes issues relating to cost systems, cost control, profit planning, and performance analysis in manufacturing and service environments. (UC/CSU/C-ID: ACCT 120)

Cypress College certifies that all courses numbered 100 C through 299 C in the following divisions are baccalaureate-level classes and are transferable to any campus of the California State University system for credit toward its baccalaureate degrees:

- Business and Computer Information Systems
- Career Technical Education
- Counseling and Guidance
- Fine Arts
- Health Science
- Kinesiology
- Language Arts
- Science/Engineering/Mathematics
- Social Sciences

Note: All Honors classes offered at Cypress College are transferable to any campus of the California State University system.
ACCT 107 C Computerized Accounting with QuickBooks

Advisory: ACCT 101 C

Term Hours: 54 lecture. This course will introduce students to basic financial record keeping software using the double-entry system for recording transactions. Emphasis will be placed on how to use accounting application software in a small business environment. (CSU)

ACCT 190 C Accounting Systems Design and Applications

Preerequisite(s): ACCT 101 C with a grade of C or better.

Advisory: Knowledge of spreadsheet software recommended

Term hours: 54 lecture and 18 laboratory. The course offers the student a hands-on approach to computerized accounting. Students will explore different manual and computerized accounting systems such as General Ledger, Accounts Receivable, Accounts Payable, Payroll and Inventory. $3.00 Material Fee-Payable at Registration. (CSU)

ACCT 201 C Intermediate Accounting

Pre prerequisite(s): ACCT 101 C with a grade of C or better.

Term hours: 54 lecture. This course provides an in-depth analysis of accounting theory and practice. Emphasis is placed on the changing nature of principles and practices, the application of present-value concepts, the complexity of transactions that arise in a multifaceted economic environment, and the use of accounting information in decision making. (CSU)

ACCT 202 C Cost Accounting

Pre prerequisite(s): ACCT 102 C with a grade of "C" or better.

Term hours: 54 lecture. This course covers the nature, objectives, and procedures of cost accounting and managerial control of operations. It includes job, process, and standard costing; accounting for manufacturing overhead, direct materials and direct labor; budgeting; and cost records and reports. (CSU)

ACCT 204 C Accounting - Government and Nonprofit Entities

Pre prerequisite(s): ACCT 101 C with a grade of C or better.

Term hours: 54 lecture. This course introduces financial accounting concepts as they apply to governmental and not-for-profit entities, such as federal, state and local governments, school districts, universities, hospitals, religious, and social service organizations. The focus is on the principles and procedures of accounting, financial reporting, budgeting, and auditing requirements. (CSU)

ACCT 205 C Ethics in Accounting

Pre prerequisite(s): ACCT 101 C with a grade of C or better.

Term hours: 54 lecture. This course analyzes the concepts of ethical reasoning related to the decision making process for ethical theory, code of conduct, financial accounting reporting, and ethics in auditing, management accounting, and tax accounting. This course is for students pursuing an accounting certificate or degree, and for students looking to satisfy the accounting ethics requirement for the CPA exam. (CSU)

ACCT 295 C Accounting Internship

Advisory: ACCT 101 C.

Term hours: 18-54 lecture. This is a variable unit course designed to give students credit who are already interns at the introductory accounting internship level while concurrently enrolled in related course(s). This course is designed to provide quality students with various forms of practical job experience as part of their formal education. For each unit of credit, a minimum of 30 worksite internship hours is required. The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, and C-Critical Thinking, Problem Solving, and Information Competency Skills; specifically, the following ISLO/PSLO subcategories: A1-Business and Computer Information Systems, B1-Reading, B2-Writing, B3-Communicating, C1-Analysis, C2-Computation, and C5-Technology.

A student who completes the Accounting field of study will be able to:

- Acquire problem analysis skills including analyzing transactions, performing break even analysis, and utilizing accounting software to design suitable solutions.
- Enhance their employment opportunity in the specific area of accounting.

Accounting Associate in Science Degree

PROGRAM CODE: 1S03761

The Accounting Associate in Science Degree is designed to prepare the student for employment in the field of general bookkeeping and accounting. A graduate from this program should be equipped to meet the demands of any organization requiring skills in general accounting, cost accounting and analysis of financial information.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the Social Justice, Equity and Sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 34 units.

---

**Administration of Justice**

**Division: Career Technical Education**

**Division Dean**

(Vacant)

**Counselors**

- Dr. Jane Jepson
- Jeannie Mitsch
- Cassie Rodriguez

**Administration of Justice Program**

The Administration of Justice Associate in Science for Transfer Degree and the Homeland Transportation Security Certificate in the Aviation & Travel Career Department prepare students to enter careers in criminal justice, corrections, forensic science, critical incident response, emergency management, security and loss prevention, law enforcement, human relations, procedural reporting, and homeland security. Learning methodologies are industry based with an emphasis in hands-on, real-life approaches that create an awareness of social and community issues in an effort to improve quality of life.

**Degrees and Certificates**

- Administration of Justice Certificate (p. 175)
- Associate in Science in Administration of Justice for Transfer Degree (AS-T) (p. 174)
Law, Public Policy and Society Associate in Arts Degree for Transfer (p. 175)

Courses

AJ 110 C Introduction to Criminal Justice 3 Units
Term hours: 54 lecture. This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces which have shaped those principles and approaches. Although justice structure and process is examined in a cross cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies. (UC/CSU, AS GE, CSU GE, IGETC, C-ID: AJ 110)

AJ 120 C Concepts of Criminal Law 3 Units
Prerequisite(s): Completion of or concurrent enrollment in AJ 110 C with a grade of C or better
Term hours: 54 lecture. This course offers an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. This course utilizes case law and case studies to introduce students to criminal law. The completion of this course offers a foundation upon which upper-division criminal justice course will build. The course will also include some limited discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes. (UC/CSU, AS GE, CSU GE, IGETC, C-ID: AJ 120)

AJ 140 C Criminal Investigation 3 Units
Term hours: 54 lecture. This course addresses the techniques, procedures, and ethical issues in the investigation of crime, including organization of the investigative process, crime scene searches, interviewing and interrogating, surveillance, source of information, utility of evidence, scientific analysis of evidence and the role of the investigator in the trial process. (UC/CSU, C-ID: AJ 140)

AJ 160 C Community and the Justice System 3 Units
Term hours: 54 lecture. This course examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. Topics may include the consensus and conflicting values in culture, religion, and law. (UC/CSU, CSU GE, IGETC, SOC JUST, C-ID: AJ 160)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSSLO subcategories: A1-Career Technical Education, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

Administration of Justice Associate in Science Degree for Transfer (AS-T)

Division: Social Sciences

Requirements

PROGRAM CODE: 1S37048

The Administration of Justice Associate in Science Degree for Transfer (AS-T in AJ) is designed to provide students the opportunity to transfer to a California State University (CSU) and major in Administration of Justice or Criminal Justice. The Administration of Justice discipline examines the structure, functions, laws and procedures, and decision-making processes of agencies that deal with crime management, such as police, prosecutors, courts, and correctional facilities. This curriculum offers students the opportunity to learn skills necessary for working with local, state, or federal law enforcement agencies and will demonstrate commitment to the field and provide comprehensive preparation for upper-division work. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college’s or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “Associate Degree for Transfer,” a newly established variation of the associate degrees traditionally offered at a California community college.

The AS-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit”) major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system.

To earn an AS-T in Administration of Justice, students must complete the following requirements:

1. A minimum of 18 semester units or 27 quarter units in the major or area of emphasis with a grade of C or better in those courses;
2. California State University General Education Breadth requirements (CSU-GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC);
3. Completion of 60 semester units or 90 quarter CSU transferable units;
4. Students must have a minimum overall grade point average (GPA) of 2.0.
5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better.

The following courses are required for major completion:

## Law, Public Policy and Society Associate in Arts Degree for Transfer (AA-T)

**Division:** Career Technical Education

**PROGRAM CODE:** 1A39650

The Law, Public Policy and Society Associate in Arts Degree for Transfer has been identified as good preparation for law school upon completion of a bachelor's degree. This interdisciplinary area of emphasis emphasizes the development of communication skills, introduces students to the legal field, and prepares students for further study in a variety of majors. Students who opt to pursue this course of study are encouraged to engage in further exploration of one or more specific majors as they select electives for degree completion. This curriculum specifically prepares the prospective transfer student for upper division coursework in a variety of majors such as: American Studies, Communications, Criminal Justice, Criminology, Global Intelligence and National Security, International Relations, Philosophy, Political Science, Social and Behavioral Sciences or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. **Note:** Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college.

Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should...
consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn this degree, students must complete the following requirements:

1. 33-34 semester units or 49.5-51 quarter units in the major or area of emphasis as determined by the community college district;
2. earn a grade of C or better in all courses required for the major or area of emphasis;
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern;
4. 60 semester or 90 quarter CSU-transferable units;
5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
6. obtainment of a minimum grade point average (GPA) of 2.0.

Counselors
Dr. Jane Jepson
Jeannie Mitsch
Industrial Technology Transfer Program

Air Conditioning Systems Option

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Air Conditioning and Refrigeration Associate in Science Degree (p. 179)
- Air Conditioning and Refrigeration Certificate (p. 179)
- Air Conditioning and Refrigeration Project Management Certificate (p. 180)
- Air Conditioning Codes and Estimating Certificate (p. 180)
- Air Conditioning Customer Service Certificate (p. 180)
- Commercial Air Conditioning Certificate (p. 181)
- Commercial Refrigeration Certificate (p. 181)
- Heat Pump Certificate (p. 181)
- HVAC Automated Environment Controls Certificate (p. 182)
- HVAC Building Commissioning Certificate (p. 182)
- HVAC Codes and Estimating Certificate (p. 182)

Courses

AC/R 036 C Refrigeration Certification Training (formerly titled Refrigerants, Charging and Recovery) 1 Unit

Prerequisite(s): AC/R 100 C with a grade of C or better.
Term hours: 18 lecture. This course is the study and preparation for the Section 608 EPA Certification Exam, Refrigerant 410A Handling and Certification Exam and RSES Hydrocarbon Refrigerants Handling and Certification.

AC/R 050 C HVAC-R Special Projects 0.5-1 Units

Prerequisite(s): AC/R 100 C or AC/R 105 C with a grade of C or better.
Term hours: 27-54 laboratory depending on units desired. This course is designed for students who have demonstrated interest and competencies for increased knowledge and experience in air conditioning and refrigeration technologies and applications not ordinarily covered in the curriculum. Students will participate in independent study and/or research on selected or assigned projects. May be taken for credit 3 times.

AC/R 055 C Technician Customer Relations 1 Unit

Term hours: 18 lecture. This course provides guidelines and best practices for providing excellent field service customer relations that will enable front-line technicians and service staff in back-up and support roles to build, maintain, and increase a loyal customer base.

AC/R 100 C Principles of Thermodynamics and Heat Transfer 3 Units

Advisory: AC/R 120 C.
Term hours: 27 lecture and 81 laboratory. This course is a basic study of the theory of thermodynamics and heat transfer as applied to mechanical vapor compression refrigeration cycle and system components. Classes include lectures with practical demonstrations and hands-on experience including laboratory projects demonstrate heat transfer theories and vapor compression mechanical system cycle components and accessories. (CSU)

AC/R 105 C Electricity for Air Conditioning and Refrigeration I 3 Units

Term hours: 27 lecture and 81 laboratory. This course includes the basic electrical theory, concepts and principles as applied to air conditioning and refrigeration. Schematic reading and drawing, with laboratory project applications involving circuit wiring, the measurement of electrical quantities with electrical meters and electrical safety, will be presented. (CSU)

AC/R 106 C Electricity for Air Conditioning and Refrigeration II 3 Units

Prerequisite(s): AC/R 105 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course is a continuation of Electricity for Air Conditioning and Refrigeration which builds upon the principles learned and applied. Course includes single phase, three phase electric motors and ECM pressure controls, time clocks and autotransformers with a lecture and laboratory practice exercises. (CSU)

AC/R 110 C Air Conditioning I 2 Units

Term hours: 27 lecture and 24 laboratory. This course is an introduction into comfort cooling and air conditioning applications with a study of the behavior of air vapor mixtures as applied to the psychrometric chart and related to the design of duct systems, emphasizing duct sizing, air distribution, fans and sheet metal techniques, as it relates to indoor air quality. (CSU)

AC/R 115 C Gas Heat Transfer Systems 3 Units

Term hours: 27 lecture and 81 laboratory. This course is a basic study of gas heating systems for force air and boiler systems which include the principles of fuel combustion, combustion analysis, forced warmer air heat, boiler and hydronic systems. (CSU)

AC/R 120 C Piping Practice, Tools and Safety 3 Units

Advisory: AC/R 100 C
This course includes laboratory projects and demonstrations involving design and construction of system piping, including techniques of shaping, forming, soldering, welding and the tools and safe practices required to design and construct refrigerant piping systems. $36.00 Material Fee - Payable at Registration. (CSU)

AC/R 135 C Sustainability Design and Application (formerly Solar Energy for Heat and Cool) 2 Units

Term hours: 27 lecture and 27 laboratory. This course includes, laboratory projects and demonstrations involving sustainable design, equipment selection and building operation. Course contents includes theory and application of passive and active solar energy systems, renewable heating energies, photo-voltaic arrays, and thermal solar heating arrays. (CSU)

AC/R 137 C Blueprints and Dimension Analysis (formerly AC/R 037 C) 2 Units

Advisory: AC/R 145 C.
Term hours: 27 lecture and 27 laboratory. This course covers the application of engineering calculations and the reading of blueprint plan sets as encountered by the air conditioning and refrigeration field technician, project manager and design engineer. Course includes practical application of numbers to the topics of problem solving, dimension conversion and mathematical verification, proportions and ratios, length measurements with field application and exercises, area calculations, duct and sheet metal calculations, and equivalent units of measurement. This course includes elements of computer-aided design. (CSU)

AC/R 140 C Plumbing Principles/Practices 4 Units

Term hours: 54 lecture and 54 laboratory. This course is designed to instruct the student in the application of plumbing technology as is used in commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards. (CSU)
AC/R 205 C Commercial Air Conditioning 3 Units
Prerequisite(s): AC/R 100 C and AC/R 105 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This is an advanced course with emphasis on the air conditioning cycle. Pipe sizing, absorption systems, centrifugal & screw chillers, cooling towers, air handlers, and chilled water pumping. (CSU)

AC/R 210 C Commercial Refrigeration 3 Units
Prerequisite(s): AC/R 100 C and AC/R 105 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This is an advanced course with emphasis on the refrigeration cycle. Pipe sizing, compressor sizing, H.P. requirements, single and two stage refrigeration systems and other advanced refrigeration systems will be included. (CSU)

AC/R 215 C Codes and Commissioning (formerly Estimating for HVAC) 3 Units
Advisory: AC/R 100 C and AC/R 137 C
Term hours: 27 lecture and 81 laboratory. This course is an application practice course designed to demonstrate verification methods and practices of new construction, installation of subsystems for HVAC, plumbing, electrical, building envelopes, interior systems, co-generation, utility plants, sustainable systems, lighting, controls for energy efficiency and sustainability of life cost energy usage. This course includes application of the uniform building, mechanical and electrical codes used for inspection and certification. (CSU)

AC/R 220 C Introduction to Air Conditioning Controls (formerly A/C Controls and Energy Management) 2 Units
Advisory: AC/R 105 C
Term hours: 27 lecture and 27 laboratory. This course is designed to instruct the students in the application of air conditioning pneumatic and Direct Digital controls as is used in commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards. (CSU)

AC/R 225 C Green Air Conditioning and Auditing 2 Units
Advisory: AC/R 100 C and AC/R 105 C
Term hours: 27 lecture and 27 laboratory. This course is designed to instruct the student in the design, application and maintenance of highly energy efficient (GREEN) air conditioning systems. Including topics on refrigerants, carbon footprint and efficient systems for commercial applications. (CSU)

AC/R 230 C Heat Pumps 2 Units
Prerequisite(s): AC/R 100 C and AC/R 105 C with a grade of C or better.
Term hours: 27 lecture and 27 laboratory. This course is designed to instruct the student in the application of heat pumps for sustainability and net zero energy in commercial and non-commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory equipment. (CSU)

AC/R 235 C Air Conditioning Capstone 2 Units
Advisory: Completion of or concurrent enrollment in AC/R 137 C, AC/R 125 C, AC/R 205 C, AC/R 215 C.
Term hours: 27 lecture and 27 laboratory. This course brings together all of the elements for the design, build estimating and bid aspects of an air conditioning project application. (CSU)

AC/R 245 C Load Calculations for Heating and Cooling (formerly AC/R 145 C) 2 Units
Prerequisite(s): AC/R 110 C with a grade of C or better.
Term hours: 27 lecture and 27 laboratory. This is an advanced air conditioning course in which the student will learn how to calculate the heating and cooling load of a building. The student will also create a computer spreadsheet to calculate the heat and cooling load. This course will also introduce the student to industry standards computer design systems for sustainability and maximum energy efficiency, according to ASHRAE Standard 90.1. (CSU)

AC/R 260 C Crew Leadership-Field Supervisor 2 Units
Term hours: 36 hours lecture and 18 hours laboratory. In this course, work crew leaders and field supervisors play major roles in every HVAC/R installation and construction project. This course is an overview of team building and the role of supervisor in a field environment. (CSU)

AC/R 265 C Project Management 3 Units
Term hours: 54 lecture and 18 laboratory. This course focuses on minor decisions that can have a major impact to the success of a HVAC/R project. It examines technical management skills, field safety, effective communications, management /leadership roles, concepts problem solving, decision-making, influence, conflict management resolution. (CSU)

AC/R 272 C Fundamentals of Direct Current Electricity 3 Units
Term hours: 27 Lecture and 81 Laboratory. This course builds upon electrical concepts covered in AC/R 105 C and AC/R 106 C. Topics include voltage dividers, DC voltage and current sources, simplification theorems, AC current and voltage, oscilloscope fundamentals, reactive components and reactive circuits, basic filters, ladder logic, and shop drawings. (CSU)

AC/R 273 C Introduction to Personal Computer Hardware and Software 2 Units
Term hours: 27 Lecture and 27 Laboratory. This course covers topics such as concepts and operation of direct digital controls such as input and output devices, programming strategies and translating sequence of operation documents for an HVAC system into an operations program for a DDC system. (CSU)

AC/R 274 C Instrumentation for Hydronic and Air Distribution 2 Units
Term hours: 27 Lecture and 27 Laboratory. This course covers hydronic and air distribution system fundamentals. In addition, this course covers the installation and implementation of control instrumentation. (CSU)

AC/R 275 C System Networking 3 Units
Term hours: 27 Lecture and 81 Laboratory. This course covers system networking for building automation. Topics include the fundamentals concepts of data transmission in various media types. The course is closely aligned with CompTia’s Network+ Certification and assists students in their preparation for that credential. Topics include network fundamentals, standards, OSI model, IP protocol, network signal transmission, media, protocols, physical topologies, logical topologies, hardware, typical BAS networks, and typical BAS subnetworks. (CSU)

AC/R 276 C Automation Hardware 2 Units
Term hours: 27 Lecture and 27 Laboratory. This course covers the safety, application, and installation of building automation hardware and telemetry. Topics include the major types of peripheral components found in BAS systems and how to properly select and apply them in the field; standard I/O wiring, temperature devices, humidity devices, pressure devices, flow devices, life and equipment safety devices, actuators and dampers, control valves, power supply devices, transducers, relays and contactors, motor controls, enclosures, and power monitoring devices. (CSU)
AC/R 277 C Control Logic Programming 3 Units
Term hours: 27 Lecture and 81 Laboratory. This course in covers logic, truth tables, logical equivalences, conditionals, Boolean expressions, logic gates, digital logic circuits, number systems, object-oriented programming, data types, decision making, and programming style. (CSU)

AC/R 278 C Building Performance and Energy Auditing 3 Units
Term hours: 27 lecture and 81 laboratory. This course covers data analysis for energy efficiency and building performance and includes topics such as energy use basics, effects of building design on energy use, identifying effective strategies to optimize buildings systems efficiencies, correct appliance applications and benefits; terminology, understanding and identifying different types of HVAC equipment, construction basics, window design, lighting fundamentals, and photo-voltaic. (CSU)

AC/R 279 C Building Automation Control Systems 2 Units
Term hours: 27 lecture and 27 laboratory. This course covers common open protocols such as BACNET, Modbus and Lonworks, use of wireless protocol integration platforms such as Tridium Niagara and FieldBus, and review of whole building systems integration strategies. (CSU)

AC/R 280 C Automation Capstone Project 2 Units
Term hours: 27 lecture and 27 laboratory. This course includes building automation hardware application and installation, control programming, incorporating knowledge of commercial air conditioning principles. Students will design, bid, and program automation controls and devices to accomplish a predetermined control outcome. (CSU)

AC/R 298 C Air Conditioning and Refrigeration Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-12 lecture and/or 0-36 laboratory. This is a course for students who wish to increase their knowledge of air conditioning and refrigeration. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade Option. Fees may be required - Payable at Registration. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Career Technical Education, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

Air Conditioning and Refrigeration Associate in Science Degree

Division: Career Technical Education

PROGRAM CODE: 1S03774

The Air Conditioning and Refrigeration Associate in Science Degree is designed as the bridge between Engineering and Service Technology. It will provide students with technical skills to support engineering applications. Graduates of the program will be at the leading edge of the application of new engineering solutions to production in industry.

To earn an Associate Degree students must complete:

1. all 38.5–39 units of Air Conditioning and Refrigeration course requirements for the Certificate in Air Conditioning and Refrigeration with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements,
3. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Air Conditioning and Refrigeration Certificate

Requirements

PROGRAM CODE: 1C31173

The Air Conditioning and Refrigeration Certificate prepares the student with job entry-level skills. Although further training must be done on the
Job, the student will have a strong background in fundamental skills of refrigeration, electricity, mathematics, communication skills, and drafting. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 40 units.

Air Conditioning Codes and Estimating Certificate

**Requirements**

**PROGRAM CODE:** 1C31106

The **Codes and Estimating Certificate** provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career in building codes and cost estimating. Students completing this certificate will develop an advanced understanding of building codes and cost estimating. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all major course work must be completed at Cypress College.

Air Conditioning Customer Service Certificate

**Requirements**

**PROGRAM CODE:** 1C31188

The **Air Conditioning Customer Service Certificate** provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career in customer service. Students completing this certificate will develop an advanced understanding of personal inter-relations of customer service. To earn this certificate, students must complete the required courses as listed with
a grade of C or better. At least 50% of all major course work must be completed at Cypress College. This certificate requires a total of 18 units.

### Commercial Air Conditioning Certificate

**Requirements**

**PROGRAM CODE:** 1C31186

The **Commercial Air Conditioning Certificate** provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career in commercial building air conditioning. Students completing this certificate will develop an advanced understanding of commercial building air conditioning. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all major course work must be completed at Cypress College. This certificate requires a total of 20 units.

HVAC Building Commissioning Certificate

Division: Career Technical Education

PROGRAM CODE: 1C31185

The HVAC Building Commissioning Certificate (formerly Air Conditioning Building Commissioning Certificate) provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career in building commissioning certification. Students completing this certificate will develop an advanced understanding of the building commissioning process. To earn this certificate, students must complete the required courses with a grade of C or better. At least 50% of all major course work must be completed at Cypress College. This certificate requires a total of 20 units.

Anthropology Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Anthropology Associate in Arts Degree for Transfer (AA-T) (p. 185)
- Archaeology Technician Certificate (p. 186)
- Associate in Arts Degree Anthropology (p. 187)

Courses

ANTH 101 C Biological Anthropology 3 Units

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C

Term hours: 54 lecture. This course introduces the concepts, methods of inquiry, and scientific explanations for biological evolution and their application to the human species. Issues and topics will include, but are not limited to, genetics, evolutionary theory, human variation and biocultural adaptations, comparative primate anatomy and behavior, and the fossil evidence for human evolution. The scientific method serves as foundation of the course. Duplicate credit not granted for ANTH 101HC or ANTH 201 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 110)

ANTH 101HC Honors Biological Anthropology 3 Units

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This Honors-enhanced course is an introduction to the concepts, methods of inquiry, and scientific explanations for biological evolution and their application to the human species. Issues and topics will include, but are not limited to, genetics, evolutionary theory, human variation and biocultural adaptations, comparative primate anatomy and behavior, and the fossil evidence for human evolution. The scientific method serves as foundation of the course. Duplicate credit not granted for ANTH 101 C or ANTH 201 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 110)

ANTH 102 C Cultural Anthropology 3 Units

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C

Term hours: 54 lecture. This course explores how anthropologists study and compare human culture. Cultural anthropologists seek to understand the diversity of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically and economically; how they communicate; how they relate to each other through marriage, family and kinship ties; what they believe about the world (religion and belief systems); how they express themselves creatively (the arts and expressive culture); how they make distinctions among themselves; how they have shaped and been shaped by the past; and how they navigate culture change and processes of globalization. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics and apply their perspectives and skills to understand humans around the globe. Duplicate credit not granted for ANTH 102 HC. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ANTH 120)

ANTH 102HC Honors Cultural Anthropology 3 Units

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C

Term hours: 54 lecture. This course is an enhanced exploration of how anthropologists study and compare human culture. Cultural anthropologists seek to understand the diversity of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically and economically; how they communicate; how they relate to each other through marriage, family and kinship ties; what they believe about the world (religion and belief systems); how they express themselves creatively (the arts and expressive culture); how they make distinctions among themselves; how they have shaped and been shaped by the past; and how they navigate culture change and processes of globalization. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics and apply their perspectives and skills to understand humans around the globe. Duplicate credit not granted for ANTH 102 C. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ANTH 120)

ANTH 103 C Introduction to Archaeology (formerly ANTH 203 C) 3 Units

Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course is an introduction to the study of concepts, theories, data and models of anthropological archaeology that contribute to our knowledge of the human past. The course includes a discussion of the nature of scientific inquiry; the history and interdisciplinary nature of archaeological research; dating techniques; methods of survey, excavation, analysis, and interpretation; cultural resource management; professional ethics; and selected cultural sequences. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 150)

ANTH 104 C Comparative Cultures 3 Units

Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C

Term hours: 54 lecture. This course uses a focused cross-cultural and comparative approach to introduce anthropological concepts such as modes of production, family and kinship, economics, political organization, art and religion. Globalization and culture change will also be explored. A representative selection of culture areas will be featured through ethnography, providing perspective on the variety of human adaptation and how cultural systems are integrated. (UC/CSU, AA GE, CSU GE, IGETC)
ANTH 105 C Introduction to Linguistic Anthropology  
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This introductory course serves as a foundation for understanding language from an anthropological perspective, addressing such core questions as how, what, when, where, why and with whom we communicate. This course surveys three core areas in linguistic anthropology—structural linguistics: phonetics, phonology, morphology and syntax, as well as the biocultural basis of language; historical linguistics: origins and evolution/change, dialects, and language families; and sociocultural linguistics: language acquisition in cultural context, emphasizing the relationship between language and culture, and issues of language conservation and loss. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ANTH 130)

ANTH 106 C Human Prehistory and Ancient Civilizations  
3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the prehistoric development of civilizations both in the Old World and the New World beginning with early modern humans. Because the prehistoric is the time prior to cultures’ writing about themselves, students will examine archaeological methods and theories used to describe the past. Topics will include the spread of modern humans, Mesolithic societies, the origins of food production and the evolution and collapse of various world civilizations. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 107 C Magic, Witchcraft and Religion  
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the anthropology of religion. It will explore the beliefs and practices of numerous world cultures, particularly, but not exclusively, focusing on non-Western traditional societies, using a cross-cultural approach. Anthropological perspectives on the study of religion, mythology and symbolism will be discussed. Ritual, magic, divination, shamanism, sorcery, altered states of consciousness, healing, witchcraft, syncretism and new religious movements, among other related topics, will be analyzed with respect to the functions they have and how religion as a cultural institution is integrated into society in general and in the life of the individual. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 121 C Native North America  
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This course is an anthropological survey of the cultures of Native American societies of North America. Topics include the peopling of the New World, traditional culture, the impacts of culture contact both from Western cultures and native peoples’ cultures on one another, and contemporary issues. (UC/CSU, AA GE, IGEC, SOC JUST)

ANTH 208 C Anthropology of Death  
3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Completion of ANTH 102 C or 104 C or 107 C.
Term hours: 54 lecture. This course is a cross-cultural exploration of the beliefs and practices surrounding death, dying, mourning, and mortuary customs, as well as conceptions of the afterlife, in both Western and non-Western cultures around the world, and how the individual is impacted sociologically, physiologically and psychologically throughout the life course by issues related to death and dying. It will emphasize how human social, political and economic institutions are inextricably interwoven using an integrated anthropological approach, including data from archaeology, biological anthropology, linguistic anthropology and cultural anthropology, as well as broader social science perspectives, methods, values and ethics. This course is specifically designed as a general education social science course and to illustrate how understanding beliefs and practices related to death and dying provide lifelong appreciation of the individual as an integrated physiological, social, and psychological being. Duplicate credit not granted for ANTH 308 C. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 210 C Introduction to Forensic Anthropology  
3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C and prior learning of the skeletal system or human osteology.
Term hours: 54 lecture. This course covers the application of standard, scientific, anthropological methods and techniques to identify human remains and to assist in the detection of a crime or after a mass disaster. This course provides a basic overview of the field of forensic anthropology, human osteology, the techniques used to make estimations of age, sex, ancestry and stature, recovery techniques and the analytic techniques and procedures used in the medico-legal framework. This class includes extensive analysis of anthropological methods, ethics, socio-cultural considerations and civic responsibilities inherent to forensic anthropology. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 212 C Applied and Practicing Anthropology (formerly ANTH 211 C)  
3 Units
Advisory: Eligibility of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This applied anthropology course covers the principles, methodologies, value systems, and ethics of social scientific inquiry and anthropology in particular to solve real-world contemporary and historical human problems, in both Western and non-Western societies. This course will focus on the interwoven nature of human social, political, and economic institutions. Students will explore the perspectives of applied and practicing anthropology across all subfields of anthropology in a manner which develops the student’s analytical capacity and understanding of social science in ways that will be useful to any educated citizen and across any academic discipline. The role of anthropologists as practitioners of behavioral science and relationships between course concepts to a broader understanding of social science will be emphasized. An applied research project and/or field trips may be required. (CSU/UC, AA GE, CSU GE, IGETC)
ANTH 225 C Ancient Cultures of Mexico and Central America 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course explores the diverse cultures of ancient Mesoamerica from the origins of civilization through the initial period of Spanish contact. Mesoamerica is defined as the culture area extending from the Rio Grande to the north to the Isthmus of Panama to the south. While the contributions of all four fields of anthropology will be explored, this course will primarily approach the cultures of Mesoamerica from archaeological and ethnohistoric perspectives. The subsistence practices, social organization and ideologies of past cultures will be presented and links between these ancient lifeways and aspects of the modern cultures of northern Latin America will be discussed. (CSU/UC, AA GE, CSU GE, IGETC)

ANTH 231 C Field Course in Archaeology I 3 Units
Advisory: Completion of ANTH 103 C. Term hours: 18 lecture and 108 laboratory. This course provides practical experience in field archaeology through a combination of lectures and laboratory hours in a fieldwork setting. It is designed to provide an introductory understanding of site survey, archaeological methods, laboratory analysis, local prehistory and museum preparation. (CSU)

ANTH 232 C Field Course in Archaeology II 3 Units
Prerequisite(s): ANTH 231 C with a grade of C or better. Advisory: ANTH 103 C. Term hours: 18 lecture and 108 laboratory. This course provides intermediate level practical experience in field archaeology. Students will be expected to build on the skills introduced in ANTH 231 C through a combination of lectures and laboratory hours in a fieldwork setting. This class provides a more advanced understanding of site survey, archaeological methods, laboratory analysis, local prehistory and museum preparation, with an emphasis on the curation and analysis of specific artifact types. Students are also expected to mentor students in the co-occurring ANTH 231 C in the field by modeling introductory skills in a field setting. Completion of ANTH 232 C is intended to prepare students for entry-level positions in Cultural Resource Management. (CSU)

ANTH 298 C Anthropology Seminar 0.5-12 Units
Prerequisite(s): May be required. Corequisite(s): May be required. Advisory: May be required. Term hours: 0-12 lecture and 0-36 laboratory. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge on a particular topic concerning which no other regular class is offered. A paper or group activity may be required. Credit may range from 1/2 to 12 units. Consult the class schedule for the offerings in a particular semester. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

ANTH 299 C Anthropology Independent Study 1 Unit
Prerequisite(s): Approved Independent Study Learning Contract. Term hours: Varying hours of scheduled conferences per week. This course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic. Course may be taken three times for credit. (UC Credit Limitation/CSU)

ANTH 308 C Anthropology of Death for Mortuary Science 3 Units
Prerequisite(s): Completion of ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better. Advisory: Completion of ANTH 102 C or ANTH 104 C or ANTH 107 C. Term hours: 54 lecture. This is an upper division intensive writing course intended only for Cypress College's Bachelor of Science in Funeral Service students. (All other students interested in this course should take ANTH 208 C - Anthropology of Death). This course is a cross-cultural exploration of the beliefs and practices surrounding death, dying, mourning, and mortuary customs, as well as conceptions of the afterlife, in cultures around the world. An integrated anthropological approach will be taken, including data from archaeology, biological anthropology and cultural anthropology. Enrollment is limited to those accepted into the Funeral Service Bachelor of Science degree program. Duplicate credit not granted for ANTH 208 C.

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Social Sciences.

Anthropology Associate in Arts Degree for Transfer (AA-T)

Requirements
PROGRAM CODE: 1A32699

The Anthropology Associate in Arts Degree for Transfer (AA-T in Anthropology) is designed to provide an opportunity for the Anthropology major to complete the first and second year requirements for transfer to a four-year public California institution. This degree is designed to provide students with a comprehensive introduction to the four major fields of anthropology in order to give them the background knowledge needed by undergraduate anthropology majors. The course work emphasizes the practical applications of anthropological skills and knowledge in a diversity of careers and the utility of anthropological perspectives as a life-long learning tool for interpreting world events. Students successfully completing the AA-T in Anthropology will acquire a fundamental knowledge base of anthropology, learn basic knowledge and skills in data analysis and research methods, and possess a basic understanding of areas that have an interdisciplinary association to Anthropology. This degree will provide students with an introduction to the field including its scientific foundations and applied areas. While at least a baccalaureate degree is recommended preparation for those seeking professional careers, completion of this degree is excellent general preparation for careers in academic and applied anthropology, museums, contract archaeology, zoos, education, academic counseling, international business, corporations, research, translation, government, journalism and technical writing, non-profit organizations, and many other careers. It gives students a broad basis for many career paths and can be enhanced with multidisciplinary study in related fields. This curriculum specifically prepares the prospective transfer student for upper division course work in Anthropology or a similar major at a California State University (CSU) campus. At the baccalaureate level students can continue an education in various areas of anthropology including biological/physical anthropology, socio-cultural anthropology, archaeology and linguistic anthropology. Graduate study is important in Anthropology. Those holding a Master's or Doctoral degree may find employment in college and university teaching and other educational institutions such as museums and tribal relations, public and private research, ethnography, archaeology, primatology, museum curation,
linguistics, forensic anthropology, and related fields. Those without a graduate degree will find limited career opportunity in direct areas of Anthropology. Students should consult a counselor, the Transfer Center and the catalog of the transfer-college or university to plan a specific program of study to meet the college or university's requirements.

Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer," a newly established variation of the associate degree traditionally offered at a California community college. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system.

To earn an AA-T in Anthropology students must complete:

1. a minimum of 19–21 semester or 28.5–31.5 quarter units in the Anthropology major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth (p. 489)) or the Intersegmental General Education Transfer Curriculum (CSU IGETC (p. 496));
3. completion of 60 semester units of CSU transferable course work;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. have an overall GPA of 2.0.

### Archaeology Technician Certificate

**Division:** Social Sciences

**PROGRAM CODE:** 1C39697

The **Archaeology Technician Certificate** consists of a total of 26-28 units in anthropology and related disciplines. Combined, these classes provide basic knowledge and skills useful in the field of CRM (Cultural Resource Management). Although a career in archaeology will likely require at least a bachelor’s degree (BA or BS) in Anthropology, this certificate assists students in gaining entry level positions in professional archaeology. To earn this certificate, students must complete the required courses as listed with a grade of C or better. This certificate consists of three sets of classes: required classes (17 units); anthropology electives (3-4 units); and non-anthropology electives (6-7 units). At least 50% of all major course work must be completed at Cypress College. This certificate requires a total of 26-28 units.

Associate in Arts Degree Anthropology

Requirements

PROGRAM CODE: 1A18368

The Associate in Arts Degree in Anthropology is designed to provide students with a comprehensive introduction to the four major fields of anthropology in order to give them the background knowledge needed by undergraduate anthropology majors for university transfer and coursework, while emphasizing the practical applications of anthropological skills and knowledge in a diversity of careers and the utility of anthropological perspectives as a life-long learning tool for interpreting world events.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. any elective courses to complete a minimum of 60 units
4. complete all graduation requirements, and
5. have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Course Repeatability Limitations

Effective 2013, most active participatory courses in Art, Dance, Theater, Music, and Physical Education are no longer repeatable. The courses in the table below are related in content and therefore have been identified in distinct “family” groupings in which students are limited to a maximum of 4 course enrollments per family (withdrawals and substandard grades will be counted towards the 4 enrollment maximum). Note: Exceptions for courses still designated as repeatable are indicated in course descriptions of the college catalog and class schedules with the statement, “May be taken for credit ____ times.” If students are majoring in any of these disciplines, they are advised to see their counselor to discuss options.

Art Exceptions

1. Students are limited to four (4) semester enrollments — in Active Participatory courses — whether in a single course or in a combination of courses grouped within a family. All enrollments in courses (including enrollments in the same repeatable course) within a family count toward the maximum enrollment limitation of four (4) semester enrollments. This includes evaluative (A, B, C, D, F, P, NP) and non-evaluative (I, IP, RD, and W) grades earned. All letter grades received will be counted in GPA.

Art Transfer Program

Art History Associate in Arts Degree for Transfer (AA-T)

Art History Associate in Arts Degree for Transfer (AA-T)

Studio Arts Associate in Arts Degree for Transfer (AA-T)

Courses

ART 100 C Fundamentals of Art 3 Units
Term hours: 54 lecture. This introductory course investigates the visual elements and principles of art through lectures, reading, films and hands-on experience. It also examines, in the same manner, historical styles and themes in art as well as materials and techniques. Cost of museum visit and materials will not exceed $25. Pass/No Pass/Letter Grade option. (CSU/UC AA GE, CSU GE, IGETC)

ART 110 C Introduction to Art 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is designed to expose the student to art from prehistoric times to the present: its purposes, materials, themes, history, and significance. It also acquaints the student with art and artists' roles in present and past societies, and helps the student understand the uses of materials and visual elements (i.e., line, color, etc.) to communicate ideas in architecture, sculpture, painting, ceramics, crafts, filmmaking, printmaking, etc. Major writing assignments are required. Pass/No Pass/Letter Grade Option. Cost of museum visit will not exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ARTH 110)

ART 111 C Survey of Art History I 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course studies the development of ancient and medieval architecture, sculpture and painting in the Western and Eastern cultures. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials and subjects are used and transferred from one culture to another. Major writing assignments are required. Pass/No Pass/Letter Grade Option. Cost of museum visit will not exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ARTH 111)

ART 112 C Survey of Art History II 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course studies the development of architecture, sculpture and painting in the Western world from the Renaissance through the twenty-first century. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials and subjects are used and transferred from one culture to another. Major writing assignments are required. Cost of museum visit will not exceed $15.00. Duplicate credit not granted for ART 112 C. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: ARTH 120)

ART 112HC Honors Survey of Art History II 3 Units
Advisory: Completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This Honors-enhanced course studies the development of architecture, sculpture, and painting of the Western world from the Renaissance through the twenty-first century. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials, and subjects are used and transferred from one culture to another. Cost of museum visit will not exceed $15.00. Duplicate credit not granted for ART 112 C. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: ARTH 120)

ART 114 C Modern Art History 3 Units
Advisory: ART 112 C and completion of ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers the development of modern art and architecture from its 19th century beginnings to the early 21st century. Emphasis is placed on exploring how art and architecture communicate meaning and interact with history, and on examining the ways in which the definition and practice of art has expanded over the past 200 years. Cost of museum visit will not exceed $25. Pass/No Pass/Letter Grade option. (CSU/UC AA GE, CSU GE, IGETC)

ART 116 C Arts of Africa, Oceania and Indigenous North America 3 Units
Advisory: ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of visual culture within selected regions in Africa, Oceania, and indigenous North America. This course requires out-of-class assignments with a maximum fee of $25. Pass/No Pass/Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ARTH 116)

ART 120 C Two-Dimensional Design 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to the concepts, applications, and art historical and multi-cultural references related to two-dimensional art and composition, including the study of the basic principles and elements of line, shape, texture, value, color and spatial illusion. Development of a visual vocabulary for creative expression through lecture presentations, studio projects, problem solving, and written assignments. $25 Materials Fee - Payable at Registration. (UC/CSU, AA GE, CSU GE/C-ID: ARTS 100)

ART 121 C Three-Dimensional Design 3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces the concepts, applications, cultural and art historical references related to three-dimensional design and spatial composition, including the study of the elements and organizing principles of design as they apply to three-dimensional space and form. Development of a visual vocabulary for creative expression through lecture presentations and use of appropriate materials for non-representational three-dimensional studio projects. The materials fee is for materials provided to the student by the Art Department. $20 materials fee payable at registration. (CSU/UC/C-ID: ARTS 101)
ART 122 C Introduction to Digital Art (formerly ART 122 C Gallery and Portfolio Design)  3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces the student to the computer as a creative tool for making art, illustration, sculpture and design from the perspective of the fine artist in the studio. Topics include integration of traditional art, design, color, and compositional elements and principles; exploration of contemporary art trends utilizing digital tools, including traditional and non-traditional software and hardware applications and processes for development of critical personal expression; evaluation of cultural and technological history, theory, and artwork of artists employing the computer in their final art practice; and development and creation of a variety of non-commercial artworks that express personal vision. $25 Materials Fee - Payable at Registration (UC/CSU/C-ID: ARTS 250)

ART 123 C Color Theory  3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on the scientific, artistic, and varied cultural understandings of color pertaining to painting, drawing, photography, media arts and design. This course utilizes the historical theories of color by previous artists to study distinct color properties and functions. This course investigates color symbolism and composition through isolation and reintegretion of the elements of color theory that combines lecture, demonstration and critique with hands-on exploration in problem solving. $25 Materials Fee - Payable at Registration. Materials fees are provided to the student by the Art Department. (UC/CSU, C-ID: ARTS 270)

ART 130 C Introduction to Printmaking  3 Units
Term hours: 36 lecture and 72 laboratory. This introductory course presents the artist with concepts and techniques of drawing, design, and color through the use of fine art printing medias such as etching, lithography, and woodcut. $20 materials fee payable at registration. (CSU/UC)

ART 131 C Intermediate Printmaking  3 Units
Term hours: 36 lecture and 72 laboratory. This intermediate course will continue with exploration and technical problem solving in fine art printing medias such as etching, lithography, screen printing and woodcut. $20 materials fee payable at registration. (CSU)

ART 146 C Beginning Sculpture (formerly ART 149 C)  3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to three-dimensional sculptural principles, techniques and concepts utilizing a wide range of materials and practices. Various sculpture methods are practiced with attention to creative self-expression and historical context. This course combines lecture, demonstrations, and critique with hands-on exploration in problem solving. $25 materials fee payable at registration. (CSU/UC)

ART 147 C Intermediate Sculpture  3 Units
Prerequisite(s): ART 146 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This intermediate course further explores three-dimensional sculptural principles, techniques, and concepts utilizing a wide range of materials and practices. Various sculpture methods are practiced with attention to creative self-expression and historical context. This course combines lecture, demonstrations and critique with hands-on exploration in problem solving. $25 materials fee payable at registration. (UC/CSU)

ART 148 C Introduction to Crafts  3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to traditional and contemporary concepts and processes in a variety of craft media, with emphasis on the development of aesthetic forms based on function and design principles. This course combines lecture, demonstration and critique with hands-on exploration and problem solving. $25 materials fee payable at registration.

ART 150 C Ceramics Handbuilding  3 Units
This course will cover basic information about ceramics. Learning to construct ceramic forms with hand-building techniques will be applied to convey ideas, images, and feelings. Visual vocabulary as it pertains to all of the arts will be stressed. Basic technology of clay, glazes, and firing procedures is included. $20.00 materials fee payable at registration. (UC/CSU, AA GE, CSU GE)

ART 151 C Ceramics Throwing  3 Units
Term hours: 36 lecture and 72 laboratory. This course covers basic information about ceramics with an emphasis on learning to use the potter's wheel as a tool, students will use it to convey ideas, images, and feelings. Visual vocabulary as it pertains to all of the arts is emphasized. Basic technology of clay, glazes, and firing procedures are included. $20.00 Material Fee-Payable at Registration. (UC/CSU, AA GE, CSU GE)

ART 152 C Technical and Conceptual Ceramics  3 Units
Prerequisite(s): ART 150 C or ART 151 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course deals with advanced technical skills in ceramic construction and visual concepts. Identification and application of one's personal aesthetic will be emphasized. Clay, glazes, and firing techniques are integral to this course. $20 materials fee payable at registration. (CSU/UC)

ART 153 C Ceramic Studio Exploration  3 Units
Prerequisite(s): ART 152 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course covers advanced technical and conceptual skills. Synthesizing the individual development of a personal aesthetic will be used. Application of this aesthetic will be used to create ceramic objects. Further technology of clay, glazes, and firing possibilities is expected. $20 materials fee payable at registration. (UC/CSU)

ART 154 C Ceramic Aesthetics and Finishes  3 Units
Prerequisite(s): ART 153 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This class which explores various firing processes, glaze exploration and philosophy is designed for the advanced ceramic student. Developing a personal aesthetic towards raku will be emphasized. Experimentation of glazes will be stressed. $20 materials fee payable at registration. (UC/CSU)

ART 155 C Art Open Laboratory  0.5-2 Units
Corequisite(s): ART 130 C or ART 148 C or ART 149 C or ART 150 C or ART 151 C or ART 152 C or ART 153 C or ART 154 C with a grade of C or better.
Term hours: 27-108 laboratory depending on units attempted. Students may utilize the lab while it is open. This open lab course with flexible hours and variable units is designed to provide students with space and equipment needed to complete art assignments. A total of 27 hours is required for each .5 unit up to 108 hours for two (2) units. This course may be taken for credit four times. Pass/No Pass only. (CSU)

ART 161 C Introduction to Gallery Studies - Exhibition Preparation and Installation Techniques (formerly ART 122 C)  3 Units
Term hours: 32-36 lecture and 64-72 laboratory. This introductory course, students will be introduced to installation practices required to work in gallery and museum environments. This course will introduce art handling, conservation, visitor relations, installation, construction and maintenance. (CSU)
ART 162 C Intermediate Gallery Studies - Exhibition Organization and Management Techniques (formerly titled Gallery Studies 2) 3 Units
Term hours: 36 lecture and 72 laboratory. In this intermediate course, students will learn to organize and market exhibitions in gallery and museum environments. Course topics include: Curatorial methods and ethics, exhibition design and management, promotion, community relations, and development of related exhibition programming. (CSU)

ART 163 C Portfolio Development and Professional Practices (formerly titled Gallery Studies 3) 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, students will learn to prepare their portfolio, develop their career as a working arts and present their work for exhibition. Course topics include portfolio development, marketing, networking, grants, and continued education, internships, and residencies. (CSU)

ART 166 C Contemporary Art Studio 3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces students to the practices of contemporary art, including current approaches to drawing and painting, sculpture, installation art, performance art, video, sound, and digital technologies. Students use a variety of traditional and digital processes to create works of art. This course is designed for Art majors. (CSU/UC)

ART 167 C Contemporary Art Studio 2 3 Units
Prerequisite(s): ART 166 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This advanced course further explores the practices of contemporary art, including current approaches to drawing and painting, sculpture, installation art, performance art, video, sound, and digital technologies. Students use a variety of traditional and digital processes to create works of art. This course is designed for Art majors. (CSU/UC)

ART 174 C Jewelry Design 3 Units
Term hours: 36 lecture and 72 laboratory. This is a course covering the design and construction of jewelry and small fabricated metal pieces. Emphasis will be placed on fabrication and direct casting techniques and their potential. $35 materials fee payable at registration. (CSU)

ART 175 C Metalsmithing 3 Units
Prerequisite(s): ART 174 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. The emphasis of this course will be placed on the development of advanced design skills, lost wax casting and stone setting techniques. $35 materials fee payable at registration. (CSU)

ART 182 C Beginning Drawing 3 Units
Prerequisite(s): ART 182 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course is a continued study of drawing techniques and media. As a creative process, emphasis is placed upon individual experimentation as well as continued skills development and conceptual application pertaining to drawing. (CSU/UC/ C-ID: ARTS 205)

ART 183 C Intermediate Drawing 3 Units
Prerequisite(s): ART 182 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course is a continued study of drawing techniques and media. As a creative process, emphasis is placed upon individual experimentation as well as continued skills development and conceptual application pertaining to drawing. (CSU/UC/ C-ID: ARTS 205)

ART 184 C Advanced Drawing 3 Units
Prerequisite(s): ART 183 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course constitutes a study of advanced drawing issues stressing experimentation, traditional and contemporary drawing composition and methods. Emphasis is upon a body of work demonstrating individual conceptualism and material exploration. (CSU/UC)

ART 185 C Beginning Life Drawing 3 Units
Advisory: ART 182 C
Term hours: 36 lecture and 72 laboratory. This course is an introduction to the representational and expressive drawing of the human figure. It is a foundation for figure painting. The course provides an opportunity for exploration of various methods, approaches, and media in figure drawing. (CSU/UC/AA GE/C-ID: ARTS 200)

ART 186 C Intermediate Life Drawing 3 Units
Prerequisite(s): ART 185 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an intermediate course in drawing the human figure. The emphasis is on the development of advanced design skills, lost wax casting and stone setting techniques. $35 materials fee payable at registration. (CSU/UC)

ART 187 C Advanced Life Drawing 3 Units
Prerequisite(s): ART 186 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an advanced course in drawing the human figure. The emphasis is on the development of advanced design skills, lost wax casting and stone setting techniques. $35 materials fee payable at registration. (CSU/UC)

ART 191 C Life Painting 3 Units
Prerequisite(s): ART 185 C or ART 189 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course introduces students to the practices of contemporary art, including current approaches to drawing and painting, sculpture, installation art, performance art, video, sound, and digital technologies. Emphasis will be placed on the development of advanced design skills, lost wax casting and stone setting techniques. $35 materials fee payable at registration. (CSU/UC)

ART 192 C Portrait Painting 3 Units
Prerequisite(s): ART 191 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course introduces students to the practices of contemporary art, including current approaches to drawing and painting, sculpture, installation art, performance art, video, sound, and digital technologies. Emphasis will be placed on the development of advanced design skills, lost wax casting and stone setting techniques. $35 materials fee payable at registration. (CSU/UC)

ART 194 C Beginning Painting (formerly ART 189 C) 3 Units
Term hours: 36 lecture and 72 laboratory. The purpose of this course is to approach painting as a creative and problem solving process. Emphasis will be placed on the acquisition of technical/formal skills and the development of a personal artistic vision. This course will include a variety of media and the fundamentals of composition, color theory, and craftsmanship as applied to painting and the fine arts. (CSU/UC/AA GE, CSU GE/C-ID: ARTS 210)
ART 195 C Intermediate Painting
Prerequisite(s): ART 194 C with a grade of C or better
Term hours: 36 lecture and 72 laboratory. This course is a continued study of painting techniques and media. As a creative process, emphasis is placed upon individual experimentation as well as continued skills development and conceptual application pertaining to painting. (CSU/UC)

ART 196 C Advanced Painting
Prerequisite(s): ART 195 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course constitutes a study of advanced painting problems stressing experimentation, traditional and contemporary painting composition and methods. Emphasis is upon a body of work demonstrating individual conceptualism and material exploration. (CSU/UC)

ART 197 C Beginning Watercolor Painting
Term hours: 36 lecture and 72 laboratory. The beginning semester of this course will be an introduction to image making on paper using transparent watercolor media. Techniques covered include traditional transparent watercolor, acrylic polymer media used transparently and as a gouache, collage, transfers, and mixed media techniques appropriate to paper supports. The production of a series of works with emphasis on the development of creative solutions will be the goal of the class. (CSU/UC)

ART 216 C Latin American Art
Advisory: ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of arts and architecture of Mexico, Central America, and South America from 1200 BC to the late 20th century. Cost of museum visit will not exceed $15. Pass/No Pass/Letter Grade option. (CSU/UC/AA GE, CSU GE, IGETC)

ART 244 C Illustration
Advisory: ART 182 C.
Term hours: 36 lecture and 72 laboratory. This is an introductory course in the art of illustration. Primary emphasis is on the design and execution of illustrations for various uses in a variety of media. Course content includes designing to communicate a message, composition, style, development of preliminary drawings, preparation of drawings for printed reproduction, and experiments in the use of various media. The business of Illustration is also introduced in this class. $20 materials fee payable at registration. (CSU/UC)

ART 246 C Advanced Illustration
Prerequisite(s): ART 244 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This advanced level course in illustration presents the student with the opportunity to create an elevated and accelerated level of problem solving within the creation of finished illustrations, from thumbnail sketches to final art. Emphasis in this course is critical thinking skills, conceptual skills, addressing aesthetic intent for the illustration for printed media, such as books, newspapers, magazines as well as illustration for the web and electronic entertainment, theme park and motion picture industries. Projects are designed to prepare the student for the professional skills necessary in creating an industry appropriate portfolio of work and for transfer to a 4 year institution. $20 materials fee is payable at registration. (CSU/UC)

ART 298 C Art Seminar
Prerequisite(s): May be required
Advisory: May be required
Corequisite: May be required. Term hours: 0-216 lecture and/or 0-864 laboratory depending on units attempted. This course covers various classes which are designed to meet the interests and needs of the student and faculty. Pass/No Pass or Letter Grade option. Fees may be required - payable at registration or bookstore. (CSU)

ART 299 C Independent Study
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 18-72 conference/contract. This is a course that is designed for the student to pursue an increased knowledge of a particular art discipline. Unit credit may range from 1/2 to 2 units in any given semester; units earned will be based on 18 hours for each 1/2 unit. May be taken for credit 4 times. (UC Credit Limitation) (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

A student who completes the Art field of study will be able to:
- Show their knowledge of various art processes, theory, and technical skills.
- Effectively communicate content through the principles and elements of design.
- Critically analyze the principles and elements of design for content and historical importance.
- Visually articulate and comprehend the interconnection between art and culture.

Art Associate in Arts Degree
Division: Fine Arts

Requirements
PROGRAM CODE: 1A03776

The Art Associate in Arts Degree is designed to prepare the student in the development of conceptual and technical skills required by artists in certain occupations.

To earn an Associate Degree students must complete:
1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the Social Justice, Equity and Sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and, 5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your
counselor, or visit the Transfer Center. This degree requires a total of 27 units.

### Required Courses are listed in suggested sequence (18 units):

**Art History Associate in Arts Degree for Transfer (AA-T)**

**Requirements**

**PROGRAM CODE:** 1A31986

The Art History Associate in Arts Degree for Transfer (AA-T in Art History) is designed to provide an opportunity for the Art History major to achieve a curriculum that complements the first and second year requirements for transfer to a four-year public California institution. This degree provides lower division major and general education preparation for students interested in transferring to four-year universities as Art History majors. The study of Art History is an interdisciplinary, critical study of human history through the perspective of visual culture. Students explore the various areas of Art History to build a foundation for future creative, interpretive, analytical work. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division course-work in Art History or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college.

The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an AA-T in Art History students must complete the following requirements:

1. a minimum of 18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area of emphasis,
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units, and (5) obtainment of a minimum grade point average (GPA) of 2.0.
5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better.

**Studio Arts Associate in Arts Degree for Transfer (AA-T)**

**Requirements**

**PROGRAM CODE**: 1A32097

The **Studio Arts Associate in Arts Degree for Transfer** is designed to provide an opportunity for the Studio Arts major to achieve an Associate in Arts in Studio Arts for Transfer (AA-T in Studio Arts) which fulfills the first and second year requirements for transfer to a four-year public California institution. This degree provides lower division major and general education preparation for students interested in transferring to four-year universities as Studio Arts majors. This study is an interdisciplinary, critical study of technical development, as well as the foundation for all studio based courses. Students explore the various areas of studio art to build a foundation for future creative, interpretive, analytical work and portfolios. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division coursework. This curriculum specifically prepares the prospective transfer student for upper division coursework in Studio Arts or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college.

The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guar-anteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an AA-T in Studio Arts, students must complete the following requirements:

1. a minimum of 18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area of emphasis,
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
Asian Studies

Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Auto Collision Repair Fundamentals Associate in Science Degree (p. 195)
- Collision Repair I-CAR Gold Certificate (p. 196)

Courses

ACR 020 C Auto Detail/Car Care - Beginning 3 Units
Term hours: 36 lecture and 54 laboratory. This is an introductory automotive detailing and car care course. Detailing chemicals, processes, tools and equipment are covered in the class. Topics include: starting a detailing business, location determination, customer service, and advanced detailing techniques. Laboratory activities include receipt and delivery of customer vehicles, use of chemicals, and advanced detailing.

ACR 021 C Advanced Auto Detailing 3 Units
Prerequisite(s): ACR 020 C or ACR 120 C with a grade of C or better.
Term Hours: 36 Lecture and 54 Laboratory. This is an advanced course in automotive detailing and car care. Topics include: starting a detailing business, location determination, customer service, and advanced detailing techniques. Laboratory activities include receipt and delivery of customer vehicles, use of chemicals, and advanced detailing.

ACR 050 C ACR and Special Projects 2-3 Units
Term hours: 18 lecture and 48-108 laboratory depending on units attempted. This course is designed to offer students a supervised independent program to continue and broaden their studies in automotive collision repairs. May be taken for credit 4 times.

ACR 101 C Auto Collision Repair Technician I (formerly ACR 001 C) 6 Units
Term hours: 54 lecture and 162 laboratory. This course covers the fundamentals of automotive collision repair with an emphasis on safety, proper use of tools, and industry standards and regulations. An overview of technical principles and in-depth cover of sheet metal straightening and welding practices will also be discussed. $20 materials fee payable at registration. (CSU)

ACR 102 C Auto Collision Repair Technician II (formerly ACR 002 C) 6 Units
Prerequisite(s): ACR 101 C with a grade of C or better
Term hours: 54 lecture and 162 laboratory. This course continues to cover the fundamentals of automotive collision repair with an emphasis on safety, proper use of tools, and industry standards and progressives skills development. An overview of technical principles and in-depth cover of sheet metal straightening and welding practices will also be discussed. $20 materials fee payable at registration. (CSU)

ACR 103 C Auto Collision Repair Technician III (formerly ACR 003 C) 6 Units
Prerequisite(s): ACR 102 C with a grade of C or better
Term hours: 54 lecture and 162 laboratory. This course is the third course in progressive skills development and covers major body repairs with welded panel replacement, panel alignment, upholstery removal and replacement. Glass removal and replacement, advanced metal work, including straightening of frames will also be discussed. $20 materials fee payable at registration. (CSU)

Asian Studies

Automotive Collision Repair

Division: Career Technical Education

Division Dean
(Vacant)

Faculty
Larry Ramos
Daniel Snook

Counselors
Dr. Jane Jepson
Jeannie Mitsch
ACR 104 C Auto Collision Repair Technician IV (formerly ACR 004 C) 6 Units

Prerequisite(s): ACR 103 C with a grade of C or better
This course is the fourth course in progressive skills development in collision repair. Students will learn advanced techniques in all areas to include body electrical systems, M.I.G. welding, power windows, tail gates, employer-employee relations, shop-related business procedures and rust proofing. $20 materials fee payable at registration. (CSU)

ACR 107 C Refinishing Technician I (formerly ACR 007 C) 6 Units
Term hours: 90 lecture and 54 laboratory. This is the first introductory course to the auto motive refinishing industry. Topics include refinishing techniques with water based materials and urethane topcoat, equipment, procedures and techniques necessary to properly prepare and refinish a wide range of automotive vehicles. $20 materials fee payable at registration. (CSU)

ACR 108 C Refinishing Technician II (formerly ACR 008 C) 6 Units
Prerequisite(s): ACR 107 C with a grade of C or better.
Term hours: 90 lecture and 54 laboratory. This is the second course in the series to the automotive paint and refinishing industry. Progressive skill development in a variety of products and techniques for proper preparation and application will also be discussed. This course aligns with industry standards for safety and quality. $20 materials fee payable at registration. (CSU)

ACR 109 C Refinishing Technician III (formerly ACR 009 C) 6 Units
Prerequisite(s): ACR 108 C with a grade of C or better.
In this course, students will learn advanced level skills in the progressive series of ACR 107 C, ACR 108 C and this course in custom painting materials and techniques. Skills in a variety of paints and techniques will be acquired. $20 materials fee payable at registration. (CSU)

ACR 112 C Collision Damage Appraisal (formerly ACR 012 C) 3 Units
This course is designed to prepare students to enter the field of collision damage appraisal. Students will learn how to write repair estimates on damaged vehicles. This course will cover frame straightening, glass, paint, and the use of various manuals. (CSU)

ACR 113 C Computerized Automotive Damage Appraisal (formerly ACR 013 C) 3 Units
Term hours: 54 lecture. This course is designed for students who have ha previous estimating training or some experience in automotive damage appraisal. Students will learn computer-based estimating software used in the collision repair industry. This course will give the student an opportunity to develop skills in computer-assisted estimate writing. (CSU)

ACR 130 C Electrical Systems and Component Repair (formerly ACR 030 C) 4 Units
Prerequisite(s): Completion of, or concurrent enrollment in ACR 102 C, ACR 103 C or ACR 104 C, or employment in the industry.
Term hours: 54 lecture and 54 laboratory. This course will include advanced techniques in auto collision repair. Topics included are collision-related electrical repairs, supplemental restraint system (SRS) sheet metal compound (SMC), interior and exterior plastic repairs, plastic welding, bumper energy absorbing systems, air conditioning, sun roofs, aluminum repair and welding. Students are given practical application for diagnosis, repair and servicing on both laboratory and live projects. $20 materials fee payable at registration. (CSU)

ACR 140 C Structural Alignment Repair (formerly ACR 040 C) 4 Units
Prerequisite(s): Completion of or concurrent enrollment in ACR 102 C or ACR 103 C or ACR 104 C, or employment in the industry.
Term hours: 54 lecture an 54 laboratory. This course will emphasize the diagnosis and restructuring of the unitized automobile, light truck frame and body, use of manuals, structural restoration, centerline gauge use, dedicated measurement systems, sectioning techniques, corrosion protection, relationship of suspension and structural components. (CSU)

ACR 160 C Collision Repair Management (formerly ACR 060 C) 3 Units
This advanced skills course is designed for ACR students pursuing a management and sales career in the collision repair industry. Areas covered include: vehicle check-in, movement/tracing, financial statement analysis, production management, insurance practices with collision repair facilities, Bureau of Automotive Repair rules, quality control methods, equipment purchase/lease decisions, inventory, shop layout and design, managing multiple stores and new car dealership collision repair centers and human resources. NATEF, ICAR, insurance industry standards and compliance are also covered. (CSU)

ACR 170 C Automotive Color Matching (formerly ACR 070 C) 3 Units
Term hours: 54 lecture. This course is an introduction to the concepts and techniques of matching colors applied to automobiles. This course covers color, light and vision theory, spray gun application techniques, and extensive use of solid, metallic, and pearl color match exercises. This course will be using automotive paint mixing systems. Students will be required to provide certain safety and respiratory protection equipment. (CSU)

ACR 298 C Automotive Collision Repair Seminar 0.5-12 Units
Prerequisite(s): May be required
Advisory: May be required
Corequisite: May be required. Term hours: 0-216 lecture and/or 0-1080 laboratory depending on units attempted. This is a course for students who wish to increase their knowledge of automotive collision repair. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Career Technical Education.

Auto Collision Repair Fundamentals Associate in Science Degree
Division: Career Technical Education
PROGRAM CODE: 150783220

The Auto Collision Repair Fundamentals Associate in Science Degree (formerly Associate in Science Degree Automotive Collision Repair) combines certificates Auto Collision 1 and Auto Collision 2, which along with the general education courses, prepares students for entry-level employment as automotive collision technicians. Training is given in both theory and practical skills. Courses in this program emphasize safety procedures, proper use of tools, basic techniques of body work, paint matching and application, and quality detailing and car care.

To earn an Associate Degree students must complete:
1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the Social Justice, Equity and Sustainability requirement and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all course work must be completed at Cypress College. This degree requires a total of 35-36 units.

### Collision Repair I-CAR Gold Certificate

**Requirements**

**PROGRAM CODE:** 1C31346

The Collision Repair I-CAR Gold Certificate program is designed to facilitate the student in acquiring the necessary knowledge and documentation to gain I-CAR training points when entering the automotive collision repair industry.

To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

### Automotive Technology

**Division: Career Technical Education**

**Faculty**

Enrique Aispuro
Russell Bacarella
Michael Beard
Luciano Orozco
Paul Kelley
Michael Klyde

**Counselors**

Dr. Jane Jepson
Jeannie Mitsch
Cassie Rodriguez

**Degrees and Certificates**

- Associate in Science Degree Automotive Technology (p. 201)
- Automotive Sales and Service Certificate (p. 201)
- Automotive T-TEN Air Conditioning Specialist Certificate (p. 201)
- Automotive T-TEN Brake and Alignment Specialist Certificate (p. 202)
- Automotive T-TEN Electrical Certificate (p. 202)
- Automotive T-TEN Engine and Driveline Specialist Certificate (p. 202)
- Automotive T-TEN Performance and Driveability Specialist Certificate (p. 202)
- Automotive T-TEN Toyota and Lexus Specialist Certificate (p. 203)
- Automotive Technology - Electrical Diagnostic Specialist Certificate (p. 203)
- Automotive Technology - Maintenance Technician Certificate (p. 203)
- Automotive Technology - Performance and Driveability Specialist Certificate (p. 204)
- Automotive Technology - Transmission Specialist Certificate (p. 204)
- Automotive Technology Certificate (p. 204)
- Brake and Alignment Specialist Certificate (p. 204)
- Emission Control Specialist Certificate (p. 205)
- Engine Specialist Certificate (p. 205)
- T-TEN Certified Technician Associate in Science Degree (p. 205)
- T-TEN Certified Technician Certificate (p. 206)
- T-TEN Maintenance Technician Associate in Science Degree (p. 206)
- T-TEN Maintenance Technician Certificate (p. 206)
Courses

AT 050 C Automotive Technology Special Projects. 0.5-3 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 120 C or AT 130 C or AT 140 C or AT 150 C or AT 200 C with a grade of C or better. Term hours: 27 lecture and 162 laboratory TBA. This course will include supervised independent lab work on lab units and “live” vehicles. It is designed to allow the student to gain more practical experience repairing components and servicing automotive systems. Only approved project work will be allowed. May be taken for credit 4 times. $30.00 Material Fee - Payable at Registration.

AT 100 C Technician Safety 1 Unit
Term hours: 18 lecture and 54 laboratory. This course covers the concepts and practices of a safe industrial work environment, including the use of tools and equipment, handling materials, rigging, fire prevention, power tools, accident investigation, personal protective equipment, hearing safety and the correct use of body mechanics will be covered. Pass/No Pass/ Letter Grade Option. (CSU)

AT 101 C Survey of the Automobile 3 Units
Term hours: 54 lecture. This course provides basic knowledge of the automobile, including engines, power trains, suspension and brakes, electrical and fuel systems. Other areas of instruction will be in the discussion of services typically required to maintain modern automobiles and the use of tools and equipment normally used in the care of the automobile. (CSU)

AT 102 C Automotive History 3 Units
Term hours: 54 lecture. This course details the growth of the automotive industry in the U.S. from the late 1890’s through the global business climate of today. Topics include biographical sketches of industry pioneers, geographical why’s and where’s of the industry, the roots of automotive design, and an in depth review of major engineering achievements. The course includes visits to historical automotive collections at a cost not to exceed $40.00. (CSU)

AT 104 C Automotive Tech Repair Lab 2 Units
Prerequisite(s): At 120 C or AT 130 C or AT 140 C or AT 150 C with minimum grades of “B” or AT 200 C.
Term hours: 108 laboratory. This course provides the opportunity for students to gain experience working on customer vehicles in a simulated repair environment. (CSU)

AT 105 C Automotive Electrical I 4 Units
Term hours: 54 lecture and 54 laboratory. This course introduces the concepts of electrical systems and electronic control of the automobile. Areas covered will include basic electrical concepts, batteries, starting systems, charging systems, and body electrical diagnosis. Course instruction will consist of lecture, demonstration, web based learning with student application in the use of test equipment on simulator boards and “on-car” diagnosis with electrical wiring diagrams, charts, and schematics. $25.00 Material Fee-Payable at Registration. (CSU)

AT 106 C Automotive Electrical II 4 Units
Prerequisite(s): At 105 C with a grade of B or better.
Term hours: 54 lecture and 54 laboratory. This course covers the concepts of body electrical systems and electronic control of the automobile. Areas covered will include vehicle body electrical system diagnosis, batteries, starting systems, charging systems, extensive use of service information and wiring diagrams, and computer control of electronic systems. Course instruction will consist of lecture, demonstration, web based learning with student application in the use of test equipment on simulator boards and “on-car” diagnosis with electrical wiring diagrams, charts, and schematics. $25.00 Material Fee - Payable at Registration. (CSU)

AT 107 C Automotive Electrical III 4 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 106 C.
Term hours: 54 lecture and 54 laboratory. This course covers the concepts of advanced diagnostic principles of power train and body electrical systems as they relate to modern vehicle network systems including CAN, Powernet, and other manufacturer’s network systems. Course instruction will consist of lecture, demonstration, web based learning with student application in the use of test equipment on simulator boards and “on-car” diagnosis with electrical wiring diagrams, charts, and schematics. $25.00 Materials Fee - Payable at Registration. (CSU)

AT 109 C Introduction to Toyota Automotive Technology 4 Units
Term hours: 54 lecture and 54 laboratory. This course provides essential knowledge for Toyota/Lexus automobiles. Also included will be instruction in the use of tools, equipment and processes normally used in Toyota/Lexus dealer service departments. Emphasis will be on the operating principles, nomenclature of car care, vehicle inspection, preventive maintenance and minor repair procedures. $25 materials fee payable at registration. (CSU)

AT 110 C Introduction to Automotive Technology 4 Units
Term hours: 54 lecture and 54 laboratory. This course provides basic knowledge of the automobile. Also included will be instruction in the use of tools, equipment and processes normally used in automotive service and repair. Emphasis will be on the operating principles, nomenclature of car care, inspection, preventive maintenance, and minor repair procedures. (CSU)

AT 111 C Automotive Quick Service 6 Units
Prerequisite(s): AT 110 C with a grade of C or better.
Term hours: 81 lecture and 81 laboratory. This course covers the essential content and skill practice for a technician to perform quick service skills including, shop safety, correct use of required tools, service information use, repair order write up/documentation, vehicle inspection, oil change, fluid flush and other quick service maintenance work. $25 Material Fee - Payable at Registration. (CSU)

AT 115 C Automotive Air Conditioning 4 Units
Prerequisite(s): Completion of or concurrent enrollment in AT 105 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course emphasizes the acquisition of the practical skills needed to both understand principles of refrigeration and perform system diagnosis and repair. Demonstrated lecture, shop lab simulators and “live” vehicles will be used to learn service diagnosis, repair and installation of air conditioning systems including automatic temperature control. Safety and environmental concerns along with CFC recovery, recycling, retrofitting R12 systems to R-134A and new refrigerant types will be covered. $25 materials fee payable at registration. (CSU)

AT 120 C Auto Engine Repair and Machining 12 Units
Prerequisite(s): AT 105 C and AT 109 C or AT 110 C with a grade of C or better.
Term hours: 162 lecture and 162 laboratory. This course covers the acquisition of practical skills needed for accurate internal combustion engine diagnosis and repair and all phases of engine rebuilding machine work. Demonstrated lecture, simulated problem diagnosis, and practical application on “live” vehicles will be used. Individualized instruction on Automotive rebuilding tools and machinery is an integral part of this course. Engine theory, design, repair, practical and theoretical high performance modifications are part of the course. Preparation for ASE certification test A1 will be covered. $30 Material Fee-Payable at Registration. (CSU)
AT 130 C Auto Chassis and Brake Systems 12 Units

Prerequisite(s): AT 110 C or AT 109 C and AT 260 C with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course emphasizes the design, operating principles, service, repair and diagnosis of chassis and brake systems used on current production vehicles. Major topics of study will be wheel alignment procedures, tire and wheel balance, suspension and steering system repair, hydraulics, and brake system service and repair. Application will be applied under simulated repair shop procedures using "live" vehicles. Preparation for ASE (A4 and A5) certification is covered. $30.00 Materials Fee - Payable at Registration. (CSU)

AT 140 C Auto Drivetrains and Transmissions 12 Units

Prerequisite(s): AT 110 C or AT 109 C and AT 105 C or AT 260 C with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course will include operation principles, design, repair, rebuild and service procedures for manual transmissions, automatic transmissions, clutch assemblies, drive lines, final drive axles and trans-axles units. Demonstrated lectures and shop laboratory work on drive train components will be covered with emphasis on procedures to industry standards. Practical application will be under simulated shop conditions on "live" and "lab" vehicles. Preparation for ASE certification will be covered. $30.00 Materials Fee - Payable at Registration. (CSU)

AT 141 C T-TEN Drivetrain and Transmissions 6 Units

Prerequisite(s): AT 109 C and AT 112 C with a grade of C or better.

Term hours: 81 lecture and 81 laboratory. This course will include operation principles, design, repair and service procedures for manual transmissions, automatic transmissions, clutch assemblies, drive lines, final drive axles and trans-axles units. Demonstrated lectures and shop laboratory work on drive train components will be covered with emphasis on procedures to industry standards. Practical application will be under simulated shop conditions on "live" and "lab" vehicles. Preparation for ASE certification will be covered. (CSU)

AT 150 C Auto Performance and Drivability 12 Units

Prerequisite(s): AT 110 C or AT 109 C and AT 105 C or AT 260 C with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course will include operating principles, design, and repair procedures of the computerized engine management system and the application of related diagnostic tools and equipment. In addition, alternators, starters, batteries, ignition systems, emission control systems, 5 gas analysis, and scan tool use will be covered. Skill competency development will be under simulated shop conditions on "live" vehicles. Preparation for ASE certification test A8 will be covered. $30 materials fee payable at registration. (CSU)

AT 170 C Clean Air Car Level 1 and 2 4 Units

Advisory: AT 105 C

Term hours: 54 lecture and 54 laboratory. This course prepares students for the State of California Smog Check license for level 1 and 2 applicants. Course includes safety, BAR rules and regulations, engine performance, and emission control devices. Modern diagnostic equipment including a BAR 5 gas analyzer, low pressure EVAP tester, and scan tools will be covered as applicable to California’s emissions inspection program $15.00 Material Fee - Payable at Registration. (CSU)

AT 171 C Advanced Clean Air Car Course 2 Units

Term hours: 36 lecture. This course covers operating procedures, diagnostic strategies, and repair procedures for loaded mode emissions testing. Course emphasizes baseline techniques, five gas analysis and lab scope use. Course meets California BAR Smog Check licensing requirements. (CSU)

AT 195 C Automotive Service Advisor 4 Units

Advisory: AT 110 C

Term hours: 54 lecture and 54 laboratory. This is a course in the concepts and application of the Service Advisor’s job duties primarily as they apply to job skills required in the service department of new vehicle dealerships. Course instruction will include lecture, role playing, repair order writing, interactive computer based assignments, use of dealer management software, site visits and demonstration of knowledge in a simulated work environment. (CSU)

AT 200 C Electronic and Electrical Diagnostics 12 Units

Prerequisite(s): Completion of or concurrent enrollment in AT 109 C and
Advisory: AT 110 C with minimum grades of “C”.

Term hours: 162 lecture and 162 laboratory. This course emphasizes operating principles, design and repair procedures of automotive electrical/electronic systems. In addition, lighting systems, power windows, power door locks, under dash components, charging systems, starters, batteries, and computerized vehicle networks systems will be covered. Modern test equipment such as scan tools and oscilloscopes will be used. Skill competency development will be simulated under shop conditions on OBD II and newer vehicles. $30.00 Materials Fee - Payable at Registration. (CSU)

AT 209 C Toyota Portfolio TPORT 1 Unit

Prerequisite(s): AT 109 C with a grade of C or better or consent of Toyota T-TEN Coordinator.

Term hours: 18 lecture. This course monitors the progress of T-TEN students through the program. This course will also prepare the student for placement in the dealership internship. Course may be taken four times for credit and must be taken every semester the student is in the T-TEN program. (CSU)

AT 210 C T-TEN Internal Combustion Engines and Alternative Fuels (formerly AT 121 C) 6 Units

Prerequisite(s): AT 109 C and AT 260 C with a grade of C or better.

Term hours: 81 lecture and 81 laboratory. This course introduces engine designs and concepts used in current automotive applications by Toyota Motor Sales. Extensive lab experience will be provided. Preparation for ASE A1 will be covered. $40 Materials Fee payable at registration. (CSU)

AT 213 C Toyota Portfolio II TPORT (II) 1 Unit

Term hours: 18 lecture. This course monitors the progress of T-TEN students through the program. This course focuses on their second year in the program with an emphasis on successful internship completion. This course will also prepare the student through the program. This course will also prepare the student for placement in the dealership internship. Course may be taken four times for credit. (CSU)

AT 215 C ASE Test Prep - Heating and Air Conditioning 0.5 Units

Term hours: 8-9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) heating and air conditioning certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE heating and air conditioning certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive climate control systems. (CSU)
AT 223 C T-TEN Transmissions, Driveline and Electric Drivetrain
(formerly AT 141 C) 12 Units

**Prerequisite(s):** AT 110 C or AT 109 C and AT 260 C with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course will include operation principles, design, repair, rebuild and service procedures for manual transmissions, automatic transmissions, clutch assemblies, drive lines, final drive axles and trans-axles units. Demonstrated lectures and shop laboratory work on drivetrain components will be covered with emphasis on procedures to industry standards. Practical application will be under simulated shop conditions on "live" and "lab" vehicles. Preparation for ASE certification will be covered. $30 Materials Fee - Payable at Registration (CSU)

AT 225 C ASE Test Prep - Engine Repair 0.5 Units

Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) engine repair certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE engine repair certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive engine. (CSU)

AT 230 C Advanced Alignment and Chassis 4 Units

Term hours: 54 lecture and 54 laboratory. This course covers advanced alignment concepts. Custom suspension theory and service is explored with practical laboratory experience included. $30 Materials Fee - Payable at Registration. (CSU)

AT 235 C ASE Test Prep - Brakes 0.5 Units

Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) brake certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE brake certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive brake systems. (CSU)

AT 236 C ASE Test Prep - Steering/Suspension 0.5 Units

Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) steering and suspensions certification tests. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE steering and suspension certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive steering and suspension systems. (CSU)

AT 245 C ASE Test Prep - Manual Transmission 0.5 Units

Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) manual transmission and drive-train certification tests. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE manual transmission certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of manual transmission and drive-train systems. (CSU)

AT 246 C ASE Test Prep - Automatic Transmission 0.5 Units

Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) automatic transmission certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE automatic transmission certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automatic transmission. (CSU)

AT 250 C Advanced Performance and Drivability 4 Units

**Prerequisite(s):** Completion of or concurrent enrollment in AT 105 C with a minimum grade of "C" and AT 110 C with a minimum grade of "C".

Term hours: 72 lecture and 36 laboratory. The course includes advanced principles, design and repair procedures of automotive electrical, ignition and computerized engine management systems, including emission controls. Demonstrated lectures and laboratory work using modern testing equipment, oscilloscopes, dynamometer and other diagnostic equipment are included. Practical application under simulated repair shop conditions on "live" vehicles is an integral part of the course. (CSU)

AT 254 C T-TEN Brakes, Steering, Suspension and Chassis Electronics 12 Units

**Prerequisite(s):** AT 109 C or AT 110 C and AT 260 C, with a grade of C or better

Term hours 162 lecture and 162 laboratory. This course emphasizes the design, operating principles, service, repair and diagnosis of chassis and brake systems used on current production vehicles. Major topics of study will be wheel alignment procedures, tire and wheel balance, suspension and steering system repair, hydraulics, brake system, and related electronics service and repair. Preparation for ASE (A4 and A5) certification is covered. $30 materials fee payable at registration. (CSU)

AT 255 C ASE Test Prep - Engine Performance 0.5 Units

Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) engine performance certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE engine performance certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive engine. (CSU)

AT 256 C ASE Test Prep - Advanced Engine Performance 0.5 Units

Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) advanced engine performance certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE advanced engine performance certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive engine control systems. (CSU)

AT 260 C T-TEN Toyota Electrical Systems (formerly AT 112 C) 12 Units

**Prerequisite(s):** Completion of or concurrent enrollment in AT 109 C or AT 110 C, with a grade of C or better.

Term hours: 162 lecture and 162 laboratory. This course emphasizes operating principles, design and repair procedures of automotive electrical/electronic systems. In addition, lighting systems, power windows, power door locks, under-dash components, charging systems, starters, batteries, and computerized vehicle networks systems will be covered. Modern test equipment such as scan tools and oscilloscopes will be used. Skill competency development will be simulated under shop conditions on OBD II and newer vehicles. $10 materials fee payable at registration. (CSU)
AT 265 C ASE Test Prep - Electrical  
0.5 Units  
Term hours: 9 lecture. This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) electrical certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE electrical certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive electrical systems. (CSU)

AT 270 C T-TEN Climate Control Systems  
4 Units  
Prerequisite(s): Completion of or concurrent enrollment in AT 260 C with a grade of C or better.  
Term hours: 54 lecture and 54 laboratory. This course emphasizes the acquisition of the practical skills needed to both understand principles of vehicle climate control systems and perform diagnosis and repair. Demonstrated lecture, shop lab simulators and specially prepared Toyota and Lexus vehicles will be used to learn service diagnosis, repair of air conditioning systems including automatic temperature control. Safety and environmental concerns along with CFC recovery, recycling, retrofitting R12 systems to R-134A, Ry1234 refrigerant and new refrigerant types will be covered. $25 Material Fees - Payable at Registration. (CSU)

AT 275 C Automotive Service Advisor Internship  
1 Unit  
Prerequisite(s): AT 195 C with a grade of C or better.  
Term hours: 54 laboratory. This course is designed to give the student credit for work experience at a related occupational worksite while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 total hours of worksite hours for paid internships (minimum 60 hours for unpaid internships). This internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments are required. Course may be taken three times for credit. (CSU)

AT 280 C Introduction to Alternative Fuels  
4 Units  
Term hours: 54 lecture and 54 laboratory. This is an introductory course in alternative fuels as used in the transportation industry. Various gaseous fuels and vehicle propulsion systems will be discussed. Topics include the theory, design, operation, conversion, light diagnosis, and light repair will be discussed as applicable by the automotive industry. Laboratory activities will emphasize skill competency in vehicle preparation, system maintenance and the diagnosis and repair of alternative fuel vehicles. (CSU)

AT 281 C Introduction to Electric-Hybrid Vehicles  
4 Units  
Prerequisite(s): Minimum grad of "B" in AT 105 C, AT 110 C.  
Term hours: 54 lecture and 54 laboratory. This is an introductory course in electric (EV) and electric/hybrid vehicles as used in the transportation industry. Topics include the theory, design, operation, maintenance, and repair of batteries, motors, controllers, chargers, and regenerative braking systems. Technician safety is also covered. (CSU)

AT 282 C Hybrid Vehicle Maintenance  
4 Units  
Prerequisite(s): Completion of or concurrent enrollment in AT 281 C.  
Term hours: 54 lecture and 54 laboratory. This course covers hybrid and plug-in hybrid vehicle theory of operation, charging, batteries, maintenance process and procedures as specified by vehicle manufacturers. The course will be taught using lecture, collaborative work groups and lab. (CSU)

AT 283 C T-TEN ICE-HV-EV Performance and Diagnosis  
12 Units  
Prerequisite(s): Completion of or concurrent enrollment in AT 109 C and AT 260 C, with a grade of C or better.  
Term hours: 162 lecture and 162 laboratory. This course will include operating principles, design, and repair procedures of the computerized ICE/Hybrid/EV management system and the application of related diagnostic tools and equipment. In addition, alternators, starters, batteries, ignition systems, emission control systems, 5 gas analysis, hybrid electric motor operation and PCM control, EV motor and motor control and scan tool use will be covered. Skill competency development will be under simulated shop conditions on "live" vehicles. Preparation for ASE certification test A8 will be covered. $30 Materials Fee - Payable at Registration (CSU)

AT 295 C Automotive Internship  
1-4 Units  
Term hours: 18 lecture and 240 laboratory depending on units attempted. This course is designed to give the student credit for work experience at a related occupational worksite, while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 total hours of worksite hours for paid internships (minimum 60 hours for unpaid internships). The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. May be taken for credit 1-4 times. Open Entry/Open Exit. Pass/No Pass or Pass/No Pass/Letter Grade Option. (CSU)

AT 296 C T-TEN Automotive Internship I  
1 Unit  
Prerequisite(s): Completion of or concurrent enrollment in the T-TEN coursework for Year One of the program (T-TEN Electrical in the Fall and T-TEN Brake/Chassis in the Spring)  
Term hours: 54 laboratory. This course offers practical work experience in an approved aviation and travel-related industry for students in the Aviation and Travel Careers program. This course is designed to provide vocational learning opportunities throughout employment. Pass/No Pass/ Letter Grade option. Course may be taken four times for credit. (CSU)

AT 297 C T-TEN Automotive Internship II  
1 Unit  
Prerequisite(s): Completion of or concurrent enrollment in the T-TEN coursework for Year One of the program (T-TEN Driveline in the Fall and T-TEN ICE/EV/Hybrid in the Spring)  
Term hours: 54 laboratory. This course supports practical work experience for students employed at a Toyota or Lexus dealer as an entry level. Pass/ No Pass/Letter Grade option. (CSU)

AT 298 C T-TEN ICE-EV-Hybrid in the Spring)  
1 Unit  
Prerequisite(s): May be required  
Advisory: May be required  
Corequisite: May be required. Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This is a course for students who wish to increase their knowledge of automotive repair. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade option. Fee may be required-Payable at Registration. (CSU)

AT 299 C Automotive Service Seminar  
0.5-12 Units  
Prerequisite(s): May be required

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/ PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Career Technical Education.

Students who complete the Automotive Technology field of study will be able to develop the following skills required by the NATEF to enhance their employment opportunities and advance their career goals.
• Diagnose brake system, ABS systems, power booster systems, and suspension components; perform alignment; steering component diagnosis and repairs
• Utilize scan-tools, scopes DVOM's and other test equipment in trouble-shooting engine and transmission driveability problems
• Diagnose fuel system problems; service emission controls; diagnose fuel injection and Powertain Control Module problems
• Diagnose electrical system problems; use test meters; overhaul electrical components.
• Diagnose and repair manual transmission systems, drivelines, differentials and 4-wheel drive/all wheel drive systems.
• Diagnose and repair automatic transmission/transaxle systems, torque converters.
• Diagnose and repair heating and air conditioning systems including automated systems.
• Learn the structure and functions of an internal combustion engine; perform engine overhaul processes and diagnosis of mechanical engine components.
• Develop mathematical skills to use in analytical problem solving.
• Function as a shop service manager, shop foreman, or supervisor; learn safety management.
• Operate a Computer Customer Records System; perform service manager functions.
• Develop effective communication skills in dealing with customers in a simulated automotive business structure.

Associate in Science Degree
Automotive Technology

Requirements

PROGRAM CODE: 1S03771

This program is designed to prepare students for employment as automotive technicians and in numerous other related areas of the automotive and transportation industry. Training is given in both theory and practical skills. Direct practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. The sequence in which courses are taken may be modified to meet individual needs.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. any elective courses to complete a minimum of 60 units, and
4. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Automotive Sales and Service Certificate

Division: Career Technical Education

Requirements

PROGRAM CODE: 1C15688

The Automotive Sales and Service Certificate is designed to prepare students for customer service and sales positions in the automotive industry. It provides students with a basic knowledge of automobile operations, general maintenance requirements, and damage appraisal procedures along with marketing and management principles. The certificate will enable students to work in a variety of non technical areas in an automobile dealership, repair shop, or insurance company as a service representative, salesperson, or estimator.

To earn this certificate, students should complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Automotive T-TEN Air Conditioning Specialist Certificate

Division: Career Technical Education

Requirements

PROGRAM CODE: 1C37115

The Automotive T-TEN Air Conditioning Specialist Certificate is designed to prepare T-TEN students for employment as an automotive Air Conditioning system diagnostic specialist. Course work includes theory and operation of HVAC systems, the use of test instruments, refrigerant recycling and skill competency in HVAC system diagnosis and repair. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern Toyota/Lexus automotive HVAC system specialist. To earn this certificate, students must complete the required
courses as listed with a grade of C or better. 100% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

### Automotive T-TEN Brake and Alignment Specialist Certificate

**Division:** Career Technical Education

**Requirements**

**PROGRAM CODE:** 1C37074

The **Automotive T-TEN Brake and Alignment Specialist Certificate** is designed to prepare T-TEN students for employment as automotive brake and alignment technicians. Training is given in theory and practical skills. Directed practical work is given in areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of Toyota/Lexus brake, suspension, and alignment technicians. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern automotive brake, suspension, and alignment technician. To earn this certificate, students must complete the required courses as listed with a grade of C or better. 100% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

### Automotive T-TEN Performance and Driveability Specialist Certificate

**Division:** Career Technical Education

**Requirements**

**PROGRAM CODE:** 1C37105

The **Automotive T-TEN Performance and Driveability Specialist Certificate** is designed to prepare students for employment as a Toyota/
Lexus automotive performance and drivability specialist. Training is given in theory and practical skills. Directed practical work is given in areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of performance and drivability technicians. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern automotive performance and drivability specialist. To earn this certificate, students must complete the required courses as listed with a grade of C or better. 100% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

Automotive T-TEN Toyota and Lexus Specialist Certificate

Division: Career Technical Education

Requirements

PROGRAM CODE: 1C37110

The Automotive T-TEN Toyota and Lexus Specialist Certificate is designed to prepare students for employment as automotive technicians in Toyota dealerships. Training is given in theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of Toyota technicians. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern Toyota technician. The sequence in which courses are taken may be modified to meet individual needs. To earn this certificate, students must complete the required courses as listed with a grade of C or better. 100% of all course work must be completed at Cypress College. This certificate requires a total of 62 units.

### Automotive Technology - Electrical Diagnostic Specialist Certificate

Requirements

PROGRAM CODE: 1C30325

This program is designed to prepare students for employment as an automotive electrical system diagnostic specialist. Course work includes theory and operation of electrical systems, the use of test instruments, and skill competency in electrical system diagnosis and repair. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern automotive electrical system specialist. The sequence in which the courses are taken may be modified to meet individual needs. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

### Automotive Technology - Maintenance Technician Certificate

Requirements

PROGRAM CODE: 1C30326

This program is designed to prepare students for employment as automotive maintenance technicians in dealerships and independent repair shops. Training is given in theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of maintenance technicians. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern maintenance technician. The sequence in which courses are taken may be modified to meet individual needs. To earn this certificate, students must complete the required courses as listed with a grade of C or better. ### T-TEN Certified Technician Associate in Science Degree

**Division:** Career Technical Education

**Requirements**

**PROGRAM CODE:** 1C40220

The T-TEN Certified Technician Associate in Science Degree is designed to prepare the students for the position of a Certified technician with employment in Toyota or Lexus dealerships. Training is given in theory and practical skills. Directed practical work is given for all 8 ASE certification areas during the T-TEN program under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of Toyota and Lexus technicians. The program will provide the student the opportunity to acquire the knowledge and skills required by Toyota and Lexus dealers. The course sequence for T-TEN is shown in the order required.

The following program is designed to prepare students for employment as automotive technicians and in numerous other related areas of the automotive and transportation industry. Training is given in both theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. The sequence in which courses are taken may be modified to meet individual needs.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. any elective courses to complete a minimum of 60 units; and,
4. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

### Engine Specialist Certificate

**Requirements**

**PROGRAM CODE:** 1C12974

This program is designed to prepare students for employment as an automotive engine repair specialist. Training is given in theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of engine repair technicians and machinists. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern automotive engine specialist. The sequence in which courses are taken may be modified to meet individual needs.
The T-TEN Maintenance Technician is designed to prepare students for employment as automotive technicians in Toyota and Lexus dealerships. Training is given in theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of Toyota technicians. This program will provide the student the opportunity to learn basic vehicle diagnosis and troubleshooting skills required of Toyota/Lexus dealers for entry level employment. The following program is designed to prepare students for employment as automotive technicians and in numerous other related areas of the automotive and transportation industry. Training is given in both theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. The sequence in which courses are taken may be modified to meet individual needs.

To earn this certificate, complete the required courses as listed with a grade of C or better. All course work must be completed at Cypress College. This certificate requires a total of 34 units.

T-TEN Maintenance Technician Certificate

Division: Career Technical Education

Requirements

PROGRAM CODE: 1S40238

The T-TEN Maintenance Technician Associate in Science Degree is designed to prepare the students for maintenance technician employment in Toyota or Lexus dealerships. Training is given in theory and practical skills. Directed practical work is given in vehicle maintenance, electrical, brake, chassis and suspension during year one of the T-TEN program under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of Toyota and Lexus technicians. The program will provide the student the opportunity to acquire the maintenance and light repair knowledge and skills required by Toyota and Lexus dealers. The course sequence for T-TEN is shown in the order required.

The following program is designed to prepare students for employment as automotive technicians and in numerous other related areas of the automotive and transportation industry. Training is given in both theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. Aviation and Travel Careers

Division: Career Technical Education

Division Dean
(Vacant)

Faculty
Jacqueline Aguet
Capt. Edilberto Valdez
Thomas Sutfin

Counselors
Dr. Jane Jepson
Jeannie Mitsch
Cassie Rodriguez

Articulation Agreements

Articulation agreements are in existence for transfer programs to the following universities:

- California State University, Los Angeles
- San Jose State University
- Southern Illinois University

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Air Force Reserve Officers Training Corps (AFROTC)

Through arrangements with the University of Southern California (USC) and Loyola Marymount University (LMU), three- and four-year Air Force Reserve Officers Training Corps (AFROTC) programs are available to all qualified students at Cypress College. For additional information, visit www.afrotc.com (https://www.afrotc.com/).

Academic units earned in this program are counted as elective units toward fulfillment of graduation requirements. Successful completion of the AFROTC programs leads to a commission as an officer in the United States Air Force. Those students who qualify and desire to enter Air Force pilot training will be given flight instruction in either the two- or four-year program. Competitive scholarships are available to qualified students. All scholarship students receive tuition, laboratory and book fees, and $350–$500 a month. For additional information, contact the Department of Aerospace Studies (AFROTC) at Loyola Marymount at (310) 338-2770, or UCLA at (310) 825-1742 (www.afrotc.ucla.edu (http://www.afrotc.ucla.edu/)), or USC at (213) 740-2670.

Certified Pilots – Credit By Examination

The Commercial Pilot program at Cypress College is intended to prepare a student for employment in the aviation industry. Although the college offers only ground instruction and ground trainer instruction, it is recognized that flight training and pilot certificates are also required for employment.

In order to complete qualifications for employment, the student arranges for, and secures, the flight training necessary for the needed pilot certificates and ratings. Cypress College and the North Orange County Community College District assume no responsibility or liability for the flight training so obtained.

Pilot certificates and ratings issued to the student by the Federal Aviation Administration will be used as evidence and certification of competency. A maximum of 12 units will be granted via Credit by Examination.

Aviation and Travel Careers Transfer Programs

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Aviation and Travel Careers Program

The Aviation and Travel Careers Program provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary to work in the aviation and travel industries.

Associate in Science Degrees

- Airline Customer Services
- Aviation Management
- Commercial Pilot
- Flight Attendant
- Travel/Tourism
- UAV/UAS (Drone)
- Career Technical Education - Aviation
- Career Technical Education - Homeland Security
- Career Technical Education - Tourism

Certificates

- Advanced Airline Customer Services
- Advanced Flight Attendant
- Advanced Travel/Tourism
- Advanced UAV/UAS (Drone)
• Aviation I — Private Pilot
• Aviation II — Instrument Pilot
• Aviation III — Commercial Pilot
• Aviation IV — Advanced Pilot
• Aviation Management
• Basic Airline Customer Services
• Basic Airport Operations
• Basic Cruise Line Sales and Operations
• Basic Flight Attendant
• Basic Tourism and Conference Management
• Basic Travel/Tourism
• Basic UAV/UAS (Drone)
• Homeland Transportation Security Certificate

Career and Degree Path Program Options
• Airline Customer Services Career/Degree Path:
  • A.S. Degree Airline Customer Services (Adv. Certificate + GE = 60 units)
  • Advanced Airline Customer Services Certificate (35 units)
  • Basic Airline Customer Services Certificate (18 units)
• Aviation Management Career/Degree Path:
  • A.S. Degree Aviation Management (Adv. Certificate + GE = 60 units)
  • Aviation Management Certificate (35 units)
• Commercial Pilot Career/Degree Path:
  • A.S. Degree Commercial Pilot (Aviation IV - Advanced Pilot + GE = 61 units)
  • Aviation I — Private Pilot (17-18 units)
  • Aviation II — Instrument Pilot (24-26 units)
  • Aviation III — Commercial Pilot (31-34 units)
  • Aviation IV — Advanced Pilot (35 units)
• Flight Attendant Career/Degree Path:
  • A.S. Degree Flight Attendant (Adv. Certificate + GE = 60 units)
  • Advanced Flight Attendant Certificate (35 units)
  • Basic Flight Attendant Certificate (18 units)
• Travel/Tourism Career/Degree Path:
  • A.S. Degree Travel/Tourism (Adv. Certificate + GE = 60 units)
  • Advanced Travel/Tourism Certificate (35 units)
  • Basic Travel/Tourism Certificate (18 units)
• UAV/UAS (Drone) Career/Degree Path:
  • A.S. Degree UAV/UAS (Adv. Certificate + GE = 60 units)
  • Advanced UAV/UAS Certificate (35 units)
  • Basic UAV/UAS Certificate (16 units)
• Ancillary Certificates:\:
  • Basic Cruise Line Sales and Operations (15 units)
  • Basic Tourism and Conference Management (15 units)
  • Homeland Transportation Security Certificate (15 units)

1 Most of the courses required for the ancillary certificates may be applied to one or more of the above degrees.

Degrees and Certificates
• Advanced Airline Customer Services Certificate (p. 213)
• Advanced Flight Attendant Certificate (p. 213)
• Advanced Travel/Tourism Certificate (p. 214)
• Airline Customer Services Associate in Science Degree (p. 214)
• Associate in Science Degree Career Technical Education - Homeland Security (p. 214)
• Associate in Science Degree Career Technical Education - Tourism (p. 215)
• Associate in Science Degree Travel/Tourism (p. 215)
• Aviation I - Private Pilot Certificate (p. 216)
• Aviation II - Instrument Pilot Certificate (p. 216)
• Aviation III - Commercial Pilot Certificate (p. 216)
• Aviation IV - Advanced Pilot Certificate (p. 217)
• Aviation Management Associate in Science Degree (p. 217)
• Aviation Management Certificate (p. 218)
• Basic Airline Customer Services Certificate (p. 218)
• Basic Airport Operations Certificate (p. 219)
• Basic Cruise Line Sales and Operations Certificate (p. 219)
• Basic Flight Attendant Certificate (p. 219)
• Basic Tourism and Conference Management Certificate (p. 219)
• Basic Travel-Tourism Certificate (p. 220)
• Career Technical Education - Aviation Associate in Science Degree (p. 220)
• Commercial Pilot Associate in Science Degree (p. 220)
• Flight Attendant Associate in Science Degree (p. 221)
• Homeland Transportation Security Certificate (p. 222)
• UAS Drone Advanced Certificate (p. 222)
• UAS Drone Associate in Science Degree (p. 222)
• UAS Drone Basic Certificate (p. 223)

Courses
ATC 050 C Special Projects 2 Units
Advisory: Students must be concurrently enrolled in another ATC course. Term hours: 18 lecture and 54 laboratory TBA. This course provides students with opportunities to practice aviation and travel related principles and procedures in practical situations and simulations to develop industry related skills.

ATC 100 C Introduction to Aviation 3 Units
Term hours: 54 lecture. This course introduces students to the development of aviation and its importance in the economy. Special emphasis is placed on the history of aviation, the airlines, and general aviation. (CSU)

ATC 101 C Introduction to Travel Careers 3 Units
Term hours: 54 lecture. This course introduces students to career opportunities in the aviation and travel industries. Students will learn how to research and apply for jobs. The fundamentals of traveling will also be reviewed such as passport, visa, security, travel health and insurance. Students will prepare a personalized career project. (CSU)
ATC 102 C Career Communication and Portfolio 3 Units
Term hours: 54 lecture. In this course, students will develop their business communication skills in the development of a career portfolio, including a resume, cover letter, letters of recommendations, and work samples consistent with professional business conventions. Students will learn online application strategies, employment test-taking tips, and behavioral-based interviewing skills. (CSU)

ATC 103 C Aviation and Travel Open Lab 0.5-3 Units
Corequisite(s): Students must be enrolled in another ATC course.
Term hours: 27 to 162 laboratory depending on units attempted. This open entry, open exit course with flexible hours and variable units provides students enrolled in an Aviation & Travel Careers course with the equipment and resources to allow self-paced instruction and/or practice in core competencies. Twenty-four (24) hours are required for each one-half unit. May be taken for credit 3 times. Open Entry/Open Exit. $5.00 Material Fee-Payable at Registration. (CSU)

ATC 104 C Air Transportation 3 Units
Term hours: 54 lecture. This course presents the development and current status of the air transportation industry, including aircraft types, airport facilities, State and Federal regulations, security issues, economic challenges, career opportunities, and the organization and function of the FAA, NTSB, IATA and ICAO. (CSU)

ATC 112 C Homeland Security 3 Units
Term hours: 54 lecture. This course is an introductory study of domestic and international threats of terrorism. It examines the concepts, definitions, and contemporary issues of modern terrorism. The course includes law enforcement issues for first-responders relating to terrorism, particularly with regard to Homeland Protection and counter terrorists’ measures. (CSU)

ATC 116 C Aviation and Transportation Security 3 Units
Term hours: 54 lecture. This course is an introductory study of domestic and international airport and transportation security issues. It includes the Patriot Act and changing laws relating to airport and transportation security. The course will present and analyze the current status of aviation law pertaining to terrorism, air rage, search and seizure protections and impending changes to the nation’s transportation industry. (CSU)

ATC 118 C Disaster Preparedness/Response 3 Units
Term hours: 54 lecture. This course provides students with an awareness of natural and man-made incidents which result in catastrophic loss. Disaster scenarios will be examined from the perspective of preparedness, response and clean-up. Federal, state and local response preparedness programs will be a focus, including FEMA. Students will take part in simulated incidents, including safety and security for large-scale events. State and national incident command systems, S.E.M.S. and N.I.M.S., will be taught so as to familiarize the student to police and fire responses. (CSU) (UC)

ATC 123 C Travel Sales and Tour Operations 3 Units
Term hours: 54 lecture. In this course, students will learn the essentials of travel sales and tour operations, including the latest trends, itinerary planning, and the technologies available to travel/tourism consultants in the leisure, recreational, and corporate travel markets. (CSU)

ATC 126 C Travel Management 3 Units
Term hours: 54 lecture. This course is a study of management practices in the airline and travel/tourism industries, including ARC requirements, location and staffing, sales reports and agency accounting. Travel markets, product lines, marketing techniques, advertising, and promotions are explored. Techniques for personal and telephone selling and guidelines for handling job stress, sales, and client crises are included. Students will learn supervisory and leadership strategies. (CSU)

ATC 132 C Private Pilot 4 Units
Term hours: 54 lecture and 54 laboratory. This course provides students with an introduction to basic principles of aviation, meteorology, navigation, radio communication and Federal Aviation Regulations to qualify the student for the FAA Knowledge Examination for the Private Pilot Certificate and meets the FAA requirements for ground training. Pass/No Pass/Letter Grade Option. (CSU)

ATC 136 C Air Navigation 3 Units
Advisory: Concurrent enrollment in, or completion of, ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course is a study of piloting, dead reckoning, and radio navigation techniques; solution and application of navigation problems. This course meets partial fulfillment of the requirements of the FAA for ground training. (CSU)

ATC 140 C Meteorology 3 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This is a course of study of weather recognition, icing, fog, fronts, clouds, weather maps and symbols, forecasting pressure patterns, wind systems, temperature-humidity-dew point relationships, precipitation, with emphasis on the practical application of this knowledge to safe flying practices. The services and assistance available from the U.S. Weather Bureau will be highlighted. The course meets the Meteorology requirements of the FAA for ground training. (CSU)

ATC 144 C Aircraft and Engines 3 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course is a study of the theory of flight, aircraft design, construction, operation limitations, repair and maintenance, maintenance records and aircraft accessories. Engine study includes principles of internal combustion engines, engine design and construction, fuel, lubrication and cooling systems, propellers, trouble shooting and preventive maintenance. This course meets partial fulfillment of the requirements of the FAA for ground training. (CSU)

ATC 160 C UAS Drone Basic 3 Units
Term hours: 54 lecture. In this course, students prepare to meet the Federal Aviation Administration requirements for certification to operate Unmanned Aircraft Vehicles (UAVs) under 55 pounds in commercial operations. Emphasizes the safety, legal, and ethical requirements of operation in the public, civil, commercial and military settings. Includes core technologies including optics, sensors, power plants, control systems and communication technologies. (CSU)

ATC 161 C UAS Drone Basic Simulator (formerly UAV-UAS Basic Simulator) 2 Units
Advisory: Concurrent enrollment or completion of ATC 160 C.
Term hours: 27 lecture and 27 laboratory. This course covers hands-on flight simulation activities to develop, practice, and optimize essential Unmanned Aircraft Systems pilot flight skills. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)
ATC 162 C Drone Basic Flight (formerly UAV-UAS Basic Flight) 
2 Units

Advisory: Completion of or concurrent enrollment in ATC 160 C and ATC 161 C.
Term hours: 27 lecture and 27 laboratory. This course covers flight time in the approved UAS drone aircraft may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 174 C Destinations - Americas and Europe
3 Units
Term hours: 54 lecture. This course introduces students to world geography from a travel and tourism perspective. Students will learn about domestic and international travel considerations including itineraries, currencies, travel documents, customs, language, health requirements, and time considerations for locations throughout the Americas and Europe. (CSU)

ATC 175 C Destinations - Africa and Pacific
3 Units
Term hours: 54 lecture. This course continues the study of world geography as a travel and tourism perspective. Students will examine international travel considerations including itineraries, currencies, travel documents, customs, language, health requirements, and time considerations for the following locations: Africa, the Middle East, Asia, and the Pacific Islands. (CSU)

ATC 180 C Tourism and Conference Management
3 Units
Term hours: 54 lecture. This course is an introductory study of meeting, convention, and event planning. Students will learn industry terminology, types of events and venues, needs assessments, program and budget development, and project coordination. (CSU)

ATC 182 C Cultural Tourism
3 Units
Advisory: Eligibility for ENGL 060 C or the equivalent writing skills.
Term hours: 54 lecture. This course examines the implications of cultural tourism in the United States. The course will consider the struggle of people to preserve their cultural identity relative to the role of the U.S. tourism industry in protecting cultural heritage, resources, and sites. The course promotes multicultural awareness, hospitality, and sensitivity as a means of recognizing others and minimizing the exploitation of their culture. The course explores the complexities and challenges of U.S. policy making and preservation in cultural tourism development. (CSU, SOC JUST)

ATC 183 C Customer Care - Airline and Travel
3 Units
Term hours: 54 lecture. This course examines the priority of customer service and satisfaction in the competitive airline industry. Topics include the safety regulations and service standards of the Federal Aviation Administration, the Department of Transportation, and airlines themselves. Students will study these standards in relation to current performance, public opinion, and service ideology. Students will also investigate how airlines differentiate their service to be competitive in a particular market niche. (CSU)

ATC 189 C Flight Training Device - Introduction
0.5 Units
Term Hours: 27 laboratory. Students will receive a hands-on introduction to a PC-based Flight Training Device and become familiar with the fundamentals of flight, flight terminology, flight controls, and instrument interpretations. Pass/No Pass/Letter Grade Option. (CSU)

ATC 190 C Flight Training-Private Pilot (formerly AVIA 190 C)
2 Units

Prerequisite(s): Students must provide substantiation of an FAA Private Pilot Certificate or concurrent enrollment in an approved flight training program working toward an FAA Private Pilot Certificate, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: Hours as required by the FAA. In this course, students who have earned or are enrolled in an approved flight school will earn the FAA Private Pilot Certificate and may be granted college credit consistent with the Credit by Examination requirements published in the catalog. Pass/No Pass/Letter Grade Option. (CSU)

ATC 192 C Airline Reservations - SABRE
3 Units
Term hours: 36 lecture and 54 laboratory. This course is an introduction to SABRE, the computer reservations system used by major airlines and some travel consultants. Students will learn how to build PNR’s (passenger name records), quote fares, and calculate prices through hands-on applications on computers. $4.00 Material Fee-Payable at Registration. (CSU)

ATC 193 C Flight Training-Flight Instructor (formerly AVIA 193 C)
1-5 Units

Prerequisite(s): Students must provide substantiation of an FAA Flight Instructor Rating, or concurrent enrollment in an approved flight training program working toward an FAA Flight Instructor Rating, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: Hours as required by FAA In this course, students who have earned, or are enrolled in an approved flight school will earn an FAA Flight Instructor Rating, or concurrent enrollment in an approved flight training program working toward an FAA Flight Instructor Rating, and may be granted college credit by meeting the above prerequisites and the Credit by Examination procedures as published in this catalog. Credit may be given up to 4 times for a maximum of 5 units. Pass/No Pass/ Letter Grade Option. (CSU)

ATC 194 C Flight Training Instrument Rating (formerly AVIA 194 C)
2 Units

Prerequisite(s): Completion of or concurrent enrollment: students must provide substantiation of an FAA Instrument Rating, or concurrent enrollment in an approved flight training program working toward an FAA Instrument Rating, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: Hours as required by FAA. In this course, students who have earned, or are enrolled in an approved flight school will earn FAA Instrument Rating on their Pilot Certificate and may be granted college credit by meeting the above prerequisites and the Credit by Examination requirements as published in the current Cypress Catalog. Pass/No Pass/ Letter Grade Option. (CSU)

ATC 195 C Flight Training Commercial Pilot (formerly AVIA 195 C)
2 Units

Prerequisite(s): FAA Students must provide substantiation of an FAA Commercial Pilot Certificate, or concurrent enrollment in an approved flight training program working toward an FAA Commercial Pilot Certificate, and completion of or concurrent enrollment in at least 3 units of ATC (132 or above) with a grade of C or better.
Term hours: hours as required by FAA. In this course, students who have earned, or are enrolled in an approved flight school will earn an FAA Commercial Pilot Certificate and may be granted college credit by meeting the above prerequisites and the Credit by Examination requirements as published in the current Cypress Catalog. Pass/No Pass/ Letter Grade Option. (CSU)
ATC 196 C Flight Simulator Private Pilot 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term Hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential private pilot flight skills. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 197 C Flight Simulator Instrument 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term Hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential instrument related flight skills. Flight time in the approved Flight Training Devices may be applied toward requirements for both attaining and maintaining flight ratings. Pass/No Pass or Letter Grade Option. (CSU)

ATC 198 C Flight Simulator Commercial 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C or completion of FAA Private Pilot Certificate and ATC 196 C and ATC 197 C, or the equivalent.
Term hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential commercial flight skills. Flight time in the approved Flight Training Devices (FTDs) may be applied toward requirements for both attaining and maintaining flight ratings. Pass/No Pass or Letter Grade Option. (CSU)

ATC 199 C Flight Simulator Instructor 2 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C or completion of FAA Private Pilot Certificate and ATC 196 C, ATC 197 C, and ATC 198 C.
Term Hours: 27 lecture and 27 laboratory. In this course, students will participate in hands-on flight simulation activities to develop, practice, and optimize essential instructor flight skills. Flight time in the approved Flight Training Devices (FTDs) may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 210 C Cabin Safety Simulation 0.5 Units
Advisory: Completion of, or concurrent enrollment in, ATC 270 C or ATC 274 C
Term hours: 9 lecture. In this course, students will participate in an aircraft emergency evacuation in a cabin simulator at the Long Beach Airport. A required 6-hour preparatory class will be held on campus and the remaining 3 hours will be delivered at the airport. Students will be provided a certificate upon successful completion. Facility Use Fee of $100 required. Payable at registration. Fee subject to change by facility. (CSU)

ATC 212 C Airline and Aviation Management 3 Units
Term Hours: 54 lecture. In this course, students will study the application of management principles to the airlines and general aviation. Major areas of study include planning, organization, regulations, manpower management, facilities, marketing, budget, safety, security, and supervision strategies. (CSU)

ATC 220 C Advanced Air Navigation 2 Units
Prerequisite(s): Completion of or concurrent enrollment in ATC 136 C.
Term Hours: 36 lecture. This is a course stressing advanced navigation procedures and principles including radio and electronic navigation aids, glass cockpit, flight management systems, international flight procedures, (ICAO, worldwide operations), Oceanic (Class II Navigation) and State (country) specific differences from United States FAA standards. Recency and other measures of readiness (CSU)

ATC 223 C Cruise Line Sales and Operations 3 Units
Term Hours: 54 lecture. This course provides students with a practical, working knowledge of the cruise industry, including its operation, terminology, associations, and resources. Students will learn how to differentiate, price, market, and sell cruises. (CSU)

ATC 232 C Instrument Rating 3 Units
Advisory: Completion of or concurrent enrollment in ATC 132 C, or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course is designed to prepare or requalify the student in instrument flight procedures and techniques, including air traffic control, publications and regulations. This course reviews aeronautical ground training required to pass the FAA Instrument Pilot, Instrument Flight Instructor and Instrument Ground Instructor Knowledge Examinations. Flight time in a Flight Training Device is available by concurrent enrollment in ATC 196. Credit by Examination procedures as published in this catalog. (CSU)

ATC 236 C Aerodynamics 3 Units
Advisory: Concurrent enrollment in, or completion of, ATC 132 C or completion of FAA Private Pilot Certificate.
Term Hours: 54 lecture. In this course, students will learn the basic principles of aerodynamics, including airfoil shapes and characteristics, viscous effects, propellers, and aircraft performance viewed in terms of the basic laws of physics, aircraft limitations and Federal Aviation Regulations. Emphasis will be on physical aspects of flight time. (CSU)

ATC 240 C Commercial Pilot (formerly Commercial Pilot Seminar) 3 Units
Advisory: Concurrent enrollment in, or completion of, ATC 132 C or completion of FAA Private Pilot Certificate, or taking flight lessons at a local flight school.
Term hours: 54 lecture. This course prepares a pilot for the FAA Commercial Pilot license. The course covers current Federal Aviation Regulations, Government Publications, transport aircraft systems & performance, multi-engine procedures, loading, weight and balance & commercial operations. This course will prepare the pilot with the aeronautical knowledge required to pass the FAA Commercial Pilot knowledge examination. This course meets the FAA requirements for ground training. Flight Training Device flight time is available by concurrent enrollment in ATC 196 C or ATC 198 C. Pass/No Pass/Letter Grade Option. (CSU)

ATC 244 C Aviation Instructor 3 Units
Prerequisite(s): ATC 240 C.
Term Hours: 18 lecture and 98 laboratory. This course is a study of principles of learning and teaching, elements of practical educational psychology, and a review of current trends and techniques in aviation instruction. Class participation in lesson preparation is included. This course meets fulfillment of the requirements of the FAA for ground instruction in preparation for the FAA Fundamentals of Instruction, Ground Instructor and Flight Instructor knowledge exams, recency and other measures of readiness. (CSU)
ATC 250 C Turbine Simulator Observation 0.5 Units
Corequisite(s): Must be enrolled in any other ATC course.
Term hours: 0.5 Students will be introduced to a full-motion turbine aircraft flight deck, including familiarization with the fundamentals of flight, flight deck controls, instrument interpretation, and aircraft systems. A required 3-hour preparatory class will be held on campus, and the remaining 6 hours will be delivered at FlightSafety International with a tour of the professional aviation pilot training facility. Students will need to supply a picture ID and an approved background check before entrance to FlightSafety International. Fee may be required, subject to change by facility. Course required to be taken concurrently. Assures student will have the skills/knowledge presupposed in the course needed to receive a satisfactory grade of C or better. (CSU)

ATC 255 C Turbine Simulator Orientation 0.5 Units
Advisory: Completion of, or concurrent enrollment in, ATC 250 C.
Term hours: 9 lecture. In this course, students will practice the fundamentals of flight, utilizing the flight deck's controls, instruments, and basic systems in a full-motion turbine flight simulator. A required 3-hour preparatory class will be held on campus, and the remaining 6 hours will be delivered at FlightSafety International with a tour of the professional aviation pilot training facility. Students will need to supply a picture ID and an approved background check before entrance to FlightSafety International. Fee may be required, subject to change by facility. (CSU)

ATC 260 C UAS Drone Advanced (formerly UAV-UAS Advanced) 3 Units
Advisory: Concurrent enrollment in or completion of ATC 260 C.
Term hours: 54 lecture. This course analyzes the core technologies of unmanned aircraft systems (UAS), including the design concepts, power plants, control systems, and communication technologies. Explores cross-country navigation, flight planning, payload, sensors, and autonomous operations. Emphasizes the ethical, legal, and safety related requirements of operation in the public, civil, commercial and military settings. (CSU)

ATC 261 C UAS Drone Advanced Simulator 2 Units
Advisory: Concurrent enrollment in or completion of ATC 260 C.
Term hours: 27 lecture and 27 laboratory. This advanced UAS simulator provides hands-on flight simulation activities to practice, optimize essential unmanned aircraft systems pilot flight skills. Flight time in the approved ground trainers may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 262 C UAS Drone Advanced Flight (formerly UAV-UAS Advanced Flight) 2 Units
Advisory: Concurrent enrollment or completion of ATC 260 C and ATC 261 C.
Term hours: 27 lecture and 27 laboratory. This course offers advanced UAS drone flight activities to practice and optimize essential unmanned aircraft systems skills. Flight time in the approved UAS drone aircraft may be applied toward requirements for both attaining and maintaining flight ratings. (CSU)

ATC 270 C Airline Operations 3 Units
Term hours: 54 lecture. This course is designed for students interested in working in the airline industry. Students will learn airline terminology, city codes, the 24-hour clock, airline operations, and industry hiring standards. (CSU)

ATC 271 C Airport Operations 3 Units
Term hours: 54 lecture. This course provides students with a background in general aviation and commercial airports. Students will learn about airport operations, including terminology, ground and baggage handling, terminal and airfield operations, hazardous material, aircraft emergencies, ground access, and FAR Part 139. (CSU)

ATC 274 C Passenger Services and Safety 3 Units
Term hours: 54 lecture. In this course, students will learn about passenger related service and safety procedures for the airline industry, including first aid, CPR, fire-fighting, and conflict resolution. (CSU)

ATC 278 C Public Relations 3 Units
Term hours: 54 lecture. This course introduces students to the public relations concepts and practices in the airline and travel industries. Students will examine promotional campaigns and develop their own public relations proposal with emphasis on practical applications. (CSU)

ATC 295 C Aviation and Travel Internship 3 Units
Prerequisite(s): Completion of the Basic Airline Customer Service Certificate; or Basic Flight Attendant Certificate; or Basic Travel/Tourism Certificate
Term hours: 54 lecture. This course provides students with a background in the aviation and travel industry. Various topics will be offered. This course is for students who wish to increase their knowledge of the aviation and travel industry. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (CSU)
ATC 299 C Independent Study 0.5-2 Units

Prerequisite(s): Approved Independent Study Learning Contract

Term hours: 8-36 lecture. This course is designed for those students who wish to increase their knowledge of the airline and/or travel industry through professionally directed independent study or research. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Career Technical Education, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

Advanced Airline Customer Services Certificate

Requirements

PROGRAM CODE: 1C21124

The Advanced Airline Customer Services Certificate provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career as a reservations agent, gate agent, ticket agent, or customer service manager. Students completing this certificate will develop an advanced understanding of the airline industry and the customer safety, security, and service requirements necessary to work in customer services for a major airline. To earn this certificate, complete the required courses as listed with a grade of C or better. At least 50% of all major course work must be completed at Cypress College. This certificate requires a total of 35 units.

Basic Airport Operations Certificate

Requirements

PROGRAM CODE: 1C33734

The Airport Operations Program provides students with a career path for attaining the foundational skills, practical knowledge, and technical training necessary for pursuing a career as an operations, baggage, or cargo agent, or as an airport operations employee. Students completing this certificate will develop a basic understanding of the airline industry and the safety, security, and service requirements necessary to work in ground operations at an airport. To earn this certificate, complete the required courses as listed with a grade of C or better. At least 50% of all major course work must be completed at Cypress College.

Career Technical Education - Aviation Associate in Science Degree

Division: Career Technical Education

Requirements

PROGRAM CODE: 1S37188

The Career Technical Education - Aviation Associate in Science Degree provides CTE students with the opportunity to earn a 60-unit degree that demonstrates commitment to the field and meets the CSU-GE or UC IGETC general education requirements. Students should consult with a counselor when planning to complete this degree for more information on university admission and transfer requirements. The courses listed for each area of emphasis do not necessarily reflect major preparation requirements at any specific university but some courses may be used to fulfill university requirements.

To earn the CTE AS Degree with Aviation emphasis, students must complete the following requirements:

1. 21 units of major coursework;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. completion of 60 semester units of CSU transferable coursework; and,
4. have an overall GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College.

Commercial Pilot Associate in Science Degree

Division: Career Technical Education

Requirements

PROGRAM CODE: 1S03773

The Commercial Pilot Associate in Science Degree is designed to prepare students to fly commercial, executive, and/or light aircraft as a pilot or instructor.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the social justice, equity, and sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires 35 units in the major.

Flight Attendant Associate in Science Degree

Division: Career Technical Education

Requirements

PROGRAM CODE: 1S03814

The Flight Attendant Program provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career as a flight attendant. Students completing this degree will develop an advanced understanding of the airline industry and the customer safety, security, and service requirements necessary to work as a flight attendant for a major airline.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. the cultural diversity and reading requirements
4. any elective courses to complete a minimum of 60 units, and
5. have a minimum GPA of 2.0.
6. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Cypress College Biology Majors Course Sequence

Each UC and CSU university has specific transfer requirements. Please consult with your counselor and www.assist.org (http://www.assist.org) for campus-specific requirements.

Contact: Adel Rajab at arajab@CypressCollege.edu or (714) 484-7000 x48629.

Biological Sciences Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

Associate in Science in Biology for Transfer Degree (AS-T) (p. 226)
Courses

BIOL 101 C General Biology 4 Units
Advisory: High School Chemistry or CHEM 101 C or CHEM 107 C recommended
Term Hours: 63 lecture and 36 laboratory. This course is a survey of modern biological concepts from the areas of molecular, cellular, organismic, and population biology, stressing evolution as the central theme of modern biology. The study of metabolism and biodiversity is also emphasized. This is a general education lecture/laboratory course in the biological sciences. This course will satisfy the Biological Sciences portion of the state college and university general education requirement. Duplicate credit not granted for BIOL 101HC. No credit if taken after BIOL 174 C, BIOL 175 C, or BIOL 177 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

BIOL 101HC Honors General Biology 4 Units
Advisory: High school chemistry or CHEM 101 C or CHEM 107 C are recommended
Term Hours: 54 lecture and 54 laboratory. This course is an enhanced survey of modern biological concepts for honors students. The course will include concepts from the areas of molecular, cellular, organismic, and population biology, stressing evolution as the central theme of modern biology. The study of metabolism and biodiversity is also emphasized. Written essays pertaining to current issues in biology will be paramount. The class will be conducted as a seminar and will require a significant research project that uses correct documentation skills. This course will satisfy the Biological Sciences portion of the state college and university general education requirement. Duplicate credit not granted for BIOL 101 C. No credit if taken after BIOL 174 C, BIOL 175 C, or BIOL 177. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

BIOL 102 C Human Biology 3 Units
Term hours: 54 lecture. This course is a study of modern biological concepts presented in a human context. The concepts will include human evolution, anatomy, physiology, genetics, population biology, and ecological principles. Included in the course will be discussion on current topics on environmental and public health issues as they relate to the human condition. Not open to students with credit in BIOL 101 C or BIOL 101HC. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

BIOL 103 C Environmental Science 3 Units
Term hours: 54 lecture. This course is a study of the ecological principles which form the basis for understanding human existence in relation to environmental quality. The topics include development of environmental policy; an overview of basic biological concepts; the function of natural systems; and an examination of the impact of humans on the environment. Explorations of environmental issues will also include the pursuit of sustainable solutions. Pass/No Pass or Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC)

BIOL 107 C Nutrition and World Food Issues 3 Units
Term hours: 54 lecture. This course is a study of the biological basis of human nutrition, including a survey of anatomical and physiological principles. A study of the human diet in the context of disease prevention, world food supply, and ecological factors will also be included. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

BIOL 122 C Marine Biology 4 Units
Term hours: 54 lecture and 54 laboratory. This is a survey of the natural history and biology of marine organisms, and includes an introduction to physical and chemical oceanography, marine ecology, and energy flow within the marine environment, as well as some basic biological concepts using live ecosystems as examples. Pollution and conservation of the marine environment will also be considered. The course satisfies the biological science with a laboratory transfer requirement of universities and state colleges. A single optional boat field trip may be scheduled with a charter cost not to exceed $30.00. Other optional no-cost field trips will be scheduled. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

BIOL 125 C Island Biology 2 Units
Advisory: BIOL 122 C.
Term hours: 27 lecture and 36 laboratory. This course is designed as an introduction to the nature and diversity of island life. It offers the student an opportunity to study marine communities with an emphasis on community interactions. The course will also include a consideration of marine wilderness and conservation problems as well as biological processes as they occur on islands. One or more weekend field trips for snorkeling, free diving and field study will be an integral part of the course. A boat charter fee not to exceed $50 may be required for field trips to the islands. Pass/No Pass/Letter Grade Option. (CSU)

BIOL 160 C Integrated Medical Science 3 Units
Term hours: 54 lecture. This is a one-semester course that includes a systematic coverage of fundamental physical/chemical principles, basic biological concepts, and fundamentals of anatomy and physiology. The course is designed for various allied health programs (psychiatric technician, court reporting, etc.) or others who desire a background in human biology. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE)

BIOL 174 C Biology of Cells and Tissues 4 Units
Prerequisite(s): Completion of or concurrent enrollment in CHEM 111AC with a grade of C or better.
Advisory: ENGL 060 C.
This is the first course within the biology majors AS degree. This course presents the biochemistry and molecular biology of cells and tissues. Representative topics to be included are: biomolecules, cell structure and metabolism, cell growth and reproduction, cell integration into tissues, and basic Mendelian and molecular genetics. This course will meet the preparation needs of students transferring to upper division biology study. Duplicate credit not granted for BIOL 111 C and BIOL 112 C. Cost of field trips not to exceed $30.00. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: BIOL 190)

BIOL 175 C Evolution and Biodiversity 4 Units
Prerequisite(s): BIOL 174 C or BIOL 111 C or equivalent course with a grade of C or better.
Term Hours: 54 lecture and 54 laboratory. This is the second course within the biology majors AS degree. This course is designed to introduce students to the concept of evolution as the mechanism responsible for diversity at all levels of biological organization. A focus of the course will be the scientific method of investigation. This course is designed for science majors in transfer programs to upper-division study of biology. Duplicate credit not granted for BIOL 113 C and BIOL 114 C. Cost of field trips not to exceed $30. (CSU, UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: BIOL 140 and BIOL 130S = BIOL 175 C + BIOL 276 C)
BIOL 210 C Anatomy and Physiology 5 Units

Advisory: BIOL 160 C or one semester each of college biology/chemistry completed within the last five years with a grade of C or better or one year of high school with a grade of C or better.

Term hours: 54 lecture and 108 laboratory. The course includes a study of the normal structure and function of the human body using mammalian specimens as examples. Selected physiological exercises are included which often utilize the student's own body function. This course is designed for students pursuing the health professions (diagnostic medical sonography, radiologic technology, health information technology, mortuary science, respiratory therapy, etc.). Not open to students with credit in BIOL 240 C. Pass/No Pass or Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC)

BIOL 220 C Medical Microbiology 4 Units

Prerequisite(s): BIOL 210 C or BIOL 231 C with a grade of C or better.

Term hours: 54 lecture and 54 laboratory. This course is a study of etiology, transmission, pathogenesis, diagnosis, treatment, and prevention of infectious disease. Special attention is given to the topics of immunology and chemotherapy. Laboratory activities place emphasis on gaining practicum experience and clinical perspective through application of aseptic techniques, microscopy and physiological testing of microorganisms. This course is recommended for students of Nursing (RN), Dental Hygiene, Medical Records, and Baccalaureate degree medical or Public Health programs. Recommended background is one year each, high school chemistry/biology, or one semester each, college chemistry and biology. Pass/No Pass or Letter Grade Option (CSU/UC, AA GE, CSU GE, IGETC)

BIOL 231 C General Human Anatomy 4 Units

Prerequisite(s): MATH 040 C or MATH 041 C and ENGL 060 C, with a grade of C or better.

Advisory: BIOL 160 C or BIOL 101 C or high school biology and chemistry with a grade of C or better.

Term hours: 54 lecture and 54 laboratory. This course presents a logical analysis of body tissues, organs, and systems. It stresses the microscopic, developmental, and gross anatomy of mammals, with special emphasis on human anatomy. Special attention is given to pathological as well as normal conditions. The three hour laboratory includes the dissection and study of fresh and preserved specimens and models. This course is designed primarily for physical education and allied health majors. High school biology and chemistry, or equivalent is recommended background. Students are encouraged to take BIOL 101 C and BIOL 160 C if they have no previous science background. Pass/No Pass/Letter Grade Option (UC/CSU, AA GE, CSU GE, IGETC, C-ID BIOL 110B).

BIOL 241 C General Human Physiology 4 Units

Prerequisite(s): BIOL 210 C or BIOL 231 C with a grade of C or better.

Advisory: CHEM 101 C

Term hours: 54 lecture and 54 laboratory. This course is an in-depth study of human function. Special attention is given to the abnormal as well as the normal functional state. The laboratory experience includes selected exercises that emphasize the interrelationships between structure and function. It is designed primarily for physical education and allied health programs that require 3 hours of laboratory per week. Pass/No Pass/Letter Grade Option. (UC/CSU, CSU GE, AA GE, IGETC/C-ID: BIOL 120B)
To earn this degree, Biology students must complete:

1. a minimum of 34 semester units or 51 quarter units in the major or area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area of emphasis,
3. the California State University General Education Breadth requirements* (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum* (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units,
5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
6. obtainment of a minimum grade point average (GPA) of 2.0.

*Note: Due to the high unit value of this degree, it is eligible for CSU GE for STEM or IGETC for STEM which allows students to defer completion of 6 units (3 units in Arts/Humanities and 3 units in Social Sciences) until after transfer. Students should consult with a major counselor.

**Business Administration**

Division: Business and Computer Information Systems

**Business Administration Transfer Program (AS-T Business Administration)**

Accounting, Computer Information Systems, Computer Science, Marketing, Management

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent
college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

• Business Administration Associate in Science Degree for Transfer (AS-T) (p. 227)

Business Administration Associate in Science Degree for Transfer (AS-T)

Requirements

PROGRAM CODE: 1S31295

The Business Administration Associate in Science Degree for Transfer (AS-T in Business Administration) is designed to provide an opportunity for the Business Administration major to complete the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Business Administration or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students successfully completing the AS-T in Business Administration will gain knowledge in accounting, business communications, information technologies, finance, law, management, and marketing. Because business is such a broad field with many emphases and majors, this degree will provide the student a broad overview of the possible fields of study in various business areas.

To earn an AS-T in Business Administration students must complete the following requirements:

1. a minimum of 29-31 semester units or 43.5-46.5 quarter units in the Business Administration major with a grade of C or better;

2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC);
3. elective courses to complete a minimum of 60 units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better.
5. have an overall GPA of 2.0.

Chemistry Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent...
college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
- Chemistry Associate in Science Degree for Transfer (AS-T) (p. 229)

Courses

CHEM 060 C Review of Chemistry Foundation (formerly titled Chemistry Review) 2 Units
Advisory: MATH 040 C or MATH 041 C and CHEM 107 C or CHEM 101 C
Term hours: 36 lecture. This course reviews many of the most important requisite chemistry skills for General Chemistry courses (CHEM 111 A and CHEM 111 B). This course is designed to support students who require additional practice in mastering these skills after completing prerequisite mathematics and chemistry courses, but prior to enrolling in the first semester of the General Chemistry sequence (CHEM 111 A). This course is also recommended for students who have completed prerequisites more than two semesters prior to refresh their skills. (Non-Degree Credit) Pass/No Pass only.

CHEM 100 C Chemistry for Daily Life 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C, with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is designed for the non-science major seeking a laboratory science. The course will introduce the fundamental concepts of chemistry and their application in daily life. The laboratory section will provide hands-on experience with many of the lecture topics. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

CHEM 101 C Chemistry for Health Science Majors I 4.5 Units
Prerequisite(s): MATH 020 C or MATH 041 C, with a grade of C or better.
Term hours: 72 lecture and 36 laboratory. This course is the first semester of a two-semester sequence (CHEM 101 C and CHEM 201 C). This course covers the basic principles of atomic structure, chemical bonding, the mole concept, states of matter, solutions, energy, and organic compounds. This course is designed for students majoring in health science. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: CHEM 101)

CHEM 103 C Chemistry and Society 3 Units
Term hours: 54 lecture. This course introduces students to basic concepts of chemistry and requires analyses of the socio-cultural contexts within which chemistry plays a central role. This is a general education course in chemistry and is not recommended for science majors. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

CHEM 104 C Physical Science for Teachers (same as PHSC 104 C) 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This activity-based course introduces students to basic principles of physics and chemistry with emphasis on their practical importance and application in the real world. Some of the topics include: matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. This course is intended for students who want to become elementary school teachers. Duplicate credit not granted for PHSC 104 C. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: CHEM 140 and PHYS 140)

CHEM 107 C Preparation for General Chemistry 5 Units
Prerequisite(s): MATH 040 C or MATH 041 C with a grade of C or better.
Term hours: 72 lecture and 54 laboratory. This course provides a general introduction to the basic concepts, principles and laws of modern chemistry. Topics include a study of atomic theory, molecular structure, chemical reactivity, and the properties of the various phases of matter. Laboratory experiments include both qualitative and quantitative analysis, with an emphasis on proper laboratory techniques. This course applies to the physical science requirement for general education and is not acceptable for credit for students majoring in physical science. CHEM 107 C is a recommended preparatory course for students planning to take CHEM 111 A and CHEM 111 B. No credit if taken after CHEM 111 A. Pass/No Pass/Letter Grade Option (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

CHEM 111AC General Chemistry I 5 Units
Prerequisite(s): MATH 040 C or MATH 041 C and CHEM 107 C, with a grade of C or better or a passing score on the Chemistry Proficiency Test.
Term hours: 54 lecture and 108 laboratory. In this course, topics covered include the general principles of chemistry with associated laboratory analysis. This includes atomic structure, bonding, the mole concept, properties of solutions, gas laws, and thermochemistry. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: CHEM 110 and CHEM 120 S = CHEM 111 A + CHEM 111 B)

CHEM 111BC General Chemistry II 5 Units
Prerequisite(s): CHEM 111 A with a grade of C or better.
Term hours: 54 lecture and 108 laboratory. In this course, topics covered include the general principles of chemistry with associated laboratory analysis. This includes kinetics, equilibrium, thermodynamics, electrochemistry and nuclear chemistry. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, C-ID: CHEM 120 S = CHEM 111 A + CHEM 111 B)

CHEM 112 C General Chemistry II for Engineers 4 Units
Prerequisite(s): CHEM 111 A with a grade of C or better
Term hours: 72 lecture. In this course, topics covered include the general principles of chemistry. This includes kinetics, equilibrium, thermodynamics, electrochemistry and nuclear chemistry. (UC Credit Limitation/CSU)

CHEM 201 C Chemistry for Health Science Majors II 4.5 Units
Prerequisite(s): CHEM 101 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is the second semester of a two-semester sequence (CHEM 101 C and CHEM 201 C). Topics covered include the structures, nomenclature, reactions, and applications of organic and biochemical compounds, as well as cell structure, metabolism, biotechnology, vitamins and enzymes. This course is designed for students majoring in health science. (CSU/UC/AA GE, CSU GE, IGETC)

CHEM 211AC Organic Chemistry I 5 Units
Prerequisite(s): CHEM 111 BC with a grade of C or better.
Term hours: 54 lecture and 108 laboratory. This course is the first part of a two-semester organic chemistry lecture and laboratory sequence. This course covers the study of functionalized compounds, stereoreactivity, substitution and elimination reactions, alkenes, alkynes, and spectroscopic methods. Laboratory work includes the synthesis, isolation, and characterization of organic compounds by using modern techniques and instrumentation. This course is designed for students who plan to major in chemistry, biochemistry, biology, and pre-medical/pre-pharmacy/pre-dental programs. (CSU/UC, C-ID: CHEM 160 S = CHEM 211 BC + CHEM 211 A)
The Chemistry Associate in Science Degree for Transfer (AS-T) was traditionally offered at a California community college. The AS-T is intended to allow students to take one Arts or Humanities course and one Social or Behavioral Science course after transfer. Students should consult with a counselor when planning to complete the degree for more information on specific university admission and transfer requirements.

5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better.

### Requirements

**PROGRAM CODE:** 1S3954

The Chemistry Associate in Science Degree for Transfer (AS-T in Chemistry) is designed to provide an opportunity for the Chemistry major to complete the first and second year requirements for transfer to a four-year public California institution. Students with a degree in chemistry may pursue careers in a variety of fields such as pharmacy, medicine, engineering, teaching, biotechnology, patent law, and forensic science. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Chemistry or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center, and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer," a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. The completion of this curriculum will demonstrate commitment to the Chemistry field and provide comprehensive preparation for upper-division work.

To earn an AS-T in Chemistry, students must complete the following requirements:

1. a minimum of 36 semester units or 54 quarter units in the Chemistry major with a grade of C or better in each course;
2. the Intersegmental General Education Transfer Curriculum (CSU IGETC) for STEM*;
3. completion of 60 semester or 90 quarter units of CSU transferable coursework; and
4. have an overall GPA of 2.0 or higher. *Note: The California State University General Education Breadth pattern (CSU GE) is NOT an option for this degree. Students must use the Intersegmental General Education Transfer Curriculum (CSU IGETC) for STEM which allows students to take one Arts or Humanities course and one Social or Behavioral Science course after transfer. Students should consult with a counselor when planning to complete the degree for more information on specific university admission and transfer requirements.

### Chinese

**Division:** Language Arts
CHIN 098 C Chinese Seminar 0.5-12 Units
This seminar is for able students who wish to extend their knowledge of literature, language, and culture through small group discussion. Fee may be required - Payable at Registration. May be taken for credit 0-4 times. Pass/No Pass or Letter Grade option.

CHIN 100 C Beginning Spoken Chinese 3 Units
Term hours: 54 lecture. This course is for students at beginning levels who would like to have exposure to Chinese without having to learn Chinese characters. It is an introduction to spoken Chinese with emphasis on pronunciation, oral practice, vocabulary development, and use of common expressions for daily conversations in a culturally appropriate way. Pass/No Pass/Letter Grade Option. (CSU, AA GE)

CHIN 101 C Elementary Chinese-Mandarin I 5 Units
Term hours: 90 lecture. This course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing, and the grammar and vocabulary necessary to acquire these skills. Students will be introduced to customs, culture, and geography of China through lectures, films, and reading assignments. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE)

CHIN 102 C Elementary Chinese-Mandarin II 5 Units
Prerequisite(s): CHIN 101 C or one year of high school Chinese with a grade of C or better.
Term hours: 90 lecture. This course continues to emphasize the acquisition of basic skills in pronunciation, listening and speaking, reading, and writing, and the grammar and vocabulary necessary to acquire these skills. Students will increase their knowledge of the customs, culture, and geography of China and other Chinese speaking countries/areas through lectures, reading, writing assignments, and film. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

CHIN 203 C Intermediate Chinese-Mandarin III 5 Units
Prerequisite(s): CHIN 102 C with a grade of C or better or two years of high school Chinese with a grade of C or better.
Term hours: 90 lecture. This course develops listening, speaking, reading, and writing skills at the intermediate level, emphasizes both oral and written communication, and provides an expanded review of key grammatical concepts. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE,CSU GE,IGETC)

CHIN 204 C Intermediate Chinese-Mandarin IV 4 Units
Prerequisite(s): CHIN 203 C with a grade of C or better.
Term hours: 72 lecture. This course develops listening, speaking, reading and writing skills at the intermediate level, and it provides an expanded review of key grammatical concepts. Pass/No Pass or Letter Grade Option. (CSU/UC, AA GE, CSU GE, IGETC)

CHIN 298 C Chinese Seminar 0.5-12 Units
Term hours: 0-216 lecture and 0-432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of literature, language, and culture through small group discussion. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation)

Program Student Learning Outcomes
The courses taught by this department contribute to the General Education and Basic Skills Program Learning Outcomes. Please refer to General Education and Basic Skills Program Learning Outcomes (https://catalog.nocccd.edu/cypress-college/programs-study/description-courses/general-education-basic-skills-program-learning-outcomes/).

Communication Studies Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
• Communication Certificate (p. 232)
• Communication Studies Associate in Arts Degree for Transfer (AA-T) (p. 232)
Courses

COMM 050 C Effective Communication 3 Units
Term hours: 54 lecture. The course is designed to teach students effective communication techniques in everyday situations. Emphasis is placed on developing communication skills in a variety of settings including interviewing, resume building, public speaking and working in small groups. Pass/No Pass/Letter Grade Option. (AA GE)

COMM 098 C Communication Seminar 5-12 Units
Term hours: 0-216 lecture and 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language, and culture through small groups discussion. Fee may be required - Payable at Registration. Pass/No Pass or Letter Grade option.

COMM 100 C Human Communication 3 Units
Term hours: 54 lecture. This course is an introduction to the fundamentals and principles which underlie effective speech communication. Practical experience, emphasizing content, organization and delivery, will be required in at least three speaking situations, specifically including persuasive and informative speaking. Duplicate credit not granted for COMM 100HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: COMM 110)

COMM 100HC Honors Human Communication 3 Units
Term hours: 54 lecture. This Honors-enhanced course will introduce students to fundamentals and advanced principles which underlie effective speech communication and will offer an overview of the disciplinary field of speech communication. Enhanced practical applications, emphasizing content, organization, and delivery will be required in at least four speaking situations, specifically including persuasive and informative speaking. Principles of rhetorical criticism will also be studied. Duplicate credit not granted for COMM 100 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: COMM 110)

COMM 105 C Interpersonal Communication 3 Units
Term hours: 54 lecture. The purpose of this course is to improve the students’ understanding and the ability to deal effectively with people. Major theories in the field of interpersonal communication will be studied so the student can develop a basic understanding of relationship theories and also acquire skills for self-improvement within their own relationships. Methods of instruction include lecture, discussion, simulation experiments, and small group activities. No formal speeches required. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: COMM 130)

COMM 110 C Mediated Oral Communication 3 Units
Term hours: 54 lecture. This course examines theories of communication in terms of computer-mediated communication (CMC), and how new technologies impact oral performances, interpersonal relationships, group communication, language, identities and social structures. Students will learn about the digital networked era which is based on consuming ever-increasing content. We will examine how different types of CMC technologies such as email, instant messaging, video conferencing, twitter and social network sites affect communication processes. Students will develop a better sense of how knowledge, information, and power changes on the web and become aware of their own personal change. Students will engage the web as critical writers and readers in order to move past being simply consumers and empower them in this digital networked era. Practical experience, emphasizing content, organization and delivery, will be required in at least three speaking situations, specifically including persuasive and informative speaking. Public speaking assignments will be completed in a computer mediated platform such as Zoom. Speaking assignments may be performed asynchronously and submitted via recording or other mediated format. (CSU/UC, AA GE, CSU GE)

COMM 120 C Intercultural Communication 3 Units
Term hours: 54 lecture. This course focuses on the cultural and social variables, communication theories and practices, and communicative styles that affect the communication process between members of different cultures. It includes an assessment of both the communication that occurs between members of different cultures and on methods and techniques of adapting communication. (CSU/UC, CSU GE, AA GE, IGETC, SOC JUST, C-ID: COMM 150)

COMM 124 C Small Group Communication 3 Units
Term hours: 54 lecture. This course is an introduction to theoretical and applied concepts in small group communication through participation and observation, analysis, and evaluation of group processes. Elements of small group behavior to be studied include leadership, roles, norms, networks, conflict and cohesion needs and problem-solving decision making. (CSU/UC, C-ID: COMM 140)

COMM 135 C Argument and Critical Thinking 3 Units
Term hours: 54 lecture. This course is a study of argumentation - logic, reasoning, analysis of issues, audience analysis, evidence, refutation, case construction - and its relationship to advocacy. Emphasis is placed on the development of critical thinking skills. (CSU/UC, AA GE, CSU GE, C-ID: COMM 120)

COMM 138 C Forensics 1-2 Units
Term hours: 18 lecture and 18-54 laboratory. This course is designed to prepare students to participate in intercollegiate speech competition. Practical experience, emphasizing content, organization and delivery will be offered in debate, persuasive speaking, informative speaking, extemporaneous speaking, impromptu speaking and oral interpretation. This course must be taken for two semesters to fulfill the CSU A3 Critical Thinking requirement. Course may be taken two times for credit. Open Entry/Open Exit (CSU/UC, CSU GE, C-ID: COMM 160 B)

COMM 170 C Oral Interpretation of Literature 3 Units
Term hours: 54 lecture. This course is an introduction to performance studies; analysis, appreciation, and application of theories of interpretive performance of various genres of literature including poetry, prose, drama, and readers theater. Students will learn to evaluate, analyze, edit, and creatively perform selections of literature for an audience. Field trips may be required. (CSU/UC)

COMM 220 C The Rhetoric of the City 3 Units
Advisory: Eligibility for ENGL 100 C.
Term hours: 54 lecture. This course will examine the communicative meanings found in the culture, environment, history and social structure for a specific city. Students will be exposed to an interdisciplinary focus on a specific city and will examine the communicative interrelationships between the city and its populace. Duplicate credit not granted for COMM 220HC. (CSU/UC, AA GE, CSU GE)

COMM 220HC Honors Rhetoric of the City 3 Units
Term hours: 54 lecture. This Honors-enhanced course will be conducted as a seminar. This course will examine the communicative meanings found in the culture, environment, history and social structure of a specific city. Students will be exposed to an interdisciplinary focus on a specific city and will examine the communicative interrelationships between the city and its populace. Duplicate credit will not be granted for COMM 220 C. (CSU, AA GE, CSU GE)
COMM 238 C Forensics 1-2 Units
Term hours: 18 lecture and 18-54 laboratory. This course is designed to prepare students to participate in intercollegiate speech competition. Practical experience, emphasizing character, organization and delivery will be offered in debate, persuasive speaking, informative speaking, extemporaneous speaking, impromptu speaking and oral interpretation. This course must be taken for two semesters to fulfill the CSU A3 Critical Thinking requirement. Open Entry/Open Exit. (CSU, CSU GE, C-ID: COMM 160 B)

COMM 298 C Communication Studies Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language, and culture through small group discussion. Fee may be required - Payable at Registration. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/CSU)

COMM 299 C Communication Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: 9-36 conference depending on units attempted. This course is for able students who wish to extend their knowledge of speech/communication language through individual study or research. May be taken for credit 3 times. (UC Credit Limitation/CSU)

COMM 340 C Communication for Health Services (formerly Communication for Mortuary Science) 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Advisory: COMM 100 C or COMM 100HC. Term hours: 54 lecture. This course provides an integrative overview of communication for students in Mortuary Science. This course is designed to introduce students to advanced theories and principles of communication and to provide practical applications of those concepts. The course focuses on an in-depth utilization of those concepts in various communication settings.

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts, A1-Social Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

Communication Certificate
Division: Language Arts
PROGRAM CODE: 1C39164

The Communication Certificate recognizes a student's achievement in a variety of communication skills including, public speaking, critical thinking, argumentation, group problem solving and decision-making, and interpersonal and intercultural interaction. Communication skills are an intrinsic component of success in both personal and professional relationships and are highly valued by employers in the workplace. To earn this certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 16-18 units.

Total Units 16-18

Communication Studies Associate in Arts Degree for Transfer (AA-T)
Division: Language Arts
Requirements
PROGRAM CODE: 1A31002

The Communication Studies Associate in Arts Degree for Transfer is designed to provide an opportunity for the Communication Studies major to achieve a Communication Studies Associate in Arts Degree for Transfer while completing the first and second year requirements for transfer to a four-year institution. While a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper division work. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college.

The Associate in Arts for Transfer (AA-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. This degree requires 18 units.

To earn an Associate in Arts for Transfer (AA-T) students must complete:
1. a minimum of 18 units of major course requirements with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC);
3. any elective courses to complete a minimum of 60 units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. have an overall GPA of 2.0.

Computer Information Systems Transfer Program (AS-T Business Administration)
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
• Associate in Science Degree Computer Programming (p. 239)
• Associate in Science Degree Law Office Administration (p. 239)
• Business Information Worker Certificate (p. 240)
• Cisco Networking Certificate (p. 240)
• Computer and Office Applications Certificate (p. 240)
• Computer Forensics Certificate (p. 241)
• Computer Information Systems Associate in Science Degree (p. 241)
• Computer Programming Certificate (p. 241)
• Cyber Defense Associate in Science Degree (p. 241)
• Cyber Defense Certificate (p. 242)
• Cybersecurity Certificate (p. 243)
• Data Analytics Certificate (p. 243)
• Data Management Certificate (p. 243)
• DevSecOps (Development, Security, and Operations) Certificate (p. 243)
• Mobile Application Development Certificate (p. 244)
• System Administration and Technical Support Certificate (p. 244)
• Virtualization and Cloud Computing Certificate (p. 244)

Courses
CIS 075 C Business Skills Development 2 Units
Term hours: 18 lecture and 54 laboratory. This course is designed for the student who needs to gain job skills in a short period of time. Occupational training will be provided in the areas of office occupations, and communication skills. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option

CIS 100 C Introduction to Computer and Windows Concepts (formerly CIS 050 C) 3 Units
Term hours: 54 lecture and 18 laboratory. This course is designed to teach the computer hardware, Windows Operating System, E-mail, Web Apps, and Internet concepts. Students will receive hands-on experience. $3.00 Materials Fee–PAYABLE AT REGISTRATION. Pass/No Pass/Letter Grade Option. (CSU)
CIS 102 C MS Word Business Applications (formerly Advanced MS Word Business Applications) 3 Units
Term hours: 54 lecture and 54 laboratory. This course teaches students how to use Word to create and edit documents; format documents; add tables and lists; add design elements and layout options; and proof documents. Students will learn how to create and format business, legal, medical, and other professional looking documents using Microsoft Word as well as Adobe PDF. Focus will be on using Word features such as mail merge, form letters, styles, themes, macros, and desktop publishing to generate letters, tables, reports, flyers, and newsletters. This course will prepare students for Microsoft Office Specialist (MOS) exam. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 103 C Presentation - PowerPoint for Windows (formerly Microsoft Excel and PowerPoint) 3 Units
Term hours: 54 lecture and 18 laboratory. This course teaches the students how to use PowerPoint for business and professional use. Students create, edit, format, and enhance presentations and apply transitions and animations. This course will help prepare students to take the Microsoft Office Specialist (MOS) exam. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option (CSU)

CIS 109 C E-Business Applications 3 Units
Term hours: 54 lecture and 18 laboratory. This course introduces the technological infrastructure needed for implementing e-Business solutions. It also discusses the software components necessary to implement such applications. A major component of the course will be hands-on projects of evaluating e-business tools and application software.

$3.00 Material Fee-Payable at Registration. (CSU)

CIS 110 C Linux Operating System 3 Units
Term hours: 54 lecture and 18 laboratory. This course is an introduction to the Linux operating system. Topics include installing, configuring, maintaining, administering, and troubleshooting of the Linux Operating System. It provides preparation for the Sair Linux Certification. $3.00 Materials Fee-Payable at Registration. (CSU)

CIS 111 C Computer Information Systems 3 Units
Advisory: ENGL 058 C
Term hours: 54 lecture and 18 laboratory. This course is an introduction to computer concepts, computer organization, operation, hardware, systems and application software; business-problem solving; and applications to business. $3 Material Fee - Payable at Registration. (CSU/UC, AA GE, CSU GE, C-ID: BUS 140 and ITIS 120)

CIS 116 C MS Outlook/Office Procedures 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares management or office personnel for work in a computerized office environment. MS Outlook is taught in this class and integrated with Word and other MS Office applications. Pass/No Pass/Letter Grade Option, $3.00 Material Fee - Payable at Registration. (CSU)

CIS 132 C Spreadsheet-Excel for Windows 4 Units
Term hours: 72 lecture. This course is designed to introduce students to the use of spreadsheet programs in the solution of problems. Students will use spreadsheet software to create, edit, graph, save, and print out spreadsheets. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 142 C Database-Access for Windows 3 Units
Term hours: 54 lecture and 18 laboratory. This course is designed to introduce the student to the use of database programs in the solution of record keeping problems. Students will use database software to create, update, and report data files. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 150 C Microsoft Office Applications 3 Units
Term hours: 54 lecture and 18 laboratory. This course studies the terms, concepts, and features of Microsoft Office software in today's business office. Students will create hands-on application office projects using Microsoft Office. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 160 C Information Systems Management 3 Units
Term hours: 54 lecture and 18 laboratory. This course is for students interested in managing a Computer Information Systems Center. The subject areas to be studied are planning, equipping, staffing, and managing a computerized business office. The student will use a computer spreadsheet and database in hands-on exercises in planning and managing an information systems office. $3 materials fee payable at registration. Pass/No Pass/Letter Grade Option (CSU)

CIS 161 C PC Operating System 3 Units
Term hours: 36 lecture and 54 laboratory. This course uses the latest version of Windows to introduce students to the technical aspects of an operating system program. This course takes students from the fundamental concepts of modern computer operating systems, and leads them into more advanced topics and network implementation. Topics include installing, configuring, upgrading, diagnosing, and troubleshooting desktop operating systems. Pass/No Pass/Letter Grade Option. $3.00 Material Fee - Payable at Registration. (CSU)

CIS 162 C PC and Network Hardware Support 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares students with both theoretical and practical lessons relating to computer hardware and peripherals in a networked environment. Emphasis is placed on hands-on experience in how hardware components function together to make a computer work properly. In addition, students will gain real-world knowledge and skills in current network concepts and operating systems. CompTIA's IT Fundamentals and A+ topics will be included. (CSU)

CIS 164 C IT Support Services (formerly Computer Desktop Support) 3 Units
Term hours: 36 lecture and 54 laboratory. This course is designed to teach students the crucial skills needed to work as an IT support in an Active Directory network or Windows workgroup environment. Students will learn the kinds of knowledge, skills, abilities, and strategies they need to be employable in the support industry. Emphasis will be placed on deploying Windows, managing devices and data, configuring connectivity, maintaining Windows, managing policies and profiles, managing and protecting devices, and managing apps and data. This course prepares students for the Microsoft 365 Certified: Modern Desktop Administrator Associate. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 170 C Introduction to Data Analytics 3 Units
This course is an introduction to the fundamental concepts of Data Analytics and Business Intelligence (BI). Data Analytics and BI are utilized to turn big data into useful information to enable educators, researchers, industry, and businesses to make better decisions. Students will examine the tools, applications, and processes including analytics, understanding data, data warehousing, big data, cloud computing, and data visualization. $3 materials fee payable at registration (CSU)

CIS 172 C Data Visualization 3 Units
Term hours: 54 lecture and 36 laboratory. This course will teach students how to develop data dashboards that reveal meaningful information to relevant target audiences. Students will learn how to organize raw data to analyze and interpret data and to draw and present conclusions using Tableau software. $3 materials fee payable at registration. (CSU)
CIS 179 C Introduction to Web Page Design 3 Units
Term hours: 54 lecture and 18 laboratory. This course introduces students to Web publishing with HTML (Markup Language) for business and personal applications. Students will learn techniques to design a professional-looking Web site. Emphasis is placed on learning the HTML from the basic tags to the advanced topics such as tables, graphics, cascading style sheets, and creation of the business-related Web pages. $3.00 Material Fee–Payable at Registration. (CSU)

CIS 182 C Microsoft Networking Fundamentals 3 Units
Term hours: 54 lecture and 18 laboratory. This course provides a comprehensive introduction of the fundamental concepts and theory of Microsoft networking. Students will understand network infrastructures, network hardware, and protocols. Topics include communication concepts, communication components and hardware, communication media, topologies, protocols, local and wide area networks, wireless communications, and Windows related network administration commands. Pass/No Pass or Letter Grade Option. $3.00 Materials Fee–Payable at Registration. (CSU)

CIS 185 C Administering Windows Server 3 Units
Term hours: 36 lecture and 54 laboratory. This course introduces students to both Microsoft client and server sides for the administration and management of Windows networking on domain directory services. Students will learn the features and architectures of the various types of client/server implementations such as program installation, working with files and folders, security permissions to the network resources, network auditing, printing system, configuring users and groups, managing domains and OUs, configuring authentication policies, managing DFS, and group policies, identity solutions and domain name systems. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option.

CIS 189 C Administering Windows Active Directory Services (formerly Administering and Configuring Windows Server Directory Services) 3 Units
Term hours: 36 lecture and 54 laboratory. This course covers implementing, managing, maintaining and configuring directory services and infrastructure in a Windows server environment. Emphasis would be on active directory domain services (AD DS), group policies at both introductory and advanced, domain name system, file services, AD certificate services, setting up user accounts and user access, managing resources, AD federation services, AD rights management, AD trusts, and advanced networking services and infrastructure. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 190 C IT and Cybersecurity Fundamentals (formerly Cybersecurity Competition) 4 Units
Term hours: 72 lecture and 36 laboratory. This course provides students with the fundamental knowledge in Information technology and Cybersecurity and prepares students for CompTIA's ITF+ and Cloud Essentials exams. Topics will include Cybersecurity essentials, OS installation and hardening, Windows and Linux administration, networking fundamentals and basics of cloud computing. Pass/No Pass or Letter Grade Option. (CSU)

CIS 191 C Network Infrastructure Services (formerly Administering and Configuring Windows Server Network Infrastructure) 3 Units
Term hours: 36 lecture and 54 laboratory. This course primarily covers the administration and configuration tasks required to deploy, manage and maintain infrastructure and necessary network services. Emphasis is placed on advanced network and file services, dynamic access control, distributed active directory domain, active directory certificate, rights management, network load balancing, virtual machine manager, VPN solution, sites topology, failover clustering, and IP address management. Pass/No Pass or Letter Grade option. $3 materials fee payable at registration. (CSU)

CIS 195 C Network Security 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares students to identify network security threats and implement procedures for securing networks. Important network security topics covered in CompTIA's Security+ certificate such as malware and social engineering attacks, basic cryptography, wireless network security, access control, authentication, risk management and vulnerability assessment are covered. Pass/No Pass or Letter Grade Option. $3.00 Materials Fee–Payable at Registration. (CSU)

CIS 196 C Ethical Hacking 3 Units
Term hours: 54 lecture and 18 laboratory. This course provides students with basic anti-hacking network security concepts and hands-on skills. Important network security topics covered in CEH (Certified Ethical Hacker) certificate such as network and computer attacks, footprinting, port scanning, enumeration, cryptography and OS vulnerabilities are covered. $3.00 Material Fee - Payable at Registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 201 C Microsoft Virtualization and Cloud Deployment 3 Units
Term hours: 54 lecture and 18 laboratory. This course will prepare students with the knowledge and skills in virtualization technology such as Hyper-V, System Center services, desktop virtualization, and cloud computing using Azure networking platform. Students will be proficient in developing applications and services by using cloud and virtualization tools including storage, security, computing, and communications. $3 materials fee is payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 202 C VMware Cloud and Virtualization Networking (formerly VMware vSphere Virtualization Networking) 3 Units
Term hours: 54 lecture and 18 laboratory. In this hands-on training course students will install, configure, manage, and troubleshoot VMware vSphere, which includes VMware ESXi and VMware VCenter Server. Students are taught how to administer a vSphere infrastructure for an organization of any size. In doing so, students explore fundamentals of virtual network design and implementation, fundamentals of storage area networks, virtual switching, virtual system management, and engineering for high availability. In addition, students will learn the skills necessary to install and configure VMware vRealize for cloud solutions. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 211 C Introduction to Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This beginning course in programming introduces students to the Visual C# .NET and Visual Basic .NET programming languages. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Program Design, Control Structures, Functions, Sub Procedures, Form Design, and Object-Oriented coding. $3.00 Material Fee - Payable at Registration. (UC/CSU)
CIS 211 C Microsoft Project 3 Units
Term hours: 54 lecture and 18 laboratory. This course uses Microsoft Project to create a task list, set up and assign resources, format and print plan, track progress, share project information, and manage project team. Students will learn how to solve typical project and business problems using the planning, control and reporting features of Microsoft Project. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 218 C Visual C# Programming 3 Units
Prerequisite(s): CIS 211 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces students to the Visual C# programming language. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Classes and Objects, Methods, Arrays, and Form Development. $3.00 Material Fee - Payable at Registration. (UC/CSU)

CIS 220 C Web Page Programming 3 Units
Advisory: CIS 179 or consent of instructor.
Term hours: 54 lecture and 18 laboratory. In this course, students will learn how to create Web pages that include Cascading Style Sheets (CSS), how to create JavaScript programs inside HTML (Hyper Text Markup Language) documents, how to use JavaScript programs to enhance Web pages, and how to use elements of Dynamic HTML. Emphasis is placed on multiple page layers, scripting, and managing large-scale Web sites. Using these tools and techniques, students will learn to create dynamic effects based on users interaction, simple animation, drop-down menu, and other sophisticated and useful design effects. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 223 C Visual C++ Programming 3 Units
Prerequisite(s): CIS 211 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces students to the Visual C++ programming language. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Control Structures, Functions, Classes and Objects, Arrays, and File Processing. $3.00 Material Fee - Payable at Registration. (UC/CSU)

CIS 225 C Web Programming with ASP 3 Units
Term hours: 54 lecture and 18 laboratory. This course prepares students to use ASP (Active Server Pages) as a web programming language to create dynamic, interactive, and data-driven web applications. Students will learn how to develop web applications that interact with viewers as well as with other computer applications. Emphasis is placed on reading and writing data to a file on the web server, developing interactive web pages, creating web applications that integrate data bases, server-side programming, optimizing the performance of web applications, developing user controls, working with ASP web services, debugging web applications, creating mobile web applications. Pass/No Pass/Letter Grade Option. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 226 C Java Programming 3 Units
Advisory: CIS 211 C or equivalent programming experience.
Term hours: 54 lecture and 18 laboratory. This course introduces students to the Java programming language. Students will learn the language syntax, how to design and debug programs as well as object oriented programming concepts. $3.00 Material Fee-Payable at Registration. (CSU/UC, C-ID: COMP 122)

CIS 230 C Cisco Networking 1 4 Units
Advisory: CIS 190 C.
Term hours: 63 lecture and 36 laboratory. This is the first course in the CCNA (Cisco Certified Networking Associate) curriculum introduces the architectures, models, protocols, and networking elements that connect users, devices, applications and data through the Internet and across modern computer networks - including IP addressing and Ethernet fundamentals. By the end of the course, students can build simple local area networks (LAN) that integrate IP addressing schemes, foundational network security, and perform basic configurations for routers and switches. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 231 C Cisco Networking 2 3 Units
Prerequisite(s): CIS 230 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This is the second course in the CCNA (Cisco Certified Networking Associate) curriculum that focuses on switching technologies and router operations that support small-to-medium business networks and includes wireless local area networks (WLAN) and security concepts. Students learn key switching and routing concepts. They can perform basic network configuration and troubleshooting, identify and mitigate LAN security threats, and configure and secure a basic WLAN. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 232 C Cisco Networking 3 3 Units
Prerequisite(s): CIS 231 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This is the third course in the CCNA (Cisco Certified Networking Associate) curriculum describes the architectures and considerations related to designing, securing, operating, and troubleshooting enterprise networks. This course covers wide area network (WAN) technologies and quality of service (QoS) mechanisms used for secure remote access along with the introduction of software-defined networking, virtualization, and automation concepts that support the digitalization of networks. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. $3 materials fee payable at registration. Pass/No Pass or Letter Grade Option. (CSU)

CIS 233 C Cisco CyberOps (formerly Cisco Networking 4) 3 Units
Advisory: CIS 190 C or CIS 230 C.
Term hours: 36 lecture and 54 laboratory. This course provides an introduction to the knowledge and skills needed as an associate-level Security Analyst working with a security Operations Center team. Students gain understanding and hands-on experience on how to detect and respond to security incidents, understand how organizations deal with cybercrime, cyber espionage, insider threats, advanced persistent threats, regulatory requirements, and related issues. This course is offered through Cisco Local Academy and upon successful course completion students will receive a certificate from Cisco. Students will also be prepared for CCNA Cyber Ops exams. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)
CIS 234 C Advanced Java Programming 3 Units
**Prerequisite(s):** CIS 226 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course covers advanced Java programming through the design and use of data structures and algorithms. The following data structures will be covered: arrays, linked structures, stacks, queues, hash tables, and various types of trees. Students will learn to implement and use each. $3 materials fee payable at registration. (CSU/UC, C-ID: COMP 132)

CIS 236 C Introduction to Oracle - SQL and PL and SQL 3 Units
Term hours: 36 lecture and 54 laboratory. This course offers students an extensive introduction to data server technology. The class covers the concepts of both relational and object relational databases and the powerful SQL (Structured Query Language). Students are taught to create and maintain database objects and to store, retrieve, and manipulate data. In addition, students learn to create PL/SQL blocks of application code that can be shared by multiple forms, reports, and data management applications. Demonstrations and hands-on practice reinforce the fundamental concepts. $3.00 Material Fee-Payable at Registration. (CSU)

CIS 239 C CCNA Bootcamp 3 Units
**Advisory:** CIS 230 C and CIS 231 C and CIS 232 C.
Term hours: 54 lecture and 18 laboratory. In this course, students will be prepared for the CompTIA Network+ and Cisco Certified Networking Associate (CCNA) Routing and Switching exams. Major concepts such as IP addressing and subnetting, router and switch configurations, LAN and WAN protocols, and routing will be reviewed. Students will be provided with the test bank questions and sample simulation scenarios to prepare for the exams. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 243 C Linux Server Administration (formerly titled Oracle Forms and Reports) 3 Units
**Advisory:** CIS 100 C.
Term hours: 54 lecture and 18 laboratory. This is a hands-on course for students to acquire basic skills and knowledge needed to administer Linux servers in a network environment. Topics include installing, configuring, and maintaining Apache, FTP, SSH, Samba, NFS, DHCP, NTP, mail, printing, and LAMP servers as well as system log files and basic network security measures. (UC/CSU)

CIS 244 C Java Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course covers game programming for Java developers. It leads students to create desktop and Internet computer games using the latest Java programming language techniques. $3.00 Material Fee-Payable at Registration. (CSU/UC)

CIS 245 C Perl Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This hands-on course introduces students to the Perl and CGI programming language. Topics include syntax, basic scripting skills, arrays and hashes, I/O, regular expressions, and subroutines. The course also introduces object-oriented programming in Perl, as well as CGI.pm module and Perl web programming. Pass/No Pass/ Letter Grade Option. $3.00 Material Fee-Payable at Registration. (UC/CSU)

CIS 246 C PHP Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This hands-on course introduces students to the PHP programming language. Topics include basic PHP programming skills, and integration with HTML. It also explores advanced modules including accessing the MySQL database. Students will learn to develop dynamic web content and data-driven web sites using PHP. Pass/No Pass/ Letter Grade Option. $3.00 Material Fee-Payable at Registration. (UC/CSU)

CIS 247 C Python Programming 3 Units
Term hours: 54 lecture and 18 laboratory. In this course, students will obtain a hands-on introduction to the Python language, Python tools, Python applications, and problem-solving with Python. Through lectures and laboratory work, students learn the skills of Python programming. Pass/No Pass/Letter Grade Option. $3 materials fee payable at registration. (CSU/ UC, C-ID: COMP 122)

CIS 252 C Java Web and Mobile Applications 3 Units
**Prerequisite(s):** CIS 226 C with a grade of C or better.
Term hours: 54 laboratory and 18 laboratory. This course covers topics in Java Web and Mobile Applications. Topics include multithreading, networking, JDBC, Servlet, JSF, web services and mobile applications. $3.00 Material Fee-Payable at Registration. (CSU/UC)

CIS 254 C Mobile Application Development 3 Units
Term hours: 54 lecture and 18 laboratory. In this course, students will learn how to develop applications for use on small and mobile devices. The Android platform will be used for the basis of this course. Additional platforms may be introduced for comparison purposes. Students will create applications for the Android platform using the various specialized development environments available. $3.00 Materials Fee - Payable at Registration. (CSU)

CIS 257 C Cloud Implementation and Security (formerly Storage Management and Cloud Computing) 4 Units
**Advisory:** CIS 230 C
This course focuses on securing network devices, implementing firewall and intrusion prevention technologies, cryptography, implementing Virtual Private Networks (VPNs), implementing the Cisco Adaptive security Appliance (ASA), and managing a secure network. This course is offered through Cisco Local Academy and upon successful course completion, students will receive a certificate from Cisco. Students will be also prepared for Cisco¿s IINS exam by completing Bootcamp sessions. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 258 C Cisco Security (formerly CCNA Security) 3 Units
**Advisory:** CIS 231 C and CIS 230 C.
This course focuses on understanding cloud computing, analyze cloud technologies, secure cloud infrastructures, learn different cloud types and services, and manage virtual servers and cloud storage. The course also will cover the topics of virtualization, software defined networks, storage, and various vendor cloud products, and programming models. Course is supplemented with 24/7 access to NetLab. $3 materials fee payable at registration. Pass/No Pass or Letter Grade option. (CSU)

CIS 261 C Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course introduces students to basic game programming concepts and program design process. Topics include game terminology, genre analysis, platform comparisons, and content creation. Students will also explore major game programming languages. Pass/No Pass/Letter Grade Option. $3.00 Materials Fee - Payable at Registration. (UC/CSU)

CIS 263 C Mobile Game Programming 3 Units
Term hours: 54 lecture and 18 laboratory. This course offers an overview of the gaming products for platforms involving anything handheld, including cell phones, PDAs and Pocket PCs. Students will learn to develop mobile games for the portable platforms of their choices. Pass/No Pass/Letter Grade Option. $3.00 Materials Fee-Payable at Registration. (UC/CSU)

</table>

**Advisory:** May be required.

**Corequisite(s):** May be required.

**Prerequisite(s):** CIS 247 C with a grade of C or better.

**Supplemental reading and course assignments required. Variable Unit Class.** May be taken for credit 1-4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option. (CSU)

**Corequisite(s):** May be required.

**Prerequisite(s):** CIS 247 C with a minimum grade of "C".

**Prerequisite(s):** CIS 280 C with a minimum grade of "C".

**Prerequisite(s):** CIS 298 C with a minimum grade of "C".

**Prerequisite(s):** CIS 298 C with a minimum grade of "C".

**Prerequisite(s):** May be required.

Term hours: 238-240 laboratory. This course will provide the student with the concepts and skills to complete examinations on alternative digital media. This includes an understanding of the various file systems, acquisition procedures, recovery methods, and reporting on findings. $3.00 Material Fee - Payable at Registration. (CSU)
CIS 298AC Storage Management and Cloud Computing  3 Units

Advisory: CIS 230 C

This course covers concepts, principles, and deployment considerations across all technologies that are used for storing, managing, and protecting digital information in classic, virtualized, and cloud environments. Students will also be introduced to Cloud Computing. Course is supplemented with the EMC Academic Alliance Curriculum and 24/7 access to NetLab. Pass/No Pass/Letter Grade Option $3.00 Materials Fee--PAYABLE AT REGISTRATION.

CIS 299 C CIS Independent Study  0.5-2 Units

Prerequisite(s): Approved Independent Study Learning Contract

Term hours: 9-36 hours lecture depending on units attempted. This course is designed for students who wish to gain further experience, knowledge, or expertise beyond their current offerings in their area of study. The number of class hours or activities per week will be determined by the scope of the topic. The instructor will devise learning strategies to be followed by the student. Students must obtain permission from the program coordinator to be enrolled in this class. Pass/No Pass/Letter Grade Option. May be taken for credit 4 times. (CSU)

Program Student Learning Outcomes

Computer Information Systems

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, and C-Critical Thinking, Problem Solving, and Information Competency Skills; specifically, the following ISLO/PSLO subcategories: A1-Business and Computer Information Systems, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C3-Research, C4-Problem Solving, and C5-Technology.

A student who completes the Computer Information Systems (CIS) field of study will be able to:

- Demonstrate the knowledge and skills to utilize operating system commands, emails, Internet use, digital storage media.
- Use contemporary software application to create and modify word processing, spreadsheet, database, or presentation files.
- Acquire computer application skills to enhance his/her employment opportunity.

Computer Science

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Business and Computer Information Systems.

Computer Programming

A student who completes the Computer Programming field of study will be able to:

- Acquire problem analysis skills to design suitable solutions
- Code, debug, implement and maintain the computer programs
- Enhance his/her employment opportunity in the specific area of computer programming

Web Applications and Programming

A student who completes the Web Applications field of study will be able to:

- Demonstrate the knowledge and skills to employ the Internet tools to search the Web, manage email, communicate on the Web, download programs, share information, and strengthen Web security
- Demonstrate the knowledge and skills to create and implement maintainable Websites using a range of programming techniques and languages
- Demonstrate the knowledge and skills to apply a variety of Website management tools to maintain Websites
- Enhance his/her employment opportunity in a specific area of Web applications programming

Associate in Science Degree Computer Programming

Requirements

PROGRAM CODE: 1S03768

The Associate in Science Degree in Computer Programming prepares the student for a career in the area of computer programming. The curriculum is designed to develop a working knowledge of what is required to be successful in business computer programming.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. the cultural diversity and reading requirements
4. any elective courses to complete a minimum of 60 units, and
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

PROGRAM CODE: 1S32966

The Associate in Science Degree Law Office Administration prepares the student for a career in the legal arena. The curriculum is designed to
Business Information Worker Certificate

Division: Business and Computer Information Systems

Requirements

PROGRAM CODE: 1C40978

The Business Information Worker Certificate reflects the employable skills needed for today's business information worker. This program includes computer applications in Word, Excel, Outlook, computer concepts, and human relations in business. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 16 units.

Cisco Networking Certificate

Requirements

PROGRAM CODE: 1C12937M

The Cisco Networking Certificate prepares the students for a career in the area of computer networking. The program is designed to teach students the skills needed to design, build, and maintain small to medium-size networks. The curriculum also prepares students for the industry-recognized CCNA (Cisco Certified Networking Associate) exam. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 16 units.

Computer and Office Applications Certificate

Requirements

PROGRAM CODE: 1C31193

The Computer and Office Applications Certificate gives the students a working knowledge for a career in computer applications in an office setting. Upon completion, the student will work in the capacity of office assistant, computer application specialist, or administrative assistant. To earn a certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 16 units.

Computer Forensics Certificate

Requirements

PROGRAM CODE: 1C30328

The goal of this program is to equip students with the necessary skills and knowledge required to collect digital artifacts and present them to related parties as digital evidence. Students will learn how to process cases from start to finish in addition to the use of software toolskits. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Computer Information Systems Associate in Science Degree

Division: Business and Computer Information Systems

Requirements

PROGRAM CODE: 1S03767

The Computer Information Systems Associate in Science Degree prepares the student for a career in the area of computer information systems. The program is designed to develop a working knowledge of what is required to be successful in business computer information systems.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the social justice, equity and sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Cyber Defense Associate in Science Degree

Division: Business and Computer Information Systems

Requirements

PROGRAM CODE: 1S37246

The Cyber Defense Associate in Science Degree provides concepts and hands-on skills to identify Cybersecurity threats and implement procedures to protect Cyber assets. It will also enhance students’ chances to pursue a professional career in Cybersecurity by preparing them for industry-recognized certificates such as Network+, Security+, CySA+, CCNA, CyberOps, MCSA and AWS.
To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the social justice, equity and sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50 percent of all major course work must be completed at Cypress College.

**Cyber Defense Certificate**

**Division:** Business and Computer Information Systems

**Requirements**

**PROGRAM CODE:** 1C37247

The **Cyber Defense Certificate** provides concepts and hands-on skills to identify Cybersecurity threats and implement procedures to protect Cyber assets. It will also enhance students’ chances to pursue a professional career in Cybersecurity by giving them various options to prepare for industry-recognized certificates such as Network+, Security+, CySA+, CCNA, CyberOps, MCSA and AWS. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 26-27 units.

Cybersecurity Certificate

Requirements

PROGRAM CODE: 1C33780N

The Cybersecurity Certificate prepares students to recognize Cybersecurity threats and implement procedures to protect computers, networks, programs and data from unintended or unauthorized access, change or destruction. It will also enhance students’ chances to pursue a professional career in Cybersecurity by preparing them for industry-recognized certificates such as ITF+, A+, Security+, CySA+, and AWS Cloud Practitioner. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 17 to 18 units.

Data Analytics Certificate

Division: Business and Computer Information Systems

PROGRAM CODE: 1C40508

The Data Analytics Certificate helps prepare students for employment or further study in the Data Analytics field. Data Analytics is the identification, analyses and interpretation of volumes of data that are collected from a wide variety of sources. Students will learn to identify patterns and relationships in large data sets, to resolve business questions and make data-driven decisions. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

DevSecOps (Development, Security, and Operations) Certificate

Division: Business and Computer Information Systems
Requirements

PROGRAM CODE: 1C40507

The DevSecOps (Development, Security, and Operations) Certificate prepares the students for a career in DevOps and DevSecOps. The program is designed to teach students the skills of secure coding, security as code and integration of security practices within the DevOps process. Students will learn to incorporate security features in every step of the development and operations process. The curriculum also helps prepare students for the industry recognized DevSecOps Engineering, AWS Solutions Architect, CompTIA Security+, Project+, and Linux+ certification exams. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 19 to 20 units.

System Administration and Technical Support Certificate

Division: Business and Computer Information Systems

Requirements

PROGRAM CODE: 1C30330N

The System Administration and Technical Support Certificate (formerly PC/Network Hardware Support Certificate) is intended for those individuals who need to gain hands-on practice and competency in Windows and Linux client/server installation and administration and core computer hardware and software configuration, troubleshooting and support. Upon completion of all required courses, students will gain fundamental skills in Windows Active Directory and Linux administration, network management, technical support, help desk, and data center operations. Special emphasis is focused on server management, network infrastructure, IT operations and technical support skills. It will also enhance students' chances to pursue a professional career in network and system administration and technical support and help desk by giving them various options to prepare for industry-recognized certificates. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 16 units.

Virtualization and Cloud Computing Certificate

Division: Business and Computer Information Systems

Requirements

PROGRAM CODE: 1C35416

The Mobile Application Development Certificate is designed to develop a working knowledge of what is required to be successful in creating Mobile Applications for business uses. The curriculum consists of Introductory to Programming, beginning Java and various Java related courses. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.
Requirements

PROGRAM CODE: 1C31329N

The Virtualization and Cloud Computing Certificate (formally Network Virtualization Certificate) is intended for those individuals who need to gain hands-on practice and competency in virtualization and cloud computing. Students will learn the necessary knowledge and skills in the evaluation, planning, analysis, design, implementation, deployment, management, and security of virtualized and cloud-based enterprise software, database, platform, storage and infrastructure services. The certificate covers recent trends in virtualization including the current wave of virtualization and cloud technologies from VMware, Microsoft, Amazon, Google and IBM. It will also enhance students' chances to pursue a professional career in virtualization and cloud computing by giving them various options to prepare for industry-recognized certificates. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 17 units.

Robert Grantham

Computer Science Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

Computer Science Associate in Science Degree for Transfer (p. 245)

Courses

CSCI 123 C Introduction to Programming Concepts in C++ 3 Units
**Prerequisite(s):** MATH 141 C or MATH 142 C, with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces the discipline of computer science using a high level language utilizing programming and practical hands-on problem solving. Topics include the structure and design of algorithms, input/output, branching structures, functions, recursion, built-in data types, arrays, structures, files, pointers and elementary operations on linked structures. The object-oriented programming paradigm will be introduced. Topics include encapsulation, polymorphism, libraries, streams, inheritance and abstract data types. Students will design algorithms, write external and internal documentation and design and write source code in C++. (CSU/UC, C-ID: COMP 122)

CSCI 133 C Data Structures in C++ 3 Units
**Prerequisite(s):** CSCI 123 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course discusses how to apply software engineering techniques to the design and development of large programs, data abstraction and structures and associated algorithms. Data structures examined are arrays, linked lists, stacks, queues, trees, tables, and graphs. Algorithm topics include hashing, sorting heaps, and search and algorithm efficiency using Big-O notation. Students will create and modify class libraries to implement these structures. (UC/CSU, C-ID: COMP 132)

CSCI 242 C Computer Architecture and Organization 3 Units
**Advisory:** CSCI 123 C or CIS 226 C or CIS 247 C.
Term hours: 54 lecture and 18 laboratory. This course covers the organization and behavior of real computer systems at the assembly-language level. The mapping of statements and constructs in a high-level language onto sequences of machine instructions is studied, as well as the internal representation of simple data types and structures. Numerical computation is examined, noting the various data representation errors and potential procedural errors. (CSU/UC, C-ID: COMP 142)

CSCI 252 C Discrete Structures 3 Units
**Prerequisite(s):** CSCI 123 C or CIS 226 C or CIS 247 C, with a grade of C or better.
**Advisory:** CSCI 242 C.
Term hours: 54 lecture and 18 laboratory. This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: functions, relations and sets, basic logic, proof techniques, basics of counting, graphs and trees, and discrete probability. (CSU/UC, C-ID: COMP 152)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Business and Computer Information Systems.

Computer Science Associate in Science Degree for Transfer (AS-T)

Division: Business and Computer Information Systems

Requirements

PROGRAM CODE: 1539923

The Computer Science Associate in Science Degree for Transfer is designed for students who are developing computer programming skills
in preparation for professional careers and/or transfer to a four-year college or university. Courses are intended to meet the needs of students at various levels of competence, from the novice to the expert. The department acquaints students with the presently available methods of computer science that are useful in solving problems of science, industry, and government; prepares students for the additional formal education and self-education required in this ever-developing field; and fosters students’ abilities to solve computer science problems. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college.

Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. This degree requires a total of 28 units.

To earn an AS-T in Computer Science students must complete the following requirements:

1. a minimum of 28 semester units or 42 quarter units in the major,
2. earn a grade of C or better in all courses required for the major,
3. the Intersegmental General Education Transfer Curriculum (IGETC) pattern (or CSU version),
4. 60 semester or 90 quarter CSU-transferable units,
5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
6. obtainment of a minimum grade point average (GPA) of 2.0.

### Required Courses are listed in suggested sequence (28 units):

Courses

COUN 073 C Computer Access I 1 Unit
Advisory: This course is designed for students who are eligible for services from Disability Support Services (DSS).
Term hours: 18 lecture. This course provides training in the use of assistive technology which enhances the ability of students with disabilities to access and use personal computers. The course will cover word processing and an introduction to the Internet. May be taken for credit 2 times. Pass/No Pass only. (Non-Degree Credit)

COUN 076 C Accessible Note-Taking Techniques 1 Unit
Advisory: For students eligible for services from Disability Support Services (DSS).
Term hours: 18 lecture. This course is designed for students with verified disabilities. This course will assist students with limited note-taking skills. Instruction will cover various techniques to improve note-taking skills that can be used in all academic coursework and other settings. Practice and guidance in listening and note-taking strategies is provided. This course may be taken two times for credit. Pass/No Pass only. (Non-Degree Credit)

COUN 077 C Overcoming Academic Challenges and Completing Goals 1 Unit
Advisory: This course is designed for students who are eligible for services from Disability Support Services (DSS).
The purpose of this course is to assist students with executive function difficulties and is designed for students with verified disabilities. Pass/No Pass only. (Non-Degree Credit)

COUN 100 C College Orientation 1 Unit
Advisory: This course is designed for students who are eligible for services from Disability Support Services (DSS).
Term hours: 18 lecture. This course will introduce students to campus support services, establish realistic goals, develop study skills, and discuss time management strategies. Students will learn about accessing accommodations on campus and in the community. Pass/No Pass only. (UC/CSU, CSU GE)

COUN 105 C Stress and Anxiety Management 1 Unit
Term hours: 18 lecture. This course is designed to increase the student's awareness of the effects of stress and anxiety on academic performance and daily life. Emphasis will be placed on understanding effective and ineffective responses to stress and anxiety on planning a personal stress and anxiety management program. Students will explore and practice a variety of practical coping skills and management techniques. Pass/No Pass only. (UC/CSU, CSU GE)

COUN 110 C Teaching as a Career 3 Units
Advisory: ENGL 060 C.
Term hours: 36 lecture and 54 laboratory TBA. This course is designed as an introduction to the teaching profession where students will examine concepts and issues related to education in a democratic society within historical, social, philosophical, legal and political contexts. Students will develop personal knowledge and understanding of (1) the purposes and values of schools in society, (2) the nature of teaching and the teaching profession, (3) the impact of local, state, and federal government policies on schools, and (4) contemporary educational issues. Course content and assignments will be related to a 45 hour fieldwork experience in a K-12 licensed public educational setting. (UC/CSU)

COUN 120 C The History of Disability in the United States (formerly titled Explorations in Education) 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course places the experiences of people with disabilities at the center of the American story. This course portrays a new perspective on familiar stories, as well as discussing new experiences (e.g., ableism and oralmism). This course covers topics including models of disability, technology, rehabilitation and employment, and laws and movements that shaped the disability experience. (CSU/UC, AA GE, CSU GE, SOG JUST)

COUN 135 C Leadership 3 Units
Term hours: 54 lecture. This course includes the study and practical application of group and individual leadership techniques. It is designed to improve awareness of group dynamics, listening skills, personal values, decision-making, problem solving, and organizational development. Duplicate credit not granted for COUN 135HC. (UC Credit Limitation/CSU)

COUN 135HC Honors Leadership 3 Units
Term hours: 54 lecture. This is an enhanced leadership development course that requires leadership participation in a campus or community organization. It includes the study and practical application of group and individual leadership techniques. It is designed to improve awareness of group dynamics, listening skills, personal values, decision-making, problem solving, and organizational development. It emphasizes critical analysis of leaders in the news, history or literature. Duplicate credit not granted for COUN 135 C. (UC Credit Limitation/CSU)

COUN 139 C Career Exploration (formerly COUN 141 C) 1 Unit
Term hours: 18 lecture. This course is designed for students who are undecided about their educational or career goals. Using a career planning process, students assess interests, skills, strengths, personality, values, life and work style choices. Students explore cultural differences and gain an awareness which is applied to the work setting. Students research potential educational and career goals; apply decision making tools, and relate their self-assessment information to occupational possibilities and college majors. Pass/No Pass. $6.00 Material Fee - Payable at Registration.. Additional cost for career assessments may be required. (CSU, CSU GE)

COUN 140 C Educational Planning 1 Unit
Term hours: 18 lecture. This course is designed for new students as part of the Student Success and Support Program. This course includes: an orientation to college life, responsibilities, requirements, and regulations; an overview of the guided self-placement/assessment process; psychological, sociological, and physiological factors of student success; certificates, occupational degrees, and transfer degrees; the transfer process; career guidance and pathways for selection of a major plan of study; and development of a student educational plan. Students utilize multiple computer applications and websites to conduct research in developing a comprehensive educational plan. Students also data-enter their plan into DegreeWorks. Pass/No Pass only. (CSU/UC).

COUN 144 C Women, Careers and Specialty Issues (formerly Women and Careers) 2 Units
Term hours: 36 lecture. This course covers creative career search, planning and development for specialty needs and interests. Topics focus on women but also on disabilities, discrimination and inequities, health science, fine arts and portfolio careers, building confidence, strong social media presence and strategies for success. Multiple career resources are utilized to optimize college and beyond. Pass/No Pass only. (CSU, CSU GE)
COUN 145 C Job Readiness - Career Management 2 Units
Term hours: 36 lecture. In this course, students will learn to successfully bridge from college to the workplace (or make a job transition). In a future of constant change, students will learn how to maximize their strengths, skills, and college learning for gainful and satisfying employment. Students will create a personal brand and professional in-person and online presence to optimize their career opportunities. Resumes, interviewing, business etiquette, job search, networking, and long term career management issues are discussed, developed and/or practiced. (CSU, CSU GE)

COUN 150 C Academic and Life Success 3 Units
Term hours: 54 lecture. This course will provide students with knowledge, information, and practical skills to better understand themselves as students, people and members of society. It will assist them in achieving academic, and life goals and to develop plans and strategies to successfully meet those goals. Optional assessments require a fee. (UC/CSU, CSU GE)

COUN 151 C Career and Life Planning 3 Units
Term hours: 54 lecture. A complete class in career/life planning, including introduction to the tools for dealing with change; an analysis of desired lifestyles; self-assessment; overcoming obstacles, and analysis of work, its organizations, and where you want to work; decision-making, people, environments, career-researching and job-finding, resumes, interviewing, and goal setting. $3.00 Material Fee-Payable at Registration. (UC/CSU, CSU GE)

COUN 160 C College and University Transition 1 Unit
Pass/No Pass/Letter Grade Option. Term hours: 18 lecture. This course is designed for the student and the parents of the student who plans to transfer to a college or university. Topics include the value of pursuing higher education, selection of a transfer institution, admissions, academic requirements, financial aid options, special programs, priority filing deadline, and developing an autobiographical essay. Duplicate Credit Not Granted For COUN 160HC. (UC Credit Limitation/CSU)

COUN 298 C Counseling and Guidance Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. These various courses may be offered which are designed to meet the interests and needs of the students and faculty. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (CSU)

COUN 299 C Counseling - Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: Hours vary according to units assigned. This course is designed for students who wish to explore in-depth various guidance-related topics. Students develop an Independent Study Learning Contract with the instructor that details the objectives and course content and scope to be completed by the student. Consult class schedule to verify credit for a particular term. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass only. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3- Equity.

Liberal Arts Associate in Arts Degree with an Area of Emphasis in Arts and Humanities

Program: Counseling

PROGRAM CODE: A1A18521

The Liberal Arts Associate in Arts Degree with an Area of Emphasis in Arts and Humanities provides students with the opportunity to earn a degree within a broad liberal arts education, allowing them to understand the intellectual relationships between various disciplines in a broader Area of Emphasis. Earning an Associate Degree may or may not be the most effective path to fulfilling transfer requirements. The courses listed for each Area of Emphasis in the Cypress College catalog do not reflect major preparation requirements at any specific university, but some may be used to fulfill local university requirements. Reminder: Students with catalog rights for 2012 or prior, meet with a Counselor to confirm if courses taken at that time are applicable to the Arts and Humanities emphasis and the Transfer Center for information regarding selection of an appropriate general education pattern and pertinent classes, as well as your intended major at the specific colleges/universities of choice.

Requirements for the Liberal Arts Degree with Area of Emphasis: Arts and Humanities include:

- Completion of Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC).
- Completion of at least 18 units in an Area of Emphasis from those outlined below. (Note: Where appropriate, courses in the Area of Emphasis may also be counted for a GE area).
- A 2.0 (C) overall GPA and a 2.0 (C) in all courses taken in the Area of Emphasis.
- Effective Fall 2017 - Fulfillment of all graduation requirements, to include local requirements of a minimum of one (1) unit of coursework approved for Physical Activity and Health and three (3) units of coursework approved for Cultural Diversity for a total of 60 transferable units.

Liberal Arts AA Degree: Arts and Humanities Emphasis

The Arts and Humanities option under Liberal Arts is an ideal choice for students planning on transferring to the California State University (CSU) or University of California (UC). Students are able to satisfy both their transfer institution’s general education requirements, plus focus on transfer major preparation course work required by the four-year university. The Area of Emphasis listed below includes courses that transfer to CSU and/or UC.

Disclaimer: Every effort has been made to ensure the information below is accurate and timely. However, this information is unofficial and should be checked against the official information found on the ASSIST website @ www.assist.org (http://www.assist.org/)

This degree emphasizes the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and
Students will also learn to value aesthetic understanding and incorporate these concepts when constructing value judgments.

**TOTAL UNITS**: 18

1. This course is transferable to UC

**SPECIAL NOTE**: This degree is an Associate Degree designed for transfer students; however, it does not qualify as an Associate Degree for Transfer (ADT) for CSU priority admission consideration. Please see a counselor for more information on differences in degree options offered at Cypress College for transfer students.

**Liberal Arts Associate in Arts Degree with an Area of Emphasis in Human Communication**

**Division**: Counseling

**PROGRAM CODE**: 1A18522

The Liberal Arts Associate in Arts Degree with an Area of Emphasis in Human Communication emphasizes the content of communication as well as the form and should provide an understanding of the psychological basis and social significance of communication. Students will be able to assess communication as the process of human symbolic interaction. Students will also develop skills in the areas of reasoning and advocacy, organization, accuracy, reading and listening effectively. Students will be able to integrate important concepts of critical thinking as related to the development of analysis, critical evaluation, to reason inductively and deductively that will enable them to make important decisions regarding their own lives and society at large.

To earn this Associate Degree students must complete:

1. All major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. Fulfillment of all graduation requirements, to include local requirements of a minimum of one (1) unit of coursework approved for Physical Activity and Health and three (3) units of coursework approved for Social Justice, Equity and Sustainability; and
4. any elective courses to complete a minimum of 60 units; and, have a minimum GPA of 2.0.
• Completion of Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC).

• Completion of at least 18 units in an Area of Emphasis from those outlined below. (Note: Where appropriate, courses in the Area of Emphasis may also be counted for a GE area).

• A 2.0 (C) overall GPA and a 2.0 (C) in all courses taken in the Area of Emphasis.

• Effective Fall 2017 - Fulfillment of all graduation requirements, to include local requirements of a minimum of one (1) unit of coursework approved for Physical Activity and Health and three (3) units of coursework approved for Cultural Diversity for a total of 60 transferable units.

Liberal Arts AA Degree: Social and Behavioral Sciences Emphasis

The Social and Behavioral Sciences option under Liberal Arts is an ideal choice for students planning on transferring to the California State University (CSU) or University of California (UC). Students are able to satisfy both their transfer major preparation course work. The Area of Emphasis listed below includes courses that transfer to CSU and/or UC. **Disclaimer:** Every effort has been made to ensure the information below is accurate and timely. However, this information is unofficial and should be checked against the official information found on the ASSIST website @ www.assist.org (http://www.assist.org/)

This degree emphasizes the perspective, concepts, theories and methodologies of the disciplines typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and others as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate.

### LiberaL Arts Associate in Arts Degree with an Area of Emphasis in Social and Behavioral Sciences

**Division:** Counseling

**PROGRAM CODE:** 1C18523

The Liberal Arts Degree with Area of Emphasis: Social and Behavioral Sciences provides students with the opportunity to earn a degree within a broad liberal arts education, allowing them to understand the intellectual relationships between various disciplines in a broader Area of Emphasis. Earning an Associate Degree may or may not be the most effective path to fulfilling transfer requirements. The courses listed for each Area of Emphasis in the Cypress College catalog do not reflect major preparation requirements at any specific university, but some may be used to fulfill local university requirements. **Reminder:** Students with catalog rights for 2012 or prior, meet with a Counselor to confirm if courses taken at that time are applicable to the Social & Behavioral emphasis and the Transfer Center for information regarding selection of an appropriate general education pattern and pertinent classes, as well as your intended major at the specific colleges/universities of choice.

The Liberal Arts Associate in Arts Degree with an Area of Emphasis in Math and Science emphasizes the natural sciences which examine the physical universe, its life forms, and its natural phenomena. Courses in Math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world’s civilization. Students will also examine the influence that the acquisition of scientific knowledge has on the developmental of the world’s civilizations.

3. Fulfillment of all graduation requirements, to include local requirements of a minimum of one (1) unit of coursework approved for Physical Activity and Health and three (3) units of coursework approved for Social Justice, Equity and Sustainability, and
4. any elective courses to complete a minimum of 60 units; and, have a minimum GPA of 2.0.

**Liberal Arts Degree: Math and Science Emphasis**

The Math and Science option under Liberal Arts is an ideal choice for students planning on transferring to the California State University (CSU) or University of California (UC). Students are able to satisfy both their transfer institution’s general education requirements, plus focus on transfer major preparation coursework required by the four-year university. The Area of Emphasis listed below includes courses that transfer to CSU and/or UC.

**Disclaimer:** Every effort has been made to ensure the information below is accurate and timely. However, this information is unofficial and should be checked against the official information found on the ASSIST website @ www.assist.org (http://www.assist.org/)

This degree emphasizes the natural sciences which examine the physical universe, its life forms, and its natural phenomena. Courses in Math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world’s civilization. Students will also examine the influence that the acquisition of scientific knowledge has on the developmental of the world’s civilizations.

- Legal Transcription Certificate (p. 264)
- Proofreading Certificate (p. 264)

### Courses

**CTRP 030 C CR Beginning Practice Lab**  1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry lab to fulfill the Court Reporter's Board lab requirements for court reporting students receiving instruction in theory to 100 words per minute. Fifty-four hours is required for one unit of credit. Variable Unit Class. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass only. $3.00 Material Fee-Payable at Registration.

**CTRP 031 C CR Intermediate Practice Lab**  1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the Court Reporter's Board lab requirements for students receiving instruction in theory to 2 words per minute. Fifty-four hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee - Payable at Registration.

**CTRP 033 C Internship - Agency Services**  2 Units
Term hours: 36 lecture and forty hours of internship plus ten hours of observation. This course provides practical work experience in an office setting in order to prepare the student to work in a court reporting agency. There will be 40 hours of internship required, plus 10 hours of observation.

**CTRP 034 C Internship - Court Services**  2 Units
Term hours: 36 lecture and forty hours of internship plus ten hours of observation. This course provides practical work experience in order to prepare the student to work in an administrative or clerical capacity in the California court system. There will be 40 hours of internship required, along with 10 hours of observation.
CTRP 035 C Advanced Practice Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students receiving instruction from 140 to 180 words per minute. A total of 54 hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass only $3.00 Material Fee Payable at Registration.

CTRP 036 C CR High Speed Proficiency Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students receiving instruction from 180 to 220 words per minute. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee Payable at Registration.

CTRP 037 C CR Qualifier Lab 1-6 Units
Term hours: 54-324 laboratory depending on units attempted. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students in the qualifier program. Fifty-four hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee Payable at Registration.

CTRP 038 C Computer Aided Transcription Lab 1-6 Units
Term hours: 54-324 depending on units taken. This course is designed as an open entry skill building lab to fulfill the California Court Reporter's Board lab requirements for students receiving instruction from 220 to 300 words per minute. A total of 54 hours is required for one unit of credit. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass. $3.00 Material Fee Payable at Registration.

CTRP 039 C Internship-Legal Transcription 3 Units
Term hours: 36 lecture and 54 laboratory TBA. This course offers practical work experience in legal transcription for future employment in law offices, police departments, court reporting agencies, and other venues. Internship may be paid or unpaid. There will be 50 hours of internship plus 10 hours of observation. Pass/No Pass. $3.00 Materials Fee Payable at Registration.

CTRP 040 C Beginning Machine Shorthand Theory 3 Units
Term hours: 36 lecture and 54 laboratory. This first semester course covers the basic theory of machine shorthand and mastery of the keyboard. This course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association. Recommend concurrent enrollment in CTRP 041 C. Three hours of court observation required. Pass/No Pass/Letter Grade Option.

CTRP 041 C Court Reporting Theory Review 1-3 Units
Prerequisite(s): Concurrent enrollment in or completion of CTRP 040 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course covers the review of basic theory of court reporting which emphasizes reporting theory, reading fluency, and transcribing skills. This course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 042 C Machine Shorthand Speed Building 1 0.5-2 Units
Prerequisite(s): CTRP 041 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will review theory and develop sufficient skills to take new material dictation at 80 wpm for a minimum of three minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 043 C Machine Shorthand Speed Building 2 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will review theory and develop sufficient skills to take new material dictation at 100 wpm for a minimum of five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 044 C Machine Shorthand Speed Building 3 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will review techniques of writing and develop sufficient skills to take new material dictation at 120 wpm for five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. The course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on jury charge material. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 045 C Machine Shorthand Speed Building 4 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will review techniques of writing and develop sufficient skills to take new material dictation at 140 wpm for five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. The course meets partial requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on jury charge material. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 046 C Machine Shorthand Speed Building 5 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 160 wpm for five minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on question and answer and trial testimony. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.
CTRP 047 C Machine Shorthand Speed Building 6 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 180 wpm for ten minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 048 C Machine Shorthand Speed Building 7 Machine Shorthand Speed Building 7 0.5-2 Units
Prerequisite(s): CTRP 047 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 200 wpm for 10 minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 049 C Machine Shorthand Speed Building 8 0.5-2 Units
Prerequisite(s): Completion of CTRP 048 C
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at 200 and 220 wpm sustained dictation with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 050 C CSR and RPR Directed Practice 0.5-2 Units
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course promotes a further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at speeds ranging from 180 to 260 wpm. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony. May be taken for credit 3 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 051 C Court and Conference Reporting - Legal 1-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course consists of an application of court reporting theory to the keyboard to develop dictation rates of 60-100 wpm for a minimum of three minutes with 95 percent accuracy. Emphasis is on jury charge, literary, and question and answer material. Legal vocabulary, California formatting, and court reporting punctuation rules are introduced. Three hours of court observation required. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 052 C Court and Conference Reporting - Medical 1-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course applies court reporting theory to the steno keyboard to develop dictation rates of 120-140 words per minute for a minimum of three minutes with 95 percent accuracy with emphasis on medical terminology. Three hours of court observation required. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 053 C Court and Conference Reporting - Congressional 1-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course offers further development of speed and accuracy on the steno machine in taking dictation to increase machine shorthand speed and strengthen transcription skills with emphasis on congressional record material, at speeds ranging from 160-180 wpm for a minimum of three minutes with 95 percent accuracy. May be taken for credit 4 times. Open Entry/Open Exit.

CTRP 054 C Two and Four Voice Testimony 0.5-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course develops familiarity with a simulated courtroom scene consisting of the judge, the clerk, attorneys for the plaintiff and the defendant, and a witness participating in two and four voice dictation. Students will identify each speaker with appropriate machine designations in multi-voice testimony at 120-140 words per minute for a minimum of three minutes, transcribed in proper format with 98 percent accuracy. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 055 C Court and Conference Reporting - Jury Charge 0.5-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course presents an intensive application of court reporting theory to develop further reading and transcribing skills in jury charge, opening and closing arguments, legal opinion and other courtroom material at speeds ranging from 160 to 180 wpm. This course prepares the student for the machine portion of the RPR examination. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 056 C Court and Conference Reporting - Jury Charge 2 0.5-3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course presents an intensive application of court reporting theory to develop further reading and transcribing skills in jury charge, opening and closing arguments, legal opinion and other courtroom material at speeds ranging from 180 to 200 wpm. This course prepares the student for the machine portion of the RPR examination. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 057 C Machine Shorthand Challenge-160 0.5-2 Units
Prerequisite(s): CTRP 045 C and CTRP 054 C
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice dictation in a simulated environment at 160 wpm. Live reading will be introduced. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 058 C Machine Shorthand Challenge-180 0.5-2 Units
Prerequisite(s): CTRP 057 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 180 wpm. Live reading will be introduced. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 059 C Machine Shorthand Challenge-200 0.5-2 Units
Prerequisite(s): CTRP 058 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 200 wpm. Videotaped testimony and live reading will be introduced. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.
CTRPO 060 C Machine Shorthand Challenge-220 0.5-2 Units
Prerequisite(s): CTRP 059 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed to help students gain additional proficiency in taking multiple-voice testimony in a simulated environment at 220 wpm. Videotaped testimony and live reading will be introduced. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRPO 062 C Notary Public Exam Preparation 0.5-1 Units
Term hours: 9-18 lecture depending on units attempted. This course is designed to prepare students to take and pass the California State Notary Public examination. Course may be taken two times for credit. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRPO 063 C Internship - Legal Videography 1.5 Units
Term hours: 18 lecture and 27 laboratory. This course offers practical work experience in legal videography in order to prepare video recordings of courtroom, deposition, and other legal proceedings. Internship will be scheduled with members of the videography community. Internships may be paid or unpaid. There will be 30 hours of internship required.

CTRPO 065 C Advanced CAT Systems 2 Units
Advisory: The student must have completed a CAT (Computer-Aided Transcription) dictionary.
Term hours: 18 lecture and 54 laboratory. This course is designed as an advanced CAT (Computer Aided Transcription) class to provide further instruction in CAT based court reporting software programs. A heavy emphasis will be placed on document production.

CTRPO 066 C Machine Transcription-Medical 2 Units
Prerequisite(s): CIS 101 C or CIS 125 C, with a grade of C or better or a minimum of 20 wpm.
Advisory: HS 145 C or a knowledge of medical terminology is recommended.
Term hours: 18 lecture and 54 laboratory. This course is designed to teach medical transcription skills. Physician's correspondence, case histories, and reports will be transcribed using transcribing machines and a personal computer. $3.00 Material Fee-Payable at Registration. Pass/No Pass/ Letter Grade Option.

CTRPO 067 C Basic Vocabulary Development 2 Units
Term hours: 36 lecture. This basic course is designed to enrich vocabulary and improve spelling. The emphasis is on increasing general business and professional terminology.

CTRPO 068 C Advanced Vocabulary Development 1.5 Units
Term hours: 27 lecture. This course is an advanced course designed to enrich vocabulary and improve spelling. The emphasis is on increasing general business and professional terminology.

CTRPO 071 C Legal Terminology and Rhetoric 3 Units
Term hours: 54 lecture. The course includes instruction in the terminology used in legal proceedings and legal documents. The topics covered include terminology in civil and criminal litigation and cases in equity.

CTRPO 072 C Legal Procedures 4 Units
Term hours: 72 lecture and 18 laboratory. This course is designed to train the legal secretarial, paralegal, or court reporting student in legal procedures and practical law office skills and knowledge in the areas of general office duties, non-court documents, the courts, court documents, litigation, appeals, and other court actions. This course may be taught using a computer. Three hours of court observation required.

CTRPO 073 AC Spelling for Modern Business 1 Unit
Term hours: 18 lecture. This course is designed as an 18-hour intensive review of frequently misspelled words, homonyms, synonyms, and antonyms. The emphasis will be on business, legal, medical, and technical terminology. This course meets partial requirements of the Court Reporter's Board for the English requirements for the CSR Certification Program.

CTRPO 073 BC Punctuation - Court Reporting 1 Unit
Term hours: 18 lecture. This course is designed as an 18-hour intensive review of punctuation styles and rules used in court documents, letters, legal office documents, contracts, memorandums, and reports. The emphasis will be on basic punctuation rules as they apply to written business, legal, medical, and technical documents. This course meets partial requirements of the Court Reporter's Board for English and the CSR Certification Program.

CTRPO 073 CC Formatting, Style and Usage 1 Unit
Term hours: 18 lecture. This course is designed to provide the court reporting student and the computer editor (scopist) major with instruction in preparing and formatting California court transcripts and depositions. Instruction will include format styles, usage, and fundamentals of document production using the computer.

CTRPO 073 DC Proofreading 1 Unit
Term hours: 18 lecture. This course is designed to provide the court reporting student with instruction in editing and proofreading in order to prepare a final California court transcript, deposition, hearing transcript or other related legal document.

CTRPO 074 C CSR-RPR-CBC-CCP Exam Preparation 0.5-3 Units
Term hours: 9-54 lecture depending on units attempted. This course is designed to prepare the student to successfully pass the written portion of any or all of the following examinations: CSR, RPR, CBC or CCP. May be taken for a cumulative total of 3 units. Pass/No Pass only. Open Entry/Open Exit.

CTRPO 075 C Simulated Courtroom 0.5-6 Units
Prerequisite(s): CTRP 046 C with a grade of C or better.
Term hours: 18 lecture and 72 laboratory depending on units attempted. This course is designed to offer a simulated courtroom and deposition environment with special emphasis on live reading with 2,3,4, and 5-voice dictation practice at speeds ranging from 180 to 200 wpm. May be taken for a cumulative total of 6 units. Open Entry/Open Exit.

CTRPO 076 C Court and Deposition Procedures 1.5-3 Units
Term hours: 27-54 lecture depending on units attempted. This course provides intensive training in court and deposition procedures with heavy emphasis on court structure, pre-trial and trial procedures, law office procedures, ethics, and document production. May be taken for a cumulative total of 3 units. Open Entry/Open Exit.

CTRPO 077 C Dictation and Transcription 0.5-6 Units
Term hours: 9-108 lecture and 18-216 laboratory depending on units attempted. This course provides further development of speed and accuracy in taking dictation on the machine at a variety of speeds. Emphasis is on reinforcement and improvement. May be taken for a cumulative total of 6 units. Open Entry/Open Exit. Pass/No Pass only.

CTRPO 079 C Internship- CART 3 Units
Term hours: 36 lecture and 54 laboratory. This course is designed to provide the CART (Communication Access Realtime Translation) student with practical work experience recording and reporting seminars, hearings, and lectures. Internships may be paid or unpaid. There will be 30 hours of internship plus 10 hours of observation.
CTRP 080 C Internship - Law Office 2 Units
Term hours: 36 lecture and forty hours in a law office or legal environment plus ten hours of observation. This course offers practical work experience in an approved law office in the County of Orange or Los Angeles. Internship will be scheduled during the semester, depending on available law office openings. This course fulfills partial requirements of the Court Reporter’s Board. Court Reporting Internships are unpaid. There will be 50 hours in the courtroom or in deposition proceedings, plus 10 hours of observation.

CTRP 081 C Internship - Court Reporting 3 Units
Prerequisite(s): CTRP 047 C with a grade of C or better.
Term hours: 36 lecture depending on units attempted and forty hours in the courtroom or in deposition proceedings plus ten hours of observation. This course offers practical work experience in approved court and deposition proceedings. Internship will be scheduled during the semester, depending on available court and deposition openings. This course fulfills partial requirements of the Court Reporter’s Board. Court Reporting Internships are unpaid. There will be 50 hours in the courtroom or in deposition proceedings, plus 10 hours of observation.

CTRP 082 C Computer Aided Transcription - ProCAT 1 Unit
Prerequisite(s): Students must have completed a CAT (Computer-Aided Transcription) dictionary
Term hours: 18 lecture and 54 laboratory TBA. This course uses computer-based instructions as well as hands-on applications to introduce the court reporting student to ProCAT Computer Aided Transcription software.

CTRP 083 C Computer Aided Transcription - Stenograph 2 Units
Term hours: 18 lecture and 54 laboratory. This course uses computer-based instruction as well as hands-on applications to introduce the court reporting student to Stenograph Computer-Aided Transcription software.

CTRP 084 C Computer Aided Transcription - Eclipse 2 Units
Term hours: 18 lecture and 54 laboratory. This course uses computer-based instruction as well as hands-on applications to introduce the court reporting student to ECLIPSE Computer-Aided Transcription software.

CTRP 085 C Computer Aided Transcription - Dictionary Building 2 Units
Term hours: 18 lecture and 54 laboratory. This course will enable court reporting students to start building their personal dictionary using one of several CAT (Computer Aided Transcription) software systems.

CTRP 086 C Internship - Proofreading 1.5 Units
Term hours: 18 lecture and 27 laboratory. This course offers practical work experience in proofreading in order to prepare court, deposition, and other legal documents. Internship will be scheduled within the court reporting community. Internships may be paid or unpaid. There will be 30 hours of internship required.

CTRP 087 C Internship - Hearing Reporter 3 Units
Term hours: 36 lecture and 54 laboratory. This course offers practical work experience in the field of hearing reporting. Students will work in the field taking hearings, meetings, conferences, seminars, and workman’s compensation proceedings. Internships may be paid or unpaid. There will be 50 hours internship, plus 10 hours of observation.

CTRP 088 C Internship - Captioning 3 Units
Term hours: 36 lecture and 54 laboratory. This course offers practical work experience in the field of captioning, both on-line and off-line. Internship will be scheduled during the semester at various sites, including on-campus opportunities for development and perfection of captioning skills. A 15,000 word CAT dictionary is necessary to complete captioning projects. Internships may be paid or unpaid. There will be 50 hours of internship, plus 10 hours of observation.

CTRP 089 C Court and Conference Reporting - Literary II 0.5-3 Units
Term hours: 9-36 lecture and 27-54 laboratory. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 140 to 180 wpm. Students will be introduced to a broad spectrum of vocabulary with special emphasis on topics that will lead to a career in Communication Access Realtime Translation (CART) reporting. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option.

CTRP 090 C Court/Conference Reporting: Literary 1-3 Units
Term hours: 18-36 lecture and 18-54 laboratory depending on units attempted. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 110 to 150 wpm. Students will be introduced to a broad spectrum of vocabulary designed to prepare them for convention reporting, hearing reporting, steno interpreting, and other alternative careers. Course may be taken four times for credit. Open Entry/Open Exit.

CTRP 091 C Advanced Dictionary Build 2 Units
Term hours: 18 lecture and 54 laboratory. This course is designed for court reporting students, working reporters and captionists in order to further develop, modify, and refine their personal dictionary using one of several Computer Aided Transcription software systems.

CTRP 092 C Realtime Writing Concepts 2 Units
Term hours: 18 lecture and 54 laboratory. This course offers a programmed approach is used with guided instructions to introduce court reporting students to realtime writing. Students will use their completed electronic dictionary and the appropriate software with which their electronic dictionary is compatible. Students will use hands-on application to write various exercises covering a variety of concepts in realtime. $3.00 Materials Fee - Payable at Registration.

CTRP 093 C Information Technology-CTRP 2 Units
Term hours: 36 lecture. This course is designed to introduce students to court reporting information technology, hardware technology, software applications, research links, auxiliary equipment, and CAT industry requirements. Pass/No Pass/Letter Grade Option.

CTRP 094 C Expert Testimony-Professional Reporter 2 Units
Term hours: 36 lecture. This course is designed for court and conference reporting students to further develop dictionary refinement and writing skills in realtime. Students must furnish a steno machine, a lap top computer, and other related court reporting supplies.

CTRP 095 C Realtime Writing-Professional Reporter 2 Units
Term hours: 36 lecture. This course is an advanced realtime writing class designed for students and reporters who studied a non-compatible computer theory. The class focuses on realtime writing concepts and their application to dictionary development, conflict resolution, and non-translates. Students are required to furnish their own steno machine, lap top computer, and other related court reporting supplies.

CTRP 096 C Court and Conference Reporting - Literary III 3 Units
Term hours: 36 lecture and 54 laboratory depending on units attempted. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 180 to 220 wpm. Students will be introduced to a broad spectrum of vocabulary designed to prepare them for convention reporting, hearing reporting, steno interpreting, and closed captioning. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass or Letter Grade Option.
Students who complete the Court Reporting program will be able to:

1. Transcribe documents at a professional level.
2. Apply the rules of grammar, spelling, punctuation, and capitalization to sentences, paragraphs, testimony, and jury charge through a systematic series of programmed (takes) testing and other projects.
3. Demonstrate an understanding and application of California and United States criminal and civil law, along with a basic knowledge of related areas of law and legal terminology.
4. Demonstrate an understanding and application of anatomy, physiology, and/or medical terminology.
5. Assume the role of the real-time reporter through simulated trials and depositions to perform various functions.
6. Produce a complete and accurate transcript of at least ten pages from steno notes, using computer-aided transcription.
7. Fulfill the state required internship hours and submit a written narration of their experiences, either in transcript format or in report format. Students will submit a timesheet signed by the supervising reporter in the field verifying hours completed.
8. Understand and apply knowledge of basic vocabulary to a variety of reporting situations.
9. Understand and follow the California codes as they apply to reporting situations.
10. Demonstrate knowledge of court and deposition procedures, along with an understanding of court structure, both state and Federal.
11. Prepare an 18,000 word steno dictionary using computer software with applications for the completion of transcripts and other documents.
12. Familiar with the California Court Reporters Code of Ethics and the National Court Reporters Association Code of Ethics and be able to apply these standards, rules, and regulations in the preparation of documents and in reporting situations.
13. Find gainful employment in a variety of court and legal areas utilizing computer and courtroom technology.
14. Work in related fields where the demand for employment opportunities is high across the nation.

Program in Science Degree Court Reporting

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Business and Computer Information Systems, B1-Reading, B2-Writing, B3-Communicating, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

Students who complete the Court Reporting program will be able to:

1. Transcribe documents at a professional level.
2. Apply the rules of grammar, spelling, punctuation, and capitalization to sentences, paragraphs, testimony, and jury charge through a systematic series of programmed (takes) testing and other projects.
3. Demonstrate an understanding and application of California and United States criminal and civil law, along with a basic knowledge of related areas of law and legal terminology.
4. Demonstrate an understanding and application of anatomy, physiology, and/or medical terminology.
5. Assume the role of the real-time reporter through simulated trials and depositions to perform various functions.
6. Produce a complete and accurate transcript of at least ten pages from steno notes, using computer-aided transcription.
7. Fulfill the state required internship hours and submit a written narration of their experiences, either in transcript format or in report format. Students will submit a timesheet signed by the supervising reporter in the field verifying hours completed.
8. Understand and apply knowledge of basic vocabulary to a variety of reporting situations.
9. Understand and follow the California codes as they apply to reporting situations.
10. Demonstrate knowledge of court and deposition procedures, along with an understanding of court structure, both state and Federal.
11. Prepare an 18,000 word steno dictionary using computer software with applications for the completion of transcripts and other documents.
12. Familiar with the California Court Reporters Code of Ethics and the National Court Reporters Association Code of Ethics and be able to apply these standards, rules, and regulations in the preparation of documents and in reporting situations.
13. Find gainful employment in a variety of court and legal areas utilizing computer and courtroom technology.
14. Work in related fields where the demand for employment opportunities is high across the nation.

Associate in Science Degree Court Reporting

Requirements

PROGRAM CODE: 1S07819

The Associate in Science Degree Court Reporting prepares students for a career in court reporting. The curriculum is designed to develop a working knowledge of the field of deposition reporting and court reporting. The objective of the AS degree in Court Reporting is to provide a skill-based training program through traditional teaching methods with an emphasis on practical and hands-on application of subject matter. A 60-hour internship is required. To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. the cultural diversity and reading requirements
4. any elective courses to complete a minimum of 60 units, and
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

STUDENTS MUST FURNISH THEIR OWN MACHINE AND PAPER

### Preparation for State Certificate Examination

The courses listed meet the requirements of the Court Reporter’s Board for an Associate Degree at Cypress College. This program was accredited by the CR Board on March 7, 1978. Academic courses completed in Adult Education or a private Court Reporting School are not transferable.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

**STUDENTS MUST FURNISH THEIR OWN MACHINE AND PAPER**

### California Court Reporters Board Accreditation Accredited Court Reporting Program

#### Requirements

In order for the person to qualify from a school to take the state licensing examination, the person shall complete a program at a recognized school. For information concerning the minimum requirements that a court reporting program must meet in order to be recognized contact:

The Court Reporter’s Board of California
2535 Capitol Oaks Drive, Suite 230
Sacramento, CA 95833

### Cypress College Business/CIS Divison Court Reporting Program

This program was approved by the Court Reporter’s Board on March 7, 1978. Academic courses completed in Adult Education are not transferable. Courses taken in Distance Education will be evaluated on an individual basis for transferability and hour requirements. Private school academics may be evaluated for certification to take the CSR examination. The California Court Reporter’s Board sets the standards for hours of training under the following listed categories. The Cypress College program exceeds all state requirements. The student may go on to earn an Associate in Arts Degree or other specialized certificate. Students must furnish their own equipment, paper, and other supplies. Students must enter the program with a basic typing speed of 25 words per minute.

#### Total Hours

15-54

1. Lab hours do not count for machine credit in this category, per the CR Board.
2. Section 2411(a)(7) of the CR Board regulations state that a student will be allowed a reduction in the required machine hours if a student is able to pass the qualifier examination before completing the hours described in Section 1 under Machine Shorthand and Transcription. This does not exempt a student from completing the core required classes in order to qualify.

Core Requirements must be completed in order to qualify. Students must pass one ten (10) minute qualifier in CTRP 050 C to be eligible to take the state CSR licensing examination. Transfer students must demonstrate course comparability in speed building categories.

Course Repeatability Limitations

Effective 2013, most active participatory courses in Art, Dance, Theater, Music, and Physical Education are no longer repeatable. The courses in the table below are related in content and therefore have been identified in distinct “family” groupings in which students are limited to a maximum of 4 course enrollments per family (withdrawals and substandard grades will be counted towards the 4 enrollment maximum). Note: Exceptions for courses still designated as repeatable are indicated in course descriptions of the college catalog and class schedules with the statement, “May be taken for credit ____ times.” If students are majoring
in any of these disciplines, they are advised to see their counselor to discuss options.

</tbody>
</table>

¹ Students are limited to four (4) semester enrollments — in Active Participatory courses — whether in a single course or in a combination of courses grouped within a family. All enrollments in courses (including enrollments in the same repeatable course) within a family count toward the maximum enrollment limitation of four (4) semester enrollments. This includes evaluative (A, B, C, D, F, P, NP) and non-evaluative (I, IP, RD, and W) grades earned. All letter grades received will be counted in GPA.

Dance Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Associate in Arts Degree Dance (p. 268)
- Dance Teaching Certificate (p. 268)

Courses

DANC 100 C Introduction to Dance Appreciation 3 Units
Term hours: 36 lecture and 54 laboratory. The course is an overview of dance history, beginning with classical era, folk and ethnic dance. This course will survey the development of ballet, modern, jazz and other dance forms, focusing largely on the 20th century. Students will read, write and watch videos to form an overview of the history of dance and the historical events that influenced the major choreographers of the 20th century. Dance concert admission may not exceed $30. (UC/CSU, AA GE, CSU GE)

DANC 101 C Multicultural Dance in the US 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers the social and theatrical influences of the U.S. today will be viewed and examined in terms of cultural influences, historical and social origins, and the functions they fulfill for individual artists, their cultures, and society in general. African American, Asian, Hispanic, European and Native American dances, choreographers and dancers will be studied. The class work will include readings, discussions, group projects, and analysis of dance performances on video and live theater. Attendance at a selected group of performances is required. Cost of dance concert admission will not exceed $40.. (UC/CSU, AA GE, CSU GE)

DANC 102 C Pilates Mat Work 1 Unit
Term hours: 54 laboratory. This class is designed to prepare a student mentally and physically for dance. Students will learn Pilates floor mat exercises and a floor barre to increase flexibility, strength, body alignment with emphasis on strengthening the core muscle groups. Dance Concert admission may not exceed $30. Pass/No Pass/Letter Grade Option. (CSU, UC Credit Limitation, CSU GE)

DANC 105 C Ballet I 2 Units
Term hours: 18 lecture and 54 laboratory. This course introduces the rudiments of classical ballet to the beginning dance student. The students will develop the strength and coordination to perform the technical skills of basic ballet through barre and center work and by learning simple movement combinations. Ballet terminology will be covered. Dance concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. Dance concert admission will not exceed $30. (CSU/UC, AA GE, CSU GE)

DANC 106 C Ballet II 2 Units
Prerequisite(s): Audition - Demonstrated mastery of beginning level dance technique as provided by Title V.
Term hours: 18 lecture and 54 laboratory. This course covers the rudiments of classical dance for the intermediate ballet student. The student will develop technical skills to perform intermediate level steps and combinations of movement. Classical dance terminology will be covered. Dance Concert admission will not exceed $30. (CSU/UC, AA GE, CSU GE)

DANC 107 C Modern Dance I 2 Units
Term hours: lecture 18 and 54 laboratory. This course uses a variety of music styles where students will learn and create dances that dynamically convey thoughts, feelings and ideas. Participation develops an expressive movement vocabulary while building strength and coordination. Dance concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 108 C Modern Dance II 2 Units
Prerequisite(s): Audition - Demonstrated mastery of beginning level dance technique.
Term hours: 18 lecture and 54 laboratory. This course uses a variety of music styles where students will learn and create intermediate level dances that convey thoughts, feelings and ideas. Students will broaden their movement range and become more coordinated and dynamic as movers. Dance concert admission will not exceed $30. (UC/CSU, AA GE, CSU GE)

DANC 109 C Dance Improvisation 2 Units
Term hours: lecture 18 and 54 laboratory. This course is designed to train the mind and body to respond and explore creative movement problems through improvisation. Choreographic concepts will be studied through improvisation. Pass/No Pass/Letter Grade Option. Dance Concert admission will not exceed $30. (UC/CSU, CSU GE)
DANC 110 C Adaptive Dance  
Advisory: This course is designed, but not limited to, students with disabilities, registered with Disability Support Services (DSS). Term hours: 54 lab. This course accommodates varied levels of abilities to elements of several types of dance, including modern and contact improvisation. Students will expand their movement vocabulary using breath, gravity, connectivity, musicality and space. The course will enhance self-confidence, dexterity, decision making and self-awareness through the usage of several factors involved in the pedagogical process. This course may be taken four times for credit. (CSU/UC)

DANC 111 C Jazz Dance I  
Term hours: 18 lecture and 54 laboratory. In this course, students will learn basic skills of jazz dance with emphasis on body alignment, strength and coordination. Dance Concert admission not to exceed $30. Pass/No Pass/Letter Grade Option. Term hours: 18 lecture and 54 laboratory. In this course, students will learn basic skills of jazz dance with emphasis on body alignment, strength and coordination. Dance Concert admission not to exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 112 C Jazz Dance II  
Prerequisite(s): DANC 111 C. Term hours: 54 laboratory. In this course, students will study the social and stage dances from the Near and Middle East. Course work includes styling, veil work, cymbal playing, improvisation, Dabke, fusion forms, vocabulary and cultural background of the dances. Dance concert admission not to exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 113 C Tap Dance I  
Term hours: 54 laboratory. In this course, students will study basic tap dance technique and elementary tap dances. The class provides students with the opportunity to develop coordination, rhythm and performance skills for tap dance. Some history of tap will be included. Cost of dance concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE)

DANC 114 C Tap Dance II  
Prerequisite(s): DANC 113 C. Term hours: 54 laboratory. In this course, students will develop skills in rhythm dancing by studying intermediate level movements and combinations with some provision for student composition of dance. Performance skills will be included. Dance Concert admission will not exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, CSU GE, AA GE)

DANC 115 C Hip Hop Dance  
Term hours: 54 laboratory. In this course, students will learn various forms of beginning hip-hop dance, including pop and lock, hip-hop funk, syncopations and rhythms. A basic history of hip-hop culture will be discussed. Pass/No Pass/Letter Grade Option. Dance concert admission will not exceed $30. (CSU/UC, CSU GE, AA GE)

DANC 116 C Ballet III  
Prerequisite(s): DANC 115 C. Term hours: 54 laboratory. In this course, students will learn the advanced ballet technique. The class may cover the advanced ballet technique on flat and pointe and may include partner work. Dance concert admission will not exceed $30. (CSU/UC/CSU GE)

DANC 117 C Modern Dance III  
Prerequisite(s): DANC 116 C. Term hours: 54 laboratory. This course is designed for students with knowledge of intermediate level modern dance technique. Students will learn advanced modern dance technique that may include partnering. Dance Concert admission fees will not exceed $30. (CSU/UC/CSU GE)

DANC 130 C Afro-Caribbean Dance  
Term hours: 54 laboratory. In this course, students will learn the dance styles and rhythms of African and Caribbean cultures including dances from West Africa, Brazil, Trinidad, Haiti, Bahia, Cuba, and the Dominican Republic. Dance as an inseparable part of the culture will be discussed. Pass/No Pass/Letter Grade Option. Dance concert admission not to exceed $30.00. (UC/CSU, CSU GE)

DANC 136 C Middle Eastern Dance  
Term hours: 54 laboratory. In this course, students will learn the social and stage dances from the Near and Middle East. Course work includes styling, veil work, cymbal playing, improvisation, Dabke, fusion forms, vocabulary and cultural background of the dances. Dance concert admission not to exceed $30. Pass/No Pass/Letter Grade Option. (CSU/UC, CSU GE, AA GE)

DANC 137 C Latin and Swing Dance  
Term hours: 54 laboratory. In this course, students will learn various Latin and swing dance forms such as east and west coast swing, salsa, cha-cha, and merengue. The course will focus on learning the choreography in each style while developing coordination, partnering and performance skills. Individual choreography will enhance the students' knowledge of each dance forms as well as encourage creativity. Pass/No Pass/Letter Grade Option. Dance Concert admission not to exceed $30. (CSU/UC, CSU GE, AA GE)

DANC 140 C Summer Dance Festival I  
Term hours: 81-108 laboratory TBA depending on units attempted. This course is designed to give both high school and college students the opportunity for intensive study of a variety of dance styles by taking technique classes while rehearsing choreography of faculty for the Summer Dance Festival. All phases of the dance performance techniques from audition to rehearsal to performance will be covered. (CSU/UC)

DANC 141 C Performance Class I (formerly DANC 204 C)  
Prerequisite(s): Audition. Term hours: 2-3 units. This course provides the experience of learning and performing choreographic works of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (CSU/UC)

DANC 142 C Performance Class II  
Prerequisite(s): Audition. Term hours: 108-162 laboratory. This course concentrates on training students in the intermediate skills required for performing choreographic works of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (CSU/UC)
DANC 143 C Performance Class III 2-3 Units
Prerequisite(s): Audition
Advisory: THEA 149 C, THEA 150 C, THEA 151 C, THEA 152 C, DANC 203 C or one from THEA 140 C - THEA 147 C. Term hours: 108-162 laboratory depending on units attempted. This course concentrates on training students in the advanced skills required for performing choreographic works of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (UC/CSU)

DANC 144 C Performance Class IV 2-3 Units
Prerequisite(s): Audition
Advisory: THEA 149 C, THEA 150 C, THEA 151 C, THEA 152 C, DANC 203 C or one from THEA 140 C - THEA 147 C. Term hours: 108-162 laboratory depending on units attempted. This course concentrates on training students in the advanced skills required for performing and taking leadership roles in different aspects of the choreographic process of faculty, students and guest artists. All phases of the performance process from audition to rehearsal to backstage preparation will be covered. Dance concert admission may not exceed $30. (UC/CSU)

DANC 145 C Summer Dance Festival II 1.5-2 Units
Prerequisite(s): Audition
Term hours: 81-108 laboratory. This course is designed to give both high school and college students the opportunity for intensive study of a variety of dance styles by taking intermediate technique classes while rehearsing choreography of Guest Artists and/or student choreographers. All phases of dance performance techniques from audition to rehearsal to performance will be covered. Pass/No Pass/Letter Grade Option. (CSU) AA GE

DANC 147 C Costume Design for Dance 3 Units
Pass/No Pass/Letter Grade option. Term hours: 18 lecture and 108 laboratory. This course will cover the history of costume design for dance. Students will also learn the preliminary techniques for designing and executing costumes for dance. (UC/CSU)

DANC 149 C Light Design for Dance 3 Units
Pass/No Pass/Letter Grade option. Term hours: 18 lecture and 108 laboratory. This course introduces the students to the history and the techniques of light designs that are specific for dance. (UC/CSU)

DANC 151 C Dance and Technology 2 Units
Pass/No Pass/Letter Grade option. Term hours: 18 lecture and 54 laboratory. This course is designed for students with different or no technological experience. Class work will include the use of many technological devices including computers and tablets. Students will use technology to create choreography and other dance-related projects. This course will include a historical survey of the relationship between dance and multimedia, as well as contemporary applications. (UC/CSU)

DANC 202 C Elements of Choreography 2 Units
Term hours: 36 lecture and 18 laboratory. In this course, students will study the theories and practices involved in basic dance composition. Methodologies will include elements of shape, space, time, music, topics and other theories and dance styles that involve the creation of a dance. Cost of dance concert admission will not exceed $30. (CSU/UC)

DANC 203 C Dance Production I 0.5-2 Units
Pass/No Pass/Letter Grade Option. Term hours: 27-108 laboratory TBA depending on units attempted. This course offers practical experience in the technical aspects of dance production including costume design, set design, makeup, lighting, sound production, and publicity. (CSU/UC)

DANC 205 C Dance Ensemble 1-2 Units
Term hours: 54-108 laboratory depending on units attempted. In this course, theater and dance students with intermediate to advanced skill levels will develop their performing and choreographic skills, perform at K-12 schools, community events, American Dance Festival and other dance festivals. This course may be taken four times for credit. (CSU, UC, CSU GE)

DANC 206 C Dance Production II 0.5-2 Units
Prerequisite(s): Audition.
Pass/No Pass/Letter Grade option. Term hours: 27-108 laboratory. This course offers practical experience in the technical aspects of running crew for dance production including costume design, set design, makeup, lighting, and sound production. (CSU/UC)

DANC 230 C Dance Teaching Methodologies 3 Units
Term hours: 36 lecture and 54 laboratory. In this course, students will learn the appropriate teaching methodologies that can be applied in different instructional venues: schools, colleges and private studios, to name a few. Subject matter will include theoretical and practical applications of dance pedagogy. Cost of Dance Concert Admission not to exceed $30. (CSU)

DANC 296 C Dance Open Laboratory 0.5-3 Units
Prerequisite(s): Demonstrate mastery of beginning level dance technique.
Term hours: 27-162 laboratory depending on units attempted. This is an open entry/open exit class for students to obtain production experience associated with dance concert through performing, choreographing, technical work, management, and publicity. Concert admission cost may not exceed $30. Pass/No Pass/Letter Grade option. Open Entry/Open Exit. (UC/CSU)

DANC 298 C Dance Seminar 0.5-12 Units
Prerequisite(s): May be required
Advisory: May be required
Corequisite: May be required. Term hours: 0-216 lecture and/or 0-864 laboratory depending on units attempted. This seminar course provides the opportunity to study new dance styles or a variety of other subject matters related to dance that are not included in present curriculum. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (CSU)

DANC 299 C Dance Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 18-72 for maximum credit. This course is for advanced students who wish to increase their knowledge of dance and/or performance through individual study or research. Unit credit may range from one-half to two units in any given semester. May be taken for credit 4 times. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analyzing, C2-Computing, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

Students who complete the Dance program, and given a dance performance or teacher setting will:

• Demonstrate knowledge of various dance techniques, choreography, performance and history of dance forms.
• Communicate dramatic and emotional content through choreography and dance.
• Analyze dance works for their historical origins and choreographic technique.

Associate in Arts Degree Dance

Requirements
PROGRAM CODE: 1A03781

The Associate in Arts Degree Dance will offer students a well rounded dance education that will prepare them to transfer as dance majors or to teach, choreograph, and perform at various community and private venues.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the Social Justice, Equity and Sustainability requirement and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Code  Title  Unit
Required Courses (19-20 units):
DANC 101 C  Multicultural Dance in the US  3
or DANC 100 C  Introduction to Dance Appreciation  2
DANC 105 C  Ballet I  2
DANC 106 C  Ballet II  2
DANC 107 C  Modern Dance I  2
DANC 108 C  Modern Dance II  2
DANC 111 C  Jazz Dance I  2
DANC 112 C  Jazz Dance II  2
DANC 202 C  Elements of Choreography  2
or DANC 109 C  Dance Improvisation  2
DANC 141 C  Performance Class I (formerly DANC 204 C)  2-3
or DANC 142 C  Performance Class II  2-3
or DANC 143 C  Performance Class III  2-3
or DANC 144 C  Performance Class IV  2-3

Select two courses from the following (2 units):
DANC 130 C  Afro-Caribbean Dance  1
DANC 136 C  Middle Eastern Dance  1
DANC 137 C  Latin and Swing Dance  1

Select 2-3 units from the following:  2-3
DANC 140 C  Summer Dance Festival I  1.5-2
or DANC 145 C  Summer Dance Festival II  1.5-2

Total Units  23-25

Dance Teaching Certificate

Requirements
PROGRAM CODE: 1C12959

The Dance Teaching Certificate is designed to prepare the student to teach dance at private dance studios and community centers. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

Code  Title  Unit
Required Courses are listed in suggested sequence (13 units):
DANC 106 C  Ballet II  2
DANC 108 C  Modern Dance II  2
DANC 109 C  Dance Improvisation  2
or DANC 202 C  Elements of Choreography  2
DANC 116 C  Ballet III  2
DANC 117 C  Modern Dance III  2
DANC 230 C  Dance Teaching Methodologies  3

Restricted Electives - Select from the following (5 units):  5
DANC 111 C  Jazz Dance I  2
or DANC 112 C  Jazz Dance II  2
DANC 113 C  Tap Dance I  1
or DANC 114 C  Tap Dance II  1
DANC 115 C  Hip Hop Dance  1
DANC 130 C  Afro-Caribbean Dance  1
DANC 136 C  Middle Eastern Dance  1
DANC 137 C  Latin and Swing Dance  1
DANC 140 C  Summer Dance Festival I  1.5-2

DANC 141 C  Performance Class I (formerly DANC 204 C)  .5-3
or DANC 142 C  Performance Class II  .5-3
or DANC 203 C  Dance Production I  0.5-2
or DANC 206 C  Dance Production II  0.5-2

DANC 205 C  Dance Ensemble  1.2
THEA 120 C  Acting I  3
THEA 144 C  Lighting Design Fundamentals  3
THEA 145 C  Fundamentals of Costume Design  3

Total Units  18

Dental Assisting

Division: Health Science

Division Dean

Dr. Stephen Schoonmaker, Interim Dean
Program Objectives
1. To provide a dental assisting program to meet challenges presented by demographic changes of the current decade.
2. To promote a dental assisting curriculum that helps build student’s educational and career goals in a success-oriented learning environment.
3. To provide students with the academic resources and clinical experiences to perform the functions approved by the California Dental Practice Act for a Dental Assistant and a Registered Dental Assistant with competence and judgment.
4. To provide students with academic knowledge and clinical skills in the Dental Practice Act, infection control and CPR.
5. To prepare the student to qualify for certification in Radiology Safety, Coronal Polishing and Dental Sealants.
6. To maintain a positive communication network between the advisory committee, dental community, and dental assisting program alumni.
7. To create a safe learning environment in compliance with federal and California state standards and regulations.

Minimum Standards
1. Eligibility for admission to Cypress College.
2. High School graduation, or passing of the General Education Development (GED) or high school proficiency test, or an Associate’s degree or higher from a regionally accredited college/university. Spring high school graduates may apply and if accepted to the program must submit proof of graduation before enrolling in the Fall courses.
3. Evidence of good physical and mental health as determined by medical examination upon admission to the program and prior to enrollment.

Application Procedures
1. Applications must be completed online starting the month of February. Applications will be accepted until the program is full or the fall semester begins. Please see the Health Science Application link on the Health Science home page http://www.cypresscollege.edu/academics/divisions-special-programs/health-science/.
2. Enrollment is limited to the first 24 qualified applicants.

Selection Procedures
Qualified applicants will be accepted into the program first come first serve based on the date of a completed Dental Assisting application and supporting documents.

Degrees and Certificates
• Dental Assisting Associate in Science Degree (p. 271)
• Dental Assisting Certificate (p. 271)

Courses
DA 016 C Dental Materials 3 Units
Prerequisite(s): Acceptance into the Dental Assisting Program. Term hours: 36 lecture and 54 laboratory. This course is a study of the structure, chemical and physical properties and manipulation of materials used in dentistry. Laboratory application of dental materials and the relationship of dental materials to the oral environment is included. Emphasis in this course is on specific materials and functions delegated to the registered dental assistant by the State of California. $85 materials fee payable at registration.

DA 058 C Clinical Externship I 1.5 Units
Prerequisite(s): Acceptance into the Dental Assisting Program and successful completion of all first semester courses. Term hours: 9 lecture and 72 clinical setting. This course is the first in a series of clinical externships. The emphasis is on the beginning level skills and training for the dental assistant. Dental Assisting students will complete clinical rotations in dental offices and/or schools of dentistry. A minimum of eight hours per week will be spent in the clinical setting.
DA 059 C Clinical Externship II 3.5 Units
Prerequisite(s): Successful completion of first semester Dental Assisting Program and enrollment in all of the second semester courses.
Term hours: 18 lecture and 144 clinical setting. This course is the second in a series of clinical externships. The emphasis is on advanced skills and training for the dental assistant. Dental Assisting students will complete clinical rotations in dental offices. A minimum of sixteen (16) hours per week will be spent in the clinical setting.
DA 061 C Oral Anatomy and Dental Assisting 3 Units
Prerequisite(s): Acceptance into the Dental Assisting Program.
Term hours: 54 lecture. This course is a study in dental anatomy and physiology, oral embryology, head and neck, tooth morphology and histology, occlusion and malocclusion, innervations of the oral cavity essential to the proper care of patients during clinical treatment. Emphasis is placed on the proper identification of dental structures within the oral cavity, and the recognition of normal occlusion in contrast to malocclusion.
DA 062 C Preventive Dental Health - Basics 3 Units
Prerequisite(s): Acceptance in the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course deals with the concepts of preventive dental health and basics of dental assisting which includes applied nutrition, and patient education, dental and medical emergencies, taking and evaluating medical and dental histories, systemic diseases with dental care implications, principles and fundamentals of infection control, sterilization and disinfection in the dental environment, dental photography, and oral evacuation.
DA 063 C Chairside Assisting I 3 Units
Prerequisite(s): Acceptance in the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course provides instruction in chairside assisting, which includes the history of dentistry, the dental team, pre-clinical knowledge and entry-level skills for the dental assistant in instrumentation, advancing to the application and principles of restorative dentistry and applying asepsis and infection control protocols during restorative dentistry. $90 materials fee payable at registration.
DA 065 C Radiology and Dental Assisting 3 Units
Prerequisite(s): Acceptance into the Dental Assisting Program.
Term hours: 36 lecture and 54 laboratory. This course covers the didactic, pre-clinical work on mannequins and clinical instruction on patients as required by the California State Dental Practice Act in regard to radiation safety. Upon successful completion of the course, the student will be certified to take x-rays on patients in the dental office. Certification for Radiation Safety is within the required course term hours. The Radiation Safety hours are Lecture 8 hours, Laboratory 12 hours and Clinical 12 hours with patients. $74 materials fee payable at registration.
DA 066 C Radiology II and Dental Assisting (formerly Clinical and Dental Radiology) 1 Unit
Prerequisite(s): Enrollment in the Dental Assisting Program.
Term hours: 54 clinical laboratory. This course provides advanced instruction on the exposure of intraoral and extraoral radiographs. The bisecting technique, paralleling technique, panoramic technique and the use of dental radiology aids will be utilized. Emphasis in this course is placed upon the student's performance demonstrating the ability to consistently produce diagnostic radiographs. $69 materials fee payable at registration.
DA 067 C Dental Specialties 3 Units
Prerequisite(s): Enrollment in Dental Assisting Program and successful completion of all first semester courses.
Corequisite: DA 068 C with a grade of C or better. Term hours: 36 lecture and 54 laboratory. This course provides instruction in the principles and procedures to function in the specialty area of dentistry: orthodontics, periodontics, endodontics, pediatric dentistry, prosthodontics, and oral surgery. It also provides information and clinical practice in those functions legally delegated to the Dental Assistant and Registered Dental Assistant in the California Dental Practice Act. It includes rules and regulations implemented by the Board of Dental Board of California pertaining to licensure. Certification for Pit and Fissure Sealants is within the required course term hours. The Pit and Fissure Sealant hours are Lecture 4 hours, Laboratory 4 hours and Clinical 8 hours with patients. $107 materials fee payable at registration.
DA 068 C Chairside Assisting II 3 Units
Prerequisite(s): Enrollment in the Dental Assisting Program and successful completion of all first semester courses.
Term hours: 36 lecture and 54 laboratory. Certification for Coronal Polish is within the required course term hours. The coronal polish hours are 4 hours lecture, 4 hours laboratory and 4 hours clinical with patients. This course provides instruction in the principles, instrumentation, and procedures to function as a Registered Dental Assistant according to the legal stipulation in the California Dental Practice Act and implemented by the Dental Board of California.
DA 069 C Clinical Externship III 2.5 Units
Prerequisite(s): Enrollment in the Dental Assisting Program and successful completion of all first semester courses.
Term hours: 144 clinical setting. This course is the third in a series of clinical externships. The emphasis is on advanced skills and training for the dental assistant and registered dental assistant. Dental assisting students will complete clinical rotations in dental offices. A minimum of sixteen (16) hours per week will be spent in the clinical setting.
DA 070 C Dental Office Procedures 2 Units
Prerequisite(s): Enrollment in the Dental Assisting Program and successful completion of all first semester courses.
Term hours: 36 lecture. This course is designed to provide instruction, both didactic and practical application, in the skills and responsibilities of a dental administrative assistant. In addition, the students will be trained to use the Dentrix Dental Software program to become knowledgeable in all areas of practice management utilizing the computer. These areas include patient files, charting and treatment planning, appointment scheduling, reports and insurance claim processing. $5 materials fee payable at registration.
DA 099 C Dental Assisting Independent Study 3 Units
Prerequisite(s): Approved Independent Study Learning Contract Pass/No Pass/Letter Grade Option. Term hours: 54 hours of scheduled conferences or clinics per term according to instructor. This course is designed for students with background/experience in Dental Assisting who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision. Course may be taken four times for credit.

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Health Sciences, B1-Reading, B2-Writing,
Students who complete the Dental Assisting program will be able to:

- Demonstrate the academic knowledge, skills, and competencies necessary to qualify for both the National Certification Exam and the California State Registered Dental Assistant Exam.
- Demonstrate the knowledge necessary for the ethical, legal and competent practice of dental assisting.
- Perform the functions approved by the California Dental Practice Act for a Dental Assistant and a Registered Dental Assistant, including infection control, with competence and judgment.
- Demonstrate clinical competency in dental radiology, coronal polish and dental sealants.
- Prepared for employment as a dental assistant and as an integral member of the dental team.

Dental Assisting Associate in Science Degree

Division: Career Technical Education

Requirements

PROGRAM CODE: 1S03786

The Dental Assisting Associate in Science Degree is designed to enable a student to receive a Dental Assisting Associate in Science Degree.

To earn an Associate Degree students must complete all graduation requirements to include:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. This degree requires a total of 31.5 units.

Dental Hygiene

Division: Health Science

Division Dean

Dr. Stephen Schoonmaker, Interim Dean

Faculty

Julia Cherney
Roberta Lawrence
Diana Tira
Kendra Velasco

Counselors

Kelly Carter
Denise Vo
Marisa Lehmeier

Pre-Dental Hygiene Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog.)
for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

### Degrees and Certificates

- Administration of Local Anesthesia, Nitrous Oxide-Oxygen Analgesia and Periodontal Soft Tissue Curettage Certificate (p. 274)
- Dental Hygiene Associate in Science Degree (p. 274)
- Dental Hygiene Pit and Fissure Sealant Certificate (p. 276)
- Radiation Safety Certificate (p. 276)
- Ultrasonic Scaling and Coronal Polishing Certificate (p. 276)

### Courses

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Prerequisite(s)</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>DH 100 C Introduction to Dental Hygiene</td>
<td>1.5</td>
<td><strong>Prerequisite(s):</strong> Provisional acceptance into the Cypress College Dental Hygiene Program (or as an alternate) is required for registration in this course. Term hours: 27 lecture and 18 laboratory. In this course, emphasis is on dental terminology, communication skills, legal and ethical aspects of dental hygiene practice and licensing requirements. An overview of dental hygiene clinical and lab technique including infection control, basic dental hygiene instrumentation and examination of the head and neck. This is a prerequisite course for the Dental Hygiene Program. $20 materials fee payable at registration. Pass/No Pass only. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 101 C Dental Anatomy and Morphology</td>
<td>2</td>
<td><strong>Prerequisite(s):</strong> Admission to and enrollment in the Dental Hygiene Program and all Dental Hygiene Program first semester courses. Term hours: 36 lecture. This course presents a study in dental anatomy, morphology, and occlusion essential to the proper care of patients during the clinical dental hygiene process of care. An emphasis will be placed on the proper identification of oral and dental structures, the utilization of proper terminology, the recognition of normal occlusion in contrast to malocclusion and the clinical significance of temporomandibular joint dysfunction. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 104 C Oral Health Assessment</td>
<td>3</td>
<td><strong>Prerequisite(s):</strong> Admission to and enrollment in the Dental Hygiene Program and all first semester courses. Term hours: 54 lecture. This course is a multifaceted course that presents foundation information skills for the beginning student clinician to utilize daily in the direct patient dental hygiene process of care. Primarily, it is an introduction to the recognition, gathering and interpretation of assessment data as an aid to formulating electronic dental hygiene treatment plans. In addition, it provides the basics to dental disease prevention through the dissemination and application of existing dental health knowledge through instruction. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 105 C Oral Embryology and Histology</td>
<td>2</td>
<td><strong>Prerequisite(s):</strong> Admission to and enrollment in the Dental Hygiene Program. Term hours: 36 lecture. This course is an introduction to the microscopic characteristics of the tissues, histology, and embryology of the head and neck with an emphasis of the structure of the oral cavity. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 106 C Radiology Technician - Hygienists</td>
<td>3</td>
<td><strong>Prerequisite(s):</strong> Admission to and enrollment in the Dental Hygiene Program and all Dental Hygiene Program first semester courses. Term hours: 36 lecture and 54 laboratory. This course for dental hygiene students includes didactic and preclinical instruction in the essentials of dental radiography. Lecture emphasizes the technical aspects of radiation production, protection against the hazards of radiation, and utilization of radiographs during patient care. The laboratory provides demonstrations and practical application in the fundamentals of intraoral and extraoral radiographic techniques, processing, mounting and identification of normal anatomical landmarks. $123 materials fee payable at registration. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 109 C Pre-Clinical Dental Hygiene</td>
<td>5</td>
<td><strong>Prerequisite(s):</strong> Admission to and enrollment in the Dental Hygiene Program and all first semester courses. Term hours: 54 lecture and 108 laboratory. This is the first in a series of four courses designed to prepare the student for the clinical dental hygiene process of care. Content emphasis includes bloodborne and infectious disease exposure, care and operation of dental equipment, identification, purpose and function of basic instrumentation skills, instrument sharpening, polishing agents and methods, topical fluoride application, entry level clinic electronic forms and procedures, clinic duties, and clinical practice utilizing examination procedures and basic instrumentation techniques on student patient partners and periodontal typodonts/manikins. $68 materials fee payable at registration. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 110 C Clinical Dental Hygiene</td>
<td>6</td>
<td><strong>Prerequisite(s):</strong> Enrollment in Dental Hygiene Program and successful completion of all first semester courses. Term hours: 18 lecture and 54 laboratory and 216 clinical hours. This is the second in a series of four courses designed to prepare the student for the clinical dental hygiene process of care. Emphasis is placed on perfecting oral inspection and medical/dental health history documentation, and developing dental hygiene process of care treatment plans, and electronic charting. Additional course content includes: introduction to universal curette instrumentation, sharpening techniques, root debridement techniques, oral and subgingival irrigation, gingival curettage, introduction to ultrasonic instrumentation and air polishing. Clinical skills will be demonstrated and evaluated on clinical patients appointed in the Cypress College Dental Hygiene Clinic. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 112 C Head and Neck Anatomy (formerly DH 212 C)</td>
<td>2</td>
<td><strong>Prerequisite(s):</strong> Enrollment in the Dental Hygiene Program and successful completion of first semester courses. Term hours: 36 lecture. This course is a study of the gross and anatomical structures of the head and neck. The relationship and function of the organs of the head and neck in the human body are studied, with an emphasis on structures and innervations of the oral cavity. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DH 113 C General and Oral Pathology</td>
<td>2</td>
<td><strong>Prerequisite(s):</strong> Enrollment in the Dental Hygiene Program and successful completion of all first semester courses. Term hours: 36 lecture. This course introduces students to concepts of oral pathology and specific pathologic processes, including inflammatory and immunologic defenses, as well as neoplastic, metabolic, inherited and developmental disturbances. A summary of each condition is presented and includes information to aid the Dental Hygienist in developing a clinically useful differential assessment. (CSU)</td>
<td></td>
</tr>
</tbody>
</table>
DH 116 C Dental Materials - Hygienists 2.5 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all first semester courses.

Term hours: 27 lecture and 72 laboratory. This course is designed to provide the student with a study of structure, chemical and physical properties, and manipulation of materials used in dentistry will be covered. Laboratory application of dental materials and the relationship of dental materials to the oral environment is included. Emphasis will be placed on specific materials and functions delegated to the dental hygienist by the Dental Board of California and Dental Hygiene Board of California. $102 materials fee payable at registration. (CSU)

DH 125 C Perio Pathology and Therapy 2 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all first semester dental hygiene courses.

Term hours: 36 lecture. This course is designed to provide the dental hygiene student with current theory in periodontics. The healthy periodontium as well as the diseased states will be explored. New surgical concepts and techniques in periodontics will be discussed. The management of periodontics in clinical treatment and dental hygiene process of care will be emphasized. (CSU)

DH 148 C Infection and Hazard Control and Medical and Dental Emergencies Management (formerly DH 248 C) 2 Units

Prerequisite(s): Admission to and enrollment in the Dental Hygiene Program.

Term hours: 36 lecture. This course will provide the student with the basic principles in management of infection and hazard control and medical and dental emergencies in the dental care setting. Infection control content includes bloodborne and infectious disease exposure, application of universal precautions, OSHA, and CDC guidelines as it pertains in oral health care services to patients. In addition, basic knowledge and skills related to preparedness for the prevention of medical emergencies, clinical signs and symptoms, and emergency treatment of the condition will be included in this course. (CSU)

DH 220 C Clinical Dental Hygiene 6.5 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all its Semester 2 courses.

Term hours: 27 lecture and 288 laboratory. This is the third in a series of four courses designed to prepare the student for clinical dental hygiene process of care. Lecture and clinical instruction will be applied by experience on clinical patients in the Cypress College Dental Hygiene Clinic facility. An emphasis will be placed on the assimilation and utilization of previous instruction and demonstration of progressive learning. This course also emphasizes the performance of those expanded duties in dental hygiene as allowed by the California State Dental Practice Act, Dental Hygiene Board of California, and the progressive development of professional and managerial skills. $149 materials fee payable at registration. (CSU)

DH 221 C Clinical Dental Hygiene 6.5 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.

Term hours: 27 lecture and 288 laboratory. This is the final course in clinical dental hygiene process of care and to provide students advanced instruction in patient care. Lecture and clinical instruction will be applied by clinical experience on clinical patients in the Cypress College Dental facility. An emphasis will be placed on: (1) periodontal therapy, (2) supportive periodontal treatment, (3) expanded and supportive periodontal treatment, (4) expanded and supportive procedures, (5) treatment assessment and planning, (6) organization and implementation of a Student Research presentation/Table Clinic, and (7) the completion and presentation of a Periodontal Case Presentation of extensive and comprehensive dental hygiene process of care of a patient. $50 materials fee payable at registration. (CSU)

DH 230 C Dental Specialties 2 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.

Term hours: 36 lecture. This course is a study of the dental hygienist's role within the various Dental Specialties. Each dental specialty practice is studied to establish a proper perspective of dental hygiene in relationship to dentistry and to have a greater comprehension of total patient care. (CSU)

DH 240 C Community Oral Health I 2 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.

Term hours: 36 lecture. This is the first of two courses designed to provide the student with the knowledge and experience necessary to work within the community in the area of public health. Emphasis will be placed on the understanding of developing a community health project, use of statistics, and the development of teaching strategies for use in the classroom. Students are expected to work with target groups within the community. (CSU)

DH 241 C Community Oral Health II 2 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.

Term hours: 36 lecture. This course is the second of two courses in Community Oral Health to develop principles and practices of dental public health. Emphasis of instruction will be placed on community-wide problems such as water fluoridation and the delivery of care. Students will participate in target groups within the community. (CSU)

DH 245 C Dental Ethics and Legal Principles (formerly Dental Jurisprudence) 2 Units

Prerequisite(s): Enrollment in the Dental Hygiene Program and successful completion of all third semester courses.

Term hours: 36 lecture. This course offers a study of the fundamental factors necessary to conduct a well-regulated practice based on sound dental practice management principles within the legal and ethical framework of the California Dental Practice Act. Emphasis is placed on the historical aspects of dental hygiene, the ethical and legal responsibilities of the dental hygienist, allowable duties, interpersonal relations among members of the dental team, and patient-office relationships. (CSU)
DH 250 C Pharmacology  
**2 Units**

**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.

Term hours: 36 lecture. This course includes the principles of drug interaction with living tissue (pharmacodynamics) and the time course of drugs within living organisms (pharmacokinetics); drug effects on the cardiovascular, autonomic, and central nervous systems; drug management of anxiety, pain and infection as related to dental practice and the harmful aspects of drugs (toxicology). (CSU)

DH 255 C Dental Anesthesiology  
**3 Units**

**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.

Term hours: 36 lecture and 72 laboratory. This course includes the theory and techniques of administration of local anesthesia and sedation in dentistry as related to the California State Dental Practice Act and Dental Hygiene Board of California. The student will administer local anesthesia and nitrous oxide-oxygen sedation in the clinical setting as a component of comprehensive patient care. $20 materials fee payable at registration. (CSU)

DH 260 C Dental Care for Special Patients (formerly Dental Care for Special Needs)  
**2 Units**

**Prerequisite(s):** Enrollment in the Dental Hygiene Program and successful completion of all second semester courses.

Term hours: 36 lecture. This course is designed to provide the student a study in the needs of the medically compromised, older adult patient, and the mentally and physically challenged patient. Emphasis will be placed on therapeutic techniques in assessing and treating special patients and the barriers and access to oral health care in the dental setting. (CSU)

DH 275 C Clinical Dental Hygiene 1A  
**0.5 Units**

**Prerequisite(s):** DH 110 C with a grade of C or better.

Term hours: 27 laboratory. This is a clinical course in dental hygiene designed to provide students advanced instruction in dental hygiene process of care. An emphasis will be placed on treatment planning, assessment, and clinical instrumentation. This course provides the student with 27 hours of clinical instruction: Pass/No Pass option only. (CSU)

DH 276 C Clinical Dental Hygiene 2A  
**0.5 Units**

**Prerequisite(s):** DH 221 C with a grade of C or better.

Term hours: 27 laboratory. This is a clinical course in dental hygiene designed to provide students advanced instruction in patient care. An emphasis will be placed on treatment planning, and advanced instrumentation for the dental hygiene clinical board. Pass/No Pass option only. (CSU)

DH 299 C Dental Hygiene Independent Study  
**0.5-2 Units**

**Prerequisite(s):** Approved Independent Study Learning Contract

Term hours: 9-36 lecture and/or 0-108 laboratory depending on units attempted. This course is designed for students enrolled in the Dental Hygiene Program who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision. May be taken for credit 3 times. Pass/No Pass/Letter Grade Option. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Health Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D3-Equity.

A student who completes the Dental Hygiene program will be able to:

- Gain the knowledge necessary for the ethical, legal, and competent practice of dental hygiene.
- Gain the knowledge for disease prevention and oral health promotion.
- Gain the knowledge that will allow for involvement in community projects.
- Gain the knowledge that will promote professional growth, development, and an appreciation for scholarly activity.
- Gain the knowledge to provide optimal patient care.
- Attain the knowledge, skills, and values necessary to qualify to take the examinations for licensure as a Registered Dental Hygienist, and a professional member of the allied health team.

Administration of Local Anesthesia, Nitrous Oxide-Oxygen Analgesia and Periodontal Soft Tissue Curettage Certificate

**Division:** Health Science

**Requirements**

**PROGRAM CODE:** 1C40708

The Administration of Local Anesthesia, Nitrous Oxide-Oxygen Analgesia and Periodontal Soft Tissue Curettage Certificate provides the student with the appropriate academic instruction to achieve eligibility for the National Board of Dental Hygiene Examiners written examination, and the Western Regional Examining Board Examination (WREB) for licensure as a Registered Dental Hygienist, qualifying the candidate as stipulated in the California Dental Practice Act. A Certificate of Completion shall be issued “Certification in Administration of Local Anesthesia, Nitrous Oxide-Oxygen Analgesia and Periodontal Soft Tissue Curettage (SLN) after a student has achieved clinical competency of the three procedures, The Dental Hygiene Board of California set forth the requirements and the California Code of Regulations. 16 CCR 1107.

Dental Hygiene Associate in Science Degree

**Division:** Health Science

**Requirements**

**PROGRAM CODE:** 1S03787
The Dental Hygiene Associate in Science Degree is accredited by the Commission on Dental Accreditation, and has been granted the Accreditation status of approval without reporting. The Commission is a specialized accrediting body recognized by the United States Department of Education and the Council on Higher Education Accreditation. This program offers a curriculum that provides the student with the appropriate academic instruction to achieve eligibility for the National Board of Dental Hygiene Examiners written examination, and the Western Regional Examining Board Examination (WREB) for licensure as a Registered Dental Hygienist, qualifying the candidate as stipulated in the California Dental Practice Act.

To earn an Associate Degree students must complete all graduation requirements to include:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College.

Program Goals
The goal of the Dental Hygiene Program at Cypress College is to provide the student with the educational opportunity to attain:

1. dental hygiene process of care knowledge, skills, and values,
2. a professional relationship with the community in which they serve,
3. a relationship amongst allied health care team,
4. professional knowledgeable of and compliance with OSHA, HIPAA, Law and Ethics, Dental Hygiene Board of California, and local regulatory guidelines, as well as
5. professional sensitivity to the autonomy, beneficence, and non-maleficence principles of ethical practice.

Program Objectives
1. To educate dental hygiene students in the ethical, legal, and competent practice of dental hygiene.
2. To educate dental hygiene students in the areas of disease prevention and oral health promotion.
3. To facilitate dental hygiene student’s involvement in community projects.
4. To promote professional growth, development, and an appreciation for scholarly activity.
5. To ensure the dental hygiene student provides optimal patient care.
6. To qualify for licensure as a Registered Dental Hygienist, and a professional member of the allied health team.

Minimum Standards for Applicants
1. Eligibility for admission to Cypress College.
2. High school graduation or completion of the General Education Development (GED) test or passing of high school proficiency examination.
3. Minimum of 17 years of age to apply. Must be 18 years age to start the program.
4. A minimum of 2.5 GPA in ALL college work attempted and a 3.0 GPA in the science prerequisites. Official transcript of all colleges are required.
5. Evidence of “good” physical and mental health as determined by medical examination upon admission to the program and prior to enrollment.
6. Three (3) Science courses must be completed prior to application. See list below.
7. Three (3) General Education courses must be completed prior to application.
8. All applicants accepted to the program are required to attend a mandatory orientation.
9. All accepted and alternate applicants are required to pass DH 100C Introduction to Dental Hygiene.

Prerequisites
The following courses must be completed with a minimum grade of C and an overall GPA of 3.0. 1. Science: All courses must be completed within five years of filing the initial application. Four courses must be completed prior to application; the remainder must be completed no later than the end of the spring semester prior to enrollment in the fall program.

Selection Procedure
Applications normally exceed capacity. Selection of applicants is based on accumulation of points. Criteria are available in the Health Science Counseling Office. Criteria are subject to change. It is the applicant’s responsibility to verify that evidence of criteria is on file at Cypress College.

Application Procedures
1. Applications must be completed online during the month of February. Please see the Health Science Application link on the Dental Hygiene home page, or visit http://www.cypresscollege.edu/academics/divisions-special-programs/health-science (http://www.cypresscollege.edu/academics/divisions-special-programs/health-science/).
2. Applicants must submit official transcripts (except Cypress and Fullerton Colleges) and signature page of application in person to the Health Science Applications office by March 15. Please bring photo identification: Health Science Applications Office, Health Science Building, Cypress College, 9200 Valley View Street, Cypress, California 90630-5897.

Dental Hygiene Curriculum
Dental Hygiene courses must be taken in a specific sequence. Students must obtain a grade of C or better in all courses listed in the Dental Hygiene Curriculum to continue in the program. Refer to the General Education Requirement of the college to obtain an Associate Degree.

Upon completion of the Dental Hygiene curriculum listed below and the general education requirements, the student will be eligible for an Associate Degree in Dental Hygiene from Cypress College. To earn an Associate Degree students must complete all graduation requirements to include:

1. all major course requirements with a grade of C or better;
2. 25 units of General Education Graduation Requirements;
Dental Hygiene Pit and Fissure Sealant Certificate

Division: Health Science

Requirements

PROGRAM CODE: 1C40484

The Dental Hygiene Pit and Fissure Sealant Certificate provides the student with the appropriate academic instruction to achieve eligibility for the National Board of Dental Hygiene Examiners written examination, and the Western Regional Examining Board Examination (WREB) for licensure as a Registered Dental Hygienist, qualifying the candidate as stipulated in the California Dental Practice Act. A Certificate of Completion of Pit and Fissure Sealant shall be issued after a student has achieved all procedures to clinical competency and successful passed the courses. The Dental Board of California set forth the requirements and the California Code of Regulations of 16 CCR 107.3.

Program Mission Statement
The Cypress College Diagnostic Medical Sonography program provides a high quality education to prepare a diverse population of students with entry level skills needed to become competent and confident sonographers.

Program Goals and Objectives
1. Students will have the knowledge and skills to competently and safely perform sonography procedures.
2. Students will develop the skills necessary to communicate effectively.
3. Students will use critical thinking and problem solving skills.
4. Students will evaluate the importance of professional development and growth.
5. The program will provide the community with entry level sonographers for employment in the healthcare setting. Program Effectiveness expected outcomes are:
   a. Students will pass the national certification exam on the 1st attempt.
   b. Students seeking employment will be gainfully employed within 6 months of graduation.
   c. Students will complete the program.
   d. Graduates will be satisfied with their education.
   e. Employers will be satisfied with the performance of newly hired technologists.

After completing the clinical internship and receiving the completion certificate, the student will be eligible to apply for the certification examination administered by the American Registry of Diagnostic Medical Sonographers (ARDMS). The Diagnostic Medical Sonography program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

Minimum Standards to Apply
1. Eligibility for admission to Cypress College.
2. High school diploma or GED test, or the high school proficiency examination.
3. Minimum age of 17 years. Must be 18 years old at the start of clinical training.
4. Present evidence of good physical and mental health, as determined by medical examination upon admission to program and prior to enrollment.
5. Overall GPA of 2.0 in all college classes taken.
6. Must have own transportation to all affiliated hospitals.
7. Eligibility for ENGL 100 C.
8. See "Prerequisites and Requirements (p. ...)" for specific course prerequisites needed to apply.

Prerequisites and Requirements
The following prerequisite courses must be completed by the end of the spring term with a grade of C or better in each course. Any course with a grade lower than a C may only be repeated twice.

</tbody>
</table>

1 DMS 160 C must be completed in the Summer Term prior to enrollment into the Fall Term of the Sonography Program. This course is offered only to the accepted and alternate students who will start the program in the next fall semester.

Application and Selection Procedure
1. A separate application, in addition to the college application, is required for admission into the Diagnostic Medical Sonography Program.
2. Applications must be completed online during the month of February. Please see the Health Science Application link on the Diagnostic Medical Sonography home page.
3. Applicants must submit official transcripts (except Cypress and Fullerton Colleges), documents in person to the Health Science Applications office, by March 15. Please bring photo identification:
4. An appointment with Health Science counselor or attendance at a program information meeting is recommended to discuss selection criteria and deadlines for application process. Selection criteria will award points for grade point average in program prerequisites. Selection criteria is subject to change, and how many times an applicant has applied to the program.

5. Class enrollment is based on the number of approved clinical education centers available. Student capacity is also determined by the Joint Review Commission in Diagnostic Medical Sonographers.

Degrees and Certificates

• Diagnostic Medical Sonography Associate in Science Degree (p. 279)
• Diagnostic Medical Sonography Certificate (p. 279)

<tr>
<td>DMS 160 C Introduction to Sonography</td>
<td>2</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> RDAT 142 C, RDAT 153 C, HS 145 C, HS 147 C, BIOL 210 C, ENGL 100 C, or ENGL 101 C or ESL 110 C, or MATH 040 C or MATH 041 C and CIS 111 C, with a grade of C or better. Term hours 27 lecture and 27 laboratory. This course is designed for the student who has been accepted to the diagnostic medical sonography program. Basic sonography theory is taught with emphasis on sonographic terminology and equipment manipulation. Anatomy identification, scanning planes, transducer orientation, ergonomics, and scanning protocols are included. $14 materials fee payable at registration. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 170 C Sonography Physics</td>
<td>3.5</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> Acceptance to the Diagnostic Medical Sonography program. Term hours: 63 lecture. This course will provide lecture and demonstrations covering the areas of acoustical physics, propagation principles, transducers, machine instrumentation, hemodynamics, harmonics, doppler principles, biological effects, artifacts, and quality control. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 172 C Sonography Externship</td>
<td>4</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> Admission to the Diagnostic Medical Sonography Program and DMS 160 C with a grade of C or better. Term hours: 256 laboratory TBA. This course is designed to acclimate the sonography student to the hospital setting, sonography department, and the sonography profession. The student is expected to complete a minimum of 256 hours of clinical training at an affiliated hospital. Topics include hospital orientation, HIPAA regulations, SDMS code of ethics, sonography ergonomics, and basic scanning techniques and protocols. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 175 C Abdomen Sonography</td>
<td>4</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> Acceptance to the Diagnostic Medical Sonography Program Term hours: 63 lecture and 27 hours laboratory. This course will provide a study of the clinical applications of abdomen sonography. It will include abdominal vasculature; liver; gallbladder and biliary system; pancreas; spleen; and kidneys. Interpretation of clinical laboratory tests, related clinical signs and symptoms, and normal and abnormal sonographic patterns will be discussed. This course includes a lab section on basic scanning techniques and protocol. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 176 C Pathology and Small Parts</td>
<td>3</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> DMS 170 C, DMS 172 C, DMS 175 C and RADT 262 C, with a grade of C or better. Corequisite: DMS 186 C and DMS 207 C. Term hours: 54 lecture. This course will discuss the manifestations of abdominal pathology and disease conditions and their relevance to sonographic procedures including hemodynamic changes. The student will describe abdomen scanning techniques and procedures appropriate for the disease process. Normal anatomy, scanning technique, and pathology of small parts is included as well as neonatal imaging. The course will support the student in the clinical phase of sonographic training. Sonographic technique and actual pathologic cases will be discussed. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 186 C Obstetric and Gynecology Sonography</td>
<td>4</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> DMS 170 C, DMS 172 C and DMS 175 C with a grade of C or better. Corequisite: Completion of or concurrent enrollment in DMS 176 C and DMS 207 C with a grade of C or better. Term hours: 72 lecture. This obstetric/gynecology sonography course is a study of the pregnant and non-pregnant female reproductive system. This includes an assessment of fetal gestational age, fetal anatomy and pathology, as well as, associated maternal conditions. Gynecological sonography includes normal female anatomy along with pathological processes. Topics of discussion include related clinical symptoms, sonographic appearances, scanning techniques and protocols, and laboratory tests. This course includes a demonstration section on basic scanning techniques and protocol. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 188 C Doppler Techniques</td>
<td>1.5</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> DMS 176 C, DMS 186 C and DMS 207 C with a grade of C or better. Corequisite: DMS 217 C with a grade of C or better. Term hours: 27 lecture. This course includes vascular scanning techniques related to carotid, venous, and arterial sonographic exams. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 195 C Carotid and Arterial Sonography</td>
<td>4</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> DMS 188 C and DMS 217 C, with a grade of C or better. Corequisite: DMS 227 C with a grade of C or better. Term hours: 54 lecture and 27 laboratory. This course includes Doppler criteria related to carotid and arterial sonographic exams. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 207 C Clinical Education I</td>
<td>8</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> Satisfactory completion of the first (Fall) semester of the Diagnostic Medical Sonography Program and DMS 172 C with a grade of C or better. Term hours: 480 laboratory TBA. This course offers a minimum of 480 hours of clinical experience at an affiliated hospital. This course will provide basic instruction and scanning experiences in abdomen sonography. The student will be able to demonstrate the ability to perform sonographic examinations of the abdomen according to the protocols established by the program and clinical education center utilizing sonography equipment. (CSU)</td>
<td></td>
</tr>
<tr>
<td>DMS 210 C Review Seminar</td>
<td>2.5</td>
</tr>
<tr>
<td><strong>Prerequisite(s):</strong> DMAS 195 C and DMS 227 C with a grade of C or better. Corequisite: DMS 237 C with a grade of C or better. Term hours: 45 lecture. This course will prepare the student to enter the workforce by combining all skills acquired during didactic and clinical training. This course correlates and analyzes information pertaining to sonography case studies. The student will achieve an in-depth comprehension and an increased level of understanding of clinical symptoms, sonographic patterns, alternative imaging procedures, and technical pitfalls associated with a diagnostic sonography exam. Review of abdomen, small parts, physics, vascular, obstetric and gynecology will be included to help prepare the student for the American Registry of Diagnostic Medical Sonography test. (CSU)</td>
<td></td>
</tr>
</tbody>
</table>
To earn this degree, the student must:

1. satisfactorily complete by the end of the Spring semester all college requirements for an Associate Degree General Education requirements with a grade of C or better in each course or have completed an Associate Degree or higher. This includes Written Communication and Analytical Thinking, 6 units ENGL 100 C, 3 units CIS 111 C, 3 units MATH 040 C, 3 units BIOL 210 C, 5 units Cultural Diversity, 3 units Reading Proficiency, 3 units Social Sciences, any choice, 6 units
2. Satisfactorily complete the prerequisite courses by the end of the Spring semester with a grade of C or better in each course: RADT 142 C Radiologic Electronics, 4 units RADT 153 C Patient Care, 3 units HS 145 C Medical Terminology, 3 units HS 147 C Survey of Disease, 3 units *DMS 60 C Introduction to Sonography all major course requirements with a grade of C or better;
3. the Social Justice, Equity and Sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Note: All General Education and prerequisite courses must be completed by the end of the Spring semester of application. This degree requires a total of 66 units.

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Health Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

Diagnostic Medical Sonography Associate in Science Degree

Requirements

PROGRAM CODE: 1S07840

Diagnostic Medical Sonography Program Mission Statement

The Department of Radiologic Technology will provide occupational training in Diagnostic Medical Sonography. The purpose of this instruction is to qualify the student for examination by the American Registry of Diagnostic Medical Sonography and to prepare the student for gainful employment in Diagnostic Medical Sonography.

To earn this degree, the student must:

1. satisfactorily complete by the end of the Spring semester all college requirements for an Associate Degree General Education requirements with a grade of C or better in each course or have completed an Associate Degree or higher. Diagnostic Medical Sonography Certificate

Requirements

PROGRAM CODE: 1C21115

The Diagnostic Medical Sonography Certificate will provide occupational training in Diagnostic Medical Sonography. The purpose of this instruction is to qualify the student for examination by the American Registry of Diagnostic Medical Sonography and to prepare the student for gainful employment in Diagnostic Medical Sonography. To earn a certificate, students must complete the required courses as listed with a grade of C or better.
or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 66 units.

**Division Dean**
Dr. Lisa Gaetje

**Faculty**
Fola Odebunmi
Parwinder Sidhu

**Counselors**
Mymy Lam
Dr. Therese Mosqueda-Ponce
Daniel Pelletier

**Economics Transfer Program**
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

**Degrees and Certificates**
- Economics Associate in Arts Degree for Transfer (AA-T) (p. 281)

**Courses**

**ECON 100 C Principles of Economics-Macro** 3 Units
*Prerequisite(s):* MATH 040 C or MATH 041 C, with a grade of C or better.
Term hours: 54 lecture. The course concentrates on macroeconomics analysis. Topics emphasized are aggregate supply/demand concepts, economic aggregates and the overall functioning of the American economy, with special emphasis on the role of the government. The course includes national income accounting, employment theory, business cycles, fiscal and monetary policy and economic growth. Duplicate credit not granted for ECON 100HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 202)

**ECON 100HC Honors Principles of Economics - Macro** 3 Units
*Prerequisite(s):* MATH 040 C or MATH 041 C with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course is a study of macroeconomics, focusing on the structure and operation of the American economy. Special topics include simulated practice of fiscal and monetary policy, and web-site updates of statistical economics. Duplicate credit not granted for ECON 100 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 202)

**ECON 105 C Principles of Economics-Micro** 3 Units
*Prerequisite(s):* MATH 040 C or MATH 041 C, with a grade of C or better.
Term hours: 54 lecture. This course concentrates on microeconomic analysis. Topics emphasized are basic structure of the United States economic system, and interrelationships within this structure. The course includes a study of supply and demand, price determination, the market models, resource pricing and allocation, comparative economic systems, and foreign trade/exchange analysis. Duplicate credit not granted for ECON 105HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 201)

**ECON 105HC Honors Principles of Economics - Micro** 3 Units
*Prerequisite(s):* MATH 040 C with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course is a study of microeconomics analysis with special attention given to web-based interactive material on topics such as: price determination; the market models; comparative economic analysis; and international trade and finance. Duplicate credit not granted for ECON 105 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 201)

**ECON 110 C Survey of Economics** 3 Units
Term hours: 54 lecture. This course is a survey of the American Economic System using basic economic concepts to explain a wide variety of economic applications. It includes production and cost, competition and market structure, market failure and externalities, and the labor market as the microeconomic topics. As macroeconomic topics, it includes national income, unemployment and inflation. It also discusses the economic growth and economic fluctuations issues, Monetary and fiscal policy, and international trade and finance. Economics 110 C does not meet the course requirement for majors in economics and business administration. (No UC credit if taken after ECON 100 C or ECON 100HC or ECON 105 C or ECON 105HC. UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: ECON 201)

**ECON 120 C International Economics** 3 Units
*Prerequisite(s):* ECON 100 C with a grade of C or better.
Term hours: 54 lecture. This course will discuss institutions in the global economy, international trade and labor and environmental standards, trade and balance of payments, exchange rate and exchange rate systems, international financial crisis, economic integration in North America, The European Union, Trade and policy reforms in Latin America, Export-Oriented growth in East Asia. (UC/CSU, AA GE, CSU GE, IGETC)
ECON 130 C Consumer Economics 3 Units
Term Hours: 54 lecture. This course explains the role of consumer behavior, consumer theories and models, consumer protection and law, government protection, decision making and advertising, issues on health and wellness, sustainability and safety, issues of internet, technology, and identity theft, legal rights and responsibilities, marketing and advertising. Consumer issues, ethics and globalization will also be emphasized. ECON 130 C does not meet the course requirement for majors in economics and business administration. (CSU)

ECON 298 C Economics Seminar 0.5-12 Units
Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSL0s: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Social Sciences, B2-Writing, C1-Analysis, C2-Computation, C4-Problem Solving, and D3-Equity.

Economics Associate in Arts Degree for Transfer (AA-T)

Requirements

To earn an AA-T in Economics students must complete:

1. a minimum of 20-22 semester or 30-33 quarter units in the Economics major with a grade of C or better
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC)
3. completion of 60 semester of CSU transferable coursework; and
4. have an overall GPA of 2.0.
5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better.

This degree will provide students with an introduction to the field and its applied areas. While at least a baccalaureate degree is recommended preparation for those seeking professional careers, completion of this degree is excellent general preparation for careers in academic and applied economics, research institutes, financial institutions, education, international economic systems, corporations, government, journalism and technical writing, non-profit organizations, and many other careers. It gives students a solid basis for many career paths and can be enhanced with multidisciplinary study in related fields. This curriculum specifically prepares the prospective transfer student for upper division coursework in Economics or a similar major at a California State University (CSU) campus. At the baccalaureate level students can continue an education in various areas of Economics including Comparative Economic Systems, Environmental Economics, American Economic History, International Economics, Economic Geography, and many more. Graduate study is important in Economics. Those holding a Master's or Doctoral degree may find employment in college and university teaching and other educational institutions. Those without a graduate degree will find limited career opportunity in direct areas of Economics. Students should consult a counselor, the Transfer Center and the catalog of the transfer-college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system.

Division: Social Sciences

PROGRAM CODE: 1A35301

The Economics Associate in Arts Degree for Transfer (AA-T in Economics) is designed to provide an opportunity for the economics major to complete the first and second year requirements for transfer to a four-year public California institution. This degree is designed to provide students with a comprehensive introduction to the two major fields of economics in order to give them the background knowledge needed by undergraduate economics majors. The coursework emphasizes the practical applications of economics and knowledge in a diversity of careers and the utility of economics perspectives as a life-long learning tool for interpreting world economic events. Students successfully completing the AA-T in Economics will acquire a fundamental knowledge base of economics, learn basic knowledge and possess a basic understanding of areas that have an interdisciplinary association to Economics.

This degree provides an opportunity for the economics major to complete a comprehensive introduction to the two major fields of economics in a California institution. This degree is designed to provide students with the background knowledge needed by undergraduate economics majors. The coursework emphasizes the practical applications of economics and knowledge in a diversity of careers and the utility of economics perspectives as a life-long learning tool for interpreting world economic events. Students successfully completing the AA-T in Economics will acquire a fundamental knowledge base of economics, learn basic knowledge and possess a basic understanding of areas that have an interdisciplinary association to Economics.
through 45 hours of required fieldwork in K-6 elementary classrooms. (CSU, education in American society. In addition, students will gain experience with a career in elementary school teaching. The course will address the overview of the teaching profession for students who are considering a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students transferring to a university or college that does not part of the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students with a degree in Elementary Teacher Education may pursue a career as a teacher in elementary education.

Elementary Teacher Education
Associate in Arts Degree for Transfer (AA-T)

Division: Social Sciences

Requirements

PROGRAM CODE: 1A32138

The Elementary Teacher Education Associate in Arts Degree for Transfer (AA-T in Elementary Teacher Education) is designed to provide an opportunity for the Elementary Teacher Education major to achieve an Associate in Arts in Elementary Teacher Education for Transfer (AA-T in Elementary Teacher Education) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work.

This curriculum specifically prepares the prospective transfer student for upper division coursework in Elementary Teacher Education or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students with a degree in Elementary Teacher Education may pursue a career as a teacher in elementary education.
To earn an AA-T in Elementary Teacher Education students must complete the following requirements:

1. a minimum of 50-51 semester units or 75-76.5 quarter units in the major or area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area of emphasis, P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better,
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units, and
5. obtainment of a minimum grade point average (GPA) of 2.0.

**Degrees and Certificates**

- Associate in Science Degree Energy and Sustainable Technologies (p. 284)
- Solar Energy Certificate (p. 284)
- Sustainable Energy Certificate (p. 285)

**Courses**

**EST 100 C Renewable and Sustainable Energy** 3 Units

Term hours: 27 lecture and 81 laboratory. This course investigates the potential of renewable energy technologies to help solve environmental and economic problems within society. Areas of investigation include solar energy, wind power, hydropower, geothermal, fuel cells, biomass, ocean wave power, and alternative transportation options. Also addressed are conventional energy sources including oil, coal, natural gas, and nuclear energy. Consideration will be given to related issues such as costs, externalities, system efficiencies, emissions and other environmental impacts, financing incentives, and the regulatory and market forces impacting the alternative energy industry. Students will learn how to assess the viability of incorporating renewable technology, such as solar or wind power, for residential and commercial applications. (UC/CSU)

**EST 110 C Tools and Safety** 2 Units

Term hours: 27 lecture and 27 laboratory. This course covers the concepts and practices of a safe working environment in the renewable energy field. Topics that are covered include PPE, rigging, body harness, ladder safety, sound/hearing safety, etc. (CSU)

**EST 120 C Digital Controls and Inverters** 2 Units

Term hours: 27 lecture and 27 laboratory. This course covers basic concepts of electronic controls, fiber optics, soldering techniques, PLC controls, substations, generators and transformers as they apply to Energy Sustainability Technology. (CSU)
EST 130 C Solar Photovoltaics - Install 3 Units
Prerequisite(s): AC/R 105 C and EST 100 C and EST 110 C, and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course will explore the use of sunlight to produce electricity. This course covers the practical and economical design of photovoltaic power systems, site analysis, system sizing, equip. specs and component selection, code requirements, economics of PV systems, and energy efficiency and conservation impacts on system design will be covered. (CSU)

EST 135 C Solar Concentrators - Hot Water 3 Units
Prerequisite(s): AC/R 105 and EST 100 C and EST 110 C and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. In this course, students will learn theory, setting, design, procurement and techniques required to install and maintain a solar hot water system. Examine passive/active, unglazed/glazed, evacuated tube, and concentrated solar technologies, optimal designs, alternative space heating, building codes, utility conservation programs, and site and federal incentives. (CSU)

EST 140 C Wind Turbine Drive Trains 3 Units
Prerequisite(s): AC/R 105 C and EST 100 C, EST 110 C and EST 120 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course covers basic wind turbine drive train assembly, maintenance, fasteners, torquing procedures, repair, and control systems. (CSU)

EST 145 C Wind Turbine Power Generation 3 Units
Prerequisite(s): AC/R 105 C and EST 100 C and EST 110 C and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course covers advanced wind turbine power generation, Power generation assembly, maintenance, repair, electrical transmission, substations, and transformers. (CSU)

EST 150 C Advanced Geo-thermal Concepts 3 Units
Prerequisite(s): AC/R 105 C and EST 100 C and EST 110 C and EST 120 C, with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course is designed to instruct the student in the application of advanced Geo-thermal technologies. Included will be heat pump technology, and ground-source heat exchangers. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLO subcategories: A1-Career Technical Education.

Associate in Science Degree Energy and Sustainable Technologies

Requirements
PROGRAM CODE: 1S35037

The following program is designed to prepare students for employment in the emerging industry of sustainable energy technologies. Training is given in both theory and practical skills. Directed practical work is given in all areas of energy technology maintenance and repair under simulated on-the-job conditions. The sequence in which courses are taken may be modified to meet individual needs. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

To earn an Associate Degree students must complete:
1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. any elective courses to complete a minimum of 60 units, and
4. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Solar Energy Certificate

Requirements
PROGRAM CODE: 1C33913

The Solar Energy Certificate provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career in solar technologies certification. Students completing this certificate will develop an advanced understanding of the technologies involved in the solar energy industry. To earn this certificate, complete the required courses as listed with a grade of C or better. At least 50% of all major course work must be completed at Cypress College.

Degrees and Certificates

- Associate in Science Degree Pre-Engineering (p. 286)

Courses

ENGR 102 C Engineering Design Graphics 3 Units

Term hours: 36 lecture and 72 laboratory. This is an introductory course which utilizes drafting and the CAD system for engineering applications, graphics concepts and visualization. Graphic expressions using CAD software, with emphasis on 2D drawings that includes architectural and industrial practice involving orthogonal projection of parts, assembly drawings, standards, tolerances, and surface finishes. Also, focus other attributes of drawings, production drawings, and projects involving complete design of systems and subsystems. (CSU/UC, C-ID: ENGR 150=ENGR 102 C + ENGR 205 C)
ENGR 110 C Introduction to Engineering 3 Units
Prerequisite(s): MATH 040 C or MATH 041 C, with a grade of C or better.
Term Hours: 54 lecture. This course is an introduction to engineering as a profession and its associated career responsibilities and opportunities. It also presents an overview of functions of an engineer and different related industries, different engineering disciplines; illustrates opportunities and challenges in the engineering profession and provides tools for becoming a successful student. Students learn about current trends and issues in engineering career and academic options. This course also explains the engineering education pathways and explores effective strategies for students to reach their full academic potential. Presents an introduction to the methods and tools of engineering problem solving and design including the interface of the engineer with society and engineering ethics. Develops communication skills pertinent to the engineering profession. Representatives from industry and academic institutions present overviews of the engineering field and describe potential job opportunities. Field trips to various companies and engineering facilities provide an insight into different aspects of engineering. This course includes the application of engineering and scientific problem solving methods to introductory mechanics and electricity. It also meets requirements for credit in Engineering. Duplicate credit not granted for ENGT 110 C. Pass/No Pass/Letter Grade Option. (UC/CSU/C-ID: ENGR 110)

ENGR 201 C Statics 3 Units
Prerequisite(s): ENGR 110 C, PHYS 221 C and MATH 150 AC, with a grade of C or better.
Term Hours: 54 lecture. This course includes the study of properties of forces, moments, couples and resultants; two- and three-dimensional force systems acting on engineering structures in equilibrium; analysis of trusses, and beams; distributed forces, shear and bending moment diagrams, center of gravity, centroids, friction, and area and mass moments of inertia. Optional additional topics include fluid statics, cables, Mohr's circle and virtual work. (UC/CSU/C-ID: ENGR 130)

ENGR 205 C Advanced 3D Solid Modeling and Simulation 3 Units
Prerequisite(s): ENGR 102 C and MATH 142 C, with a grade of C or better.
Term Hours: 36 lecture and 72 laboratory. This advanced course starts with sketches and proceeds to solid modeling, simulation, animation and motion analysis, creation of bill of material, conversion to stereolithography files and G-codes for rapid prototyping purposes, with emphasis on industrial practice involving component and assembly modeling for actual products. Standards, Tolerances, surface finishes and other attributes of drawings to be addressed with projects involving systems and subsystems. (CSU/UC, C-ID: ENGR 150=ENGR 102 C + ENGR 205 C)

ENGR 210 C Electric Circuits Analysis 5 Units
Prerequisite(s): PHYS 222 C and ENGR 110 C, with a grade of C or better.
Corequisite: MATH 250BC. Term hours: 72 lecture and 54 laboratory. This course consists of an introduction to analysis of circuits under steady state and transient conditions. Analysis techniques include nodal analysis, loop analysis, superposition method, Thevenin's Theorem, Norton's Theorem and source transformation. RLC circuits are analyzed under DC, AC and steady state and transient conditions using multiple methods including bode diagrams, Fourier and Laplace transforms. Also consists of an analysis of circuits under steady state and transient conditions; network theorems, RLC circuits analyzed under DC, AC-steady state and transient conditions using multiple methods. (CSU/UC, C-ID: ENGR 260, ENGR 260 L)

ENGR 220 C Programming and Problem-Solving in MATLAB 3 Units
Prerequisite(s): MATH 150AC with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics. (CSU/UC/C-ID: ENGR 220)

ENGR 299 C Engineering Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Contract
Term hours: 0-36 lecture and/or 0-108 laboratory depending on units attempted. This course is for students who wish to increase their knowledge of engineering design and testing process through individual study, research or internships may enroll in this class. Permission of the instructor is required along with a contract outlining a student's independent work and the supervision of the instructor. Pass/No Pass/Letter Grade Option. (UC/CSU Credit Limitation)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Science, Technology, Engineering, and Mathematics.

Associate in Science Degree Pre-Engineering Requirements

**PROGRAM CODE: 1503770**

The Associate in Science Degree Pre-Engineering is designed to prepare students for junior standing at most CSU and UC institutions. To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the Social Justice, Equity and Sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

**Code** | **Title** |
---|---|
MATH 150AC | Calculus I | 4 |
MATH 150BC | Calculus II | 4 |
MATH 250AC | Multivariable Calculus | 4 |
MATH 250BC | Linear Algebra and Differential Equations | 5 |
PHYS 221 C | General Physics I | 4 |
PHYS 222 C  General Physics II  4
PHYS 223 C  General Physics III  4
CHEM 111AC General Chemistry I  5
ENGR 110 C  Introduction to Engineering  3
ENGR 201 C  Statics  3
ENGR 210 C  Electric Circuits Analysis  5
LIST A: Select two courses from the following (6-7 units):  6-7
CHEM 112 C  General Chemistry II for Engineers  4
ENGR 102 C  Engineering Design Graphics  3
ENGR 205 C  Advanced 3D Solid Modeling and Simulation  3
ENGR 220 C  Programming and Problem-Solving in MATLAB  3

Engineering Technology Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Courses
ENGT 103 C Introduction to Embedded Systems  3 Units
Term hours: 54 lecture and 18 laboratory. This course provides an introduction to the foundational aspects of industrial automation, robotics, mechatronics, and computer integrated manufacturing. This course covers terminology, components, standards and methodologies in the process of design and implementation of advanced automated systems. It is intended for technicians, operators, designers, sales personnel, and other technical/automation professionals who are responsible for the operation, design, installation, and maintenance of such systems. (CSU)

ENGT 105 C Instrumentation and Process Control  3 Units
Term Hours: 54 lecture and 18 laboratory. This course covers the basic principles of process instrumentation, measurement, and control. Topics include properties of and methods to perform direct or inferred measurement to manage pressure, temperature, level, and flow to manage the operation of common final control elements. The course helps to identify and to configure basic open and closed-loop control algorithms with their associated communication methods. (CSU)

ENGT 107 C Electricity and Electronics  3 Units
Term hours: 54 lecture and 36 laboratory. This course is an introduction to electricity and electronics. It covers basic Electrical concepts such as direct current (DC), alternating current (AC) theories, (DC) and (AC) circuit types and circuit analysis, power generation and transmission. Components and applicable laws are also introduced in this course. Other topics to be covered are electronic components, as well as the conventional analog circuits used in electronic devices, including power supplies, amplifiers, power-handling circuits, filters, sensing and measurement circuits, and oscillators. An introduction to digital electronics, devices, and digital signal processing is also covered. (CSU)
ENGT 109 C Industrial Design and Graphics  4 Units  
Term hours: 54 lecture and 54 laboratory. This is a course in Computer Aided Design. It starts with the introduction of the engineering design process and explains conceptualization and prototyping with the aid of CAD systems. The students learn about blueprint reading, creating sketches and proceeding to solid modeling. Other topics to be covered are making assemblies, create simulations and animations and run motion analysis. The creation of a bill of material, conversion to stereolithography files and G-codes for rapid prototyping purposes and Tolerances, surface finishes and other attributes of drawings to be addressed with projects involving systems and subsystems. (CSU)

ENGT 110 C Introduction to Engineering  3 Units  
Prerequisite(s): MATH 040 C or MATH 041 C, with a grade of C or better.  
Term hours: 54 lecture. This course is an introduction to engineering as a profession and its associated career responsibilities and opportunities. It also presents an overview of each engineering discipline; illustrates opportunities and challenges in the engineering profession and provides tools for becoming a successful student. Students learn about current trends and issues in engineering career and academic options. Representatives from industry and academic institutions present overviews of the engineering field and describe potential job opportunities. Field trips to various companies and engineering facilities provide an insight into different aspects of engineering. This course includes the application of engineering and scientific problem solving methods to introductory mechanics and electricity. It also meets requirements for credit in Engineering. Pass/No Pass/Letter Grade Option. Duplicate credit not granted for ENGR 110 C. (UC/CSU)

ENGT 115 C Electric Motors and Controls  3 Units  
Prerequisite(s): ENGT 103 C and ENGT 107 C, with a grade of C or better.  
Term hours: 54 lecture and 18 laboratory. This course is an introduction to the motors, different control mechanism and their classifications. It covers the basic principles, applications, and configuration of direct current and alternating current motors, motor starters, programmable modules, solid state, and electro-mechanical motor controllers/drives, input devices, relays, pilot devices, and other industrial electronic components and circuitry. (CSU)

ENGT 120 C Mechanical Systems  3 Units  
Prerequisite(s): ENGT 103 C and ENGT 105 C with a grade of C or better.  
Term hours: 54 lecture and 18 laboratory. This course provides students with the fundamental knowledge about mechanical components in a mechatronics system and skills necessary to install and maintain those components. It begins with an overview of Statics and Kinetics, which includes force system analysis, study of equilibrium, frames and machines, friction and effects of forces on the motion of objects and then moves to maintenance scheduling, hand and power tool use, power transmission systems, bearings, lubrication, couplings, pumps, alignment, and vibration analyzers within an automated or mechatronics system. (CSU)

ENGT 125 C Hydraulic and Pneumatic Systems  3 Units  
Prerequisite(s): ENGT 103 C and ENGT 105 C with a grade of C or better.  
Term hours: 54 lecture and 18 laboratory. This course covers the basics of hydraulic, pneumatic, and electro-pneumatic control circuits in a complex mechatronic system. Students will learn the functions and properties of control elements based on physical principles, and the roles they play within the system. Technical documentation such as data sheets, circuit diagrams, displacement step diagrams, and function charts will also be covered. (CSU)

ENGT 150 C Digital Fundamentals and PLC Programming  4 Units  
Prerequisite(s): ENGT 103 C and ENGT 107 C with a grade of C or better.  
Term hours: 72 lecture and 36 laboratory. This course is an introduction to the function and application of programmable logic controllers. Students will become familiar with the development of ladder logic diagrams for PLC applications, test input, and output configurations, create a communications configuration, design and save a motor control program, and adequately document the programming and the program file. Students also learn about programming and wiring of programmable logic controllers and software. Topics include bit-level input and output instructions, timers, counters, latches, documentation, and troubleshooting. (CSU)

ENGT 160 C Industrial Data Network and HMI  3 Units  
Prerequisite(s): ENGT 103 C and ENGT 150 C with a grade of C or better.  
Term hours: 54 lecture and 18 laboratory. This course introduces the principles of industrial communication, components, products, and systems to ensure an efficient integration of all sections of the industrial plant into one coherent system. System-wide, high-performance data networks will be implemented to meet the requirements of the industry by means of appropriate components based on proven standards. Elements of commercial and industrial electronic communications, transmission line characteristics, sensors, fiber-optic cabling, and systems, and other non-radio-based communication topics will be covered in this course. (CSU)

ENGT 210 C Principles of Robotics Systems  3 Units  
Prerequisite(s): ENGT 103 C with a grade of C or better.  
Term hours: 54 lecture and 18 laboratory. This course offers a glance at the history of robotics and their evolution through time and evaluates how robots are used in industry. Through the course, different classes of robots are introduced, and students will become familiar with the basics of modeling, design, planning, and control of robot systems. The material provided in this course is a brief survey of relevant results from geometry, kinematics, statics, dynamics, and control. (CSU)

ENGT 225 C Robot and Automation Programming  4 Units  
Prerequisite(s): ENGT 150 C and ENGT 160 C and ENGT 210 C, with a grade of C or better.  
Term hours: 54 lecture and 54 laboratory. This course provides the students with the fundamental education in writing programs for embedded systems controlled by microcontrollers, PLC(s) and computers such as robots and other computer integrated systems. Students will acquire knowledge of work object frames, jogging the robots in multiple coordinate systems with the aid of program structure using modules and routines. Different programs such as C, Python, Matlab, AutoML, etc. will be introduced and reviewed. (CSU)

ENGT 250 C Industrial Maintenance and Safety  3 Units  
Prerequisite(s): ENGT 115 C and ENGT 120 C and ENGT 125 C, with a grade of C or better.  
Term hours: 54 lecture and 18 laboratory. This course is designed to meet the training needs of plant maintenance personnel engaged in the day-to-day troubleshooting and fault correction of industrial electrical and mechanical equipment. It is appropriate for mechatronics maintenance personnel in need of a review of electro-mechanical basics and an introduction to more complicated industrial controls and test equipment. It also aims to promote the highest degree of the physical, mental and social well-being of workers in an industrial plant through discussion of OSHA requirements for safety. (CSU)
ENGT 255 C Integrated Automation Systems 3 Units
Prerequisite(s): ENGT 160 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course introduces the concept of Totally Integrated Automation within a manufacturing plant by looking at the automation pyramid emphasizing on Manufacturing Technologies, including CNC, CAM, and CIM. Microcontrollers, microprocessor architecture and ways of interaction between these and all other components will be discussed, and students can practice the theories through hands-on projects and digital simulation.

ENGT 265 C Manufacturing Operation Management 3 Units
Prerequisite(s): ENGT 109 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This course is designed to assist students gain an in-depth understanding of the technologies, processes, financial factors, and critical strategies that help with sustainability, productivity, and competitiveness in manufacturing by introducing a methodology for viewing the end-to-end of a manufacturing process through the application of theories and simulation. The students become familiar with Product Life-cycle Management to coordinate the information, processes, and people associated with the life-cycle of a product to achieve fewer production errors, fewer cycle iterations with the goal of ultimately increasing speed from design to market. (CSU)

ENGT 290 C Industry 4.0, IIoT, Digitization 3 Units
Prerequisite(s): ENGT 255 C and ENGT 265 C with a grade of C or better.
Term hours: 54 lecture and 18 laboratory. This class discusses the latest topics in technology and their effect on manufacturing. The main focus of this course would be Industry 4.0 or The Fourth Industrial Revolution that takes the automation of manufacturing processes to a new level by introducing customized and flexible mass production technologies, where the machines will operate independently, or cooperate with humans in creating a customer-oriented production field that continually works on maintaining itself. Among topics covered in this class are plant digitization, Industrial Internet of things, Augmented Reality, Machine Learning, and other advanced topics. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Career Technical Education, and A1-Science, Technology, Engineering, and Mathematics.

English Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Flow Chart for English Courses
Students are advised to take the self-placement tool that is on the Cypress College Assessment website. Native English speakers should consult with a counselor if they wish to enroll in an ENGL 060 C class (Preparation for College Writing) or the non-credit ABED/100 class (College Preparation English Reading and Writing) offered by North Orange Continuing Education (NOCE).

ENGL 010LC is an optional lab class that is linked to certain ENGL 100 C classes. It is designed to supplement students’ experience in writing compositions. ENGL 010LC begins at the fourth week of the semester.

ENGL 100 C is the prerequisite for ENGL 103 C or ENGL 104 C, which fulfills the critical thinking requirement for CSU and UC transfer.

Learning Center
The Learning Center, located in the Library Learning Resources Center, 1st Floor, provides students with the opportunity to improve their learning skills as a way of becoming more successful college students. The Center offers a wide variety of tutorial packages. Students may drop in on their own or be referred by instructors and counselors.

Degrees and Certificates
• Creative Writing Certificate (p. 294)
• English Associate in Arts Degree for Transfer (AA-T) (p. 294)

Courses
ENGL N01 C Supervised Tutoring - English 0 Units
NON-CREDIT COURSE. Term hours: 18-48. This course provides individual units of study which may focus on improvement in reading, writing, grammar, research, critical thinking, or study skills, based on individual students’ needs. Students wishing to use the English Success Center must enroll in this course.
ENGL 010LC Advanced English Skills Lab 0.5 Units

**Prerequisite(s):** Appropriate placement using current assessment process.

**Corequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.

Term Hours: 27 laboratory. This course offers intensive instruction in advanced reading and writing skills for students who are currently taking ENGL 100 C. This course is designed to help ENGL 100 C students hone their craft as writers and readers. Success in this lab will be based on attendance and satisfactory completion of in-class reading and writing assignments. Pass/No Pass only.

ENGL 057 C Reading and Writing I 4 Units

**Prerequisite(s):** Student must have appropriate score on CTEP Assessment.

Term hours: 72 lecture hours. This course is designed for first semester college students and emphasizes basic instruction in reading and writing, including such topics as comprehension, vocabulary development, reading efficiency, study techniques, and basic composition. Individualized instruction is provided. Non Degree Credit. Pass/No Pass/Letter Grade Option.

ENGL 060 C College Writing Preparation 4 Units

**Advisory:** Non-native speakers of English should consider taking credit ESL courses at Cypress College which are designed to enhance English proficiency based on the specific needs of English language learners.

Term hours: 72 lecture. This course is designed to prepare students for ENGL 100 C. The focus of this course is on reading, critical analysis, and writing expository essays. The course reviews the fundamentals of grammar, sentence structure, and paragraph development. Non-Degree Credit. Pass/No Pass/Letter Grade Option.

ENGL 096 C College Reading Strategies 3 Units

Term hours: 54 lecture. This course prepares students for the demands of college reading in academic subjects. Emphasis is placed on critical reading, critical thinking and study-learning strategies, which facilitate optimum learning in content area classes. Textbook selections and scholarly essays will be analyzed with an emphasis on comprehension, academic vocabulary enhancement, study skills techniques, and critical thinking. This course fulfills the reading requirement for graduation. Pass/No Pass/Letter Grade Option. (AA GE, RDG)

ENGL 100 C College Writing 4 Units

**Prerequisite(s):** Placement via current assessment process or successful completion of ENGL 060 C or ESL 109 C with a grade of C or better.

**Advisory:** ENGL 010LF

Term Hours: 72 lecture. This is a college-level course in written communication. It is designed to develop reading, critical thinking, and writing strategies necessary for academic success. The emphasis is on writing expository essays. The course requires the use of research and documentation skills. Concurrent enrollment in ENGL 010LC is recommended for students requiring individualized tutoring and support. Duplicate credit not granted for ENGL 100HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC/C-ID: ENGL 100)

ENGL 100HC Honors College Writing 4 Units

**Prerequisite(s):** Placement via current assessment process or successful completion of ENGL 060 C or ESL 186 C with a grade of C or better.

**Advisory:** ENGL 010LC

Term Hours: 72 lecture. This Honors-enhanced college-level course emphasizes reading and writing expository essays. This course will develop increased critical thinking, reading and writing skills. The class will be conducted as a seminar and will require a significant research project that uses correct documentation skills. Duplicate credit not granted for ENGL 100 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: ENGL 100)

ENGL 101 C Enhanced College Writing 5 Units

**Prerequisite(s):** Placement via current assessment process or successful completion of ENGL 060 C or ESL 109 C with a grade of C or better.

Term hours: 90 lecture. This course in college-level composition is designed to develop the reading, critical thinking, and writing strategies necessary for academic success. The emphasis is on reading and writing expository essays. This course includes research and documentation skills. This course includes a fifth hour of instruction per week to help students develop the reading, writing, and study skills necessary for academic success. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: ENGL 100)

ENGL 102 C Introduction to Literature 3 Units

**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.

Term hours: 54 lecture. This course is a continuation of ENGL 100 C. It builds from the inferential reading and expository writing of the first semester course to demonstrate reading comprehension as well as composition of the analytical and critical essay. The content introduces students to techniques and major authors of narrative fiction, drama, and poetry, providing them with an opportunity to enrich their lives, enhance their understanding of the human condition, and develop an appreciation of good literature. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 120 [ENGL-LIT 100])

ENGL 102HC Honors Introduction to Literature 3 Units

**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.

Term hours: 54 lecture. This Honors-enhanced course is a continuation of ENGL 100 C or ENGL 100HC. It builds from the inferential reading and expository writing of the first semester course to demonstrate reading comprehension as well as composition of the analytical and critical essay. The content introduces students to techniques and major authors of narrative fiction, drama, and poetry, providing them with an opportunity to enrich their lives, enhance their understanding of the human condition, and develop an appreciation of literature. The class is conducted as a seminar and will require additional writing and documented research assignments. Duplicate credit not granted for ENGL 102 C. (CSU/UC, C-ID: ENGL 120, ENGL-LIT 120)

ENGL 103 C Critical Reasoning and Writing 4 Units

**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better

Term hours: 72 lecture. This course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in ENGL 100 C. The course will focus on the development of logical reasoning and analytical and argumentative writing skills. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 105 [ENGL 115])
ENGL 103HC Honors Critical Reasoning and Writing  4 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 72 lecture. This Honors-enhanced course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in ENGL 100 C. The course will focus on the enhanced development of logical reasoning and analytical and argumentative writing skills. Writing expanded argumentative research essays, and utilizing enhanced research strategies and documentation skills will be required. Duplicate credit not granted for ENGL 103 C. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 105[ENGL 115])

ENGL 104 C Critical Analysis and Literature  4 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 72 lecture. This course will develop critical thinking, reading, and writing skills as they apply to the analysis of literature and literary criticisms from diverse cultural sources and perspectives. There will be an emphasis on the techniques and principles of effective written argument as they apply to literature. Students will demonstrate this understanding by writing and critiquing essays and utilizing research strategies. Duplicate credit not granted for ENGL 104HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: ENGL 110 [ENGL-LIT 105])

ENGL 104HC Honors Critical Analysis and Literature  4 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 72 lecture. This Honors-enhanced course emphasizes the development of increased critical thinking, reading, and writing skills as they apply to the analysis of literature and literary criticism. Writing expanded argumentative research essays and utilizing enhanced research strategies and documentation skills will be required. The class will be conducted as a seminar. Duplicate credit not granted for ENGL 104C. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC, C-ID: ENGL 110 [ENGL-LIT 105])

ENGL 105 C Introduction to Creative Writing  3 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This course provides an opportunity for students to write short fiction, poetry, and, optionally, a short play. Students will gain an understanding of each literary type, create material in each area, and have their work critiqued in a workshop setting. (CSU/C, C-ID: ENGL 200 [ENGL-CW 100])

ENGL 108 C Writing the Personal Statement  0.5 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 9 lecture. This course will teach students how to write an effective personal statement on their transfer applications to four-year institutions. Content strategies and essay format will be discussed, and opportunities for multiple drafts will be engaged. Pass/No Pass only. (CSU)

ENGL 110 C Humanities - Ancient and Medieval  3 Units
Prerequisite(s):  Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a survey of the development of Western culture with a focus upon its Greco-Roman roots, and a study of other important influences, including African and Middle Eastern. This course covers prehistory to the Renaissance, with an emphasis on the arts. Cost for museum visits not to exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 111 C Humanities - Renaissance - Present (same as INDS 101 C)  3 Units
Prerequisite(s):  Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a survey of the development of Western culture from the Renaissance to the present, including a study of other important influences from Africa, the Middle East, and North and South America, with emphasis on the arts. Duplicate credit not granted for INDS 101 C. Cost for museum visits not to exceed $15.00. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 117 C Academic Reading and Study Strategies  1 Unit
Term hours: 18 lecture. This course helps students improve comprehension of reading materials related to a designated college-level content-area course through the development of discipline-specific vocabulary, academic reading strategies, critical analysis of reading materials, and academic success skills specific to that course. Content-area courses vary by semester.

ENGL 125 C The Film  3 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This course is a critical study of film that will develop critical thinking and writing skills. Students will study the elements of film making and the historical development of film. Film as a story telling art form will be emphasized. Ten to twelve films will be shown in class for analysis and discussion. Students will be expected to watch and study several additional films outside of class. Duplicate credit not granted for ENGL 125HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

ENGL 125HC Honors Film  3 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course is a critical study of film as a story telling art form. Students study the elements of cinematic storytelling, film’s dependence on literature, and the historical development of film. Ten to twelve short and feature films are shown in the course for discussion and analysis. Students will be expected to watch and study several additional films outside of class. The course is taught in a seminar format. Duplicate credit not granted for ENGL 125C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

ENGL 126 C Introduction to Screenwriting  3 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. This course provides the opportunity to study the art of the screenplay and create their own. Students will critically analyze professional models, view excellent examples of film writing, and work on their own screenplay. Students will have the opportunity to have their work critiqued in a workshop setting. (CSU/UC, AA GE)

ENGL 127 C Introduction to Poetry Writing  3 Units
Prerequisite(s):  ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C, with a grade of C or better.
Term hours: 54 lecture. In this course, students will write original poetry, study forms, techniques, and literary elements of poetry, including classical poetic forms and free-verse tradition. Student work will be critiqued in a workshop setting. (UC/CSU, AA GE)
ENGL 128 C Introduction to Short Story Writing 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C or ENGL 102HC and ENGL 105 C.
Term hours: 54 lecture. In this course, students will write original short stories while studying the evolution of the form and its narratological techniques and literary elements, including the form’s place in a variety of literary genres. Students will critique each other’s work in a workshop setting. (UC/CSU, CSU GE)

ENGL 130 C Introduction to Creative Nonfiction Writing 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C or ENGL 102HC and ENGL 105 C.
In this course, students will write original works of creative nonfiction while studying the evolution of the form and its narratological techniques and literary elements, including the form’s place in a variety of literary genres. Students will critique each other’s work in a workshop setting. (UC/CSU, CSU GE)

ENGL 135 C Grammar and Usage 3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This is a course in English grammar and usage. Students will learn about the origins and development of the English language. Parts of speech, parts of sentences, verb tenses, sentence types, syntax, and standard usage will be emphasized. Students will demonstrate their understanding of English grammar and usage by analyzing standard written English. This course is useful for English, journalism, foreign language, and court reporting students and especially for those planning to enter elementary or secondary teaching. (CSU, AA GE)

ENGL 137 C College Study Strategies 3 Units
Term hours: 54 lecture. The purpose of this course is to assist students in mastering effective learning and critical thinking strategies crucial for academic success and personal growth. Academic and professional reading, time management, goal setting and motivation, learning styles, stress management, note-taking, concentration, memory, test preparation, and test-taking strategies are primary topics. Pass/No Pass/Letter Grade Option. (CSU/UC)

ENGL 208 C Asian American Literature 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a study of Asian American literature. Students will explore and analyze the evolution of the form and its narratological techniques and literary elements, including the form’s place in a variety of literary genres. Students will critique each other’s work in a workshop setting. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ENGL 160 [ENGL-LIT 160])

ENGL 211 C English Literature to 1760 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is an introduction to the major periods and movements, major authors, and major forms from the beginning of English literature to 1760. It covers works such as Beowulf and Sir Gawain and the Green Knight, as well as works from authors such as Marie de France, Chaucer, Marlowe, Shakespeare, Donne, Milton, Pope, and Swift. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ENGL 160 [ENGL-LIT 160])

ENGL 212 C English Literature Since 1760 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is an introduction to the major periods and movements, major authors, and major forms from 1760 to the present. It considers literary trends and historical backgrounds from the Romantic, Victorian, Modern, and Postmodern eras. It covers fiction, poetry, drama, and prose from such authors as Wollstonecraft, Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, Browning, Dickens, Wilde, Joyce, Hopkins, Yeats, Eliot, Woolf, and Beckett. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ENGL 165)

ENGL 221 C American Literature to 1865 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is a survey of the literature of American writers from the Colonial Period to 1865. It is designed to increase understanding and appreciation of the development of American culture and literary achievements. A diversity of writings will be included to reflect the various subjects and styles that comprise the development of American Literature. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 130)

ENGL 222 C American Literature Since 1865 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: ENGL 102 C
Term hours: 54 lecture. This course is a survey of the literature of American writers from 1865 to the present. It is designed to increase understanding and appreciation of the development of American culture and literary achievements. A diversity of writings will be included to reflect the various subjects and styles that comprise the development of American Literature. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: ENGL 135)

ENGL 223 C World Literature to 1650 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a comparative study of selected works, in translation and in English, of literature from around the world, including Europe, the Middle East, Asia, and other areas, from antiquity to the mid-17th century. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 224 C World Literature Since 1650 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a comparative study of selected works, in translation and in English, of literature from around the world, including Europe, the Middle East, Asia, and other areas, from 1650 to the present. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 234 C Shakespeare 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an introduction to the major works of William Shakespeare. The emphasis is upon the plays and includes a study of selected comedies, histories, and the major tragedies. Ten to twelve plays will be studied along with a selection of the sonnets. Duplicate credit not granted for ENGL 234HC. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)
ENGL 234HC Honors Shakespeare 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course emphasizes the development of increased critical thinking, reading, and writing skills as they apply to an analysis of William Shakespeare's sonnets and his major plays, both as texts and in performance. The class will be conducted as a seminar. Duplicate credit not granted for ENGL 234 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC)

ENGL 239 C Survey - Children's Literature 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course surveys the historical and cultural development of children's literature throughout the world, while emphasizing the important role that literature must assume in the social, emotional, and intellectual development of children. Tracing the multicultural origins of the oral tradition to the current standards of written excellence and pictorial artistry, this course concentrates on nursery rhymes, poetry, folk tales, myth, sacred literature, picture books, juvenile literature, and non-fiction. Comparative and critical approaches are used to analyze children's literature from a multicultural perspective. (UC/CSU, AA GE, CSU GE, SOC JUST/C-ID: ENGL 180 [ENGL-LIT 145])

ENGL 243 C Mythology 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an introductory study of the mythology and folklore of the world including such cultures as Egyptian, Babylonian, Greek, Norse, Hindu, Chinese, Scandinavian, Native American, Central and South American, and African. This course will include a comparative study of mythic elements and patterns with their modern parallels. (UC/CSU)

ENGL 248 C Science Fiction 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
**Advisory:** ENGL 102 C or ENGL 102HC.
Term hours: 54 lecture. This course is a survey of science fiction and speculative fiction. This course emphasizes the literary, social, economic, cultural and environmental contexts of representative works and traces the development of the genre from early scientific romances and speculative works through current trends. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 249 C Fantasy Fiction 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
**Advisory:** ENGL 102 C or ENGL 102HC.
Term hours: 54 lecture. This course emphasizes the social evolution and artistic development of the genre from its mythic origins to its contemporary origins to its contemporary varieties. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 250 C Latino-a-x Literature 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course surveys Latino/a/x literature from the Indigenous Mesoamericans, to the Spanish colonization period, through the present day. Students will explore and analyze a variety of social and colonization period, through the present day. Students will explore and analyze a variety of social and political issues, such as gender relationships, family relationships, cultural traditions, cultural conflicts, culinary traditions and stereotypes from a Latino/a/x-American perspective. Students will read major literary classics as well as the works of previously less recognized writers of Latino/a/x fiction, poetry, drama, and prose. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ENGL 255 C African-American Literature I 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an in-depth analysis of the African American literary diaspora, which explores autobiography, letters, poems, narratives, prose and other folk traditions from the colonial period through the Reconstruction era in the United States. This course is designed to expose students to the literature and social issues of Africans in America. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ENGL 256 C African-American Literature II 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an in-depth analysis of the African American literary diaspora, which explores autobiography, letters, poems, plays, prose and other folk traditions from the Reconstruction era to the present in the United States. This course is designed to expose students to the literature and social issues of Africans in America. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ENGL 260 C Survey of Arabic Literature (in translation) 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is a survey of Arabic literature in translation. Students will explore and analyze many of the social, political, and cultural issues through a focus on continuity and change, influence, and major trends. This course is designed to provide students with a foundational knowledge of Arabic literature in translation and enhance cultural awareness and understanding, while also facilitating personal enrichment through the exploration of a variety of literary sources, including fiction, drama, and poetry. Duplicate credit not granted for ENGL 260HC. (UC/CSU, AA GE, CSU GE, IGETC)

ENGL 260HC Honors Survey of Arabic Literature 3 Units
**Prerequisite(s):** ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This Honors-enhanced course is a survey of Arabic literature in translation. Students will explore and analyze many of the social, political, and cultural issues through a focus on continuity and change, influence, and major trends. This course is designed to provide students with a foundational knowledge of Arabic literature in translation and enhance cultural awareness and understanding, while also facilitating personal enrichment through the exploration of a variety of literary sources, including fiction, drama, and poetry. Duplicate credit not granted for ENGL 260 C. (CSU, AA GE, CSU GE, IGETC)
ENGL 298 C Language Arts Seminar 0.5-12 Units
Term hours: 9-216 lecture depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Subject matter may concern the work of one author or the literary or cultural characteristics of a particular movement or period. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/CSU)

ENGL 299 C Language Arts Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 9-36 conference depending on units attempted. This course is for students who wish to increase their knowledge of literature and/or language through individual study or research. Unit credit may range from 1/2 to 2 units in any given semester. May be taken for credit 3 times. (UC Credit Limitation/CSU)

ENGL 310 C Advanced Writing in the Health Sciences 4 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Prerequisite ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better. Term Hours: 72 lecture. This course provides an overview of writing for students in health sciences. It will include effective workplace/professional writing and critical evaluation of discipline specific texts. The class will also include research writing, grant writing and appropriate documentation skills. This course is designed for science majors. Enrollment limited to those accepted into the baccalaureate degree pilot program.

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

Creative Writing Certificate
Division: Language Arts
Requirements
PROGRAM CODE: 1C37748

The Creative Writing Certificate is designed for students seeking a broad appreciation of literature and increased skills in communication. In particular, it provides students with the opportunity to pursue their interest in creative writing through intensive study and practice of the literary arts. Students will immerse themselves in a structured, focused, and multifaceted curriculum of the writer's art by studying literature and honing their own writing skills to create original, polished works of poetry and prose. Students will read, write, and engage in dialogue about creative works in a supportive workshop environment. To earn this certificate, students will complete the required courses as listed with a grade of C or better. At least 50% of all coursework must be completed at Cypress College. This certificate requires a total of 18 units.

English Associate in Arts Degree for Transfer (AA-T)
Division: Language Arts
Requirements
PROGRAM CODE: 1A32000

The English Associate in Arts Degree for Transfer (AA-T in English) is designed to provide an opportunity for the English major to achieve an English Associate in Arts Degree for Transfer (AA-T in English) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This degree is designed to prepare students to read and write critically about literature and to understand key historical and generic influences in the production and reception of literature and other cultural texts.

This curriculum specifically prepares the prospective transfer student for upper division coursework in English or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major).

This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the English field and provide comprehensive preparation for upper-division work.
To earn an AA-T in English students must complete the following requirements:

1. a minimum of 19 semester units or 28.5 quarter units in the English major with a grade of C or better; AP(Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC);
3. completion of 60 semester or 90 quarter units of CSU transferable coursework; and
4. have an overall GPA of 2.0.

Cypress College has an excellent credit ESL program that has been recognized statewide for its success. In addition to these catalog pages, for more information, students can access the ESL Department website at: https://www.cypresscollege.edu/academics/divisions-special-programs/language-arts/english-as-a-second-language/esl-department/

Flow Chart for Academic ESL Courses at Cypress College

ESL Placement Procedure
The Combined English Language Skills Assessment (CELSA) Test will assess the English skills of non-native speakers of English, and it is required for proper placement in Cypress College English as a Second Language (ESL) courses. Students with appropriate scores on the CELSA will be advised to take ESL 110 C College Composition for Non-Native Speakers or ENGL 100 C College Writing.

- After taking the CELSA, students can challenge their CELSA placement by taking the Prerequisite Challenge Writing. Students should tell the Assessment Center staff if they want to take the prerequisite challenge prior to enrolling in an ESL course.
- All students are encouraged to complete their ESL coursework as soon as possible in their college program, and once enrolled, students must complete the course with a grade of C or better to be eligible to take the next level ESL course.
Pathways for English Language Learners

Pathway for U.S. High School Graduates or Equivalent (GED, HiSET, CHSPE)

These students have the right to access any ESL course, including ESL 110C, as well as ENGL 100C or ENGL 101C.

Pathway for All Other New ESL Students

ESL students who have not earned a high school diploma (or equivalent) in the United States should engage in the ESL Placement Process (see below).

U.S. high school graduates do not need to take an English assessment. Instead, they will use the Guided Placement Tool because they have the right to access transfer-level composition coursework:

- ESL 110 C (ESL support)
- ENGL 101 C (with support)
- ENGL 100 C (without support)

English Language Learners who have graduated from a U.S. high school also have the right to access academic credit ESL coursework according to AB 1805 (https://leginfo.legislature.ca.gov/faces/billCompareClient.xhtml/?bill_id=201720180AB1805).

ESL students who did NOT attend a U.S. high school will follow the ESL Placement process (see below).

Degrees and Certificates

Transfer and Degree Credit

All courses in the ESL sequence have some form of transferability. ESL 110 C, the highest-level ESL course, is a transfer-level composition course that fulfills Written Communication transfer and degree requirements for the UC, CSU, and Cypress College. It is fully equivalent to ENG 100 C. ESL 110 C fulfills IGETC 1A, CSU A2, and the Cypress College Native degree A1 requirements. ESL 109 C and ESL 108 C fulfill the CSU C2 and Cypress College Native C2 degree Humanities requirement. ESL 107 C, ESL 106 C, and ESL 105 C all have CSU elective transferability.

Guided Pathways ESL Milestone Certificates

The Guided Pathways ESL Milestone Certificate Program is designed to prepare English Language learners (ELLs) for the academic rigor of degree-applicable coursework in various Guided Pathways Meta Majors. Students completing these certificates have achieved academic English reading and writing skills at an advanced, post-secondary level; they have also achieved success in prerequisite or introductory coursework in a variety of degree, certificate, or general education patterns. These two elements combine to demonstrate significant achievement of a milestone along their pathways to degrees, certificates, or transfer. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

- ESL Milestone Certificate - Pathway to Transfer: Language Arts/Oral Communication (p. 298)
- ESL Milestone Certificate - Pathway to Transfer: Language Arts/Written Communication (p. 298)
- ESL Milestone Certificate - Pathway to Transfer: Social Sciences (p. 299)
- ESL Milestone Certificate: Pathway to Aviation and Travel Careers (p. 299)
- ESL Milestone Certificate: Pathway to Business and Computer Information Services (p. 299)
- ESL Milestone Certificate: Pathway to Dental Hygiene, Nursing and Psychiatric Technology (p. 300)
• ESL Milestone Certificate: Pathway to Diagnostic Medical Sonography, Health Information Technology, and Radiological Technology (p. 300)
• ESL Milestone Certificate: Pathway to Kinesiology and Public Health (p. 300)
• ESL Milestone Certificate: Pathway to Science, Engineering, and Mathematics (p. 301)

Courses

ESL 051 C Intermediate Pronunciation 2 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term hours: 36 lecture. This course is designed to refine pronunciation, to reduce foreign accent, and to build confidence in oral expression. Recommended for all non-native students. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 052 C Intermediate ESL Grammar 1 3 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term Hours: 54 lecture. This course is designed for intermediate academic ESL students to increase their knowledge and usage of English grammar with particular emphasis on verb tense, verb form, verbals, verb phrase structure in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 053 C Intermediate ESL Grammar 2 3 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term Hours: 54 lecture. This course is designed for intermediate academic ESL students to increase their knowledge and use of English grammar with particular emphasis on sentence parts, sentence types, punctuation and editing skills in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 054 C Intermediate Academic Oral Skills (NNS) 2 Units
Prerequisite(s): Appropriate skills demonstrated through the assessment process.
Term hours: 36 lecture. This course is designed for intermediate level non-native English speakers (NNS) to improve oral communication skills related to academic and social contexts. The emphasis is on small group and class discussion, formal and informal presentations, and listening comprehension. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 062 C Advanced ESL Grammar 1 3 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term Hours: 54 lecture. This course is designed for advanced academic ESL students to increase their knowledge and use of English with particular emphasis on advanced verb tense, verb form, verbals, verb phrase structure and editing skills in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 063 C Advanced ESL Grammar 2 3 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term Hours: 54 lecture. This course is designed for advanced ESL students to increase knowledge and use of English with emphasis on sentence parts, advanced sentence structure, punctuation and editing skills in writing. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 064 C Advanced Academic Oral Skills NNS 2 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term hours: 36 lecture. This course is designed for advanced level non-native speakers of English (NNS) to improve listening and speaking skills related to academic contexts. The emphasis is lecture note-taking, informal and formal speeches, and small group and class discussion. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 066 C Advanced ESL Reading 3 Units
Prerequisite(s): Eligibility for ESL 107 C or appropriate skills demonstrated through the assessment process.
Term hours: 54 lecture. This reading skills course is designed for non-native speaking students eligible for advanced ESL courses who need to improve their college academic and non-academic reading skills. This course does not meet the reading proficiency requirement for the AA degree. (Non-Degree Credit) Pass/No Pass/Letter Grade Option.

ESL 098 C ESL Seminar for Non-Native Speakers 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This course is for qualified students who wish to extend their knowledge of literature, language, and culture through small groups discussion. Fees may be required-Payable at Registration. Pass/No Pass/Letter Grade Option.

ESL 099 C Independent Study for Non-Native Speakers 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Two hours conference per week and appropriate number of laboratory hours for maximum credit. This is a course designed for advanced ESL students who have completed all regular courses and wish to pursue additional coursework in one or more of the language skills: listening, speaking, reading, writing and/or culture. Pass/No Pass only.

ESL 105 C Low Intermediate Academic Reading and Writing (formerly ESL 081 C) 5 Units
Prerequisite(s): Appropriate skills demonstrated through the current assessment process.
Term hours: 90 lecture. This is a low intermediate level integrated skills course designed to improve the academic reading, writing, grammar, and interpersonal communication skills of non-native speakers. Pass/No Pass or Letter Grade option. (CSU)

ESL 106 C Intermediate Academic Reading and Writing (formerly ESL 182 C) 5 Units
Prerequisite(s): ESL 105 C with a grade of C or better, Pass or appropriate skills demonstrated through the current assessment process.
Term hours: 90 lecture. This is an intermediate integrated skills course designed to improve the academic reading, writing, grammar, and interpersonal communication skills of non-native speakers. Pass/No Pass/Lettet Grade option. (CSU)

ESL 107 C High-Intermediate Academic Reading and Writing (formerly ESL 183 C) 5 Units
Prerequisite(s): ESL 106 C with a grade of C or better, Pass, or appropriate skills demonstrated through the current assessment process.
Term hours: 90 lecture. This course is a high intermediate integrated skills course designed to improve the academic reading, writing, grammar, and interpersonal communication skills of non-native speakers. Pass/No Pass/Letter Grade option. (CSU)
ESL 108 C Advanced Academic Reading and Writing I (formerly ESL 184 C)  5 Units

**Prerequisite(s):** ESL 107 C with a grade of C or better, Pass, or appropriate skills demonstrated through the current assessment process.

**Term hours:** 90 lecture. This course focuses on critical analysis and appreciation of culturally-diverse readings, an introduction to integrating readings into writing assignments, and refining the academic language fluency of multilingual students. This is the first advanced integrated ESL course in the sequence. (CSU/UC Credit Limitation, AA GE, CSU GE)

ESL 109 C Advanced Academic Reading and Writing II (formerly ESL 185 C)  5 Units

**Prerequisite(s):** ESL 108 C with a grade of C or better or appropriate skills demonstrated through the current assessment process.

**Term hours:** 90 lecture. This course focuses on critical analysis and appreciation of culturally-diverse readings, integration of readings into essays, an introduction to citation, and refining the academic language fluency of multilingual students. This is the second advanced integrated ESL course in the sequence. (CSU/UC Credit Limitation, AA GE, CSU GE)

ESL 110 C College Composition for Non-Native Speakers (formerly ESL 186 C)  5 Units

**Prerequisite(s):** ESL 109 C with a grade of C or better or appropriate skills demonstrated through the current assessment process.

**Term hours:** 90 lecture. This college-level composition course is designed to give non-native speakers of English the skills necessary for academic success. Instruction focuses on expository and argumentative writing, appropriate, effective, and accurate use of language, close reading, critical thinking, research strategies, information literacy, and documentation. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: ENGL 100)

ESL 298 C English as a Second Language Seminar  0.5-12 Units

**Prerequisite(s):** May be required.

**Corequisite(s):** May be required.

**Advisory:** May be required.

**Term hours:** 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required-Payable at Registration. Pass/No Pass/ Letter Grade Option. (UC Credit Limitation/CSU)

### Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A- Breadth of Knowledge, Competencies, and Skills, B- Communication Skills, and D- Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1- Humanities and the Arts, B1- Reading, B2- Writing, B3- Communicating, B4- Presenting, and D3- Equity.

### ESL Milestone Certificate - Pathway to Transfer: Language Arts/Oral Communication

**Division:** Language Arts

### Requirements

**PROGRAM CODE:** 1C37736

The ESL Milestone Certificate - Pathway to Transfer: Language Arts/Oral Communication is designed to prepare English Language learners (ELLs) for the academic rigor of degree-applicable coursework in various Guided Pathways Meta Majors. Students completing these certificates have achieved academic English reading and writing skills at an advanced, post-secondary level; they have also achieved success in prerequisite or introductory coursework in a variety of degree, certificate, or general education patterns. These two elements combine to demonstrate significant achievement of a milestone along their pathways to degrees, certificates, or transfer. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

Ethnic Studies Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- African-American Studies Associate in Arts Degree (p. 304)
- Chicana/o/x Studies Associate in Arts Degree (p. 304)
- Ethnic Studies Associate in Arts Degree (p. 305)
• Social Justice Studies: African-American Studies Associate in Arts Degree for Transfer (AA-T) (p. 306)
• Social Justice Studies: Asian American Studies Associate in Arts Degree For Transfer (AA-T) (p. 306)
• Social Justice Studies: Chicana/o Studies Associate in Arts Degree for Transfer (AA-T) (p. 307)
• Social Justice Studies: Native American Studies Associate in Arts Degree for Transfer (AA-T) (p. 308)

Courses

ETHS 101 C American Ethnic Studies (formerly ETHS 100 C) 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term Hours: 54 lecture. This survey course is a comparative and interdisciplinary examination of the historical experiences of Native Americans, African Americans, Chicanos, and Asian Pacific Americans in the United States from the colonial era to the present. Historical themes will be analyzed through an intersectional lens that interrogates categories of identity and power such as race, ethnicity, class, gender, and sexuality. The course explores theoretical concepts and socio-historical processes including colonization and migration; racialization, the development of race as a social category, and the construction of citizenship; the relationship between race and U.S. imperialism; the persistence of social inequalities; and the long historical struggle for racial justice. Duplicate credit not granted for ETHS 101HC. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: SOCI 150 and SJS 110)

ETHS 101HC Honors American Ethnic Studies 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This honors survey course is an enhanced comparative and interdisciplinary examination of the historical experiences of Native Americans, African Americans, Chicanos, and Asian Pacific Americans in the United States from the colonial era to the present. Historical themes will be analyzed through an intersectional lens that interrogates categories of identity and power such as race, ethnicity, class, gender, and sexuality. The course explores theoretical concepts and socio-historical processes including colonization and migration; racialization, the development of race as a social category, and the construction of citizenship; the relationship between race and U.S. imperialism; the persistence of social inequalities; and the long historical struggle for racial justice. Duplicate credit not granted for ETHS 101 C. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: SJS 110 and SOCI 150)

ETHS 129 C Introduction to African-American Studies 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the field of African-American Studies. An interdisciplinary approach is employed to study the various experiences of African Americans and their contributions to American society and culture. The course covers historical and contemporary issues, including African origins, the development of African-American culture, African-American creative production, the struggles of the African-American family, African-American political life, and the socio-economic empowerment of African-Americans in the United States. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 130 C African-American History I 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the African-American experience in the United States from its African roots through the American Civil War, emphasizing the roles of African Americans in the political, social, and economic development of American society. Topics covered include: the trans-Atlantic slave trade; the process of enslavement in the Americas; slave life and resistance; the socio-economic conditions of free blacks; the politico-economic dispute regarding slavery and its consequences in the outbreak of the American Civil War; and the emancipation of the enslaved black population. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 131 C African-American History II 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the African-American experience in the United States from the Era of Reconstruction to the present, emphasizing the roles of African Americans in the political, social and economic development of American society. Topics covered include: the various phases of the Reconstruction period; African-American life in the "New South"; the debates over educational and socio-economic progress; the migrations to the North and West; the struggles of the African-American working class; the impact of World War I and World War II on African-Americans; the Civil Rights Movement; militancy during the 1960s and 1970s; and the African-American experience in contemporary America. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST/C-ID: HIST 140)

ETHS 150 C Introduction to Chicana-o Studies (formerly ETHS 140 C) 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the field of Chicana/o Studies. It is designed to acquaint students with the most significant social, political, economic, and historical aspects of the Chicana/o experience in the United States. As such, the course is interdisciplinary in nature and critically analyzes the societal content in which Chicanas/os have sought to maintain their culture. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 151 C Chicana-o History I (formerly ETHS 141 C) 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the Chicana/o experience from the pre-European conquest era of North America through the Mexican-American War. Topics covered include: Indigenous Mesoamerican civilizations; Spanish conquest and settler colonialism in the Americas; the African presence in New Spain; "mestizaje", racial categorization, and racial identity; life in the Spanish and Mexican borderlands prior to the American conquest; and the War between the United States and Mexico. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 152 C Chicana-o History II 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the Chicana/o experience from the Mexican-American War to the present. Topics covered include: the impact of the Mexican-American War on the lives of Mexicans in the American Southwest during the nineteenth century; immigration, labor struggles, and racial discrimination during the twentieth century; the struggles for civil rights and social justice; cultural affirmation and the construction of a "Chicana/o" identity; and the Chicana/o experience in contemporary America. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)
ETHS 153 C Chicana/o and Latina/o Contemporary Issues 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course focuses on the contemporary issues, major characteristics, and significant contributions of the Chicana/o and Latina/o communities in the United States. An interdisciplinary approach will be used to analyze contemporary sociological topics including, but not limited to, immigration, education, politics, social welfare, criminal justice, religion and the family. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 159 C Introduction to Native American Studies 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the field of Native American Studies. An interdisciplinary approach is employed to acquaint students with the most significant social, political, religious, and artistic aspects of various Indigenous peoples of North America focusing on the twentieth century to the present. Topics covered include: Native philosophy and religious traditions; settler colonialism; urbanization; intertribal relations; identity; gender and sexuality; art, literature, and cultural production; environmental justice; and the context in which Indigenous peoples have sought to maintain their sovereignty. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 160 C Native American History I 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the Native American experience from the pre-colonial era to the Indian Wars on the Great Plains. Topics covered include: Indigenous civilizations across the Americas; Indigenous political, religious, and gender systems pre- and post-European contact; European conquest and settler colonialism; the impact of the American Revolution on native peoples; the development of U.S. Indian policy and its culmination in Indian removal; the Indian Wars on the Plains and the rise of the reservation system. Emphasis is placed on the relations between Native Americans and other racial/ethnic groups in the United States. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 161 C Native American History II 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the Native American experience from the American Civil War to the present. Topics covered include: the Indian Wars on the Plains and the rise of the reservation system; U.S. policy to "Kill the Indian and Save the Man" during the Progressive Era; the Indian New Deal and the attempts to preserve native cultures; the impact of World War I, World War II, and the Cold War on Native Americans; Native American political activism during the 1960s and 1970s; the long historical struggle for tribal sovereignty; and the Native American experience in contemporary America. Emphasis is placed on the relations between Native Americans and other racial/ethnic groups in the United States. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 170 C Introduction to Asian Pacific American Studies 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to the field of Asian Pacific American Studies. An interdisciplinary approach is employed to study the experiences of various Asian and Pacific Islander groups in the United States, utilizing the perspectives of race, nationality, class, gender, and sexuality. The course covers historical and contemporary topics pertaining to Asian Pacific American communities including immigration, anti-Asian sentiment and stereotypes, labor, creative production, and social movements. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 171 C Asian Pacific American History 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the Asian Pacific American experience in the United States from the mid-nineteenth century to the present. It addresses the historical forces that affected Asian Pacific American communities including: Chinese, Japanese, Korean, Filipino, Hawaiian, Samoan, South Asian, and Southeast Asian. Topics covered include: Asian and Pacific Islander origins; immigration and settlement patterns; labor and community formation; Orientalism, racism, and U.S. exclusionary policies; U.S. imperialism, intervention, and foreign policy; the struggles for inclusion, civil rights and social justice; and the Asian Pacific American experience in contemporary America. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 202 C Race, Ethnicity, and Popular Culture 3 Units
Advisory: Completion of ETHS 101 C and ENGL 100 C or ENGL 101 C or ESL 110 C.
This course examines the contributions and representations of people of color in film and popular culture and surveys the cultural, economic, social, and political forces that shape their representations in media and their experiences in the U.S. Historical and contemporary representations of race, ethnicity, class, gender, and sexuality in U.S. film, television, advertising, news media, and other forms of popular culture are analyzed utilizing ethnic studies theoretical frameworks and methods. Popular culture and creative productions are studied to understand how media representations reproduce and contest contemporary articulations of racialized, gendered, and sexualized experiences and social norms within contemporary society. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 235 C American Social Justice Movements 3 Units
Advisory: Completion of ETHS 101 C and ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an examination of the Post-World War II movements for social justice among people of color in the United States. It analyzes the socio-historical factors that led to the struggles for racial, gender, economic, educational, and environmental justice while comparing their strategies and outcomes. Topics covered include the African-American Civil Rights and Black Power Movements; the Chicano Movement and other Latina/o activist struggles; the Asian-American Movement; Native American political activism; the roles of women and LGBTQ+ activists in social justice movements; and contemporary issues and movements to eradicate racism, classism, sexism and homophobia in American society. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

ETHS 298 C Ethnic Studies Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and 0-432 laboratory depending on units attempted. This is a lecture/discussion course focusing on a particular limited problem or topic of interest to students. It is designed for students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be required. Consult the class schedule for the offerings in a particular semester. Pass/No Pass or Letter Grade option. Fees may be required.
Payable at Registration. (UC Credit Limitation/CSU)
ETHS 299 C Ethnic Studies Independent Study  
1 Unit
**Prerequisite(s):** Approved Independent Study Learning Contract
Term hours: 16-18 lecture. This independent study course is for students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so he/she could learn more regarding their special topic. May be taken for credit 4 times. (UC Credit Limitation/CSU)

**Program Student Learning Outcomes**

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Social Sciences.

**African-American Studies Associate in Arts Degree**

**Division: Social Sciences**

**PROGRAM CODE:** 1A19682

The African-American Studies Associate in Arts Degree is designed to provide students with a multi-disciplinary and interdisciplinary examination of the experiences of persons of African descent in the United States. Students will analyze issues pertaining to the African-American community in particular while holistically developing a critical understanding of race, ethnicity, class, gender, sexuality, and power in American society.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. any elective courses to complete a minimum of 60 units;
4. complete all graduation requirements; and
5. have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

**Chicana/o/x Studies Associate in Arts Degree**

**Division: Social Sciences**

**Requirements**

**PROGRAM CODE:** 1A19606

The Chicana/o/x Studies Associate in Arts Degree is designed to provide students with a multi-disciplinary and interdisciplinary examination of the experiences of Chicanas/os/xs (Mexican Americans) and other Latina/o/x populations in the United States. Students will analyze issues pertaining to Chicana/o/x and Latina/o/x communities in particular while holistically developing a critical understanding of race, ethnicity, class, gender, sexuality, and power in American society.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. any elective courses to complete a minimum of 60 units;
4. complete all graduation requirements; and
5. have an overall GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.
Ethnic Studies Associate in Arts Degree

Division: Social Sciences

Requirements

PROGRAM CODE: 1A03807

The Associate in Arts Degree in Ethnic Studies is designed to provide students with a comparative, multi-disciplinary, and interdisciplinary understanding of the experiences of African Americans, Asian Pacific Americans, Chicanas-o-x/Latinas-o-x, and Native Americans. Students study the histories, cultures, literatures, and politics of communities of color in the United States so that they can critically analyze issues pertaining to race, ethnicity, class, gender, sexuality, and power while developing an appreciation for the cultural diversity of American society.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. any elective courses to complete a minimum of 60 units;

Social Justice Studies: African-American Studies Associate in Arts Degree for Transfer (AA-T)

Division: Social Sciences

Requirements

PROGRAM CODE: 1A37580

The Social Justice Studies: African-American Studies Associate in Arts Degree for Transfer (AA-T in Social Justice Studies: African-American Studies) is designed to provide an opportunity for the African-American Studies major to achieve an which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in African-American Studies or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students successfully completing the AA-T in Social Justice Studies: African-American Studies will acquire a multidisciplinary and interdisciplinary knowledge base of the African-American experience in the United States. This degree will allow students to analyze historical themes and contemporary issues among African Americans while holistically developing a critical, intersectional understanding of race, ethnicity, class, gender, sexuality, and power in American society. The major prepares students for both transfer and graduate studies as well as careers that serve the African-American community in areas/fields such as public and business administration, human and health services, marketing and communications, research and education, politics and government, fine and performing arts and multicultural affairs.

To earn an AA-T in Social Justice Studies: African-American Studies, students must complete:

1. a minimum of 18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district
2. earn a grade of C or better in all courses required for the major or area of emphasis
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. 60 semester or 90 quarter CSU-transferable units, and (5) obtainment of a minimum grade point average (GPA) of 2.0.

Social Justice Studies: Native American Studies Associate in Arts Degree for Transfer (AA-T)

Requirements

PROGRAM CODE: 1A41264

The Social Justice Studies: Native American Studies Associate in Arts Degree for Transfer (AA-T) is designed to provide an opportunity for the Native American Studies major to achieve a Social Justice Studies: Native American Studies Associate in Arts for Transfer (AA-T in Social Justice Studies: Native American Studies) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work.

This degree specifically prepares the prospective transfer student for upper division coursework in Native American Studies or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus.

Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students successfully completing the AA-T in Social Justice Studies: Native American Studies will acquire a multidisciplinary and interdisciplinary knowledge base of the Native American experience in the United States. This degree will allow students to analyze historical themes and contemporary issues among Native Americans and Indigenous peoples while holistically developing a critical, intersectional understanding of indigeneity, race, ethnicity, class, gender, sexuality, power, and sovereignty in American society. The major prepares students for both transfer and graduate studies as well as careers that serve the Native American community in areas/fields such as cultural resource management, human and health services, marketing and communications, research and education, politics and government, fine and performing arts and multicultural and/or Native American affairs.

To earn an AA-T in Social Justice Studies: Native American Studies students must complete the following requirements:

1. a minimum of 18 semester units or 27 quarter units in the Social Justice Studies: Native American Studies major course requirements with a grade of C or better. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) requirements;
3. elective courses to complete a minimum of 60 units of CSU transferable coursework; and
4. have an overall GPA of 2.0.

This degree requires a total of 18 units.

Foreign Language

Division: Language Arts

For specific foreign language courses see Chinese (p. 229), Japanese (p. 343), French (p. 309) and Spanish (p. 440).

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts.

Foreign Language Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts.

Courses

FREN 098 C French Seminar
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. May be taken for credit 1-4 times. Pass/No Pass/Letter Grade Option. Fees may be required-Payable at Registration.

FREN 101 C Elementary French I
Term hours: 90 lecture. This course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will be introduced to the culture, history, and geography of France and other French-speaking countries through lectures, films, video, CD rom, Internet sites, and reading assignments. Pass/No Pass or Letter Grade Option. (CSU/UC, AA GE, CSU GE)

FREN 102 C Elementary French II
Prerequisite(s): FREN 101 C with a grade of C or better or one year of high school French with average grade of C or better is recommended.
Term hours: 90 lecture. This course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of France through lectures, video, CD Rom, DVD, films, and reading and writing assignments. Students will also have additional exposure to francophone culture through the Internet. Pass/No Pass or Letter Grade Option. (CSU/UC, AA GE, CSU GE, IGETC)

FREN 200 C Conversational French
Prerequisite(s): FREN 102 C with a grade of C or better.
Term hours: 36 lecture. This is a course in conversation with emphasis on the idiomatic use of the language through French films. Topics concern French life, culture, geography, and history. Students prepare for this class through the study of the textbook, magazines, newspapers, and other current material and encounters. This course is conducted in French. Pass/No Pass/Letter Grade Option. (CSU, AA GE, CSU GE)

FREN 203 C Intermediate French III
Prerequisite(s): FREN 102 C with a grade of C or better or two years of high school French with an average grade of C.
Term hours: 72 lecture. This course emphasizes the acquisition of contextualized vocabulary and grammatical information to develop speaking, reading and writing skills. New cultural, historic and literary material is introduced through lectures, films, Internet sites, reading and writing assignments. This course is conducted in French. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

FREN 204 C Intermediate French IV
Prerequisite(s): FREN 203 C with a grade of C or better or three years of high school French with an average grade of C.
Term hours: 72 lecture. This course emphasizes the mastery and application of grammatical rules. It requires more advanced reading of modern and classical French, as well as a continued emphasis on oral and written expression. It is designed to help the student acquire a working knowledge of the language and to form the basis for advanced work in literature and science. Continued readings and discussions of francophone life and culture are an essential factor. Pass/No Pass/Letter Grade Option. (CSU/UC, AA GE, CSU GE, IGETC)
FREN 298 C French Seminar 0.5-12 Units
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of language, literature, and culture through small groups discussion. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation)

FREN 299 C French Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
This course is for able students who wish to increase their knowledge of language through individual study or research. Unit credit may range from 1/2 to 2 units in any given semester. Consult the class schedule to verify credit for a particular term. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation)

Program Student Learning Outcomes

Degrees and Certificates
- Associate in Arts Degree Geography (p. 311)
- Geographic Information Systems Certificate (p. 312)
- Geography Associate in Arts Degree for Transfer (AA-T) (p. 313)

Courses
GEOG 100 C World Geography 3 Units
Term hours: 54 lecture. This course is an introduction to today's physical and political regions emphasizing location, population, political status, land use problems and potentialities and providing opportunities for worldwide research. Duplicate credit not granted for GEOG 100HC. (UC/CSU, AA GE, CSU GE, IGEC/C-ID: GEOG 125)

GEOG 100HC Honors World Geography 3 Units
Term hours: 54 lecture. This course is an enhanced introduction to today's physical and political regions emphasizing location, population, political and economic status, differences and similarities, problems and potentialities and providing opportunities for worldwide research. Duplicate credit not granted for GEOG 100 C. (UC/CSU, AA GE, CSU GE, IGEC/C-ID: GEOG 125)

GEOG 102 C Physical Geography 3 Units
Term hours: 54 lecture. This course is an investigation and interpretation of the sun-earth relationship, science maps, weather and climate, the hydrosphere, cycles and patterns in the biosphere, flora and fauna, soils, rocks, and minerals, weathering, mass wasting, erosion, and origin and types of landforms that provide insight into the nature of the physical environment. (CSU/UC, AA GE, CSU GE, IGEC, C-ID: GEOG 110 and GEOG 115=GEOG 102 C + GEOG 102LC)

GEOG 120 C Introduction to Spatial Reasoning 1 Unit
Prerequisite(s): Completion of or concurrent enrollment in GEOG 102 C with a grade of C or better.
Term hours: 36 laboratory and 18 laboratory/quiz/problem solving. This course investigates and interprets in a laboratory environment the sun-earth relationships, science maps, weather and climate, climatic types and locations, natural vegetation, soils and minerals, ocean environment, and the origin and types of landforms that provide insight into the nature of man's physical environment. (CSU/UC, AA GE, CSU GE, IGEC, C-ID: GEOG 111 and GEOG 115=GEOG 102 C + GEOG 102LC)

GEOG 120 C Introduction to Spatial Reasoning 3 Units
Term hours: 54 lecture. This course is an introduction to the fundamental concepts of Geographic Information Science and Technology (GIS&T) including Geographic Information Systems (GIS), Global Positioning Systems (GPS), cartography, remote sensing, and spatial analysis. Exploration of how geospatial technologies are used in addressing human and environmental issues. (UC/CSU, C-ID: GEOG 150)

GEOG 130 C California Geography 3 Units
Term hours: 54 lecture. This course investigates and interprets the physical, cultural and economic bases and regions of the state of California. Particular emphasis is placed upon the natural foundations of the landscape with the exploration of the unique nature and special characteristics of the people utilizing that landscape. (UC/CSU, AA GE, CSU GE, IGEC/C-ID: GEOG 140)

GEOG 140 C Weather and Climate 3 Units
Term hours: 54 lecture. This course is an investigation and interpretation of the earth's atmosphere and the science behind local and global surface weather phenomena. Particular emphasis is placed upon the interrelationships between weather and climate and upon meteorological forecasting techniques. (UC/CSU, AA GE, CSU GE, IGEC/C-ID: GEOG 130)

GEOG 160 C Cultural Geography 3 Units
Term hours: 54 lecture. This course investigates and interprets the interrelationship of human activities with cultural background, physical environment and the diffusion of ideas. Emphasis is placed on where and why people locate, the distribution of different cultural characteristics on the earth's surface, how people earn a living in various parts of the world, how people organize their lives and how their problems may result from the use of the earth's resources. (UC/CSU, AA GE, CSU GE, IGEC/C-ID: GEOG 120)
GEOG 202 C Field Geography - Physical 1 Unit
Prerequisite(s): Completion of, or concurrent enrollment in Physical GEOG 102 with a grade of C or better.
Term hours: 18 lecture in the field (location TBA). Each separate offering of this course will occur in a unique location, studying unique circumstances and conditions in the field. Each course will employ its own combination of technical equipment, scientific instruments, and geotechniques. All courses will study the basic conceptual materials, with modifications associated with the location and the specific conditions encountered at each season. Field trip cost not to exceed $40. (UC/CSU/C-ID: GEOG 160)

GEOG 203 C Geospatial Field Techniques 1 Unit
Term Hours: 18 lecture. Each separate offering of this course will occur in a unique location, studying unique circumstances and conditions in the field. Each course will employ its own combination of technical equipment, scientific instruments, and geotechniques. All courses will study the basic conceptual materials, with modifications associated with the location and the specific conditions encountered at each season. Field trip cost not to exceed $40.

GEOG 230 C Introduction to GIS 3 Units
Term hours: 90 lecture. This course will introduce the student to Geographic Information Systems technology and software. Students will be taught how to retrieve and apply data in their chosen business and/or academic area of interest. $4 Materials Fee-Payable at Registration. (UC/CSU/C-ID: GEOG 155)

GEOG 231 C GIS - Spatial Analysis 3 Units
Prerequisite(s): GEOG 230 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course is utilized as a tool to analyze and solve problems, and to discover opportunities for business and academic applications. Students will apply this software in student selected projects. A semester project will be required of each student. $4 Materials Fee-Payable at Registration. (CSU)

GEOG 232 C GIS - Analysis and Modeling 3 Units
Prerequisite(s): GEOG 230 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course introduces students to advanced topics, techniques, and analysis in Geographic Information Systems (GIS). Students will retrieve and apply data in their chosen business or academic area of interest. $4 Materials Fee-Payable at Registration. (UC/CSU)

GEOG 233 C GIS - Advanced Internship 3 Units
Prerequisite(s): GEOG 232 C with a grade of C or better.
Term hours: 9 lecture and 125 hours fieldwork. This course of internships and fieldwork comprises a significant portion of the students' work in this Geographic Information Systems (GIS) course. Students are required to participate in 125 hours of supervised field study per semester (7 hours per week) and one hour lecture per week to discuss problem areas related to fieldwork. $4 materials fee payable at registration. (CSU/UC)

GEOG 234 C Current Topics in GIS 3 Units
Term hours: 36 lecture and 54 laboratory. This is an advanced lecture/discussion project type course designed to cover current issues and advances in Geographic Information Systems. It is designed for students who have experience in GIS applications and wish to update their knowledge and working skills. A final semester project, utilizing GIS for a project chosen by the student will be required. $4 Material Fee-Payable at Registration. (UC/CSU)

GEOG 260 C Economic Geography 3 Units
Term hours: 54 lecture. This course is an investigation and interpretation of the world’s economic organization, its natural resources, raw materials, crops and crop production, manufacturing and service industries, new trends in producing and the changing centers of production and consumption. (UC/CSU, CSU GE, AA GE, IGETC)

GEOG 298 C Geography Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-756 laboratory. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be required. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings in a particular semester. Fees may be required-Payable at Registration. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/CSU)

GEOG 299 C Geography Independent Study 1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 18 lecture. This independent study course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought the topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their specific topic. May be taken for credit 3 times. (UC Credit Limitation/CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Social Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

A student who completes the Geography program will be able to:

- Acquire knowledge, skills, and competencies necessary for employment.

Associate in Arts Degree Geography Requirements

PROGRAM CODE: 1A19681

The Associate in Arts Degree in Geography is designed to provide students with a comprehensive introduction to the three distinct areas of geographic studies (Earth Science/Environmental Studies/Physical; Earth Technologies; and Human Studies) in order to give them the background knowledge needed by undergraduate geography majors for university transfer and course work, while emphasizing the practical applications of geographic skills and knowledge in a diversity of careers and the utility of geographic perspectives as a life-long learning tool for interpreting our world’s complex systems and world events.
To earn an Associate Degree, students must complete:
1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. any elective courses to complete a minimum of 60 units
4. complete all graduation requirements, and
5. have an overall GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

### Total Units 19

1. A score of 3 or higher on the Advanced Placement (AP) Geography (Human) exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
2. GEOG 202 C is optional if offered.

### Geographic Information Systems Certificate

**Division:** Social Sciences

**PROGRAM CODE:** 1C07825

The Geographic Information Systems Certificate provides students with endorsed entry-level skills for the rapidly growing GIS field. Our certificate is the only general purpose GIS certificate approved by the California State Chancellor's office. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate is inclusive of Tiers 1-4 in the U. S. Department of Labor's Geospatial Industry Competency Model of June 1, 2010. This certificate requires a total of 25-27 units.

Geography Associate in Arts Degree for Transfer (AA-T)

Requirements

PROGRAM CODE: 1A32028

The Geography Associate in Arts Degree for Transfer (AA-T in Geography) is designed to provide an opportunity for the Geography major to achieve an which completes the first and second year requirements for transfer to a four-year public California institution. This program is designed to prepare the student with a fundamental understanding and acquisition of knowledge in the Geography discipline. The curriculum includes courses in Human Geography, Physical Geography/Earth Science, and Earth Technologies, such as Geographic Information Systems, and Global Positioning Systems. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Geography or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the Geography field and provide comprehensive preparation for upper-division work.

To earn an AA-T in Geography students must meet the following requirements:

1. a minimum of 19-20 semester units or 28.5-30 quarter units in the Geography major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC);
3. completion of 60 semester or 90 quarter units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. have an overall GPA of 2.0.

Geology Transfer Programs

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Environmental Science Associate in Science Degree for Transfer (AS-T) (p. 315)
- Geology Associate in Science Degree for Transfer (AS-T) (p. 315)
Courses

GEOL 100 C Physical Geology 3 Units
Term hours: 54 lecture. This introductory course is a survey of the composition, structure, processes, and forces that operate beneath and upon Earth's surface. Topics include plate tectonics, rocks/minerals, earthquakes, volcanoes, landslides, resources, and environmental concerns. Cost of field trip not to exceed $25. Duplicate credit not granted for GEOL 100HC. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: GEOL 100)

GEOL 100HC Honors Physical Geology 3 Units
Term hours: 54 lecture. This course is an enhanced introduction to the concepts and theories of geology. It includes a survey of the composition, structure, processes, and forces that operate beneath and upon Earth's surface. Topics include plate tectonics, rocks/minerals, earthquakes, volcanoes, landslides, resources, and environmental concerns. Field trips may be required not to exceed $25. Duplicate credit not granted for GEOL 100. (UC/CSU, AA GE, IGETC/C-ID: GEOL 100)

GEOL 101 C Physical Geology Laboratory 1 Unit
Prerequisite(s): Completion of, or concurrent enrollment in, GEOL 100 C with a grade of C or better.
Term hours: 54 laboratory. This course includes the identification of minerals and rocks; understanding of topographic maps, aerial photographs and other imagery from remote sensing; interpretation of rocks, structures, and geologic processes as revealed on maps, air photos, and satellite imagery and their relationship to plate tectonics. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOL 100 L)

GEOL 103 C Historical Geology 4 Units
Term hours: 54 lecture and 54 laboratory. This course is an introduction to the scientific method of exploring Earth's history and the life it supports. Subjects include geologic dating, plate tectonics, stratigraphy, fossils, biological evolution and Earth's origin and processes. Cost of field trips will not exceed $20.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: GEOL 111)

GEOL 105 C Earth Science for Teachers 4 Units
Term hours: 54 lecture and 54 laboratory. This course is designed for the prospective school teacher. This multidisciplinary course will explore the fields of geology, oceanography, meteorology, and astronomy. Topics include solar system, mineral/rock formation, star/galaxy, atmosphere, volcanoes, and earthquakes. Field trip may be required; cost not to exceed $25.00. (CSU, AA GE, CSU GE)

GEOL 115 C Physical Geology Field Lab 1 Unit
Prerequisite(s): Earth Science class as approved by instructor.
Corequisite: GEOL 100 C or GEOL 100HC with a grade of C or better. Term hours: 54 laboratory. This course includes field and laboratory study of mineral, rock, and fossil identification; structural and geomorphic features; geologic history; and geologic hazards of selected regions in California, Arizona and Utah. Field trip fees range from $25-$155 depending on trip location. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

GEOL 120 C Geology of California 3 Units
Term hours: 54 lecture. This course is designed to acquaint the student with the physical and historical geology of the natural provinces of California. This includes mineral deposits, rock types, tectonic structures, fossils and surface features within each province. Natural hazards such as earthquakes, volcanoes, and mass wasting within California will be explored. Field trip fees not to exceed $40. Pass/No Pass/Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: GEOL 200)

GEOL 125 C Natural Disasters 3 Units
Term hours: 54 lecture. This course is an introduction to the science of natural disasters. Topics include earthquakes, volcanoes, landslides, hurricanes, tornadoes, floods, climate change and mass extinctions. Case studies, monitoring methods and disaster planning will be addressed. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC)

GEOL 130 C Introduction to Oceanography 3 Units
Term hours: 54 lecture. This course is a survey of the composition and structure of the earth's ocean showing the interrelationship between atmosphere, hydrosphere, lithosphere, and biosphere. The effects of modern technology, ocean resources, and marine pollution will be explored. Field trips may be required with a fee not to exceed $25. (UC/CSU, AA GE, CSU GE, IGETC)

GEOL 131 C Introduction to Oceanography Lab 1 Unit
Prerequisite(s): Completion of, or concurrent enrollment in, GEOL 130 C with a grade of C or better.
Term hours: 54 laboratory. This course includes the identification of earth materials; understanding of bathymetric charts; basic navigation; and methods of oceanographic research. Field trips may be required at no additional cost. (UC/CSU, AA GE, CSU GE, IGETC)

GEOL 190 C Environmental Geology 3 Units
Term hours: 54 lecture. This course is designed for the non-science major and will focus on the interaction between humans and the geologic processes that shape Earth's environment, with special emphasis on hazards such as earthquakes, volcanoes, landslides and floods. The course will focus on ways in which solid earth, hydrologic and atmospheric processes generate the varieties of soil, water and mineral resources, and fossil fuel and alternative energy resources useful to Earth's growing human population. Pollution and waste disposal and climate change and effects will also be addressed. (The course is not open to students who have completed GEOL 100 C or GEOL 102 C.) (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

GEOL 192 C Coastal Oceanography Field Studies 1 Unit
Term hours: 54 laboratory. This course involves investigation and field study of selected oceanographic processes of southern and central California and other areas. Study areas include coastal regions in the counties of San Diego, Orange, Los Angeles, Ventura, Santa Barbara and San Luis Obispo. Fees will be required. Pass/No Pass/Letter Grade option. (CSU)

GEOL 298 C Geology Seminar 0.5-4 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term Hours: 9-72 lecture and/or 27-216 laboratory depending on units attempted. This seminar course is designed to enhance and intensify knowledge in a variety of geologic topics. They may include lectures, discussions, and field exercises at the discretion of the instructor. Specific topics for seminars will be listed in the class schedule for a particular semester. Pass/No Pass/Letter Grade Option or Standard Letter Grade. Fees may be required. Payable at Registration (UC Credit Limitation/CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1- Science, Technology, Engineering, and Mathematics.
Environmental Science Associate in Science Degree for Transfer (AS-T)

Division: Science/Engineering/Mathematics

PROGRAM CODE: 1S39887

The Environmental Science Associate in Science Degree for Transfer is designed to provide an opportunity for the Environmental Science major to achieve an Environmental Science Associate in Science Degree for Transfer (AS-T in Environmental Science) which completes the first and second year requirements for transfer to a four-year public California institution. Students with a degree in Environmental Science may pursue careers in education, consulting, research or work in fields such as environmental geology, environmental engineering, zoology, hydrology, conservation science, or environmental law. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Environmental Science or a similar major at a California State University (CSU) campus.

Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college.

The AS-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated "high-unit") major. This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an AS-T in Environmental Science students must complete the following requirements:

1. a minimum of 40 semester units or 60 quarter units in the Environmental Science major with a grade of C or better;
2. the Intersegmental General Education Transfer Curriculum (CSU IGETC) for STEM;
3. any electives need to reach 60 semester or 90 quarter units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. have an overall GPA of 2.0. This degree requires a total of 40 units.

Geology Associate in Science Degree for Transfer (AS-T)

Division: Science/Engineering/Mathematics

Requirements

PROGRAM CODE: 1S31935

The Geology Associate in Science Degree for Transfer is designed to provide an opportunity for the Geology major to achieve an Associate in Science Degree in Geology for Transfer (AS-T in Geology) which completes the first and second year requirements for transfer to a four-year public California institution. Students with a degree in geology may pursue careers in education, consulting, research or work in industry as an entry geologist or geotechnician in fields such as engineering geology, environmental geology, petroleum and mining geology, hydrogeology, seismology, paleontology, geophysics, marine geology and volcanology. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division course work in Geology or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university...
to plan a specific program of study to meet the college or university's requirements.

Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an AS-T in Geology students must complete the following requirements:

1. a minimum of 26 semester units or 39 quarter units in the Geology major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth (p. 489)) or the Intersegmental General Education Transfer Curriculum (CSU IGETC (p. 496));
3. completion of 60 semester or 90 quarter units of CSU transferable course work;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. have an overall GPA of 2.0.

### Health Information Technology

**Division: Health Science**

**Division Dean**

Dr. Stephen Schoonmaker, Interim Dean

**Faculty**

Jennie Larez

Patti Spitler

**Counselors**

Kelly Carter

Marisa Lehmeier

Denise Vo

**Degrees and Certificates**

- Associate in Science Degree Health Information Technology (p. 318)

**Courses**

**HI 080 C Selected Topics** 0.5-8 Units

Term hours: Variable hours lecture and variable hours laboratory per week. This course is designed to meet the health information technology student’s need for current topics and issues, updated information in health care review of specialized subject matter and/or preparation for health information related certification exams. Content will emphasize clinical application of theoretical principles in the discipline. Computer software, videotapes, resource materials, instructor assessment of individual student knowledge and skills will be utilized. Variable Unit Class. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option.

**HI 100 C Trends in Health Care Delivery** 3 Units

**Prerequisite(s):** Admission to Health Information Technology Program.

Term hours: 54 lecture. This course investigates how and where health care is delivered in the United States and examines different health care practitioners and professional healthcare associations, the role of federal, state and local governments in health care, and the impact of managed care organizations. How consumers pay for health care as well as how health care providers receive reimbursement for services are discussed. The principles of customer focused health care are discussed. Current issues affecting the delivery of health care are emphasized. The course is recommended for students interested in health care or preparing for careers in health care. (CSU)

**HI 101 C Health Information Management** 3 Units

**Prerequisite(s):** CIS 111 C with a grade of C or better and acceptance in the Health Information Technology Program.

Term hours: 36 lecture and 54 laboratory. This course investigates the content, use and structure of health care data and data sets and how these components relate to primary and secondary health information systems across the healthcare delivery system. Emphasis is on medical record documentation requirements pursuant to federal/state regulations and voluntary accrediting body standards. Discussions will focus on regulatory issues, documentation requirements, quality and utilization management, risk management and the role of the HIM professional in healthcare delivery. Laboratory activities will include use of electronic health records; assembly and analysis of medical records; and reading and interpreting medical records and researching healthcare documentation requirements. $4 materials fee payable at registration. (CSU)
HI 102 C Legal Aspects of Health Care 3 Units
Prerequisite(s): Acceptance in the Health Information Technology Program
Term hours: 54 lecture. The focus of this course is on the legal and ethical issues affecting health care industry, health care providers, and health information managers. State laws, federal regulations, and case precedents form the basis for class discussion. Topics include tort law, confidentiality, release of protected health information (PHI), informed consent, corporate compliance, patient rights, negligence and medical malpractice, contract and labor law, ethics and Medical Staff Organization. Special emphasis is placed on HIPAA Privacy and Security Rules and Measures to safeguard against disclosure of PHI. (CSU)

HI 103 C Healthcare Data Analysis 3 Units
Prerequisite(s): HI 101 C and MATH 120 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course focuses on the effective collection, presentation, and verification of healthcare data necessary for the preparation of administrative and clinical reports. The role of data in clinical research, vital statistics, and epidemiology will be discussed. Laboratory activities will focus on manual and automated data presentation techniques and on the interpretation and analysis of healthcare data. The role of the health data information professional in transforming data into meaningful information for use in clinical and financial decision-making will be stressed. Data reliability and validity is emphasized. (CSU)

HI 114 C Beginning ICD-10-CM and ICD-10-PCS Coding 3 Units
Prerequisite(s): BIOL 210 C, HI 101 C and HS 145 C, with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course covers the principles of nomenclature and classification systems and includes ICD 10-CM and ICD 10-PCS. The focus is on coding and abstracting diagnostic and procedural data needed for clinical and administrative decision-making, financial reimbursement and research. (CSU)

HI 116 C Health Information Technology Pharmacology 2 Units
Prerequisite(s): Acceptance in Health Information Technology Program
This course is an introduction for Health Information Technology on the pharmacology concepts used in the Health Information Technology profession. This course will concentrate on medical conditions and the relation of drugs to major body systems including the fundamentals of current drug therapy, adverse effects and interactions that medications can produce. (CSU)

HI 203 C Medical Quality Management 3 Units
Prerequisite(s): HI 101 C, HI 103 C and HS 145 C, with a grade of C or better.
Term hours: 36 lecture. This course is an introduction to the principles of the quality management and performance improvement process in health care and provides a framework for gaining skills in collecting, analyzing and presenting data. Course content includes an introduction to quality management techniques and tools, patient safety, hospital and ambulatory accreditation requirements, utilization and risk management. Activities focus on the use of quality improvement tools to collect and present quality management data. (CSU)

HI 214 C CPT-Ambulatory Care Coding 3 Units
Prerequisite(s): HI 114 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course focuses on the principles and mechanics of coding procedures according to Current Procedural Terminology and its relationship to the Health Care Common Procedure Coding System (HCPCS). This course will address the requirements for diagnostic and procedure coding in ambulatory care including hospital outpatient, outpatient surgery and physician office. In the laboratory, students will solve coding problems using operative reports and encoding software. (CSU)

HI 224 C Advanced ICD-10-CM and ICD-10-PCS Coding 3 Units
Prerequisite(s): HI 114 C and HS 147 C, with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course covers advanced concepts in ICD-10-CM & ICD-10-PCS and its application to the hospital inpatient prospective payment system are discussed. Lecture will focus on the structure of the Medicare-Severity diagnostic related groups; interpretation of laboratory and radiologic findings; pharmacology; and Official Coding Clinic guidelines. Laboratory activities will include coding medical records of the most common diagnostic related groups using automated encoders. $4 materials fee payable at registration. (CSU)

HI 225 C Information Technology 3 Units
Prerequisite(s): CIS 111 C and HI 101 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course explores information and communication technologies used to deliver and document health care that facilitate interoperable health information exchange between and among health care providers. Focus is on the implementation of certified electronic health records by hospitals and physicians and how organizations meet the Centers for Medicare and Medicaid Services meaningful use criteria. Discussions focus on personal health records, patient portals, telemedicine, e-prescribing, clinical decision support systems and networking technologies that store, protect, retrieve, and transfer clinical, administrative, and financial information within health care settings. Lab activities center on using electronic health records software; creating and analyzing data in Excel spreadsheets; creating and querying Microsoft Access databases; using Visio and Microsoft Project scheduling tools and evaluating personal health record applications. (CSU)

HI 226 C Revenue Cycle Management 3 Units
Prerequisite(s): HI 114 C and HI 214 C with a grade of C or better.
Corequisite: HI 224 with a grade of C or better. Term hours: 36 lecture and 54 laboratory. This course will examine the Revenue Cycle Management process, and the advanced concepts of healthcare reimbursement methodologies. This course will differentiate between the Medicare-Medicaid Perspective Payment for Inpatients (IPPS), Ambulatory (OPPS), Post-acute care, and other reimbursement systems. This course will explore the financing of health care, claims management and value-based purchasing. (CSU)

HI 230 C Directed Practice I 3 Units
Prerequisite(s): HI 101 C and HI 102 C, with a grade of C or better.
Term hours: 18 lecture and 108 laboratory. This course is an investigation of the components of the content, use, and structure of health care data and data sets in the following alternative health care settings: long term care, home health, hospice, ambulatory care, and behavioral health and rehab services. Emphasis is on analyzing the content of the health record and documentation requirements pursuant to federal and state regulations and voluntary accrediting body standards. Discussions will focus on the opportunities for health information management professional in these different settings. (CSU)
HI 240 C Directed Practice II  
4 Units

**Prerequisite(s):** HI 103 C and HI 114 C, with a grade of C or better.

Term hours: 36 lecture and 108 laboratory. This course will focus on the basic principles of organization of health information management department; supervision of human resources in order to develop effective skills in leadership, motivation and team-building techniques; project management and marketing health information management services. Discussions focus on directed practice activities which emphasize the collection, analysis and presentation of health care data; quality improvement functions, and review for the RHIT credentialing exam. During the semester, students are assigned to an affiliated health-related agency for supervised directed practice. Students shall have the status of learner and shall not be considered agency employees, nor shall they replace agency staff. Directed practice is conducted as an unpaid, laboratory experience. (CSU)

HI 245 C Coding Skills Lab  
1-2 Units

**Prerequisite(s):** Completion of or concurrent enrollment in HI 114 C with a grade of C or better.

**Advisory:** Employed as a health information coder in a health care agency. Term hours: 54-108 laboratory depending on units attempting. The focus of this course is one of assisting the students in the development of coding skills and the application of those skills to different types of medical records. Students will code inpatient, emergency department, outpatient surgery, and referred outpatient medical records using ICD-10-CM, ICD 10-PCS, CPT and the Healthcare Common Procedure Coding System (HCPCS). The process of interpreting medical record information, choosing the required coding classification and assigning and sequencing codes correctly will be addressed. This course will provide an opportunity for students in the Health Information Technology and Health Information Coding Specialist Programs to demonstrate competencies required for completion of each program. Computer assisted instruction and automated encoders will be used within the course. This course may also be taken to update coding skills. Course may be taken four times for credit. $4 materials fee payable at registration. Open Entry/Open Exit. Pass/No Pass option only. (CSU)

HI 299 C HI Tech Independent Study  
0.5-2 Units

**Prerequisite(s):** Approved Independent Study Learning Contract

Term hours: 9-36 lecture depending on units attempted. This course is designed for students enrolled in the Health Information Technology program or its options who wish to increase their knowledge and experience in applied areas. Students will participate in independent study in assigned areas under staff supervision. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option. (CSU)

**Program Student Learning Outcomes**

The courses taught by this department contribute to the following ISLO/PSL0s: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSL0 subcategories: A1-Health Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, and D1-Personal Responsibility.

A student who completes the Health Information Technology program will be able to:

- Gain the knowledge and skills needed to perform entry level functions in health information management technology.
- Attain the knowledge and skills needed to successfully pass entry level HIM certification examinations, especially the Registered Health Information Technician examination.
- Obtain HIM-related positions or be enrolled in an advanced degree program within 6 months of completion of the program.

**Associate in Science Degree Health Information Technology**

**Requirements**

**PROGRAM CODE: 1503788**

Health information professionals care for patients by caring for their medical data. They ensure that all of a patient's health information is complete, accurate, and protected, yet readily available for healthcare providers when needed. There are three professional and academic areas of health information that you can learn about below: Health Information Management, Health Information Technology, and Health Informatics. Health information management (HIM) is the practice of acquiring, analyzing, and protecting digital and traditional medical information vital to providing quality patient care. Health information technology (Health IT) refers to the framework used to manage health information, and the exchange of health information in a digital format.

Health Informatics (HI) is a science that defines how health information is technically captured, transmitted and utilized. Health information management professionals work in a variety of different settings and job titles. They often serve in bridge roles, connecting clinical, operational, and administrative functions. These professionals affect the quality of patient information and patient care at every touchpoint in the healthcare delivery cycle. Having skilled HIM professionals on staff ensures an organization has the right information available when and where it is needed while maintaining the highest standards of data integrity, confidentiality, and security. They are vital to the daily operations management of health information and electronic health records. Because health information coding is at the heart of both health care reimbursement and clinical analysis, this extremely important aspect of health information management requires a highly trained and accurate professional who can assign numerical codes to diagnoses, symptoms, and procedures using the current diagnostic coding and procedure classification systems which include ICD 9-CM, ICD-10-CM and ICD 10-PCS and Current Procedural Terminology (CPT). Most third party payers, including the federal government and private insurance companies, require submission of diagnoses and procedure codes as part of the hospital and/or physician billing process. Diagnoses and procedures codes are needed for comparing and tracking diseases, clinical research, statistical reporting, market data and planning. Professionals who work in health IT (information technology) are focused on the technical side of managing health information, working with software and hardware used to manage and store patient data. Health IT professionals are usually from Information Technology backgrounds, and provide support for electronic health records and other systems HIM professionals use to secure health information. A career in HIM/Health IT/Hi is right for you if you:

- See yourself in a career that offers diverse opportunities.
- Would like to work in health care, but not directly with patients.
- Have an aptitude for science, but also like management, law, and computers.
• Enjoy working with professionals: physicians, nurses, lawyers, administrators and executives.
• Want a career where you can choose to work on your own, with others, or some of both.

HIM programs incorporate the disciplines of medicine, management, finance, information technology, and law into one curriculum. Because of this unique mixture, HIM graduates can choose from a variety of work settings across an array of healthcare environments. The program is accredited by the Commission on Accreditation of Health Informatics and Information Management Education. Graduates of the Program are, therefore, eligible to take the national examination leading to certification as a Registered Health Information Technician (RHIT).

Minimum Standards for Applicants
1. Eligibility for admission to Cypress College.
2. Completion of ENGL 100 C with a grade of “C” or better or transcript showing course in progress.
3. Completion of CIS 111 C Computer Information Systems with a grade of “C” or better or transcript showing course in progress.
4. Completion of HS 145 C Survey of Medical Terminology with a grade of “C” or better or transcript showing course in progress.
5. Eligibility for MATH 120 C Introduction to Probability and Statistics or transcript showing appropriate Math course in progress.

Application Procedures
1. In addition to the Cypress College application form, a separate application is required for admission into the Health Information Technology Program. Applications must be completed online. Please see the Health Science Application link on the Health Information Technology home page.
2. Qualified students are selected each spring and fall semester. Applicants may exceed the available seat space. Prioritization of qualified applicants will determine acceptance.
3. Applicants are responsible for submitting all documents (records, forms and transcripts) indicating minimum standards and prerequisites have been met to the Health Science Counseling Office.

Selection Procedures
Students will be selected using a point system based on the number of general education/graduation courses completed at the time of application. Criteria are subject to change. For information see a Health Science Counselor.

Special Requirements and Expenses Incurred By Health Information Technology Students Before Assignment to Clinical Facilities/Agencies
This information is intended to assist those who are planning enrollment in the HIT program prepare for educational expenses. In addition to enrollment fees PAYABLE AT REGISTRATION, the HIT student incurs additional expenses. Clinical practice sites are located throughout Riverside, Orange and Los Angeles counties. Clinical assignments are scheduled during the day. The student will need reliable personal transportation in order to travel to assigned agencies at least one day a week in each directed practice course. All enrolled students must meet the same health and safety standards required of agency employees in the contracted clinical facilities. For this reason each student enrolled in the HIT program must complete specific requirements at his/her own expense prior to agency assignment. Information regarding the specific requirements in place at the time of initial enrollment into HIT Program is provided at a mandatory orientation scheduled for applicants selected each semester.

1. Physical examination with health clearance indicating good physical and mental health status with no physical limitations which would impede the ability to operate a computer keyboard; read a visual display terminal; and sit for a long period of time.
2. Proof of current immunizations or immunity by titer.
3. Testing for communicable diseases including, but not limited to, the following: tuberculosis, rubella, rubeola, varicella, hepatitis.
4. Professional liability insurance.
5. Clean background checks.

Required Curriculum
Transferability of health information course work is determined by the individual receiving college. To earn an Associate Degree, students must complete:

1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. the cultural diversity and reading requirements
4. any elective courses to complete a minimum of 60 units, and
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. To earn a certificate, students must:

1. document a minimum of an Associate Degree, and
2. complete all major course work with a grade of C or better.

Remedial and introductory material necessary to enter and complete a skills of students will be developed in relation to the various career needs. The communication, reading and mathematical skills will include individual and group experiences with use of a workbook, computer software tutorials, and on-line resources. Non-Degree Credit.

HS 076 C CPR for Health Care Providers 1 Unit
Term hours: 18 lecture. Basic life support "C" certification is required for health care providers. This course prepares the student with knowledge and skills required to perform adult one-rescuer CPR, adult two-rescuer CPR, pediatric one-rescuer CPR, child two-rescuer CPR, adult foreign body airway management and pediatric foreign body airway management. (The American Heart Association charges a fee for the "C" certification card). May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass

HS 077 C CPR Recertification 0.5 Units
Prerequisite(s): Course in Basic Life Support with "C" Certification
Term hours: 9 lecture. Current BLS "C" certification is required for health care workers when providing direct patient care. This course prepares the student with current knowledge and skills required to obtain a recertification card from the American Heart Association. (The American Heart Association charges a fee for the recertification card). May be taken for credit 4 times. Pass/No Pass

HS 080 C Selected Topics in Nursing and Allied Health 0.5-8 Units
Term hours: 9-144 lecture depending on units attempted. This course is designed to meet the nursing and allied health science student need for current topics and issues, updated information in health care review of specialized subject matter, and/or preparation for health related licensure and certification exams. Content will emphasize clinical application of theoretical principles in the discipline. Computer software, videotapes, resource materials, instructor assessment of individual student knowledge and skills will be utilized. May be taken for credit 10 times. Pass/No Pass

HS 098 C Health Science Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This course will utilize a lecture discussion approach to various topics within the Health Science programs. A variety of classes will be offered to introduce students to new experiences, update content on current issues, and explore new trends in health care. Fees may be required-Payable at Registration. Pass/No Pass or Letter Grade option.
HS 099 C Health Science Independent Study 0.5-2 Units
**Prerequisite(s):** Approved Independent Study Learning Contract
Term hours: Lecture hours vary according to credit given. This course is designed for students interested in health science programs who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option.

HS 145 C Survey of Medical Terminology 3 Units
**Prerequisite(s):** BIOL 210 C and HS 145 C or BIOL 231 C or BIOL 241 C, with a grade of C or better.
Term hours: 54 lecture. This course includes fundamentals of word analysis, roots, prefixes and suffixes in an orientation to the body as a whole. A survey of medical terminology of the following body systems includes: skin and breast, musculoskeletal, neurological/psychiatric, cardiovascular, respiratory, digestive, genitourinary, prenatal, maternal, endocrine, and special senses. Anatomical and physiologic terminology, combining forms, diagnostic terms, clinical and surgical procedures, laboratory tests and abbreviations are included. A basic requirement for most career opportunities in the allied health occupations and in the court systems is the comprehension of medical terminology. (CSU)

HS 147 C Survey of Disease 3 Units
**Prerequisite(s):** BIOL 210 C and HS 145 C or BIOL 231 C or BIOL 241 C, with a grade of C or better.
Term hours: 54 lecture. This course is a comprehensive survey of pathophysiology focusing on how diseases affect human body function along with diagnostic and therapeutic interventions. It includes chronic and degenerative diseases; cardiac, respiratory, hematologic, musculoskeletal, gastrointestinal, genitourinary and reproductive system disorders; genetic disorders; infectious diseases; neoplasia; and fluid, electrolyte and acid-base imbalance disorders. (CSU)

HS 161 C Dying and Death - Grief and Mourning (same as HSCE 161 C) 3 Units
Term hours: 54 lecture. This course is designed to assist individuals in such areas as personal death anxiety and working/living with the terminally ill person. Discussion includes special concerns such as how to handle typical grief reactions, special types of death or loss, hospice, and other related topics. (CSU)

HS 165 C Ethical and Legal Issues 1.5 Units
Term hours: 27 lecture. This course will focus on making ethical choices in health care. An introduction to legal terminology, concepts, and principles will be presented. Topics include misconduct, malpractice, legal and professional standards and the scope of practice. The importance of proper documentation and informed consent is emphasized. The student will examine a variety of ethical issues and dilemmas found in clinical practice. The rights and responsibilities of patients and health care professionals will be examined. (CSU)

HS 168 C Patient Care Skills - Open Lab 0.5-3 Units
**Prerequisite(s):** Current first year Health Science program student or re-entry students needing remedial assistance, or health care professional seeking an environment to practice basic health science skills.
**Advisory:** BIOL 241 C, BIOL 220 C, BIOL 231 C and ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 27-162 laboratory depending on units attempted. This open-entry, open-exit course with flexible hours and variable units allows self-paced individualized instruction and/or practice in basic patient centered care skills with Health Science faculty supervision. The course provides students with space, equipment and resources needed to learn skills and apply theory surrounding patient safety, oxygenation, regulation and movement with teamwork, collaboration, professionalism, evidence based practice and informatics to prepare for quality clinical experiences towards positive patient outcomes. $15 Material Fee-Payable at Registration. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass only. (CSU)

HS 268 C Patient Care Skills - Open Lab 0.5-3 Units
**Prerequisite(s):** Current second year Health Science Program student or approved re-entry students needing remedial assistance or current professional license related to a health science program.
**Advisory:** BIOL 241 C, BIOL 220 C, BIOL 231 C and ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 27-162 laboratory depending on units attempted. This open-entry, open-exit course with flexible hours and variable units allows self-paced individualized instruction and/or practice in advanced patient centered care skills with Health Science faculty supervision. The course provides students with space, equipment and resources needed to learn skills and apply theory surrounding patient safety, oxygenation, regulation and movement with teamwork, collaboration, professionalism, evidence based practice and informatics to prepare for quality clinical experiences towards positive patient outcomes. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass only. $15 materials fee payable at registration. (CSU)

HS 269 C Patient Care Skills - Independent Study 0.5-3 Units
Term hours: 27-162 laboratory depending on units attempted. This open-entry students needing remedial assistance, or health care professional seeking an environment to practice basic health science skills.
**Advisory:** BIOL 241 C, BIOL 220 C, BIOL 231 C and ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 27-162 laboratory depending on units attempted. This open-entry, open-exit course with flexible hours and variable units allows self-paced individualized instruction and/or practice in basic patient centered care skills with Health Science faculty supervision. The course provides students with space, equipment and resources needed to learn skills and apply theory surrounding patient safety, oxygenation, regulation and movement with teamwork, collaboration, professionalism, evidence based practice and informatics to prepare for quality clinical experiences towards positive patient outcomes. $15 Material Fee-Payable at Registration. Course may be taken four times for credit. Open Entry/Open Exit. Pass/No Pass only. (CSU)

HS 277 C Cultural Awareness and the Health Care System 3 Units
Term hours: 54 lecture. This course is designed to examine how cultural differences impact health care and health care delivery. The influence of multi-ethnic cultures on health care concepts, intervention, and the delivery of health care will be discussed. The course will emphasize communication, beliefs and customs, cultural rituals, ethical and legal implications and staff relations in our multi-ethnic health care system. The content focuses on expanding sensitivity to cultural diversity in health care and includes medical, social, and legal issues. (UC/CSU, AA GE, CSU GE, SOC JUST)

HS 361 C Dying and Death and Grief and Mourning 3 Units
**Prerequisite(s):** PSY 101 C or SOC 101 C, with a grade of C or better.
Term hours: 54 lecture. This course is designed for upper division baccalaureate degree students interested in developing their conceptual frameworks and cognitive theories about death, dying, and grief, and increasing affective development and sensitivity to issues concerning death, dying, and grief. Students will become aware and sensitized to their personal assumptions, biases, attitudes, and reactions to death, dying, and grief, while increasing death competency and lowering death anxiety in order to demonstrate increased sensitivity, awareness, and skills in coping with loss and bereavement, supporting others in their struggle to deal with death issues, and by finding meaning and personal growth through encounters with death, loss, and grief. Enrollment limited to those accepted into the baccalaureate degree pilot program.
General Studies Health Sciences Associate in Arts Degree

Division: Health Science

**Requirements**

**PROGRAM CODE:** 1A38265

The General Studies Health Sciences Associate in Arts Degree provides students with a scope of knowledge and broad overview for attaining the communication skills, practical knowledge, and training necessary for a variety of careers in the Health Science area. Students completing this degree will develop a basic understanding of the healing arts and healthcare professions and how they interrelate. The Health Sciences Associate in Arts Degree empowers the student to see Dental, Funerary Service, Health Information, Nursing, Psychiatric Technology, and Radiology Technology, through the prism of healthcare professions. Key concepts in general education are reinforced by their connection to the helping professions in healthcare. Bridging the wisdom of the ages with contemporary innovations, this program offers a well-rounded education with insight to opportunities in our modern world.

Requirements for the General Studies Degree in Health Sciences are listed under the Health Science section of this catalog, and include:

- Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements.
- Three (3) units of Social Justice, Equity, and Sustainability. These units must be chosen from the Social Justice, Equity, and Sustainability list.
- Completion of Reading Proficiency requirement.
- Completion of at least 18 units. (Note: Where appropriate, courses may also be counted for a GE area).
- At least 50% of all course work must be completed at Cypress College.
- Completion of additional degree-applicable classes for a total of 50 units (see Non-Degree Credit Courses for description of classes that are non-degree applicable).
- A 2.0 (C) overall GPA and a 2.0 (C) in all courses taken in the Area of Emphasis.

NOTE: This degree is not intended for students pursuing other Health Science major degrees. This degree requires a total of 18 units.

History Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
• History Associate in Arts Degree for Transfer (AA-T) (p. 325)

Courses
HIST 110 C Western Civilizations I  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a comprehensive study of the contributions of previous civilizations from prehistoric times to the beginning of the modern era. The development of the present day Western mind and institutions is traced by analyzing the beliefs, myths, accomplishments and problems of the civilizations of Mesopotamia, Egypt, Greece, Rome, the Medieval Period, Renaissance and Reformation. Duplicate credit not granted for HIST 110HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 170)

HIST 110HC Honors Western Civilizations I  3 Units
Advisory: Eligibility for English 100 C or ENGL 101 C or ESL 110
Term hours: 54 lecture. This course is an enhanced comprehensive study of the contributions of previous civilizations from prehistoric times to the beginning of the modern era. The development of the present day Western mind and institutions is traced by analyzing the beliefs, myths, accomplishments and problems of the civilizations of Mesopotamia, Egypt, Greece, Rome, the Medieval Period, Renaissance and Reformation. Duplicate credit not granted for HIST 110 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 170)

HIST 111 C Western Civilizations II  3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers the development of Western civilization from the beginning of the modern era to the present day. A major part of this course deals with the twentieth century. It covers monarchies, imperialism, scientific and industrial contributions, modern political ideologies and the World Wars with related political-social, and cultural issues. Duplicate credit not granted for HIST 111HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 180)
HIST 111HC Honors Western Civilizations II  
**Advisory:** Eligibility for English 100 C or ENGL 101 C or ESL 110  
Term hours: 54 lecture. This course covers the development of Western civilization from the beginning of the modern era to the present day. A major part of this course deals with the twentieth century. It covers monarchies, imperialism, scientific and industrial contributions, modern political ideologies and the World Wars with related political, social, and cultural issues. Duplicate credit not granted for HIST 111 C. (UC/CSU, AA GE, IGETC/C-ID: HIST 180)  
3 Units

HIST 112 C World Civilizations I  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of the roots and development of civilizations in Africa, the Americas, Asia, and Europe from the earliest times to 1550 CE. Duplicate credit not granted for HIST 112HC.  
(UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 150)  
3 Units

HIST 112HC Honors World Civilizations I  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is an enhanced survey of the roots and development of the various civilizations in Africa, the Americas, Asia, and Europe from the earliest times to 1550 CE. Duplicate credit not for HIST 112 C.  
(UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 150)  
3 Units

HIST 113 C World Civilizations II  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of the roots and development of civilizations in Africa, the Americas, Asia, and Europe from 1550 CE to the present. Duplicate credit not granted for HIST 113HC.  
(UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 160)  
3 Units

HIST 113HC Honors World Civilizations II  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is an enhanced survey of the roots and development of civilizations in Africa, the Americas, Asia, and Europe from 1550 CE to the present. Duplicate credit not granted for HIST 113 C.  
(UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 160)  
3 Units

HIST 115 C History of Africa  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of the history of Africa from the continent's earliest beginnings to contemporary times. A special emphasis is placed on the various cultures of Africa, demography and general chronology of the rise and fall of nation states, and the impact of Western culture through the colonial, neo-colonial, and contemporary periods.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 142 C History of Latin America I  
**Prerequisite(s):** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.  
Term hours: 54 lecture. This course is a survey of the history of Latin America from the late pre-Columbian era to the independence period. Emphasis is placed upon European conquest, the interaction of Europeans with Native American and African cultures, and the planting of colonial societies in the regions of Mexico, Central America, the Caribbean, and South America. Spanish, French, Portuguese, British, and Dutch America are compared as to their socio-cultural, economic, and political development during the colonial and independence periods.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 143 C History of Latin America II  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of the history of Latin America from the independence period to the present. Emphasis is placed upon: the nation-building process, integration into the world capitalist system, the inequality between the elite classes and the masses, the development of new groups, such as the urban middle and working classes, the conflict between liberalism and the Catholic Church, race relations, challenges of political regimes, relationships during the Cold War, and the new global economic models.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 151 C Survey of British History I  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of English history and civilizations from prehistoric times to the end of the Stuart period. The course concentrates on the development of governmental institutions, and the cultural and intellectual foundations of England and its people.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 152 C Survey of British History II  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is the continuing survey of the development of the United Kingdom from 1715 to the present. Special emphasis in this course will be placed on England's political and cultural expansion around the globe.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 160 C Asian Civilizations I  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a comparative history of the civilizations of Asia from their birth to the 19th century. It explores the social, cultural, political, and economic developments of East, South, and Southeast Asian countries. Pass/No Pass/Letter Grade Option.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 161 C Asian Civilizations II  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a comparative history of the civilizations of Asia from the 19th century to the present. It explores the social, cultural, political, and economic developments of East, South, and Southeast Asian countries. Pass/No Pass/Letter Grade Option.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 163 C History of Mexico  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of the economic, socio-cultural and political history of Mexico from the pre-Columbian period to the present.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 165 C History of the Middle East  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course covers the historical development of the Middle East from the rise of Middle Eastern civilization to the present. Emphasis will be placed on the Jewish and Islamic religions, as well as the key political and social conflicts through modern times in the region.  
(UC/CSU, AA GE, CSU GE, IGETC)  
3 Units

HIST 170 C History of the United States I  
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.  
Term hours: 54 lecture. This course is a survey of American history from the colonial foundations to 1877. The course satisfies state requirements in American history and institutions for transfer. Duplicate credit not granted for HIST 170HC.  
(UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 130)  
3 Units
HIST 170HC Honors History of the United States I
3 Units
Advisory: Eligibility for English 100C or ENGL 101 C or ESL 110 C
Term hours: 54 lecture. This course is an enhanced survey of American
history from the colonial foundations to 1877. This course satisfies state
requirements in American history and institutions for transfer. Duplicate
credit not granted for HIST 170 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 130)

HIST 171 C History of the United States II
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C,
This course is a survey of American history from 1877 to the present. This
course satisfies state requirement in American history and institutions for
transfer. Duplicate credit not granted for HIST 171HC. (UC/CSU, AA GE, CSU
GE, IGETC/C-ID: HIST 140)

HIST 171HC Honors History of the United States II
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C,
Term hours: 54 lecture. This course is a survey of American History
from 1877 to the present. This course satisfies state requirements
in American History and institutions for transfer. Duplicate credit will not
be granted for HIST 171 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: HIST 140)

HIST 190 C History of the Americas I (formerly HIST 162AC)
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C,
Term hours: 54 lecture. This course is a survey of the history of the Western
hemisphere from its discovery to the wars of independence. Emphasis is
placed upon European conquest, the interaction of Europeans with Native
American and African cultures, and the planting of colonial societies in the
New World. Spanish America, Brazil, Canada, and the United States are
compared as to their socio-cultural, economic, and political development
during the colonial and independence periods. (UC/CSU, AA GE, CSU GE,
IGETC)

HIST 191 C History of the Americas II (formerly HIST 162BC)
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C,
Term hours: 54 lecture. This course is a comparative study of the political,
social, and economic development of the independent nations of the
Western hemisphere from the wars of independence to the present.
Emphasis is placed upon the present international relations of these
nations. (UC/CSU, AA GE, CSU GE, IGETC)

HIST 270 C Women in United States History
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a survey of the economic, social,
intellectual and political history of women in America from colonial times
to the present. Special emphasis is placed upon the feminist movements
and the suffrage struggle of the 19th and 20th centuries. (UC/CSU, AA GE,
CSU GE, IGETC)

HIST 275 C History of California
3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course surveys the economic, social, ethnic,
intellectual, and political history of California from the earliest times to
the present. Special emphasis is placed upon issues of diversity caused by
demographic changes. (UC/CSU, CSU GE, AA GE, IGETC, SOC JUST)

HIST 295 C Research Methods - Oral History (same as SOSC 295 C)
2 Units
Term hours: 18 lecture and 54 laboratory. This course introduces the
student to the special techniques of tape recorded interviews to document
20th century history. Areas of study will include interviewing techniques,
historical editing, and transcripts of interviews. This course does not
satisfy General Education requirements in Social Science. (CSU)

HIST 298 C History Seminar
0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory. This is a lecture/
discussion type course developed on a particular limited problem or topic
of interest to students. It is designed for able students who wish to increase
their knowledge of a particular topic concerning which no other regular
class is offered. A paper or group activity may be requested. Credit may
range from 1/2 unit to 12 units. Consult class schedule for the offerings
a particular semester. Pass/No Pass or Letter Grade option. Fees may be
required-Payable at Registration. (UC Credit Limitation/CSU)

HIST 299 C History Independent Study
1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Varying hours of scheduled conferences per week according to instructor.
This Independent study course is for able students who wish to extend
their knowledge of a particular area through individual research and study.
It is thought that topics might develop out of a curiosity stimulated in a
regular class. The student would then contact the supervising instructor to
develop a contract for his/her particular interest so that they could learn
more regarding their special topic. Course may be taken three times for
credit. (UC Credit Limitation/CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-
Communication Skills, and C-Critical Thinking, Problem Solving, and
Information Competency Skills; specifically, the following ISLO/PSLO
subcategories: A1-Social Sciences, B1-Reading, B2-Writing, C1-Analysis,
and C3-Research.

History Associate in Arts Degree for Transfer (AA-T)

Requirements
PROGRAM CODE: 1A31266

The History Associate in Arts Degree for Transfer (AA-T in History) is
designed to provide an opportunity for the History major to complete
the first and second year requirements for transfer to a four-year
public California institution. While at least a baccalaureate degree is
recommended preparation for those considering professional careers,
completion of this curriculum will demonstrate commitment to the field
and provide comprehensive preparation for further academic study through
upper-division course work. This curriculum specifically prepares the
prospective transfer student for upper division coursework in History or
a similar major at a California State University (CSU) campus. Students
should consult a counselor, the Transfer Center and the catalog of the
transfer college or university to plan a specific program of study to meet
the college or university's requirements. Note: Courses that fulfill major
requirements for an Associate Degree for Transfer at Cypress College might
not be the same as those required for completing the major at all transfer
institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now
codified in California Education Code sections 66746-66749) guarantees
admission to a California State University (CSU) campus for any
community college student who completes an "associate degree for
transfer", a newly established variation of the associate degrees
traditionally offered at a California community college. The AA-T is intended
for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. History is the study of change over time. Historians analyze cause and effect, construct narratives from primary sources, and try to explain the actions of people in the past. Students in history courses learn more than dates, names, and events. They also learn how to interpret, debate, and draw conclusions. History majors acquire a broad perspective on the human experience and appreciate how the past has shaped the present. While a baccalaureate degree is still recommended, completion of this degree is excellent general preparation for careers in education, law, historical research, historical preservation, government, journalism, media, and communication.

To earn an AA-T in History students must complete the following requirements:

1. a minimum of 18 semester units or 27 quarter units in the History major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC);
3. elective courses to complete a minimum of 60 units of CSU transferable coursework; ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
4. have an overall GPA of 2.0.

### Code | Title | Units

### Hotel, Restaurant, Culinary Arts

**Division: Career Technical Education**

**Division Dean**

(Vacant)

**Faculty**

- Lisa Clark
- Amanda Gargano
- Jeanette Jones
- Jeremy Peters
- Stephanie Rosati

**Counselors**

- Dr. Jane Jepson
- Jeannie Mitsch
- Cassie Rodriguez
**Hospitality, Restaurant, Culinary Arts Transfer Program**

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

**Courses**

**HRC 100 C Nutrition** 3 Units
Term hours: 54 lecture. This course is a study of the interactions between food and living organisms. This course includes the role of carbohydrates, fats, protein, vitamins, water and minerals in regards to nutritional status. (CSU/UC) AA GE, CSU GE/C-ID: NUTR 110

**HRC 101 C Introduction to Hospitality Management** 3 Units
Term hours: 54 lecture. This course is an overview of structure, functional performances and career opportunities in the hospitality industry including food and beverage management, culinary arts, baking and pastry, lodging, restaurants, special events, managed services, attractions, tourism and related operations. Focus on orientation to customer service, cultural and economic trends and career opportunities. (CSU/C-ID: HOSP 100)

**HRC 105 C Careers Dietetics and Food Science** 2 Units
Term hours: 36 lecture. This course explores the fields of dietetics and food science, including trends, future projections and employment opportunities (CSU)

**HRC 120 C Sanitation and Safety** 2 Units
Term hours: 36 lecture. This course is an overview of sanitation and safety principles, HACCP and prepare students for the national Servsafe Manager Certification. This course content includes strategies to identify and prevent foodborne illness, the flow of food through foodservice operations and sanitation management. (CSU/C-ID: HOSP 110)

**HRC 125 C Restaurant Management** 3 Units
**Prerequisite(s):** HRC 101 C and HRC 120 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. In this course, students will manage all aspects of restaurant operations through theoretical studies and hands-on practice. Topics include functions of management, marketing, role of service, effective cost control, labor strategies and the leadership skills required to effectively manage restaurant operations. $50 materials fee payable at registration. (CSU/C-ID: HOSP 130)

**HRC 135 C Culinary Fundamentals I** 3 Units
**Prerequisite(s):** Completion of or concurrent enrollment in HRC 120 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. Great cuisine rests on the mastery of seemingly simple preparations and techniques that determine the quality of the final product. This course will focus on the basic principles, skills, and techniques associated with culinary arts, involving various cooking methods including classic and modern techniques. Students will identify various kitchen to include; food products and equipment used within the commercial food operation. $95 materials fee payable at registration. (CSU/C-ID: HOSP 160)

**HRC 136 C Baking Fundamentals I** 3 Units
**Prerequisite(s):** Completion of or concurrent enrollment in HRC 120 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. Well-executed desserts rely on a mastery of fundamental techniques. This course will focus on the history of baking, terminology, ingredients, equipment, storage and sanitation in the bakeshop. Students will gain hands-on experience in using various mixing, holding and baking methods to create an assortment of cookies, quick breads, cakes, pies, savory products, specialty diet products and yeast breads. $95 materials fee payable at registration (CSU)

**HRC 145 C The Art of Garde Manger** 3 Units
**Prerequisite(s):** HRC 120 C and HRC 135 C, with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course will focus on the discussion of application and production methods used in today’s Garde Manger kitchen, as well as the importance of accurate knife cuts and presentation methods to make food aesthetically appealing. This course covers topics such as knife cuts, cold sauces, emulsifications, hot and cold hors d’oeuvres, cured and smoked meat and fish and sausage making. $120 materials fee payable at registration. (CSU)

**HRC 152 C Menu Planning and Purchasing (formerly Hospitality Purchasing)** 3 Units
**Prerequisite(s):** Completion of or concurrent enrollment in HRC 101 C with a grade of C or better.
Term hours: 54 lecture. This course examines the principles of menu planning, hospitality procurement, purchasing, receiving and inventory techniques. Strategies for menu analysis, standardized recipes, menu layout and design relating to profitable hospitality operations will be explored. (CSU)

**HRC 155 C Food Science** 3 Units
**Prerequisite(s):** HRC 120 C and HRC 135 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course blends culinary arts and the science of food. This course studies raw materials and their behavior during formulation, processing, packing and storage and includes evaluation as consumer products. $95 materials fee payable at registration. (CSU/UC)

**Prerequisite(s):** Completion of or concurrent enrollment in HRC 101 C with a grade of C or better.

**Advisory:**
- HRC 160 C

**Course Description:**
This course is designed for students who intend to pursue a career in food and beverage management. Topics include wine, beer, spirits, coffee and tea beverage trends, risk, liability management, purchasing, storage, loss prevention, responsible alcohol service, beverage pricing, food pairing and mixology. $35 materials fee payable at registration. (CSU)

**Term hours:** 54 lecture.

**Topics include:**
- Wine, beer, spirits, coffee and tea beverage trends
- Risk and liability management
- Purchasing, storage, loss prevention
- Responsible alcohol service
- Beverage pricing, food pairing and mixology

**HRC 236 C Baking Fundamentals II**
- **Prerequisite(s):** HRC 136 C with a grade of B or better and completion of or concurrent enrollment in HRC 120 C with a grade of C or better.
- **Term hours:** 36 lecture and 72 laboratory. Creating classic cakes and tortes, artisan breads and frozen desserts calls for creativity and technical understanding. This course focuses on advanced pastries and bread production. Products include classical cakes and tortes, frozen desserts, artisan breads and Viennoiserie. Emphasis will be placed on commercial production of high quality products and professional presentation. $95 materials fee payable at registration. (CSU)
HRC 298 C Hospitality Seminar  0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-1620 laboratory depending on units attempted. This course is for students who wish to increase their knowledge of the hotel, restaurant, and/or culinary arts industries. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Pass/No Pass or Letter Grade Option. Fees may be required-Payable at Registration. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Career Technical Education, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, and D1-Personal Responsibility.

A Cypress College student who earns a Certificate from the Hotel, Restaurant, Culinary Arts program in Hotel Management, Foodservice Management or Culinary Arts will:

- Acquire the necessary skills for hospitality/culinary arts employment to include demonstrated ability in effective communications, customer service, teamwork, cost control, ethical considerations, critical thinking and leadership
- Demonstrate competencies required for hospitality/culinary employment to include sanitation and safety, nutrition, restaurant and hotel operations, and specialized culinary techniques
- Enhance his/her career and educational opportunities within the hospitality and culinary industry

Baking and Pastry Arts Associate in Science Degree
Division: Career Technical Education

Requirements
PROGRAM CODE: 1S31170

The Baking and Pastry Arts Associate in Science Degree provides students with a broad and thorough foundation in the art of pastry and baking, from bread to chocolate to ice cream, and everything in between. The program is designed to help students develop a working knowledge of what is required to be successful in the fast-paced culinary industry.

To earn an Associate Degree students must complete all graduation requirements to include:
1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the social justice, equity, and sustainability;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 38 units.

Requirements

PROGRAM CODE: 1C12968

This two-semester Baking Fundamentals Certificate program is designed to provide the student with fundamental knowledge and techniques of baking and pastry, food safety, an understanding of the complexity of kitchen operations and an appreciation of the hospitality industry. Graduates will gain the knowledge and applied skills required to enter the hospitality industry as a baker or pastry cook. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Culinary Management Certificate

Requirements

PROGRAM CODE: 1C21119

The Culinary Management Certificate (formerly Culinary Arts Certificate) provides students with basic competencies in the methods of food handling, cooking, and culinary management. It includes exposure to various styles, and proper use of culinary applications and equipment. The program is designed to help students develop a working knowledge of what is required to be successful for fast track culinary management potential. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 38 units.

Food and Beverage Management Associate in Science Degree

Requirements

PROGRAM CODE: 1S07848A

The Associate of Science Degree in Food and Beverage Management offers comprehensive coursework in restaurant management, beverage operations, managed food services and special events. Coursework emphasizes the role of guest services, effective oral and written communication teamwork, management and leadership strategies, ethical decision-making and critical thinking. Students will prepare for a career in the growing restaurant and food service industry and/or to transfer to a four-year university.

To earn an Associate Degree students must complete:
1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the social justice, equity, and sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 38 units.

Total Units: 31
To earn an Associate in Arts degree for Transfer (AS-T) students must complete:

1. a minimum of 18-20 units of major course requirements with a grade of C or better
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Inter-segmental General Education Transfer Curriculum (IGETC)
3. any elective courses to complete a minimum of 60 units of CSU transferable coursework
4. have an overall GPA of 2.0;
5. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
6. and a grade of C or better in all major coursework per Title V. Local graduation requirements are not applicable.

Hospitality Management Associate in Science Degree for Transfer (AS-T)

Division: Career Technical Education

Requirements

PROGRAM CODE: 1S37539

The Hospitality Management Associate in Science Degree for Transfer (AS-T) is designed to provide an opportunity for the Hospitality major to complete the first and second year requirements for transfer to a four-year institution. Students successfully completing this degree will acquire a fundamental knowledge base of the hospitality industry. This degree will provide students with an introduction to hotel management, restaurant management, special events management, and food service management. The intent is to prepare students for further academic study in the field. It will also demonstrate commitment to the field and provide comprehensive preparation for upper division work at the university level. At the baccalaureate level students will continue an education in various areas of hospitality management including hospitality concept design, financial and managerial accounting, marketing, human resource management and business and marketing strategies. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an Associate in Arts degree for Transfer (AS-T) students must complete:

Total Units 35

Hospitality Management Certificate Requirements

PROGRAM CODE: 1C21121T

The Hospitality Management Certificate (formerly Hotel Operations Certificate) offers coursework in rooms operations, revenue management, food and beverage management, special events, purchasing, law, cost control, human resources, and sales and marketing. Coursework emphasizes the role of guest services, effective oral and written communication skills, teamwork, management and leadership strategies, ethical decision-making and critical thinking. Students will prepare for careers in the dynamic hospitality industry. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 35 units.
Nutrition and Dietetics Associate in Science Degree for Transfer (AS-T)

Division: Career Technical Education

Requirements

PROGRAM CODE: 1S37540

The Nutrition and Dietetics Associate in Science Transfer Degree (AS-T) is designed to provide an opportunity for the Nutrition and Dietetics major to achieve an Associate in Science Degree in Nutrition and Dietetics for Transfer (AS-T in Nutrition and Dietetics) while completing the first and second year requirements for transfer to a four-year institution. Students successfully completing this degree will acquire a fundamental knowledge to integrate and apply the principles of the food and nutrition sciences, human behavior, and the biomedical sciences. Students will learn to design and manage effective nutrition programs, and utilize food for human growth in a variety of settings including health care organizations, food service operations, business and industry (product development, marketing, consulting), education and research, health promotion, and private practice counseling. Careers include: Nutritionist, Nutrition Educator, Weight Loss Counselor, Diet Technician, Food Services Manager, Patient Services Manager, Dietitian, Pediatric Dietitian, Nutrition Researcher, Sports and Cardiac Rehabilitation Dietitian, Nutrition Consultant, Diabetes Educator, and many others. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college.

The Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an Associate in Arts degree for Transfer (AS-T) students must complete:

1. a minimum of 30 units or 45 quarter units with a grade of C or better; A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better.
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC);
3. any elective courses to complete a minimum of 60 units of CSU transferable coursework;
4. have an overall GPA of 2.0,
5. and a grade of C or better in all major coursework per Title V. Local graduation requirements are not applicable.

This degree requires a total of 30 units.

Total Units 18

Human Services Certificate Programs

The Human Services Department includes certificate programs in Addiction Studies, Conflict Resolution, Criminal Justice, Family Studies, Gerontology, Human Services Generalist, and Victimology. Each specialization recommends a core of required courses including fieldwork experience, and 6 to 12 units of specialization courses. The curricula are designed so that students with interests in several areas can complete more than one certificate program in an effective and efficient manner. The California Association of Alcohol/Drug Educators approves the Addiction Studies Certificate program. The Conflict Resolution Certificate prepares students to assist in the resolution of conflict in various settings including home and work with an emphasis on human relations in business, management positions in treatment facilities, and issues in victimology and cross-cultural conflict. The Criminal Justice Certificate will prepare students to work with Human Services agencies that provide services to clients coming from the criminal justice system. The Family Studies Certificate offers the student the opportunity to examine today's changing family needs, values and patterns as well as to form the foundation for a career in family studies professions. The Gerontology Certificate explores appropriate human service agencies, intervention strategies, and the adaptive and maladaptive behaviors of the normal aging process for the individual and their family. The Victimology Certificate examines the network of agencies available for victims and perpetrators as well as the variety of methods for dealing with this issue. The Human Services Generalist Certificate has training applicable in all Human Services areas.

Off-Campus Programs

Cypress’ Human Services Department provides flexible, off-campus courses and workshops to further meet the education and training needs of human services. Specially designed training is available to meet the needs of community leaders, professionals, paraprofessionals, volunteers, community groups and organizations. For further information, contact the Human Services Department.

Transfer Program — Human Services

The student in human services has the option of completing an Associate in Arts degree with a major in Human Services by completing the general education requirements in addition to the Certificate Program. The program is also designed for students who plan to continue with professional preparation at the university level in social work, human services, criminal justice, gerontology, counseling, and related social service fields.

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Addiction Studies Certificate (p. 337)
- Associate in Arts Degree Human Services (p. 338)
- Conflict Resolution Certificate (p. 338)
- Criminal Justice Certificate (p. 339)
- Family Studies Certificate (p. 339)
- Gerontology Certificate (p. 340)
- Human Services Generalist Certificate (p. 340)
- Victimology Certificate (p. 340)
Courses

HUSR 084 C Introduction to Behavior Modification 0.5 Units
Term hours: 9 lecture. This course is for individuals working in programs for developmentally disabled persons, as well as those interested in the field. It will cover basic information about behavior modification, teaching methods and ways to encourage clients.

HUSR 200 C Introduction to Human Services 3 Units
Term hours: 54 lecture. This course covers the history and philosophy of the human services; function and orientation of human services agencies and institutions; human services as careers; opportunities and qualifications at various entry levels of human services employment. (CSU, AA GE, CSU GE)

HUSR 210 C Introductory Fieldwork 3 Units
Prerequisite(s): HUSR 200 C with a grade of C or better.
Term hours: 18 lecture and 126 laboratory. This course offers observation and participation in the operations of human services agencies. The student will document 126 hours of supervised field study per semester and will attend one hour lecture per week. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 211 C Advanced Fieldwork 3 Units
Prerequisite(s): HUSR 210 C with a grade of C or better.
Term hours: 18 lecture and 126 laboratory. This course is the second of a two-semester sequence of volunteer or paid fieldwork experience. The student will apply values, concepts and skills of core human services courses to the actual process of helping people. Emphasis of this semester is on sharpening skills and knowledge gained in the introductory field experience. There is one hour of classroom experience per week. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 214 C Case Management and Documentation 3 Units
Term hours: 54 lecture. This introductory course familiarizes students to the basic concepts and skills of case management and documentation in the field of Human Services. This course focuses on the skills of case management in the context of needs assessment, documentation, referral, service planning, and service provision. (CSU)

HUSR 215 C Introduction to Family Studies 3 Units
Term hours: 54 lecture. This course involves intergenerational family studies and related career exploration to introduce Human Services students to family issues and to skills, theories, and competencies needed to empower families for reaching their goals. Various family issues, family/worker relationships, strength-based assessments, resource referral/utilization, community service coordination, and family and worker stress management are covered. (CSU)

HUSR 221 C Crisis Intervention and Referral 3 Units
Term hours: 54 lecture. This course introduces techniques for beginning crisis counseling, including recognition of crisis, assessment of crisis, and referral to the appropriate crisis agency. Special attention will be given to the process of intervention and to the recording of information regarding problems with alcohol and other drugs. Participants will implement a variety of crisis skills through an experiential format. (CSU)

HUSR 222 C Group Leadership-Group Process 3 Units
Term hours: 54 lecture. This course examines membership and leadership in a variety of groups, with emphasis on the total group process. An overview of the various types of groups will be given as well as the values and limitations of groups, cautions and risks of groups and common misconceptions about groups. The student will be offered experience as a group member and a group leader. (CSU)

HUSR 223 C Helping Skills-Human Services 3 Units
Term hours: 54 lecture. This course involves identification and application of specific helping skills in intrapersonal and interpersonal relations. It is designed for persons in helping roles, professional and paraprofessional, or volunteers in Human Services. (CSU)

HUSR 224 C Self-Esteem Strategies 3 Units
Term hours: 54 lecture. This course is designed for those considering a career in management and staff development in Human Services Agencies, with special application to client after-care programs. Theory and technique are combined in this skills class to assist case managers and program directors with assessment and evaluation, individual recovery program development, educational process and materials, and utilization of resources and referral procedures. This course focuses on issues of self-esteem, concept formation, problem solving, time management, emotional intelligence, and decision making for client and/or staff development. (CSU)

HUSR 225 C Families and Substance Abuse 3 Units
Term hours: 54 lecture. This course presents the dynamics of the family system as they are affected by addiction. Theories of healthy and unhealthy family interaction are explored and the experiential format provides the opportunity for skill development and practical experience. (CSU)

HUSR 226 C Behavior Modification 3 Units
Term hours: 54 lecture. This course includes both theory and practice in behavior modification principles. It teaches skills such as observing and recording behavior, uses of reinforcement, extinction, punishment, etc. Self-management techniques to assist in control of one’s own behavior will also be discussed. Topics have wide application in any course of study and will require dealing effectively with others, or with more effective management of oneself. (CSU)

HUSR 240 C Drugs and Alcohol in Our Society 3 Units
Term hours: 54 lecture. This course provides an overview of the epidemiology and toxicity of substance abuse and its relevance to personal and public health. Students will be introduced to the concept of substance abuse and dependence, the definition of licit and illicit drugs, and the pharmacologic, neurologic and physiologic effects of selected substances on the human brain. Political, social and economic factors involved in the supply and demand for drugs will be discussed. Epidemiologic data on the prevalence, incidence, and trends of smoking, alcohol, prescription and other drug dependencies in the U.S. will be covered, as well as risk factors associated with the use and abuse of these substances. Current options for recovery and a survey of local resources will be reviewed. (CSU/UC, C-ID: PHS 103)

HUSR 241 C Intervention Strategies 3 Units
Term hours: 54 lecture. This course will serve as an assessment and treatment approach to individuals having problems with alcohol and other drugs. Alcoholism will be studied in its social and clinical context. Attention will be given to basic theoretical approaches to the disease. Major emphasis will be on the philosophical and clinical approaches to treating the alcoholic and to promoting recovery. (CSU)

HUSR 242 C Drugs and Physiology 3 Units
Term hours: 54 lecture. This course explores the effects of alcohol and other drugs on the body. It examines the physiology of alcohol in two areas: (1) physical effects of alcohol on the body, and (2) the physiological effects of the disease processes associated with heavy drinking. (CSU/C-ID: ADS 140 X)
HUSR 243 C Co-Occurring Disorders 3 Units
Term hours: 54 lecture. This course will introduce the student to the treatment needs of those who have a psychiatric disorder in combination with a chemical dependency disorder. Students learn to identify and assess those with a dual diagnostic/co-occurring disorder. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 270 C Introduction to Victimology 3 Units
Term hours: 54 lecture. This course responds to the emerging social concern regarding the cost of victimization to our society today. It provides education, information on existing resources, and direct participation in the creation and expansion of existing resources of treatment and recovery of victims and perpetrators. (CSU)

HUSR 271 C Society andVictimization 3 Units
Term hours: 54 lecture. This course will provide an understanding of the social problems of victimization with in-depth focus on both perpetrator and victim. Specific issues will be explored including their genesis and specific methods of identifying issues regarding self-help and support activities from a clinical approach. (CSU)

HUSR 275 C Ethical Issues in Human Services 3 Units
Term hours: 54 lecture. This course presents the rules and standards governing the professional conduct of those working in Human Services Agencies. Issues of client/patient rights, confidentiality, physical and emotional abuse, and counselor/client relationships will be explored in great depth. (CSU, C-ID: ADS 160 X)

HUSR 281 C Prevention Strategies 3 Units
Term hours: 54 lecture. This course will present the history, theories and current strategies for prevention of alcohol and drug problems and for reduction of harm caused by those with problems (harm reduction). Conceptual frameworks, major research, epidemiology, environmental risk factors and the effectiveness of various prevention strategies will be examined. (CSU)

HUSR 290 C Human Services in Criminal Justice 3 Units
Term hours: 54 lecture. This experiential course will survey the historical, and philosophical aspects of criminal behavior and the functions and objectives of parole and probation. Students will examine the skill requirements, the major tasks and responsibilities, the role and function and the overall mission of the service provider in the criminal justice system. The judicial system and its relationship to the criminal offender will be examined as well as modern approaches in the control of crime. Resources for re-socializing the offender will be explored. (CSU)

HUSR 291 C Counseling in Criminal Justice 3 Units
Term hours: 54 lecture. This course explores current theory and practice in the counseling of those in state prison treatment programs. Topics include an overview of the California Department of Corrections, the inmate classification system, specialized inmate management topics, violence and violence management strategies, victim awareness issues, the processes of addiction and recovery, an overview of assessment instruments, an exploration of sociopathy, and group counseling dynamics. (CSU)

HUSR 293 C Conflict Resolution-Mediation 3 Units
Course hours 54 lecture. This course examines the background, development and methodology of non-violent, non-litigious conflict resolution with emphasis on theory and the practice of mediation. This is a state certified course designed to train individuals to be effective in resolving conflict in the family, the community, the classroom and the workplace. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 294 C Careers in Criminal Justice 3 Units
Term hours: 54 lecture. This course will provide the student with the opportunity to explore, in-depth, the breadth and scope of career opportunities in the field of criminal justice. Specific careers will be explored through guest speakers, field trips, on-site observations and mentoring opportunities. Students will gather knowledge and gain an appreciation for the criminal justice field as a result of this course. Pass/No Pass/Letter Grade Option. (CSU)

HUSR 295 C Cross-Cultural Criminology 3 Units
Term hours: 54 lecture. This course will explore cross-cultural customs and traditions from a criminal justice perspective. Specific cultures that are represented in significant numbers within the United States will be explored. Students will gather knowledge and gain an appreciation for the cross-cultural aspects within the field of criminal justice. Pass/No Pass/Letter Grade Option. (CSU, SOC JUST)

HUSR 298 C Human Services Seminar 0.5-12 Units
Term hours: 0-12 lecture and 0-42 laboratory. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for students who wish to increase their knowledge of a particular topic that is offered in no other regular class. A paper or group activity may be assigned. Consult class schedule for the offerings in a particular semester. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Social Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

Addiction Studies Certificate
Requirements
PROGRAM CODE: 1C07845A

The Addiction Studies Certificate (formerly titled Alcohol and Drug Studies Certificate) will prepare students to work with Human Services Agencies that provide services to clients in the area of substance abuse issues regarding issues from abuse to addiction. Students will examine the requirements, major tasks and responsibilities, including the role and function of halfway homes, substance abuse recovery centers and sober living sites in the State of California. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

It is recommended that all fieldwork courses: HUSR 210 C or HUSR 211 C) can be taken only after consultation with an Academic Counselor, Department Chair or the course instructor (27 units):
The Associate in Arts Degree Human Services prepares students for a variety of careers in public and private social service agencies. Course work includes completion of 30 units plus 6 elective units in one or more specialty areas of Alcohol and Drug Studies, Conflict Resolution, Criminal Justice, Family Studies, Gerontology, Human Services Generalist, and Victimology.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. any elective courses to complete a minimum of 60 units; and,
4. with an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Criminal Justice Certificate

Requirements

PROGRAM CODE: 1C12113

The Criminal Justice Certificate program will prepare students to work with Human Services agencies that provide services to clients coming from the criminal justice system. Students will examine the skill requirements, the major tasks and responsibilities, the role and function of the service provider in jails, penal institutions, police departments, juvenile justice agencies and the Department of Corrections. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Family Studies Certificate

Requirements

PROGRAM CODE: 1C10452

The Family Studies Certificate Program in Human Services is designed as a more complete examination of the many individual and family needs resulting from changing family patterns. Needed skills include parenting in a variety of family situations, communicating in healthy relationships, caregiving in intergenerational families and coping with stress.

This program prepares the student in three ways:

1. providing courses as personal enrichment for the families and individuals in the community
2. training Human Service workers for employment in schools, health and mental health agencies, rehabilitation centers, halfway houses, senior centers and as support persons to law enforcement and other community agencies, and
3. providing the first two years of courses for Family Studies professions such as therapist and administrator which require further college education.

To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Elective Courses - Select 6 units from the courses listed below:

Gerontology Certificate

Requirements

PROGRAM CODE: 1C07842

The Gerontology Certificate is a collection of interdisciplinary courses that prepare students to bring expertise, intervention skills and understanding about the aging adult to work and to family settings. Older adult development, and adaptive and maladaptive behaviors of the normal aging process are explored. Emphasis will be placed on critical life issues such as health, mental health, care giving, social support, living arrangements, work and retirement, and human service resources. Death and dying, and the ethical issues that often occur during the last years of life will be examined. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Victimology Certificate

Requirements

PROGRAM CODE: 1C07847

The Victimology Certificate explores the costs of victimization in our society today and the variety of methods, current and proposed, for dealing with the issues. Courses provide an in-depth examination of both the victim and the perpetrator. Resources for victims of violent and non-violent crimes are discussed and professionals present various points of view. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

**Global Studies Associate in Arts Degree for Transfer (AA-T)**

**Division: Social Sciences**

**PROGRAM CODE:** 1A39653

The Global Studies Associate in Arts Degree for Transfer is designed to increase knowledge and the understanding of the processes of globalization and its impacts on societies, cultures, and environments around the world. Our interrelated world requires greater connectivity and collaboration as never before. The Global Studies program provides the student with a knowledge of critical issues that affect their lives and community, as well as the affairs of other cultures, societies, and nations. Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college.

The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an AA-T in Global Studies for Transfer, students must complete the following requirements:

1. a minimum of 21 semester units or 31.5 quarter units in the major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) requirements;
3. elective courses to complete a minimum of 60 units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better; and
5. have an overall GPA of 2.0. This degree requires a total of 21 units,

Our interrelated world requires greater connectivity and collaboration as never before. The Global Studies program provides the student with a knowledge of critical issues that affect their lives and community, as well as the affairs of other cultures, societies, and nations. Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college.

The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an AA-T in Global Studies for Transfer, students must complete the following requirements:

1. a minimum of 21 semester units or 31.5 quarter units in the major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) requirements;
3. elective courses to complete a minimum of 60 units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better; and
5. have an overall GPA of 2.0. This degree requires a total of 21 units,

Global Citizenship Studies Certificate

Division: Social Sciences

PROGRAM CODE: 11C39156

The Global Citizenship Studies Certificate will enable students to:

1. describe key developments in the ongoing processes of globalization, climate change, monoculturalization, decreasing biodiversity and ongoing social injustices and inequities,
2. analyze the concepts of global and local interdependence with reference to United Nations policies and documents,
3. critically consider and connect political, economic, cultural and ecological challenges as discussed in contemporary news and social media venues, and
4. examine and practice strategies for resolution.

This certificate requires a total of 21 units.

Global Citizenship Studies Associate in Arts Degree

Division: Social Sciences

PROGRAM CODE: 1A39449

The Global Citizenship Studies Associate in Arts Degree will enable students to:

1. describe key developments in the ongoing processes of globalization, climate change, monoculturalization, decreasing biodiversity and ongoing social injustices and inequities,
2. analyze the concepts of global and local interdependence with reference to United Nations policies and documents,
3. critically consider and connect political, economic, cultural and ecological challenges as discussed in contemporary news and social media venues, and
4. examine and practice strategies for resolution.
This degree requires a total of 21 units. To earn an Associate Degree students must complete:

1. 21 units with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements, including the cultural diversity and reading requirements and any elective courses to complete a minimum of 60 units; and,
3. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College.

### Japanese Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
Courses

JAPN 098 C Japanese Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Pass or Letter Grade option. Fees may be required-Payable at Registration.

JAPN 100 C Spoken Japanese for Beginners 3 Units
Term hours: 54 lecture. This course is for students who would like to take conversational Japanese without having to learn the complicated writing system. This will be an introduction to spoken Japanese, with emphasis on vocabulary development, use of the common phrases and culturally appropriate language at beginning levels. Conducted mainly in Japanese through the use of the direct teaching method. Pass/No Pass/Letter Grade Option. (CSU/AA GE)

JAPN 101 C Elementary Japanese I 5 Units
Term hours: 90 lecture. The course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading and writing. Students will be introduced to the culture, history and geography of Japan through lectures, slides, videos, photographs, films, and reading assignments. Not intended for native Japanese speakers. Pass/No Pass/Letter Grade Option. (CSU/UC/AA GE, CSU GE)

JAPN 102 C Elementary Japanese II 5 Units
Prerequisite(s): JAPN 101 C with a grade of C or better or one year of high school Japanese with an average grade of C or better is recommended.
Term hours: 90 lecture. This course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of Japan and Japanese through lectures, films, and reading and writing assignments. Pass/No Pass/Letter Grade Option. (CSU/UC/AA GE, CSU GE, IGETC)

JAPN 200 C Conversational Japanese 2 Units
Prerequisite(s): JAPN 102 C with a grade of C or better.
Term hours: 36 lecture. This course will focus on practical conversation with emphasis on the idiomatic usage of the language. Topics concern Japanese life, culture, and current events. Students will prepare for this class through the study of the required textbook, magazines, newspapers and other current materials. This course is conducted in Japanese. Pass/No Pass/Letter Grade Option. (CSU/CSU GE)

JAPN 201 C Study of Kanji 3 Units
Prerequisite(s): JAPN 101 C or JAPN 102 C, with a grade of C or better.
Term hours: 54 lecture. This is a low intermediate skill course designed to improve the reading, listening, understanding of Kanji. Students will practice and learn 420 basic Kanji, as components of more complex Kanji. This will prepare students to take the Japanese government’s proficiency examination at the 10th and 9th level. Pass/No Pass or Letter Grade Option (CSU)

JAPN 203 C Intermediate Japanese III 4 Units
Prerequisite(s): JAPN 102 C with a grade of C or better or two years of high school Japanese with a grade of C or better.
Term hours: 72 lecture. This course emphasizes the acquisition of advanced skills in listening, speaking, reading, and writing. Students will be introduced to further elements of the culture, history, and geography of Japan through lectures, slides, films, dialogues and reading and writing assignments conducted in Japanese. Pass/No Pass or Letter Grade Option. (CSU/UC/AA GE, CSU GE, IGETC)

JAPN 204 C Intermediate Japanese IV 4 Units
Prerequisite(s): JAPN 203 C with a grade of C or better.
Term hours: 72 lecture. The course emphasizes the acquisition of advanced skills in listening, speaking, reading, and writing. Students will be introduced to further elements of the culture, history, and geography of Japan through lectures, slides, films, dialogues and reading and writing assignments conducted in Japanese. Pass/No Pass or Letter Grade Option. (CSU/UC, AA GE, CSU GE, IGETC)

JAPN 298 C Japanese Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

JAPN 299 C Japanese Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 9-36 lecture/conference depending on units attempted. This course is designed for able students who wish to increase their knowledge of the Japanese language through individual study or research. Students should consult the class schedule to verify credit for a particular term. Unit credit may range from 1/2 - 2 units in any given semester. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation)

Program Student Learning Outcomes

Degrees and Certificates
 Associate in Arts in Journalism for Transfer (p. 346)
Courses

JOUR 101 C Reporting and Writing
3 Units
Prerequisite(s): Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: Ability to type 20 words per minute
Term hours: 54 lecture. This course is an introduction to gathering, synthesizing/organizing and writing news in journalistic style across multiple platforms. Includes role of the journalist and related legal and ethical issues. Students will report and write based on their original interviews and research to produce news content. Experiences may include covering speeches, meetings and other events, writing under deadline and the use of Associated Press Style. (CSU/UC, C-ID: JOUR 110)

JOUR 110 C Global Media
3 Units
Term hours: 54 lecture. This course is a survey of global mass communication and the interrelationships of media with society including history, structure and trends in a digital age. Discussion of theories and effects, economics, technology, law and ethics, global media, media literacy, and social issues, including gender and cultural diversity. (CSU/UC, AA GE, CSU GE, C-ID: JOUR 100)

JOUR 118 C Messages for Electronic Media
3 Units
Term hours: 54 lecture. This speech and mass communications course investigates the history, theory, contemporary issues, and current law in broadcasting, cable and the Web. Students create and broadcast video and audio presentations in addition to learning through lecture and reading. (CSU, CSU GE)

JOUR 130 C Visual Communication (formerly MM 110 C)
3 Units
Term hours: 54 lecture. This course is a survey of the significant techniques and examples of visual communication as employed by the mass media, including the World Wide Web, newspapers, magazines, television, and advertising. Discussion and demonstration of the tools used in analyzing visual communication. Creation and analysis of images for print, Web and video. (UC/CSU/C-ID: JOUR 170)

JOUR 140 C Public Relations
3 Units
Advisory: Ability to type 20 words per minute and understand basic computer operation
Term hours: 54 lecture. This course covers the principles, history and development, and professional practice of modern public relations. Includes concepts of planning and executing effective communications strategies, including message design and distribution, for any organization. (CSU/C-ID: JOUR 150)

JOUR 225 C Student Media Practicum I
3 Units
Advisory: Should be able to type 20 words per minute.
Term hours: 36 lecture and 54 laboratory. In this course, students will produce daily, under the direction of student editors and producers, news and feature content for student media. Student media includes World Wide Web publications, print publications, video production for file streaming and podcasting, live Webcast streaming of audio and video productions, the use of social networking tools and possibly public access cable television. Student media serves students, staff and faculty on campus plus a community audience. Students will learn the basics of design/layout; visual, online and multimedia journalism, and explore emerging technologies. Students will report to advanced student editors in a newsroom in which students control all content. (CSU/C-ID: JOUR 130)

JOUR 226 C Student Media Practicum II
3 Units
Prerequisite(s): JOUR 225 C with a grade of C or better.
Advisory: 20 wpm keyboarding is helpful
Term hours: 36 lecture and 54 laboratory. This course emphasizes creating and maintaining The Cypress Chronicle student news website, CyChron.com. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include writing for the internet, using digital photography, editing digital video and audio, using on-line publishing software, plus managing media and advertising. (CSU/C-ID: JOUR 131)

JOUR 227 C Student Media Practicum III
3 Units
Prerequisite(s): JOUR 226 C with a grade of C or better.
Advisory: Ability to type 20wpm.
This course requires higher skill level and/or leadership/management involvement than JOUR 226 C. The students will demonstrate how to produce family content under the direction of student editors and producers, news and feature content for student media. Student media includes World Wide Web publications, print publications, video production for file streaming and podcasting, live Webcast streaming of audio and video productions, the use of social networking tools and possibly public access cable television. Student media serves students, staff and faculty on campus plus a community audience. Students will demonstrate learned skill sets to produce design/layout, visual, online and multimedia journalism, and explore emerging technologies. Advanced students learn to be editors in a newsroom in which students control all content.

JOUR 228 C Visual Journalism
3 Units
Advisory: Should be able to type 20 words per minute.
Term hours: 54 lecture. This course trains visual journalists who use video and still imaging for electronic news gathering. It focuses on theory and practice in press and publications photography, with emphasis on using the DSLR camera as a reporting and communications tool. Covered are news and feature photography and photographic essays, including composition, impact, and creativity, for print, World Wide Web, broadcast, and Webcasting. (CSU, C-ID: JOUR 160)

JOUR 229 C Broadcast Production
3 Units
Advisory: Should be able to type 20 words per minute.
Term hours: 54 lecture. This course will place emphasis on creating broadcast television and radio-style programming for posting as files and for streaming on the internet as well as for distributing conventionally. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include broadcast writing, videography, audio and video production, and internet distribution, plus managing media and advertising. (CSU)

JOUR 230 C Video for Photographers
3 Units
Prerequisite(s): Completion of or concurrent enrollment in PHOT 101 C with a grade of C or better.
Term hours: 54 lecture. This course introduces the photographer to the use of a single device—a digital camcorder with frame capture or a digital camera with high-definition video, or a hybrid device—for simultaneous video and still imaging. The student learns single-camera and three-camera production techniques on location and in the studio. The course includes using the still camera motor drive as a digital video tool. The student’s project will include: Treatments, scripts, shooting scripts, shooting video, shooting sequential photographs, basic audio, logging, edit decision lists, frame capture, video editing software, slideshow production, and presentation in a multimedia presentation platform. This course gives basic video skills to the photographer who must work in video, also, for multimedia. (CSU)
JOUR 298 C Communication and Journalism Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required-Payable at Registration. Pass/No Pass or Letter Grade option. (UC Credit Limitation/CSU)

JOUR 299 C Journalism Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 0-36 lecture and/or 0-108 laboratory depending on units attempted. This course is for students who wish to increase their knowledge of journalism through individual study, research or internships. Permission of the instructor is required along with a contract outlining a student’s independent work and the supervision of the instructor. May be taken for credit 4 times. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

Students who complete the Journalism field of study will be able to:

- Acquire knowledge, skills, and competencies necessary for employment.

Journalism Associate in Arts Degree for Transfer (AA-T)

Division: Fine Arts

PROGRAM CODE: 1A35300

The Journalism Associate in Arts Degree for Transfer is designed to provide an opportunity for the journalism major which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended, completion of this degree will also demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper division coursework. This degree specifically prepares the prospective transfer student for upper division coursework in journalism or a similar major at a California State University (CSU) campus.

Students should consult a counselor, the Transfer Center, and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. This degree is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students with an AA-T in Journalism may pursue careers in Journalism, Public Relations and Advertising as well as careers in a variety of mass communication media, including integrated, digital media on the internet and careers in traditional media such as print and broadcasting.

To earn an AA-T in Journalism, students must complete:

1. a minimum of 18 semester units or 27 quarter units of major course requirements with a grade of C or better,
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC),
3. any elective courses to complete a minimum of 60 units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better; and
5. have an overall GPA of 2.0

(Vacant)

Kinesiology Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

Aquatics Specialist Certificate (p. 358)
Athletic Coach Certificate (p. 358)
Fitness Specialist Certificate (p. 358)
Kinesiology Associate in Arts Degree (p. 359)
Kinesiology Associate in Arts Degree for Transfer (p. 359)
Public Health Associate in Science Degree for Transfer (p. 361)

Courses

KIN 100 C Adapted Kinesiology Weight Training (formerly PE 100 C) 0.5-1 Units

Prerequisite(s): Demonstrate ability to swim.
Term hours: 27-54 activity depending on units attempted. This course provides basic instruction and practice in the fundamental elements of swimming including beginning diving and water safety instruction. The class is designed to develop proficiency in the basic strokes needed to meet the prerequisites for the senior lifesaving and water safety instruction courses. Pass/No Pass or Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE).

KIN 101 C Adapted Kinesiology Activity (formerly PE 101 C) 0.05-1 Units

Advisory: This course is designed for, but not limited to, students with disabilities, registered with Disability Support Services (DSS). Term hours: 27-54 hours activity depending on units attempted. This course is designed for students with various levels of physical ability. The class will emphasize modified individual and team sport activities. This course may be taken four times for credit. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE).

KIN 106 C Electronic Sports - Beginning 1 Unit
Term hours: 54 laboratory. This course is designed to introduce students to electronic sports. Students will play electronic sports and develop skills playing online activity and sport games. Pass/No Pass/Letter Grade option. (CSU, AA GE)

KIN 107 C Electronic Sports - Intermediate 1 Unit
Advisory: KIN 106 C
This course is designed for students aspiring to develop an intermediate level of electronic sports skill. Students will play electronic sports and develop skills playing online activity and sport games. Pass/No Pass/Letter Grade option. (CSU, AA GE)

KIN 108 C Electronic Sports - Advanced 1 Unit
Advisory: KIN 107 C
This course is designed for students aspiring to develop advanced level of electronic sports skill. Students will play electronic sports and develop skills playing online activity and sport games. Pass/No Pass/Letter Grade option. (CSU, AA GE)

KIN 109 C Spirit Squad (formerly PE 179 C) 1-2 Units
Prerequisite(s): Audition
Term hours: 108 hours activity depending on units attempted. This course is designed for the pep squad to develop skills in tumbling, stunts, dance technique, choreography, leadership skills, crowd motivation, and competition. Performance is mandatory at school athletic events and campus functions. Pass/No Pass or Letter Grade option. (CSU, UC Credit Limitation, AA GE, CSU GE)

KIN 110 C Surfing (formerly PE 122 C) 0.5-1 Units
Prerequisite(s): Demonstrate ability to swim.
Term hours: 27-54 activity depending on units attempted. This course provides instruction and practice in the elementary elements of surfing including beginning paddling. Demonstrate ability to swim. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 111 C Swimming (formerly PE 134 C) 0.5-1 Units
Term hours: 27-54 activity depending on units attempted. This course provides basic instruction and practice in the fundamental elements of swimming including beginning diving and water safety instruction. The class is designed to develop proficiency in the basic strokes needed to meet the prerequisites for the senior lifesaving and water safety instruction courses. Pass/No Pass/Letter Grade Option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 112 C Swimming - Intermediate-Advanced (formerly PE 135 C) 0.5-1 Units
Prerequisite(s): Demonstrate ability to swim.
Advisory: KIN 111 C
This course is designed to develop knowledge and skill in competitive swimming strokes. The swimming strokes to be taught are the American crawl, backstroke, breaststroke and dolphin butterfly. The class will emphasize the development of cardiovascular aerobic conditioning. Pass/No Pass or Letter Grade Option (UC Credit Limitation/CSU, AA GE, CSU GE)

Total Units 18-20
KIN 114 C Springboard Diving (formerly PE 136 C) 0.5-1 Units

Prerequisite(s): Demonstrate ability to swim.

Term hours: 27-54 hours activity depending on units attempted. This course is designed to teach the fundamentals of springboard diving. The beginning diver will learn diving progression for the front, back, reverse, inward and twisting dives. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 115 C Springboard Diving - Intermediate - Advanced 0.5-1 Units

Prerequisite(s): Demonstrate ability to swim.

Advisory: KIN 114 C

This course is designed to teach the intermediate and advanced skills of springboard diving. The experienced diver will learn advanced diving progression for the front, back, reverse, inward and twisting dives. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 116 C Swim for Fitness (formerly PE 149 C) 0.5-1 Units

Prerequisite(s): Demonstrate ability to swim.

Term hours: 27-54 hours activity depending on units attempted. This course will emphasize swimming for health and physical fitness. The class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through the use of aerobic and anaerobic conditioning. Participating adults and others seeking a fitness program may expect to improve their overall fitness level through aquatic training. Pass/No Pass/Letter Grade Option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 117 C Water Aerobics (formerly PE 151 C) 0.5-1 Units

Term hours: 27-54. This course is designed to provide calisthenic type exercises and routines using the resistance of the water as a means for developing cardiovascular endurance, strength, flexibility, and coordination. Students will be able to improve posture and appearance through performance and understanding of using the water as a resistance. Non-swimmers welcome. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 120 C Kick-Boxing (formerly PE 163 C) 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course covers instruction in forms of kick-boxing that stress cardiovascular endurance, strength development, and improved flexibility. The aerobic workout will include influences from several martial arts. The sparring and self-defense aspects of kick-boxing will be included. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 121 C Self-Defense (formerly PE 170 C) 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course provides instruction in developing both physical and cognitive skills in personal safety and self-protection. Through different forms of martial arts training, students will practice both defensive and offensive moves against various forms of attacks, including weapons. Proficiency in the practical, effective, and tactical use of movement, leverage, strikes, and use of everyday objects. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 122 C Yoga - Intermediate 0.5-1 Units

Advisory: Students should have taken KIN 130 C or demonstrate intermediate yoga practitioners skills.

Term hours: 27-54 hours activity depending on units attempted. This is an intermediate course in yoga. It involves a deeper investigation and practice of yoga postures (asana), breathing (pranayama), and meditation, through the eight-limb system of Patanjali. This course will introduce students to a more thorough exploration of Yoga through its primary practicing methodology of asana, pranayama, and meditation. This process of practice will offer a deeper signification of the integration of body, mind, and spirit, as integral to the practice of yoga. Pass/No Pass/Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 123 C Cardiovascular Conditioning (formerly PE 114 C) 0.5-1 Units

Term hours: 27-54 lab hours depending on units attempted. This course is designed to provide an individualized exercise program for the student interested in achieving physical fitness through a program of cardiovascular conditioning. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)
KIN 134 C Walking for Fitness (formerly PE 121 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize walking for health and fitness for men and women who are interested in instruction and practice of cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass or Letter Grade option. (UC Credit Limitation, CSU, AA GE, CSU GE)

KIN 134AC Walking for Fitness - Beginning (formerly KIN 134 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize walking for health and fitness for those who are interested in instruction and practice of cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 134BC Walking for Fitness - Intermediate 0.5-1 Units
Advisory: KIN 134AC. 
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize intermediate walking for health and fitness for those who are interested in instruction and practice of cardiovascular walking. This course is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE)

KIN 134CC Walking for Fitness - Advanced 0.5-1 Units
Advisory: KIN 134BC.
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize advanced walking for health and fitness for those who are interested in instruction and practice of cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE)

KIN 135 C Cardio Step (formerly PE 129 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course provides aerobic development through coordinated stepping movements performed to music. This course will emphasize cardiovascular improvement, muscle development, and improved body composition. Pass/No Pass or Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 136 C Cardio Step - Intermediate (formerly Step Aerobics - Intermediate) 0.5-1 Units
Advisory: KIN 135 C
Term hours: 27-54 hours activity depending on units attempted. This course provides aerobic development through coordinated intermediate stepping movements performed to music. The class will emphasize cardiovascular improvement, muscle development, and improved body composition. Pass/No Pass or Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 137 C Mountaineering and Rock Climbing (formerly PE 142 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course is designed for those students wishing to develop beginning through advanced skills in mountaineering/rock climbing. Teaching emphasis is on preparation, knowledge of equipment, physical techniques and the mental approach to climbing. Facility use fee required, to be paid throughout the semester at the facility. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 138 C Body Sculpt (formerly PE 148 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course provides a whole body workout without jogging, running, jumping or other high impact type movements which might result in overstress to feet, ankles, knees, hips or the spinal column. This course is designed to prevent injury and is ideal for beginning exercisers, individual with higher body mass, injured or recuperating students, older students as well as the general student population. This class is designed for both men and women. Pass/No Pass or Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 139 C Cardio Blast (formerly PE 150 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course provides an aerobic development through rhythmic, high impact movements. The class activities will emphasize stretching, walking, jogging, running, and rope jumping in a dance setting to music. Pass/No Pass or Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 140 C Fitness Training (formerly PE 152 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This circuit training course has proven especially beneficial for people not interested in competitive weight training but desiring good muscle tone and cardiovascular fitness. This type of training gives maximum return in a controlled workout. Pass/No Pass or Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 142 C Power Training (formerly PE 156 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course is designed to provide instruction and supervision of students with individualized power training programs using free weights. It is for men and women of all ages who are interested in improving power moves using squats, dead lifts, and the bench press. Pass/No Pass or Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 143 C Strength Training (formerly PE 159 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course is designed to individualized instruction and supervision of students with individualized strength training programs using Life Fitness, Universal and Olympic weights. It is for men and women of all ages who are interested in improving muscle tone, muscle rehabilitation, and/or weight redistribution. Pass/No Pass or Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 144 C Boot Camp Workout - Intermediate (formerly HIIT - High Intensity Interval Training) 0.5-1 Units
Advisory: KIN 145 C
Term hours: 27-54 hours activity depending on units attempted. This course is designed for students to participate in a comprehensive fitness program which includes stretching, cardiovascular, and strengthening exercises with an emphasis on higher intensity, short-term intervals. The exercises help develop agility, improve coordination, and increase endurance while normalizing body weight and improving muscle tone. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)
KIN 145 C Boot Camp Workout (formerly PE 168 C) 0.5-1 Units
Term hours: 27-54 laboratory. This course will focus on individual exercises including obstacle course, calisthenics, conditioning, weight training, aerobics, yoga, and overall fitness. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 146 C Cardio Core (formerly PE 178 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course is designed for students to participate in a comprehensive fitness program which includes stretching and core strengthening exercises using stability balls, hand weights and tubing. The exercises help develop agility, improve coordination, and increase core body strength. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 147 C Body Building and Development (formerly PE 182 C) 0.5-1 Units
Term hours: 27-54 lab hours depending on units attempted. This course includes building and developing the body through the use of progressive resistance exercises, as well as instruction in the proper techniques of power lifting. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 148 C Total Body Fitness (formerly PE 187 C) 0.5-1 Units
Term hours: 24-54 hours activity depending on units attempted. This course emphasizes physical fitness which will be achieved through the use of resistance exercises and body building routines. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 149 C Weight Training and Lifting (formerly PE 193 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This weight training class stressing techniques of lifting that will produce muscle tone and strength. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 150 C Trail Hiking 0.5-1 Units
Advisory: Students should be able to complete a 1.0 mile walk within 20 minutes.
0 mile walk within 20 minutes. Term hours: 27-54 hours of activity depending on units attempted. This course explores scenic trails including the coast, canyons, parks, hills, and open space areas. Trails are off-campus and student's must provide their own transportation. Pass/No Pass or Letter Grade Option. (UC Credit Limitation/ CSU, AA GE, CSU GE)

KIN 151 C Spinning-Beginning 0.5-1 Units
Term Hours: 27-54 lab hours depending on units attempted. This course explores spinning, a unique, indoor, group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine. Spinning accommodates everyone's individual needs and abilities. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 152 C Spinning - Intermediate 0.5-1 Units
Advisory: KIN 151 C
This course covers spinning, a unique, indoor, group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine and is designed for those who have prior experience. Spinning accommodates everyone's individual needs and abilities. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 153 C Spinning - Advanced 0.5-1 Units
Advisory: KIN 152 C.
Term Hours: 27-54 hours lab. This course is a unique, indoor group stationary cycling program. This efficient, high-energy group exercise integrates music and cycling in a complete exercise routine and is designed for those who have at least intermediate experience. Spinning accommodates everyone's individual needs and abilities. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 154 C Triathlon - Beginning 0.5-1 Units
Term hours: 27-54 laboratory depending on units attempted. This course provides a dynamic physical fitness program which focuses on swimming, cycling and running. The process will allow the student to gain thorough body conditioning as well as knowledge and experience in the sport of triathlon. Topics will include cardio-respiratory training, strength training, and flexibility activities which are consistent to triathlon training. This course will contribute to students who are obtaining a kinesiology degree or who wish to develop more intensive physical training techniques. Participants entering this course can be at a beginning level of fitness and be comfortable in the water. Spin bikes will be provided. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 155 C Triathlon - Intermediate 0.5-1 Units
Advisory: KIN 154 C.
Term hours: 27-54 hours lab depending on units attempted. This course provides a dynamic physical fitness program which focuses on swimming, cycling and running. The process will allow the student to gain thorough body conditioning as well as knowledge and experience in the sport of triathlon. Topics will include cardio-respiratory training, strength training, and flexibility activities which are consistent to triathlon training. This course will contribute to students who are obtaining a kinesiology degree or who wish to develop more intensive physical training techniques. Participants entering this course should be at an intermediate level of fitness and know how to swim freestyle. Spin bikes will be provided but for students wishing to progress to the road, helmets as well as safe bicycles will be beneficial. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 159 C Fitness Testing and Exercise Prescription (formerly PE 154 C) 2 Units
Prerequisite(s): Physician's clearance required for persons age 45 or over.
Term hours: 18 lecture and 54 hours activity. This course will evaluate the fitness level of individuals by modern scientific equipment. Based on the results of a battery of tests, an exercise prescription will be developed to meet individual goals. Student progress will be evaluated with post testing. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 160 C Badminton - Beginning (formerly PE 105 C Badminton) 0.5-1 Units
Advisory: KIN 159 C
Term hours: 27-54 hours activity depending on units attempted. This is a course in the fundamental skills of badminton with emphasis on position play and strategy for singles, doubles and mixed doubles. The class will include rules, etiquette, drills, and class competition. Equipment is furnished. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 161 C Badminton - Intermediate 0.5-1 Units
Advisory: KIN 160 C
Term hours: 27-54 hours activity depending on units attempted. This is a course in intermediate skills of badminton with emphasis on position play and strategy for singles, doubles and mixed doubles. This course will include rules, etiquette, drills, and class competition. Equipment is furnished. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)
KIN 162 C Badminton - Advanced 0.5-1 Units
Advisory: KIN 161 C
This is a course in advanced skills of badminton with emphasis on position play and strategy for singles, doubles and mixed doubles. This course will include rules, etiquette, drills, and class competition. Equipment is furnished. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 163 C Table Tennis (formerly PE 107 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will consist of essential strokes with emphasis on the game strategies for singles and doubles play of table tennis. Rules, etiquette and tournament format will be introduced to the class. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 164 C Bowling - Beginning (former PE 108 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course teaches the fundamental skills of bowling with emphasis on form, terminology and scoring. The student will have the opportunity for class competition. The class will be conducted at an off campus bowling establishment. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 165 C Bowling - Intermediate 0.5-1 Units
Advisory: Student should have beginner experience in bowling or have taken KIN 164 C.
Term hours: 27-54 hours activity depending on units attempted. This course teaches intermediate skills of bowling with emphasis on etiquette, terminology and equipment. The student will have the opportunity for class competition. The class will be conducted at an off campus bowling establishment. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 166 C Bowling - Advanced 0.5-1 Units
Advisory: Student should have intermediate experience in bowling or have taken KIN 165 C.
Term hours: 27-54 hours activity depending on units attempted. This course teaches advanced skills of bowling with emphasis on form, rules, and etiquette. The student will have the opportunity for class competition. The class will be conducted at an off campus bowling establishment. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 167 C Gymnastics-Tumbling (formerly PE 119 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course is designed to give the student concentrated instruction and practice in the skills of tumbling, floor exercises, and vaulting skills. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 168 C Tennis - Beginning (formerly PE 139 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will place emphasis on tennis fundamentals including forehand, backhand, and the serve. The course also includes rules, court strategy, and etiquette of singles and doubles play. Tournaments will be conducted during class sessions. Students must provide their own equipment. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 169 C Tennis - Intermediate (formerly PE 141 C) 0.5-1 Units
Advisory: Student should have beginner experience in tennis or have taken KIN 168 C.
Term hours: 27-54 hours activity depending on units attempted. This course is designed for students desiring instruction from intermediate to advanced tennis and provides the opportunity to put techniques into practice through placement in the various levels of tennis ability. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 170 C Tennis - Advanced 0.5-1 Units
Advisory: Student should have intermediate experience in tennis or have taken KIN 169 C.
Term hours: 27-54 hours activity depending on units attempted. This course is designed to help the advanced tennis student improve specific skills and strategies in competitive game situations. Pass/No Pass/Letter Grade option (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 171 C Golf - Beginning (formerly PE 115 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course emphasizes the basic fundamentals of golf, including rules, etiquette and terminology. Golfing activity will be held at an on-campus location for the first half of the class. The second half of the class will be held at an off-campus golf facility. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 172 C Golf - Intermediate (formerly PE 157 C) 0.5-1 Units
Advisory: Student should have beginner experience in golf or have taken KIN 171 C.
Term hours: 27-54 hours activity depending on units attempted. This course will emphasize advanced golf techniques and playing strategies. The class will provide advanced and low handicap golfers the opportunity to enhance their skills and techniques in execution of golf scoring strategies. Required facility use fee to be paid throughout the semester at the facility. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 173 C Golf - Advanced 0.5-1 Units
Advisory: Student should have intermediate experience in golf or have taken KIN 172 C.
Term hours: 27-54 hours. This course provides training for those seeking improvement in their golf technique and knowledge. Emphasis is on developing ball-striking skills, and on scorecard evaluation, strategy, course management, and proper application of the rules of golf. Students are responsible for balls, golf clubs, and range fees. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 174 C Pickleball - Beginning 0.5-1 Units
Term Hours: 27-54 hours of lab activity depending on units attempted. This course covers the development of beginning-level playing, competitive skills in the paddle sport of pickleball, and instruction in the beginning skills, techniques, strategies, along with rules and etiquette. Pickleball features simple rules and is easy to learn. Because beginners can enjoy the sport almost immediately, while advanced players experience it as a fast-paced, highly competitive game, pickleball is suitable for individuals of all ages, fitness levels and athletic abilities. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)
KIN 175 C Pickleball - Intermediate 0.5-1 Units
Advisory: KIN 174 C
This course covers the development of intermediate-level playing and competitive skills in the paddle sport of pickleball. Instruction in the intermediate skills, techniques, strategies, along with rules and etiquette. Pickleball features simple rules and is easy to learn and fast paced. This sport is suitable for individuals of all ages, fitness levels and athletic abilities. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 176 C Pickleball - Advanced 0.5-1 Units
Advisory: KIN 175 C
This course covers the development of advanced-level playing and competitive skills in the paddle sport of pickleball. Instruction in the advanced skills, techniques, strategies, along with rules and etiquette. Pickleball features simple rules and is easy to learn. Pickleball is suitable for individuals of all ages, fitness levels and athletic abilities. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 180 C Futsal - Beginning (formerly PE 109 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will provide instruction and practice in the techniques of futsal (indoor soccer). This course will develop skills, provide knowledge of the rules and teach students to analyze techniques, solve tactical problems and improve physical fitness. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 181 C Futsal - Intermediate 0.5-1 Units
Advisory: KIN 180 C
This course is designed to strengthen fundamental soccer skills. Emphasis is on scrimmages and applying offensive and defensive group strategies in competitive play. The course also introduces tactical strategies for each player: forwards, midfielders, fullbacks, and goalkeepers. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 182 C Futsal - Advanced 0.5-1 Units
Advisory: KIN 181 C.
Term Hours: 27-54 lab hours depending on units attempted. This course is designed for players who have mastered the fundamental skills, strategies, and rules of soccer and seek to develop advanced-level physical and mental skills for competitive play. In addition to refining offensive and defensive skills, students analyze game tactics and evaluate strategies for strengthening personal and team performance. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 183 C Volleyball - Beginning (formerly PE 144 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will include teaching of the basic skills of volleyball with an emphasis on strategy and rules. The students will be offered the opportunity for class and interclass competition. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 184 C Volleyball - Intermediate (formerly PE 145 C) 0.5-1 Units
Advisory: KIN 183 C
This course is designed to provide intermediate skill development and strategies of volleyball. This class will provide intermediate players an opportunity to practice competitive techniques in games situations. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 185 C Volleyball - Advanced 0.5-1 Units
Advisory: KIN 184 C
Term hours: 27-54 hours lab depending on units attempted. This course presents advanced volleyball techniques and tactics for team and tournament play. The course offers advanced skills, court positioning, defensive techniques, and team strategy, both offensive and defensive. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 186 C Beach Volleyball - Beginning (formerly PE 126 C) 0.5-1 Units
Term hours: 27-54 laboratory. This course provides basic instruction and strategies in beach volleyball. Designed to develop basic skills, knowledge of rules, team strategies and desire for future participation during leisure times. Course may be taken one time for credit. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 187 C Beach Volleyball - Intermediate (formerly PE 128 C) 0.5-1 Units
Advisory: Student should have beginning beach volleyball skill or have taken KIN 186 C.
Term hours: 27-54 laboratory. This course provides instruction, strategies and practice of skills in beach volleyball. The course is designed to develop intermediate skills, knowledge of rules, team strategies and desire for future participation during leisure times. The course emphasizes advanced offensive and defensive theories in competitive match situations. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 188 C Beach Volleyball - Advanced 0.5-1 Units
Advisory: Student should have intermediate beach volleyball skill or have taken KIN 187 C.
Term hours: 27-54 laboratory depending on units attempted. This course provides instruction, strategies and practice of skills in beach volleyball. The course is designed to develop advanced skills, knowledge of rules, team strategies and desire for future participation during leisure times. The course emphasizes advanced offensive and defensive theories in competitive match situations. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 189 C Basketball - Beginning (formerly PE 181 C) 0.5-1 Units
Term hours: 27-54 hours activity depending on units attempted. This course will include instruction in the fundamental skills of basketball with an emphasis on strategy and team play. The class will include rules, drills, and team competition. Equipment is furnished. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 190 C Basketball - Intermediate (formerly PE 160 C) 0.5-1 Units
Advisory: Students should have beginning basketball skill or have taken KIN 189 C.
Term hours: 27-54 hours activity depending on units attempted. This activity course stresses development of the fundamental skills of basketball. Game strategies including various offenses and defenses will be analyzed and applied through team competition. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 191 C Basketball - Advanced 0.5-1 Units
Advisory: Student should have intermediate basketball skill or have taken KIN 190 C.
Term hours: 27-54 lab hours dependent on units attempted. This course is designed for players who have mastered the fundamental skills, strategies, and rules of basketball and seek to develop advanced-level physical and mental skills for competitive play. In addition to refining offensive and defensive skills, students analyze game tactics and evaluate strategies for strengthening personal and team performance. Pass/No Pass/Letter Grade option (CSU/UC Credit Limitation, AA GE, CSU GE)
KIN 192 C Water Polo (formerly PE 146 C) 0.5-1 Units

**Prerequisite(s):** Demonstrate ability to swim.

Term hours: 27-54 hours activity depending on units attempted. This course offers basic instruction in the fundamental skills of water polo. Instruction will emphasize passing, shooting, dribbling, conditioning, game strategy, and terminology. The course will include aquatic drills, scrimmages, and appropriate learning activities for the intermediate and advanced water polo player. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 193AC Soccer - Beginning (formerly KIN 193 C) 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This class will provide instruction and practice in the techniques of soccer. Students will develop skills, knowledge of rules, analysis of techniques and game strategies. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation, AA GE, CSU GE)

**Advisory:**

KIN 193BC Soccer - Intermediate 0.5-1 Units

**Advisory:** KIN 193AC.

Term hours: 27-54 hours activity depending on units attempted. This course will provide intermediate instruction and practice in the techniques of soccer. Students will develop skills, knowledge of rules, analysis of techniques and game strategies. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation, AA GE)

KIN 194 C Softball (formerly PE 172 C) 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course will emphasize basic skills of women's softball including techniques, strategies of offense and defense, rules, and terminology. Pass/No Pass/Letter Grade option (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 195AC Baseball - Beginning (formerly KIN 195 C) 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course includes instruction in the fundamental skills of baseball with emphasis on techniques, game strategy, and the correct methods to play the game. The course will include drills and class competition. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE)

**Advisory:** KIN 195AC.

KIN 195BC Baseball - Intermediate 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course includes instruction in the intermediate skills of baseball with emphasis on intermediately skilled techniques, game strategy, and the correct methods to play the game. The course will include drills and class competition for intermediately skilled players. (CSU/UC Credit Limitation, AA GE)

**Advisory:** KIN 195BC.

KIN 195CC Baseball - Advanced 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course includes instruction in the skills of baseball with emphasis on advanced techniques, game strategy, and the correct methods to play the game. The course will include drills and class competition for players with advanced skills. (CSU/UC Credit Limitation, AA GE)

KIN 197 C Flag Football (formerly PE 197 C) 0.5-1 Units

Term hours: 27-54 hours activity depending on units attempted. This course will include the basic fundamentals of flag and touch football. The class will emphasize rules, safety procedures and team play. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 198 C Athletic Weight Training (formerly PE 104 C) 0.5-3 Units

**Prerequisite(s):** KIN 202 C or KIN 203 C or KIN 204 C or KIN 205 C or KIN 206 C or KIN 207 C or KIN 211 C or KIN 212 C or KIN 213 C or KIN 214 C or KIN 215 C or KIN 217 C or KIN 218 C or KIN 219 C or KIN 222 C, with a grade of C or better or demonstrate advanced athletic skills.

Term hours: 27-162 laboratory. This course is designed for individualized instruction and practice in the areas of weight training, weight lifting, anaerobic and aerobic fitness, and flexibility for competition in various intercollegiate sports. May be taken for credit 4 times. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 199 C Conditioning for Athletes (formerly PE 162 C) 0.5-3 Units

**Prerequisite(s):** KIN 202 C or KIN 203 C or KIN 204 C or KIN 205 C or KIN 206 C or KIN 207 C or KIN 211 C or KIN 212 C or KIN 213 C or KIN 214 C or KIN 215 C or KIN 217 C or KIN 218 C or KIN 219 C or KIN 222 C, with a grade of C or better or demonstrate advanced athletic skills.

Term hours: 27-162 hours activity depending on units attempted. This course is designed with athletes in mind, but not limited to them, to enable them to work out with a prescribed individual weight program at least three days a week. It will involve specific resistance exercises to develop parts of the body used in various types of sports activities. It will also add to the safety of the athletes by helping to prevent injuries. Course may be taken 4 times for credit. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 200 C Athletic Skill Development 0.5-3 Units

**Prerequisite(s):** KIN 202 C or KIN 203 C or KIN 204 C or KIN 205 C or KIN 206 C or KIN 207 C or KIN 211 C or KIN 212 C or KIN 213 C or KIN 214 C or KIN 215 C or KIN 217 C or KIN 218 C or KIN 219 C or KIN 222 C, with a grade of C or better or demonstrate advanced athletic skills.

Term hours: 27-162 laboratory. This course is designed with athletes in mind, but not limited to them, to enable them to work out with a prescribed individual weight program at least three days a week. It will involve specific resistance exercises to develop parts of the body used in various types of sports activities. It will also add to the safety of the athletes by helping to prevent injuries. May be taken four times for credit. Pass/No Pass or Letter Grade option.
KIN 202 C Intercollegiate Baseball (formerly PE 202 C) 3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. This course is designed for the advanced baseball player wanting to participate on the intercollegiate baseball team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. Pass/No Pass/Letter Grade option. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 203 C Intercollegiate Basketball - Men (formerly PE 203 C) 1.5-3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 80-175 activity. This course is designed for the advanced basketball player wanting to participate on the intercollegiate basketball team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 204 C Intercollegiate Basketball - Women (formerly PE 204 C) 1.5-3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 80-175 activity. In order to participate in this course and intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 205 C Intercollegiate Beach Volleyball - Women (formerly PE 217 C) 3 Units
**Prerequisite(s):** Pass team tryouts and must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the intercollegiate classes. The most qualified student athletes will be selected to represent the college during the season. This class satisfies the physical education graduation requirement. This sport will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice of a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 206 C Intercollegiate Golf - Men (formerly PE 208 C) 3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. This course is designed for the advanced golfer wanting to participate on the intercollegiate golf team. In order to participate in intercollegiate athletics, students must be able to meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. May be taken for credit 4 times. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 207 C Intercollegiate Golf - Women 3 Units
**Prerequisite(s):** Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. This course is designed for the advanced golfer wanting to participate on the intercollegiate golf team. In order to participate in intercollegiate athletics, students must be able to meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 210 C Intercollegiate Soccer - Men (formerly PE 209 C) 3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. This course is designed for the advanced soccer player wanting to participate on the intercollegiate soccer team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 211 C Intercollegiate Soccer - Women 3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. This course is designed for the advanced soccer player wanting to participate on the intercollegiate soccer team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 212 C Intercollegiate Softball - Women (formerly PE 210 C) 3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation, AA GE, CSU GE)

KIN 213 C Intercollegiate Swimming - Men (formerly PE 211 C) 3 Units
**Prerequisite(s):** Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition. Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation, AA GE, CSU GE)
KIN 214 C Intercollegiate Swimming - Women (formerly PE 212 C) 3 Units
Prerequisite(s): Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 215 C Intercollegiate Tennis (formerly PE 214 C) 3 Units
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 175 activity. This course is designed for the advanced tennis player wanting to participate on the intercollegiate tennis team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 217 C Intercollegiate Volleyball - Women (formerly PE 218 C) 3 Units
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 218 C Intercollegiate Water Polo - Women (formerly PE 219 C) 3 Units
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 175 activity. In order to participate in this course and in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. Course may be taken four times for credit. (UC Credit Limitation/CSU, AA GE, CSU GE)

KIN 219 C Intercollegiate Water Polo - Men 3 Units
Prerequisite(s): Must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 175 laboratory. In this course, for students to participate in intercollegiate athletics, all students must enroll in one of the above courses. The most qualified student athletes will be selected to represent the college during the season. These courses satisfy the Physical Education requirement. This course will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required. This course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 222 C Intercollegiate Badminton - Women (formerly PE 222 C) 3 Units
Prerequisite(s): Students must meet the California Community College Athletics Association (CCCAA) eligibility requirements and pass a physical examination prior to intercollegiate competition.
Term hours: 175 activity. This course is designed for the advanced badminton player wanting to participate on the intercollegiate badminton team. In order to participate in intercollegiate athletics, students must meet the CCCAA eligibility requirements and pass an athletic medical screening. Daily practice is required. Course may be taken four times for credit. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 230 C Introduction to Kinesiology (formerly PE 252 C) 3 Units
Term hours: 54 lecture. This course covers the introduction and orientation to the field of Kinesiology as a profession and as an academic discipline. Explores sub-disciplines, opportunities in the field, philosophy, and scientific foundation. (UC/CSU, C-ID: KIN 100)

KIN 231 C Elementary School Movement - Kinesiology (formerly PE 231 C) 3 Units
Term hours: 36 lecture and 54 laboratory. This course is designed to acquaint the prospective elementary school teachers with physical education programs in grades K-6. The course includes observation, visitation, and actual teaching field work at an elementary school. The campus laboratory hours include methods, skills, and activities used in teaching elementary physical education. The course is recommended for elementary education majors and recommended for recreation and physical education majors. (CSU/CSU GE)

KIN 235 C First Aid, CPR and Emergencies (formerly PE 235 C) 3 Units
Term hours: 54 lecture. This course includes the theory and implementation of the skills necessary in response to an emergency. Successful completion of the course will qualify the student for the American Red Cross "Responding to Emergencies" First Aid Certificate, Adult, Child and Infant CPR Certificates, and Automated External Defibrillation Certificate. Costs may include materials for the construction of a First Aid Kit. $27 Red Cross service fee payable at registration. (UC/CSU, CSU GE, C-ID: KIN 101)

KIN 236 C Athletic Injuries-Prevention and Care (formerly PE 236 C) 3 Units
Term hours: 54 lecture. This course concentrates on the prevention, evaluation, treatment and rehabilitation of athletic injuries. Methods of taping and the use of training room equipment will also be covered. (UC/CSU)

KIN 240 C Sports Officiating (formerly PE 240 C) 3 Units
Term hours: 36 lecture and 54 hours activity. This course provides practical experience with an emphasis on knowledge and interpretation of rules of sporting events. The rules and mechanics of officiating basketball, baseball, softball, volleyball and other sports will be covered. This course can be used for recreation majors, physical education majors, and people involved in community athletic organizations. The course will also explore avenues of employment related to sports officiating. (CSU/UC)

KIN 241 C Theory of Coaching Basketball (formerly PE 266 C) 3 Units
Term hours: 36 hours lecture and 54 laboratory. This course is designed to study the various aspects of coaching basketball. The emphasis of the class will be on the theory of how to organize a basketball program activity from start to finish of a season. The development of individual/team skills both offensive and defensive and scouting and/or coaching will be examined. (UC Credit Limitation/CSU)
KIN 242 C Theory of Coaching Baseball (formerly PE 267 C) 3 Units
Term hours: 36 lecture and 54 hours activity. This course includes the study of various aspects of coaching baseball. The emphasis of the class will be on the theory of how to organize a baseball program, develop individual skills, and coach offensive and defensive team work. The lab consists of scouting and coaching baseball. (UC Credit Limitation/CSU)

KIN 244 C Lifetime Fitness and Wellness (formerly Human Performance) 3 Units
Term hours: 54 lecture. This course provides guidelines for lifetime fitness using a combined approach of exercise physiology, nutrition, and biomechanics. Students will develop a working knowledge of physiological adaptations to aerobic and anaerobic exercise, of nutritional programs to achieve and maintain ideal body weight, and of desirable lifestyle management behaviors to improve wellness and health. (CSU/UC, AA GE, CSU GE)

KIN 247 C Sports Management (formerly PE 247 C) 3 Units
Term hours: 54 lecture. This course consists of how to organize, manage, plan, staff, direct, and control a sports program. The course also includes such areas as budget, facilities, scheduling, officials, transportation, public relations, parent and booster clubs, purchase and care of athletic equipment, fund raising, and marketing. (CSU)

KIN 248 C Psychology of Sport (formerly PE 248) 3 Units
Term hours: 54 lecture. This course consists of the psychological study of athletes on all levels of competition. The course includes such areas as competition, understanding coaches, goal setting, motivation, youth sports, anxiety and stress, relaxation and sport imagery, relationships, and drug abuse in sports. (UC/CSU, AA GE, CSU GE, IGEC)

KIN 249 C Sport and United States Society (formerly PE 250 C) 3 Units
Term hours: 54 lecture. This course examines sport in the United States society and how various ethnic and under-represented groups have influenced sport participation at the local, state, and national levels. Influences of other cultures outside of the United States will be reviewed and analyzed. Media influences on the perception of sport in society will be examined. (CSU/UC, AA GE, CSU GE, IGEC, SOC JUST)

KIN 255 C Lifeguarding (formerly PE 237 C) 1 Unit
Prerequisite(s): A minimum of 15 years of age, the ability to swim continuously 500 yards and complete a 7 to 10 feet surface dive.
Term hours: 18 lecture and 18 laboratory. This course is designed to develop and perfect the basic swimming strokes needed to successfully execute the various lifesaving skills. Upon completion of the class a student who successfully passes the written and practical exams will be qualified to be certified for an American Red Cross Lifeguard Training, First Aid, and CPR for the Professional Rescuer. $35 materials fee payable at registration (CSU/UC, CSU GE)

KIN 256 C Water Safety Instruction (formerly PE 238 C) 2 Units
Prerequisite(s): 16 years of age minimum, American Red Cross precourse written and skills tests.
Advisory: Competency in swimming, diving, and water safety skills.
Term hours: 18 lecture and 54 laboratory. This American Red Cross course will prepare instructor candidates to teach a variety of American Red Cross swimming and water safety courses to people of all ages. Upon satisfactory completion, the students will receive an American Red Cross Water Safety Instructor certificate. This class does not meet the requirements for PE activity classes. $52 materials fee payable at registration. (CSU/UC Credit Limitation)

KIN 271 C Movement Anatomy 3 Units
Term hours: 54 lecture. This course discusses movement as it relates to exercise and sports. The course examines the composition, structure, function and movements of bones and joints; the structure and actions of skeletal muscle; and the practical application of kinesiological principles in developing structurally sound exercise program. (CSU/UC Credit Limitation)

KIN 272 C Strength and Conditioning 3 Units
Term hours: 54 lecture. This course provides a thorough review of the structure, action and performance of skeletal muscle for those intending to teach strength training. The course studies anatomy and physiology; muscular strength and endurance; flexibility; training sequences; available equipment; and safety factors, including contraindications. This course is part of Fitness Specialist Certification. (CSU/UC Credit Limitation)

KIN 273 C Exercise Physiology 3 Units
Term hours: 54 lecture. This course examines how the body functions under conditions of exercise stress. Students will study the practical implications of muscle function, cardiorespiratory and hormonal function; metabolism; body composition, training techniques; and the influence of the environment on exercise. (CSU/UC Credit Limitation)

KIN 274 C Exercise Testing and Prescription 3 Units
Term hours: 35 lecture and 54 laboratory. This course, a part of the Fitness Specialist Certificate Program, is a survey of health-related assessment tests and exercise prescription. Study of the application of exercise guidelines for apparently healthy adults based upon the standards of the American Heart Association and the American College of Sports Medicine. (CSU)

KIN 283 C Women's Health 3 Units
Term Hours: 54 lecture. This course investigates a variety of topics that concern women's health. These include the effect of lifestyle on health; the role of exercise and nutrition in promoting wellness; risk factors for cardiovascular disease, chronic diseases, and cancer; social influences and work trends that affect women; abusive behaviors, sexual harassment, and substance abuse; sexual and reproductive health; and the aging process. Students analyze theoretical and practical information to make healthy lifestyle choices. (CSU/UC Credit Limitation, AA GE, CSU GE)

KIN 284 C Contemporary Personal Health (formerly PE 234 C) 3 Units
Term hours: 54 lecture. This course focuses on the exploration of major health issues and behaviors in the various dimensions of health. Emphasis is placed on individual responsibility for personal health and the promotion of informed, positive health behaviors. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety. (CSU/UC Credit Limitation, AA GE, CSU GE, C-ID: PHS 100)

KIN 285 C Global and Community Health 3 Units
Term Hours: 54 lecture. This course explores the primary determinants of global health, inequalities in health status among nations, and current challenges, controversies and public policy priorities. (UC/CSU, AA GE, CSU GE, IGEC)
KIN 289 C Civic Engagement in Public Health  
Term hours: 36 lecture and 60 laboratory. This course focuses on community as a unit of identity, community, well being, and social justice perspectives and initiatives to promote community health. This course addresses community change and improvements in community well being, with a focus on health equity research for action using principles and practice in the planning, facilitation and evaluation of public health education and trainings. This course covers basic theories and participatory training methods with a focus on meeting the needs of diverse communities and adult learners. Students complete 60 hours of internship in the area of public health engagement. (CSU, AA GE)

KIN 290 C Philosophy and Consciousness of Yoga  
Term hours: 54 lecture. This course is an introduction to the philosophy of yoga. With a critical and historical overview and analysis of the Upanishads and the Bhagavad Gita, further, students will critically analyze the Yoga Sutras of Patanjali. This lineage of yoga will be approached through the methodology of practice set out by Patanjali that integrates an eight-limbed system of practice. (CSU)

KIN 291 C Yoga and the Physical Body  
Term hours: 36 lecture and 54 laboratory. This course is an introduction to anatomy and physiology of yoga, critically observed through the practical application of asana (postures). Students will look at asana through the principles of effort and ease: what are the key musculoskeletal areas in use during asana, and what is implied by effort and ease as a synthesis for exploring and returning to homeostasis in the body. (CSU)

KIN 292 C Yoga and the Subtle Body  
Term hours: 36 lecture and 54 laboratory. In this course, students will learn that the subtle body refers to the energy systems of the body. Students will look at what energy (prana) is, and how it is stored and is moved throughout the body as a form of information. Students will consider principles such as prana, nadis, chakras, as well as the koshas; further, students will approach the energy system as foundational for health, and as such, will look at foundational Ayurvedic principles. (CSU)

KIN 293 C Yoga Teaching Methodology and Ethics  
Prerequisite(s): KIN 291 with a grade of C or better.  
Advisory: KIN 290.  
Term hours: 36 lecture and 72 laboratory. This course is focused on yoga teaching methodology, and the ethics of teaching. Emphasis on asana variations, adjustments, and modifications of asana will be considered. Furthermore, development of instruction will be considered, how to teach to different bodies and ages, with consideration to verbal curing, language, physical presence, and sequencing. (CSU)

KIN 295 C Kinesiology - Internship Seminar  
Term hours: 36 lecture and 60 laboratory. This course is a seminar for analysis of field experiences, including appropriate theory, skills and techniques, in addition to supervised experience in an approved fieldwork location agency. Internship must be specific to the discipline of kinesiology. A minimum of 60 hours per semester is required. (CSU, AA GE)

KIN 298 C Kinesiology Seminar (formerly PE 298 C)  
Prerequisite(s): May be required.  
Advisory: May be required.  
Corequisite: May be required. Term hours: 9-216 lecture and/or 45-1080 laboratory depending on units attempted. This course will utilize a lecture/lab activity approach to various topics in Kinesiology. A variety of classes will be offered in order to introduce students to new experiences in the field. Pass/No Pass or Pass/No Pass/Letter Grade Option or Standard Letter Grade. Fee may be required - Payable at Registration. (CSU)

KIN 299 C Kinesiology - Independent Study (formerly PE 299C)  
Prerequisite(s): Approved Independent Study Learning Contract.  
Term hours: A maximum of 108 hours depending on units attempted. This course is designed for students who wish to gain experience in teaching physical education classes or to increase knowledge and experience in applied areas of Kinesiology. Students must obtain permission from instructor of subject area they will be working with and will be under direct supervision of that instructor. This course does not meet requirements of physical education activity classes. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Kinesiology and Athletics, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

Students who complete the Kinesiology program, students will be able to:

- Identify various career opportunities within the field of kinesiology.
- Demonstrate an understanding of the anatomical structure and physiological function of the body at rest and in human performance.
- Apply the principles of physical fitness development and maintenance as well as the body's responses to physical activity.
- Recognize factors instrumental in the development and performance of motor skills.
- Demonstrate an understanding of the value and significance of physical activity for human development, human interactions and quality of life.
- Display leadership, effective communication, and skill set related to the field.
- Appreciate and endorse the value of lifelong fitness.

Upon completion of the Public Health Science program, students will be able to:

- Describe the core functions of public health.
- Identify various career opportunities within the field of public health.
- Apply critical analysis skills to contemporary health issues.
- Assess the fundamental characteristics and organizational structures of the U.S. Health system and note significant differences in systems in other countries.
- Discuss the role of community engagement in promoting public health and social justice.
- Describe risk factors and modes of transmissions for infectious and chronic diseases and how these diseases affect both personal and public health.
- Appreciate the multiple determinants of health, including sociological, economic, genetic, behavioral, environmental, and other factors that impact human health and health disparities.
- Apply the basic concepts, methods, and tools of public health data collection, use, and analysis and explain why evidence-based approaches are an essential part of public health practice.
• Endorse lifestyle behaviors that promote individual and public health and well-being.
• Value multicultural perspectives and sensitivities on health.

Aquatics Specialist Certificate
Division: Kinesiology

Requirements
PROGRAM CODE: 1C07829

The Aquatics Specialist Certificate prepares the student for occupational competency in swimming instruction as recommended by the state of California and the American Red Cross. Course work in KIN 235 C, KIN 255 C, and KIN 256 C may be waived with current Red Cross cards in First Aid and CPR, Life Guarding and Water Safety Instruction at the discretion of the division. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 16 units.

Total Units: 16
To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. Social Justice, Equity and Sustainability and reading requirements;
4. (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires completion of 18-21 units.

To earn an Associate Degree students must complete:

The Kinesiology Associate in Arts Degree is designed to prepare students with a knowledgeable base of physical fitness, health practices, and professional activities for entry into the discipline of physical education/kinesiology/athletics. Further specialization is possible by combining the Associate of Arts Degree with electives chosen from a certificate program in fitness, aquatics, or coaching. A student may also elect to work toward a transfer program preparing for entry to a four-year institution.

Kinesiology Associate in Arts Degree for Transfer (AA-T)

Division: Kinesiology

PROGRAM CODE: 1A32135

The Kinesiology Associate in Arts Degree for Transfer is designed to provide an opportunity for the Kinesiology major to achieve a Kinesiology Associate in Arts for Transfer (AA-T in Kinesiology) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Kinesiology or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to
This degree requires a total of 21-23 units.

To earn an AA-T in Kinesiology students must complete the following requirements:

1. a minimum of 21-23 semester units or 31.5-34.5 quarter units in the major or area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area of emphasis, a P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better,
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units, and
5. obtainment of a minimum grade point average (GPA) of 2.0.

This degree requires a total of 21-23 units.

Public Health Science Associate in Science Degree for Transfer (AS-T)

Division: Kinesiology

Requirements

PROGRAM CODE: 1S37128

The Public Health Science Associate in Science Degree for Transfer is designed to provide an opportunity for the Public Health major to achieve an Associate in Science in Public Health for Transfer (AS-T in Public Health) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division coursework. This curriculum specifically prepares the prospective transfer student for upper division coursework in Public Health or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students with a degree in Public Health may pursue careers in a variety of health-related professions with employment opportunities in private, state, federal, corporate, and non-profit sector. The completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work.

To earn an AS-T in Public Health students must complete the following requirements:

1. 32.5 to 33 semester units or 48.75 to 49.5 quarter units in the Public Health major,
2. earn a grade of C or better in all courses required for the major or area of emphasis, AP(Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units, and
5. obtaining of a minimum grade point average (GPA) of 2.0.

Yoga Teacher Training (200-hour) Certificate

Division: Kinesiology

Requirements

PROGRAM CODE: 1C41003

The Yoga Teacher Training (200-hour) Certificate prepares students for and satisfies requirements of Yoga Alliance (RYS 200) accredited program. The program is structured in four layers: physical, subtle, psychological, and philosophical. This layered approach to the study of Yoga, from gross to subtle, is designed first, for students to experience the study of Yoga, as a system of practice; and second, from a place of experience, provide teaching tools based on the methodological study of Yoga. This methodological study of Yoga is based on Patanjali’s Yoga Sutras. The methodological study is designed to prepare students for employment as Yoga Teachers in the health and wellness industry. To earn this certificate, complete the required courses as listed with a grade of C or better. This certificate requires a total of 16 units.

Latin American Studies

Latin American Studies Transfer Program

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Liberal Studies

Transfer Program

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Multiple Subject Matter Program

A Multiple Subject Credential is required to teach elementary school in California. Before entering a Multiple Subject Credential Program a student must either earn a Bachelor Degree and pass the Multiple Subjects Assessment for Teachers or complete a Bachelor Degree that includes an approved Multiple Subject Matter Program that meets the seven areas prescribed by the Commission on Teacher Credentialing. Students should see a counselor for assistance in choosing appropriate classes to meet specific university requirements.

NOTE: Students, please see the Associate In Arts In Elementary Teacher Education for Transfer (p. 282), (AAT) listed under Education.

The Liberal Arts degree with an area of emphasis is designed to give students a broad introduction to an area of knowledge represented by related disciplines and topics. These degrees are intended for students who may not be intending to pursue a specific occupational major, nor are they necessarily planning to transfer. However, careful educational planning with a counselor will help to ensure that if a student did decide at a later date to transfer to a university, they would have a foundation in the transfer planning process. Students will select an “Area of Emphasis” based on their interests and educational goals.

Liberal Arts Associate in Arts Degree with an Area of Emphasis in Arts and Humanities (p. 248)
Liberal Arts Associate in Arts Degree with an Area of Emphasis in Human Communication (p. 250)
Liberal Arts Associate in Arts Degree with an Area of Emphasis in Social and Behavioral Sciences (p. 251)
Liberal Arts Associate in Science Degree with an Area of Emphasis in Math and Science (p. 253)

Courses
- MGT 055 C Business English 3 Units
  Term hours: 54 lecture. This course includes instruction in techniques of basic grammar, punctuation, vocabulary, spelling, and capitalization. The emphasis is on grammar as used in business communications.
- MGT 101 C Personal Finance 3 Units
  Term hours: 54 lecture. This course focuses on the management of personal income and expenses through effective financial planning, budgeting, and investing, showing students how to improve their standard of living and build wealth. Pass/No Pass/Letter Grade Option. (CSU)
- MGT 102 C Financial Literacy 3 Units
  Term hours: 54 lecture. This course is designed to provide students with the general financial knowledge and skills needed to take responsibility for their economic security, enabling students to make informed decisions to manage their money, build wealth, and protect assets. Pass/No Pass/Letter Grade Option. (CSU)
- MGT 111 C Business Communications 3 Units
  Prerequisite(s): MGT 055 C with a grade of C or better.
  Term hours: 54 lecture. This course includes instruction in the techniques of specific types of business communication media and in the general principles of effective communication. The elements and principles of written and spoken communications are covered with emphasis on the kind of writing and speaking that is conducted throughout a business career. The importance of communication is stressed. Applying skill and ingenuity in the use of the language is encouraged. Pass/No Pass/Letter Grade Option. (CSU)
- MGT 143 C Introduction to Legal Research 1 Unit
  Term hours: 18 lecture. This course provides an introduction to the nature and use of legal reference material with consideration given to a uniform system of citation. An exposure to legal reference material will include constitutions, statutes and codes, executive orders, administrative agency regulations and rulings, treaties, judicial reports, indexes, digests, citators, treatises, looseleaf services, periodicals, encyclopedias, procedure manuals, and form books. Pass/No Pass/Letter Grade Option. (CSU)
- MGT 151 C Business Mathematics 3 Units
  Term hours: 54 lecture. This course provides an introduction to the fundamental operation of arithmetic as applied to business problems. Included are problems in simple and compound interest; bank and purchase discounts, payroll computations, sales and property taxes, depreciation, business financial statements, and distribution of ownership and profits. (CSU)
- MGT 161 C Introduction to Business 3 Units
  Term hours: 54 lecture. This course provides a survey of the principles and practices of American businesses in a global environment. Subject areas include business organization structure, management, human relations, marketing, accounting, finance, small business operations, and international business. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE/C-ID: BUS 110)
MGT 199 C Management Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: The number of hours of scheduled conferences or activity per week will be determined by the instructor. This course is designed for students who wish to gain experience in management activities or to increase knowledge and experience in applied areas of leadership. Students must obtain permission from instructor of subject area they will be working with and will be under direct supervision of that instructor. This course does not meet requirements of management classes. May be taken for credit 4 times. (CSU)

MGT 211 C Writing for Business 3 Units
Prerequisite(s): ENGL 100 C or ENGL 101 C or ESL 110 C with a grade of C or better.
Term hours: 54 lecture. This course is an introduction to the communication skills and knowledge needed in today's organizations. It focuses on the writing process and communication fundamentals; ethical, legal, and multicultural issues; correspondence; employment communication; report writing; presentations; research methods; oral and nonverbal communication and ways to run effective meetings and conferences. Includes computer applications throughout the course. (CSU/C-ID: BUS 115)

MGT 240 C Legal Environment of Business 3 Units
Term hours: 54 lecture. This course is an introduction to the legal environment in which a business firm operates. Topics include an introduction to the American legal system, contracts, torts, product liability, forms of business organization, trade regulation, labor law and diversity issues, environmental law, and international business law. Pass/No Pass/Letter Grade Option. (CSU/C-ID: BUS 120)

MGT 261 C Small Business Management 3 Units
Term hours: 54 lecture. This course applies principles of management to small business enterprises, focusing on planning and start-up, financing, legal form, staffing, location and site evaluation, marketing, and franchising. Pass/No Pass/Letter Grade Option. (CSU/C-ID: BUS 120)

MGT 262 C Principles of Management 3 Units
Term hours: 54 lecture. This course focuses on the responsibilities and roles of managers, the types of decisions they make, and the steps involved in the management process. The major areas of study include the basic management functions of planning, organizing, directing, and controlling work activities. Pass/No Pass/Letter Grade Option. (CSU)

MGT 265 C Social Responsibility of Business 3 Units
Term hours: 54 lecture. This course addresses the social responsibilities of businesses beyond making profits, focusing on their obligations to society, their communities, the natural environment, and other groups. The emphasis is on building positive relationships, managing natural resources in sustainable and non-polluting ways, and being responsive and accountable for their actions. Pass/No Pass/Letter Grade Option. (CSU)

MGT 266 C Human Relations in Business 3 Units
Term hours: 54 lecture. This course provides an introduction to the principles of human behavior and relationships in modern organizations. The emphasis is placed on leadership theory, communication, motivation, team-building and the development of a productive work environment. Pass/No Pass/Letter Grade Option. (CSU, AA GE)

MGT 267 C Principles of Supervision 3 Units
Term hours: 54 lecture. This course presents the fundamental techniques a supervisor needs to know about motivating people, managing a job, and the development of situational leadership styles. (CSU)

MGT 268 C Human Resources Management 3 Units
Term hours: 54 lecture. This course provides theories and practices relating to personal administration, labor-management relations, employee selection, training, performance appraisal, discharge, hours of work and methods of payment, handling of personnel problems, benefit programs, affirmative action, and equal employment. (CSU)

MGT 295 C Management Internship 1-4 Units
Term hours: 18-72 lecture depending on units attempted. This course is designed to give the student credit for work experience at a related occupational worksite, while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 paid or 60 unpaid worksite internship hours is required. The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. May be taken for credit 4 times. Open Entry/Open Exit. Pass/No Pass/Letter Grade Option. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Business and Computer Information Systems, B1-Reading, B2-Writing, B3-Communicating, C2-Computation, C3-Research, C4-Problem Solving, D1-Personal Responsibility, and D3-Equity.

A student who completes the Management field of study will be able to:

- Understand how organizations operate and what it takes to succeed as a manager, acquiring the leadership knowledge and skills to carry out administrative functions in the key areas of management, communications, finance, and law.
- Enhance his/her employment opportunity in the specific area of management.
- Understand how organizations operate and what it takes to succeed as a manager, acquiring the leadership knowledge and skills to carry out administrative functions in the key areas of management, communications, finance, and law.
- Enhance his/her employment opportunity in the specific area of management.

Associate in Science Degree Business Management

Requirements

PROGRAM CODE: 1S03762

This curriculum is designed to prepare students for careers in the administration of modern organizations. Focusing on the ways that businesses operate and what it takes to succeed as a manager, the program covers such areas as management, marketing, law, accounting, economics, and the global environment.

To earn an Associate Degree students must complete:
1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

### Business Economics Certificate

**Program Code:** 1C17172

Combining economics principles with business practices, this certificate program provides students with the necessary knowledge to make informed financial decisions. Students will gain an understanding of supply and demand, consumer purchasing patterns, money-management, and investment strategies. To earn this certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Retail Management Certificate

Requirements

PROGRAM CODE: 1C21097N20

The Retail Management Certificate provides students with the essential business skills needed to develop a successful management career in retailing. This certificate is created through a partnership with the Western Association of Food Chains and retailers in a variety of fields. This certificate will help prepare students to work in the grocery industry and others that deal directly with consumers such as the apparel, home furnishings, general merchandise, and services industries. To earn this certificate, students must complete the required courses with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This program requires a total of 24 units.

Robert Grantham

Business Administration Transfer Program (AS-T Business Administration)

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
Degrees and Certificates

• Associate in Science Degree Marketing (p. 367)
• Marketing Certificate (p. 368)

Courses

MKT 103 C Principles of Advertising 3 Units
Term hours: 54 lecture. This course focuses on advertising and promotion, print media, copy and layout, radio and television commercials, the Internet, and social media, and public relations with an emphasis on what advertising agencies do. (CSU)

MKT 105 C Principles of Retailing 3 Units
Term hours: 54 lecture. This course covers the principles of organizing and managing a retailing or E-tailing business, with emphasis on planning, site appeal, merchandise, pricing, and promotion, with an emphasis on customer service techniques. (CSU)

MKT 201 C Small Business Promotion 3 Units
Term hours: 54 lecture. This course focuses on the techniques used to promote a small business and develop its marketing strategy. Its emphasis is on creating a marketing plan and devising affordable and effective ways to communicate with customers through media, and the Internet, sales promotion, public relations and publicity, brochures, direct mail and other methods. (CSU)

MKT 205 C Multicultural Markets in U.S. 3 Units
Term hours: 54 lecture. This course provides comprehensive coverage of the multicultural marketing environment in the United States, taking into consideration the changing needs and growing influence of ethnic and racial minorities, women, and other groups. It explores the differences and commonalities that exist among groups and the role of businesses in providing goods and services to meet each group’s needs. (CSU, SOC JUST)

MKT 208 C Principles of Selling 3 Units
Term hours: 54 lecture. This course includes instruction in the principles and practices of the fundamentals of selling in today's global marketplace. Students will learn to develop the techniques that lead to building customer relationships and to success in the sales profession. The areas of study include buying motives; product knowledge; all phases of the selling process; ways to utilize the Internet; and the many and varied career opportunities in the sales field. Pass/No Pass/Letter Grade Option. (CSU)

MKT 210 C Consumer Behavior 3 Units
Term hours: 54 lecture. This course provides a study of consumers and how and why they buy. It covers consumerism, needs and wants, culture, personality, family and lifestyle, and the psychology of advertising. (CSU)

MKT 222 C Principles of Marketing 3 Units
Term hours: 54 lecture. This course studies the marketing activities required to plan, price, promote, and distribute goods or services to potential customers. The areas of study include market research, consumer behavior, product development, advertising, sales, Internet marketing, wholesaling and retailing, and international trade. (CSU)

MKT 224 C International Marketing 3 Units
Term hours: 54 lecture. This course focuses on the opportunities and challenges of conducting business on an international scale. It provides comprehensive coverage of the marketing environment; importing/exporting; foreign economic, political and legal systems; cultural differences; international finance; marketing research; and business plans. (CSU)

MKT 299 C Merchandising and Marketing - Independent Study 1-3 Units
Prerequisite(s): Approved Independent Study Learning Contract.
Term hours: Lecture/discussion hours vary with credit given. This course is designed for students who wish to expand their knowledge in an area of merchandising/marketing through individual research and study. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Business and Computer Information Systems, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, and D3-Equity.

Students who complete the Marketing field of study will be able to:

• Understand the various marketing functions (product development, pricing, promotion, and distribution) and how organizations utilize these to produce goods and services that satisfy the needs and wants of consumers.

• Enhance his/her employment opportunity in the specific area of marketing.

Associate in Science Degree Marketing

Requirements

PROGRAM CODE: 1503764

This curriculum is designed to prepare students for careers in marketing – performing the activities that enable businesses to satisfy customers’ needs and wants. Students will learn product development, pricing, promotion, and distribution methods while gaining skills in selling, retailing, advertising, market researching, and other marketing areas.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Marketing Certificate

Requirements

PROGRAM CODE: 1C21098

The Marketing Certificate provides students with the necessary skills to carry out the key marketing functions in a business environment including developing, pricing, promoting, and distributing products and services. To earn this certificate, students must complete the required courses with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 19-21 units.

Degrees and Certificates

Associate in Science in Mathematics for Transfer Degree (AS-T) (p. 372)

Courses

MATH N01 C Supervised Tutoring - Math 0 Units

NON-CREDIT COURSE Term hours: 4-48 laboratory. This course provides individual tutoring based on each student’s needs in mathematics. Students wishing to use the Math Learning Center must enroll in this course.
MATH 009 C Skills for Math for Prospective Elementary School Teachers 2 Units

Prerequisite(s): Appropriate placement
Corequisite: MATH 110PC with a grade of C or better. Term hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 110PC. Topics include operations with integers, multiplying polynomials, factoring polynomials, solving linear equations, graphing linear equations, functions, probability, data analysis, and geometric concepts. Students enrolling in a section of MATH 009 C must also enroll in the specific MATH 110PC course it is paired with during the same semester. Pass/No Pass only.

MATH 010 C Basic Mathematics 4 Units
Term hours: 72 lecture. This is a course for students wishing to review basic arithmetic skills. It includes the concepts of adding, subtracting, multiplying, and dividing whole numbers, fractions, mixed numbers, and decimals. Also covered are percents, ratios, rates, solving proportions, perimeter and area of geometric figures, English and Metric measurements and an introduction to negative numbers. There is an emphasis on applying the mathematics to real-world situations. All work will be done without a calculator. (Non-Degree Credit)

MATH 011 C Skills for Finite Math 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 115PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 115PC. Topics include multiplying polynomials, factoring polynomials, solving linear equations, graphing linear equations, functions, and graphing inequalities. Students enrolling in a section of MATH 011 C must also enroll in the specific MATH 115PC course it is paired with during the same semester. Pass/No Pass only.

MATH 012 C Skills for Probability and Statistics 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 100PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 100PC. Topics include multiplying polynomials, factoring polynomials, solving linear equations, graphing linear equations, functions, and graphing inequalities. Students enrolling in a section of MATH 012 C must also enroll in the specific MATH 100PC course it is paired with during the same semester. Pass/No Pass only.

MATH 013 C Skills for Survey of Calculus 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 130PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts necessary for success in MATH 130PC. Concurrent enrollment in MATH 130PC is required. Topics include factoring polynomials, solving linear, quadratic, polynomial, and exponential equations, graphing lines and parabolas, laws of exponents and logarithms, functions, solving systems of linear equations, and common geometric formulas. Students enrolling in a section of MATH 013 C must also enroll in the specific MATH 130PC course it is paired with during the same semester. Pass/No Pass only.

MATH 014 C Skills for College Algebra 2 Units
Prerequisite(s): Appropriate placement.
Corequisite: MATH 141PC with a grade of C or better. Term Hours: 36 lecture. This support course covers the skills and concepts needed to be successful in MATH 141PC. Topics include factoring polynomials, solving linear, quadratic, polynomial, exponential, and logarithmic equations, graphing lines, parabolas, and other nonlinear functions, the laws of exponents, functions, solving systems of linear and nonlinear equations, common geometric formulas, and other fundamentals of Algebra. Students enrolling in a section of MATH 014 C must also enroll in the specific MATH 141PC course it is paired with during the same semester. Pass/No Pass only.

MATH 015 C Pre-Algebra 4 Units
Advisory: MATH 010 C.
Term hours: 72 lecture. This course is designed for students who are planning to study algebra and need a review of the basic skills of arithmetic and an introduction to the basic principles of algebra. Topics covered include integers, fractions, decimals, percent, proportions, exponents, properties of real numbers, evaluation of algebraic expressions, elementary equation solving, formulas, informal geometry, and applications. This course requires a non-graphing scientific calculator. (Non-Degree Credit)

MATH 020 C Elementary Algebra 4 Units
Prerequisite(s): MATH 015 C or Pre-Algebra with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to the methods of algebra. It includes the basic operations of real numbers, polynomials, rational expressions, and radical expressions; factoring polynomials; solutions of linear equations, linear inequalities, systems of linear equations, and quadratic equations; and graphing of linear equations, systems, and inequalities. This course requires the use of a non-graphing scientific calculator. Students who have completed MATH 020 C are allowed to take MATH 040 C or MATH 041 C. (Non-Degree Credit)

MATH 021 C Preparation for Statistics 2 Units
Term hours: 36 lecture. This course is for students planning to enroll in MATH 120 C. The topics covered include organizing and summarizing qualitative and quantitative data, linear regression, laws of probability, discrete and continuous probability distributions, application problems, and use of the TI-83/84 graphing calculator. This course does not count toward the Associate Degree. Non-Degree Credit. Pass/No Pass only.

MATH 024 C Pre-Statistics 6 Units
Advisory: MATH 010 C or Basic Mathematics with a grade of C or better and the assessment process. Term hours: 108 lecture. This course is for students planning to enroll in MATH 120 C or PSY 161 C or SOC 161 C. It covers the requisite algebra topics including graphing line equations, as well as organizing and summarizing quantitative and qualitative data, laws of probability, discrete and continuous probability distributions, application problems, and use of the TI-83/84 graphing calculator. (Non-Degree Credit)

MATH 030 C Plane Geometry 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C or Algebra I with a grade of C or better and the assessment process. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to Euclidean geometry. It includes the study of elementary logic, deductive reasoning, parallel and perpendicular relationships, theorems and proofs, geometric constructions, theorems and proofs, congruent and similar polygons, special right triangles, circles, geometric loci, areas, perimeters and volumes. Precise definitions and accuracy of statements are stressed as background for analytical reasoning. The course is equivalent to one year of high school geometry. (AA GE)
MATH 040 C Intermediate Algebra  4 Units
Prerequisite(s): MATH 020 C or Algebra I with a grade of C or better and the assessment process or AB 705 Multiple Measures Placement.
Term hours: 72 lecture. This is a second course in algebra that includes the topics of sets, axioms for the real number system, polynomials, solutions of linear and quadratic equations and inequalities, exponents and radicals, linear, quadratic, exponential and logarithmic functions and their graphs, and systems of equations. This course requires the use of a non-graphing scientific calculator. Students may not receive credit for both MATH 040 C and MATH 041 C. Students must see a counselor for placement. (AA GE)

MATH 041 C Combined Algebra I and II  6 Units
Prerequisite(s): MATH 015 C or Pre-Algebra with a grade of C or better and the assessment process or AB 705 Multiple Measures Placement.
Term hours 108. This course is designed for students who would like to complete Elementary and Intermediate Algebra in one semester. It covers linear, quadratic, and absolute value equations and inequalities, rational and radical expressions, operations with polynomials, radicals, and rational expressions, systems of linear equations, and linear, quadratic, exponential, and logarithmic functions and their graphs. Students may not receive credit for both MATH 040 C and MATH 041 C. Students who have completed MATH 020 C are allowed to take MATH 040 C or MATH 041 C. (AA GE)

MATH 044 C Basic Accelerated Math  2 Units
Advisory: Students must see a counselor for placement.
Term Hours: 108 Laboratory. This is a self-paced math course in which students can progress from Basic Math through Intermediate Algebra in one semester. Students will take an assessment at the beginning of the course to determine their starting point and study plan. Students will then show mastery of topics using ALEKS, a Web-based assessment and learning system. Pass/No Pass only.

MATH 045 C Intermediate Algebra Review  2 Units
Prerequisite(s): MATH 040 C or Algebra I with a grade of C or better and the assessment process.
Term hours: 36 lecture. This course is a review of Intermediate Algebra and is designed for students who have already completed Intermediate Algebra and are planning to enroll in College Algebra, Trigonometry, Survey of Calculus, Finite Mathematics, Mathematics for Liberal Arts students, Introduction to Probability and Statistics or General Chemistry. The topics covered include sets, axioms for the real number system, polynomials, solutions of linear and quadratic equations and inequalities, exponents and radicals, linear and quadratic functions and their graphs, exponential and logarithmic functions and systems of equations. This course requires the use of a non-graphing scientific calculator. This course does not count toward the Associate Degree. Non-Degree Credit. Pass/No Pass only.

MATH 098 C Mathematics Seminar  0.5-4 Units
Term hours: 9-72 lecture depending on units attempted. This course is a lecture/discussion approach to special topics involving mathematics. It may be a problem session relating to a particular course in the curriculum or a study of topics not ordinarily covered in the curriculum. Consult the class schedule to verify unit credit for a particular semester. Fees may be required-payable at registration. Pass/No Pass or Letter Grade option.

MATH 100 C Liberal Arts Mathematics  3 Units
Prerequisite(s): MATH 030 C and MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process.
Proof of prerequisites is required. Term hours: 54 lecture. This is a survey course with selected topics from the history and development of mathematics, elementary logic and set theory, probability, statistics, geometry, and exponential and logarithmic applications. This course is designed for prospective teachers and liberal arts students. (UC/CSU, AA GE, CSU GE, IGETC)

MATH 110 C Math for Prospective Teachers  4 Units
Prerequisite(s): MATH 030 C and 040 C or MATH 030 C and MATH 041 C or their high school equivalents of Algebra II, and the assessment process. Proof of prerequisites is required. Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to problem solving processes and strategies. Students will explore the development and analysis of the structure and operations of the real number system. Students focus on concept and process development using appropriate models, manipulatives, and activities. This course is designed for prospective elementary and middle school teachers. This course requires the use of a non-graphing scientific calculator. (UC/CSU, AA GE, CSU GE/C-ID: MATH 120)

MATH 110PC Math for Prospective Teachers (same as MATH 110 C)  4 Units
Prerequisite(s): MATH 040 C or MATH 041 C and MATH 030 C and the assessment process. Proof of prerequisites is required. Proof of prerequisites is required. Corequisite: MATH 009 C with a grade of C or better. Term hours: 72 lecture. This course is an introduction to problem solving processes and strategies. Students explore the development and analysis of the structure and operations of the real number system. Students focus on concept and process development using appropriate models, manipulatives, and activities. This course is designed for prospective elementary and middle school teachers. This course requires the use of a non-graphing scientific calculator. This course contains the same topics as MATH 110 C, but it must be taken concurrently with a paired section of the corequisite MATH 009 C. Duplicate credit not granted for MATH 110 C. (CSU/UC)

MATH 115 C Finite Mathematics  4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process. Proof of prerequisites is required. Proof of prerequisites is required. Term hours: 72 lecture. This is a general education course in practical mathematics for liberal arts students or any student not majoring in mathematics or science. This course covers linear equations, functions, finance, matrices, linear systems, linear programming, sets, counting techniques, probability, and applications to various fields such as business, economics, life sciences, and social sciences. This course requires the use of a TI-83/84 or equivalent graphing calculator. (CSU/UC/AA GE, CSU GE, IGETC/C-ID: MATH 130)

MATH 115PC Finite Mathematics (same as MATH 115 C)  4 Units
Prerequisite(s): MATH 040 C or MATH 041 C with a grade of C or better and the assessment process. Proof of prerequisites is required. Proof of prerequisites is required. Corequisite: MATH 011 C with a grade of C or better. Term hours: 72 lecture. This contains the same topics as MATH 115 C, but it must be taken concurrently with a paired section of the corequisite MATH 011 C. Duplicate credit not granted for MATH 115 C. (CSU/UC)
MATH 120 C Introduction to Probability and Statistics 4 Units

Prerequisite(s): MATH 040 C or MATH 041 C or MATH 024 C or Algebra II with a grade of C or better and the assessment process. NOTE: Students majoring in Business, Engineering, Science or Math should be taking MATH 040 C or MATH 041 C rather than MATH 024 C.

Proof of prerequisites is required. NOTE: Students majoring in Business, Engineering, Science or Math should be taking MATH 040 C or MATH 041 C rather than MATH 024 C. Term hours: 72 lecture. This course is an introduction to the elements of statistical analysis which includes an intuitive approach to the study of probability and probability distributions, measures of central tendency and dispersion, sampling techniques, parametric and non-parametric tests of hypotheses, point and interval estimation, linear regression and correlation. Applications to business, biological sciences, and social sciences are emphasized. Students will use computer software and/or graphing calculators for statistical analysis of various topics. This course requires the use of a graphing calculator comparable to the TI-83/TI-84. Duplicate credit not granted for MATH 120HC.

(CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: MATH 110 + SOCI 125)

MATH 120PC Introduction to Probability and Statistics (same as MATH 120 C) 4 Units

Prerequisite(s): MATH 040 C or MATH 041 C or MATH 024 C and the assessment process. Proof of prerequisites is required.

Proof of prerequisites is required. Corequisite: MATH 012 C with a grade of C or better. Term hours: 72 lecture. This course is an introduction to the elements of statistical analysis which includes an intuitive approach to the study of probability and probability distributions, measures of central tendency and dispersion, sampling techniques, parametric and non-parametric tests of hypotheses, point and interval estimation, linear regression and correlation. Applications to business, biological sciences, and social sciences are emphasized. Students will use computer software and/or graphing calculators for statistical analysis of various topics. This course requires the use of a graphing calculator comparable to the TI-83/TI-84. Duplicate credit not granted for MATH 120HC. Note: Students majoring in Business, Engineering, Science or Math should be taking MATH 040 C or MATH 041 C rather than MATH 024 C. (CSU/UC)

MATH 130 C Survey of Calculus 4 Units

Prerequisite(s): MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process. Proof of prerequisites is required.

Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to calculus with an emphasis on solution techniques and applications rather than abstract theory. It includes elements of analytic geometry, limits, derivatives, integration as a summation process, exponential and logarithmic functions, integration of basic forms, techniques of integration, an introduction to multi-variable calculus, and curve sketching, with applications from the life sciences, engineering technology, economics, and the social sciences. This course requires the use of a graphing calculator comparable to the TI-83/TI-84. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: MATH 140)

MATH 130PC Survey of Calculus (same as MATH 130 C) 4 Units

Prerequisite(s): MATH 040 C or MATH 041 C with a grade of C or better and the assessment process. Proof of prerequisites is required.

Proof of prerequisites is required. Corequisite: MATH 013 C with a grade of C or better. Term hours: 72 lecture. This course is an introduction to calculus with an emphasis on solution techniques and applications rather than abstract theory. It includes elements of analytic geometry, limits, derivatives, integration as a summation process, exponential and logarithmic functions, integration of basic forms, techniques of integration, an introduction to multi-variable calculus, and curve sketching, with applications from the life sciences, engineering technology, economics, and the social sciences. This course requires the use of a graphing calculator comparable to the TI-83/TI-84. This course contains the same topics as MATH 130 C, but it must be taken concurrently with a paired section of the corequisite MATH 013 C. Duplicate credit not granted for MATH 130 C. (CSU/UC)

MATH 141 C College Algebra 4 Units

Prerequisite(s): MATH 030 C or Plane Geometry and MATH 040 C or MATH 041 C or Algebra II and the assessment process. Proof of prerequisites is required.

Proof of prerequisites is required. Term hours: 72 lecture. This is one of two courses to prepare students for the calculus sequence. The topics covered include a review of the fundamentals of algebra; rational, exponential and logarithmic functions; theory of equations and zeros of polynomial functions; systems of equations including linear and quadratic systems; sequences and series; permutations; combinations; binomial theorem; analytic geometry; conic sections; and miscellaneous topics. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 151)

MATH 141PC College Algebra (same as MATH 141 C) 4 Units

Prerequisite(s): MATH 030 C and MATH 040 C or MATH 041 C and the assessment process. Proof of prerequisites is required.

Proof of prerequisites is required. Corequisite: MATH 014 C with a grade of C or better. Term hours: 72 lecture. This is one of two courses to prepare students for the calculus sequence. The topics covered include a review of the fundamentals of algebra; rational, exponential and logarithmic functions; theory of equations and zeros of polynomial functions; systems of equations including linear and quadratic systems; sequences and series; mathematical induction; permutations; combinations; binomial theorem; analytic geometry; conic sections; and miscellaneous topics. This course contains the same topics as MATH 141 C, but it must be taken concurrently with a paired section of the corequisite MATH 014 C. Duplicate credit not granted for MATH 141 C. (CSU/UC)

MATH 142 C Trigonometry 4 Units

Prerequisite(s): MATH 141 C or MATH 141PC with a grade of C or better and the assessment process.

Term hours: 72 lecture. This is a one-semester course in trigonometry designed to prepare students for the study of calculus. The topics to be covered include the following: measurements of angles, trigonometric and inverse trigonometric functions and their graphs, solving trigonometric equations, verifying trigonometric identities, solutions of triangles, complex numbers, polar coordinates, vectors, DeMoivre’s Theorem, and parametric equations. (CSU, AA GE, CSU GE)
MATH 150AC Calculus I  4 Units
Prerequisite(s): MATH 141 C and MATH 142 C or MATH 141PC and MATH 142 C with a grade of C or better and the assessment process.
Proof of prerequisites is required. Term hours: 72 lecture. This course is an introduction to mathematical analysis. It includes the study of analytic geometry, functions and limits, continuity, differentiation and integration. Problem work includes applications involving derivatives, definite integrals and indefinite integrals. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC; C-ID: MATH 900S=MATH 150AC + MATH 150BC)

MATH 150BC Calculus II  4 Units
Prerequisite(s): MATH 150AC with a grade of C or better or comparable Calculus I and Analytic Geometry and the assessment process. Proof of prerequisites is required.
Proof of prerequisites is required. Term hours: 72 lecture. This course is a continuation of MATH 150AC. It includes the study of applications of integration, techniques of integration, improper integrals, sequences, infinite series, power series, Taylor and Maclaurin series, conic sections, parametric equations, polar curves, and a brief introduction to differential equations. (UC/CSU, AA GE, IGETC, CSU GE, C-ID: MATH 221 and MATH 900S = MATH 150AC + MATH 150BC)

MATH 250AC Multivariable Calculus  4 Units
Prerequisite(s): MATH 150BC or Calculus II and Analytic Geometry with a grade of C or better and the assessment process. Proof of prerequisites is required.
Proof of prerequisites is required. Term hours: 72 lecture. This is an intermediate course in mathematical analysis. It includes the study of three-dimensional analytic geometry, calculus of functions of several variables, vector calculus, multiple integration, vector fields and theorems, with associated problem applications. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 230)

MATH 250BC Linear Algebra and Differential Equations  5 Units
Prerequisite(s): MATH 250AC or Calculus II and Analytic Geometry with a grade of C or better and the assessment process.
Proof of prerequisites is required. Term hours: 90 lecture. This course is an introduction to linear algebra and ordinary differential equations. Linear algebra includes matrices, determinants, vector spaces, linear transformations, and characteristic values. Differential equations includes separable, exact, Cauchy-Euler, and nonhomogeneous equations; undetermined coefficients, variation of parameters, systems of differential equations, power series solutions, and Laplace Transforms. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 240)

MATH 298 C Mathematics Seminar  0.5-4 Units
Prerequisite(s): May be required.
Co-requisite(s): May be required.
Advisory: May be required.
Term hours: 9-72 lecture depending on units attempted. This is a lecture/discussion approach to special topics involving mathematics. It may be a problem session related to a particular course in the curriculum, or a study of topics not ordinarily covered in the curriculum. Consult the class schedule to verify unit credit for a particular semester. Pass/No Pass/Letter Grade option. Fees may be required - Payable at Registration. (UC Credit Limitation/CSU)

MATH 299 C Mathematics Independent Study  0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 9-36 lecture depending on units attempted. This course is for students who have demonstrated interest in and capability for increased knowledge of mathematical topics not ordinarily covered in curriculum courses. Students will participate in independent study or research on assigned projects under staff supervision. (UC Credit Limitation/CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, and C-Critical Thinking, Problem Solving, and Information Competency Skills; specifically, the following ISLO/PSLO subcategories: A1-Science, Technology, Engineering, and Mathematics, B1-Reading, B2-Writing, C1-Analysis, C2-Computation, C4-Problem Solving, and C5-Technology.

Mathematics Associate in Science Degree for Transfer (AS-T)
Requirements
PROGRAM CODE: 1532103

The Mathematics Associate in Science Degree for Transfer is designed to provide an opportunity for the Mathematics major to achieve an Associate in Science in Mathematics for Transfer (AS-T in Mathematics) which completes the first and second year requirements for transfer to a four-year public California institution. Students with a degree in mathematics may pursue careers in a variety of industries such as education, finance, insurance, information technology, engineering and operations, manufacturing, consulting, analysis, research, and more. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division coursework. This curriculum specifically prepares the prospective transfer student for upper division coursework in Mathematics or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an associate degree for transfer, a newly established variation of the associate degrees traditionally offered at a California community college.

The AS-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit") major. This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the Mathematics field and provide comprehensive preparation for upper-division work.

To earn an AS-T in Mathematics students must complete the following requirements:
1. a minimum of 21 semester units or 31.5 quarter units in the major or area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area of emphasis, AP (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better,
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units, and
5. obtaining a minimum grade point average (GPA) of 2.0.

This degree requires a total of 21 units.

### Required Courses (12 units):
- MATH 150AC Calculus I 4 units
- MATH 150BC Calculus II 4 units
- MATH 250AC Multivariable Calculus 4 units

### List A - Select from the following (5 units):
- MATH 250BC Linear Algebra and Differential Equations 5 units

### List B - Select one course from the following (4 units):
- PHYS 221 C General Physics I 4 units
- MATH 120 C Introduction to Probability and Statistics 4 units
- MATH 120PC Introduction to Probability and Statistics (same as MATH 120 C) 4 units

Total Units 21

### Media Arts Design

**Division:** Fine Arts

**Division Dean**
Dr. Katy Realista

**Faculty**
- Katalin Angelov
- Edward Giardina

**Counselors**
- Renay Laguana-Ferinac
- Renee Srensalo

### Degrees and Certificates
- 2D Animation Certificate (p. 378)
- 3D Animation Certificate (p. 378)
- Advertising and Emerging Technologies Certificate (p. 379)
- Character and Background Design for Animation and Game Art Certificate (p. 379)
- Digital Cinema Arts and Industry Certificate (p. 379)
- Digital Cinema Production Certificate (p. 379)
- Digital Cinema Techniques and Technologies Certificate (p. 380)
- Digital Illustration Certificate (p. 380)
- Film, Television and Electronic Media Associate in Science Degree for Transfer (AS-T) (p. 380)
- Graphic Design Associate in Arts Degree (p. 381)
- Graphic Design Certificate (p. 382)
- Motion Design Certificate (p. 382)
- Post Production Basics for Cinema and Video Certificate (p. 382)
- Storyboarding Certificate (p. 382)

### Courses

#### MAD 100 C Introduction to Media Arts Design 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on the use of digital design, video, animation and page layout programs. This course is designed for artists to design, create, manipulate and export graphic imagery including print, video and motion design elements. This course is intended as a gateway into the varied offerings of the Media Arts Design program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $20 materials fee payable at registration. (CSU, C-ID: ARTS 250)

#### MAD 102 C Introduction to WEB Design (formerly Introduction to WEB Graphics-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an overview of the many uses of media arts design, with an emphasis on web publishing for the internet. In the course of the semester, students create a personal webpage enriched with such audiovisual elements as animation, sound, video and different types of still images. This course is intended as a gateway into the varied offerings of the Media Arts Design program, where the student can pursue more in-depth study on the topics that most attracted them during this introductory class. $20 materials fee payable at registration. (UC/CSU)

#### MAD 103 C Exploring WEB Design (formerly Introduction to WEB Graphics-Windows) 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an overview of the many uses of media arts design, with an emphasis on web publishing for the internet. During the course of the semester, the students create a personal webpage enriched with such audiovisual elements as animation, sound, video and different types of still images. This course is intended as a gateway into the varied offerings of the Media Arts Design program where the student can pursue more in-depth study on the topics that most attracted them during this introductory course. (UC/CSU)

#### MAD 104 C Introduction to 3D (formerly Introduction to 3D Graphics-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory TBA. This course is an introductory overview of 3D design. Students will create original 3D still and animation imagery for their portfolio. This course is intended as a gateway into other 3D courses where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $20 materials fee payable at registration. (UC/CSU)

#### MAD 106 C Social Media Vlog Production 3 Units
Term hours: 36 lecture and 72 laboratory. This course examines the evolving role social media and video play in the cultural and business segments of 21st Century life. Students will learn to create a Vlog or Video Blog, shoot and edit video and audio content. Students will develop a plan to distribute and market their Vlog brand identity. $20 materials fee payable at registration. (CSU)
MAD 107 C Motion Design I (formerly Motion Graphics I) 3 Units
Advisory: MAD 100 C
Term hours: 36 lecture and 72 laboratory. This course introduces students to the art of motion design. Projects like product ad, title design, infographics, logo animation will be assigned during the course to teach students how to prepare, design, animate a project, but also, how to use current industry software to achieve these goals. They will understand the design and technical challenges posed by motion design and will create projects that are used in the fields of advertising, commercial animation, music performance, theater entertainment and film. $20 materials fee payable at registration. (CSU)

MAD 108 C Digital Video Production (formerly Digital Video Production I- Windows) 3 Units
Term hours: 36 lecture and 72 laboratory. This course introduces Windows digital video production techniques including single camera operation and procedures, basic principles and techniques of sound and scriptwriting, and digital video editing. Course topics include the operation of digital camcorders; lighting and sound equipment and post production digital editing suites; concepts and techniques of nonlinear digital editing, including organization of the editing process; working the time line and audio editing, with emphasis on the principles and aesthetics of video editing. $20 materials fee payable at registration. (CSU)

MAD 110 C Animation History and Technology 3 Units
Term hours 54 lecture. This course is an introduction to the history and technological development of the field of animation. Animation will be explored from various perspectives: chronology, form, culture, and by personality. Emphasis is placed on examining how animation records, reflects and comments on world events and culture. (CSU/UC, AA GE, CSU GE)

MAD 111 C Introduction to Media Writing 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This is a basic introductory course in writing for the film and electronic media. Emphasis on preparing scripts in proper formats, including fundamental technical, conceptual and stylistic issues related to writing fiction and non-fiction scripts for informational and entertainment purposes in film and electronic media. Includes a writing evaluation component as a significant part of the course requirement. (CSU)

MAD 112 C Digital Illustration (formerly Electronic Illustration-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on creating vector images for illustration, integration into publishing, and as stand-alone design allowing high resolution output. This course offers the professional artist basic computer skills needed for employment and/or advancement. $20 materials fee payable at registration. (CSU)

MAD 114 C Digital Illustration II 3 Units
Term hours: 36 lecture and 72 laboratory. This course is intended for the graphic designer, illustrator and fine artist, focusing on the advanced usage of several 2D vector based drawing software packages. The course focuses on the advanced usage of vector images for integration into publishing/page layout software and as stand-alone images allowing high-resolution output. This course focuses on creating vector images for illustration, integration into publishing, and as stand-alone design allowing high resolution output. This course offers the professional artist advanced computer skills needed for employment and/or advancement. $20 materials fee payable at registration. (CSU)

MAD 116 C Graphic Design I (formerly ART 140 C) 3 Units
Term hours: 36 lecture and 72 laboratory. This is a basic course in advertising/graphic design, with emphasis on problem solving in lettering, typography, and trademark design. It includes development of concept development, layout, and presentation skills. Projects include lettering design, layout, trademark design, and typography. Students are introduced to non-electronic and electronic design techniques. Materials fees are for materials provided by the department. $20 materials fee payable at registration. (CSU/UC)

MAD 117 C Graphic Design II (formerly MAD 144 C) 3 Units
Prerequisite(s): MAD 116 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an intermediate course in advertising/graphic design with emphasis upon development of a highly comprehensive finished portfolio. Course includes refinement of concept development, layout, and presentation skills. Students refine their non-electronic and electronic design techniques. Material fees for materials are provided by the department. $20 materials fee payable at registration. (CSU)

MAD 118 C Graphic Design III (formerly ART 142 C) 3 Units
Prerequisite(s): MAD 117 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an advanced course in advertising/graphic design with an emphasis upon development of comprehensive finished portfolio pieces. This course includes group and individual design projects planned to provide experience in all steps of graphic design from concepts and development of a campaign continuity to production specifications. Special attention and emphasis is placed on planning and preparation of an advertising/graphic portfolio. Materials fees for materials are provided by the department. $20 materials fee payable at registration. (CSU)

MAD 120 C Beginning 3D 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on computer generated 3D design techniques through the use of three-dimensional design programs. The course emphasis is on the introduction of three-dimensional concepts, the use of modeling tools, menu structures and modeling building applications of 3D design systems. Skills taught in this course will give students the ability to create original three-dimensional computer generated models of organic or mechanical design and animate them. $20 materials fee payable at registration. (CSU)

MAD 122 C History of Graphic Design 3 Units
Advisory: ENGL 060 C.
Term hours: 54 lecture. This course surveys the history of visual communication, design's sociopolitical and cultural contexts and the artistic and technological characteristics of various movements. Students gain a broad understanding of design and its dynamic past to discover inspiration for the present. Students conduct research, propose, and create a project inspired by the designers and movements studied. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 124 C Stop-Motion Animation Film I 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, students will learn the art and techniques of stop-motion animation filmmaking through lectures and hands-on demonstrations. Students will create stop-motion films using traditional clay puppets and brickfilms techniques to tell stories. (CSU)

MAD 125 C Stop-Motion Animation Film II 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, students will learn advanced skills, techniques and aesthetics for stop-motion animation filmmaking through lectures and hands-on demonstrations. Students will create stop-motion films using traditional clay puppets and brickfilms techniques to tell stories. (CSU)
MAD 126 C Crime Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course covers how crime film genre revolves around criminal activity. This course examines the motivations of criminals and the effects of criminal activity on individuals and society. Crime films chronicle the patterns of business, individual, and political crimes perpetrated in private and public and how the comment or reflect society in a given era. (CSU)

MAD 127 C Fantasy Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course will cover how fantasy films belong to the fantasy genre with fantastic themes, usually magic, supernatural events, mythology, folklore, or exotic fantasy worlds. A primary focus of this course is the analysis of technical advancements in film production and cinematic techniques and styles present in the genre. Students study films screened as part of the course activities. (CSU)

MAD 128 C Comedy Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course covers comedy films that leverage physical and verbal humor to support the narrative present in a film. A primary focus of this course is the analysis of technical advancements in film production and cinematic techniques and styles present in the comedy film genre. Students study films screened as part of the course activities. (CSU)

MAD 129 C Musical Film Genre 3 Units
Advisory: ENGL 100 C.
Term hours: 54 lecture. This course covers musical films that punctuate the narrative with musical numbers that often include original songs and scores performed by the lead characters and supporting cast. A primary focus of this course is the analysis of technical advancements in film production and cinematic techniques and styles present in the comedy film genre. Students study films screened as part of the course activities. (CSU)

MAD 130 C Introduction to Electronic Media (formerly MM 100 C) 3 Units
Term hours: 54 lecture. This course introduces the history, structure, function, economics, content and evolution of radio, television, film, the internet, and new media, including traditional and mature formats. The social, political, regulatory, ethical and occupational impact of the electronic media are also studied. (CSU/UC, AA GE)

MAD 131 C Introduction to Media (formerly MM 105 C) 3 Units
Advisory: Eligibility for ENGL 100 C.
Term hours: 54 lecture. This course introduces the close analysis of film and television texts. Examines the broad questions of form and content, aesthetics and meaning, and history and culture. Explores the diverse possibilities presented by the cinematic art form through an examination of a wide variety of productions, national cinemas, and film movements. Topics include modes of production, narrative and non-narrative forms, visual design, editing, sound, genre, ideology and critical analysis. (CSU)

MAD 132 C Digital Painting 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on digitally painting images. Course topics include creation of original drawings; paintings and illustrations, using an assortment of digitally based chalks, pens, paints, inks, papers and textures. The course offers the professional artist raster based digital drawing /painting and illustration skills, on a computer, needed for employment and/or advancement. $20 materials fee payable at registration. (CSU)

MAD 134 C Digital Imaging (formerly Digital Imaging-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory TBA. This course focuses on the usage of software for the manipulation of bit-mapped (raster) images using illustrative, photographic, scanned and video images as the basis for image manipulation. Course topics include image enhancement, editing, composite, retouching, photo montages, prepress, color separations and web based images. $20 materials fee payable at registration. (CSU)

MAD 136 C Digital Imaging II (formerly Digital Imaging II-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on the advanced usage of software for the manipulation of bit-mapped (raster) images using illustrative, photographic, scanned and video images as the basis for image manipulation. Course topics include image enhancement, editing, composite, retouching, photo montages, prepress, color separations and web based images. $20 materials fee payable at registration. (CSU)

MAD 145 C Graphic Design 3 (formerly ART 142 C) 3 Units
Prerequisite(s): MAD 144 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This is an advanced course in advertising/graphic design with an emphasis upon development of comprehensive finished portfolio pieces. This course includes group and individual design projects planned to provide experience in all steps of graphic design from concepts and development of a campaign continuity to production specifications. Special attention and emphasis is placed on planning and preparation of an advertising/graphic portfolio. Materials fees for materials are provided by the department. $25 materials fee payable at registration. (CSU)

MAD 150 C Intermediate 3D (formerly Intermediate Animation-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course covers intermediate skills in 3D computer modeling and animation using industry standard 3D software. This course focuses on intermediate techniques in modeling, texturing, lighting, motion control, and rendering animations for various purposes. Skills taught in this course will give students the ability to create original 3D computer-generated models of intermediate organic or inorganic design with a high degree of realism and resolution. Animation techniques explored will provide cinematic realism and presentation. $20 materials fee payable at registration. (CSU)

MAD 156 C Advanced 3D (formerly Advanced Animation-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on advanced skills in 3D computer modeling and animation with 3D industry standard software. This course focuses on advanced techniques in modeling, texturing, lighting, motion capture, and rendering animations for various purposes. Skills taught in this course will give students the ability to create digital 3D models of advanced design with a high degree of realism and resolution. Animation techniques explored will provide cinematic realism and presentation. The course will combine 3D modeling and animation with 2D graphics imagery through mapping, editing techniques and visual effects. $20 materials fee payable at registration. (CSU)

MAD 176 C Digital Design Studio I (formerly MAD 199 C) 1 Unit
Term hours: 54 laboratory. This course is designed as an open laboratory for students currently enrolled in Media Arts Design courses that require completion of digital assignments and/or personal digital portfolio development. Extended laboratory hours to supplement those available in a student's regular class. This lab provides students the opportunity to attain fundamental skills to complete their assignments and personal projects. $20 materials fee payable at registration. Pass/No Pass only. Open Entry/Open Exit. (CSU)
MAD 177 C Digital Design Studio II 1 Unit
Prerequisite(s): MAD 176 C with a grade of C or better.
Term hours: 54 laboratory. This course is designed as an open laboratory for students currently enrolled in Media Arts Design courses that require completion of digital assignments and/or personal digital portfolio development. Extended laboratory hours to supplement those available in a student’s regular class. This lab provides students the opportunity to attain fundamental skills to complete their assignments and personal projects. $20 materials fee payable at registration. Pass/No Pass or Letter Grade option. Open Entry/Open Exit. (CSU)

MAD 178 C Digital Design Studio III 1 Unit
Prerequisite(s): MAD 176 C and MAD 177 C, with a grade of C or better.
Term hours: 54 laboratory. This course is designed as an open laboratory for students currently enrolled in Media Arts Design courses that require completion of digital assignments and/or personal digital portfolio development. Extended laboratory hours to supplement those available in a student’s regular class. This lab provides students the opportunity to attain fundamental skills to complete their assignments and personal projects. $20 materials fee payable at registration. Open Entry/Open Exit. Pass/No Pass or Letter Grade option. (CSU)

MAD 179 C The Film Business - Conception to Exhibition 3 Units
Term hours: 54 lecture. This comprehensive and unique course will provide the Film/Media student with the actual tools to parallel their creative vision with the proper marketing strategies to succeed in the Film/Media business. This course will focus on the parallel businesses of film production and Film Distribution/Exhibition as the film making progress moves along. (CSU)

MAD 180 C Video Editing (formerly Video Editing-Mac) 3 Units
Term hours: 36 lecture and 72 laboratory. This course includes the study and hands-on use computers, assorted hardware, software, media recorders, and other tools and techniques used for editing and composition of video and audio sources. The course is to provide a thorough introduction to the world of digital video editing used in the fields of multimedia, digital cinema, web based streaming video and mobile video distribution. $20 materials fee payable at registration. (CSU)

MAD 182 C Cinematography 3 Units
Term hours: 36 lecture and 72 laboratory. This is a course in digital cinema planning and production taught through hands-on experience, research and video production. Course topics include digital cinema as a distinct form of artistic expression; an investigation of the aesthetic, technological, economic, and social factors that contributed to the evolution of digital cinema; logistics, script development, sound recording, video and sound editing; and methods by which the visual and aural elements may be organized. The roles and responsibilities of the digital cinema artist will be examined, including skills and knowledge required in developing, budgeting, managing, producing, and distributing programs. $20.00 Material Fee - Payable at Registration. (CSU)

MAD 183 C Preproduction for TV, Video and Film 3 Units
Term hours: 54 lecture. This course prepares students to make a film by teaching the necessary steps leading up to shooting the film in production. Topics covered include script, proposal, treatment, casting, crew, locations, financing, personnel, permits, unions, and talent. (CSU)

MAD 184 C Digital Video Explorations 3 Units
Term hours: 36 lecture and 72 laboratory. This course focuses on the experimental use of digital video and audio programs. This course is designed for students to input, create, manipulate and output experimental digital video. This class is intended as a gateway into the varied offerings of the Digital Cinema program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $20 materials fee payable at registration. (CSU)

MAD 185 C Documentary Film Production (formerly Documentary Digital Cinema) 3 Units
Term hours: 36 lecture and 72 laboratory. This course provides an introduction to contemporary documentary filmmaking techniques used by digital cinema technicians and artists. Hands-on demonstration and lecture and group activities present technical and artistic approaches to documentary productions. Students participate in individual and group projects to produce documentary films. $20 materials fee payable at registration. (CSU)

MAD 186 C Film and Video Field Productions (formerly Live Event Video and Audio Production) 3 Units
Term hours: 36 lecture and 72 laboratory. This course is designed to introduce the student to the aesthetic concepts, basic skills, and techniques used by videographers to create story films. Students will acquire hands on knowledge of Digital Cinema applications and hardware used in live event videography. $20 materials fee payable at registration. (CSU)

MAD 187 C Motion Design II (formerly Motion Graphics II) 3 Units
Term hours: 36 lecture and 72 laboratory. This advanced course studies in-motion graphics design and software. Topics include both technical and aesthetic issues for motion graphic composition and implementation. Students concentrate on one area to explore in depth and further develop their skills. Production workflow is emphasized. Current trends and styles are discussed. $20 materials fee payable at registration. (CSU)

MAD 188 C Beginning Single Camera Production 3 Units
Term hours: 36 lecture and 72 laboratory TBA. This course provides an introduction to the theory, terminology, and operation of single camera video production, including composition and editing techniques, camera operation, portable lighting, video recorder operation, audio control and basic editing. This course focuses on the aesthetics and fundamentals of scripting, producing, directing on location, postproduction, and exhibition/distribution. $20 materials fee payable at registration. (CSU, C-ID: FTVE 130)

MAD 189 C Cinematography II 3 Units
Term hours: 36 lecture and 72 laboratory. This is an advanced course in digital cinema design and production planning taught through hands-on experience, research and video production. Course topics include digital cinema as a new media tool; synthetic lighting, technological advances in cinematography and emerging tools and techniques. $20 materials fee payable at registration. (CSU)

MAD 190 C Contemporary Art Studio 3 Units
Term hours: 36 lecture and 72 laboratory. This is a course in contemporary art making with a special emphasis on new genres and technology-based media, including projects in digital media, installation, performance, video, interdisciplinary media, and other nontraditional media and processes. The course will include lectures, discussions, field trips, and projects that address contemporary art and technology topics. (UC/CSU)
MAD 191 C Film Noir Genre 3 Units
Advisory: ENGL 100 C or ENGL 101 C or ESL 110 C. Advisory ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an in depth exploration of Film Noir. The film genre identified by its crime melodramas where private investigators, innocents and deceptive characters live in a world of corruption, betrayal, obsession, intense romantic trysts and sudden violence. Films will be screened from this period in cinema which began in the early 1940's and continued to the late 1950's with echoes of the genre emerging up to the present. (UC/CSU, AA GE, CSU GE, IGETC)

MAD 192 C Great Directors of Cinema 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C Term hours: 54 lecture. This course is a study of historically and aesthetically important film directors focusing on how their work has advanced and defined the art of cinema. The course will explore various directors in terms of themes, stylistic tendencies including use of cinematography tools and social/historical context. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 193 C Introduction to 2D Animation 3 Units
Term hours: 36 lecture and 72 laboratory. This course is an introduction to 2D animation production including classical character animation and non-traditional techniques. The class will explore traditionally drawn and emerging digital animation techniques and technology. $20 materials fee payable at registration. (CSU)

MAD 194 C Beginning Motion Picture Production 3 Units
Term hours: 36 lecture and 72 laboratory. This course provides an introduction to the theory, terminology, and process of motion picture production for film and television. Topics include basic cinematography including the operation, function and creative uses of production and post-production equipment, scriptwriting, camera operation, shot composition, lighting, sound recording and mixing, and editing. $20.00 Materials Fee - Payable at Registration. (CSU, C-ID: FTVE 150)

MAD 195 C Science Fiction Film Genre 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 Lecture. This course is an in depth exploration of the Science Fiction Film Genre. The genre is identified by speculative science based narratives which may include time travel, aliens, robots and other futuristic elements. Science fiction films have been used to explore political and social issues as well as human condition. A primary focus of this class is the analysis of technical advancements in film production and cinematic techniques and styles present in the genre. Students will be required to obtain and view films from a provided list. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 196 C Silent Film Genre 3 Units
Advisory: ENGL 100 C, ENGL 100HC, ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an in depth exploration of Silent Film Genre. The film genre identified as the first attempt at narrative storytelling using the film medium was popularized during the first three decades of the 20th Century. The course covers the history, technology and productions from the original silent era and continues into the contemporary era where silent film has experienced a rebirth. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 197 C Western Film Genre 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours 54 lecture. This course is an in depth exploration of the Western Film Genre which originated in the United States. The film genre is identified by its heroes and villains struggling for control of the American frontier and conquest over the wilderness. Films will be screened from this period in cinema which began in the silent era and continue to the present. A focus will be placed on the technological advances in film production and cinematic styles that have influenced contemporary films. (CSU/UC, AA GE, CSU GE, IGETC)

MAD 198 C Horror Film Genre 3 Units
Advisory: ENGL 060 C Term hours: 54 lecture. This course is an in depth exploration of the Horror Film Genre. Horror films reflect social anxieties, and impact contemporary culture. The course covers the history, technology and productions of the horror film genre along with its influence on culture and other entertainment mediums. The course investigates cinematic techniques employed to create fear in audiences and examines the business of international horror cinema. Students analyze how horror films express character, philosophy, gender, desire, sexuality, and violence in the narrative mise-en-scene. The course investigates the audience's attraction to fear, the history of horror as entertainment and its part in spawning urban myths. (CSU/UC, CSU GE, CSU GE, IGETC)

MAD 200 C Storyboarding, Comics, Previz (formerly Storyboard, Comics, Pre Visual) 3 Units
Advisory: ART 120 C Term hours: 36 lecture and 72 laboratory. This course focuses on sequential arts such as storyboards, comics, and visual development. Emphasis will be on story structure, the language of film, camera shots, drawing and painting for comics, film and animation. This course also covers concept development and design. $20 materials fee payable at registration. (CSU)

MAD 201 C 3D Typography for Media Design 3 Units
Advisory: MAD 100 C Term hours: 36 lecture and 72 laboratory. This is an intermediate level course on typography with emphasis on its use in digital communication. It includes development of concept, layout, and presentation skills. Projects include lettering design, layout, and 3D typography. Students are introduced to digital design techniques both in 2 dimensional and 3 dimensional forms. Materials fees are for materials provided by the department. $20 materials fee payable at registration. (UC)

MAD 203 C Intermediate 2D Animation 3 Units
Prerequisite(s): MAD 193 C with a grade of C or better. Term hours: 36 lecture and 72 laboratory. This is an intermediate level course to 2D animation production including classical character animation and non-traditional techniques. This course will explore traditionally drawn and emerging digital animation techniques and technology. $20 materials fee payable at registration. (CSU/UC)

MAD 204 C Visual Development and Layout 3 Units
Advisory: ART 120 C Term hours: 36 lecture and 72 laboratory. This course is focusing on visual development of characters, environments, backgrounds, architecture, and props design using research, sketching, painting and color to create dramatic, stylized designs for animation, live action, theater and gaming productions. The primary goal is to provide a clear methodology to generate original, believable and inventive work with drawing and the use of relevant computer software. $20 materials fee payable at registration. (CSU)
MAD 207 C Projection Design (formerly Projection Mapping for Live Entertainment)  3 Units

Advisory: MAD 100 C and MAD 107 C.

Term hours: 36 lecture and 72 laboratory. This is an intermediate level course focusing on projection design using industry standard software. These designs are projected on buildings or other surfaces during live entertainment, stage production and concert events. The primary goal is to provide a clear direction to generate original, believable and inventive work with the use of relevant technology. The $20 materials fee payable at registration, are provided by the department. (CSU/UC)

MAD 210 C 3D Storyboarding and Layout  3 Units

Advisory: MAD 104 C or MAD 200 C.

Term hours: 36 lecture and 72 laboratory. This course is focusing on 3D-layout, a specific form of digital storyboarding, with emphasis on composing shots in 3D, positioning and animating the camera, loading any needed set pieces and characters into the shot and putting them into their positions. The primary goal of the class is to generate a clear 3D environment as well as limited character movement for each shot, based on a script or a storyboard. Students will work with relevant computer software. $20 materials fee payable at registration. (CSU)

MAD 295 C Media Arts Design Internship  3 Units

Term hours: 36 lecture and 72 laboratory. This course is an exploration of internship opportunities in the field of media arts including, graphic design, 2D and 3D modeling and animation, motion picture production, video production, computer graphics, visual effects and web design and Internet distribution of content. Pass/No Pass or Letter Grade Option (CSU)

MAD 298 C MAD Seminar  0.5-12 Units

Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.

Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. These courses may be offered from semester to semester which are designed to meet the interests and needs of the students. Fee: May be required-Payable at Registration. Pass/No Pass or Letter Grade option. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Arts, Sciences, and Kinesiology Career Technical Education, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

Given a variety of media arts design, web design, video, cinema, and animation processes, students will be able to:

- Demonstrate their knowledge of various computer graphics, cinema and time based processes, theory, and technical skills.
- Effectively communicate content through the principles and elements of design.
- Critically analyze the principles and elements of design for content and historical importance.
- Visually articulate and comprehend the interconnection between media arts design, web design, video, cinema, design and culture.

2D Animation Certificate

Division: Fine Arts

Requirements

PROGRAM CODE: 1C15693N

The 2D Animation Certificate provides the skills necessary for creating 2D digital animation. Students will learn to create digital frame by frame animation, digital drawings, paintings and illustrations for the purpose of creating two-dimensional animations. Emphasis is placed on development of a portfolio for employment and/or advancement. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

3D Animation Certificate

Division: Fine Arts

PROGRAM CODE: 1C15694N

The 3D Animation Certificate (formerly titled Animation 3D Computer Graphics Certificate) provides the skills necessary to create three dimensional models and 3D animated short films appropriate for use in movies, television, electronic gaming, and Internet distribution. Emphasis is placed on development of a portfolio for employment and/or advancement. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

Advertising and Emerging Technologies Certificate

Requirements

PROGRAM CODE: 1C37961

The Advertising and Emerging Technologies Certificate provides production knowledge and skills used by digital artists to perform a variety of production duties in the advertising field. The certificate focuses on emerging technologies in the advertising field such as the integration of 3D technology and experiential design. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

Required Courses are listed in suggested sequence (18 units):

Digital Cinema Arts and Industry Certificate

Requirements

PROGRAM CODE: 1C30290

The Digital Cinema Arts and Industry Certificate provides a foundation in the field of time-based media creation which includes video and audio recording for multiple platform exhibition and distribution. The certificate will prepare students to enter the fields of motion picture, television, multimedia, internet and wireless media by providing a foundation set of courses that cover digital content creation. Students will learn the operation and application of software and hardware specific to these industries. This certificate requires a total of 18 units.

Required Courses are listed in suggested sequence (18 units):

Digital Cinema Production Certificate

Requirements

PROGRAM CODE: 1C30289

The Digital Cinema Production Certificate provides production knowledge and skills used by digital artists to perform a variety of production duties in the live-action and animation areas of motion picture and time-based media creation. This certificate is the second certificate in a sequence of skills based certificates for Digital Cinema. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.
Requirements

**Digital Cinema Techniques and Technologies Certificate**

**Program Code:** 1C31229N

The **Digital Cinema Techniques and Technologies Certificate** provides both historical and technical knowledge of cinema skills and practices. These areas are examined by specific film genre. Development of lighting, filming, recording, editing and directing are focused on within this certificate. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 17 units.

**Film, Television and Electronic Media Associate in Science Degree for Transfer (AS-T)**

**Division:** Fine Arts

**Program Code:** 1S37219

The **Film, Television and Electronic Media Associate in Science Degree for Transfer (AS-T)** provides a foundation in the field of electronic media with emphasis on content creation using video recording and editing processes. This degree program encompasses video and audio production, editing, and motion graphic courses designed to prepare students for transfer to a four-year college for study in a film and electronic media major. This curriculum is designed to provide an opportunity for the Film, Television and Electronic Media major to achieve an Associate in Science Degree in Film, Television and Electronic Media Transfer (AS-T in Film, Television and Electronic Media) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended, completion of this curriculum will also demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper division course work.

This curriculum specifically prepares the prospective transfer student for upper division coursework in Film, Television and Electronic Media or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center, and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus.

Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students with an AS-T in Film, Television and Electronic Media may pursue careers in Film, Television, and Electronic as well as careers...
in a variety of live action and multimedia industries, including Internet distribution and exhibition and careers in traditional media such as motion picture and television production.

To earn an AS-T in Film, Television and Electronic Media, students must complete:

1. a minimum of 18 semester units or 27 quarter units in the major or area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area of emphasis, AP(Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units, and
5. obtainment of a minimum grade point average (GPA) of 2.0.

This degree requires a total of 18 units.

**Graphic Design Associate in Arts Degree**

**Division: Fine Arts**

**Requirements**

**PROGRAM CODE: 1A10448**

The Graphic Design Associate in Arts Degree emphasizes the process of visual communication and problem-solving through the use of typography, photography, iconography and illustration. The field is considered a subset of visual communication and communication design, but sometimes the term “graphic design” is used synonymously. Students studying graphic design will create and combine symbols, images and text to form visual representations of ideas and messages. They use typography, visual arts, and page layout techniques to create visual compositions. Common applications of graphic design include corporate design (logos and branding), editorial design (magazines, newspapers and books), way finding or environmental design, advertising, web design, communication design, product packaging, and signage. The primary emphasis is to prepare the student for employment.

To earn an Associate Degree students must complete:

1. a minimum of 30 semester units or 45 quarter units with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 30 units.

Post Production Basics for Cinema and Video Certificate

Requirements

PROGRAM CODE: 1C31200N

The Post Production Basics for Cinema and Video Certificate will teach students to use computer hardware and software to add sound and music to an existing video recording or digital film. In addition, it will teach students how to edit video and combine live action and animated content with visual effects. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 16 units.

Merchandising Transfer Program
Refer to Catalog under:
Business Administration (https://catalog.nocccd.edu/cypress-college/programs-course-descriptions/transfer-credit-baccalaureate-degrees/business-administration/)

Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
• Associate in Science Degree Merchandising (p. 383)
• Merchandising Certificate (p. 383)

Associate in Science Degree Merchandising

Requirements
PROGRAM CODE: 1S07814

This curriculum is designed to prepare students for careers in merchandising and retailing, learning the necessary techniques to display and sell merchandise, satisfy customers and enhance business profitability.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements
3. the cultural diversity and reading requirement
4. any elective courses to complete a minimum of 60 units, and
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Merchandising Certificate

Requirements
PROGRAM CODE: 1C21099

Primary emphasis is to prepare the student to work in the merchandising and retailing field with a focus on building positive customer relationships. To earn a certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Mortuary Science

Division: Health Science
**Division Dean**  
Dr. Stephen Schoonmaker, Interim

**Faculty**  
Lori Collins  
Damon de la Cruz  
Jolena Grande

**Counselors**  
Kelly Carter  
Marisa Lehmeier  
Denise Vo

**Mortuary Science Program Aims**  
The Mortuary Science Program at Cypress College has as its central aim recognition of the importance of funeral service personnel as:

1. Members of a human services profession;  
2. Members of the community in which they serve;  
3. Participants in the relationship between bereaved families and those engaged in the funeral service profession;  
4. Professionals knowledgeable of and compliant with federal, state, provincial/territorial and local regulatory guidelines in the geographic area where they practice; as well as  
5. Professionals sensitive to the responsibility for public health, safety and welfare in caring for human remains.

**Mortuary Science Program Objectives**  
1. To enlarge the background and knowledge of students about the funeral service profession;  
2. To educate students in every phase of funeral service, and to help enable them to develop the proficiency and skills necessary in the profession, as defined in the Preamble at the beginning of Chapter 9 of the Manual on Accreditation;  
3. To educate students concerning the responsibilities of the funeral service profession to the community at large;  
4. To emphasize high standards of ethical conduct;  
5. To provide a curriculum at the post-secondary level of instruction;  
6. To encourage student and faculty research in the field of funeral service; and  
7. To qualify students for professional licensure examinations.

**Minimum Standards for Applicants**  
1. Eligibility for admission to Cypress College.  
2. Official High school transcripts, a GED test with a minimum score of 450 on the five-test battery, or high school proficiency examination.  
3. Present evidence of good physical and mental health.  
4. Completion of College Writing (ENGL 100 C) with the grade of C or better, or in progress.  
5. Completion of college BIOL 210 C Anatomy and Physiology or BIOL 231 C General Human Anatomy with a grade of C or better within the most recent 5 year time period prior to program application, or in progress.  
6. Completion of or in progress of MATH 040 C Intermediate Algebra or higher with a grade of C of better.  
7. A minimum GPA of 2.0 in all college courses attempted.

**Application Procedures**  
1. In addition to the Cypress College application form, a separate application is required for admission into the Mortuary Science Program. Applications must be completed online. Please see the Health Science Application link on the Mortuary Science home page.  
2. A total of 30 new students are selected for each cohort. Applicants may exceed the available seat space.  
3. Applicants are responsible for submitting all documents (records, forms and transcripts) to the Health Science Counseling Office indicating minimum standards and prerequisites have been met.  
4. All Official transcripts are required (high school and college).

**Selection Procedures**  
Students will be selected using a point system based on the number of general education/graduation courses completed at the time of application. Selection of students for acceptance is based on the date of completed application which includes submission of all transcripts and required documents.

**Mortuary Science Program Accreditation Statement**  
The Mortuary Science Program at Cypress College is accredited by the American Board of Funeral Service Education (ABFSE) 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097 (816) 233-3747. Website: www.abfse.org; Scholarship and general program information can be found on the ABFSE website.

The National Board Examination is written and governed by the International Conference of Funeral Service Examining Boards, Inc. (ICFSEB) 1885 Shelby Lane. Fayetteville, AR 73704 (479) 442-7076 - www.theconferenceonline.org (http://www.theconferenceonline.org)  
Study guide and preparatory information can be found on the ICFSEB website. National Board Examination pass rates, graduation rates, (beginning in 2015) and employment rates (beginning in 2015) for this and other ABFSE-accredited programs are available at www.abfse.org.

To request a printed copy of this program’s pass rates and rates, go to the Mortuary Science Office, Room 215, Technical Education III Building – Health Science Division or by e-mail at mortsci@CypressCollege.edu or by telephone (714) 484-7278.

MORT 100 C and MORT 153 C with a grade of C or better.

Admission to the Mortuary Science Program.

Term hours: 54 lecture. This introductory course is designed for the mortuary science student, surveys general anatomical, physiological and pathological concepts processes and terminology important to the funeral service practitioner in understanding the embalming process, articulating with allied health/forensic professionals, interpreting death certificates and protecting oneself and the public against communicable disease. Also considered are those medical and forensic pathologies presenting particular embalming and restorative problems. Field trips may be required not to exceed $50. (CSU)

MORT 153 C Funeral Service Pathology I 3 Units

**Prerequisite(s):** Admission to the Mortuary Science Program.

Term hours: 54 lecture. This introductory course is designed for the mortuary science student, surveys general anatomical, physiological and pathological concepts processes and terminology important to the funeral service practitioner in understanding the embalming process, articulating with allied health/forensic professionals, interpreting death certificates and protecting oneself and the public against communicable disease. Also considered are those medical and forensic pathologies presenting particular embalming and restorative problems. Field trips may be required not to exceed $50. (CSU)

MORT 163 C Embalming Anatomy and Pathology I 4 Units

**Prerequisite(s):** Admission to Mortuary Science Program

Term hours: 72 lecture. This introductory course is designed for the mortuary science student, surveys general anatomical, physiological and pathological concepts processes and terminology important to the funeral service practitioner in understanding the embalming process, articulating with allied health/forensic professionals, interpreting death certificates and protecting oneself and the public against communicable disease. Also considered are those medical and forensic pathologies presenting particular embalming and restorative problems. (CSU)

MORT 182 C Embalming Theory and Practice 1 Unit

**Prerequisite(s):** MORT 100 C and MORT 153 C with a grade of C or better.

Term hours: 18 lecture. This introductory course is designed for the mortuary science student, will survey the theory of embalming application through modern techniques, legal and ethical evaluation of the human remains and examine the art of embalming as seen by historical cultures. Field trips may be required not to exceed $50. (CSU)

MORT 210 C Embalming Theory and Practice 1 Unit

**Prerequisite(s):** Admission to Mortuary Science Program

Term hours: 36 lecture. This introductory course is designed for the mortuary science student, surveys general anatomical, physiological and pathological concepts processes and terminology important to the funeral service practitioner in understanding the embalming process, articulating with allied health/forensic professionals, interpreting death certificates and protecting oneself and the public against communicable disease. Also considered are those medical and forensic pathologies presenting particular embalming and restorative problems. (CSU)

**Courses**

MORT 085 C Work Experience 1-4 Units

**Prerequisite(s):** Admission to the Mortuary Science Program

Must be enrolled in seven units or more in the Mortuary Science Program, including work experience. Term hours: 18 lecture and 80-360 related employment in an approved funeral establishment. This course focuses on exploring work related issues in a funeral establishment of the student’s own selection. Discussion of funeral service business and related technical issues are explored. The course includes job analysis, writing a resume, self-management, self-development and employer-employee relations. May be taken for credit 4 times.
MORT 203 C Methods of Disposition 4 Units
Prerequisite(s): Completion of or concurrent enrollment in MORT 201 C and MORT 202 C with a grade of C or better.
Term hours: 72 lecture. This course is designed to provide an overview of the history of funeral service practice with emphasis on the individuals, events, and forces that have influenced contemporary funeral principles and practices as well as the progression of associations and education within funeral service. It is intended to give the student an overview of the important points with regard to interment and cremation when working with those that choose to use a funeral service practitioner when arranging for the disposition of human or pet remains. This includes proper identification, legal authorization, use of cemeteries and crematories, required forms, containers, containers for cremated remains, cemetery and cremation merchandise, services in conjunction with disposition, arranging for disposition of the deceased, shipping remains, FTC Compliance, and the history of cremation. (CSU)

MORT 204 C Funeral Service Administration II 4 Units
Prerequisite(s): Completion of or concurrent enrollment in MORT 201 C and MORT 202 C.
Term hours: 54 lecture and 54 laboratory. This is the second in a two-course sequence in Funeral Service Administration, and provides a vocationally oriented survey of funeral service management as it applies to funeral home operations, mortuary management, and financial decision-making, and covers general management technique and theory, and specific guidelines for practitioners operating a funeral service enterprise. It is designed to introduce the mortuary science student to the basic principles of management, merchandising, and effective managerial skills as they apply to the practice of the funeral profession; to the financial aspects of funeral business operation, concepts of financial management and the use of financial information in decision-making relative to cost analysis and control, pricing, inventory and in assessing the firm’s performance; and credit policies and practices. Information presented covers financial statements and their analysis, worksheets, journalizing, receivables, payables, deferrals, and accruals. Inventory costing models, depreciation models, and funeral service payroll accounts are also included. (CSU)

MORT 214 C Funeral Service Sciences 5 Units
Prerequisite(s): Admission to the Mortuary Science Program.
Term hours: 90 lecture. This introductory course, designed for the Mortuary Science student, surveys general anatomical, chemical, physiological, and pathological concepts as they relate to the preparation, presentation, and sanitation of the human remains. Field trips may be required not to exceed $50. (CSU)

MORT 215 C Embalming 5 Units
Prerequisite(s): MORT 214 C with a grade of C or better.
Term hours: 63 hours lecture and 81 hours laboratory. This course is designed to include basic orientation, history of embalming to present times, moral and sanitary considerations of embalming, methods of handling human remains, including those of a contagious or infectious nature, demonstration of the various methods of preparation and disinfection treatment of bodies contaminated by radiation. The emphasis is on the development of embalming techniques, exposure to dead human remains having various diseases, treatment of localized areas by supplemental methods of preservation and the application of embalming theories ranging from pre-embalming analysis to funeral home visitation room appearance, in a laboratory environment. Mortuary Science students will become familiar with the nature of chemicals utilized in the mortuary setting, as they develop a qualitative understanding of the chemical aspects of tissue decomposition and preservation. Embalming of protein and the effects relative to the blood, body pigments and tissue staining are a primary emphasis of the course. The laboratory component provides a culmination of theory, practical knowledge and applied skills necessary to enhance the dead human remains through the embalming and restoration process. Field Trips may be required not to exceed $50. (CSU)

MORT 216 C Restorative Art 5 Units
Prerequisite(s): Completion of or concurrent enrollment in MORT 214 C and MORT 215 C with a grade of C or better.
Term hours: 54 lecture and 108 laboratory. A detailed study is made of each of the facial features and its relationship to a complete restoration, with emphasis upon major restorations and explains how all previous restorative art work can be used to complete each type of case. Color theory and cosmetology are also discussed. In the lab, the student has an opportunity to follow through with the modeling in clay and other modeling media of the features studied, both as a single feature and using plaster of Paris heads for reproduction; the student will perform feature modeling in wax on both plaster of Paris and latex heads. In addition, there is practical work in cosmetics, hair dressing, color pigments and preparation of death masks. $170 Material Fee-Payable at Registration (CSU)

MORT 234 C Funeral Services Ethics and Laws I 4 Units
Prerequisite(s): Completion of or concurrent enrollment in MORT 204 C and MORT 214 C with a grade of C or better.
Term hours: 72 lecture. This course, designed for the Mortuary Science student, surveys the American legal system, its development, and the major bodies of law as they relate to the legal environment in which the funeral business operates. The legal aspects of funeral service contracts, funeral service sales, and the use of commercial paper are also considered. This course will also look at the professional ethics used by funeral service providers as it relates to the legal aspects of the funeral home establishment. (CSU)

MORT 236 C Funeral Service Ethics and Laws II 4 Units
Prerequisite(s): Completion of or concurrent enrollment in MORT 234 C with a grade of C or better.
Term hours: 72 lecture. This course is a continuation of MORT 234 C designed to expose the mortuary science student to sources of law, legal status of the dead human body, duty of burial, right to control funeral arrangements, final disposition, and liability for funeral expenses; torts involving the dead human body and the funeral director; wills, estate, and probate proceedings; cemeteries and related issues; state and federal laws and regulations pertaining to funeral service; as well as the legal aspects of being a licensed funeral director/mortician. (CSU)
MORT 242 C Embalming Application 4 Units
Prerequisite(s): MORT 182 C and MORT 253 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is designed for the mortuary science student to collaborate and integrate the theory of embalming with the practical aspects of the science of embalming. Field trips may be required not to exceed $50. (CSU)

MORT 248 C Funeral Service Thanatology 6 Units
Prerequisite(s): MORT 201 C with a grade of C or better.
Term hours: 72 lecture and 108 laboratory. This course is an introduction to thanatology and basic psychological terminology and theories, with an emphasis on the study of grief, bereavement, and mourning as well as the grief process, normal and abnormal, and the resolution of grief. The content provides the knowledge required of the funeral director to work effectively with families as a facilitating agent. The needs of the families served are studied in relation to the design and implementation of the funeral rite. Follow-up programs initiated by the funeral director are examined in detail as well as community support groups with whom the funeral director participates. Major emphasis is placed on the student identifying problem areas in the field, making a plan for intervention, and making appropriate referrals to community professionals, in addition to the study of concepts, techniques and procedures used by the funeral director in his/her role as a counselor. Field trips may be required not to exceed $50. (CSU)

MORT 253 C Funeral Service Pathology II 3 Units
Prerequisite(s): MORT 153 C with a grade of C or better.
Term hours: 54 lecture. This course is designed for the Mortuary Science student, and a continuation of MORT 153 C, the course surveys general anatomical, physiological, and pathological concepts as they relate to the various systems of the human body. The body systems are studied in detail as they relate to preservation and disinfection for safeguard measures in handling and embalming of human remains to protect public health and the embalmer. Throughout the course, terminology is emphasized to facilitate interpretation of death certificates. Field trips may be required not to exceed $50. (CSU)

MORT 281 C Funeral Service Practicum 4-12 Units
Prerequisite(s): MORT 201 C with a grade of C or better.
Term hours: 18 lecture and 162-594 laboratory. This course provides practical experience in embalming, funeral directing, cemetery operations, and crematory operations in a mortuary/funeral home, cemetery or crematory environment under the supervision of a licensed funeral service practitioner. It includes active participation in planning and directing of ten or more funerals. It is to be taken only after all other MORT courses have been passed, except co-requisite(s), and is to be taken in the semester prior to graduation. (CSU)

MORT 282 C Embalming Externship 1 Unit
Prerequisite(s): MORT 242 C with a grade of C or better.
Term hours: 54 laboratory. This course is designed as a culmination of theory, practical knowledge and applied skills necessary to enhance the dead human remains through the embalming and restoration process. Field Trips may be required not to exceed $50. (CSU)

MORT 288 C Funeral Service Capstone (formerly MORT 297 C) 4 Units
Prerequisite(s): Completion of all required general education courses and graduation requirements for the Associate in Science Degree Mortuary Science.
Term hours: 36 lecture and 108 laboratory. This course is designed to provide the mortuary science student with an overview of considerations relevant to the operation of the funeral home as a small business through the use of hands-on experience with appropriate mortuary science computer software, as well as the Federal Trade Commission Funeral Rule. $110.00 materials fee - payable at registration (CSU)

MORT 402 C Funeral Service Standards of Practice 3 Units
Prerequisite(s): Admission into the baccalaureate degree pilot program, and completion of MORT 297 C with a grade of C or better.
Term hours: 54 lecture. This course is designed to provide an integrative approach for ongoing development of critical thinking skills, best practices evaluation, and application of skills based competencies. Students will be challenged to integrate their learning from any previous funeral service, mortuary science or related training and education, past and present work settings as well as life experiences. This process will be facilitated through the development of a professional portfolio, collaborative group learning, class discussions and the use of blended learning approaches. Recommended: This course should be taken as soon as possible upon acceptance into the Baccalaureate Degree Completion Program. Field trips will be required.

MORT 430 C Cemetery and Crematory Operations 3 Units
Prerequisite(s): Admission to Baccalaureate degree pilot program and completion of or concurrent enrollment in MORT 402 C, and completion of MORT 297 C with a grade of C or better.
Term hours: 54 lecture. This is an advanced course designed for the funeral service practitioner that surveys cemetery and crematory processes necessary with working with a funeral entity as well as examining the legal ramifications and notifications necessary when working with the bereaved families. Field trips will be required. Enrollment limited to those accepted into baccalaureate degree pilot program.

MORT 450 C Issues and Trends in Funeral Service 3 Units
Prerequisite(s): Admission to Baccalaureate degree pilot program and completion of or concurrent enrollment in MORT 402 C with a grade of C or better.
Term hours: 54 lecture. This course covers selected current issues of importance to the funeral service industry. Emphasis on issues impacting California funeral service practices. Field trips will be required. Enrollment limited to those accepted into baccalaureate degree pilot program.

MORT 482 C Clinical Embalming 4 Units
Prerequisite(s): Embalmer license and Funeral Director license, or funeral service practitioner certification and completion of or concurrent enrollment in MORT 402 C. with a grade of C or better.
Term hours: 18 lecture and 162 laboratory. This course is designed as a culmination of theory, practical knowledge and applied skills necessary to enhance the dead human remains through the embalming and restoration process. Field Trips may be required not to exceed $50. Enrollment limited to those accepted into baccalaureate degree pilot program.

MORT 492 C Funeral Service Externship 4 Units
Prerequisite(s): Embalmer license and Funeral Director license, or funeral service practitioner certification and completion of or concurrent enrollment in MORT 402 C with a grade of C or better.
Term hours: 18 lecture and 162 laboratory. This course is designed as a culmination of theory, practical knowledge and applied skills necessary to enhance memorialization of the dead human remains through the funeralization and disposition process. Field Trips may be required not to exceed $50. Enrollment limited to those accepted into Baccalaureate Degree Pilot Program.
MORT 495 C Mortuary Jurisprudence 3 Units

Prerequisite(s): Acceptance into baccalaureate degree pilot program and completion of or concurrent enrollment in MORT 402 C with a grade of C or better.

Term hours: 54 lecture. This course is a continuation of MORT 285 C and provides the funeral service practitioner with a review of sources of law, state and federal laws and regulations pertaining to funeral service; as well as the legal and ethical aspects of being a licensed cemetery manager and crematory manager. Field trips will be required. Enrollment limited to those accepted into the baccalaureate degree pilot program.

MORT 497 C Funeral Service Practicum I 2-12 Units

Prerequisite(s): Acceptance into baccalaureate degree pilot program upon completion of all required lower division courses and completion of MORT 297 C with a grade of C or better and completion of or concurrent enrollment in MORT 402 C, MORT 430 C, MORT 450 C and MORT 495 C with a grade of C or better.

Term hours: 18 lecture and 54-594 laboratory. This course provides practical experience in embalming, funeral directing, cemetery operations, and crematory operations in a mortuary/funeral home, cemetery or crematory environment under the supervision of a licensed funeral service practitioner. It includes active participation in planning and directing of ten or more funerals. This course is one of two capstone courses of the major. It is to be taken only after all other MORT courses have been passed, except co-requisite(s), and is to be taken in the semester prior to graduation. Enrollment limited to those accepted into the baccalaureate degree pilot program.

MORT 498 C Funeral Service Practicum II 2-12 Units

Prerequisite(s): Completion of or concurrent enrollment in MORT 497 C with a grade of C or better.

Term hours: 18 lecture and 54-594 laboratory. This course provides practical experience in embalming, funeral directing, cemetery operations, and crematory operations in a mortuary/funeral home, cemetery or crematory environment under the supervision of a licensed funeral service practitioner. It includes active participation in planning and directing of ten or more funerals. This course is one of two capstone courses of the major. It is to be taken only after all other MORT courses have been passed, except co-requisite(s), and is to be taken in the semester prior to graduation. Enrollment limited to those accepted into the baccalaureate degree pilot program.

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Health Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

A student who completes the Mortuary Science program will be able to:

• Emphasize high standards of ethical conduct.
• Provide a curriculum at the post-secondary level of instruction.
• Encourage student and faculty research in the field of funeral service.
• Qualify students for professional licensure examination.

Associate in Science Degree in Mortuary Science

Requirements

PROGRAM CODE: 1503791

AIMS OF PROGRAM

The Mortuary Science Program at Cypress College has as its central aim recognition of the importance of funeral service personnel as:

1. members of a human services profession,
2. members of the community in which they serve,
3. participants in the relationship between bereaved families and those engaged in the funeral service profession,
4. professionals knowledgeable of and compliant with federal, state, and local regulatory guidelines, as well as
5. professionals sensitive to the responsibility for public health, safety and welfare in caring for human remains.

PROGRAM OBJECTIVES

1. To enlarge the background and knowledge of students about the funeral service profession.
2. To educate students in every phase of funeral service, and to help them to develop proficiency and skills necessary for the profession, as defined in the Preamble at the beginning of Chapter 9 of the Manual on Accreditation.
3. To educate students concerning the responsibilities of the funeral service profession to the community at large.
4. To emphasize high standards of ethical conduct.
5. To provide a curriculum at the post secondary level of instruction.
6. To encourage student and faculty research in the field of funeral service; and,
7. To qualify students for professional licensure examinations.

MINIMUM STANDARDS FOR APPLICANTS

1. Eligibility for admission to Cypress College.
2. Official High school transcript, GED test with an average score of 450 on the five-test battery, or high school proficiency examination.
3. Present evidence of good physical and mental health.
4. Completion of College Writing (ENGL 100 C) with a grade of C or better.
5. Completion of college Anatomy and Physiology (BIOL 210 C) or General Human Anatomy (BIOL 231 C) with a grade of C or better within the most recent 5 year time period prior to program application.
6. Completion of Intermediate Algebra (MATH 40 C) or higher with a grade of C of better.
7. A minimum GPA of 2.0 in all college courses attempted.

APPLICATION PROCEDURES
1. In addition to the Cypress College application form, a separate application is required for admission into the Mortuary Science Program. Applications must be completed online. Please see the Health Science Application link on the Mortuary Science home page.

2. A total of 30 new students are selected each spring and fall semester. Applicants may exceed the available seat space.

3. Applicants must submit signature page in person or by US mail. Please bring photo ID; Official high school transcripts, GED or high School Proficiency sent directly from the institution you attended; Official college transcripts (except Cypress and Fullerton Colleges) sent directly from the institution you attended.

4. All Official transcripts are required (high school and college)

**SELECTION PROCEDURES**

Students will be selected using a point system based on the number of general education/graduation courses completed at the time of application and the date of completed application.

The **Associate in Science Degree in Mortuary Science** program is a course of study designed for students who wish to prepare for a career and employment as an embalmer/funeral director in a mortuary and to prepare the student for state licensure where statutory law requires successful completion of the Associate in Science Degree in Mortuary Science and compliance with statutory pre-mortuary science educational requirements.

The Mortuary Science degree program at Cypress College is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097, (816) 233-3747, www.abfse.org and meets the mortuary science or funeral service educational requirements for most states. The ABFSE is an agency recognized by the U.S. Department of Education. Scholarship and general program information can be found on the ABFSE’s website. The National Board Examination is written and governed by the International Conference of Funeral Service Examining Boards, Inc. (ICFSEB), Fayetteville, AR, 73707 (888) 222-2737, www.theconferenceonline.org; Study guide and preparatory information can be found on the Conference’s website. Eligibility to write the licensure examination in some states may be contingent upon compliance with additional statutory requirements. Please consult the department for more specific information, or, for further information, contact a Health Science Counselor (714) 484-7270.

To earn the Associate in Science Degree in Mortuary Science, students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. take the National Board Examination (students need to submit National Board Examination results to Admissions and Records for the semester the student is applying);
4. the cultural diversity and reading requirements;
5. any elective courses to complete a minimum of 60 units; and,
6. have a minimum GPA of 2.0 in all college level courses attempted and at least 50% of all major course work must be completed at Cypress College.

To be eligible to write the National Board Examination, the student must be completing the Associate in Science Degree in Mortuary Science. National Board Examination (NBE) pass rates, graduation rates and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org. To request a printed copy of this program’s rates, go the Mortuary Science Department Office, TE 3 Building, Room 215 or you may visit the Mortuary Science Department website to make the request. www.cypresscollege.edu/ms. Or you may email the Mortuary Science Department (mortsci@cypresscollege.edu) or call the Mortuary Science Department at (714) 484-7278.

**SELECTION PROCEDURES**

1. **SEMESTER 1**
   - MORT 201 C | Funeral Directing | 5
   - MORT 202 C | Funeral Service Administration I | 4
   - MORT 203 C | Methods of Disposition | 4
   - MORT 214 C | Funeral Service Sciences | 5

2. **Summer Session - Optional**
   - MORT 281 C | Funeral Service Practicum | 4-12

3. **SEMESTER 2**
   - MORT 204 C | Funeral Service Administration II | 4
   - MORT 215 C | Embalming | 5
   - MORT 234 C | Funeral Services Ethics and Laws I | 4
   - MORT 248 C | Funeral Service Thanatology | 6

4. **SEMESTER 3**
   - MORT 216 C | Restorative Art | 5
   - MORT 236 C | Funeral Service Ethics and Laws II | 4
   - MORT 288 C | Funeral Service Capstone (formerly MORT 297 C) | 4

5. **Winter Intercession - Optional**
   - MORT 085 C | Work Experience | 1-4
   - MORT 281 C | Funeral Service Practicum | 4-12

**Program Student Learning Outcomes**

**Outcome 1:** Explain the importance of funeral service professionals in developing relationships with the families and communities they serve

**Outcome 2:** Identify standards of ethical conduct in funeral service practice.

**Outcome 3:** Interpret how federal, state, and local laws apply to funeral service in order to ensure compliance.

**Outcome 4:** Apply principles of public health and safety in the handling and preparation of human remains.

**Outcome 5:** Demonstrate technical skills in embalming and restorative art that are necessary for the preparation and handling of human remains.

**Outcome 6:** Demonstrate skills required for conducting arrangement conferences, visitations, services, and ceremonies.

**Outcome 7:** Describe the requirements and procedures for burial, cremation, and other accepted forms of final disposition of human remains.
Bachelor in Science Degree in Funeral Service

Division: Health Science

Requirements

PROGRAM CODE: 1B34011

This program is an accredited course of study in funeral service education designed for students who wish to advance their career and employment opportunities as a funeral service practitioner and to prepare the student for state licensure where statutory law requires successful completion of the Bachelor in Science Degree in Funeral Service in order to practice.

To earn the Bachelor in Science Degree in Funeral Service, students must complete:

1. requirements for Associate in Science Mortuary Science degree or equivalent;
2. all upper division major course requirements with a grade of C or better;
3. 37 units of IGETC lower division general education coursework or 39 units CSU GE Breadth lower division general education coursework, or previously awarded baccalaureate degree from a CSU;
4. a minimum of 9 units of Upper Division General Education Graduation Requirements;
5. the cultural diversity requirement;
6. any elective courses to complete a minimum of 120 units; and,
7. have a minimum GPA of 2.0 in all college level courses attempted and at least 24 units of upper division course work must be completed at Cypress College (residency requirement). Total degree units are 120–131 units.

Courses

MM 101 C Introduction to Online Learning 1 Unit
Term hours: 18 lecture. This course prepares the student for the online education experience through direct application of online courseware tools such as chat, discussion, file exchange, homepage, course calendar, online gradebook, and external links. It also explores word processing basics, time management, troubleshooting, electronic mail, e-mail attachments, Internet navigation and research, file transfer protocol and other Internet services. Pass/No Pass/Letter Grade Option. (CSU)

Multimedia Art Certificate

Requirements

PROGRAM CODE: 1C12359

The Multimedia Art Certificate provides the skills necessary to create interactive projects for distribution on videotape, CD-ROMs, and Web sites. To earn a certificate, complete the required major courses as listed with a grade of C or better for each course. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 21 units.

Course Repeatability Limitations
Effective 2013, most active participatory courses in Art, Dance, Theater, Music, and Physical Education are no longer repeatable. The courses in the table below are related in content and therefore have been identified in distinct “family” groupings in which students are limited to a maximum of 4 course enrollments per family (withdrawals and substandard grades will be counted towards the 4 enrollment maximum). Note: Exceptions for courses still designated as repeatable are indicated in course descriptions of the college catalog and class schedules with the statement, “May be taken for credit ____ times.” If students are majoring in any of these disciplines, they are advised to see their counselor to discuss options.

<table>
<thead>

Music Exceptions

Courses Maintaining Repeatability CSU, UC, Required courses 1 Plus 3 Repeats
MUS 225 C, Music Ensemble Courses:

1 Students are limited to four (4) semester enrollments — in Active Participatory courses — whether in a single course or in a combination of courses grouped within a family. All enrollments in courses (including enrollments in the same repeatable course) within a family count toward the maximum enrollment limitation of four (4) semester enrollments. This includes evaluative (A, B, C, D, F, P, NP) and non-evaluative (I, IP, RD, and W) grades earned. All letter grades received will be counted in GPA.

Music Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
• Associate in Arts Degree Music (p. 397)
• Commercial Music - Management Certificate (p. 398)
• Music Associate in Arts Degree for Transfer (AA-T) (p. 398)
• Recording Arts Certificate (p. 399)

Courses

MUS 101 C Music Fundamentals  3 Units
Term hours: 54 lecture. This course introduces the fundamentals of music including notation, rhythm, pitch, melody, harmony, and form. Students will study the historical and cultural development and significance of musical styles and fundamentals. NOTE: No UC credit if taken after MUS 103AC. (CSU/UC Credit Limitation, AA GE/CSU GE, C-ID: MUS 110)

MUS 102 C Music Reading  3 Units
Term hours: 54 lecture. This course is designed to teach students how to read music from the printed page. Participants will learn basic skills, such as identifying note names and rhythm values, and will progress to the primary levels of sightsinging and developing the inner ear; a skill vital to every musician. (UC/CSU)

MUS 103 C Theory I  3 Units
Advisory: MUS 101 C and MUSA 131 C. Students should have a practical understanding of music fundamentals, and basic keyboard skills. Corequisite: MUS 104 C with a grade of C or better. Students should have a practical understanding of music fundamentals, and basic keyboard skills. Term hours: 54 lecture. This is the first course in music theory for music majors. This course, through guided composition and analysis, incorporates the following concepts: rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; diatonic chords, basic cadential formulas and phrase structure; dominant seventh; figured bass symbols; and non-harmonic tones. Development of skills in handwritten notation is expected. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: MUS 120)

</tbody>
</table>
MUS 143 C Beginning Strings  
Term hours: 18 lecture and 18 laboratory. This course teaches the fundamental of string playing for anyone interested in learning to play the violin, viola, violoncello, or string bass. Students must supply their own instruments. Open to all students, no previous experience necessary. (UC/CSU)

MUS 146 C Woodwind Class  
Term hours: 18 lecture and 18 laboratory. This is a course for students who wish to play flute, oboe, clarinet, bassoon, or saxophone. Students must supply their own instruments. Open to all students, no previous experience necessary. (UC/CSU)

MUS 152 C Percussion Class  
Term hours: 18 lecture and 18 laboratory. This course is for students who wish to play drums, timpani, mallet instruments, and other percussion instruments. The class will emphasize basic music reading and rhythmic accuracy. Open to all students, no previous experience necessary. Pass/No Pass/Letter Grade Option. (UC/CSU)

MUS 156 C Jazz Improvisation - Instrumental  
Prerequisite(s): Audition to evaluate and assess the student's qualifications (proficiency) is required for enrollment
Term hours: 18 lecture and 36 laboratory. This course provides intermediate level instrumental students with the tools and techniques for jazz improvisation. Analysis of harmonic and melodic materials, extensive listening, and performance exercises will assist the student in his/her development as an improviser. (UC/CSU)

MUS 157 C Jazz Improvisation - Vocal  
Term hours: 18 lecture and 36 laboratory. This course offers vocal students training in jazz song-styling techniques focusing on swing, ballad, Latin, blues, and contemporary styles. Topics include rhythmic and melodic improvisation, microphone technique, and scat singing. (UC/CSU)

MUS 175 C Swing Band  
Prerequisite(s): Audition
Term hours: 72 laboratory. This course will involve rehearsal and concert performance of swing music in the style of the "Big Band Era" from the 1930's to 1950's. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)

MUS 176 C Popular Songwriting  
Advisory: MUS 101 C or MUS 103 C
Term hours: 54 lecture. This is an introductory to intermediate course in popular songwriting. Students will learn keyboard skills and notation. They will analyze melody, harmony, song form, rhythm, and lyrics as they apply to popular music. Emphasis will be placed on original compositions and composition by well-known songwriters and recording artists. (CSU)

MUS 177 C Songwriting Workshop  
Term hours: 54 lecture. This course is an intermediate to advanced workshop in popular songwriting. Students will analyze melody, harmony, song form, rhythm, and lyrics as they apply to popular songs. Emphasis will be placed on original compositions, while studying compositions by well-known songwriters and recording artists. (CSU)

MUS 178 C Digital Music Technology  
Term hours: 54 lecture and 36 laboratory. This course is a comprehensive study of how digital technology is used in the music industry today. Designed for students with interest in songwriting, recording, audio production, and/or multimedia. Students will get hands-on experience with MIDI, keyboard synthesizers, sound modules, sequencers, sound editors, notation software, audio file formats (.wav,.mp3,.mid, etc.), and mastering to compact disc. (CSU)

MUS 203 C Theory III  
Prerequisite(s): MUS 105 C with a grade of C or better.
Advisory: MUSA 231 C
Corequisite: MUS 204 C with a grade of C or better. This course incorporates the concepts from Music Theory II. In addition, through writing and analysis, the course will include: introduction to chromatic harmony; secondary/applied chords; modulation; borrowed chords; introduction to Neapolitan and augmented-sixth chords. (UC/CSU/C-ID: MUS 140)

MUS 204 C Musicianship III  
Prerequisite(s): Completion of or concurrent enrollment in MUS 106 C with a grade of C or better.
Corequisite: MUS 203 C with a grade of C or better. Advisory: MUSA 231 C
Term hours: 18 lecture and 18 laboratory. This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory III through ear training, sight singing, analysis, and dictation. (UC/CSU/C-ID: MUS 145)

MUS 205 C Theory IV (formerly MUS 203BC)  
Prerequisite(s): MUS 203 C with a grade of C or better.
Advisory: MUS 232 C
Corequisite: MUS 206 C with a grade of C or better. Term hours: 54 lecture. This course incorporates the concepts from Music Theory III. In addition, through writing and analysis, the course will include: post-Romantic techniques such as borrowed chords and modal mixture, chromatic mediants, Neapolitan and augmented-sixth chords, 9th, 11th, and 13th chords, altered chords and dominants; and 20th century techniques such as: Impressionism, tone rows, set theory, pandiatonicism and polytonalism, meter and rhythm. (UC/CSU/C-ID: MUS 150)

MUS 206 C Musicianship IV  
Prerequisite(s): MUS 204 C with a grade of C or better.
Advisory: MUS 232 C
Corequisite: MUS 205 C with a grade of C or better. Term hours: 18 lecture and 18 laboratory. This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory IV through ear training, sight singing, analysis, and dictation. (UC/CSU/C-ID: MUS 155)

MUS 212 C Music Promotion and Distribution  
Term hours: 54 lecture. In this course, music entrepreneurs will learn business procedures to form their own company, emphasizing strategies for the sale and promotion of music. This course covers topics such as the music marketing environment, hands-on marketing techniques, online sales and promotion, and the effects of technology in music publishing. (CSU)

MUS 222 C Audio Production for Film I  
Prerequisite(s): Mastery
This course explores audio recording, editing and mixing using digital audio workstations. Topics include an introduction to the process of film production, field recording, sound effects and sound design, and synchronizing audio to video. (CSU)

MUS 223 C Audio Production for Film II  
Prerequisite(s): Mastery, MUS 108 C and MUS 222 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course explores audio recording, editing and mixing using digital audio workstations. Topics include ADR, Foley, music editing, and final delivery. (CSU)

</table>
MUS 287 C Vocal Jazz Ensemble 1 Unit
Prerequisite(s): Audition
Term hours: 18 lecture and 36 hours in sectional rehearsals, recording, and program production and/or concerts. This course focuses on the rehearsal and performance of traditional and contemporary vocal jazz repertoire accompanied by a small instrumental ensemble. Some emphasis will be placed upon vocal improvisation in the jazz style. The ensemble will perform in concerts and may also participate in jazz and choral music festivals. Student compositions and arrangements are encouraged. May be taken for credit 4 times. (UC/CSU/C-ID: MUS 180)

MUS 295 C Music Internship 1-4 Units
Term hours: 18 lecture and 61.20-241.20 laboratory. This course is designed to give the student credit for work experience at a related occupational worksite, while being concurrently enrolled in a vocational major. For each unit of credit, a minimum of 75 paid or 60 unpaid worksite internship hours is required. The internship allows students to apply knowledge gained in college courses to an actual work setting, sample career choices and improve job-readiness skills. Supplemental reading and course assignments required. May be taken for credit 4 times. Pass/No Pass/Letter Grade option. (CSU)

MUS 298 C Music Seminar 0.5-12 Units
Term hours: 0:216 lecture and/or 0-936 laboratory depending on units attempted. Various classes may be offered which are designed to meet the interests and needs of students. Pass/No Pass/Letter Grade option. (CSU/UC Credit Limitation)

MUS 299 C Music - Independent Study 1-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 16-36 lecture. This course is designed for students who wish to increase their knowledge and experience in performance or applied areas. Unit credit may range from 1 to 2 units in any given semester. Consult the class schedule to verify credit for a particular term. May be taken for credit 4 times. (UC Credit Limitation/CSU)

MUSA 104 C MUSA 104 C Introduction to Concert Hour (formerly MUS 122 C) 1 Unit
Term hours: 18 lecture. This course is designed for the first semester music major. Providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres. Students will learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Cypress College Music Department concerts and the preparation of concert reports. This course is required of all music majors but open to all students. (CSU, AA GE)

MUSA 105 C Beginning Concert Hour 1 Unit
Prerequisite(s): MUSA 104 C with a grade of C or better.
Term hours: 18 lecture. This course is required of all Music majors for four semesters and expands the student’s knowledge of composers, genres and styles of music. This course is designed for the second semester music major. Providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres, and learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Music Department concerts and the preparation of concert reports. (CSU)

MUSA 106 C Intermediate Concert Hour 1 Unit
Prerequisite(s): MUSA 105 C with a grade of C or better.
Term hours: 18 lecture. This course is designed for the third semester music major. Providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres, and learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Music Department concerts and the preparation of concert reports. (CSU)

MUSA 107 C Advanced Concert Hour 1 Unit
Prerequisite(s): MUSA 106 C with a grade of C or better.
Term hours: 18 lecture. This course is designed for the fourth semester music major, providing the student with opportunities to expand their knowledge of music performance and specific composers and musical genres, and learn from guest artists and guest speakers. Selected students will be given the opportunity to perform during the term. Outside class activities include attendance at Cypress College concerts and the preparation of concert reports. (CSU)

MUSA 111 C Beginning Voice 1 Unit
Term hours: 18 lecture and 18 laboratory. This course is an entry level class for inexperienced singers who wish to explore the Voice Major. Providing a study of basic vocal techniques, the course explores tone production, breath control, pronunciation, and choice of song literature. Required out of class activities include one hour practice in Practice Room per week and participation in recitals. (CSU/UC)

MUSA 112 C Intermediate Voice I 1 Unit
Prerequisite(s): MUSA 111 C with a grade of C or better or audition.
Term hours: 18 lecture and 18 laboratory. This course, which provides a study of vocal literature and techniques in a class situation, emphasizes individual progress in tone production, breath control and diction. Repertoire is primarily 18th and 19th century Italian songs and arias. The course is designed for the voice major not yet qualified for the Advanced Voice classes and for promising non-majors. Out of class activities include one hour of practice per week in Practice Room Suite and preparation for recitals. (UC/CSU)

MUSA 113 C Pop-Commercial Music Theory I 3 Units
Prerequisite(s): MUSA 101 C with a grade of C or better.
Term hours: 54 lecture. This commercial music theory class provides a beginning study of harmonic material as used in pop-commercial music. It includes the study of chord progressions, melodies, and various pop-commercial musical forms. (CSU/UC)

MUSA 114 C Pop-Commercial Musicianship I 1 Unit
Prerequisite(s): MUSA 101 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to develop beginning-level aural skills and playing abilities in the style of pop-commercial music. The course includes performance, transcription, notation and analysis of pop-commercial music. (CSU/UC)

MUSA 116 C Pop-Commercial Piano Style and Technique I 1 Unit
Advisory: MUSA 131 C.
Term hours: 18 lecture and 18 laboratory. This course is designed to give piano students beginning training in pop-commercial styling techniques, piano improvisation, notation, and piano studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 120 C Beginning Guitar 1 Unit
Term hours: 18 lecture and 18 laboratory. This course focuses on the fundamentals of playing the guitar: technique, note reading, scales, chords, simple picking and strumming patterns. The repertoire includes a wide variety of musical styles, from classical to rock. (CSU/UC)
MUSA 121 C Intermediate Guitar
1 Unit
**Prerequisite(s):** MUSA 120 C with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This course is designed for more advanced non-guitar major or the guitar major who is not yet qualified for Classical or Jazz Guitar. This course continues the study of guitar from MUSA 120 C with emphasis on more advanced literature and techniques. Emphasis is placed on individual progress in execution and interpretation. (UC/CSU)

MUSA 125 C Pop-Commercial Drumset Style and Technique I
1 Unit
**Advisory:** MUS 152 C
Term hours: 18 lecture and 18 laboratory. This course is designed to give students beginning-level drum set training in pop-commercial styling techniques, improvisation, notation, and drum studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 130 C Introduction to Piano for Non-Majors
1 Unit
Term hours: 18 lecture and 18 laboratory. This course is designed for non-music majors whose piano skills are non-existent or very limited. This course provides an introduction to the fundamentals of piano playing: posture, keyboard topography, note reading, 5-finger-pattern exercises, sight-reading, and piano repertoires. This course is open to all students. Pass/No Pass/Letter Grade Option. (UC/CSU)

MUSA 131 C Keyboard Skills I
1 Unit
**Prerequisite(s):** Audition.
**Advisory:** Student should be able to demonstrate appropriate piano proficiency for this course.
Term hours: 18 lecture and 18 laboratory. This course is designed for music majors preparing for a university keyboard proficiency exam, this course is the entry-level keyboard musicianship class with emphasis on basic keyboard harmonization, hand independence, transposition, sight-reading, rhythm accuracy and elementary piano repertoires. (UC/CSU)

MUSA 132 C Keyboard Skills II
1 Unit
**Prerequisite(s):** MUSA 131 C with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This course is a continuation of MUSA 131 C for music majors. It includes emphasis on basic keyboard harmonization using primary chord inversions, technique, transposition, accompaniment patterns, rhythm accuracy and late elementary/early intermediate piano repertoires. Pass/No Pass/Letter Grade Option. (UC/CSU)

MUSA 140 C Music Notation Software I
3 Units
**Advisory:** MUS 104 C.
Term hours: 36 lecture and 54 laboratory. This is the first level course that teaches students how to produce professional-quality vocal and instrumental scores as well as lead sheets using music notation software. This course is open to all music majors, music teachers, or performers. (CSU)

MUSA 141 C Electronic Music Production I
3 Units
**Prerequisite(s):** MUS 108 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course covers beginning music theory, technique, and composition. (CSU)

MUSA 143 C Recording Studio Tech I
3 Units
**Prerequisite(s):** MUS 108 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This beginning level course focuses on studio recording and digital audio workstation techniques. (CSU)

MUSA 145 C Audio Production for Gaming I
3 Units
**Prerequisite(s):** MUS 108 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This beginning course focuses on the competition, arranging, and editing of audio for vide games. (CSU)

MUSA 147 C Pop-Commercial Vocal Style and Technique I
1 Unit
**Advisory:** MUS 112 C
Term hours: 18 lecture and 18 laboratory. This course is designed to give vocal students beginning level training in pop-commercial styling techniques, vocal improvisation, notation, and vocal recording studio techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 152 C Pop-Commercial Brass Style and Technique I
1 Unit
**Advisory:** MUS 101 C
Term hours: 18 lecture and 18 laboratory. This course is designed to give brass students beginning-level training in pop-commercial styling techniques, brass improvisation, basic lead sheet writing, and brass studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 155 C Pop-Commercial Music Ensemble
1 Unit
**Prerequisite(s):** Audition.
Term hours: 9 lecture and 49.5 laboratory. Students will rehearse, produce, record and perform commercial music ensemble repertoire; performances are required of all students. Course may be taken four times for credit. (CSU)

MUSA 210 C Advanced Voice
1 Unit
**Prerequisite(s):** Completion of or concurrent enrollment in MUSA 112 C with a grade of C or better or by audition.
Term hours: 18 lecture and 18 laboratory. This course offers individual instruction in vocal techniques and interpretation of solo voice literature in a class situation. Emphasis is placed on repertoire and public performance. Participation in recitals plus one hour practice in Practice Room per week is required. Designed for music majors but open to all students. Pass/No Pass/Letter Grade Option. (UC/CSU)

MUSA 213 C Pop-Commercial Music Theory II
3 Units
**Prerequisite(s):** MUSA 113 C with a grade of C or better.
Term hours: 54 lecture. This commercial music theory course provides an intermediate study of harmonic material as used in pop-commercial music. It includes the study of chord progressions, melodies, and various pop-commercial musical forms. (CSU/UC)

MUSA 214 C Pop-Commercial Musicianship II
1 Unit
**Prerequisite(s):** MUSA 114 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to develop intermediate-level aural skills and playing abilities in the style of pop-commercial music. The course includes performance, transcription, notation and analysis of pop-commercial music. (CSU/UC)

MUSA 216 C Pop-Commercial Piano Style and Technique II
1 Unit
**Prerequisite(s):** MUSA 116 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to give piano students intermediate-level training in pop-commercial styling techniques, piano improvisation, notation, and piano studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)
MUSA 221 C Classical Guitar (formerly MUS 232 C) 1 Unit
Prerequisite(s): MUSA 121 C with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This advanced course designed
for music majors, provides intensive individual instruction in guitar
techniques and interpretation of solo guitar literature. The course places
emphasis on building repertoire and performing music from the Classical
Music to Contemporary periods. (UC/CSU)

MUSA 222 C Pop-Commercial Guitar Style and Technique I 1 Unit
Advisory: MUSA 121 C
Term hours: 18 lecture and 18 laboratory. This course is designed to give
guitar students beginning training in pop-commercial styling techniques,
improvisation, notation, and studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 223 C Pop-Commercial Guitar Style and Technique II 1 Unit
Prerequisite(s): MUSA 222 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to give
guitar students intermediate training in pop-commercial styling techniques, improvisation, notation, and studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 225 C Pop-Commercial Drumset Style and Technique II 1 Unit
Prerequisite(s): MUSA 125 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to give
drum students intermediate training in pop-commercial styling techniques, improvisation, notation, and drum studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 231 C Keyboard Skills III (formerly MUS 236 C) 1 Unit
Prerequisite(s): MUSA 132 C with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This course follows MUSA 132 C
in keyboard musicianship sequence. Individualized instruction will focus
on keyboard harmony using primary and secondary chords, introduction
to basic score reading, transposing to concert pitch, rhythm, and early
intermediate/intermediate piano repertoires including classical, blues,
national and folk tunes. (UC/CSU)

MUSA 232 C Keyboard Skills IV 1 Unit
Prerequisite(s): MUSA 231 with a grade of C or better or Audition.
Term hours: 18 lecture and 18 laboratory. This course is an advanced level
in keyboard musicianship sequence. Rigorous individualized instruction
will focus on keyboard harmony using secondary dominant chords, 3-voice
chordal score reading, specialized rhythm, intermediate to late intermediate
standard repertoires, memorization, and self-critiquing skills. Pass/No
Pass/Letter Grade Option. (UC/CSU)

MUSA 241 C Electronic Music Production II 3 Units
Prerequisite(s): MUSA 141 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This course covers intermediate
electronic music theory, technique, and composition. (CSU)

MUSA 243 C Recording Studio Techniques II 3 Units
Prerequisite(s): MUSA 143 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. This intermediate level course
focuses on studio recording and digital audio workstation techniques.
(CSU)

MUSA 245 C Audio Production for Gaming II 3 Units
Prerequisite(s): MUSA 145 C with a grade of C or better.
Term hours: 35 lecture and 54 laboratory. This intermediate course focuses
on the composition, arranging, and editing of audio for video games. (CSU)

MUSA 247 C Pop-Commercial Vocal Style and Technique II 1 Unit
Prerequisite(s): MUSA 147 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to
give vocal students intermediate training in pop-commercial styling techniques, vocal improvisation, basic lead sheet writing, and recording studio techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

MUSA 252 C Pop-Commercial Brass Style and Technique II 1 Unit
Prerequisite(s): MUSA 152 C with a grade of C or better.
Term hours: 18 lecture and 18 laboratory. This course is designed to give
brass students intermediate-level training in pop-commercial brass styling techniques, improvisation, basic lead sheet writing, and studio recording techniques. Students are required to spend no less than 30 minutes per week in the practice rooms and/or the commercial music lab/library. (CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts.

Given a variety of music materials and subject matter, students will be able to:

- Critically analyze the content and creation through composition, process, and music historical context.
- Discuss the content and creation of music, through composition, process, and music historical context.
- Identify the content and creation through composition, process, and music historical context.
- Personalize the social and psychological aspects of the content and creation through composition, process and music historical context.

Associate in Arts Degree Music Requirements

PROGRAM CODE: 1A03777

The Associate in Arts Degree in Music is designed to prepare the student for
a career as a professional musician. This curriculum includes music history
and theory, as well as applied instruction and performance experience on
his or her particular instrument.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.
To earn a certificate, complete the following:

**Commercial Music - Management Certificate**

**Requirements**

**PROGRAM CODE: 1C12951**

A synthesis of Music and Business courses, this certificate enables students to develop the management, marketing, and entrepreneurial skills necessary for success in the Music Industry. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all coursework must be completed at Cypress College.

**Music Associate in Arts Degree for Transfer (AA-T)**

**Requirements**

**PROGRAM CODE: 1A32134**

The Music Associate in Arts Degree for Transfer (AA-T in Music) is designed to provide an opportunity for the Music major to complete the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Music or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the Music field and provide comprehensive preparation for upper-division work.

To earn an AA-T in Music students must complete the following requirements:

1. a minimum of 24 semester units or 36 quarter units in the Music major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC);
3. completion of 60 semester or 90 quarter units of CSU transferable coursework;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an
acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. have an overall GPA of 2.0.

Recording Arts Certificate

Requirements

PROGRAM CODE: 1C12958

This program was developed for prospective record producers, recording engineers, and songwriters, giving them an insider’s look at the way music is recorded today. Students will gain hands-on experience in “state of the art” facilities. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Mission Statement
The Registered Nursing Program provides student-centered education, preparing graduates to practice as caring registered nurses providing safe, quality, patient-centered care with a foundation for lifelong learning.

Philosophy Statement
The Cypress College nursing faculty ascribes to the core competencies for nursing and nursing education identified by the Quality and Safety Education for Nurses (QSEN) project. While firmly based in science and the arts, the essence of nursing is caring and compassionate patient centered care. Ethical standards, respect for individual dignity, and consideration of cultural context are implicit in the practice of patient-centered care. The nurse advocates for patients and families in ways that promote self-determination, integrity, and ongoing growth as human beings. Nursing care is provided in collaboration with the patient, the family and members of the health care team. The nurse displays a spirit of inquiry by examining evidence to improve quality of care, promote safety and improve patient outcomes. Nursing judgment is integral to making competent decisions related to the provision of safe and effective nursing care. In order to make informed clinical decisions, the nurse must have a firm foundation in and understanding of the concepts of oxygenation, regulation and movement. Information essential to nursing care is communicated via a variety of technological and human means. The adoption of these key philosophical components fosters the development of the nurse’s professional identity.
Teaching and Learning

The nursing faculty believes that learning is a dynamic process which results in behavioral changes. Learning occurs throughout the life cycle and can aid in maximization of any individual's potentials. The individual student's potentials are developed through use of the nursing process, a professional proactive approach to problem-solving. The curriculum provides opportunities for facilitating learning based on individual styles of learning. Self-motivation and active participation are necessary components of the learning process for adult learners. Nursing students must also participate in the classroom and clinical settings.

The curriculum is organized from simple to complex concepts which are as identified in each course outline. Multiple methods of instruction are utilized to address the content being studied, to enhance learning, and to provide for individual differences in both teaching and learning styles. The structure and content of each course is designed to support the department's philosophy of nursing education. The student is recognized as an individual who moves toward goals of self-realization and fulfillment.

Role of the Teacher and Student

The role of the teacher is to identify the learning needs of the student and to facilitate the student's optimal level of learning achievement. A systematic approach is utilized to assist the student in assessment of learning needs, development of learning goals, selection and implementation of learning methods and strategies, and evaluation of outcomes. Differences in individual needs, learning styles, ethnicity and cultural background are essential considerations in effective teacher-student relationships.

Nursing and Personal Responsibility for Health Promotion Practices

The Cypress College nursing faculty recognizes the value of high-level wellness and supports the concept of the nurse being a positive role model for health practices. The entering student needs to be aware of his/her health-promoting behaviors in the area of general health (i.e., rest and sleep, nutrition, therapeutic recreation). The student should avoid behaviors detrimental to health.

Special Requirements, Equipment and Expenses Incurred By Nursing Students Upon Enrollment in the Nursing Program

This information is intended to assist those who are planning enrollment in the registered nursing program prepared for educational expenses. In addition to enrollment fees PAYABLE AT REGISTRATION, the nursing student incurs additional expenses. The nursing student should anticipate an expenditure of approximately $7,000 over the two years of enrollment in nursing program courses.

Clinical practice sites are located throughout Orange and Los Angeles counties. Clinical rotations may be scheduled for day and evening shifts in order to provide learning opportunities. The student will need reliable personal transportation in order to travel to assigned hospitals up to two days a week in each nursing course.

The nature of the learning experiences in the registered nursing program requires that students engage in direct patient care in assigned clinical facilities. All enrolled students are required to meet the same health and safety standards required of nurses in the contracted clinical facilities. For this reason each student enrolled in the nursing program must complete the following requirements at his/her own expense prior to the first day of attendance:

1. Physical examination with health clearance indicating good physical and mental health status with no limitations to providing safe direct patient care.
2. Proof of current immunizations or immunity by titer.
3. Testing for communicable diseases including, but not limited to, the following: Tuberculosis, rubella, rubeola, varicella, hepatitis.
4. Malpractice insurance and personal health insurance.
5. Current CPR certification at the Professional Health Provider level.
6. Criminal background checks and urine testing.

In addition, the student will need to purchase required uniforms, watch with sweep second hand, name badge, stethoscope, and other equipment required for clinical practice.

Information regarding the specific requirements in place at the time of initial enrollment into nursing clinical courses is provided at a mandatory orientation meeting scheduled for applicants selected each semester.

Associate in Science Degree Program

Registered Nursing

PROGRAM CODE: 1S03785

The program educates nursing students for patient/client services in a variety of health care settings. Clinical experience in hospitals and other health care agencies is correlated with classroom instruction. At the satisfactory completion of all courses and the specified general education requirements, the individual will receive an Associate in Science degree and will be eligible for the National Licensing Exam (NCLEX). (If convicted of any offense other than a minor traffic violation may prevent students from attending clinical rotations where criminal background checks are required. Students will be required to declare offenses on their State application to write the licensing exam, which may delay the licensing application process and may affect their eligibility to become licensed.)

The Nursing Program is approved by California Board of Nursing and nationally accredited by the Accreditation Commission for Education in Education (ACEN). For the requirements to complete the Associate in Science Degree, see the Graduation Requirements for the Associate Degree section of this catalog.

Minimum Standards for Applicants

1. Eligibility for admission to Cypress College.
2. High school graduation, or passing of the General Education Development Test (GED), or the High School Proficiency Test, or a graduate of an accredited college.
3. Good physical and mental health as determined by a medical examination upon admission to the program. In compliance with the State Board of Registered Nursing Guidelines, no student with impaired health status (which includes use of legal or illegal drugs, alcohol, or other chemicals) shall be admitted or allowed to remain enrolled in the Nursing Program. Students applying to the Nursing Program with a history of substance abuse, physical impairment, or mental/emotional impairment shall be required to provide proof of active participation in a recognized treatment program at the time of application. Evidence of continuing rehabilitation may be required if admitted or re-admitted to the Nursing Program. These standards are necessary for the Cypress College Registered Nursing Program to
be in compliance with the Board of Registered Nursing Guidelines and maintain full approval status.
4. Total college grade point average (GPA) of 2.0 with a grade of C or better.
5. Completion of ENGL 100 C with a grade of C or better as determined by a counselor from transcript.
6. Completion of BIOL 231 C General Human Anatomy, BIOL 241 C General Human Physiology, (CHEM 101 C Chemistry for Health Science Majors I strongly recommended), and BIOL 220 C Medical Microbiology with a grade of C or better. All must have been completed within five years of application.

Application Procedures

See application on Health Science application website.

Applications must be completed online at the beginning of September. Please see the Health Science Application link on the Registered Nursing home page for specific dates.

Applicants must submit official transcripts (except Cypress and Fullerton Colleges) and signature page in person to the Health Science Applications office, Health Science Building, Room 217, Cypress College 9200 Valley View Street, Cypress, California 90630-5897 by October 1. Photo identification is required.

The Nursing Program admits students twice each year, fall and spring. All applicants who wish to remain on the applicant list must file an updated application every year during the application period in September. Applicants will be notified of updated status via email.

Notify the Health Science Application Office in Writing:
1. if you change your name, address or telephone number
2. if you wish to withdraw your name as an applicant

Please Note: F-1 visa students will not be accepted for admission into any program when applications by qualified U.S. citizens exceed space available.

Contact Health Science Application Office for the specific final days of application, hours and last day to submit transcripts because of holidays or weekends, (714) 484-7270.

Registered Nursing Curriculum

PROGRAM CODE: 1S03785

Nursing courses must be taken in specific sequence. For further information, see a Health Science Counselor. The student must attain a minimum grade of C in each required course to continue in the program.

All students will have to meet the prerequisites of ENGL 100 C, Anatomy, Physiology, and Microbiology. The nursing program also requires completion of Introduction to Psychology, Introduction to Sociology, and Human Communication.

Per SB 139, section 66055.8 of the Education Code, California Community Colleges that operate a registered nursing program shall waive the general education requirements for the associate of science degree, in Nursing, for any student who has been admitted to the program and who has already earned a baccalaureate or higher degree. Cypress College will only accept degrees granted from a regionally accredited institution of higher education.

Total Units 60-62

1. A score of 3 or higher on the Advanced Placement (AP) Psychology exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
2. May be taken prior to program for selection purposes, but must be completed at least by semester indicated.
3. A score of 3 or higher on the Advanced Placement (AP) English Lang. and Comp. or English Lit. and Comp. exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
A score of 3 or higher on the Advanced Placement (AP) Math (Calculus AB) or Math (Calculus BC) exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.

5. Proficiency Examination available — see Health Science Counselor.

All nursing courses are challengeable. See Nursing Program Director.

Graduation requirements: Social Justice, Equity, and Sustainability (beginning Fall 2000 catalog, the nursing program meets the requirement) and Reading Proficiency. See Counselor/Catalog.

Transfer of Credit

Transfer credit for nursing courses taken from another accredited institution may be granted provided the applicant meets the Cypress College Department of Nursing entrance requirements and space is available in the program. Contact the Health Science Application Office for written policy and procedure.

Credit will be granted on an individual basis after evaluation by the Department of Nursing. Transfer credit for equivalent general education courses required by the Department of Nursing will be granted if the course has been completed at an accredited college or challenge exam.

Any required course in the biological or Social Sciences listed below, completed over five years previous to the time the student applied to the program, must be repeated or the student may receive credit by challenge examination, or be evaluated on an individual basis.

Career Mobility: Licensed Vocational Nurse to Registered Nurse

PROGRAM CODE: 1S00003

Licensed Psychiatric Technician to Registered Nurse

PROGRAM CODE: 1S00004

The nursing program provides an opportunity for Licensed Vocational Nurses and Licensed Psychiatric Technicians to complete the Registered Nursing curriculum. The individual completing the registered nursing program and general education requirements is eligible to take the Registered Nursing State Licensing Examination. As a graduate of the Cypress College Registered Nursing Program, the student will receive an Associate in Science degree.

Minimum Standards for Applicants

1. Eligibility for admission to Cypress College.
2. High school graduation or passing of the General Education Development (GED) test or the High School Proficiency Test or a graduate of an accredited college.
3. Good physical and mental health as determined by a medical examination upon admission to the program. In compliance with the State Board of Registered Nursing Guidelines, no student with impaired health status (which includes use of legal or illegal drugs, alcohol, or other chemicals) shall be admitted or allowed to remain enrolled in the Nursing Program. Students applying to the Nursing Program with a history of substance abuse, physical impairment, or mental/emotional impairment shall be required to provide proof of active participation in a recognized treatment program at the time of application. Evidence of continuing rehabilitation may be required if admitted or re-admitted to the Nursing Program. These standards are necessary for the Cypress College Registered Nursing Program to be in compliance with the Board of Registered Nursing Guidelines, and maintain full accreditation.
4. Verification of completion of a program or its equivalent preparing for a Licensed Vocational Nurse or Psychiatric Technician and 6 months experience at the time of application.
5. Successful completion of the Career Mobility Proficiency Exams. (See Health Science Counselor for specific information on testing criteria and procedures.)
6. Successful completion of the Career Mobility Clinical Skills Validation Performance Exam. (See Health Science Counselor for specific information on testing criteria and procedures.)
7. Total college grade point average (GPA) of 2.0 (grade of C) or better.

Prerequisites

Completion of the following courses with a grade of C or better:

Total Units 22.5

1. Must be taken within ten years of application.
2. A score of 3 or higher on the Advanced Placement (AP) English Lang. and Comp. or English Lit. and Comp. exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
3. May be in progress at the time of application, but must be completed prior to acceptance in the Nursing Program.
4. A score of 3 or higher on the Advanced Placement (AP) Psychology exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
5. This course, available in the summer only, includes a clinical rotation. It is required for career mobility students seeking advancement into the Registered Nursing Program. Applicants will be assigned a placement number on the qualified mobility placement list upon successful completion of this course with a grade of “C” or better.

Application Deadlines

FALL OR SPRING CLASSES

Applications are accepted after successful completion of career mobility proficiency and skills validation testing. A counseling appointment is mandatory to review program and application procedure.
Application Requirements
1. Must have completed all prerequisites.
2. Possess a current unencumbered California LVN or PT license.
3. Must have completed application.
4. Satisfactory completion of NURS 090 C, with a grade of C or better.

Career Mobility: LVN/PT to Registered Nursing Curriculum

Reading Proficiency
NOTE: All Cypress College graduates must meet the following two requirements: Social Justice, Equity, and Sustainability (beginning with the Fall 2000 catalog, the nursing program meets the requirement) and Reading Proficiency. See counselor/catalog.

Nineteen and one half units may be awarded for holders of a valid California Vocational Nursing license. Credits are posted to transcripts upon completion of all other graduation requirements. Students must provide a copy of their current California license with their application to the Director of Nursing to be eligible for this credit.

Fourteen and one half units may be awarded for holders of a valid California Psychiatric Technician license. Credits are posted to transcripts upon completion of all other graduation requirements. Students must provide a copy of their current California license with their application to be eligible for this credit.

Psychiatric Technician to Registered Nurse
PROGRAM CODE: 1S00004

Career Mobility: Licensed Vocational Nurse to Non-Degree Registered Nurse
The LVN 30-Unit Option non-degree RN Program does not lead to an Associate Degree in Nursing. This non-graduate status entitles the candidate to take the NCLEX-RN for licensure as a registered nurse only in the State of California. This permanent non-graduate status may hinder employment and further educational opportunities and prohibit endorsement as a registered nurse in other states.

Minimum Standards For Applicants
1. Applicants must meet Cypress College entrance requirements.
2. Verification of completion of a program or its equivalent, preparing for a Licensed Vocational Nurse.
3. Satisfactory completion of BIOL 210 C, with Lab, 5 Units (or equivalent) with a grade of C or better.
4. Satisfactory completion of (or concurrent enrollment in) BIOL 220 C, (or equivalent) with a grade of C or better.

Application Deadlines
Applications are accepted after successful completion of career mobility proficiency and skills validation. A counseling appointment is mandatory to review program and application procedure.

Selection Procedure
Applications normally exceed capacity. Applicants should obtain specific information and counseling information sheets from the Health Science Counseling Office. It is the applicant’s responsibility to verify that documents, transcripts and records are on file.

29-Unit Non-Degree Option Career Mobility: Licensed Vocational Nurse to Non-Degree Registered Nurse
A Licensed Vocational Nurse may apply for admission to the Nursing Program to meet the requirements for licensure of the State Board of Registered Nursing in California. Thirty-Unit Option applicants shall have equal access to open space in the required nursing courses.

Total Units 29  

Associate in Science Degree for Registered Nurses From a Diploma School of Nursing  
This program is designed to enable a Registered Nurse from a diploma school of nursing to earn an Associate in Science Degree. Diploma Nursing School graduates with a current California license will receive 40 units of credit toward an Associate in Science Degree upon completion of general education and residency requirements at Cypress College. For the requirements to complete the Associate in Science Degree, see the Graduation Requirements for the Associate Degree (p. 487) section of this catalog. A petition is required for students requesting a waiver if 50% of their course work in the major was not completed at Cypress College. See your Health Science Counselor.

Nursing Four Year Transfer Program  
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates  
- Associate in Science Degree Program Registered Nursing (p. 407)

Courses  
NURS 081 C Selected Topics in Nursing I 3 Units  
Prerequisite(s): NURS 192 C with a grade of C or better  
Term hours: 27 lecture and 81 laboratory. This course is designed to meet the first semester nursing students’ need for review and remediation of fundamental nursing care and an introduction to medical surgical and gerontological nursing. Pass/No Pass only.

NURS 082 C Selected Topics in Nursing II 3.5 Units  
Prerequisite(s): NURS 196 C with a grade of C or better  
Term hours: 31.5 lecture and 94.5 laboratory. This course is designed to meet the nursing students’ need for review and remediation of medical surgical nursing and an introduction to maternal newborn nursing. Pass/No Pass only.

NURS 083 C Selected Topics in Nursing III 3.5 Units  
Prerequisite(s): NURS 292 C with a grade of C or better  
Term hours: 31.5 lecture and 94.5 laboratory. This course is designed to meet the nursing students’ need to review and remediation of intermediate medical surgical nursing, mental health nursing, and geriatric nursing. Pass/No Pass only.

NURS 090 C Nursing Transitions 3.5 Units  
Prerequisite(s): Licensed Vocational Nurse (LVN) or Licensed Psychiatric Technician (LPT), with no less than six months documented work experience in their licensed capacity, and successful completion of career mobility proficiency exams and skills validation test. This course is designated for the experienced (no less than six months documented work experience in their licensed capacity) LVN/LPT who is preparing to enter the Registered Nursing career ladder program. The course will enhance theoretical and technical nursing skills in areas such as communication, ethics, fluid and electrolytes, and pharmacology. Students will develop in-depth skill in utilization of the nursing process. Major emphasis is placed on assessment of patient’s biopsychosocial needs and related interventions. This course promotes Quality & Safety Education for Nurses (QSEN) competencies that incorporate patient-centered care, safety teamwork, collaboration, evidence based practice, quality improvement and informatics. The course emphasizes specific knowledge and skills not included in LVN/PT curricula. $19.00 Laboratory Fee-Payable at Registration.

NURS 091 C Strategies-Success in Nursing 0.5 Units  
Term hours: 9 lecture. This course is designed to assist the pre-nursing and the nursing student to understand the nursing process and apply quality and safety standards within the spirit of inquiry firmly based in the science and art of nursing. This course will prepare a student to provide safe, patient centered care within an environment of interdisciplinary teamwork and collaboration. This course will assist the student to assimilate knowledge and apply it in the clinical practice setting. This course will provide student with behavioral and problem solving tools to develop strategies for success in nursing. Pass/No Pass or Letter Grade option.

NURS 099 C Nursing Independent Study 0.5-2 Units  
Prerequisite(s): Approved Independent Study Learning Contract  
Term hours: 9-36 depending on units attempted. This course is designed for capable students enrolled in the Registered Nursing program or options of the program who wish to increase their knowledge and experience in applied areas of patient centered care. Students will participate in independent study on assigned areas under staff supervision. Variable Unit Class. May be taken for credit 4 times. Pass/No Pass or Letter Grade Option.

NURS 103 C Basic Health Assessment 0.5 Units  
Prerequisite(s): NURS 192 C with a grade of C or better; Licensed Psychiatric Technician; Licensed Vocational Nurse; Registered Nurse. Term hours: 9 lecture. This elective course provides specialized nursing knowledge in assessing basic health status in the non-pregnant adult. Students will recall and build upon the curricular concepts learned in preceding nursing courses of patient centered care, safety, oxygenation, regulation and movement using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics, to apply the nursing process and utilize techniques for performing both history and physical assessments. Pass/No Pass/Letter Grade Option. (CSU)
NURS 104 C Introduction to ECG Interpretation 0.5 Units

Prerequisite(s): NURS 191 C and NURS 193 C with a grade of C or better; Licensed Vocational Nurse; Registered Nurse or permission of instructor

Term hours: 9 lecture. This elective course provides specialized nursing knowledge in providing patient centered care to patients experiencing oxygenation disorders; cardiac dysrhythmias, using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics. Introductory course for nurses working with cardiac monitored patients. Cardiac dysrhythmias include sinus, atrial, AV heart blocks, junctional, and ventricular dysrhythmias. Initial patient monitoring, lead placement, techniques and equipment utilized to measure and identify cardiac arrhythmias are addressed in introductory terms. Basic therapies based on current ACLS standards and nursing implications for these dysrhythmias are discussed. Pass/No Pass/ Letter Grade Option. (CSU)

NURS 107 C Pain Management for Nurses 1 Unit

Prerequisite(s): NURS 192 C with a grade of C or better.

Term hours: 18 lecture. This course introduces the student to safe patient centered care for pain assessment and management strategies for use in daily clinical practice, based on the California Board of Registered Nursing’s Pain Management Policy. Physiologic, psychologic, sociologic, and cultural aspects of pain are examined within the context of the nursing process. The student will learn to effectively prevent and control patient pain and improve patient outcomes by pharmacologic and non-pharmacologic means. Ethical issues and barriers to effective pain management are considered. Pass/No Pass/ Letter Grade Option. (CSU)

NURS 108 C Orthopaedic Patient Care 0.5 Units

Advisory: NURS 192 C

Term hours: 9 lecture. This course is an overview of the general concepts of orthopedic nursing including assessment of patients with movement disorders and orthopedic injuries requiring safe patient centered nursing care. Designed to give the participant an introduction to the specialty of orthopedic nursing, this course includes review of evidence based care of patients experiencing immobilization treatment, total joint arthroplasty, spinal surgery, amputation, as well as orthopedic complications. The content of the course is based on orthopedic nursing practice standards and patient teaching implications as developed by the National Association of Orthopedic Nurses. Pass/No Pass/ Letter Grade Option. (CSU)

NURS 190 C Introduction to Nursing Concepts 2 Units

Term hours: 36 lecture. This course introduces the health science student to the theoretical basis of nursing and patient centered care. Emphasis is placed on psychosocial concepts inherent to the development of professionalism, teamwork and collaboration, evidence based practice, quality improvement and informatics. Professional nursing roles and interaction skills are applied to the health care setting. The effects of regulation of stress and developmental patterns on individual health care needs are introduced. Major social and cultural issues in relation to health care are discussed. Teaching/learning strategies unique to health care, nursing, and clinical instruction are explored. (CSU)

NURS 191 C Pharmacology in Nursing I 1 Unit

Prerequisite(s): Acceptance in the Nursing Program, LVN, PT or completion of NURS 191 C and NURS 193 C with a grade of C or better.

Term hours: 18 lecture. This pharmacology course correlates with the content in NURS 192 C and NURS 193 C. It introduces the concepts of patient centered care, teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to safely administer both enteral and topical medications to patients in basic medical-surgical areas with oxygenation, regulation and movement disorders. (CSU)

NURS 192 C Fundamentals of Nursing 4.5 Units

Prerequisite(s): Acceptance in the Nursing Program

Term hours: 45 lecture and 108 laboratory. This course is an introduction to the nursing process and applying quality and safety standards within a spirit of inquiry firmly based in the science and art of nursing. This course will prepare the student to provide safe, patient-centered care within an environment of interdisciplinary teamwork and collaboration. The course is designed to provide the student with fundamental provider of care roles and critical thinking skills in order to develop and deliver a basic plan of care. Fundamental exemplars will be introduced with an emphasis on basic oxygenation, patient and nurse movement, and regulation of patient physiology and behavior. The course is designed to socialize the beginning nursing student to the professional role of nursing. Models of health care delivery systems and funding will be explored. Nursing issues regarding patient rights, ethical and legal standards, and the use of professional and therapeutic communication will be applied to nursing theory and practice. $30 Materials Fee-Payable at Registration (CSU)

NURS 193 C Introduction to Medical-Surgical and Geriatric Nursing 3.5 Units

Prerequisite(s): NURS 192 C with a grade of C or better.

Term hours: 27 lecture and 108 laboratory. This course prepares the student to apply the nursing process and develop basic critical thinking within a spirit of inquiry firmly based in the science and art of nursing for safe patient centered care of the older adult in the medical-surgical setting. Students will recall and build upon course concepts (previous learning in NURS 192 C) of patient centered care, safety, oxygenation, regulation and movement with healthy aging concepts, basic age-associated changes and preventive health considerations for the older adult. Using interdisciplinary teamwork and collaboration, this course socializes the beginning nursing student to the professional role of nursing as it relates to the care of the older adult and explores resources for evidence based practice. Models of health care delivery systems and quality improvement strategies will be introduced and explored. Professional nursing issues, ethical and legal standards, and professional communication related to older adult rights will be explored. $60 Materials Fee - Payable at Registration. (CSU)

NURS 195 C Pharmacology in Nursing II 1 Unit

Prerequisite(s): Acceptance in the Nursing Program, LVN, PT or completion of NURS 191 C and NURS 193 C with a grade of C or better.

Term hours: 18 lecture. This pharmacology course correlates with the content in NURS 196 C and NURS 197 C. Students will recall and build upon the curricular concepts previously learned in NURS 191 C and NURS 193 C of patient centered care, teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to safely administer both enteral and parenteral medications to patients in multiple settings with oxygenation, regulation and movement disorders. (CSU)

NURS 196 C Medical-Surgical Nursing I 5 Units

Prerequisite(s): NURS 191 C and NURS 192 C and NURS 193 C with a grade of C or better.

Term hours: 40.5 lecture and 148.5 laboratory. This course prepares the student to apply the nursing process and develop nursing judgment within a spirit of inquiry based on the science and art of nursing to prioritize care for the medical-surgical patient in multiple clinical settings. Students will learn the foundation of critical thinking. Students will recall and build upon previously learned curricular concepts of patient centered care, safety, oxygenation, regulation and movement using intra and interdisciplinary teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to provide effective care to achieve positive patient outcomes. $65 Materials Fee - Payable at Registration. (CSU)
NURS 197 C Maternal and Newborn Nursing 3.5 Units
Prerequisite(s): NURS 196 C with a grade of C or better.
Term hours: 31.5 lecture and 94.5 lab. This course prepares the student to apply the nursing process and develop nursing judgment to prioritize care for the perinatal, newborn, and women's health patient in multiple clinical settings. Students will recall and build upon the curricular concepts (previously learned in NURS 192 C and NURS 193 C and NURS 196 C) of patient centered care, safety, oxygenation, regulation and movement using teamwork and collaboration, professionalism, evidence-based practice, quality improvement and informatics to provide effective care to achieve positive patient outcomes. $75 Materials Fee - Payable at Registration. (CSU)

NURS 209 C Advanced RN Practicum and Career Development 1-4 Units
Prerequisite(s): NURS 292 C with a grade of C or better.
Corequisite: Concurrent enrollment in the Registered Nursing Program or permission of the Director of Nursing. Term hours: 9 lecture and 27 laboratory. This course focuses upon exploring work related issues in an acute hospital setting. The course will provide opportunities enabling students to apply previously learned theory and clinical skills in patient centered care in which the student has demonstrated competence. The course may provide exposure to acute areas of complex care with the agreement of the facility and instructor and previous enrollment in nursing practicum. Requires a minimum eight hour employment per week in an approved acute care agency. As required by the Board of Registered Nursing regulations, no new skills will be taught. Variable Unit Class. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option. (CSU)

NURS 291 C Pharmacology in Nursing III 1 Unit
Prerequisite(s): Acceptance in the Nursing Program, LVN or PT or NURS 195 C with a grade of C or better.
Term hours: 18 lecture. This course correlates with the content in NURS 292 C, NURS 293 C, NURS 294 C. Students will recall and build upon the curricular concepts previously learned in NURS 195 of patient centered care, teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to safely administer medications to patients in multiple settings with oxygenation, regulation and movement disorders. (CSU)

NURS 292 C Medical-Surgical Nursing II 5 Units
Prerequisite(s): NURS 195 C and NURS 196 C and NURS 197 C with a grade of C or better and acceptance into the Nursing Program. Term hours: 40.5 lecture and 148.5 laboratory. This course prepares the student to apply the nursing process, to develop nursing judgment and to prioritize patient centered care for multiple acute medical-surgical patients in a variety of settings. Students will apply quality and safety standards within a spirit of inquiry firmly based in the science and art of nursing. Students will recall and build upon the curricular concepts (previously learned in NURS 192 C, NURS 193 C, NURS 196 C, and NURS 197 C) of patient-centered care, safety, oxygenation, regulation and movement using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to provide effective care to achieve positive patient outcomes. $75 Materials Fee - Payable at Registration (CSU)

NURS 293 C Mental Health Nursing 3.5 Units
Prerequisite(s): NURS 292 C with a grade of C or better.
Term hours: 31.5 lecture and 94.5 laboratory. This course presents historical, cultural and contemporary evidence based concepts related to the mental health-illness continuum. Will explore patient - centered interventions that are designed to promote safe return to mental stability and meet the emotional needs of the patient. Emphasis is placed on interpersonal communication through self-awareness, the safe use of self as a therapeutic agent and collaboration with the mental health team and community resources. The role of the nurse in providing quality care in the areas of ethics, legal, advocacy issues while providing patient centered care is explored in the Psychiatric unit. (CSU)

NURS 294 C Geriatric Nursing 3 Units
Prerequisite(s): NURS 292 C with a grade of C or better.
Term hours: 27 lecture and 81 laboratory. This course prepares the student to apply quality and safety standards and the National League for Nursing's ACES framework to plan patient centered care for the community dwelling older adult. There will be an emphasis on the use of standardized assessment tools and application of evidenced based practice in various community settings. Students will learn to collaborate with other members of the interdisciplinary team and use nursing judgement to foster individualized aging in the senior population. (CSU)

NURS 295 C Pharmacology in Nursing IV 0.5 Units
Prerequisite(s): NURS 291 C, NURS 292 C, NURS 293 C, or NURS 294 C, with a grade of C or better or acceptance in the Nursing Program, LVN, PT. Term hours: 9 lecture. This course correlates with the content in NURS 296 C and NURS 297 C. Students will recall and build upon the curricular concepts learned in preceding nursing courses of patient centered care, safety, oxygenation and regulation and movement using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics, to safely administer medications to pediatric and adult patients in multiple clinical settings with oxygenation, regulation and movement disorders. Pass/No Pass/Letter Grade Option (CSU)

NURS 296 C Child and Family Nursing 3.5 Units
Prerequisite(s): NURS 291 C, NURS 292 C, NURS 293 C, or NURS 294 C, with a grade of C or better.
Term hours: 31.5 lecture and 94.5 laboratory. This course prepares the student to apply quality and safety standards utilizing the nursing process based in the science and art of nursing. Students will develop nursing care strategies for complex family centered care of the pediatric population within multiple interdisciplinary settings. Evidence-based nursing interventions encompassing a holistic and approach will be developed. The student will apply growth and development concepts to the care of multiple patients, utilizing informatics and effective therapeutic and professional communication. Nursing judgment and prioritization will be applied to achieve positive care outcomes within family centered care situations. (CSU)
NURS 297 C Medical-Surgical Nursing III 5 Units
*Prerequisite(s):* NURS 292 C, NURS 295 C and NURS 296 C, with a grade of C or better.

Term hours: 41 lecture and 149 laboratory. This course prepares the student to apply nursing process, to develop nursing judgment, and to prioritize care for adults with acute unstable medical-surgical disorders in a variety of settings. Students will recall and build upon the curricular concepts (previously learned in NURS 192 C, NURS 193 C, NURS 196 C, NURS 197 C, NURS 292 C, NURS 293 C, NURS 294 C and NURS 296 C) of patient-centered care, safety, oxygenation and regulation and mobility using teamwork and collaboration, professionalism, evidence based practice, quality improvement and informatics to provide effective care to promote synthesis and competence necessary for entry into practice. $70 Materials Fee - Payable at Registration. (CSU)

**Program Student Learning Outcomes**

**Nursing**

The graduate of the Cypress College Nursing Program will be competent when he/she consistently provides safe, quality, patient centered care. The graduate uses sound nursing judgment and best practices to meet patient care needs for oxygenation, regulation and movement across the lifespan. The graduate nurse demonstrates advocacy for patients/families in a coordinated manner using open interprofessional communication while maintaining mutual respect and shared decision-making to achieve safe quality patient outcomes. The graduate uses evidence to make decisions and promotes quality improvement. The professional nurse uses information and technology to support decision-making and effective communication while demonstrating professionalism.

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1- Health Sciences.

A student who completes the Nursing Program will be able to:

- Acquire knowledge, skills, and competencies necessary for employment.

**Graduate Outcomes (Competencies)**

1. Employ practices to ensure safety of patients and improve outcomes of care. *(Safety)*
2. Advocate for patients, recognizing the patient or designee as the source of control and as full partner in providing compassionate and coordinated care based on respect for patient’s preferences, values, and needs. *(Patient Centered Care)*
3. Collaborate effectively within nursing and inter-professional teams, fostering open communication, mutual respect, and shared decision-making to achieve safe, quality patient care in a variety of health care settings. *(Teamwork and Collaboration)*
4. Use nursing judgment based on best current evidence to provide safe care for patients and families across the lifespan. *(Evidence-Based Practice)*
5. Apply principles of quality improvement to monitor the outcomes of care and minimize risk of harm to patients and providers. *(Quality Improvement)*
6. Use information and technology to communicate, document care, minimize error, and support decision making. *(Informatics)*

7. Utilize best practices and sound nursing judgment to address oxygenation issues, maintain regulation, and guide movement in patients across the lifespan. *(Oxygenation, Regulation, Movement)*
8. Demonstrate professionalism in the implementation of the role of the registered nurse. *(Professionalism)*

**Associate in Science Degree Program**

**Registered Nursing**

**Requirements**

**PROGRAM CODE: 1503785**

The program educates nursing students for patient/client services in a variety of health care settings. Clinical experience in hospitals and other health care agencies is correlated with classroom instruction. At the satisfactory completion of all courses and the specified general education requirements, the individual will receive an Associate in Science degree and will be eligible for the National Licensing Exam (NCLEX). *(If you have been convicted of any offense other than a minor traffic violation, it may prevent your attending clinical rotations where criminal background checks are required. You will be required to declare offenses on your state application to write the licensing exam, which may delay the licensing application process and may affect your eligibility to become licensed.)*

The nursing program is approved by California State Board of Registered Nursing and nationally accredited by the NCNAC. For the requirements to complete the Associate in Science Degree, see the Graduation Requirements for the Associate Degree section of this catalog.

**Minimum Standards for Applicants**

1. Eligibility for admission to Cypress College.
2. High school graduation, or passing of the General Education Development Test (GED), or the High School Proficiency Test, or a graduate of an accredited college.
3. Good physical and mental health as determined by a medical examination upon admission to the program. In compliance with the State Board of Registered Nursing Guidelines, no student with impaired health status (which includes use of legal or illegal drugs, alcohol, or other chemicals) shall be admitted or allowed to remain enrolled in the Nursing Program. Students applying to the Nursing Program with a history of substance abuse, physical impairment, or mental/emotional impairment shall be required to provide proof of active participation in a recognized treatment program at the time of application. Evidence of continuing rehabilitation may be required if admitted or re-admitted to the Nursing Program. These standards are necessary for the Cypress College Registered Nursing Program to be in compliance with the Board of Registered Nursing Guidelines and maintain full accreditation.
4. Total college grade point average (GPA) of 2.0 with a grade of C or better.
5. Completion of ENGL 100 C with a grade of C or as determined by a counselor from transcript.
6. Completion of BIOL 231 C General Human Anatomy, BIOL 241 C General Human Physiology, (CHEM 101 C Chemistry for Health Science Majors I strongly recommended), and BIOL 220 C Medical Microbiology with a grade of C or better. All must have been completed within five years of application.
Application Procedures

See application on Health Science application website.

Applications must be completed online September 1–10. Please see the Health Science Application link on the Registered Nursing home page.

Applicants must submit official transcripts (except Cypress and Fullerton Colleges) and signature page in person to the Health Science Applications office.

Health Science Building
Cypress College 9200 Valley View Street
Cypress, California 90630-5897

by October 1st. Please bring photo identification.

The Nursing Program admits students twice each year, fall and spring. Applicants will be notified of status via email.

All applicants who wish to remain on the applicant list must file an updated application every year during the application period in September. Applicants again will be notified of updated status in writing.

Notify the Health Science Application Office in Writing:
1. if you change your name, address or telephone number
2. if you wish to withdraw your name as an applicant

Please Note: F-1 visa students will not be accepted for admission into any program when applications by qualified U.S. citizens exceed space available.

Contact Health Science Application Office for the specific final days of application, hours and last day to submit transcripts because of holidays or weekends, (714) 484-7270.

Registered Nursing Curriculum

Nursing courses must be taken in specific sequence. For further information, see a Health Science Counselor. The student must attain a minimum grade of C or better in each required course to continue in the program.

All students will have to meet the prerequisites of ENGL 100 C, Anatomy, Physiology, and Microbiology. The nursing program also requires completion of Introduction to Psychology, Introduction to Sociology, and Human Communication.

Per SB 139, section 66055.8 of the Education Code, California Community Colleges that operate a registered nursing program shall waive the general education requirements for the associate of science degree, in Nursing, for any student who has been admitted to the program and who has already earned a baccalaureate or higher degree. Cypress College will only accept degrees granted from a regionally accredited institution of higher education.

Total Units 60-62

1 A score of 3 or higher on the Advanced Placement (AP) Psychology exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
2 May be taken prior to program for selection purposes, but must be completed at least by semester indicated.
3 A score of 3 or higher on the Advanced Placement (AP) English Lang. and Comp. or English Lit. and Comp. exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
4 A score of 3 or higher on the Advanced Placement (AP) Math (Calculus AB) or Math (Calculus BC) exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
5 Proficiency Examination available — see Health Science Counselor.
6 MATH 040 C or higher

All nursing courses are challengeable. See Nursing Program Director.
Graduation requirements: Cultural Diversity (beginning Fall 2000 catalog, the nursing program meets the requirement) and Reading Proficiency. See Counselor/Catalog.

Transfer of Credit
Transfer credit for nursing courses taken from another accredited institution may be granted provided the applicant meets the Cypress College Department of Nursing entrance requirements and space is available in the program. Contact the Health Science Application Office for written policy and procedure.

Credit will be granted on an individual basis after evaluation by the Department of Nursing. Transfer credit for equivalent general education courses required by the Department of Nursing will be granted if the course has been completed at an accredited college.

Any required course in the biological or Social Sciences listed below, completed over five years previous to the time the student applied to the program, must be repeated or the student may receive credit by challenge examination, or be evaluated on an individual basis.

- Philosophy Associate in Arts Degree for Transfer (AA-T) (p. 412)

Courses

PHIL 100 C Introduction to Philosophy
3 Units
Advisory:
Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course introduces the student to a variety of philosophical issues in metaphysics, theory of knowledge, and ethics, as well as the methodology used by philosophers to address those issues. The origins of Western philosophy as well as its impact on Western civilization will be emphasized. The course systematically explores and evaluates the concepts of reality, value, knowledge, reason, truth, language, definition, beauty, justice, human nature, personal identity, religion, meaning, and freedom. Analysis and synthesis will be stressed for these and other topics of interest to students and/or the instructor. Duplicate credit not granted for PHIL 100HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 100)

PHIL 100HC Honors Introduction to Philosophy
3 Units
Advisory:
Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This Honors-enhanced course introduces the student to a variety of philosophical issues in metaphysics, theory of knowledge, and ethics, as well as the methodology used by philosophers to address those issues. The origins of Western philosophy as well as its impact on Western civilization will be emphasized. The course systematically explores and evaluates the concepts of reality, value, knowledge, reason, religion, meaning, and freedom. Analysis and synthesis will be stressed for these and other topics of interest to students and/or the instructor. Duplicate credit not granted for PHIL 100 HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 100)

PHIL 101 C Introduction to Religious Studies
3 Units
Advisory:
Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introductory study of religion with emphasis on the origins and functions of religion, religious experience, and religious and theological modes of expression. Course content will be drawn from Eastern and Western traditions, ancient, medieval and modern times. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 105 C World Religions
3 Units
Advisory:
Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course provides an overview of the world’s religions, with major emphasis upon Judaism, Christianity, Islam, Hinduism, and Buddhism. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 110 C Religions of the East
3 Units
Advisory:
Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course systematically introduces and analyzes the intellectual and religious histories of India, China, and Japan. Primary focus will be on the ways in which Eastern traditions such as Hinduism, Buddhism, Confucianism, Taoism, and Zen conceive of the cosmos, meaningful human existence and life’s ultimate goals. Jainism, Sikhism, and Shinto may also be covered. While the main emphasis will be on basic teachings, this course will also investigate religious practices, cultural settings, social impact, and the historical contexts in which these religions arose. Rituals and religious literature may be used to compare and contrast Asian and Occidental belief systems. A field trip may be required by the instructor. (UC/CSU, AA GE, CSU GE, IGETC)
PHIL 120 C Religions of the West 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to Zoroastrianism, Judaism, Christianity, and Islam, as well as the religions of ancient Mesopotamia, Canaan, and Egypt. The history, beliefs, rituals, literature, and art of each religion will be examined with a goal to discovering its conception of God, man, the cosmos, meaningful human existence, and life's ultimate goals. Skills in objective, scholarly analysis of the scripture of each religion will be developed. Religious trends in the Nineteenth and Twentieth Centuries and contemporary secular and religious humanism will be discussed. A field trip may be required by the instructor. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 135 C Social and Political Philosophy 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to social and political thought, especially the central concepts (e.g., democracy, justice, rights, liberty, political authority, political morality, etc.) and issues that arise in classic and contemporary readings. The course involves an examination of the relationship between morality, politics and social justice, from a multicultural perspective. Topics include: the sources of legitimate political authority, the meaning of democracy, obligations of citizenship, the nature of the state, the justifications for universal human rights, the foundations of a just society, and how political culture is related to social and political institutions. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 160 C Introduction to Ethics 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to metaethics, normative ethics, and applied ethics. Fundamental ethical concepts, theories, and arguments in classical, medieval, modern, and contemporary ethical thought are presented, analyzed, and critically evaluated. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: PHIL 120)

PHIL 162 C Contemporary Moral Issues 3 Units
**Advisory:** Eligibility for ENGL 100 C.
Term hours: 54 lecture. This course is a philosophic examination of major ethical debates in contemporary American society. Topics may include capital punishment, abortion, poverty including hunger and humanitarian aid, euthanasia and assisted suicide, war including terrorism and torture, civil disobedience, racial and sexual equality, affirmative action, sexual morality, reproductive technologies including genetic engineering and cloning, pornography and free speech, _vi_ victimless crimes, _vi_ biomedical research, drug laws, vegetarianism and non-human animal rights, economic justice and global obligations, and environmental duties. Preparatory to those investigations, time is devoted to studying some of the most important moral theories and various types of moral reasoning. (CSU/UC, AA GE)

PHIL 170 C Logic and Critical Thinking 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course focuses on elements of clear, straight, orderly and valid thought, including deductive and inductive reasoning and the accurate use of language. This course explores practical applications of logic. Duplicate credit not granted for PHIL 170HC. (UC/CSU, AA GE, CSU GE)

PHIL 170HC Honors Logic and Critical Thinking 3 Units
**Advisory:** Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This Honors-enhanced course focuses on elements of clear, straight, orderly and valid thought, including deductive and inductive reasoning and the accurate use of language. This course explores practical applications of logic. Duplicate credit not granted for PHIL 170 C. (CSU, AA GE, CSU GE)

PHIL 172 C Critical Thinking and Writing 3 Units
**Prerequisite(s):** ENGL 100 C with a grade of C or better.
Term hours: 54 lecture. This course is an introduction to the techniques of argument analysis, evaluation, and construction as applied to essay writing. The course includes such topics as standard form and argument patterns; deduction, validity, and soundness; truth-functional arguments, truth-tables, and natural deduction; quantification arguments; categorical syllogisms and Venn Diagrams; truth; induction, strength, and cogency; sampling arguments, causal arguments, statistical syllogisms, analogical arguments, and explanatory arguments; the probability calculus; formal and informal fallacies; and definition, language, and meaning; thesis statements, the writing of coherent, well-developed essays, and grammar, punctuation, and orthography. (UC/CSU, AA GE, CSU GE, IGEP)
PHIL 230 C Philosophy of Religion 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course critically examines the central arguments for and against the existence of God, the historicity of miracles, and the possibility of life after death. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 240 C Jesus and His Interpreters 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course focuses upon the ways in which Jesus is depicted in the Gospels and critically reconstructed in New Testament scholarship, with a view to determining what can be known historically regarding Jesus’ teaching and life. (UC/CSU, AA GE, CSU GE, IGETC)

PHIL 298 C Philosophy Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings a particular semester. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

PHIL 299 C Philosophy Independent Study 1 Unit
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Varying hours of scheduled conferences per week according to instructor. This independent study course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic. May be taken for credit 3 times. (UC Credit Limitation/CSU)

PHIL 400 C Business Ethics 3 Units
Prerequisite(s): ENGL 100 C or ENGL 100HC or ENGL 101 C or ESL 110 C with a grade of C or better.
Advisory: Completion of PHIL 160 C.
Term hours: 54 lecture. This is an upper division intensive writing course intended for students enrolled in an approved Baccalaureate Degree Pilot Program. This course is a critical and reflective exploration of ethical priorities and moral issues in the business world. It is designed to enable students to become more aware of, and skilled at, managing the many ethical dilemmas that they will face while being employed in a business organization (as well as in other types of organizations). Emphasis on issues surrounding the concepts of duty, rights, autonomy, justice, and regulation of business, as well as the potential conflict between personal moral values and business priorities, corporate social responsibility and the public good, together with extended reflections on the relationship between moral responsibility and the professions (drawing from specific fields). This course is intended strictly as a part of the Bachelor in Science degree program.

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLO subcategories: A1-Social Sciences.
### Philosophy Associate in Arts Degree for Transfer (AA-T)

**Division:** Social Sciences

**Requirements**

**PROGRAM CODE:** 1A32694

The **Philosophy Associate in Arts Degree for Transfer** (AA-T in Philosophy) is designed to provide an opportunity for the Philosophy major to complete the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. This AA-T in Philosophy is designed to provide the student with a fundamental understanding and acquisition of knowledge in the Philosophy discipline.

The study of philosophy includes:

1. the development of critical thinking and writing skills;
2. the investigation of conceptual problems encountered in the course of reflecting about experience;
3. the assessment of assumptions underlying other sciences and arts;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. the exploration of intellectual and cultural history from a broad perspective.

The curriculum includes courses in Ethics, Logic, and the History of Philosophy. Graduate study is important in Philosophy. Those holding a Master's or Doctoral Degree may find employment in education, law, journalism, health, business, theology, public service and other disciplines where analytical skills are required. A limited number of students who

### Required Courses Are Listed in Suggested Sequence

Select six units (and six units from Method Courses) or select nine units (and three units from the Method Courses) of the following:

**Total Units:** 15-22

---

1. A score of 3 or higher on the Advanced Placement (AP) Government and Politics (Comparative) exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.

2. A score of 3 or higher on the Advanced Placement (AP) Psychology exam meets this requirement upon petition through Admissions and Records. See a counselor for more information.
To earn an AA-T in Philosophy students must complete:

1. a minimum of 18 semester units or 27 quarter units in the major or
   area of emphasis as determined by the community college district,
2. earn a grade of C or better in all courses required for the major or area
   of emphasis,
3. the California State University General Education Breadth
   requirements (CSU GE-Breadth) or the Intersegmental General
   Education Transfer Curriculum (IGETC) pattern,
4. 60 semester or 90 quarter CSU-transferable units, and,
5. obtainment of a minimum grade point average (GPA) of 2.0.

**Total Units: 18**

### Courses

#### PHOT 050 C Photography Special Projects 3 Units

**Advisory:** PHOT 103 C

Term hours: 36 lecture and 72 laboratory TBA. This course is designed to allow the student to specialize in one particular phase of photography under the close supervision of the instructor. Students will be required to meet periodic deadlines and do some classroom assignments that are loosely structured to allow creativity. This should be the final class that the student takes before leaving the photography program. $20 materials fee payable at registration.

**PHOT 101 C Introduction to Photography 3 Units**

Term hours: 36 lecture and 72 laboratory TBA. This course provides students with an introduction to visual concepts, basic image capture and camera functions with film and digital cameras. Software basics for photographic imaging and digital printing, along with traditional black and white darkroom printing will be taught. Assignments will require the use of both film and digital SLR cameras. $35 materials fee payable at registration. Credit by Examination. (UC/CSU, AA GE, CSU GE)

**PHOT 103 C Intermediate Photography 3 Units**

**Advisory:** PHOT 101 C

Term hours: 36 lecture and 72 laboratory. This course is designed to reinforce and enhance the concepts and skills acquired in the Introduction to Photography class. The class will introduce medium and large format photography as well as advanced camera and printing techniques. Printing, digital and film camera operation, industry standard digital image editing software techniques, and the development of a personal direction in photography for each student. In order to increase the student’s exposure to the medium, the course also includes an introduction in studio lighting. $35.00 Materials Fee - Payable at Registration. (CSU)

**PHOT 104 C Wedding and Event Photography 3 Units**

**Advisory:** PHOT 103 C

Term hours: 36 lecture and 72 laboratory. This introductory course is designed to introduce students to the skills and mindset needed to photograph weddings and events in the primary and second shooter role. The course is composed of lectures, lab time and outside assignments, which will prepare the students for basic application in this field of photography. $35 materials fee payable at registration. (CSU)

#### Photography Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

#### Degrees and Certificates

- Creative Photo Arts Certificate (p. 415)
- Digital Photography Certificate (p. 416)
- Photography Associate in Arts Degree (p. 416)
- Photography Certificate (p. 416)
- Portrait and Wedding Photography Certificate (p. 417)
- UAV/UAS Drone Photography and Video Certificate (p. 417)

#### Photography

PHOT 106 C Advanced Wedding Photography
Advisory: PHOT 103 C and PHOT 104 C.
Term hours: 36 lecture and 72 laboratory. This advanced course is designed to prepare photographers for a career in professional wedding photography. It focuses on building the technical and creative photographic skills necessary to successfully photograph a wedding event as the main shooter. The course is composed of lectures, demos, lab time and outside assignments which will prepare the students for advanced application in this field of photography. $35 materials fee payable at registration. (CSU)

PHOT 109 C Portrait Photography
Advisory: PHOT 103 C
Term hours: 36 lecture and 54 laboratory. This course is designed to give the student a working knowledge of portrait styles and techniques. The student will practice techniques for photographing people in a studio and on location situation. The student will work with both natural and artificial lighting and learn the possibilities and limitations of both. Emphasis will be placed on lighting styles and patterns, as well as working with people in front of the camera. Students will have an opportunity to investigate and imitate the styles of well-known portrait photographers. $20 materials fee payable at registration. (UC/CSU)

PHOT 118 C Available Light Photography
Advisory: PHOT 101 C and PHOT 103 C.
Term hours: 36 lecture and 72 laboratory TBA. This course is designed to give the student knowledge of and competency in making photographic images in available light conditions where light can not be rigidly controlled. Combining lighting awareness with photographic techniques, the course concentrates on the creation of photographs made under a variety of lighting conditions found in both natural and man made environments. Topics include learning how to see and control light, selection and care of equipment, use of filters, techniques for photographing both at night as well as challenging times during the day, and procedures for photographing indoors with supplemental strobe equipment. $35 materials fee payable at registration. (CSU)

PHOT 148 C Photo Laboratory Studies I
Term hours: 27-54 laboratory. This course provides students the opportunity to attain fundamental skills to complete their assignments and personal projects. Extended laboratory hours to supplement those available in a student’s regular class. $30 materials fee payable at registration. Pass/No Pass only. (CSU)

PHOT 149 C Photo Laboratory Studies II
Term hours: 27-54 laboratory. This course provides students the opportunity to attain intermediate skills to complete their assignments and personal projects. Extended laboratory hours to supplement those available in a student’s regular class. $30 materials fee payable at registration. Pass/No Pass only. (CSU)

PHOT 150 C Photo Laboratory Studies III
Term hours: 27-54 laboratory. This course provides students the opportunity to attain advanced skills to complete their assignments and personal projects. Extended laboratory hours to supplement those available in a student’s regular class. $30 materials fee payable at registration. Pass/No Pass only. (CSU)

PHOT 202 C Contemporary Photography
Advisory: PHOT 101 C or ART 100 C
This is a lecture and lab course on the genre of contemporary photography from the 1970's to present day. The historical significance of contemporary photographers including the impact from the conceptual art movement on photography will be explored in this course. The need for strong idea-based photographs in all aspects of photographic industries is emphasized. Assignments will focus on the importance of why photographs are created and the success of what they communicate. $35 materials fee payable at registration. (UC Credit Limitation/CSU)

PHOT 203 C Studio Lighting Techniques
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory. This course acquaints the student with lighting and studio techniques as commonly used in professional photographic applications. The emphasis will be on light and the use of lighting equipment in a photography studio. $20 materials fee payable at registration. (UC/CSU)

PHOT 204 C History of Photography
Advisory: PHOT 103 C
Term hours: 36 lecture and 54 laboratory. This is a lecture/lab course on the history of photography that is designed to give students a practical knowledge of the development of the medium through a combination of lecture and hands-on technical and aesthetic experiences utilizing early photographic techniques and processes. The course will emphasize the invention and development of photography from its inception in the early 1800's through 1970. $35 materials fee payable at registration. (UC/CSU, CSU GE)

PHOT 206 C Studio Practices
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory. This is a course designed to familiarize the student with image conceptualization and the differing technical alternatives used in commercial studio photography. Students will learn specialized imaging techniques utilized by professional studio photographers. $35 materials fee payable at registration. (CSU)

PHOT 215 C Digital Photography
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory TBA. This course is designed to integrate digital imaging into the student's visual repertoire. Combining creative camera practices with computer technology, the course concentrates on the production and processing of images with current digital media to all areas of photography (commercial, illustration, portraiture, journalism, industrial, scientific, etc.). Included are basic digital camera controls such as techniques for background control, selection and manipulation, digitization, image capture and processing. $35 materials fee payable at registration. (CSU)

PHOT 216 C Advanced Digital Photography
Prerequisite(s): PHOT 215 C or consent of instructor.
Advisory: PHOT 103 C.
Term hours: 36 lecture and 72 laboratory. This course is designed to provide the student with advanced knowledge of techniques and skills in the application of digital technologies to all areas of the photographic medium. The integration of technical skills and aesthetic expression will be emphasized along with color management and advanced skills in preparing images for output on large format printers. Students develop the skills necessary to create their own unique body of work using digital photographic technologies. $35 materials fee payable at registration. (CSU)
PHOT 219 C Editorial Photography 3 Units
Advisory: PHOT 103 C
Term hours: 36 lecture and 72 laboratory TBA. This course is designed to acquaint the student with a current view of the field of photojournalism and photographic publishing for magazines, the Internet, and all editorial uses. Heavy emphasis is placed on communication through photography. $35 materials fee payable at registration. (CSU)

PHOT 220 C Alternative Photo Processes I 3 Units
Prerequisite(s): PHOT 101 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course investigates alternative methods to image production. Class content will include aspects of graphic arts photography, films and developers. A variety of analog and digital technologies will be explored. $45 Materials Fee - Payable at Registration. (CSU)

PHOT 221 C Alternative Photo Processes II 3 Units
Prerequisite(s): PHOT 220 C with a grade of C or better.
Term hours: 36 lecture and 72 laboratory. This course will continue to investigate the artistic aspects and technical procedures used in 19th Century photographic printing of hand coated papers. During the semester students will work with van dyke, salted paper, albumen and collodion. $45 materials fee payable at registration. (CSU)

PHOT 227 C Retouching and Digital Workflow 3 Units
Advisory: PHOT 103 C and PHOT 215 C
This workflow based course will provide a foundation for capturing and processing RAW digital photo files with the latest prevailing high end digital imaging hardware and software. The course will be centered around using software such as Adobe Lightroom to create optimal digital files. Students will have the opportunity to gain hands on experience with various high end professional camera platforms. They will develop the skills necessary to work effectively with their own digital files as a professional photographer or in a support capacity such as a digital photo technician. $45 materials fee payable at registration. (CSU)

PHOT 235 C Drone Photography and Video 3 Units
Term hours: 36 lecture and 72 laboratory. This course is designed to give the student the ability to photograph both stills and videos from UAV's (drones). Special emphasis is placed on equipment selection, aerial photography skills, business opportunities, image editing and safety considerations. $35 materials fee payable at registration. (CSU)

PHOT 236 C UAV Flight Lab-Photography 2 Units
Prerequisite(s): PHOT 235 C with a grade of C or better.
Term hours: 18 lecture and 54 laboratory. In this course, students will receive instruction and participate in hands-on flight activities to develop, practice and optimize unmanned Aircraft System flight and photography skills. High end photo equipment and drones will be used. $35 materials fee payable at registration. (CSU)

PHOT 277 C Food Photography 3 Units
Advisory: PHOT 101 C and PHOT 103 C and PHOT 201 C.
Term hours: 36 lecture and 72 laboratory. This advanced course is designed to prepare students for a career in professional food photography. It focuses on building the technical and creative photographic skills necessary to successfully photograph food for advertising purposes. The course is composed of lectures, demos, lab time and outside assignments which will prepare the students for advanced application in this field of photography. $45 materials fee payable at registration. (CSU) (UC)

PHOT 298 C Photography Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and 0-1080 laboratory depending on units attempted. This is a course for students who wish to increase their knowledge of photography. Various topics will be offered. Unit credit may range from 1/2 to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required and are payable at registration. Pass/No Pass/Letter Grade option. (CSU)

PHOT 299 C Independent Study 0.5-2 Units
Prerequisite(s): PHOT 103 C with a grade of C or better and an Independent Study Learning Contract.
Term hours: 9-36 lecture. This course is designed for the student to increase their knowledge of a particular art discipline. Unit credit may range from 1/2 to 2 units in any given semester. (UC Credit Limitation/CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, D2-Global Citizenship, and D3-Equity.

A student who completes the Photography program of study will be able to:
- Produce photographic images utilizing a variety of photographic processes. A student who completes the Photography program of study will be able to produce photographic images utilizing a variety of photographic processes.
- Develop and create a portfolio of images centered on a single theme or idea.
- Possess the technical skills necessary to create professional quality photographs in both studio and location environments.
- Possess an understanding of how issues and concepts are related to the processes used to communicate them.

Creative Photo Arts Certificate
Requirements
PROGRAM CODE: 1C15691

The Creative Photo Arts Certificate is designed to prepare students for a career as an individual artist or as an employee in the visual arts. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all coursework must be completed at Cypress College. This certificate requires a total of 18.5-19 units.

Digital Photography Certificate

Requirements

Program Code: 1C12978N

The Digital Photography Certificate is designed to prepare the student for entry-level employment within the Photo Lab/Service Bureau Industry. Students are trained in the use of state-of-the-art printing and processing equipment. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires 18.5-19 units.

Required Courses are listed in suggested sequence (18.5-19 units):

Photography Associate in Arts Degree

Division: Fine Arts

Requirements

PROGRAM CODE: 1A03782

The Photography Associate in Arts Degree is designed to prepare students for entry into occupational photographic fields. A student may also elect to work toward a transfer into a four-year institution, in the field of Fine Arts.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the Social Justice, Equity and Sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 36 units.

UAV/UAS Drone Photography and Video Certificate

Division: Fine Arts

Requirements

PROGRAM CODE: 1C35421

The UAV/UAS Drone Photography and Video Certificate will provide students with extensive knowledge of the quickly growing UAV/UAS Drone industry. Students will learn everything from equipment selection and operation to aerial photography and video and will gain experience flying drones and learn safety as well as operational techniques. Finally, they will become familiar with the many job opportunities that await an experienced drone operator and photographer. To earn this certificate, complete the required courses as listed with a grade of C or better. At least 50% of all major course work must be completed at Cypress College. This certificate requires a total of 15-16 units.

Courses

PHSC 104 C Physical Science for Teachers (same as CHEM 104 C) 4 Units

Prerequisite(s): MATH 020 C or MATH 041 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This activity-based course introduces students to basic principles of physics and chemistry with emphasis on their practical importance and application in the real world. Some of the topics include: matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. This course is intended for students who want to become elementary school teachers. Duplicate credit not granted for CHEM 104 C. (CSU, AA GE, CSU GE, IGETC, C-ID: CHEM 140 and PHYS 140)

PHSC 196 C Field Studies in Physical Science 2 Units

Term hours: 18 lecture and 54 laboratory. This course involves lecture and field study in the physical sciences. During a given semester, multiple sections may be offered to different study areas or for different selected topics. Study areas include, but are not limited to, star gazing in the Santa Ana mountains or Anza area; viewing museums, planetaria, observatories; or listening to lectures. Field trips are required. (CSU)

PHSC 298 C Physical Science Seminar 0.5-12 Units

Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This course is for students who wish to increase their knowledge in various fields in the physical sciences. Various topics may be offered, such as the metric system of measurement, observational astronomy, etc., according to the interests of the instructor and students as stated in the class schedule. Consult the class schedule to verify unit credit and topics for a particular semester. Fees may be required-Payable at Registration. Pass/No Pass or Pass/No Pass/Letter Grade Option or Standard Letter Grade. (UC Credit Limitation/CSU)
PHSC 299 C Physical Sciences Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 48-54 laboratory or project research for maximum credit. This course is for able students who have demonstrated interest and capability for increased knowledge of physical science through individual study, small group discussion conferences, or special laboratory project work. Independent laboratory or field study projects with staff supervision may be approved with written reports required. May be taken for credit 4 times. (UC Credit Limitation/CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOS: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Science, Technology, Engineering, and Mathematics.

Physics Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
• Physics Associate in Science Degree for Transfer (AS-T) (p. 420)
Courses

PHYS 130 C Elementary Physics 4 Units
Prerequisite(s): MATH 020 C or MATH 041 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is an entry level physics course for all science majors. The course provides an introduction to the basic concepts and laws of physics with emphasis upon their practical importance in everyday life. Laboratory work includes experiments in mechanics, heat, sound, electricity, and optics. This is a general education course in the physical science area. The course is not open for credit to students with previous college physics credit. No UC credit if taken after PHYS 201 C or PHYS 221 C. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC)

PHYS 201 C College Physics I 4 Units
Prerequisite(s): MATH 141 C and MATH 142 C and PHYS 130 C, with a grade of C or better, or High School Physics with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course is the first half of an algebra and trigonometry-based two-semester sequence (PHYS 201 C and 202 C) designed primarily for students planning to major in life sciences, medical/dental fields, architecture, psychology, and similar professional fields. The course covers Newtonian mechanics, conservation laws, rotational dynamics, properties of matter, heat and waves. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the CSU system but not the UC system. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: PHYS 205)

PHYS 202 C College Physics II 4 Units
Prerequisite(s): PHYS 201 C with a grade of C or better
Term hours: 54 lecture and 54 laboratory. This course is the second half of an algebra- and trigonometry-based two-semester sequence (PHYS 201 C and 202 C) designed primarily for students planning to major in life sciences, medical/dental fields, architecture, psychology, and similar professional fields. This course covers electricity and magnetism, optics, atomic physics, nuclear physics, and special theory of relativity. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the CSU system but not the UC system. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: PHYS 100S=PHYS 201 C + PHYS 202 C, PHYS 110)

PHYS 210 C Physics for Life Sciences I 4 Units
Prerequisite(s): Completion of or concurrent enrollment in MATH 150AC and PHYS 130 C or High School Physics with minimum grades of C or better.
Term hours: 54 lecture and 54 laboratory. This is the first half of a calculus-based two-semester sequence (PHYS 210 C and 211 C) designed for students majoring in life sciences, medical/dental fields, architecture, psychology, and similar professional fields. This course covers Newtonian mechanics, conservation laws, rotational dynamics, properties of matter, heat and waves. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the UC system; the CSU system will accept either this sequence or PHYS 201 C and 202 C sequence. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC/C-ID: PHYS 100S=PHYS 201 C + PHYS 202 C, PHYS 110)

PHYS 211 C Physics for Life Sciences II 4 Units
Prerequisite(s): PHYS 210 C with a grade of "C" or better and completion of or concurrent enrollment in MATH 150BC
Term hours: 54 lecture and 54 laboratory. This is the second half of a calculus-based two-semester sequence (PHYS 210 C and 211 C) designed for students majoring in the life sciences. This course covers electricity, magnetism, optics, special relativity, and modern physics. The laboratory portion of the course investigates these topics both qualitatively and quantitatively, and includes the use of graphing, statistics, and propagation of errors. This course satisfies a requirement for biology majors in the UC system; the CSU system will accept either this sequence or PHYS 201 C and 202 C sequence. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC)

PHYS 221 C General Physics I 4 Units
Prerequisite(s): PHYS 130 C with a grade of C or better or high school physics with a grade of A or B and MATH 150AC with a grade of C or better and completion of or concurrent enrollment in MATH 150BC.
Term hours: 54 lecture and 54 laboratory. This is the first course of a three-semester introductory physics program for students majoring in physics, chemistry, geology, engineering (all areas), computer science, mathematics and other related fields. Topics studied include mechanics, properties of matter, and fluids. Problems and derivations require knowledge of differential and integral calculus. (CSU/UC Credit Limitation/AA GE, CSU GE, IGETC/C-ID: PHYS 205)
should consult a counselor, the Transfer Center and the catalog of the prospective transfer student for upper division course work in Physics or upper division course work. This curriculum specifically prepares the student for transfer to a university or college that is not part of the CSU system. Students should consult with a counselor when planning a particular CSU campus or to a university or college that is not part of the CSU system. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the Physics field and provide comprehensive preparation for upper-division work.

To earn an AS-T in Physics students must complete the following requirements:

1. a minimum of 24 semester units or 36 quarter units in the Physics major with a grade of C or better;
2. completion of 60 semester or 90 quarter units of CSU transferable course work; ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
4. have an overall GPA of 2.0.

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills; specifically, the following ISLO/PSLO subcategories: A1-Science, Technology, Engineering, and Mathematics.

Physics Associate in Science Degree for Transfer (AS-T)

Division: Science/Engineering/Mathematics

Requirements

PROGRAM CODE: 1S31868

The Physics Associate in Science Degree for Transfer (AS-T in Physics) is designed to provide an opportunity for the Physics major to complete the first and second year requirements for transfer to a four-year public California institution. This degree provides valuable quantitative and problem-solving skills that are in demand by employers hiring, e.g., lab technicians, or in a variety of fields such as manufacturing and education. Of people who obtain a terminal bachelor’s degree in physics, about half work in industry, in fields such as aerospace, military, software, and electronics. Most of the other half work either as high school teachers or as lab technicians at universities or government-funded laboratories. PhD’s in physics are qualified for teaching at the university level and for scientific research, as well as for higher-level jobs in the same areas as those with bachelor’s degrees. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper division course work. This curriculum specifically prepares the prospective transfer student for upper division course work in Physics or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements.

Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The AS-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the Physics field and provide comprehensive preparation for upper-division work.

To earn an AS-T in Physics students must complete the following requirements:

1. a minimum of 24 semester units or 36 quarter units in the Physics major with a grade of C or better;
2. completion of 60 semester or 90 quarter units of CSU transferable course work; ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
4. have an overall GPA of 2.0.

Political Science

Division: Social Sciences

Division Dean

Dr. Lisa Gaetje
POSC 100 C United States Government
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course covers the political theories and practices of the United States Government at national, state, and local levels. Duplicate credit not granted for POSC 100HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 110)

POSC 100HC Honors United States Government
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an enhanced college level course enhanced for honors students. It covers the political theories and practices of the United States Government at national, state and local levels. Duplicate credit not granted for POSC 100 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 110)

POSC 101 C Gender and American Politics
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an introduction to the study of American politics at the national, state, and local levels with an emphasis on the role of gender. It examines women's participation in American politics from the perspective of race, class, and ethnicity. Contemporary political analysis will focus on women's political agenda from the 1960's to the 21st century, centering around issues such as equal pay, sex discrimination in education and the work place, affirmative action, reproductive rights, sexual choice, domestic violence, and increasing the representation of women in local and national political arenas. (UC/CSU, AA GE, CSU GE, IGETC)

POSC 120 C Political Theory
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C Term hours: 54 lecture. This course is a survey of Western political theory from ancient Greece to the Modern Age. It shows how political theory shapes current institutions and ideologies in the United States, Europe, and other countries around the world. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 120)

POSC 135 C Campaigns, Parties and Elections
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an analysis of the challenges faced by the Democratic and Republican parties as they are being replaced by campaign management firms (CMF's), Political Action Committees (PAC's) and electronic media advertising. Special emphasis is given to critical analysis of the presidential election campaign process, and of the resulting implications of the democratic process in the United States. (CSU)

POSC 200 C Introduction to Political Science
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an introduction to the study of political science. It explores the many aspects of politics, examining its relationship to morality, culture, economics, justice and international affairs both theoretically and practically. As an introductory course, it includes elements from the major sub-disciplines of political science, including American politics, comparative politics, and international relations. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 150)

POSC 209 C Urban Politics
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is a concentrated study of urban America with particular emphasis on the challenging problems facing the country's metropolitan areas. The approach will be interdisciplinary in order to facilitate conceptual learning and a balanced understanding of the urban dilemma. Major areas of study will include the history and development of urban United States intergovernmental relations, poverty, racial and ethnic relations, pollution, crime, public services, education, planning and renewal. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

POSC 210 C Contemporary Political Issues
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an intensive study of contemporary issues associated with the concepts of democracy, federalism, separation of powers, judicial review, preservation of individual rights and related topics. (UC/CSU, AA GE, CSU GE, IGETC)

POSC 215 C Comparative Politics
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is a comparative study of the political theories and practices of selected European and non-Western political systems. Also included in the course is a careful analysis of the dynamics of political change and its relationship to economic and social development. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: POLS 130)

POSC 216 C Politics of the Middle East
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course is an introduction to the political, social, economic and ideological foundations of Middle East in general and major states in the region in particular. Emphasis is placed on the political and economic developments in Egypt, Iraq, Iran, Israel, and Saudi Arabia. Topics covered include: introduction to the land, peoples, cultures, and religions; colonialism and the emergence of modern states following World War I; Western influence and Islamic revivalism; regional conflicts (Arab-Israeli, Iran-Iraq, Gulf Wars); and politics and economics of it; U.S. based ethnic interest groups and their influence on U.S. foreign policy; patrimonialism and militarism; liberalization and democratization. (UC/CSU, AA GE, CSU GE, IGETC)
The Political Science Associate in Arts Degree for Transfer (AA-T) is designed to provide an opportunity for the Political Science major to achieve an Associate in Arts Degree in Political Science for Transfer (AA-T in Political Science) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division coursework. This curriculum specifically prepares the prospective transfer student for upper-division coursework in Political Science or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college.

The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Students successfully completing the AA-T in Political Science will acquire a fundamental knowledge base of Political Science, introducing students to concepts, methods, and knowledge that help them understand and judge politics within and among nations, and possess a basic understanding of areas that have an interdisciplinary association to Political Science. This degree will provide students with an introduction to the field including its applied areas. The intent is to prepare students for further academic study in the field. It will also demonstrate commitment to the field and provide comprehensive preparation for upper division work at the university level. At the baccalaureate level students can continue an education in various areas of Political Science including the following four subfields: Political Theory, American Politics, Comparative Politics, or International Relations. Graduate study is important in Political Science. Those holding a Master’s or Doctoral degree may find employment in teaching, business, government, journalism, education, or nonprofit organizations; or it can lead to a PhD program in the social sciences or to professional school in law, business, public policy, or international relations. Those without a graduate degree will find limited career opportunity in direct areas of Political Science. This degree requires a total of 18-19 units.

To earn an AA-T in Political Science students must complete the following requirements:

1. a minimum of 19 semester units or 29 quarter units in the Political Science major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (CSU IGETC);
3. completion of 60 semester or 90 quarter units of CSU transferable coursework; ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
4. have an overall GPA of 2.0.
Required Core Courses (3 units):

Pre-Professional Programs

Dentistry
Medicine
Optometry
Pharmacy
Physician Assistant
Physical Therapy
Veterinary Medicine

Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.

Program Objectives

This program aims to prepare the student to meet the requirements for licensure as a Psychiatric Technician in the state of California. A Psychiatric Technician is a licensed member of the professional healthcare services team working with people who are mentally or developmentally disabled. Employed by private and state mental hospitals, the County Department of Mental Health, and many community facilities. Psychiatric Technicians will also find a variety of jobs available in the fields of prisons/corrections and human services. These include substance abuse programs, forensic facilities, special education and many other areas promoting mental health. There are career advancement opportunities available in the areas of counseling, education, nursing, and vendorization of services.

The program is accredited by, and conforms to, the regulations of the California Board of Vocational Nursing and Psychiatric Technicians. Upon successful completion of the program, graduates are eligible to take the State Board Licensure Examination.
Minimum Standards for Applicants
1. Graduation from high school or completion of the General Education Development (GED) test with an average score of 450 on the five-test battery or passing the high school proficiency examination. Possession of an associate or higher degree satisfies this requirement.
2. Completion of ENGL 100 C is highly recommended.
3. Completion of BIOL 160 C and PSY 101 C with a “C” or better or transcript showing courses in progress.

Application Procedures
1. Meet with a counselor to determine fulfillment of the minimum standards.
2. Applications must be completed online. Please see the Health Science Application link on the Psychiatric Technology home page.
3. Submit supporting documentation with the signature page of application. This includes a copy of high school diploma, GED or high school proficiency and official college transcripts.

Selection Criteria
1. Twenty-four (24) students are selected for admission each Fall and Spring semester. The number of applicants usually exceeds available seats.
2. Selection is based on completion of required prerequisites and date of application.
3. Selection criteria is subject to change. See a Health Science Counselor for current selection criteria.
4. Upon selection for the program but prior to the start of classes, the candidate will be required to obtain a physical examination and required immunizations.
5. Students selected for admission to the program must obtain a Health Care Provider level cardiopulmonary resuscitation (CPR) card prior to attending clinical training and must maintain current certification throughout the program.
6. If you have been convicted of a criminal offense, your eligibility to enroll in the program may be affected. All students will be fingerprinted and cleared by the FBI and Department of Justice (DOJ) before enrolling in PT 110 C.

Degrees and Certificates
- Associate in Science Degree Psychiatric Technology (p. 425)
- Psychiatric Technology Certificate (p. 426)

Courses
PT 080 C Selected Topics in Psychiatric Technology 1 Unit
Term hours: 18 lecture. This course is designed to meet the health science student's need for current topics and issues, updated information in health care, review of specialized subject matter, and/or preparation for health related licensure and certification exams. Content will emphasize clinical application of theoretical principles in the discipline. Resource materials, instructor assessment of individual student knowledge and skills will be utilized. May be taken for credit 4 times. Pass/No Pass/Letter Grade Option.

PT 090 C Leadership Supervision and Ethics 0.5 Units
Prerequisite(s): PT 130 C with a grade of C or better.
Corequisite: Completion of or concurrent enrollment in PT 135 C. Term hours: 9 lecture. This course defines the leadership and supervisory roles of the mental health professional with focus on the ethical considerations surrounding work with persons diagnosed with intellectual disabilities and mental illness.

PT 110 C Nursing Science I 7 Units
Prerequisite(s): Acceptance into the Psychiatric Technology Program
Term hours: 90 lecture and 144 laboratory. This course presents the fundamental concepts and scientific principles of nursing care. It begins to prepare students for the safe administration of medications by introducing them to the modern systems of measurement. Principles discussed in lecture will be applied in the clinical setting. (CSU)

PT 115 C Nursing Science II 7 Units
Prerequisite(s): Completion of or concurrent enrollment in PT110 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course explores the disease process of medical/surgical conditions relative to etiology, pathology, and treatment modalities. The therapeutic use of medication, the principles of nutrition, and the application of the nursing processes are presented in classroom instruction and implemented in clinical practice. (CSU)

PT 120 C Developmental Disabilities I 7 Units
Prerequisite(s): PT 115 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course explores the theory and principles directly related to the delivery of care and services to persons with intellectual/developmental disabilities in the school setting and vocation education classroom setting in California. Students learn how to teach self-help and independent living skills to persons with intellectual/developmental disabilities. (CSU)

PT 125 C Developmental Disabilities II 7 Units
Prerequisite(s): PT 120 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course focuses on the cause and treatment of behavioral disorders in persons diagnosed with developmental disabilities. The theory and application of behavior assessment and intervention techniques is stressed. Behavioral assessment, teaching strategies, pharmacological interventions and special dietary needs are also covered. (CSU)

PT 130 C Mental Disabilities I 7 Units
Prerequisite(s): PT 125 C with a grade of C or better.
Term hours: 90 lecture and 144 laboratory. This course introduces the theory, psychological and mental health concepts of psychiatric nursing while exploring the causes and treatments of mental illness in chronically hospitalized and forensic individuals. Students are tasked with caring for a client diagnosed with a mental illness or developmental disability at the tertiary level of intervention with emphasis placed on assessment, intervention and valid rationale for treatment of long term mental illness. Fee for fingerprinting not to exceed $100. (CSU)
A student who completes the Psychiatric Technology program will be able to:

- Show effective communication with the patient/client, family, health care team, and community.
- Identify and prioritize nursing diagnoses through assessment/observation of the patient/client’s physical condition, behavior and through interpretation/analysis of information obtained from the patient, client record and others, including members of the health care team.
- Create a plan of care in collaboration with the patient/client which ensures that direct and indirect nursing, psychiatric care and habilitation training provided for the patient/client’s safety, comfort, hygiene, and protection, as well as disease prevention, health promotion, and restorative measures.
- Perform skills essential to implement safe and effective care to individuals with nursing needs, psychiatric disorders and/or developmental disabilities that involve explaining health treatment, and teaching patient/client and family how to meet his or her health care needs.
- Evaluate the expected outcomes of the plan of care through observation of the client’s physical condition, behavior, signs and symptoms of illness, reactions to treatment, and through communication with the patient/client and the health care team members; modifies/ progresses plan as needed.
- Advocate for the patient/client by initiating action to improve health care and to make informed decisions.
- Practice according to ethical and legal professional standards as set forth by the Cypress College Psychiatric Technician program and the California Board of Vocational Nursing and Psychiatric Technicians.
- Evaluate personal strengths and growth needs and incorporate these into a plan for professional development.

### Associate in Science Degree
Psychiatric Technology

#### Requirements

**PROGRAM CODE: 1S03790**

While the State of California does not require an Associate Degree for licensure as a Psychiatric Technician, the student may elect to earn one.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Required courses are listed in sequence: Note: A current American Heart Association (AHA) cardiopulmonary resuscitation (CPR) card must be maintained by all students admitted to the program.

1 Courses may be taken without official acceptance into the program. All other required courses must be taken after official acceptance.

2 Course is preparation for the State Board Examination students are required to take to become licensed. Recommended to be taken upon program completion.
Psychiatric Technology Certificate

Requirements

PROGRAM CODE: 1C21116T

This program aims to prepare a student to meet the requirements for licensure as a Psychiatric Technician in the state of California. A Psychiatric Technician is a licensed member of the professional services team working with people who are intellectually or mentally disabled. Historically employed by private and state hospitals, developmental centers, and many community mental health facilities, Psychiatric Technicians will increasingly find a variety of jobs available in the fields of corrections and human services. These include day care centers, substance abuse programs, forensic facilities, special education and many other areas promoting intellectual, developmental and mental health.

The program is accredited by and conforms to the regulations of the California Board of Vocational Nursing and Psychiatric Technicians (BVNPT). Upon successful completion of the program, graduates are eligible to take the State Board Licensure Examination.

To earn a certificate, complete the required courses with a grade of C or better. At least 50% of all course work must be completed at Cypress College. Upon completion of the 51 units of required course work, the student becomes eligible to apply to the BVNPT for licensure examination.

Psychology Transfer Program

Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates

- Psychology Associate in Arts Degree for Transfer (AA-T) (p. 428)

Courses

**PSY 101 C Introduction to Psychology** 3 Units

*Advisory:* Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course is a scientific consideration of the psychological foundations of behavior. It will investigate psychological development, motivation, sensation, perception, learning, thinking, language, psychological measurement, and principles of mental illness and mental health. Duplicate credit not granted for PSY 101HC. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 110)

**PSY 101HC Honors Introduction to Psychology** 3 Units

*Advisory:* Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This Honors-enhanced course is a scientific introduction to the major areas of psychology. These areas include research methodology, consciousness, cognition, memory, perception, sensation, motivation, emotion, learning, development, personality, abnormal psychology, and physiological psychology. Students will examine, demonstrate and critique principles, theories, and research on human cognition, emotion, behavior, and conscious experience. The course uses lecture, multimedia presentation, class discussion, online communication, simulations, online resources, and research projects to enhance the learning experience of students. Duplicate credit not granted for PSY 101 C. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 110)

**PSY 110 C Applied Psychology** 3 Units

*Advisory:* Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course examines the principles of psychology and its research as it applies to everyday living. These principles are explored in the context of college life, interpersonal relationships, work and career. Focus areas include adjustment, health, stress, sexuality and psychological disorders. Applied Psychology is not the same as PSY 101 C Introduction to Psychology and cannot be taken in place of PSY 101 C. (UC/CSU, CSU GE, C-ID: PSY 115)
PSY 120 C Human Sexuality 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an overview of the psychological and psychobiological aspects of human sexuality. The course takes an interdisciplinary approach dealing with the entire area of human sexual behavior viewed in the context of the total integrated personality. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: CDEV 100)

PSY 131 C Cross-Cultural Psychology (formerly PSY 237 C) 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an introduction to culture’s influence on human behavior and mental processes. Beginning with an examination of theoretical definitions of culture, the course covers a broad range of theories and research findings regarding cultural influences on human behavior and cognitive processes (life-span development, abnormal behavior and mental health, self-concept, emotion, motivation, learning, intelligence, perception, memory, communication, social cognition, and social behavior). The diversity of human expression is examined in contexts ranging from everyday modes of functioning to family and work relationships. By providing students with a non-judgmental understanding of how culture influences human behavior, this course will make them more equipped to interact in a world where there is increasing contact among different cultures. In addition, students will gain knowledge in cross-cultural research methodology. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

PSY 139 C Developmental Psychology 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a study of emotional, intellectual, social and physical growth patterns from conception to death. It emphasizes an integrated approach to each life phase. It also examines the influence of heredity and environment in the life span. The study also includes applicable theories of development. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 180)

PSY 145 C Child Psychology 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course explores physical, cognitive, communicative/linguistic, and socio-emotional development of the child from conception through adolescence across diverse cultures with emphasis on the learning process. Education and teaching issues related to children are highlighted. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: CDEV 100)

PSY 161 C Probability and Statistics: Social Sciences (same as SOC 161 C) 4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or Algebra II with a grade of C or better and the assessment process.
Term hours: 72 lecture. This course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161HC, SOC 161 C, or SOC 161HC. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 110 and SOCI 125)

PSY 161HC Honors Probability and Statistics-Social Sciences (Same as SOC 161HC) 4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or Mathematics II with a grade of C or better and the assessment process.
Term hours: 72 lecture. This Honors-enhanced course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161HC, SOC 161 C, or SOC 161HC. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, C-ID: MATH 110 and SOCI 125)

PSY 202 C Research Methods in Psychology 4 Units
Prerequisite(s): PSY 101 C and PSY 161 C with a grade of C or better.
Term hours: 54 lecture and 54 laboratory. This course encompasses the conceptual, ethical and technical aspects of designing and implementing research in the cognitive, behavioral and social sciences. Concepts are presented for proper application of the scientific method to psychological and social research using quantitative and qualitative techniques. The use of current technology to acquire, process, and analyze data is integrated throughout the course. Emphasis is placed on proper communication and presentation of completed research. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 205B)
PSY 221 C The Brain and Behavior 3 Units

Prerequisite(s): PSY 101 C with a grade of C or better.

Term hours: 54 lecture. This course examines the neurophysiological processes associated with mental processes and behavior. Emphasis is placed on the structure and function of the brain and other central nervous system structures. Related processes such as the autonomic nervous system, the endocrine system and the immune system are also studied. Specific topics studied in the context of the brain include learning, sensation, perception, emotion, motivation, cognition, memory, stress, psychological disorders, and brain dysfunctions. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 150)

PSY 222 C Abnormal Psychology 3 Units

Prerequisite(s): PSY 101 C with a grade of C or better.

Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course is a systematic study of psychopathology. This course presents a scientific survey of the subfield of psychology interested in researching the nature and causes of deviant or unusual human behavior both within and across cultures. This course surveys types of abnormal behavior, the process of assessing and diagnosing abnormal behavior, the therapeutic modalities used to treat abnormal behavior, and the scientific methods used to conduct research on abnormal behavior. This course draws upon DSM diagnostic criteria to classify abnormal behavior, and humanistic, cognitive, behavioral, cross-cultural, psycho-dynamic, and biologically-based models and theories to frame an understanding of abnormal behavior. Issues relating to research, treatment and forensic psychology are considered. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: PSY 120)

PSY 251 C Social Psychology 3 Units

Advisory: Completion of PSY 101 C.

Term hours: 54 lecture. This course examines the basic theories, concepts, and empirical findings in such areas as social perception, social cognition, prejudice, discrimination, interpersonal attraction, conformity and obedience, bystander effects, social aggression, group dynamics, attribution theory, and development of self in the social setting. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: PSY 170)

PSY 255 C Psychology of Aging 3 Units

Term hours: 54 lecture. This course examines the biological, physiological, cognitive, personality, developmental, intimacy and sexual aspects of the ongoing aging process. Critical life issues for elders and for those who live and work with them are explored. These issues include physical health, mental health, health care policy, caregiving, dependency and positive aging strategies. (UC/CSU, AA GE, CSU GE, IGETC)

PSY 298 C Psychology Seminar 0.5-12 Units

Prerequisite(s): May be required.

Corequisite(s): May be required.

Advisory: May be required.

Term hours: 0-216 lecture and/or 0-648 laboratory depending on units attempted. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from 1/2 unit to 12 units. Consult class schedule for the offerings in a particular semester. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration. (UC Credit Limitation/CSU)

PSY 299 C Psychology Independent Study 1 Unit

Prerequisite(s): Approved Independent Study Learning Contract

Term hours: Varying hours of scheduled conferences per week according to instructor. This independent study course is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic. May be taken for credit 3 times. (UC Credit Limitation/CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Social Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-Problem Solving, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.

Psychology Associate in Arts Degree for Transfer (AA-T)

Requirements

PROGRAM CODE: 1A31353

The Psychology Associate in Arts Degree for Transfer (AA-T in Psychology) is designed to provide an opportunity for the Psychology major to complete the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Psychology or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university's requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus.

Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more
information on university admission and transfer requirements. Students successfully completing the AA-T in Psychology will acquire a fundamental knowledge base of psychology, learn basic knowledge and skills in data analysis and research methods, and possess a basic understanding of areas that have an interdisciplinary association to Psychology. This degree will provide students with an introduction to the field including its scientific foundations and applied areas. The intent is to prepare students for further academic study in the field. It will also demonstrate commitment to the field and provide comprehensive preparation for upper division work at the university level. At the baccalaureate level students can continue an education in various areas of psychology including research methods, cognition, physiological psychology, development, environmental psychology, organizational psychology, clinical psychology, and educational psychology. Graduate study is important in Psychology. Those holding a Master's or Doctoral degree may find employment in teaching, research, private practice, or welfare and health related fields. Those without a graduate degree will find limited career opportunity in direct areas of Psychology.

To earn an AA-T in Psychology students must complete:

1. a minimum of 20-21 semester units or 30-31.5 quarter units in the major or area of emphasis as determined by the community college district
2. earn a grade of C or better in all courses required for the major or area of emphasis
3. the California State University General Education Breadth requirements (CSU GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern,
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. 60 semester or 90 quarter CSU-transferable units, and (5) obtainment of a minimum grade point average (GPA) of 2.0.

**Public Health Science**

**Division: Kinesiology**

**Overview**

**Division Dean**

Colin Preston, Interim

**Faculty**

Drew Alhadeff
Dr. Silvie Grote

**Counselor**

Jacklyn Rangel (Counseling Co-Coordinator)

**Degrees/Certificates**

Integrative Health and Wellness Studies Associate in Science Degree (p. 431)
Community Health Worker Certificate (p. 430)

**Courses**

**PHS 270 C Nutrition Science and Application** 3 Units

Term hours: 54 lecture. This course focuses on nutrition science using biological basis. It includes study of the human diet in the context of disease prevention and enhancement of health. Students will critically evaluate current controversies and global nutrition-related issues. Duplicate credit not granted for PHS 270HC. (CSU/UC, AA GE, CSU GE, C-ID: NUTR 110)

**PHS 270HC Honors Nutrition Science and Application** 3 Units

Term hours: 54 lecture. This Honors-enhanced course focuses on nutrition science using biological basis. It includes study of the human diet in the context of disease prevention and enhancement of health. Students will critically evaluate current controversies and global nutrition-related issues. Duplicate credit not granted for PHS 270 C. (CSU/UC, AA GE, CSU GE, C-ID: NUTR 110)
PHS 280 C Introduction to Public Health (formerly KIN 280 C)  3 Units
Term hours: 54 lecture. This course provides an introduction to the discipline of public health. Students will gain an understanding of the basic concepts and terminologies of public health, and the history and accomplishments of public health officials and agencies. An overview of the functions of various public health professions and institutions, and an in-depth examination of the core public health disciplines is covered. Topics of the discipline include the epidemiology of infectious and chronic disease; prevention and control of diseases in the community including the analysis of the social determinants of health and strategies for eliminating disease, illness and health disparities among various populations; community organizing and health promotion programming; environmental health and safety; global health; and healthcare policy and management. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: PHS 101)

PHS 280HC Honors Introduction to Public Health (formerly KIN 280HC)
3 Units
Term hours: 54 lecture. This Honors-enhanced course provides an enhanced comprehensive introduction to the discipline of public health. Students will gain an understanding of the concepts and terminologies of public health, and the history and accomplishments of public health officials and agencies. An overview of the functions of various public health professions and institutions, and an in-depth examination of the core public health disciplines is covered. Topics of the discipline include the epidemiology of infectious and chronic disease; prevention and control of diseases in the community including the analysis of the social determinants of health and strategies for eliminating disease, illness and health disparities among various populations; community organizing and health promotion programming; environmental health and safety; global health; and healthcare policy and management. Duplicate credit not granted for KIN 280 C. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: PHS 101)

PHS 281 C Health and Social Justice (formerly KIN 281 C)  3 Units
Term Hours: 54 hours lecture. This course provides an introduction to the health inequities in the United States that stem from unequal living conditions. Students will explore how education, socioeconomic status, racism and gender shape health epidemics and policy development. Theoretical frameworks will be used to assess and analyze public health issues. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: PHS 102)

PHS 281HC Honors Health and Social Justice (formerly KIN 281HC)
3 Units
Term Hours: 54 lecture. This Honors-enhanced course provides comprehensive and enhanced study of health inequities in the United States that stem from unequal living conditions. Students will explore how education, socioeconomic status, racism and gender shape health epidemics and policy development. Theoretical frameworks will be used to assess and analyze public health issues. Duplicate credit not granted for KIN 281 C. (CSU/UC, AA GE, CSU GE, IGETC, SOC JUST, C-ID: PHS 102)

PHS 283 C Women's Health (formerly KIN 283 C)  3 Units
Term Hours: 54 lecture. This course investigates a variety of topics that concern women's health. These include the effect of lifestyle on health; the role of exercise and nutrition in promoting wellness; risk factors for cardiovascular disease, chronic diseases, and cancer; social influences and work trends that affect women; abusive behaviors, sexual harassment, and substance abuse; sexual and reproductive health; and the aging process. Students analyze theoretical and practical information to make healthy lifestyle choices. (CSU/UC Credit Limitation, AA GE, CSU GE)

PHS 284 C Contemporary Personal Health (formerly KIN 284 C)  3 Units
Term hours: 54 lecture. This course focuses on the exploration of major health issues and behaviors in the various dimensions of health. Emphasis is placed on individual responsibility for personal health and the promotion of informed, positive health behaviors. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety. (CSU/UC Credit Limitation, AA GE, CSU GE, C-ID: PHS 100)

PHS 285 C Global and Community Health (formerly KIN 285 C)  3 Units
Term Hours: 54 lecture. This course explores the primary determinants of global health, inequalities in health status among nations, and current challenges, controversies and public policy priorities. (UC/CSU, AA GE, CSU GE, IGETC)

PHS 286 C Nutrition for Public Health  3 Units
Term hours: 54 lecture. This course is an introduction to nutrition concepts related to public health. It covered key nutrition issues for specific population and the most important nutrition related conditions throughout the lifecycle and their prevention. (CSU/UC, CSU GE, AA GE)

PHS 287 C Case Studies in Public Health  3 Units
Term hours: 54 lecture. This course presents case studies in various themes of public health practice to demonstrate how the principles of public health were established and continue to evolve. (CSU/UC, AA GE)

PHS 289 C Integrative Mental Health and Mindfulness  3 Units
Term hours: 54 lecture. In this course, students will examine mindfulness based meditation practices and how mental health is affected by mindfulness practice. As such, students will look at how lifestyle practices can contribute to mental health and at ways of optimizing mental health. Stress, the stress response, the relaxation response, and implications of neuroplasticity through the lens of interpersonal neurobiology will be examined. (CSU)

PHS 295 C Civic Engagement in Public Health (formerly KIN 289 C)  3 Units
Term hours: 54 lecture. This course focuses on community as a unit of identity, community, well-being, and social justice perspectives and initiatives to promote community health. Addresses community change and improvements in community well-being, with a focus on health equity research for action using principles and practice in the planning, facilitation and evaluation of public health education and trainings. This course covers basic theories and participatory methods, with a focus on meeting the needs of diverse communities and adult learners. (CSU, AA GE)

PHS 296 C Whole Systems Integrative Health  3 Units
Term hours: 54 lecture. In this course, students will study different components of lifestyle that contribute to health: exercise, nutrition, sleep, relationships, resiliency, and spirituality as contributing factors of wellbeing. Health will be considered from a whole person perspective as associated with a state of physical, psychological, and social wellbeing, referred to as a state of wholeness. Thus, we will look at health as a form of autoopoiesis and a system of embodiment. (CSU)

Community Health Worker Certificate
Division: Kinesiology

Requirements
PROGRAM CODE: 1C38578

The Community Health Worker Certificate prepares students for introductory level positions in community health field. All students must
complete at least 18 units. Coursework in KIN 235 C may be waived with current Red Cross cards in First Aid and CPR at the discretion of the division. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 18 units.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements; social justice, equity, and sustainability and reading requirements;
3. any elective courses to complete a minimum of 60 units; and,
4. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 28 units.

### Integrative Health and Wellness Studies Associate in Science Degree

**Division:** Kinesiology

**Requirements**

**PROGRAM CODE: 1541024**

The Integrative Health and Wellness Studies Associate in Science Degree is an interdisciplinary approach to the study of health. Health is defined as a state of physical, psychological, social, and spiritual well being. Furthermore, health is defined as a state of wholeness, of being whole, and in this respect, we approach the study of health from a perspective of what is holy, and sacred. In approaching a vita list, and holistic definition of health, we will comprehensively consider sleep, movement, nutrition, resiliency, mind-body practices, our connection to nature, and environment, that allow for the emergence of a whole person perspective of human flourishing and health.

**DEGREE EMPHASIS: INTEGRATIVE HEALTH STUDIES (16 units):**

Students completing this emphasis would have earned the Yoga Teacher Certificate (200-hour) accredited by Yoga Alliance in addition to completing the AS degree.

Degrees and Certificates

- Associate in Science Degree Radiologic Technology (p. 434)
- Imaging Technologist Assistant Certificate (p. 435)
- Radiologic Technology Certificate (p. 435)

Courses

RADT 142 C Radiologic Electronics 4 Units
Term hours: 72 lecture. This is a course for students preparing for radiologic technology and medical sonography programs. Basic knowledge of scientific units, the structure of matter, electromagnetic radiation and sound energy, electromagnetism, the imaging system and tube, x-ray production and interaction with matter will be discussed. (CSU)

RADT 146 C Introduction to Radiography 4 Units
Term hours: 72 lecture. This course prepares the student for the radiography program. Material covered in this course include x-ray tube construction and production, radiographic quality and techniques, digital imaging, grid utilization, beam limitation, radiation protection, and quality assurance. (CSU)

RADT 148 C Radiology Imaging Techniques (formerly Radiologic Technology) 4 Units
Prerequisite(s): Admission to Radiologic Technology program.
Term hours: 54 lecture and 54 laboratory. This course offers a study of the principles of radiographic technique, factors influencing radiographic quality, beam restricting devices and grid utilization. Also included are the physics and principles of digital imaging along with artifacts and quality control. Lab includes experiments with technical factors for improved image quality and written image analysis. $50 materials fee payable at registration. (CSU)

RADT 150 C Radiographic Positioning I (formerly Radiologic Positioning) 5 Units
Prerequisite(s): Admission to the Radiologic Technology program.
Term hours: 72 lecture and 54 laboratory. This course offers positioning methods for the upper and lower extremities, pelvis, respiratory system, bony thorax, and abdomen along with practical applications of image evaluation and radiation protection. $50 materials fee payable at registration. (CSU)

RADT 153 C Radiography Patient Care 3 Units
Prerequisite(s): Admission to the Radiologic Technology Program Completion of or concurrent enrollment in HS 147 C and RADT 148 C and RADT 150 C and RADT 153 C, with a grade of C or better.
Term hours: 54 lecture. This course is a lecture/demonstration class to teach vital signs, medical emergencies, imaging procedures, aseptic techniques, drug administration, ethics, communication, body mechanics and infection control used by radiology personnel in working with patients. Students will be required to obtain cardiopulmonary resuscitation (CPR) certification from the American Heart Association. (CSU)

RADT 162 C Radiology Special Procedures 3 Units
Prerequisite(s): Satisfactory completion of first semester in the Radiologic Technology Program Completion of or concurrent enrollment in HS 147 C and RADT 148 C and RADT 150 C and RADT 153 C, with a grade of C or better.
Completion or concurrent enrollment in HS 147 C and RADT 148 C and RADT 150 C and RADT 153 C, with a grade of C or better. Corequisite: RADT 251 C and RADT 247 C, with a grade of C or better. Term hours: 45 lecture and 27 laboratory. This course provides the student with the theory and practice of basic techniques of venipuncture and the administration of contrast media. Emphasis will be placed on the techniques of contrast agents used for the various radiographic procedures. The student will perform both simulated and live venipuncture for contrast media injection. Basic Pharmacology will be discussed. Special imaging modalities such as: Digital Angiography; Computerized Tomography; Magnetic Resonance Imaging; Medical Sonography; Nuclear Medicine; and Radiation Therapy will be surveyed. $22 materials fee payable at registration. (CSU)

RADT 196 C Selected Topics I 1 Unit
Prerequisite(s): RADT 148 C, and RADT 153 C with a grade of C or better.
Corequisite: RADT 254 C with a grade of C or better. Term hours: 18 lecture. This course is a comprehensive categorical review of radiologic technology to support the student in the clinical internship phase. Topics include patient care, image quality, and radiographic techniques. Case studies will be discussed. (CSU)

RADT 197 C Selected Topics II 1 Unit
Prerequisite(s): RADT 196 C and RADT 254 C with a grade of C or better.
Corequisite: RADT 255 C and RADT 264 C with a grade of C or better. Term hours: 18 lecture. This course is a comprehensive categorical review of radiologic technology to support the student in the clinical internship phase. Topics include routine and fluoroscopic positioning, special imaging procedures, radiation protection, and radiobiology. Case studies will be discussed. (CSU)
RADT 198 C Selected Topics III 1 Unit
Prerequisite(s): RADT 255 C and RADT 197 C and RADT 260 C with a grade of C or better.
Corequisite: RADT 256 C with a grade of C or better. Term hours: 18 lecture. This course is a comprehensive review of radiologic technology to support the student in the clinical internship phase. Topics include quality control and assurance, radiation physics, and medical law and ethics. Case studies will be discussed. (CSU)

RADT 247 C Radiographic Positioning II 5 Units
Prerequisite(s): Satisfactory completion of first semester Radiologic Technology Program. Completion of or concurrent enrollment in RADT 148 C, RADT 150 C, RADT 153 C and HS 147 C, with a grade of C or better.
Completion of or concurrent enrollment in RADT 148 C, RADT 150 C, RADT 153 C and HS 147 C, with a grade of C or better. Corequisite: RADT 162 C and RADT 251 C, with a grade of C or better. Term hours: 72 lecture and 54 laboratory. This course offers positioning methods for the skull, urinary system, vertebral column, and digestive system. Trauma positioning and surgical/mobile techniques are discussed along with image evaluation and radiation protection for all procedures. $33 materials fee payable at registration. (CSU)

RADT 251 C Radiology Externship 7 Units
Prerequisite(s): RADT 148 C and RADT 150 C, with a grade of C or better and satisfactory completion of the first (Fall) semester in the Radiologic Technology Program.
Corequisite: RADT 247 C with a grade of C or better. Term hours: 36 lecture and 288 hours in supervised training in an approved clinical affiliate. This course provides an introduction to specialized imaging exams to include fluoroscopy, hysterosalpingography, pediatrics, orthoroentgenography, mammography, arthrography, and myelography. The clinical externship will provide training in an approved clinical affiliate. (CSU)

RADT 252 C Radiobiology 1.5 Units
Prerequisite(s): RADT 146 C and BIOL 231 C or BIOL 210 C and HS 145 C, with a grade of C or better.
Term hours: 27 lecture. This course is designed to provide the principles of radiation interaction with cells, tissues, and the body as a whole. Factors affecting biological responses are presented, including early and late effects of radiation exposure. The principles of radiation protection along with the responsibilities of the radiographer for patients, personnel, and the public are included. (CSU)

RADT 253 C Radiation Laws and Ethics 1.5 Units
Prerequisite(s): RADT 153 C with a grade of C or better.
Term hours: 27 lecture. This course is an introduction to legal terminology, concepts, and principles for radiographers will be presented. Topics include misconduct, malpractice, legal and professional standards and the scope of practice. The importance of proper documentation and informed consent is emphasized. The student will examine a variety of ethical issues and dilemmas found in clinical practice. (CSU)

RADT 254 C Clinical Internship I 6.5 Units
Prerequisite(s): RADT 162 C, RADT 247 C, RADT 251 C, RADT 252 C and RADT 253 C with a grade of C or better.
Corequisite: RADT 196 C with a grade of C or better. Term hours: 400 laboratory. This course begins the internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training in the Department of Radiology in affiliated hospitals. Internship of approximately 40 laboratory. This course begins the internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training in the Department of Radiology in affiliated hospitals. Internship of approximately 40 hours per week are subject to rearrangement by hospital/facility. Clinical experiences are designed to provide assessment of competent performance of radiologic imaging exams of the chest, abdomen and extremities. (CSU)

RADT 255 C Clinical Internship II 6 Units
Prerequisite(s): RADT 256 C with a grade of C or better. Corequisite: RADT 260 C with a grade of C or better. Term hours: 720 laboratory. This course begins the twelve month continuous internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training with the Department of Radiology. Internship of 40 hours per week extends through intersessions and are subject to rearrangement by hospital/facility. Clinical practice experiences are designed to provide assessment of competent performance of radiologic imaging of the spine, extremities and digestive system. (CSU)

RADT 256 C Clinical Internship III 12 Units
Prerequisite(s): RADT 197 C and RADT 256 C and RADT 260 C with a grade of C or better.
Corequisite: RADT 198 C with a grade of C or better. Term hours: 720 laboratory. This course is a continuation of the internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training in the Department of Radiology in affiliated hospitals. Internship of approximately 40 hours per week are subject to rearrangement by hospital/facility. Clinical experiences shall be designed to provide patient care and assessment and competent performance of radiologic imaging exams including special procedures, surgical, trauma, and pediatric exams. (CSU)

RADT 260 C Fluoroscopy Permit Course 3 Units
Prerequisite(s): Satisfactory completion of the Summer intersession of the Radiologic Technology Program and RADT 254 C with a grade of C or better.
Term hours: 54 lecture. This course will provide the knowledge to operate fluoroscopy equipment efficiently and safely. Upon successful completion of the course, students will receive a certificate of completion and be eligible to qualify for the California State Technologists Fluoroscopy Permit. (CSU)

RADT 262 C Cross-Sectional Imaging 1 Unit
Term hours: 18 lecture. This course correlates knowledge and practice of diagnostic imaging with cross-sectional anatomy of the brain, skull, chest, thorax, spine, abdomen, and pelvis. Diagnostic imaging includes the ability to work with sonography, computerized tomography, and magnetic resonance imaging. A knowledge of medical terminology and anatomy is recommended. (CSU)

RADT 299 C Imaging Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: Lecture/lab hours will vary according to credit given. This course is designed for capable students enrolled in the Radiologic Technology program or options of the program who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision. (CSU)

Program Student Learning Outcomes

The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Health Sciences, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C2-Computation, C3-Research, C4-ProBLEM SOLVING, C5-Technology, D1-Personal Responsibility, and D2-Global Citizenship.
A student who completes the Radiologic Technology program will be able to:

- Apply positioning skills in all required radiographic examinations.
- Select appropriate technical factors for radiographic examinations.
- Practice radiation protection for all radiographic examination.
- Employ proper patient care techniques.
- Demonstrate oral communication skill.
- Demonstrate written communication skills.
- Relate to and anticipate the needs of the doctors and technologist.
- Adjust to changes, situations, patient conditions, and deviation from the normal routine.
- Demonstrate knowledge of ethical requirements for an entry level radiographer along with ethical practices in a healthcare setting.
- Understand his/her professional obligations upon gaining the ARRT status.

### Minimum Standards for Applicants

1. Eligibility for admission to Cypress College.
2. High school graduation, or completion of the General Education Development (GED) test, or high school proficiency test.
3. Minimum age of 17 years.
4. Present evidence of good physical and mental health, as determined by medical examination upon admission to program and prior to enrollment.
5. Overall GPA of 2.0 in all college classes taken.
6. Must have own transportation to all affiliated hospitals.
7. Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
8. Students need to have completed all general education courses OR already have completed an Associate Degree or higher from a Regionally Accredited College AND program prerequisites with a grade of C or better.
9. Enrollment in, or completion of, program prerequisites.

### Associate in Science Degree Radiologic Technology

#### Requirements

**PROGRAM CODE:** 1S03789

**Mission Statement**

The Associate in Science Degree Radiologic Technology provides a high quality education to prepare a diverse population of students with entry levels skills needed to become a competent and confident fully-licensed radiographer.

#### Radiology Program Goals

1. Students will have the knowledge and skills to competently and safely perform radiographic procedures.
2. Students will develop the skills necessary to communicate effectively.
3. Students will use critical thinking and problem solving skills.
4. Students will evaluate the importance of professional development and growth.
5. The program will provide the community with entry level radiographers for employment in the healthcare setting. JRC ERT 20 North Wacker Drive, Suite 2850 Chicago, IL 60606-3182 (312) 704-5300 (312) 704-5304; email address: mail@jrcert.org; website: www.jrcert.org (https://catalog.nocccd.edu/cypress-college/degrees-certificates/radiologic-technology/associate-science-degree-radiologic-technology-program/www.jrcert.org).

#### Radiology Program Goals and Objectives

1. To provide students with a balance of instruction in radiologic technology courses as well as support courses.
2. To provide students with knowledge and skill to perform radiologic technology procedures.
3. To facilitate development of applied skills in effective communication, critical thinking, and problem solving in the practice of radiography.
4. To provide clinical experience compliment didactic instruction and develop clinical skills required for professional practice.
5. To provide an environment that encourages personal and professional growth.
6. To promote values of compassion, respect, understanding, and dignity in providing care to patients during imaging procedures.
7. To provide the health care community with graduate entry level radiographers skilled in diagnostic imaging procedures.

### Foundation Courses

- HS 145 C Survey of Medical Terminology 3
- BIOL 210 C Anatomy and Physiology 4-5
- or BIOL 231 C General Human Anatomy 4
- RADT 142 C Radiologic Electronics 4
- RADT 146 C Introduction to Radiography 4
- MATH 040 C Intermediate Algebra 4
- or MATH 041 C Combined Algebra I and II

### Program Prerequisites

- HS 145 C Survey of Medical Terminology 3
- BIOL 210 C Anatomy and Physiology 4-5
- or BIOL 231 C General Human Anatomy 4
- RADT 142 C Radiologic Electronics 4
- RADT 146 C Introduction to Radiography 4
- MATH 040 C Intermediate Algebra 4
- or MATH 041 C Combined Algebra I and II

### Required Courses are listed in suggested sequence:

#### SEMESTER 1

- RADT 148 C Radiology Imaging Techniques (formerly Radiologic Technology) 4
- RADT 150 C Radiographic Positioning I (formerly Radiologic Positioning) 5
- RADT 153 C Radiography Patient Care 3
- HS 147 C Survey of Disease 3

#### SEMESTER 2

- RADT 247 C Radiographic Positioning II 5
- RADT 251 C Radiology Externship 7
- RADT 162 C Radiology Special Procedures 3
- RADT 252 C Radiobiology 1.5
- RADT 253 C Radiation Laws and Ethics 1.5

#### SUMMER INTERSESSION

- ENGL 100 C English Composition I 3
The Imaging Technologist Assistant Program prepares a student for an entry-level position as an imaging assistant in a health care facility such as a hospital, private physician's office, or clinic. This program can be completed in one year. To earn a certificate the student must complete the 16 units of required courses with a minimum grade of "C." At least 50% of all course work must be completed at Cypress College.

Radiologic Technology Certificate

Requirements

PROGRAM CODE: 1C21114

To earn a certificate, students must have previously earned an Associate Degree and have completed all of the Cypress College Radiologic Technology Program requirements with a grade of C or better. At least 50% of all course work must be completed at Cypress College.

Application Procedures

1. A separate application, in addition to the college application form, is required for admission into the Radiologic Technology program.

2. Applications must be completed online during the month of February. Please see the Health Science Application link on the Radiology Technology home page.

3. Applicants must submit official transcripts (except Cypress and Fullerton Colleges) and signature page of application in person to the Health Science Applications office. Health Science Building, Cypress College 9200 Valley View Street, Cypress, California 90630-5897 by March 15. Please bring photo identification.

4. It is the applicant’s responsibility to verify that evidence of criteria is on file.

Selection Procedures

Applications normally exceed capacity. Selection of applicants is based on accumulation of points. (Criteria is subject to change. For information see a Health Science Counselor.)

Program Prerequisites

Foundation courses are required prior to admission to the program. The following required courses plus a minimum of 9 General Education units must be completed by the end of the spring semester with a grade of C or better in each course to be considered for the fall (August) class.

Radiologic Technology Curriculum

Radiologic Technology courses must be taken in a specific sequence. Students must obtain a grade of C or better in all required courses to continue in the program. The three (3) semester internships will begin during the summer session following semester 2 of the curriculum and continue until June of the following year. All courses, including general education courses, to satisfy the Associate Degree (refer to Cypress’ Associate Degree requirements) must be completed prior to the end of the internship year. Upon completion of the program and Associate Degree requirements, the student will be eligible for the State Certification and National Registry Examinations. For further information, contact a Health Science Counselor, (714) 484-7270.

Transfer Program — Recreational Leadership
Students should consult a counselor or www.assist.org (http:// www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
• Recreation Assistant Certificate (p. 436)

Courses

REC 100 C Foundations of Recreation and Leisure Services 3 Units
Term hours: 54 lecture. This course is the foundation for an introduction to the broad field of recreation and leisure services. The class will include the relationship of recreation to the individual and society. This class is part of Recreation Assistant Certification. (CSU)

REC 101 C Principles of Community Recreation 3 Units
Term hours: 54 lecture. This course is an introduction to a variety of recreational activities suitable for a community recreation program. The class will study the various agencies and institutions that provide opportunities for community recreation. This course will emphasize interrelationships of these agencies. (CSU)

REC 102 C Recreation Leadership and Diverse Groups 3 Units
Term hours: 54 lecture. This course covers the application and development of leadership skills in the recreation setting. Emphasis on applicable leadership techniques including working with groups consisting of representatives from diverse populations such as those with disabilities or special needs, cultural and social differences, and diversity of all ages. This course is part of Recreation Assistant Certification. (CSU, SOC JUST)

REC 106 C Outdoor Recreation and Camp Counseling 3 Units
Term hours: 54 lecture. This course will emphasize the history, development and trends of organized camping and other outdoor recreation skills. The class will include leadership training in camp counseling with special emphasis on practical skills in camping, fire building, outdoor cooking, tenting, and camp crafts. This class is recommended for recreation majors and students interested in outdoor recreation. (CSU)

REC 298 C Recreation Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 0-432 laboratory depending on units attempted. This class will utilize a lecture/lab-activity approach to various topics in recreation. A variety of classes will be offered in order to introduce students to new experiences in recreation. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration. (CSU)

Recreation Assistant Certificate
Division: Kinesiology

Requirements

PROGRAM CODE: 1C37194

The Recreation Assistant Certificate prepares the student for introductory levels of recreation and leisure occupational opportunities. Coursework in KIN 235 C may be waived with current Red Cross cards in First Aid and CPR at the discretion of the division. To earn this certificate, students must complete the required courses as listed with a grade of C or better. At least 50% of all coursework must be completed at Cypress College. This certificate requires a total of 16 units.

**Sociology Transfer Program**
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

**Degrees and Certificates**
- Sociology Associate in Arts Degree for Transfer (AA-T) (p. 439)

**Courses**

**SOC 101 C Introduction to Sociology**
3 Units

*Advisory:* Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course is an analysis of human relationships through a study of cultural origins, personality development, social interaction, community organization, collective behavior, institutional growth, social change, and social movements. Duplicate credit not granted for SOC 101HC. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 110)

**SOC 101HC Honors Introduction to Sociology**
3 Units

*Advisory:* Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course is an enhanced version of Introduction to Sociology for honors students. This course is an analysis of human relationships through a study of cultural origins, personality development, social interaction, community organization, collective behavior, institutional growth, social change, and social movements. Duplicate credit not granted for SOC 101 C. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 110)

**SOC 102 C Social Problems**
3 Units

*Advisory:* Completion of SOC 101 C and eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.

Term hours: 54 lecture. This course is an identification and analysis of selected contemporary social problems in American society and around the world. It includes problems of overpopulation, environmental destruction, war, race, poverty, sex inequality, aging, drug abuse, health, crime and violence. Alternative approaches to the resolution of these problems and identification of institutions and organizations involved in their resolution are emphasized. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 115)
SOC 125 C Sociology Research Methods 3 Units
Prerequisite(s): SOC 101 C with a grade of C or better.
Advisory: Completion of MATH 120 C or PSY 161 C or SOC 161 C.
Term hours: 54 lecture. This course examines fundamental elements of qualitative and quantitative empirical research and the social science use of critical thinking. The scientific methods include attention to the role of theory in research, hypotheses, variables, sampling, data collection, analysis, research ethics, and written results. Application of analytic tools include logic and research design, such as survey, observation, experiments, case study, and comparative historical research. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOC120)

SOC 161 C Probability and Statistics-Social Sciences (same as PSY 161 C) 4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or MATH 024 C or Algebra II with a grade of C or better and the assessment process.
Term hours: 72 lecture. This course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161 C, PSY 161HC, or SOC 161HC. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC/C-ID: MATH 110 and SOC 125)

SOC 161HC Honors Probability and Statistics-Social Sciences (Same as PSY 161HC) 4 Units
Prerequisite(s): MATH 040 C or MATH 041 C or MATH 024 C with a grade of C or better.
Term hours: 72 lecture. This Honors-enhanced course provides an introduction to fundamental statistical concepts relevant to the social sciences but applicable to all disciplines. A conceptual approach is used to introduce students to topics of descriptive and inferential statistics including sampling, probability, central tendency, variability, correlation, regression, point estimation, interval estimation, and hypothesis testing. Also introduced are non-parametric statistics, such as chi-square, and parametric statistics, such as t-tests and ANOVA. The course includes applications of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications use data from the behavioral and social sciences of psychology, sociology, anthropology, geography, economics, political science and the life sciences, health sciences, and education. This course is open to all students who meet the prerequisite, and it is required for psychology majors. This course is strongly recommended for all social sciences majors. Students who receive credit for this course may not receive credit for MATH 120 C. Duplicate credit not granted for PSY 161 C, PSY 161HC, or SOC 161 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC/C-ID: MATH 110 and SOCI 125)

SOC 225 C Sociology of Women 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course covers an identification and analysis of the status of women in American society. Sociological issues pertinent to the conditions of women are examined, such as the social construction of gender, feminism, women’s health, sexuality, relationships, employment, and familial roles. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 140)

SOC 250 C Sociology of Aging 3 Units
Term hours: 54 lecture. This course explores the concept of aging and sociological/cultural theories of aging. The gender, cross-cultural, economic, political and social policy aspects of aging in society and the world are examined. Critical life issues for elders and for those who live and work with them are explored. These issues include empowerment, care giving, social support, living arrangements, elder abuse, work, retirement, quality of life and death and dying. (UC/CSU, AA GE, CSU GE, IGETC)

SOC 275 C Marriage and Family 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a study of the sociological factors involved in family relationships, courtship, marital adjustments and parenthood. This course examines various patterns of marriage and families within the United States. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 130)

SOC 277 C Sociology of Religion 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an analysis of religion as a social institution. Emphasis will be placed on the influence that religion has on American society by examining the role religion plays in people’s lives, and legitimate existing social and economic arrangements. (UC/CSU, AA GE, CSU GE, IGETC)

SOC 280 C Media, Culture, and Society 3 Units
Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is a critical analysis of media and culture from a sociological perspective, including the ways in which media is shaped and influenced by society, culture and individuals. Topics include the role of media in ideology, identity and interaction; race, class and gender; economics and politics; social change, technology and globalization. (UC/CSU, AA GE, CSU GE, IGETC)

SOC 290 C Sociology of Contemporary Race and Ethnic Relations 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course is an exploration of race and ethnic inequalities, as well as patterns of interaction between various racial and ethnic groups. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI JUST)

SOC 292 C Introduction to Criminology 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 54 lecture. This course presents a scientific analysis of the nature, extent, and causes of violations of societal rules of behavior that are formally defined as crime and delinquency. The course includes an analysis of the theoretical perspectives that led to the development of criminal law and the administration of criminal justice, the patterns of criminality and delinquency, the impact of crime on social change, and the labeling, identification, characteristics, and the treatment of criminals and delinquents. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: SOCI 160)
The Sociology Associate in Arts Degree for Transfer (AA-T) is designed to provide an opportunity for the Sociology major to achieve an which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements. Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college.

Courses

SPAN 098 C Spanish Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 432 laboratory depending on units attempted. This seminar course is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Letter Grade Option. Fees may be required and payable at registration.

| ETHS 101 C | American Ethnic Studies (formerly ETHS 100 C) | 3 |
| ETHS 101HC | Honors American Ethnic Studies | |

List B - Select one course from the list below or any courses from List A not already taken (3 units):

SOC 277 C Sociology of Religion | 3 |
PSY 120 C Human Sexuality | 3 |
PSY 131 C Cross-Cultural Psychology (formerly PSY 237 C) | 3 |
SOC 250 C Sociology of Aging | 3 |
PSY 101 C Introduction to Psychology | 3 |

ANTH 102 C Cultural Anthropology | 3 |
ANTH 102HC Honors Cultural Anthropology | |
GEOG 160 C Cultural Geography | 3 |

Total Units 19-20

SPAN 101 C Elementary Spanish I 5 Units
Term hours: 90 lecture. This course focuses on the acquisition of the four basic skills in language learning: listening comprehension, speaking, reading, and writing. Students will be introduced to the culture and geography of Spain and Latin America. Pass/No Pass or Letter Grade Option. (CSU/UC Credit Limitation, AA GE, CSU GE, C-ID: SPAN 100)

SPAN 101 C Elementary Spanish II 5 Units
Prerequisite(s): SPAN 101 C with a grade of C or better or one year of high school Spanish with a grade of C or better is recommended
Term hours: 90 lecture. This course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of Spain and Latin America through lectures, slides, films, and reading and writing assignments. Pass/No Pass/Letter Grade Option. (UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, C-ID: SPAN 110)

SPAN 200 C Conversational Spanish 2 Units
Prerequisite(s): SPAN 101 C with a grade of C or better.
Term hours: 36 lecture. This course emphasizes extensive practice in oral expression and listening comprehension at intermediate and advanced levels of competency. The materials used facilitate discussions on cultural appreciation, history, and geography of Spain and Latin America. Students will watch films and read articles from magazines, newspapers, and other current material. This course is conducted in Spanish. Pass/No Pass or Letter Grade Option. (CSU, AA GE, CSU GE)

SPAN 201 C Spanish for Spanish Speakers I 5 Units
Prerequisite(s): A native or near-native speaking knowledge of Spanish for those who have had little or no formal education in the language
Term hours: 90 lecture. This course is designed to address the language needs of students with Spanish-speaking background who have little or no formal training in Spanish. Emphasis will be placed on composition, advanced reading comprehension, standard vs. vernacular usages, and cross-language interference. The course's aim is to reinforce oral expression and comprehension, develop writing skills, build a wider base vocabulary by reading Spanish language literature. Duplicate credit not granted for SPAN 101 C/102 C. Pass/No Pass or Letter Grade option. (CSU/UC, AA GE, CSU GE, IGETC, C-ID: SPAN 220)

SPAN 201 C Spanish for Spanish Speakers I 5 Units
Prerequisite(s): SPAN 201 C
Term hours: 90 lecture. This course is designed for students who are fluent in spoken, informal Spanish and who need to improve their writing, reading, and grammar skills. It furthers the mastery of formal, written communication in Spanish at the intermediate/advanced level while integrating in Hispanic, Latin American, and Chicano culture through increased practice in intermediate/advanced level readings. The course focuses on language challenges that Spanish speakers still encounter at the intermediate/advanced level, such as orthography, the inappropriate mix of English and Spanish in specific contexts, and standard Spanish as contrasted to regional variations. This course is conducted entirely in Spanish. Duplicate credit not given for SPAN 203 C. (CSU/UC Credit Limitation, AA GE, CSU GE, IGETC, C-ID: SPAN 230)

SPAN 203 C Intermediate Spanish III 4 Units
Prerequisite(s): SPAN 102 C with a grade of C or better or two years of high school Spanish with a grade of C or better required.
Term hours: 72 lecture. This course introduces the student to the more formal aspects of cultural appreciation through a selection of readings by modern Spanish and Spanish American authors. It also provides extensive practice in oral and written expression and a thorough review of grammatical concepts. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: SPAN 200)
SPAN 204 C Intermediate Spanish IV 4 Units
Prerequisite(s): SPAN 203 C or three years of high school Spanish with a grade of C or better.
Term hours: 72 lecture. This course continues to emphasize acquisition of the more formal aspects of cultural appreciation through a selection of advanced readings by modern Spanish and Spanish American authors. It also provides extensive practice in oral and written expression and a thorough review of grammatical concepts. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE, IGETC, C-ID: SPAN 210)

SPAN 298 C Spanish Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 432 laboratory depending on units attempted. This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Pass/No Pass or Letter Grade option. Fees may be required and payable at registration. (CSU/UC Credit Limitation)

SPAN 299 C Spanish Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
This course is designed for able students who wish to increase their knowledge of the Spanish Language through individual study or research. Unit credit may range from ½ to 2 units in any given semester. Consult the class schedule to verify credit for a particular term. Pass/No Pass or Letter Grade option. (CSU/UC Credit Limitation)

Program Student Learning Outcomes
The courses taught by this department contribute to the General Education and Basic Skills Program Learning Outcomes. Please refer to General Education and Basic Skills Program Learning Outcomes.

Spanish Associate in Arts Degree for Transfer (AA-T)
Division: Language Arts

PROGRAM CODE: 1A37312

The Spanish Associate in Arts Degree for Transfer is designed to provide an opportunity for the Spanish major to achieve a Spanish Associate in Arts Degree for Transfer (AA-T in Spanish) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. This curriculum specifically prepares the prospective transfer student for upper division coursework in Spanish or a similar major at a California State University (CSU) campus. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer," a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is designated "high-unit" major).

Students should meet with a counselor regularly to discuss the best option for them. This AA-T in Spanish is designed to provide the student with a fundamental understanding and acquisition of knowledge in the Spanish discipline.

The AA-T in Spanish includes:
1. the development of reading skills in order to comprehend and interpret social, cultural, and literary authentic texts;
2. the development of speaking skills in order to discuss social, cultural, and literary topics;
3. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better; and
4. the development of writing skills in order to write analytically on professional, academic, and societal issues.

The curriculum includes courses in first and second year Spanish, Chicano Studies, and Latin American History. Given the ever-increasing Latino population in California and nation-wide, fluency in Spanish has value in a number of fields, such as customer service, marketing, and public relations. Those who pursue degrees in Spanish can pursue K-12 and college level teaching as career. This degree requires a total of 24 units.

To earn an AA-T in Spanish students must complete:
1. a minimum of 20-23 semester units or 30-34.5 quarter units in the Spanish major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental/General Education Transfer Curriculum CSU IGETC;
3. completion of 60 semester or 90 quarter units of CSU transferable coursework; and,
4. have an overall GPA of 2.0

Course Repeatability Limitations
Effective 2013, most active participatory courses in Art, Dance, Theater, Music, and Physical Education are no longer repeatable. The courses in the table below are related in content and therefore have been identified in distinct “family” groupings in which students are limited to a maximum of 4 course enrollments per family (withdrawals and substandard grades will be counted towards the 4 enrollment maximum). Note: Exceptions for courses still designated as repeatable are indicated in course descriptions of the college catalog and class schedules with the statement, “May be taken for credit ____ times.” If students are majoring in any of these disciplines, they are advised to see their counselor to discuss options.

Students are limited to four (4) semester enrollments — in Active Participatory courses — whether in a single course or in a combination of courses grouped within a family. All enrollments in courses (including enrollments in the same repeatable course) within a family count toward the maximum enrollment limitation of four (4) semester enrollments. This includes evaluative (A, B, C, D, F, P, NP) and non-evaluative (I, IP, RD, and W) grades earned. All letter grades received will be counted in GPA.

Theater Arts Transfer Program
Students should consult a counselor or www.assist.org (http://www.assist.org) for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Degrees and Certificates
- Associate in Arts Degree Theatre Arts Performance (p. 446)
- Associate in Arts in Theatre Arts for Transfer Degree (AA-T) (p. 447)
- Acting and Film Video Production Certificate (p. 448)
- Costume/Makeup Design Certificate (p. 448)
- Lighting/Audio Design Certificate (p. 448)
- Musical Theatre Performance Certificate (p. 449)
- Theatre Arts Production Associate in Science Degree (p. 449)
- Technical Theatre Certificate (p. 450)
Courses

THEA 100 C Introduction to the Theater 3 Units
Term hours: 54 lecture. This course is designed for those who wish to explore the arts with special attention given to a survey of all the contributing elements. The course prepares the student for other course offerings in the theater curriculum. Pass/No Pass/Letter Grade Option. Admission to theater performances not to exceed $50.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: THTR 111)

THEA 101 C Play Analysis 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. A basic approach to the analysis of a play script, intended to provide theatre students with the tools necessary to understand the literary text of a play, its structure and its application to work in performance, design and critical/historical studies. Admission to theater performances not to exceed $50.00. (UC/CSU, AA GE, CSU GE, IGETC/C-ID: THTR 114)

THEA 102 C World Theater History I 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. In this course, students will investigate the influence of differing cultures, traditions, and technologies on the development of the theater as a social institution through comparative study of plays, historical events, and the theatrical environment. Theater practice from its origins through the mid 18th century will be studied. Plays are read for analysis of structure, plot, character and historical relevance. Admission to theater performances not to exceed $50. (CSU/UC/AA GE, CSU GE, IGETC/C-ID: THTR 113)

THEA 107 C Diversity in American Theater 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This course covers America’s ethnic, racial and cultural heritages and the struggles for social equality that have shaped American theater, literature and performance will be explored. Duplicate credit not given for THEA 107HC. Admission to theater performance not to exceed $50. (UC/CSU, AA GE, CSU GE, IGETC, SOC JUST)

THEA 107HC Honors Diversity in American Theater 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. This Honors-enhanced course is a comprehensive study of America’s ethnic, racial and cultural heritages and the struggles for social equality that have shaped American theater, literature and performance. Duplicate credit not given for THEA 107 C. Admission to theater performance not to exceed $50. (UC/CSU, AA/AS, CSU GE, IGETC, SOC JUST)

THEA 108 C Playwriting (formerly Stage and Screenwriting) 3 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C. Term hours: 54 lecture. In this course, beginning playwrights discover the basic craft of writing plays. This course will concentrate on student’s current work and illustrations will be drawn from contemporary plays. Admission to theatre performances not to exceed $50. (CSU/AA GE)

THEA 110 C Stage Management for Theatre 3 Units
Term hours: 54 lecture. This course involves the study and the practical application of the role of the Stage Manager as they pertain to the theatrical production process. Emphasis is placed on the duties, responsibilities and procedures from pre-production to post-production. This course is required of all students who are interested in stage management positions for the Theatre Arts Department productions. Pass/No Pass/Letter Grade option. (CSU/UC)

THEA 111 C Industry Prep for Theatre 3 Units
Term hours: 54 lecture. This course is designed as preparation for students interested in pursuing theatre as a professional career. Students will learn resume and portfolio building skills as well as interviewing skills and self-marketing. Pass/No Pass/Letter Grade option.

THEA 120 C Acting I 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, acting methods of the modern actor will be studied. Students will use craft preparations which will enable them to bring emotional and behavioral truth to the roles they create. Exercises in relaxation, sensory awareness, emotional freedom and the creation of truthful behavior will be practiced. Admission to theater performances not to exceed $50.00. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE/C-ID: THTR 151)

THEA 121 C Dynamic Movement for the Stage 2 Units
Term hours: 18 lecture and 54 laboratory. In this course, students learn the art of physical communication. Students will discover and explore structured physical play, unarmed stage combat and stimulus response exercises. Basic anatomy as it relates to motion and communication will be examined. This class is designed for actors and all students. Admission to theater performances not to exceed $50.00. (UC/CSU, CSU GE)

THEA 124 C Acting II 3 Units
Prerequisite(s): THEA 120 C with a grade of C or better or Audition Advisory: Concurrent enrollment or completion of THEA 121 C or THEA 129 C Term hours: 36 lecture and 72 laboratory. In this course, actors will proceed to a more advanced exploration and mastery of the basic craft of acting. Actors will learn specific skills for preparing a role and for creating and experiencing the imaginary realities that fulfill a script. Admission to theater performance not to exceed $50.00. (UC/CSU, CSU GE)

THEA 125 C Acting III 3 Units
Prerequisite(s): THEA 124 C with a grade of C or better. Term hours: 36 lecture and 72 laboratory. In this course, actors will proceed to an advanced exploration and mastery of the basic craft of acting with an emphasis on fulfilling the demands characterization. Admission to theater performances not to exceed $50. (UC/CSU)

THEA 126 C Musical Theater Techniques I 3 Units
Term hours: 36 lecture and 72 laboratory. In this course, students will investigate performance techniques of musical theater as they relate to the onstage performer. Established musical theater repertoire will be covered and performance in a workshop setting of musical theater literature is required. Admission to theater performances not to exceed $50.00. (UC/CSU, AA GE, CSU GE)

THEA 127 C Musical Theater Techniques II 3 Units
Prerequisite(s): Audition Advisory: THEA 126 C Term hours: 36 lecture and 72 laboratory. In this course, students will explore the synthesis of singing and movement as it applies to musical theater performance and auditions. This course is designed for the performance oriented student. Admission to theater performances not to exceed $50.00. (UC/CSU)

THEA 128 C Acting for the Camera 2 Units
Term hours: 18 lecture and 54 laboratory. In this course, students will master the fundamental craft of acting for television and feature film. Guidelines for solving the specific demands the camera makes on the actor will be stressed. Pass/No Pass/Letter Grade Option. Admission to Theater Performances not to exceed $50.00. (UC/CSU)
THEA 129 C Voice and Diction 3 Units
Term hours: 54 lecture. This is a course in the study of and exercise in voice production and articulation with the goal of producing Standard American speech. Special attention is given to diction for actors, classroom teachers and students with minor speech defects. Stress is placed on individual exercises designed to give conscious control of speech functions. Admission to theater performances not to exceed $50.00. Pass/No Pass/Letter Grade Option. (UC/CSU, AA GE, CSU GE)

THEA 130 C Acting Workshop 2-3 Units
Prerequisite(s): Audition
Term hours: 108-162 laboratory TBA depending on units attempted. This performance workshop course will emphasize the application of the principles and the craft of creative acting. Faculty and theater students will initiate and prepare performance projects for an invited audience and for theater festival competition. This course may be taken three times for credit. (CSU/UC/CSU GE)

THEA 132 C Musical Theater Performance I 2-3 Units
Prerequisite(s): Audition
Corequisite: THEA 149 C or THEA 150 C or THEA 151 C or THEA 152 C with a grade of C or better. Term hours: 126-162 laboratory TBA depending on units attempted. In this course, students will participate in the preparation of a musical production through acting, singing, dancing and/or instrumental accompaniment. Performers will make use of production elements and performance techniques. (UC/CSU, AA GE, CSU GE, C-ID: THTR 191)

THEA 133 C Rehearsal Performance I 2-3 Units
Prerequisite(s): Audition
Term hours: 108-162 laboratory TBA. This course teaches the practical application of acting and production techniques, i.e., acting, stage managing, backstage operations. Students participate in the rehearsal and performance of a public production occurring in the Theater Arts Department. (UC/CSU, AA GE, CSU GE/C-ID: THTR 191)

THEA 134 C Auditions for Theater and Film 1 Unit
Prerequisite(s): Audition
Term hours: 18 laboratory. In this course, theater students will create and then perform audition presentations that demonstrate their proficiency in the fundamental skills of acting and auditioning. (CSU)

THEA 135 C Musical Theater Performance II 2-3 Units
Prerequisite(s): Audition
Term hours: 126-162 laboratory TBA depending on units attempted. In this course, students will participate in the development of a musical theater production from rehearsal to public performance. They will synthesize singing, dancing and acting techniques into a cohesive performance. (UC/CSU)

THEA 136 C Rehearsal Performance II 2-3 Units
Prerequisite(s): Audition
Term hours: 108-162 laboratory TBA. This performance course concentrates on training students in the intermediate skills required of performing and preparing a public performance for the Theater Department. Production support in the areas of stage management, backstage operations, sound, makeup, costumes and house management are also taught. (UC/CSU)

THEA 137 C Summer Musical Theater Workshop I 1-2 Units
Prerequisite(s): Audition
Pass/No Pass/Letter Grade option. Term hours: 54-108 laboratory. This musical theater performance laboratory course will introduce students to the basic skills of musical theater performance. Faculty and theater students will create and prepare performance projects for an invited audience. (UC/CSU)

THEA 138 C Summer Musical Theater Workshop II 1-2 Units
Prerequisite(s): Audition
Pass/No Pass/Letter Grade option. This musical theater performance laboratory course will introduce students to the intermediate skills of musical theater performance. Faculty and theater students will create and prepare performance projects for an invited audience. (UC/CSU)

THEA 140 C Introduction to Theater Design 3 Units
Term hours: 36 lecture and 54 laboratory. In this course, students will be offered a survey of scenery, lighting, sound, costumes, makeup, properties, theatrical equipment, and construction techniques through demonstration, and laboratory experience. Information is applicable to all formal theatrical applications. Admission to theater performance not to exceed $50. (UC/CSU/C-ID: THTR 172)

THEA 141 C Video and Projection Design for Theatre 3 Units
Advisory: THEA 100 C.
Term hours: 36 lecture and 54 laboratory. This course involves the study and execution of projection design for the stage with emphasis on equipment, control, media, creating original content and their relationship to live theatre. Admission to theatre performances not to exceed $50. (CSU/UC)

THEA 142 C Sound Design for Theatre (formerly Theatre Sound and Recording) 3 Units
Term hours: 36 lecture and 54 laboratory. In this course, students will be involved in recording studio procedure and equipment selection and use for theatre. The course covers the technical as well as the artistic use of sound recording for theatre. Emphasis will be placed on the practical use of audio equipment. Admission to theatre performances will not exceed $50. (CSU)

THEA 143 C Stagecraft 3 Units
Term hours: 36 lecture and 54 laboratory. This course explores the planning and execution of scenic elements for the stage with an emphasis on design, construction and methods of shifting scenery. Admission to theater performances will not exceed $50. $25 Materials Fee - Payable at Registration. (UC/CSU/C-ID: THTR 171)

THEA 144 C Lighting Design Fundamentals 3 Units
Term hours: 36 lecture and 54 laboratory. This course involves the study and execution of stage lighting with emphasis on equipment, control, color, and their relationship to design. Admission to theater performances not to exceed $50. (UC/CSU/C-ID: THTR 173)

THEA 145 C Fundamentals of Costume Design 3 Units
Term hours: 36 lecture and 54 laboratory. In this course, students will study costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated. Admission to theater performances will not exceed $50. (UC/CSU, CSU GE/C-ID: THTR 174)

THEA 146 C Scene Painting 3 Units
Term hours: 36 lecture and 54 laboratory. This course explores various methods of painting theatrical scenery will be explored. Tools to be used will include brush, roller, sponges. Students will duplicate stucco, masonry, woodgrain, foliage, wallpaper, lettering drapery, and architectural detail on rigid scenery. Admission to the theater performances will not exceed $50.00. $30.00 Materials Fee - Payable at Registration. (UC/CSU)

THEA 147 C Stage Makeup 3 Units
Term hours: 36 lecture and 54 laboratory. In this course, students will receive instruction and practice in a lecture/laboratory setting in all phases of makeup specifically designed for theatrical use. Admission to theater performances not to exceed $50. (UC/CSU/C-ID: THTR 175)
THEA 148 C Production Techniques I 0.5-3 Units
Prerequisite(s): Audition
Term hours: 27-162 laboratory hours depending on units attempted. This is an open entry/open exit course for students to obtain performance experience in theater. It is open to student performers to fill in vacancies for a theater department production. Concurrent enrollment in THEA 148 C through THEA 152 C is not allowed. Open Entry/Open Exit. Pass/No Pass/ Letter Grade Option. (CSU)

THEA 149 C Stage Crew I - Running 1-2 Units
Term Hours: 54-108 laboratory TBA. This course offers students practical experience as members of a running crew for public theater performances. Students will fulfill crewing assignments during final rehearsals and performances for theater productions during the semester. (UC/CSU, AA GE, CSU GE/C-ID: THTR 192)

THEA 150 C Stage Crew II Production Preparation 1-2 Units
Term hours: 54-108 laboratory TBA. This course offers students practical experience as members of a construction, lighting, sound crew for public theater performances. Students will gain practical experience in the construction of scenery, properties, hanging/focusing lights and preparation of sound equipment for theatrical productions during the semester. (UC/CSU/C-ID: THTR 192)

THEA 151 C Stage Crew III Costume and Makeup 1-2 Units
Term hours: 54-108 laboratory TBA. This course offers students practical experience as members of a costume and makeup crew for public theater performances. Students will gain practical experience in the construction of costumes and application of stage makeup. (UC/CSU/C-ID: THTR 192)

THEA 155 C Production Techniques II 0.5-3 Units
Term hours: 27-162 laboratory TBA depending on units attempted. This is an open entry/open exit class for students to obtain production experience in theater. It is open to student crew members to fill in vacancies for a theater department production. Concurrent enrollment in THEA 148C through THEA 152 C is not allowed. Pass/No Pass/Letter Grade Option. (CSU)

THEA 156 C Production Techniques III 0.5-3 Units
Open Entry/Open Exit. Term hours: 27-162 laboratory. This course is for students to obtain production preparation experience in the theater. (CSU)

THEA 160 C Computer Drafting for Theatre 3 Units
Term hours: 36 lecture and 54 laboratory. This course is an introduction to two-dimensional and three-dimensional computer-aided design/drafting, and visualization for stage designers. Emphasis is placed on scenic drawings, light plots, creating and organizing industry-standard paperwork and documentation, for live productions. Admission to theatre performances not to exceed $50. (CSU/UC)

THEA 220 C Acting IV 3 Units
Prerequisite(s): THEA 125 C with a grade of C or better.
Advisory: THEA 121 C or THEA 129 C.
Term hours: 36 lecture and 72 laboratory. In this course, students will develop and practice the fundamental skills required to perform dramatic literature that varies from classical texts to contemporary plays. Admission to theater performances not to exceed $50. (CSU/UC)

THEA 225 C Directing for the Theater 3 Units
Advisory: ENGL 060 C
Term hours: 36 lecture and 72 laboratory. In this course, the director’s purpose in the theater will be examined through current craft approaches and through a historical context. Practical experience in directing through class projects will be stressed. Admission to theater performances not to exceed $50.00. (UC/CSU)

THEA 226 C Musical Theater Techniques III 3 Units
Prerequisite(s): Audition
Advisory: THEA 127 C
In this course, the musical theater actor will examine various styles of musical theater as they apply to both solo and scene work. The research and performance of musical theater literature that varies from legitimate standard to pop contemporary styles will be required. Admission to theater performances not to exceed $50.00. (UC/CSU)

THEA 227 C Musical Theater Techniques IV 3 Units
Prerequisite(s): THEA 226 C with a grade of C or better or audition.
Term hours: 36 lecture and 72 laboratory. In this course, the musical theater actor will analyze the script and score of a piece of musical theater repertoire and develop a performance using advanced musical theater techniques. Admission to theater performances not to exceed $50. (UC/CSU)

THEA 228 C Advanced Acting for the Camera 2 Units
Prerequisite(s): THEA 128 C with a grade of C or better or Audition.
Term hours: 18 lecture and 54 laboratory. In this course, students will continue their exploration and mastery of craft approaches for television and film acting, including, but not limited to advanced character development and special problems in performance preparation. Admission to Theater Performances not to exceed $50.00. Pass/No Pass/Letter Grade Option. (CSU)

THEA 230 C Directing Actors for Film and TV 2 Units
Advisory: Eligibility for ENGL 100 C or ENGL 101 C or ESL 110 C.
Term hours: 18 lecture and 54 laboratory. In this course, student directors will analyze screenplays and characters for the purpose of directing actors. Emphasis on staging scenes for the camera to elicit the best possible performances from the actors. (CSU)

THEA 232 C Musical Theater Performance III 2-3 Units
Prerequisite(s): Audition
Advisory: THEA 149C or THEA 150C or THEA 151C or THEA 152C.
Corequisite: THEA 149C or THEA 150C or THEA 151C or THEA 152C, with a grade of C or better. Term hours: 126-162 laboratory TBA depending on units attempted. In this course, students will prepare a work of musical theater for public performance through play analysis, character analysis, style analysis and rehearsal, using vocal skills, choreographic movement and acting techniques. (CSU)

THEA 233 C Musical Theater Performance IV 2-3 Units
Prerequisite(s): Audition.
Co-requisite: THEA 149C or THEA 150C or THEA 151C or THEA 152C, with a grade of C or better. Term hours: 108-162 laboratory TBA. In this course, students will prepare and perform a work of musical theater for public performance focusing on script obligations, character relationship, external and internal focus techniques, performance style choices and physical expression character driven action. (UC/CSU)
THEA 234 C Rehearsal Performance III 2-3 Units
Prerequisite(s): Audition
Term hours: 108-162 laboratory TBA. This is a performance oriented course that concentrates on training students in the methodology and advanced skills of ensemble acting during a rehearsal period. Production support in the areas of stage management, backstage operations, sound, makeup, costumes, and house management are also introduced by practical involvement in the unique demands of producing an ensemble performance. (UC/CSU)

THEA 235 C Experimental Theater 2 Units
Term hours: 108 laboratory. This course consists of short-term projects in theater production (selection to be made by the department). Projects may include student-directed, one act plays, touring shows and improvisational theater shows. (UC/CSU)

THEA 236 C Summer Theater Workshop I 1-2 Units
Prerequisite(s): Audition
Pass/No Pass/Letter Grade option. Term hours: 54-108 laboratory. This performance laboratory course will introduce students to the basic skills of new play development and innovative performance works. Faculty and theater students will evaluate, create and prepare performance projects for an invited audience. (CSU/UC)

THEA 237 C Summer Theater Workshop II 1-2 Units
Prerequisite(s): Audition
Pass/No Pass/Letter Grade option. Term hours: 54-108 laboratory. This performance laboratory course will invest students with the intermediate skills of new play development and innovative performance works. Faculty and theater students will evaluate, create and prepare performance projects for an invited audience. Pass No/Pass Letter Grade Option. (CSU/UC)

THEA 238 C Rehearsal Performance IV 2-3 Units
Prerequisite(s): Audition.
Corequisite: THEA 147 C or THEA 150 C or THEA 151 C or THEA 152 C, with a grade of C or better. Term hours: 108-162 laboratory TBA. In this course, students will explore and develop further the advanced skills required for performance goals. Production skills in the areas of stage management, backstage operations, sound, makeup, costumes, and house management are acquired by practical involvement through performances. (UC/CSU)

THEA 247 C Prosthetic Makeup 3 Units
Prerequisite(s): THEA 147 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. In this course, students will explore the techniques of special effects makeup. The basic construction of foam latex appliances, wounds and burns, bald cap application, and ventilated hair construction will be utilized. $150 Materials Fee - Payable at Registration. (CSU)

THEA 298 C Theater Arts Seminar 0.5-12 Units
Prerequisite(s): May be required.
Corequisite(s): May be required.
Advisory: May be required.
Term hours: 0-216 lecture and/or 864 laboratory depending on units attempted. Various courses may be offered from semester to semester which are designed to meet the interests and needs of the students. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration or for admission to theater performances. (UC Credit Limitation/CSU)

THEA 299 C Theater Arts-Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 8-36 lecture depending on units attempted. This course is designed for students who wish to increase their knowledge of theater and/or theatrical practices through individual study or research. May be taken for credit 4 times. (UC Credit Limitation/CSU)

Program Student Learning Outcomes
The courses taught by this department contribute to the following ISLO/PSLOs: A-Breadth of Knowledge, Competencies, and Skills, B-Communication Skills, C-Critical Thinking, Problem Solving, and Information Competency Skills, and D-Personal, Academic, and Professional Development; specifically, the following ISLO/PSLO subcategories: A1-Humanities and the Arts, B1-Reading, B2-Writing, B3-Communicating, B4-Presenting, C1-Analysis, C5-Technology, and D3-Equity.

Given a performance or production setting, students will:

- Demonstrate their knowledge and comprehension of major theater practices and standards.
- Use theatrical techniques to communicate to an audience.
- Analyze, evaluate and create production and performance elements.
- Demonstrate their knowledge and ability to appreciate theater as an art form and their ability to collaborate with other theater practitioners as self-defining artists.

Theatre Arts Performance Associate in Arts Degree

Requirements

PROGRAM CODE: 1A03779A

The Theatre Arts Performance Associate in Arts Degree is designed to prepare the student with a fundamental understanding and acquisition of knowledge in the theater arts discipline with an emphasis on acting and performance.

To earn an Associate Degree students must complete:

1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. Social Justice, Equity and Sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 22-24 units.

THEA 234 C Rehearsal Performance III 2-3 Units
Prerequisite(s): Audition
Term hours: 108-162 laboratory TBA. This is a performance oriented course that concentrates on training students in the methodology and advanced skills of ensemble acting during a rehearsal period. Production support in the areas of stage management, backstage operations, sound, makeup, costumes, and house management are also introduced by practical involvement in the unique demands of producing an ensemble performance. (UC/CSU)

THEA 235 C Experimental Theater 2 Units
Term hours: 108 laboratory. This course consists of short-term projects in theater production (selection to be made by the department). Projects may include student-directed, one act plays, touring shows and improvisational theater shows. (UC/CSU)

THEA 236 C Summer Theater Workshop I 1-2 Units
Prerequisite(s): Audition
Pass/No Pass/Letter Grade option. Term hours: 54-108 laboratory. This performance laboratory course will introduce students to the basic skills of new play development and innovative performance works. Faculty and theater students will evaluate, create and prepare performance projects for an invited audience. (CSU/UC)

THEA 237 C Summer Theater Workshop II 1-2 Units
Prerequisite(s): Audition
Pass/No Pass/Letter Grade option. Term hours: 54-108 laboratory. This performance laboratory course will invest students with the intermediate skills of new play development and innovative performance works. Faculty and theater students will evaluate, create and prepare performance projects for an invited audience. Pass No/Pass Letter Grade Option. (CSU/UC)

THEA 238 C Rehearsal Performance IV 2-3 Units
Prerequisite(s): Audition.
Corequisite: THEA 147 C or THEA 150 C or THEA 151 C or THEA 152 C, with a grade of C or better. Term hours: 108-162 laboratory TBA. In this course, students will explore and develop further the advanced skills required for performance goals. Production skills in the areas of stage management, backstage operations, sound, makeup, costumes, and house management are acquired by practical involvement through performances. (UC/CSU)

THEA 247 C Prosthetic Makeup 3 Units
Prerequisite(s): THEA 147 C with a grade of C or better.
Term hours: 36 lecture and 54 laboratory. In this course, students will explore the techniques of special effects makeup. The basic construction of foam latex appliances, wounds and burns, bald cap application, and ventilated hair construction will be utilized. $150 Materials Fee - Payable at Registration. (CSU)

Advisory: May be required.
Term hours: 0-216 lecture and/or 864 laboratory depending on units attempted. Various courses may be offered from semester to semester which are designed to meet the interests and needs of the students. Pass/No Pass/Letter Grade option. Fees may be required-Payable at Registration or for admission to theater performances. (UC Credit Limitation/CSU)

THEA 299 C Theater Arts-Independent Study 0.5-2 Units
Prerequisite(s): Approved Independent Study Learning Contract
Term hours: 8-36 lecture depending on units attempted. This course is designed for students who wish to increase their knowledge of theater and/or theatrical practices through individual study or research. May be taken for credit 4 times. (UC Credit Limitation/CSU)
Theater Courses - Select from the following according to requirements:

- THEA 102 C or THEA 107 C: World Theater History I or Diversity in American Theater
- THEA 107HC: Honors Diversity in American Theater
- THEA 101 C: Play Analysis

Technique Courses - Select from the following according to emphasis (11-12 units):

- THEA 120 C or THEA 126 C: Acting I or Musical Theater Techniques I
- THEA 121 C or THEA 129 C: Dynamic Movement for the Stage or Voice and Diction
- THEA 124 C or THEA 127 C: Acting II or Musical Theater Techniques II
- THEA 125 C or THEA 226 C: Acting III or Musical Theater Techniques III

Design Courses - Select from the following (3 units):

- THEA 140 C: Introduction to Theater Design
- THEA 143 C: Stagecraft
- THEA 144 C: Lighting Design Fundamentals
- THEA 145 C: Fundamentals of Costume Design
- THEA 147 C: Stage Makeup

Theater Courses - Select from the following categories according to emphasis (2-3 units):

- THEA 121 C: Dynamic Movement for the Stage
- THEA 128 C: Acting for the Camera
- THEA 129 C: Voice and Diction
- THEA 220 C: Acting IV
- THEA 227 C: Musical Theater Techniques IV

Recommended for all Theater Arts students:

- THEA 102 C: World Theater History I
- THEA 107 C: Diversity in American Theater
- THEA 108 C: Playwriting (formerly Stage and Screenwriting)
- THEA 225 C: Directing for the Theater

Recommended for all Acting students according to emphasis:

- THEA 121 C: Dynamic Movement for the Stage
- THEA 128 C: Acting for the Camera
- THEA 129 C: Voice and Diction
- THEA 220 C: Acting IV
- THEA 227 C: Musical Theater Techniques IV

Recommended for Performance students:

- THEA 130 C: Acting Workshop
- THEA 132 C: Musical Theater Performance I
- THEA 133 C: Rehearsal Performance I
- THEA 135 C: Musical Theater Performance II
- THEA 136 C: Rehearsal Performance II
- THEA 137 C: Summer Musical Theater Workshop I
- THEA 138 C: Summer Musical Theater Workshop II
- THEA 149 C: Stage Crew I - Running
- THEA 150 C: Stage Crew II Production Preparation
- THEA 151 C: Stage Crew III Costume and Makeup
- THEA 152 C: Stage Crew IV House-Box Office
- THEA 232 C: Musical Theater Performance III
- THEA 233 C: Musical Theater Performance IV
- THEA 234 C: Rehearsal Performance III
- THEA 235 C: Experimental Theater
- THEA 236 C: Summer Theater Workshop I
- THEA 237 C: Summer Theater Workshop II

Total Units: 22-24

Theatre Arts Associate in Arts Degree for Transfer (AA-T)

Division: Fine Arts

Requirements

PROGRAM CODE: 1A32187

The Theatre Arts Associate in Arts Degree for Transfer is designed to provide an opportunity for the Theater major to achieve an Associate in Arts in Theater for Transfer (AA-T in Theater) which completes the first and second year requirements for transfer to a four-year public California institution. While at least a baccalaureate degree is recommended preparation for those considering professional careers, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for further academic study through upper-division course work. The study of theater combines a critical study of theater with experiential practice in one or more of its component parts. Students explore the various areas of theater to build a foundation for future creative work. This curriculum specifically prepares the prospective transfer student for upper division course work in Theater or a similar major at a California State University (CSU) campus. Students should consult a counselor, the Transfer Center and the catalog of the transfer college or university to plan a specific program of study to meet the college or university’s requirements.

Note: Courses that fulfill major requirements for an Associate Degree for Transfer at Cypress College might not be the same as those required for completing the major at all transfer institutions offering a Baccalaureate Degree. The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746–66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The AA-T is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The completion of this curriculum will demonstrate commitment to the Theater field and provide comprehensive preparation for upper-division work.

To earn an AA-T in Theater students must complete the following requirements:

1. a minimum of 18 semester units or 27 quarter units in the Theater major with a grade of C or better;
2. California State University General Education Breadth requirements (CSU GE Breadth (p. 489)) or the Intersegmental General Education Transfer Curriculum (CSU IGETC (p. 496));
3. completion of 60 semester or 90 quarter units of CSU transferable course work;
4. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better, and
5. have an overall GPA of 2.0.

Theatre Arts Production Associate in Science Degree

Division: Fine Arts

PROGRAM CODE: 1S37193

The Theatre Arts Production Associate in Science Degree is designed to prepare the student with a fundamental understanding and acquisition of knowledge in the theatre arts discipline with an emphasis on production through set design, construction and costuming with attention to stagecraft, function, and aesthetics.

To earn an Associate Degree students must complete:
1. all major course requirements with a grade of C or better;
2. Cypress College Native General Education requirements; California State University General Education Breadth requirements (CSU GE Breadth) or IGETC General Education requirements;
3. Social Justice Equity and Sustainability and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0.

At least 50% of all major course work must be completed at Cypress College. Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center. This degree requires a total of 22-24 units.

Distance Education Program

Distance education is college instruction in which the instructor and student are separated by distance and communicate with the assistance of technology. These courses provide the same quality of Cypress College instruction, teach the same material, are transferable to most four-year baccalaureate institutions, and require the same fees as our traditional in-person classes.

To take a distance education course, students need access to a computer with an Internet connection and have a functioning email address. Distance education students must, at a minimum, be able to:

- Send and receive email with attachments
- Receive private email with attachments (no shared email accounts)
- Use a word processing program
- Save documents
- Navigate and search the Internet
- Install new software applications
- Due to testing environments, a student may need access to a working computer camera and microphone

Absences in a Distance Education course are accounted for by monitoring academic attendance or attendance at an academically-related activity. A student will be considered to be “present” in a course if there is evidence of weekly participation in an academically-related activity including, but not limited to, physically attending in-person sessions of a hybrid course, submitting an academic assignment, taking an exam, substantively participating in a course online discussion, study group, or other synchronous or asynchronous activity, or by initiating contact with the instructor in matters related to the course.

A student will be considered “absent” when there is no evidence of participation in an academically-related activity for the course. A student will be considered absent if there is more than the number of times the class meets per week. For example, in a three-unit online class that would typically meet on campus three hours a week, one week’s worth of missed academically-related assignment(s) or activity(ies) could be grounds for dismissal. A student who has not submitted assignments or participated in an academically-related activity for one week may be dropped from the course. It is the responsibility of the instructor to define grounds for dismissal in the Distance Education course syllabus.

Fully Online Courses

Fully online courses have no in-person classroom instruction. All instruction is online through the campus learning management system (Canvas).

Partially Online Courses

Partially online and online classes with in-person assessments or activities, are taught both in person and through the campus learning management system (Canvas). While a class may not meet every week, those meetings that are scheduled will be listed in the Schedule of Classes. Please see the Schedule of Classes for those dates and times.
Course Offerings

The Cypress College Class Schedule includes detailed information regarding the distance education courses being offered each academic term, including prerequisites, fees, or other program requirements.

To enroll in a distance education course, students must follow the standard campus registration procedures for any Cypress College course.

Visit the Distance Education Program website for answers to Frequently Asked Questions (FAQ), specific hardware and software requirements, tips for student’s success and more: http://www.CypressCollege.edu/academics/DistanceEducation/. For questions on how to use Canvas, students can get help once they've logged in by clicking on the (?) icon.

B.A., University of Redlands
M.S., Azusa Pacific University

Angelov, Katalin—Media Arts Design
B.A., Evergreen State College
M.F.A., University of Southern California

Armale, Ron—Physics/Astronomy
B.S., California State Polytechnic University, Pomona
M.S., University of California, Irvine
Ph.D., University of California, Irvine

-B-

Bacarella, Russ—Automotive Technology
B.S., Weber State University

Badal, Gloria—Political Science
A.A., Cypress College

B.A., California State University, Fullerton
M.A., California State University, Fullerton

Bauer, Jill—English as a Second Language
B.A., Taylor University
M.A., Seattle Pacific University

Beard, Michael—Automotive Technology
A.S., Cypress College

Bladh, Eric—Geography
B.A., California State University, Los Angeles
M.A., California State University, Los Angeles

Booze, David Mosely—Registrar
B.A., State University of New York at Buffalo
M.S., State University of New York at Buffalo
Ed.D., California State University, Long Beach

Borla, Linda—English
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Brown, Anthony—Psychology Technology
A.S., Cypress College
A.O.N., Santa Ana College
B.S.N., California State University, Fullerton

Brydges, Michael—Communication Studies
A.A., Mt. San Antonio College
B.A., California State University, Los Angeles
M.A., California State University, Los Angeles

-C-

Cadilli, Jolina—Mathematics
M.S., California State University, Long Beach

Campbell, Justin—English
B.A., Biola University
M.A., Loyola Marymount University

Canner, Mark—Kinesiology
B.A., Whittier College
M.S., California State University, Long Beach

Castle, Victoria—Geology
A.A., Saddleback Community College, Mission Viejo
B.S., California State University, Los Angeles
M.B.A., Pepperdine University, Malibu

Castro, Alma—Mathematics
A.S., Bakersfield College
B.S., California State University, Bakersfield
M.S., California State University, Long Beach
Cherney, Julia — Dental Hygiene
R.D.H., Cypress College
B.S., University of California, Riverside
M.S., Kaplan University

Chiplunkar, Sujata — Biology
B.S., South Gujarat University, India
M.S., The Maharaja Sayajirau University of Baroda, India
Ph.D., The Maharaja Sayajirau University of Baroda, India

Clark, Lisa — Hospitality Management
B.A., California State University, Sacramento
M.S.Ed., California State University, Fullerton

Coburn, Sarah — Counseling/Student Development/Career Center
B.A., San Diego State University
M.S., California State University, Northridge

Collins, Lori — Mortuary Science
A.S., Cypress College
B.A., Argosy University
M.A., Argosy University

Coopman, Jennifer — Mathematics
B.S., University of California, Los Angeles
M.S., California State University, Long Beach

Coronado, Michael — Journalism
B.A., California State University, Fullerton
M.A., University of Redlands

Corrales, Nancy — Diagnostic Medical Sonography
A.S., Long Beach City College
B.S., Autonomous University of Baja California

Covey, Kendyl — English
B.A., University of California, Los Angeles
M.A., University of Sussex, England

Curiel, Larry — Sociology
B.A., California State University, Fullerton
M.A., California State University, Fullerton

Cutrona, Sergio — Kinesiology
A.A., Fullerton College
B.S., California State University, Fullerton
M.S., California State University, Fullerton

Davis, Troy — Dean, Counseling and Student Development
B.A., California State University, Long Beach
M.A., Alliant International University
M.S., California State University, Long Beach
Psy. D., Alliant International University

De Dios, Angela — Psychology
B.A., University of Southern California
M.A., Clark University
Ph.D., Clark University

De Dios, Paul — Vice President, Student Services
A.A., Cerritos College
B.A., University of California, Irvine
M.S., California State University, Long Beach
Ed.D., California State University, Long Beach

De la Cruz, Damon — Mortuary Science
Certificate in Mortuary Science, Cypress College
A.S., Valley College
B.S., California State University, Northridge
Ph.D., University of Southern California

DeMartino, Sarah — Mathematics
B.S., Loyola Marymount University
M.A., California State University, Dominguez Hills

De Roo, Robin — Chemistry
B.A., California State University, Fullerton
M.A., California State University, Fullerton

Diep, Christie Rossier — English
A.A., Golden West
B.A., California State University, Fullerton
M.A., California State University, Fullerton

Dom, Monica Maldonado — Library
B.A., University of California, Los Angeles
M.L.S., University of California, Los Angeles

Domke, Kirk — Geology
B.S., University of Wisconsin, Madison
M.S., University of Wisconsin, Milwaukee
Ph.D., University of Southern California, Los Angeles

Draganov, Torri — Chemistry
A.A., Saddleback College
B.S., University of California, San Diego
M.S., University of California, Irvine
Ed.D., Texas A&M University, Commerce

Duenas, Yolanda — Counseling/Student Development/Transfer Center
A.A., Golden West College
B.A., California State University, Long Beach
M.S., University of La Verne

Eapen, Beena — Nursing
B.S.N. SMS Medical College, Rajasthan, India
M.S.N., Grand Canyon University
M.Sc.Ed., Grand Canyon University
D.N.P, Western University of Health Science, Pomona

Eckenrode, Adam — Mathematics
B.S., California State Polytechnic University, Pomona
M.S., California State Polytechnic University, Pomona

Estrada, Steven — Ethnic Studies
B.A., California State University, Fullerton
M.A., California State University, Fullerton

Faraci, Michael — Nursing
B.A., Central Connecticut State University
M.S.N., California State University, Los Angeles
D.N.P, Western University of Health Sciences

Fee, Richard — Chemistry
B.A., Colorado College
Ph.D., Pennsylvania State University

Filip, Dragana - Psychiatric Technology
A.S., Cypress College
A.D.N., Cypress College
B.S.N., Vanguard University
M.S.N., Vanguard University

Floyd, Becky D. - Anthropology
B.A., California State University, Fullerton
M.A., University of Montana

Freer, Carolee - Court Reporting
A.A., Cerritos College
B.A., California State University, Fullerton
M.B.A., California State University, Fullerton
Certified Reporting Instructor, NCRA

Frey, Michael - Astronomy, Physics
B.S., University of Arizona
M.S., California State University, Long Beach

Frianeza, Michael - Radiologic Technology
A.S., Cypress College
B.S.R.S., Midwestern State University Texas
M.B.A., University of Phoenix
Ed.S., Nova Southeastern University
Ed.D., Nebraska Methodist College of Nursing & Allied Health

Fujimoto, Janet - English
B.A., California State University, Fresno
M.A., California State University, Fresno

Gabourie, Lillian (Penny) - Honors Counselor/Transfer Center Director
B.A., California State University, Fullerton
M.S., University of La Verne

Gaetje, Lisa - Social Sciences, Dean
B.A., University of California, Irvine
M.S., California State University, Long Beach
M.A., University of Southern California
Ed.D., University of Southern California

Galich, Jennifer - Nursing
B.A., San Francisco State University
B.S.N., Azusa Pacific University
M.S.N., Azusa Pacific University
D.N.P., Grand Canyon University

Garcia, Juan Carlos - Veterans Affairs Counselor/Coordinator
A.A., Cypress College
B.S., California State University, Fullerton
M.S.W., University of Southern California
Ed.D., California State University, Long Beach

Gargano, Amanda - Hotel, Restaurant, Culinary Arts
A.S., Kendall College
B.S., State University of New York at Oneonta
M.S., State University of New York at Oswego

Giardina, Edward - Fine Arts
B.F.A., California State University, Fullerton

M.F.A., Vermont College — Norwich University

Gober, Joel R. - Biology
B.A., Southern Illinois University
M.S., Southern Illinois University
Ph.D., Southern Illinois University

Gopar, Gary - Music
B.A., California State University, Long Beach
M.M., California State University, Long Beach

Goralski, Craig T. - Anthropology
A.A., Goldenwest College
B.A., California State University, Fullerton
M.A., California State University, Fullerton
Ph.D., Pennsylvania State University

Gotoh, Allison - Chemistry
B.S., University of California, Irvine
M.S., University of California, Irvine
Ph.D., University of California, Irvine

Grande, Jolena - Mortuary Science
A.S., Cypress College
B.S., University of Central Oklahoma
M.F.S., National University
M.S., National University

Grantham, Robert - Counselor/Student Development
A.A., Fullerton College
B.A., University of California, Irvine
M.S.W., California State University, Long Beach

Grote, Silvie - Kinesiology
A.A., Orange Coast College
B.S., Chapman University
M.S., California State University, Fullerton
M.A., California State University, Long Beach
DrPH, Loma Linda University

Gutierrez, Ruth - English
B.A., California State University, Fullerton
M.A., Walden University

Haddad, Eileen - Institutional Research and Planning
B.A., University of California, Riverside
Ph.D., University of California, Irvine

Halhahmy, David G. - History
B.A., University of California, Los Angeles
M.A., California State University, Northridge

Han, Yongmi - Manager, ISP
B.A., University of California, Irvine
M.A., University of California, Santa Barbara

Heredia, Ernesto - Counseling and Student Development
A.A., Cypress College
B.A., California State University, Dominguez Hills
M.S., University of LaVerne

Herman, Jenelle - English as a Second Language
B.S., California Baptist University
M.A., Azusa Pacific University
Herrera, E. Alexis — Spanish
B.A., University of Utah
M.A., University of Utah

Heusser, Willis — Philosophy and Religious Studies
A.A., Pierce College
B.A., University of California, Los Angeles
M.A., University of Rochester, New York

Hill, Garet — Mathematics
B.S., Biola University
M.A., California State University, Fullerton

Hoang, Christine - Nursing
D.N.P., Canyon University, Arizona
M.S.N., California State University, Dominguez Hills

Hock, Richard — Air Conditioning/Refrigeration
B.S., State University of New York, Fredonia, N.Y.
M.B.A., University of Phoenix

Hormel, James — Theater Arts
B.A., University of the Pacific, Stockton
M.F.A., University of California, Irvine

House, Joshua - Communication Studies
B.A., Purdue University
M.A., California State University, Long Beach

Howard, Donivan - Art
B.A., Art Center College of Design
M.A., California State University, Fullerton

Hua, Henry - Business and CIS, Dean
A.A., Cerritos College
B.S., Chapman University
M.S., California Polytechnic College, Pomona
Ed.D., Pepperdine University

Hutting, Anthony - Kinesiology
B.A., California State University, Fullerton
M.S., Azusa Pacific University

Izadi, Behzad — Computer Information Systems
B.S., University of Washington, Seattle
M.S., University of California, Davis
Ph.D., Colorado State University, Fort Collins

Jackson, Donald - Theater
B.A., California State University, Long Beach
M.F.A., University of California, Los Angeles

James, Sandra - Director of Nursing (Interim)
AA, Santa Ana College
B.S., California State University, Dominguez Hills
M.S., California State University, Dominguez Hills

Jepson, Jane C. — Counseling/Student Development
B.A., Towson State University
M.S., California State University, Long Beach
Ph. D., California Institute of Integral Studies

Ji, Shinah - Nursing
B.S.N., Chung-Ang University, South Korea
M.S., University of Michigan
M.H.S.A., University of Michigan

Jo, Jeannie - Management/Marketing
B.A., University of Missouri, Columbia
M.B.A., University of Southern California

Jones, Jeanette - Hospitality Management
B.A., California State University, Fullerton
M.B.A., University of LaVerne

Jones, Sarah — English/Reading
B.A., California State University, Fullerton
M.S., California State University, Fullerton

Jepson, Jane C. — Counseling/Student Development
B.A., Towson State University
M.S., California State University, Long Beach
Ph. D., California Institute of Integral Studies

Kaufman, Bret - English
B.A., California State University, Northridge
M.A., California State University, Northridge

Keel, Lawrence J. — English
B.A., University of Southern California
M.P.W., University of Southern California
M.A., University of Southern California
Ph.D., University of Southern California

Kelley, Paul — Career Technical Education
A.S., Automotive GM ASEF, Hudson Valley Community College
B.S., Technology, S.U.N.Y. Empire State College
M.S., California State University, Fullerton

Kirby, Patricia "Rose" - Nursing
B.S.N., California State University, Fullerton
M.S.N., Grand Canyon University

Klyde, Michael — Automotive Technology
B.A., California State University, Long Beach
M.A., California State University, Long Beach

Koeppel, Liana — Communication Studies
B.A., San Diego State University
M.A., California State University, Northridge
Ph.D., University of Southern California

Laguana-Ferinac, Renay — Counseling/Student Development
B.A., California State University, Dominguez Hills
M.A., Pepperdine University

Lam, Mymy — Counseling/Student Development
B.A., University of California, Irvine
M.S., California State University, Long Beach

Lambros, John — Communication Studies
B.A., California State University, Long Beach
M.A., California State University, Long Beach

Landis, Lenore — Chemistry
B.S., California State University, Long Beach
M.S., University of California, Los Angeles

Landry, Erin — Dance
B.F.A., California Institute of the Arts
M.F.A., University of California, Irvine

Larez, Jennie — Health Information Technology
A.S., Cypress College
B.S., Stephens College

Lawrence, Roberta — Dental Hygiene
R.D.H., Cypress College
R.D.H.A.P., West Los Angeles College
B.A., California State University, Fullerton
M.S., Higher Education, Kaplan University

Le Cornet, Karen — French/Spanish
A.A., Chaffey College
B.A., University of California, Los Angeles
M.A., University of Texas, Austin

Ledesma, Nicole — Mathematics
A.A., Saddleback College
B.A., California State University, Fullerton
M.A., California State University, Fullerton

Lee, Eunju — Mathematics
B.S., California State University, Long Beach
M.S., California State University, Long Beach

Lehmeier, Marisa — Counseling/Student Development/DSS
A.A., Citrus College
B.S., California State University, Fullerton
M.A., Loyola Marymount University

Letcher, Annette — English
A.S., Riverside City College
B.A., Concordia University
M.S., Ed., California State University, Fullerton
M.A., Arizona State University
Ed.D., California State University, Fullerton

Lewis, Carol P. — History
B.A., University of California, Riverside
M.A., University of California, Riverside

Lind, Daniel Joseph — Ethnic Studies
B.A., Bowdoin College
M.P.S., Cornell University
M.A., Claremont Graduate University

Luther, Mihoko — Japanese
B.A., Dokkyo University
M.A., English Language Education Council
M.A., Nagoya Gakuin University

Ed.D., University of California, Irvine and University of California, Los Angeles

Ramos, Jaime — Psychiatric Technology
A.D.N, Cypress College
B.S.N., University of Phoenix
M.S.N., University of Phoenix

Ramos, Larry — Auto Collision Repair
A.A., Cypress College

Rangel, Jacqueelyn - Articulation Officer/Counseling and Student Development
B.S., California State University, Fullerton
M.A., University of Redlands

Realista, Katy — Division Dean, Fine Arts
B.A., California State University, Fullerton
M.A., San Diego State University
Ed.D., California State University, Fullerton

Rees, Myev - Philosophy
B.A. Columbia University
M.A., Miami University
M.A., Northwestern University

Ph.D., Northwestern University

Reiland, Kathleen — Vice President of Instruction (Interim)
B.S., University of San Francisco
M.A., California State University, San Marcos
Ed.D., University of Southern California, Los Angeles

Reuter, Hilary Cisco - Psychology
B.A., Arizona State University
M.A., University of Notre Dame
Ph.D., University of Notre Dame

Reza, Alan — EOPS/Student Support Services
A.A., Fullerton College
B.A., San Diego State University
M.S., National University

Rhymes, Regina — Sociology
B.A., California State University, Fullerton
M.A., California State University, Fullerton
M.S., University of Phoenix

Robertson, Alison — English as a Second Language
B.A., California State University, Fullerton
MTESL, Arizona State University

Roby, Scott - Mathematics
A.A., Modesto Junior College
B.S., California State University, Stanislaus
M.S., University of California, Riverside
Ph.D., University of California, Riverside

Rodriguez, Cassie - Counseling/Student Development
B.A., University of Hawaii
M.S., California State University, Long Beach

Romo, Vincent - History
A.A., Citrus College
B.S., Robert Morris University
M.A., National University
Ph.D., National University

Rosati, Stephanie — Hotel, Restaurant, Culinary Arts
A.A., Citrus College

Ruelas, AnnMarie - Director, EOPS/CARE and CalWORKs
B.A., University of California, Los Angeles
M.S., California State University, Fullerton

Saleh, Massoud — Engineering/Physics
B.S., Amirkabir University
M.S., California State University, Northridge
Ph.D., California State University, Long Beach

Sallade, Douglas — Air Conditioning/Refrigeration
B.S., California Polytechnic University, San Luis Obispo
M.A., California State University, Long Beach
Ed. D, California State University, Long Beach

Sanchez-Duran, José Antonio — Biology
B.A., California State University, Fullerton
Ph.D., University of Missouri, Columbia

Sandoval, Carlos — Psychology
B.A., California State University, Fullerton  
M.A., Pepperdine University  

Sato, Dee Ann — Biology  
B.S., University of Washington  
M.S., University of California, Davis  

Schilling, JoAnna - President  
B.A., Smith College  
M.A.A., Carnegie Mellon University  
Ph.D., Oregon State University  

Schoonmaker, Stephen - Interim Dean, Health Science  
B.A., University of Vermont  
M.S., Western Illinois University  
Ed.D., New Mexico State University

</table>
Additionally, portions of the proceeds obtained from the purchase of these exclusive access to the Student Activities computer lab and game center. Beneficiaries enjoy discounts at local food and retail businesses as well as privileges and services both on campus and throughout the community. A fee of $13 per semester, a sticker may be bought that entitles the holder to such a fee. Additionally, students attending Cypress College exclusively under an approved apprenticeship training program are exempt from paying the health fee. The health fee will be refunded to any student who withdraws from all courses prior to the 10% date of the length of the course. All Special Admit students are required to pay the health fee each term they attend.

The Campus ID card is an invaluable tool which not only identifies Cypress College students, but also grants them access to a wide array of services and programs. A smart addition to any wallet, the card is required at the library, bookstore and gym as well as the various computer/learning labs located throughout the college. In addition, a student may be required to present their ID when using support services such as Financial Aid, Admissions and Records, Bursars, and the Transfer Center. The card may be purchased online via myGateway during registration or at the Admissions and Records office throughout the semester. Please note: the $2.50 fee must be paid every semester. This fee supplies a validation sticker and entitles the student to a new ID card. If the student wishes to keep their current card, the new sticker can simply be placed over the old. For further information on the Campus ID Card, visit the Student Center on the 1st floor.

Enrollment Fees
All students, residents and non-residents must pay the enrollment fee of $46 per unit ($23 per .5 unit). Bachelor's Fee of $84 per unit. The enrollment fee may vary should the state legislature take action to change it.

Health Fee
Pursuant to health code and district policy, Cypress College has a mandatory health fee. The health fee is $21 per semester ($18 for the Summer Intersession) for each student regardless of the number of units taken.

Any student who depends exclusively on prayer for healing in accordance with the teachings of a bona-fide religious sect, denomination or organization, provided that the student presents documentary evidence of an affiliation of such bona-fide religious sect, denomination or organization, shall be exempt from paying such a fee. Additionally, students attending Cypress College exclusively under an approved apprenticeship training program are exempt from paying the health fee. The health fee will be refunded to any student who withdraws from all courses prior to the 10% date of the length of the course. All Special Admit students are required to pay the health fee each term they attend.

Non-Resident Tuition
Non-residents of the State of California are charged tuition at $331 per unit (includes $57 per unit capital outlay fee as provided in Education Code Section 76141). Non-resident tuition is in addition to the enrollment fee paid by all students. If students believe they should be reclassified as a resident, they may submit a Residency Determination form to the Admissions and Records Office.

Payment of Fees
All fees assessed to student accounts are due immediately and may be paid by credit card online via myGateway, by mail via check or money order, or in person at the Admissions and Records office. A $25 service fee will be
added to student accounts for returned checks. The original amount owed plus the service fee must be paid by money order.

**Transportation Fee (OCTA Bus Pass Program)**

Beginning with the Spring 2021 semester and through the Fall 2021 semester students ride the OCTA for free. Beginning with the Spring 2022 semester, full-time students will pay a discounted rate of $2.50 and part-time students will pay $1.50 for which they will be entitled to an OCTA bus pass for the entire semester. Click here to see more information about the Cypress College OCTA Bus Pass program:

https://www.octa.net/Bus/Fares-and-Passes/Specialty-Passes/Community-College-Pass/Cypress-College-Pass/

**Parking**

Use of Cypress College's general parking lots requires a parking fee. In lieu of a physical parking permit, the College uses a virtual parking system. Students and guests may purchase virtual permits online. After purchasing a parking permit, students and guests must register their vehicle license plate number to activate the virtual parking permit. Those who purchase semester-length permits may change vehicle license plate numbers online at any time using the parking link in myGateway. Day-use vehicle registration is available at kiosks on campus. Physical parking passes are not issued to students or guests. Payment for semester permits and registration of plates authorizes students to use any of the seven lots open to student and guest parking, as well as designated spots on Circle Drive. Cypress College semester-length parking permits are also honored at Fullerton College and the Anaheim Campus. Cypress College students parking at Fullerton College cannot park in the structure located at Lemon Street and Chapman Avenue.

**Refunds**

Enrollment fees, non-resident tuition fees, health fees and material fees are fully refundable if withdrawal from classes is processed on or before the end of the second week of classes. Refunds must be requested during the semester of attendance. After the second week, there will be no refunds for withdrawal. The same fees for Short Term classes are refundable if the student withdraws from class by the 10% date of the length of the course.

**Refund Processing Fee**

A refund processing fee of $10 per semester will be deducted from the enrollment fee refunds. The fee will be waived for students who are administratively dropped from class(es) due to cancellation of class(es), student disqualification or course repetition.

**Service Charge**

There is a $25 service charge on all checks returned by the student’s bank, and their enrollment at the College, as well as their credit, may be affected.

Cypress College participates in the COTOP program (Chancellor’s Office Tax Offset Program) and charge students an administrative fee if their account is referred for collection. To avoid being charged the administrative fee, students must pay all debts owed to the college in a timely manner. This includes registration fees, returned check fees, and any other fees due.

**Service Fees**

Cypress College requires payment for certain services rendered by the Admissions and Records Office:

- Legal Research and Subpoena Processing — $15
- Duplicate diplomas and certificates — $15
- On demand service — $10

**Student Representation Fee**

All students are urged to pay this $2 fee. This fee will be used so that students may represent students’ views and positions at city, county, and district governments as well as state legislative offices and other governmental agencies.

**Transcript Fees**

The first two copies of the student transcript are free and a $5 fee per transcript is levied thereafter. These fees apply to electronic and in person transcript requests. (NOTE: The $5 fee is subject to change at any time.) Students can obtain more information regarding transcripts from the Admissions and Records Office.

**Verification Of Enrollment**

Beginning Fall 2006, Cypress College authorized the National Student Clearinghouse (NSC) to provide degree and enrollment verifications on behalf of past and present Cypress College students. This self-service is free and adheres to the privacy mandates of the Family Education Rights and Privacy Act (FERPA) of 1974.

NSC is conveniently accessible 24 hours a day, 7 days a week on the student tab after logging into myGateway. Enrollment verifications are available beginning the third week of the term.

Third party verifications can be obtained through www.studentclearinghouse.org for a $3 fee. In rare cases when a verification form must be completed by the Admissions and Records Office, a fee of $3 per request will be charged. Rush requests are an additional $10 and photo ID is required for service.

For the processing of loan forms, students are advised to contact the Financial Aid Office.

Instructional Divisions

Divisional faculty members and counselors have offices conveniently located adjacent to classrooms. In addition, each building provides lounge and study areas to encourage student participation in divisional activities.

BUSINESS AND COMPUTER INFORMATION SYSTEMS

Business Education Building

The Business Division and Instructor offices are located on the second floor adjacent to Parking Lot 1. The building has three floors of instructional classrooms as well as a second floor Computer Information Systems Lab. Lobby areas on the first and second floors provide study areas and WiFi access.

Instructional Support Services

Business and Computer Information Systems Lab

The Business and Computer Information Systems Lab is equipped with computers with a wide range of business application software. The Business and Computer Information Systems Lab (B-202) is available for business students who are concurrently enrolled in courses that require the use of the lab for enhancing and developing business skills. Please refer to the Class Schedule for hours of operation.

English as a Second Language Program

Cypress College offers transfer-level and degree-applicable courses for advanced foreign language learners of English. Some of the courses fulfill AA and AS degree General Education requirements as well as providing elective transferable units to CSU and UC systems. The highest level ESL course directly transitions to transfer-level composition. The courses integrate multiple language skills and U.S. culture and focus on preparing students for college-level reading and writing assignments and exams. Individualized lab assignments further build language skills.
In addition, the ESL program offers elective courses for additional skill-building in grammar, reading, listening, speaking, and pronunciation. Finally, the Cypress College ESL Department is the first in the state to offer Guided Pathways ESL Milestone certificates which recognize the advanced language competency and success of ESL students to complete ESL coursework and prerequisite courses in their educational pathways.

Library and Learning Resource Center
Visit our website at https://www.cypresscollege.edu/lrc (http://www.cypresscollege.edu/academics/academicPrograms/LibraryLearningResourceCenter/LearningResourceCenter/)

First Floor Academic Support
Learning Resource Center (LRC)
The Learning Resource Center offers students access to a computer lab where they may access the Internet, software applications (Microsoft Office) and course-specific software and materials assigned by their instructors. Students may also use a broad variety of academic support materials placed in the LRC by instructors. Some assistance using computers and applications is provided. Electrical power, data and wireless connectivity is also available for students with personal laptop computers. The L/LRC has laptops available for students to checkout.

Normal Hours of Operation
| Monday - Thursday | 8 a.m. - 8:45 p.m. |
| Friday | 8 a.m. - 4 p.m. |
| Saturday, Sunday and Holidays | Closed |

Individual Tutoring is available in the LRC at no cost to CC students. To schedule an appointment with a tutor, call (714) 484-7183. Normal hours of operation vary depending on tutor availability.

Tutors Are Available
| Monday - Thursday | 9 a.m. - 7 p.m. |
| Friday | 10 a.m. - 3 p.m. |
| Saturday, Sunday and Holidays | Closed |

Free online tutoring is also available for up to seven hours per semester. For access, click the LRC online tutoring link on the College's home page.

The English Success Center (ESC) LRC-126
The English Success Center (ESC) provides students with free learning opportunities designed to improve academic reading and writing skills. The ESC Center is staffed by trained tutors as well as Cypress College faculty. The ESC offers directed learning activities (DLAs), faculty-led workshops, and informal learning groups. Additionally, students may use ESC computers to work on their course assignments. Limited drop in English and ESL tutoring is available. For more information please call (714) 484-7000 x48089.

Normal Hours of Operation
| Monday - Thursday | 9 a.m. - 7 p.m. |
| Friday | 10 a.m. - 3 p.m. |
| Saturday, Sunday and Holidays | Closed |

Supplemental Instruction
The Supplemental Instruction (SI) Program provides opportunities for students to voluntarily participate in activity-based study group sessions for difficult classes. Typically, these sessions are held immediately after the class and it is recommended that students wishing to utilize this program should keep their schedules free at those times. For additional information, students should contact their instructor. These study groups are organized and facilitated by trained SI Leaders who are students who have successfully completed the classes in which SI is being offered. SI utilizes active learning strategies and group tutoring to help students understand, learn and remember difficult concepts from the curriculum.

Students who participate in SI study sessions report increased understanding of concepts and improved study and test-taking skills. Data shows that those students who participate will earn a half to a full grade higher than those who do not participate.

For more information about SI, call (714) 484-7323.

• Social Justice Studies: Native American Studies Associate in Arts Degree for Transfer (AA-T) (p. 308)
• Sociology Associate in Arts Degree for Transfer (AA-T) (p. 439)
• Solar Energy Certificate (p. 284)
Occupational Certificate Requirements

Certificates do not require general education course work. Requirements for Certificate Programs for the 2021-2022 catalog year include:

- Submission of an Application for Certificate in the Admissions and Records Office.
- Completion of specific program courses listed in the catalog with a grade of C or better.
- Completion of at least 50% of the required courses at Cypress College.

Students may submit an application for multiple certificates per term providing requirements are met. A catalog academic year must be specified on the application. The catalog year will be used to determine if all certificate requirements have been met.

NOTE: Specific course requirements for certificates are listed in applicable sections of the catalog.

For information about each program, please visit the Career Education link at https://careers.cypresscollege.edu.

Certificate of Achievement Programs

A program certificate is a verification of competency designed to make the student proficient and employable in a specific occupational skill. The certificate is awarded independently of the Associate Degree. Students who have maintained continuous enrollment have the option of completing the certificate requirements in effect at the time they initially enrolled or any subsequent catalog up to and including the last semester of attendance. At least 50% of all course work required for a Cypress College Certificate must be completed at Cypress College. 50% course work can be either the number of courses OR the number of units – whichever benefits the student for completion of program requirements. All required courses must be completed with a grade of C or better. Students wishing to use courses from another institution to meet Cypress’ requirements should meet with a counselor to review the necessary petitioning procedure. Program certificates will be noted on student transcripts.

Students must have previously earned an Associate Degree to be eligible for these certificates.

Students with disabilities requiring accommodations on state or national examinations should contact the Department Coordinator for further information. Requests for accommodations should be made prior to applying for any licensing or certification examination.

Some departments offer certificates of accomplishment in specialty areas. Students should see a counselor for specific information about department certificate requirements.

Transfer Certificates
Cypress College offers transfer certificates for students wishing to complete their lower division general education requirements for UC, CSU, and many private universities that accept CSU GE Breadth or IGETC certification of general education completion. Certificate requirements include:

• Submission of a Certificate Application to the Admissions and Records office,
• Receive grades as indicated below for each certificate,
• Complete at least 3 units in residency at Cypress College.

Intersegmental General Education Transfer Certification (IGETC): Certificate of Achievement

A certificate of achievement will be granted to students who complete a minimum of 37 units from areas 1–6 of the IGETC general education requirements. IGETC requirements are designed to be taken with a major area of concentration and elective courses in preparation for transfer to the California State University or University of California. To receive this Certificate of Achievement, students should:

• Review the IGETC pattern in this catalog or available from the Counseling Services Center,
• Consult with a counselor to insure they understand and are following all requirements,
• Receive a grade of C or better in all classes,
• Verify through their counselor and www.assist.org that classes taken are approved for IGETC the semester they are taken,
• Apply to receive their Certificate of Achievement through the Admissions and Records Office. Note: Students who receive the IGETC Certificate of Achievement do not need to request separate GE Certification, it will be automatically granted and indicated on their transcript if all requirements are met.
Note: Completion of the IGETC requirements alone is not enough to make students eligible for admission to a CSU or UC.

1. Following the IGETC pattern is not always the best option for students, especially those transferring to highly impacted majors in the CSU or UC system. Please consult with a counselor for details on completing all transfer admission requirements or using course work from other institutions.

CSU General Education (CSU GE) Breadth: Certificate of Achievement

A certificate of achievement will be granted to students who complete a minimum of 39 units from category A through E of the CSU general education requirements. CSU GE requirements are designed to be taken with a major area of concentration and elective courses in preparation for transfer to the California State University. To receive this Certificate of Achievement, students should:

- Review the CSU General Education Breadth pattern sheet in this catalog or available from the Counseling Services Center,
- Consult with a counselor to insure they understand and are following all requirements,
- Receive a grade of C or better in classes taken in areas A1, A2, A3 and B4,
- Verify through their counselor and www.assist.org (http://www.assist.org) that classes taken are approved for CSU GE the semester they are taken,
- Apply to receive their Certificate of Achievement through the Admissions and Records Office. Note: Students who receive the CSU GE Certificate of Achievement do not need to request separate GE Certification; it will be automatically granted and indicated on their transcript if all requirements are met.

Note: Completion of the CSU General Education Breadth requirements alone is not enough to make students eligible for admission to a CSU.

1. Following the CSU GE pattern may not always be the best option for students, especially those transferring to highly impacted majors in the CSU system. Please consult with a counselor for details on completing all transfer admission requirements or using course work from other institutions.

Application for Certificates

Students may apply for a certificate during the semester they are completing the certificate requirements or thereafter. They do not have to be currently enrolled in Cypress College to apply for a certificate. Those students who have maintained continuous enrollment have the option of completing the certificate requirements in effect at the time they initially enrolled or any subsequent catalog up to and including the last semester of attendance. Students wishing to use courses from another institution to meet Cypress’ requirements should meet with a counselor to determine course equivalency.

Applications for certificates are available in the Admissions and Records Office and will be accepted until the deadline. If the application is not filed by the deadline, the student must submit another application and will receive the certificate at a later date. There is no fee for the certificate application. It is the student’s responsibility to provide the Cypress College Records Office with official copies of all transcripts from other colleges that will be used to meet requirements for certificates. The transcripts become the property of the Admissions and Records Office and will not be released.

Certificates will be mailed approximately two to three months after the end of the semester in which the student applied and completed the requirements. State approved Program Certificates will be noted on student transcripts. Applications for a Certificate are available in the Admissions and Records office and online at www.CypressCollege.edu (http://www.cypresscollege.edu/). See class schedule for dates of acceptance.

Associate Degrees

Associate degrees are commonly conferred by community colleges. This degree is awarded upon a student’s satisfactory completion of a program of study. Students who have maintained continuous enrollment have the option of completing the Associate Degree requirement in effect at the time they initially enrolled or any subsequent catalog up to and including the last semester of attendance. The Associate Degree is one of two types, the Associate in Arts or Associate in Science. The distinction between the degrees lies in the majors. An Associate in Arts Degree includes at least eighteen units in Social Science, Humanities and Arts courses. An Associate in Science degree includes at least eighteen units in Science, Math and Technical courses.

Occupational Degrees (p. 478)
General Education (Native) Requirements for an Associate Degree (p. 479)
Associate Degree Graduation Requirements for Cypress College

Graduation Requirements for an Associate Degree

For This Catalog Year

Graduation requirements for the Associate Degree are prescribed by the California Community Colleges Board of Governors, Title 5 and the North Orange County Community College District Board of Trustees. An Associate Degree may be earned upon satisfactory completion of all of the following:

1. Residence Requirement
   Complete 12 units at Cypress College.
2. Local Degrees Graduation Requirements
   Liberal Arts Emphasis and Occupational Degrees
   a. Social Justice, Equity and Sustainability
   b. Physical Education (PE)
   c. Reading Proficiency
3. General Education Requirements
   All students are required to complete general education. Cypress College has three general education patterns:
   a. Cypress College native general education pattern of 25 units;
   b. CSU General Education Breadth pattern of 39 units; or
   c. IGETC (Intersegmental General Education Transfer Curriculum) pattern of 37–39 units.
   The appropriate pattern of general education for a specific degree is listed in the program requirements. Please note for Cypress College Native Degrees (non-ADTs), students have the option of selecting the Cypress College Native General Education, CSU
General Education Breadth or IGETC pattern. This is in effect for all catalog years for which a program has been state approved. NOTE: A passing score on an Advanced Placement (AP) exam, College Level Exam Program (CLEP) exam, or International Baccalaureate (IB) exam may allow a student to receive subject credit for various general education requirements. Please reference the External Exam Credit policy section of the catalog for more specifics and see your counselor for questions regarding these policies.

4. Major/Area of Emphasis Requirement
A student must achieve a grade of C or better in each course attempted that is counted for the major or area of emphasis. Effective Fall 2008, C- (minus) grades do not satisfy these requirements. At least 50% of the major course work must be completed at Cypress College. 50% coursework can be either the number of courses OR the number of units - whichever benefits the student for completion of program requirements. (The Liberal Arts Areas of Emphasis in Arts and Humanities, Human Communication, Social and Behavioral Sciences, and Math and Science and the AA-T and AS-T are excluded from the 50% policy.) Each area of emphasis requires a minimum of 18 units.

5. Scholarship Requirement
A cumulative grade-point average of 2.00 (“C”) in all course work attempted.

6. Elective Courses
A student may complete additional degree-applicable classes for a total of 60 units (see Non-Degree Credit Courses (p. 30) for description of classes that are non-degree applicable).

Application for an Associate Degree
Although a student may have completed all requirements, an Associate Degree is not automatic. Students who intend to graduate must file an application with the Admissions and Records Office. Courses taken at other regionally accredited colleges and universities to fulfill General Education requirements may be used to satisfy Cypress College General Education requirements if they are comparable to Cypress College General Education courses or are used in the same category at the sending institution, and are degree applicable at Cypress College. (This policy supersedes all previous catalogs.) All official transcripts from other colleges are required at the time of application and become the property of the Admissions and Records Office and will not be released. Diplomas will be mailed approximately two to three months after the last day of the semester to the most recent address on file in the Admissions and Records Office at Cypress College. Applications for an Associate Degree are available in the Admissions and Records Office and online at www.CypressCollege.edu (http://www.CypressCollege.edu). See class schedule for dates of acceptance.

Honors at Graduation
In recognition of academic excellence for completion of the associate degree, students are awarded graduation honors as follows:

<table>
<thead>
<tr>
<th>Honors</th>
<th>3.30 - 3.74</th>
</tr>
</thead>
<tbody>
<tr>
<td>High Honors</td>
<td>3.75 - 4.00</td>
</tr>
</tbody>
</table>

Graduation honors are calculated using all degree applicable course work completed. This includes course work completed at Fullerton College and all other accredited institutions for which an official transcript has been received.

Graduation honors will be indicated in the commencement program and on the student’s diploma and transcript. However, for candidates (those students with final grades pending), the commencement program will note “candidate” as their degrees and honors have not yet been confirmed. When final grades are posted, a recalculation of grades will be completed and, if the student qualifies, the graduation honor will be noted on the diploma and transcript.

Occupational Degree
The Occupational Degree is designed for individuals who desire an Associate in Arts or Associate in Science Degree with an occupational major. This degree may include transfer and/or non-transfer course work (see Course Numbering section for description of transfer and non-transfer course work) and includes completion of major requirements.

Requirements for the Occupational Degree include:

- Completion of 25 units of general education from the Cypress Native GenEd pattern;
- Three (3) units of Social Justice, Equity, and Sustainability. These units must be chosen from the Social Justice, Equity, and Sustainability list;
- Completion of Reading Proficiency requirement;
- Completion of Major courses listed in the catalog with a grade of C or better. A minimum of 50% of these courses must be completed at Cypress College.
- Completion of additional degree-applicable classes for a total of 60 units (see Non-Degree Credit Courses (p. 30) for description of classes that are non-degree applicable);
- A 2.0 (C) overall GPA.

• Travel/Tourism
• UAV/UAS

General Studies Fine Arts
A.A. Degree
Program Code: 1A18452

The Associate of Art Degree in Fine Arts provides students with a scope of knowledge and broad overview for attaining the communication skills, practical knowledge, and training necessary for a variety of careers in the Fine Arts area. Students completing this degree will develop a basic understanding of the arts and how they interrelate. The Associate of Arts Degree in Fine Arts empowers the student to see Humanities, Math, Science, Engineering, Business and Career Technology through the prism of the arts. Key concepts in general education are reinforced by their connection to the arts. Bridging the wisdom of the ages with contemporary innovations, this program offers a well-rounded education with insight to opportunities in our modern world.

Requirements for the General Studies Degree in Fine Arts

Requirements for the General Studies Degree in Fine Arts are listed under the Interdisciplinary Studies (https://catalog.nocccd.edu/cypress-college/programs-course-descriptions/transfer-credit-baccalaureate-degrees/interdisciplinary-studies/) section of this catalog, and include:

• Completion of 25 units of general education;
• Three (3) units of Social Justice, Equity, and Sustainability. These units must be chosen from the Social Justice, Equity, and Sustainability list;
• Completion of Reading Proficiency requirement;
• Completion of at least 18 units. (Note: Where appropriate, courses may also be counted for a GE area). At least 50% of all course work must be completed at Cypress College;
• Completion of additional degree-applicable classes for a total of 60 units (see Non-Degree Credit Courses for description of classes that are non-degree applicable);
• A 2.0 (C) overall GPA and a 2.0 (C) in all courses taken in the Area of Emphasis.

Multiple Degrees

A student may earn multiple degrees from Cypress College. However, please note the following:

• Students may earn an Associate Degree for Transfer (ADT) and an Associate Degree (AA) in Liberal Arts with an Emphasis in the same discipline but only if they apply to graduate and complete course work for both degrees at the same time.
• After earning an Associate Degree in Liberal Arts with an emphasis, students may earn an ADT in the same discipline.
• After earning an ADT, students may not earn an Associate Degree in Liberal Arts with an emphasis in the same discipline.
• Students who have already been awarded an Associate Degree or higher from another accredited college or university in, or outside of, the U.S. are not eligible to receive an Associate Degree in the same major from Cypress College. Petitions for exceptions are reviewed on a case-by-case basis.

General Education (Native) Requirements for the Associate Degree

General Education requirements at Cypress College are designed to introduce students to the many ways people comprehend the modern world. The subject matter presented in general education courses is designed to be broad, and frequently introductory, rather than specialized, narrow, or advanced. These courses form a pattern of learning experiences designed to develop the following insights and capacities in all students, regardless of their ultimate educational goals:

• Knowledge of the common principles, concepts, and modes of inquiry in the major disciplines;
• Appreciation and understanding of the environment, culture, society, and self;
• Ability to think and communicate clearly and effectively, critically and ethically both orally and in writing;
• Proficiency in mathematics, natural science, and analytical thinking;
• Understanding of the political and economic environment in order to be better informed and more responsible citizens;
• Desire to continue education throughout their lives.

Courses taken for general education must be on the Native General Education pattern at the time they are taken. Continuing students should check with a counselor in planning completion of General Education
requirements. Students entering Cypress College in Fall 1995, or later, must complete 25 units of General Education (of the total 60 degree applicable units required for the Associate Degree) taken from the following areas listed on the next page.

Note: A satisfactory score on the Cypress College reading proficiency test will determine placement into college-level English (Area A1 below) or pre-college level coursework. Refer to the Class Schedule listed under STEP TWO, ENGLISH ASSESSMENT. A student may attempt to pass the proficiency exam only one time after completion of ENGL 100 C or equivalent.

The mathematics requirement may be met by passing a Mathematics Proficiency Examination (Area B2 below). Refer to the Class Schedule for time and date of administration of the Mathematics Proficiency Examination. See Math Proficiency Examination (p. 32) explanation, location can be found in the MATHEMATICS portion of the Class Schedule or the catalog.

**Associate Degree Requirements**

Includes fulfillment of both the cultural diversity and reading requirements, major coursework toward an occupational degree (AA or AS), completion of 60 degree eligible units with a minimum grade point average of 2.0 and satisfaction of the 25-unit general education requirement as described in the following list. Courses taken for general education must be on the native AA/AS General Education list at the time they are taken. Students should check with their counselor in planning completion of General Education requirements.

**Note:** Completion of the Nursing Program also meets the Social Justice, Equity and Sustainability graduation requirement.

### Reading Proficiency

**Graduation Reading Requirement**

Proficiency in reading may be satisfied by one of the following:

1. Completion of a degree (AA/AS or higher) from a US regionally-accredited college or university.
2. A Cypress College placement test score indicating proficiency has been met or passing the Cypress College reading proficiency test (CTEP 60 or Nelson-Deny 225) prior to Fall 2019.
3. A passing grade of C or better in ENGL 096 C or ENGL 102 C or a comparable course from a regionally accredited college or university.
4. A passing grade of C or better in any course in the Cypress College IGETC (1B); or Cypress College CSU GE (A3) Critical Thinking category or a comparable course from a regionally accredited college or university.
5. A passing grade of C or better in the Cypress College AA/AS degree General Education pattern Area A2 (Analytical Thinking) or a comparable course from a regionally accredited college or university.

See a counselor for details.
Reading Proficiency

Graduation Reading Requirement

Proficiency in reading may be satisfied by one of the following:

1. Completion of a degree (AA/AS or higher) from a US regionally accredited college or university.
2. A Cypress College placement test score indicating proficiency has been met or passing the Cypress College reading proficiency test (CTEP 60 or Nelson-Deny 225) prior to Fall 2019.
3. A passing grade of C or better in ENGL 096 C or ENGL 102 C or a comparable course from a regionally accredited college or university.
4. A passing grade of C or better in any course in the Cypress College IGETC (1B); or Cypress College CSU GE (A3) Critical Thinking category or a comparable course from a regionally accredited college or university.
5. A passing grade of C or better in the Cypress College AA/AS degree General Education pattern Area A2 (Analytical Thinking) or a comparable course from a regionally accredited college or university.

Students should see a counselor for details.

Transfer Programs

Transfer programs include course work in an academic area, general education requirements, and elective work for transfer to a four year baccalaureate institution. Transfer programs are designed to parallel the courses offered for freshmen and sophomores at other colleges and universities. In most cases, baccalaureate institutions prefer community college students to complete the lower division general education requirements and at least 60 transferable semester/quarter units. Generally, no more than 70 semester units earned at California community colleges will be applied toward a baccalaureate degree.

Visit the Transfer Center website at http://www.CypressCollege.edu/services/transfer/(http://www.cypresscollege.edu/services/transfer/).

How to Transfer to a Four-Year College

Each college or university has its own admission standards and curriculum requirements. Students should decide as soon as possible on the transfer school in order to identify the courses that must be completed and the grades that must be achieved prior to transfer. In general, students who attend Cypress College may transfer to a four-year college or university without loss of time or credits if, while in attendance, they accomplish the following:

- Satisfy the lower-division general education requirements prescribed by the transfer institution.
- Fulfill the lower-division major requirements prescribed by the transfer institution.
- Remove any subject or grade deficiencies incurred in high school, if required by the transfer institution for admission.
- Complete a minimum of 60 and a maximum of 70 transferable units.
- Maintain the appropriate GPA required by the transfer institution.

Grades are the best indicator of success in academic work. A grade of C or better in all transfer courses is a requirement for transfer to most four-year colleges. Grades in the major should be significantly higher. Students should confer with a counselor for the specific requirements of the school of their choice. The following charts indicate the general education transfer requirements for those colleges and universities most frequently utilized by Cypress College students. These transfer agreements are subject to an ongoing review and revision by the transfer institutions. The transfer agreements listed on the following charts represent agreements at the
Liberal Arts Degrees

Liberal Arts Degree: Arts and Humanities Emphasis (p. 488)
Liberal Arts Degree: Human Communication Emphasis (p. 488)
Liberal Arts AA Degree: Math and Science Emphasis (p. 488)
Liberal Arts AA Degree: Social and Behavioral Sciences Emphasis (p. 488)

Associate Science Degrees for Transfer (Associate in Arts/Associate in Science Degree for Transfer) (ADT)

California Community Colleges are now offering associate degrees for transfer (ADT) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an ADT degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

The ADT degree is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students who have been awarded an ADT are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units (unless the major is designated “high-unit” major). To view the most current list of Cypress College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to www.CypressCollege.edu/services/transfer/adt.aspx. This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system.

Current and prospective community college students are encouraged to meet with a counselor to review their options and learn how to develop an educational plan that best meets their goals and needs as it relates to university admission and transfer requirements.

Requirements for the Associate Degree for Transfer (ADT)

- Residency Requirement: Complete 12 units at Cypress College.
- Completion of the California State University General Education Breadth requirements (CSU GE Breadth (p. 489)) or the Intersegmental General Education Transfer Curriculum (IGETC (p. 496)).
- Completion of at least 18 semester units or 27 quarter units in one AA-T or AS-T Major from those outlined following. (Note: Where appropriate, courses in the AA-T or AS-T Major may also be counted for a GE area.)
- A 2.0 (C) overall GPA and a 2.0 (C) in all courses taken in the AA-T or AS-T Major.
- Completion of a minimum of 60 units of CSU transferable course work.
- ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is an acceptable grade for a course in the major only if the P is defined to be equivalent to a C or better.

This degree includes only transfer-level course work; however, students who select an AA-T or AS-T and intend to earn a Bachelor's Degree should consult with a counselor to ensure optimal application of credit toward the Bachelor's Degree requirements. Completion of major preparation requirements as determined by the receiving UC or CSU campus are officially listed on the Assist website at www.assist.org (http://www.assist.org).

NOTE: Specific course requirements for the AA-T and AS-T Majors are listed in applicable sections of the catalog. The approved curriculum may also be accessed on the Articulation page of the Transfer Center site at: www.CypressCollege.edu/services/transfer/adt.aspx.

AA-T or AS-T Majors Offered by Cypress College for 2021-2022

• Sociology (p. 439)
• Spanish (p. 441)
• Studio Arts (p. 193)
• Theater Arts (p. 447)

CSU General Education Breadth Requirements

Students wishing to transfer to California State Universities should follow this plan.

Requirements for graduation from the California State University System include completion of specific courses in general education. Cypress College is permitted to certify that a student has satisfied the lower division 39-unit general education requirements established by the California State University System.

Under the provisions of Title 5 and Executive Order 1065, regionally accredited colleges and universities may certify one or more subject areas for students being admitted to the CSU system, a.k.a. partial certification. Students admitted to a CSU campus with subject area or partial certification should not be held to completing additional courses for the areas already certified.

In order to be partially certified, Cypress College students must complete all the CSU lower-division General Education Breadth Requirements in a specific area. Students who have completed courses at other regionally accredited colleges and universities may "pass along" those courses for either partial or full certification at Cypress College. To meet general education requirements and obtain full certification, students must complete the pattern of courses in the five categories listed.

Students should apply for certification during or after the semester in which they are completing General Education Breadth Requirements. Students are advised to request certification prior to enrolling at the university due to varying CSU campus partial certification policies that may prohibit the certification from being granted.

CSU Certification policy specifies that a course or sequence of courses used to satisfy a requirement in one area, may not be used to satisfy a requirement in another area. Students should talk to a counselor for more information. Some state universities will also not allow students to count courses in their major field as part of general education requirements.

Courses on this list are approved by the CSU Chancellor’s Office for a specific academic year; that is, a course must be on the list when the course is taken in order to be certified. Check with a counselor and review the catalog of the individual state university for further clarification.

A pass along form must be completed by a Cypress College counselor when courses are being used from other non-certifying colleges and universities and submitted with the application for CSU General Education Certification. No deadlines apply for the CSU GE Breadth pattern.

The courses on the following CSU GE Breadth Requirements page are approved at the time of printing. Check with a counselor or www.assist.org (http://www.assist.org) for the most recent list of approved courses.

NOTE: Independent universities or out of state universities may accept the CSU GE pattern. Check with the individual university and your counselor to verify.

CSU GE Breadth for STEM Majors

Per CSU Executive Order 1100, students pursuing certain Associate Degrees for Transfer may be eligible to take GE Breadth for STEM, deferring two lower-division GE courses until after transfer. GE Breadth for STEM is applicable only to majors in which the Transfer Model Curriculum explicitly indicates the availability of the option. Note: As of Fall 2016, only the Biology ADT (not currently offered at Cypress) and Chemistry ADT (https://catalog.nocccd.edu/cypress-college/programs-course-descriptions/transfer-credit-baccalaureate-degrees/chemistry/) (active Fall 2016) have this option.

California Colleges preparing a “CSU GE Breadth for STEM” certification as part of an Associate Degree for Transfer should ensure that the student has completed:

1. All courses in Areas A, B, and E of the traditional GE Breadth curriculum; and
2. One course in Area C1 Arts and one course in Area C2 Humanities; and
3. Two courses in Area D from two different disciplines.

Therefore, a student can defer completion of one course in Area C and one in Area D for after transfer. See a counselor for details.

CSU GE Breadth Certificate of Achievement

To find out more about transfer certificates see Certificate of Achievement (p. 474) program information located under Programs of Study in this catalog.

1. Duplicate credit not granted for the same cross-listed courses nor for non-Honors and Honors courses.
2. Course may be used to satisfy requirements for one area only.
3. The class also may be used to satisfy the Cypress College Associates Degree Cultural Diversity requirement.

### Intersegmental General Education Transfer Curriculum (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program which community college transfer students may use to fulfill lower division general education requirements for the California State University (CSU) or University of California (UC) system. Completion of IGETC eliminates the need to take additional lower division general education courses after transfer. Students approaching readiness for transfer who are unable to complete one or two IGETC courses that are not required for admission to the university may request to complete IGETC after transferring.

See a counselor for more information.

IGETC is accepted by the University of California, California State University, and by many private institutions. Students wishing to transfer to the University of California or who are undecided about their transfer institution should consult a counselor before choosing this plan.

Students must apply for IGETC certification (full or partial) in the Admissions and Records Office. Courses will be certified ONLY if they are on the official IGETC list during the catalog year they are taken.

In addition to the course requirements for each subject area, full certification for the CSU must include completion of the Oral Communications requirement. With the UC, Oral Communications is NOT required, but the certification must include satisfactory completion of the Language Other Than English proficiency requirements. A course or sequence used to satisfy a requirement in one area may not be used to satisfy a requirement in another area. All courses must be completed with a “C” or better.

Students must apply for IGETC Certification through the Admissions and Records Office during the semester in which requirements will be completed.

While IGETC is popular with transfer students, it may not be the best choice for you. Depending on your major, it may be best to follow the UC campus GE pattern. The UC Transfer Preparation Paths at [http://admission.universityofcalifornia.edu/transfer/preparation-paths/index.html](http://admission.universityofcalifornia.edu/transfer/preparation-paths/index.html) include information about the specific UC majors that do not recommend IGETC. Students should see a counselor for advice and more complete information on the IGETC program.

*The courses on the following IGETC requirements page are approved at the time of printing. Check with a counselor or [www.assist.org](http://www.assist.org) for the most recent list of approved courses.*

**NOTE:** Independent universities or out of state universities may accept the IGETC pattern. Check with the individual university and your counselor to verify.

### IGETC for STEM Majors

Per IGETC Standards 1.6, students preparing for a major in science, technology, engineering or mathematics that are pursuing
an Associate Degree for Transfer (ADT) for certain approved majors can defer two lower-division GE courses after transfer. As of Fall 2016, only the Biology ADT (not currently offered at Cypress) and Chemistry ADT (https://catalog.nocccd.edu/cypress-college/programs/course-descriptions/transfer-credit-baccalaureate-degrees/chemistry/) (active Fall 2016) have this option.

This allows the students to concentrate on the lower division math and science courses required for a STEM major and indicates that students can take the following courses AFTER transfer:

1. One remaining lower-division general education course in Area 3;¹
2. One remaining lower-division general education course in Area 4;¹
3. One course in Area 6 for UC-bound students who have not satisfied it through proficiency.¹

¹ These deferred lower division courses must be replaced with calculus and/or science courses required by the major before transfer.

For CSU
If any specific AS-T degree allows IGETC for STEM Majors as its general education pattern, the specific courses that should replace the deferred lower division general education courses may be indicated on the Transfer Model Curriculum (TMC) for that discipline.

For UC
UC will accept IGETC for STEM if the UC school/college/major program to which the student transfers accepts partial IGETC certification. For information on the IGETC acceptance practices for each UC school/college/major program, see: http://admission.universityofcalifornia.edu/transfer/general-education-igetc/igetc/igetccamups-guidance/index.html (http://admission.universityof/).

For CSU and UC
Alternatively, STEM students may complete the traditional IGETC. However, IGETC and IGETC for STEM Majors may not be appropriate for those colleges or majors which prefer that transfer students follow a more prescribed lower-division curriculum.

IGETC Certificate of Achievement
To find out more about transfer certificates see Certificate of Achievement (p. 474) program information located under Programs of Study in this catalog.

AREA 6A - LANGUAGE OTHER THAN ENGLISH (LOTE): UC requirement only. REQUIREMENT: Complete one of the following:

1. Complete 2 years of high school coursework in a language other than English (in the same language) with a grade of C or better.
2. Complete course ENGL 102 C or ENGL 102HC or higher level in a foreign language at Cypress College or equivalent courses at another college or university. \(^1\)
3. Completion with a grade of C or better or 2 years of formal schooling at the 6th grade level or higher at an institution where the language of instruction is not English. Students unable to provide documentation need to have passed one of the exams listed below or take the appropriate college course(s).
4. Earn the appropriate score on the SAT II Subject Test in languages other than English. See a counselor for score requirements.
5. Earn a score of 3 or higher on the Advanced Placement Language Other than English Test.
6. Earn a score of 5 or higher on the International Baccalaureate Higher Level Exam in a language other than English.
7. Satisfactory completion of an achievement test administered by a community college, university, or college in a language other than English. This test will have to assess the student’s proficiency at the level equivalent to two years of high school language.
8. Earn an A, B, or C on Language Other than English "O" level exam.
9. Earn a score of 5, 6 or 7 on Language Other than English International "A" Level Exam.
10. Earn a grade of C or better in a Defense Language Institute course.

SPAN 201 C  Spanish for Spanish Speakers I
SPAN 202 C  Spanish for Spanish Speakers II
SPAN 203 C  Intermediate Spanish III
SPAN 204 C  Intermediate Spanish IV

NOTE: A higher-level language course can be used to meet language proficiency. Examples: FREN 203 C or SPAN 202 C. Students completing such courses will satisfy both the 3B Area and validate the proficiency level requirement. These courses are identified in the 3B Area as (LOTE).

CSU GRADUATION REQUIREMENT IN U.S. HISTORY, CONSTITUTION, AND AMERICAN IDEALS (Not part of IGETC, may be completed prior to transfer.) (6 semester units, one course from Group A and one course from Group B.)

Group A (US-2) U.S. Constitution and Government
- POSC 100 C  United States Government
- POSC 101 C  Gender and American Politics

Group B (US-1) U.S. History:
- ETHS 101 C  American Ethnic Studies (formerly ETHS 100 C) (beg F'04)
- ETHS 130 C  African-American History I
- ETHS 131 C  African-American History II
- ETHS 152 C  Chicano/a History II (beg F'16)
- ETHS 160 C  Native American History I
- ETHS 161 C  Native American History II (beg F'20)
- HIST 170 C  History of the United States I
- HIST 171 C  History of the United States II
- HIST 190 C  History of the Americas I (formerly HIST 162AC)
- HIST 191 C  History of the Americas II (formerly HIST 162BC)

NOTE: Double Counting is allowed for this requirement with only 1 G.E. category. The CSU US History, Constitution, and American Ideals (AI) graduation requirement is not part of IGETC. Since requirements vary, it is advisable to check the catalog of the UC campus to which the student intends to transfer. See Counselor if American Government is completed OUT OF STATE.

Total Units 0

Duplicate credit not granted for the same cross-listed courses nor for non-Honors and Honors classes.

Check with counselor for credit limitations for applicable courses in these departments: BIOL, CHEM, DANC, ECON, GEOL, MATH, PHOT, PHYS, PSY, SOC and THEA. Specific credit limitation information is available at www.assist.org.

Course may be used to satisfy requirements for one area only.

The class also may be used to satisfy the Cypress College Associates Degree Cultural Diversity requirement.

NOTE: Certain majors require specific Mathematics course(s). See a counselor for details.

General Education Certification (GE) and Pass Along

Students planning to graduate from the California State University or University of California systems must complete a minimum number of general education breadth courses. Cypress College is permitted to certify completion of the lower division general education requirement. Certification is not automatic. To meet general education requirements and obtain certification, students must:

- Complete the pattern of general education courses approved for Cypress College.
- Apply for GE certification through the Admissions and Records Office or online at www.CypressCollege.edu during the semester in which requirements will be completed or thereafter. Note: Students applying for completion of an approved Associate Degree (p. 477) at Cypress College requiring CSU GE (p. 489) or IGETC (p. 496) do not need to apply.

Students with transcripts from other educational institutions should see a counselor to obtain a supplemental “pass along” form which must be attached to the certification application. Courses completed at educational institutions outside the United States cannot be used for “pass along” and these courses must be evaluated by the university during the application process. Students do not have to be currently enrolled in Cypress College to apply for GE certification.

### Registration

Registration appointments are established for each student according to enrollment priorities and the date and time the student submitted the online admission application. Although students can register after their assigned date and time, registering on their specific date provides a better selection of classes; however, enrollment is not guaranteed into any class.

A registration email is sent to all new, returning and continuing students. The email indicates the earliest date and time the student can register for classes. Students can also view their registration date and time under Personal Announcements of myGateway's student tab.

Certain registration and admission deadlines must be established. These deadlines are necessary in order to comply with state attendance laws and must be followed by faculty and students. Failure to comply with these deadlines may mean that the student will not be allowed to attend or receive credit for classes.

### New Students

To be eligible for priority registration, students must meet the following requirements:

1. complete the assessment process — Guided self-placement for math and English and/or ESL placement tests,
2. attend an orientation session (in-person or online), and
3. complete a one semester education plan.

Any student who does not complete all three steps will receive a registration date and time, but it will not be a priority registration date.

</table>

Additional information about most of these services can be found in the Student Services (p. 510) section of this schedule.
Returning Students

To be eligible for priority enrollment, students must meet the following requirements:

1. Complete the assessment process — Guided self-placement for math and English and/or ESL placement tests,
2. attend an orientation session (in-person or online), and
3. complete a one semester education plan.

In addition, returning students must:

- be in good academic and/or progress standing
- not have been placed on academic dismissal and not on probationary status for two consecutive terms
- have completed 75% or more units with A, B, C, CR, and P and,
- not have earned more than 100 degree-applicable units (at Cypress and Fullerton), excluding basic skills courses.

Any student who does not meet all of the above requirements will receive a registration date and time, but it will not be a priority registration date.

Continuing Students

Continuing students are given priority registration based on the number of units completed and the following criteria:

1. Must be in good academic and/or progress standing — not have been placed on academic dismissal and not on probationary status for two consecutive terms,
2. Have completed 75% or more units with A, B, C, CR, and P,
3. Have not earned more than 100 degree-applicable units (at Cypress and Fullerton), excluding basic skills courses.

Any student who does not meet all of the above requirements will receive a registration date and time, but it will not be a priority registration date.

Assessment

Students who plan to take English and math coursework should complete the online Guided Self Placement tool, on the Assessment Center Website (https://www.cypresscollege.edu/admissions-records/assessment/) and via MyGateway. High school transcripts and transcripts from other colleges can be reviewed by a counselor to determine placement into English and math by visiting the Counseling Center (Student Center, 2nd floor). Students who plan to take ESL must be placed in the appropriate class level by taking the assessment test in the Assessment Center (Student Center, 2nd floor). Placement results from other colleges may be accepted for placement. Students must submit official copies of placement test results with the Alternative Assessment Petition to the CC Assessment Center (Student Center, 2nd floor) for verification and assessment waiver. The Alternative Assessment Petition is available online at http://www.CypressCollege.edu/admissions/gettingStarted/assessment/ (http://www.cypresscollege.edu/admissions/gettingStarted/assessment/). Placement test information from other colleges and universities must include the student’s name, name of the test(s), the raw score(s), and course placement. Students who have attended another college and have completed the necessary course work in English and math can submit unofficial transcripts with the Alternative Assessment Petition to the Assessment Center (Student Center, 2nd floor) for verification and assessment waiver.

Counseling/Orientation

Students are strongly advised to meet with a counselor prior to registration. Counselors are well informed in various fields of study and can assist students in long-range planning for specific educational plans. New and returning students are required to attend an orientation to receive important information on offered programs, policies, and registration procedures. Orientation can be completed online via myGateway. Students can attend an in-person orientation by calling the Counseling Center to schedule an orientation time.

myGateway

myGateway is the web portal that enables students to view their registration times, class schedules, grades, academic history, added or dropped classes, and access to a variety of useful resources. A student ID number and Personal Identification Number (PIN) are needed to log into myGateway which can be accessed on the college website.

- Teacher Preparation Program (p. 509)

Honors Program

The Cypress College Honors Program is designed to encourage talent and ability in highly motivated students as they begin their academic studies and prepare to transfer to a four-year college or university. Students who complete the Honors Program and meet all major transfer requirements will have priority consideration for admission to specific four-year institutions.

Classes are taught by faculty interested in enriching the students’ academic experience with special projects, readings and class activities. The Program provides a unique, seminar environment with close academic and social interaction with outstanding faculty and other highly motivated honors students. Guest speakers, cultural events and field trips enhance the challenging and creative learning experience.

The Transfer Alliances

Cypress College is a member of the Honors Transfer Council of California. This group has established transfer alliance agreements with four-year colleges and universities.

To Complete the Program

• Complete six (6) Honors designated classes for a minimum eighteen (18) units
• Complete COUN 135HC Honors Leadership

Benefits for Students while Enrolled

• Increased Scholarship opportunities.
• Small classes with a seminar environment.
• Special counseling and advisement with the Honors Program Director and Honors Counselor.
• Library privileges at transfer colleges and universities.
• Invitation to special Honors Forums, seminars and social events.
• Honors Club Membership.
• Membership opportunities with Alpha Gamma Sigma Honors Society.

Benefits of Completion of the Program

• Priority consideration for admission at the junior level to selected four-year colleges and universities.
• Special recognition at Commencement.
• Honors notation on transcripts.

Applying to the Program

• Submit an application to the Honors Program Office.
Applications are available in the Transfer Center or online at www.CypressCollege.edu/academics/specialprograms/honors (http://www.cypresscollege.edu/academics/specialprograms/honors/).
• Submit a current transcript and proof of eligibility for ENGL 100 C.

International Students

Cypress College welcomes applications for its International Student Program. Our college is authorized under federal law to enroll non-immigrant:F-1 visa students. One of the goals of the program is to provide positive educational opportunities for students in an effort to improve the global community. The staff offers assistance with academic advisement, registration into classes and orienting students to living in Southern California.

• F-1 visa students are required to pay a non-resident tuition and enrollment fee. This fee is determined by the NOCCCD Board of Trustees each year and is due at the time of registration.
• Only persons who qualify for F-1 student visas are eligible for admission.

Requirements for Entrance

• Minimum 3.25 GPA in high school course work or a minimum of 3.0 GPA in 6 units of college course work, verified by transcripts.
• Eligibility for ENGL 100 C.
• Completion of the Honors Transfer Program application.

To Continue in the Program

• Achieve grades of C or better in all Honors classes.
• Maintain a minimum 3.0 GPA in all Cypress College course work.
• Complete a minimum of one Honors Course each semester.

• Only persons who qualify for F-1 student visas are eligible for admission.
• Deadlines for the acceptance of applications from international students are July 1 for the Fall semester and December 1 for the Spring semester.
• The fee for the necessary special handling and processing of the application package of non-resident F-1 students is $40.
• The F-1 visa student is required to complete a full-time program (12 units or more) each semester of attendance and maintain a 2.0 GPA.

Admission Requirements

1. The applicant must possess knowledge of the English language sufficient to result in a Test of English as a Foreign Language (TOEFL) score of 500 (written), 173 (computerized), or 61 (IBT, Internet-Based TOEFL).
2. The applicant must offer evidence of a degree of academic achievement equivalent to that of an American high school education, twelve years of elementary and secondary school, or be at least 18 years of age. The student must submit a transcript of an official school record accompanied by a notarized English translation.
3. The applicant must offer evidence of financial responsibility.
4. The applicant who has attended other American schools or colleges may be considered for admission provided the applicant meets Cypress College admission requirements and can show proof of a valid immigration status with the U.S. Citizenship and Immigration Services (USCIS).
5. After the completion of the above requirements, the applicant will be considered for admission and will be notified of his/her acceptance or non-acceptance. If accepted, the applicant will also be sent a SEVIS I-20 form and registration information.

• F-1 visa students are held to the same scholastic requirements and to the same college policies and regulations as other students.
• F-1 visa students must enroll in the health and accident insurance policy mandated by the college. The policy includes major medical coverage, repatriation and evacuation. Students without health insurance will not be able to register each semester.
• F-1 visa students will not be accepted for admission into any program when applications by qualified U.S. citizens exceed space available.

F-2 Dependents

Effective May 29, 2015, F-2 visa dependents (spouses and children) can now enroll in study at a SEVP-certified school so long as the study remains less than a full course of study. F-2 dependents remain prohibited, however, from engaging in a full course of study unless they apply for, and DHS approves, a change of nonimmigrant status to a nonimmigrant status authorizing such study.

 Legacy Program

Established in 2000, the Cypress College Legacy Program is the first community college program in Orange County to focus on the study of the African-American experience. Set in a supportive academic environment, students create close bonds with peers, professors, and Cypress College staff as they participate in a variety of events on and off campus. The two-semester program is designed to offer underrepresented students an opportunity to transfer successfully to a four-year institution and to excel in university-level work. Legacy combines academic, community, and mentoring components to foster a positive, well-rounded college experience.

Legacy students are enrolled in special sections of core courses with the goal of completing a minimum of four transfer eligible courses while in the program.

• ENGLISH — Legacy takes ENGL 060 C and ENGL 100 C consecutively. These classes work to improve students’ basic written language skills and to help them develop research methods and critical reading and thinking skills.
• COUNSELING — Legacy students also take COUN 150 C and COUN 160 C consecutively. These classes help Legacy students improve their study skills, explore career options, develop an academic educational plan, and identify lifetime goals.
• ETHNIC STUDIES — While taking ENGL 100 C, Legacy students will be concurrently enrolled in ETHS 129 C. These classes offer complementary curriculum so students will be able to take material they learn from both classes to improve their knowledge, appreciation, and understanding of the African-American experience.
• MENTORING — The Legacy Program matches each student with a mentor from the Cypress College faculty and staff who will offer guidance, support, and encouragement during the program year.
• SPECIAL ACTIVITIES — Students participate in Legacy sponsored campus and community programs and events throughout the year. The Legacy Program is an excellent opportunity for students to learn about African-American history and culture while developing the skills necessary to be a successful college student.

Puente Program

Puente (Spanish for “bridge”) is a national award-winning program that helps students reach their dreams of college success. For more than 25 years, the Puente Program has improved the college-going rate of tens of thousands of California’s educationally underrepresented students. Established in 1996 at Cypress College, the mission of the Puente Program is to increase the number of educationally underserved students who enroll in four-year colleges and universities, earn college degrees, and return to the community as mentors and leaders to future generations. Co-sponsored by the University of California and the California Community Colleges, Puente is open to all students eligible for ENGL 060 C and COUN 150 C.

Puente’s interdisciplinary approach combines writing, counseling, and mentoring in a two-semester program.

• ENGLISH — Puente students take two consecutive writing classes, ENGL 060 C and ENGL 100 C, to improve their written language skills, enhance their research methods, and develop critical thinking while exploring Latino issues in a supportive and stimulating environment.
• COUNSELING — Puente students take two consecutive counseling classes, COUN 150 C and COUN 160 C, to improve their study skills, explore career options, develop an academic educational plan, and identify lifetime goals.
• MENTORING — Puente students are matched with a Mentor from the college or professional community who shares her/his personal, academic, and career experiences to provide a window into “real life” work environments. Puente students also work with Peer Mentors, Puente Program graduates, who offer tutoring, guidance, support, and encouragement.
• SPECIAL ACTIVITIES — Puente students participate in a number of events on and off-campus, including dinners, a graduation banquet, and guest speakers; field trips to the theater, museums, and bookstores; tours of universities and botanical gardens, and student-organized beach bonfires. These special activities are designed to enrich students’ educational, cultural, and social opportunities.

For more information on joining this award-winning program, please contact Dr. Therese Mosqueda-Ponce, Puente Counselor at (714) 484-7180 or tmponce@cypresscollege.edu or Prof. Kathryn Sonne at ksonne@cypresscollege.edu.

Service Learning

Service Learning is a teaching method that promotes student learning through active participation in meaningful and planned service experience in the community that is directly related to the course content. Through reflective activities, students enhance their understanding of course content, general knowledge, sense of civic responsibility, self-awareness and commitment to the community.

• Incorporate community service into your general education courses
• Apply course skills in a realistic environment
• Explore career options in a course setting
• Increase civic awareness of the community
• Experience a hands-on teaching method
• Strengthen the ethic of service
• Transfer service learning hours to a four year institution

For more information please contact:
Kathryn Sonne, Service Learning Director
ksonne@cypresscollege.edu

Service Learning Office is located in the Transfer Center
Located in the Student Center
(714) 484-7452 www.CypressCollege.edu (http://www.cypresscollege.edu/)

Special Admit Program

The Special Admit Program is intended for K–12 students who wish to enroll part time in advanced scholastic or vocational classes while concurrently enrolled at another school.

To be eligible for the Special Admit Program during the Summer session, Fall or Spring semesters, students must complete the Special Admit Form obtaining required recommendations and signature from the principal with parental or guardian permission and approval from a Cypress College counselor. In certain circumstances the signature of a division dean and the college president is required.

Special Admit students are required to meet all college admission requirements, attend assessment/orientation and meet course prerequisites. Special approval is required for full-time enrollment, persons under age eighteen who are/are not enrolled in school, and home school students. Enrollment into specific courses where content is deemed not appropriate for minors by the department may also require special approval. Students on F-1 or F-2 visas are not eligible to enroll as Special Admit students.

Enrollment fees are waived for California resident Special Admit students in grades 9–12 who are enrolled in .5–11 units. Per Education Code 76300 Special Admit students registered in more than eleven units per semester are required to pay enrollment fees for all enrolled units. Special Admit students who are in grades K–8 are required to pay the enrollment fees for all enrolled units. Students who do not pay the required fees may be dropped from courses for non-payment. All Special Admit students are responsible for all other college fees including lab, health, parking, books, materials and other required fees.

To change enrollment status at the college, Special Admit students graduating from high school prior to the next college semester must bring to the Admissions and Records Office their diploma or high school transcript indicating their graduation date.

Courses taken by a Special Admit student are recorded on the student’s permanent record as college credit in the same manner as regularly enrolled college students. Credit may be given at the high school and may meet a graduation requirement; however, students should first consult with the high school counselor. Special Admit students must adhere to all college policies on admission, registration, course requirements, attendance, Student Code of Conduct, and all other applicable policies and procedures.

Students wishing to enroll under the Special Admit Program can download the Special Admit Recommendation Form from the college website or obtain it from the Admissions and Records Office. The Special Admit Recommendation Form is valid for the current semester only. A new Special Admit Form must be submitted for enrollment in subsequent semesters. Students must also file the online College Application for Admission by accessing the college website and applying on CCCApply.

All student records are protected under the Family Educational Rights and Privacy Act (FERPA) of 1974. No one (including parents and high school officials) can access confidential information without the student’s written consent.

Speech and Debate Program

Division: Language Arts

The Speech and Debate Program gives students opportunities to develop speeches, performances, or train for debates at tournaments locally, statewide, nation-wide. Travel accommodations and tournament fees are paid by Cypress College. This award-winning program is available to novices or experienced students. Students earn transfer credit by enrolling in either COMM 138 C or COMM 238 C classes that are held from 2:40-5:50pm on Tuesday afternoons. Students can also earn variable unit credit through COMM 298 C. For more information, please contact Professor Joshua House (jhouse@cypresscollege.edu) or Professor Jennifer Page (jpage@cypresscollege.edu), or by visiting them in their office in the Humanities Building, Room 204. This is a great experience for students, developing skills that will help them both academically and later in their careers, even though they may not be Communication Studies majors.

Study Abroad Program

The Study Abroad Program provides students the opportunity to enrich their educational experience by studying abroad for one semester or for a shorter period of time while earning college units. The program is designed not only to enrich courses’ content by their location in the country where they are offered but also to provide students with a cultural experience by living in a society and environment different from that of the United States.
Classes offered will be taught by Cypress or Fullerton College instructors, ensuring complete transferability to other United States colleges. There is an application process for interested students, with prerequisites, interviews, and the final selection. Interested students may contact the Language Arts Division. For further information, contact Eldon Young at (714) 484-7177.

Teacher Preparation Program
The Teacher Preparation Program at Cypress College is a comprehensive student services program that provides academic support, specialized counseling, and outreach to students who are interested in pursuing a career in teaching. The primary purpose of the program is to provide Cypress College students with a clearinghouse of information and resources to help them become teachers. The program also provides early fieldwork experience in an educational setting. The program offers special classes called Teacher Preparation Classes. These classes are designated with an apple in the Class Schedule. These classes are designed to enhance the future teachers’ understanding by providing a variety of different experiences in the classroom related to the field of Education.

Teaching Credential Preparation
There are several types of credentials offered by the state of California that students can receive. Students interested in teaching at the elementary school level will be obtaining a Multiple Subject Teaching Credential. The students interested in teaching at the middle school or high school level will earn a Single Subject Teaching Credential. Most California Teaching Credentials take five years to complete on a full-time basis. The required lower division courses may be completed at Cypress College. For more information, log on to the California Commission on Teaching Credentialing website at: www.ctc.ca.gov (http://www.ctc.ca.gov/).

California Basic Educational Skills Test (CBEST)
The CBEST verifies proficiency in reading, mathematics, and writing. Passing the CBEST is a requirement for obtaining a teaching credential issued by the California Commission of Teacher Credentialing and is required prior to student teaching. It is strongly recommended that students seeking a teaching credential take the CBEST after completing category A and B4 in the CSU/GE Requirement or Area 1 and Area 2 in the IGETC/GE Requirements. CBEST review classes are offered periodically throughout the year. Check the Class Schedule for specific dates. Students should pass the CBEST before leaving Cypress College. For more information about the CBEST exam, log on to www.cbest.nesinc.com (http://www.ctcexams.nesinc.com/).

California Subject Examinations for Teachers (CSET)
All applicants for an elementary teaching credential must prove they are knowledgeable and competent in the subject area(s) they will be licensed to teach. For the middle or high school teacher, subject matter competence focuses on a particular subject such as English or Math. The secondary teaching credential does not require the CSET as long as the student is in an “approved program” and majors in the same subject of their credential. For the elementary teacher, subject matter competence must be demonstrated for all subjects relevant to the elementary classroom through the CSET exam. The exam is divided into subtests (most exams have three subtests) and the examinee has five hours to complete it. Passing the CSET is required for those students who pursue the multiple subject credential.

For further information, visit the CSET website at: www.cset.nesinc.com (http://www.ctcexams.nesinc.com/).

CSULB (ITEP) Elementary Program and CSUF (STEP) Elementary Program
The Teacher Preparation Program curriculum fulfills all the lower division requirements for the CSULB (ITEP) and CSUF (STEP) Integrated Teacher Education Programs. Upon completion of the integrated program, a student will meet requirements for both a B.A. in Liberal Studies and preliminary multiple subject teaching credential for teaching grades K through 8th, without having to enroll in a year-long credential program. Applications and further information are available in the Teacher Preparation Program Office in the Division of Social Sciences, Humanities, Room 238.

Multiple Subject Teaching Credential
A Multiple Subject Teaching Credential authorizes the holder to teach in a “self-contained” classroom, meaning that one teacher teaches all subjects to the same students. A student will earn a Bachelor’s degree, preferably in Liberal Studies or Child Development (but not exclusively), pass the California Basic Education Skills Test (CBEST), complete a multiple subject teacher credential program, pass a U.S. Constitution class, pass the California Subject Examination (CSET), pass the Reading Instruction Competency Assessment (RICA), and obtain a Character and Identification Clearance. All of the California State Universities now have a statewide agreement that they will all use the same 45 units of common core for all Integrated Teacher Preparation Programs in the State of California.

Single Subject Teaching Credential
A Single Subject Teaching Credential authorizes the holder to teach a particular subject at the middle school or high school level. Examples of specific Single Subjects are: Art, English, Health Science, Home Economics, Industrial and Technology Education, Language (other than English), Math, Music, Physical Education, Biological Sciences, Chemistry, Geosciences, Physics, and Social Science. A student will need to earn a Bachelor’s degree (preferably in the subject taught), pass the California Basic Education Skills Test (CBEST), complete a teaching credential program, pass a U.S. Constitution class, pass the California Subject Examination (CSET), pass the Reading Instruction Competency Assessment (RICA), and obtain a Character and Identification Clearance.

Education Specialist Credential (Special Education)
The person holding this credential may work with elementary, middle school, or high school students. An Education Specialist Credential offers the following specializations: Mild to Moderate Disabilities, Moderate to Severe Disabilities, Visual Impairments, Deaf and Hard-of-Hearing, Physical and Health Impairments, and Early Childhood Special Education. A student will need to earn a Bachelor’s degree, pass the California Basic Education Skills Test (CBEST), complete a teaching credential program, pass a U.S. Constitution class, pass the California Subject Examination (CSET), pass the Reading Instruction Competency Assessment (RICA), and obtain a Character and Identification Clearance.

Information
For specific advisement at Cypress College, contact the Teacher Preparation Counselor:
Velia Lawson
(714) 484-7015
Admissions and Records

The Admissions and Records Office is generally the first contact students make with Cypress College. The office facilitates the admission, registration, grade collection, certificate and degree evaluation processes, and provides transcript services for students. Additionally, Admissions and Records reports attendance data to appropriate state agencies and shares information about on- and off-campus services with members of the campus community.

The Admissions and Records office is located on the 1st floor of the Student Center. For information, call (714) 484-7346.

Normal Hours of Operation (subject to change)

Monday - Thursday 8 a.m. - 6 p.m.
Friday 8 a.m. - 5 p.m.

Adult Re-Entry Program

Learning is a life-long process and the Adult Re-entry Program is available to inspire, guide, educate, and empower individuals returning to school after a gap in their education. Non-traditional students may return to school to take courses to upgrade skills, make career changes, earn a certificate or degree, transfer to a university, or for personal development. We offer counseling, classes, resources, workshops, and referrals to assist individuals as they transition back to school and move toward successful attainment of their educational and career goals. The Adult Re-entry Program is a component of the Career Planning Center located on the second floor of the Student Center Building. For information call (714) 484-7120 or visit our website at https://www.cypresscollege.edu/services/counseling/adult-reentry-program/

Normal Hours of Operation

Monday - Thursday 8 a.m. - 6 p.m.
Friday 8 a.m. - 12 p.m.

Articulation Statement

Articulation agreements define how courses will transfer from one institution to another. Cypress College maintains major and/or course-to-course articulation agreements with most public universities and many independent colleges and universities in the state of California. The agreements with the public institutions are listed on www.assist.org (http://www.assist.org/web-assist/welcome.html) which is the official repository for articulation in the state. Many independent institutions have articulation information available on their websites. In addition, agreements with public and independent institutions are located in the Transfer Center. For more information call (714) 484-7129.

Normal Hours of Operation

Monday - Thursday 8 a.m. - 6 p.m.
Friday 8 a.m. - 12 p.m.

Assessment Center

The Assessment Center provides a variety of services to determine skill levels in grammar, reading, and mathematics. The assessment process is one of the core requirements for early registration. The purpose is to place students in courses which match the students’ skills, needs, and goals with college courses, programs and services.

Testing available on a walk-in basis. The Assessment Center is located on the second floor of the Student Center. For information call (714) 484-7223.

Walk-In Testing Times - Fall and Spring

Mondays, Tuesdays, Thursdays 8:30 a.m. - 3:30 p.m.
(last full test must start by 3:30 pm)
The Cypress College Department of Campus Safety is committed to providing a safe campus environment for its students, faculty, and visitors. Campus Safety provides security and safety services to the campus. The department is responsible for crime prevention and personal safety. While this is our primary responsibility, personal safety and crime prevention does rest with each individual. Therefore, each of us must take personal responsibility for our own safety, as well as for the safety of those around us.

Cypress College is among the safest colleges in the country. We strive towards this goal by providing proactive patrol procedures, interaction with the community, and high visibility. We have also established a partnership with the Cypress Police Department. This combination has been successful in solving many of the problems and issues that have been presented to Cypress College members.

Campus Safety provides coverage to the campus 24 hours a day. Campus Safety is located in the Business Building, first floor adjacent to parking Lot 1. Any criminal action or emergency should be reported to Campus Safety at (714) 484-7387.

Cypress College complies with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) by conducting emergency exercises each semester.

Campus Safety provides escort service upon request at (714) 484-7387. Lost and found items are housed in the Campus Safety Office. Contact Campus Safety to receive information regarding items.

### Bookstore

All textbooks and supplies will be available for purchase in the bookstore at least two weeks before each semester or mid-semester class begins. The bookstore also offers special orders for those books that students cannot find in area stores.

The bookstore also offers supplementary educational books and supplies. The supply section offers imprinted Cypress College logo clothing, gifts, greeting cards, and general merchandise.

You may also rent or purchase textbooks and e-books online at: https://www.cypresscollege.edu/bookstore/

#### Parking

Use of Cypress College’s general parking lots requires a parking fee. In lieu of a physical parking permit, the College uses a virtual parking system. Students and guests may purchase virtual permits online and at kiosks in and around campus. After purchasing a virtual parking permit, students and guests must register their vehicle license plate number to activate the virtual parking permit. Those who purchase semester-length permits may change vehicle license plate numbers online at any time using the parking link in MyGateway. Day-use vehicle registration is available at kiosks on campus.

Payment for semester permits and registration of plates authorizes students to use any of the five lots open to student and guest parking, as well as designated spots on Circle Drive. Cypress College semester-length parking permits are also honored at Fullerton College and the Anaheim Campus. Cypress College students parking at Fullerton College cannot park in the structure located at Lemon Street and Chapman Avenue. Students and guests may also register vehicles using short-term parking machines for $3 per day. Short-term permits are valid at Cypress College only. Students and guests are not eligible to park in staff spaces. The parking permit does not guarantee a parking space.

Use of state-designated disabled parking spaces requires proper display of either a valid disabled placard or designated license plates. Disabled parking spaces are prominently marked in blue and white. Vehicles parked in disabled parking spaces must also comply with the requirements noted above, including purchase of a virtual permit and completion of the vehicle license plate registration. Designated disabled parking spaces are available
in all campus lots. Individuals who park vehicles in the disabled stalls without proper credentials will be subject to a $290 citation.

Any vehicle found parked on Cypress College property that has (3) or more unpaid Cypress College parking citations may be towed without notice. Registered owners of the vehicle will be responsible for paying all citations, towing fees, and impound fees prior to the vehicle being released by the impound company.

**Parking Enforcement and Appeals**

All campus parking regulations are enforced by the Cypress College Campus Safety Department. All traffic regulations are enforced by the Cypress Police Department. Parking regulations are strictly enforced. A **two-week grace period is provided at the beginning of the Fall and Spring semesters in order for students to obtain permits**. Failure to register your vehicle license plate may result in a parking citation issued by Campus Safety.

Payment of fines or filing of an appeal must take place within 21 days from the date of the citation or the fine will be doubled. Cypress College Parking Regulations are available on myGateway, the Campus Safety webpage, and in the Campus Safety Office on the first floor of the Business Building.

**Career Planning Center**

The Career Planning Center (CPC) offers services designed to help you make informed and considered college major and career decisions by providing counseling, classes, tools, and resources as you formulate meaningful goals, navigate life transitions, investigate career options, and delve into the dynamics of the work environment.

Visit the CPC to discover your interests, values, skills, strengths and personality; explore college majors, career pathways and occupations; research education and training options; identify and enhance your transferable skills; and further your career development. We offer career counseling, career assessments, career classes, online career databases, a resource library, workshops, and employability enhancement and preparation resources. The Career Planning Center is located on the second floor of the Student Center Building. For information call (714) 484-7120 or visit our website at: http://www.CypressCollege.edu/services/cpc (http://www.cypresscollege.edu/services/cpc/).

**Center for Intercultural Understanding**

The Mission of the Center for Intercultural Understanding (CIU) is to enrich our learning community through intercultural understanding. The goals of the CIU are to:

1. Celebrate diversity
2. Promote human relations
3. Disseminate information
4. Provide a forum for dialogue
5. Build community relations
6. Support globalization/internationalization of curriculum

The Diversity Committee, which oversees the CIU, meets monthly during the academic year. For information, call (714) 484-7049 or (714) 484-7050.

**Counseling and Student Development**

The College maintains a complete guidance service, including the orientation of new students to a successful college experience, counseling to meet the educational requirements for various careers, assistance in selection of courses of study, and individual guidance in matters of aptitude and personal adjustment as they are related to the student’s vocational and educational objectives.

Each student is assigned a counselor based on a major or area of interest. The counselor assists the student in planning a program of courses and is available to help in other matters affecting the student’s progress in college. Regular conferences may be scheduled during each semester to ensure that the student may gain the greatest possible benefit from the counseling service. Counselors can also be reached by email during the semester at onlinecounselor@CypressCollege.edu or through their individual email address listed in the Programs and Course Descriptions section of this catalog under Counseling and Student Development.

Special courses are offered to assist students in gaining the maximum benefit from their college experience. For example, all students enrolled in more than two classes must enroll in COUN 140 C during their first semester of attendance. This course is designed to further help orient students to college life and assist students in their educational and vocational planning. In addition, there are opportunities for students to take mini-guidance courses in *Career and Life Planning, Academic and Life Success, Career Exploration, College/University Transition, and Academic Success and College Survival*.

**Disability Support Services (DSS)**

Cypress College assures accessibility of programs and activities to students with disabilities. Disability Support Services (DSS) has been established to provide supportive services to students with documented disabilities, including learning disabilities, visual, hearing, physical, mental health, acquired brain injuries, and other medical disabilities. Services are provided in compliance with state and federal legislation to support students with disabilities in meeting their educational and vocational goals.

Qualifying students may receive the following services and accommodations:

- Adaptive equipment
- Alternative testing
- Interpreting services
- Learning disability assessment
- Note-taking assistance
- Registration assistance
- Specialized counseling and program planning

Other services and accommodations are provided as needed.

Extended Opportunity Programs and Services (EOPS)/Cooperative Agencies Resources for Education (CARE) Programs and Services

The Extended Opportunity Programs and Services (EOPS) is a state and college funded program designed to assist students with economic, linguistic, and educational challenges (as defined by Title V) enroll and succeed in higher education. Comprehensive support services are provided to promote access to colleges, increase retention, and/or transfer to four-year universities and colleges.

These services include:

- Book Loan Library
- Computer Lab with Internet Access
- Enhanced Tutoring
- Educational Supplies and Materials
- Holistic Counseling and Advisement
- Outreach, Recruitment and Specialized Orientation
- Priority Registration
- Specialized Workshops
- Textbook Service
- University Application Fee Waivers
- University Field Trips

The CARE (Cooperative Agencies Resources for Education) program provides additional services and grants to eligible EOPS single parents who are on public assistance.

Through CARE, eligible EOPS students receive supplemental educational support services, such as counseling and advisement; group support; peer networking; help from peer advisors; information and referrals to campus and community-based services or agencies; networking activities specifically designed for low-income single parents; and workshops, including self-esteem, parenting, study skills, and time management. Grants and allowances for child care, bus passes, textbooks and school supplies; transportation costs and other educational support; personal computer access; on-campus meal tickets are provided to enhance the retention, persistence, graduation and transfer rates of these highly motivated students.

If you are a single parent and interested in receiving benefits available to you, contact EOPS/CARE office at (714) 484-7368. The office is located in the Cypress College Complex on the second floor in Room 201.

The EOPS and CARE staff are composed of dedicated professionals and student workers who are committed to seeing you succeed in college. Services are free of charge to all EOPS eligible Cypress College students.

To find out more about us visit our website at: http://CypressCollege.edu/services/eops/ or come to our office located in the Cypress College Complex, 2nd floor or contact us at (714) 484-7368.

CalWORKS

The CalWORKS (California Work Opportunity and Responsibility to Kids) program provides services to Cypress College students who are receiving Temporary Aid to Needy Families (TANF).

Through the CalWORKS program, students may be eligible for:

- paid work study opportunities
- child care
- academic guidance and counseling
- ancillary funds for books and supplies
- work activity progress report form completion
- communication assistance with the Department of Social Services
- workshops to enhance living skills
- networking activities

Staff is not employed by the Social Services Agency (SSA). They are employed by the North Orange County Community College District as advocates of self-sufficiency through education for our students. If you are attending Cypress College and receiving TANF, please contact the CalWORKS office at (714) 484-7237. The office is located in the Cypress College Complex on the second floor in Room 201.

Financial Aid

Financial aid programs are awarded to eligible students to help pay their college expenses such as books and supplies, transportation, and other necessities. The Cypress College Financial Aid Office encourages all of our students to become informed about the variety of financial aid programs available at our college. Students may apply for the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov (https://fafsa.ed.gov/). Cypress College Federal School Code is 001193.

The Financial Aid Office currently administers the following types of state and federal financial aid programs to our students:

**Federal Financial Aid Programs**

- **Federal Pell Grant** - Federally funded grants for eligible undergraduate students based on calculated needs.
- **Federal Supplemental Educational Opportunity Grant (FSEOG)** - Federally funded grants for eligible undergraduate students based on calculated needs.
- **Federal Work Study (FWS)** - Federally funded program that allows eligible students to seek employment for on-campus jobs.
- **Federal Direct Loan (Subsidized and Unsubsidized)** - Federally administered, low-interest loans available to eligible students.

**State Financial Aid Programs**

- **Cal Grants** - State-funded award for eligible students from disadvantaged backgrounds, or low-income families who have...
Food Services - Campus Dining

There are two areas of food services available on campus during day and/or evening hours. At the Student Center location a variety of sandwiches, salads, snack foods, and cold/hot drinks is available for grab ‘n’ go.

Convenience Store

Convenience store operations are now run by (and inside of) the Bookstore in conjunction with our vendor, Follett. The store offers grab-and-go foods that include an enhanced selection of sandwiches. Snacks and drinks are also available.

Restaurant Pop-Up

The Fooda restaurant pop-up is available in front of the SEM building. There will be a different restaurant featured Monday-Friday from 11 a.m. - 3 p.m.

Visit fooda.com/cypresscollege to see which restaurants will be on campus.

Food Trucks

Two or three food trucks will be on campus near the Bookstore Monday - Friday, from 11 a.m. - 3 p.m. Tables will be available in the adjacent area and the dining portion of the Café Cypress which will be open as well.

Bookstore Express

Foundation

The Cypress College Foundation supports the work of Cypress College by raising funds and distributing them through scholarships, loans, grants, and the funding of select college programs and projects. A non-profit, tax-exempt organization, the Cypress College Foundation raises its funds through the Americana Awards Banquet, one of the premiere events in North Orange County; the President’s Circle, composed of some of the very best friends and supporters of Cypress College; the Cypress College Foundation Golf Classic; and various other programs and activities, including planned giving. For more information contact the Foundation Office at (714) 484-7126.

Guardian Scholars

The Cypress Guardian Scholars Program provides a comprehensive support system that meets the academic, personal and financial needs of foster youth attending Cypress College. Program benefits include program orientation, resources for financial aid and grants, academic advising, workshops for career and academic success, friendship and support.

If you are a current/former foster youth and interested in participating in the Cypress Guardian Scholars program call (714) 484-7368. The office is located in the Cypress College Complex on the second floor in the EOPS Office.
Normal Hours of Operation
Mon - Thurs 8:00 am – 6:00 pm
Fri 8:00 am – 5:00 pm

Health Services
As a registered student at Cypress College you are eligible for basic health services at your center. The Student Health Services Center is for the health and wellness of students on campus. Our goal is to promote physical and emotional wellness, prevent illness and injury, provide basic outpatient health services, and to educate students toward taking responsibility for their own health.

There is no charge to see the Physician, Nurse Practitioner, Counselor and/or Nurse. Nominal fees will be assessed for lab tests, immunizations, medications, and special exam procedures. A registered nurse and/or a family nurse practitioner are available at all times. Appointments are recommended to see the doctor, nurse practitioner and counselor. Emergencies are triaged immediately.

All students are covered by an accident insurance policy which provides coverage for accidents while on campus during required attendance and while using college-sponsored transportation to and from college activities (private insurance is primary).

To make use of any of these health services or to get further information, contact the Health Center located on the first floor of Gymnasium II building by calling (714) 484-7361, or stop by the Center.

Normal Hours of Operation
Monday - Thursday 8 a.m. - 6 p.m.
Friday 8 a.m. - 12 p.m.

During the summer session Health Services is closed on Fridays.

Lost and Found
Lost items that have been turned in may be claimed at the Campus Safety Office, located in the Business Building, first floor adjacent to parking lot 1.

Normal Hours of Operation
Mon - Fri 7:30 am – 5:00 pm

Patrons of the Arts
The Cypress College Patrons of the Arts is a non-profit, tax-exempt organization that functions under the auspices of the Cypress College Foundation. It was founded in 1975 to encourage community participation in the college's fine arts programs and exhibits, foster cultural, visual, and performing arts activities at the college, and to raise funds to provide scholarships to talented students in the fields of:

- Art
- MAD — Media Arts Design (including Digital Cinema)
- Dance
- Journalism
- Music
- Photography
- Theater

Please contact the Cypress College Patrons of the Arts at patrons@CypressCollege.edu or (714) 484-7000 ext. 48203 for further information.

Student Housing
Housing is not available on the college campus. Students interested in off-campus housing should contact the Student Activities Office for suggested quarters. A listing of available housing is located on a bulletin board in the Student Activities Center. For questions, call (714) 484-7198.

Student Success and Support Program
The Student Success and Support Program is a set of services provided to all students as a means of ensuring their academic success. It is legally defined as an agreement between the college and its students. This legislation ensures that every community college student will be afforded the same opportunity for services and to achieve academic success. The college goal is to make the institution a place of easy access and success for students to achieve their educational goals and economic gain. The five components or services which create an easy step-by-step process to introduce Cypress College students to higher education are:

- Admissions: The information contained in the college application becomes part of the student's official record. This office registers students and records grades, program changes, graduation, and transfer requirements.
- Assessment: Students have the right to access college level English, math, and ESL. Students can complete the assessment process for English, math, and ESL by completing the Guided Placement: https://bit.ly/2VAnscJ or by meeting with a counselor to review all transcripts and test scores. ESL (English as a Second Language) placement exams are available in the Assessment Center. Cypress College also uses information that is gathered at the time of application, or through a high school transcript, to create placements for a student in English, ESL, and math. In cases where high school information cannot be used to determine placements, the college will use other information provided by the student to create a placement.
- Orientation: Prior to registration, New and Returning students are required to attend a one and one-half hour group orientation/shy; counseling session. During this session the counselor will review the College Catalog, Class Schedule, services, programs, certificates, degrees, majors, general college procedures, and college regulations. Using test scores, previous transcripts, course prerequisites, and course selection, the counselor and student will develop a 1st semester education plan. Online orientation is available at your myGateway account under the Student Tab. If you do complete the online orientation, you will need to meet with a counselor to complete your 1st semester education plan. After registration, Educational Planning is offered to assist the student in completing their individualized Student Education Plan.
- Counseling/Advising: All students are encouraged to visit their counselor and confer with instructors periodically throughout the year. Counselors are also available through their email address, located in the Programs and Course Descriptions section of this catalog under Counseling and Student Development. A Student Educational Plan should be on file in each student's academic record after completion of 15 units. Faculty advising is available through instructors' posted office hours.
• Student Progress/Follow Up: Students who excel in their course work are placed on either the Dean's Honor Roll or the President's Honor Roll. Information regarding scholarship and Honors is available within this catalog. Students encountering difficulty in courses are referred to appropriate college services by counselors and instructors. Additional referrals are made to assist students with special needs.

Students may be exempt from certain Matriculation services if they are a graduate from an accredited U.S. college or university with an Associate of Arts degree or higher. However, they will not be eligible for priority registration (Student Success Act 2012).

Student Rights
All matriculated students have the right to challenge or appeal any step in the matriculation process and may:

• enroll in any class where prerequisites are met
• challenge course placement decisions
• request a waiver of prerequisites for a course, if it is offered, not validated, or if able to demonstrate previous knowledge, or
• file a complaint of discrimination if prerequisites are being applied in a prejudicial manner.

Students with any questions regarding any aspect of these services may contact the Director of Student Equity and Achievement at (714) 484-7097.

Transfer Center
The Transfer Center assists students interested in continuing their education at four-year institutions with an emphasis on reaching the historically underrepresented transfer students. The Transfer Center offers students opportunities to meet with representatives from four-year schools for advisement and to attend workshops and transfer fairs. The Transfer Center houses an extensive transfer resource library including college catalogs, articulation agreements, reference books, college videos, and computer programs for student use.

For more information, visit the Transfer Center on the second floor of the Student Center, or call (714) 484-7129.

Normal Hours of Operation
Monday - Thursday 8 a.m. - 6 p.m.
Friday 8 a.m. - 12 p.m.

Updates to the Catalog PDF

Effective August 2021 to July 2022:
Listed below are updates to the 2021-2022 catalog. This includes new courses, course changes, corrections, and curriculum changes.

• New courses and course changes are the result of the Exceptions to the Catalog Review Cycle process.
• Corrections have been identified since the publication of the 2021-2022 catalog.
• Curriculum changes are the result of State approved received after publication.

• For updates to other information in the Catalog, please see the appropriate websites (e.g., Admissions & Records, Financial Aid, Student Services, etc.)

Veterans and Service Members
Cypress College is approved as a degree-granting institution for the attendance of veterans under Title 38, United States Code. This includes the programs covered in Chapters 1606, 30, 31, 32, 33 and 35. The College is also approved to participate in the Cal-Vet Fee Waiver program.

Veterans and/or dependents that plan to enroll in Cypress College and need assistance with their education benefits must visit the Veterans Resource Center (VRC). The VRC is located on the 2nd floor of the Cypress College Complex, room 215. To begin the intake process you must provide your DD214 and Certificate of Eligibility (COE). Incoming Veterans may be required to enroll in COUN 150 C, Academic and Life Success.

The Veterans Resource Center works closely with Admissions and Records, Academic Counseling, Financial Aid, and various Veteran agencies to provide the Veteran with services contributing to a successful educational experience.

For information regarding:
• Priority Registration
• GI Bill® and educational benefits
• U.S. Vets "Outside the Wire" program
• Academic Counseling
• Cypress College Veterans Organization
• CalVet Fee Waiver Program
• English and Math Tutoring

Please contact the Veterans Resource Center for a list of required documents.

Hours of Operation for Fall/Spring
Mon-Thurs 8:00 am - 6:00 pm
Fri 8:00 am - 12:00 pm

Hours of Operation for Summer
Mon - Thurs 8:00 am - 6:00 pm
Fri Closed

Availability and hours subject to change at any time.

Disabled Veterans
Veterans who qualify for educational benefits as disabled veterans may be entitled to special educational benefits. Veterans should contact:
VA Regional Office
Veterans with disabilities are encouraged to pursue services offered through Disability Support Services (DSS), located on the 1st floor of the Cypress College Complex. Call (714) 484-7104 for assistance.

**Veteran Dependents**

Children and spouses of U.S. Veterans with service connected disabilities may be eligible for waiver of college fees and/or Survivors’ and Dependents’ Educational Assistance (CH 35). For more information visit the Veterans Resource Center located on the second floor of the Cypress College Complex, Room 215. Call (714) 484-7150 for assistance.

**Liability**

The veteran assumes full liability for any overpayment of veteran’s benefits.

All persons receiving educational benefits must see the veteran’s academic counselor and complete a veteran enrollment form (VEF) every semester to continue their benefits. In addition, a Student Education Plan (SEP) must be on file by the end of the first semester; otherwise, certification of VA benefits will be delayed for the second semester. This plan must be developed and reviewed by an academic counselor.

**Number of Units Required**

The following number of units is required each semester to qualify for educational benefits for educational and training allowance:

<table>
<thead>
<tr>
<th>CH 33 Post GI Bill</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>12 units or more</td>
<td>full allowance</td>
</tr>
<tr>
<td>9 - 11.5 units</td>
<td>3/4 allowance</td>
</tr>
<tr>
<td>6 - 8.5 units</td>
<td>1/2 allowance</td>
</tr>
<tr>
<td>2 - 5.5 units</td>
<td>1/4 allowance</td>
</tr>
</tbody>
</table>

1. Enrollment in at least 7 units is required to receive housing. Contact the VRC for more information.
2. Chapters 32 and 1606 only.

Short-term and summer session courses are computed proportionately for payment purposes.

**Withdrawal/Change of Classes**

Veterans are required to notify the Veterans Resource Center when they stop attending class, withdraw from the college, or add or drop a class. Such changes should be reported immediately after completing the add/drop procedure through myGateway. Failure to comply with this regulation may result in an overpayment of benefits.

**Veterans Academic Progress**

A veteran student whose GPA falls below a 2.0 for one semester will be placed on academic probation. Veterans who are on academic probation may have to enroll in COUN 150 C Academic and Life Success, to aid the transition back into college life. If the veteran student continues to have a GPA below a 2.0 for two consecutive semesters they will no longer be able to receive educational benefits until a marked improvement has occurred. Contact the Veterans Resource Center for more information.

**Repeated Classes**

Veterans may not receive benefits for a repeat of a course in which a grade of “A,” “B,” “C,” “D,” or “P” has already been earned. Although District policy allows a student to repeat a course in which a “D” grade has been received, the course may be certified for benefits only if this catalog states that a grade of “C” or better in that course is required to earn a degree or meet a prerequisite.

**Transcripts**

All official transcripts of prior college work and military schools, including copies of form DD214 or DD295 covering all periods of military service, must be on file in the Admissions and Records Office by the end of the first semester of attendance at this college. Certification for benefits for the second semester may be withheld if transcripts are not received. For necessary forms, visit the Veterans Resource Center, located on the second floor of the Cypress College Complex. Call (714) 484-7150 for additional information.

</table>
Jacklyn grew up living in motels with her family in Orange County. When she was 16, her mother passed away; when she turned 21, she lost her father, too. Jacklyn had to support herself at a young age, and thinking about her future had to wait.

She began working in Downtown Disney at Haagen Dazs and continued to be promoted, ultimately being offered store manager at a Fashion Island branch. This sparked Jacklyn’s love of business and gave her the inspiration for entering the Business Administration program at Cypress College. She thrived in her classes, and was further motivated by being in the same graduating class as her brother. In spring 2021, they graduated together, bolstering both her future career prospects and a family bond that has strengthened through tough times.
