Welcome to North Orange Continuing Education

Earning a career certificate, helping your children succeed in school, or obtaining citizenship can transform your life. At North Orange Continuing Education (NOCE), we believe that every student deserves access to affordable and high-quality education in a format that is most convenient for busy adults. It’s education your way!

It is my pleasure to present the 2019/20 NOCE catalog of course offerings. As the base of this learning community, our outstanding faculty members are here to help you achieve your academic, career, and personal goals. The content and delivery methods of NOCE’s institutional offerings are consistently updated to meet the evolving demands of the modern community and workplace. Our dedicated staff is committed to supporting you in every step on your path to success.

Besides providing courses and programs to suit students of all ages and walks of life, NOCE offers a vibrant learning environment that includes a variety of support services. Counseling, orientation, tutoring, assessment, and career exploration are among the many services available to students who wish to engage in educational experiences.

NOCE is honored that you have chosen us to further advance your very bright and exciting future. Whether you wish to pursue high school diploma studies and transition to one of our sister colleges, explore a different career, or learn a new craft, NOCE is the right place to embark on your journey to success.

Sincerely,
Valentina Purtell
Provost
North Orange Continuing Education

NOCE MISSION STATEMENT
To serve the needs of individuals, business, and the community, we educate a diverse student population in successive essential skills that support learning goals across the lifespan.

NOCE VISION STATEMENT
NOCE has a comprehensive presence in the community and is recognized for excellence. NOCE embraces multiple facets of diversity and is committed to outcome-oriented educational opportunities in preparing students for productive civic engagement. NOCE is an effective and affordable option for students who are acquiring personal, academic, and career skills. NOCE is responsive to evolving community needs.

NOCE CORE VALUES
Integrity
– through a commitment to our mission and vision statement
– by encouraging a climate of honesty and trust through teamwork that depends on accountability and responsibility
Learning
– as a way to meet life’s challenges successfully
– as a path to personal and professional growth
– as a lifelong quest
Excellence
– by delivering comprehensive quality programs and services
– by creatively responding to the educational needs of our community
Diversity
– by recognizing and respecting the significance of each unique individual
– by offering all learners access to relevant learning opportunities
Service
– to the individual
– to the institution
– to the community
North Orange Continuing Education (NOCE) is fully accredited by the Accrediting Commission for Schools, Western Association of Schools and Colleges. For more information, please contact, Accrediting Commission for Schools, Western Association of Schools and Colleges, 533 Airport Blvd., Suite 200, Burlingame, California 90410. www.acswasc.org

ABOUT NORTH ORANGE CONTINUING EDUCATION

Academics Policies

Academic Honesty

Students are expected to abide by ethical standards in preparing and presenting material which demonstrates their level of knowledge and which is used to determine grades. Such standards are founded on basic concepts of integrity and honesty. These include, but are not limited to, the following areas:

1. Students shall not plagiarize, which is defined as:
   a. stealing or passing off as one's own the ideas or words of another or,
   b. using a creative production without crediting the source.

   The following cases constitute plagiarism:
   • paraphrasing published material without acknowledging the source,
   • making significant use of an idea or particular arrangement of ideas, e.g., outlines,
   • writing a paper after consultation with persons who provide suitable ideas and incorporating these ideas into the paper without acknowledgement, or
   • submitting under one's own name term papers or other reports which have been prepared by others.

2. Students shall not cheat, which is defined as
   a. using notes, aids, or the help of other students on tests or exams in ways other than those expressly permitted by the instructor, or
   b. misreporting or altering the data in laboratory or research projects involving the collection of data.

3. Students shall not submit an original paper or project to more than one class without approval from the second instructor. Instructors who do not accept previously submitted papers should so inform the students in the course syllabus.

4. Students shall not furnish materials or information in order to enable another student to plagiarize or cheat. Instructors may deal with academic dishonesty in one or more of the following ways:
   a. Assign an appropriate academic penalty such as an oral reprimand or point reduction.
   b. Assign zero points on all or part of a particular paper, project, or exam.
   c. Report to the appropriate administrators, with notification of name to the student(s) for disciplinary action by the school. Such a report will be accompanied by supporting evidence and documentation.

Absences

By the direction of the Chancellor of the California Community Colleges, attendance shall be taken at all class sessions. Regular attendance is expected of every student. Attendance at the first class meeting is strongly recommended because of enrollment demands. Any student not attending the first class meeting may be dropped by the instructor.

Student Responsibilities

While an instructor may drop a student for excessive absences, it is the student's responsibility to officially drop the class by visiting one of the...
Admissions and Registration offices, located at each NOCE center, or online by logging onto MyGateway (http://mg.nocccd.edu).

**High School Diploma Credits**

Prior to April 2010, continuing and returning students were provided the option to earn a diploma under the previous 185 credit requirement or current 160 credit requirement. Effective the 2012 Fall Term, variable credits can be assigned to new, matriculated students enrolling on or after the 2012 Fall Term. Variable credits will not be an option for continuing and returning students enrolled prior to 2012 Fall Term.

**High School Diploma Program Transfer Policy**

Policy Effective 2012 Spring Term, the High School Diploma Program administrative staff will no longer consider transfer requests from diploma students seeking to relocate to a different diploma lab/center/site. Diploma students enrolled in one of the high school labs must commit to completing their diploma studies at their enrolled lab. The High School Diploma Program administrative staff may consider requests that are critical such as a legal reason for attending a different lab/center/site and/or attempting to earn a diploma at the center/site they enrolled in for other academic programs such as credit (college) and/or certificate courses. Diploma students having a critical reason for their request to transfer may contact the program director after informing his/her High School Diploma Program instructor and/or counselor. Because the majority of diploma students are employed and have a family, transferring for these two reasons will not be considered.

---

**Standards of Student Conduct**

The standards of student conduct and disciplinary action for violation of Board Policy 5500 were approved by the NOCCCD Board on January 28, 2003, and were drawn in compliance with Sections 66300, 76030, 76033, 76034, 76036 of the State Education Code.

Students are expected to respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the city, county, state, and national laws(s).

Student conduct must conform to Board Policy and college regulations and procedures. As cited in BP5500, “A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. Misconduct which constitutes "good cause" for disciplinary action includes, but is not limited to, the following:

1. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, the open and persistent defiance of the authority of, or persistent abuse of District personnel, or violating the rights of other students.
2. Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
3. Cheating, plagiarism in connection with an academic program (including plagiarism in a student publication), or engaging in other academic dishonesty.
4. Dishonesty, forgery, alteration, or misuse of District documents, records, or identification, or knowingly furnishing false information to the District.
5. Misrepresentation of oneself or of an organization to be an agent of the District.
6. Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to the person, property, or family of any member of the college community, whether on or off District property as defined above.
7. Willful misconduct which results in injury or death to a student or to District personnel, or which results in the cutting, defacing, or other damage to any real or personal property of the District.
8. Unauthorized entry into, unauthorized use of, or misuse of property of the District.
9. Stealing or attempting to steal District property or private property on District premises, or knowingly receiving stolen District property or stolen private property on District premises.
10. Causing or attempting to cause damage to District property, or to private property on District premises.
11. Unlawful use, sale, possession, offer to sell, furnishing, or being under the influence of any controlled substance listed in the California Health and Safety Code, section 11053 et seq., an alcoholic beverage or an intoxicant of any kind, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or other State law defining controlled substance while on District property, or at a District function; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in the California Health and Safety Code, section 11014.5.
12. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.
13. Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous object including but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, college president, North Orange Continuing Education Provost, or authorized designee.
14. Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.
15. Violation of municipal, state, or federal laws in connection with attendance in programs or services offered by the District, or while on District property or at District-sponsored activities.
16. Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.
17. Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.
18. Committing sexual harassment as defined by law or by District policies and procedures.
19. Engaging in harassing or discriminatory behavior based on disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation or any other status protected by law.
20. Engaging in physical or verbal intimidation or harassment of such severity or perserviveness as to have the purpose or effect of unreasonably interfering with a student’s academic performance, or District employee’s work performance, or of creating an intimidating, hostile or offensive educational or work environment.
21. Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.
22. Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.

23. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.

24. Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District, or the substantial disruption of the orderly operation of the District.

25. Use of the District’s computer systems or electronic communication systems and services for any purpose prohibited by Administrative Procedures 3720, Computer & Electronic Communication Systems, or for any act constituting cause for disciplinary action as provided in this policy.

Furthermore, no student shall be suspended from a college or North Orange Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, North Orange Continuing Education or District activity or attendance. Also any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension or expulsion of a student.

The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension or expulsion of a student.

The Chancellor shall establish procedures of which all students are informed of the rules and regulations governing student behavior.

### NOCE Catalog Rights

North Orange Continuing Education (NOCE) issues a new catalog each academic year beginning in the fall term and, if needed, subsequent addendums for the winter, spring, and summer terms. The information published in the catalog or catalog addendums is in effect for the academic year beginning with the fall term and concluding with the summer term.

The course requirements for a specific certificate program may change from one catalog to the next and, therefore, may change during the period of time that a student attends NOCE. Catalog rights established when a student first takes classes at NOCE protect the student from being held for additional program requirements that may be added to a later catalog.

Students maintain catalog rights by maintaining continuous enrollment in one of the following courses at NOCE: Basic Skills, Career Technical Education, Disability Support Services, and English as a Second Language. Continuous enrollment is enrollment in any two of the previous four consecutive terms, including summer, resulting in an academic record of A, B, C, D, F, P (Pass), NP (No Pass), SP (Satisfactory Progress), or W (Withdrawal). Missing more than two consecutive terms will result in loss of catalog rights due to a break in continuous enrollment.

<table>
<thead>
<tr>
<th>Enrollment in the following term</th>
<th>No enrollment in the following terms:</th>
<th>Must enroll in the following term to maintain catalog rights</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>Winter &amp; Spring</td>
<td>Summer</td>
</tr>
<tr>
<td>Winter</td>
<td>Spring &amp; Summer</td>
<td>Fall</td>
</tr>
<tr>
<td>Spring</td>
<td>Summer &amp; Fall</td>
<td>Winter</td>
</tr>
<tr>
<td>Summer</td>
<td>Fall &amp; Winter</td>
<td>Spring</td>
</tr>
</tbody>
</table>

If continuous enrollment is broken, the student must adhere to the catalog requirements in effect at the time-continuous enrollment is re-established and maintained.

The lab enrollment in CCTR 100, keyboarding exams, and required certifications (e.g. CPR card) cannot be used to maintain catalog rights. Course substitution nor course challenges do not maintain catalog rights.

This policy supersedes all previous catalog rights provisions and applies only to the programs at NOCE.

### Medical Leave of Absence

Students may file a Petition for Exception for a medical leave of absence when there is appropriate evidence the student was unable to attend classes for an extended period of time to maintain Catalog Rights, as stated in the Catalog Rights Policy published in the school catalog. Students should contact the Registrar’s Office at 714.992.9502 to file a petition within one year of leaving the last term they were in continuous enrollment. The petition will be reviewed and considered for approval based solely upon the following:

**Documentation on the student's inability to attend during the terms in which the student was not in attendance is required.** Appropriate evidence should include, but not limited to, physician recommendations or other supporting documentation that is dated and on official organization letterhead.

A student who withdraws due to an approved medical leave will receive a NG (Not Graded) notation on their academic transcript for any classes that they were unable to complete due to medical leave. Any outstanding fees or tuition associated with the course will remain due and payable.

Eligibility applies only to the enrolled student.

### Excused Withdrawal

Students may request an academic excused withdrawal for circumstances that are reasonably beyond the control of the student, causing them to be unable to attend classes or complete the term. Circumstances include, but are not limited to, the following: 1) medical emergency, accident, serious illness, or nonselective surgery for self or member of the immediate family; 2) personal emergency or hardship situation such as assault or domestic violence, loss of job or job transfer, family or childcare dependency crisis, or death of an immediate family member; 3) active military duty. Students should contact the NOCE Records’ Office at 714.992.9500 to file a petition.

A student who is approved for an excused withdrawal will receive an EW (excused withdrawal) notation on their transcript for any classes that they were unable to complete, or a MW (military withdrawal) due to active
military service. Any fees or tuition associated with the course will be refunded.

This review is on a case-by-case basis and extended medical leave should be noted on the petition if the student will miss more than two consecutive terms. A student has up to one year after leaving to petition for Medical Leave of Absence to preserve their catalog rights.

(Title 5, Section 55024)

Military Leave of Absence

Students who are called to active duty may submit a Petition for Exception for a military leave of absence to maintain their catalog rights. Students should contact the Registrar’s Office at 714.992.9502 to file a petition.

A student who withdraws due to military service will receive a MW (military withdrawal) notation on their academic transcript for any classes that they were unable to complete due to service. Any fees or tuition associated with the course will be refunded.

Students will retain their catalog rights and enrollment status if they return within one year of release from military service. For the purposes of maintaining catalog rights and enrollment status, any release from military service, other than a dishonorable release, will be accepted. The student must contact the Registrar’s Office to provide appropriate documentation upon return from service.

(Section 824 of the Military and Veterans Code)

Grading System

In general, most noncredit courses are not graded, however, the North Orange Continuing Education has two areas where students are awarded an evaluative symbol at the conclusion of the course; High School Diploma courses and courses in the category of Career Development and College Preparation (CDCP).

Grading for High School Diploma

Student performance in High School Diploma courses is indicated below. Grades which carry point value, and which are used in determining the grade point average (GPA), are as follows:

<table>
<thead>
<tr>
<th>High School Academic Grading Scale</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>A — Excellent</td>
<td>4 grade points</td>
</tr>
<tr>
<td>B — Good</td>
<td>3 grade points</td>
</tr>
<tr>
<td>C — Average</td>
<td>2 grade points</td>
</tr>
<tr>
<td>D — Below Average</td>
<td>1 grade point</td>
</tr>
</tbody>
</table>

The GPA is the total completed grade points divided by the total attempted credit amount.

Credits Indicated by the Below Evaluative Symbols Are Not Counted Toward GPA

<table>
<thead>
<tr>
<th></th>
<th>Grade Point</th>
</tr>
</thead>
<tbody>
<tr>
<td>F — Fail</td>
<td>0 grade point</td>
</tr>
<tr>
<td>P — Pass Satisfactory, C or better</td>
<td>0 grade point</td>
</tr>
<tr>
<td>NP — No Pass</td>
<td>0 grade point</td>
</tr>
<tr>
<td>CR — Credit</td>
<td>0 grade point</td>
</tr>
<tr>
<td>NC — No Credit</td>
<td>0 grade point</td>
</tr>
</tbody>
</table>

Grading for Career Development and College Preparation Courses

Students enrolled in a Career Development and College Preparation (CDCP) course are advised that they will be issued a grade that will appear on their NOCE transcript and permanent academic history. The following grading system is used:

<table>
<thead>
<tr>
<th>CDCP Grading Scale</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>P — Pass</td>
<td>(No grade point)</td>
</tr>
<tr>
<td>NP — No Pass</td>
<td>(No grade point)</td>
</tr>
<tr>
<td>RD — Report Delayed</td>
<td>(No grade point)</td>
</tr>
<tr>
<td>SP — Satisfactory Progress</td>
<td>(No grade point)</td>
</tr>
<tr>
<td>W — Withdrawal</td>
<td>(No grade point)</td>
</tr>
</tbody>
</table>

Students enrolled in a Career Technical Education (CTE) Program course are advised that if they do not wish to be graded, they must drop the course prior to the eighth hour of instruction. While an instructor may drop a student for excessive absences, it is the student’s responsibility to officially withdraw from a class. If a student withdraws after the eighth hour of instruction, but prior to the last quarter of instruction, the student will receive a “W” grade on their transcript, regardless of whether the drop was initiated by the student or instructor. Students may not drop a course after the start of the final quarter of the course.

Auditing Classes

If a student has received a passing grade in a Pharmacy Technician Program or a Medical Assistant Program course and wishes to repeat the course, the student should submit an audit request form to the CTE Program Director. For more information about auditing a Pharmacy Technician or Medical Assistant course, please contact 714.808.4915. There is a $15 fee charged for auditing a course. Fees charged for auditing a course is subject to change. Auditing other NOCE courses is not permitted.

Grade Appeal Policy

NOCE recognized the legal right of faculty to set standards of performance and to apply them to individual students. Therefore, the instructor is the final authority in determining grades that are assigned to students and that appear in their permanent academic records. Students have a right to inquire how their grade was determined and have a right to formally appeal the final grade earned. Appeals are limited to the situations in which students believe the grade is prejudicially, capriciously, or arbitrarily assigned. Grade appeal requests should be initiated by the student during the next term but no later than one year following the award of the original grade. All grade appeal requests should be directed to the NOCE Registrar at 714.992.9502. For additional information, you may refer to Board Policy 4231 at noce.edu/policies (https://www.noce.edu/policies).

Course Repetition

No limits are imposed on the repetition of most noncredit courses. However, in the case of special noncredit courses, such as those for students with disabilities, restrictions on repeatability may be imposed when students are judged to have met the objectives of a course and/or are no longer making measurable progress. For additional information,
you may refer to Board Policy 4225 at noce.edu/policies (https://www.noce.edu/policies).

Credit by Exam
The purpose of credit by examination is to allow credit for prior or advanced knowledge of class material by the student. Currently, enrolled students may be permitted to obtain Credit by Examination in subject areas in which they are specially qualified through previous training or experience for which credit has not previously been given. Examinations will be sufficiently comprehensive to determine that the student has essentially the same knowledge and skills as a student who successfully completes the course. Only those courses approved for Credit by Examination will be eligible. Students may discuss credit by exam with an NOCE counselor or for additional information, refer to Board Policy 4235 at noce.edu/policies (https://www.noce.edu/policies).

Course Substitution
A request for a Course Substitution may be discussed with an NOCE counselor.

Disciplinary Dismissal
The standards of student conduct and disciplinary action for violation of Board Policy 5500 are drawn in compliance with the State Education Code.

Students are expected to respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the city, county, state, and national law(s). A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. For additional information on disciplinary dismissal, you may refer to Board Policy 5500 at noce.edu/policies (https://www.noce.edu/policies).

Student Records and Transcripts
The California Administrative Code, Title V, and NOCCCD policy states that students can review their student records at any time. All NOCE student records are located at the Wilshire Continuing Education Center located at 315 E. Wilshire Avenue, Fullerton, CA 92832.

Transcript of Record - Verification of Enrollment and Attendance
Students are entitled to two (2) free copies of their student record in the form of an Official Transcript or a Verification of Enrollment/Attendance. Subsequent copies are $5 per copy. Requests are accepted in person or by mail and both request forms may be accessed at noce.edu/records (https://www.noce.edu/records). Rush transcripts can be obtained for an additional fee of $10. (Note: Fee is subject to change at any time.)

We are unable to provide rush Verification of Enrollment/Attendance letters on a “rush order.” Requests will not be processed until the completion of the third (3rd) week of the current term.

With the exception of High School Diploma courses, transcripts include a notation of the number of hours attended for each course of record.

Classification of Students
Students are classified as full-time when enrolled and attending 12 hours or more of instruction per week. Students enrolled in fewer than 12 hours per week of instruction are considered part-time students. Enrollment and attendance can be confirmed after the student has attended two consecutive weeks of instruction.

The Family Educational Rights and Privacy Act (FERPA) and Release of Student Records
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They have a right to:

- Inspect and review their education records
- Have some control over the disclosure of information
- Seek to amend incorrect education records

In accordance with FERPA, NOCE may release or publish, without the student’s prior consent, items in the category of public (directory) information. The NOCCCD Board of Trustees has identified the following as public (directory) information:

- Degrees and awards received by students, including, honors, scholarships, athletic awards, and Dean’s List recognition
- Student participation in officially recognized activities and sports including weight, height and high school of graduation of athletic team members
- Dates of attendance

Students who wish to restrict this information must submit a written request to the NOCE Registrar’s Office at the NOCE Wilshire Center. Requests must be filed within 15 calendar days from the beginning of each term a student is in attendance. For more information, call 714.992.9502.

Student Identification Policy
Students are required to show a valid form of identification to obtain any form of non-directory information. Valid forms of identification accepted by NOCE include:

- State-issued driver’s license,
- State-issued identification card, or
- A government identification with photo issued by the U.S. or other countries.

For additional information on what is considered non-directory information, you may refer to Board Policy 5040 at noce.edu/policies (https://www.noce.edu/policies).

Admissions/Registration Procedures

Admission to Classes
Students are admitted on a first-come, first-served basis. By District policy, "every course, course section or class shall be open to enrollment and participation by any person who has been admitted to North Orange Continuing Education (NOCE)." Students are not permitted to attend classes in which they are not officially enrolled. Classes filled may have a waitlist already established for students wanting to attend. Non-Tuition Classes: Students must attend the first day of class or they will lose their seat to a petitioning student.

New Students
New students are those who have never attended classes at NOCE.
Continuing Students
Continuing students are those students who are currently enrolled and have not missed more than two consecutive terms.

Returning Students
Returning students are those students who previously attended classes at NOCE yet did not re-enroll after missing two consecutive terms.

Campus Locations
Anaheim Campus
1830 West Romneya Drive
Anaheim, California 92801
714.808.4645

NOCE Cypress Center
9200 Valley View Street
Cypress, California 90630
714.484.7038

NOCE Wilshire Center
315 East Wilshire Avenue
Fullerton, California 92832
714.992.9500

Additional classes are offered at many off-site locations throughout North Orange County. For specific off-site locations, please refer to the current class schedule at www.noce.edu/schedule (http://www.noce.edu/schedule)

Minor Students
NOCE classes are open to those 18 years or older who have been admitted to NOCE and are not attending school. Students under 18 who have not graduated from high school may be permitted to attend under special circumstances. It is advisable to contact the center Dean at the site where the class is offered prior to obtaining the required permission letter from the school that the minor is attending. If permission to enroll is granted, the minor student may enroll only after the regular registration period so that priority is given to adult students. Children of any age may take Kids’ College and Teen Program classes as indicated in the course schedule. Children are not permitted to attend adult classes.

International F-1 Visa Students
Students with F-1 Visa status are unable to register for NOCE classes.

NOCE is considered a publicly-funded adult education program by the federal government. The law prohibits publicly-funded adult education programs from enrolling students with F-1 Visa status. This is according to the Code of Federal Regulations, Title 8 CFR Part 22 Section 214.2 (f).

Open Enrollment
It is the policy of NOCCCD that, unless specifically exempted by statute, every course section or class, the full-time equivalent students (FTES) attendance of which is to be reported for state aid, whenever offered and maintained by NOCCCD, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) or NOCE and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, part VI, Title 5 of the California Administrative Code, Commencing with Section 51820.

In-Class Registration
Students must attend the first meeting where in-class registration takes place or they may lose their seat to another student. A minimum number of students must attend the first class meeting to ensure the required enrollment is met. In-class registration is on a first-come, first-served basis, however, students enrolling in a year-round class may enter and register in the class at any time.

Registration Locations
No matter where the class is held, students can register at any campus: Anaheim (Second Floor), Cypress (Parking Lot 4; Building 100), Wilshire (Building 300). Registration is also available through MyGateway at https://mg.nocccd.edu/

Fees
Full payment is required at the time of registration. Cash, checks, money orders, and credit cards (MasterCard and Visa) are accepted. A $25 fee will be charged to any students’ account where a check is returned for non-sufficient funds.

Fee-Based Courses
Classes NOT funded by the state are supported by student tuition. Students must cover the cost of the class through fees. Additional instructional material or supply fees may be required. These classes will not be canceled if attendance falls during the term. While late registration is permissible in most classes, full payment of tuition fees is always required.

Parking Information/Fees
A parking permit is required to park in marked spaces at all three NOCE Centers; however, a purchased parking permit does not guarantee a parking space. If you do not have a permit, you will be ticketed. An NOCE parking permit applies to any space that is marked for students or any unmarked space. Parking permits are refundable prior to the first-class meeting only and must be returned to receive a refund. Please do not back into the parking space or you will be ticketed.

• DMV disabled person placard holders are permitted to park in disabled parking, or any other student or staff space, but must also purchase an NOCE parking permit.
• Parking is by permit only, available at each NOCE Center’s Admission and Registration Office.
  • Vehicle permits: $40
  • Vehicle permits during summer at Cypress: $20
  • Motorcycle permits: $20
  • Daily permits are available for $3 in parking areas.
• Parking Permit Dates
  • For Anaheim and Wilshire, half-year permits are available for:
    • Winter & Spring: January 1 - June 30
    • Summer & Fall: July 1 - December 31
  • Parking permits are valid for a set period of time (Jan 1-Jun 30 or Jul 1-Dec 31), and not six months from the date of purchase.
• For Cypress, the permits are available for:
  • Winter & Spring: January 1 - June 30
  • Summer: July 1 - August 31
  • Fall: September 1 - December 31.
Virtual Parking Permits
At Cypress College's in lieu of a physical parking permit/hanger, effective September 2016 parking in general parking lots requires a virtual parking permit enforced by license plate recognition. You may register your vehicle online at noce.edu/parking-cypress and purchase a permit for the entire NOCE term or for one day. To purchase a permit online with a debit or credit card ONLY you will need your vehicle license plate number or the last eight digits of your VIN number. Day permits are also available for purchase by debit or credit card ONLY at any Cypress College parking kiosk. Virtual Permits are also valid at the Anaheim Campus and Wilshire Center.

Any vehicle found parked on Cypress College property that has three (3) or more unpaid Cypress College parking citations may be towed without notice. Registered owners of the vehicle will be responsible for paying all citations, towing fees, and impound fees prior to the vehicle being released by the impound company.

Bus Passes
The Orange County Transportation Authority (OCTA) bus passes are available at any NOCE Center’s Admission and Registration Office. 30-day regular passes are available to all students; 30-day reduced fare passes are available for seniors 60 years and older, and for disabled students with valid ID. Passes are sold year-round. The Orange County Transportation Authority (OCTA) provides bus service to each of our three NOCE Centers. For more information, call 714.636.7433.

Book Information
All three bookstores offer textbooks and supplies available for purchase, in addition to supplemental educational materials and supplies. Books and supplies can be purchased at the following center bookstores:

Anaheim Campus Bookstore
1830 W. Romneya Drive
Anaheim, California 92801
(714) 808-4675

Cypress College Bookstore
9200 Valley View Street,
Cypress, California 90630
(714) 484-7336
or online at www.cypresscollege.edu/bookstore (https://www.cypresscollege.edu/bookstore)

Fullerton College Bookstore
330 East Chapman Avenue
2000 Bldg., 1st Floor
Fullerton, California 92832
or online at noce.edu/textbooks (https://www.noce.edu/textbooks)

We recommend you call and confirm the hours of operation to ensure they are open during the time you plan to make your purchase.

Refund Policy
To receive a refund, a Refund Petition Form must be submitted at least two (2) full business days before the first class meeting. A $10 processing fee will be deducted from all refunds one time per term, per student, except for classes canceled by NOCE. Refunds will be processed two weeks after the term begins. No refunds will be given on books. Refund checks to Kids’ College students will be made to the name of the student of record as required by State Education Code regulations. The only other criteria considered for refunds are circumstances in which the course differs from the way it was described in the class schedule, such as incorrect start date, time or wrong location. You may request a credit valid for six months toward any fee-based course. Requests for credits must be submitted prior to the second class meeting of the course being dropped.

Name Changes
Students are encouraged to visit one of the NOCE Center Admissions and Registration Offices to change a name on a student record. Students must provide a valid photo identification card when requesting a name change.

Holds
NOCE will withhold transcripts, registration privileges or any combination hereof from any student or former student who has failed to pay all outstanding fees owed to NOCE, Fullerton College or Cypress College (from current or previous terms) or for other administrative reasons.

Class Attendance/Cancellations
Students are expected to attend all classes. Non-tuition classes may be discontinued during the term if attendance drops. Tuition classes will continue according to schedule once they have started.

It is NOCE’s practice that classes do not normally meet on a weekend following a Friday District Holiday or preceding a Monday District Holiday. If it is necessary for a class to be held on a holiday weekend, this would be an exception to the rule.

Waitlist Procedure
You may petition a closed class by adding yourself to the waitlist during registration in myGateway. Waitlisted students are accepted into a class as space is available and in the order in which they have been placed on the waitlist. A waitlisted student is not officially registered into the course until they have returned the instructor approval to an NOCE Admissions and Registration Office.

Additional Seats for Special Programs
To promote matriculation for students in certain Career Technical Education Programs, additional seats may be reserved for students who have declared their intent to complete a program. At this time Pharmacy Technician Program students may declare their intent to complete the program by returning a declaration form to the Admissions and Registration Office. Pharmacy Technician Program students who return this form at least five (5) business days prior to the start of registration will be eligible for additional seats during registration in the following classes; MEOC 135 Human Relations for Healthcare Workers and MEOC 140 Pharmaceutical Mathematics.

Commencement Ceremony
The Annual NOCE Commencement Ceremony recognizes our students’ achievements as they complete their High School Diploma and Career Technical Education programs. The commencement celebration honors the accomplishments of our students who have demonstrated the ability to set, pursue, and achieve educational goals that will positively impact their lives moving forward.

NOCE conducts a commencement ceremony in celebration of student accomplishments in the following academic programs:
• High School Diploma
• Administrative Assistant
• Early Childhood Education
• Electrical Technology
• Funeral Service Assistant
• Management
• Medical Assistant
• Pharmacy Technician
• Quality Assurance Management for Medical Devices

To learn more about NOCE’s Commencement Ceremony, please visit: www.noce.edu/commencement (http://www.noce.edu/commencement).

Scholarship Information

The North Orange Continuing Education is committed to supporting students along their educational and career journeys. To affirm our dedication to student success, NOCE offers many scholarship opportunities in order to meet the diverse needs of our students and give them the necessary support to achieve their goals. The NOCE scholarship program celebrates all students and their efforts to reach their individual academic goals. Our scholarship program is designed to meet specific student needs and honor student achievement and leadership.

The NOCE scholarship program includes an annual spring campaign that promotes available opportunities through classroom and program promotion. The NOCE scholarship program is a unified effort by instructors, leaders at the admissions and registration counters, counselors and administration to encourage student application and provide assistance throughout the application, review and remittance process. NOCE scholarship program hosts an annual spring award celebration to acknowledge our scholarship recipients. A unique opportunity for donors and award winners to converse, NOCE scholarship program hosts a small reception following the award celebration.

NOCE is pleased to offer scholarships for new and existing students. These scholarships vary in their fields, the requirements to apply for them, and the award amount. Each scholarship has been made available through the generosity of individual donors, faculty and staff, and retired administrators.

For more information, please visit: www.noce.edu/scholarships (http://www.noce.edu/scholarships)

Student Support Services

Adult College and Career Transitions (ACCT) Program

ACCT is designed for students planning to continue their education after receiving their High School Diploma Program, English as a Second Language Program Certificate or Career Technical Education Program Certificate. The intent of ACCT is to give students special support through workshops tours, one-on-one assistance and encouragement while enrolled in at NOCE.

CalWORKs

The CalWORKs Program is designed for students who are receiving AFDC/Welfare. CalWORKs students are assigned a CalWORKs Counselor who provides the guidance and support needed to meet both their academic goals, and the requirements mandated by their County Social Worker. A team approach is used to advocate for student rights. For more information contact:

• Cypress College CalWORKs at 714.484.7237
• Fullerton College CalWORKs at 714.992.7101

Career Center/Planning

Educational planning services are available to students currently enrolled in:

• English as a Second Language (ESL)
• Citizenship
• Disability Support Services Programs (DSS)
• Parenting
• High School Diploma Program (HSDP)
• Basic Skills
• Short-term Vocational classes

Disability Support Services (DSS)

Disability Support Services (DSS) offers a variety of services and accommodations for students who are enrolled in NOCE classes, and who have verified disabilities including: learning, intellectual, Autism-spectrum, hearing, visual, mobility, psychological, acquired brain injury, and other medical conditions. Accommodations and services are tailored to the student’s individual needs in compliance with state and federal legislation. Students who have a verifiable disability qualify for support services. The services are designed to support students in reaching their academic or vocational goals. Reasonable accommodations are determined on an individual basis through consultation with a DSS counselor. Services and accommodations are based on the educational abilities and functional limitations unique to each student.

DSS offers a large variety of classes and programs for students with disabilities that provide students with a college experience, that focus on skills needed to live, work and navigate the community independently. Other programs include:

• ARISE Lab – Academics, Relationships, Independence, Self-Advocacy, and Emotional Health Lab
• C2C – College to Career
• IVES – Independent Vocational Educational Support Program
• Mobility Skills Training or JARC - Job Access and Return Commute
Counseling and Student Services

The Counseling and Student Services is a place that enhances student access to the California Community Colleges and promotes and sustains the efforts of students to be successful in their educational endeavors. The goals of Counseling and Student Services are to ensure that students complete necessary coursework, persist to the next academic term, and achieve educational objectives through the assistance of the following student-direct core services:

- **Orientation**
  Prior to registration, the orientation is designed to introduce students to the North Orange Continuing Education, program requirements, student support services, and success tips.

- **Assessment**
  The purpose of the assessment process is to provide information regarding basic skill levels and activities necessary for a successful academic experience.

- **Counseling and Advisement**
  Counselors are available to discuss course offerings, career counseling, transfer counseling, and personal counseling (as it relates to a student's academic progress.) They can assist student's in identifying NOCE resources as well as community resources.

- **Educational Planning**
  Students are encouraged to see a counselor for help planning their courses prior to registration, identifying electives and program requirements, and track academic progress towards program completion.

Counseling and Student Services provides support to students while completing their educational goals. In general, a student goal is defined as a diploma, certificate, employment or career advancement, English as a Second Language, or transfer to credit.

---

### Instructional Support Services, Open Labs

#### Academics, Relationships, Independence, Self-Advocacy, and Emotional Health (ARISE) Lab

The ARISE Lab serves students with Autism, and similar needs, on all three NOCE Centers. The ARISE Lab at the Anaheim Campus is a dedicated room with tools and resources for students to utilize including a quiet area for students who may need to get away from the chaos of the busy campus, adult coloring books, fidgets, soft lighting, and other resources. The Lab also hosts social groups for students that focus on relaxation/stress relief, executive functioning skills, relationships and boundaries, and social skills. The goal of the Lab is to meet the students where they are and provide the resources, they need to be successful on campus.

Under the guidance of the Disability Support Services (DSS), the ARISE Counselor meets with students in the lab to provide support, help students with issues relating to emotional regulation, stress reduction, stimulus control, appropriate classroom behaviors, and appropriate social boundaries. The counselor also meets one-on-one and in groups with students to help them become more successful on campus.

#### Basic Skills/Learning Centers

High School Diploma and Learning Center students receive assistance in gaining skills to attain personal and educational goals by working with faculty, staff, and tutors in small groups or one-on-one in a variety of subjects such as math, grammar, and reading. Computers are available for online instruction and assessment. Students may also enroll in the Learning Center to gain employability skills, receive additional instructional support in diploma subjects as referred by the diploma lab faculty or staff, obtain tutorial support in vocational/career technical education subject areas, and/or prepare for college-level assessments or coursework. Instructional materials, including textbooks, are provided at no cost to students. However, materials are to remain in the labs as they are shared by all students in the classroom.

#### Business/Computer Skills Lab

Students receive assistance while accessing a variety of self-paced courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for speed and accuracy, Windows Operating system, MS Office (Word, Excel, Access, Outlook, PowerPoint), Introduction to the Internet and World Wide Web. Internet and e-mail access is also available during lab hours.

#### Career Resource Center

The Career Resource Center offers NOCE students assistance in building their resume and cover letter; updating and tailoring their resume or cover letter to specific jobs; preparing for interviews; assistance with job search, online job applications, creating LinkedIn accounts, and career exploration. Students can make one-on-one appointments to receive individualized assistance in any of the areas mentioned above. Career readiness workshops are also held every term to prepare students for the workforce.

#### English as a Second Language (ESL) Learning Center

The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or
receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction.

---

**Standard Definitions**

**Definition of Hours/Credits**

NOCE coursework is measured in terms of instructional hours. A noncredit course awarding 10 high school credits is designed to require a minimum of 144 hours of lecture, study, or laboratory work.

**Definition of a Prerequisite**

When a course has a prerequisite, it means that a student must have certain knowledge to be successful in the course. The prior knowledge may be a skill, ability (i.e. speaks and writes Spanish fluently), a test score, or successful completion of a prior course (i.e. must complete MEOC 104 Medical Terminology with a grade of "P"). Completion of the prerequisite or a current enrollment in the prerequisite is required prior to enrolling in the course. Successful completion of a prerequisite course means that a grade of Pass was earned; NP, W, or NG grades are not acceptable.

**Definition of Advisory**

When a course has an advisory, it means that a student is recommended to have certain preparation before entering the course. The preparation is advantageous to a student's success in the course but is not required. Since the preparation is recommended, the student is advised, but not required, to meet the condition before or in conjunction with enrollment in the course or educational program.

**Definition of a Career Development and College Preparation (CDCP) Course**

Courses identified as CDCP are a sequence of noncredit courses that culminate in:

1. **Certificate of Completion** - leading to improved employability or job opportunities
2. **Certificate of Competency** - in a recognized in a career field and prepares students for transfer to a four-year institution

**Definition of Apportionment**

These classes appear as free but are actually funded by the State Chancellor Office. Funding is received for each hour of student attendance. The cost of offering the class is covered by these funds. The class may be canceled if the attendance falls below the level needed to cover the costs of the class. There are 10 recognized areas in Title V that are eligible for noncredit education apportionment. NOCE offers noncredit classes in the following areas:

- English as a Second Language (ESL)
- Citizenship for Immigrants
- Elementary and Secondary Basic Skills
- Substantial Disabilities
- Parenting
- Courses for Older Adults

---

**Definition of Year-Round Classes: Basic Skills, ESL, DSS, and LEAP Programs**

Most Basic Skills, ESL, DSS, and LEAP classes are offered year-round and allow students to enroll in an open entry/open exit basis. Initial enrollment into the course remains active until the student stops attending for an extended period of time, at which time they are dropped from the course.
NONCREDIT EDUCATION & COMMUNITY SERVICE PROGRAMS

North Orange Continuing Education (NOCE) offers quality programs and services for students seeking self-improvement, enhanced earning power, increased literacy skills, and access to higher education and employment. Courses are offered during all hours throughout the week and weekends. Some courses may be out of our schedule for a term or two.

Most classes offered through noncredit programs are free of charge. NOCE also offers a wide variety of fee-based community service classes. These include career and professional development programs, seminars and workshops, and special programs for kids and teens.

Basic Skills Labs / Learning Center
Learning Centers are open-entry labs where adult students, 18 years of age and older, receive assistance in gaining skills to attain personal and educational goals by working with faculty, staff, and tutors in small groups or one-on-one in a variety of subjects such as math, grammar, and reading. Computers are available for online instruction and assessment. Students may also enroll in the Learning Centers to gain employability skills, receive additional instructional support in High School Diploma subjects as referred by the diploma faculty and staff, obtain tutorial support in vocational/career technical education subject areas, and prepare for college-level assessments and coursework. Open-entry, GED/HISET Preparation is offered for adult students at the NOCE Wilshire Learning Center. For a list of courses, see course descriptions: Adult Basic Education (ABE and ABED), and Labs (LABS).

Business Skills & Opportunities
See a list of courses, see course descriptions: Business Management (BMGR); Business (BUSN); and Finance (FINC).

Career Technical Education (CTE)
The Career Technical Education (CTE) Program offers students a variety of short-term certificate programs and single course options designed to prepare for a high-demand career and advance current work skills. CTE programs combine academic knowledge with technical and occupational skills to provide students with pathways to long-term careers and success. Our CTE Program instructors are leaders in their fields with extensive practical experience to share with students. Much of the growth in current and future jobs will require training beyond high school. Enrolling in NOCE CTE Program classes means job readiness for a new career or a better position in current work field in two years or less. For a list of courses, see course descriptions: Business Management (BMGR); Business (BUSN); Computers (COMP); Construction (CONS); Digital (DIG); Early Childhood Education (ECE); Electrical (ELET); Funeral Services (FSRV); Medical Occupations (MEDO); Medical Occupations Clerical (MEOC); and Microsoft (MS), Office Technician (OTEC), and Pharmacy Technician (PTEC).

College Preparation Program
Effective Fall 2019, NOCE offers College Preparation courses in accordance with AB 705. The College Preparation program provides students with an opportunity to develop their critical thinking and language skills to succeed in college-level credit courses. Non-credit College Prep Math and English courses are intended for students who desire to build or strengthen their foundational level mathematical, reading and writing skills. The College Prep program is tuition-free. Accessible and free Open Educational Resources (OER) are utilized as the primary teaching tools in this program. Courses offered in the Math Co-Lab are open to college students ONLY. For a list of courses, see course descriptions: Adult Basic Education (ABED).

Computer Applications
The Computer Applications Program offers courses in the foundational concepts needed to operate personal computer systems. Courses offered include application-specific skill development in Microsoft, Adobe and Internet-based software. For a list of courses, see course descriptions: Computer (COMP); Computer Lab (CCTR), Microsoft (MS), and Office Technician (OTEC).

Disability Support Services (DSS)
The North Orange Continuing Education Disability Support Services (DSS) provide students with disabilities with a variety of accommodations and support services that minimize the impact of their disabilities on their academic performance. Services include academic, vocational, and personal advisement; test-taking assistance; advocacy and referral services; registration assistance; assessment and evaluation; interpreters for the deaf; and adaptive technology. Special classes designed to promote the development of independent living and employment skills of individuals with intellectual disabilities are also offered. For a list of courses, see course description: Disability Support Services (DSPS).

English & Communication
The English and Communication classes offer a variety of opportunities for the adult student to improve their writing, speaking, or presentation skills or gain skills to be a better communicator on the job. Courses such as Communication with the Deaf, Sign Language, and Educational Interpreting also offer pathways to possible future careers. For a list of courses see course description: English/Communications (ENCO) and Sign Language (SIGN).

English as a Second Language (ESL & Citizenship)
These courses help second language learners improve their English listening, speaking, and pronunciation skills in order to reach their career, academic, and personal goals. Classes also incorporate civics education to community members and prospective United States citizens. Specialized strands such as ESL for Academic Success are available to the advanced-level students. For a list of courses, see course descriptions: English as a Second Language (ESLA) and ESL Education Planning (ESLW).

Foreign Language
Foreign Language courses introduce students to basic grammar, pronunciation, and vocabulary with special emphasis on auditory comprehension and conversation. Students will broaden their language skills while at the same time experiencing a new culture through various class activities. Special emphasis will be placed on spoken communication while expanding listening, reading, and writing skills. For a list of courses, see course description: Language (LANG).
GED/HiSET Preparation

Earning a high school equivalency credential is an alternative option for adults to demonstrate their high school competency skills. The GED/HiSET Preparation Program is offered in an open entry lab setting at Wilshire Learning Center as well as in a traditional classroom setting at Anaheim campus. Lab faculty and staff assist students with preparation in the subject areas of math, science, social studies, reading, and language arts. Test-taking skills such as keyboarding and calculator usage are included in the preparation. Practice tests are administered to assess readiness for the official exams. Assistance in finding and signing up for the official tests is part of the program. Through both teaching methods, open-entry GED/HiSET program at Wilshire center and direct GED/HiSET instruction at Anaheim campus, adults are given the opportunity to prepare and demonstrate their high school level proficiency and their readiness for higher education or the workplace. For a list of courses, see course descriptions: Adult Basic Education (ABE).

High School Diploma (HSDP)

High School Diplomas are issued by the North Orange County Community College District to adult students, 18 years of age and older, who earn 160 credits by completing the required course of study and demonstrate proficiency in basic skills. The HSDP operates as an open-entry lab where students work individually and at their own pace on various required subjects. All labs have instructors and staff to assist students with completing their courses. Whole-class or small-group instruction is offered in the major content areas, specifically math and language arts, as well as other subjects as the need arises. Elective credits can be earned in continuing education classes offered through NOCE. New students enter the HSDP through orientation, assessment, and counseling service. Counselors meet with students individually to review assessment scores and transcripts and develop an educational plan of study. HSDP students are highly encouraged to attend their enrolled high school lab on a regular basis (6+ hours of attendance is recommended) to make academic progress by earning credits and grades in their diploma studies. NOCE staff provides High School diploma graduates the guidance resources and the support needed to transiting to credit programs. For a list of courses, see course descriptions: Individual High School Subjects (IHSS).

Lifeskills Education Advancement Program (LEAP)

The LEAP Program provides dynamic and responsive lifelong learning opportunities to meet the needs of the residents of our diverse community. These are learning opportunities in the areas of vocational training, health and safety, socialization, parenting, enrichment and skill development leading toward personal fulfillment and greater involvement in the community. Both apportionment and fee-based courses are held at various sites throughout the district.

- **Family & Consumer Sciences**
  These courses focus on the lifespan of individuals and families developing and functioning in family, work and community settings. Individuals are prepared to balance personal, family, and work responsibilities throughout life. Course offerings address the full spectrum of skills necessary to achieve optimal and sustainable living. Courses are offered in the areas of home resource management; parenting and family education; fashion design, clothing production; and hospitality.

- **Bartending**
  For a list of courses see course description: Hospitality Management (HOSM)

- **Music**
  For a list of courses, see course descriptions: Music (MUSC)

- **Photography**
  For a list of courses, see course descriptions: Photography (FOTO)

- **Kids’ College and Teen Program**
  The Kids’ College and Teen Program is a fee-based program providing enrichment activities outside of the regular classroom experience for children and teens from ages 6 months to 17 years old. Classes are offered to provide academic enrichment, personal improvement, or instruction in sports, art or music. Sessions of six to eight weeks are offered four times a year with classes held after school hours, on Saturdays, and summer camps are also offered. For a list of courses, see course description: Kids (KIDS).

- **Physical Fitness**
  Encompasses classes in physical exercise, dance, and martial arts. All of these are offered as fee-based classes. The variety of offerings provides students with options to start or maintain a fitness program. For a list of courses, see course descriptions: Dance (DAN), Fitness (FITN), and Health (HLTH).
Medical

See Career Technical Education for more details. For a list of courses, see course descriptions: Medical Occupations (MEDO), Medical Occupations Clerical (MECO) and Pharmacy Technician (PTEC).
CAREER DEVELOPMENT AND COLLEGE PREPARATION (CDCP) CERTIFICATE PROGRAMS

What are CDCP programs? Career Development and College Preparation (CDCP) Programs are sequenced courses resulting in noncredit certificates of completion or competency and leading to improved employability, job placement, and academic skills. CDCP Programs are offered in the areas of short-term vocational or workforce preparation, basic skills, and English as a Second Language. Certificate programs are favorably recognized by business and industry and are frequently used as a requirement for professional advancement. Classes are noncredit and do not generate degree-applicable college units.

GED Test Preparation

Requirements

Program #24258

This program is designed to prepare the adult student to obtain a passing score on the official General Education Development (GED/HiSET) test. Upon successful completion of this program, the student will be prepared in all five areas of the GED/HiSET competency requirement. Acquisition of a GED/HiSET certificate will lead to improved employability and the skills mastered will apply to entry-level college preparation.

Literacy Program

Requirements

Program #24305

The Literacy program is divided into three levels. Each level contains a reading, writing, speaking and listening component which allows the student to develop a complete set of communication skills that will prepare him/her for the workplace, vocational training, or success in academic programs such as GED, high school or college.

Literacy - Advanced

Reading for information and academic vocabulary. Writing skills necessary for higher education and the workplace such as essays, note taking, job applications, resumes, and business writing. (Apportionment)
Braille Transcribing

Certificates

• Braille Transcribing Program (p. 21)

Braille Transcribing Program

Requirements
Program #33138

The Braille Transcribing Program is comprised of three classes that prepare students for the Library of Congress Braille Transcriber Certification which is required to be employed as a braille transcriber in public schools. The three sequenced courses are designed to provide the necessary skills to read and produce braille for all levels of educational institutions as well as other community needs.

Total Hours 264

List of Courses

BUSN 320 24 Hours
Office Skills I
First in a series of two levels that prepare students for an entry-level position as an administrative assistant. Includes units on the office environment, career opportunities, attitude, human relationships, and work ethics. Textbook Required. (Apportionment)
BUSN 321 Office Skills II
Prerequisite(s): BUSN 320 Office Skills I.
Second in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on telephone procedures, filing and managing records, processing business documents, sending and receiving mail, and managing office activities. Textbook Required. (Apportionment)

BUSN 340 Computer Applications for the Administrative Assistant I
First in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on Keyboarding and Word. (Apportionment)

BUSN 341 Computer Applications for the Administrative Assistant II
Prerequisite(s): BUSN 340 Computer Applications for Administrative Assistant I.
Second in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on Windows and Internet. Textbook Required. (Apportionment)

CCTR 100 Business/Computer Skills Lab
Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email! (Apportionment)

**Administrative Professional Requirements**

Program #38319

The Administrative Professional certificate is designed to build upon the skills learned in the Business Information Worker I (BIW I) certificate program to prepare students for the next level of office and administrative support positions, including administrative assistant, administrative associate, administrative secretary, administrative specialist, administrative technician, clerk-typist, department secretary, office assistant, secretary, and staff assistant. Students can be expected to learn the following: basic oral and written communications; practical keyboarding skills; fundamental computers and information processing skills; basic computer application skills, including beginning Excel, Word, Access, Powerpoint, and Outlook; fundamentals of the internet, digital ethics and awareness, and cloud computing, critical thinking and problem solving skills; and hands-on practice integrating Microsoft Office software into real-world simulations. Students completing this program will be eligible to take the Microsoft Office Specialist (MOS) certifications in Word, Excel, Access, Powerpoint, and Outlook, and the IC3 Digital Literacy certification. This training is also ideal for incumbent workers to be able to update their existing knowledge and skills relating to this field for more advanced career opportunities.

**BMGR 415** Written Communications for Business
Provides extensive hands-on experience with all types of written business communications including letters, resumes, cover letters, memos, and reports. (Apportionment)

**COMP 510** Keyboarding Mastery I
Prerequisite(s): The student must be able to key 35 net words per minute (nwpm) timed writing or have completed COMP 685 Beginning Keyboarding with a pass grade.
The first of two keyboarding courses designed to increase keying speed and accuracy to employment levels of 50+ nwpm. (Apportionment)

**COMP 511** Keyboarding Mastery II
Prerequisite(s): The student must have completed COMP 510 Keyboarding Mastery I with a pass grade.
The second of two keyboarding courses designed to increase and maintain keying speed and accuracy to employment levels of 50+ net words per minute (nwpm). (Apportionment)

**COMP 685** Beginning Keyboarding
Stop hunting and pecking at the keyboard with this short course. Learn the keyboard layout to build speed and accuracy. Course covers proper technique at the computer keyboard as well as 10-key keyboarding. Textbook Required (Apportionment)

**OTE 100** Office Essentials
A course that prepares students for an entry-level position in an office. Includes units on the office environment, becoming a professional, work ethics, and several elements of customer service. Textbook Required. (Apportionment)
### Business Information Worker I

#### Requirements

Program #38320

The Business Information Worker I (BIW I) certificate is designed, as the first level in a series of certificate options, to prepare students for entry-level office and administrative support in a variety of job positions, including general office clerks, retail salesperson, customer service representatives, receptionist, and information clerks. Students can be expected to learn the following: basic oral and written communications; basic computer application skills, including beginning Excel, Word, and Outlook; fundamentals of computer systems; and critical thinking and problem-solving skills. With a solid foundation in Microsoft Windows and Office, as well as strong digital and web literacy skills, students will be better prepared to meet the workforce demands of today's business environment. Students completing this program will be eligible to take the Microsoft Office Specialist (MOS) certifications in Word, Excel, and Outlook.

OTEC 100  24 Hours
Office Essentials
A course that prepares students for an entry-level position in an office. Includes units on the office environment, becoming a professional, work ethics, and several elements of customer service. Textbook Required. (Apportionment)

OTEC 105  12 Hours
Microsoft Outlook Fundamentals
This course introduces students to Microsoft Outlook. Students will learn how to organize and manage emails, schedule appointments, create and manage task and contact records, and customize Outlook. (Apportionment)

OTEC 110  24 Hours
Business Math for Office Technology
Provides coverage of personal and business-related mathematics as well as reviewing the basic operations of arithmetic. (Apportionment)

OTEC 210  36 Hours
Computer Concepts and Applications I
This is the first course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part I introduces students to fundamental workforce skills in computers and information processing; hardware; system software; networks, security, and privacy; troubleshooting and maintenance; and application software. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. (Apportionment)

OTEC 211  60 Hours
Computer Concepts and Applications II
Prerequisite(s): OTEC 210 Computer Concepts and Applications I and COMP 685 Beginning Keyboarding or Pass the Keyboarding Challenge Exam at a rate of 35 net words a minute with five or fewer errors per minute on a 5-minute timed writing.
This is the second course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part II introduces students to fundamental workforce skills in the internet, digital ethics and awareness, cloud computing, Windows, Microsoft Word, and Microsoft Excel. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. (Apportionment)

Management Program

Requirements
Program #24114
This program will prepare students for first-line supervisory or management positions. Students learn management principles and develop basic skills in decision-making, problem-solving, planning, organizing, speaking and writing. The sequence builds their knowledge base to enhance their effectiveness on the job by covering topics such as leadership development, business law, finance, negotiations, marketing and more. (There are ten required courses, and student must choose one of nine computer electives.)

Total Hours  216

List of Courses

BMGR 410  18 Hours
Elements of Supervision
Provides instruction in communication, problem solving, team building and leadership. Designed for managers in both public and nonprofit organizations. (Apportionment)

BMGR 412  18 Hours
Management Skills I
This course provides an overview of the functions of the management process and its practical applications in a business environment. The course focuses on the planning process and organizing skills, including decision-making, strategic planning, delegating and staffing. Students will learn management principles that provide basic guidelines for supervisory decisions and actions. (Apportionment)
BMGR 415
Written Communications for Business
Provides extensive hands-on experience with all types of written business communications including letters, resumes, cover letters, memos, and reports. (Apportionment)

BMGR 417
Effective Business Presentations
This course provides instruction and practice in business presentation skills. Students will learn techniques to enhance their ability to speak before any size group with more confidence and communicate their message effectively. Students are encouraged to participate in a video tape exercise for their own assessment of strengths and weaknesses. (Apportionment)

BMGR 421
Successful Negotiations
Participants will learn, practice, and perfect skills required for achieving better outcomes in sales transactions, employment and promotion, purchasing, and employee cooperation. (Apportionment)

BMGR 423
Introduction to Employment Law
This course is an introduction to the federal and California state laws governing the relationships between employers and employees. It examines the nature, purpose, and employees. It examines the nature, purpose, and operation of these laws from the perspectives of both the employer and employee. (Apportionment)

BMGR 431
Finance for the Non-Financial Manager
This course introduces students to the basics of business finance for the non-financial manager. Financial statements will be covered along with discussions on sales and expenses, assets and liabilities, budgeting and planning, and financial analysis. (Apportionment)

BMGR 430
Marketing Principles
Introduces the student to the marketing principles of product, price, distribution and promotion in support of goods and services. The course will focus on real world application and current business case studies. The student will learn to apply marketing skills in the development of a marketing plan. (Apportionment)

BMGR 452
Understanding Business Contracts
This course will provide an overview of contract principles and explore the meaning, purpose and effect of common contracts clauses, i.e., limitation of liability, warranty and indemnification. Students will learn how to achieve a better contract result by knowing why, when and how to request contract modifications. (Apportionment)

BMGR 610
Management Skills II
This course focuses on developing management skills in working with individuals and teams to promote productivity, quality and innovation. Topics include employee performance appraisal, performance management, work groups, and the control process for keeping people, plans and programs on track. (Apportionment)

COMP 100
Introduction to Computers
Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes. (Apportionment)

MS 104
Introduction to Windows Operating Systems
Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people. (Apportionment)

MS 105
Introduction to Excel
Advisory: Knowledge of Windows. Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting. (Apportionment)

MS 106
Introduction to Access
Advisory: COMP 100 Introduction to Computers, MS 104 Introduction to Windows or equivalent. Design databases using this popular software package. Includes creating tables, forms, reports and labels. Textbook Required. (Apportionment)

MS 107
Intermediate Access

MS 119
Introduction to PowerPoint
Learn how to create on-screen presentations using text, graphics, sound effects and movies. (Apportionment)

MS 134
Intermediate Word
Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent. This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class. (Apportionment)

MS 144
Introduction to Word
Introduction to Windows or equivalent. Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables. (Apportionment)

MS 160
MS Office - Overview
Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses. (Apportionment)
College Preparation

Certificates

- Math Preparation, Math Skills 1 (p. 26)
- Math Preparation, Math Skills 2 (p. 26)
- Math Preparation, Math Skills 3 (p. 27)

College Preparation, Math Skills 1

Requirements

Program #38527

This certificate program will prepare students to improve their foundational level mathematical skills in order to ensure a successful transition to credit-bearing math courses. The program has three required courses: College Prep Basic Math, College Prep Pre-Algebra, and College Prep Elementary Algebra. The noncredit Basic Math course will provide students with a review of the basic arithmetic skills and the foundational level mathematical skills necessary to solve math equations. Pre-Algebra is aimed at introducing students to the basic principles of algebra and provides students with the learning skills necessary to solve algebraic expressions, polynomials, ratio, and fractions. The Elementary Algebra course provides students with the mathematical skills needed to perform operations on polynomials, rational expressions, and radical expression, factor polynomials at a proficient level. All course contents reinforce the learning objectives covered in the required courses and ensure students have the skills to be successful in a credit-bearing math course.

List of Courses

ABED 110 50-150 Hours

College Prep - Basic Math
Advisory: Basic computer navigation skills.
This noncredit course is intended for students who desire to build or strengthen foundational level mathematical skills such as the addition, subtraction, multiplication, and division of whole numbers, fractions, decimals, percents, and integers. These concepts are applied to ratios, exponents, measurements, proportions, statistics, metric conversions, and geometric shapes. In addition, these operations, along with basic number theory, are used to solve real word problems. All work will be done without a calculator. (Apportionment)

College Preparation, Math Skills 2

Requirements

Program #38528

This certificate program will prepare students to improve their foundational level mathematical skills in order to ensure a successful transition to credit-bearing math courses. The program offers an accelerated course ABED 120 College Prep, Basic Math & Pre-Algebra which combines fundamental elements of Basic Math and Pre-Algebra to reinforce the learning objectives such as performing all general math, algebraic and geometric operations at a proficient level. In addition, the program introduces students to the Elementary Algebra concepts and provides students with strong knowledge of linear equations and inequalities, quadratic equations, rational equations, and application problems at a proficient level to ensure student readiness for credit-bearing courses.

List of Courses

ABED 116  
College Prep Elementary Algebra  
Advisory: Knowledge of basic math skills and pre-algebra and order of operations to solve problems involving integers, fractions, and decimals.  
This noncredit course in an introduction to algebra. Topics include: basic operations of integers, fractions, mixed numbers and decimals, linear equations and inequalities, simplifying and evaluating expressions, solutions of linear equations, linear inequalities, systems of linear equations, graphing linear equations, exponents and polynomials, factoring polynomials, rational expressions, roots and radicals, and quadratic equations (Apportionment)

ABED 120  
College Prep, Basic Math & Pre-Algebra (Accelerated)  
Advisory: Basic computer navigation skills.  
An accelerated course combining ABED 110 College Prep, Basic Math and ABED 115 College Prep, Pre-Algebra. This noncredit accelerated course is a review of basic math skills and an introduction to basic skills of algebra. Topics include: addition, subtraction, multiplication, and division of whole numbers, fractions, decimals, ratios, percents, integers, exponents, measurements, proportions, algebraic expressions, introduction to polynomials, polynomials and properties of exponents, factoring polynomials, linear equations and linear inequalities, graphing linear equations, and equation solving and informal geometry. (Also known as Math Co-Lab. Open to college students ONLY) (Apportionment)

College Preparation, Math Skills 3

Requirements

Program #38529

This certificate program will prepare students to improve their foundational level mathematical skills in order to ensure a successful transition to credit-bearing math courses. The program offers an accelerated course ABED 120 College Prep, Basic Math & Pre-Algebra which combines fundamental elements of Basic Math and Pre-Algebra to reinforce the learning objectives such as performing all general math, algebraic and geometric operations at a proficient level. In addition, the program offers an accelerated College Prep Pre and Elementary Algebra course which reviews the pre-algebraic math concepts and provides students with strong knowledge of linear equations and inequalities, quadratic equations, rational equations, and application problems at a proficient level to ensure student readiness for credit-bearing courses.

Advanced Office Applications Program

Requirements

Program #24176

This certificate program will prepare students for a professional level office environment in administrative work. Students completing this program will be successful in a mid-level office environment requiring stronger knowledge of spreadsheet, database, and planning at an administrative support level.

List of Courses

CCTR 100 1-200 Hours
Business/Computer Skills Lab
Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email! (Apportionment)

COMP 645 44 Hours
Integrated Computer Projects
Designed for those who want to apply the knowledge they have gained from previous computer classes. See how those skills can be put to work in real world simulations! Capstone course for students who have already learned the basics of computer usage. Recommended proficiency in: Introduction to Computers, Discover the Internet, MS Office Overview or equivalent. (Apportionment)

MS 107 36 Hours
Intermediate Access
Advisory: MS 106 Introduction to Access.
Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent. (Apportionment)

Fundamental Computer Concepts & Skills Program

Requirements

Program #24414

This certificate program will prepare students to work in an entry-level office environment performing tasks such as basic data entry, word processing, research utilizing the Internet, and basic computer operation suitable for working in a business environment. Students completing this program would have the basic computer skills to be successful in an entry-level clerk or general office support position.

List of Courses

CCTR 100
Business/Computer Skills Lab
Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email. (Apportionment)

COMP 100
Introduction to Computers
Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes. (Apportionment)

COMP 105
Discover the Internet
A hands-on overview of Internet concepts, Web browsing using Internet Explorer, email, newsgroups, FTP, netiquette, security issues, research, and more. Hands-on including on-line browsing. Recommended proficiency in: Introduction to Computers or equivalent. (Apportionment)

MS 104
Introduction to Windows Operating Systems
Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people. (Apportionment)

MS 156
Computer Bytes
This course covers various topics for Microsoft Windows on how to buy or upgrade a computer, buy and use a digital camera, use a scanner, create a slide show, and set up a home wireless network safely. (Apportionment)

MS 160
MS Office - Overview
Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses. (Apportionment)

Fundamentals for Financial Office Applications Program

Requirements

CCTR 100 1-200 Hours

Business/Computer Skills Lab
Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email! (Apportionment)

COMP 119 24 Hours
Adobe Photoshop Elements
Advisory: Knowledge of Windows.
Utilize photo editing software to enhance graphic design capabilities. This class introduces tools used by professional designers in an easy to use, powerful, digital image editing program. Textbook may be required. (Apportionment)

COMP 121 24 Hours
Digital Photo Albums for Beginners
Advisory: MS 104 Introduction to Windows Operating Systems and COMP 105 Discover the Internet.
Learn how to import photos from various sources; organize and manage photos; perform basic editing functions of photos email photos and share albums; create slide shows and video CDs; and create cards, calendars, albums, and a photo book. Textbook may be required. (Apportionment)

COMP 675 36 Hours
Digital Scrapbooking
Advisory: Knowledge of Windows and Photoshop or Photoshop Elements.
Scrapbooking is a $2.5 billion dollar industry in the United States. Computerized graphic design is dramatically transforming the industry. Digital scrapbooking skills are important for anyone working in the graphic design field. Learn the design essentials of professional digital scrapbooks, hardware and software requirements, and the creation of graphic elements. (Apportionment)

COMP 705 24 Hours
Digital Photo Restoration and Portrait Makeovers
knowledge of Windows.
For photographers and scrapbookers who want to advance their skills to repair old photos and touch up portraits. Topics include repairing scratches and tears on old photos; fixing hair, teeth, skin, red eyes, and blemishes; enhancing photos; combining images; creating backgrounds and frames; and selecting photo papers. Textbook Required. (Apportionment)

Office Application Essentials Program

Requirements
Program #24346

This certificate program will prepare students to work in an entry level office environment performing tasks such as basic word processing, spreadsheet, database and other essential business software applications. Students completing this program would have the basic computer administrative support position.

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email! (Apportionment)

MS 105  36 Hours
Introduction to Excel
Advisory: Knowledge of Windows.
Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting. (Apportionment)

MS 106  36 Hours
Introduction to Access
Advisory: COMP 100 Introduction to Computers, MS 104 Introduction to Windows or equivalent.
Design databases using this popular software package. Includes creating tables, forms, reports and labels. Textbook Required. (Apportionment)

MS 119  36 Hours
Introduction to PowerPoint
Learn how to create on-screen presentations using text, graphics, sound effects and movies. (Apportionment)

MS 143  36 Hours
Introduction to Publisher
Advisory: Recommended proficiency in COMP 100 Introduction to Computers and MS 104 Introduction to Windows.
Provides a basic working knowledge of this popular desktop publishing program. Covers topics such as flyers, newsletters, and business cards. (Apportionment)

MS 144  36 Hours
Introduction to Word
Introduction to Windows or equivalent. Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables. (Apportionment)

MS 160  36 Hours
MS Office - Overview
Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses. (Apportionment)

List of Courses

CONS 100  36 Hours
Electrical Wiring and Safety I
Covers basic electrical theory, terms, residential wiring techniques, grounding, basic switching circuits, residential load calculations and services. Based on current National Electrical Code (NEC). (Apportionment)

CONS 101  36 Hours
Electrical Wiring and Safety II
Course covers commercial wiring, conduit systems, over-current protection, polyphase distribution, grounding, voltage-drop equations and lighting. Based on the current National Electrical Code (NEC). (Apportionment)

CONS 142  36 Hours
Electrical Wiring and Safety III
Course covers industrial wiring, conduit systems, over-current protection, transformer circuits, electrical motors, motor repairs, motor control circuit, and electrical installations. Based on Current "National Electrical Code" (NEC). Trips to various electrical installations. (Apportionment)

ELET 102  48 Hours
Basic Electricity
Course starts with basic electricity and progresses into residential wiring in accordance with the National Electrical Code. Students learn how to obtain an electrical contractor's license. Supplies purchase required as specified by instructor. (Apportionment)
Construction Technology - General Contracting Program

Requirements
Program #24087

This program will prepare students to enter the business of general contracting for residential buildings and/or sub-contracting (trade specific). Topics covered include State licensing and experience requirements; financial and legal aspects of the contracting business; residential construction fundamentals; and project management.

This course is designed for students interested in exploring career opportunities in general contracting and sub-contracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB). (Apportionment)

CONS 138 48 Hours
Room Addition Fundamentals
This course covers the fundamentals of residential construction and the sequence of events that take place for a room addition. This includes preparing the required plans, obtaining city building permits and communicating with city building inspectors. The course will also cover project management and legal considerations. (Apportionment)

Electrical Technology

Requirements
Program #37591

Students prepare for entry-level employment in numerous electrical and electrically related trades. Upon completion of the Electrical Technology program, the student will be able to install, maintain, and repair electrical equipment and systems in a safe and workmanlike manner. Students prepare for careers as Electricians, Electrician Trainees, Electrician's Helper, Electrical Technician, and Electrical Repair Person.

Total Hours 416

List of Courses

ELET 176 48 Hours
Electrical Trades Mathematics II
Prerequisite(s): ELET 175 Electrical Trades Mathematics I.
This course will present basic algebra and trigonometry and their application to the solution of practical problems in the electrical construction field with an emphasis on trigonometric solutions to alternating current electrical theory. (Apportionment)

ELET 178 32 Hours
OSHA Standards for Construction
This course covers Occupational Safety and Health Administration (OSHA) policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive an OSHA 30 Hour Construction Outreach Training Completion Card. (Apportionment)

ELET 180 36 Hours
Electrical Conduit Bending
This course is a study of how to properly calculate, layout, and bend Electrical Metallic Tubing (EMT) and Rigid Metal Conduit (RMC) per industry and National Electrical Code standards. This course utilizes both hand bending tools and the use of mechanical and machine type bending equipment. (Apportionment)
ELET 205  
Electrical Fundamentals I - Residential  
48 Hours  
Prerequisite(s): ELET 175 Electrical Trades Mathematics I.  
Corequisite(s): Must be taken concurrently with ELET 210 Electrical Laboratory Practices I.  
This course introduces the student to the elements of basic direct current circuits and residential type construction with an emphasis on wiring principles and basic residential design. The student will perform a "hands on" design of a basic residential blueprint with all components in strict accordance with the requirements of the National Electrical Code. (Apportionment)

ELET 206  
Electrical Fundamentals II - Commercial  
48 Hours  
Prerequisite(s): ELET 205 Electrical Fundamentals I - Residential and ELET 176 Electrical Trades Mathematics II.  
Corequisite(s): Must be taken concurrently with ELET 211 - Electrical Laboratory Practices II.  
Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, single and three distribution systems and equipment, grounding, and lighting sources in accordance with the NEC. (Apportionment)

ELET 207  
Electrical Fundamentals III - Industrial  
48 Hours  
Prerequisite(s): ELET 205 Electrical Fundamentals I - Residential and ELET 206 Electrical Fundamentals II - Commercial.  
Corequisite(s): Must be taken concurrently with ELET 212 - Electrical Laboratory Practices III.  
Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics include industrial wiring, conduit systems, conductor types and applications, over-current protection, electrical motors, motor circuit conductors, motor control circuits, and industrial electrical power installations in accordance to the National Electrical Code. (Apportionment)

ELET 210  
Electrical Laboratory Practices I  
36 Hours  
Corequisite(s): Must be taken concurrently with ELET 205 - Electrical Fundamentals I - Residential.  
This course covers laboratory work associated with the fundamentals of DC electricity, electromagnetism, series, parallel and combination circuits, wiring practices, and hand tools. (Apportionment)

ELET 211  
Electrical Laboratory Practices II  
36 Hours  
Prerequisite(s): ELET 210 Electrical Laboratory Practices I.  
Corequisite(s): Must be taken concurrently with ELET 206 - Electrical Fundamentals II - Commercial.  
This course includes lab work associated with the fundamentals of alternating current electricity. Alternating current principles, practices, and safe wiring with hand tools and instrumentation are included. (Apportionment)

ELET 212  
Electrical Laboratory Practices III  
36 Hours  
Prerequisite(s): ELET 211 Electrical Laboratory Practices II.  
Corequisite(s): Must be taken concurrently with ELET 207 - Electrical Fundamentals III - Industrial.  
This course covers the theoretical and practical principles involving the control of alternating current motors with electromechanical and programmable logic controller (PLC) type equipment. Industry standard wiring practices and troubleshooting methods are covered. (Apportionment)

Electrical Trainee Program  
Requirements  
Program #31327  
This program will prepare students to work in an entry-level position in the construction industry assisting with the electrical installation and repair of electrical wiring in buildings. Students will receive an overview of the construction industry with a focus on the career path of an electrical trainee. Topics include safety; construction math; tools and materials handling; electrical theory; code requirements and application for residential, commercial and industrial wiring; prints and specifications.

Total Hours  
288

List of Courses  
ABE 105  
SCE Learning Center  
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style. (Apportionment)

CONS 121  
Contracting License  
This course is designed for students interested in exploring career opportunities in general contracting and sub-contracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB). (Apportionment)
**CONS 230**  
**Introduction to Blueprint Reading**  
36 Hours  
An introduction to blueprint reading using a fundamental approach, this course will familiarize trainees with basic blueprint terms, components and symbols. Trainees will learn the different types of blue print drawings (civil, architectural, structural, mechanical, plumbing/piping, and electrical) and how to interpret and use drawing dimensions. *(Apportionment)*

**ELET 140**  
**Introduction to Electrical Trainee**  
60 Hours  
Course provides an overview of the construction industry with focus on the career path of an electrical trainee. Students will learn about the skills needed to launch a successful career in the electrical trade. Topics include safety, construction math, tools and materials handling, job site management, and State certification requirements for electricians. *(Apportionment)*

**ELET 145**  
**Electricity Fundamentals**  
48 Hours  
*Prerequisite(s):* ELET 140 Introduction to Electrical Trainee.  
Course covers basic electrical concepts, including electrical measurements, basic electrical theory, and an understanding of how common electrical components work. Course provides a basis for understanding electrical safety concepts. Textbook Required. *(Apportionment)*

**ELET 150**  
**Wiring Fundamentals: Residential**  
36 Hours  
*Prerequisite(s):* ELET 145 Electricity Fundamentals.  
Course provides an overview of the National Electrical Code (NEC) and its application to residential wiring. Topics include electrical standards, residential wiring techniques, grounding, basic switching circuits, residential load calculations, and electrical services in accordance with the NEC. Textbook Required. *(Apportionment)*

**ELET 160**  
**Wiring Fundamentals: Commercial**  
36 Hours  
*Prerequisite(s):* ELET 145 Electricity Fundamentals.  
Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, and voltage-drop equations and lighting sources in accordance with the NEC. Textbook Required *(Apportionment)*

**ELET 170**  
**Wiring Fundamentals: Industrial**  
36 Hours  
Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics to include industrial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, electrical motors, motor circuit conductors, motor control circuits, and electrical power installations in accordance to the NEC. *(Apportionment)*
**Applied Academic Requirements**

Program #37596

The Applied Academic Certificate Program is designed to prepare students with the skills necessary to live and work more independently in the community. Students will receive contextualized instruction to enhance basic skills that will lead to increased employment attainment and more independent students living with their families or in their own apartment.

Employability Certificate

Requirements
Program #24065

This sequence provides skills necessary to enhance employability of students with disabilities. It offers a foundation of basic skills that increase the direct and indirect job skills necessary for obtaining and maintaining employment. Among the skills that students will develop are the ability to: communicate effectively on the job; locate job opportunities; problem solve; set goals; remain safe; utilize transportation resources to and from work; manage personal finances; use computer technology; develop and maintain appropriate interpersonal relationships; and advocate for personal rights. Counselors provide accommodations and services to assist students throughout their time in the program. A job transition specialist refers students to appropriate employment opportunities and agencies. In addition, the program maintains relationships with vocational agencies and employers that enhance students’ opportunities for obtaining employment.

List of Courses

ABE 105  36 Hours
SCE Learning Center
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style. (Apportionment)

ECE 100  36 Hours
Child Health and Safety
For teachers and directors of pre-schools, this course will focus on the skills and knowledge needed for developing emergency plans and responding to health and safety issues in the classroom. Textbook Required (Apportionment)
ECE 108 ECE Program Principles and Practice
Course examines the history, basic principles, and philosophies of various types of early childhood programs, emphasizing the role of the adult and characteristics of quality programs. This course is part of a program approved by the California Department of Social Services, Community Care Licensing, for employment in private facilities only. Textbook Required. (Apportionment)

ECE 112 Language Arts and Literacy in Early Childhood
This course examines the teacher’s role in promoting and facilitating children’s emerging literacy and language development through the use of storytelling, books, songs, flannel board stories and puppetry. This course is part of a program approved by the California Department of Social Services, for employment in a private facility. (Apportionment)

ECE 116 Program Music & Movement
Explores areas of music and movement appropriate to child’s development through participating and experimenting. Textbook Required. (Apportionment)

ECE 130 Program Science & Math
Plan, organize and implement activities that help children develop skills, appreciation and enthusiasm for science and math. (Apportionment)

ECE 132 ECE Program: Creative Experiences
In this course, students explore and experience how developmentally appropriate creative experiences can enhance children’s learning while developing fine motor, creative expression and problem-solving skills. This course is part of a program approved by the California Department of Social Services for employment in private facilities. (Apportionment)

ECE 136 Family Community Relationships
Examination of the sociological relationships between family and society; institutional, racial, social, and economic factors affecting the family and the child. Textbook Required. (Apportionment)

ECE 140 Early Childhood Development
An introduction to the developmental stages of children from prenatal to middle childhood with emphasis on the physical, cognitive, language and social/emotional milestones. Application of developmental and learning theories addressed. This course is part of a program approved by the California Department of Social Services for employment in private facilities. (Apportionment)

ECE 165 Children with Special Needs
This course offers a broad study of children with special needs and early childhood education as it relates to inclusion. This course covers federal and state laws and regulations, terminology and definitions, appropriate practices and intervention. This course is part of a program approved by Department of Social Services, Community Care Licensing. (Apportionment)

ECE 170 Introduction to Curriculum for Early Childhood Education
Prerequisite(s): ECE 140 Early Childhood Development. This course provides the foundation for curriculum planning, implementation, observation, assessment and evaluation. Emphasis includes modalities, learning styles, environments, activities, schedules, routines and adaptations to facilitate learning for all children. This course is part of a program approved by the California Department of Social Services for employment in private facilities. Textbook Required. (Apportionment)

ECE 175 Infant-Toddler Care
This course explores the theories, principles and practices of an infant/toddler program. Content includes respectful, responsive care giving, licensing and regulation issues, and enriching, safe, healthy developmentally appropriate environments. This course is part of a program approved by the California Department of Social Services for employment in private facilities. Textbook Required. (Apportionment)
Electronics Certificates

• Electronics - Consumer and Computer Program (p. 43)

Electronics - Consumer and Computer Program

Requirements

Program #24405

This program will prepare students to work in an entry-level position in a small electronics business assisting in the repair and/or sales of electronic equipment including home entertainment equipment and computers.

• Workplace Vocational English as a Second Language: Administrative Assistant (p. 51)
• Workplace Vocational English as a Second Language: Early Childhood Education (p. 52)
• Workplace Vocational English as a Second Language: Electricity and Construction (p. 52)
• Workplace Vocational English as a Second Language: Pharmacy Technician (p. 53)
ESL Academic Success

Requirements
Program #24293

The ESL Academic Success Program is a fully-integrated program that bridges ESL classes with college, high school, the GED, and vocational training programs. The goal is to prepare students to function successfully in a variety of academic settings. The program will offer high-level ESL courses as well as student services including but not limited to counselor-led workshops, assistance with college application, and field trips.

The students will learn how to take notes, build vocabulary, write research papers, and participate in academic discussions. The basics of time and stress management, financial aid, and college orientation are embedded in the course outlines and presented in the workshops.

### List of Courses

**ESLA 1040** 144 Hours

*Listening/Speaking for Academic Success*

Learn how to listen to and take lecture notes; participate in classroom discussions; give presentations; and take exams in college, career technical education, high school, and GED programs. Acquire technological skills necessary for academic success. Experience campus life through field trips to local colleges. For Intermediate High thru Advanced level students. *(Apportionment)*

**ESLA 1045** 144 Hours

*Reading/Writing for Academic Success*

Acquire reading, writing, note-taking, test-taking, critical thinking, and computer skills necessary for academic success in college, high school, GED, or career technical education programs. Learn American cultural norms in the classroom. Participate in campus life through field trips to local colleges. For Intermediate High through Advanced level students. *(Apportionment)*

ESL Advanced

Requirements
Program #37674

This is an integrated language program. The program has three required courses: ESL Fundamentals, Advanced; ESL and Civics Education, Advanced; and ESL Learning Center. The Fundamentals course is designed to give students the practice to improve their fluency in speaking, listening, reading and writing based on topics relevant to their lives, experiences and goals. The Civics Education applies language skills within the context of civics-related topics with the goals of helping students access community resources and have the tools needed to become active community participants. The ESL Learning Center provides students with individualized skill-building activities to reinforce the learning objectives covered in the required courses.

### List of Courses

**ESLA 001** 1-200 Hours

*ESL Learning Center*

The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction. *(Apportionment)*

**ESLA 164** 168 Hours

*ESL Fundamentals, Advanced*

This is a four-skill language course where students will improve their fluency in speaking, listening, reading and writing based on topics relevant to students' lives, experiences and goals. Grammatical structures will be integrated into language practice activities. Improving accuracy is a focus of the course. *(Apportionment)*

**ESLA 174** 84 Hours

*ESL and Civics Education, Advanced*

This course partners with ESL Fundamentals to complete the Advanced level of ESL. In this course, students will apply learned language skills to accessing community resources and being an active community participant. Language fluency development is focused on helping students navigate the many ins and outs of their communities. Civics topics will be chosen each term based on the needs of the students. *(Apportionment)*
ESL Beginning

Requirements

Program #24211

ESL Beginning is an articulated sequence of courses designed to equip students with the basic language and cultural proficiencies required for fulfillment of personal, vocational, and academic goals. The courses integrate language acquisition (linguistic competence) with relevant life experiences (sociolinguistic competence) stressing the importance of critical thinking, problem-solving, and self-sufficiency including learning strategies, i.e. how to learn on your own outside of class (strategic competence). The sequence is articulated in terms of progressing levels of language skills and informational content. Vocational skills for the ESL Beginning sequence include handling basic routine work situations that combine oral directions and demonstration. Academic skills include getting limited meaning from printed materials and generating basic short sentences.

**SCE Learning Center**

Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style. (Apportionment)

ESLA 001 1-200 Hours

**ESL Learning Center**

The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction. (Apportionment)

ESLA 100 120 Hours

**ESL Beginning Literacy**

This course is designed to meet the student's needs as determined by assessment of the student's language proficiencies, goals, and interests. ESL instruction integrates language components, vocabulary, grammatical structures, language functions, and pronunciation in units and topics that are important to the students. (Apportionment)
**ESL Beginning Low**

Requirements

Program #37594

This is an integrated language program. The program has three required courses: ESL Fundamentals, Beginning Low; ESL and Civics Education, Beginning Low; and ESL Learning Center. The Fundamentals course is designed to give students the practice to develop skills in speaking, listening, reading and writing based on topics relevant to their lives, experiences and goals. The Civics Education applies language skills within the context of civics-related topics with the goals of helping students learn about community resources and identify the tools needed to become active community participants. The ESL Learning Center provides students with individualized skill-building activities to reinforce the learning objectives covered in the required courses.

Students will also develop critical thinking skills. (Apportionment)

ESL Oral Communication Skills

Requirements
Program #24062

The goal of this sequence of courses is to develop students’ receptive language skills of listening and productive skills of speaking to communicate effectively in a variety of contexts, including academic and vocational. The pronunciation instruction focuses on intelligibility so that students can meet communication demands of a particular job or academic program. Communication strategies include ability to adjust one’s speech to be understood and ability to sustain formal and informal conversations on practical, academic, and social topics.

Students will use acquired skills in the context of theatrical performance and oral interpretation in pre-academic setting. This includes knowledge of specific terminology, comprehending short lectures, interpreting a play, and building social skills and confidence necessary for public speaking.

By completing the Drama for Communication or Reading Out Loud course, students may earn credits towards obtaining a High School Diploma.

List of Courses

ESLA 802 36 Hours
ESL Pronunciation/Conversation Skills
This course is designed for intermediate to advanced ESL learners to improve conversation and pronunciation skills in English. It is recommended that participants have English language skills at a Beginning High level. (Apportionment)

ESLA 805 90 Hours
Drama for Communication
This ESL course builds students’ reading, speaking, and pronunciation skills in the context of theatrical performances. Students will examine human experiences and cultural norms through imagined roles and expand creative thinking. Students will learn history and terminology of the performing arts and build social skills and confidence necessary for public speaking. (Apportionment)

ESLA 809 36 Hours
American Idioms
Students will become familiar with common American English idioms, their meanings and uses and demonstrate the application of idioms to everyday situations. In addition, students will learn the skills of deducing the meaning of the new vocabulary from context and become more comfortable sharing their opinions and experiences while practicing the target idioms. (Apportionment)
ESLA 814 18 Hours
Intermediate Vocabulary Review
Students will review, expand, and retain vocabulary words and phrases organized by commonly used topics. Students will work on using approximately twenty-five practical target words per class in oral and written exercises. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels. (Apportionment)

ESL Work Readiness
Requirements
Program #24063
ESL Work Readiness sequence of courses is offered before employment and focuses on developing SCANS - language and technology literacy skills needed to obtain employment. Computer skills for ESL courses focus on improving language skills through computer applications tasks using MS Office Suite, online resources, and presentation programs. The sequence of courses ends with the Intermediate/Advanced Work Skills course focusing on managing resources, developing interpersonal skills, as well as understanding and improving systems.

This sequence of courses develops foundation skills needed for successful employment, such as, basic language and math skills, thinking creatively, making responsibility, self-esteem, sociability, self-management, and integrity.

Computer Skills for ESL - Beginning
The course introduces ESL students to hands-on exploration and use of current Microsoft Windows programs. Students will learn basic computer parts, keyboarding, and the basics of MS Word, PowerPoint, Print Shop, and Excel. Emphasis is on building confidence in computer use to improve English skills in grammar, vocabulary, writing, speaking, pronunciation, and reading. (Apportionment)

ESLA 808 36 Hours
ESL Intermediate/Advanced Work Skills
This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources. (Apportionment)

ESLA 815 36 Hours
Computer Skills for ESL - Advanced
Students will enhance their English language skills through challenging computer application tasks using MS Word, PowerPoint, Print Shop, Excel, the Internet, and MS Publisher. Emphasis is on building confidence in independent projects to improve English skills in grammar, vocabulary, writing, and reading. Students will be actively involved in computer projects linking the academic environment with their communities. (Apportionment)
ESL Written Communication Skills
Requirements
Program #24117

The goal of this sequence is to develop students' receptive skills of reading and productive skills of writing to communicate effectively in a variety of contexts, including academic and vocational. Competency-based reading instruction includes survival literacy addressing students' day-to-day needs, document literacy needed to understand charts, tables, bills, etc., quantitative literacy containing numeric information, and prose literacy focusing on understanding extensive texts like vocational manuals, literature pieces, short academic passages, periodicals, etc.

The goal of the writing instruction is an independent writer equally successful in an academic or job-related setting. Students will use acquired skills in pre-academic setting of the ESL and the Arts course, which will include writing a research paper, an essay, and preparing a PowerPoint presentation. By completing the ESL and the Arts course, students may earn credits towards obtaining a High School Diploma.

List of Courses

ESLA 804 36 Hours
ESL and the Arts
This course builds students' reading comprehension, writing, and speaking skills in the context of thematic and aesthetic exploration of arts. Students will identify common artistic themes while comparing and contrasting a variety of aesthetic forms, styles, and periods. This interactive course includes visiting museums, watching performances, and listening to guest speakers. (Apportionment)

ESLA 810 60 Hours
Writing/Reading
This ESL course emphasizes reading comprehension skills while building vocabulary and critical thinking skills for students who are at an intermediate level or high. In addition, the writing component is designed to acquaint students with writing skills required to develop college-level writing techniques by focusing on prewriting, outlining, drafting, revising and editing. (Apportionment)

ESLA 813 18 Hours
Intermediate Grammar Review
Students will learn to understand grammar structures in various contexts and practice using them in both oral and written communication. This class supplements core ESL courses or works as a stand-alone course. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels. (Apportionment)

Workplace Vocational English as a Second Language: Administrative Assistant
Requirements
Program #24115

This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the occupational training as well as the students pursuing a career of an Administrative Assistant. The goal is to prepare students to function successfully in academic or workplace setting by introducing them to the field terminology and job-related language skills. Special emphasis is on business writing skills, oral communication strategies, and conflict resolution techniques.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving system.

Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

Funeral Service
Certificates

Funeral Service Assistant Certificate Program

Requirements
Program #33698

This program serves as an introduction to the theoretical and practical knowledge required for professional licensure. It will help individuals determine their level of interest in the funeral service industry and in more formal vocational training in Mortuary Science. This program will prepare students for an entry-level position as a Funeral Service Assistant. The program consists of a sequence of courses that prepares students with the knowledge and skills needed to perform the tasks of a funeral service assistant such as placing casket in parlor or chapel prior to service; arranging floral offerings or lights around casket; directing or escorting mourners; closing casket; and issuing and storing funeral equipment. It is not intended as a substitute for the Associate in Science – Mortuary Science program, licensing or certification requirements, which include an apprenticeship, but would provide students a more realistic expectation of the rigors of funeral service practice that will lead to employment as a Funeral Service Assistant and/or a pathway to the Cypress College Mortuary Science Associate in Science degree program.

List of Courses

FSRV 100 60 Hours
Introduction to Funeral Service Practice
This course is an introduction to the funeral service profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, funeral service settings, mortuary law, and communication skills. Textbook Required. (Apportionment)

FSRV 110 60 Hours
Communication Skills for the Funeral Assistant
Prerequisite(s): FSRV 100 Introduction to Funeral Service Practice.
This class will prepare the student to provide support to client families in grief, bereavement, and mourning, and communicate effectively with the public. Topics include an exploration of cultural differences in grief and funeralization practices, as well as the diversity of religious beliefs impacting disposition options. Textbook Required. (Apportionment)

FSRV 120 60 Hours
Funeral Service Operations
Prerequisite(s): FSRV 100 Introduction to Funeral Service Practice.
This course introduces students to funeral service practices and procedures in preparation for entry-level positions in the funeral home. These include funeral service assistant, receptionist, mortuary representative, transfer personnel, funeral director assistant, and pre-need salesperson. Students review historical funeral service practices, funeral service price lists, and service arrangements. Textbook Required. (Apportionment)

FSRV 125 60 Hours
Funeral Service Practices and Procedures I
Prerequisite(s): FSRV 100 Introduction to Funeral Service Practice.
This course introduces students to the sociology of funeral service practice. It is designed to develop the necessary skills for arranging religious funeral ceremonies, conducting funeral and memorial services, and assisting in the disposition of human remains including cremation and scattering. Funeral service merchandise options are also covered. Textbook Required. (Apportionment)

List of Courses

MEDO 115 36 Hours
Medical Assisting: Front Office

Prerequisite(s): MEDO 260 Introduction of Medical Assisting and COMP 685 Beginning Keyboarding.

This course introduces students to medical office procedures in preparation for entry-level positions in the front office or reception area of a medical facility. These include medical data entry. Students review reception techniques, patient records and insurance forms. Keyboarding experience advised. Textbook Required (Apportionment)

MEDO 260 48 Hours
Introduction to Medical Assisting

This course is an introduction to the medical assisting profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, health care settings, medical law, and therapeutic communication skills. Textbook Required (Apportionment)

MEOC 104 48 Hours
Medical Terminology

Required course for Pharmacy Technician Certificate and Medical Assisting Certificate program, but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics. (Apportionment)

MEOC 112 72 Hours
Medical Insurance Billing - A Practical Approach to Medical Billing

Prerequisite(s): COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.

An overview of outpatient medical insurance billing in preparing students for entry-level positions. Students review theory and practice data entry for private, Blue Cross/BlueShield, Medicare, Medicaid/Medi-Cal, TRICARE/CHAMPUS and workers’ compensation billing. CPT and ICD-9 coding covered. Medical billing software utilized in computer lab. Keyboarding experience advised. Textbook Required (Apportionment)

MEDO 210 48 Hours
Introduction of Computers for Health Care Workers

Prerequisite(s): COMP 685 Beginning Keyboarding or Typing 30 words per minute.

This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. Textbook Required. (Apportionment)

MEDO 235 80 Hours
Medical Assisting: Back Office Procedures I

Prerequisite(s): MEDO 260 or COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.

This course introduces students to medical office procedures in preparation for entry-level positions in the front office or reception area of a medical facility. These include medical data entry. Students review reception techniques, patient records and insurance forms. Keyboarding experience advised. Textbook Required (Apportionment)
Pharmacy Technician Program

Requirements

Program #24219

This program prepares students for an entry-level position as a pharmacy technician at a community and institutional pharmacy. The certificate program exceeds the State Board of Pharmacy’s registration requirements and meets American Society of Health-System Pharmacists (ASHP) crediation standard.

List of Courses

MEDO 230 Pharmacy Operations Lab
Prerequisite(s): MEOC 130 Introduction to Pharmacy Technician and Keyboarding score of 30 or above or passing grade in COMP 685 - Beginning Keyboarding or Keyboarding Challenge Exam with a pass rate of 30 net words a minute.

This course introduces students to the operations of a pharmacy. It provides them with a working knowledge of the structural, functional, business and inter-relational aspect of pharmacy as part of the health care system. Through hands-on instruction, students develop the entry-level skills needed to assist in a pharmacy operation. (Apportionment)

MEDO 220 Out-Patient Lab for the Pharmacy Technician
Prerequisite(s): MEDO 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.

The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an out-patient pharmacy and begin working with minimal additional training. Textbook Required. (Apportionment)

MEDO 221 In-Patient Lab for the Pharmacy Technician
Prerequisite(s): MEDO 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.

The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training. Textbook Required. (Apportionment)

MEDO 316 In-Patient Externship for the Pharmacy Technician
Prerequisite(s): MEDO 220 Out-Patient Lab; Pharmacy Technician; MEOC 135 Human Relations for Health Care Workers; and MEDO 221 In-Patient Lab Pharmacy Technician.

This course is designed to provide pharmacy technician students with field experience in an in-patient pharmacy setting. It requires weekly class meetings plus 200 hours of externship in an approved and contracted pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)

MEDO 317 Out-Patient Externship for the Pharmacy Technician
Prerequisite(s): MEDO 220 Out-Patient Lab; Pharmacy Technician; MEOC 135 Human Relations for Health Care Workers; and MEDO 221 In-Patient Lab; Pharmacy Technician.

This course is designed to provide pharmacy technician students with field experience in an out-patient/retail pharmacy setting. It requires weekly class meetings plus 120 hours of externship in an approved pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)

MEOC 104 Medical Terminology
Prerequisite(s): MEOC 104 Medical Terminology; or MEOC 110 Medical Terminology II; MEDO 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.

This course introduces students to the operations of a pharmacy. It provides them with a working knowledge of the structural, functional, business and inter-relational aspect of pharmacy as part of the health care system. Through hands-on instruction, students develop the entry-level skills needed to assist in a pharmacy operation. (Apportionment)

MEDO 220 Out-Patient Lab for the Pharmacy Technician
Prerequisite(s): MEDO 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.

The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an out-patient pharmacy and begin working with minimal additional training. Textbook Required. (Apportionment)

MEDO 221 In-Patient Lab for the Pharmacy Technician
Prerequisite(s): MEDO 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.

The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training. Textbook Required. (Apportionment)

MEDO 316 In-Patient Externship for the Pharmacy Technician
Prerequisite(s): MEDO 220 Out-Patient Lab; Pharmacy Technician; MEOC 135 Human Relations for Health Care Workers; and MEDO 221 In-Patient Lab Pharmacy Technician.

This course is designed to provide pharmacy technician students with field experience in an in-patient pharmacy setting. It requires weekly class meetings plus 200 hours of externship in an approved and contracted pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)

MEDO 317 Out-Patient Externship for the Pharmacy Technician
Prerequisite(s): MEDO 220 Out-Patient Lab; Pharmacy Technician; MEOC 135 Human Relations for Health Care Workers; and MEDO 221 In-Patient Lab; Pharmacy Technician.

This course is designed to provide pharmacy technician students with field experience in an out-patient/retail pharmacy setting. It requires weekly class meetings plus 120 hours of externship in an approved pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)
Pharmacy Technician Registration Program

Requirements

Program #32816

List of Courses

**MEOC 130**

*Introduction to Pharmacy Technician*

Course orientates students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician. Textbook Required. (Apportionment)

**MEDO 220**

*Out-Patient Lab for the Pharmacy Technician*

**Prerequisite(s):** MEOC 104 Medical Terminology; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.

The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an outpatient pharmacy and begin working with minimal additional training. Textbook Required. (Apportionment)

**MEOC 221**

*In-Patient Lab for the Pharmacy Technician*

**Prerequisite(s):** MEOC 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding.

The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training. Textbook Required. (Apportionment)

**MEDO 230**

*Pharmacy Operations Lab*

**Prerequisite(s):** MEOC 130 Introduction to Pharmacy Technician and Keyboarding proficiency score of 30 or above or passing grade in COMP 685 Beginning Keyboarding or Keyboarding Challenge Exam with a pass rate of 30 net words a minute.

This course introduces students to the operations of a pharmacy. It provides them with a working knowledge of the structural, functional, business and inter-relational aspect of pharmacy as part of the health care system. Through hands-on instruction, students develop the entry-level skills needed to assist in a pharmacy operation. (Apportionment)

**MEOC 104**

*Medical Terminology*

Required course for Pharmacy Technician Certificate and Medical Assisting Certificate program, but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics. (Apportionment)

**MEOC 121**

*Pharmacology I*

**Prerequisite(s):** MEOC 104 Medical Terminology.

Bring original certificate to first class. Equips students with the necessary beginning theoretical knowledge. Includes categorizing, differentiating between drug classifications and inventorying. Provides a basic knowledge and understanding of drug effects on the body. TITLE Pharmacology I Textbook Required. (Apportionment)

**MEOC 122**

*Pharmacology II*

**Prerequisite(s):** MEOC 104 Medical Terminology.

Bring original certificate to first class. Provides a continuation of theoretical knowledge acquired in Pharmacology I. Includes categorizing, inventorying and differentiating between drug classifications. Equips students with an advanced knowledge and understanding of drug effects on the body. Textbook Required. (Apportionment)
MEOC 135
Human Relations for Healthcare Workers
Covers basic communications skills with emphasis on health care. Includes non-verbal communication, group communication, conflict resolution, ethics in health communication, elements of intercultural communication, resume writing, job application and interviewing techniques. Textbook Required. (Apportionment)

MEOC 140
Pharmaceutical Mathematics
A review of basic mathematics focusing on its application to common pharmaceutical calculations, abbreviations and units; how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge. Textbook Required. (Apportionment)

Quality Assurance Management Certificate for Medical Devices
Requirements
Program #24128

Students who complete the Certificate will be prepared to obtain an entry-level position in quality assurance within the medical device industry. Topics covered include regulatory agencies and laws pertaining to the medical device industry; introduction to the medical device industry and trends in the field; document control and database management; quality assurance concepts for medical device manufacturing; technical writing; the quality audit process; and employability skills. Upon successful program completion, students will have the skills required of positions in the medical device industry such as quality assurance specialist, quality compliance specialist and quality systems auditor. This certificate will also benefit incumbent workers seeking promotional opportunities within the industry.

List of Courses

BMGR 645
Introduction to Medical Device Quality Assurance
This course introduces students to the medical device industry in preparation for an entry-level position as a Quality Assurance Specialist. Learn about the industry’s size and scope, current trends, and the wide range of products used in a variety of healthcare settings. Industry job resources are also covered. (Apportionment)

BMGR 648
Regulatory Affairs for Medical Devices
Course will provide students with an in-depth understanding the regulations and regulatory agencies that are specific to the medical devices industry. The course will cover U.S. and European Union (EU) regulations and related agencies. Includes laws governing the development, manufacturing and approval of medical devices. (Apportionment)

BMGR 651
Document and Database Management for Medical Devices
An overview of regulatory requirements for document control and database management for the medical device field. Covers the fundamentals of writing documents that meet regulatory compliance. Equips students for handling document management systems efficiently. (Apportionment)
BMGR 654  
**Quality Assurance for Medical Devices**
This course provides students with an in-depth definition of quality assurance and its role within the medical device industry. The course covers the role of assurance during the manufacturing and production stages. Topics will include the step-by-step process of ensuring quality requirements are met for a product or service. *(Apportionment)*

BMGR 657  
**Technical Writing for Bio-Medical Industries**
This course will provide students with an overview and understanding of technical writing for the bio medical industry. The course will cover principle writing methodologies for quality assurance, engineering, manufacturing, and production of a medical device product. Topics will address documentation as related to FDA mandated requirements, ISO standards and for writing GMP procedures. *(Apportionment)*

BMGR 660  
**Quality Auditing for Medical Devices**
This course presents the principles and techniques for assessing the adequacy of a quality system for a medical device manufacturer. Topics include evaluating the quality system as it conforms to FDA regulatory requirements, standards, review of standard audit terms and other audit concepts. *(Apportionment)*
## HIGH SCHOOL DIPLOMA PROGRAM

### Requirements

This program is designed for adults who return to complete the requirements for a high school diploma. Upon completion of these courses, the student will be able to demonstrate a level of competency for each academic subject studied. Acquisition of a high school diploma will lead to improved employability and preparation for entry into college.

List of Courses

IHSS 100
High School English 1
This course is an individualized, self-paced study in the basics of English language arts, including vocabulary development, grammar, reading comprehension, and writing strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 101
High School English 2
This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 102
High School English 3
This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 105
High School Writing Skills
Writing strategies are presented through individualized, self-paced modules in personal compositions and business letters. Techniques in structure, style and business correspondence are covered. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 106
High School US History
This United States history course covers the lives of America's people and aspects of their cultures, from early exploration through the beginning of the twenty-first century. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 107
High School US Government
This course is an individualized, self-paced study of U.S. government. It will cover the Constitution, the roles of the federal, state and local government, and modern economic and political systems. This course is used for SCE High School Diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 108
High School World History
This course presents the history of the world's people and major cultures from early times to the present. This course is offered for the SCE high school diploma and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 109
High School World Geography
This geography course surveys all the major regions of the world, explores processes that shape the Earth and relationships between people and environments. This course is offered for SCE diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 110
High School World History
This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 111
High School Economics
This course explores the changing economic climate in the United States and globally. Economic systems, development and problems that affect daily life are covered. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

This mass media course covers various forms of communications including television, advertising, print materials, and electronic media. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

This course is an individualized, self-paced study of film appreciation. Topics covered include film genres, directing and critique. This course is used for SCE High School Diploma credit. (Apportionment)

This course presents activities to help the student with basic arithmetic skills, real-life applications, and problem-solving techniques. The units of study include a review of whole number operations, and basic functions of fractions, decimals, percents, measurements, algebra and geometry. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

This course covers basic algebra concepts including an introduction to variables, equations, factoring, an introduction to variables, equations, factoring, formulas and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

This course covers fundamental topics in physical, Earth, and life science. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

High School Physical Science

Physical Science explores matter and its properties, motion, heat, energy, sound and light, as well as electricity and magnetism. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

This biology course is an individualized, self-paced study of living things including classification, survival, reproduction, growth, and development. Other topics explore ecological cycles, behaviors and evolution. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

High School Health

This class is designed to give students an understanding of various facets of physical, mental, and social well being. The student will gain knowledge to promote wellness, identify causes of health problems and ways to prevent them. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

General Science covers physical, Earth, and life science. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

High School Composition

This course provides writing strategies that include basic sentence structure, a review of grammar and mechanics, paragraph formation and essay composition skills. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

Basic English skills are presented in this self-paced course. This introductory course includes workbook activities to improve skills in spelling, capitalization, punctuation, and reading. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

This course covers a variety of English language skills in a flexible format suitable for individualized, self-paced coursework. The topics covered include grammar, usage, writing mechanics and composition strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)
IHSS 173 1-10 Credits
High School Novels
This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 174 1-10 Credits
High School Literature
This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. Literary options include poetry, short stories, essays, and complete novels. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 181 1-5 Credits
High School Short Stories
This course introduces a variety of short stories through self-paced reading activities. Through guided reading activities, students explore character development, plot, and author’s purpose. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned for the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 183 1-10 Credits
High School Vocabulary
This course covers grade-level vocabulary development and is offered for the SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 190 1-5 Credits
High School Literacy Skills I
This course is designed to develop vocabulary, decoding, reading comprehension, and critical thinking skills. This course will be used for High School Diploma Credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 191 1-5 Credits
High School Literacy Skills II
This course is designed to advance vocabulary, decoding, reading comprehension, and critical thinking skills. This course will be used for High School Diploma credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 300 1 Credit
Transitioning to College
This course is designed to help NOCE High School Diploma Program, ESL Academic Success, and all other NOCE students successfully transition to college. Topics presented will include identifying academic goals, designing an educational plan, utilizing the college processes (registration, financial aid, learning resources), and graduation. This course will include campus tours of several student resource centers. (Apportionment)

IHSS 500 1-10 Credits
High School Language Arts I
This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing, and revising. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 501 1-10 Credits
High School Language Arts II
This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing, and revising. The content of this course is delivered in a modular format using lecture-style instruction. (Apportionment)

IHSS 660 1-5 Credits
High School Psychology
This psychology course explores the connections of human thought, behavior, and development. It emphasizes the importance of these relationships to learning, personality, health, and society. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 846 5 Credits
High School Algebra 1A
This course covers basic algebra including variables, equations, positive and negative integers, formulas, polynomials, and factoring. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 847 5 Credits
High School Algebra 1B
This course covers basic algebra concepts including graphing, equations with two variables, fractions, decimals, percents, squares, square roots and quadratic equations. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 991 10 Credits
High School Business Law
This course is an individualized, self-paced study of Business Law. Topics include contracts, insurance, and laws related to consumer and employment regulations. This course is used for SCE High School Diploma credit. (Apportionment)

IHSS 992 1-5 Credits
High School Art History - Artists and their Work
This course will explore art movements from the Italian Renaissance to American painters and sculptors of the twentieth century. Students will discover why some artists and their artwork retain prominence. They will be given the opportunity to expand their knowledge on a variety of art forms. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)
IHSS 993 1-5 Credits
High School Elements and Principles of Design
This course is an individualized, self-paced study of art and how people from other cultures and times have used a common visual language to express their own unique perspective. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 994 1-10 Credits
High School Academic Success
This study skills course provides reading and writing activities to help a student master the thinking, planning and basic skills necessary to achieve academic success in school and is available for credit for the SCE High School Diploma Program. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 997 1-5 Credits
High School Reading Strategies 1
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include understanding the main idea, making judgments, understanding characters, drawing conclusions, and making inferences. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 998 1-5 Credits
High School Reading Strategies 2
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include recognizing tone, understanding literary forms, organization, significant details, and vocabulary. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 999 1-5 Credits
High School Business Writing
This course provides individualized, self-paced modules in business correspondence, composition techniques and writing activities. Strategies include format, organization, and evaluation. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)
Note this publication must be prepared in advance of the time period it covers; therefore, changes in some programs and policies may occur. Courses as described are subject to change without notice, and some listed courses are not offered each year. In addition, some courses or programs that are offered may have to be canceled because of insufficient enrollment, elimination, or reduction in programs or for any other reason considered sufficient by the Provost or designee.

All courses meet the standards and criteria for noncredit courses and programs as set forth in the California Education Code Title V regulations, Section 55150 – 55155.

Adult Basic Education (ABE)

ABE 105 36 Hours
SCE Learning Center
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style. (Apportionment)

ABE 120 1-200 Hours
Improving Individual Skills Lab
For students interested in improving general and specific academic subjects at the secondary level (grades 9-12) experiencing difficulty in curriculum ranging from basic academics to college preparatory. (Apportionment)

ABE 240 24 Hours
Creative Writing for Seniors
This course for older adults teaches both beginning and experienced writers how to create shape autobiographies, fiction and non-fiction writing, and poetry into readable and publishable forms. (Apportionment)

ABE 405 30-60 Hours
GED/HiSET: Mathematics
GED/HiSET mathematics prepares students to pass the math section of the GED/HiSET test. The GED/HiSET pre-test identifies needed areas of instruction for each student. Scope of instruction is basic instruction for each student. Scope of instruction is basic computation, analytical and reasoning skills, word problems and word problems with graphics. (Apportionment)

ABE 410 30-60 Hours
GED/HiSET: Reading
GED/HiSET reading prepares students to pass the reading section of the GED/HiSET test. The GED/HiSET pre-test identifies needed areas of instruction for each student. Scope of instruction includes comprehension, fiction, nonfiction, poetry, and drama. (Apportionment)

ABE 415 30-60 Hours
GED/HiSET: Science
GED/HiSET science prepares students to pass the science section of the GED/HiSET test. Science covered are life, physical, earth and space. Students learn to analyze and apply science information. (Apportionment)

ABE 420 30-60 Hours
GED/HiSET: Social Studies
GED/HiSET social studies prepares students to pass the math section of the GED/HiSET test. The GED/HiSET pre-test identifies needed areas of instruction for each student. Scope of course covers U.S. history, world history, civics and government, geography and economics. (Apportionment)

ABE 425 30-60 Hours
GED/HiSET: Language Arts and Writing
GED/HiSET writing prepares students to pass the language arts and writing section of the GED/HiSET test. The GED/HiSET pre-test identifies needed areas of instruction for each student. This course covers the writing process, grammar usage and mechanics. (Apportionment)

ABE 430 99 Hours
Literacy - Beginning
Designed for students with very limited reading skills. The focus of this course is on decoding skills, fluency and workplace literacy. Sight words and essential word reading are covered. (Apportionment)

ABE 432 99 Hours
Literacy - Intermediate
Reading and writing preparation for the workplace or academic advancement. Emphasis on reading for information, vocabulary expansion and good communication skills. (Apportionment)

ABE 435 99 Hours
Literacy - Advanced
Reading for information and academic vocabulary. Writing skills necessary for higher education and the workplace such as essays, note taking, job applications, resumes, and business writing. (Apportionment)

ABE 440 36 Hours
Writing Your Life Story for Older Adults
This course teaches both beginning and experienced older adult writers how to write a life story in the form of memoirs—short stories that tell of life events, people, and major turning points, expressed in vivid ways to delight readers, offer important insights, and to provide a written legacy for family and friends. (Apportionment)

ABE 445 2 Hours
ASE Ed Planning
Assessment & orientation to and for students referred to Learning Centers. Basic skills level will be reviewed with individual student per referral to support services and to assist student in successfully completing educational goal. (Orientation)

Adult Basic Education (ABED)

ABED 100 14-150 Hours
Improving Individual Skills Lab
This course is used as a guide to assemble individualized units of study based on current student skills and needs. The customized module for each student in either writing, vocabulary development, spelling improvement, remedial reading, or mathematics. (Apportionment)

ABED 110 50-150 Hours
College Prep - Basic Math
Advisory: Basic computer navigation skills.
This noncredit course is intended for students who desire to build or strengthen foundational level mathematical skills such as the addition, subtraction, multiplication, and division of whole numbers, fractions, decimals, percents, and integers. These concepts are applied to ratios, exponents, measurements, proportions, statistics, metric conversions, and geometric shapes. In addition, these operations, along with basic number theory, are used to solve real world problems. All work will be done without a calculator. (Apportionment)

ABED 115 50-150 Hours
College Prep Pre-Algebra
Advisory: ABED 110 College Prep - Basic Math or completion of a comparable Basic Math course.
This noncredit course is a review of basic math skills and an introduction to the basic principles of algebra. Topics include: Integers and algebraic expressions; operations on integers, mixed numbers and decimals, ratio, fractions, proportion and percentages; introduction of polynomials; polynomials and properties of exponents; factoring polynomials; solving linear equations and linear inequalities; graphing linear equations; equation solving and informal geometry. (Apportionment)
ABED 116 50-150 Hours
College Prep Elementary Algebra
Advisory: Knowledge of basic math skills and pre-algebra and order of operations to solve problems involving integers, fractions, and decimals.
This noncredit course in an introduction to algebra. Topics include: basic operations of integers, fractions, mixed numbers and decimals, linear equations and inequalities, simplifying and evaluating expressions, solutions of linear equations, linear inequalities, systems of linear equations, graphing linear equations, exponents and polynomials, factoring polynomials, rational expressions, roots and radicals, and quadratic equations (Apportionment)

ABED 117 50-150 Hours
College Prep Pre and Elementary Algebra (Accelerated)
Advisory: Knowledge of basic math and algebraic skills and order of operations to solve problems involving integers, fractions, and decimals.
An accelerated course combining content from ABED 115 College Prep Pre-Algebra and ABED 116 College Prep Elementary Algebra. This noncredit course is a review of the Pre and Elementary Algebra concepts. Topics include: integers and algebraic expressions, operations on integers, mixed numbers and decimals, ratio, fractions, proportion and percentages. Introduction of polynomials, properties of exponents, factoring polynomials, simplifying and evaluating expressions, solving linear equations and inequalities, graphing linear equations, factoring polynomials, rational expressions, quadratic equation, roots and radicals, and informal geometry. (Apportionment)

ABED 120 50-150 Hours
College Prep, Basic Math & Pre-Algebra (Accelerated)
Advisory: Basic computer navigation skills.
An accelerated course combining ABED 110 College Prep, Basic Math and ABED 115 College Prep, Pre-Algebra. This noncredit accelerated course is a review of basic math skills and an introduction to basic skills of algebra. Topics include: addition, subtraction, multiplication, and division of whole numbers, fractions, decimals, ratios, percents, integers, exponents, measurements, proportions, algebraic expressions, introduction to polynomials, polynomials and properties of exponents, factoring polynomials, linear equations and linear inequalities, graphing linear equations, and equation solving and informal geometry. (Also known as Math Co-Lab. Open to college students ONLY) (Apportionment)

ABED 124 50-150 Hours
College Prep Pre-Statistics
Advisory: Knowledge of basic math skills, and be able to successfully complete operations on integers, fractions, mixed numbers and decimals.
An introduction to statistics. This noncredit course is a review of basic math skills and an introduction to statistics. Topics include: pre-algebra, expressions and formulas, linear equations, formulas, data collection, data summary and organization, factorials, multiplication principle, analyzing algebraic forms to understand statistical measures, permutations, and combinations, probabilities, discrete probability distributions, graphical and numerical descriptive statistics for quantitative and categorical data, constructing sampling distribution, scatter diagrams, correlations, reading and understanding statistical application problems. (Apportionment)

ABED 150 50-150 Hours
College Prep English Reading and Writing
Advisory: Proficient English reading skills, vocabulary, comprehension, composition writing skills and basic computer skills.
This non-credit course is intended for students who desire to strengthen developmental English reading and writing skills by emphasizing a comprehensive approach to reading and writing. Topics include: academic comprehension, vocabulary development, reading efficiency, study techniques, and academic composition. (Apportionment)

Adult Education Block Grant (AEBG)

AEBG 100 18 Hours
Parenting with Love and Logic®
This course assists parents and caregivers in developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing The Love and Logic approach, this course will teach six subsets of skills that encourage home environments that stimulate responsibility, prevent misbehavior, and encourage setting healthy limits. (Grant-Funded)

AEBG 101 3 Hours
9 Essential Skills for the Love & Logic Classroom® - Module 1
This workshop is the first of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on neutralizing student arguing. (Grant-Funded)

AEBG 102 3 Hours
9 Essential Skills for the Love & Logic Classroom® - Module 2
This workshop is the second of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on delayed consequences. (Grant-Funded)

AEBG 103 3 Hours
9 Essential Skills for the Love & Logic Classroom® - Module 3
This workshop is the third of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on the proper use of empathy. (Grant-Funded)

AEBG 104 3 Hours
9 Essential Skills for the Love & Logic Classroom® - Module 4
This workshop is the fourth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on the recovery process. (Grant-Funded)

AEBG 105 3 Hours
9 Essential Skills for the Love & Logic Classroom® - Module 5
This workshop is the fifth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on developing positive teacher/student relationships. (Grant-Funded)

AEBG 106 3 Hours
9 Essential Skills for the Love & Logic Classroom® - Module 6
This workshop is the sixth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on setting limits with enforceable statements. (Grant-Funded)
AEBG 107
9 Essential Skills for the Love & Logic Classroom® - Module 7
This workshop is the seventh of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on using choices to prevent power struggles. (Grant-Funded)

AEBG 108
9 Essential Skills for the Love & Logic Classroom® - Module 8
This workshop is the eighth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on quick and easy preventative interventions. (Grant-Funded)

AEBG 109
9 Essential Skills for the Love & Logic Classroom® - Module 9
This workshop is the ninth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on guiding students to own and solve their problems. (Grant-Funded)

AEBG 110
Love and Logic Parenting Children with Special Needs
This course is designed to support adults parenting or working with youth having disabilities by developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing the Love and Logic approach, this course will teach four subsets of skills that encourage home environments that stimulate positive relationship development, empathetic listening, realistic goal setting and encourage independence. The information included is intended for those already having a strong understanding of the Love and Logic approach. (Grant-Funded)

AEBG 112
Love & Logic: Supporting Youth with Challenging Pasts
This course assists parents, caregivers and professionals in understanding how trauma and hurtful events affects a child's brain. Students will learn the importance of bonding and relationships, and how to address roots causes of a child's behavior through practicing empathy, establishing boundaries and building healthy relationships. (Fee-Based)

AEBG 121
Medical Assistant Externship, Administrative
This course is designed to provide Medical Assistant students with field experience in an administrative medical environment. It requires weekly class meetings of two (2) hours a week plus 96 hours of field experience in an approved medical facility. Class topics include portfolio development, job search, professionalism, workforce skills, current issues in the medical assisting field, and work performance. (Grant-Funded)

AEBG 122
Medical Assistant Externship, Clinical
This course is designed to provide Medical Assistant students with field experience in a clinical medical environment. It requires weekly class meetings of two (2) hours a week plus 96 hours of field experience in an approved medical facility. Class topics include portfolio development, job search, professionalism, workforce skills, current issues in the medical assisting field, and work performance. (Grant-Funded)

Artscrafts (ARTC)

ARTC 136
Cartooning & Caricaturing Made Easy
Enter as an Amateur .......Leave as a Professional!..... Learn the easy step-by-step procedures of cartooning & caricaturing from a professional cartoonist with over 45 years experience in the field. Learn how to create people, small bodies for caricaturing, animals, backgrounds, and more including inking, lettering, use of pens, brushes, perspective, and creating professional comic strips. Let us show you how! Taught by Mel Schoenberger national & international cartoonist & caricaturist. Class is for all levels of experience. Please bring an 11x14 pad of tracing paper to the first class. A supply list will be provided. Class is for those 15 years and older. (Fee-Based)

ARTC 137
Caricaturing Made Easy
This class will tickle you from head to toe! It’s easy, it’s fun and rewarding. If you can draw, you can caricature. It’s amazing how fast you will learn. You will learn inking, lettering, drawing small action bodies, use of equipment, creative ideas, shadowing, etc. Join in the fun and learn professional caricaturing. Taught by an international caricature cartoonist with over 45 years experience. Bring 11 x 14 tracing paper pad, pencil and eraser to first class. Additional supply list will be provided. All levels of experience are welcomed. You must be 14 years or older. (Fee-Based)

ARTC 140
Fashion Illustration for Adults
In this class, you will learn how to draw proportional figures, faces, gesture drawings, and flats of garments. Along with how to draw collars, blouses, skits, pants, hats, and accessories. Students will learn to illustrate fashion figures using watercolors, colored pencils, markers, pen, etc. (Fee-Based)

ARTC 141
Fashion Illustration II for Adults
Advanced level of Fashion Illustration. Learn to complete group figures with a theme. Illustrate different textures of fabric. Also create accessory and shoe illustrations and flats of garments. Recommend Fashion Illustration I prior to this class. (Fee-Based)

ARTC 145
Costume Illustration and History of Fashion for Adults I
Learn the history of fashion then illustrate costumes and accessories using watercolors, markers, colored pencils and more. (same supplies as Fashion I and II) (Fee-Based)

ARTC 160
Painting
Students will develop the skills of painting using their selected media. Students will apply and practice a creative approach to achieve an understanding of color, space, form, and composition. Beginning students will have assignments in acrylic paint. Intermediate/advanced students work independently with individual instructor guidance. Critique held each week. (Fee-Based)

ARTC 165
Drawing: Basics and Beyond
Drawing is the foundation of all visual arts. Learn fundamentals of drawing in this exciting hands-on class. Acquire technical and perceptual skills while exploring properties of line, shape, value, perspective, and composition. All levels welcome. (Fee-Based)
ARTC 170 18 Hours
Essentials of Painting
Get creative and discover the joys of expressing yourself with paint and brush. Course covers basic color theory and principles of good composition. Students will learn basic technique through structured assignments. Intermediate/advanced students may work independently with instructor guidance. Voluntary, supportive critiques given at end of each class. Materials list provided at first class meeting. (Fee-Based)

ARTC 173 18 Hours
Drawing Fundamentals
Acquire the fundamental concepts and skills to visually express yourself through drawing. The course will cover drawing theory and basic skills development in contour drawing, shading and composition. Students will complete one to three drawings. Materials list given at first class meeting. All levels welcome. (Fee-Based)

ARTC 175 30 Hours
Drawing: Basics and Beyond
This course will emphasize the perceptual and technical skill of manipulating drawing materials using observational and drawing methodologies. Fundamental concepts in visual problem solving strategies will be emphasized. Each term will wrap around a theme such as landscape, portraiture, light and texture, etc. (Fee-Based)

ARTC 180 30-36 Hours
Drawing for Beginners
This drawing class covers the fundamental drawing techniques for beginning students. It also aims to inspire the more experienced students to experiment and develop their true potential of artistic talents with demonstrations and practical tips by the instructor. All levels welcome. (Fee-Based)

ARTC 185 30-36 Hours
Watercolor Painting
This watercolor class covers the fundamental watercolor techniques for beginning students. The instructor will offer intensive and practical instruction and step-by-step demonstration. In this supportive and friendly classroom environment will also inspire the more experienced students to experiment and develop their own unique form of expression. All levels welcome. (Fee-Based)

ARTC 190 16 Hours
Still-life Art Workshop for Teens and Adults (Ages 15+)
This course will teach students how to draw and paint still-life in three different styles. Students will explore the artwork of three prominent artists: Vincent Van Gogh, Paul Cezanne, and Wayne Thiebaud. This course is designed to teach various art techniques, art movements, painting styles, and to strengthen observation skills. Painting subjects include: flowers, fruit and desserts. (Fee-Based)

ARTC 200 36 Hours
Nylon Fabric Flower Design I
This course teaches students how to create chiffon/nylon stocking flowers. The students will learn how to plan and create beautiful, artistic, realistic-looking flowers for all kinds of arrangements. The materials are provided and the tools will be available to students during the course. (Fee-Based)

ARTC 220 36 Hours
Origami 3-D Designs
This course provides training in three-dimensional origami design. Origami is the traditional art of paper folding from Japan. The goal of the class is to transform flat sheets of paper into finished three-dimensional sculptures through traditional folding and sculpting techniques. Students will create beautiful birds, animals, baskets, and containers. (Fee-Based)

ARTC 225 33 Hours
Painting with Pastels
This class teaches students to paint with pastels and charcoal. Content includes instruction regarding color, value and pastel techniques. Compositions are student-selected, composed, and created with instruction. Beginning to advanced students are welcomed. (Fee-Based)

Business (BUSN)

BUSN 235A 1 Hour
Administrative Assistant Educational Planning
Orientation and assessment to and for the SCE Administrative Assistant Certificate program, overview of occupational options. Self-assessment of educational backgrounds and needs, referral to basic skills support to assist with successful completion of courses, overview in general of SCE Student Services. (Orientation)

BUSN 320 24 Hours
Office Skills I
First in a series of two levels that prepare students for an entry-level position as an administrative assistant. Includes units on the office environment, career opportunities, attitude, human relationships, and work ethics. Textbook Required. (Apportionment)

BUSN 321 24 Hours
Office Skills II
Prerequisite(s): BUSN 320 Office Skills I.
Second in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on telephone procedures, filing and managing records, processing business documents, sending and receiving mail, and managing office activities. Textbook Required. (Apportionment)

BUSN 340 48 Hours
Computer Applications for the Administrative Assistant I
First in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on Keyboarding and Word. (Apportionment)

BUSN 341 48 Hours
Computer Applications for the Administrative Assistant II
Prerequisite(s): BUSN 340 Computer Applications for Administrative Assistant I.
Second in a series of two levels that prepares students for an entry-level position as an administrative assistant. Includes units on Windows and Internet. Textbook Required. (Apportionment)

BUSN 345 80 Hours
Certified Bookkeeper
This course is designed for experienced bookkeepers and leads to national certification with the American Institute of Professional Bookkeepers (AIPB). This course equips individuals with the knowledge to succeed in the areas of accruals, deferrals, and trial balances for successful bookkeeping. Other topics include accruing revenues, unearned revenues, and more. (Fee-Based)
**BUSN 350**  
**Giving an Effective Presentation**  
36 Hours  
In today's world, it is easy to assemble a series of slides and deliver a speech and call it a business presentation - but there's much more to a presentation than just presenting - particularly if you want to get the results you expect. Almost all presentations are just that - presentations. In this workshop, you will learn how and why you should converse with rather than merely present to your audience; what is the best room layout and why; how to organize and prepare your presentation; what to do before, during and after your presentation; how and why you should or shouldn't use PowerPoint or other visual aids; how to and why eliminate jargon words and acronyms; how to and why you should refine and visualize your message; how to inspire and engage your audience; and much, much more. (Fee-Based)

**BUSN 360**  
**How to be an Effective Networker**  
3 Hours  
Do you find it hard to make conversation at business and social events? Networking can be the most efficient way to promote your business and find customers but you need to network effectively in order opportunity to learn the do's, don'ts and where's of effective networking from a published author and international trainer. This workshop is particularly valuable not only for professionals and business people who want to increase their confidence and networking skills, but for anyone who wants to build business and social relationships with others. (Fee-Based)

**BUSN 370**  
**Public Speaking Workshop - Transcend Your Fear**  
4 Hours  
For many, public speaking is the #1 fear, but it really doesn't have to be. Public speaking can be enjoyable for both the speaker and the audience. In this workshop, you will understand the root causes of fear, reasons for your fear and solutions to transcend your fear of public speaking. (Fee-Based)

**BUSN 400**  
**Starting a Small Business: Be Your Own Boss**  
18 Hours  
You will learn the role of entrepreneurial businesses in the United States and the impact on our national and global economy. This course will guide you to analyze the skills, commitment, and challenges necessary to successfully operate a small business. Topics also include entrance strategies and best practices. (Fee-Based)

**BUSN 405**  
**Writing a Winning Business Plan**  
18 Hours  
In this course you will learn to assess the strengths and weaknesses of a business concept and learn the elements of a winning business plan. Developing a competitive advantage, developing a mission statement, and forms of business ownership will also be covered. (Fee-Based)

**BUSN 410**  
**Financing Your Small Business**  
24 Hours  
Individuals will learn to identify and evaluate the various sources available for funding a small business venture and how to work with financial statements. Additionally, you will learn about capital and cash management, how to establish credit policies, and the importance of location. (Fee-Based)

**BUSN 415**

BMGR 645  36 Hours
Introduction to Medical Device Quality Assurance
This course introduces students to the medical device industry in preparation for an entry-level position as a Quality Assurance Specialist. Learn about the industry’s size and scope, current trends, and the wide range of products used in a variety of healthcare settings. Industry job resources are also covered. (Apportionment)

BMGR 648  36 Hours
Regulatory Affairs for Medical Devices
Course will provide students with an in-depth understanding of the regulations and regulatory agencies that are specific to the medical devices industry. The course will cover U.S. and European Union (EU) regulations and related agencies. Includes laws governing the development, manufacturing, and approval of medical devices. (Apportionment)

BMGR 651  36 Hours
Document and Database Management for Medical Devices
An overview of regulatory requirements for document control and database management for the medical device field. Covers the fundamentals of writing documents that meet regulatory compliance. Equips students for handling document management systems efficiently. (Apportionment)

BMGR 654  36 Hours
Quality Assurance for Medical Devices
This course provides students with an in-depth definition of quality assurance and its role within the medical device industry. The course covers the role of assurance during the manufacturing and production stages. Topics will include the step-by-step process of ensuring quality requirements are met for a product or service. (Apportionment)

BMGR 657  36 Hours
Technical Writing for Bio-Medical Industries
This course will provide students with an overview and understanding of technical writing for the bio medical industry. The course will cover principle writing methodologies for quality assurance, engineering, manufacturing, and production of a medical device product. Topics will address documentation as related to FDA mandated requirements, ISO standards and for writing GMP procedures. (Apportionment)

BMGR 660  36 Hours
Quality Auditing for Medical Devices
This course presents the principles and techniques for assessing the adequacy of a quality system for a medical device manufacturer. Topics include evaluating the quality system as it conforms to FDA regulatory requirements, standards, review of standard audit terms and other audit concepts. (Apportionment)

BMGR 665  36 Hours
European Certification Requirements for Medical Devices
Course introduces students to the EU Medical Device Directive and its importance to medical device companies. The course provides step-by-step guidance to achieve and maintain EU requirements for the quality, safety, and performance of medical device products. (Fee-Based)

BMGR 670  4 Hours
Notary Public Seminar
State approved mandatory education for new and renewing notaries. Being a notary can mean a bigger income for you! Learn the notary laws and prepare for the State of California exam. Take a practice exam, receive your Certificate of Completion, and schedule and registration information for upcoming State exams. Bring ID and arrive early. Due to State regulations, no one admitted after 6 p.m. (Fee-Based)

BMGR 675  8 Hours
Technical Writing 101 for the Medical Device Industry
The course addresses writing effectively and complying with regulations in the medical device industry. Participants will learn how to meet the needs of the audience, research and organize information, write, edit, and deliver effective documents. The course includes an overview of requirements recommended by the FDA and other regulatory agencies. (Fee-Based)

BMGR 680  4 Hours
Notary Loan Signing Certification
Become a certified notary loan signing agent. This course covers proper notarization of real estate documents and loan packages. It emphasizes the ethical and administrative role of the notary and the notary’s sense of duty associated with being a loan document signing agent. Marketing and customer service are also covered. (Fee-Based)

Overview of Medical Product Development
This workshop provides an understanding of the medical product development process and biomedical industry highlights and trends. A common development cycle for medical products is presented with explanations of various phases within the product development cycle, from concept to market. Fundamental industry terminology and medical product classification will be discussed. (Fee-Based)

BMGR 690  6 Hours
Navigating a Career in the Biomedical Industry
Identify career paths in the biomedical industry that best suit your interests and career goals. Through lectures and discussion, develop an understanding of career paths in the life sciences, including sales and marketing, business development, and regulatory affairs. Get practical advice on working with recruiters, building your resume, and networking. (Fee-Based)

Career Planning (CRPL)

CRPL 365  18-36 Hours
Work Experience
This course provides career technical education students with work experience in their program of study. It covers job readiness skills that will prepare students to be effective job seekers and workers. Students are introduced to the basics of resume writing, interviewing, workplace communication and job searching. 120 Hours of fieldwork required. (Grant-Funded)
CRPL 370  
Job Readiness  
This course covers basic job readiness skills that will prepare students to be effective job seekers and effective workers. Students will be introduced to the basics of resume writing, interviewing, workplace communications and job searching. Students will develop a personal skills inventory, create a resume, and prepare an employment portfolio. (Grant-Funded)

---

**Clothing (CC)**

**CC 205**  35 Hours  
**Sewing Techniques for Beginners**  
Students will learn new methods of sewing. Fundamental skills of understanding pattern directions, sewing machine use and making clothing alterations will be covered. (Fee-Based)

**CC 206**  18 Hours  
**Basic Sewing Techniques for Beginners**  
Students will learn new methods of sewing. Fundamental skills of understanding pattern directions, sewing machine use, hand stitching and making clothing alterations will be covered. (Fee-Based)

**CC 215**  35 Hours  
**Sew What You Wish**  
Using the newest sewing machine methods create garments or accessory items that fit your unique style. Projects include personal computer fashion analysis, alterations, sewing plaids and knits. (Fee-Based)

**CC 220**  35 Hours  
**Sewing Special Occasion Outfits**  
Through instructor demonstration and hands-on experience, students will be able to construct a variety of clothing items using couture techniques. The course includes wardrobe planning, a personal computer fashion analysis, alterations, fitting, and machine use. (Fee-Based)

**CC 221**  18 Hours  
**Couture Dressmaking I: Blouses**  
Through instructor demonstration and hands-on experience, students will be able to construct a classic fitted blouse using couture techniques. The course includes computer fashion analysis, alterations, fitting and sewing machine use. (Fee-Based)

**CC 225**  35 Hours  
**Exploring Knitting and Crocheting**  
Students will be introduced to hand-knit and crochet designs and techniques. Through hands-on experience they will improve their skills and learn to make attractive garments for family and friends. (Fee-Based)

**CC 235**  35 Hours  
**Contemporary & Traditional Quilting**  
This course will introduce basic steps of quilting and applique, including, fabric selection, design principles, assembly, borders and binding. Students will make projects using various quilting methods. (Fee-Based)

**CC 236**  18 Hours  
**Contemporary & Traditional Quilting I**  
Building on basic foundational skills of patchwork and applique, learning new techniques and working with tools of the trade, students will make a variety of projects. Instructions and demonstrations given in each session. (Fee-Based)

**CC 240**  35 Hours  
**Technical and Creative Use of Serger Machines**  
Learn how to thread and operate a serger while discovering creative applications for its use on various projects. Stitch formation and tension adjustments will be covered. Bring your machine or use ours. (Fee-Based)

**CC 241**  18 Hours  
**Technical and Creative Use of Serger Machine I: Knits**  
Learn how to thread and operate a serger while discovering techniques for serging with knit fabrics. Stitch formation and tension adjustments will be covered. Bring your machine or use ours. (Fee-Based)

**CC 245**  35 Hours  
**Sew Tailored Projects that are Runway Worthy**  
Enhance your image by creating garments that are sewn professionally and fit precisely. A personal computer fashion analysis, techniques for sewing faux fur, using specialty machines, proper interfacings, pressing and alterations will result in finished designer outfits at significant savings. May include men’s tailoring. (Fee-Based)

**CC 246**  18 Hours  
**Sew a Tailored Wardrobe I: Unlined Jacket**  
Sew an unlined jacket that will enhance your image by creating garments that are sewn professionally and fit precisely. A personal computer fashion analysis, new techniques, proper interfacings, pressing and alterations will result in designer-like outfits and financial savings. (Fee-Based)

**CC 250**  35 Hours  
**Fashion Design: Patternmaking**  
Create and fit a personal basic pattern. Learn pattern manipulation processes to generate your own designs. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. (Fee-Based)

**CC 260**  18 Hours  
**Needlework for Home and More I**  
Needlework techniques, such as cross stitch, embroidery and appliqué will be explored in depth. No previous needlework experience needed. (Fee-Based)

**CC 263**  18 Hours  
**Needlework for Home and More II**  
Needlework techniques, such as Brazilian and ribbon embroidery, and Swedish Weaving will be explored in depth. No previous needlework experience needed. (Fee-Based)

**CC 265**  18 Hours  
**Fashion Design: Patternmaking I**  
Learn pattern manipulation processes to generate your own designs. Includes slash-spread, and pivot-transfer methods. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. (Fee-Based)

**CC 268**  18 Hours  
**Fashion Design: Patternmaking II**  
Create and fit a personal basic pattern. Learn pattern alterations and grain line fitting. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. (Fee-Based)

**CC 270**  28 Hours  
**Basic Sewing Techniques**  
Students will learn new methods of sewing. Fundamental skills of understanding pattern directions. Sewing machine use and making clothing alterations will be covered. (Fee-Based)
### CC 275 
**Sewing Machine Techniques - Beginning**
Introduction or update basic sewing machine techniques including threading, stitch length/width adjustments. Basic seams and seam finishes demonstrated and practiced. Use of basic feet and machine maintenance included. Bring your own machine or use ours. *(Fee-Based)*

**CC 280**
**Sewing Machine Techniques - Intermediate**
Update intermediate sewing machine techniques. Twin needles and decorative stitches covered. Use of specialty feet and machine maintenance included. Bring your own machine or use ours. *(Fee-Based)*

**CC 405**
**Fashion Design: Copy Ready-to-Wear Garments I**
Create a pattern from your favorite Ready-to-Wear Garments without taking the garment apart. Bodices and dresses will be emphasized. *(Fee-Based)*

**CC 406**
**Fashion Design: Copy Ready-to-Wear Garments II**
Create a pattern from your favorite Ready-to-Wear Garments without taking the garment apart. Jacket, pants and skirts will be emphasized. *(Tuition)* *(Fee-Based)*

**CC 410**
**Fashion Design: Sewing Lab**
A sewing lab to allow completion of unfinished projects. Learn to use sewing notions and machine accessories to expedite completion of project. Garment fitting and alteration included. *(Fee-Based)*

**CC 415**
**Fashion Design: Sewing Techniques for Intermediates**
Sew a blouse or shirt. Learn to set-in sleeves, embellish fabric, sew collars, buttonholes and zippers. *(Fee-Based)*

**CC 420**
**Fashion Design: Fitting and Alteration-Blouse**
Custom fit and alter a basic blouse pattern. Alter a commercial pattern then fit the fabric blouse to your body curves. Learn to recognize wrinkles and folds and how to eliminate them to create a perfect fit. *(Fee-Based)*

**CC 422**
**Fashion Design: Sweatshirt Makeover**
This class will teach students to re-design the basic pullover sweatshirt, including re-sizing and custom-fitting. Students will also learn about restyling a cardigan, vest or jacket. Students will have the opportunity to add various design details such as new necklines, sleeve lengths, and ruffles or embroidery. *(Fee-Based)*

**CC 425**
**Fashion Design: Fitting and Alterations: Pants, Part 1**
This course will teach students to custom fit a commercial pants pattern. Student will complete alterations to the garments and practice pattern changes to create a variety of pant styles. *(Fee-Based)*

**CC 426**
**Fashion Design: Fitting and Alterations: Pants, Part 2**
This course will teach students to custom fit a commercial pants pattern. Students will also learn how to create a master pattern-sloper. They will complete alterations to the garments and practice pattern changes to create even more pant styles. *(Fee-Based)*

**CC 430**
**Fashion Design: T-Shirt Makeover**
This course teaches students to re-design a basic T-shirt. Resize and custom-fit any purchased, commercial T-Shirt. Students will learn how to add various design details as a new neckline, adjust sleeve lengths, and adding ruffles and embroidery designs. *(Fee-Based)*

---

### Computer (COMP)

**COMP 100**
**Introduction to Computers**
Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes. *(Apportionment)*

**COMP 105**
**Discover the Internet**
A hands-on overview of Internet concepts, Web browsing using Internet Explorer; email, newsgroups, FTP, netiquette, security issues, research, and more. Hands-on including on-line browsing. Recommended proficiency in: Introduction to Computers or equivalent. *(Apportionment)*

**COMP 119**
**Adobe Photoshop Elements**
*Advisory: Knowledge of Windows.*
Utilize photo editing software to enhance graphic design capabilities. This class introduces tools used by professional designers in an easy to use, powerful, digital-image editing program. Textbook may be required. *(Apportionment)*

**COMP 121**
**Digital Photo Albums for Beginners**
*Advisory: MS 104 Introduction to Windows Operating Systems and COMP 105 Introduction to Computers.*
Learn how to import photos from various sources; organize and manage photos; perform basic editing functions of photos email photos and share albums; create slide shows and video CDs; and create cards, calendars, albums, and a photo book. Textbook may be required. *(Apportionment)*

**COMP 350**
**Introduction to Visual Basic for Applications (VBA) for Excel**
*Advisory: MS 165 MS Excel - Power-User skills or Experience building Excel spreadsheet in response to data needs or externally delivered requirements.*
Learn how to create and edit Visual Basic for Applications (VBA) code without using the macro recorder. Learn how to write VBA projects using subroutines and functions. Understand how to utilize VBA's methods and properties to perform Excel work in a fast and flexible manner. *(Apportionment)*

**COMP 510**
**Keyboarding Mastery I**
*Prerequisite(s): The student must be able to key 35 net words per minute (nwpm) timed writing or have completed COMP 685 Beginning Keyboarding with a pass grade.*
The first of two keyboarding courses designed to increase keying speed and accuracy to employment levels of 50+ nwpm. *(Apportionment)*
COMP 511
Keyboarding Mastery II
Prerequisite(s): The student must have completed COMP 510 Keyboarding Mastery I with a pass grade.
The second of two keyboarding courses designed to increase and maintain keying speed and accuracy to employment levels of 50+ net words per minute (nwpm). (Apportionment)

COMP 620
Securing Your PC For The Internet
Prerequisite(s): Prior Windows Experience.
Learn preventive techniques to secure your Windows PC from Internet threats such as viruses, spyware, and hackers. Explore different tools available to remove these threats and prevent future occurrences. (Apportionment)

COMP 645
Integrated Computer Projects
Designed for those who want to apply the knowledge they have gained from previous computer classes. See how those skills can be put to work in real world simulations! Capstone course for students who have already learned the basics of computer usage. Recommended proficiency in: Introduction to Computers, Discover the Internet, MS Office Overview or equivalent. (Apportionment)

COMP 650
QuickBooks Fundamentals for the Financial Office Applications
Teaches students the basics of using the QuickBooks software to develop customized financial application for business. The course covers special techniques for reducing data entry time, eliminating errors and getting consistent results. Upon completion students will understand the basics of QuickBooks to simplify financial tasks. (Apportionment)

COMP 655
MS Word Fundamentals for the Financial Office Applications
This brief course covers the essentials to creating simple documents with Microsoft Word in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include memos, lists, letters, resumes and signs. letters, resumes and signs. (Apportionment)

COMP 660
MS Excel Fundamentals for the Financial Office Applications
This brief course covers the essentials to creating simple spreadsheets with Microsoft Excel in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include an address list, budget, and inventory tracking sheet. (Apportionment)

COMP 665
MS PowerPoint Fundamentals for the Financial Office Applications
This brief course covers the essentials to creating simple presentations with Microsoft PowerPoint in a financial office environment. An excellent course for beginners or those who need to know the basic. Topics will include animations, transitions and slide shows. Learn how to create a professional-looking slide show without designing each slide from scratch! (Apportionment)

COMP 670
Create PDF's with Adobe Acrobat
Learn the standard for sharing documents online! Create PDF files using Adobe Acrobat. Protect documents, create forms, and combine multiple files with Adobe Acrobat. (Apportionment)

COMP 675
Digital Scrapbooking
Advisory: Knowledge of Windows and Photoshop or Photoshop Elements.
Scrapbooking is a 2.5 billion dollar industry in the United States. Computerized graphic design is dramatically transforming the industry. Digital scrapbooking skills are important for anyone working in the graphic design field. Learn the design essentials of professional digital scrapbooks, hardware and software requirements, and the creation of graphic elements. (Apportionment)

COMP 685
Beginning Keyboarding
Prerequisite(s): None
Stop hunting and pecking at the keyboard with this short course. Learn the keyboard layout to build speed and accuracy. Course covers proper technique at the computer keyboard as well as 10-key keyboarding. Textbook Required (Apportionment)

COMP 690
Email Essentials
Advisory: Introduction to Computers.
Students will create an email account, learn to send electronic messages, attachments, manage contacts, create distribution lists and organize messages in folders. Learn this critical business skill set in this 18-hour course. (Apportionment)

COMP 700
Adobe Photoshop Elements Tools for Intermediate Users
Advisory: Knowledge of Windows and Adobe Photoshop Elements For intermediate- or advanced-level photographers or scrapbookers.
Covers tools and techniques for creating text with character, custom shapes and layer styles to add pizzazz, using and creating brushes for embellishments, adding blend modes and filters to give dimension, and automating pages using templates. (Apportionment)

COMP 705
Digital Photo Restoration and Portrait Makeovers
Knowledge of Windows For photographers and scrapbookers who want to advance their skills to repair old photos and touch up portraits. Topics include repairing scratches and tears on old photos; fixing hair, teeth, skin, red eyes, and blemishes; enhancing photos; combining images; creating backgrounds and frames; and selecting photo papers. Textbook Required. (Apportionment)

COMP 715
Computer Components - Introduction
Prerequisite(s): Introduction to Computers.
This course is designed to provide the fundamentals in computer servicing. It introduces individuals to the names and general characteristics of a variety of a variety of components of a computer system. You will experience a hands-on approach to learning installation, configuring, and upgrading computer components. (Fee-Based)

COMP 720
Fundamental Principles of Printers, Scanners and Networks
Prerequisite(s): Introduction to Computers.
This course is designed to provide the fundamentals of using printers, scanners and networks and providing support for them. The course will cover elements of installation, configuration, and networking that are necessary to provide support. (Fee-Based)

COMP 725
Windows Security, Safety and Environmental Issues - Introduction
Prerequisite(s): Introduction to Computers.
This course is designed to assist individuals in understanding personal computers on a technical level. You will receive hands-on experience managing Windows desktop security and internet security. You will also learn about safety and environmental computer issues. Essential elements of security are covered. (Fee-Based)

CRAE 325
Watercolor
This course is designed for beginning to intermediate watercolor. Lecture/demonstration is followed by guided lab session. Among the subjects covered will be materials, washes, glazes, color theory, etc. There are voluntary, supportive critiques at the end of each class. (Fee-Based)

CRAE 332
Tole Painting and Decorative Artwork - Intermediate
The course offers students the opportunity to build on the basic skills learned in basic Tole and Decorative classes. The course includes the use of acrylic paint, discussion of strokes and techniques, and projects utilizing a variety of surfaces including tin, wood, porcelain and furniture. Some painting experience is necessary for this class. (Fee-Based)

CRAE 340
Silk Painting
This is a course to learn silk painting with the Serti technique where designs are outlined with gutta or resist on stretched white silk. (Fee-Based)

CRAE 345
Recycled Materials Become a Tote Bag
This course is designed to teach students basic sewing techniques and to create a reusable tote bag all while learning about recycling and reusing materials in our everyday lives. Students will make a functional reuseable bag that can be used as a beach tote, grocery/shopping bag, and a diaper or book bag. (Fee-Based)

CRAE 350
Art Appreciation: Looking and Learning
This course takes students on an educational journey to the world of art and the artist. Students will learn about different periods of art, about the lives of the artists, and the world in which they lived that inspired their work. (Fee-Based)

CRAE 355
Paint Night Art Workshop
Come join us for fun with paint, snacks, and friends!! A professional Artist will lead our group to recreate the workshop’s featured painting while we enjoy music, snacks, and socialize with others. Each workshop is different and focuses on a different artist and famous painting. Easy to follow instructions. All supplies are included. Take home finished painting. No experience necessary! (Fee-Based)

CRAE 360
Combine Painting
In this fun, hands-on class, students will develop skills combining painting techniques with various three-dimensional objects, photographs, newspaper, fabric, etc., to create hybrids of painting and sculpture. Lecture and demonstration will be followed by assignments. (Fee-Based)

DAN 102
Ballroom Dancing - Latin and Swing Dance
Learn the most popular dances. Includes traditional contemporary dances: cha cha, waltz, foxtrot, tango, East Coast swing, samba, rumba, and country western. Have fun and make new friends! A partner is not required. You must wear soft-soled shoes. Last class meeting arranged for night out dancing (nominal fee). (Fee-Based)

DAN 103
West Coast Swing Dance
Learn only one dance West Coast Swing! Dance it fast or slow to your favorite music. The official state dance of California. This dance will be popular forever. A partner is not required. Wear soft soled shoes. Last class meeting arranged for night out dancing (nominal fee). (Fee-Based)

DAN 104
Salsa Dance
Learn the basics and fun variations of this hot dance. A partner is not required. (Fee-Based)

DAN 112
Adult Jazz Dance
Students will learn jazz dance techniques with strength and flexibility training along with simple dance combinations. (Fee-Based)

DAN 114
Adult Ballet - Beginning
This course will concentrate on the fundamental techniques of ballet. Each class will begin with the basic "barre" exercises, moving into the center for stretching and ballet combinations, followed by executing moves while traveling across the floor. (Fee-Based)

DAN 117
Waltz and Cha Cha Dance
Learn and dance some fun patterns of both Waltz and Cha Cha. Both dances are very popular. Learn the basics and techniques of both. Join us for some fun. Last class meeting arranged for night out dancing (nominal fee). (Fee-Based)

DAN 118
Fox Trot and Tango Dancing
Experience both the Fox Trot and American and Argentine styles of Tango dancing. Both dance styles are very popular. Learn the basics and techniques of both. Join us for some fun. Last class meeting arranged for night out dancing (nominal fee). (Fee-Based)

DAN 119
The Art of Belly Dancing
Exercise while exploring the dance and rhythms of the Near and Middle East through Belly Dancing. Learn arm, hand and body movements including belly rolls as well as techniques for finger cymbals and veil work. Class taught to accommodate beginners as well as those with experience. Bring finger cymbals or learn how to make them with bottle caps and 3 yards of flowing fabric approximately 45 inches wide for the veil session. (Fee-Based)

DAN 120
Hip Hop Dance
Learn new hip hop dance moves and fun, funky choreography! Stimulate your mind while learning choreography and strengthen your body with our fun stretches and exercises. (Fee-Based)

DAN 125
Irish Dance - Beginning
Ages 13-Adult
Learn Irish dance from an instructor who has taught adults for 15 years! Students will learn the beginner steps of the Reel and Jig and a social dance. Class will be fun, informative, and a place to meet new friends. Also, a great way to prepare for St. Patrick’s Day! Music CD required. (Fee-Based)

Classes will cover Merengue. By the end of these six weeks, you will have developed lots of partnering and styling skills, and you'll know what to do when you hear some fabulous Latin music! (Fee-Based)
DIG 104 Adobe Illustrator - Advanced 24 Hours

Prerequisite(s): DIG 103 Adobe Illustrator - Beginning or equivalent experience.

Review the basics of Illustrator and then go on to create elaborate graphics for web pages, commercial design and desktop publishing. Learn the essentials of pre-press printing technique (color separation and trapping), professional page layout tips, fundamental digital color theory and design concepts. Illustrator is a graphic artist’s essential tool along with Adobe Photoshop. Bring Flash Drive. (Fee-Based)

DIG 105 Adobe Dreamweaver - Beginning 24 Hours

Prerequisite(s): Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents.

Learn the principles of web design and how to edit HTML documents. Integrate web graphics find resources on the Web and survey advanced techniques related to E-commerce websites. Create your own site and demo your work in last class. Bring Flash Drive. PC lab only. Textbook Required. (Fee-Based)

DIG 106 Adobe Flash Pro - Beginning 24 Hours

Prerequisite(s): Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents.

Students will learn how to use Flash to do web animations, interactivity and will build complete websites using only Flash. Learn basic animation, key frames, tweening, movie clips, basic action script, preparing images for web/multimedia and more! Bring Flash Drive. PC lab only. Textbook required. (Fee-Based)

DIG 109 Adobe Photoshop - Introduction 24 Hours

Prerequisite(s): Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents.

Students will learn how to use Photoshop to do a variety of image correction, coloring, compositing, and special effects techniques for print, web and multimedia. Questions regarding visual aesthetics and design, importing digital files and output will be discussed. Students will have the opportunity to produce finished projects according to their needs and aspirations. (Fee-Based)

DIG 111 Adobe Photoshop - Intermediate 24 Hours

Prerequisite(s): DIG 102 Adobe Photoshop and DIG 101 Premiere Pro.

Learn more professional features: working with complex masks, filters and advanced layers, professional photo editing and restoration, 3D-like rendering with gradients, and much more. Learn fundamental digital color schemes and design concepts. Bring Flash Drive. PC lab only. Textbook required. (Fee-Based)

DIG 112 Website Design HTML 5 24 Hours

Prerequisite(s): Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents.

Learn the basic principles of web page construction; edit and format HTML documents. Make hyperlinks to other pages, make tables, build forms, embed and optimize images. Learn about JPG, GIF formats, create frames; learn to use Java and JavaScript, review professional web-authoring tools like Dreamweaver and Fireworks. Bring Flash Drive. PC lab only. Textbook Required. (Fee-Based)

DIG 113 Adobe After Effects - Introduction 24 Hours

Prerequisite(s): DIG 101 Adobe Premiere or editing experience and familiar with Adobe Photoshop.

Advisory: DIG 101 Adobe Premiere or editing experience and familiar with Adobe Photoshop.

Express your creative ideas using After Effects CS5. Employ innovative 2D, 3D, text, and vector graphic compositing and animation tools; choose from an extensive selection of effects; and add high-quality audio. Explore a large library of creative building blocks to get you started, and take advantage of command line automation and scripting for advanced applications. Combine layers into new, visually rich alternate realities. Mask, key, motion track, color correct, paint, and perform a variety of visual effects magic with powerful, efficient, and precise tools. (Fee-Based)

DIG 114 Adobe After Effects - Intermediate 24 Hours

Prerequisite(s): DIG 102 Adobe Photoshop and DIG 101 Premiere Pro.

Learn the Adobe After Effects work area; integrating video and graphic motion, creative mattes, animation, filtering, and multimedia animation. Bring DVD/Flash Drive. PC lab only. (Fee-Based)

DIG 115 Adobe After Effects - Advanced 24 Hours

Prerequisite(s): DIG 114 Adobe After Effects - Introduction.

Learn advanced graphics motion and modification. Advanced key frame techniques and special effects. Students will have a choice of either a PC or MAC computer system as available. (Fee-Based)

DIG 116 Apple Final Cut Pro 24 Hours

Prerequisite(s): Knowledge of MAC OS X.

Express your creative ideas using After Effects CS5. Employ innovative 2D, 3D, text, and vector graphic compositing and animation tools; choose from an extensive selection of effects; and add high-quality audio. Explore a large library of creative building blocks to get you started, and take advantage of command line automation and scripting for advanced applications. Combine layers into new, visually rich alternate realities. Mask, key, motion track, color correct, paint, and perform a variety of visual effects magic with powerful, efficient, and precise tools. (Fee-Based)

DIG 135 Adobe Flash Pro - Intermediate 24 Hours

Prerequisite(s): DIG 106 Adobe Flash Pro - Beginning.

Students must have a complete understanding of Flash basics: tweening, motion paths, the library, movie clips and basic action script. Learn to use Flash for complex web animations, special effects, and sophisticated interactivity. Learn intermediate action scripting which includes working with objects, classes, methods, properties, functions and event handlers. Controlling multiple timelines, sound effects and text will be taught as well as adding dynamic interactivity to the movie and clip. Bring Flash Drive. PC lab only. Textbook required. (Fee-Based)

DIG 151 Adobe Indesign - Beginning 24 Hours

Advisory: Computer Literacy.

This course combines basic desktop publishing skills with the specifics of how to use Adobe InDesign to create visual communications. You will learn page layout tools as you are introduced to the software interface. This course teaches the fundamentals, basic commands and procedures used to create professional documents. (Fee-Based)
DIG 162
Adobe Dreamweaver - Intermediate
24 Hours
Adobe Dreamweaver - Beginning.
Prerequisite(s): DIG 105 Adobe Dreamweaver - Beginning.

DIG 164
SolidWorks for the Designer - Beginning
24 Hours
Class will consist of hands-on exercises to develop 3D CAD design skills with state-of-the-art intuitive, parametric 3D CAD system. This course is designed for students with no prior knowledge of 2D or 3D CAD. The beginning course will focus on an introduction to SolidWorks and learning the basic tools to perform product design exercises for manufacturing. Bring Flash Drive. PC lab only. (Fee-Based)

DIG 165
SolidWorks for the Designer - Intermediate
24 Hours
Prerequisite(s): DIG 165 SolidWorks for the Designer - Beginning.

DIG 166
Adobe Encore and Adobe Audition
24 Hours
Prerequisite(s): Computer literacy and knowledge of Photoshop and/or Premiere Pro.
Learn to author DVDs and output your project to all recordable DVD formats with Adobe Encore file editing software and Adobe Audition software for mixing and editing audio. Use Adobe Photoshop to create and edit menus. Output your project to all recordable DVD formats. Bring DVD/Flash Drive. PC lab only. (Fee-Based)

DIG 167
Digital Camera Workshop
4 Hours
Learn how to use your digital camera. This is a one time only, 4-hour workshop to learn the basic operation of your digital camera and how to transfer your digital images to your computer. Bring camera, cable, memory card and instructions. (Fee-Based)

DIG 168
Scanner Workshop
4 Hours
Learn how to use a scanner. This is a one time only, 4-hour workshop to learn how to use a scanner to copy photos, slides, negatives or drawings and store them on your computer. Bring material to copy including old photos and small 3-dimensional objects. (Fee-Based)

DIG 169
Adobe Photoshop for Web Workshop
8 Hours
Advisory: Any Website Design course or Photoshop course.
For the more advanced Photoshop/WEB student. Learn how to manipulate photos for minimum download time with maximum resolution. This workshop consists of two, 4-hour classes over two consecutive Saturdays. (Fee-Based)

DIG 170
Computer Monitoring with Spector Pro for Home or Office
3 Hours
Learn how to easily monitor your children's or employees' computer activities with the highly ranked sleuth software program Spector Pro 5.0 by Spectorsoft. See what they are doing on MySpace, the internet or e-mail correspondence. The most impressive feature is the "Play" function. It allows you to perform a fast slide show of the previous activities on their computer. Keystrokes are also recorded so you can learn their passwords. This is a 3-hour workshop held in our state of the art computer lab at our Anaheim Campus. (Fee-Based)

DIG 175
Silk - Illustrator
28 Hours
Prerequisite(s): Computer literacy and knowledge of Illustrator required. Intermediate to advanced techniques of illustration using the pen tool, clipping masks, gradients, blends, and gradient meshes to create watercolor and silk painting effects. Printing to various medias, including silk will be explored. (Fee-Based)

DIG 180
Mobile Device Game Development
24 Hours
An introduction of game theory and game design as it pertains to websites and mobile devices. The class will focus on action script 3D programming language with emphasis on user interaction. Course includes hands-on exercises for art asset generation, game play mechanics and audio. Textbook required. (Fee-Based)

DIG 185
Website Development Workflow - Methods and Techniques
4 Hours
An introduction to modern workflow methods and techniques used in professional content creation pipelines. The class will focus on integrating multi format assets such as video, audio, vector, 3D and image sequences into a production pipeline. Overview of content management tools, and meta data tracking with an emphasis on reusable/flexible asset generation. (Fee-Based)

DIG 190
Print on Fabric
4 Hours
Printing on fabric with a basic color printer and scanner using Photoshop and Illustrator texture filters to create watercolor and silk painting effects will be explored and demonstrated. Students will print from their own drawings or photos on to various media such as silk and cotton to create a scarf or quilt block. (Fee-Based)

DIG 195
Flash Workshop - Intermediate
8 Hours
If you already know how to animate in Flash but want to take it to the next level this workshop is for you. We will cover intermediate to advanced tools and techniques in CS4. What makes the difference between amateur Flash sites and professional level Flash come and find out. (Fee-Based)

DIG 200
Adobe Photoshop Workshop
4 Hours
Prerequisite(s): Completion of Beginning Photoshop or Photoshop Elements.
An in-depth journey into professional Photoshop techniques and workflows with an emphasis on creative techniques. (Fee-Based)

DIG 210
Adobe Lightroom
24 Hours
Advisory: Knowledge of windows operating systems and experience with digital cameras and Photoshop.
Adobe Photoshop Lightroom helps bring out the best in your photographs, whether you're perfecting one image, searching for ten, processing hundreds, or organizing thousands. Create images, edit with state-of-the-art nondestructive editing tools. Manage all your images. Showcase your work in elegant print layouts, slide shows, and web galleries. (Fee-Based)
DIG 215
Adobe Illustrator - Intermediate
Advisory: Current working knowledge of beginning Adobe Illustrator or have used Adobe Illustrator in the past.
Use pen tool. This course explores more advanced vector artwork; font manipulation; isometrics; shadows and shading; and other 3-dimensional effects. (Fee-Based)

DIG 220
Adobe Dreamweaver with PHP and MySQL - Beginning.
Advisory: Basic computer class and keyboarding class or equivalent.
Adobe Dreamweaver CS6 is an application for web designers and developers used to create websites and applications for use across multiple targets including browsers, devices, and tablets. In this students will create a development environment for building PHP web applications with Adobe Dreamweaver and a MySQL database server. (Fee-Based)

DIG 225
Introduction to Animation - Adobe Edge
Advisory: Basic computer, Internet, and computer graphics skills or equivalent.
This course introduces graphic animation tools that use web standards for incorporating smooth animations and interactivity into projects. The generated content can be displayed across multiple platforms such as mobile phones, tablets and desktops computers and browsers without the need for additional plugins. You will learn to create motion content in the application's timeline-based interface. This course also covers importing and keyframing web graphics and adding interactivity to projects. (Fee-Based)

DIG 230
PHP and MySQL - Introduction
Advisory: Basic computer and keyboarding skills and basic HTML and CSS knowledge.
MySQL (TM) and PHP are two of the most popular open source technologies to emerge during the past decade. PHP is a powerful language for writing server-side Web applications. MySQL is the world's most popular open source database. Together, these two technologies provide you with a powerful platform for building database-driven Web applications. This hands-on MySQL and PHP course teaches everything you need to successfully build data-driven Web sites using MySQL and PHP. (Fee-Based)

DIG 232
PHP and MySQL - Intermediate
Advisory: HTML 5 and CSS and DIG 230 - PHP and MySQL, Introduction.
This intermediate hands-on MySQL and PHP course teaches everything you need to successfully build data-driven Web sites using MySQL and PHP. Should know HTML and CSS. (Fee-Based)

DIG 240
JavaScript Programming - Introduction
Advisory: Basic computer skills and knowledge of HTML and CSS fundamentals.
This course explores the fundamentals of JavaScript programming, one of the leading web development languages. Learn how to incorporate JavaScript code into HTML documents to produce stunning interactive Web pages. Students will be introduced to basic computer programming concepts including variables, operators, arrays, conditional statements, loops and functions. Hands-on exercises are performed each day to demonstrate key concepts and make web development with JavaScript fun and exciting. Bring USB Flash Drive. (Fee-Based)

DIG 242
JavaScript Program - Intermediate
Advisory: JavaScript Programming basics, HTML and CSS fundamentals.
This is a course designed for students who have a solid foundation in the basics of using and writing JavaScript (either through completion of the Intro to JavaScript course or with instructor approval). This course is an intermediate level JavaScript course, which focuses on JavaScript’s object-based features, and creating practical JavaScript applications. (Fee-Based)

DIG 245
Introduction to Programming
Advisory: JavaScript Programming basics, HTML and CSS fundamentals.
This course is designed for students who have a solid foundation in the basics of using and writing JavaScript (either through completion of the Intro to JavaScript course or with instructor approval). This course is an intermediate level JavaScript course, which focuses on JavaScript’s object-based features, and creating practical JavaScript applications. (Fee-Based)

DIG 255
WordPress - Beginning
Advisory: HTML 5 and CSS and DIG 230 - PHP and MySQL, Introduction.
This course is designed for anyone looking to learn how to use the WordPress platform for either personal or business website use. The course covers the basics on how to use the WordPress platform including installation, content management, and configuration. The course also covers WordPress themes, plugins, and settings. Prior web publishing experience not required. Familiarity with web browsers and email is highly recommended. (Fee-Based)

Disabled Students (DSPS)

DSPS 106
Braille Transcribing
This course is designed to familiarize the student with the Braille system and its usage. Students will be expected to learn to read, write and proofread Braille and submit a manuscript to the Library of Congress for certification in Braille Transcription. (Apportionment)

DSPS 111
Exploratory Arts for Visually Impaired
A course designed for students with visual impairments, which provides experience using various art media. (Apportionment)

DSPS 114
Relationships and Sexuality Training
A class geared for students with developmental or learning disabilities that is designed to provide a comprehensive and meaningful overview. The course strives to build healthy, safe sexual attitudes, behaviors, and relationships consistent with personal values. (Apportionment)

DSPS 115
Music for Communication for Students with Disabilities
This course is designed for students with developmental or learning disabilities to teach verbal and nonverbal language skills and increase ones attention span and decision-making skills with the use of music. (Apportionment)

DSPS 116
Nutrition & Exercise
Geared for students with developmental or learning disabilities that is designed to teach the benefits of healthy eating and proper exercise. (Apportionment)
DSPS 119  
**Kinesthetic PE For Visually Impaired**  
A class designed for students with visual impairments to improve body awareness, stamina, cardiovascular fitness and muscle tone. Instruction will be characterized by specialized techniques relying on tactile input to the students. (Apportionment)

DSPS 120  
**Career Preparation and Life Management**  
A course designed for students with developmental or learning disabilities to prepare for employment and independent living. (Apportionment)

DSPS 121  
**Computer-Assisted Instructional Lab**  
Designed for students with disabilities to provide instruction in computer operation, word processing and the use of adaptive computer equipment. (Apportionment)

DSPS 122  
**Adaptive PE Weight Training**  
*Prerequisite(s):* Entry into this class based on physician's release. 
Increases physical endurance, stresses body condition/muscle development. (Fee-Based)

DSPS 124  
**Independent Living Skills**  
A comprehensive program for adults with developmental disabilities to improve the social, academic, personal, prevocational and avocational capabilities. (Apportionment)

DSPS 125  
**Daily Living Skills for Students with Disabilities**  
A class geared for students with disabilities that is designed to enhance their ability to live more independently. (Apportionment)

DSPS 126  
**Basic Reading for the Disabled**  
Designed to enhance reading skills by providing a strong foundation to increase vocabulary and reading comprehension. (Apportionment)

DSPS 128  
**Improving Individual Skills for Students with Disabilities**  
Geared for students with developmental, psychiatric or learning disabilities, designed to improve academic and personal skills through social interactions, healthy living, and academic success. (Apportionment)

DSPS 129  
**Community Resources**  
A class geared for students with developmental or learning disabilities designed to teach skills necessary to independently take part in typical community activities by traveling to various locations in the area. Lessons learned in the classroom will be practiced in the community. (Apportionment)

DSPS 130  
**Bill Paying and Banking**  
This class is designed for adults with developmental disabilities and learning disabilities who want to learn how to maintain a checking account. This is an introductory class that teaches banking vocabulary and step by step on how to open and manage a checking account. Students will be required to use the Quicken software program for balancing their checking account. (Apportionment)

DSPS 131  
**Basic Cooking**  
Designed for students with developmental or learning disabilities to have them acquire skill in safely preparing and storing foods for independent living. Also includes nutrition, appropriate manners and kitchen organization. (Apportionment)

DSPS 132  
**Communication Skills**  
A course geared for students with developmental or learning disabilities to provide instruction on the different forms of effective communication including body language, gestures, and non-verbal cues. Students actively participate in role playing real-life situations, discussing current events, and practicing listening exercise to improve their communication skills. (Apportionment)

DSPS 133  
**Self-Advocacy**  
Instruction designed for students with developmental or learning disabilities to enhance advocating for self in everyday life situations. (Apportionment)

DSPS 134  
**Banking for Apartment Living**  
A class designed for students with developmental or learning disabilities who want to learn how to budget their money, pay bills, make purchases, grocery shop, rent an apartment, and interview roommates. The class simulates living in an apartment and the responsibilities of being independent. Students must have prior banking experience in writing checks, making deposits, and ATM transactions. Students will be required to use the Quicken software program for balancing their checking account. (Apportionment)

DSPS 135  
**Beginning Money for Students with Disabilities**  
A course designed for students with developmental or learning disabilities to learn the skills necessary for performing accurate money exchanges. Students will learn money counting skills, and consumer skills in the market place. (Apportionment)

DSPS 136  
**Living More Independently**  
A class geared for students with developmental or learning disabilities that is designed to provide a comprehensive and meaningful overview of a variety of options for living more independently (i.e. group home, own apartment), how to achieve those options, and what is needed to be successful in your choice. (Apportionment)

DSPS 137  
**Job Skills**  
Designed for students with developmental or learning disabilities to help recognize and achieve potential as independent members of the community. Lecture, lab, and field experience are combined to provide the student with a comprehensive and meaningful educational experience. (Apportionment)

DSPS 138  
**Communication on the Job**  
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will include activities to enhance written and verbal skills. (Apportionment)
DSPS 139  
Orientation to DSPS  
A course designed to inform adults with disabilities about the programs and services offered through SCE/DSPS. (Orientation)  
2 Hours

DSPS 140  
Social Skills  
This course is designed to give students with developmental and learning disabilities an overview of appropriate social skills at school, work, and in the community. Through examples in their own lives as well as instructional materials various areas social skills challenges will be explored. Any necessary coping strategies taught. (Apportionment)  
180 Hours

DSPS 150  
Critical Thinking  
Designed to assist adults with disabilities in acquiring or improving critical thinking skills necessary to function independently in a variety of activities, situations, and environments. Emphasis on problem solving and decision making through understanding and evaluating situations, utilizing knowledge of cause and effect relationships, exploring options, and planning and implementing strategies. (Apportionment)  
30 Hours

DSPS 155  
Mobility Skills  
A class designed for students with disabilities to enhance independence by introducing safe practices and knowledge for using public transportation. (Apportionment)  
72 Hours

DSPS 160  
Adaptive PE Activity  
This course is designed for the disabled student. The class modified individual and team sport activities. (Fee-Based)  
18 Hours

DSPS 165  
Wheelchair Basketball  
Weekly practice or a minimum of four hours per week is required. The most qualified student athletes will be selected to represent the college during the season. (Fee-Based)  
36 Hours

DSPS 170  
Wheelchair Athletics  
This course includes instruction and participation in the fundamentals of the spectrum of wheelchair athletics. (Fee-Based)  
36 Hours

DSPS 175  
Personal Safety  
This course is designed to introduce students with developmental disabilities to personal safety awareness. Students with disabilities will be presented with proactive steps to take to avoid dangerous situations in the community and at home. Students with disabilities will also be presented with basic techniques for self defense and first aid. (Apportionment)  
30 Hours

DSPS 180  
Beginning Banking  
This class is for students with disabilities who want to learn how to spell money amounts, fill out an check, make a deposit, record checks and deposits in a check register, and record ATM transactions in a register. This class would beneficial for students: who want to learn the basics of banking, who need practice with the basics of banking, or who are new and would like to take the Banking for Apartment Living class. (Apportionment)  
30 Hours

DSPS 185  
Social Opportunities for Students with Disabilities  
Geared for students with disabilities to learn how to create a social life for themselves by discussing how to meet people and making friends, identifying low cost activities, learning age appropriate games to play with guest, practicing social manners, and planning a social event and carrying it out. (Apportionment)  
30 Hours

DSPS 190  
Beginning Computers / Open Lab for Adults with Disabilities  
This course is designed to provide students who have developmental disabilities with the knowledge to develop or maintain skills in basic computer applications such as, but not limited to: Windows, word processing, data entry, Internet navigation, keyboarding, and remedial academic software. (Apportionment)  
36 Hours

DSPS 195  
Have Internet; Will Travel  
This course is designed to provide students who have developmental disabilities with the knowledge to develop the skills needed for travel planning while building computer and researching skills by use of the Internet. Students will plan 3 trips: a day trip, a weekend get-away, and a week vacation. (Apportionment)  
36 Hours

DSPS 200  
Rules of the Road  
This course is designed to provide students who have developmental disabilities with the knowledge to increase awareness as a pedestrian/bicyclist or future licensed driver about the laws and rules of the road. (Apportionment)  
30 Hours

DSPS 205  
Money Skills for Students with Disabilities  
This course is designed for students with developmental learning disabilities to learn the skills necessary for performing accurate money exchanges. Students will learn to count money, and to solve real life shopping problems using money. (Apportionment)  
30 Hours

DSPS 210  
Photoshop for Students with Disabilities  
Through class and individual instruction students with developmental or learning disabilities will acquire basic knowledge and skills in digital photography and manipulation of photographs utilizing the Adobe Photoshop Elements program. Students will also develop their creativity through personalized PhotoShop projects. (Apportionment)  
30 Hours

DSPS 215  
Get in Shape: Healthy Eating and Exercise  
Students with disabilities will learn the benefits of healthy eating and proper exercise. Students will prepare Students should consult with a physician before four healthy snacks and participate in exercise activities. starting an exercise program. (Apportionment)  
30 Hours

DSPS 220  
Summer Cooking  
This course is designed to provide students that have developmental disabilities with the knowledge and skills needed to cook simple, nutritious meals. We will plan our meal, walk to the grocery store, shop for food, prepare the meal together, and clean up. (Apportionment)  
30 Hours

DSPS 225  
Actor's Workshop  
This course is designed to expose students with disabilities to basic acting techniques. Additionally, the acting, focused on everyday social dilemmas, will enhance the student's ability to interpret and then deal with these everyday life situations on a regular basis. (Apportionment)  
30 Hours

DSPS 330  Options for Independent Living for Students with Disabilities  60 Hours  
This course is an overview of living options for students with disabilities who are considering living independent of their family homes. The advantages and disadvantages of various living options will be presented. Students will also explore the process of choosing and renting an apartment. (Apportionment)

DSPS 332  Living More Independently: Apartment Living  60 Hours  
Students with disabilities will explore moving into their first apartment and responsibilities of maintaining a home. Topics will include identifying needed furnishings and supplies, basic house cleaning, and safe use and storage of cleaning products. Students will also be required to practice house cleaning tasks. (Apportionment)

DSPS 334  Living More Independently: Health, Safety, and Living with Your Roommate  60 Hours  
Students with disabilities will learn about choosing and living with a roommate. Students will be presented with strategies for cooperative living and problem solving. Students will also learn about health and safety in the home. (Apportionment)

DSPS 335  Balance and Mobility Skills for Students with Visual Impairments  24 Hours  
This course is designed to provide students who are legally blind with the techniques needed to improve balance, strategies needed to reduce falls and skills needed to safely get up after a fall. Students will use sensory cues to identify environmental risks, learn exercises that increase strength and balance, and create a personal fall-prevention plan. (Apportionment)

DSPS 340  Music for Communication: Social Skills for Students with Disabilities  48 Hours  
This course uses music to enhance communication skills and cultural awareness for students with intellectual and developmental disabilities. (Apportionment)

DSPS 345  Community Volunteering for Vocational Skills Enhancement  60 Hours  
Students with developmental disabilities participate in weekly field trips. Trips will include resources in the community that can provide opportunities for volunteer service. Curriculum includes instruction for use of public transportation to get to and return from field trip destinations. (Apportionment)

DSPS 350  Job Skills Field Work for Students with Disabilities  36 Hours  
Students with developmental or learning disabilities participate in weekly field trips to destinations that provide them with first hand observation of workplaces and/or introduce them to agencies that can assist them in attaining and maintaining employment. Curriculum also includes instruction in the use of public transportation. (Apportionment)

DSPS 355  Accessing the Community Through Mobility Skills for Students with Disabilities  36 Hours  
A class designed for students with disabilities to enhance independence by introducing knowledge and safe practices for using public transportation. The course will include route preparation, and will help students learn to travel in the community to access services, community resources, vocational agencies, work sites, and student homes or apartments. (Grant-Funded)

DSPS 360  Making a Plan for Self-Advocacy  60 Hours  
Students will examine personal strengths and skills as well as areas that need improvement in order to be successful in advocating for their chosen life or vocational goal. Students will also research resources pertaining to their goal in order to prepare a plan for advocating for their life or vocational goal. (Apportionment)

DSPS 362  Advocating for Life and Vocational Goals  60 Hours  
This course provides students with disabilities with knowledge, skills and resources to make decisions and communicate needs for determining their own life and vocational path. Students will learn about disabilities and adaptive skills to mitigate personal disabilities. Students will learn and practice effective communication techniques. (Apportionment)

DSPS 364  Interacting with Authority and Emergency Personnel  60 Hours  
This course will prepare students with disabilities for interaction with police and emergency personnel. Topics include an overview of the criminal justice system, rights of individuals if taken into custody and reporting victimization. This course also prepares students for interaction with fire, medical, and emergency medical personnel. (Apportionment)

DSPS 370  ILS: US Civics  300 Hours  
This class is designed for adults with developmental disabilities and learning disabilities who want to become better citizens by gaining knowledge about the civics of the United States of America. (Apportionment)

DSPS 372  ILS: US Geography  300 Hours  
This class is designed for adults with developmental disabilities and learning disabilities who want to learn United States geography. Students will learn about states, state capitals, and major United States landmarks. (Apportionment)

DSPS 374  ILS: US National Symbols and History  300 Hours  
This class is designed for adults with developmental disabilities and learning disabilities who want to become better American citizens by gaining knowledge of American national monuments, American heroes, and national patriotic symbols. (Apportionment)

DSPS 380  Survival Vocabulary and Basic Reading and Writing  60 Hours  
This course is the first in a series of three courses designed for adults with disabilities to learn survival vocabulary and basic reading and writing skills. (Apportionment)

DSPS 382  Basic Reading Comprehension & Writing for Students with Disabilities  60 Hours  
This course is the second in a series of three courses designed for adult students with disabilities to increase their reading comprehension and writing skills. (Apportionment)

DSPS 384  Using Reading in Real Life Situations for Students with Disabilities  60 Hours  
This course is the third in a series of three courses designed for adult students with disabilities to increase their reading comprehension and writing skills found in real life situations. (Apportionment)
DSPS 390  
Daily Living Skills: Reading Skills in the Kitchen for Students with Disabilities  
This is an introductory cooking course for students with intellectual and developmental disabilities to practice reading and vocabulary in the kitchen so they can prepare a simple and nutritious meal. (Apportionment)

DSPS 392  
Daily Living Skills: Basic Math with Money for Students with Disabilities  
This is an introductory course for students with intellectual and developmental disabilities to practice money skills to learn money exchanging concepts. (Apportionment)

DSPS 394  
Daily Living Skills: Basic Math with Time for Students with Disabilities  
This is an introductory course for students with intellectual and developmental disabilities to practice math skills to learn time concepts. (Apportionment)

DSPS 396  
Daily Living Skills: Basic Math with Calendars for Students with Disabilities  
This is an introductory course for students with intellectual and developmental disabilities to practice math skills to learn calendar concepts. (Apportionment)

DSPS 400  
Applied Academics: Communication Skills  
This course is geared for students with developmental, psychiatric or learning disabilities, designed to improve reading, writing and speaking skills. (Apportionment)

DSPS 402  
Applied Academics: Math Skills for Everyday Living  
This course is designed to improve everyday math skills for students with developmental, psychiatric or learning disabilities. (Apportionment)

DSPS 404  
Applied Academics: Reading and Writing for Employment  
This course is designed to improve reading and writing skills as they relate to employment for students with developmental, psychiatric or learning disabilities. (Apportionment)

DSPS 410  
Introduction to Computers  
Designed for individuals with disabilities, this course provides a basic introduction to computers. (Apportionment)

DSPS 412  
Introduction to Basic Word Processing  
Designed for individuals with disabilities, this course teaches the basic introduction to word processing. (Apportionment)

DSPS 414  
Introduction to Basic Word Processing Editing for Students with Disabilities  
Designed for individuals with disabilities, this course teaches basic word processing editing. (Apportionment)

DSPS 420  
Intermediate Word Processing  
Designed for individuals with disabilities wanting to increase their basic knowledge of word processing. (Apportionment)

DSPS 422  
Intermediate Electronic Mail  
Designed for individuals with disabilities, this course provides training in the use of the Internet and operation of e-mail accounts. (Apportionment)

DSPS 424  
Intermediate PowerPoint Slide Presentation & Basic Formatting  
Designed for individuals with disabilities, this course provides training in the use of PowerPoint slide presentation software and basic spreadsheet software. (Apportionment)

DSPS 430  
Beginning Money for Students with Disabilities  
A course designed for students with developmental or learning disabilities to learn the skills necessary for accurate money exchanges. Students will learn how to count money, give appropriate amounts of money for purchases, make change, and how to calculate a tip. (Apportionment)

DSPS 432  
Smart Shopping and Saving Money in the Community  
A course designed for students with developmental or learning disabilities to teach them how to save money by shopping smartly. Students will learn how to use comparison techniques, unit pricing, coupons, and online deals to find the best bargain. (Apportionment)

DSPS 434  
Safe Shopping and Safe Money Management  
A course designed for students with developmental or learning disabilities to learn how to safely shop and manage their money. Students will learn to identify and avoid scams within the community. (Apportionment)

DSPS 440  
Improving Skills: Consumer Skills  
This course is geared for students with developmental, psychiatric or learning disabilities, designed to improve consumer skills. (Apportionment)

DSPS 442  
Improving Individual Skills: Self-Determination Skills for Students with Disabilities  
This course is designed to improve self-determination skills for students with developmental, psychiatric or learning disabilities. (Apportionment)

DSPS 444  
Improving Skills: Functional Writing Skills  
This course is designed to improve everyday writing skills of students with developmental, psychiatric or learning disabilities. (Apportionment)

DSPS 446  
Improving Skills: Reading Comprehension Skills  
This course is designed to improve reading comprehension skills of students with developmental, psychiatric or learning disabilities. (Apportionment)

DSPS 450  
Basic Cooking: Beginning Skills  
A course designed for students with disabilities a foundation of basic cooking and food preparation concepts and activities, kitchen cleanliness and safety, and grocery shopping skills, using a variety of basic skills. (Apportionment)

DSPS 452  
Basic Cooking: Intermediate Skills for Students with Disabilities  
This course is designed to give students with disabilities intermediate skills of cooking and food preparation concepts and activities, kitchen cleanliness and safety, and grocery shopping skills, using a variety of basic skills. (Apportionment)
DSPS 454 60 Hours
Basic Cooking: More Advanced Skills for Students with Disabilities
This course is designed to give students with disabilities more advanced skills of cooking and food preparation concepts and activities, kitchen cleanliness and safety, nutrition, and grocery shopping skills, using a variety of basic skills. (Apportionment)

DSPS 460 60 Hours
Social Skills: Foundational Basics
This course is designed to give students with disabilities an overview of foundational basic social skills at home, school, work, and in the community, using a variety of basic skills. (Apportionment)

DSPS 462 60 Hours
Social Skills: Conflict Management and Resolution Basics
This course is designed to give students with disabilities an overview of conflict management and resolution skills at home, school, work, and in the community, using a variety of basic skills. (Apportionment)

DSPS 464 60 Hours
Social Skills: Additional Interpersonal Concepts
This course is designed to give students with disabilities an overview of additional social skills concepts at home, school, work, in the community, and in their personal life, using a variety of basic skills. (Apportionment)

DSPS 470 60 Hours
Relationships: Foundational Basics
This course is designed to give students with disabilities an overview of appropriate interactions with foundational relationships concepts, using a variety of basic skills. (Apportionment)

DSPS 472 60 Hours
Relationships: Building and Maintaining Healthy Relationships
This course is designed to give students with disabilities an overview of appropriate interactions for building and maintaining healthy friendships and romantic relationships, using a variety of basic skills. (Apportionment)

DSPS 474 60 Hours
This course is designed to give students with disabilities a review of general relationships, intimate relationships, and an overview of sexuality concepts, using a variety of basic skills. (Apportionment)

DSPS 480 60 Hours
Human Sexuality: Human Development, Puberty, and Conception
This course is designed to give students with disabilities an overview of basic human sexuality concepts of boundaries, human development, and puberty in order to build safe, healthy sexual behaviors and attitudes, consistent with personal values, using a variety of basic skills. (Apportionment)

DSPS 482 60 Hours
Human Sexuality: Sexual Expression, Reproduction, and Birth Control
This course is designed to give students with disabilities an overview of the basic human sexuality concepts of sexual expression, reproduction, birth control, and sexual health, in order to build safe, healthy sexual behaviors and attitudes, consistent with personal values, using a variety of basic skills. (Apportionment)

DSPS 484 60 Hours
Human Sexuality: Children, Personal Safety, & Healthy Relationships
This course is designed to give students with disabilities an overview of the basic human sexuality concepts of having children, sexual abuse safety, and healthy relationships, in order to build safe, healthy sexual behaviors and attitudes, consistent with personal values, using a variety of basic skills. (Apportionment)

DSPS 490 60 Hours
Affectively Dealing With Work-Related Problems
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will include activities to enhance written and verbal skills. (Apportionment)

DSPS 492 60 Hours
First Impressions On The Job
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will focus on making good first impressions and will include activities to enhance written and verbal skills. (Apportionment)

DSPS 494 60 Hours
Interviewing & Professional Communication
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will focus on interviewing skills and will include activities to enhance written and verbal skills. (Apportionment)

DSPS 500 60 Hours
Keyboarding & Basic Word Processing
This course is the first in a series of three courses designed for adults with developmental disabilities. The course teaches keyboarding and basic word processing. The skills learned in the first course will carry over into the subsequent two courses. (Apportionment)

DSPS 502 60 Hours
Exploring the Internet and Email
This course is the second in a series of three courses designed for adults with developmental disabilities. The course teaches the student how to use email and how to do research on the Internet using common search engines. The skills learned in this course will carry over into the last course in this series. Students will use keyboarding and word processing skills learned in prior course. (Apportionment)

DSPS 504 60 Hours
Creating PowerPoint Presentations
This course is the third in a series of three courses designed for adults with developmental disabilities. The course teaches the student how to create PowerPoint presentations. Students will use keyboarding, word processing, and internet research skills learned in prior courses. (Apportionment)

DSPS 514 60 Hours
Job Skills Fieldwork: Working in Food Service for Students with Disabilities
Students with disabilities participate in weekly field trips to destinations that provide them with first hand observation of workplaces in the food service industry. Curriculum includes instruction in the use of bus schedules to determine departure and arrival time for destinations. (Apportionment)

DSPS 516 60 Hours
Job Skills Fieldwork: Working in Childcare & Vocational Assistance for Students with Disabilities
Students with disabilities participate in field trips to childcare facilities, educational programs and vocational agencies that can assist them in attaining and maintaining employment. Curriculum includes instruction in using public transportation, using Internet resources for planning bus trips to field trip destinations and creating a written day schedule. (Apportionment)
DSPS 520
Relationships and Boundaries for Students with Disabilities
This course is designed to provide students with developmental disabilities with the knowledge and skills they need to have safe and healthy interpersonal relationships. Topics covered include personal boundaries, dealing with strangers, and appropriate types of relationships. (Apportionment)

DSPS 522
Interpersonal Relationships for Students with Disabilities
This course provides students with developmental disabilities with the knowledge and skills to have safe and healthy interpersonal relationships. Topics in the course include personal values, making choices, dating and sexual relationships. (Apportionment)

DSPS 524
Personal Development and Safety In Relationships for Students with Disabilities
This course is designed to provide students who have developmental or learning disabilities with the knowledge to develop vocational and educational skills. (Grant-Funded)

DSPS 530
College to Career Open Lab for Adults with Disabilities
This course is designed to provide students who have developmental or learning disabilities with the knowledge to develop vocational and educational skills. (Grant-Funded)

DSPS 531
Educational Support and Employment Prep Lab
This course is designed to provide students who have disabilities with the knowledge to develop vocational and educational skills. (Apportionment)

DSPS 535
Photoshop: Digital Camera Operation for Students with Disabilities
Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of operating a digital camera. (Apportionment)

DSPS 537
Photoshop Elements: Introduction for Students with Disabilities
Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of Photoshop Elements. (Apportionment)

DSPS 539
Photoshop Elements: Layering and Special Effects
Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of Photoshop Elements. (Apportionment)

DSPS 540
Exploring Career Options for Students with Disabilities
This course is intended to assist adults with disabilities in establishing a clear and realistic occupational goal. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Students will also explore resources for seeking employment in their chosen occupational field. (Apportionment)

DSPS 542
Workplace Attitudes and Standards for Students with Disabilities
This course is intended to prepare students with disabilities for successful employment by introducing them to appropriate on-the-job behavior, communication, attitude and work ethics. Students will also be introduced to the importance of workplace safety and customer service. (Apportionment)

DSPS 544
Getting a Job for Students with Disabilities
This course is designed to introduce students with disabilities to filling out and submitting both written and online job applications. This course will also introduce students to effective job interview preparation, technique and attire. (Apportionment)

DSPS 550
Independent Living Skills: Exploring Employment
This is the first of three sequential courses designed for adults with disabilities to succeed at a workplace. This course covers job-seeking skills. (Apportionment)

DSPS 552
Independent Living Skills: Pre-Vocational Skills Practice
This course is designed for adults with developmental disabilities and intellectual disabilities who want to learn basic vocational skills. Students will practice different vocational work skills in various settings. (Apportionment)

DSPS 554
Independent Living Skills: Social Skills on the Job
This course is designed for students with developmental disabilities and intellectually disabilities who want to learn how to be a good employee. Students will learn about traits that employees need to succeed in a job. (Apportionment)

DSPS 560
Independent Living Skills: Budgeting Skills
This class is designed to teach students with developmental and intellectual disabilities how to budget and save their money. (Apportionment)

DSPS 562
Independent Living Skills: Money Skills
This class is designed to teach adults with developmental and intellectual disabilities how to count money and pay bills safely and correctly. (Apportionment)

DSPS 564
Independent Living Skills: Consumer Skills
The class is designed to teach adults with developmental and intellectual disabilities to increase their skills and knowledge to be better consumers. (Apportionment)

DSPS 570
Independent Living Skills: Health Skills
This class is designed to teach adults with developmental and intellectual disabilities to improve their health and physical well-being. (Apportionment)

DSPS 572
Independent Living Skills: Safety Skills
This class is designed to teach adults with developmental and intellectual disabilities to improve their personal safety at home. (Apportionment)

DSPS 574
Independent Living Skills: Nutrition
This class is designed to teach adults with developmental and intellectual disabilities the benefits of achieving good health through nutrition, exercise, and lifestyle choices. (Apportionment)

DSPS 580
Independent Living Skills: Practical Living Skills
This class is designed to teach adults with developmental and intellectual disabilities how to apply practical living skills in order to live more independently in the community. (Apportionment)

**Child Health and Safety**

For teachers and directors of pre-schools, this course will focus on the skills and knowledge needed for developing emergency plans and responding to health and safety issues in the classroom. Textbook Required. *(Apportionment)*

**Program Principles II**

Prerequisite(s): ECE 108 Program Principles I.

Bring original certificate to first class! Students explore major contributors in early childhood education and the development of their personal growth in the field of teaching. *(Apportionment)*

**Language Arts and Literacy in Early Childhood**

This course examines the teacher's role in promoting and facilitating children's emerging literacy and language development through the use of storytelling, books, songs, flannel board stories and puppetry. This course is part of a program approved by the California Department of Social Services, for employment in a private facility. *(Apportionment)*

**Program Music & Movement**

Explores areas of music and movement appropriate to child's development through participating and experimenting. Textbook Required. *(Apportionment)*

**Infant Care I**

Methods of sanitation, illness and Title 22 regulations will be discussed. *(Apportionment)*

**Infant Care II**

Theory and appropriate caregiver methods applied in daily curriculum activities for infants and toddlers. *(Apportionment)*

**Program Science & Math**

Plan, organize and implement activities that help children develop skills, appreciation and enthusiasm for science and math. *(Apportionment)*

**ECE Program: Creative Experiences**

In this course, students explore and experience how developmentally appropriate creative experiences can enhance children's learning while developing fine motor, creative expression and problem-solving skills. This course is part of a program approved by the California Department of Social Services for employment in private facilities. *(Apportionment)*

**Developmental Readiness: Preschool**

Prerequisite(s): ECE 140 Early Childhood Development.

Explore how children learn. Develop the ability to plan developmentally-appropriate activities to ensure children's success. Learn how to detect and prevent learning difficulties. *(Apportionment)*

**Family Community Relationships**

Examination of the sociological relationships between family and society; institutional, racial, social, and economic factors affecting the family and the child. Textbook Required. *(Apportionment)*
ECE 140
Early Childhood Development
An introduction to the developmental stages of children from prenatal to middle childhood with emphasis on the physical, cognitive, language and social/emotional milestones. Application of developmental and learning theories addressed. This course is part of a program approved by the California Department of Social Services for employment in private facilities. (Apportionment)

ECE 141
Early Childhood Educational Planning
Orientation and Assessment to and for the NOCE Early Childhood Education Certificate program, overview of occupational options. Evaluate reading comprehension, writing abilities, English language acquisition via student self-assessment. Provide advisory referrals to basic skills support as needed per individual student. Provide overview of general NOCE programs and student support services. (Orientation)

ECE 142
Supervision & Administration
Prerequisite(s): ECE 170 Introduction to Curriculum for ECE, and ECE 108 ECE Program Principles and Practice, and ECE 140 Early Childhood Development, and ECE 136 FamilyCommunity Relationships, and ECE 100 Child Health and Safety, or course equivalent - see Program Manager.
Offered only in Spring Term. In depth study of the essential essentials of daily school supervision and operation as mandated by State regulations. (Apportionment)

ECE 165
Children with Special Needs
This course offers a broad study of children with special needs and early childhood education as it relates to inclusion. This course covers federal and state laws and regulations, terminology and definitions, appropriate practices and intervention. This course is part of a program approved by Department of Social Services, Community Care Licensing. (Apportionment)

ECE 170
Introduction to Curriculum for Early Childhood Education
Prerequisite(s): ECE 140 Early Childhood Development.
This course provides the foundation for curriculum planning, implementation, observation, assessment and evaluation. Emphasis includes modalities, learning styles, environments, activities, schedules, routines and adaptations to facilitate learning for all children. This course is part of a program approved by the California Department of Social Services for employment in private facilities. Textbook Required. (Apportionment)

ECE 175
Infant-Toddler Care
This course explores the theories, principles and practices of an infant/toddler program. Content includes respectful, responsive care giving, licensing and regulation issues, and enriching, safe, healthy developmentally appropriate environments. This course is part of a program approved by the California Department of Social Services for employment in private facilities. Textbook Required. (Apportionment)

ECE 176
Supervision & Administration
Prerequisite(s): ECE 170 Introduction to Curriculum for ECE, and ECE 108 ECE Program Principles and Practice, and ECE 140 Early Childhood Development, and ECE 136 FamilyCommunity Relationships, and ECE 100 Child Health and Safety, or course equivalent - see Program Manager.
Offered only in Spring Term. In depth study of the essential essentials of daily school supervision and operation as mandated by State regulations. (Apportionment)

ECE 177
Early Literacy Development
Prerequisite(s): ECE 170 Introduction to Curriculum for ECE, and ECE 108 ECE Program Principles and Practice, and ECE 140 Early Childhood Development, and ECE 136 FamilyCommunity Relationships, and ECE 100 Child Health and Safety, or course equivalent - see Program Manager.
Offered only in Spring Term. In depth study of the essential essentials of daily school supervision and operation as mandated by State regulations. (Apportionment)

EDEN 100
Senior Topics For Older Adults
This course presents older adults with various topics for discussion and class activities based on the students’ individual interest, backgrounds, physical and mental abilities. Older adults are encouraged to share and compare life experiences, and learn about international, national and local events and issues from a current and historical viewpoint. (Apportionment)

EDEN 550
Intergenerational: Life Review for Older Adults
This course for older adults and participants of multiple generations will explore, celebrate, and share their life histories with other class participants through personal interviews, with the older adult students, completing a family tree chart, and participating a life-layers activity. Relationships across generations are encouraged through interactive class projects and activities. (Apportionment)

EDEN 600
Intergenerational: Learning Connection for Older Adults
This class provides older adults and participants of multiple generations the opportunity to gain understanding and appreciation for themselves and others through various interactive class activities and projects. Older adults students are encouraged to explore different perspectives by comparing and contrasting the past, present, and future from different generational viewpoints. (Apportionment)

EDEN 605
Voice-Overs...Now is Your Time!
This course will show individuals how they can begin to use their speaking voice for commercials, films, videos, and more. (Fee-Based)

EDEN 640
Genealogy 101 - First Steps to Family Heritage
This course is designed for participants to develop a plan to document their family history through genealogy. (Fee-Based)

EDEN 650
Intergenerational: Life Review for Older Adults
This course for older adults and participants of multiple generations will explore, celebrate, and share their life histories with other class participants through personal interviews, with the older adult students, completing a family tree chart, and participating a life-layers activity. Relationships across generations are encouraged through interactive class projects and activities. (Apportionment)

EDEN 660
Genealogy 101 - First Steps to Family Heritage
This course is designed for participants to develop a plan to document their family history through genealogy. (Fee-Based)

ELET 100
Basic Electronics for Video, Audio and Computer
This course offers the fundamentals of basic electronics, including electronics theory with a focus on analog electronics. Students receive practical lab experience to understand and troubleshoot circuits. This course is a starting point for students preparing for a career as an electronic technician. (Apportionment)

ELET 102
Basic Electricity
Course starts with basic electricity and progresses to residential wiring in accordance with the National Electrical Code. Students learn how to obtain an electrical contractor's license. Supplies purchase required as specified by instructor. (Apportionment)
ELET 112  
Electronic Service Technology  
Prerequisite(s): Basic electronic knowledge Course reviews AC/DC theory and basic electronic circuits. Learn to use electronic test equipment and hook up home entertainment equipment. Proceed with testing, troubleshooting and preventive maintenance or radio, TV, VCR, microwave and DVD/CD player. Purchase of small electronic kit as specified by instructor required. Basic knowledge of electronics recommended. (Apportionment)

ELET 116  
Personal Computer Repair, Beginning  
Covers the fundamentals of computer repair and maintenance through the study of theory, terminology, troubleshooting of IBM compatible Personal Computers and hands-on training. (Apportionment)

ELET 140  
Introduction to Electrical Trainee  
Course provides an overview of the construction industry with focus on the career path of an electrical trainee. Students will learn about the skills needed to launch a successful career in the electrical trade. Topics include safety, construction math, tools and materials handling, job site management, and State certification requirements for electricians. (Apportionment)

ELET 145  
Electricity Fundamentals  
Prerequisite(s): ELET 140 Introduction to Electrical Trainee. Course covers basic electrical concepts, including electrical measurements, basic electrical theory, and an understanding of how common electrical components work. Course provides a basis for understanding electrical safety concepts. Textbook Required. (Apportionment)

ELET 150  
Wiring Fundamentals: Residential  
Prerequisite(s): ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to residential wiring. Topics include electrical standards, residential wiring techniques, grounding, basic switching circuits, residential load calculations, and electrical services in accordance with the NEC. Textbook Required. (Apportionment)

ELET 160  
Wiring Fundamentals: Commercial  
Prerequisite(s): ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, and voltage-drop equations and lighting sources in accordance with the NEC. Textbook Required. (Apportionment)

ELET 170  
Wiring Fundamentals: Industrial  
Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics to include industrial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, electrical motors, motor circuit conductors, motor control circuits, and electrical power installations in accordance to the NEC. (Apportionment)

ELET 175  
Electrical Trades Mathematics I  
A study of mathematics used in the electrical and construction trades including topics such as arithmetic, fractions, decimals, percents, graphing, measurement, and an introduction to algebra. Textbook Required. (Apportionment)

ELET 176  
Electrical Trades Mathematics II  
Prerequisite(s): ELET 175 Electrical Trades Mathematics I. This course will present basic algebra and trigonometry and their application to the solution of practical problems in the electrical construction field with an emphasis on trigonometric solutions to alternating current electrical theory. (Apportionment)

ELET 180  
Electrical Conduit Bending  
This course is a study of how to properly calculate, layout, and bend Electrical Metallic Tubing (EMT) and Rigid Metal Conduit (RMC) per industry and National Electrical Code standards. This course utilizes both hand bending tools and the use of mechanical and machine type bending equipment. (Apportionment)

ELET 205  
Electrical Fundamentals I - Residential  
Prerequisite(s): ELET 175 Electrical Trades Mathematics I. Corequisite(s): Must be taken concurrently with ELET 210 Electrical Laboratory Practices I. This course introduces the student to the elements of basic direct current circuits and residential type construction with an emphasis on wiring principles and basic residential design. The student will perform a "hands on" design of a basic residential blueprint with all components in strict accordance with the requirements of the National Electrical Code. (Apportionment)

ELET 206  
Electrical Fundamentals II - Commercial  
Prerequisite(s): ELET 205 Electrical Fundamentals I - Residential and ELET 176 Electrical Trades Mathematics II. Corequisite(s): Must be taken concurrently with ELET 211 - Electrical Laboratory Practices II. Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, single and three distribution systems and equipment, grounding, and lighting sources in accordance with the NEC. (Apportionment)
ENCO 110  Communication With The Deaf - Beginning
36 Hours
This course is suitable for beginners, beneficial for parents, teachers, instructional personnel and individuals interested in communicating with deaf or hard-of-hearing children and young adults. (Apportionment)

ENCO 125  Senior Choir: Signs of the Holidays
24 Hours
This class for older adults provides training in American Sign Language vocabulary and grammatical expression as it applies to seasonal music. Students will engage in community performances of tradition and ceremony for their community, both Deaf and Hearing. (Apportionment)

ENCO 180  Books Come Alive for Older Adults
24 Hours
"Books Come Alive" is an intellectually and socially rewarding activity designed for older adults in which outstanding works of fiction/non-fiction are read and discussed. Through the method of shared inquiry, along with thought-provoking questions, older adult students are offered exciting opportunities for self-discovery and personal growth. (Apportionment)

ENCO 181  Oral Histories for Older Adults
24 Hours
Older adult students will participate in group activities that encourage interactive discussion, sharing, and relating life stories as they relate to the older adult perspective. Older adults students will explore a life time of memories and experiences. Learn to recognize the importance of remembered experiences and personal uniqueness associated with aging. (Apportionment)

ENCO 183  Great Literature for Seniors
24 Hours
"Great Literature for Seniors" is an intellectually and socially rewarding class designed for older adults in which outstanding short stories are read and discussed. Through the method of shared inquiry, along with thought-provoking questions, students are offered exciting opportunities for self-discovery and personal growth. (Apportionment)

ENCO 452  Public Speaking Workshop - Mastering Your Fear
12 Hours
Effective communications is essential for success, yet many are too fearful or lack the confidence to speak in front of a group of people. In this workshop, you will have the opportunity to master your fear by understanding the root causes of fear, realizing that fear is a positive emotion, and learning how to turn your fear into a world of excitement and enthusiasm. In fact, you may realize that public speaking can be enjoyable for both you and the audience. (Fee-Based)

ENCO 501  Journey Back Into Time for Older Adults
24 Hours
This class offers older adults students the opportunity to explore and share their personal histories, cultures, and values among older adult students through group discussion. Shared experiences, memories and linking the past with the present, encourage self-awareness, positive self-esteem, mental stimulation, and enjoyment. (Apportionment)

ENCO 515  Be an Effective Presenter and Speaker
12 Hours
Are you giving presentations but you’re not getting the results you expect? Learn from the published author of “31 Tips to Becoming an Effective Presenter.” The author will guide you through a series of exercises, assignments and demonstrations to improve your effectiveness in giving presentations. You will learn how to use your voice; how to use proper and appropriate gestures; and what to do before, during and after your presentations, and much more. (Fee-Based)

ENCO 520  Public Speaking - Speaking with Confidence
12 Hours
Many of us are required or asked to give presentations in class, at work, or at social events, yet we are too fearful or lack the knowledge to give a presentation effectively and confidently. By understanding the fear and by offering exercises in a safe and positive growth environment, the published author of “31 Tips to Becoming an Effective Presenter,” will gently guide you in transcending your presentation fears and becoming confident in presenting to others. You may even learn to enjoy giving presentations. (Fee-Based)
ENCO 530  Networking - Basics of Building Relationships
Building relationships is a great way to add to your network. This class will teach you the skills to initiate a relationship. How to shake hands, introduce yourself, join a group, work the room and keep a conversation going. With confidence, you will be successful! (Fee-Based)

ENCO 535  Braille Transcribing: Basic Rules
This class is designed for sighted and visually impaired persons to learn the basic skills of transcribing print into braille. (Apportionment)

ENCO 537  Braille Transcribing: Reading and Writing Contractions
This class is geared for sighted and visually impaired persons to learn the art of transcribing print into braille at the intermediate level. (Apportionment)

ENCO 539  Braille Transcribing: Advanced Symbols and Formatting Manuscripts
This class is geared for sighted and visually impaired persons to learn the art of transcribing print into braille at the advanced level. (Apportionment)

ENCO 550  Be a Productive PowerPoint Presenter
This class emphasizes organizing and delivering effective presentations while using PowerPoint slides. PowerPoint must enrich a presentation to be effective, yet many presenters underuse, misuse or overuse PowerPoint. Learn how to optimize PowerPoint presentations to ensure each individual slide improves the presentation. Some knowledge of PowerPoint necessary for students enrolling in this class (Fee-Based)

ESL Classes (ESLA)

ESLA 001  ESL Learning Center
The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction. (Apportionment)

ESLA 100  ESL Beginning Literacy
This course is designed for adult language learners who possess limited proficiency in English. Students also may not possess literacy skills in their first language. The class will focus on basic vocabulary in English along with basic writing conventions and pronunciation. (Apportionment)

ESLA 110  ESL Fundamentals, Advanced
This is a four-skill language course where students will improve their fluency in speaking, listening, reading and writing based on topics relevant to students' lives, experiences and goals. Grammatical structures will be integrated into language practice activities. Improving accuracy is a focus of the course. (Apportionment)

ESLA 120  ESL Fundamentals, Beginning Literacy
This course is designed for adult language learners who possess limited to no proficiency in English. Students also may not possess literacy skills in their first language. The class will focus on basic vocabulary in English along with basic writing conventions and pronunciation. (Apportionment)

ESLA 130  ESL and Computers
This course provides English language instruction through the medium of English-as-a-Second-Language (ESL) computer programs. The primary focus is situated vocabulary development through the use of the Oxford Picture Dictionary program and supplementary software. (Apportionment)

ESLA 159  ESL Fundamentals, Beginning Literacy
This course is designed for adult language learners who possess limited to no proficiency in English. Students also may not possess literacy skills in their first language. The class will focus on basic vocabulary in English along with basic writing conventions and pronunciation. (Apportionment)

ESLA 160  ESL Fundamentals, Beginning Low
This integrated-skills course focuses on developing beginning-level receptive and productive language skills; the course also emphasizes life skills. (Apportionment)

ESLA 161  ESL Fundamentals, Beginning High
The course focuses on developing receptive and productive language skills. Students will acquire grammar, vocabulary and language functions to improve proficiency. The course also emphasizes beginning level life skills. (Apportionment)

ESLA 162  ESL Fundamentals, Intermediate Low
The course focuses on developing intermediate level receptive and productive language skills. Students will acquire grammar, vocabulary and language functions to improve proficiency. The course also emphasizes life skills. (Apportionment)

ESLA 163  ESL Fundamentals, Intermediate High
This is a four-skill language course using topics and information sources related to student need. Students will increase their proficiency in reading, writing, listening and speaking by acquiring new vocabulary and applying appropriate grammatical structures. Building language fluency is the focus of the course. (Apportionment)

ESLA 164  ESL Fundamentals, Advanced
This is a four-skill language course where students will improve their fluency in speaking, listening, reading and writing based on topics relevant to students' lives, experiences and goals. Grammatical structures will be integrated into language practice activities. Improving accuracy is a focus of the course. (Apportionment)

ESLA 170  ESL and Civics Education, Beginning Low
This competency-based course focuses on both basic language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. (Apportionment)

ESLA 171  ESL and Civics Education, Beginning High
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. (Apportionment)

ESLA 172  ESL and Civics Education, Intermediate Low
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. (Apportionment)

ESLA 173  ESL and Civics Education, Intermediate High
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. (Apportionment)

ESLA 174  ESL and Civics Education, Advanced Low
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. (Apportionment)

ESLA 175  ESL and Civics Education, Advanced High
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. (Apportionment)

ESLA 176  ESL and Civics Education, Advanced Literacy
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. (Apportionment)
ESLA 172  
ESL and Civics Education, Intermediate Low  
This competency-based course focuses on both language development and life skills. Integrated course skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. Students will also develop critical thinking skills. (Apportionment)

ESLA 173  
ESL and Civics Education, Intermediate High  
This course partners with ESL Fundamentals to complete the Intermediate High level of ESL. In this course, students will apply learned language skills to accessing community resources and being an active community participant. Language acquisition and practice is focused on helping students navigate the many ins and outs of their communities. Civics topics will be chosen each term based on the needs of the students. (Apportionment)

ESLA 174  
ESL and Civics Education, Advanced  
This course partners with ESL Fundamentals to complete the Advanced level of ESL. In this course, students will apply learned language skills to accessing community resources and being an active community participant. Language fluency development is focused on helping students navigate the many ins and outs of their communities. Civics topics will be chosen each term based on the needs of the students. (Apportionment)

ESLA 200  
ESL Beginning Low  
The course content integrates language functions and forms with informational sources, skills, and topics. Topics may be general or vocational, as follows: Personal Identification, weather, Money, job titles, following simple instructions. Among informational sources the topics may include: lists signs schedules, calendars and ads. Among the skills: scanning. (Apportionment)

ESLA 300  
ESL Beginning High  
The course content is relevant to the life of the students. It integrates language functions and language forms with informational sources, skills and topics. Topics are chosen in accordance with students' goals: general or vocational. Samples of information sources are: Telephone directory and indexes, among the skills: alphabetizing. General topics should include: Housing, transportation, Emergencies, General Health. Vocational Topics includes: Job Skills, Classified Adds, Job Safety. (Apportionment)

ESLA 400  
ESL Intermediate Low  
The course content is relevant to the lives of the student. It integrates language functions and language forms with informational sources, skills and topics. Topics are chosen in accordance with student goals: general or vocational. Samples of informational sources are: Telephone Directory and indexes. Among the skills: alphabetizing. General topics should include: Housing, Transportation, Emergencies, General health. Vocational topics include: Job skills, Classified Ads, Job Safety. (Apportionment)

ESLA 500  
ESL Intermediate High  
The course content is relevant to the lives of the students. It integrates language functions and language forms with informational sources, skills and topics. Topics are chosen in accordance with student goals: general vocational, or academic. The vocational topics should include: Social Security, preparedness for job interviews, wages and deductions, benefits. Academic topics could include: Major historical events, current events, stories/tales. Familiarization with U.S. culture should include topics such as taboos and politics. (Apportionment)

HLTH 175 36 Hours
Healthcare Navigation Advocate for Older Adults
In this course, older adult students will learn the fundamentals of how to navigate healthcare systems, which will enable them to advocate for themselves and other seniors to better utilize healthcare resources. Topics include how to communicate with healthcare professionals, access healthcare resources, and develop transition and/or daily medical plans. (Apportionment)
HLTH 180
Brain Health for Older Adults
In this course older adults will learn about memory and cognitive processing; causes of memory loss and abnormal brain function; and various brain exercises, including computer-based programs, that preserve and improve brain health. (Apportionment)

HLTH 200
Health and Wellness for Older Adults
Learn the benefits of adopting behaviors associated with healthy and successful aging. Focus on the natural effects of the aging process and the benefits of being proactive by using a healthy diet, managing chronic conditions, and engaging in routine physical activity as a means to living with optimum independence. (Apportionment)

HLTH 205
Health and Wellness for Older Adults: Restricted Mobility
This course provides older adults with techniques and strategies for healthy aging when restricted by physical impairments or limited mobility. Emphasis is on the benefits of managing age-related complications or medical conditions, routine and adaptive physical activity and a healthy diet. (Apportionment)

HLTH 210
Healthcare Medical Interpreter
Prerequisite(s): Must pass the InterpreterEd bi-lingual assessment prior to program enrollment.
This is a 40-hour course designed to prepare a bi-cultural and bi-lingual individuals to work as a Healthcare Medical Interpreter. Those who complete and pass the course final exam qualify to sit for national certification agencies to become certified. (Fee-Based)

HLTH 215
Secrets of Weight Loss and Healthy Eating
This course will benefit novices, people with special nutritional needs, as well as those already working in the food service industry. Students will learn about healthy cooking and eating and will have an in-class opportunity to prepare foods from a personalized menu. (Fee-Based)

HLTH 220
Feeling Young and Healthy at Any Age
This workshop is designed to educate people on the impacts of aging and learn ways to begin feeling younger and improve one's general health. While this program is for all audiences, it focuses on three specific groups of people: The 40-50 who are in the prevent mindset, looking to prevent chronic diseases and effects of aging; adults who are in the repair mode and looking to increase their health and wellness through healthy living; and young parents who want to learn more as they are caring for or concerned about a parents health or their own health and well-being. (Fee-Based)

HLTH 225
Healthy Families: Smart & Easy
This workshop is a comprehensive 6-hour program plan delivered over 6 weeks to help families with children ages 3-12 reach their optimal level in the four pillars of health. We focus on lifestyle (how you live), exercise (how you move), attitude (how you think) and nutrition (how you eat). This program is uses basic principles of nutrition and is delivered in a way that is easy for busy parents to implement and teach their children. This allows parents to give their children the gift of health through positive example and practice. (Fee-Based)

HLTH 400
Preparation for Childbirth
Course provides expectant mother and coach(es) with knowledge, tools and support to have a positive birth experience. Anatomy and physiology of the birth process, relaxation, paced breathing and comfort techniques are covered. Mother should bring two pillows, sack lunch, wear comfortable pants or shorts and can have two coaches. (Apportionment)

Hospitality Management (HOSM)

HOSM 101
Bartending Workshops
This is a FAST PACED, SHORT TERM course for those interested in a career in bartending. Students will be trained how to make drinks, bartending basics, customer interaction, along with resume, job searching, and interviewing techniques. Certificate issued upon completion of course will include: ABC regulations (Alcohol Beverage Control), and Sageserv. Course fees includes: Supplies, Recipe Cards, Training DVD, and Bartending Tool Kit. . (Fee-Based)

HOSM 165
Creative Event Planning
Get a head start on holiday entertaining with a professional touch. Perhaps you are entertaining friends, planning a company party or thinking about becoming an event planner - this class is for you! This class will give you valuable tips, do's and don'ts to entertain with a flair. Whatever you are considering a career in event-planning or simply planning a party on your own - sign up today. (Fee-Based)

Individual High School Subjects (IHSS)

IHSS 100
High School English 1
This course is an individualized, self-paced study in the basics of English language arts, including vocabulary development, grammar, reading comprehension, and writing strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 101
High School English 2
This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)
IHSS 102  
High School English 3  
1-10 Credits  
This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 103  
High School English 4  
1-10 Credits  
This course is an individualized, self-paced study in English language arts, including vocabulary, grammar usage, advanced reading in literature and composition skills. This course is offered for SCE high school diploma credit. (Apportionment)

IHSS 105  
High School Writing Skills  
1-10 Credits  
Writing strategies are presented through individualized, self-paced modules in personal compositions and business letters. Techniques in structure, style and business correspondence are covered. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 106  
High School US History  
1-10 Credits  
This United States history course covers the lives of America's people and aspects of their cultures, from early exploration through the beginning of the twenty-first century. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 107  
High School US Government  
1-5 Credits  
This course is an individualized, self-paced study of U.S. government. It will cover the Constitution, the roles of the federal, state and local government, and modern economic and political systems. This course is used for SCE High School Diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 109  
High School World History  
1-10 Credits  
This course presents the history of the world's people and major cultures from early times to the present. This course is offered for the SCE high school diploma and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 110  
High School World Geography  
1-10 Credits  
This geography course surveys all the major regions of the world, explores processes that shape the Earth and relationships between people and environments. This course is offered for SCE diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 111  
High School Economics  
1-5 Credits  
This course explores the changing economic climate in the United States and globally. Economic systems, development and problems that affect daily life are covered. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 113  
High School Mass Media  
1-5 Credits  
This mass media course covers various forms of communications including television, advertising, print materials, and electronic media. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 114  
High School Film Appreciation  
1-5 Credits  
This course is an individualized, self-paced study of film appreciation. Topics covered include film genres, directing and critique. This course is used for SCE High School Diploma credit. (Apportionment)

IHSS 116  
High School General Math  
1-10 Credits  
This course presents activities to help the student with basic arithmetic skills, real-life applications, and problem-solving techniques. The units of study include a review of whole number operations, and basic functions of fractions, decimals, percents, measurements, algebra and geometry. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 117  
High School Vocational Math  
10 Credits  
This course develops mathematical problem solving skills for occupational areas and everyday situations. Problems are given for payroll, retail business, manufacturing, mechanics, construction, inventory, health, and personal finance. Topics include formulas, basic algebra, proportions, percents, basic geometry, and measurements. This course is offered for SCE high school diploma credit. (Apportionment)
IHSS 118  1-10 Credits
High School Algebra 1
This course covers basic algebra concepts including an introduction to variables, equations, factoring, an introduction to variables, equations, factoring, formulas and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 119  1-10 Credits
High School Geometry
This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned towards the completion of this course.

IHSS 120  5 Credits
High School Life Science
This course is an individualized, self-paced study of Life Science. This course covers scientific methods, classification and body systems. This course is used for SCE High School Diploma credit. (Apportionment)

IHSS 121  1-5 Credits
High School Earth Science
Earth Science deals with the earth and other heavenly bodies of the universe. Students learn the various characteristics that make Earth unique in the solar system. This course is used for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 122  1-5 Credits
High School Physics
This course covers basic algebra concepts including an introduction to variables, equations, factoring, an introduction to variables, equations, factoring, formulas and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.

IHSS 123  1-10 Credits
High School Biology
This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.

IHSS 124  1-10 Credits
High School Health
This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.

IHSS 127  5 Credits
High School Computer Literacy
Students will learn the basics of Windows, Internet browsing, keyboarding, email, course management systems and the modern office environment. (Apportionment)

IHSS 153  1-10 Credits
High School General Science
General Science covers physical, Earth, and life science. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 163  1-10 Credits
High School Composition
This course provides writing strategies that include basic sentence structure, a review of grammar and mechanics, paragraph formation and essay composition skills. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 167  1-5 Credits
High School English Basic Skills
Basic English skills are presented in this self-paced course. This introductory course includes workbook activities to improve skills in spelling, capitalization, punctuation, and reading. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 170  1-10 Credits
High School Grammar
This course covers a variety of English language skills in a flexible format suitable for individualized, self-paced coursework. The topics covered include grammar, usage, writing mechanics and composition strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 173  1-10 Credits
High School Novels
This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 174  1-10 Credits
High School Literature
This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. Literary options include poetry, short stories, essays and complete novels. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

### IHSS 993
**High School Elements and Principles of Design**
This course is an individualized, self-paced study of art and how people from other cultures and times have used a common visual language to express their unique perspective. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

### IHSS 994
**High School Academic Success**
This study skills course provides reading and writing activities to help a student master the thinking, planning and basic skills necessary to achieve academic success in school and is available for credit for the SCE High School Diploma Program. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

### IHSS 995
**High School American History 1**
This course covers the lives of America's people and aspects of their cultures from early exploration through the late 1800's. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

### IHSS 996
**High School American History 2**
This American history course covers the lives of America's people, their contributions and struggles from westward expansion in the mid 1800's, worldwide conflicts, America's social change, to the U.S. policies of the twenty-first century. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

### IHSS 997
**High School Reading Strategies 1**
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include understanding the main idea, making judgments, understanding characters, drawing conclusions, and making inferences. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

### IHSS 998
**High School Reading Strategies 2**
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include recognizing tone, understanding literary forms, organization, significant details, and vocabulary. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

### IHSS 999
**High School Business Writing**
This course provides individualized, self-paced modules in business correspondence, composition techniques and writing activities. Strategies include format, organization, and evaluation. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

## Kids College (KIDS)

### KIDS 098
**Let's Learn Spanish Camp**
**Ages 5-7**
This camp will introduce children to Spanish as a communication skill. They will learn pronunciation, greetings, numbers, music, customs and songs! (Fee-Based)

### KIDS 099
**Let's Learn Spanish Camp**
**Age 8-12**
This camp will introduce students to Spanish as a communication skill. They will learn pronunciation, greetings, numbers, music, customs and songs! (Fee-Based)

### KIDS 101
**Kindergarten Readiness and Review**
**Ages 4-6**
For children entering kindergarten within the next year or students needing review of current kindergarten skills. Have your child be at the top of his class and join us for fun and learning. Children will be exposed to math, reading readiness and other school experiences. Each session uses different work. (Fee-Based)

### KIDS 102
**Readiness for First Grade**
For children who will be entering first grade within this year. Children will learn phonics, touch math, reading, and other school-related activities. (Fee-Based)

### KIDS 104
**Fun with Storytelling**
**Ages 3-5**
Stories are told through dramatization, puppetry, finger plays and songs. Sparks the imagination! (Fee-Based)

### KIDS 107
**Spanish for Kids**
**Ages 5-6**
Children have fun with Spanish by doing activities, playing games and singing songs. Introduces basic communication about school, family, food, clothing, the body and a cultural holiday. (Fee-Based)

### KIDS 108
**Spanish for Kids**
**Ages 7+**
Children have fun with Spanish by doing activities, playing games and singing songs. Introduces basic communication about school, family, food, clothing, the body and a cultural holiday. (Fee-Based)

### KIDS 108A
**Rock 'N Learn Spanish**
**Ages 5-7**
This course is a fun way to learn beginning Spanish. Students with little or no previous Spanish will experience the thrill of learning a second language. Children will learn pronunciation, greetings, colors and other basic concepts through songs, games, dances and other activities. (Fee-Based)
KIDS 108B
A Touch of Spanish
Ages 8-12
This class offers an introductory program that makes Spanish acquisition a natural, personalized, enjoyable and rewarding experience. Students will learn to read and write basic Spanish and will be introduced to speaking first level Spanish. (Fee-Based)

KIDS 113
English Rocks
Ages 5-7
This course is a fun way to learn English. Class will include colors, shapes, numbers, phonics, alphabet, spelling, songs, poems, and simple stories. (Fee-Based)

KIDS 115
Fun With Phonics
Grades 1-2
For children just learning to read or having difficulty reading. Sounds are taught in a fun but learning atmosphere through stories and writing. (Fee-Based)

KIDS 117
Tutorial: Reading and Comprehension
Grades 3-4
Students will learn to read more effectively, enhance their reading comprehension, interpretation and vocabulary skills. (Fee-Based)

KIDS 117A
Reading & Comprehension
Grades 3-4
Students will enhance their reading comprehension, learn to read more effectively, and improve interpretation and vocabulary skills. (Fee-Based)

KIDS 118
Basic Phonics
Ages 5-6
For the young reader needing help in phonics. Children will be encouraged to be creative using sounds and simple writing and reading drills. (Fee-Based)

KIDS 124
Writing Better Reports
Grades 3-6
Learn to select important material, organize your thoughts, rewrite creatively in your own words in order to write good papers and reports. Face your fears and feel confident through preparation to give oral reports with visual aids. Class size is limited. (Fee-Based)

KIDS 126
Memory Power For Kids
Grades 3-6
Help your child be more productive and open new doors to learning - they will receive many different opportunities to increase the capability to remember. You'll see grades go up and self-confidence will grow too. (Fee-Based)

KIDS 130
How To Study, Take Tests and Organize Yourself
Grades 3-6
Children will learn about their individual learning styles, modalities, and the ways in which they organize themselves. They will gain confidence as they learn new study, testing, and self-organizing techniques for both in and out of the school setting. (Fee-Based)

KIDS 138
Creative Writing
Grades 3-6
Students will work from "The Writer's Toolbox", engaging in creative writing games and exercises for inspiring the "write" side of their brains. The toolbox includes: cue cards, four spinners, specialized learning sticks and more. Great emphasis will be placed on creativity, grammar, punctuation, and vocabulary skills, hosted in a fun and relaxed learning environment. (Fee-Based)

KIDS 139
Creative Writing
Grades 1-2
Students will use their imaginations to write short stories. Emphasis is on the creative expression of ideas. (Fee-Based)

KIDS 148
Tutorial: Reading and Writing Review
Grade 1-2
Students will enrich reading and writing skills by practicing language arts through writing, capitalization, using proper punctuation, spelling, correcting sentences, reading, and more through the use of ability leveled study packets. Each term uses different work. Limited to 8 students. (Fee-Based)

KIDS 148A
Tutorial: Reading and Writing Review
Grades 3-4
Students will enrich reading and writing skills by practicing language arts through writing, capitalization, using proper punctuation, spelling, correcting sentences, reading and more through the use of ability leveled study packets. Limited to 8 students. (Fee-Based)

KIDS 150
Please Pass The Manners
Ages 5-7
This class will cover the basics of introductions, as well as how to handle silverware, napkins and the ABC's of table manners. (Fee-Based)

KIDS 150A
Please Pass The Manners
Ages 9+
This class will cover the basics of introductions, as well as how to handle silverware, napkins and the ABC's of table manners. (Fee-Based)

KIDS 151
Reading & Comprehension
Grades 5-6
This course will focus on what students like to read for fun. Learn tricks and techniques for better comprehension and how to become a reading "whiz". (Fee-Based)

KIDS 152
Please Pass The Manners
Ages 9+
Good manners are a good first impression! Your children will learn American etiquette for all occasions. This is a fun class where we act out all sorts of situations and how to respond appropriately. We fine tune our special skills and then sit down to a pasta dinner to learn good table manners, and how to eat those foods that commonly end up on our chins and loaps! One day workshop! (Fee-Based)
KIDS 166
Reading, Writing and Math Review Camp
Grade 1
Students will sharpen their reading, writing and basic math skills in a fun and relaxed workshop! Games, worksheets and a "hands-on project" will be used to review 1st Grade skills before starting 2nd Grade. (Fee-Based)

KIDS 191
Improve Your Reading and Writing
Grades 7-10
Students will become more effective readers by learning strategies to read different types of writing. By responding in writing to what they read, students will increase comprehension and improve written communication skills. Techniques such as analyzing, summarizing, comparing, critiquing, and interpreting will be applied to in-class reading and writing projects. (Fee-Based)

KIDS 194
Basic Reading Skills
Ages 4-5
Children will participate in a variety of meaningful, interactive, and stimulating games and activities to build phonemic awareness and phonics skills. Activities include developing skills in decoding, beginning to read word families, print practice and beginning sentence writing. This class is for students preparing to enter Kindergarten. This class develops a strong reading foundation for success in school. (Fee-Based)

KIDS 195
Reading Camp for Kindergarten
Children will participate in a variety of meaningful, interactive, and stimulating games and activities to build phonemic awareness and phonics. These activities are based on the new Common Core standards and include decoding, beginning to read word families, print practice, and beginning sentence writing. This camp is for students entering kindergarten. The camp also develops a strong reading foundation for success in school. Enrollment is limited. (Fee-Based)

KIDS 202
Pre-Algebra Concepts
Grades 6
Increase your skills in pre-algebra and acquaint yourself with calculating activities. Also fractions, decimals and integers and solving equations. (Fee-Based)

KIDS 214
Tutorial: Ready, Set, Read!
Grades 1-2
This is a tutorial-based class that is developed to assist the emergent reader. There will be a strong focus on phonics and mastery of basic sight words. Limited to 8 students. (Fee-Based)

KIDS 217
Algebra
Grades 7+
Learn how to solve equations, multiplying polynomials, work word problems, graph functions, solve inequalities without stress. (Fee-Based)

KIDS 224
Tutorial: Pre-Algebra
Grades 6+
This class will prepare the student for Algebra. Topics include: Order of operation, integers, rational numbers, GCF, LCM, exponents, fractions, decimals, variables, simple one or two step equations, and functions. Educational materials provided. Class limited to 8 students. (Fee-Based)

KIDS 226
Tutorial: Algebra 1
Grades 7+
This course is designed to enhance equation solving skills. It will also cover integers, rational numbers, square roots, fractions, decimals, percent, and solving equations with variables on both sides. Educational materials provided. Class limited to 8 students. (Fee-Based)

KIDS 227
8 Hours
Algebra II
Grades 8+
Topics include Rational Algebraic Expressions, Quadratic Equations, Radicals, Function Notation, Composite, Inverse and Even Functions, Distance Formula, Midpoints, and Transformations. (Fee-Based)

KIDS 234
Phonics and Printing
Ages 5-6
This hands-on course introduces proper letter formation and develops student’s ability to sound out words. Through fun games and printing activities students become better printers and spellers. Students will also learn beginning sentence writing. Each term has different activities. (Fee-Based)

KIDS 236
Pre-Algebra - Comprehensive
Grades 6+
This course reinforces the school curriculum using strong algebra skills. Topics include: whole numbers, decimals, integers and their operations, algebraic and numerical expressions, order of operations, powers and exponents, rational numbers, GCF, LCM, solving equations and inequalities, ratio, proportions and percent, finding the area and volume, square roots and Pythagorean theorem. Materials provided. Homework assignments. (Fee-Based)

KIDS 244
Tutorial: Algebra 2
Grades 8+
This course is designed to further strengthen and develop a student’s Algebra skills. It will quickly review basic Algebra knowledge, and subsequently delve into more complex Algebra materials, such as: 2nd and 3rd degree polynomials, radicals, exponents, logarithms, intermediate geometry, and analyzing and graphing various functions. (Fee-Based)

KIDS 315
Musical Theatre
Ages 7+

Children will explore the wonders of earth science. Through hands-on activities, students will investigate mineral and fossil specimens to assemble their own beginning rock collection. Students will build a clay model to discover how volcanoes grow. Learning about geodes and rock formations students will write about their discoveries in their science journal and create their own fossil model. Class size is limited. (Fee-Based)

KIDS 1085
Getting Ready for First Grade
Ages 5-6
Students will participate in a variety of fun and effective Common Core-based activities to review and sharpen their reading (phonics and reading comprehension), writing and math skills. Games, worksheets, music and hands-on projects will be used to review kindergarten skills and introduce Common Core 1st grade standards. (Fee-Based)

KIDS 1090
Teen Chef Camp
Ages 13-16
Spend a week with our professional chefs. The Teen Chef Camp at SCE wants you to learn the basic skills of a chef; "mis en place", knife skills, nutrition, safety, sanitation and culinary terminology. Apprentice chefs will embark on a culinary tour that spans the globe as they prepare dishes from start to finish. The day concludes at the chef's table as they discuss and enjoy their daily creations. Bring two dish towels, white apron and a container for leftover food to take home and share. Students must wear black cotton pants, white t-shirts and closed-toe sneakers to class. (Fee-Based)

KIDS 1145
Tutorial: Trigonometry
Grades 9+
The course is to introduce and study the properties of trigonometric functions. Students will learn the fundamental laws that govern relationships between sides and angles of triangles, various techniques in taking measurements of triangles, graphing trigonometric functions, and using identities in preparation for Calculus. (Fee-Based)

KIDS 1150
Pre-Calculus
Grades 10+
This course is designed for preparation into Calculus. Topics range from relations and functions, linear and quadratic functions, polynomials, rational functions, radicals and roots, exponentials and logarithms, conic sections, systems of equations, and sequences/series. (Fee-Based)

KIDS 1155
Calculus I
Grades 10+
This course is the first of a three part series of Calculus that is designed as a quick review of the Pre-Calculus functions. Topics covered will include understanding of properties of limits, techniques of finding limits, asymptote, continuity and one-sided limits, and infinite limits. These skills are an excellent preparation for the AP Calculus exam given in May. (Fee-Based)
KIDS 1165  
**English Rules (English-as-Second Language)**  
Ages 8+  
This course is a fun way to learn English. Students will practice English basic grammar, parts of speech, and frequent word vocabulary lists. Emphasis will be on reading and writing concepts through songs, poems, reading, story telling and student journal writing. *(Fee-Based)*

KIDS 1185  
**Spelling and Writing Enrichment**  
Ages 6-8  
If your child has a foundation in basic phonics, then this is the class for him. This class will take students to the next level of spelling words and better writing habits. Students will learn to read and spell words through various spelling patterns. This class will develop skills in writing correct sentences and paragraphs. *(Fee-Based)*

KIDS 1190  
**Dining and Party Etiquette**  
Ages 8-12  
This fun and informative class provides an overview of good manners and leadership skills. Students will learn social courtesies, introductions, dining and party etiquette. *(Fee-Based)*

KIDS 1200  
**Teen Etiquette**  
Ages 13-17  
This class will provide a foundation of good manners and leadership skills. Topics include: introductions and handshaking, dining skills, thank you notes, getting up in front of a group and listening skills *(Fee-Based)*

KIDS 1225  
**Singing, Dancing and Storytelling**  
Ages 2-4  
Parent and child will enjoy self-esteem building activities together; singing and dancing, storytelling and art. *(Fee-Based)*

KIDS 1230  
**Storytelling, Singing and Dancing**  
Ages 3-5  
Your child will enjoy age appropriate self-esteem building activities; storytelling, singing, dancing, and art. *(Fee-Based)*

KIDS 1260  
**Writing from A to Z**  
Grades 4-6  
Course will provide individual assessments at the beginning and focus on strengthening writing skills through the use of adjectives, adverbs, and introductory adverbial phrases. Paragraph writing skills are developed as well as expository and narrative writing skills. Class size limited. *(Fee-Based)*

KIDS 1265  
**Tutorial: Geometry - Basics of Geometry**  
Grades 7+  
Geometry-Part I includes basic concepts such as points, lines, planes, and angles. A significant part of the course deals with logic and reasoning, which is an important foundation in constructing proofs. Students will also learn about congruent triangles, quadrilaterals, and inequalities. Class is limited to 8 students. *(Fee-Based)*

KIDS 1300  
**Math Test Preparation - SAT/ACT Prep**  
Ages 8-12  
This course is designed for students taking the SAT (Scholastic Aptitude Test) for College admission purposes. The focus in this course includes review with Numbers/Operations and Algebra/Functions, Geometry, Data Analysis, Statistics, and Probability. *(Fee-Based)*

KIDS 1330  
**Tiny Tots Tumbling**  
Ages 18m - 3yrs  
This class will introduce your child to stretching, locomotor and basic gymnastic skills in a fun and safe environment. Parent/guardian participation required to assist the child through age appropriate progressive gymnastic instruction each week. *(Fee-Based)*

KIDS 1335  
**Basic Reading Skills**  
Ages 4-5  
This class focuses on developing your child's ability to rhyme and blend sounds in words to become better readers and spellers. We will use "phonemic awareness" techniques that allow children to practice manipulating sounds in words thru fun songs and activities. A student assessment and parent packet will be given. Each term has different activities. *(Fee-Based)*

KIDS 1427  
**Tutorial: Probability and Statistics**  
Grades 7-8  
This course is designed for middle school students to learn the basics of probability and statistics. Topics include probability of dependent or independent events, the counting principles, permutations, combinations, and graphing data. Class is limited to 8 students. *(Fee-Based)*

KIDS 1435  
**Volleyball Camp - Beginners**  
Ages 8-16  
This class is geared toward the beginner level youth who is interested in learning the basic fundamentals of volleyball. Conditioning, as well as drills that focus on the necessary skills to play the game, will also be introduced. Students should wear tennis shoes and bring a small towel and water to class. Knee pads are optional. *(Fee-Based)*

KIDS 1438  
**Volleyball Camp - Beginners**  
Ages 14-16  
This class geared toward the beginner level youth who is interested in learning the basic fundamentals of volleyball. Conditioning, as well as drills that focus on the necessary skills to play the game, will also be introduced. Students should wear tennis shoes and bring a small towel and water to class. Knee pads are optional. *(Fee-Based)*

KIDS 1475  
**Getting Ready for Third Grade**  
Summer is very long! Keep your child at the top of the class and ready for fall. This camp will review Common Core 2nd grade skills including reading, math, and writing through learning centers and fun activities. Students will also be introduced to beginning 3rd grade skills using the Common Core standards. *(Fee-Based)*
KIDS 1510
Baking Basics!
Ages 8-11
Have fun learning the basics of baking. Register for a single class or the entire series. Students will learn about and use basic kitchen tools. Safety, cleanliness and working with others will be emphasized. Bring an apron to class and a towel for clean-up and a container for leftovers. Check if there are additional supplies required each week. (Fee-Based)

KIDS 1512
Baking Basics!
Ages 12+
Have fun learning the basics of baking. Register for a single class or the entire series. Students will learn about and use basic kitchen tools. Safety, cleanliness and working with others will be emphasized. Bring an apron to class and a towel for clean-up and a container for leftovers. Check if there are additional supplies required. (Fee-Based)

KIDS 1515
Public Speaking for Children
Ages 8-12
Learn the skills to confidently present a book report or a speech in front of class. Gain the skills to plan, write and give a book report or a planned speech. Learn tips to combat stage fright, project your voice, and be comfortable in front of a group. (Fee-Based)

KIDS 1540
Swimmer - Parent and Me
6 months to Age 4
This course is intended to introduce pool water to our young students. Each student must be supervised by a parent or guardian who will be instructed in the water by our swim staff instructor. The same parent or guardian must attend each week. Skills introduced at this level are: backyard pool safety, bubble blowing, submerged face, front supported kicking, supported back floating, underwater exploration and arm reaching to the side of the pool. (Fee-Based)

KIDS 1545
Swimmer - Summer Swim
Ages 5-17
The Summer Swim Program is designed for students ages 5 - 17. Primary emphasis will be on the safety of students and staff while creating a fun learning atmosphere. Students will be evaluated on the first day of class and placed in a class for their age and appropriate skill level. Pool safety, student and parent/guardian responsibility is introduced on the first day of instruction. Levels of swim included in these classes will be: Beginner, Advanced Beginner, Intermediate Swimmer and Swimmer. (Fee-Based)

KIDS 1550
Water Polo - Beginning
Ages 7+
Water polo is a fun game for both girls and boys. Students will learn the basic rules of the game and team work. Water polo is a team game that includes swimming, passing and shooting, team offensive and defensive strategy. (Fee-Based)

KIDS 1555
Junior Life Guards
Ages 11-14
The Junior Guard Program is a Red Cross approved program. Give your youth a jump start into a Lifeguarding job. Completion of this course sets a foundation for life guarding and life skills. Students will focus on improving swim strength, endurance, and prevention of aquatic accidents, response in an emergency, leadership skills and professionalism of a life guard. (Fee-Based)

KIDS 1560
Swimmer - Pre-Competitive
8 Hours
This class is designed to train and fine tune all competitive swim strokes, turns and competitive racing starts off the starting blocks, increase endurance and strength. With the completion of this course the student will master the skills needed to compete on a swim team. Students must have completed the intermediate swim level to register for this class. (Fee-Based)

KIDS 1565
Spring Board Diving - Beginning
4 Hours
Skills presented in this class: land drills on frontal three step approach, three step approaches on spring board, front dive, back dive and pool and diving safety. Students must have completed the advanced beginning swim level to register for this class. (Fee-Based)

KIDS 1572
Draw and Paint Animals
Ages 8+
Students will learn how to draw and paint different animals using various art materials such as oil pastels, watercolors, colored pencils, markers and crayons to capture textures of animals. (Fee-Based)

KIDS 1600
Basic Hand Sewing for Kids
Grades 4-6
Come learn the basic tools and techniques in hand sewing! Great skills needed for everyone! Boys are welcome. We will complete three projects utilizing skills from threading a needle to completing a project with embellishments. Supply sheet available the first day of class. (Fee-Based)

KIDS 1615
Band Instruments - Beginning
Grades 5-8
Beginning Instruments class is open to anyone wanting to learn to play a wind or percussion instrument. No experience necessary. Learn proper care, sound production and music reading. A concert will be presented on the last day of class. (Fee-Based)

KIDS 1627
Computer Game Design
Grades 5-8
8 Hours
This course will allow students to design their own computer game. Students will learn, in depth, how to use variables, conditional statements and other controls to create a game that accepts user input and presents a challenge. This class is for those who have completed the "Introduction to Computer Animation & Games" or "Introduction to Computer Animation." (Fee-Based)

KIDS 1657
Exploring My World Through Science: Parent and Me
Ages 3-4
6 Hours
Naturally, children love to explore, observe and play with the world around them. In this class, parents and their children will engage in songs, dance, storytelling, hands-on play and crafts that emphasize science concepts such as: the five senses, mixing colors, caring for nature, recycling, gravity, solids and liquids. Each class, children will leave with crafts to take home and further enhance the learning. (Fee-Based)

KIDS 1670
Art Experiences for Children
Ages 4-10
6-8 Hours
This class encourages small muscle development, independence, creativity and fun! The "process not product" is emphasized. All artistic endeavors have merit. All artists are unique. Each session has different materials. Please have children wear old clothes. No supplies needed. (Fee-Based)
Swimming - Introduction
Ages 5-10
This class is for students learning to swim. Skills that must be mastered at this level to advance include: holding breath for 10 seconds, prone float, back float, prone glide, prone glide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide, back glide with a kick, turn over, deep water jump, front dive level off and safety skills. Water safety emphasized. (Previously named: Swimming - Beginner) (Fee-Based)

Swimming - Intermediate
Ages 5-10
This class is for students who have completed class requirements for the beginner swimming level. Students will learn the scissor kick, front crawl for 20 yards with rhythmic breathing, 5 minute survival float, 1 minute treading water, 10 yards of skulling, 20 yards of backstroke, elementary backstroke, breaststroke and sidestroke, and 100 yards of any taught stroke. Water safety rules emphasized. (Fee-Based)

Swimmer - Advanced
Ages 5-17
This class is for students who have completed class requirements for the beginner and intermediate swimmer level. To pass this level students must be able to swim 100 yards of the front crawl, elementary backstroke, side stroke, and back stroke, 50 yards of the butterfly stroke, 25 yards of the butterfly pull, 25 yards of dolphin kick, front surface dive, front and back turns, survival float with clothes and water disrobing. Water safety will be emphasized. (Previously named: Swimmer) (Fee-Based)

Swimmer - Beginner
Ages 5-17
The class is for students who successfully completed the Beginner requirements. This includes holding breath for 10 seconds, prone and back floats, prone glide, prone guide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide with kick, turn over, deep water jump, front dive level off and safety skills. Students taught survival float, treading water, backstroke, front dive and underwater swimming. Water safety emphasized. (Previously named: Advanced Beginner Swim) (Fee-Based)

Swimmer - Intermediate
Ages 5-17
This class is for students who successfully completed the Beginner requirements. This includes holding breath for 10 seconds, prone and back floats, prone glide, prone guide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide with kick, turn over, deep water jump, front dive level off and safety skills. Students taught survival float, treading water, backstroke, front dive and underwater swimming. Water safety emphasized. (Previously named: Advanced Beginner Swim) (Fee-Based)

Swimmer - Intermediate
Ages 5-17
This class is for students who have completed class requirements for the beginner swimming level. Students will learn the scissor kick, front crawl for 20 yards with rhythmic breathing, 5 minute survival float, 1 minute treading water, 10 yards of skulling, 20 yards of backstroke, elementary backstroke, breaststroke and sidestroke, and 100 yards of any taught stroke. Water safety rules emphasized. (Fee-Based)

Swimmer - Beginner
Ages 5-17
The class is for students who successfully completed the Beginner requirements. This includes holding breath for 10 seconds, prone and back floats, prone glide, prone guide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide with kick, turn over, deep water jump, front dive level off and safety skills. Students taught survival float, treading water, backstroke, front dive and underwater swimming. Water safety emphasized. (Previously named: Advanced Beginner Swim) (Fee-Based)

Kids College (KIDS)

KIDS 1877
Gymnastics - Summer Camp
Ages 8+
Come join us for lots of fun learning gymnastics skills on the bars, beam and floor, as well as crafts, games and the parachute! All parents and friends are invited to a special end of camp performance starring your little gymnast! Each gymnast will receive a special award! (Fee-Based)

KIDS 1977
Fun with Baking
Ages 12+
Learn the creativity and basics of baking! Each session will cover one of the following: pies, cookies, quick breads, and cup cakes. Bring an apron, a towel for clean-up and a container for left over goodies! (Fee-Based)

KIDS 1934
Origami for Kids - Introduction
Ages 13+
Learn the basics of the art of Origami, the Japanese craft of folding paper. Students will select one item to make in class from a variety of choices. Origami can be used for gift packages and holiday decorations. Instruction sheet and special origami paper will be provided. (Fee-Based)

KIDS 1975
Fun with Baking
Ages 8-11
Learn the creativity and basics of baking! Each session will cover one of the following: pies, cookies, quick breads, and cup cakes. Bring an apron, a towel for clean-up and a container for left over goodies! (Fee-Based)

KIDS 1947
Clutter Buster
Grades 3-6
Having trouble finding your stuff???? Learn how to simplify your life and have more time by organizing your room, locker, or work areas. Learn to keep things in order and design "zones" for various activities. Learn skills that you can use for a lifetime! (Fee-Based)

KIDS 1945
Clutter Buster
Grades 7-12
Having trouble finding your stuff???? Learn how to simplify your life and have more time by organizing your room, locker, or work areas. Learn to keep things in order and design "zones" for various activities. Learn skills that you can use for a lifetime! (Fee-Based)

KIDS 1950
On My Own Survival
Grades 10-12
Various independent living skills will be covered such as budgets, job hunting, cooking, laundry, record keeping and housekeeping. Coed class. Have fun learning everything you wanted to know about how to "make it on your own"! (Fee-Based)

KIDS 1955
Learn To Sew for Fun
Grades 8-12
Learn to make your own clothes! Topics to be covered are pattern and fabric selection, basic sewing machine skills and clothing construction techniques. No sewing skills are required. Call the office for a list of needed supplies. (Fee-Based)

KIDS 1970
You and Me Cooking Class
Ages 5-7
Bring mom, dad, grandparent or special friend to join you as you create special things in the kitchen. Various goodies will be made in each session including cookies, candy, cupcakes, and fruit. Have fun learning and sharing this special time with your child. Bring an apron and a container for left over treats. (Fee-Based)

KIDS 1975
Fun with Baking
Ages 6-8
Learn the creativity and basics of baking! Each session will cover one of the following: pies, cookies, quick breads, and cup cakes. Bring an apron and a container for left over goodies! (Fee-Based)

KIDS 1940
On My Own Survival
Grades 10-12
Various independent living skills will be covered such as budgets, job hunting, cooking, laundry, record keeping and housekeeping. Coed class. Have fun learning everything you wanted to know about how to "make it on your own"! (Fee-Based)

KIDS 2015
Martial Arts/Parent & Me - Introduction
Ages 4-7
Children will be introduced to basic martial arts skills and exercises with an emphasis on class discussion and participation. This practice improves basic coordination, balance and confidence. Martial Arts is a process that develops self-discipline, respect for others and builds character. Watch your child grow while learning skills that last a lifetime. Parents are encouraged to participate in certain elements during class. (Fee-Based)

KIDS 2022
Tutorial: Algebra II - Functions, Exponents
Grades 8+
and Logarithms This course is designed to study the behavior of functions. Topics will include polynomial functions, finding domain and range, and study relationship/properties between exponents/logarithms. Knowledge of Algebra I. Class is limited to 8 students. (Fee-Based)

KIDS 2027
Digital Camera Magic
Grades 4-9
In this hands-on digital camera class have fun learning to create amazing optical camera illusions. Discover techniques for operating camera exposure modes, composing shots, and enhancing images. Bring to every class meeting: a camera, the user's guide, the camera's USB connector cable, extra batteries, and a USB flash drive. (Fee-Based)

KIDS 2063
Discovering Science Through Art Experiences
Ages 4-10
This class can awaken the imagination, challenge the mind and amaze the artist and scientist within each child. Build upon natural curiosity as children discover science concepts through art experiences. Themes investigated include: water and air, light and sight, motion and energy, and reaction and matter. Each term explores different elements of the above themes. No supplies needed. (Fee-Based)

KIDS 2075
Montessori - Introduction
Ages 3-6
Students will be introduced to the Montessori method and work in four areas through hands-on activities to learn numbers and sounds. The areas include: practical life, sensorial, Math and Language. Students will develop order, coordination, concentration, and independence. This class will provide the academic readiness to succeed in kindergarten. Parents will attend class with their child. (Fee-Based)
KIDS 2085
Discovering Science Through Art Camp
Ages 4-10
This class can awaken the imagination, challenge the mind and amaze the artist and scientist within each child. Build upon natural curiosity as children discover science concepts through art experiments. Themes investigated include: water and air, light and sight, motion and energy, and reaction and matter. Each session explores different elements of the above themes. (Fee-Based)

KIDS 2095
Essay Writing
Grades 7-12
CSUF English Instructor will teach students how to improve their essay writing skills. Students will learn and practice numerous methods that will make their writing stronger and more polished! (Fee-Based)

KIDS 2130
Be Bigger Than a Bully
Ages 8-12
Students will learn and recognize what is a bully, what is a true friend and ways to be advocates against bullying. This course enables students to know how and where to get help if being bullied. Games and exercises on self-esteem, self-confidence and on honoring differences in ourselves and others and accepting these differences will be used in class. An overview of Social Media and its impact on bullying will be covered. (Fee-Based)

KIDS 2175
Tennis - QuickStart Junior Tennis, Beginners
Ages 5-8
QuickStart is a new tennis training program designed just for kids! Smaller equipment is used so that children experience success more quickly. Simplified scoring is taught along with teamwork. Children are fully engaged while learning to play a lifetime sport. QuickStart tennis equals fun! Equipment needs explained at the first class session. (Fee-Based)

KIDS 2176
Tennis - QuickStart Junior Tennis, Beginners
Ages 9-12
QuickStart is a new tennis training program designed just for kids! Smaller equipment is used so that children experience success more quickly. Simplified scoring is taught along with teamwork. Children are fully engaged while learning to play a lifetime sport. QuickStart tennis equals fun! Equipment needs explained at first class session (Fee-Based)

KIDS 2195
Common Core: Reading Comprehension
Completion of Grades 1 or 2
Come experience reading in a fun way using new reading comprehension skills. This class is for struggling readers and also those who already love to read. These lessons are based on the new Common Core Standards for students who have finished grades 1 and 2. (Fee-Based)

KIDS 2210
Tutorial: Discrete Mathematics I-Logic and Sets
Grade 8+
This course covers how logic is written mathematically. Also, truth tables and Boolean Algebra are introduced. Sets and set notations are covered. This is a sample of Engineering/Computer Science courses at the collegiate level. Students should complete Algebra before enrolling in this class. (Fee-Based)

KIDS 2227
ZUMBA® for Kids
ZUMBA® for Kids is a fitness program designed especially for kids ages 7 - 11 years old. It combines high energy with the ZUMBA® program rhythms of salsa, cumbia, reggaeton, merengue and others. It provides a safe and effective workout. This class is designed specifically for kids, so the moves and music are kid friendly. (Fee-Based)

KIDS 2230
Common Core: Reading Comprehension Skills
Grades 1 & 2
Students will read a story and learn how to create thinking maps as well as taking notes in order to comprehend the story effectively. They will learn how to use the text to answer text related questions based on the new Common Core curriculum. (Fee-Based)

KIDS 2255
Volleyball in the Sand for Teens
Ages 13 to 17
This course is designed to teach the basics of sand volleyball play. Sand volleyball has different aspects of play from traditional indoor volleyball. (Fee-Based)

KIDS 2275
Sign Language with Kids
Ages 7 - 11
This class will introduce the student to the basics of sign language. Content will include alphabet and counting numbers, greetings, family and friends, foods, weather, feelings, colors and shapes and animals. (Fee-Based)

KIDS 2290
Painting with Acrylics for Kids
Ages 5+
This course teaches students how to paint a variety of different projects with the use of acrylic paint. Students will have one project per class to include: landscape, seascape, animals, cartoon, floral and still life. Students will learn how to plan, sketch, and layout their project. They will also learn how to use different paint brush techniques and the color wheel for composition. (Fee-Based)

KIDS 2295
Drawing and Painting Cartoons with Watercolors
Ages 5+
Students will learn how to draw and paint a variety of different cartoon characters. This includes: dogs, cats, birds, sea creatures, people, animals and well-known cartoon characters. They will receive instruction on how to analyze cartoon characters using shapes. Other topics include: the color wheel, composition, horizon line, design, and placement. (Fee-Based)

KIDS 2320
Creating Creative Cupcakes - The 5 Essentials
Ages 12-17
Did you ever want to create a cupcake that is worthy of a Pinterest Pin?! Learn the 5 essentials to creative cupcakes. Topics include frosting, bakery style techniques, gourmet techniques, fondant, and those eye catching, out of the ordinary cupcakes! (Fee-Based)

KIDS 2330
Summer Dance Performing Arts Camp
This is a two-week intensive dance camp for ages 14+ who are interested in learning choreography in a variety of dance styles and to gain the experience of rehearsing the dances to perform. Students will learn choreography in the styles of Ballet, Modern, Jazz, Contemporary, Lyrical, Afro Caribbean, and Ballroom that will be performed in an informal dance concert at the end of the session. (Fee-Based)
This course prepares students for the requirements of the Common Core standards. Beginning in 2015, students must be able to type multiple paragraph practical paragraphs as part of the Common Core implementation. (Fee-Based)

KIDS 2401
Common Core: Preparation for Computer Keyboarding
Grades 4 - 6
This course prepares students for the requirements of the Common Core standards. Beginning in 2015, students must be able to type multiple paragraph practical paragraphs as part of the Common Core implementation. (Fee-Based)

KIDS 2403
Common Core: Online Reading and Writing Prep
Grades 5-6
This course prepares students for the Common Core English Language Assessment. Reading comprehension and writing can be challenging, especially with the tasks being transitioned to an online format. Students learn to read and write more effectively using computer skills needed to be ready for the 2015 implementation of Common Core Testing in California. (Fee-Based)

KIDS 2404
Common Core: Online Reading and Writing Prep
Grades 5-6
This course prepares students for the Common Core English Language Assessment. Reading comprehension and writing can be challenging, especially with the tasks being transitioned to an online format. Students learn to read and write more effectively using computer skills needed to be ready for the 2015 implementation of Common Core Testing in California. (Fee-Based)

KIDS 2450
Violin II & III
Prerequisite(s): Completion of KIDS 351 Violin I.
Advisory: Experience in Pre-K.
This course continues to build violin skills for Violin I students. Students will continue to build finger strength, fingering agility, placement and coordination of note delivery and playing songs that are appropriate for these levels of skill. (Fee-Based)

KIDS 2487
Magnetic Levitation Transportation - Camp
Build a "futuristic Maglev" car to race and take home. Learn about the relationship between magnetism and electricity. Build maglev cars and electromagnets. Learn how motors work, take home the world's simplest motor and experiment with magnificent magnetic activities! Have fun learning while creating! (Fee-Based)

KIDS 2500
Electronics Workshop I
Ages 7 - 12
This course is an electronics workshop designed to give students ages 7 - 12 hands-on experience building electronic devices such as radios, digital circuits, radio controllers, and sound generators. Each project is supported by a simple electronics theory lecture to advance the understanding of the projects. (Fee-Based)

KIDS 2501
Electronics Workshop II
Ages 13 - 17
This course is an Electronics Workshop designed to give students ages 13 - 17 hands-on experience building electronic devices like radios, digital circuits, radio controllers, and sound generators. Each project is supported by a simple electronics theory lecture to advance the understanding of the projects. (Fee-Based)

KIDS 2600
Career Academy: Computer Networking
Grades 7 - 12
Students will gain introductory knowledge of computer networking as a career. The class will include the basic concepts of computer networking, troubleshooting connectivity, building a computer networking cable, and using networking software. (Fee-Based)

KIDS 2605
Career Academy: Dental Assisting
Grades 7-12
Students will gain introductory knowledge of dental assisting as a career. The class will include basic oral anatomy, infection control (handwashing, personal protective equipment), impression on manikins and basic instruments for dental procedure. (Fee-Based)

KIDS 2610
Career Academy: Computer Forensics
Grades 7-12
This course gives an overview of computer forensics, its real-world technique, information gathering potential, and analysis of evidence. The course also provides students with opportunities to learn about a wide variety of contemporary computer forensics techniques. (Fee-Based)

KIDS 2612
Career Academy: Cyber Security/Cyber Patriot - Cisco
Grades 7 - 12
Learn and work in teams competing to secure a windows machine from hackers and get a hands-on, sneak preview into CyberPatriot, a national cyber security competition created by the US Air Force. Students will become familiar with best practices for ensuring a computer is secure for use. Students will also learn computer network fundamentals including building cables and troubleshooting connectivity. Beginning to advanced students welcome. Students can sign up for all 3 weeks or single workshop. Please bring paper and pencil. (Fee-Based)

KIDS 2615
Career Academy: Video Production I
Grades 9 - 12
This course introduces students to digital video production techniques including single camera operation, recording, and video editing. Course topics include the operation of camcorders, lighting, and sound & editing. Students will develop stories, film them, and edit them for screening. Cameras and computers will be provided for shooting and editing. (Fee-Based)

KIDS 2616
Career Academy: Video Production II
Grades 9-12
This course builds on topics covered in Video Production I course. Students learn more in depth about digital video production techniques including single camera operation, recording, and video editing. Course topics include the operation of camcorders, lighting, and sound & editing. Students will develop stories, film them, and edit them for screening. Cameras and computers will be provided for shooting and editing. (Fee-Based)

</tbody>
</table>
A production will be performed by students at end of session. Students will explore scripts, analyze characters and create a performance. Students will enjoy oral reading using expressive voices and gestures. (Fee-Based)

**KIDS 3003**  
**Theatre Camp**  
Ages 12-17  
Students will explore scripts, analyze characters and create a performance. Students will enjoy oral reading using expressive voices and gestures. (Fee-Based)

**KIDS 3055**  
**Robotics 101**  
Grades 1 - 3  
In this class students will learn about the engineering design process in a "hands-on" setting as they create a basic robot and then improve on the basic design. The robots the students build will be able to accomplish specific basic tasks. Those robots will then be modified to execute more complex tasks. (Fee-Based)

**KIDS 3056**  
**Robotics 101**  
Grades 4 - 6  
In this class students will learn about the engineering design process in a "hands-on" setting. They will create a basic robot with basic movements, modify the design, and then program more complex commands for movement and tasks. (Fee-Based)

**KIDS 3060**  
**Civil Engineering**  
Grades 1 - 3  
Students will be introduced to the concepts of structural engineering, tension, and force as it relates to building and construction of bridges and towers. The engineering design process will be utilized and modified as students create and build their own bridges and towers. (Fee-Based)

**KIDS 3061**  
**Civil Engineering**  
Grades 4 - 6  
Students will be introduced to the concepts of structural engineering, tension, and force as it relates to building and construction of bridges and towers. The engineering design process will be utilized and modified multiple times over the course as students plan, create, and modify their own bridges and towers. (Fee-Based)

**KIDS 3065**  
**Aerospace Engineering**  
Grades 1 - 3  
Students will be introduced to the concepts of aerodynamics, propulsion, structural design, and flight through a series of activities that explore different types of aircraft. Students will also learn the basic mechanics of flying machines through hands-on testing and revising of their initial designs using the elements of the engineering design process. (Fee-Based)
KIDS 3066  
Aerospace Engineering  
Grades 4 - 6  
Students will be introduced to the concepts of aerodynamics, propulsion, structural design, and flight through a series of activities that explore different types of aircraft. Students will learn the basic and complex mechanics of flying machines through hands-on testing and revising of their initial designs for better performance. (Fee-Based)

KIDS 3070  
LEGO Flix Camp  
Ages 13 - 17  
This course allows students to brainstorm and bring LEGO pieces to life in stop-motion animated flix. Students will create a set with LEGO characters for a movie. They will storyboard, write, shoot, and add voice-overs to the Flix they create. Flix are downloadable a month after the camp ends. (Fee-Based)

KIDS 3075  
Live-Action Flix Camp  
Ages 13 - 17  
This course allows students to brainstorm, plan, create, film, and shoot a real-life action movie. The class focuses on each step in creating a complete movie - from "Action!!" to "That's a wrap!!". Students will scout out characters, assemble costumes and props, and act and direct in a collaborative movie. Flix downloadable a month after the camp ends. (Fee-Based)

KIDS 3100  
STEAM Camp: Crazy Concoctions' Chemical Engineering  
Making a mess is generally frowned upon, but if you are learning important scientific principles and creating cool science experiments, then the mess will have to be excused. Join us on a wacky adventure through all kinds of cool and crazy chemical reactions. Use chemicals to make slippery slime and watch colors separate before your eyes! Find out how to make volcanoes erupt, what ooblek is, how to make gak and more. Add messy games and activities and you've got a slimy, grimy, goopy and magical experience! (Fee-Based)

KIDS 3101  
STEAM Camp: Enchanted Engineer  
Come explore the world of fairy tales and adventure while solving real world problems...we will use science, technology, engineering, art, and math to solve a problem for our hero in the story! Our engineers participate in experiments and record observations in their very own engineering journal. This camp focuses on the engineering design process, the scientific method, and solve engineering challenges! (Fee-Based)

KIDS 3102  
STEAM Camp: Inventor’s Workshop - Design Engineering  
Explore science and engineering in the world around us! Our engineers participate in experiments and record observations in their very own engineering journal. This camp focuses on the engineering design process through inventing fun games and toys. We will explore forces and motion, the scientific method, and solve engineering challenges! (Fee-Based)

KIDS 3103  
STEAM Camp: Outdoor Adventure’s Environmental Engineering  
Explore science and engineering to help save our planet! Environmental engineers use the principles of engineering, soil science, biology, and chemistry to develop solutions to environmental problems. They are involved in efforts to improve recycling, waste disposal, public health, and water/air pollution control. Document experiments in your own journal. (Fee-Based)

KIDS 3104  
STEAM Camp: Space is the Place! & Aerospace Engineering  
To infinity and beyond as we search for the kid from Mars, try not to drop the Android, discover Martian rocks, create a space craft, go Alien Hunting, and practice Jedi training thru obstacles. Our engineers participate in experiments and record observations in their own engineer journal. (Fee-Based)

KIDS 3105  
STEAM Camp: The Engineer’s Kitchen - Molecular Gastronomy  
In this class, we play with our food! Molecular gastronomy, or the science behind the cooking, is understanding the chemistry and physics of how food is cooked and using that knowledge to manipulate food preparation to create new tastes and textures. Join us as we experiment with food and create amazing treats! (Fee-Based)

KIDS 3106  
STEAM Camp: Under the Sea: Marine Engineering  
Wet fun for all as we explore the great mysteries of the ocean! We will enjoy ocean treats, ocean themed games, treasure hunts, sand art, and water gun wars. Campers must bring their own water guns. Our engineers participate in ocean experiments and record observations in their own engineering journal. (Fee-Based)

KIDS 3107  
STEAM Camp: Zootopia Design: Micro Engineering  
Students will learn about zoology and the design process through animal exploration and working in engineering design teams to create cage free habitats/zoo (using area and perimeter for squares and rectangles) that will protect the chosen animal from predators and people. Our engineers will test hypothesis and conduct experiments.

KIDS 3108  
STEAM Camp: Art by Modern Masters  
Let Jackson Pollock, Robert Rauschenberg, and more. We will use various art mediums such as acrylics, tempera, and watercolors. Some of the art techniques we will learn are printmaking, action painting, and collage. Please wear old clothes or bring an apron. (Fee-Based)

KIDS 3110  
All-Day Summer Camp  
Grades: Kindergarten-4th  
NOCE’s all-day youth summer camp programs provide a safe environment for youth in our community. Using a variety of activities (such as recreational games, arts, crafts, sports, cooking, and leadership activities) we help develop social skills and encourage positive self-image. Our programs will help you keep the kids entertained, physically and emotionally fit, as well as meet new people. Each week is uniquely themed. (Fee-Based)

Labs: Supervised Tutoring - NOCE (LABS)

LABS 100  
1-200 Hours  
Supervised Tutoring  
Students will use tutorial assistance to enhance problem solving skills, and increase comprehension of specific subject areas. Tutors and instructors are there to help you prepare for tests and to complete homework. Enrollment is by Instructor and Counselor referral only. (Apportionment)

**MEDO 105 Medical Terminology**

This course introduces students to medical terminology in preparation for careers in the medical field. It covers the study of the basic elements of medical terms and the anatomy and physiology of the human body. It also covers different pathological conditions and procedures for their treatment. (Apportionment)

**MEDO 115 Medical Assisting: Front Office**

*Prerequisite(s):* MEDO 260 Introduction of Medical Assisting and COMP 685 Beginning Keyboarding.*

This course introduces students to medical office procedures in preparation for entry-level positions in the front office or reception area of a medical facility. These include medical data entry. Students review reception techniques, patient records and insurance forms. Keyboarding experience advised. Textbook Required (Apportionment)

<td>Medical Assistant Work Experience Part 2</td>
<td><em>Prerequisite(s): MEDO 275 Medical Assisting Work Experience I.</em> This course provides students who successfully completed Medical Assisting Work Experience I with an additional 140 hours of externship to complete training in both administrative and clinical competencies. Students will meet with the instructor for two hours per week. Class topics include portfolio development, workplace professionalism, and externship performance. (Grant-Funded)</td>
</tr>
<tr>
<td>MEDO 285</td>
<td>36</td>
<td>Introduction to Electronic Health Records(EHR)</td>
<td><em>Prerequisite(s): COMP 685 Beginning Keyboarding or Keyboarding Proficiency score of 30 or above; MEOC 315 Intro to Computer Health Care.</em> This course introduces students to the fundamental concepts of working with Electronic Health Records (EHRs). Students will learn and exercise the practical use of EHR in administrative roles within the allied health field. Topics covered include: the history of EHR, EHR standards, patient charts, and EHR regulations. (Grant-Funded)</td>
</tr>
<tr>
<td>MEDO 290</td>
<td>18</td>
<td>Math For Medical Assistants</td>
<td>This course is designed to provide the medical assistant with the mathematical skills necessary to calculate, prepare, and administer drugs safely and confidently in an ambulatory medical setting. (Fee-Based)</td>
</tr>
<tr>
<td>MEDO 295</td>
<td>9</td>
<td>National Certified Medical Assistant Exam Prep</td>
<td>This course is designed to assist in preparing for the NCCT National Certified Medical Assistant Exam (NCMA). A comprehensive review of topics related to administrative and clinical medical assisting procedures will be provided. The course also includes valuable practice tests and test-taking strategies. (Grant-Funded)</td>
</tr>
<tr>
<td>MEDO 300</td>
<td>72</td>
<td>Medical Coding Basics I</td>
<td><em>Prerequisite(s): MEOC 104 Medical Terminology.</em> Students will learn techniques of accurate coding of physician services, gain experience in correct application of CPT, level II coding, and ICD-9-CM/ICD-10-CM diagnosis codes used for billing professional medical services through lecture and lab. (Grant-Funded)</td>
</tr>
</tbody>
</table>
MEDO 302  
Medical Coding Basics II  
48 Hours  
Prerequisite(s): MEDO 300 Medical Coding Basics.  
This course covers the practical application of CPT coding and coding appropriately for correct reimbursement in physician office settings. Topics covered include assigning the correct diagnosis, procedure, and supply code for a variety of clinical cases and services. (Grant-Funded)  

MEDO 305  
Heartsaver Pediatric First Aid  
8 Hours  
This 8-hour course teaches individuals to respond to breathing and cardiac emergencies, pediatric first aid and injury prevention. Upon successful completion, students will receive an Adult, Infant, Child CPR and Pediatric First Aid certificate valid for 2-years. This class meets California requirements for daycare providers. (Fee-Based)  

MEDO 307  
Personal Care Aide  
77 Hours  
This class will prepare the student to provide or support activities of daily living, personal care, and homemaker services to elderly and disabled individuals needing assistance to remain safely and independently in their own home or in an assisted living facility. Upon successful completion students receive a certificate of completion. (Grant-Funded)  

MEDO 310  
Medical Assistant Skills Open Lab  
Corequisite(s): MEDO 235 Back Office Procedures I.  
This open-entry, open-exit course is designed for medical assistant students to practice clinical skills and procedures. (Grant-Funded)  

MEDO 315  
Introduction to Computers for Health Care Workers  
Prerequisite(s): COMP 685 Beginning Keyboarding or Typing 30 words per minute.  
This course is an introduction to computers for individuals entering the health care field. Introduction to Computers for Health Care Workers provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. Textbook Required (Grant-Funded)  

MEDO 316  
In-Patient Externship for the Pharmacy Technician  
Prerequisite(s): MEDO 220 Out-Patient Lab: Pharmacy Technician; MEDO 135 Human Relations for Health Care Workers; and MEDO 221 In-Patient Lab Pharmacy Technician.  
This course is designed to provide pharmacy technician students with field experience in an in-patient pharmacy setting. It requires weekly class meetings plus 200 hours of externship in an approved and contracted pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)  

MEDO 317  
Out-Patient Externship for the Pharmacy Technician  
Prerequisite(s): MEDO 220 Out-Patient Lab: Pharmacy Technician; MEDO 135 Human Relations for Health Care Workers; and MEDO 221 In-Patient Lab: Pharmacy Technician.  
This course is designed to provide pharmacy technician students with field experience in an out-patient/retail pharmacy setting. It requires weekly class meetings plus 120 hours of externship in an approved pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)  

Medical Occupations-Clerical (MEOC)  

MEDO 104  
Medical Terminology  
48 Hours  
Prerequisite(s): COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.  
Required course for Pharmacy Technician Certificate and Medical Assisting Certificate program, but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics. (Apportionment)  

MEDO 112  
Medical Insurance Billing - A Practical Approach to Medical Billing  
Prerequisite(s): COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.  
Requirements for entry-level positions. Students review theory and practice data entry for private, Blue Cross/BlueShield, Medicare, Medicaid/Medi-Cal, TRICARE/CHAMPUS and workers’ compensation billing. CPT and ICD-9 coding covered. Medical billing software utilized in computer lab. Keyboarding experience advised. Textbook Required (Apportionment)  

MEDO 121  
Pharmacology I  
Prerequisite(s): MEOC 104 Medical Terminology.  
Bring original certificate to first class. Equips students with the necessary beginning theoretical knowledge. Includes categorizing, differentiating between drug classifications and inventorying. Provides a basic knowledge and understanding of drug effects on the body. TITLE Pharmacology I Textbook Required (Apportionment)  

MEDO 122  
Pharmacology II  
Prerequisite(s): MEOC 104 Medical Terminology.  
Bring original certificate to first class. Provides a continuation of theoretical knowledge acquired in Pharmacology I. Includes categorizing, inventorying and differentiating between drug classifications. Equips students with an advanced knowledge and understanding of drug effects on the body. Textbook Required (Apportionment)  

MEDO 130  
Introduction to Pharmacy Technician  
Prerequisite(s): COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.  
Course orients students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician. Textbook Required. (Apportionment)  

MEDO 135  
Human Relations for Healthcare Workers  
Prerequisite(s): COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.  
This class will prepare the student to provide or support activities of daily living, personal care, and homemaker services to elderly and disabled individuals needing assistance to remain safely and independently in their own home or in an assisted living facility. Upon successful completion students receive a certificate of completion. (Grant-Funded)  

MEDO 140  
Pharmaceutical Mathematics  
Prerequisite(s): COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm.  
A review of basic mathematics focusing on its application to common pharmaceutical calculations, abbreviations and units; how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge. Textbook Required. (Apportionment)
MEOC 144 24 Hours
Out - Patient Externship
This course is designed to give pharmacy technician students field work experience in an out-patient pharmacy. Students must complete the didactic portion of the program and the corresponding lab course prior to their field work experience. The program requires 120 hours of out-patient externship. (Externship)

MEOC 146 24 Hours
In - Patient Externship
This course is designed to give pharmacy technician students field work experience in an in-patient pharmacy. Students must complete the didactic portion of the program and the corresponding lab course prior to their field work experience. The program requires 200 hours of in-patient externship. (Externship)

MEOC 205 36 Hours
Introduction to Electronic Health Records (EHR)
Prerequisite(s): MEOC 210 Introduction of Computers for Health Care Workers and COMP 685 Beginning Keyboarding or Keyboard competency of 30 wpm.
This course introduces students to the fundamental concepts of working with Electronic Health Records (EHRs). Students will learn and exercise the practical use of EHR in administrative roles within the allied health field. Topics covered include: the history of EHR, EHR standards, patient charts, and EHR regulations. (Apportionment)

MEOC 210 48 Hours
Introduction of Computers for Health Care Workers
Prerequisite(s): COMP 685 Beginning Keyboarding or Typing 30 words per minute.
This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. Textbook Required. (Apportionment)

MEOC 225 96 Hours
Medical Coding - Introduction
Prerequisite(s): MEOC 104 Medical Terminology.
This course covers the practical application of CPT-4 coding as well as both ICD-9-CM and ICD-10-CM coding for correct reimbursement in the physician’s office setting. Course instruction will also cover applying the student’s knowledge of anatomical body systems and disease processes. The following anatomical and physiology concepts will be covered in this course: (a) integumentary system, (b) musculoskeletal system (c) respiratory system (d) cardiovascular system (e) hemic and lymphatic systems. Textbook Required. (Apportionment)

MEOC 227 96 Hours
Medical Coding - Intermediate
Prerequisite(s): MEOC 225 Medical Coding - Introduction.
This course covers the practical application of CPT-4 coding as well as both ICD-9-CM and ICD-10-CM coding for correct reimbursement in the physician office setting. Course instruction will also cover applying the student’s knowledge of anatomical body systems and disease processes. The following anatomical body systems and disease processes concepts will be covered in this course: (a) urinary and male genital systems, (b) female genital and system, (c) general surgical, (d) medicine (e) radiology, and (f) pathology. Textbook Required. (Apportionment)

Microsoft (MS)

MS 104 36 Hours
Introduction to Windows Operating Systems
Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people. (Apportionment)

MS 105 36 Hours
Introduction to Excel
Advisory: Knowledge of Windows.
Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting. (Apportionment)

MS 106 36 Hours
Introduction to Access
Advisory: COMP 100 Introduction to Computers, MS 104 Introduction to Windows or equivalent.
Design databases using this popular software package. Includes creating tables, forms, reports and labels. Textbook Required. (Apportionment)

MS 107 36 Hours
Intermediate Access
Advisory: MS 106 Introduction to Access.
Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent. (Apportionment)

MS 119 36 Hours
Introduction to PowerPoint
Learn how to create on-screen presentations using text, graphics, sound effects and movies. (Apportionment)

MS 134 36 Hours
Intermediate Word
Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent.
This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class. (Apportionment)

MS 143 36 Hours
Introduction to Publisher
Advisory: Recommended proficiency in COMP 100 Introduction to Computers and MS 104 Introduction to Windows.
Provides a basic working knowledge of this popular desktop publishing program. Covers topics such as flyers, newsletters, and business cards. (Apportionment)

MS 144 36 Hours
Introduction to Word
Introduction to Windows or equivalent. Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables. (Apportionment)

MS 156 18 Hours
Computer Bytes
This course covers various topics for Microsoft Windows on how to buy or upgrade a computer, buy and use a digital camera, use a scanner, create a slide show, and set up a home wireless network safely. (Apportionment)
### MS Office - Overview

Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses. *(Apportionment)*

### MS 165
**MS Excel - Power-User Skills**

*Advisory: MS 105 Introduction of Excel or equivalent.*

This course is for people who are comfortable using MS Excel and who want to develop "power skills". Topics include computational techniques (defining names, nested IF functions, summarizing data), using Excel's database tools (tables, database operations, lookup functions), and expert skills (conditional formatting, macros). Also covered are advanced formatting techniques and shortcuts for accelerating productivity. *(Apportionment)*

### MS 610
**Windows Operating Systems - Intermediate**

*Advisory: MS 104 Introduction to MS Windows or equivalent.*

A second course in Windows operating environments covering more topics and techniques. This course will help you learn to communicate more effectively over the Internet, share information between programs, understand basic Windows network principles, share files, use Windows Media projects, manage hardware, backup files, and use Windows administration tools. *(Apportionment)*

---

### Music - NOCE (MUSC)

**MUSC 108**

**Guitar for Adults - Beginning**

Learn to play the guitar! Students will learn chords, strum pattern styles, new songs, simple ear training and rhythm training. Students will also learn a I, IV, V blues progression and how to read the tablature for guitar. Bring a nylon-string or acoustic steel-string guitar and a medium pick. *(Fee-Based)*

**MUSC 109**

**Guitar for Adults - Intermediate/Advanced**

Students will learn music theory and concepts including notes on the guitar, major and minor keys, how to use a capo, how to play 2 bar chord forms and more: Play two songs by the end of class. *(Fee-Based)*

**MUSC 200**

**Music Arts for Older Adults**

This course provides stimulating interaction for older adults through musical reminiscence, discussions, and listening to music from different time periods and genres. Older Adult students will participate in sing-alongs and rhythmic activities. Older adult students will learn to appreciate and understand different varieties of music. *(Apportionment)*

**MUSC 302**

**Cypress Masterworks**

This is a large ensemble (70-100) singers who perform major masterworks for choir and orchestra in addition to a variety concert repertoire. The Chorale presents four major concerts in the campus theater, participates in regional music festivals, and tours Internationally. *(Fee-Based)*

**MUSC 303**

**Senior Chorus**

This course introduces older adult students to a broad spectrum of choral music including its cultural and historical aspects. Older adult students will gain knowledge of correct posture, breath control, enunciation, harmony, rhythm and basic music concepts appropriate for the older adult. *(Apportionment)*

**MUSC 304**

**Tone Chime Choir for Older Adults**

This course provides instruction to older adults on handbell performance skills using chime instruments made by Suzuki. The music will be beginning level handbell music, level 1 and 2, as defined by the American Guild of English Hand Bell Ringers. The class will share their music by performing to the community in different public venues. *(Apportionment)*

**MUSC 305**

**Opera - Introduction**

This course is an introduction to the standard operatic repertoire in terms of development of musical style, dramatic structure, and performance tradition. Open to all students. *(Fee-Based)*

**MUSC 310**

**Star Carolers**

This course is designed for both music majors and non-music majors who wish to sing in a holiday caroling ensemble. Plus three quarters of an hour laboratory TBA per week. *(Fee-Based)*

**MUSC 315**

**Adult Voice - Beginning**

Students will study basic vocal techniques including tone production, breath control, and diction. Songs will be drawn from popular and traditional songs. *(Fee-Based)*

**MUSC 320**

**Piano Beginning**

Adult Piano - Beginning Beginning with the abc's at middle C, the student learns to read music using familiar songs and pieces in folk and classical styles. Basic chords also help with rock and jazz. The student learns rhythm as the heartbeat of music. *(Fee-Based)*

**MUSC 321**

**Adult Piano/Keyboard - Beginning I**

This course will introduce adults to reading notes, rhythm, music symbols, sight-reading and keyboard activities to develop technique and listening. Book required. Bring your own keyboard (40 key minimum) every week! *(Fee-Based)*

**MUSC 335**

**Adult Piano/Keyboard - Beginning II**

Comprehensive music course in reading, playing and listening to music. Lessons include learning chords, sight-reading and understanding basic harmony. *(Fee-Based)*

**MUSC 345**

**Guitar for Adults - Level 1**

Learn basic chords, strumming, picking and the classical rest stroke. Slowly but surely develop the confidence and coordination to play along to a handful of oldies and classic rock songs. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

**MUSC 350**

**Guitar for Adults - Level 2**

If you have a little guitar experience already, this is the class for you! Designed for graduates of the level 1 class, and for anyone else who "knows a few chords. We will learn new chords, songs with strumming and picking, scales for soloing, and blues/rock songs with riffs. *(Fee-Based)*
MUSC 355  
Guitar for Adults - Guitar & Bass Workshop  
Students will learn music theory and concepts including notes on the guitar: major and minor keys, how to count and construct rhythm patterns that go together with each other and drums. Students will be able to play simple songs together by the end of classes. (Fee-Based)

MUSC 360  
Guitar for Adults - Intermediate  
If you have a little guitar experience already, this is the class for you! Designed for graduates of the beginning class, and for anyone else who 'knows a few chords.' We will learn new chords, songs with strumming and picking, scales for soloing, and blues/rock songs with riffs. (Fee-Based)

MUSC 365  
Vocal for Adults - Beginning  
Learn to develop your singing with an introduction to vocal technique. You will learn the tools necessary for every singer to help with diction, breath control and correct posture as well as shaping tone quality. Group singing as well as individual solos will be used. (Fee-Based)

MUSC 370  
Guitar for Adults - Workshop  
Learn guitar in a friendly group environment. If you are a beginner, or already know how to play some things, this is the class for you! Learn to play the chords, strumming and picking techniques of your favorite classic songs. Bring your guitar and a medium or heavy pick to class. (Fee-Based)

MUSC 375  
Masterworks Chorale  
The Masterworks Chorale (80-110 singers) presents four major concerts each year with emphasis on masterworks for choir and orchestra. The Chorale participates in regional music festivals, performs at numerous locations throughout the Los Angeles basin, and tours internationally. Open to students and members of the community with prior singing experience. (Fee-Based)

MUSC 378  
Community Symphony  
The Community Symphony is dedicated to the rehearsal and performance of standard and contemporary symphonic literature. There will be concert performances. (Fee-Based)

Office Technician (OTEC)

OTEC 100  
Office Essentials  
A course that prepares students for an entry-level position in an office. Includes units on the office environment, becoming a professional, work ethics, and several elements of customer service. Textbook Required. (Apportionment)

OTEC 105  
Microsoft Outlook Fundamentals  
This course introduces students to Microsoft Outlook. Students will learn how to organize and manage emails, schedule appointments, create and manage task and contact records, and customize Outlook. (Apportionment)

OTEC 110  
Business Math for Office Technology  
Provides coverage of personal and business-related mathematics as well as reviewing the basic operations of arithmetic. (Apportionment)

OTEC 210  
Computer Concepts and Applications I  
This is the first course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part I introduces students to fundamental workforce skills in computers and information processing; hardware; system software; networks, security, and privacy; troubleshooting and maintenance; and application software. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. (Apportionment)

OTEC 211  
Computer Concepts and Applications II  
Prerequisite(s): OTEC 210 Computer Concepts and Applications I and COMP 685 Beginning Keyboarding or Pass the Keyboarding Challenge Exam at a rate of 35 net words a minute with five or fewer errors per minute on a 5-minute timed writing.
This is the second course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part II introduces students to fundamental workforce skills in the internet, digital ethics and awareness, cloud computing, Windows, Microsoft Word, and Microsoft Excel. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. (Apportionment)

OTEC 212  
Computer Concepts and Applications III  
Prerequisite(s): OTEC 211 Computer Concepts and Applications II.
This is the third course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part III builds on the foundations learned in parts I and II and introduces students to fundamental workforce skills in Microsoft Access and Microsoft PowerPoint. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. (Apportionment)

OTEC 225  
MS Office Integrated Projects  
Prerequisite(s): OTEC 211 Computer Concepts and Applications II and OTEC 212 Computer Concepts and Applications III.
This course is designed to apply knowledge and skills gained from Computer Concepts and Applications II and III to the business environment by giving students the opportunity to work in real world simulations. This is the capstone course for those students completing the Administrative Professional certificate program. (Apportionment)

Parenting (PARN)

PARN 101  
Joyful Parenting: Creative Art/Music (Ages 1.5-2.5)  
Parent and child will enjoy self-esteem building activities together; songs and music; easel and finger painting; band and blocks; school readiness; crafts and Playdoh. Includes activity ideas to do at home. (Please bring a snack). (Apportionment)

PARN 102  
Effective Parenting  
Designed to lend support and provide some realistic parenting techniques that can be used in the parent's day-to-day life. (Apportionment)
PARN 104A
Kindergym - Toddler Fitness
Ages 1-4.5
Parents and children enjoy exercise, movement and music together. Emphasis on developing large motor skills, coordination and self-esteem. Class provides an opportunity for parents to observe and interact with child. All activities introduced can be done by parents with child at home. (Apportionment)

PARN 108
You, Your Child and Music
Learn how to use simple musical games and activities to aid your infant/toddler in motor, cognitive and social development. (Apportionment)

PARN 147
Babies Love Music (Ages 4-14 months)
Music listening and music activities provide an excellent foundation for your baby's cognitive and social development. Mix together: One part thunder on a large gathering drum. Add small hand drums. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm...good! Enrollment limited to 14. (Fee-Based)

PARN 148
Kids Love Music (Ages 1-2)
Music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm...good! Enrollment limited to 14. (Fee-Based)

PARN 149
Kids Love Music (Ages 2-4)
Music listening and music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm...good! Enrollment limited to 14. (Fee-Based)

PARN 150
Kids Love Music (Ages 1-4)
Music listening and music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm...good! Instructor: Gary Greeno Registered Music Therapist. Enrollment limited to 14. (Fee-Based)

PARN 151
Kids Love Music (Ages 5-7)
Ever Play an African Slit Drum? A xylophone? Boomwhackers? Ever Sing "Chicken Lips and Lizard Hips" or Grandma's Feather Bed? This and more musical fun awaits those who join Music Therapist Gary Greeno in this fun filled musical journey. Enrollment limited to 14. (Fee-Based)

PARN 170
Parenting Adult/Children with Disabilities
A class designed to provide support and resources to parents who have an adult child with a disability. Guest speakers will be invited to present information to help parents be knowledgeable of what their community offers in regards to independence. For additional information, please contact 714 484-7057. (Apportionment)

PARN 200
Joyful Parenting: Art, Music & Movement (Ages 2.5-5)
Parents are introduced to the latest information about child development and parenting skills, through lecture, discussion, observation and hands-on learning with other students. Age appropriate activities are offered to the children so that parents can learn the importance of developmental stages that prepare children for preschool and/or kindergarten. For all classes, please bring a lunch. (Apportionment)

PARN 225
Homework Tips Workshop (How to Really Help Your Child)
Help improve your child's changes of success in school by learning the key issues and strategies you need to know about helping your child with homework. Parents will complete a Checklist for Helping Your Child with Homework to help you develop a plan for guiding and monitoring your child's homework as well as communicating with your child's teacher. (Fee-Based)

PARN 230
Parenting Tips & Tricks Interactive Workshop
Do you want to encourage cooperation and respectful behavior in your children? This course covers specific techniques that will help your family to listen and cooperate with you on: chores, homework, problem solving & using reward systems. Cooperative communication is the key to making your home a more peaceful place! (Fee-Based)

PARN 235
Raising Caring Kids
This workshop will review and present practical tips and implementation strategies for parenting today's children. The focus will be on developing caring behaviors through everyday scenarios. Topics will include caring about family, friends, difficult situations and showing appreciation. Parents will be guided on steps to teach their children how to become kids that care. (Fee-Based)

PARN 240
Navigating Resources for Adults with Disabilities
A class designed to provide support and resources to parents who have an adult child with a disability. Topics include: Overview of the service delivery system, eligibility for regional center and service agencies, adult transition, role of service coordinators, obtaining services, college, employment, independent and adult living options. (Fee-Based)

PARN 245
Runaway Teens in Orange County
The purpose of this seminar is to provide information and resources for parents of at-risk and/or delinquent children, and for parents of highly defiant and strong-willed children. (Fee-Based)
PTEC 100 Pharmacy Technician, Introduction
Course orients students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician. (Apportionment)

PTEC 105 Pharmacy Operations Lab
Prerequisite(s): PTEC 100 Pharmacy Technician, Introduction and COMP 685 Beginning Keyboarding or Keyboarding Challenge Exam with a pass rate of 30 net words a minute.
This course is an introduction to the operations of a pharmacy and provides students with a working knowledge of its structural, functional, business and inter-relational aspects within the health care system. The course also covers the basics of compounding, medication distribution and inventory control. (Apportionment)

PTEC 110 Pharmaceutical Mathematics
Includes a review of basic mathematics focusing on its application to common pharmaceutical calculations; terminology, abbreviations and units needed to perform pharmaceutical calculations; and how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge. (Apportionment)

PTEC 115 Pharmacology I
Prerequisite(s): MEDO 105 Medical Terminology.
Students will learn the principles of pharmacology. Students will review classifications of medicines, trade and generic names, side effects and drug interactions related to the neurological, visual, auditory, integumentary, and musculoskeletal body systems. Over-the-counter drugs including antihistamines, anti-inflammatory, analgesics, vitamins and natural substances will be covered. (Apportionment)

PTEC 120 Pharmacology II
Prerequisite(s): MEDO 105 Medical Terminology.
Students will learn the principles of pharmacology. Students will review classifications of medicines, trade and generic names, side effects and drug interactions related to the neurological, visual, auditory, digestive, endocrine and reproductive body systems. Anti-infectives, vaccines, oncology agents, as well as fluid and electrolytes are covered. (Apportionment)

PTEC 200 Pharmacy Technician, Lab for the In-Patient
Prerequisite(s): PTEC 105 Pharmacy Operations Lab and PTEC 110 Pharmaceutical Mathematics and PTEC 115 Pharmacology I and PTEC 120 Pharmacology II.
Course covers the preparation of medications given by intravenous, epidural and subcutaneous routes of administration. The student will learn aseptic techniques, pharmacy IV calculations, drug compatibilities and stabilities, IV therapy management, and specialized equipment. The laboratory incorporates use of laminar and vertical flow hoods and computerized software for IV preparation. (Apportionment)

PTEC 205 Pharmacy Technician, Lab for the Out-Patient
Prerequisite(s): MEDO 105 Medical Terminology and PTEC 105 Pharmacy Operations Lab and PTEC 115 Pharmacology I and PTEC 120 Pharmacology II.
This course is designed to provide pharmacy technician students with practical experience in a simulated out-patient pharmacy setting. It includes hands-on experience working with a computerized pharmacy management system in the retail setting, third party billing and telephone etiquette. (Apportionment)
Photography (FOTO)

FOTO 101 18 Hours
Basic Photography: The Mechanics of Digital Photography
Strengthen your photographic skills. Become familiar with current equipment for digital cameras. Instruction includes composition, digital formats, lenses, f-stops and shutter speeds, electronic flash, and night photography. Discussion will include how Photoshop software impacts photography. Dave Rosenberger has taught photography for over 30 years. He works for Canon USA in both technical and sales capacities. He teaches photography with the North Orange County College District. (Fee-Based)

FOTO 102 18 Hours
Photography Intermediate
Sharpen your photographic skills. Become familiar with current day equipment and express your creative talents. Covers portrait photography, special effects, night-time digital photography. Field trip with instruction included. (Fee-Based)

FOTO 105 18 Hours
Photography Fundamentals
Improve your knowledge of how the camera thinks and put those tools to work. Learn the difference between F/stops and shutter speeds. Review file sizes and learn the different formats of the digital cameras. Settings, lenses, electronic flash, and computer software as tools also covered. Designed for students who just purchased or own a digital SLR camera. May bring camera to class. (Fee-Based)

FOTO 110 18 Hours
Photography: Beyond the Basics
Do you know the basics of photography, but want to take your skill a step forward? Learn about studio lighting and Green Screen photography. Build digital scrapbooks to display your work. Create your own business and greeting cards. Sharpen your skills with Photoshop and HDR programs. Photodex workshop and field trip included. (Fee-Based)

Sign Language (SIGN)

SIGN 001 36 Hours
Sign Language - SEE Level 1
This course gives an overview of the Signing Exact English (SEE) model of sign language. Students will explore the philosophy and rationale of the sign system while developing both expressive and receptive delivery skills. It is designed to introduce students to a 700 word working vocabulary and to prepare them to continue on to Sign Language - SEE Level 2/3. (Fee-Based)

SIGN 002 36 Hours
Sign Language - SEE Level 2/3
Students will acquire approximately 1,000 additional signs and will improve expressive and receptive fluency with both signs and fingerspelling. Students will continue to address the rationale and philosophy of using the English sign model: Signing Exact English. (Fee-Based)

SIGN 010 36 Hours
Educational Interpreting Practicum
Advisory: Completion of three levels of sign instruction in SEE, PSE, or ASL or be currently working in a K-12 educational setting and seeking state certification or by instructor approval. This course allows students to build educational interpreting skills for service to the elementary, middle, and high school settings. (Fee-Based)

SIGN 020 24 Hours
Sign Language for Parents
This is a beginning level Signed English sign language course for parents of elementary school-aged Deaf and Hard of Hearing children. (Fee-Based)

Safety (SAFE)

SAFE 205 8 Hours
Mature Driver Improvement
The Mature Driver Improvement course provides instruction, specifically tailored to older drivers, regarding defensive driving and California motor vehicle laws. During this course, information is provided on the effects that medication, fatigue, alcohol, and visual or auditory limitations have on a person’s safe driving ability. Present the DMV certificate to your insurer as proof that you have completed the course. Mature drivers age 55 or older, who successfully complete an approved Mature Driver Improvement Course, may qualify for reduced motor vehicle insurance premiums. (Apportionment)
**ORGANIZATIONAL STRUCTURE**

**Board of Trustees**
The North Orange County Community College District (NOCCCD) is governed by elected trustees who establish all policies that guide the general operation of the District. Student trustees, representing each of the colleges, also sit on the Board.

The NOCCCD Chancellor has the responsibility for carrying out the decisions and directions of the Board. The college presidents and provost of continuing education oversee the operations of their respective areas and work closely with the chancellor in the management of the District.

**Board of Trustees**
- Ryan Bent
- Stephen T. Blount
- Jeffrey P. Brown
- Barbara Dunsheath, Ed.D.
- Ed Lopez, JD
- Molly McClanahan
- Jacqueline Rodarte

**Student Trustees**
- Ester Plavdjian, Cypress College
- Chloe Reyes, Fullerton College

**Chancellor**
Cheryl Marshall, Ed.D

**Provost, North Orange Continuing Education**
Valentina Purtell

**NOCE Administration**
Valentina Purtell
Provost
- M.A. Applied Linguistics, Riven State Humanitarian University

Karen Bautista
Dean, Instruction and Student Services
Cypress Center
- B.A. Foreign Languages, Pomona College
- M.A. T.E.S.O.L. (Teaching English to Speakers of Other Languages), Azusa Pacific University
- Ed.D. Leadership and Instructional Technology, University of Phoenix

Martha Gutierrez
Dean, Instruction and Student Services
Anaheim Campus
- B.A. Public Relations and Spanish, University of Southern California
- M.S. Counseling, CSU Los Angeles

**Board of Trustees**
- Margie Abab
  Director, Basic Skills, High School Diploma and GED/HISET Programs (HSPD, GED/HISET)
  - B.S. Political Science, UC Irvine
  - M.S. Political Science, CSU Long Beach

- Dennis Davino
  Director, Lifeskills Education Advancement Program (LEAP)
  - B.A. Psychology, CSU Fullerton
  - M.A. Counseling Psychology, Pacifica Graduate Institute
  - Licensed Marriage and Family Therapist

- Karla Frizler
  Director, English as a Second Language (ESL)
  - B.A. English, Chapman University
  - M.A. English (TESOL), San Francisco State University

- Adam Gottdank
  Director, Disability Support Services (DSS)
  - B.A. Psychology/Minor in Business Administration, CSU Fullerton
  - M.A. Psychology with emphasis in Counseling, Pepperdine University
  - Ph.D. Education (Special Education, Disability and Risk) with a minor in Sociology, CSU Santa Barbara

- Raine Hambly
  Director, Career Technical Education Program (CTE)
  - B.S. Public Administration, University of La Verne
  - MBA Master Business Administration, University of La Verne

**NOCE Faculty**
The full-time faculty members teaching for NOCE are as follows:

- Julie Brown
  Professor, Disability Support Services
  - B.A. Psychology, CSU Dominguez Hills
  - M.A. Psychology, San Diego State University
  - MLIS (Masters in Library and Information Service), San Jose State University

- Janet Cagley
  Professor, High School Diploma Program
  - Basic Skills/High School Diploma Program
  - B.S. Communications, University of Tennessee Martin
  - M.Ed Cross-Cultural Teaching, National University

- Jennifer Carey
  Assistant Professor, High School Diploma Program
  - B.A. English, University of San Diego
  - M.A. English, San Diego State University

- Kristina De La Cerda
  Counselor, Disability Support Services
  - B.A. Psychology, Chapman University
  - M.A. Psychology, Chapman University

- Carlos Diaz
  Professor, English as a Second Language
  - B.A. Spanish, CSU San Bernardino
  - M.A. TESOL, CSU San Bernardino
  - Ed.D. Higher Education, Argosy University

- Cathy Dunne
Professor, Pharmacy Technician Program  
B.A. Communications with minor in Business Administration, CSU Fullerton  
MBA Business Administration/Accounting, CSU Fullerton

Yvette Krebs  
Counselor, Counseling and Student Services  
B.S. Rehabilitation Services, CSU Los Angeles,  
Minor in Sociology, CSU Los Angeles  
M.A. Education, UC Los Angeles  
PSS Credential in School Counseling, National University

Zaida (Patti) Lujan  
Counselor, Counseling and Student Services  
B.S. Human Services, CSU Fullerton  
M.A. Education (Counseling), CSU Dominguez Hills

Thanh (Megan) Ly  
Counselor, Counseling and Student Services  
B.S. Industrial Psychology, CSU Hayward  
M.S. Counseling, CSU Long Beach

Candace Lynch  
Professor, English as a Second Language  
B.A. English, CSU Fullerton  
M.S. Education (TESOL), CSU Fullerton

Cathleen Mang  
Professor, English as a Second Language  
B.A. Political Science, Tulane University  
M.A. South East Asian Studies, Ohio University  
M.F.A. Drama/Theatre, University of Hawaii Manoa

Tina McClurkin  
Professor, Business Education  
B.A. Liberal Studies, CSU Stanislaus  
M.A. Human Resources Management, National University

Maricela Moran  
Counselor, Counseling and Student Services  
B.S. Child Development, CSU Fullerton  
M.S. Social Work, University of Southern California  
M.S. Educational Counseling, National University

Rosie Navarro  
Counselor, Disability Support Services  
B.S. Human Services, CSU Fullerton  
M.S. Clinical Psychology, Vanguard University

Khanh Ninh  
Counselor, Counseling and Student Services  
B.A. Political Science, UC Irvine  
M.S. Social Welfare, UC Berkeley  
M.P.H. Public Health, UC Berkeley

Alice Niyondagara  
Professor, English as a Second Language  
B.A. English, University of Burundi  
M.A. ESL (TESOL) State University of New York at Stony Brook  
D.L.T Language TESOL, State University of New York at Stony Brook

Jennifer Oo  
Professor, Allied Health  
LVN: Vocational Nursing, Stanbridge University

B.S. Biological Sciences, CSU Fullerton

Michelle Patrick-Norg  
Counselor, Disability Support Services  
B.A. English Education, CSU Long Beach  
M.A. Education with an emphasis in Counseling, CSU Dominguez Hills  
Pupil Personnel Services Credential  
Child Welfare and Attendance Credential  
Single Subject Teaching Credential  
Adult Learning Disabilities Certificate

Eileen Phillips  
Professor, Basic Skills/Learning Center  
Basic Skills/High School Diploma Program  
B.S. Horticulture, California Polytechnic State University, Pomona  
M.S. Education (Reading), CSU Fullerton

Megan Reeves  
Assistant Professor, Disability Support Services  
B.A. Liberal Studies, CSU Fullerton  
M.S. Special Education, Ball State University

Giana Jade Rivera-Tweedie  
Counselor, Counseling and Student Services  
B.A. Sociology, University of Puerto Rico  
M.S. School Counseling, University of La Verne

Erin Sherard  
Assistant Professor, Parenting Program  
B.A. Communication Studies, Azusa Pacific University  
M.S. Counseling, CSU Fullerton

Casey Sousa  
Counselor, Disabled Support Services  
B.A. Communication Studies, Azusa Pacific University  
M.S. Counseling, CSU Fullerton

Daniel Stackhouse  
Professor, High School Diploma Program  
B.A. History, CSU Fullerton  
M.A. History, CSU Fullerton  
Ph.D., History, Claremont Graduate University

Ali Stanojkovic  
Assistant Professor, Disability Support Services  
B.A. Psychology, UC Santa Cruz  
M.S. Clinical Psychology, Pepperdine

Kimberley Stiemke  
Assistant Professor, Basic Skill/Math Co-Lab  
B.S. Middle Grades Education, with a concentration in Mathematics and Language Arts, Clark Atlanta University  
M.S. Teaching, Clark Atlanta University  
Ed.D. Education Leadership, UC San Diego

Matthew Stivers  
Professor, High School Diploma Program  
Basic Skills/High School Diploma Program  
B.A. Social Science, Biola University  
M.A. Education, Biola University

Matt Van Gelder  
Assistant Professor, Disability Support Services  
B.A. Radio/TV/Film, with an emphasis in Film, CSU Northridge
M.S. Assistive Technology in Human Service, CSU Northridge
NOTICE TO STUDENTS

The North Orange Continuing Education has made every reasonable effort to determine that everything stated in this catalog is accurate. This publication is prepared in advance of the time period it covers; therefore, changes in courses and programs offered, together with other matters contained herein, are subject to change without notice by the administration of the North Orange Continuing Education. For the most up-to-date information, please see the class schedule at www.noce.edu/schedule (http://www.noce.edu/schedule)

In addition, some courses or programs that are offered may have to be cancelled because of insufficient enrollment, elimination or reduction in programs, or for any other reason considered sufficient by the Provost. The information contained in this catalog is advisory only and does not constitute a contractual agreement by the school or guarantee that course content will be strictly followed or fulfilled.

Acknowledgements

The North Orange Continuing Education would like to thank Miranda Bates, Vinh Dang, Rebecca Guillen, Shelia Moore-Farmer, Triseinge Ortiz, Jennifer Perez, and the Courseleaf (Leepfrog Technologies) Staff for their hard work and dedication to the development of this catalog.
## Programs of Study

### A
- Administrative Assistant Certificate Program (p. 21)
- Administrative Professional (p. 22)
- Advanced Office Applications Program (p. 28)
- Applied Academic (p. 35)

### B
- Braille Transcribing Program (p. 21)
- Business Information Worker I (p. 23)
- Business Information Worker II (p. 24)
- Business Information Worker III (p. 25)
- Business Information Worker IV (p. 26)

### C
- College Preparation (p. 26)
- College Preparation, Math Skills 1 (p. 26)
- College Preparation, Math Skills 2 (p. 26)
- College Preparation, Math Skills 3 (p. 27)
- Computer Basic (p. 35)
- Computer Intermediate (p. 36)
- Construction Technology - Electrical Program (p. 31)
